NUMBER 1

## MAROON GRID MEN AT WORK

Twenty-five Candidates Report For Practice; Prospects Bright

### PLAY CENTRE FIRST GAME

The Maroon football team, under the direction of Coach Hembree, assisted by George Gumbert, has completed one week of hard training. Some twenty-five candidates were asked to report Monday, Sept. 12. By Tuesday that many men were in uniform working out twice a day.

The first three or four sessions were spent in passing, punting, running back punts and a few other preliminaries. By Tuesday afternoon shoulder pads had been issued and about an hour was spent in trying to make things miserable for the tackling dummy thru some hard tackling, but the dummy didn't seem to care for the vicious tackling of Capt. Jesse Moberly or the meeting of Tom Clouse and the roughing from the other boys.

Last fall Coach Hembree collected a few gray hairs because of the failure of any of his men to develop into a real punter. This fall, all seems to be well. Tom Clouse, from last year's squad, Clyde Brock and Saufley, new men, have been booting the pigskin for an average of fifty yards, and are improving each day.

Len Clark, of Louisville, has stepped into the place left vacant by Bernard Alford at center and seems to be coming along well.

The wing positions and at least two backfield positions have been causing some worry. About all the men for those positions are rather light, but some of them have played more or less football, making it some easier for the coach.

The old men from last year's squad are as follows: Capt. Moberly, Crase, Clifton, Triplett, T. Clouse, Hamilton, Cosby Dial Kennedy Hargrove and Clayton.

The new men are as follows: C. Brock Cawood, Vines, Minear, Holsberry, Noel, Langford, Saufley, Wilson, Newman, Stidal, Clark and Guy.

Beck Combs will likely report with the opening of school. Beck has played an outstanding game at tackle for the last two years, and it would be much of a loss if he should decide to stay out of school this fall.

Pieh is expected to report this week. He will add much strength to the backfield, especially the punting department.

Gentry, the hard working full-back of last year's squad, will enter school Monday and is expected to report shortly afterwards. Gentry was considered one of the most consistent men on the squad last year.

Coach Hembree expressed the opinion that he would have one of the strongest teams since he has been here. With Captain Jess Moberly, one of the hardest hitting backs that has been developed at this school, to build his team around, there is much to rejoice about.

Last fall there seemed to be a lack of school spirit, or if there was any it was unorganized. Let's get together and make the boys feel that they are being backed by every single student. Help them build the right spirit to wallop Centre, the first game of the season that is less than two weeks away. Send them to Danville feeling that they are representing one of the most wide-awake schools in the

## PATRONIZE ADVERTISERS

The Eastern Progress is very grateful to the business men of Richmond for the advertisements which it receives from them throughout the school year. No paper can survive without the aid of such men as we have in this city. They are interested in us and our school; they are always glad to lend a helping hand in any way possible.

It seems to be only fair to the business men of Richmond for Eastern students to patronize those who have helped us. Boys, when you want a suit, hat, shoes, etc., read the ads in the Progress and you can't go wrong. Girls, when you want nice things to wear or want to visit a beauty shop, remember those who have helped our paper. Don't forget the barber shops and drug stores that have put advertisements in our paper.

## LARGE GROWTH IN EXTENSION

Thousand Students in State Doing Work By Mail; Campbell Directs

### NEW FILING CABINETS

Eastern Teachers College is constantly reaching out to the various parts of Kentucky thru the Extension Department and making it possible for those who are actively engaged in teaching to better themselves by studying while "on the job." The department is growing so rapidly that it has been necessary to install much new equipment. Filing cabinets have recently been put into the office of the director which makes it easy for him to have accessible such information as is needed. The new equipment added is like that used by such departments of the leading colleges and universities thruout the country.

At the present time there are approximately 1000 students doing work by extension, Fallen Campbell, head of the department, said. Mr. Campbell said as the weather got cooler, many others would start work.

Miss Carolyn Merrell, formerly in the registrar's office, is giving her full time to work in the Extension Department now. This means two full time workers helping Mr. Campbell, the first time it has been necessary to employ two since the organization of the department.

Mr. Campbell succeeds Mr. Squires as head of the Extension Department. Mr. Squires resigned last summer to accept the position as city school superintendent of Whitesburg, Ky.

### MEMORIAL HALL REPAIRED

Since summer school considerable work has been done on Memorial Hall. The entire annex has been re-plastered and put in excellent condition for the opening of the first semester.

Extensive work has been done on the showers and bath rooms in all parts of the building.

Then keep it up for the first home game and right on thru the year.

The schedule is as follows:  
October 1, Centre at Danville.  
October 8, Union College—here.  
October 15, Kentucky Wesleyan at Winchester.

October 22, Eastern Tennessee Normal—here.  
October 29, Open.

November 5, Morehead Normal at Morehead.

November 12, University of Louisville—here.

November 19, St. Mary's College—here.

November 24, Western Teachers College at Bowling Green.

## Eastern President CHANGES ON CAMPUS

Students! We welcome you to Eastern! We congratulate you upon your determination to attain scholarship. We congratulate ourselves upon having such a splendid body of young men and women as a student body. We congratulate the state and the childhood of the state upon the splendid promise of your future.

We want to put the school with all its advantages at your service. We want above all things to please you. We want you to be happy. We have no rules here, except that every one shall conduct himself or herself as a gentleman or a lady. You want this yourselves. You would not be satisfied with less. We owe such a school to you.

You are here to get everything possible out of the school. Let me advise you. You will get out of the school just exactly what you put into it. The education of every one must be largely his own work. The best school that can open its portals to you can do no more than offer the opportunity of instruction. It all depends upon you whether you will be instructed or not, and to what point you will push your instruction.

Again, I say we are glad to have you here at Eastern. Some of you will probably get homesick. We expect it. You would be strange if you did not get homesick; but you will soon get over it. It won't kill; it is very much like "puppy love"—desperate while it lasts.

If you have any troubles, if you are not satisfied, come to the President.

T. J. COATES.

## EXPECT BIG ENROLLMENT

Plans Made During Summer to Accommodate Increased Student Body

### 800 FIRST SEMESTER

Officials of Eastern are expecting the largest enrollment this fall that the institution has ever had for the first semester. Plans have been made this summer to take care of the increase in the student body. Many changes have been made on the campus and in the buildings which will make the school much more efficient in taking care of this increase.

Not only is a record breaking crowd expected in Eastern for the first semester but for the second as well. Mr. Brock, business agent of the school, says that the largest number of applications have been received for the second semester that have ever come to his office at this time of the year. Some applications have already been received for admission to the summer school next summer.

The building of the new girls' dormitory has made it necessary to tear down the two brick structures known as Cottages No. 1 and No. 2. Cottage No. 1 was formerly used as the home economics building. At the present time the basement of Sullivan Hall is being occupied by the home economics department.

Last year Dr. Scudder, the college physician, lived and had his office in Cottage No. 2. Dr. Scudder is now living in Cottage No. 3.

Soon the agricultural department will be moved from the agricultural building to Roark. The manual training will be moved from the basement of Memorial Hall annex to the agricultural building. The place occupied by the manual training in the basement of Memorial Hall annex will be used for the convenience of the boys rooming in the hall.

## CHURCHES OPEN TO STUDENTS

Cordial Invitation to Attend Services Extended By Richmond Pastors

### GO TO CHURCH, URGED

The pastors of Richmond churches are glad to welcome the students of the State Normal and Teachers College, and extend to them a cordial invitation to attend their respective churches and also the Bible classes in the Sunday schools.

They can be assured a warm welcome in any of the churches of Richmond.

"The habit of church going," said President Wilson, "has always seemed to me to be at the very basis of steadfast character."

There is no strength and beauty of life for any of us apart from God. We must grow a soul before we can live a great life or achieve a character, and one great mission of the church is to help us to grow a soul. We need the faith which the regular habit of church going inspires and nourishes and the personal enrichment of its fellowships.

The thirst for God is hidden in all our hearts. He is the one Great-Indispensable of human life. Life craves and needs the realization of ideals of love and beauty and holiness and power which are fulfilled only in God.

Phillips Brooks used to say: "Be sure of God, keep close to Him. Be sure of God and nothing can overwhelm you or drown you."

Life in the world was never so rich and the face of life never so swift as today. The inner life has to compete with our sense life and it is often worsted in the battle. As things multiply and the modern world becomes more interesting and fascinating the fight becomes all the harder. We need a stated place and time and the association of kindred spirits that is found in the worship of God's house to clarify regularly our spiritual horizons and give us a fresh vision of God in Jesus Christ.

The soul is like a musical instrument. The strings become slack and out of tune very quickly and need tuning up from time to time. All strings—goodness, faith, courage, generosity, reverence, love—all grow less vibrant in us without our even knowing it. And when we go to church and hear the gospel preached we see how we have lost tune and our souls are re-strung in God's house to the true pitch of righteousness.

The pastors of Richmond covet the privilege of serving the students of the E. K. S. N. and Teachers College in every way possible and of welcoming them to their churches.

## 900 IN COURSE IN COMMERCE

Department Added to Curriculum Last Year Proves Popular

### PROF. LAWRENCE IS HEAD

A department of commerce was organized at Eastern in the fall of 1926 for the purpose of training commercial teachers for the high schools and private schools of Kentucky. It has had a phenomenal growth since that time. Even with the limited number of courses offered the enrollment in all courses during the year was about 900.

The first semester only Shorthand, Typewriting, and Accounting were offered. For the second semester, Business Law was added. Many new courses are planned which will place the department on a plane with other colleges having such departments. Among these courses are Salesmanship, Marketing, Banking and Bank Accounting, Secretarial Practice, Business Organization, Business English, Business Arithmetic and Methods of Teaching Commercial Subjects.

Eastern has had a number of calls for commercial teachers the past year but had no students ready to go out. Several are preparing for positions next year. A certificate will be issued upon the completion of two years' work in Commerce which will permit the student to teach in any high school in the state and recognized by most other states.

Salaries for teachers follow, very largely, the law of supply and demand. Considering that Commercial teachers can command larger salaries than any other class of teachers considering the training required. Beginning salaries range from \$125.00 to \$200.00 month, depending upon training and experience. There is a special opportunity for teachers who have had experience in other subjects.

Eastern State Teachers College is the only public school in Kentucky offering courses for commercial teachers. The enrollment is expected to be large in this department from all parts of the state and many students from other states, not offering such training.

Mr. A. J. Lawrence is head of the department and will have an assistant the coming year. He is a graduate of Bowling Green Business University, a student at the University of Kentucky and the University of Chicago. In addition to this training he has had teaching experience teaching commerce in high schools in Ohio, Arkansas and Kentucky.

## SPEND \$5,000 ON LABORATORIES

Physics Gets \$3,000 For New Equipment, Chemistry \$2,000

### NEW DESKS INSTALLED

There has been \$5,000 spent for equipment and apparatus for the chemistry and physics laboratories recently, according to G. M. Brock, business agent of Eastern. Of this sum \$2,000 was for the chemistry laboratory and \$3,000 for the physics.

Mr. Brock said that the chemistry laboratory had been completely refitted. New desks have been put in and the old ones are to be given to high schools needing them.

Practically all of the \$2,000 being spent for the physics laboratory has been for new apparatus.

These laboratories are in the basement of Roark building, which is to become the science building as soon as the new administration building is completed.

**THE EASTERN PROGRESS**  
Entered as second-class matter at  
Richmond postoffice.

This issue of the Eastern Progress has been prepared in advance of the opening of school by L. R. Stator and R. R. Richards.

Until this year there has been a subscription fee for those receiving the Eastern Progress. This year every one registering as students at Eastern and faculty members will receive the paper without cost to them. No papers will be mailed to students or faculty members, but will be put in convenient places where they may be secured.

The Eastern Progress is the official college paper and should be read by every one connected with the institution. Do not fail to get a copy every two weeks.

**Keep the Campus Clean**

Every student wants a beautiful campus. If you do not appreciate beautiful things, you are not a real student.

For natural beauty Eastern has one of the most outstanding campuses in the state. The topography of the land is almost ideal for beauty, and when we add to this the soft bluegrass carpet and the beautiful maples and pines that are so well distributed over it, we have a very exceptional combination.

We have not only natural beauty, but beautiful playgrounds, sidewalks, and buildings as well. The two new buildings which are just being completed are as modern and beautiful as any buildings in the state. The older buildings are practically all fine looking buildings and their arrangement on the campus is especially good. Our campus as a whole is something of which to be proud.

But we must keep our campus looking beautiful, for mere objects will not make it beautiful. There must be an atmosphere of cleanliness about the campus if it is to be really beautiful or enjoyable, and we students are the ones to create such an atmosphere.

With the possibility of having as beautiful a campus as any school it would seem that every student would be very careful and thoughtful about keeping the campus clean. But this is sadly untrue. Every year there are students who through thoughtlessness scatter paper and other rubbish about the campus and make it practically impossible to keep it looking at its best.

Fellow students, let's learn to think and act. We cannot afford to do otherwise. We as college students are supposed to be mature, intelligent, and somewhat civilized beings who are preparing for leadership of others who are less capable. So we cannot afford to be sloven, forgetful, and to practice habits which are foolish and degrading to us. Then shall we face the battle of self-refinement with fortitude and do the things that express beauty and indicate intelligence and thought of others. This will not be a battle for ourselves alone but will also make things more pleasant for our neighbors.

So don't forget and throw the "Baby Ruth" wrapper on the campus or the orange peel on the sidewalk. Let us rather take them to a trash can and there deposit them in the name of cleanliness and duty to our school.

**School Spirit**

Some months ago college papers in various parts of the country were asked to give their definition for "school spirit." As might be expected many and various answers were received. Some wrote essays on the two words, some defined them with a few words, while others said, "It's what we ain't got at our school but we need it badly."

It can't be truthfully said that there is no school spirit at Eastern, for there is. It can be said, however, that there is not nearly enough school spirit here. We do not class with the worst of schools when it comes to school spirit, neither do we rank with the best.

This position of a "happy medium" is a very dangerous one in all walks of life. One should endeavor to get out

of it and to be sure that he "gets" in the right direction.

Eastern might be put in this "happy medium" position. The school does not rightfully belong there either. With the large student body which Eastern now has there is absolutely no excuse for this "happy medium" stuff. Eastern should be at the very top of the pinnacle.

Students, what position are we going to occupy this year? The school has been growing by leaps and bounds during the past few years. From all indications the year 1927-28 will find it with the largest enrollment in the history of the institution. Are we going to be satisfied with the mediocre position we have been holding in school spirit? Can't this indefinite thing called school spirit grow and keep pace with the institution? It should forge ahead and beckon the school to follow in its train.

What are we going to do when the Maroons are fighting for victory in the name of Eastern on the gridiron this fall? Are we going to let them know that the entire student body is behind them as one individual when they go to Danville October 1 to meet the "Praying Colonels"? When the first home game is played October 8 against Union College will the student body be out en masse? Are we going to yell for them as the toe of the kicker's shoe touches the ball for the first time on the home field? When things are looking discouraging and the warriors wearing the maroon are hard put to it can't we have the courage to at least holler "Hold that line"? All these things help and show that the school has some spirit in reality.

During the exceptionally hot weather last week Eastern's gridgers held two practice periods daily. While most of us were in the shade enjoying life these boys worked like Trojans in the name of Eastern. How can we ever repay them? Developing more school spirit will go a long way toward settling the debt.

**MESNER TO TEACH**

Mr. Mesner will do the teaching this year which Dr. Grinstead would have done had he returned.

Mr. Mesner received his B. S. degree from Penn College, Oskaloosa, Iowa. He has done all of the required work for his Ph. D. at State University of Iowa except his thesis.

For some time Mr. Mesner has been conducting a research in psychology as applied to teaching of geography.

Mr. Mesner has done teaching in Iowa. He has also had experience in high schools as superintendent.

Josh Cosby says: "We only hope this suicide craze hits some of the faculty."

**FERRELL HEADS DEPARTM**

The new position of secondary education which has recently been created at Eastern, will be filled this year by Mr. D. T. Ferrell. He will also give part of his time to the work in rural education formerly done by Mr. Jaggers. It is expected that the work in secondary education will grow in volume so that it will be necessary for Mr. Ferrell to give his entire time to it by next year, President Coates said.

Mr. Ferrell received his A. B. and M. A. degrees from Duke University. He has spent a year studying at Columbia since leaving Duke University. Mr. Ferrell has the required work off for his Ph. D. degree at Peabody with the exception of his thesis.

Most of Mr. Ferrell's experience has been as high school principal and superintendent in North Carolina. He assisted in the department of education while in Duke University.

**NEW CAFETERIA HEAD**

Miss Edith McIlvain, of Flemingsburg, Ky., will have charge of the cafeteria this year. She succeeds Miss Roberta A. Walker. Miss Walker plans to run a private tea room in Illinois this year.

There will be no dining room at Eastern this year as there formerly has, but all students will eat in the cafeteria. The cafeteria has been changed to the basement of the new part of Burnam Hall. It will be much larger this year to take care of the increased number which it is to serve.

**CAFETERIA HOURS**

Breakfast ----- 6:30 to 7:30  
Lunch ----- 11:30 to 1:00  
Dinner ----- 5:00 to 6:00

**SUNDAY**

Breakfast ----- 7:00 to 8:00  
Dinner ----- 12:00 to 1:00  
Lunch ----- 5:00 to 6:00

**JAGGERS IS AWAY**

Mr. R. E. Jaggers, principal of the normal school, will be away from Eastern this year. He left Richmond Thursday night for Washington, D. C., to join his wife and children who have been visiting in Washington since September 9. Mr. Jaggers will be in Washington a few days, then will go with his family to Cornell.

Mr. Jaggers said before leaving Thursday night that he would be in Cornell studying toward his Ph. D. degree during the next nine months. After this he plans to be back at Eastern.

Rastus—Yo' done said yo' could like me.

Jasper—Umhum, I sho' did; want to see me demonstrate?

### Rhythmic Games on Each Friday Night

The Friday night rhythmic games, famous at Eastern, will continue this fall very much like they did last year, according to the business agent of the school. The program will include variety enough to please all.

No one should fail to attend the games the first Friday night. If you go to the first games you will be there the rest of the year. You can't help but enjoy them and can't afford to miss the good music.

Every student and faculty member is invited to the games in the gymnasium Friday night.

### New Buildings to be Completed Soon

It is going to be possible for some of the girls entering Eastern this fall to room in the new girls' dormitory from the very start. Fifty-seven of the rooms have been completed and girls have been assigned to them. The building will be entirely completed by the opening of the second semester.

The new administration building will be ready for use by the middle of November. The offices now in Roark will be moved to the new building and the places vacated in Roark will probably be used for class rooms.

The college book store will be moved from its present location in Roark to the basement of the new administration building. There is to be a central post office in the basement, also, and each student will be provided with a box.

### More Scholarship Awards Hoped For

Last year the Open Forum Committee did a great deal to encourage scholarship in Eastern. Scholarships amounting to one hundred dollars were awarded students having highest grades.

At the close of each semester the two students having highest grades in college and the two having highest grades in normal were given twenty, fifteen, ten and five dollars each respectively.

This is the first time for such scholarships to be given in Eastern and the Open Forum is to be highly congratulated on starting it. The idea met with praise from the whole student body as well as from many who were not students, and it is greatly hoped that it will be continued through this year and made a custom.

Miss Schneib, who was faculty advisor to the Open Forum, deserves great credit for the guidance and help she gave to the Committee.

## CHANGES MADE IN FACULTY

Morris, Misses Hughes, Pollitt and Newman Among New Ones

### COX, SULLIVAN AWAY

Several changes have been made in Eastern's faculty to become effective at the opening of the first semester. Some new instructors have been added to take care of the increasing student body, while others have been employed to take the place of regular teachers who are to be away studying in other institutions.

Mr. David P. Morris has been selected to fill the vacancy caused by Rex Cox, agriculture teacher, being away. Mr. Morris is a resident of West Liberty, Ky. He attended the Western Kentucky State Teachers College at Bowling Green from 1910 to 1913 and the University of Kentucky and Peabody Teachers College from 1914 to 1916. Mr. Morris received his B.S. degree at Peabody and has done some graduate work there and some at the University of Kentucky.

Mr. Morris has taught in the rural schools of McClean and Daviess counties, two years as principal and teacher at the high school in Whitwell, Tenn., three years as county agent of Owen county and five years principal and vocational agriculture teacher at Mt. Sterling and West Liberty.

Mr. Cox will be at Cornell this year.

Miss Mabel Pollitt comes to Eastern from Vanceburg, Ky. She will teach Latin and possibly other languages in the college. Miss Pollitt has an enviable record as a teacher and has been very highly recommended. She will be a great addition to Eastern's faculty.

Miss Pollitt has a master's degree from the University of Kentucky. She has taught at the University, also at Georgetown College. For two years Miss Pollitt was principal of the Vanceburg high school.

Miss Eliza Hughes, formerly a physical education instructor at Eastern, is back and will have charge of physical education for women in the normal school. Miss Hughes will assist Miss Helen H. Russell, head of the physical education department for women.

Miss Hughes taught in the Paris city schools during the past year.

Miss Frances Elizabeth Newman, of Morganfield, has been selected to take the place of Miss Isabel Bennett, first assistant librarian. Miss Bennett is to be in Columbia University studying this year.

Miss Bess Moore, for the past few years student assistant in the library, has been employed as second assistant and will give her full time to this work. This is a new position which has just recently been created.

Mr. Sullivan, economics teacher, will study at the University of Kentucky the first semester of this year.

Mr. Booth, penmanship teacher, has been granted a leave of absence for the first semester and will be in school at the University of Kentucky.

The head of the English department, Mr. R. A. Foster, has resigned to accept a position in the Ohio University. Mr. Roy B. Clark, English teacher here, is to be acting head of the department the first semester.

After a year's leave of absence Mr. Keith, head of the history department, is back at Eastern. Mr. Keith has been at school in the University of Indiana, where he received his Ph.D. degree.

Miss May Powell, critic teacher in the training school, is in Columbia studying and will not return to Richmond until the second semester.

Mr. and Mrs. Burns are in Columbia studying and will not return to Richmond until the second semester.

The head of the home economics department, Miss Dix, is to be away

the first semester. She will be in school at Columbia.

Miss Winnie Davis Neeley, teacher of English, has been granted a half year's leave of absence so she can attend school.

Miss Emily Jones, of Fayette county, will be a member of Eastern's faculty this year. She will be critic teacher in the rural school at Kavanaugh.

### REGISTRATION IN GYMNASIUM

Registration of students for the first semester of the school year 1927-28 will start in the gymnasium this year instead of Roark, the place of registration in former years. Everything connected with registration will be completed in the gymnasium except paying-up. It will be necessary for the students to go to the business office in Roark for this.

The change of registration from Roark to the gymnasium has been made with the hope of "speeding it up."

Girls used to wear their stockings out at the knees but today they wear their knees out of their stockings—Exchange.

## CHOICE MOVIE CARD PLANNED

Leading Film Productions Booked for Eastern Students Entertainment

FIRST SHOW SEPT. 24

Eastern is offering her students a great treat in the pictures which will be shown this year. A special effort has been made to secure the best of pictures and nothing inferior has been included in the list. Mr. Brock says that it is by far the greatest selection of pictures that has ever come to Eastern.

Real thought has been put forth in planning these pictures and they are both entertaining and educational. The list contains comedy, news, and feature pictures. They are the pictures you are wanting to see. Save the program so you will know what is coming on each date.

The first show will come on September twenty-fourth and will be composed of three pictures—"For Heaven's Sake," (H. Lloyd), "No Publicity," (Horton), and "The Fighting Freshman."

The following pictures will be shown during the first semester: The Elegy; Ladies at Play; One Minute to Go; Desert Gold (Zane Grey); Short Socks (Vernon); Making Good; Row, Sailor, Row (Dooley); Winged Feet; Subway Sadie; Padlocked (Moran-Beery); Dr. Quack (Adams); Kill the Umpire; French Fried (Christie); Flashing Oars; Orchids and Ermine; Mantrap (C. Bow-E. Torrence); Short Tail (Paramount Novelty); Tearing Through; Crazy to Fly (Vernon); Three Hours; Hold That Lion (MacLean); A Mooney Mariner (Dooley); A Hog for Punishment; Quarterback (R. Dix-E. Ralston); The Winning Punch; Fantasy (Paramount Novelty); Amateur Gentleman; Breaking Records; Fine Manners (Gloria Swanson-O'Brien); Kid Brother (H. Lloyd); Behind the Front (Beery-Hatton); Strong Man, and Campus Flirt (Daniels).

### WEDDING ANNOUNCED

The following announcement has been seen on Eastern's campus since summer school:

Mr. and Mrs. A. J. Blair announce the marriage of their daughter, Daisy Huff

to Mr. Guy Alexander Myers on Saturday, August twentieth one thousand nine hundred and twenty-seven Cumberland, Kentucky At Home

after the second of September Cumberland, Kentucky.

Miss Huff (Mrs. Myers) was a student at Eastern last year and made many friends while here. The Eastern Progress and her many friends wish her much happiness.

### REPAIR CAMPUS ROAD

Students who were on the campus last year will remember how rough the campus road was in places. This road is now being repaired from Lancaster avenue to the other end of the campus.

Because of the many other things that have been done on the campus since the close of the summer school this work has started just a little late, but it will be completed in a very few days and will be a great improvement to our campus.

### RED PEPPER

Grouchy Waiter: Watcha want? Grouchy Waiter: Gimme smeggs! "How ya wantum?" "Just like you—hard!" "O. K. Be back in a couple hours."

### FRESHMAN

"Lend me two cents to buy a newspaper?" "Can't, I'm flat broke." "How come?"

"I bought everything the bookstore advertised as being necessary for college life."—Michigan Gargyle.

"Are you a sailor's sweetheart?" "No. I don't like salt with my mush."—U. of Wash.

Homesick student: Im going home. Professor: Why? Homesick student: I live there.

Coach Gumbert: Look! Captain Moberly is going to kick a goal. His wife: What did the goal do? He who laughs last has told the joke.

Josh to Jim N.: What? You flunked that course again? Jim N.: What do you expect? They gave me the same exam.

Ray—I must get my overcoat at the railroad station. May—Checked, wasn't it? Ray—No, brown.

Cruse: Did you fill your date last night, Dial? Dial: I hope so. She ate everything in sight.

### JOKES

Fair Client—This picture is awful. It is no likeness. I look like a woman of sixty.

Photographer—Pardon me, madam, that is not your portrait. That is a mirror!

Foreman—Yes, I'll give ye a job sweepin' an' keepin' the place clean. "But I'm a college graduate." "Well, then, maybe ye better start on something simpler."—Life.

Friend—Sam, I hear that you

were the best dressed boy in school. Sam—Yes, I was till my room mates left.

Friend—Did you get the Smithson estate settled up?

Lawyer—Yes, but the heirs almost got a part of it.

Mistress—You say you worked for the Aldens? Can you prove that?

New Maid—Well, ma'am, I can show you some spoons and things with their initials on them.

## Praises Hawaii

Hawaii is the most valuable of our possessions and the era of development now under way in the Pacific area will enhance its economic importance, according to Milton A. McRae, retired Detroit and San Diego publisher. McRae has just returned from Hawaii.
