Academic advising

Each student who has declared a major is assigned an academic adviser from the college of that major who will guide the student toward completion of a degree. The adviser must be consulted before the student can register for the next semester, drop or add a class or change majors.

Academic advising office
#3311 Keith 131

The academic advising office will help you locate your adviser in case you forget who it is or are having a problem getting an appointment. This office also has information about your placement tests and assignment to developmental courses. Finally, if you decide to declare a major or to change your major, stop by this office to fill out the paperwork and learn your new adviser.

Major Monday

The Student Advisers Group and the nine academic colleges are sponsoring the Major Monday program again this fall to inform students about careers available in different majors at the university. Each program will be held from 3:30 to 4:30 p.m. in the Grise Room of the Combs Building. The program will also be taped and broadcast on the campus cable network.

Computer Service

The micro center offers students access to computers, printers, and many software programs. Assistance is available at all times, but students must provide their own data disk.

There are also interactive terminals and printers in the lobbies of many classroom buildings and most residence halls. These terminals are linked by the VAX system and have several word processing and design applications available.

Students can also sign up for a free VAX account which links them to electronic mail both on and off campus, and to the world of the Internet including the university's own gopher server. You can link your personal computer directly into

the system in most residence halls or use a modem to access the system.

For information, call Academic Computing #1986 Combs 207
Micro center reservations #2000 Combs 230.

Drop-Add

In order to drop or add a class, students must see their advisers to complete the proper paperwork. The student must then go to the registration center to complete the drop-add process. The last day to add a class is Aug. 23. The last day to drop a class is Oct. 12. However, partial semester classes can be added up until that class meets.

About this issue

You're all alone, hundreds of miles from home on a college campus out in the cold, cruel real world.

You're stuck in a strange town full of people you don't know.

Your class load would strain Einstein, and you need a break soon or you'll snap. What can you do? Where can you turn in this hour of need?

Why, turn to The Eastern Progress Back to School special section, of course.

The purpose of this part of the Progress is to introduce incoming freshmen and re-introduce returning students to life on The Campus Beautiful and in Richmond.

It includes information on just about anything else a college student needs to know in order to survive a year at school.

Need to know the name of the dean of your college?

Trying to find out which bank in Richmond is right for you?

Want to take your significant other out to dinner and a movie?

It's all right here.

major renovations. The University Building, the oldest structure on campus, is being incorporated into the new library, which will also cover what used to be the Combs Building parking lot. The first floor houses periodicals. The second floor contains the circulation desk and the reference room.

The Law Library has over 14,000 volumes in its collection and is intended for use in legal research.

The university has a computerized system for locating items in the Crabbe Library. The Online Public Access Catalog (OPAC), located in the circulation room of the library, puts approximately 420,000 documents, including books, microfilm and microfiche, at the user's fingertips through a computer keyboard.

OPAC also lists magazines the library carries, but can't tell which individual issues are available.

The Law Enforcement Library, located in the Stratton Building,

How to avoid getting your car towed

Since Aug. 15, faculty lots have been patrolled and unauthorized vehicles will be ticketed and/or towed. New students and returning students can renew permits and register their vehicles at the Keen Johnson Building daily from 8 a.m. to 4 p.m. until Aug. 24. Campus police start enforcing parking regulations on Aug. 26.

Van Service

Females have the option of calling for a shuttle bus to pick them up and take them to and from their residence halls. The number for the nighttime shuttle is 2821. Phones are located in the Lancaster, Van Hoose, Alumni Coliseum, Brockton and Stratton (lobby) lots. Also, the shuttle bus will be making trips to and from the off-campus bookstore during the first week of the classes.

your car, there are several towing companies in town that will gladly help you out. Due to liability reasons, Public Safety can no longer offer this service, but if you call Public Safety at 2821, they will provide a number to call, or will call a service

for you.

Shuttle Service

Eastern's Division of Public Safety will add a second bus to its shuttle service this semester.

The original bus will continue to run from Alumni Coliseum to the

Stratton Building to the Keen Johnson Building and back to Alumni Coliseum. This service will begin at 7:45 a.m. and run in accordance with class times throughout the day until 3:30 p.m.

The second bus will run along Kit Carson Drive from the Stratton parking lot to the Baptist Student Union. This service will begin at 9 a.m. and run every 15 minutes until 5 p.m.

For more information concerning the shuttle bus stops and times, contact public safety at 622-2821.

Also, if you would like a copy of the shuttle bus schedule, you may stop by the Brewer Building located behind Clay Hall on Kit Carson Drive.

Taxicabs

For those shorter excursions, there are a couple of taxicab companies serving the Madison County area.

The department chair of each academic unit determines the scheduling of classes, assigns instructors, recommends equipment purchases, evaluates faculty performance and recommends merit pay.

You need to see your department chair if you:

- need to get an override for a class that is closed
- want to appeal a grade (after first consulting with your instructor);
- need to get a waiver for a required class or make changes in a planned curriculum.

What to do when you're sick

Even though the ailing national health care reforms stumble on, it's nice to know you have a place on campus you can go when you get the flu, tumble down the stairs or get those darn ear infections.

Don't fret over your illness or injury, you can turn to the infirmary for treatment of your ailments without having to whip out the old Medicare card.

The infirmary, located in Rowlett 103, provides treatment to full-time students. Appointments are required and condoms are also available.

Appointments can also be made with a psychiatrist or a family planning counselor. These services are offered one day a week during the regular semester.

Everything you ever wanted to know about dorm life (but were afraid to ask)

Q. How can I change rooms or roommates?

A. See your residence hall director for an authorized room change. Unauthorized room changes cost \$50.

Room changes are available on designated dates after the semester begins. In-hall room changes are completed by the area coordinator (hall director) within the hall. Inter-hall room changes require a trip to the housing office.

The residents must then check out of their current hall with the resident assistant and then with the hall director.

Following check-out, the resident may check into a new room. See the calendar for deadlines.

Q. Can members of the opposite sex come to my room?

A. Guests of the opposite sex are allowed in your room from noon to midnight Sunday through Thursday. On Friday and Saturday nights the open house hours are extended to 2 a.m.

The resident and guest must register at the front desk of the hall. Residents should also inform the front desk of any overnight guests of the same sex.

Q. What is room inspection?

A. During room inspection, hall staff members check your room for illegal

items, such as alcoholic beverages, which are confiscated. They also check for fire, health and safety hazards.

Consult your student handbook for health and safety guidelines. Remember, your RA is required to give you 24 hour notice prior to inspection.

Q. Where can I study?

A. Residence halls have designated areas for studying. Ask your RA where the areas are located. The Crabbe Library is also available. Look for library in the academic section for more information.

Q. How do I make local and long distance phone calls from my room?

A. If you are calling an on-campus number, dial the last four digits of the number. For long-distance phone calls, each on-campus student is provided with an AT&T Acus Service Card.

To use this card, dial 9 + number you're dialing + your personal security code located on the card. Call 1-800-445-6063 if you have any problems using your Acus card.

Q. How can I get cable TV channels in my room?

A. All rooms have basic cable hook-up, which includes Lexington channels, USA, QVC and ESPN. For any

cable-ready television. A deluxe cable package is available with 44 channels.

If you want pay cable channels, Simmons Cable has an office in the basement of Burnam Hall. For more information, call 623-6163.

Q. What can I do about room repairs?

A. If something in your room needs repairs, you can call the front desk and they will contact the physical plant. The physical plant will make the necessary repairs.

If it's an emergency, contact the senior staff member of your residence hall, whose number will be posted in the lobby, and the problem will be handled as soon as possible.

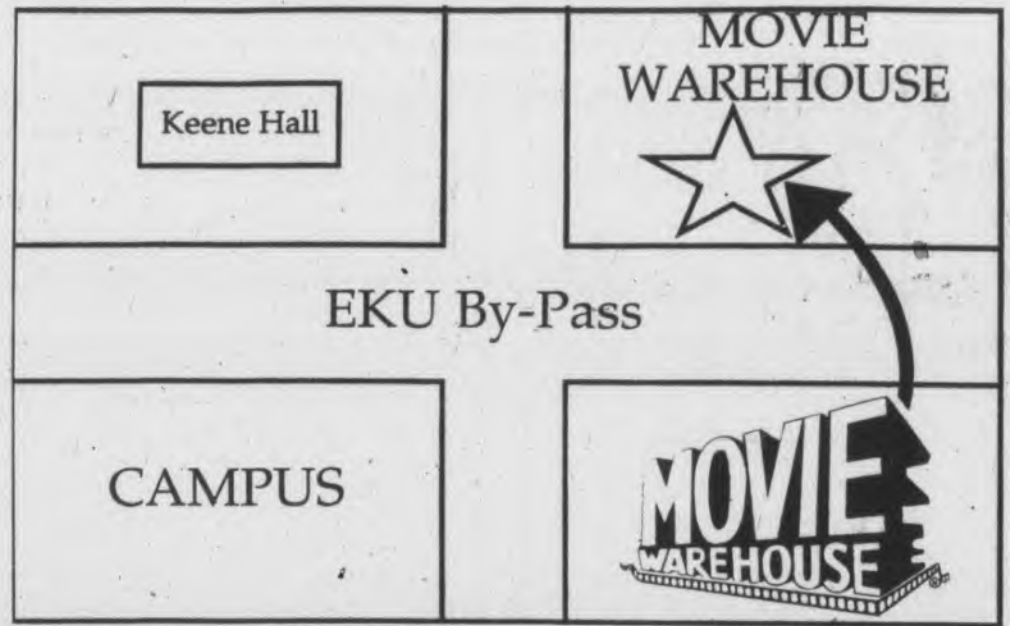

Q. How do I get involved in my Residence Hall Association?

A. There are elections at the beginning of the semester to determine who holds the various positions within the RHA.

Information will be posted in each residence hall providing times and dates of the elections if you wish to pursue a position.

Welcome back students!

THERE'S A BUTCHER. A real butcher who will custom cut your meat just the way you want it. The good old-fashioned way. Of course, there are cases and cases of pre-cut and packaged meats, too, for quick service. But anyway we cut it, it's the best choice in town.

THERE'S A BAKER. And he bakes everything you love. Breads, cakes, and all the rest. All baked daily, using only the freshest ingredients. And many of our bakery products are made with low cholesterol vegetable shortening.

THERE'S EVEN A PIZZA MAKER. Just like the kind you'll find in a real pizzeria. But you'll find ours in the Super 1 Foods deli. Along with imported cheeses, gourmet meats and salads. All the great tastes of faraway places. Right here at home. All waiting for you at Super 1 Foods.

HERE'S SOMETHING FISHY. We've got the best catch in the town. Shrimp and fish of many varieties. So why fish around from store to store and waste all that time and money. Land what you need right here at Super 1 Foods.

FARM FRESH PRODUCE. At Super 1 Foods we've always got more. More fresh fruits. More fresh vegetables. More exotic varieties. **Nobody beats Super 1 Foods selection. Or our prices.** And that's sure to save you lots of green.

IT'S ALL HERE. National brands. Generics. Canned goods. Dry goods. Specialty foods. In fact, Super 1 Foods carries over 24,000 items. And all at the lowest prices. So why waste time and money driving all over town? Everything you need is here. All in one place.

There's a club for everyone

You can join everything from the Christian Student Fellowship to the Accounting and Judo clubs, which can be fun and look good on a resume.

Here you are in a strange town. It's Friday night and you're sitting in your room with nothing to do.

Perhaps you'd like to eat at a nice restaurant and catch a movie.

Or maybe you'd like to see a basketball game or some other sporting event.

Perhaps you're ready for a night on the town, but you have to cash a check for some spending money.

Where, you ask, may I turn for this invaluable information?

It's all here in the B section of The Eastern Progress' special Back-to-School issue.

On page B2 you can find out where to play racquetball or swim at an indoor pool in the midst of winter.

For those interested in astronomy, the Hummel Planetarium, the second largest of its kind in the country, might be what you're looking for.

If drama is more to your liking, you might be interested in the theatre department and the plays that are scheduled for this semester. Audition dates are also listed on page B2 for aspiring actors.

If you're a song and dance person, you might be interested in the Show Choir auditions being held Thursday, Aug. 18, and Tuesday, Aug. 23. Both auditions are at 6 p.m. Thursday's audition will be held in Campbell 137 and Tuesday's audition will be held in the Weaver dance studios.

Maybe you'd like to get involved on campus and join an organization suited to your major or interests. Starting on this page and continuing to page B3 is a list of campus clubs and organizations.

You can join everything from the Christian Student Fellowship to the Accounting Club to the Judo Club. Organizations and clubs can be fun and look good on a resume.

What do you do when you're tired of cooking Spagetti-O's and you want to eat at a nice sit-down restaurant?

Just refer to page B4 and you'll find a vast array of local restaurants ranging from franchises like Red Lobster and Pizza Hut to local favorites such as Paco's, Madison Garden and Woody's.

If you are more of a sports enthusiast, you will find page B5 a handy reference to schedules ranging from football to volleyball and women's and men's basketball.

Page B6 will help you in choosing where to keep your hard-earned college cash and where to cash those checks from your parents.

Whatever you like to do in your free time, just use this special section as a handy guide to EKU and Richmond.

HOW TO SPOT THE NOID[®] YOUR CAMPUS.

Beware. The NOID, that bizarre character that yuks pizzas, is out there somewhere on campus. He could be disguised as anyone. A major jock. Psych teach. Bowhead. Even your big rival's mascot. But most likely, he's hanging out, searching for pizza 'cause he likes to trash 'em out--make the crust soggy, splatter sauce all around the box and toss on the wrong ingredients--before he overnights it to the wrong place so it'll be good and cold when you get it.

Don't get juked. Give Domino's Pizza a ring and some serious pizza--hot, fresh, made to your order with the best ingredients.

JUST SAY YES?

We'd like to offer you a positive choice, for a change. As a student at ECU, you can do lots of different things in Richmond and surrounding Madison County. Not all those things are good for your health, let alone your emotional and spiritual welfare.

There are some things, however, that not only enhance your education, but improve your focus and add to your quality of life for a long time. The best of such things is made available to you in Richmond area churches.

On behalf of all spiritual providers, Baptist Student Union, Eastside Bethel, First (Main & Lancaster), Red House, Rosedale, Unity and Waco Baptist churches invite you to church as a regular part of your college career. We'll make the choice as easy as we can: food, fellowship, transportation when you need it and, best of all, a place to find God.

After all, you didn't come to college just to earn a degree. You came to get a life.

Say "yes."
