University Calendar

FALL SEMESTER 2003

Aug	17	Residence halls open.
	18	Advising period resumes.
	20	Classes begin. Late registration begins.
	26	Last day to register for or add/drop full-semester classes.
Sept	1	Holiday.
Oct	13	Holiday.
	14	Last day to withdraw from a full-term semester class or from the University.
Nov	25	Holiday begins at 9:00 p.m. Evening classes will meet.
Dec	1	Classes resume.
	3	"Pre-Final Examination Week" begins.
	9	Classes end.
	10	Final Examination Week begins.
	13	Commencement exercises 10:00 a.m. (Colleges of Arts & Sciences and Business & Technology) 3:00 p.m. (Colleges of Education, Health Sciences and Justice & Safety)
	16	Final Examination Week ends. Fall semester ends.

SPRING SEMESTER 2004

Jan	7	Residence halls open.
	8	Advising period resumes.
	12	Classes begin. Late registration begins.
	19	Holiday. Last day to register for or add/drop full-semester classes.
Feb	16	Holiday.
March	5	Last day to withdraw from a full-semester class or from the University.
	8	Spring break begins.
	15	Classes resume.
April	26	"Pre-Final Examination Week" begins
May	1	Classes end.
	3	Final Examination Week begins.
	8	Final Examination Week ends. Spring semester ends.
		Commencement exercises 10:00 a.m. (Colleges of Arts & Sciences and Business & Technology) 3:00 p.m. (Colleges of Education, Health Sciences and Justice & Safety)

SUMMER SESSION I 2004

Mar.	24	Advising period begins.
	29	Pre-registration begins for Summer I, Summer II, and Fall 2004.
May	17	Summer I classes begin.
	20	Last day to add/drop Summer I 8-week classes without a "W".
	26	Holiday.
	28	Midterm of Summer I, 4-week. Last day to withdraw from these classes
June	2	Midterm of Summer I, 5-week classes. Last day to withdraw from these classes.
	4	Midterm of Summer I, 6-week classes. Last day to withdraw from these classes.
	11	Midterm of Summer I, 8-week classes. Last day to withdraw from these classes.
June	18	Classes end (6-week).
	29	Last day to add or drop Summer I 4-week classes
July	1	Last day to add or drop Summer I 6-week, 5-week classes.
	4	Holiday.
	9	Last day of Summer Session I.
	13	Summer I Final Grade Reports for students available online.

SUMMER SESSION II 2004

June	14	Summer II classes begin (8-week).
	12	Last day to add/drop full Summer II full-term classes without a "W".
	28	Summer II 6-week, 5-week, 4-week, classes begin.
July	9	Midterm of Summer II 8-week classes. Last day to withdraw from 8-week classes or from the University. Midterm of Summer II 4-week classes. Last day to withdraw from these classes.
July	13	Midterm of Summer II 5-week classes. Last day to withdraw from these classes.
	16	Midterm of Summer II 6-week classes. Last day to withdraw from these classes.
Aug.	6	Last day of Summer II. Commencement Exercises for both Summer I & II Sessions at 7:30 p.m.
	7	Residence Halls close at 10:00 a.m.
	10	Summer II Final Grade Reports for students available online.

Notifications

All statements in this publication are announcements of present policy only and are subject to change without prior notice. Nothing contained in this publication is intended to create nor shall be construed as creating a contract, either express or implied, or guarantee for any term or for any specific procedures.

Eastern Kentucky University is an Equal Opportunity/Affirmative Action employer and educational institution and does not discriminate on the basis of age, race, color, religion, sex, sexual orientation, disability, national origin or Vietnam era or other veteran status in the admission to, or participation in, any educational program or activity which it conducts. Any complaint arising by reason of alleged discrimination should be directed to the Equal Opportunity Office of Eastern Kentucky University (Jones Bldg, Rm 106, CPO 37A, Richmond, KY 40475-3102, 859-622-8020 v/tdd), or to the Director of the Office for Civil Rights, U.S. Department of Education, Philadelphia, PA.

The Board of Regents of Eastern Kentucky University does hereby reaffirm the University's commitment to providing educational opportunities to all qualified students regardless of economic or social status and ensuring that participation in all University sponsored activities will be administered in a way that furthers the principles of equal employment and educational opportunities.

Eastern Kentucky University does not discriminate on the basis of disability in the admission or access to educational opportunities, programs or activities. The Director of Services for Individuals with Disabilities, Turley House, Room 1, Eastern Kentucky University, Richmond, Kentucky 40475, coordinates compliance with all federal, state and local laws and regulations concerning access for disabled individuals. Requests for information concerning the Americans with Disabilities Act and other federal and state laws relating to disabilities and the rights provided thereunder, as well as all requests for accommodations based upon disability should be directed to this office.

Eastern Kentucky University is committed to providing a healthy and safe environment for its students, faculty and staff through its compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In accordance with these laws, students, faculty and staff are hereby notified of the standards of conduct which shall be applicable while on University property, on University business or at University sponsored activities.

By University rules and regulations, federal laws, state laws, and local ordinances, students, faculty and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on University property, on University business and/or at University sponsored activities.

Any member of the student body, faculty or staff who violates the University's standards of conduct shall be subject to appropriate disciplinary action up to and including suspension and/or termination. In addition to disciplinary sanctions, students or employees may face prosecution and imprisonment under federal and/or state laws which make such acts felony or misdemeanor crimes. The specifically defined standards of conduct, the disciplinary procedures and possible sanctions appear in the *Student Handbook*, the *Faculty Handbook*, and the *Student Handbook*.

Continuous efforts are made to make students, faculty and staff aware of the on-campus and off-campus programs which provide information and professional services on matters related to the abuse of alcohol and drugs. For additional information individuals should contact the Eastern Kentucky University Counseling Center.

Federal Regulations

Provisions of the Family Educational Rights and Privacy Act of 1974 (as amended) PUBLIC LAW 93-380

This is to serve notice to all students of Eastern Kentucky University of the rights and restrictions regarding the maintenance, inspection, and release of student records contained in the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. The University is composed of five colleges and offers a wide variety of services to students. Each college and service requires the maintenance of some records concerning students enrolled in a particular college or participating in a nonacademic service. The location and type of record maintained by the University depends upon the field of study or service in which the student is enrolled. The following is a list of the types of records maintained by the University for students:

1. Grade reports
2. Transcripts
3. Curriculum information
4. Applications for graduation
5. Correspondence with students, if any
6. Withdrawal records, if applicable
7. Admission forms
8. ACT test scores
9. Student teacher evaluations, if applicable
10. Letters of recommendation, if applicable
11. Nominations for awards, if applicable
12. Biographical data
13. Evaluation forms, if applicable
14. Weekly student teacher logs, if applicable
15. Mid-term evaluation, if applicable
16. Records of school visitations, if applicable
17. Physical education requirement waivers
18. Field training evaluations and correspondence, if applicable
19. Professional conduct agreements and liability insurance coverage

Access to Records: In general, the records maintained by the University are available only to the student, to University personnel with legitimate educational interests, to other institutions where the student is seeking financial aid, and to authorized representatives of the Comptroller General of the U.S., the Secretary of Education, or an administrative head of an education agency, in connection with an audit or evaluation of federally support programs, and as provided by Section 164.283 of the Kentucky Revised Statutes. However, information may be released by the institution to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons. Records may also be furnished in compliance with a judicial order or pursuant to a subpoena or with the consent of the student.

Students may inspect and review all records pertaining to them within forty-five (45) days of making request for same, except for (1) records created or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting or assisting in a professional capacity in connection with treatment of the student (except that the student may have these records reviewed by a physician or appropriate professional designated by the student,), (2) financial records of the student's parents, (3) confidential letters and recommendations put in the files prior to January 1, 1975, and (4) confidential recommendations relating to admission, applications for employment, or honors, if the student has waived his/her right to review such records. Where a particular record cannot be reviewed by a student without revealing confidential information relating to other students, the records custodian will inform the student, upon request, of the contents of the record pertaining to that student.

Parents of dependent students have a right to information concerning their children's grades without having to gain the student's consent.

Procedures for Challenge: A student who believes that any record maintained by the University pertaining directly to that student is inaccurate, misleading, or otherwise violative of the right of privacy of the student as provided by Title IV of Pub. L. 90-247, as amended, and Publ. L. 93-380 as amended by Senate Joint Resolution 40 (1974) may request a hearing before a panel of three persons appointed by the President of the University. The panel may direct that appropriate action be taken to correct, explain, or expunge the record(s) challenged.

Request for hearings should be addressed to the Office of University Counsel, Eastern Kentucky University, Coates Room 205, CPO 40A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Directory Information: The University may release information without the student's consent where the information is classified as "directory information." The following categories of information have been designated by the University as directory information: name, address, telephone listing, e-mail address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous education institution attended by the student. Students who do not wish such information released without their consent should notify the Student Records Office in writing. Any such request should be sent to Office of the Registrar, Office of Academic Records/Transcripts, Eastern Kentucky University, Student Services Building Room 239, CPO 58, 521 Lancaster Avenue, Richmond, Kentucky 40475-3158.

Copies: Copies of student records, except transcripts, will be furnished to the student at a cost of \$.10 (ten cents) per page.

Notification of Rights Under FERPA for Postsecondary Institutions: The Family Educational Rights and Privacy affords students certain rights with respect to their education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- (2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff

position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605.

Student Right-To-Know Act **(Pub. L. 101-542)**

Eastern Kentucky University
1999-2000

Section 103 of the Student Right-To-Know and Campus Security Act of 1990 (Public Law 101-542) as amended by the Higher Education Technical Amendments of 1991 (Public Law 102-26) requires public disclosure of relevant graduation rate information for students enrolled in colleges and universities receiving federal financial assistance annually beginning July 1, 1993. Because the undergraduate and graduate catalogs are published for a two-year period, the graduation rate information will be published each year in the *University Handbook for Students* or may be obtained upon request from the Office of the Provost and Vice President for Academic Affairs, Coates Administration Building, Room 108, CPO 30A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

SECTION ONE

*Eastern Kentucky
University*

Introduction

Eastern Kentucky University is a regional, coeducational, public institution of higher education offering general and liberal arts programs, pre-professional and professional training in education and various other fields at both the undergraduate and graduate levels. Located in Richmond, Madison County, Kentucky, Eastern Kentucky University has a distinguished record of more than nine decades of educational service to the Commonwealth.

Situated near the heart of the Bluegrass, Richmond is served by a network of major highways which makes Eastern Kentucky University easily accessible from all parts of Kentucky and surrounding states. Richmond is 26 miles southeast of Lexington, Kentucky. Interstate Highways 1-75 (north-south) and I-64 (east-west) make the metropolitan areas of Cincinnati, 112 miles to the north, and Louisville, 110 miles to the west, within convenient distance by automobile. Richmond is also served by U.S. Route 25 from south Eastern Kentucky and Kentucky Route 52 from the east and west. The Kentucky Turnpike and the Mountain, Daniel Boone, and Cumberland Parkways provide even greater accessibility by automobile since the city is located near the convergence of these arterial highways into the interstate system.

Richmond, the county seat of Madison County, is an expanding community of approximately 27,000 population.

In and around Richmond are many areas of historic and scenic interest. Boonesborough State Park, birthplace of Kentucky, is located 12 miles to the north. Many other historical places are within easy driving distance. Scenic and recreational areas surround this section of the state.

History

The Kentucky General Assembly of 1906 enacted legislation establishing the Eastern Kentucky State Normal School. Governor J. C. Beckham signed the bill into law on March 21, 1906. On May 7 of that year, the Normal School Commission, meeting in Louisville, selected the campus of the old Central University, founded in 1874, in Richmond, Kentucky, as the site of the new school. On June 2, 1908, Ruric Nevel Roark was chosen President of the Normal School and the training of teachers was begun.

In 1922, Eastern Kentucky University became a four-year institution known as the Eastern Kentucky State Normal School and Teachers College. The first degrees were awarded by this institution in 1925. In 1928, the College was accredited by the Southern Association of Colleges and Secondary Schools. In 1930, the General Assembly renamed the school the Eastern Kentucky State Teachers College.

In 1935, a graduate program was approved at Eastern, leading to the Master of Arts degree in Education. In 1948, the General Assembly removed the word "Teachers" from the name of the college and granted the college the right to award nonprofessional degrees.

The most significant day since its founding came for Eastern on February 26, 1966, when Governor Edward T. Breathitt signed into law a bill renaming the institution Eastern Kentucky University (EKU) and sanctioning the awarding of graduate degrees in academic fields other than education.

During this period of time, Eastern Kentucky University has increased rapidly in size and stature. Beginning with a few students engaged in short review and certificate courses, the University today serves thousands of Kentuckians. The curriculum leads to

associate degrees, baccalaureate degrees, and an expanding graduate program that currently offers degrees at the master's level in many other fields as well as the already well-established Master of Arts degree in Education and the various fifth- and sixth-year leadership programs in education. Specialist degree programs have been implemented in education and psychology. In addition to these programs, Eastern Kentucky University offers cooperative doctoral programs with cooperating institutions.

Ever-mindful of the purpose of its founding, Eastern Kentucky University continues to recognize its historic function of preparing quality teachers for the elementary and secondary schools of the Commonwealth. However, a strong liberal arts curriculum leading to appropriate degrees, together with pre-professional courses in several areas and graduate programs, enable Eastern Kentucky University to serve the Commonwealth as a regional comprehensive university.

Purpose

Within its statutory responsibilities, Eastern Kentucky University seeks to provide intellectual and cultural opportunities which will develop habits of scholarship and intellectual curiosity; provide a deep understanding of American democracy and the citizen's role in maintaining its strength and vitality; impart an understanding of humans and their aspirations; enable effective and efficient communication; and prepare productive and responsible citizens. The University will remain responsive and flexible in order to serve in unique and needed ways.

Within these general responsibilities and purposes, the University has three specific functions—teaching, public service, and research—and places emphasis on the three in this order. Through its colleges and schools, the University seeks to offer quality instruction at a variety of degree levels in general education, the arts, the sciences, business, education, pre-professional and professional areas, and applied and technical disciplines. Through consultative services, continuing education, and the extended campus, the University seeks to provide service to the community and the region. Research seeks both to advance knowledge in the subject matter areas with which the University is concerned and to support the primary function of teaching.

Mission Statement

The Council of Postsecondary Education formerly the Kentucky Council on Higher Education has approved the following Mission Statement for Eastern Kentucky University:

"Eastern Kentucky University shall serve the citizens of the Commonwealth of Kentucky as a comprehensive, regional university, providing instruction, public service and research."

Geographic Region. In the development and offering of its programs and services, the University shall place priority on meeting the needs of the citizens of central, Eastern Kentucky University, and southeastern Kentucky.

Institutional Admission Standards. Eastern Kentucky University shall admit students to the institution under selective admission standards which exceed the minimum guidelines established by the Council on Postsecondary Education, with only limited exceptions. Institutional standards shall be consistent with the system wide policy for admitting under prepared students, including the removal

of academic deficiencies within a specified timeframe. Through this approach, the University seeks to provide both broad access and high-quality programs.

Degree Levels. The University shall offer selected undergraduate programs, pre-professional curricula, and selected master's and education specialist programs determined to meet demonstrated student interest and/or societal needs. Special attention shall be paid to the educational needs of the University's service region. Certificate programs shall not be offered unless they are integral to associate or baccalaureate programs.

Strategic Directions/Program Priorities. Eastern Kentucky University shall: continue its tradition as an educator of classroom teachers and school administrators; support the needs of Kentucky's business community; respond to appropriate societal needs and public policy objectives; and respond to the region's technical education needs. These strategic directions translate into a core of liberal arts baccalaureate programs, in addition to degree programs at the certificate (C), associate (A), baccalaureate (B), master's (M), and specialist (S) levels that may include the following: — (relevant categories from the Classification of Instruction Programs by level are included in brackets) — agricultural business (A, B - 01); conservation and renewable natural resources (B - 03); marketing (B - 08); communications (B - 09); computer and information science (B - 11); education (A, B, M, S - 13); engineering technologies (A, B, M - 15); home economics (B, M - 19); vocational home economics (A - 20); legal studies (A, B - 22); English and literature (M - 23); liberal arts (B - 24); biological sciences (B, M - 26); mathematics (B, M - 27); parks, recreation, and leisure (B, M - 31); physical sciences (M - 40); psychology (M, S - 42); protective sciences (C, A, B, M - 43); public administration and services (B, M - 44); social sciences (M - 45); precision and production trades (A - 48); transportation (B - 49); fine arts (B, M - 50); health professions (C, A, B, M - 51); and business management (A, B, M - 52).

Enhancement of Instruction. The primary mission of the University shall be to provide its students instruction of the highest possible quality. The University shall utilize information obtained through its assessment program to enhance the quality of its instructional programs.

Public Service and Research Functions. The public service efforts of Eastern Kentucky University shall be designed to meet the needs of its service region and be related to its academic programs and capabilities. The continuing education requirements of the region's public school personnel and assistance in economic development should receive special emphasis. Research shall support the primary function of instruction, supplement the University's public service efforts, and advance knowledge in the subject matter areas with which the University is concerned. The University shall develop cooperative applied research and teaching programs using such resources as Maywoods, Lilley Cornett Woods, and Pilot Knob Sanctuary.

Collaborative Ventures. As a member of the Commonwealth's higher education system, it is incumbent on the University to cooperate with the other institutions, the Council on Postsecondary Education, and other state and federal agencies in fulfilling the strategic for higher education in Kentucky. This shall include the appropriate and efficient use of telecommunications technology. Further, to the extent possible, the University should foster articulation between its programs and those of other

institutions, both public and private, which emphasize the transfer of credits from other institutions toward degree completion.

Efficiency and Effectiveness. Eastern Kentucky University shall insure that its resources are expended in a manner consistent with its mission. This shall include the promotion of cost effectiveness in academic programming and institutional management. Strategic planning shall include both the identification of programs which are no longer responsive to societal needs or are unnecessarily duplicative of those of another institution and the development of carefully selected new programs compatible with this mission. Measures of quality and performance shall be integral to the University's assessment and accountability systems which promote continuous improvement of programs and services.

Institutional Goals

1. To be an effective comprehensive, public, residential university of the Commonwealth of Kentucky.
2. To provide academic programs of the highest possible quality and to enhance access to these programs. To these ends, the University strives:
 - A. To employ and retain faculty with outstanding academic preparation and with a commitment to excellence in teaching and learning.
 - B. To attract students of high academic promise to the University and to provide them with a challenging academic experience.
 - C. To provide access to higher education for citizens of the Commonwealth through reasonably open admission policies to associate degree programs and selective admissions to baccalaureate degree programs, at a relatively low student cost with access to a program of financial assistance.
 - D. To serve as a school of opportunity by providing, as a condition of admission and retention, a mandatory developmental program to allow under prepared students to rapidly attain the skills necessary for rigorous college-level courses.
 - E. To incorporate the use of results from program assessment to continuously improve the instructional, research and service programs of the University.
3. To provide an environment for learning and individual development of the highest possible quality.
4. To maintain an adequate enrollment of out-of-state residents and foreign nationals to enrich the educational experience for all students while emphasizing the enrollment of Kentucky students.
5. To support the nondiscrimination policy of the Board of Regents and to meet or exceed the goals of the Commonwealth's plan for diversity in higher education.
6. To provide intellectual and cultural opportunities which will develop habits of scholarship and intellectual curiosity, provide a deep understanding of American democracy and the citizen's role in maintaining its strength and vitality, impart an understanding of humans and their aspirations, enable effective and efficient communication, and prepare productive and responsible citizens. To these ends the University strives:
 - A. To offer associate degree programs which are based on student interests and societal needs, which are integrated when appropriate with baccalaureate degree programs for individuals preparing themselves in a university setting, and which contain a general education component.

- B. To offer baccalaureate and pre-professional programs based on student interests and societal needs with a strong general educational program as a component of each degree program.
- C. To offer graduate programs based on student interests and societal needs which provide advanced study through instruction and research, strengthen the disciplines, and contribute to the total research and/or service efforts of the institution.
7. To provide for individuals and agencies those educational outreach, public service, and continuing education opportunities which are compatible with the University's mission and resources.
 8. To support and encourage scholarship in all its forms as an important activity, recognizing its contribution to effective teaching and learning, its value to the knowledge of the disciplines, and its value to public service.
 9. To manage and protect for posterity and to make available for instruction, research, and public use, selected natural areas that are unique or valuable for their biological, physical, and historical significance.
 10. To provide for the University community and general public a center which promotes artistic and cultural awareness, scholarly pursuits, the free exchange of ideas, and critical thinking.
 11. To provide support services which promote the development and well being of the members of the university community.
 12. To be solvent and financially accountable to appropriate agencies.
- Improve the quality of campus life to enhance student development.
 - Enhance services and facilities to provide a supportive educational environment for the university community.
 - Increase extramural funding to support academic excellence, public service activities, and research.
 - Continue the refinement of the assessment and evaluation processes to measure institutional effectiveness, while incorporating the results into the planning process.
 - Cooperate in any appropriate way toward fulfilling the objectives of Kentucky's postsecondary education reform effort.
 - Utilize technology to improve teaching, learning, scholarship, service and administrative processes.
 - Enhance institutional effectiveness through sound leadership and management practices.

Strategic Directions 1999/2004 Planning Cycle

- Improve the quality of teaching and learning and remain committed to providing educational opportunities of high quality and diversity among students, faculty and staff.
- Improve compensation and professional development opportunities to retain and attract high quality faculty and staff.
- Provide efficient and effective use of institutional resources, both material and personal, through policies designed to ensure timely and reasonable progress for all students toward completion of their degrees/programs.
- Improve academic services, including the library, equipment and support programs to enhance the quality of instruction.
- Improve the quality of advising for all students.
- Expand instructional and service outreach programs to support educational and economic development.
- Enhance institutional advancement and marketing to increase public awareness and support, while strengthening the institution's leadership role in fund raising activities and maintaining visibility with business and community leaders and public officials.

SECTION TWO

Admission and Residency

Admission to the University

GENERAL REQUIREMENTS FOR UNDERGRADUATE ADMISSION

All applicants must provide an application in writing and evidence of appropriate scholastic achievement through prior educational experience.

Please note that certain degree programs have special admission requirements. Admission to the University does not mean automatic admission to all degree programs.

To apply for undergraduate admission to Eastern Kentucky University (EKU), submit completed application materials noted below and the \$25 application fee to: Office of Admissions, SSB 112, CPO 54, 521 Lancaster Avenue, Eastern Kentucky University, Richmond, KY 40475-3154.

REQUIREMENTS FOR FRESHMAN FULL ADMISSION

- A. - graduate from an accredited high school, and earned a minimum cumulative high school grade point average of 2.0 on a 4.0 scale, **or**
 - receive a General Equivalency Diploma, **or**
 - completed an EKU approved home-school or distance learning high school program,
- B. - submitted minimum ACT composite score of 18 (with no standard scores below 18) or SAT total score of 870 or higher,
- C. - met the Kentucky Pre-College Curriculum **or** its equivalent ACT scores of 21 in English, a 20 in Math, a 22 in Reading, and a 21 in Science Reasoning.

PROVISIONAL ADMISSION

Provisional admission status will be granted to students who meet the requirements for full admissions in **A** and **B** above, but not **C**. Pre-college curriculum deficiencies must be remediated within the first 24 hours of enrollment.

PROBATIONARY ADMISSION

- A. - graduated from an accredited high school and earned a minimum cumulative grade point average of 2.0 on a 4.0 scale, **or**
 - received a General Equivalency Diploma, **or**
 - completed an EKU approved home-school or distance learning high school program,**and**
- B. - submitted minimum ACT composite scores of 15, 16, or 17.

SPECIAL ADMISSIONS

Students not meeting probationary admission may apply to attend Eastern Kentucky University through a retention support program by applying for special admission. Enrollment at the University will be contingent on selection into this category. Continued enrollment will require full participation and success in an identified retention support program as approved through special admissions.

Collaborating retention support programs may include: Bridge Program/First Steps, NOVA, Project Success, HCOP, Education Pays Center, Center on Deafness, Academic Monitoring through Multicultural Student Services, and Student Athlete WIN Program. Retention support programs will be reviewed and approved yearly based on their retention successes.

REQUIREMENTS FOR INTERNATIONAL STUDENTS

International applicants must also submit:

International application for admission and application fee.

- (1) T.O.E.F.L. (Test of English as a Foreign Language) score of at least 173 on the computer based T.O.E.F.L. exam or 500 on the paper based T.O.E.F.L. exam or ESL Certification from the Eastern Kentucky University English Language Institute.
- (2) Declaration and Certification of Finances and a supporting bank letter, showing financial support to attend Eastern Kentucky University.
- (3) Official copies of your secondary/high school transcript or certification of completion of high school.
- (4) Official College or University transcripts.
- (5) Application fee of \$25.

REQUIREMENTS FOR ADMISSION AS A TRANSFER STUDENT

To be admitted as a transfer student, you must:

- (1) Submit an official transcript from each regionally accredited institution you have attended. Eastern Kentucky University does not accept credits from institutions that are not regionally accredited. Note that the transcript must be sent from the student's institution to Eastern Kentucky University's Division of Admissions. Hand-carried transcripts will not be accepted.
- (2) Have a 2.0 grade point average (GPA) on a 4.0 scale on all work from accredited institutions.
- (3) Provide evidence that you are eligible to return to all institutions you have previously attended.

Although you are not required to submit A.C.T. scores, you are encouraged to do so if you believe those scores might establish your proficiency in the basic skills of English, mathematics, and reading.

***Note:** If you are admitted as a transfer student, your cumulative GPA will include hours attempted and quality points earned from all regionally accredited institutions. The Academic Advising Office and the academic department of your major will determine the applicability of your courses to your academic program.

***Note:** Eastern Kentucky University subscribes fully to the policies of the "General Education Transfer Agreement" of the Kentucky Council on Postsecondary Education. Thus, Eastern Kentucky University will apply courses transferred from Kentucky public institutions to its general education requirements in accord with those policies.

REQUIREMENTS FOR READMISSION

If you are eligible to re-enroll at Eastern Kentucky University and have not attended another institution since leaving, you will be readmitted upon submitting an application for readmission.

If you left Eastern Kentucky University on social probation or suspension, you must be approved by the Office of Student Affairs before being readmitted.

If you have attended another institution since leaving Eastern Kentucky University, you will be considered for admission under the guidelines for transfer students above.

OTHER TYPES OF ADMISSION

1. High School Seniors

Students who have one unit less than the number required for high school graduation with superior grades (i.e., 3.0+ grade point average) may be admitted upon the written recommendation of the high school principal.

2. Transient Students

If you are a student at another institution and wish to enroll at Eastern Kentucky University as a transient, or "visiting," student, you may be admitted by submitting an official transcript or a statement indicating that you are eligible to return to your institution.

3. Admission as a Non-Degree Student

Upon submission of an application, you may be admitted as a non-degree student. If so admitted,

- (1) Your eligibility for enrollment in specific courses will be determined by an academic advisor;
- (2) You will be permitted to enroll for a maximum of 6 semester hours per academic term;
- (3) You will not be eligible to receive financial assistance awards;
- (4) You may not enroll in English or mathematics courses until you establish that you would be eligible to enroll in such courses were you a degree seeker.

If you subsequently decide to pursue a degree, you must re-apply for admission as a degree seeker. If you are thus admitted,

- (1) You will be required to remediate all pre-college curriculum deficiencies and to satisfy all Eastern Kentucky University developmental requirements;
- (2) You will be permitted to count hours earned as a non-degree student toward a degree only with the permission of the dean of the college offering your degree program.

4. O'Donnell Scholarship Recipients

If you are at least 65 years of age, you may be admitted to Eastern Kentucky University with a waiver of tuition. You need submit only an application for admission.

5. Special Consideration

If you do not meet the conditions for admission noted above, you may request special consideration for admission. Contact the Office of Admissions for procedures.

6. Home-schooled Students

Eastern Kentucky University applies the same admissions requirements to home schooled students as those who graduate from a public or private high school. Students who meet our

criteria will be granted an admissions status as established by the current admissions policy; Full, Admit, Provisional Admit, Probationary Admit, or Special Admit.

Home-schooled students are subject to the secondary education standards established by the Kentucky Department of Education and the Kentucky Council on Post Secondary Education. This includes meeting the curriculum guidelines of the State approved Pre-College Curriculum.

In order to gain admission to Eastern Kentucky University, in addition to the application and application fee, these students must submit a notarized copy of their official transcript demonstrating they have met the PCC curriculum and have minimum accumulative GPA of 2.0 on a 4.0 scale. They must also submit an official ACT score report.

7. International Baccalaureate

Students who complete the International Baccalaureate Diploma may present their official exam results for demonstration of completion of secondary education. Based on the exam scores received, students may qualify for advanced academic placement.

Kentucky Pre-College Curriculum

The Kentucky Pre-College Curriculum (PCC) is defined by the Kentucky Council on Postsecondary Education (CPE) as a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public university. Students under 21 years of age must complete the PCC if they are admitted to the University as a degree seeking student or transfer in with less than 24 credit hours or transfer in with a GPA less than 2.0 on a 4.0 scale. According to CPE, the pre-college curriculum better prepares students for college-level work and reflects high school graduation requirements. Students admitted to the University with PCC deficiencies must complete courses to remediate these deficiencies. Pre-college Curriculum deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours. Specific courses are designated to remediate PCC deficiencies in each content area.

Beginning Fall 2002, the PCC requirements are four credits of English/Language Arts (English I, English II, English III, English IV (or AP English), three of Mathematics (Algebra I, Algebra II, and Geometry)*, three of Social Studies (from U.S. History, Economics, Government, World Geography, and World Civilization), three of science (These credits include life science, physical science, and earth/space science, one course must be a lab science course.), one-half credit of health, one-half credit of physical education, and one credit of History and Appreciation of Visual, Performing Arts (This is defined as history and appreciation of visual and performing arts or another arts course that incorporates such content.). Students are required to have 7 electives with five (5) of those rigorous electives. It is strongly recommended that students have one or more courses that develop computer literacy. Students have a total of 22 credits (15 required credits and 7 elective credits).

*Beginning Fall 2002, a student may substitute an integrated, applied, interdisciplinary, or higher level course within a program of study if the substituted course offers the same or greater academic rigor and the course covers or exceeds the minimum required content. Rigorous electives should have academic content at least as challenging as that in courses required in the minimum high school graduation requirements. These electives also should be in social studies, science, mathematics, English and language arts,

arts and humanities, nonnative (foreign) language, and, above the introductory level, in agriculture, industrial technology, business, marketing, family and consumer sciences, health sciences, and technology education and career pathways. Electives in physical education and health are limited to one-half unit each.

If you have any questions concerning Kentucky Pre-College Curriculum requirements, please contact the Office of Admissions or the Office of Academic Advising.

Student Residency

Since registration and other fees and residence hall room rents are subject to change periodically, no attempt is made in this publication to itemize these costs. This information is available from the Division of Admissions prior to the beginning of each academic year.

13 KAR 2:045. Determination of residency status for admission and tuition assessment purposes.

RELATES TO: KRS Chapter 13B, 164.020, 164.030, 164A.330(6)

STATUTORY AUTHORITY: KRS 164.020(8)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 164.020(8) requires the Council on Postsecondary Education to determine tuition and approve the minimum qualifications for admission to a state-supported postsecondary education institution and authorizes the Council to set different tuition amounts for residents of Kentucky and for nonresidents. This administrative regulation establishes the procedure and guidelines for determining the residency status of a student who is seeking admission to, or who is enrolled at, a state-supported postsecondary education institution.

Section 1. Definitions.

- (1) "Academic term" means a division of the school year during which a course of studies is offered, and includes a semester, quarter, or single consolidated summer term as defined by the institution.
- (2) "Continuous enrollment" means enrollment in a state-supported postsecondary education institution at the same degree level for consecutive terms, excluding summer term, since the beginning of the period for which continuous enrollment is claimed unless a sequence of continuous enrollment is broken due to extenuating circumstances beyond the student's control, including serious personal illness or injury, or illness or death of a parent.
- (3) "Degree level" means enrollment in a course or program which could result in the award of a:
 - (a) Certificate, diploma or other program at an institution;
 - (b) Baccalaureate degree or lower including enrollment in a course by a nondegree seeking postbaccalaureate student;
 - (c) Graduate degree or graduate certification other than a first-professional degree in law, medicine, dentistry or "Pharm. D"; or
 - (d) Professional degree in law, medicine, dentistry, or "Pharm. D".
- (4) "Demonstration of Kentucky domicile and residency" means the presentation of documented information and evidence sufficient to prove by a preponderance of the evidence that a person is domiciled in Kentucky and is a resident of Kentucky.
- (5) "Dependent person" means a person who cannot demonstrate financial independence from parents or persons other than a spouse and who does not meet the criteria established in Section 5 of this administrative regulation.
- (6) "Determination of residency status" means the decision of a postsecondary education institution that may include a formal hearing that results in the classification of a person as a Kentucky resident or as a nonresident for admission and tuition assessment purposes.
- (7) "Domicile" means a person's true, fixed, and permanent home and is the place where the person intends to remain, and to which the person expects to return if absent without intending to establish a new domicile elsewhere.
- (8) "Full-time employment" means continuous employment for at least forty-eight (48) weeks at an average of at least thirty (30) hours per week.
- (9) "Independent person" means a person who demonstrates financial independence from parents or persons other than a spouse and who can meet the criteria established in Section 5 of this administrative regulation.
- (10) "Institution" means an entity defined in KRS 164.001(11) if the type of institution is not expressly stated and includes the Kentucky Virtual University, the Council on Postsecondary Education, and the Kentucky Higher Education Assistance Authority.
- (11) "Kentucky resident" means a determination by an institution that a person is domiciled and is a resident of Kentucky as determined by this administrative regulation.
- (12) "Nonresident" means a person who is domiciled outside of Kentucky or who currently maintains legal residence outside Kentucky or who is not a Kentucky resident within the meaning of this administrative regulation.
- (13) "Parent" means one (1) of the following:
 - (a) A person's father or mother; or
 - (b) A court-appointed legal guardian if:
 1. The guardianship is recognized by an appropriate court within the United States;
 2. There was a relinquishment of the rights of the parents; and
 3. The guardianship was not established primarily to confer Kentucky residency on the person.
- (14) "Preponderance of the evidence" means the greater weight of evidence, or evidence which is more credible and convincing to the mind.
- (15) "Residence" means the place of abode of a person and the place where the person is physically present most of the time for a noneducational purpose in accordance with Section 3 of this administrative regulation.
- (16) "Student financial aid" means all forms of payments to a student if one (1) condition of receiving the payment is the enrollment of the student at the institution.
- (17) "Sustenance" means living expenses include room, board, maintenance, transportation, and also may include educational expenses including tuition, fees, books, and supplies.

Section 2. Scope.

- (1) State-supported postsecondary education institutions were established and are maintained by the Commonwealth of Kentucky primarily for the benefit of qualified residents of Kentucky. The substantial commitment of public resources to postsecondary education is predicated on the proposition that the state benefits significantly from the existence of an educated citizenry. As a matter of policy, access to postsecondary education shall be provided so far as feasible at

reasonable cost to an individual who is domiciled in Kentucky and who is a resident of Kentucky.

- (2) The Council on Postsecondary Education may require a student who is neither domiciled in nor a resident of Kentucky to meet higher admission standards and to pay a higher level of tuition than resident students.
- (3) This administrative regulation applies to all student residency determinations regardless of circumstances, including residency determinations made by the state-supported institutions for prospective and currently-enrolled students; the Southern Regional Education Board contract spaces; reciprocity agreements, where appropriate; the Kentucky Virtual University; academic common market programs; the Kentucky Educational Excellence Scholarship Program; and other state student financial aid programs, as appropriate.

Section 3. Determination of Residency Status; General Rules.

- (1) A determination of residency shall include:
 - (a) An initial determination of residency status by an institution during the admission process or upon enrollment in an institution for a specific academic term or for admission into a specific academic program;
 - (b) A reconsideration of a determination of residency status by an institution based upon a changed circumstance; and
 - (c) A formal hearing conducted by an institution upon request of a student after other administrative procedures have been completed.
- (2) An initial determination of residency status shall be based upon:
 - (a) The facts in existence when the credentials established by an institution for admission for a specific academic term have been received and during the period of review by the institution;
 - (b) Information derived from admissions materials;
 - (c) Other materials required by an institution and which are consistent with this administrative regulation; or
 - (d) Other information available to the institution from any source.
- (3) An individual seeking a determination of Kentucky residency status shall demonstrate that status by a preponderance of the evidence.
- (4) A determination of residency status shall be based upon verifiable circumstances or actions.
- (5) Evidence and information cited as the basis for Kentucky domicile and residency shall accompany the application for a determination of residency status.
- (6) A student classified as a nonresident shall retain that status until the student is officially reclassified by an institution.
- (7) A student may apply for a review of a determination of residency status once for each academic term.
- (8) If an institution has information that a student's residency status may be incorrect, the institution shall review and determine the student's correct residency status.
- (9) If the Council on Postsecondary Education has information that an institution's determination of residency status for a student may be incorrect, it may require the institution to review the circumstances and report the results of that review.
- (10) An institution shall impose a penalty or sanction against a student who gives incorrect or misleading information to an institutional official, including payment of nonresident tuition for each academic term for which resident tuition was assessed based on an improper determination of residency status. The penalty may also include:

- (a) Student discipline by the institution through a policy written and disseminated to students; or
- (b) Criminal prosecution.

Section 4. Presumptions Regarding Residency Status.

- (1) In making a determination of residency status, it shall be presumed that a person is a nonresident if:
 - (a) A person is, or seeks to be, an undergraduate student and admissions records show the student to be a graduate of an out-of-state high school within five (5) years prior to a request for a determination of residency status;
 - (b) A person's admission records indicate the student's residence to be outside of Kentucky at the time of application for admission;
 - (c) A person moves to Kentucky primarily for the purpose of enrollment in an institution;
 - (d) A person moves to Kentucky and within twelve (12) months at an institution more than half time; or
 - (e) A person has a continuous absence of one (1) year from Kentucky.
- (2) A presumption arising from subsection (1) of this section shall be overcome by presentation of evidence that is sufficient to demonstrate that a person is domiciled in and is a resident of Kentucky.

Section 5. Determination of Whether a Student is Dependent or Independent.

- (1) In a determination of residency status, an institution shall first determine whether a student is dependent or independent. This provision is predicated on the assumption that a dependent person lacks the financial ability to live independently of the person upon whom the student is dependent and therefore lacks the ability to form their requisite intent to establish domicile.
- (2) In determining the dependent or independent status of a person, the following information shall be considered as well as other relevant information available at the time the determination is made:
 - (a)
 1. Whether the person has been claimed as a dependent on the federal or state tax returns of a parent or other person for the year preceding the date of application for a determination of residency status; or
 2. Whether the person is no longer claimed by a parent or other person as a dependent or as an exemption for federal and state tax purposes; and
 - (b) Whether the person has financial earnings and resources independent of a person other than an independent spouse necessary to provide for the person's own sustenance.
- (3) An individual who enrolls at an institution immediately following graduation from high school and remains enrolled shall be presumed to be a dependent person unless the contrary is evident from the information submitted.
- (4) Domicile may be inferred from the student's permanent address, parent's mailing address, or location of high school of graduation.
- (5) Marriage to an independent person domiciled in and who is a resident of Kentucky shall be a factor considered by an institution in determining whether a student is dependent or independent.
- (6) Financial assistance from or a loan made by a parent or family member other than an independent spouse, if used for sustenance of the student:

- (a) Shall not be considered in establishing a student as independent; and
- (b) Shall be a factor in establishing that a student is dependent.

Section 6. Effect of a Determination of Dependent Status on a Determination of Residency Status.

- (1) The effect of a determination that a person is dependent shall be:
 - (a) The domicile and residency of a dependent person shall be the same as either parent. The domicile and residency of the parent shall be determined in the same manner as the domicile and residency of an independent person.
 - (b) The domicile and residency of a dependent person whose parents are divorced, separated, or otherwise living apart shall be Kentucky if either parent is domiciled in and is a resident of Kentucky regardless of which parent has legal custody or is entitled to claim that person as a dependent pursuant to federal or Kentucky income tax provisions.
- (2) (a) If the parent or parents of a dependent person are Kentucky residents and are domiciled in Kentucky but subsequently move from the state, the dependent person shall be considered a resident of Kentucky while in continuous enrollment at the degree level in which currently enrolled.
- (b) If continuous enrollment is broken or the current degree level is completed, the dependent person's residency status shall be reassessed when the circumstances detailed in subparagraph 1 of this paragraph are present.

Section 7. Member of Armed Forces of the United States, Spouse and Dependents; Effect on a Determination of Residency Status.

- (1) A member, spouse, or dependent of a member whose domicile and residency was Kentucky at the time of induction into the Armed Forces of the United States, and who maintains Kentucky as home of record and permanent address, shall be entitled to Kentucky residency status:
 - (a) During the time of active service; or
 - (b) If the member, spouse, or dependent returns to this state within six (6) months of the date of the member's discharge from active duty.
- (2) (a) A member, spouse or dependent of a member of the Armed Forces of the United States stationed in Kentucky on active military orders shall be considered a Kentucky resident while the member is on active duty in this state pursuant to those orders if the member is not:
 - 1. Stationed in Kentucky for the purpose of enrollment at an institution; or
 - 2. On temporary assignment of less than one (1) year.
- (b) A member, spouse or dependent of a member, shall not lose Kentucky residency status if the member is thereafter transferred on military orders while the member, spouse or dependent requesting the status is in continuous enrollment at the degree level in which currently enrolled.
- (3) Membership in the National Guard or civilian employment at a military base alone shall not qualify a person for Kentucky residency status under the provisions of subsections (1) and (2) of this section
- (4) A person's residency status established pursuant to this section shall be reassessed if the qualifying condition is terminated.

Section 8. Status of Nonresident Aliens; Visas and Immigration.

- (1) (a) A person holding a permanent residency visa or classified as a political refugee shall establish domicile and residency in the same manner as another person.
- (b) Time spent in Kentucky and progress made in fulfilling the conditions of domicile and residency prior to obtaining permanent residency status shall be considered in establishing Kentucky domicile and residency.
- (2) A person holding a nonimmigrant visa with designation A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, R, shall establish domicile and residency the same as another person.
- (3) (a) An independent person holding a nonimmigrant visa with designations B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, , O, P, Q, S, TD or TN shall not be classified as a Kentucky resident, because that person does not have the capacity to remain in Kentucky indefinitely and therefore cannot form the requisite intent necessary to establish domicile within the meaning of this administrative regulation.
- (b) A dependent person holding a visa as described in paragraph (a) of this subsection, but who is a dependent of a parent holding a visa as described in subsection (2) of this section, shall be considered as holding the visa of the parent.
- (c) A dependent person holding a visa described in subsection (2) of this section or paragraph (a) of this subsection, if a parent is a citizen of the United States and is a resident of and domiciled in Kentucky, shall be a resident of Kentucky for the purposes of this administrative regulation.
- (4) A person shall be a Kentucky resident for the purpose of this administrative regulation if the person graduated from a Kentucky high school and:
 - (a) Is an undocumented alien;
 - (b) Holds a visa listed in subsections (2) or (3) (a) of this section; or
 - (c) Is a dependent of a person who holds a visa listed in subsections (2) or (3) (a) of this section.
- (5) (a) Except as provided in paragraph (b) of this subsection, a person who has petitioned the federal government to reclassify visa status shall continue to be ineligible until the petition has been decided by the federal government.
- (b) A person who has petitioned the federal government to reclassify visa status based on a marriage to a Kentucky resident and who can demonstrate that the petition has been filed and acknowledged by the federal government, may establish Kentucky domicile and residency at that time.

Section 9. Beneficiaries of a Kentucky Educational Savings Plan Trust.

A beneficiary of a Kentucky Educational Savings Plan Trust shall be granted residency status if the beneficiary meets the requirements of KRS 164A.330(6).

Section 10. Criteria Used in a Determination of Residency Status.

- (1) A determination of Kentucky domicile and residency shall be based upon verifiable circumstances or actions. A single fact shall not be paramount, and each situation shall be evaluated to identify those facts which are essential to the determination of domicile and residency.

- (2) The following facts, although not conclusive, shall have probative value in their entirety and shall be individually weighted, appropriate to the facts and circumstances in each determination of residency;
- (a) Acceptance of an offer of full-time employment or transfer to an employer in Kentucky or contiguous area while maintaining residence and domicile in Kentucky;
 - (b) Continuous physical presence in Kentucky while in a nonstudent status for the twelve (12) months immediately preceding the start of the academic term for which a classification of Kentucky residency is sought;
 - (c)
 1. Filing of Kentucky resident income tax return for the calendar year preceding the date of application for a change in residency status; or
 2. Payment of Kentucky withholding taxes while employed during the calendar year for which a change in classification is sought;
 - (d) Full-time employment of at least one (1) year while living in Kentucky;
 - (e) Attendance as a full-time, nonresident student at an out-of-state institution based on a determination by that school that the person is a resident of Kentucky;
 - (f) Abandonment of a former domicile or residence and establishing domicile and residency in Kentucky with application to or attendance at an institution following and incidental to the change in domicile and residency;
 - (g) Obtaining licensing or certification for a professional and occupational purpose in Kentucky;
 - (h) Payment of real property taxes in Kentucky;
 - (i) Ownership of real property in Kentucky, if the property was used by the student as a residence preceding the date of application for a determination of residency status;
 - (j) Long-term lease of at least twelve (12) consecutive months of noncollegiate housing;
 - (k) Marriage of an independent student to a person who was domiciled in and a resident of Kentucky prior to the marriage;
 - (l) Continued presence in Kentucky during academic breaks; and
 - (m) The extent to which a student is dependent on student financial aid in order to provide basic sustenance.
- (3) Except as provided in subsection (4) of this section, the following facts, because of the ease and convenience in completing them, shall have limited probative value in a determination that a person is domiciled in and is a resident of Kentucky:
- (a) Kentucky automobile registration;
 - (b) Kentucky driver's license; and
 - (c) Registration as a Kentucky voter.
- (4) The absence of a fact contained in subsection (3) of this section shall have significant probative value in determining that a student is not domiciled in or is not a resident of Kentucky.
- (5) A person shall not be determined to be a Kentucky resident by the performance of an act which is incidental to fulfilling an educational purpose or by an act performed as a matter of convenience. Mere physical presence in Kentucky, including living with a relative or friend, shall not be sufficient evidence of domicile and residency. A person shall respond to all information requested by an institution.

Section 11. Effect of a Change in Circumstances on Residency Status.

- (1) If a person becomes independent or if the residency status of a parent or parents of a dependent person changes, an institution shall reassess residency either upon a request by the student or a review initiated by an institution.
- (2) Upon transfer to a Kentucky institution, a student's residency status shall be reassessed by the receiving institution.
- (3) A reconsideration of a determination of residency status for a dependent person shall be subject to the provisions for continuous enrollment, if applicable.

Section 12. Student Responsibilities.

- (1) A student shall report under the proper residency classification which includes the following actions:
 - (a) Raising a question in a timely manner concerning residency classification;
 - (b) Making application for change of residency classification in a timely manner with the designated office or person at the institution; and
 - (c) Notifying the designated office or person at the institution immediately upon a change in residency.
- (2) If a student fails to notify an institutional official of a change in residency, an institutional official may investigate and evaluate the student's current residency status.
- (3)
 - (a) If a student fails to provide, by the date specified by the institution, information required by an institution in a determination of residency status, the student shall be notified by the institution that the review has been canceled and that a determination has been made.
 - (b) Notification shall be made by registered mail, return receipt requested.
 - (c) Notification shall be made within ten (10) calendar days after the deadline for receipt of materials has passed.
- (4) A student shall not be entitled to appeal a determination of residency status if the determination made by an institution is made because a student has failed to meet published deadlines for the submission of information as set forth in subsection (3) of this section. A student may request a review of a determination of residency status in a subsequent academic term.

Section 13. Institutional Responsibilities. Each institution shall:

- (1) Provide for an administrative appeals process that includes a residency appeals officer to consider student appeals of an initial residency determination and which shall include a provision of fourteen (14) days for the student to appeal the residency appeals officer's determination;
- (2) Establish a residency review committee to consider appeals of residency determinations by the residency appeals officer. The residency review committee shall make a determination of student residency status and notify the student in writing within forty-five (45) days after receipt of the student appeal;
- (3) Establish a formal hearing process as described in Section 14 of this administration regulation; and
- (4) Establish written policies and procedures for administering the responsibilities established in subsections (1), (2), and (3) of this section and that are:
 - (a) Approved by the institution's governing board;
 - (b) Made available to all students; and
 - (c) Filed with the council.

Section 14. Formal Institutional Hearing.

- (1) A student who appeals a determination of residency by a residency review committee shall be granted a formal hearing by an institution if the request is made by a student in writing within fourteen (14) calendar days after notification of a determination by a residency review committee.
- (2) If a request for a formal hearing is received, an institution shall appoint a hearing officer to conduct a formal hearing. The hearing officer:
 - (a) Shall be a person not involved in determinations of residency at an institution except for formal hearings; and
 - (b) Shall not be an employee in the same organizational unit as the residency appeals officer.
- (3) An institution shall have written procedures for the conduct of a formal hearing that have been adopted by the board of trustees or regents, as appropriate, and that provide for:
 - (a) A hearing officer to make a recommendation on a residency appeal;
 - (b) Guarantees of due process to a student that include:
 1. The right of a student to be represented by legal counsel; and
 2. The right of a student to present information and to present testimony and information in support of a claim of Kentucky residency.
 - (c) A recommendation to be issued by the hearing officer.
- (4) An institution's formal hearing procedures shall be filed with the Council on Postsecondary Education and shall be available to a student requesting a formal hearing.

Section 15. Cost of Formal Hearings.

- (1) An institution shall pay the cost of all residency determinations including the cost of a formal hearing.
- (2) A student shall pay for the cost of all legal representation in support of the student's claim of residency. (17 Ky.R. 2557; eff. 4-5-91; Am. 22 Ky.R. 1656; 1988; eff. 5-16-96; 23 Ky.R. 3380; 3797; 4099; eff. 6-16-97; 24 Ky.R. 2136; 2705; 25 Ky.R. 51; eff. 7-13-98; 25 Ky.R. 2177; 2577; 2827; eff. 6-7-99; 749; 1238; eff. 11-12-2002.)

Residency Appeals Policy and Procedures

1. BASIS FOR RESIDENCY CLASSIFICATION

The Commonwealth of Kentucky has established a process and corresponding criteria for the determination of residency classification for students seeking admission to, or enrolled in, public institutions of higher education. The Council on Postsecondary Education (hereinafter referred to as "CPE") has established Kentucky Administrative Regulation 13 KAR 2:045 (hereinafter referred to as "the Regulation") to be followed by all public institutions of higher education in the Commonwealth concerning residency classification. As well as being published in the current *Undergraduate Catalog*, this Regulation can be found in the current *Graduate Catalog* and copies are available upon request from the Office of Admissions, located in Student Services Building, Room 112 or by calling (859) 622-2106 or 1-800-465-9191.

2. INSTITUTIONAL ADMINISTRATION OF THE RESIDENCY POLICY

The CPE authorizes each institution to establish a procedure for the determination of residency classification based upon the Regulation.

2.1 Office of Admissions

The Office of Admissions, Student Services Building, Room 112, CPO 54, 521 Lancaster Avenue, Richmond, KY 40475-3154, at Eastern Kentucky University serves as the coordinating office for institutional implementation of the Regulation. Instructions for filing applications for reclassification and copies of the Regulation are available in this office. Also, Admissions staff members are available to answer questions regarding policy and procedures.

2.2 Initial Classification

The initial determination of residency status is made by the University based upon the credentials submitted by an applicant for admission to the University in accordance with the Regulations.

2.3 Appeal of Residency Status

Once an initial classification of residency is made by the Office of Admissions, it is the student's responsibility to initiate an appeal of such classification. Request for reclassification must be filed with the Office of Admissions **no later than 30 calendar days** after the first full day of classes of the fall or spring academic term for which reclassification is sought or not later than ten (10) calendar days after the first day of class for intersession or the summer term. Request for reclassification are to be made in affidavit form on the form available from the Office of Admissions. A student may apply only once during an academic term. A student classified as a non-resident will retain that status until a change is brought about by successful appeal. If an appeal results in a change of classification, the change will not be effective earlier than the semester during which the appeal is filed. If a student is initially classified non-resident but does not enroll the semester for which the student originally applied, the residency classification will be reassessed for subsequent semesters.

2.4 Affidavit (Application for Reclassification)

Affidavits will not be accepted unless the form is fully completed, properly signed and notarized. In no case will a decision be granted without an affidavit and all required supporting documentation.

2.5 Documentation

Because of the variety of factors related to establishing residency for tuition purposes, the number of documents required to complete an appeal may vary from case to case. In all cases, the University may require certification of authenticity of documents. It is the appealing student's responsibility to provide sufficient documentation to clarify circumstances related to the appeal. In all cases, circumstances related to establishing domicile must be verifiable.

2.6 Review of the residency file by the Residency Appeals Officer

A Residency Appeals Officer designated by the University shall review the affidavit and documentation and notify the student, in writing, within fourteen (14) days of making a determination. Students who do not agree with the Residency Appeals Officer's determination may appeal his/her residency

status to the University's Residency Review Committee within fourteen (14) days of the Residency Appeals Officer's determination.

3. UNIVERSITY RESIDENCY REVIEW COMMITTEE

Pursuant to the Regulation, Eastern Kentucky University has a Residency Review Committee (hereinafter referred to as the "Committee") to review and evaluate student affidavits for reclassification and to consider changes in the residency classification.

3.1 Timely Appeal

The Student must notify the Residency Appeals Officer in writing, if he or she wishes his/her case to be reviewed by the Committee, within fourteen (14) calendar days after notification of the Residency Appeals Officer's determination. The Residency Appeals Officer shall immediately forward the request and the student's residency file to the Chair of the Committee.

3.2 Committee Membership

The Residency Review Committee shall be comprised of three members: the Associate Vice President for Enrollment Management; a member of the Faculty-at-Large, who shall be appointed annually by the Faculty Senate; and a member of the student body, who shall be appointed by the Office of the Vice President for Student Affairs from a list of students recommended by the Student Association.

3.3 Determination of the Committee

The Committee shall issue a written decision citing the section of the Regulation on which the decision is based. The Committee may vote to defer a case for additional documentation, or the Committee may make a decision contingent upon conditions prescribed by the Committee. The Chair of the Committee will then determine when and whether contingencies are met.

3.4 Notification of Decision

The Committee shall make a determination of student residency status and notify the student, in writing, within forty-five (45) days after receipt of the student appeal. Decisions denying appeals are communicated to the student by certified mail, return receipt requested. In all cases where the Committee reaches a determination granting in-state residency status, copies of the letter of notification will be sent to the Office of Admissions, Billings and Collections, the Registrar's Office, and Student Financial Assistance.

4. REQUEST FOR FORMAL HEARING

Pursuant to the Regulation, the University shall provide a formal hearing in the event a student wishes to appeal the determination of the Residency Review Committee.

4.1 Timely Request

A student who wishes to appeal the determination of the Committee shall be granted a formal hearing by the University if the student notifies the Office of the Associate Vice President for Enrollment Management, Student Services Building, Room 340, CPO 63, Richmond, KY 40475-3163, in writing, within fourteen (14) calendar days after notification of the Residency Review Committee's determination. The Associate Vice President for Enrollment Management shall immediately forward the request and the student's residency file to the Office of the President.

4.2 The Hearing Officer

Upon receipt of a request for a formal hearing, the University President shall appoint a Hearing Officer to conduct the hearing. The Hearing Officer shall not be a person involved in determinations of residency at a public institution of higher education in Kentucky (including the Kentucky Commonwealth Virtual University) and shall not be an employee of the same organizational unit as the Residency Appeals Officer.

4.3 Formal Hearing Procedures

The hearing shall be conducted in accordance with the following procedures:

4.3.1. Notice of Hearing

4.3.1.a. The University shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing. A reasonable effort shall be made to schedule the hearing on a date that is convenient to all parties involved.

4.3.1.b. The hearing notice shall be served on all parties by certified mail, return receipt requested, to the last known addresses of the parties, or by personal service.

4.3.1.c. The notice shall be in plain language and shall include:

- the date, time and place of the hearing;
- the name, official title, and mailing addresses of the Hearing Officer;
- the names, official titles, mailing addresses, and, if available, telephone numbers of all parties involved in the hearing, including the counsel or representative of the University; and
- a statement advising the student of his/her right to legal counsel.

4.3.2. Hearing Procedure

4.3.2.a. The Hearing Officer shall conduct the hearing and all related proceedings in a manner which will promote the orderly and prompt conduct of the hearing.

4.3.2.b. To the extent necessary for the full disclosure of all relevant facts and issues, the Hearing Officer shall give all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence.

4.3.2.c. Any party to the hearing may participate in person or be represented by counsel. A student shall pay for the cost of all legal representation in support of the student's claim or residency. Legal counsel for the student must file a notice of appearance with the Hearing Officer prior to the date of the hearing.

4.3.2.d. The Hearing Officer may conduct all or part of the hearing by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and if technically feasible, to see the entire proceeding as it occurs, and if each party agrees.

- 4.3.2.e. The hearing shall be open to the public unless specifically closed pursuant to a provision of law. If the hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the University's records.

4.4 Findings of Fact; Evidence; Recording of Hearing; Burden of Proof

- 4.4.1. Findings of fact shall be based exclusively on the evidence on the record.
- 4.4.2. All testimony shall be made under oath or affirmation.
- 4.4.3. Objections to evidence presented may be made by any party and shall be noted in the record.
- 4.4.4. The University shall be responsible for having all testimony, motions and objections in a hearing accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the University, unless the hearing is closed by law. The University may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.
- 4.4.5. Unless otherwise provided by state or federal law, the student appealing the residency decision has the burden of proving the student's right to having his/her residency status changed. The student has the ultimate burden of proof of persuasion as to this issue to be shown by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the Hearing Officer.

4.5 Prohibited Communications

- 4.5.1. The Hearing Officer shall not communicate off the record with any party to the hearing or any other person who has a direct or indirect interest in the outcome of the hearing, concerning any substantive issue, while the hearing is pending.

4.6. Recommended Order

- 4.6.1. The Hearing Officer shall complete and submit to the University President, no later than sixty (60) days following receipt of the student's residency file, a written recommended order which shall include the Hearing Officer's findings of fact, conclusion of law, and recommended disposition of the hearing.
- 4.6.2. A copy of the Hearing Officer's recommended order shall also be sent to each party in the hearing. Each party shall have fifteen (15) days from the date the recommended order is mailed within which to file exceptions to the

recommendations with the University President. The recommended order may be sent by regular mail to the last known address of the party.

4.7. Final Order

- 4.7.1. In making the final order, the University President shall consider the record including the recommended order and any exceptions filed by, or on behalf of, the student.
- 4.7.2. The University President may accept the recommended order of the Hearing Officer and adopt it as the University's final order, or he or she may reject or modify, in whole or in part, the recommended order, or he or she may send the matter, in whole or in part, back to the Hearing Officer for further proceedings as appropriate.
- 4.7.3. The final order shall be in writing. If the final order differs from the recommended order, it shall include separate statements of findings of fact and conclusions of law.
- 4.7.4. The University President shall render a final order within thirty (30) days after receipt of the recommended order unless the matter is sent back to the Hearing Officer for further proceedings.
- 4.7.5. A copy of the final order shall be transmitted to each party or to his/her attorney of record by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service. A copy of the final order shall also be sent to the Office of Admissions, Billings and Collections, the Registrar's Office, and Student Financial Assistance.

5. RECORDS

All official files and materials relating to a student's appeal of an initial residency determination shall be returned to the Office of Admissions to be placed with the application for admissions at whatever point in the process the appeals procedure is terminated.

SECTION THREE

Student Support and Services

OFFICE OF ADMINISTRATIVE AFFAIRS

The Office of Administrative Affairs is responsible for the proper administration and effective coordination of certain academic and institutional support functions of the University. These include: 1) The Division of Information Technology and Delivery Services, which provides support for the computing, information technology, telephone service, mail service, and printing services; 2) The Division of Facilities Services, which maintains campus buildings and grounds and provides other logistical and physical support; 3) The Division of Instructional Media, which provides media support for the instructional mission of the University and operates the University's WEKU-FM radio station; 4) The Division of University Farms, which operates the Meadowbrook Farm as a support laboratory for the Department of Agriculture and as an agribusiness enterprise; and 5) The Division of Public Safety, which is responsible for the provision of police protection and service, transportation services, and parking. The University's dining services are managed by ARAMARK and the bookstore is operated by Barnes & Noble. The Office of Administrative Affairs is the University point of contact for these contractors.

OFFICE OF FINANCIAL AFFAIRS AND TREASURER

The Office of Financial Affairs and Treasurer coordinates the following areas of University operations: 1) accounting and financial services, 2) billings and collections, 3) human resources, and 4) purchases and stores.

Students may view the mission statement of each of the above areas by visiting the Office of Financial Affairs and Treasurer web page www.financialaffairs.eku.edu.

Financial Obligations of the Student

Any student or former student who is indebted to the University and who fails to make satisfactory settlement within a time limit prescribed is liable for administrative action. Students who are indebted to the University may not register at the University nor will their transcript be released until the debt is paid. Any student indebted to the University who cannot meet his/her financial obligations within the time limit prescribed is responsible for calling on the Director of Billings and Collections and explaining the reasons for failure to pay. Short extensions may be granted for good and sufficient reasons.

Refund Policy

No refund can be made on certain class fees and optional fees as established by the Eastern Kentucky University Board of Regents. The following is the time elapsed and the portion of fees that can be refunded:

A week prior to the first day of classes	100%
*Less an administrative fee that does not exceed the lesser of \$100 or 5% of the tuition.	
Between the end of the 100% refund and the end of the first 10% in time	90%

Between the end of the 90% refund and the end of the first 25% in time	50%
Between the end of the 50% refund and the end of the first 50% in time	25%

The percentage of refunds shall apply only to registration and class fees, board plan charges, and room rentals. In no case shall a refund of rent be made to a person who remains a student but moves from University housing at his or her convenience.

An appeals process exists for students and/or parent(s) of students who feel that individual circumstances warrant exceptions from published policy. Request for an appeal should be addressed to the Vice President for Student Affairs.

Refunds for reduction in course load for part-time students will be at the same percentage rate as for students who officially withdraw from the University; however, if the reduction in course load results from the cancellation of a class or from the student having been permitted to enroll for a class for which he or she was not eligible, a full refund will be made of the registration fee for the course being dropped.

OFFICE OF STUDENT AFFAIRS

The Office of Student Affairs coordinates the following areas of University operations: 1) physical and mental health of students, 2) coordination of student activities and organizations, 3) student life, 4) implementation of the student rights and responsibilities policies, 5) social programs, and 6) career services.

Students may participate in a wide variety of leadership programs to aid in becoming responsible citizens of communities, citizens of a democracy, and professional people. Immediate emphasis is directed toward those activities which assist students in attaining maximum personal, social, and academic growth in a stimulating environment.

Career Services (WWW.career.eku.edu)

Career Services assists all students and alumni who are seeking employment and/or clarifying their career direction.

For students who have a tentative career direction or major in mind, Career Services can help by providing information on: careers available, employment of past graduates, career paths, supply and demand, salaries, and potential employers. FOCUS, a computerized career planning/job search skill development tool, is available to help students explore their interests and provide information on occupations and graduate schools. Students seeking initial career direction are encouraged to take the career counseling seminar offered through the Counseling Center.

To help students who are entering the employment market (full-time, part-time, or summer), Career Services offers resources and individual assistance on job search skills. This includes help with identifying employers, job search strategies, salary information, resumes, letters and interview skills.

Thousands of jobs and employer contacts are available through Career Services. Jobs are listed daily via the EKU eRecruiting system on the Career Services web site including full-time, part-time, summer jobs, and internships. Through EKU eRecruiting, students and alumni can also post resumes for employers, apply for jobs, access the employer database and become a part of the EKU Mentoring network.

Career/job fairs are conducted throughout the year for exploring job opportunities with participating employers.

Career Services is located in the Student Services Building, Room 463, (859) 622-1568, and online at www.career.eku.edu.

The Chapel of Meditation

The Chapel of Meditation is non-sectarian and is open to students, faculty, staff, alumni, and friends of the University for meditation, prayer, and spiritual reflection. The Chapel is used for weddings, memorial services, and for special services by the various religious organizations and student groups. The University Chaplain's office is located in the basement of the Chapel. The Chaplain is available to perform weddings. The Chaplain coordinates the various activities of the Chapel.

Counseling Center

The University Counseling Center offers services designed to promote the success of students in achieving their academic, social and personal goals. The Counseling Center staff consists of psychologists and counselors who provide personal and career counseling both individually and in groups. Substance abuse assessment and counseling are also available at the Counseling Center. Referral services are provided when the need is beyond the role and scope of the Counseling Center. The Career Counseling Seminar (GCS 199-one credit hour) is offered each semester for students who are unsure of their majors. Forty sections are offered each year and are taught by the Counseling Center staff. Another one-hour course entitled "Interpersonal Effectiveness Seminar" (GCS 198) is also offered for the development of assertiveness and effective interpersonal skills.

Counseling relationships are considered confidential as delineated by the APA Code of Ethics and Kentucky state law. An appointment with a counselor is made by calling (859) 622-1303 or dropping by the Center. The hours of the Counseling Center are 8:00-6:00 (M-Th) and 8:00-5:00 (F). In case of a psychological emergency after hours, call 1-800-928-8000. Any currently enrolled student is eligible for counseling services at no additional cost (www.counseling.eku.edu). The Counseling Center is located in Student Services Building, Room 571.

Family Housing

The University provides a limited number of family housing units on a first come first serve basis. Types of rentals include, mobile homes, 144 one bedroom apartments, 32 two bedroom duplexes, and a limited number of older houses. Requests for family housing information, brochures, and rates should be made to Family Housing, Gentry Building, (859) 622-1520. All units require a \$100.00 deposit at move-in and prorated rent.

Campus Recreation/ Intramural Sports

The Division of Campus Recreation offers a variety of recreational opportunities for the entire university community. Leagues are offered in Flag Football, Soccer, Volleyball, Basketball, and Softball. Strength and cardiovascular equipment is available for student use in the Burke Wellness Center and in the fitness rooms of the Begley Building. Opportunities for informal recreation are available in the Begley Building, Weaver Gym, and/or Alumni Coliseum on a daily basis.

Campus Recreation offers many individual and dual sport tournaments and limited number of outdoor trips. There are usually 5-10 active sport clubs during any given year. Call (859) 622-1244 for more information.

Living Accommodations

Eastern Kentucky University maintains a number of residence halls. All single, full-time undergraduate students under the age of 21, or having fewer than 60 hours, are required to live in university residence hall facilities. Exception is made for students residing with their parents in the parent's principal residence within 50 miles of the Richmond campus as determined by an official state map. Full-time students must be 21 years of age prior to the first day of classes of any given semester to live off campus for that semester. Students failing to meet this requirement will be assessed the lowest price residence hall fee.

An additional Commuter Information form must be completed at Eastern Kentucky University Housing to request the exception. Falsification of information subjects the student to applicable fees and/or disciplinary procedures.

The first step to apply for a room is to be admitted to the University. Second, you will need to complete the housing application/contract and forward the completed document along with the \$100 room reservation/damage deposit to: Office of Financial Affairs, Division of Billings and Collections, CPO 60, Student Services Building 210, Eastern Kentucky University, 521 Lancaster Avenue, Richmond, KY 40475-3160.

Residence Hall housing applications and deposits should not be submitted until applicants have been notified of academic admission to the University. The student must occupy the assigned space by 5 p.m. on the day prior to the first day of classes or the assigned space will be released and the reservation/damage deposit will be forfeited. Exceptions are made for students who notify the Area/Assistant Area Coordinator of their intention to occupy the assigned space as a late arrival. The student must call the assigned residence hall for Senior Staff on duty; state the name, social security number, expected date and time of arrival.

Room rent is paid by the semester and is due and payable in compliance with the billing policy.

The Mediation Center

The University Mediation Center offers free services designed to assist students in resolving conflicts. Three services are offered by the Mediation Center: Mediation, Conflict Training Workshops, and Conflict Coaching. These services are available to any student registered for classes at Eastern Kentucky University. All services are confidential.

Mediation is an effective conflict resolution approach. Disputing parties meet with a neutral, third party, the mediator, who assists parties in working through their conflict. All mediators working at the Center have a minimum of 35-40 hours of mediation training.

Conflict Training Workshops are offered for any campus group, organization, or club. Workshops are focused on understanding what triggers conflict and on learning more constructive approaches for managing conflict. Workshops are tailored for your group's specific needs.

Conflict Coaching is available for those students wishing to work one-on-one with a qualified staff member. Communication tips, tactics, and strategies for resolving conflict will be discussed and practiced in a safe environment.

To schedule mediations, conflict workshops, or conflict coaching call the Office of Student Affairs at (859) 622-2642 or visit the office in the Student Services Building, Room 536.

Social Activities

The Student Activity Council (previously University Center Board and First Weekend) arranges a variety of social activities for the benefit of Eastern's students. Such activities as movies, dances, concerts, and parties are planned for the students' enjoyment. The school calendar lists all approved social activities. The Office of Student Development coordinates the activities on campus. Students have the opportunity to participate in a variety of leisure time activities.

Student Health Services

The Student Health Services (SHS) offers primary medical care to students of the University. Services are available by appointment from 8:00 a.m. to 6:00 p.m., Monday through Thursday and 8:00 a.m. to 4:30 p.m. on Friday. Health care includes some laboratory services connected with the care provided. X-rays are obtained at nearby Pattie A. Clay Hospital where customary fees are charged to the patient. Most medical prescriptions are dispensed without charge to the student.

The facility has an observation room with two beds for the evaluation and care of acute medical problems. Students with illness requiring hospitalization will be referred to Pattie A. Clay Hospital, or if possible, to their family physicians for hospitalizations in their home community.

All new students must fill out a medical history form at the time of the first SHS visit. This becomes part of the student's health records which are kept confidential at the SHS and are necessary to provide the proper medical care for students seen at the facility.

Student Identification Card

When a full-time student registers at Eastern Kentucky University, the student is given a combination identification-activity card bearing the student's photograph, student identification number, and signature.

Students must carry their I.D. cards at all times and produce them when requested by members of the University staff. The cards are used when drawing books from the library, cashing checks, and at University activities. Students are liable for disciplinary action for misuse of I.D. cards.

A fee will be charged for replacement if an activity card is lost. The loss of a card must be reported immediately to the Office of Student Development, Powell Building, Room 128.

Student Organizations and Activities

In addition to its academic programs, the University provides many services and activities that promote mental/physical health and social/academic well-being. The provision of a meaningful life experience for the student is the goal of the faculty and staff.

Student organizations, societies, and clubs form an intrinsic part of a program that provides academic, social, and religious experiences at Eastern. Student organizations offer varied activities to encompass the interests of all students. The 165+ student organizations fall into the following categories: honor societies, departmental organizations, religious groups, activity and special interest organizations, social sororities and fraternities, and service organizations.

The changing nature of the University precludes a complete listing of all organizations and activities that are available during the year. Students will find this information in the **University Handbook for Students**, and it is also available at the Office of Student Development, Powell Building, Room 128.

STUDENTS SERVICES

The Alumni Association

The Eastern Kentucky University National Alumni Association serves as a vital link between the University and its graduates by maintaining records, communicating, and sponsoring programs and activities designed to enhance this relationship.

All Eastern Kentucky University degree recipients are automatically members of the National Alumni Association. Those graduates who make annual gifts are classified as "active," while other members are carried as "inactive". Associate memberships for non-degree individuals with an interest in the University are also available.

Alumni activities and programs are normally made available to active members of the Association. Two major activities are planned annually for all members, however. Homecoming, held each fall, and Alumni Day, held the last Saturday in April, brings back the 70-, 60-, 50-, 40-, 30-, 25-, 20- and 10-year classes and annually honors an Outstanding Alumnus and inducts alumni into the Hall of Distinguished Alumni.

Other regular Association activities and programs include maintaining alumni chapters in four states and Washington, D.C.; offering alumni tours at reduced fares; publishing the EKU Today three times per year; arranging receptions or similar activities in conjunction with special University events; and sponsoring the Alumni Scholarship program.

The Association's flexibility also allows occasional offerings of goods and services, such as the Alumni Directory and print sales, which keep alumni involved with the University and each other.

Entertainment and Cultural Events

Through its fine arts departments and the University Center Board (UCB), Eastern provides a wide variety of entertainment and cultural events. The UCB sponsors lectures, popular entertainers, fine arts performances, and campus movie schedule for the university community; while many events are free of charge to faculty and students, others require only a nominal admission fee.

The Department of Art provides a variety of exhibitions in the Giles Gallery (Jane F. Campbell Building). These include exhibitions by international and regional artists, students, faculty, and thematic exhibitions. Admission is free. Gallery lectures are also frequently provided for the public.

The Department of Music usually produces about 80 faculty, student, and visiting recitals, concerts, and ensemble performances during an academic year. All are open to the public and admission is usually free.

The Department of Speech Communication and Theatre Arts provides at least four productions each academic year including recent Broadway plays and musical theatre. Occasionally, student directed performances are also presented. Modest admission fees are charged.

Many other cultural activities are offered by the university's annual culture festival and by academic departments and clubs.

Entitlements

The **VETERANS PROGRAM** at Eastern Kentucky University is approved by the Kentucky Approving Agency for Veterans Education for the education of veterans and their eligible dependents. Students concerned with veterans training should have, at the time of registration, a certificate of eligibility. This is secured from the regional office of the Veterans Administration. The University is responsible for the completion of certain Veterans Administration forms and the other necessary information about students who receive this aid.

If you have completed courses while in the armed forces, ask the Registrar about the possibility of receiving credit for such courses.

VETERANS ADMINISTRATION BENEFITS. War orphans, widows, children and wives of deceased and disabled veterans should contact the Veterans Administration, 600 Federal Place, Louisville, Kentucky. Application forms are available in the E.K.U. Office of Veterans Affairs. Veterans wishing to receive advance payments should notify the E.K.U. Office of Veterans Affairs at least 30 days prior to the beginning date of classes. For information concerning tutorial assistance or refresher courses, contact the Office of Veterans Affairs at Eastern Kentucky University in the Student Services Building, room 251.

VOCATIONAL REHABILITATION. This program offers assistance for students with physical disabilities of various kinds. The telephone number is (502) 564-7172 or toll free 1-800-372-7172. For more information about eligibility criteria call the Department of Voc Rehab at (502) 564-7172.

Grants

Grants are considered gift aid and do not usually have to be repaid.

The **FEDERAL PELL GRANT** is the largest grant program. The maximum award is \$4,050 for 2003-2004. The minimum grant is \$400.

The **FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG)** is awarded to students who demonstrate exceptional need and priority is given to Federal Pell Grant recipients. The average Federal SEOG award at Eastern is usually \$800 for the academic year.

The **COLLEGE ACCESS PROGRAM** grant is awarded to eligible Kentucky residents. The amount of this grant is determined by the Kentucky Higher Education Assistance Authority (KHEAA). It varies each year. It is given to students enrolled for a minimum of six hours. It is awarded for \$53 per credit hour. Full-time students will receive \$630 per semester, \$1,400 for the 2003-2004 academic year.

Scholarships

Eastern Kentucky University offers a range of academic scholarships designed to reward scholastic achievement and enhance the University Community through the attraction of academically talented students.

Unless noted otherwise in the specific description, each of these scholarships are awarded for eight consecutive regular semesters of full-time undergraduate work, provided a satisfactory grade point average is maintained.

In addition to the general scholarship program described below, the University also awards a number of scholarships funded through private funds administered in the Eastern Kentucky University Foundation. Students need only to complete the scholarship application form to be considered for all scholarships the University awards (www.scholarships.eku.edu).

Some discipline specific scholarships are awarded based on selection processes within the appropriate academic department. If the department housing the major indicated on the application form awards such scholarships, you will receive information from that department.

In addition to completing the scholarship application, it is also necessary to apply for admission to the University and, if appropriate, for financial aid. All necessary forms are available through the Office of Admissions. If you have a question, or need forms, please call 1-800-465-9191, or send an email message to admissions@eku.edu.

Except for the book award to participants in the Honors Program, the University does not make multiple awards of the described scholarships. Recipients will receive the highest award for which they apply, are eligible and selected.

The following information is applicable to freshmen enrolling at Eastern Kentucky University for the first-time in the Fall semester, 2003.

COMMONWEALTH SCHOLAR AWARD

Recipients:

Awarded automatically to scholarship applicants that are National Merit Finalists and National Merit Scholars.

Benefits and Conditions:

Provides a full scholarship (in-state tuition, activity fee, double occupancy residence hall room, 19-meal per week board plan, and books-on-loan). Requires maintenance of a 3.0 grade point average to retain and student must be enrolled in a minimum of 12 credit hours each semester.

EKU EXCELLENCE AWARD

Recipients:

Awarded automatically to scholarship applicants that are National Merit Semifinalists and students with an ACT Composite score of 31 or higher and a minimum high school grade point average of 3.75.

Benefits and Conditions:

Provides an award equivalent to in-state tuition, activity fee, double occupancy residence hall room, and 10-meal per week board plan. Requires maintenance of a 3.0 grade point average and full-time status for retention.

EKU FOUNDERS SCHOLARSHIP

Recipients:

Awarded automatically to persons with ACT composite scores of 29 or 30 and a minimum high school grade point average of 3.75 and completed the scholarship application process.

Benefits and Conditions:

Provides equivalent of in-state tuition and student activity fee plus double occupancy residence hall room. Requires maintenance of a 3.0 grade point average and full-time status to retain.

REGENTS SCHOLARSHIP**Recipients:**

Requires a minimum grade point average of 3.75 and a minimum ACT composite of 25. Students who meet these criteria and were also participants in the Governor's Scholars Program will receive this scholarship automatically. Governor's Scholars Program participants will be sent award letters automatically. If the acceptance response indicates an eligibility for a higher award as described in this section, the scholarship will be upgraded. Students who are not automatic qualifiers but who meet the grade point average and ACT composite minimums will be considered for awards made on a competitive basis.

Benefits and Conditions:

Provides equivalent of in-state tuition and student activity fee. Requires maintenance of a 3.0 grade point average and full-time status for retention.

PRESIDENTIAL SCHOLARSHIP**Recipients:**

Awarded automatically to high school valedictorians and to incoming freshmen accepted into the Honors Program who have not been offered another scholarship. Applicants who qualify for Regents Scholarship consideration on a competitive basis, but do not receive a Regents Scholarship will be offered this award. It is also awarded on a competitive basis to other high school graduates based on rank in class, grade point average, and ACT composite score. Also awarded on a competitive basis to transfer students from junior and community colleges who make application through the Office of Scholarships. Awards to transfer students are for four semesters.

Benefits and Conditions:

Provides one-half of the equivalent of in-state tuition and student activity fee. Requires maintenance of a 2.5 grade point average to retain.

J. W. THURMAN ALUMNI SCHOLARSHIP

Applicants must be a dependent child of an EKU graduate. Applicants must score at least an 18 composite on the ACT exam and have a minimum high school grade point average of 3.0. Applicants may use the University's standard scholarship form and check the block indicating the application is for the J. W. Thurman Alumni Scholarship, and mail the application to: Eastern Kentucky University National Alumni Association, Richards Alumni House, Eastern Kentucky University, 521 Lancaster Ave., Richmond, KY 40475-3102.

HONORS PROGRAM AWARD

Students who are accepted into the University Honors Program will receive books-on-loan for up to eight consecutive semesters, provided they remain in the Honors Program.

DR. RODNEY GROSS SCHOLARSHIP

The Dr. Rodney Gross Scholarship provides financial assistance to high-achieving black U.S. citizens who are residents of the Commonwealth of Kentucky as defined by the Council on Higher Education's residency-for-fees policy. Applications may be received by contacting the Office of Scholarships by phone (859) 622-8032 or via the web at www.scholarships.eku.edu.

**EKU RETENTION SCHOLARSHIP
(Contingent on Outside funding)**

Students completing their freshman year with a 2.0 grade point average or better and returning for the following fall term may apply for the retention scholarship. If applicants have been enrolled in developmental courses they must have earned at least a grade of a "C" or better and be degree seeking students. This non-renewable scholarship provides up to \$1000.00 for an academic year toward tuition and fees.

Student Loans

The **FEDERAL PERKINS LOAN** is a 5 percent simple interest loan awarded to exceptionally needy students. This loan is made to undergraduates, as well as post-baccalaureate and graduate students.

Repayment begins nine months after the student ceases to be enrolled on at least a half time basis. There are certain occupations which allow a student to cancel a percentage of the money they borrow from this program. Contact the Loan Accounts office in the Student Services Building (SSB), Room 216, for more information regarding the cancellation and deferment options. All first time Federal Perkins Loan borrowers must be enrolled for thirty (30) days before their first Perkins disbursement can be released.

The **FEDERAL SUBSIDIZED STAFFORD LOAN PROGRAM** is a need based program available to students who are enrolled at least half time. This loan is for undergraduates, graduate students and post-baccalaureate students. The interest rate is variable. It is set each year based on the 91 day Treasury bill plus 2.5 percent. Contact the Division of Student Financial Assistance after July 1 for the current year interest rate.

The Federal Government pays the interest while the student is enrolled at least half time. A student has six months after ceasing to be enrolled as a half time student before repayment begins.

All first time Federal Stafford Loan borrowers (subsidized as well as unsubsidized) must complete entrance counseling before their loan applications can be certified. You can do the counseling on the web. Go to www.finaid.eku.edu and click on the KHEAA Entrance Loan Counseling link.

It is important for you to remember that beginning July 1, 1999, the university has three (3) business days to disburse all electronic Federal Stafford Loan proceeds. Any funds NOT disbursed within that time frame HAVE to be returned to your lender. It is the student's responsibility to know when the three (3) days have elapsed.

The **FEDERAL UNSUBSIDIZED STAFFORD LOAN PROGRAM** is not based on need. It has the same interest rate as the Federal Subsidized Stafford Loan Program, but the student is responsible for paying the interest on this loan.

The unsubsidized and the subsidized Stafford cannot exceed the maximum Stafford Loan amount allowable by a student's classification. For example:

First Year Students - \$2,625 is the annual loan limit for the unsubsidized and subsidized Stafford Loan program. The U.S. Department of Education requires the school to hold all first time Stafford Loan disbursements for 30 days after the beginning of the semester.

Second Year Students - \$3,500 is the annual loan limit a student can borrow.

NOTE: This is the maximum amount (\$3,500) that a student working on an Associate Degree is eligible to receive.

Third and Fourth Year Students - up to \$5,500 is the annual loan limit.

Graduate Students - \$8,500 is the annual loan limit.

Independent students may be eligible for an **ADDITIONAL UNSUBSIDIZED FEDERAL STAFFORD LOAN**. An independent student could borrow up to:

Freshman/sophomore maximum loan limit - \$4,000

Junior/senior maximum loan limit - \$5,000

Graduate student maximum loan limit - \$10,000

Keep in mind that the unsubsidized Stafford and the subsidized Stafford Loans combined cannot exceed the student's cost of education minus all other student financial assistance.

***Each annual loan limit is for one award year (12 month period; i.e., fall, spring, and summer).**

To apply for a Federal Subsidized or Unsubsidized Stafford Loan, all students must complete a Free Application for Federal Student Aid. After the student is evaluated for all federal programs, his/her eligibility for the Stafford Loan program is determined. Division of Student Financial Assistances will certify the loan and electronically submit the information to Kentucky Higher Education Assistance Authority (KHEAA). If the student has a signed Master Promissory Note (MPN) on file at KHEAA, the loan funds will be sent to EKU on the specified disbursement dates. If the student does not have a signed MPN on file at KHEAA, an MPN will be mailed to the student from KHEAA (with instructions).

Post-Baccalaureate Students - Students returning to work on a second undergraduate degree are not automatically eligible for the senior annual loan limit of \$5,500. Each student must submit documentation which indicates how many hours that student has toward the second degree.

The **FEDERAL PLUS LOAN** program enables parents to borrow the cost of education minus other aid for their student who is enrolled for at least 6 hours. This is not a need based loan. As long as the parent who is applying for the loan has a good credit history, the loan is usually approved. The interest rate is variable, tied to the 52 week Treasury bill plus 3.10 percent. Interest begins to accrue 60 days after the parent borrower receives the loan check. There is a separate PLUS loan application that the student and parent must complete after filing the Application for Federal Student Aid. Contact the Division of Student Financial Assistance for a PLUS Loan application.

The **STUDENT AID SOCIETY** (Emergency Loan) program is designed to provide emergency short-term loans to students. It must be repaid. Students may borrow a small amount of money on a personal note at a legal rate of interest for a one month period. Money is made available through contributions of the University, alumni, private organizations and many individual friends of the University.

You must be enrolled as a full time student, have a 2.0 ("C") overall grade point average and a good credit rating. All students are eligible to apply for these short-term loans regardless if they are receiving other forms of financial aid. You would need to complete an application form obtained from the Loan Accounts Office in the Student Services Building, room 216. Allow at least two days for processing.

The loan must usually be repaid within four weeks and you are charged an interest rate of 6 percent or \$2 (whichever is greater). Students who have delinquent loans will have their grades sealed in the Registrar and will not be allowed to register for the next semester. Delinquent loans will be collected through a collection agency. Any additional expenses incurred in the collection of the note will be added to the student's repayment.

Office of Services for Individuals with Disabilities

The Office of Services for Individuals with Disabilities assists students, faculty and staff with disabilities by coordinating campus and program accessibility as well as providing support in the attainment of educational and work goals. The Assistant Director and Coordinator of the Disabilities Office, is located in the Student Services Building, room 361. Appointments are made by calling (859) 622-2933 (V/TDD) or coming to SSB, 361.

Individuals seeking services are required to provide the appropriate Coordinators with current disability documentation. Guidelines for documenting a disability are available at the office and on the office web site, <http://www.disabled.eku.edu>. Services are determined on an individual basis and may include but are not limited to: notetakers, books on tape, use of assistive technology, equipment loan, building accessibility information, academic/test accommodations, handicapped parking and individual appeal cases.

Applications for **Project Success**, a comprehensive program for students with specific learning disabilities are located in SSB, room 361. Appointments are made by calling (859) 622-2933 (V/TDD) or coming to SSB, room 361.

Office of Deaf and Hard of Hearing Services

The Office of Deaf and Hard of Hearing Services enables students who are deaf and hard of hearing to achieve their educational goals, both academic and career. The office provides and coordinates accessible services including but not limited to: notetakers, interpreters, test accommodations, use of assistive listening technology and equipment loan which afford individuals equal opportunity to attain their goals. Current disability documentation is required. Services are determined on an individual basis. A comprehensive list of services may be found on the web at <http://www.disabled.eku.edu/terpserve/>. The Interpreter Coordinator is located in Case Annex, room 207. Appointments are made by calling (859) 622-2937 (V/TDD) or coming to Case Annex, room 207.

A Transition Specialist provides services geared towards assisting deaf/hard of hearing students in achieving college success. The specialist is located in Case Annex, room 202. Appointments are made by calling (859) 622-8456 (V/TDD) or stopping by the office.

ADA/504 Coordinator

The Director/ADA/504 Coordinator is located at the Turley House, room 101. Appointments with the Coordinator are made by calling (859) 622-1500 (V/TDD). Services for Individuals with Disabilities are made available in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Current students, faculty, staff and others interested in disability issues are invited to attend the EKU ADA Awareness and Accessibility Committee. A schedule of meetings and committee notes are available on line at <http://access.eku.edu>.

Speech-Language-Hearing Clinic

The Communication Disorders Program in the Department of Special Education offers services to students, faculty, staff, and members of the community at the Speech-Language-Hearing Clinic in Wallace 278.

Diagnostic and clinical treatment services provided by the Clinic include the following:

1. Screening for speech, language, and hearing problems.
2. Assessment and treatment of articulation disorders, phonological delays, delayed or disordered language, stuttering, and voice disorders including laryngectomy. Also, assessment and treatment of speech and language problems resulting from stroke or head injury or related to learning disability, mental retardation, cerebral palsy, cleft palate, autism spectrum disorder, and emotional/behavioral disorder.
3. Identification of hearing loss, differential diagnosis for site of lesion, and aural rehabilitation services including auditory training, speech reading, and adjustment to the use of hearing aids.
4. Speech and language services to improve the use of Standard English, accent reduction, and for those speaking English as a second language.

Anyone interested in the above services should contact the Clinic Secretary at (859) 622-4444 or visit the Clinic website: www.education.eku.edu/Sed/CD/clinic.htm.

Student Automobiles

In order to facilitate parking for all students, faculty, and staff, Eastern Kentucky University requires the registration of motor vehicles utilizing campus parking facilities. Vehicle registration information can be obtained by contacting the Division of Public Safety or is available at the class registration site.

During registration periods, prior to the first day of classes, students registering for classes may park in any legal, non-reserved parking space in all areas, except employee parking (Zone E) which is marked by yellow signs.

After the commencement of classes, residence hall lots (Zone B) which are marked by blue signs, are restricted to residence hall residents 24-hours per day, seven days a week. Enforcement of employee and commuter parking zone regulations begins each school day at 2:00 a.m. After 5:00 p.m. registered commuters may park in employee (Zone E) parking. The Case Lot and a section of the Martin Lot are exceptions to this rule and are reserved for employees only until 9:00 p.m. After 7:00 p.m., parking zone restrictions are not enforced in non-residence hall lots.

Visitors may obtain temporary permits from the Division of Public Safety located in the Brewer Building. Metered parking is also provided around residence halls for loading and unloading.

Student Publications

Eastern Kentucky University provides a variety of laboratory experiences through student publications. The Student Publications Board and the Eastern Progress Advisory Board have been established to provide appropriate institutional and professional involvement in these activities. Academic and support units coordinate the institutional support of these publications, but

do not govern the content. The courts have consistently held that where a tradition of student decision making exists in student publications, those publications are afforded Constitutional First Amendment protection as other publications. Concomitant with those rights, go certain responsibilities, which also accrue to the student publications. Accordingly, the responsibility for the content of the publications is that of the student editors and writers, and not Eastern Kentucky University or its Board of Regents.

The Eastern Progress, a 10,000 circulation weekly newspaper, is the official student publication of the University and all students are encouraged to take advantage of the journalism and advertising training it offers. The Progress has consistently been rated as an All American Newspaper by Associated Collegiate Press and a Medalist paper by Columbia Scholastic Press Association. Since 1987, the Progress has won 18 national awards, including three national Pacemakers and three Gold Crown awards. It was recognized as the Best All-Around Campus Newspaper by the Society of Professional Journalists in 1997 and 1998. Reach the Progress online at <http://www.easternprogress.com>.

Aurora is a magazine of student writings published by its student staff to encourage interest in literary activity. Aurora accepts poems, one-act plays, short stories, prose sketches, and essays from any Eastern student. Cash prizes are awarded for the best works at the time of the spring publication.

"EKUpdate" is a weekly newsletter produced by the Division of Public Relations and Marketing as a service for the University community. "EKUpdate" focuses on events for the coming week on campus. Weekly printings are distributed to all residence halls, faculty offices, and public buildings on the ECU campus.

SECTION FOUR

General Academic Information

ACADEMIC PROCEDURES AND REGULATIONS

Students must become familiar with all regulations and procedures required in their program. In no case should they expect waiver or exception to published program requirements because they were unaware of the regulation or because an advisor or other authority did not directly present the information. All students should become familiar with the general academic information section of the *Catalog* and the specific college and departmental program requirements.

Academic Honesty

The University faculty have the right to expect students to adhere to the principles of academic honesty.

Therefore, academic dishonesty will not be tolerated.

Depending upon the seriousness of the infraction, students found guilty of plagiarizing or cheating will be sanctioned in any of several ways. These normally range from receiving a failing grade on the assignment to being assigned a failing grade in the course; however, if the case is assigned to the Student Disciplinary Council, stronger sanctions are possible.

For a full description of what is considered plagiarizing and cheating, refer to the section entitled Academic Honesty Policy in the *University Handbook for Students*.

Colonel's Advising and Registration Equals Success (CARES Report)

CARES reports are available to students and advisors on-line via student web and faculty web. It shows the requirements for the student's program and how completed and in-progress courses apply to that program. Students should contact their academic advisor if they have questions concerning degree requirements or the CARES report.

Catalog

For general education requirements, students will be governed by the *Catalog* in use at the time they enter the University. Their major program requirements will be those in effect at the time they declare their major; however, if those requirements change, students may elect to complete the later requirements. Students who stop out for more than one semester but who stay in the same major upon returning will meet the major requirements in place at the time they reenroll.

The above refers only to curricular requirements. With respect to policy requirements, all students are governed by current University policies that have been approved by appropriate University committees.

Change/Declaration of Major or Minor

Undergraduate students who wish to change their major or minor should access the Change of Major/Minor request via student web. When students change their major, they will be assigned a new advisor for the declared major.

Class Attendance

The University expects all students to attend class regularly. Students are responsible for course work covered during all class

periods, including the first class meeting. Each instructor will record absences and deal with them in a manner consistent with departmental policy for that course. Since attendance policies vary among departments and for courses within departments, students must be familiar with the policy printed on the course syllabus.

If a student presents the instructor with an adequate and documented reason for an absence, the instructor normally will give the student an opportunity to make up the work missed, if this is feasible. Adequate reasons involve circumstances beyond the student's control, such as personal illness, critical illness or death in the immediate family, or participation in an approved University activity. It is the student's responsibility to initiate the request to make up class work missed.

Classification of Students

A student's classification is determined by the number of semester hours earned, as follows:

Freshman	—	0 - 29 semester hours earned
Sophomore	—	30 - 59 semester hours earned
Junior	—	60 - 89 semester hours earned
Senior	—	90 or more semester hours earned

Correspondence Credit

Students with a 2.0 grade point average (GPA) or higher may earn up to 32 semester hours of credit through correspondence courses for a baccalaureate degree and 16 semester hours for an associate degree. Students majoring in the College of Education are required to have an overall GPA of 3.0 to be considered for enrollment in a correspondence course. Students who wish to enroll in a correspondence course should confer with the Office of Continuing Education and Outreach and read the *Correspondence Course Bulletin* for policies and restrictions.

Credits Accepted

Eastern Kentucky University accepts credits transferred from regionally accredited postsecondary institutions and credits earned by examination, and it awards credits for certain types of military experiences.

Credit-By-Examination

To demonstrate competence attained through educational experiences other than university instruction, students may attempt to earn academic credit-by-examination in certain undergraduate courses. Conditions which apply to credit-by-examination are:

1. Only admitted students will be awarded credit by examination.
2. Credit earned by examination is recorded without a letter grade; hence, it has no effect upon the overall grade point average (GPA).
3. A student may attempt to earn credit-by-examination in a particular course only once.
4. A student may not earn credit-by-examination in a course which the student has failed.
5. A student may not take a course-specific College Level Examination Program (CLEP®) or departmental examination for credit for a course in an area in which advanced course work has already been completed, as determined by the department responsible for the discipline under consideration.

6. A student may not take General CLEP® examinations after completing 30 semester hours of college credit without special approval from the Associate Vice President for Enrollment Management.
7. Special fees are assessed for credit by examination and must be paid prior to taking an examination.
8. Credit will not be recorded until the student has completed at least 12 semester hours of regular course credit at Eastern Kentucky University with at least a minimum 2.0 GPA.

EKU credit by examination may be earned through any of the following methods.

1. College Level Examination Program (CLEP®)

College-Level Examination Program (CLEP®) tests are available for various subject areas. EKU accepts credit for these examinations according to the guidelines on the website www.testing.eku.edu. In order to receive credit, a student must complete the appropriate Credit-by-Examination form available from the Office of Academic Testing, SSB Room 330. These tests recognize a student’s comprehensive subject knowledge acquired through independent or prior study. Information about the College-Level Examination Program (CLEP®) can be found at <http://www.collegeboard.com/clep>. The Office of Academic Testing administers CLEP® tests for currently enrolled EKU students. Please contact (859) 622-1281 for information.

2. Advanced Placement Program (APP) for Eastern Kentucky University (Approved by the Council for Academic Affairs 10/17/02)

The Advanced Placement Program consists of courses of study and special examinations open to students in high school. The courses are presented during the student’s junior and senior years; the examinations are administered during the month of May each year. The chart below indicates the manner in which EKU accepts Advanced Placement Program examinations as credit. For additional information on credit-by-exam courses, please go to www.testing.eku.edu. Information about the Advanced Placement Program can be found at www.collegeboard.com/ap.

Test Score Code	APP Test	Minimum Score	Credit Hours	Course
APAH	Art History	3	3	ART 200
APB	Biology	3	4	BIO 211

APWH	World History	3	6	HIS 246, 247

3. Departmental Examinations

A number of academic departments at Eastern Kentucky University have developed their own examinations for credit as an extension of the CLEP® program. These examinations are similar in nature to the CLEP® exams. Enrolled EKU students interested in attempting to earn credit through departmental examinations should contact the Academic Testing Office, SSB 330. For information on the exams that are available for challenge, costs, and procedures for registering call (859) 622-1281 or visit www.testing.eku.edu.

Curriculum Guides

Curriculum guides for each program can be found either by accessing the department web site or by going to the department office. Completion of the program will vary according to student status (i.e. transfer students, developmental students) and student load each semester.

Colleges will make available to students through appropriate advising any additional non-curricular requirements that apply to the specified major.

Dean’s Award

As a further recognition of academic excellence, the University presents the Dean’s Award to students who have achieved the Dean’s List three times. Students receiving the Dean’s Award are presented with a recognition pin by the appropriate academic dean.

Dean’s List

The Dean’s List is one of several ways in which the University recognizes students who achieve academic excellence. The Dean’s List is published after each regular semester. Eligibility requirements for the Dean’s List are as follows:

Hours Completed with Minimum Grade	Minimum GPA
12	2.0
18	2.0
24	2.0
30	2.0

Students attempting fewer than 12 semester hours under the regular grading system are not eligible for the Dean's List.

Courses below the 100 level will not be counted in determining eligibility for the Dean's List.

Developmental Education Description, Requirements, and Policies

The developmental education program at ECU helps students achieve academic success by developing or enhancing skill level proficiencies in the areas of reading, writing, and mathematics needed for success in college-level courses. At ECU, all students must demonstrate basic skill proficiencies in the areas of reading, writing, and mathematics as determined by ACT, SAT, and placement test scores. Since these proficiencies are determined by the ACT or SAT tests, all students are responsible for having ACT scores and subscores on file at the University. A student whose ACT subscore is less than 18 in a basic skill area is considered developmental for that area. Students with SAT total scores less than 870 are considered developmental in all three areas. In the case of transfer students, the University considers course work at the previous institution. Before confronting a rigorous academic program, students identified through testing as needing additional help in these basic skill areas are placed in developmental courses designed to improve their skills. Placement in and successful completion of these courses is required of students who do not demonstrate proficiency with ACT, SAT, or placement test scores. Listed below are developmental courses offered at ECU. Please see Section Six of this Catalog for descriptions of these courses.

ENG 090 (Basic Writing)
 ENG 095 (Developmental Composition)
 ENR 090 (Developmental Reading I), formerly GSL 090
 ENR 095 (Developmental Reading II), formerly GSL 095
 MAT 090 (Prealgebra)
 MAT 095 (Developmental Algebra I)

MAT 098 is the course designated to meet the Kentucky Pre-College Curriculum (PCC) requirement for high school Algebra II. Some students also take MAT 098 to prepare for MAT 107. **MAT 098 is not required of students needing to meet developmental mathematics requirements.**

Each developmental course is a three-hour institutional credit course. The credit hours for courses beginning with a zero course number, like 090, 095, or 098 do not apply toward graduation but do count toward enrollment status for such purposes as financial aid eligibility and full-time student status.

Beginning with the Fall 2003 semester, students transferring to ECU with an Associate of Arts, Associate of Science, Associate of Applied Sciences, and Associate of Science in Nursing degree, or equivalent, should be considered proficient in the three basic skill areas of English (writing), mathematics, and reading.

Developmental Enrollment and Completion Requirements

Following are the policies concerning developmental enrollment and completion requirements for degree seeking students:

- 1) All full or part-time students with developmental requirements in two or more areas must take GSO 102 in the first semester of enrollment.
- 2) All full or part-time students with developmental requirements, identified by the ACT and local placement testing, are required to enroll in the specified developmental

course(s) during their first and each subsequent semester of enrollment at ECU until all developmental requirements are completed.

- 3) Part-time students must enroll in any required developmental course(s) before attempting course work which carries academic credit, other than GSO 102.
- 4) Students with developmental requirements are allowed a maximum of two consecutive terms of university enrollment to successfully complete each required course.
- 5) Students with developmental requirements must complete all required developmental courses by the end of the term in which they attempt their 45th credit hour, including developmental hours. Withdrawal from a developmental course counts as one semester of university enrollment toward the attempted completion of developmental requirements.
- 6) Students not completing developmental requirements as outlined above will be developmentally dismissed from the University until the developmental deficiencies are remediated by some alternative means such as taking the appropriate course(s) at another institution or demonstrating proficiency with ACT scores.

Restrictions with Developmental Requirements

- Students with two or more developmental requirements are enrolled as "Undeclared" majors. The Office of Academic Advising will assist these students in creating linkages to the departments of their intended majors.
- Students with two or more developmental requirements are restricted to 12 hours of university enrollment, unless otherwise specified by admission status.
- Students with developmental requirements cannot enroll in MAT 105 (Applications of Mathematics), or EDF 103 until all developmental requirements are remediated.
- Students enrolled in MAT 090 (Prealgebra) cannot enroll in any course with the following prefixes: AST, BIO, CHE, CNM, CSC, FOR, GLY, NAT, PHY, SCI, or STA.

Grades in Developmental Courses

- Developmental course grades are not included in the calculation of GPAs.
- Developmental course grades include the grades A, B, C, and F. There are no course grades of D in developmental courses.
- Developmental course grades do not include the use of the plus/minus (+/-) grading system.

Double Major

A student pursuing an associate or baccalaureate degree may consider a second major at the same degree level. If the student completes the second major by the time the degree is conferred, it will be recorded on the student's official transcript. Students interested in a double major should contact the Office of Academic Advising or the departments of interest for additional information.

Dual Degree Agreements Between Eastern Kentucky University and Foreign Exchange Institutions

The following policies and procedures shall govern arrangements to award dual degrees to foreign students who attend Eastern Kentucky University and to ECU students who attend foreign exchange institutions under the auspices of exchange agreements or other agreements:

- The dual bachelor's degree agreement shall be developed by the deans of participating colleges in cooperation with appropriate representatives from foreign exchange institutions and shall be submitted to the Provost for final approval.
- The deans and department chairs shall determine exactly which courses need to be taken by the foreign candidates to complete the major in each given field of study, and these courses must be specified. Likewise, they shall determine which courses EKU students must take at the foreign institution to complete their EKU degrees.
- Dual degree agreements will normally require at least one full academic year in residence at the host institution (25% of the total semester hours) and three years at the home institution (75% of the total semester hours). However, other variations may be approved by the deans of the colleges for their respective colleges.
- Each institution shall accept all course work from the other either as elective credit or as credit for required courses, based on transfer equivalency evaluations.
- If dual degrees are awarded concurrently, the program must at a minimum meet SACS, CPE, and the college, departmental, and program requirements for general education, either by taking the general education courses or by transfer credit or by a combination of these means. If the foreign degree is awarded a year or semester in advance, then the candidate will be awarded post-baccalaureate status and the general education requirement will no longer be applicable.
- A copy of each dual degree agreement approved by the Provost shall be kept on file in the International Education Office, and that office shall also maintain a file of EKU students who are attending foreign exchange institutions under dual degree agreement as well as foreign students who are attending EKU under dual degree agreement.

Good Academic Standing

A student is considered to be in good academic standing at EKU when that student maintains a grade point average that permits the student to re-enroll in the institution on a full-time basis and in the duly designated academic program.

Grading System

1. Letter Grades

Grades, which are represented by letters, are given point values as indicated:

Grade	Meaning	Grade Points Per Hour
A	Exceptionally High Achievement	4.00
A-		3.67
B+		3.33
B		3.00
B-		2.67
C+	Average Achievement	2.33

IC	Incomplete Correspondence	0.00
IP	In Progress	0.00
NC	No Credit	0.00
NR	Not Reported	0.00

Throughout this *Catalog*, specific grade requirements are to be interpreted precisely as stated. Thus, if a requirement specifies that a grade of at least "C" is required, a "C-" will not satisfy the requirement. If it is intended that "C-" is to be allowed, "C-" will be listed rather than "C." This applies to all specific grade requirements.

The grade point average (GPA) is based on those courses in which a student earned grades of "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "D-," "F," or "U." To calculate the GPA, one first figures the number of hours attempted in courses numbered 100 or above that award any of these grades. Next, one obtains the total grade points for each of these courses. This is figured by multiplying the grade points for each grade by the number of credit hours of the course. For example, a student earning a "B" in ENG 101, a three-hour course, would earn nine grade points. Finally, the total grade points are divided by the hours attempted. To meet graduation requirements of at least a 2.0 GPA, students must earn at least twice as many grade points as they have hours attempted.

An instructor shall assign a grade of "I" if the instructor believes that the student has been unable to complete the course on time because of unavoidable conditions. The student must complete such a course by the end of the next full-length (i.e., fall or spring) term. If the student does not do so, the "I" grade becomes an "F."

Instructors may assign a grade of "IP" in certain approved courses in which it might reasonably take students more than a single semester to complete all requirements. A student assigned an "IP" grade for internship, practicum, or self-paced courses must complete requirements within the calendar year after the "IP" is awarded to receive credit. If requirements are not completed, the Registrar will change the "IP" grade to "NC" (NO CREDIT), and the student must register again for the course to receive credit.

2. Pass-Fail ("P" - "F") Option

The Pass-Fail option encourages students to take courses they might otherwise avoid because of lack of background or concern for lowering their grade point average (GPA).

Students who have earned 30 or more semester hours of credit with a minimum GPA of 2.0 may choose the Pass-Fail ("P" - "F") option for a total of 15 hours of free electives. These hours must be exclusive of general education, major, minor, and other course requirements for graduation. Eligible courses must belong exclusively to the category, free electives. Hours passed under the Pass-Fail option will not be used in the computation of GPA's; however, hours failed ("F") will be used.

Students may choose the Pass-Fail option for one course per semester with a maximum of five credit hours per semester. Students may repeat a course using the Pass-Fail option only if the previous taking was also Pass-Fail.

Students may select the "Pass-Fail" option by turning in the "Pass-Fail" form to the Office of the Registrar by the end of the third week of a full semester class.

3. Auditing Courses

A student may audit a course (i.e., take it without credit) with the permission of the instructor and the dean of the college involved. After registering for the course as usual, students must obtain the "audit a course" form from the Office of the Registrar, obtain the appropriate signatures and return it to that office, SSB 239. Fees are the same as for courses taken for credit. Students enrolled for audit must comply with the attendance policy of the instructor or no course entry will be made on their academic record.

4. Grade Appeals

If a student believes that the final grade assigned in a course is unjustified, that student should consult the instructor seeking a satisfactory explanation. If, after doing so, the student still feels that the grade is unjustified, the student may appeal the grade, in writing, to the department chair. A written appeal must be filed with the chair within 30 days after the beginning of the next semester (exclusive of summer session). Refer to the *University Handbook for Students* for the complete policy concerning grade appeals.

5. Repeating Courses

A student may enroll in the same course for a third or subsequent time only under unusual circumstances and with the written permission of the dean of the college of the student's first major. If a student enrolls in a course for a third or subsequent time without approval, the student will be administratively withdrawn from the course.

Undergraduate students may repeat a total of six college-level courses in which they earned grades of "C+", "C", "C-", "D+", "D", "D-", "F", or "U." In those six courses, the last grades earned in the taking will replace those of the earlier.

Grade replacement will be applied to the first six courses a student repeats. However, no more than six grades will be replaced in a student's entire undergraduate career at EKU. Any grade received after a sixth repeat will be excluded from the student's GPA calculation.

If a student attempts to repeat a course and replace the grade but then withdraws from the course, the taking will not be counted among the six for which grade replacement is available.

The grade earned in a course taken at another institution will not replace a grade earned at EKU. A grade of "S," "CR," or "P" will not replace a grade of "C", "C+", "C-", "D+", "D", "D-", or "F" (earned in normal grading) for calculating the GPA. A "P" will replace an "F" when the "F" was earned under the Pass/Fail option.

Repeating a course with an earlier grade of A+, A, A-, B+, B, or B- will result in either disenrollment from the course or removal of its credit at the end of the semester.

6. Cross-listed Courses.

Cross-listed courses are those which credit will be earned for just one course. Should there be enrollment in a second of cross-listed courses, the student will either be disenrolled from the course or have credit removed at the end of the semester. Upon a change of major, permission for enrollment and credit for the second

course *must* be obtained, in advance, from the college dean in the new major. In that instance, credit for the first taking will be removed.

7. Grade Change

All grade changes must be made by the following deadlines: for fall semester grades - the last day of the following spring semester; and for spring and summer semester grades - the last day of the following fall semester.

8. Changes to Transcript

Once a degree has been posted to the transcript, changes will not be made to courses or grades that were earned prior to the posting of the degree.

Military Credits

Students may receive Military Science and Leadership course credit for having completed Basic Training (BT) and Advanced Individual Training (AIT). Student's must submit a copy of their DD Form-214 (Discharge Verification Certificate) through the Department of Military Science and Leadership (Begley Bldg, Rm 524, phone 859-622-1205) to the Registrar. Students may receive up to nine hours of credit and a waiver of the two-semester physical education requirement.

Based upon recommendation of the American Council on Education (ACE), EKU will award credit to individuals who have successfully completed military service school courses, as well as award credit for Military Occupational Specialties (MOS's). Submit appropriate paperwork to the Registrar's Office.

Students can have a copy of their ACE transcript sent from their respective service education centers to the Registrar's Office, SSB CPO 58, 521 Lancaster Ave, Richmond, KY 40475-3158.

- *Army veterans can order transcripts online at <https://aarts.leavenworth.army.mil>*
- *Navy Veterans can order transcripts online at <http://smart.cnet.navy.mil>*
- *USMC Veterans can order transcripts online at <http://smart.cnet.navy.mil>*

Air Force Veterans must request transcripts by letter. Include student's full name (former name if appropriate), date of birth, social security number, service component, current address, Eastern Kentucky University Registrar's address and the student's signature. Send transcript request to: CAF/RRR, 130 West Maxwell Blvd., Maxwell AFB, AL 36112-6613.

Minimum Scholastic Standards

Students are expected to maintain at least a 2.0 cumulative grade point average (GPA). The conditions and actions described below pertain to students whose GPA's fall below 2.0.

- A. **Academic Warning** - A student will be on academic warning when his or her cumulative GPA is less than 2.0 but is above the value listed below for the number of hours the student has attempted. A student on academic warning may enroll for a maximum of 16 credit hours during a fall or spring term and a maximum of 6 hours during summer session.
- B. **Academic Probation** - A student will be on academic probation when his or her cumulative GPA is less than the value listed for the number of hours the student has attempted.

Hours Attempted	Cumulative GPA
9 - 32	1.5
33 - 64	1.7
65 - 80	1.9
More than 80	2.0

A student on academic probation may enroll for a maximum of 13 credit hours during a fall or spring term and a maximum of 6 hours during a summer term. A student will be removed from probation after the probationary semester by raising his or her cumulative GPA above the listed value. If the student does not do so, he or she may be continued on probation by earning a semester GPA of at least 2.2 during a probationary semester.

Special Notice: Students having difficulty meeting the Scholastic Standards are strongly advised to reduce or eliminate part-time jobs and other extracurricular activities which may detract from their studies, or to reduce the number of hours for which they are enrolled.

C. **Dismissal** - A student will be dismissed from the University following a probationary semester in which he or she is neither removed from nor continued on probation (see above). The dismissal period for a first dismissal following a fall semester is the spring semester; following a spring semester it is the summer and fall semester. The dismissal period for a second dismissal is one calendar year and for a third dismissal two calendar years, after which the dismissed student may be eligible for academic bankruptcy (see below).

During a dismissal period, a student will be ineligible to enroll for any credits at EKU; furthermore, the University will not accept any transfer course work earned during this period.

A student with a first dismissal under this policy may appeal the dismissal in writing to the University Admission Committee if the student believes the dismissal was the result of catastrophic circumstances beyond his or her control. There is no appeal with second or subsequent dismissals.

Preprofessional Curricula

1. Pre-Law Curriculum

Students interested in going to law school or exploring the possibility of doing so should make an appointment with the University Pre-law Advisor as early in their academic career as possible. The Pre-law Advisor is located in the Department of Government. The Pre-law Advisor can guide the student in selecting courses consistent with the American Bar Association recommendations noted below, plus provide valuable information on law schools, the Law School Admission Test, and typical admission procedures.

Prospective law students should keep in mind that a broadly based liberal education will best equip one to study law. Thus, no fixed pre-law curriculum is prescribed. A special committee of the American Bar Association recommends that pre-law students take courses in written and speech communications, accounting, economics, psychology, and historical and contemporary social and political processes.

Regardless of one’s chosen major, the following abilities are absolutely essential in the study of law: to read critically, to think logically, and to write and speak effectively.

Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test.

2. “Three-Two” Curricula

In addition to standard pre-professional curricula, Eastern Kentu... / approve special... ined

curricula. Students approved for these curricula complete the first three years of requirements at EKU. At the end of these three years, they enroll in one of several highly rated professional schools. After the first year of professional study, they transfer the work back in order to secure a Bachelor of Arts or a Bachelor of Science degree from EKU. This plan may shorten by one year the time needed for obtaining both a baccalaureate and a professional degree.

3. Other Preprofessional Curricula

Descriptions of the following preprofessional curricula may be found on the pages noted:

Pre-Engineering	56
Pre-Forestry	57
Pre-Medical Sciences (Pre-Medicine, Pre-Dentistry)	58
Pre-Optometry	57
Pre-Pharmacy	57
Pre-Veterinary	58, 80

President’s Award

As a further recognition of academic achievement, the University presents the President’s Award to students who enroll for a minimum of 12 credit hours, with regular grading, and who attain a 4.0 grade point average for the semester. Students receiving the President’s Award receive a letter of recognition from the President. In addition, the Division of Public Relations and Marketing distributes the names of the recipients to appropriate news media, including their hometown newspaper.

Readmission Under Special Conditions

1. Academic Bankruptcy of EKU Work

Academic bankruptcy allows undergraduate students who are returning to EKU after remaining out for an extended period to void a portion of the work attempted during one or more semesters of the prior enrollment(s). EKU offers this option because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

To qualify for bankruptcy, a student must meet the following conditions:

- (a) The student must not have attended EKU or any other institution of higher education for a period of at least two consecutive years sometime after attempting the work to be bankrupted.
- (b) After being readmitted, the student must attain a minimum of a 2.0 GPA with no grade lower than a “C” (not “C-”) on all college-level (i.e., 100 or above) EKU work through the term in which the twelfth hour is attempted. All courses and grades, including repeated courses, will be counted in computing the GPA.
- (c) The student must state, in writing, his or her intention to declare bankruptcy to the Office of the Registrar. The student will also specify which semesters are being requested for bankruptcy. Students may request to bankrupt any or all semesters of their prior work, but all work from a given semester will be bankrupted if the student requests to bankrupt that semester and if the request is approved.
- (d) The student may not have previously declared bankruptcy of EKU work.
- (e) The term noted above in which the twelfth hour is attempted must be spring 1986 or more recent.

If bankruptcy is granted, the bankrupted work will remain on the transcript; but it will not be counted in the student's GPA and will not count toward degree requirements, including the upper division hours requirement. However, the dean of the college in which the student is enrolled may waive major, supporting, and general education requirements met by bankrupted courses in which the student received at least a "C" or higher grade (but not "C-"), while requiring the student to substitute enough elective courses to obtain the minimum number of credit hours required to graduate.

All academic course work, including bankrupted work, will be counted in computing graduation with honors.

2. Academic Bankruptcy of Transferred Work

Academic transfer bankruptcy allows undergraduate students who have been out of higher education for an extended period to void a portion of their earlier work attempted at other institutions. EKU offers this option because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

To qualify for transfer bankruptcy, a student must meet the following conditions:

- (a) The student must not have attended EKU or any other institution of higher education for a period of at least two consecutive years sometime after attempting the work to be bankrupted.
- (b) After being admitted, the student must attain a minimum of a 2.0 GPA with no grade lower than a "C" (not "C-") on all college-level (i.e., 100 or above) EKU work through the term in which the twelfth hour is attempted. All courses and grades, including repeated courses, will be counted in computing the GPA.
- (c) The student must state, in writing, his or her intention to declare transfer bankruptcy to the Office of the Registrar. The written petition must identify the institutions from which work is to be bankrupted, as well as the specific semesters that are to be bankrupted. Students may request to bankrupt any or all semesters of prior work, but all work from a given semester will be bankrupted if the student requests to bankrupt that semester and if the request is approved.
- (d) The student may not have previously declared transfer bankruptcy at EKU.
- (e) The term noted above in which the twelfth hour is attempted must be fall 1987 or more recent.

If transfer bankruptcy is granted, the bankrupted work will remain on the transcript; but it will not be counted in the student's GPA and will not count toward degree requirements, including the upper division hours requirement. However, the dean of the college in which the student is enrolled may waive major, supporting, and general education requirements met by bankrupted courses in which the student received a "C" or higher grade (but not "C-"), while requiring the student to substitute enough elective courses to obtain the minimum number of credit hours required to graduate.

All academic course work, including bankrupted work, will be counted in computing graduation with honors.

Rescheduling of Final Examination

If a student is scheduled for more than three final examinations on the same day, the student may request, through the college dean, that the fourth examination be rescheduled.

Satisfactory Progress

Degree-seeking students shall be considered as making satisfactory progress so long as they remain in good academic

standing and enroll in courses required by or allowed for in their academic program.

Schedule Changes

If students wish to add courses to their schedule, they must do so by the date published in the *Schedule of Classes Bulletin* for that term.

If a student drops a course by the end of a term's Schedule Change Period, the course will not appear on the student's grade report or transcript.

A student may officially withdraw from a course from the end of the Schedule Change Period to the course's midpoint. (The midpoint of full-semester courses is the eighth week; the midpoint of a part-semester course is printed on the course syllabus.) A student will be assigned a grade of "W" for a course withdrawn from, and a "W" will appear on the grade report and transcript. Refer to Section 3 of this *Catalog* for the University's Refund Policy. Refer to the current *Schedule of Classes Bulletin* for deadlines and schedule change fee information.

After the eighth week, or midpoint, a student who is the victim of extraordinary circumstances may petition through The Office of the Registrar for an administrative withdrawal from a class. The deadline for filing a petition for withdrawal under extraordinary circumstances is the last day of the full semester following the term from which the student is seeking withdrawal. The student should prepare a written petition and should include *justification and documentation* for the withdrawal. If approved, the Registrar will assign the grade of "W" and will notify the instructor of the class.

Faculty will inform students of their academic progress prior to the last day from which they may withdraw from a course.

Students who are assigned a grade of "F" in a course due to academic dishonesty will not be permitted to withdraw from the course.

Six Repeat Policy

The responsibility of tracing repeats will be administered at the Dean's level since the vast majority of the students with multiple repeats have second or subsequent repeats which must be approved. The limitation of repeats would be at the discretion of the Dean of the College of the student's primary major program.

Student Load

A full-time student is one who enrolls in 12 or more credit hours during a fall or spring term. Students carrying fewer than 12 credit hours are considered part time. A student who has established superior records may be permitted to enroll for more than 18 hours by the dean of the college of the student's first major. The absolute maximum load is 21 credit hours.

Six semester hours is considered a normal load for a summer session. Fewer than six are a part-time load, and nine are the maximum. The student's academic dean must approve an overload fourteen hour load over the two summer sessions.

The above limitations apply to all enrollments or combinations of enrollments for the term specified, including campus classes, extended campus classes, correspondence study (refer to the *Correspondence Course Bulletin*), and enrollments at other institutions. The Registrar will not record credits beyond these maximums.

Study Abroad Programs

Students may study in English-speaking countries abroad through the Cooperative Center for Study Abroad (CCSA), a consortium of twenty-three colleges and universities from Alabama, Idaho, Kentucky, Mississippi, Oregon, Pennsylvania, and Tennessee. During the winter break, CCSA offers courses in London, England and Australia; during the summer break, mid-May through early August, both two-and-one-half and four-and-one-half week courses are offered in Ireland, Scotland, England, Australia, Canada, New Zealand, and South Africa. A fall semester program is offered in Cambridge, England. Costs vary according to program. Students in these programs enroll and earn credit through ECU. For more information, contact the Office of International Education or the Dean of the College of Arts and Sciences.

Students may study in a variety of countries abroad through the Kentucky Institute for International Studies (KIIS), a consortium of fifteen colleges and universities in Kentucky, Ohio, and Tennessee. KIIS offers summer programs in Athens/Rome, Austria, Brazil, China, Costa Rica, Ecuador, France, Germany, Italy, Japan, Mexico, and Spain. In addition, there are semester-long programs in Spain and in Mexico, a full-semester Embassy and Diplomatic Scholars Internship in Washington, D. C., and a special program in Spain for teachers. Courses offered as part of the KIIS programs are widely varied, including language and culture, business, literature and the arts, social customs and institutions, philosophy and religion, and many others, depending on student needs and faculty availability. Costs vary according to program. Credit in KIIS courses is transferred back to Eastern Kentucky University. For information, contact the Department of Foreign Languages and Humanities (859) 622-2996, the International Studies Coordinator at ECU (859) 622-2408, or the KIIS Office at Murray State University (270) 762-3091.

Transfer Credits/Courses

Eastern Kentucky University participates in and subscribes to the principles of the Kentucky Council on Postsecondary Education statewide transfer agreements. Eastern Kentucky University will accept credits transferred from all public institutions in Kentucky accredited by SACS, and it will apply them to its general education and program requirements to the maximum extent specified in these agreements. Credits not identified in these agreements will be applied to degree requirements as deemed appropriate. Students wishing to appeal the evaluation of transfer credit to be used for general education requirements should consult with the staff in the office of their college dean of their first major.

Eastern Kentucky University will also accept credits transferred from other colleges and universities accredited by the regional accrediting associations, such as the Commission on Colleges of the Southern Association of Colleges and Schools. As completely as possible, it will apply these credits to the student's degree program.

Eastern Kentucky University students may also earn credits at other institutions and transfer them to ECU. To ensure that they earn appropriate credits, they are strongly advised to see the Transfer Student Coordinator in the Office of Academic Advising and also obtain their college dean's approval prior to enrolling in any course work they plan to transfer. The University will not take responsibility for courses transferred without prior approval.

The University considers lower division credits transferred to ECU as lower division, even if ECU offers a comparable course at the upper division.

University Writing Requirement

To ensure that graduates of Eastern Kentucky University possess important communication skills, the faculty and Board of Regents approved a University Writing Requirement (UWR). Except as noted below, students seeking baccalaureate degrees from ECU, including transfer students, must successfully complete an essay exam.

Baccalaureate degree students must take the exam in the first semester of enrollment after completing the 60th credit hour. Transfer students who transfer 60 credit hours or more must take the exam in the first semester of enrollment.

Students who fail the first attempt may retake the exam under the following conditions:

- A. prior to the next enrollment, they must file with their advisor a remediation plan;
- B. they may not enroll for more than 12 hours in any fall or spring semester until the exam requirement is satisfied; and
- C. they may not enroll after earning 100 hours until the exam requirement is satisfied.

Students failing to register for and take the UWR in the semester after they complete 60 credit hours will be subject to the enrollment limitations noted above in B and C. Also, after a student takes the UWR three times and fails to meet the minimum pass score then he or she must take ENG 099. Students with previously earned baccalaureate degrees need not write the UWR.

All full or part-time continuing students or students who have been **readmitted** to the University after being out for an academic year (regardless of the date of when they first entered ECU) seeking baccalaureate degrees and who have 60 or more hours of credit must satisfy the writing requirement. In addition, all Teacher Certification students must take the UWR. Students with previously earned baccalaureate degrees need not write the UWR unless they are completing teacher certification. Information about the UWR can be found at www.testing.eku.edu.

Withdrawal from the University

Students finding it necessary to withdraw from the University must withdraw from all courses via the student web. A withdrawal is allowed only through the eighth week of classes during a regular semester or through the midpoint of any summer session or nonstandard course. A grade of "W" is assigned. Students who leave the University without an official withdrawal are subject to the grade of "F."

After the eighth week, a student who is the victim of extraordinary circumstances may petition through the Office of the Registrar for an administrative withdrawal from the University. The deadline for filing a petition for withdrawal under extraordinary circumstances is the last day of the full semester following the term from which the student is seeking withdrawal. The student should prepare a written petition and should include *justification and documentation* for the withdrawal. If approved, the Registrar will assign grades of "W" and will notify the instructors of the classes.

Military Withdrawal for ECU Students

If a student is called to active duty, a Military Withdrawal will be processed with a hundred percent (100%) refund. The procedure is that a copy of the activation papers along with the request to be withdrawn should be sent to The Office of the Registrar, SSB CPO 58, Eastern Kentucky University, 521

Lancaster Avenue, Richmond, Kentucky 40475-3158. The request does not need to be sent prior to leaving. It can be accepted later, but there must be a copy of the activation as documentation.

Dining Services Refund

1. For flex-dollars and Colonel Card dollars, a refund of the full remaining account balance will be made.
2. For board plans, a pro-rata refund proportional to the time remaining in the semester will be made.

The procedure is that a copy of the activation papers along with a copy of the request to be withdrawn should be sent to The Card Office, Attention: Lisa Robinson, Powell 17, Eastern Kentucky University, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Housing Refund

For Housing refunds, a pro-rata refund proportional to the time remaining in the semester will be made. The procedure is that a copy of the activation papers along with a copy of the request to be withdrawn should be sent to The Director of Housing, SSB CPO 51, Eastern Kentucky University, 521 Lancaster Avenue, Richmond, Kentucky 40475-3151.

DEGREE INFORMATION

Concurrent Degrees

A student may qualify to earn two degrees concurrently by completing all requirements for both degrees, including major, supporting, and general education requirements. Courses used in one degree program may also be used in the other. The minimum number of hours that must be earned for two associate degrees is 80; the minimum for two baccalaureate degrees is 160. The minimum number of hours required for concurrently earning an associate and a baccalaureate degree is the number required by the baccalaureate degree.

It is the student's responsibility to file a graduation application for each degree being sought. If the two degrees are in the same college, the student must file two applications in the office of the college dean. If they are different colleges, one application must be filed in each dean's office. See "Application for Graduation" section.

Subsequent Degrees

Students having earned one degree, either from Eastern Kentucky University or from another regionally accredited institution, may subsequently pursue an additional degree, either associate or baccalaureate, by completing all requirements of the subsequent degree, including major, supporting, and general education requirements. While some of the hours earned from the earlier degree may count toward the subsequent degree, students must earn at least 16 approved semester hours for an associate degree beyond those required for the earlier degree. A subsequent baccalaureate degree requires at least 32 approved hours beyond those required for the earlier degree. Hours for both degrees must be taken at Eastern Kentucky University or, as approved by the dean of the college awarding the subsequent degree, at another regionally accredited institution. Students who have completed a

previous degree elsewhere and apply to Eastern Kentucky University, should have official transcripts from the institutions previously attended sent to EKU's Admissions Office.

DEGREE REQUIREMENTS

BACCALAUREATE DEGREES

Comprehensive Requirements

To qualify for a baccalaureate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, including basic skills proficiencies in English, reading, and mathematics; and general education; as established by appropriate University committees for each degree program.
3. Complete a minimum of 128 semester credit hours, with at least 43 hours at the 300 level or above.
4. Satisfy the University Writing Requirement.
5. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at EKU. In addition, transfer students must earn a minimum GPA of 2.0 on the combined transfer work and EKU work.
6. Earn a minimum of 32 semester hours through EKU.*
7. Earn at least 30 of the last 36 hours through EKU, exclusive of student teaching (ELE 499, EMG 499, ESE 499, and SED 499).*
8. Earn the credits applicable to the degree within eight years prior to the date the degree is awarded. Credits more than eight years old may be validated by the college dean.
9. Students enrolled to MAT 090 are not permitted to enroll in any course with the following prefix: AST, BIO, CHE, CIS, CNM, CSC, FOR, GLY, NAT, PHY, SCI or STA.
10. According to AACSB International business accreditation standards, students enrolled in University baccalaureate degree programs, other than those within EKUBusiness, will not receive credit toward their degrees for more than 25 percent of their undergraduate programs in credit hours in courses offered through EKUBusiness and/or business courses (courses commonly taught in school of business) transferred from other colleges and universities or taken from other units within EKU. Students who desire to take business courses are encouraged to enroll in the Business minor.

*Degree programs offered by the College of Business and Technology have more stringent residency requirements. Please refer to "Residency Requirements" in the College of Business and Technology section of this *Catalog*.

General Education Requirements

General education requirements include 52 hours of course work designed to help each student develop as an educated person and as a citizen. For certain curricula, individual requirements are waived if they are satisfied in the major program. Refer to the program plans in Section 5 of this *Catalog*.

The General Education Program consists of course work in six broad areas: symbolics of information; humanities; social science; natural science; physical education and health; and communication and computational skills. These areas are subdivided into the 21 categories listed below. Students must earn the specified number of

hours in the 17 “required” categories. In addition they must earn three hours in each of two of the four “optional” categories (categories 04, 08, 12, 16).

Notes: The courses listed below award three hours of credit, unless a number appears in parentheses following the course name. This number represents the hours awarded for such courses. Course numbers followed by an asterisk (*) have prerequisites or other restrictions on enrollment. Refer to course descriptions in Section 6 of this Catalog for specific restrictions.

I. Symbolics of Information.

01 Symbolics. English Composition. Three hours required.

ENG 101* English Composition I
ENG 105* English Composition Honors (3 or 6)

NOTE: Students earning “A” or “B” in ENG 105 will earn six hours of credit, three of which will be applied to category 02. Those earning “C” or “D” will earn three hours credit and will then take ENG 102.

02 Symbolics. English Composition. Three hours required.

ENG 102* English Composition II
HON 102* Honors Rhetoric (6; for categories 01 and 02)

03 Symbolics of Information. Three hours required.

ENR 116 Efficient Reading (1)
ENR 201 Vocabulary Development (2)
ENR 205 Topics in Reading (1-3)
FLS 300* Elements of Foreign Language: _____
FRE 101* Conversational French I
FRE 102* Conversational French II
FRE 201* Intermediate Conversational French I
FRE 202 Intermediate Conversational French II
FRE 204* Review of French Grammar
FRE 340* French Phonetics
FRE 360* French Grammar in Context
GER 101* Conversational German I
GER 102* Conversational German II
GER 201* Intermediate Conversational German I
GER 202* Intermediate Conversational German II
GER 240* Beginning Conversation
GER 340* Intermediate Conversation
GRE 101 Beginning Greek I
GRE 102* Beginning Greek II

NOTE: Students may count a maximum of three semester hours of ENR course work toward general education.

ITA 101 Conversational Italian I
ITA 102* Conversational Italian II
JPN 101 Conversational Japanese I
JPN 102* Conversational Japanese II
JPN 201* Intermediate Japanese I
JPN 202* Intermediate Japanese II
LAT 101 Beginning Latin I
LAT 102* Beginning Latin II
MAT 105 Mathematics with Applications*
MAT 106 Applied Finite Mathematics
MAT 107* College Algebra
MAT 109* Precalculus Mathematics (5)
MAT 124* Calculus I (4)
MAT 124H* Honors Calculus I (4)
MAT 211* Calculus with Applications for Business and Economics
MAT 224* Calculus II (4)
MAT 224H* Honors Calculus II (4)
MAT 261* Calculus with Applications for Science I

NOTE: A maximum of three semester hours of MAT course work may count for Symbolics of Information requirements. The three hours may be used in either category 03 or 04.

PHI 100 Practical Reasoning
POR 501* Accelerated Elementary Portuguese I
POR 502* Accelerated Elementary Portuguese II
RUS 101 Conversational Russian I
RUS 102* Conversational Russian II

RUS 201* Intermediate Russian I
RUS 202* Intermediate Russian II
SPA 101* Conversational Spanish I
SPA 102* Conversational Spanish II
SPA 105* Spanish Honors

NOTE: Students earning “A” or “B” in SPA 105 will earn six hours of credit, three of which will be applied to category 04. Those earning “C” or “D” will earn three hours credit and, if they choose to continue in Spanish, will then take SPA 102.

SPA 201* Intermediate Conversational Spanish I
SPA 202* Intermediate Conversational Spanish II
SPA 206* Conversational Fluency
SPA 360* Topics in Grammar: _____
SPA 370 Conversation and Composition
SPE 200 Interpersonal Communication
SPE 205 Argumentation and Debate

NOTE: A maximum of three semester hours of SPE course work may count for Symbolics of Information requirements. The three hours may be used in either category 03 or 04.

STA 215* Elementary Probability and Statistics
STA 270* Applied Statistics I

NOTE: Students may count a maximum of three semesters hours of STA course work towards general education.

04 Symbolics of Information. Three hours optional.

Select an additional three semester hours from category 03 or HON 304, Special Topics.

II. Humanities.

05 Chronological Humanities. Three hours required.

ENG 211* Survey of World Literature I
HON 205* Honors Humanities I
HUM 226* The Search for Meaning: The Ancient World

06 Chronological Humanities. Three hours required.

ENG 212*	Survey of World Literature II
HON 306*	Honors Humanities II
HUM 228*	The Search for Meaning: The Modern World

07 Humanities. Three hours required.

In addition to the courses listed below, students may satisfy the requirement with the following foreign language and American Sign Language courses from category 03: ASL 201 or 202; FRE 201, 202, 204, or 360; GER 201, 202, 240, 340, or 360; JPN 201 or 202; RUS 201 or 202; SPA 201, 202, 206, 360 or 370.

ART 200	Art Appreciation: Orientation
ART 390	Survey of Art History I
ART 391	Survey of Art History II
FCC 210	Topics in Culture: _____
FCC 220	French Culture and Civilization
FCC 222	German Culture and Civilization
FCC 226	Hispanic Culture & Civilization
FCC 227	Japanese Culture and Civilization
HUM 124*	Humanities and the Search for Meaning
MUS 171	Enjoyment of Music
MUS 272	Music Literature
MUS 371*	Survey of Music History I
MUS 372*	Survey of Music History II
PHE 200	Heritage of Dance
PHI 110	Beginning Philosophy
PHI 130	Beginning Ethics
PHI 240	Philosophy of Religion
PHI 300	Greek and Roman Philosophy
PHI 320	Modern Philosophy
REL 301	World Religions
THE 100	Introduction to the Theatre
THE 390	Theatre History I
THE 391	Theatre History II

08 Humanities. Three hours optional.

Select an additional three semester hours from category 07, including listed foreign language and American Sign Language courses, or from the following courses:

COM 350	Cinema History I
COM 351	Cinema History II
HON 308	Special Topics
HUM 300*	Humanity in the Postmodern Age
MUS 273	Survey of American Popular Music
PHI 340	Philosophy of Science
PHI 360	Human Nature
PHI 385	Environmental Ethics

III. Social Science.**09 Social Science Principles. Three hours required.**

ANT 120	Introduction to Cultural Anthropology
ECO 120*	Economics in A World Setting: Principles
ECO 230*	Principles of Economics I
GEO 101	Introduction to Geography
HIS 142	Foundations of World Civilization
POL 100	Principles of Politics and Government
SOC 131	Introductory Sociology

10 Historical Social Science. Three hours required.

ANT 210	Non-Industrial Societies Around the World
GEO 201	Historical Geography I: Pre-Industrial Era
HIS 202	American Civilization to 1877
HIS 231*	Western Civilization I
HIS 246*	Preindustrial World Civilizations
HON 210*	Honors Civilization I
POL 210	Political Development: Developing Societies

11 Historical Social Science. Three hours required.

ANT 211	Industrial Societies Around the World
GEO 202	Historical Geography II: Modern World
HIS 203	American Civilization Since 1877
HIS 232*	Western Civilization II
HIS 247*	Industrialism in World Civilizations
HON 311*	Honors Civilization II
POL 211	Political Development: Industrialized and Post-Industrial Societies

12 Social Science: Contemporary Problems. Three hours optional.

ANT 325	Problems in Contemporary Cultures
COM 200	Mass Media and Society
ECO 130*	Contemporary Economic Problems
ECO 231	Principles of Economics II
GEO 200	Regions and Nations of the World
GEO 302	Global Environmental Problems
GEO 321	Urban Geography
GEO 322	World Geopolitics
HIS 305	African-American History
HON 312*	Special Topics
POL 101	Introduction to American Government
POL 220	Introduction to International Relations
POL 300	Contemporary Political Problems
PSY 300*	Social Psychology
SOC 235	Social Problems

IV. Natural Science.**13 Biological Laboratory Science. Three hours required.**

BIO 100*	Introductory Biology
BIO 102	Inquiry Biology for Teachers
BIO 121	Principles of Biology (4)
BIO 171	Human Anatomy
BIO 301	Human Physiology and
BIO 378*	Human Physiology Laboratory (1)
NAT 101*	Biology: The Science of Life

14 Physical Laboratory Science. Three hours required.

AST 135*	Introductory Astronomy
CHE 100	Inquiry Chemistry for Teachers
CHE 101*	General Chemistry I (4)
CHE 105*	Chemistry for the Health Sciences I (4)
CHE 112	Introductory Chemistry II (5)
GEO 210	Introduction to Physical Geography

NOTE: Students may use only one course from GEO 210 and 215 to meet general education requirements.

GLY 102	Earth Science for Teachers
GLY 108*	Introductory Geology
GLY 109	Earth History
NAT 171*	The Physical Universe
NAT 172*	The Physical Environment
PHY 101*	Concepts of the Physical World
PHY 102	Inquiry Physics for Teachers
PHY 131	College Physics I (5)
PHY 201*	University Physics I (5)

15 Natural Science. Three hours required.

The courses listed below and those listed for categories 13 and 14 are recommended, but students may take any natural science course offered by the College of Arts and Sciences. See your advisor.

ANT 201	Introduction to Physical Anthropology or
ANT 206	Human Evolution or

ANT 380*	Forensic Anthropology
AST 130*	Introductory Astronomy
AST 330	Stars, Blackholes: The Cosmos
BIO 300	Economic Plants
BIO 301	Human Physiology
BIO 303*	Human Heredity and Society
BIO 304	Birds of Kentucky
BIO 310	Biology of Aging
BIO 317	Conservation of Wildlife Resources
BIO 399*	Trends in the Biological Sciences
CNM 101	Cosmos and Evolution I: An Exploration of Nature
CNM 102	Cosmos and Evolution II: An Exploration of Nature*

NOTE: Students completing both CNM 101 and 102 may use those courses to satisfy the biological and physical laboratory science requirements of categories 13 and 14.

CNM 315	Topics in Natural Science General Education
GEO 215	Introduction to Meteorology

NOTE: Students may use only one course from GEO 210 and 215 to meet general education requirements.

GLY 302	Earth Science
GLY 304	Introduction to Oceanography
GLY 307	Exploring the Dynamic Earth
GLY 390	Environmental Geology
HON 315*	Honors Science
NAT 300	Science as a Human Endeavor
NAT 305	Dinosaurs
NAT 310	Topics in the Natural Sciences (1-3)
NAT 363	Ecology and Human Affairs
NAT 380	Science and Society
SCI 310	History of Science

16 Natural Science. Three hours optional.

Select an additional course from category 13, 14, or 15, or any other natural science course offered by the College of Arts and Sciences, or the following course: HON 316, Special Topics.

V. Physical Education and Health.

17 Physical Education I. One hour required.

HPR 180 Fitness and Wellness (1)

18 Physical Education II. One hour required.

HPR 282 Exercise, Movement, and Sports Skills (1)
MUS 256 Marching Band (1)

19 Health. Two hours required.

HEA 281 Personal and Community Health (2)

NOTE: Adapted sections for special needs students are offered each semester (Fall-HPR 180; Spring-HPR 282).

HPR waived for students who have reached their twenty-fifth birthday prior to the first class day of the semester they first enter the University; also, HPR 180 and 282 are waived for students transferring 60+ hours.

VI. Communication and Computational Skills.

20 Oral Communication. Three hours required.

Students entering ECU in Fall 1997 or thereafter must complete the following course:

SPE 100	Introduction to Human Communication
SPE 210	Public Speaking

21 Mathematics. Three hours required.

Students entering ECU in Fall 1996 or thereafter must complete a three-hour MAT course numbered 105 or higher.

ASSOCIATE DEGREES

Comprehensive Requirements

To qualify for an associate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, including basic skills proficiencies in English, reading, and mathematics; and general education; as established by appropriate University committees for each degree program.
3. Complete a minimum of 64 semester credit hours.
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at ECU. In addition, transfer students must earn a minimum GPA of 2.0 on the combined transfer work and ECU work.
5. Earn a minimum of 16 semester hours through ECU.
6. Earn a minimum of 15 of the last 18 hours through ECU.
7. Earn the credits applicable to the degree within eight years prior to the date the degree is awarded. Credits more than eight years old may be validated by the college dean.
8. Students enrolled to MAT 090 are not permitted to enroll in any course with the following prefix: AST, BIO, CHE, CIS, CNM, CSC, FOR, GLY, NAT, PHY, SCI or STA.

General Education Requirements

Students in associate degree programs must earn a minimum of 16 hours in courses approved for general education. These hours must include ENG 101 and ENG 102 or their equivalent. The ten additional hours must include approved courses in categories 05-08 (humanities); categories 09-12 (social science); and categories 13-16 (natural science) or an approved MAT course from category 03.

Courses meeting general education requirements have been identified by an asterisk(*) in the curriculum listings in Section Six. For certain curricula, individual requirements are waived if they are satisfied in the major program.

GRADUATION

Application for Graduation

Students completing requirements for graduation in December should apply before the end of the preceding April. May and August graduates should apply by the end of the preceding October.

Appropriate ceremonies are held at the close of the fall and spring semesters and the summer session. Students who are candidates for degrees are encouraged to participate in the ceremony.

Honors for Baccalaureate Degree Graduates

Students are graduated Summa Cum Laude if they attain a cumulative grade point average (GPA) of 3.9 or higher on all semester hours transferred to and attempted at EKU and if they complete a minimum of 64 hours at EKU.

Students are graduated Magna Cum Laude if they attain a cumulative GPA of at least 3.7 but less than 3.9 on all semester hours transferred to and attempted at EKU and if they complete a minimum of 64 hours at EKU.

Students are graduated Cum Laude if they attain a cumulative GPA of at least 3.5 but less than 3.7 on all semester hours transferred to and attempted at EKU and if they complete a minimum of 64 semester hours at EKU.

Students are graduated as Honors Scholars if they successfully complete Eastern Kentucky University's Honors Program, satisfy all comprehensive and program requirements for an undergraduate degree from this University, and graduate with a cumulative GPA of at least 3.0.

For purposes of honors recognition, all semester hours transferred to and attempted at EKU, including those which are subsequently repeated or bankrupted, will be used in calculating GPA's. Honors GPA calculation for the graduation ceremony do not include the final semester's course work although those in progress will be used to attempt to obtain the 64 semester hours at EKU. Honors for the diploma and transcript will include the final semester.

Honors for Associate Degree Graduates

Students are graduated With High Distinction if they attain a cumulative grade point average (GPA) of 3.7 or higher on all semester hours transferred to and attempted at EKU and if they complete a minimum of 32 semester hours at EKU.

Students are graduated With Distinction if they attain a cumulative GPA of at least 3.5 but less than 3.7 on all semester hours transferred to and attempted at EKU and if they complete a minimum of 32 semester hours at EKU.

For purposes of honors recognition, all semester hours transferred to and attempted at EKU, including those which are subsequently repeated or bankrupted, will be used in calculating GPA's. Honors GPA calculation for the graduation ceremony do not include the final semester's course work although those in process will be used to attempt to obtain the 32 semester hours at EKU. Honors for the diploma and transcript will include the final semester.

UNDECLARED STUDENTS

If students are not ready to declare a major, they will be enrolled as an undeclared student. A major should be declared as soon as students decide on their field of interest. Until a major is declared, students' curriculum will include general education courses appropriate for most baccalaureate programs. In addition, students will be encouraged to take exploratory electives that will allow them to sample disciplines they may like to select as a major.

SECTION FIVE

Academic Divisions

Accreditations and Memberships

Accreditations

EASTERN KENTUCKY UNIVERSITY IS ACCREDITED BY THE COMMISSION ON COLLEGES OF THE SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS TO AWARD ASSOCIATE, BACCALAUREATE, MASTER, AND SPECIALIST IN EDUCATION DEGREES.

American Nurses Credentialing Center (ANCC)
Commission on Accreditation for Dietetics Education of the American Dietetics Association
Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Joint Review Committee on Education Programs for the EMT Paramedic
(Emergency Medical Technician/Paramedic)
(Associate Degree and Certificate Curricula)
Commission on Accreditation of Allied Health Education Programs on the recommendation of the Committee on Accreditation for Medical Assistant Education
(Medical Assisting Technology)
(Associate Degree Program)
Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Council on Accreditation of the American Health Information Management Association
(Health Information)
(Associate and Baccalaureate Degree Programs)
(Post-Baccalaureate Certificate Program)

Academic Programs

Eastern Kentucky University offers the following programs which are registered with the Kentucky Council on Postsecondary Education. Many of these programs include approved options designed to provide a background tailored for students' individual needs. At the undergraduate level, these options are presented with the program descriptions in this *Catalog*. Options at the graduate level are found in the *Graduate Catalog*. Eastern Kentucky University cooperates with the University of Kentucky in offering joint doctoral programs.

MINORS

Eastern Kentucky University offers minors in a number of fields. Certain minors are restricted as teaching or nonteaching. Consult the index for the location of requirements for individual minors. The following minors are offered, some offering options or areas of specialization.

ACADEMIC PROGRAMS

Quality Assurance Technology
Real Estate
Recreation and Park Administration (Non-Teaching)
Religion
School Health P-12 (Teaching)
Social Justice
Social Welfare
Sociology
Soils
Spanish
Special Education
Speech Communication
Statistics
Theatre Arts
Traffic Safety (Non-Teaching)
Travel and Tourism
Visual Media
Women's Studies

ENDORSEMENTS AND CERTIFICATES

The following special endorsements and certificates are offered.

1. Undergraduate

Accounting Certificate
Advanced Emergency Medical Care Certificate
Basic Emergency Medical Technician
Career and Technical Education*
Certified Alcohol and Drug Counselor (CADC)
Child Public Welfare Certification
Coaching Endorsement
Driver Education Endorsement
English as a Second Language (Teaching) Endorsement
Fire and Safety Engineering Technology Certificate
Health Information Coding Certificate
Health Information Management, Post-Baccalaureate
Certificate
Instructional Computer Technology
Medical Administrative Certificate
Medical Transcription Certificate
Middle Grade Education (5-9) Endorsement (one area)
Real Estate Certificate
Youth Work Certificate
Child Public Welfare Certification

*Based on recommendation from ECU, Certificate is awarded by the Education Professional Standards Board.

2. Graduate

Director of Special Education
Driver Education
Early Elementary School Principal
Gifted Education
Instructional Leadership (School Principal, All Grades)
Middle Grade School Principal
Pupil Personnel Services
Rank II
Rank I
School Counseling
School Psychology
School Superintendent
Supervisor of Instruction
Vocational Principal
Coordination/Supervision of Vocational Education

 (859) 622-3884
 www.academicaffairs.eku.edu

The Provost and Vice President for Academic Affairs and Research serves as the chief academic officer of the University. The Provost and Vice President is responsible to the President for the coordination of all phases of the instructional program and institutional research. In addition, the Provost and Vice President for Academic Affairs and Research supervises the preparation of position specifications for instructional staff and administrative personnel connected with instructional activities; makes recommendations to the President concerning staffing needs and appointments, promotions, or dismissals for all instructional personnel and administrative personnel related to instruction; and, as the person responsible for the coordination and development of all academic programs, serves as chair of the Council on Academic Affairs.

The Office of the Provost and Vice President for Academic Affairs and Research also provides coordinating support for a number of interdisciplinary programs which include course work from across the colleges:

CENTER FOR APPALACHIAN STUDIES

Students must select a group of courses tailored to their personal and academic goals in consultation with the Director of the Center for Appalachian Studies. The minor in Appalachian Studies requires a minimum of 18 credit hours of approved courses as follows:

- Fifteen (15) hours of electives from at least three different programs.
- *Seminar in Appalachian Studies* (3 credit hours).

Students may also select content relevant special topics or independent studies courses with the approval of the Director of the Center for Appalachian Studies.

The following courses have been approved by the Appalachian Studies Advisory Board.

ANT/SWK 331	<i>Appalachia: A Cultural Perspective</i>
APP 460*	<i>Seminar in Appalachian Studies</i>
ECO 340	<i>Environmental Economics</i>
ENG 365	<i>Appalachian Literature</i>
GEO 430	<i>Sustainability in Appalachia</i>
HIS 420	<i>Appalachia in American History</i>
OTS 520/720	<i>Providing Health Services in Appalachia</i>
POL 373	<i>Politics of Development in Appalachia</i>
SOC 363	<i>Images of Appalachia in Film & Song</i>
SOC 365	<i>Social Changes in Appalachia</i>
SOC 370	<i>Religion in Appalachia</i>

*This CAS course is included as part of this Appalachian Studies minor proposal.

INDIVIDUALIZED STUDIES, BACHELOR DEGREE

The Bachelor of Individualized Studies (B.I.S.) Degree is administered by the Associate Vice President of Enrollment Management. It is intended for students whose goals extend beyond traditional majors and whose integrative abilities permit them to plan and follow a personalized, unique program. A student who wishes admission to the Bachelor of Individualized Studies Program should have, in the semester of admission, a minimum of 30 semester hours with a minimum GPA of 2.0. The application must be submitted to the Coordinator who will assist the student in finding a program advisor. The Coordinator will inform the applicant concerning admission status after the program advisor submits an acceptable plan of study which conforms to the program requirements.

Major Requirements 36 hours

A minimum of 36 hours in the area of emphasis is required with 18 of those hours being upper division. A senior project is mandatory. A maximum of 18 semester hours from a single academic discipline will be applied to the Area of Emphasis. The student must enroll in at least 21 semester hours (including the senior project) following the approval of the BIS Program.

General Education Requirements 51 hours

Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements. General Education hours cannot be counted in the Area of Emphasis.

University Requirements 4 hours

GSO 100 and three hours of restricted electives.

Free Electives 37 hours

Total Curriculum Requirements 128 hours

MINOR IN INTERNATIONAL STUDIES

Globalization of the economy, cross-cultural relations, world-wide media, ecological crises, and political transformations are all making international studies more important in this rapidly changing world. As such, the international studies minor encourages students to begin thinking and acting within a global perspective, in order to meet these current challenges. Courses in the minor deal with topics as diverse as the relations of the United States with other countries, international economics, and cultures and religions of Latin America or Asia.

The minor consists of 21 credit hours across a number of disciplines, providing a broad-based, general exposure to international issues through a solid set of three core courses. A

commitment to foreign language and/or international experience is an integral part of the minor. A wide range of electives rounds off the minor.

Core Courses: **9 hours**
GEO 345, HIS 347, POL 220

Study Abroad or Foreign Language **6 hours**
Six credit hours from either a Study Abroad course (through Eastern Kentucky University or another accredited university, with credit transferred back to EKU), or six credit hours of foreign language at or above the 200 level. Students may split this requirement by taking 3 credit hours of Study Abroad and 3 credit hours of a foreign language at or above the 200 level.

Electives **6 hours**
Six credit hours from among the following courses (Note: many of these courses, including all College of Business upper division courses have prerequisites): ANT 325, 435, COM 300, COM 345 or ENG 345, ECO 394, 395, EME 530, FCC 220, 222, 226, 227, FIN 330, 455, GBU 201, GEO 202, 322, 347, HIS 320, 350, 354, 365, 375, 378, 384, 474, 475, HUM 300, MGT 430, MKT 400, PHI 330, POL 220, 310, 312, 313, 315, 316, 325, 327, 410, 417, 495, REL 301, 335, 340, 345, 355, SPE 375, TNT 300 (International topics only).

WOMEN'S STUDIES, INTERDISCIPLINARY MINOR

Women's Studies is a rapidly growing interdisciplinary field established in the 1970's. The purpose of Women's Studies is to recognize and validate the experiences and contributions of women and to bring women more fully into the college curriculum. To that end, a primary focus of Women's Studies courses is on the roles, contributions, and experiences of women. Students learn to identify and analyze gender-based assumptions and biases and to recognize their consequences on individual, social and cultural levels. Courses introduce recent scholarship about women and issues especially related to women's concerns and, where possible, use works by women scholars.

A student may complete an Interdisciplinary Women's Studies minor by taking 18 hours as indicated below. Required courses include the following six hours: WMS 201, Introduction to Women's Studies, and WMS 400, Feminist Theory and Practice. An additional 12 hours of electives shall be selected from the courses listed below. To ensure the interdisciplinary nature of the minor, courses shall be selected from at least two different departments.

ADM 310, ANT 435 (Topic: India), ANT/SOC 399, CDF 132, CDF 232 (or HEA 592), CDF 331, CRJ 305, CRJ 345, CSC 490 (Topic: Seminar in Computer Science: Women and Technology), ENG 301 (Topic: Women, Writing, and the Internet), ENG 308, ENG 340, ENG 535, ENG 540 (Topic: Women in Detective Fiction), ENG 550 (Topic: Scribbling Women), ENG 570 (Topic: Jane Austen and Charlotte Bronte), HEA 591, HEA 592 (or CDF 232), HIS 300 (Topics Relating to Women and Gender), HIS 303, HON 312 (Topic: Culture and Child Development), HON 316 (Topic: Biology and Gender), MAS 300, NAT 310 (Topic: Women and Science), PHI 390 (Topics: Platonic Perspectives; Existentialism and Postmodernism), POL 446, PSY 397 (Topic: Cultural Diversity), PSY 420, SPE 400, WMS 349, WMS 495.

Note: The topics listed for ANT 435, ENG 301, ENG 540, ENG 550, ENG 570, HIS 300, HON 312, HON 316, NAT 310, PHI 390, and PSY 397 are examples of specific classes approved for the Women's Studies minor. Other topics may be approved for the minor as they are offered. Average GPA of courses applied to minor must be 2.25 or better.

DIVISION OF CONTINUING EDUCATION & OUTREACH

Because of an increasing demand for higher education by people who cannot attend classes on campus, universities throughout the nation are developing ways of delivering education at a distance. By reaching out to students, universities can educate those who wish to keep abreast of the expansion of knowledge in their field, to improve their competence in their present vocation, to prepare for a new vocation, or to continue their education for other reasons. Eastern Kentucky University's Division of Continuing Education and Outreach meets these needs through extended campus classes, correspondence study, and technologically delivered courses. For information, write to the Division of Continuing Education and Outreach, Eastern Kentucky University, Coates CPO 27A, 521 Lancaster Avenue, Richmond, Kentucky, 40475-3102, or call (800) 262-7493 or (859) 622-2001.

Extended Campus Courses

Eastern Kentucky University supports the philosophy that there should be a close relationship between community, schools, industries, and the University. The extended campus program is designed to serve students who are unable to enroll on the main campus. The Kentucky Council on Postsecondary Education has assigned the University a coordinating district of 22 counties, and given it the mission of providing programs and courses to citizens in the district. The University is also responsible for making programs that are unique to EKV available statewide. In fulfilling this responsibility, the University offers a wide range of courses and programs at the extended campus centers and many other sites in the coordinating district each year.

Extended Campus Centers

Fully equipped and staffed extended campus centers have been established at Manchester, Corbin, and Danville. These centers provide student services and a variety of undergraduate and graduate courses. In addition, Eastern has offices at Fort Knox, Hazard, and Somerset.

The Extended Campus offices may be contacted at the following address or by phone:

Tri-County Center, Corbin	606-528-0551
Tri-County Square Shopping Center	
Danville Center	859-236-6866
Danville Manor Shopping Center	
Manchester Center	606-598-8122
Manchester Square Shopping Center	

These centers are full-service, regional centers that provide you access to EKV close to home. We also have offices at Fort Knox, Hazard, and Somerset.

Fort Knox Office	502-942-8628
Hazard Office	859-439-3544
Somerset Office	606-679-8501

With the cooperation of Hazard Community College and Somerset Community College, Eastern offers upper-division undergraduate courses and graduate courses on their campuses. Cooperative arrangements are made with other universities to offer classes on their campuses as needed.

Distance Learning

Distance learning is a process of delivering instruction to students who are located away from the main campus. Eastern offers various distance learning courses and programs using several different methods of delivery. The primary distance learning methods used are telecourses, (KET) satellite courses, interactive courses using the Kentucky TeleLinking Network (KTLN), Internet courses, and correspondence courses.

Correspondence Courses

Eastern Kentucky University, through the Division of Continuing Education and Outreach, offers a number of college correspondence courses, that may be applied toward a degree from Eastern Kentucky University or other institutions of higher education.

Correspondence courses cover the same material as courses offered on campus. This type of instruction offers an opportunity for the student to be taught on an individual basis.

The Correspondence Course Bulletin lists the courses offered through correspondence and explains the policies and procedures to be followed. Copies of this bulletin are available from the Division of Continuing Education and Outreach. Correspondence course information is also available at <http://www.extendedprograms.eku.edu/cocat.htm>.

KET Telecourses

Eastern Kentucky University, through its membership in the Kentucky Telecommunications Consortium and with the cooperation of the Kentucky Education Television Network (KET), offers college-level classes on television. KET is a statewide television network, and the telecourses are aired weekly on KET stations. Each telecourse offered by Eastern is directed by a faculty member. Telecourses are treated the same as on-campus classes in regard to admission, tuition, and financial aid. Additional information is available at <http://www.extendedprograms.eku.edu/>

Interactive TV (ITV) Courses

The Kentucky TeleLinking Network (KTLN) is a statewide network that uses compressed video to link Kentucky's eight state universities together, as well as community colleges, extended campus centers, public schools, and various state agencies.

Internet Courses

Eastern offers Internet-based courses for both on-campus and off-campus students who have access to the Internet. Online course information is available at <http://www.extendedprograms.eku.edu/courseofferings.htm>. It is recommended that interested students examine the following Web sites:

- Recommended Skills for Taking an Online Course at <http://www.eku.edu/onlinelearning/>
- Policies and Information for Students Enrolling in Online Courses at <http://www.eku.edu/onlinelearning/>

Online courses are treated the same as on-campus classes in regard to admission, tuition, and financial aid.

Community and Workforce Education

Part of the mission of the University is to utilize its resources to provide opportunity and services to our expanded community. Community and Workforce Education provides a wealth of educational opportunities, services and support for the University and our communities to meet that mission. Non-credit classes and activities to meet the needs and dreams of everyone are offered through our area of Community Education. Individuals from business & industry are presented with a wide variety of technical training classes and certification programs focused on career growth and workforce development offered by Training and Development. Professional Conference & Event Services utilizing the Perkins Conference Center and the facilities of the University are also coordinated through this division.

Located in the Perkins Building, Community and Workforce Education is committed to serve the needs of the University and the community. For more information: Community and Workforce Education, 202 Perkins Building, 521 Lancaster Ave. Richmond, Kentucky 40475 or contact offices by phone: Community Education (859) 622-6532, Training and Development (859) 622-2961 and Events (859) 622-6202.

KENTUCKY VIRTUAL UNIVERSITY (KYVU)

KYVU is a student-centered, technology-based system for coordinating the delivery of postsecondary education that meets the needs of citizens and employers across the Commonwealth. The KYVU serves three primary functions: 1) a clearinghouse for quality distance learning opportunities provided by existing institutions both within and outside the state, primarily certificate and degree programs; 2) competency-based credentialing; and 3) a single point of access to statewide student, library, and academic support services.

The KYVU has increased access to higher education opportunities in the state. Courses and programs are offered using a variety of technologies, such as satellite, interactive TV, and online (i.e., via the Internet). Students are able to take courses from their homes, local libraries, and other facilities that have the appropriate technology to receive the instruction. Access to a wide variety of resource materials are available through Kentucky Virtual Library (KVL).

For additional information, see the KYVU home page at www.KYVU.org.

HONORS PROGRAM

The Honors Program seeks to provide intellectually stimulating courses within the general education program for students with excellent academic backgrounds and/or exceptional potential for superior performance in college. The 31 hours of courses that make up the Honors Program all meet requirements of the University's four-year programs. That is to say, regardless of the student's major, the courses taken in the Honors Program will apply to the general education requirements for that major. Thus, honors students complete the program without taking courses beyond those they would take were they not in the Honors Program. Honors course work is in fields such as rhetoric, humanities, social science, and natural science. Any student who successfully completes the full 31 hours of course work in the Honors Program and graduates with a cumulative grade point average of at least 3.0 will qualify as an "Honors Scholar." The University will recognize this achievement at commencement, on the academic transcript, and on the student's diploma, where the phrase "Honors Scholar" will appear.

Advantages to participants of the Honors Program include opportunities to experience an innovative curriculum developed by first-rate instructors in the context of small group sessions. Small classes will allow abundant opportunities for dialogue with the instructors and with the other honors students. From such experiences honors students should further develop their communication skills, problem solving abilities, and analytic reasoning abilities. Development of these skills and abilities should make students especially attractive to employers when they seek to enter the job market or graduate and professional schools, should they choose to further their education beyond the four-year degree.

The criteria for selection to the Honors Program are a high school cumulative grade point average of at least 3.5 on a 4.0 scale, completion of the Kentucky pre-college curriculum or equivalent, and a composite score on the American College Test (ACT) of at least 26 with no individual subject score below 21. Students who do not meet these criteria may request consideration for admission by writing a letter to the director which should include specific and detailed reasons why the student believes that he/she should be admitted to the Honors Program. Students who are national merit semifinalists or finalists are automatically eligible for the Honors Program. Additional information can be obtained from the director by calling (859) 622-1403.

LIBRARIES

The John Grant Crabbe Library and Thomas and Hazel Little addition, which is centrally located on the campus, contains 875,000 volumes and seats over 2,100 students. The building houses several large reading rooms as well as smaller areas for individual and group study. In addition to the main University library, the Elizabeth K. Baker Music Library is in the Foster Building and the Woford K. White Justice and Safety Library is in the Stratton Building.

The libraries provide many Web-based databases, including e.Quest, the online catalog. Other databases are available on CD Rom or through local servers. Most can be accessed from any campus or off-campus center (Corbin, Manchester, and Danville), and from home or remote locations. Consult the library's home page for a current list of sources and access options at <http://www.library.eku.edu>.

TEACHING AND LEARNING CENTER

Located in the historic Keen Johnson Building, the Teaching and Learning Center (TLC) delivers, coordinates, and promotes faculty development at Eastern Kentucky University. Online and in person, the TLC provides support for EKU's talented and dedicated professors. Helping EKU's excellent teachers become even better teachers is a central TLC goal. Ultimately, it is EKU students who benefit from the TLC's work, as they experience the enriched learning environments created by EKU's exemplary--and always developing--teaching faculty.

THE OFFICE OF ENROLLMENT MANAGEMENT

Dr. Aaron Thompson,
Associate Vice President for
Enrollment Management
Student Services Building, Room 340
(859) 622-3047

The Office of Enrollment Management coordinates two kinds of activities: undergraduate academic support activities and academic programs that seek to benefit the entire undergraduate student body.

Academic support is provided at various stages of students' careers by the Offices of Admissions, Advising and Testing, the Registrar, Student Financial Assistance, and International Education. In addition, the Office programs and maintains the CARES (degree audit) system of the University and the coordination of orientation programs.

Academic programs benefitting all undergraduates include the general education and developmental programs, as well as programs in international education.

For courses in Career Counseling and Interpersonal Effectiveness (GCS), Student Development (GSD), Orientation for Undeclared Students (GSO), and Honors (HON), See the Course Description Section of this catalog.

STUDENT SUCCESS INSTITUTE

The Student Success Institute (SSI) consists of Academic Advising, Developmental Education, Academic Testing, First Year Programs, PLUS Mentoring Office, Student Support Services, Summer Orientation, and academic year orientation classes. Some of the programs housed in SSI are: First Steps to College Success, New Student Days, Nova, and parent's organization (FASST) and tutoring programs.

The Student Success Institute focuses on the student's total environment by enlisting help from the family, the community, and the entire campus. The Institute is dedicated to serving students by having a strong coordination of existing programs and departments, creating new programs and departments, and providing a one-stop shopping umbrella for student support beginning with the first year and proceeding to graduation.

ACADEMIC ADVISING

The Office of Academic Advising is responsible for providing administrative support to and coordination of the University's undergraduate advising system. Every Eastern Kentucky University undergraduate is assigned an advisor. Selected departmental faculty serve as advisors to students with declared majors; other faculty and professional advisors serve as advisors for undeclared and developmental students.

In conjunction with the Office of First Year Programs, the Office is responsible for the Orientation Program. Over 2,500 freshmen and transfer students are advised and registered each summer through this program.

ADMISSIONS

The Office of Admissions is responsible for recruitment and admission of qualified students to EKU. This office is also responsible for the processing of applications for new as well as readmitted students and international students. Students who have questions regarding their residency status may address their inquiry to the Office of Admissions (admissions@eku.edu).

ACADEMIC TESTING

The Office of Academic Testing is responsible for the coordination, administration, and planning of academic tests that are requested by the University and education community. Eastern Kentucky University functions as a national test center site for such organizations and companies as the American College Test (ACT), Chauncey Group International, Educational Testing Service, Law School Admission Council, National Commission for Health Education Credentialing, and the Professional Examination Service. Some of the national tests administered by the Office of Academic Testing include: the ACT, National Council for Therapeutic Recreation Certification, Law School Admission Test, Certified Occupational Therapy Assistant and Occupational Therapist Registered exams, Certified Health Education Specialist Exam, Adult and Family Nurse Practitioners, and subject tests for the Graduate Record Examination (GRE). State education certification tests, such as the Kentucky Speciality Test of Interdisciplinary Early Childhood Education and the Kentucky Specialty Test of Instructional and Administrative Practices, are administered by the College of Education.

Other tests administered by the Office of Academic Testing are: the University Writing Requirement, GED, residual ACT, and College-Level Examination Program (CLEP)[®], and University placement tests.

Testing services are provided to assist EKU students and other registered examinees in fulfilling university, state, academic program, certification, and personal career goals. For additional information concerning testing services, please visit our website at www.testing.eku.edu.

DEVELOPMENTAL EDUCATION

The developmental education program helps students achieve academic success by developing or enhancing skill level proficiencies for life-long learning. The program focuses on reading, writing, and mathematics, the skills needed for success in college-level courses. Students must demonstrate basic skill proficiencies in the areas of reading, writing, and mathematics as determined by ACT, SAT or placement test scores. Before confronting a rigorous academic program, students identified through testing as needing additional help in these basic skill areas are required to enroll in developmental courses designed to improve their skills. For transfer students, the University will also consider transfer course work in determining basic skill proficiencies. Additional information about the developmental program can be found at www.enrollment.eku.edu/studentsuccess/develop.php.

First Step to College Success Program

The *Student Success Institute* established the First Step program to address the needs of students placed into developmental courses in mathematics, composition, and/or reading and study skills. In the past, students with such needs have had

difficulty successfully completing their degrees in colleges and universities across the country. This program represents the first step to success in college by helping such students build the academic and social skills needed for a successful college experience.

The program provides intensive instruction in the core areas of reading, writing, and mathematics, Enrichment courses in the program integrate study and test-taking skills with an orientation to the resources offered by the University. Extensive tutorial support from trained and experienced tutors is an integral part of the program. Students admitted to the program study together to form a collaborative learning community characterized by mutual assistance and encouragement. Upon successful completion of the program, students begin taking college-level courses that will lead to academic degrees while completing other developmental requirements, if needed.

Students are selected for the program based on developmental needs. The program has been specifically designed for students entering the University with two or more developmental requirements and students admitted to the University in the Special Admissions category.

EDUCATION PAY\$ CENTER

The Education Pay\$ Center is funded by Kentucky Cabinet for Families and Children to assist qualifying students to develop academic skills, explore careers, and acquire job skills. The project designs services to meet the individual experiences. There is an emphasis on developing employment skills. The Education Pay\$ Center's office is located at Weaver 202; the phone number is (859) 622-6684.

FINANCIAL ASSISTANCE

Financial assistance is available to help students offset the cost of their college education. There are five types of financial aid: grants, loans, employment, entitlements, and scholarships. The grants, loans, and federal work study programs are need-based. To determine how much money and for which programs the student qualifies, he/she must complete the Free Application for Federal Student Aid.

Entitlements include resources from the Veterans Administration and Vocational Rehabilitation. Scholarships are awarded from the University as well as outside sources. For information regarding entitlements. The student should contact the Division of Student Financial Assistance at (859) 622-2361. This office can guide the student to the proper source depending on what type of entitlement or scholarship the student is interested in pursuing.

For scholarship information, the student should contact the Scholarship Office in the Student Services Building, room 129 (859) 622-8032.

The Division of Student Financial Assistance deals primarily with the need-based federal programs: grants, loans, and employment. For more information, please see the "Guide For Meeting Your Educational Expenses". Call the Division of Student Financial Assistance to request a copy. They can be reached at (859) 622-2361.

FIRST YEAR PROGRAMS

Overall satisfaction with college life is an important factor in retention. Recognizing this, the "first year programs" concept represents a deliberate attempt to ensure that first year students are welcomed, celebrated and supported through the use of peer mentors, orientation classes and increased interaction with faculty outside the classroom.

The three-phase first year experience series allows students and families to gain valuable information about themselves, the campus and the ECU community. This three-phase series includes Summer Orientation, New Student Days and an orientation class. The First Year Programs Office seeks to meet the needs of new students both inside and outside of the classroom. Our goal is to create comprehensive programs that will empower first year students to persist to graduation.

INTERNATIONAL EDUCATION AND FOREIGN STUDENT ADVISING

There is a growing awareness of the need for greater international and inter-cultural understanding. The University provides assistance to international students and visitors and attempts to foster a greater commitment and involvement in international education throughout the institution.

Eastern Kentucky University has about 200 international students studying at both the undergraduate and graduate levels. These students represent approximately 40 nations. The Director of International Education (Foreign Student Advisor) serves as the designated University official to assist all international students with their legal requirements and their relations with the United States Office of Immigration and Naturalization Services and other official agencies. The director may also advise and assist international students with other needs as they arise.

The Coordinator of Foreign Programs facilitates international ventures and exchanges across the curriculum and directs arrangements for visiting faculty, scholars, researchers, and specialists from other countries. The Director of ESL maintains the Eastern Kentucky University English Language Instruction program, a pre-college course in English as a Second Language.

Some inter-cultural activities and services provided by the Division of International Education include an orientation for new students, a monthly newsletter, international dinners, international students' organizations and an International Speakers' Bureau. The Division also awards scholarships to international students each semester.

The Division of International Education also promotes the Eastern Kentucky University Study Abroad programs for American students and faculty. Current information on international study, travel, and exchange programs is available. Eastern Kentucky University participates in two study abroad programs: (1) Cooperative Center for Study in Britain (CCSA) which offers courses during Christmas vacation in London, a two-week course in May in Ireland, five-week courses in the summer in England, a junior-year abroad program, and a semester in Oxford program; (2) Kentucky Institute for International Studies (KIIS) has summer study programs in Austria, France, Germany, Italy, Mexico, Spain, China, and Japan.

For more information, contact the Director of International Education, Eastern Kentucky University, 521 Lancaster Avenue, 181 Case Annex, Richmond, Kentucky 40475-3102, or call (859) 622-1478.

NOVA PROGRAM (Student Support Services)

The NOVA Program is a Student Support Services/TRIO project whose legislative purpose is to facilitate the retention and graduation of ECU learners who meet the eligibility requirements of the program. The project pre-identifies incoming freshmen for participation who demonstrate a potential for success in college and who meet the economic and/or first-generation-college-student criteria. Participants are enrolled in a specially designed Freshman Orientation class their first semester and receive a wide range of support services including: academic advising, small group and individualized learning assistance in subject areas and in general academic skills, peer mentoring, financial aid consulting, personal consulting, and appropriate referral services. NOVA retains and graduates students at a statistically significant higher rate as compared to students from the same background. This project is located in the Turley House, second floor, and is open from 8:00-6:00 Monday-Thursday and 8:00-5:00 on Friday.

REGISTRAR

The Office of the Registrar is responsible for services which assist the students, alumni, and university personnel with the preparation of the schedule of classes, the enrollment of students, the preparation, maintenance, security and delivery of the academic records of the University, the preparation of enrollment and athletic reports as required, the preparation of the commencement exercises and with diploma delivery, the academic honors program, the dean's award, the administration of the minimum scholastic standards policy of the University, and maintaining room assignments for all classes.

Continuing students should report to the Office of the Registrar for the following assistance: schedule books; grade reports; transcripts; completion of insurance, governmental, and bank loan forms; class standing; military credit evaluation; name/address changes; withdrawals; and information concerning the academic standards and academic honors programs.

STUDENT EMPLOYMENT

Eastern Kentucky University offers its students two employment programs. One is the federal work study program which provides part-time jobs to students who have financial need as determined by the Application for Federal Student Aid. This program is federally funded. The other is the ECU institutional work program. Eastern Kentucky University provides funds to employ students who want to work on-campus, but do not qualify for the federal work study.

Both of these programs employ students on a part-time basis paying federal minimum wage. Students are paid every two weeks for the hours they have worked. Their job schedule is built around their class schedule. A variety of jobs are available including typing, filing, farm work, food service, resident hall assistants, tutorial work, as well as community service jobs. Contact ECU's Student Employment Office for more information at Student Services Building (SSB), Room 219, hours 8:00 a.m. - 5:00 p.m.; phone (859) 622-1760 or 622-1756.

THE OFFICE OF PLANNING AND ASSESSMENT

**Dr. Elizabeth Wachtel,
Associate Vice President for
Planning and Assessment
Coates 210
(859) 622-2222**

The Associate Vice President for Planning and Assessment is responsible to the Provost and Vice President for Academic Affairs and Research for administration and coordination of the University's strategic planning and institutional effectiveness planning including academic program review and assessment activities. Also, the Associate Vice President serves as vice chair of the Council on Academic Affairs and as vice chair of the Provost Council. The Offices of Cooperative Education, Institutional Research, Natural Areas and Sponsored Programs report to the Associate Vice President for Planning and Assessment. In addition, the Educational Talent Search, Upward Bound and Women's Studies programs report to the office.

COOPERATIVE EDUCATION

Cooperative Education provides the student with an opportunity to blend theory with practice resulting in a balanced education. Learning within the classroom is combined with practical on-the-job training in business, industry, and/or government.

Eligibility to participate in cooperative education is determined by the faculty coordinator in the department of the student's major. Prior to enrolling in cooperative education, students should normally have completed 30 credit hours. Transfer students should have completed one semester at EKU before applying for cooperative education. All students must have at least a 2.0 grade point average when applying for cooperative education, however, this may vary depending on the departmental requirements.

Acceptance of a co-op position for academic credit is contingent upon a suitable training plan through an agreement with the employer.

The amount of credit a student may earn is determined by the academic college or department involved. The University requires a minimum of 80 hours of employment for each semester hour of academic credit. The salary for each position must fall within State and Federal wage guidelines.

Academic credit will be awarded for cooperative education only when the student is enrolled in the University and in the cooperative education program. A maximum of eight semester hours may be applied toward meeting graduation requirements for the associate degree, and a total of sixteen hours toward the bachelor's degree. Cooperative education credit for students pursuing a second undergraduate degree will be determined by the academic department. Total credit hours for a graduate degree are determined by the department involved.

The student will be assigned a supervisor by the employer to provide direction and coordination on the job. The supervisor will also be responsible for providing periodic and final evaluation reports on the student and forwarding this information to the co-op director. Copies of these reports will be forwarded to the faculty coordinator.

Although the supervisor will appraise the performance of each student, the grade will be assigned by the department in accordance with established criteria and through a comprehensive evaluation.

To maximize the benefit to the student, it is assumed that the employer will make every attempt to provide the student with a broad exposure to experiences related to the student's career goals and the nature of the training site. The student should, however, realize that he/she is a full-time or part-time productive employee. The participating employer, the student, and the University will each sign a letter of agreement spelling out the duties of the student.

The majority of EKU co-op students utilize the parallel plan allowing students to work part-time for multiple semesters (three or more semesters) while maintaining a full-time course load. However, some co-op students may also be employed full-time, alternating classroom training with work-based training for a period of two or more semesters, following the employer's schedule. In addition, students may work full-time during the summer semester (twelve weeks). Special plans may also be developed to meet the needs of the student and employer. The student will in most instances return to the same location for each cooperative education experience. A student may however, occasionally be allowed to work for several employers in varying situations as long as the work experience is related to the student's career goals and those of the program. For additional information, contact the Co-op Office at (859) 622-1296, e-mail us at coop@eku.edu, or check out the Co-op website at www.coop.eku.edu.

NATURAL AREAS

Eastern Kentucky University is responsible for the protection and management of three natural areas in Kentucky that serve as outdoor settings for all levels of environmental education and ecological research. These are: Lilley Cornett Woods (Letcher County); Maywoods Environmental and Educational Laboratory (Garrard County); and Pilot Knob State Nature Preserve (Powell County). The Division of Natural Areas is responsible for coordinating the research, educational programs, development, and use of these areas, and provides coordinating and consulting services on the management of natural areas owned by public agencies and private organizations. Natural areas under the supervision of the Division are available for use by the general public for passive recreation activities such as hiking and wildlife photography.

Lilley Cornett Woods, the oldest and most studied protected tract of old-growth forest in eastern Kentucky, is a Registered Natural Landmark (U.S. Department of Interior). The Woods is used primarily for base-line ecological research and advanced undergraduate and graduate instruction by the University and other institutions of higher education. Public use is limited to guided tours in this unique forest.

Maywoods Environmental and Educational Laboratory is used by the University and elementary and secondary schools for environmental education. This 1700-acre forested natural area is an official State Wildlife Refuge used to attract and protect native wildlife through approved wildlife management programs. On-site facilities provided for use of Maywoods as an off-campus conference and workshop location for the University.

Pilot Knob is a Kentucky State Nature Preserve managed by the University by formal agreement with Kentucky State Nature Preserves Commission. Although used primarily for ecological research, the 308-acre preserve is open to the general public for daytime hiking. It is located a short distance from the nationally-

prominent Red River Gorge and it is a popular and scenic natural area easily accessible to central and eastern Kentucky.

The Division also provides on-campus coordination of University affiliation with the marine science program at the Gulf Coast Research Laboratory (Mississippi).

For further information about the use and availability of these natural areas, please call (859) 622-1476 or visit the Web site, www.naturalareas.eku.edu.

TRIO PROGRAMS

Since 1966, three of the seven TRIO projects have been operating at Eastern Kentucky University through grants awarded by the U. S. Department of Education. The Upward Bound project and the Educational Talent Search project serve middle school and high school students from the region, while Student Support Services (see NOVA Program under Enrollment Management) serves EKU students.

Educational Talent Search Program

The Educational Talent Search Program has been at Eastern Kentucky University since 1985. The goal of the program is to assist participants with post-secondary potential from designated Central Kentucky counties to continue in, and graduate from, secondary schools and to then enroll in post-secondary educational programs. Educational Talent Search assists students who want to attend post-secondary institutions by offering services related to the following areas: academic information, career materials, cultural diversity activities, financial aid program resources, and personal development activities. Educational Talent Search also offers assistance to participants in identifying additional support services. The Educational Talent Search Program offers assistance for high school completion through referrals to GED programs and local high schools. Services are also available for those who are enrolling in post-secondary institutions for the first time or for those who are returning. For more detailed information, contact the Educational Talent Search Program at (859) 622-5425 or check out the Educational Talent Search Program's website at www.ets.eku.edu.

Upward Bound Program

The Upward Bound Program has been at Eastern Kentucky University since 1965. The program selects students with college potential in order to improve their academic skills and provide them with the motivation necessary to succeed in college. Students are chosen from ten high schools in the nine counties of Casey, Estill, Garrard, Jackson, Lee, Lincoln, Madison, Powell, and Wolfe. To be eligible, students must be first generation (neither parent can have a college degree) or their family income must meet federal guidelines. Students start the three year program during their sophomore and junior years of high school. Tutoring sessions and on-campus meetings are held during the school year to provide academic assistance as well as financial aid and college admission information. During the summer, a six week residential program includes academic classes, cultural and educational trips, plus social and recreational activities. Tutor advisors (college students) are employed to live in the residence halls with the students to assist them individually with their studies and other program activities.

Interested students from the above counties should contact their high school guidance counselor or write to the Director, Upward Bound Program, Eastern Kentucky University, 500 Begley Building, 521 Lancaster Avenue, Richmond, Kentucky, 40475-3102, or call (859) 622-1080. E-mail: milly.burkhart@eku.edu.

THE OFFICE OF UNIVERSITY DIVERSITY

Sandra Moore,
Special Assistant to the Provost for
University Diversity
Student Services Building, Room 442
(859) 622-6587

The University Diversity Office is a campus wide resource that facilitates the diversity initiatives of the University to promote a climate and culture that respects and celebrates diversity. A significant responsibility of the office is for the recruitment and retention of a diverse student, faculty and staff population.

The Special Assistant to the Provost for University Diversity plays a leadership role in facilitating and implementing the University's diversity goals and is a key advisor to the President, administration and faculty regarding policies, programs and initiatives that are responsive to our commitment to diversity.

College of Arts and Sciences

Dr. Dominick Hart, Dean
Roark 105
(859) 622-1405

www.cas.eku.edu

Dr. Gary Kuhnhehn, Associate Dean
Roark 106
(859) 622-8140

The College of Arts and Sciences offers baccalaureate and masters programs in a wide range of disciplines encompassing the arts, the humanities, the social and behavioral sciences, and the natural and mathematical sciences. The college also offers associate degrees in paralegal studies and science for engineering; preprofessional programs in engineering, forestry, optometry, pharmacy, and medical sciences; and certificate programs in French, German, Japanese, and Spanish. The College of Arts and Sciences also is principally responsible for the University's general education program through which all University students are provided the opportunity to develop the skills, the knowledge, and the discernment essential to the full development of each person as an individual and as a member of society.

Through its many disciplines the College of Arts and Sciences strives to provide all students an excellent education with the most complete and current resources; to provide service to the University and to the community through its academic programs, through such facilities as the Hummel Planetarium, and through the professional development and cultural opportunities sponsored by the college; and to encourage and support research and scholarship in all the disciplines included in the college.

DEGREES OFFERED

The College of Arts and Sciences offers the following baccalaureate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Music Education, Bachelor of Social Work, and Bachelor of Individualized Studies. The Associate of Arts is offered in Paralegal Studies and the Associate of Science in Science for Engineering.

COLLEGE DEGREE REQUIREMENTS

General University degree requirements as set forth in Section Four of this *Catalog* as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Arts and Sciences. In addition, individual programs have specific requirements in regard to minimum GPA's within the major, minimum number of hours to be earned at EKU, and other matters. Students should consult with an advisor or department chair to learn the particular requirements of a program.

Affiliated Activities and Resources

GULF COAST RESEARCH LABORATORY

Eastern Kentucky University is affiliated with the Gulf Coast Research Laboratory, Ocean Springs, Mississippi. This affiliation provides undergraduate and graduate students with the opportunity to take courses and conduct research in marine sciences at an established, well equipped laboratory located on the Gulf of Mexico. Students electing to study at Gulf Coast Research Laboratory do not pay out-of-state tuition.

Courses are taught only at Gulf Coast Research Laboratory, Ocean Springs, Mississippi, during the summer. The Laboratory furnishes the staff for course work and research. Applications for the program and additional information are available in the departments of Biological Sciences, Chemistry, and Earth Sciences and in the Division of Natural Areas.

SCIENCE LEARNING RESOURCE CENTER

The Science Learning Resource Center (SLRC), a division of the College, was established for the purpose of enhancing what the student learns in the classroom via a diverse number of innovative uses of audio-video and computer assisted instruction. Instruction is on an individualized basis and is an extension of the natural and mathematical sciences courses and research efforts. The SLRC, located in the Memorial Science Building, presently contains microcomputers, printers, a plotter, a scanner, a small science library, and audio-video equipment and provides students with computer assisted instruction, computer simulations, and audio-video presentations.

Pre-Professional Curricula

PRE-ENGINEERING CURRICULA

There are two pre-engineering curricula offered by the College of Arts and Sciences.

In the first curriculum, referred to as the **Two-Two Curriculum**, students spend two years at EKU and study basic science, mathematics, and courses for their basic education. Students then transfer their credits to the engineering school of their choice. Students can usually complete a degree in engineering after two years of course work at the engineering school.

TWO-TWOCURRICULUM

- Major Requirements 30 hours**
PHY 201, 202, MAT 124*, 224, 225, CHE 111, 112.
- Supporting Course Requirements 9 hours**
PHY 221, TEC 190 and an approved programming language.
- General Education Requirements 24 hours**
Six hours of English composition, 18 hours selected from the humanities and social sciences to satisfy general education requirements at the chosen engineering school.
- University Requirement 1 hour**
ASO 100.
- Total Curriculum Requirements 64 hours**

*A preparatory course (MAT 109) may be required before admission to MAT 124.

THREE-TWO CURRICULUM

In the second curriculum - the **Three-Two Curriculum** - students spend three years at EKU and then take two years of work in engineering at the University of Kentucky or Auburn University and earn a baccalaureate degree from EKU in physics or chemistry and an engineering degree from the engineering school. The additional year spent at EKU allows students to do more work in a science major, thus improving the breadth of their background.

Variations occur depending upon the engineering degree sought and the differing requirements of the University of Kentucky and Auburn University. Inquiries concerning a specific program should be addressed to the pre-engineering advisor, Department of Physics and Astronomy or Department of Chemistry. A program representative of the first two years is given in the **Two-Two Curriculum** above. The third year curriculum will depend primarily on the undergraduate major sought, either physics or chemistry.

A third option available to a student would be to complete requirements for a baccalaureate degree in physics or chemistry at EKU and then to apply to a graduate school in engineering for admission and graduate studies.

PRE-FORESTRY CURRICULUM

Arrangements made through the Southern Regional Education Board provide for students who wish to prepare as professional foresters to do the first three years of their work at EKU and complete their training in two years and one summer at University of Kentucky or any other accredited school of forestry.

Students may elect a three-year program and graduate with a Bachelor of Science degree with a major in biology by transferring 30 semester hours from an accredited school of forestry.

- Major Requirements 26 hours**
BIO 121, 131, 141, 315, 328, 335, 536.
- Supporting Course Requirements 41 hours**
AGR 215, CHE 111, 112, CON 221, CSC 174, ENG 300, GLY 108, TEC 190, MAT 124*, PHY 131; SPE 100 or 300; STA 215 or 270.
- General Education Requirements 29 hours**
Standard General Education program, excluding course categories 03, 04, 13, 14, 15, 16, 20 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement 1 hour**
ASO 100.
- Free Electives 12 hours**
- Total Curriculum Requirements 110 hours**

*A preparatory course (MAT 109) may be required before admission to MAT 124.

PRE-OPTOMETRY CURRICULUM

Students desiring to enter the competition for admission to an optometry school must complete a minimum of three years of pre-optometry courses and most schools require the student to earn a baccalaureate degree before applying. The application deadline for optometry schools is usually in December. Students must also achieve a high score on the Optometry Admissions Test. A minimum of three years work is required in the optometry school for the Doctor of Optometry (O.D.). Most optometry schools require four years for the O.D., and several universities have graduate programs leading to the M.S. and Ph.D. degrees in addition to programs leading to the O.D.

Requirements for admission to optometry schools vary. Students wishing to enter a pre-optometry program should immediately secure transfer information from the optometry school of their choice and then consult with their pre-optometry advisor.

Courses which students may take to meet requirements for admission to optometry schools should include the following.

- Major Requirements 32 hours**
BIO 121, 141, 320, CHE 361, 362, 366, 367, PHY 131, 132.
- Supporting Course Requirements 19 hours**
MAT 109, 124, 224; PSY 200; STA 270.
- General Education Requirements 23 hours**
CHE 111, 112, six hours of English composition, six hours social science, HPR 180, 282.
- University Requirement 1 hour**
ASO 100.
- Total Curriculum Requirements 75 hours**

Most optometry schools have established quotas on the number of students that they will accept from each state. Because of this limitation, students must be accepted by the school of optometry and be certified as a resident of the state in which they live. Present circumstances are such that Kentucky residents will stand the best chance for acceptance at Indiana University, the University of Alabama, and Southern College of Optometry at Memphis, which have contracts with the Commonwealth of Kentucky. Approved students are exempt from the out-of-state tuition charge at the above schools.

For residents in Kentucky to be accepted under the Kentucky quota, application must be made directly to one of the three contract schools listed above. A Certificate of Residency will be needed which may be secured from the Executive Director, Council on Postsecondary Education, Frankfort, KY 40601. Students from other states should make application to the equivalent board in their state. For further information, the student should consult with the Pre-Medical Science Advisor.

PRE-PHARMACY CURRICULUM

Students who plan to enter the field of pharmacy may take two years of pre-pharmacy and transfer these credits to a pharmacy school. The courses listed below will meet the requirements of most pharmacy schools. Students wishing to enter the curriculum should determine the admission requirements of the pharmacy school of their choice and after consulting their pre-pharmacy advisor, determine which courses to take.

Major Requirements 27 hours
 BIO 141, 171, 320, CHE 111, 112, 361, 362, 366, 367.
Supporting Course Requirements 17 hours
 ECO 230, MAT 124*, PHY 131, 132.
General Education Requirements 27 hours
 Six hours of English composition; 21 hours towards the general education requirements at the chosen pharmacy school.
University Requirements 1 hour
 ASO 100.
Total Curriculum Requirements 72 hours

*A preparatory course (MAT 109) may be required before admission to MAT 124.

PRE-MEDICAL SCIENCES

Students who have career interests in medicine, dentistry, osteopathic medicine, or podiatry may fulfill general admission requirements of specific professional schools by pursuing the Bachelor of Science degree in Biology or the Bachelor of Science (Biochemistry Option) degree in Chemistry. Students pursuing degrees in either department will concentrate in biology and chemistry, with appropriate and complementary courses in humanities, social sciences, and communications. Courses in mathematics and physics will also be required. Students interested in medical fields are assigned to a pre-medical sciences advisor. These advisors work closely with each student to help plan programs of study and prepare for the process of gaining admission to the chosen professional school.

Biology (B.S.)

Major Requirements 35-36 hours
 BIO 121, 131, 141, 315, 316, 320; 328 or 348; 490, 514, one elective in biology at the 300-500 level.
Supporting Course Requirements 32-33 hours
 CHE 111, 112, 361, 366, 362 and 367; MAT 124* or 261*; PHY 131, 132; STA 215 or STA 270.
General Education Requirements 34 hours
 Standard General Education program, excluding course categories 03, 13, 14, 15, 16 and 21. PSY 200 is substituted for HEA 281 for pre-medical and pre-dental students.
University Requirement 1 hour
 ASO 100.
Free Electives 19-27 hours
Total Curriculum Requirements 128 hours

*A preparatory course in mathematics may be required before admission to calculus.

**Chemistry (B.S.)
 Biochemistry Option**

Major Requirements 37 hours
 CHE 111, 112, 325, 361, 362, 366, 367, 471, 472, 473, 480, 481 (2), 530, 531, and 532.
Supporting Course Requirements 37 hours
 MAT 124 224, and 225; PHY 201, 202; BIO 121, 141, 315 or 320, and 331 as free electives.
General Education Requirements 34 hours
 Standard General Education program, excluding course categories 03, 04, 13, 14, 15, 16, and 21. PSY 200 is substituted for HEA 281 for pre-medical and pre-dental students.

University Requirement 1 hour
 ASO 100.
Free Electives 19 hours
Total Curriculum Requirements 128 hours

*Strongly suggested electives include Histology (BIO 547), Embryology (BIO 546), and Animal Physiology (BIO 348).

PRE-VETERINARY MEDICINE

Students who have career interest in veterinary medicine may fulfill general admission requirements of specific veterinary schools by pursuing the Bachelor of Science degree in Biology or the Bachelor of Arts degree in Chemistry. Students pursuing degrees in either department will concentrate in biology and chemistry, with appropriate and complementary courses in humanities, social sciences, and communications. Courses in mathematics and physics will also be required. Students will be assigned to a pre-veterinary advisor. This advisor will work closely with each student to help plan programs of study and prepare for the process of gaining admission to the chosen school of veterinary medicine.

Biology (B.S.)

Major Requirements 35-36 hours
 BIO 121, 131, 141, 315, 316, 320; 328 or 348; 490, 514, or elective in biology at the 300-500 level.
Supporting Course Requirements 32-33 hours
 CHE 111, 112, 361, 366, 362 and 367; MAT 124* or 261*; PHY 131, 132; STA 215 or STA 270.
General Education Requirements 34 hours
 Standard General Education program, excluding course categories 03, 13, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
University Requirement 1 hour
 ASO 100.
Free Electives** 19-27 hours
Total Curriculum Requirements 128 hours

*A preparatory course in mathematics may be required before admission to calculus.

Chemistry (B.A.)

Major Requirements 30 hours
 CHE 111, 112, 325, 361, 362, 366, 367, 470, six hours of upper division chemistry electives.
Supporting Course Requirements 13-14 hours
 MAT 124* or 261*; PHY 131 or 201; PHY 132 or 202. It is recommended and expected that pre-medical and pre-dental students in this degree program also take BIO 141, 211, 315, 320, 348, 546, 547 as free electives.
General Education Requirements 40 hours
 Standard General Education program, excluding course categories 14, 15, 16 and 21. PSY 200 is substituted for Health 281 for pre-medical and pre-dental students. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
University Requirement 1 hour
 ASO 100.
Free Electives** 41-44 hours
Total Curriculum Requirements 128 hours

- * A preparatory course in mathematics (MAT 109) may be required before admission to calculus.
- ** Properly selected electives will allow a student to complete pre-veterinary medicine training.

DEPARTMENT OF ANTHROPOLOGY, SOCIOLOGY, AND SOCIAL WORK

Chair
Dr. Steven Savage
(859) 622-1644
Keith 223

Faculty

M. Allen, A. Banks, P. Black, K. Carmean, J. Curra, J. Gibson, M. Goldstein, M. Gore, M. Huff, D. Smith, S. McSpirit, M. Miranda, P. Moore, P. Paolucci, P. Peacock, D. Smith, E. Underwood, R. Welch, and P. Winther

Social Work Program

To major in social work a student must declare social work as a first major. To enroll in either of the practicum courses, SWK 390 or SWK 490, a student is required to complete the prerequisites for the specific course; maintain a cumulative grade point average of 2.25; attain a minimum grade of "C" in each course specified for the major and supporting courses; and apply for admission to the specific practicum course the semester prior to enrollment. For additional information, contact the practicum instructor.

ADMISSION

Any student who is accepted by the University Admissions Office and declares their major as social work will be admitted as a pre-social work major. Admission to pre-social work does not guarantee admission to the Professional Social Work Program. For admission requirements and procedures see the Program Coordinator.

Baccalaureate Degrees

ANTHROPOLOGY (B.A.)

CIP Code: 45.0201

Major Requirements 33 hours

ANT 120, 201, 210, 211, 350, and eighteen hours selected from four of the following five categories:
 Archaeology: ANT 353, 355, 357, 360, 439, 470 or equivalent;
 Cultural Anthropology: ANT 325, 340, 375, 390, 395, 399, or 415;
 Cultural Area Course: ANT 330, 331, 333, 360, or 435;
 Linguistics: ANT 310;
 Physical Anthropology: ANT 365, 380, or 385;
 ANT 590 will be classified where appropriate.

General Education Requirements 52 hours

Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
ASO 100.
Free Electives 42 hours
Total Curriculum Requirements 128 hours

SOCIAL WORK (B.S.W.)

CIP Code: 44.0701

Major Requirements 45 hours
SWK 210, 225, 310, 311, 335, 350, 354, 355, 358, 360, 390, 410, and 490.

Supporting Course Requirements 15 hours
POL 101, PSY 200, SOC 131, 232, and 400.

General Education Requirements 46 hours
Standard General Education program, excluding course categories 09 and 12. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 21 hours
To broaden their experience and knowledge, students are encouraged to complete their programs with electives selected from anthropology, child development, economics, health, foreign language, law enforcement, political science, psychology, recreation, sociology, special education, and speech.

Total Curriculum Requirements 128 hours

SOCIOLOGY (B.A.)

CIP Code: 45.1101.01

Major Requirements 30 hours
SOC 131, 232, 395, 461, a minimum of three hours from SOC 420, 460, 463, or 470; and 15 hours of sociology electives, 12 of which must be upper division hours.

General Education Requirements 52 hours
Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 45 hours
Total Curriculum Requirements 128 hours

Minors

MINOR IN ANTHROPOLOGY

A student may minor in anthropology by taking a minimum of 18 hours as follows: ANT 120, 201; ANT 210 or 211; and nine hours of upper division anthropology electives.

MINOR IN DEVIANCE/CRIMINOLOGY

A student may minor in Deviance/Criminology by completing the following courses: SOC 131, SOC 313, SOC 340, SOC 375, and nine hours from ANT 380, FOR 301, HEA 345, CRJ 325, PSY 308, or SOC 347. Note that some of the required and elective courses have prerequisites.

MINOR IN SOCIAL WELFARE

A student may minor in social welfare by completing the following courses: SOC 131; SWK 210, 310, and 311; three hours from POL 341, 370, 371, or 374; and six hours from SWK 410, 456, 457, SOC 313, 340, 353, 365, 410, 420, 450, PLA 220, ECO 130, 231, or 365.

MINOR IN SOCIOLOGY

A student may minor in sociology by completing the following courses: SOC 131 and 15 hours of sociology electives, 12 of which must be upper division. Three hours of upper division anthropology may be applied to the 15 hours.

Certificates

CERTIFICATE IN PUBLIC CHILD WELFARE

The Public Child Welfare Certification Program requires an application and interview process, practicum experiences in public welfare agencies, post graduation work commitment and maintenance of a 3.0 GPA in social work courses. In addition to the BSW degree requirements students must complete **SWK 450**.

See the Social Work Program Coordinator for more complete information on the application and requirements for the Public Child Welfare Certification Program.

Printmaking 2D: ART 331, 332, 333, 432, and 434.
Sculpture 2D: ART 321, 322, 323, 423, and 424.
 - Supporting Course Requirements** 15-18 hours
Graphic Design: DES 251, 252, 254, 353, 452, and 3 hours advisor-approved electives.
Interior Design: ADM 302; CON 250; TEC 331; INT 195 and 3 hours advisor-approved electives.
All other areas: 9 hours of ART/DES electives, 3 hours advisor-approved elective, and
2D majors: 6 hours outside major studios from ART 312, 331, or 381.
3D majors: 6 hours outside major studios from ART 321, 341, or 371.
 - General Education Requirements** 46 hours
Standard General Education program, excluding course categories 07 and 08. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
 - University Requirement** 1 hour
ASO 100.
 - Free Electives** 2 hours
 - Total Curriculum Requirements** 128 hours
- *Probationary candidacy and eventual advanced study for the BFA is conditional upon meeting qualifications and having a portfolio reviewed no earlier than the fourth semester (transfers must have 24

hours in Art and/or Design). Students wishing to pursue the BFA degree should consult with a departmental advisor to obtain a copy of the "Entrance Criteria and Degree Requirements for the BFA in Art and Design" in effect for their area at the time of their initial application for admission to the program.

**Students not meeting the requirements for DES 421 will take other ART/DES electives or repeat ART/DES required courses.

Minors

MINOR IN ART (ART HISTORY)

A student may minor in art history by completing a minimum of 18 hours as follows: ART 390, 391, 562 and nine hours of art history electives.

MINOR IN ART (STUDIO)

A student may minor in art studio by completing a minimum of 18 hours as follows: ART 100, 152, 153; 390 or 391; and six hours of art electives.

MINOR IN ART (TEACHING)

A student may minor in art (teaching) by completing a minimum of 24 hours as follows: ART 100, 152, 153, 210, 390, 391, 460; EME 439 or ELE 361.

MINOR IN INTERIOR DESIGN

A student may minor in Interior Design by completing a minimum of 24 hours as follows: CON 250; INT 195; DES 122, 230, 327, and 6 hours of DES electives.

DEPARTMENT OF BIOLOGICAL SCIENCES

Baccalaureate Degrees

BIOLOGY (B.S.)

CIP Code: 26.0101

Major Requirements 35-36 hours

Biology Core

BIO 121, 131, 141, 315, 316, 320; 328 or 348; 490, 514, and one elective in biology at the 300-500 level.

Options

Aquatic Biology 15 hours

BIO 525, 542, 557, 558, and one course from BIO 340, 556, 561.

Botany 15-16 hours
BIO 335, 521, 598**, and two courses from BIO 522, 525, 536, 599; BIO 531 or CHE 530 and 532.

Microbial, Cellular and Molecular Biology

..... 15 hours

BIO 331, 527 or 530, 531, and at least five hours from BIO 511, 527 or 530 (must take course not taken as requirement in the option), 528, and 598.

Supporting Course Requirements 32-33 hours

CHE 111, 112, 361, 366, 362 and 367; MAT 124* or 261*; PHY 131, 132; STA 215 or STA 270.

General Education Requirements 34 hours

Standard General Education program, excluding course categories 03, 13, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour

ASO 100.

Free Electives 6-26 hours

Total Curriculum Requirements 128 hours

*Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

**Must enroll for 3 hours credit.

BIOLOGY/TEACHING (B.S.)

CIP Code: 26.0101

Refer to the College of Education section of this *Catalog* regarding several teacher certification requirements associated with this degree program.

Major Requirements 35-36 hours

BIO 121, 131, 141, 315, 316, 320; 328 or 348; 490, 514, one biology elective at the 300-500 level.

Strongly recommended: completion of a minor.

Supporting Course Requirements 33-37 hours

CHE 111, 112, 361, 366; 362 and 367, or 330; CSC 104; MAT 107 or 109 or 124* or 261*; PHY 131; PHY 132 or GLY 108; STA 215 or STA 270.

Professional Education Requirements 31 hours

EDF 103, 203, 319, 413, SED 401, ESE 441, 498, 499.

General Education Requirements 31 hours

Standard General Education program, excluding course categories 03, 04, 13, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour

ASO 100.

Total Curriculum Requirements 133-136 hours

*Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

ENVIRONMENTAL STUDIES (B.S.)

CIP Code: 26.0603

Major Requirements 33-34 hours

BIO 121, 131, 316, 320; CHE 111, 112; GLY 108 and GLY 109 and GLY 415 or GLY 504.

Supporting Course Requirements 18 hours

CSC 104 or CIS 212, EHS 280, ENG 300, PHI 130, POL 374; STA 215 or STA 270.

Students Majoring in Environmental Studies must Select One of the Following Program Options: 15-17 hours

Land Resources 12-13 hours
BIO 490; BIO 558 or GLY 535; BIO 521 or BIO 536;
must choose 2 of the following: AGR 315 or 318; ECO
340, EHS 300, 335.

Natural History 16 hours
BIO 514, 553, 554; BIO 335 or BIO 536; BIO 542 or
556 or 557; BIO 490.

Supporting Course Requirements in the

Options 18-21 hours

Land Resources 22-23 hours
AGR 215, CHE 325, GEO 325, 351 and 353, MAT 107
and MAT 108, or MAT 109; must choose 1 of the
following: BIO 489, CHE 495, GEO 498, GLY 398.

Natural History 19-21 hours
BIO 141, 315; MAT 107 and 108, or 109; Must choose
2 of the following: ANT 350; BIO 328 or 348; BIO 335,
525, 536, 542, 556, 557, GEO 351, HIS 516.

General Education Requirements 28 hours
Standard General Education program, excluding general
education course categories 03, 04, 07, 13, 14, 15, 16 and 21.

University Requirement 1 hour
ASO 100.

Free Electives 8-12 hours

Total Curriculum Requirements 128 hours

WILDLIFE MANAGEMENT (B.S.)

CIP Code: 03.0601

Major Requirements 60-62 hours
BIO 121, 131, 141, 316, 335, 381, 382, 489, 490, 514, 553,
554, 557, 584, 585, 586, 587; 558 or 561; BIO 380 or GEO
325.

Supporting Course Requirements 23 hours
CHE 101, 102; MAT 108 or MAT 261*; STA 215 or STA
270; AGR 215; GEO 351, 353.

General Education Requirements 34 hours
Standard General Education program, excluding course
categories 03, 13, 14, 15, 16 and 21. Refer to Section Four of
this *Catalog* for details on the General Education and
University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 6-10 hours

Total Curriculum Requirements 128 hours

*Preparatory course in mathematics (MAT 109) may be required
before admission to MAT 124.

Minors

MINOR IN BIOLOGY

A student may qualify for a minor in biology by completing
21 semester hours to include BIO 121, 131, 141, and nine
additional hours selected from those 300 through 500 level courses
normally taken for one of the majors in the department.

Students may also seek a minor in biology in conjunction with
the completion of a teaching certificate, which will qualify them to
teach biology at the secondary level. Teacher certification with a
minor in biology requires the same 21 semester hours of course
work stipulated in the above paragraph.

DEPARTMENT OF CHEMISTRY

Faculty

**D. Bautista, M. Brock, R. Fraas, S. Godbey, T. Otieno, J.
Reeder, A. Schick, W. Schulz, F. Shaw, V. Stubblefield, D.
Vance, and L. Wilson**

Baccalaureate Degrees

CHEMISTRY (B.A.)

CIP Code: 40.0501

Major Requirements 30 hours
CHE 111, 112, 325, 361, 362, 366, 367, 470, plus six hours of
upper division chemistry electives (which may include FOR
411).

Supporting Course Requirements 14-54 hours

Chemistry Option 14 hours

MAT 124; ^ PHY 131 or 201; PHY 132 or 202.

Chemistry Teaching Option*: 54 hours

MAT 124; ^ PHY 131 or 201; PHY 132 or 202; CNM
101, 102; EDF 103, 203; EPY 319, 413; SED 401; ESE
451, 490, 499; GLY 302.

General Education Requirements 37-40 hours

Standard General Education program, excluding course
categories 14, 15, 16 and 21. Additionally, Category 13 is
excluded for the Teaching option. Refer to Section Four of
this *Catalog* for details on the General Education and
University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 3-42 hours

Total Curriculum Requirements 128 hours

^ Preparatory course in mathematics (MAT 109) may be required
before admission to MAT 124.

*Following this curriculum and passing the appropriate standardized
teacher exams will lead to certification to teach chemistry at the
secondary education level.

CHEMISTRY (B.S.)

CIP Code: 40.0501

Major Requirements 37-44 hours

Chemistry Core 28 hours

CHE 111, 112, 325, 361, 362, 366, 367, 471, 472, 473
(2) and must include one of the following options.

Options

Biochemistry 9 hours

CHE 480, 481, 530, 531, 532.

Chemistry 16 hours

CHE 480, 481, 515, 525, 530, 550. For the program to
be approved by the ACS, the student must elect six
additional hours of advanced chemistry courses.

Supporting Course Requirements 22-37 hours

Biochemistry 37 hours

BIO 121; 131 or 141; 331; 315 or 320; MAT 124*, 224,
225, PHY 201, 202.

Chemistry 22 hours
MAT 124*, 224, 225, PHY 201, 202. A year of foreign language is recommended.

General Education Requirements 33-37 hours
Standard General Education program, excluding course categories 03, 14, 15, 16 and 21 (chemistry) or course categories 03, 13, 14, 15, 16 and 21 (biochemistry). Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 17-24 hours

Total Curriculum Requirements 128 hours

* Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

FORENSIC SCIENCE (B.S.)

CIP Code: 43.0106

Major Requirements 53-54 hours

Core Requirements 39 hours
CHE 111, 112, 325, 361, 362, 366, 367, 470, FOR 301, 411, 465, 495* and must include one of the following options.

Forensic Chemistry Option 16 hours
FOR 412, 451, six hours of 400 level forensic science electives, three hours upper division chemistry electives.**

Forensic Biology Option 14-15 hours
BIO 121, 315, 331 or 531; CHE 530 or 531.

Supporting Course Requirements 19-20 hours
LAS 210 or PAD 316; MAT 124*** or 261***; PHY 131 or 201; PHY 132 or 202; STA 270.

General Education Requirements 37 hours
Standard General Education program, excluding course categories 03, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 13-18 hours

Total Curriculum Requirements 128 hours

Must have a cumulative GPA of 2.5/4.0 or better.

*May be retaken to a maximum of 12 hours, but only the required six hours are counted toward the major.

**CHE 330, 349 and 495 may not be used toward the upper division chemistry requirement.

***Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

Minors

MINOR IN CHEMISTRY

A student may minor in chemistry by completing CHE 111, CHE 112, plus an additional 12 hours of upper division chemistry. [Note: Given the scope of the required PRAXIS exam that must be passed for a certificate extension in chemistry, the following courses are particularly recommended for students seeking a teaching minor in chemistry: CHE 325, 330, 361/366, and 470.]

MINOR IN CHEMISTRY (TEACHING)

A student may obtain a teaching minor in chemistry by completing CHE 111, CHE 112, plus an additional 12 credits of upper division chemistry.

DEPARTMENT OF COMPUTER SCIENCE

Chair

Dr. Jaleh Rezaie
(859) 622-2398

Faculty

D. Fields, B. Janeway, C. Rhee, E. Styer, A. Tarek, K. Wong, and S. Zhang

Baccalaureate Degree

COMPUTER SCIENCE (B.S.)

CIP Code: 11.0101

Program Objectives

Upon completion of this program the graduate will: (1) have a working knowledge of some common programming languages and operating systems; (2) have experience with analysis of software systems, design, documentation, and implementation techniques both as an individual and as a member of a design team; (3) have experience with analysis of hardware systems, design, and implementation techniques; and (4) be qualified for employment as a computer scientist in industry or in government. In addition, (1) graduates under the accredited general computer science option will be prepared to enter a graduate program in computer science; (2) graduates under the computer technology option will be able to take appropriate network certification examination(s), such as Microsoft Network Certification; and (3) graduates under the computer technology option will be qualified to program industrial and process control systems.

Major Requirements 48-54 hours

Computer Science Core 42 hours

CSC 160, 190, 191, 195, 200, 302, 310, 312, 330, 340, 370, 440, 460 and two of CSC 300, 320, 350, 390, 400, 425, 490, 540, 545, 546 and 550 that are not required by the option.

Options

Computer Science (General) 6 hours
(Accredited by the Computer Science Accreditation Commission of the Computer Science Accreditation Board)

CSC 320, 400.

Computer Technology 12 hours

EET 254, 302, 303, 354.

Supporting Course Requirements 21-35 hours

Computer Science (General) 31-35 hours

EET 252; MAT 124 or 124H; 214; 224 or 224H; STA 270. Four courses in the natural sciences which must include one biological lab science course and one physical lab science course. Two of these four courses must also be one of the following sequences: BIO 131, 141; CHE

111, 112; GLY 108, 109; or PHY 201, 202. The other two courses must be chosen from the above sequence courses or from the following: PHY 131, 132; or any 200 level or above science course that counts toward a science major.

Computer Technology 21-22 hours
3 hours of CSC 349¹; EET 251, 252, 253, 257; EET 351; one of MAT 124*, 124H, 211* or 261*.

General Education Requirements 31-43 hours
Computer Science (General) 31 hours
Standard General Education program, excluding categories 03, 04, 13, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Computer Technology 43 hours
Standard General Education program, excluding categories 03, 04, and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
ASO 100.

Free Electives 6-17 hours

Computer Science (General) 10-17 hours

Computer Technology 6-9 hours

Total Curriculum Requirements 128 hours

¹Under special circumstances, a student may seek an administrative waiver of the CSC 349 requirement from the Computer Science Curriculum Committee and the department chair. Waiver recipients are required to complete three semester hours of additional course work approved by the Computer Science Curriculum Committee.

* Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

Minors

MINOR IN COMPUTER SCIENCE

A student may minor in computer science by completing CSC 160, 190, 191, 195, 302, 310, 330 and one of CSC 200, 312, or 320.

ECONOMICS (B.A.)

CIP Code: 45.0601

Major Requirements	33 hours
A minimum grade of "C" is required in all courses counted towards the major.	
Economics Core	21 hours
ECO 220, 230, 231, 320, 330, 331, and 420 or 490. Majors must select an option in General Economics, Applied Economics, International Economics, or Public Policy. General Economics students must take ECO 420.	

Options	12 hours
General Economics	12 hours
Twelve hours of upper division economics courses.	
Applied Economics	12 hours
ECO 300, 315, and six hours of upper division economics courses.	
International Economics	12 hours
ECO 394, 395, and six hours of upper division economics courses.	
Public Policy	12 hours
ECO 315, 365, and six hours from ECO 324, 333, 370, 394, 580 or 590.	

Supporting Course Requirements **21 hours**
 Additional supporting course requirements beyond those specified below must be approved by the advisor in consultation with the Chair of the Department of Economics.

General Economics: MAT 211 plus 18 hours of courses as noted above.

Applied Economics: MAT 107 or 211; six hours of courses as noted above; and twelve hours from a list of approved courses within specific program areas, including (but not limited to) Agriculture, Construction Technology, and Travel and Tourism.

International Economics: MAT 107 or 211; six hours of courses as noted above; and one of the following three alternatives: (1) twelve hours of foreign language, (2) twelve hours of area studies to be pre-approved by the advisor and the Chair, or (3) twelve hours from the core and elective courses listed in the International Studies minor.

Public Policy: MAT 107 or 211; POL 101, 321, 374; three hours from POL 370, 371, 377; plus six hours of courses as noted above.

General Education Requirements **49 hours**
 Standard General Education program, excluding general education course category 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement	1 hour
ASO 100.

Baccalaureate Degrees

ENGLISH (B.A.)
CIP Code: 23.0101

Major Requirements 39 hours

Core 24 hours

ENG 301, 302**, 350, 351, 352, 353, 410, and 474.

Options

Literature Emphasis 15 hours

A minimum of 15 additional upper division literature hours, three of which must be in British literature and three in American literature, nine of the hours must be at the 400 and 500 level.

Creative Writing Emphasis 15 hours

A minimum of 15 additional hours selected from the following: ENG 306, 307, 406, 420, 502 or one course, for which prerequisites have been met, from the Technical Writing Emphasis.

Technical Writing Emphasis 15 hours

A minimum of 15 additional hours to include ENG 300, 400, 420, 500 (may be taken twice but must include at least one practicum); 510 or one of the following crossover courses in the Creative Writing Emphasis, assuming prerequisites have been met: 306, 307, 406, 502.

Supporting Course Requirements

Literature Emphasis 12 hours

Six hours of a particular foreign language* or American Sign Language and six hours from the following with no more than three hours from any one group: SPE 210, 300, 310; HIS 336, 340, 345, 346; THE 390, 391; CIS 212 or CSC 104.

Creative Writing Emphasis 12 hours

Six hours of a particular foreign language* or American Sign Language and six hours from the following with no more than three semester hours from any one group: SPE 320, 350; COM 201, JOU 305, 307; CIS 212 or CSC 104.

Technical Writing Emphasis 18 hours

Six hours of a particular foreign language* or American Sign Language and twelve hours from any three tracks following: ACS 201, 290, 302, 480; ART 152, 356; BEM 375; CIS 212 or CSC 104, CIS 240; COM 320A (1 hour credit) and additional one-hour courses from 320B, 320E, 320G, 320H, and 320I; PMT 211 & 212 (lab), 217, 316, 317; SPE 300, 320, 350, 353.

General Education Requirements 52 hours

Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour

ASO 100.

Free Electives 16-24 hours

Total Curriculum Requirements 128 hours

* 3-6 hours may be waived for high school foreign language study. For details, see Foreign Language Placement and Waiver Guidelines.
**Should be taken before enrolling in upper level literature courses (with the exception of ENG 350, 351, 352, and 353).

ENGLISH/TEACHING (B.A.)

CIP Code: 23.0101

Major Requirements 33 hours

ENG 301, 302**, 350 or 351; 352 or 353; 405, 410, 474; 510 or 520; and at least nine additional upper division literature hours, three of which must be American literature and three British literature; six of these additional hours must be at the 400 level or above.

Supporting Course Requirements 6 hours

Six hours of one foreign language* at the appropriate level or American Sign Language.

Professional Education Requirements 34 hours

EDF 103, 203, 319, 413, SED 401; ESE 443, 498, 499, and 574.

General Education Requirements 52 hours

Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Free Electives 2 hours

University Requirement 1 hour
ASO 100.

Total Curriculum Requirements 128 hours

* 3-6 hours may be waived for high school foreign language study. For details, see Foreign Language Placement and Waiver Guidelines.
**Should be taken before enrolling in upper level literature courses (with the exception of ENG 350, 351, 352, and 353).

TEACHING ENGLISH AS A SECOND LANGUAGE ENDORSEMENT

Students planning to add a teaching English as a second language endorsement to their certification need to take ENG 510, 515, 520, and, in addition to other teacher education requirements listed, EMS 575.

PERFORMING ARTS (B.F.A.)*CIP Code: 50.0501*

- Major Requirements** 65 hours
THE 110, 135, 200, 235, 280, 285 (2), 130/330 (3), 340 (2), 341, 385 (2); 390 or 391; 498; eight hours of applied voice: (MUS 122, 222, 322, 422), MUS 181, 182, three hours from 272, 273, 371, or 372, and two hours vocal ensemble consisting of appropriate sections of MUS 225 or 226 starting the first semester of entrance into the program. Candidates must meet piano certification requirements as stated in the music section of this *Catalog*. - General Education Requirements** 52 hours
Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement** 1 hour
ASO 100.
- Free Electives** 10 hours
- Total Curriculum Requirements** 128 hours

THEATRE/TEACHING (B.A.)*CIP Code: 23.1001.02*

- Major Requirements** 28 hours
THE 110, 135, 150, 200, 220, 235, 130/330 (2), 341; 390 and 391.
- Supporting Course Requirements** 9 hours
SPE 100, 205 and 210.
- Minor Requirements** 27 hours
A 27-hour teaching minor in English is required. ENG 301, 302, 350 or 351; 352 or 353; 405, 410; 510 or 520; 335 or 430; and ESE 574.
- Professional Education Requirements** 31 hours
EDF 103, 203, 319, 413, SED 401; ESE 443, 498, and 499.
- General Education Requirements** 50 hours
Standard General Education program, excluding course in Category 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement** 1 hour
ASO 100.
- Total Curriculum Requirements** 146 hours

THEATRE (B.A.)*CIP Code: 50.0501*

- Major Requirements** 41 hours
THE 110, 135, 150, 200, 210, 220, 235; 285 or 385; three hours from THE 310, 311 or 320; THE 341, 390, 391, 430, 130/330 (4).
- General Education Requirements** 52 hours
Standard General Education Program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement** 1 hour
ASO 100.
- Free Electives** 34 hours
- Total Curriculum Requirements** 128 hours

Minors**MINOR IN ENGLISH**

- Requirements** 18 hours
ENG 301, 302**, and at least 12 additional upper level hours in literature and/or writing courses.

**Should be taken before enrolling in upper level literature courses (with the exception of ENG 350, 351, 352, and 353).

MINOR IN ENGLISH (TEACHING)

- Requirements** 24 hours
ENG 301, 302**, 350 or 351; 352 or 353; 405, 410; 510 or 520; and at least three additional upper level hours. Minor is available only to students having a teaching major in another field.
- Supporting Course Requirements** 3 hours
ESE 574.
- Total Curriculum Requirements** 27 hours

**Should be taken before enrolling in upper level literature courses (with the exception of ENG 350, 351, 352, and 353).

MINOR IN THEATRE ARTS

- Requirements** 18 hours
THE 110, 135, 130/330 (3), 341; 390 or 391; and three hours of theatre arts electives.

MINOR IN THEATRE ARTS (TEACHING)

- Requirements** 21 hours
THE 110, 135, 130/330 (3), 341; 390 or 391; and six hours of theatre arts electives.

DEPARTMENT OF FOREIGN LANGUAGES AND HUMANITIES**Chair**

Dr. Jose Varela
(859) 622-2996
Case Annex 368

Faculty

S. Bailey, A. Bettler, D. Carter, M. Cortes-Castaneda, K. Hill, E. Kim, R. King, T. Kiogora, M. Kwak, T. Langenbruch, U. Shin, and N. Wright

1. Certain courses may be inappropriate for students with native or near-native fluency in a particular language; therefore, written approval from the department chair must be obtained by such students wishing to enroll for credit in these courses.
2. Students must earn 30 of the last 36 hours, exclusive of student teaching, through ECU.
3. Students who transfer credits must earn no fewer than 15 upper-division hours in the major and 9 upper-division hours in the minor at ECU, the exact minimum to be determined by the department chair in consultation with the foreign language faculty.

4. Eastern Kentucky University students are required to obtain the department chair's written prior approval of any course work they plan to transfer back to EKU for application to the major or minor.
5. A grade of "C" or higher is required in each course to be applied toward the major and minor.
6. Students in teaching programs must attain a minimum 2.5 GPA in their teaching major to be recommended for student teaching.
7. All majors must pass a departmental proficiency exam which covers spoken and written language, culture, and literature; teaching majors must pass the proficiency exam to be recommended for student teaching. Students will ordinarily take the exam no later than in the first semester of their senior year.

Baccalaureate Degrees

FRENCH (B.A.)

CIP Code: 16.0901

- Major Requirements 30 hours**
 A student may major in French by completing a minimum of 30 semester hours in French courses numbered 200 and above. The following courses are required: FRE 340, 360; six hours from FRE 303, 313, 314, 315, 316, or 400; and nine hours of upper division electives. A grade of "C" or higher is required in each course for credit toward the major. Students are also required to pass a departmental proficiency exam which covers spoken and written language, culture, and literature.
- Supporting Course Requirements 3 hours**
 FCC 220 is required. Strongly recommended: six hours in a second foreign language; three hours each in upper division English courses in grammar and literature; HIS 354.
- General Education Requirements 49 hours**
 Standard General Education program, excluding category 07. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement 1 hour**
 ASO 100.
- Free Electives 45 hours**
- Total Curriculum Requirements 128 hours**

FRENCH/TEACHING (B.A.)

CIP Code: 16.0901

- Major Requirements 30 hours**
 A student may major in French by completing a minimum of 30 semester hours in French courses numbered 200 and above. The following courses are required: FRE 340, 360; six hours selected from FRE 303, 313, 314, 315, 316, or 400; and nine hours of upper division electives. A grade of "C" or higher is required in each course for credit toward the major. Students must attain a 2.5 GPA in their teaching major and must pass a departmental proficiency exam, which covers spoken and written language, culture, and literature, to be recommended for student teaching.
- Supporting Course Requirements 3 hours**
 FCC 220 is required. Strongly recommended: six hours in a second foreign language; three hours each in upper division English courses in grammar and literature; HIS 354.

- Professional Education Requirements 34 hours**
 EDF 103, 203, 319, 413; SED 401; EME 442, EMS 499; ESE 443 and 490.

Baccalaureate Degrees**GEOGRAPHY (B.A.)**

CIP Code: 45.0701

Major Requirements 39 hours**Geography Core 15 hours**

GEO 200, 210, 220, 351, and 490.

Geography Electives 24 hours

(18 hours must be upper division)

Majors are strongly encouraged to select their GEO elective hours and free elective hours in consultation with an advisor from one of the speciality areas below:

Specialty Areas:**Global Studies**

GEO 205, 302, 322; 3 hours from GEO 341, 342, 343, 344, or 347; and 6 hours from ANT 435; ECO 394; GEO 330; HIS 347; POL 220; or an Accredited Study Abroad Program.

Geotechniques

GEO 353, 355, 553, 555, and 556.

Natural Resources

GEO 302, 330, 435; GEO 325 or 430; and 6 hours of upper-division BIO, NAT, GLY, or EHS in consultation with advisor.

Community and Regional Planning

GEO 225; GEO 321 or 330; GEO 430 or 525; 6 hours from GEO 321, 325, 330, 435; and 6 hours of upper-division SOC, POL, RST, SPE or EHS in consultation with advisor.

Supporting Course Requirements 12 hours
 CIS 212; GLY 108; SOC 232; and ECO 120 or ECO 230.

General Education Requirements 43 hours
 Standard General Education program, excluding course categories 04, 09, and 14. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 ASO 100.

Free Electives 33 hours

Total Curriculum Requirements 128 hours

Note: Students interested in Travel and Tourism should contact the Department of Geography.

GEOGRAPHY/TEACHING (B.A.)

CIP Code: 45.0701

Major Requirements 30 hours
 GEO 200, 210, 220, 302; GEO 321 or 322; GEO 330; 3 hours from GEO 341, 342, 343, 344, or 347; GEO 450, GLY 108, and three hours of upper division geography electives.

Minor 21 hours
 Unless the student has a second major in an appropriate discipline, a 21 hour teaching minor is required. A history (teaching) minor is strongly recommended to complement the geography major, but state requirements also permit a minor in Art, English, French, Mathematics or Spanish.

Professional Education Requirements 31 hours
 EDF 103, 203, 319, 413; SED 401; ESE 449, 490, and 499.

General Education Requirements 46 hours
 Standard General Education program, excluding course categories 12 and 14. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 ASO 100.

Paralegal Program

The paralegal programs offer a Bachelor of Arts degree in paralegal science and an Associate of Arts degree in paralegal studies. The objectives of the programs are: (1) to create, implement, and maintain a strong, flexible program directed to the quality education of occupationally competent paralegals; (2) to provide a paralegal education program that leads to employment of its graduates by a wide range of employers; (3) to provide paralegals with a well-rounded, balanced education founded on a beneficial mix of general education, theory, and practical courses stressing understanding and reasoning rather than rote learning of facts; (4) to support the general principles of ethical legal practice, professional responsibility, and the prohibitions against the unauthorized practice of law by a lay person; (5) to provide an educational program that is responsive to the varied needs of the state of Kentucky and the region and contributes to the overall advancement of the legal profession; (6) to provide a program which instills respect for the legal profession and its foundations, institutions, and quest for justice; and (7) to maintain equality of opportunity in the educational program without discrimination or segregation on the grounds of race, color, religion, natural origin, or sex.

DEPARTMENTAL DEGREE REQUIREMENTS

Paralegal majors (AA, B.A.) must attain a minimum grade of "C" in all "major" and "supporting" courses. A minimum grade of "C" must be earned in LAS 210 before taking LAS 220 and 320. A minimum grade of "C" must be earned in LAS 220 before being admitted to any of the other upper division requirements.

TRANSFER STUDENTS

Transfer students must take a minimum of 15 semester hours of paralegal (LAS) courses at EKU to earn a paralegal degree.

Baccalaureate Degrees

PARALEGAL SCIENCE (B.A.)

CIP Code: 22.0103

- Major Requirements** 40 hours
LAS 210, 220, 300, 320, 325, 350, 385, 399, 410 and 12 hours from LAS 330, 340, 360, 370, 380, 460 or 490.
- Supporting Course Requirements** 12 hours
ACC 201, ENG 301, POL 101, and three hours from POL 460, 463, or 464.
- General Education Requirements** 49 hours
Standard General Education program, excluding course category (12). Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Baccalaureate Degrees

HISTORY (B.A.)

CIP Code: 45.0801.01

- Major Requirements** 34 hours
HIS 200, 202, 203, 449, 450, and 21 upper division hours with a minimum of six hours in each of the following areas:
Area I (U.S.): HIS 300 (3 hrs), 301, 303, 305, 401, 402, 403, 405, 406, 407, 408, 411, 412, 413, 415, 420, 424, 433, or 516.
Area II (Europe): HIS 300 (3 hrs), 301, 315, 336, 339, 341, 342, 343, 344, 345, 346, 347, 350, 354, 363, or 365.
Area III (Non-Western): HIS 300 (3 hrs), 301, 320, 374, 375, 378, 383, 384, 385, 386, 387, 474, or 475.
The remaining upper division history course may come from any of the above areas or from other upper division history courses.
Formal term papers are to be written as part of the course requirements in two of the seven upper division history courses. The two courses with term papers must be in different areas of upper division course distribution.
- General Education Requirements** 52 hours
Standard General Education program. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement** 1 hour
ASO 100.

Free Electives 41 hours
 At least three hours of one foreign language is strongly recommended. Students who plan to pursue a graduate degree are strongly encouraged to take at least six hours of a foreign language.

Total Curriculum Requirements 128 hours

HISTORY/TEACHING (B.A.)

CIP Code: 45.0801.01

Major Requirements 34 hours
 HIS 200, 202, 203, 449, 450, and 21 upper division hours with a minimum of six hours in each of the following areas:
 Area I (U.S.): HIS 300 (3 hrs), 301, 303, 305, 401, 402, 403, 405, 406, 407, 408, 411, 412, 413, 415, 420, 424, 433, or 516.
 Area II (Europe): HIS 300, (3 hrs), 301, 315, 336, 339, 341, 342, 343, 344, 345, 346, 347, 350, 354, 363 or 365.
 Area III (Non-Western): HIS 300 (3 hrs), 301, 320, 374, 375, 378, 383, 384, 385, 386, 387, 474 or 475.

The remaining upper division history course may come from any of the above areas or from other upper division history courses. Formal term papers are to be written as part of the course requirements in two of the seven upper division history courses. The two courses with term papers must be in different areas of upper division course distribution.

Supporting Course Requirements 21 hours
 ANT 120 or SOC 131, ECO 120 or 130, PSY 200, GEO 101 and 200; POL 101 and POL 220 or POL 211.

Professional Education Requirements 31 hours
 EDF 103, 203, 319, 413, SED 401; ESE 449, 490, and 499.

General Education Requirements 46 hours
 Standard General Education program, excluding course categories 09 and 12. Refer to Section Four of this *Catalog* for details on the General Education and University Requirements.

University Requirement 1 hour
 ASO 100.

Total Curriculum Requirements 133 hours

SECOND MAJOR IN HISTORY

A student may complete a second major in history by completing the major requirements listed above.

Minors

MINOR IN HISTORY

Students majoring in other disciplines may minor in History (teaching or non-teaching) by completing the following courses: HIS 202 and 203; HIS 231, HIS 246, or HON 210; HIS 232, HIS 247 or HON 311; nine hours upper division history with three hours in each of the upper-division areas described in the major (refer to major for specific course listings in each area).

COMPUTER SCIENCE/MATHEMATICS TEACHING (B.S.)

CIP Code: 13.1399.05

Program Objectives

Upon completion of this program the student will be prepared to teach computer science and mathematics at the secondary level and will: (1) understand the principles of pre-college computer science and mathematics; (2) be able to explain the basic concepts of computer science and mathematics and their applications to social, economic, and scientific problems; (3) understand the importance and power of computer science and mathematics in our rapidly changing technological age; and (4) be prepared to pursue a graduate program in this or a related area.

Refer to the College of Education section of this *Catalog* regarding several teacher certification requirements associated with this degree program.

Major Requirements 41 hours
 CSC 190, 191, 195, 302; 305 or 306; 310; MAT 124* or 124H; 214; 224 or 224H; 301, 308, 334, 380. All courses must be completed with a grade of at least "C-". At least five upper-division courses which satisfy the major requirements must be completed at EKU.

Supporting Course Requirement 6 hours
 CSC 104, STA 270. All courses must be completed with a grade of at least a "C-".

Professional Education Requirements 31 hours
 EDF 103, 203, 319, 413, SED 401, ESE 450, 490, 499.

General Education Requirements 43 hours
 Standard General Education program, excluding course categories 03, 04 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 ASO 100.

Free Electives 6 hours

Total Curriculum Requirements 128 hours

* A preparatory course in mathematics (MAT 109) may be required before admission to calculus.

MATHEMATICS (B.S.)*CIP Code: 27.0101***Program Objectives**

Upon successful completion of this program, the graduate will: (1) be able to apply mathematical techniques to social, economic, and scientific problems; (2) understand the importance and power of mathematics in our rapidly changing technological age; (3) be prepared to pursue a graduate program in this or a related area; and (4) be well qualified for employment in any position requiring undergraduate training in mathematics.

Major Requirements 39 hours
 MAT 124* or 124H; 214; 224 or 224H; 225 or 225H; 301, 308, 315, 353; 408 or 415; one additional MAT course chosen from 408, 415, or any course numbered 505 or above (507 only with departmental approval); six hours chosen from: CSC 300, 320, STA 370, 520, 521, and any MAT course numbered 300 or above (except for 303, 349, 380, 501, 502). Only courses completed with a grade of at least "C-" will count toward the major requirements. At least five upper-division courses which satisfy the major requirements must be completed at EKU.

Supporting Course Requirements 6 hours
 CSC 180 or 190, and any three hour STA course numbered 270 or above (except 349).

General Education Requirements 43 hours
 Standard General Education program, excluding course categories 03, 04 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 ASO 100.

Free Electives 39 hours
 Students planning to attend a graduate school in mathematics are strongly encouraged to select an in-depth study of a single foreign language as a part of their program.

Total Curriculum Requirements 128 hours

* Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

MATHEMATICS/TEACHING (B.S.)*CIP Code: 27.0101***Program Objectives**

Upon successful completion of this program, the graduate will be prepared for certification to teach mathematics at the secondary level and will: (1) understand the principles of pre-college mathematics; (2) be able to explain mathematical concepts and applications to social, economic, and scientific problems; (3) understand the importance and power of mathematics in our rapidly changing technological age; and (4) be prepared to pursue a graduate program in this or some related area.

Refer to the College of Education section of this *Catalog* regarding several teacher certification requirements associated with this degree program.

Major Requirements 36 hours
 MAT 124* or 124H; 214; 224 or 224H; 225 or 225H; 285, 301, 308, 315, 334, 380; three hours of courses chosen from: CSC 300, 320, STA 370, 520, 521, and any MAT course numbered 300 or above (except for 303, 349, 501, or 502). All courses must be completed with a grade of at least "C-". At

least five upper-division courses which satisfy the major requirements must be completed at EKU.

Supporting Course Requirements 9 hours
 Three hours of an approved programming language, CSC 104, STA 270. All courses must be completed with a grade of at least a "C-".

Professional Education Requirements 31 hours
 EDF 103, 203, 319, 413, SED 401, ESE 450, 490, 499.

General Education Requirements 43 hours
 Standard General Education program, excluding course categories 03, 04 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 ASO 100.

Free Electives 8 hours

Total Curriculum Requirements 128 hours

* A preparatory course in mathematics (MAT 109) may be required before admission to calculus.

STATISTICS (B.S.)*CIP Code: 27.0501***Program Objectives**

Upon successful completion of this program, the graduate will: (1) understand the applications and use of statistics in everyday life; (2) be able to apply a wide variety of statistical techniques; (3) be familiar with computer packages which perform statistical analysis; (4) be well qualified for employment in industry, government, and the actuarial profession; and (5) be prepared to pursue graduate work in statistics.

Major Requirements 42 hours
 STA 270, 271, 370, 520, 521, two of STA 375, 501, 575, 585, with a cumulative GPA of 2.0 in these STA courses; MAT 124* or 124H; 214; 224 or 224H; 225 or 225H; six hours of CSC/MAT/STA numbered 300 or above (except for 349 and CSC 305, 306, MAT 303, 501, 502, STA 500, 503).

Supporting Course Requirements 3 hours
 Three hours of an approved programming language.

General Education Requirements 46 hours
 Standard General Education program, excluding courses in categories 03 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirements 1 hour
 ASO 100.

Free Electives 36 hours

Total Curriculum Requirements 128 hours

* Preparatory course in mathematics (MAT 109) may be required before admission to calculus.

Minors**MINOR IN MATHEMATICAL SCIENCES**

A student may minor in mathematical sciences by completing a minimum of six hours in each of computer science, mathematics, and statistics for a total of 18 hours as follows: computer science—CSC 180 or 190 or 300; one other course selected from CSC 190, 195, 300, or approved sections of CSC 178; mathematics—MAT 261 and 262, or MAT 124 or 124H, and 224 or 224H; and statistics—two of STA 270, 271, 370, 500, 501, 575.

MINOR IN MATHEMATICS

A student may minor in mathematics by completing 18 hours including MAT 124 or 124H; 224 or 224H; and ten hours selected from MAT 214; 225 or 225H; CSC 195 or 300; STA 370 or 520; or any MAT course numbered 300 or above (except for MAT 349).

MINOR IN STATISTICS

A student may minor in statistics by completing 18 hours of mathematical science courses including 12 hours of STA and six hours selected from any additional STA courses (except for 349), any CSC courses (except for 105, 305, 306, or 349), or any calculus courses.

DEPARTMENT OF MUSIC

Chair
Mr. Robert James
(859) 622-3266
Foster 101
Rob.James@eku.edu

Faculty

**J. Allison, C. Beeler, M. Chambers, R. Crosby,
 D. Duncan, K. Haddix, J. Martin, H. Mickens, P. Newell, C.
 Rhoades, J. Roberts, D. Saladino, P. Sehmman, K. Sehmman,
 J. Willett, and J. Wolf**

ADMISSION TO THE MUSIC MAJOR PROGRAM

Admissions to the Bachelor of Music programs requires an audition and theory placement interview. The student is expected to demonstrate acceptable levels of achievement in performance in terms of intonation, tone quality and rhythmic accuracy. Incoming students will be expected to perform two selections of contrasting styles. May be accepted on probationary status at the discretion of the applied teacher and the department chair.

BACHELOR OF MUSIC CORE REQUIREMENTS

Applied Music

All music majors must complete a minimum of seven semesters of applied lessons with at least three of the upper division levels. Applied students must complete a jury examination at the end of each semester.

Solo Recital Performance. Each major is expected to perform the equivalent of a half recital (MUS 399) during the course of study, either separately or as the result of at least four (4) appearances on student recitals (Fridays).

Ensemble Requirements. Each major is expected to enroll in a major ensemble reflecting the major applied area of study every semester in residence. Keyboard majors may substitute accompaniment (MUS 313 or 513) for ensemble credits. Even if the student plans to study in two or more applied areas, one of them must be declared the major.

Recital Attendance. All majors are expected to attend 16 recitals including the Friday recitals and other departmental concerts held throughout the semester (MUS 101) for at least six semesters. Performances off campus must receive approval by department chair.

Piano, Theory, and Music Literature Requirements. All majors must complete four credits of class piano (MUS 110-111, 210-212 or MUS 114-115), 16 credits of music theory (MUS 181-182, 281-282), 9 credits of music history and literature (MUS 272, 371-372), 3 credits chosen from MUS 285, MUS 383, or MUS 481. All majors must also complete Electronic Music MUS 384.

MUSIC TEACHING OPTION

All wind and percussion majors must complete at least three semesters of MUS 256. Students enrolling in more than three ensembles should receive permission for such participation from their applied teacher, ensemble director, and advisor.

MUSIC PERFORMANCE OPTION

All performance majors must pass an audition beyond the entrance audition. They will be on probationary status for one to four semesters. At the end of the probationary period, the student may re-audition for full candidacy. The Audition Committee will consist of at least three members of the music faculty including the applied teacher. All performance majors must give a full recital (MUS 499) in addition to the half recital required of all majors.

MUSIC MERCHANDISING OPTION

All music merchandising majors must complete eight credits of Co-op (MUS 349). All Co-op projects must be approved by the Co-op office, department chair, and Co-op coordinator.

MUSIC THEORY AND COMPOSITION OPTION

Theory and composition majors must complete four credits of beginning composition (MUS 283) and four credits of advanced composition (MUS 483). Composition students may use the performance of their compositions towards the recital requirement.

MUSIC (B.M.)

CIP Code: 50.0901

Major Requirements 70-84 hours

Core 53 hours
 MUS 110, 111, 210, 211, or MUS 114 (2) and 115 (2), 181, 182, 272, 281, 282, 366, 371, 372, 399, 480, 383 or 481 or 285, 384, minimum of seven hours of ensemble and minimum of seven hours of applied instrument or voice. Music Ensemble: wind and percussion teaching majors must elect three hours of MUS 256.

Options

Performance/Instrumental 31 hours
 MUS 367 or 368, 499 (1), 551 (2), seventeen additional hours of lower and upper division applied. One additional hour of ensemble, three hours of upper division music theory, and three hours of upper division music history. Six semesters of MUS 101.

Performance/Vocal 31 hours
 MUS 220 (1), MUS 367 or 368, 499 (1), 520 (1), 550 (1), 551 (1), seventeen additional hours of lower and upper division applied. One additional hour of ensemble, three hours of upper division music theory and three hours of upper division music history. Six semesters of MUS 101.

Music Merchandising 26 hours
 MUS 349 (8), 390, 391, ACC 201, MGT 301, PUB 375, LAS 210. Six semesters of MUS 101.

Theory and Composition 26 hours
 MUS 283 (4), 483 (4), 555 or 556. Three hours of upper division theory. Three hours of music electives. Three hours of lower division and six hours of upper division selected from any area in Arts and Sciences, except music. Six semesters of MUS 101.

Music Teaching/Instrumental 17 hours
 MUS 230, 251, 252, 320, 330, 351, 352, 354, 364, 365, 367, EME 378, ESE 479 (instrumental students will be excused from taking the methods course that includes their major applied instrument). Six semesters of MUS 101.

Music Teaching/Vocal 17 hours
 MUS 220 (1), 230, 252, 351, 354, 364, 365, 368, 513 (2), EME 378, ESE 479. Six semesters of MUS 101.

Professional Education Requirements for Music Teaching Option 28 hours
 EDF 103, 203, 319, 413, SED 401, ESE 490, EMS 499.

Supporting Course Requirements 6 hours
 Performance 6 hours
 Six hours of Foreign Language.
 Music Merchandising Option 6 hours
 ACS 201, CSC 104 or CIS 212.
 Theory and Composition Option 6 hours
 Six hours of Foreign Language.
 Music Teaching Option 6 hours
 MAT 105 or 107, CSC 104 or CIS 212.

General Education Requirements 40 hours
 Standard General Education program, excluding course categories 03, 04, 07 and 08. Refer to Section Four of the *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 ASO 100.

Total Curriculum Requirements 128-145 hours

Minors

MINOR IN MUSIC

Requirements 18 hours
 MUS 181, 182, 371, 372, and four hours of electives in music. Candidates must pass the Piano Proficiency Requirement or take MUS 110 and 111 which cannot be counted as a part of the minor.

DEPARTMENT OF PHILOSOPHY AND RELIGION

Chair
Dr. Ron Messerich

VISION

The College of Business and Technology will provide the educational opportunities to enhance the entrepreneurial, technological, and professional capacity of its region.

MISSION

The mission of the College of Business and Technology is to serve as a school of opportunity for students from varied cultural and educational backgrounds by providing conceptual, applied, and experiential educational approaches through instruction, research, and service. The College's programs and services prepare students and others for their future and improve the economic development of the University's service region, the Commonwealth, and the nation.

GOALS

To fulfill its mission, the College of Business and Technology is committed to the following goals: (1) The College will recruit, retain, and prepare a diverse student body (both undergraduate and graduate) for participation in a regionally, national, and globally competitive economy; (2) The College will serve as a resource to students, businesses, professionals, and communities by providing a faculty who are engaged in providing quality instruction, scholarly activities (basic, applied, and instructional), and service; (3) The College will engage in continuous improvement processes that involve its appropriate stakeholders to ensure its programs and services are relevant, current, and meet national standards.

The Department of Agriculture offers Bachelor of Science and Associate of Science degrees in Agriculture and Horticulture. Options in the Agriculture degree program include a Business Minor, Agribusiness Management, Pre-Veterinary Medicine,

Agriculture Systems Management, Agronomy and Natural Resources, Dairy Herd Management, Livestock Production, Soils and Teacher Certification. Options in the Horticulture program include a Business Minor, Floriculture/Greenhouse Management, Landscape Horticulture and Turfgrass Management. Minors are offered in soils, agriculture and horticulture. Students may receive an Associate degree and continue for a Bachelor degree with no loss of credit.

The Pre-Veterinary Medicine program has one of the highest acceptance ratios in Kentucky. More detailed information can be obtained by reading the section on Pre-Veterinary medicine.

Students earn academic credit for their Cooperative Education and practicum experiences. Students may receive credit for 8 hours of practicum classes for the Associate Degree and 12 for the Bachelor of Science Degree. Practicum classes are 301, 302, 349 and 389. Students must have a "C" average in Department classes.

Programs in the department stress the latest technical information with applications through required laboratories and practicums at the University farms and cooperative education. The Department operates five greenhouses, a plant nursery and specimen garden and turf plots to support the instructional program in horticulture. The University owns approximately 1000 acres devoted to the programs in agriculture. This includes ultra modern facilities for beef, dairy, swine, sheep and crop enterprises used in our laboratory and practicum programs. Students are employed in both the horticulture and agriculture enterprises through the work study program.

Graduates of the horticulture program pursue careers in golf course management, management in professional sports turf, sales and service areas, professional landscape services, private and public landscape maintenance, greenhouse operations, floral shops and ownership of their own business.

Graduates of the agriculture program pursue careers in the areas of teaching, farm management and operations, financial institutions, private farm operations, sales, technical service, University 4-H and extension agents, soil conservationists, retail store managers, feed sales and food plant supervisors.

Graduates of the Agriculture Education Option of the BS degree program in Career and Technical Education are prepared for teaching careers in secondary schools. They are prepared to lead programs in horticulture and agriculture and direct activities in state and national FFA activities.

Numerous opportunities are available for extracurricular activities to complement the academic training. These include the Agriculture Club, Horticulture Club, Delta Tau Alpha (honorary society), student chapter of the Golf Course Superintendents Association of America, Agronomy Club and Pre-Vet Club. Numerous local and national trips are taken to expand students learning experiences.

Baccalaureate Degrees

AGRICULTURE WITH MINOR IN BUSINESS (B.S.)**

CIP Code: 01.0301

University Requirement 1 hour
BTO 100.

General Education Requirements 38 hours
Standard General Education program, excluding course categories 09, 13, and 14. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Supporting Course Requirements 8 hours
BIO 121 and CHE 101.

Free Electives 7 hours

Minor Requirements* 21 hours

Major Requirements 53 hours
AGR 125, 126, 130, 131, 210, 213, 215, 304, 305, 308, 310 or 350, 411; four hours from AGR 301, 302, or 349; 20 hours in AGR and/or OHO upper division electives with a maximum to eight hours in any option area.

Total Curriculum Requirements 128 hours

*ACS 201 may be used for the business minor in this degree option.
**Minor in other fields may be substituted if approved by department chair and Dean of the College of Business and Technology. Students completing requirements in the Pre-Veterinary Medicine Program with a minor in chemistry will be designated Agriculture/Pre-Veterinary majors.

AGRICULTURE (B.S.) AREA MAJOR

CIP Code: 01.0301

University Requirement 1 hour
BTO 100.

General Education Requirements 38 hours
Standard General Education program, excluding course categories 03, 09, 13 and 14. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Supporting Course Requirements 17 hours
ACC 201, BIO 121, CHE 101, ECO 230; CIS 212 or ACS 201 or CSC 104.

Free Electives 9-13 hours

Major Requirements 59-63 hours

Core 45 hours
AGR 125, 126, 130, 131, 210, 213, 215, 304, 305, 308, 310 or 350, 411; four hours from AGR 301, 302, or 349; 12 hours of upper division AGR and/or OHO electives; and one of the following options:

Agribusiness Management: 15 hours
AGR 315, 321, 381, 409, and 440.

Agriculture Systems Management: 14 hours
AGR 272, 318, 362, 381, and 383.

Agronomy and Natural Resources: 15 hours
AGR 312 or 345; 315, 321, 340, and 416.

Dairy Herd Management: 14 hours
AGR 225, 321, 375, and 380.

Livestock Production: 18 hours
AGR 225, 321, 327, 328, and 409.

Soils: 16 hours
AGR 312 or 345; 315, 317, 318, 340, and 416.

Vo-Ag Preparation/Certification: See Technology Department - B.S. in Career and Technical Education, Professional Education Core and Agriculture Education Option.

Total Curriculum Requirements	64 hours

Minors

MINOR IN AGRICULTURE

Requirements **18 hours**

A minor consists of 18 hours of agriculture classes arranged between the department chair and the student seeking the minor. The objective is to meet the student’s need for a minor. Six or more hours shall be upper division courses and a minimum of six hours are to be taken at EKU. Courses counted toward a horticulture major may not be counted toward a minor. Transfer classes are to be evaluated by the Department Chair.

MINOR IN HORTICULTURE

Requirements **18 hours**

A minor consist of 18 hours of ornamental horticulture classes arranged between the department chair and the student seeking the minor. The objective is to meet the student’s need for a minor. Six or more hours shall be upper division courses and a minimum of six hours are to be taken at EKU. Courses counted toward an agriculture major may not be counted toward a minor. Transfer classes are to be evaluated by the Department Chair.

MINOR IN SOILS

Requirements **20 hours**

A core of courses consisting of 19 hours may be taken for a minor in soils. Courses are AGR 130, 131, 215, 315, 317, 318, 340, and AGR 416. At least 6 hours must be taken at EKU. Transfer classes are to be evaluated by the Department Chair. No more than 9 hours of course work taken toward a major may be counted toward the soils minor.

Pre-Professional

PRE-VETERINARY MEDICINE

The Eastern Kentucky University program in pre-veterinary medicine is administered by the Department of Agriculture. Although Kentucky does not have a school of veterinary medicine, the state participates as a member of the Southern Regional Educational Board Plan under which legal Kentucky residents attend Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine. The program is funded by an appropriation of the General Assembly to the Kentucky Council on Post-Secondary Education.

A limited number of students who are legal residents of Kentucky and have completed pre-veterinary requirements are selected by Auburn (34 positions) or Tuskegee Institute (two positions) each year to enter professional training in veterinary medicine at the respective schools. Students enter the four-year program of the veterinary school at the beginning of the fall term and are approved for succeeding years as long as normal progress is made toward the degree in veterinary medicine. These students are exempt from out-of-state tuition at Auburn. Selection is on a competitive basis with the final selection being made by a committee composed of faculty members from each of the respective schools.

Each of the two veterinary schools have similar entrance requirements and each requires a minimum grade point average of 2.5 on a 4.0 scale. Tuskegee requires the VAT and Auburn requires the GRE examination. Students should work closely with the pre-vet advisor concerning their program and should have a grade point average of 3.4 to be competitive.

All course work must be completed by June 15 prior to fall admission to the school of veterinary medicine. A grade of “D” in any required course is not accepted. Substitution of courses must be approved by the veterinary school to which application is to be made. All course requirements must be met and courses in organic chemistry and physics must have been completed within six years of entry into the School of Veterinary Medicine.

Application to Auburn under the Kentucky program is made beginning in the fall of the year preceding that of admission. Students may apply through the Pre-Vet advisor or through the Veterinary Medical College Application Service (VMCAS). The VMCAS deadline is October 1. Students should follow application instructions regarding updating of their transcripts and course work at the school to which they apply. Students should work closely with the pre-veterinary advisor in making certain that all requirements are met. There are some specific alternatives depending on a student’s background.

A pre-vet student at Eastern Kentucky University has the following alternatives while proceeding through the program of study:

1. Complete the pre-vet curriculum in three years and apply for admission into a school of veterinary medicine. Students may receive a B.S. degree from EKU by transferring credits from the first year of veterinary school back to EKU and by completing all general education/University requirements.
2. Earn a B.S. degree at EKU with an agriculture, biology, chemistry, or other appropriate major during the fourth year while completing the pre-veterinary curriculum.
3. At any time, change from the pre-veterinary curriculum to the above majors and graduate with a B.S. degree with no loss of credit.

Business and Technology

Students are expected to gain practical large animal experience during the course of pre-vet study, either on the University farm or with a D.V.M. The pre-vet advisor can assist in arranging for this experience.

Requirements at Auburn for Students without a Bachelors Degree

The following curriculum may be completed in three years after which the student is then eligible to apply for admission to Auburn or Tuskegee.

BTO 100, AGR 125, 126, 321, 372A, 421, BIO 141, 211, CHE 111, 112, 361, 362, 366, 367, ENG 101, 102 (or 105 or HON 105), ENG 211, 212, Category 7 (ART, MUS, or THE), Category 08, 09, 10, 11, and 12, MAT 109 or 261, PHY 131 and 132. Plus three additional credit hours of science electives. Refer to Section Four of this *Catalog* for details on the General Education and University Requirements.

Total Curriculum Requirements 83-85 hours

Students Not Accepted at Auburn After Their Junior Year

These students may continue for a Bachelors Degree. Because of the courses in The Pre-Vet Curriculum most students continue their studies in either Agriculture, Biology or Chemistry, although a degree in any major is possible. Students who do not get into Auburn after their Junior year may reapply.

Because of the large number of applications and limited number of acceptances the student should choose a secondary career goal.

EKUBUSINESS

MISSION OF EKUBUSINESS

*EKU*Business is committed to being the “school of opportunity” of choice in its region. *EKU*Business prepares future business leaders to compete in global markets through emphasis on quality instruction. To broaden career horizons, *EKU*Business encourages students to participate in on- and off-campus professional developmental activities. *EKU*Business engages talented faculty who excel in teaching and who expand their academic and instructional knowledge through research. *EKU*Business develops partnerships that foster regional development and that enable stakeholders to compete in domestic and international markets.

GOALS OF EKUBUSINESS

*EKU*Business, to fulfill the above mission, pursues continuous improvement through the following goals: (1) Provide curricula and experiences, both academic and applied, that enable graduates to successfully pursue careers in their field of study; (2) Perform research that leads to applied and instructional intellectual contributions with MBA Faculty performing some basic research; (3) Provide service to key constituencies including the regional business community and academic and professional organizations at all levels.

BBA DEGREE REQUIREMENTS

General University requirements, as well as specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate business programs administered by the College of Business and Technology. See programs under each department for major requirements. Academic Orientation course (BTO 100) is required in all Business programs. The requirements for the Bachelor of Business Administration (BBA) degree are as follows:

1. A cumulative 2.0 GPA must be maintained in all work taken in the BBA programs.
2. The University requires that students earn at least 32 semester hours at ECU and that 30 of the last 36 hours taken must have been earned in residence at ECU.
3. Hours earned by correspondence study are accepted upon written approval of the Dean. However, not more than 25 percent of the total hours applied toward a degree may be earned via correspondence or telecourse instruction, military credit, or credit by examination.
4. Not more than 50 percent of undergraduate course work shall be completed in the *EKU*Business programs. However, up to nine semester hours of economics and up to six semester hours of mathematics/statistics will not be included in this 50 percent.
5. At least 50 percent of the business course credit hours required for the BBA degree must be completed at ECU.
6. A minimum of an overall 2.25 GPA is required in the following courses:

Business and Technology

Supporting Courses: MAT 211 (or MAT 107 combined with QMB 240), SOC 131, ECO 230, and 231;
Pre-Business Core: ACC 201, 202, GBU 204, and QMB 200;
Business Core: ACS 300, CIS 300, FIN 300, MGT 300, 370, MKT 300, and GBU 480.

ACS 300 should be taken in first six hours of upper division course work. Students must complete all business core courses prior to taking GBU 480.

Students are urged to review carefully all course prerequisites, including the 60-hour rule before scheduling 300-level business courses. Failure to satisfy prerequisites may result in the student being administratively withdrawn from courses.

7. At least 12 hours in the major must be earned at ECU. A grade of "C-" or better is required for each course in the major.
8. Students must choose a major field at the time they enter an *ECUBusiness* program. Students must meet with and have schedules approved by the faculty advisor.
9. A second major can be completed in *ECUBusiness* or in another program of the University. A third business major is not permitted. Because business students take the business core, they are limited to selected minors offered by *ECUBusiness*.

Restricted elective requirements for bachelor's degree programs in *ECUBusiness* cannot be met by choosing courses taught in Business. (See No. 4, BBA under degree requirements.)

PREREQUISITE STRUCTURE IN *ECUBUSINESS*

The *ECUBusiness* curriculum is highly structured and carefully integrated. The content and methodology utilized in upper-division courses are based upon the assumption that students enrolled in these courses have matriculated through a specific series of lower-division courses which provide students with competencies needed for successful participation in upper-division business courses.

ENROLLMENT IN UPPER-DIVISION *ECUBUSINESS* COURSES

To enroll in upper-division **business-core** courses (ACS 300, CIS 300, FIN 300, MKT 300, MGT 300, 370, and GBU 480) students must have:

1. completed ACC 201, ACC 202, and ECO 230 with a grade of "C-" or better in each course.
2. completed a minimum of 60 hours (or enrolled in enough additional course work to complete their 60th credit hour) with a cumulative 2.0 GPA.
3. met the prerequisite(s) for the specific course.

To enroll in other upper-division business courses, students are required to have met the specific prerequisite(s) for each course and have earned an overall 2.0 GPA. Students majoring in other departments whose planned curriculum includes selected business courses (by virtue of agreements of sponsoring departments with a business program) must also adhere to all specified course prerequisites.

BACHELOR OF SCIENCE IN BUSINESS AND MARKETING EDUCATION/TEACHING

The Department of Management, Marketing, and Administrative Communication, in cooperation with the College of Education, provides programs leading to certificates qualifying graduates to teach business subjects in high school. For admission requirements, see **Admission to Teacher Education and Admission to Student Teaching** sections in the College of Education portion of this *Catalog*. Also see **Policies and Requirements** sections in the same portion of this *Catalog*. Students in these programs must meet the business prerequisites as noted. Students interested in business teacher certification should consult the Chair of the Department of Management, Marketing, and Administrative Communication.

TRANSFER STUDENTS AND STUDENTS FROM OTHER ECU COLLEGES

Transfer students must have completed at least 60 semester hours of course work and all the requirements listed above to be eligible for upper-division business courses. BBA program requirements for transfer students are the same as those for students enrolling initially at ECU.

ECUBusiness considers lower-division credits transferred to ECU as lower division, even if ECU offers what appears to be a comparable course at the upper-division level. However, the dean of the College of Business and Technology may accept individual courses at ECU if the courses are validated using acceptable validation techniques. CLEP and departmental exams are examples of possible validation techniques. With specified courses in real estate and accounting, the successful completion of advanced courses in the subject field for which the transfer course is a foundation or supporting requirement is an acceptable validation method. A successfully validated lower-division transfer course may not be utilized to fulfill the 43-hour upper-division graduation requirement.

CERTIFIED PUBLIC ACCOUNTANT (CPA)

The Kentucky legislature has mandated that students taking the CPA exam in the year 2000 and thereafter must have completed 150 semester hours. Therefore, accounting graduates seeking the CPA designation will need to complete additional undergraduate or graduate hours.

Minors

MINOR IN COMPUTER INFORMATION SYSTEMS

A minor in computer information systems is offered for students in programs other than in Business. The minor consists of 18 hours of computer information systems courses including CIS 250, 355, 380, 435, and six hours of upper division computer information systems courses or approved upper-division equivalent computer courses. At least 12 hours of the minor must be earned at EKU. Students pursuing the computer information systems minor must maintain a 2.25 GPA on all work counting toward the minor.

MINOR IN INSURANCE AND RISK MANAGEMENT

Designed for the non business major, the minor consists of 18 hours including three hours of a required accounting course, nine hours of required Insurance courses and six hours of approved Insurance electives.

Students must earn at least 12 of the 18 hours used for the minor in residence at EKU and must maintain a cumulative GPA of 2.0 in all courses comprising the minor.

MINOR IN REAL ESTATE

The 18-hour real estate minor for non-business majors includes six hours of required business courses, 9 hours of required real estate courses, and three hours of real estate electives. The required business courses must be completed with a grade of "C-" or better prior to enrolling in any required real estate or real estate elective course. Students minoring in real estate must earn at least 12 hours of the total hours used for the minor in residence at EKU and maintain a cumulative GPA of 2.25 in all courses comprising the minor.

Required Business Courses 6 hours
 ACC 201 and ECO 231.
Required Real Estate Courses 9 hours
 RST 310, 320, and 330.
Real Estate Electives 3 hours
 Any three hour upper division RST elective course for which prerequisites have been met.

Certificates

CERTIFICATE IN ACCOUNTING

The Certificate in Accounting is designed to prepare individuals who have a bachelor's degree in another field for entry into the accounting profession. This program satisfies the Kentucky requirement that individuals taking the CPA Exam have a bachelor's degree in accounting or the equivalent.

Requirements include a bachelor's degree from an accredited college or university, with a minimum of college algebra (MAT 107 at EKU), and completion of the following courses:

Supporting Course Requirements 6 hours
 QMB 200, ECO 230 or 231.
Major Requirements 34 hours
 ACC 201, 202, 250, 301, 302, 327, 322, 350, 441, 440 and six hours from ACC 523, 501, 425 or 521.
Total Curriculum Requirements 40 hours

CERTIFICATE IN REAL ESTATE

The Certificate in Real Estate is designed to prepare applicants for licensure as real estate brokers or certification as real property appraisers in Kentucky.

Requirements include completion of at least 45 semester college level hours and permission of the Chair of the Department or a valid real estate sales associate license or state-certified residential appraiser certificate and completion of the following courses:

Requirements 12 hours
 RST 310, 320 (or 410), 330, 401.
Total Curriculum Requirements 12 hours

Minors

MINOR IN BUSINESS

The Business Minor is offered for students majoring in programs other than in Business. The minor consists of 21 hours including 18 hours of required courses and three hours of supporting courses. To enroll in an upper-division, business core course in the minor, students must (a) have completed ACC 201, ACC 202, and ECO 230 with a C- or better, (b) have completed a minimum of 60 hours, and (c) have met the prerequisite of the specific course. Students minoring in business must earn at least 12 of the total hours used for the minor in residence at EKU and attain a cumulative GPA of 2.0 in all courses comprising the minor.

Required Courses 18 hours
 ACC 201, 202 and four courses from the following:
 ACS 300, CIS 300, FIN 300, GBU 204, MGT 300, MKT 300.
Supporting Courses 3 hours
 ECO 230.
Total Requirements 21 hours

MINOR IN MANAGERIAL COMMUNICATION

(for business majors only)

The managerial communication minor is offered for business (BBA) majors who want to increase their communication effectiveness in their major field of study. The minor is designed to provide training in interpersonal communication, oral and written

presentations, research and reporting, and production of other business publications/communications. These skills are transferrable to any profession and are crucial in tasks such as communicating organizational change, establishing and implementing goals, communicating internally, relating to employees, dealing with the public, and addressing the media. The managerial communication minor consists of the following courses (18 hours) with 50 percent (nine hours) taken in residence at EKU: ACS 201 or 300 (whichever has not been completed as part of the business core); ACS 200, ACS 250 or CIS 212, ACS 302, 450, and PUB 375. Courses taken toward a major may not be counted toward the minor in managerial communication. Substitute courses must be approved by the department chair.

MINOR IN OFFICE ADMINISTRATION

An office administration minor is available to students in any college and consists of the following courses (18 hours) with at least 50 percent (nine hours) taken in residence at EKU: ACS 200, 201 or 300, 250 or CIS 212, 290 or CIS 230, 302, and 303. Courses taken toward a major may not be counted toward the minor in office administration.

DEPARTMENT OF COMMUNICATION

Chair

Dr. Maureen Everett
(859) 622-1871
Alumni Coliseum 109

Faculty

J. Almjdeld, D. Cannon, E. Fraas, S. Haggerty, E. Hansen, M. J. Nead, D. Robinette, D. Rogers, K. Rudick, C. Swindell, J. Taylor, A. Thieme, J. Violette, F. Wellman, and D. Woolverton

The Department of Communication offers four-year Bachelor of Arts degree programs in four areas: Broadcasting and Electronic Media, Journalism, Public Relations, and Speech Communication.

Graduates of the Broadcasting and Electronic Media program pursue careers in the broadcasting industry, as well as in cable companies, industrial and corporate video facilities, advertising agencies and production houses.

Graduates of the Journalism program find jobs with newspapers, newsletters, magazines, businesses, governmental public information offices, and advertising firms.

Graduates of the Public Relations program pursue careers with corporations, non-profit organizations, education, government and public relations agencies. Activities include writing and producing newsletters, news releases and speeches and planning events.

Graduates of the Speech program with options in Dispute Resolution, Human Services and Organizational Communication pursue careers in labor relations, human resources, tourism, banking, corporate relations, sales and other areas. Activities might include conflict resolution, negotiation, assessment of client/business needs, doing a communication audit of a company or administration.

The department also offers minors in Advertising, Broadcast News, Broadcasting and Electronic Media, Dispute Resolution, Journalism, Public Relations, Speech Communication, and Visual Media.

Business and Technology

Three student media productions are supervised by the department: the student newspaper, *The Eastern Progress*; a campus radio station, WXII; and a television news show, Madison County Cable News. Majors and non-majors can receive academic credit for work on some productions.

Some courses may require special skills and equipment such as the ability to keystroke a minimum of 25 words per minute. Instructors will notify students of these requirements at the first class meeting.

The department supervises the campus Mediation Center in conjunction with the Office of Student Affairs. Students who have successfully completed SPE 450 Mediation can receive academic credit for work at the Mediation Center.

Students may earn up to 16 credit hours toward their degree by enrolling in co-op education courses. Credit for additional practical experience may be earned through practicums. Students majoring or minoring in the Department of Communication are required to attain a minimum grade of C- in all courses for a major or minor and a 2.33 or better average in all courses required for the major or minor.

Minors

MINOR IN ADVERTISING

Requirements 21 hours

Courses required for a minor in advertising are COM 320 A-I (3 hours), 325, 425, 471, MKT 301, 320, and COM 490 or MKT 426. Three hours of COM/MKT courses taken to fulfill requirements for another major may be counted toward the advertising minor.

MINOR IN BROADCAST NEWS

Requirements 22 hours

Courses required for a minor in broadcast news are BEM 240, 295(4), 401; COM 201, 301, 405 and three hours from BEM 300, 340, 343, 395(4), 398, 402, 415; COM 415, 430; or JOU 401. Courses counted toward the major may not be counted toward the minor in broadcast news. Substitute courses will be selected by the student and the departmental advisor.

MINOR IN BROADCASTING AND ELECTRONIC MEDIA

Requirements 22 hours

Courses required for a minor in broadcasting and electronic media are BEM 300, BEM 375; BEM 240, BEM 295(4), and BEM 415 and two courses selected from BEM 340, 395(4), 343, 398, 410, 425, 440, or COM 471. Courses counted toward a major may not be counted toward the minor in broadcasting and electronic media. Substitute courses will be selected by the student and the departmental advisor.

MINOR IN DISPUTE RESOLUTION

Requirements 18 hours

Courses required for a minor in dispute resolution are SPE 250, 325, 375, 415, 420, 450. No more than 6 hours of courses taken for a major may be counted toward this minor. Substitute courses will be selected by the student and the departmental advisor.

MINOR IN JOURNALISM

Requirements 18 hours

Courses required for a minor in journalism are COM 200, 201, 301, JOU 305, 310, and three hours from JOU 307, 325, or 401. Courses counted toward a major may not be counted toward the minor in journalism.

MINOR IN PUBLIC RELATIONS

Requirements 18 hours

Courses required for a minor in public relations are COM 200, 201; BEM 375; PUB 375, 380, and 475. Courses counted toward a major may not be counted toward the minor in public relations. Substitute courses will be selected by the student and the departmental advisor.

MINOR IN SPEECH COMMUNICATION

Requirements 21 hours

SPE 200, 205, 210 or 300; 310, 350, 406 and 410.

MINOR IN VISUAL MEDIA

Requirements 18 hours

Courses required for a minor in visual media are COM 320 A-I (3 hours), 325, JOU 325, BEM 295(4), 395(4), and PMT 211(2), PMT 212(1). Courses counted toward a major may not be counted toward the minor in visual media. Substitute courses will be selected by the student and the departmental advisor.

DEPARTMENT OF MILITARY SCIENCE AND LEADERSHIP (ARMY)

**Lieutenant Colonel Brett E. Morris
Chair and Professor of Military Science

**Military Science and Leadership Faculty
Major William Larkin, Major Lance Patterson, Captain John Cline, Sergeant First Class Robert Welch**

Reserve Officer Training Corps (ROTC)

Getting a degree doesn't necessarily guarantee employment. Taking Army ROTC will. The Reserve Officer Training Corps (ROTC) is a premier leadership-training program that prepares you to be a leader in any organization or business. ROTC enhances any Bachelors or Masters Degree program by making you better at time management, setting goals, making decisions, building teams, influencing others, and achieving success. The skills you develop in ROTC give you an advantage over your job-seeking peers; and at the end of the program you will have a full-time job waiting for you as a Commissioned Officer in the United States Army or part time in the Army Reserve or National Guard.

Career Opportunities

Commissioning Officers in the United States Army is a privilege reserved for the President of the United States. Students who graduate from Eastern's Army ROTC program are commissioned as Second Lieutenants and serve with other dedicated young men and women in our nation's defense. As new Lieutenants, officers serve in a variety of branches, such as Transportation, Military Police, Engineers, as Army Nurses, etc. and have the opportunity to travel worldwide. Starting salary for an active duty Lieutenant is over \$32,000, plus full individual and family medical coverage and 30 days paid vacation annually. For those who desire only a part-time commitment, the Guaranteed Reserve Forces Duty option gives students assurance they will be able to serve their country from home, adding stability to their chosen civilian career.

Leadership Development

EKU's Department of Military Science and Leadership has a proud reputation dating back to 1936. The program has commissioned over 2,075 officers. The program's unique approach to leadership development gives each student multiple opportunities to refine their own leadership skills and receive individualized performance feedback. Training is designed around a hands-on, experiential learning curriculum. Besides learning how to lead, students build their confidence by learning to rappel, negotiate

EKU's new Challenge Course, fire the M-16 rifle, complete water survival training, and other adventure type activities. Students also learn to live the 7 Army Values – Loyalty, Duty, Respect, Selfless Service, Honor, Integrity, and Personal Courage by demonstrating these values as they participate in the Corps of Cadets, the Pershing Rifles Drill Team/Color Guard, Ranger Company, and the Scabbard and Blade National Honor Society.

Scholarships and Simultaneous Membership

Eligible students may compete for a variety of ROTC Scholarships available on-campus and through the Army Reserves and Army National Guard. These fully funded scholarships pay 100% tuition, a \$600 annual book allowance, and a \$250-\$400 **monthly** tax-free living allowance. Members of the National Guard or Army Reserves who join ROTC under the Simultaneous Membership Program (SMP) may also receive a \$350 monthly SMP Kicker in addition to the tax-free ROTC living allowance, Montgomery GI Bill benefits, and E-5 drill pay.

Eligibility and Obligations

Students may enroll in any of the MSL 100-200 level courses without obligation. Students who desire to seek a commission must sign a contract before entering the Advanced Leadership Course (MSL 300-400 courses); they must also meet certain age, medical, citizenship, security clearance and military experience requirements. Military experience can be satisfied in a variety of methods (check with the ROTC Scholarship and Enrollment Officer at 859-622-1215 for details.) Students contracting into the Advanced Leadership Course will incur a military service obligation upon graduation.

Leaders Training Course (LTC)

One option for students who have no ROTC or military experience is completion of MSL 210, Leaders Training Course. This is a paid 28-day incubator-style practicum emphasizing experiential, hands-on leadership assessment and development. Offered only during the summer sessions. Course is taught at Fort Knox, Kentucky.

Minor in Military Leadership

A minor in Military Leadership will be awarded to students who enter the Advanced Leadership Course and complete the following 24 credit hour program -MSL 301, 302, 303, 310 (6 hours), 311, 401, and 402.

Scholar-Athlete-Leader

Becoming an Army Officer doesn't just happen; it requires a level of commitment, determination, and selflessness that few civilian careers will ever demand. Army Officers are intellectually curious, mentally adroit, physically robust, and possess a willingness and passion to take charge and make the right things happen. If you are a Scholar-Athlete-Leader who wants to join the world's most sophisticated Army then join EKU ROTC—*"Where Leadership Excellence Begins"*.

Air Force Reserve Officers' Training Corps (Air Force ROTC)

Colonel William J. McKinney, Air Force
(859) 257-7115
University of Kentucky (Host School)

AIR FORCE Faculty

P. Grimes, D. Hellums, M. Chamberlan, W. McKinney

Air Force Reserve Officers' Training Corps provides a means for college students to pursue an Air Force commission as an active duty Second Lieutenant while achieving their academic goals in their chosen field of study. AFROTC provides the Air Force with civilian educated officers and provides students with well-paying, challenging positions after graduating from college. Air Force ROTC improves and strengthens the qualities of decision-making, responsibility, and maturity in its students and helps them to develop leadership ability.

Commission and Active Duty Requirements

All students who successfully complete the professional officer course, usually taken during the junior and senior years, and a summer field training course, will be commissioned as Second Lieutenants in the active duty United States Air Force. A leadership laboratory is also a requirement to becoming commissioned and is open to students who are members of the Reserve Officer Training Corps or who are eligible to pursue a commission as determined by the Professor of Aerospace Studies. Students incur a service commitment ranging from four to eight years, depending on the specific program qualifications; although, most are only committed for four years.

Admission to the Program

The two major phases of the curriculum are the General Military Course (GMC) and the Professional Officer Course (POC). The GMC generally is taken during the first two years of college. It covers two main themes — the contemporary Air Force and its organization and the development and history of air power. The GMC is open to all students and those enrolled in this program incur no military obligation unless the student is on scholarship beginning the first day of the sophomore year. A leadership seminar is also offered during each semester. During these sessions cadets learn Air Force customs and courtesies, proper wear of the uniform, and the fundamentals of Air Force drill and ceremonies. The freshman course is taught on-campus at Eastern Kentucky University and at the University of Kentucky. The leadership seminar is available at the University of Kentucky. Students initially registering for the GMC should sign up for these classes in the same manner they register for other college courses. Normally, students will enroll in both the academic class and leadership seminar.

The last two years, called the Professional Officer Course (POC), is normally taken during the junior and senior years of college. The POC curriculum covers Air Force management leadership, U.S. defense policy, and military law. A basic requirement for entrance into the POC is for the applicant to have two academic years remaining at either the undergraduate or graduate level or a combination of both. Prior enrollment in the GMC is not required for a student to enroll in the POC but students must have completed the summer field training program. Entrance into the POC is competitive. Any student wishing to apply should contact the Professor of Aerospace Studies,

University of Kentucky, Lexington, KY 40506-0028, (859) 257-7115 as early as possible, but no later than December of their sophomore year in college or the year they desire to compete. Applicants for the POC attend a four or five week field training session during the summer preceding entry into the POC. Cadets receive travel pay to and from field training and are paid for the time spent there.

Scholarships

Scholarships are available to those qualified and selected students who enroll in the Air Force ROTC cadet program. These scholarships cover tuition and laboratory fees, provide an allowance for books, and provide a nontaxable subsistence allowance of \$250-\$400 per month. High school students are eligible for four-year Air Force ROTC scholarships. Applicants for four-year scholarships are evaluated on the basis of: the American College Test (ACT), or the Scholastic Aptitude Test (SAT); high school academic record; class ranking; extracurricular and athletic activities; personal interview; and ability to qualify on an Air Force medical examination.

Two and three year scholarships are also awarded to cadets in the Air Force ROTC program on a competitive basis. Applicants for these scholarships should contact the Professor of Aerospace Studies on campus. There is also an Express Scholarship Program designed to attract students majoring in academic areas critical to the Air Force. The Express Scholarship Program awards two and three year scholarships and the academic majors are updated annually.

TWO-YEAR PROGRAM

Qualified students attending EKU or transfer students from other institutions who did not enroll in the first two years of Air Force ROTC may receive a commission through the Two-Year Program. Those accepted receive a non taxable subsistence of \$250-\$400 a month and may qualify for an additional \$1500 per semester. The basic requirement to enter this program is that the student have two academic years remaining, either at the undergraduate or graduate level. Selection is competitive. Interested students should contact the Professor of Aerospace Studies early in their sophomore year.

Minors

MINOR IN AEROSPACE STUDIES

Requirements 19 hours

AFS 311, 312, 313, 314, 411, 412, 413, 414, and three hours of an elective approved by the Dean of the College of Business and Technology and the Professor of Aerospace Studies.

MINOR IN MILITARY SCIENCE

Requirements 24 hours

A minor in Military Science is available to students from any college who want to obtain a commission as an officer in the United States Army, Army Reserve, or Army National Guard. Students must be contracted into the Advanced Course and complete 18 hours of advanced Military Science (MIL 301, 302, 401, 402, and 410) and six hours of electives approved by the Professor of Military Science.

DEPARTMENT OF TECHNOLOGY

Chair

**Dr. William E. Davis
(859) 622-3232
Whalin 307**

Faculty

A. Adams, J. Adamson, W. Campbell, V. Chandra, D. Dailey, S. Fardo, G. Gow, D. Henemier, J. Kilgore, M. Lifland, T. Lloyd, M. Marchant, D. Patrick, W. Reynolds, R. Richardson, L. Ross, G. Steinbach, J. Stevens, and J. Stratman

The Department of Technology offers Bachelor of Science degree programs in six areas: Aviation, Computer Electronic Networking, Construction Management, Industrial Technology, Printing Management, and Career and Technical Education.

Graduates of the Aviation program are prepared for professional careers in the aviation and aerospace fields. The professional flight option prepares graduates for professional pilot careers. The administration option prepares graduates for management careers in the aviation and aerospace industry.

Graduates of the Computer Electronic Networking program are prepared for a career in the high-tech electronics industry with skills in analysis, installation/maintenance of digital electronic devices and actuators, programmable logic controllers, computer network systems, laser/fiber optics and communication equipment.

Graduates of the Construction Management program are prepared for careers with general contracting firms, starting in a variety of management positions. Typical entry-level positions include: assistant project manager, estimator, superintendent, project scheduler, cost engineer, and field engineer. The Construction Management program is accredited by the American Council for Construction Education.

Graduates of the Industrial Technology program are prepared for professional careers in manufacturing industries and businesses. Typical entry-level positions include: manufacturing engineer, production engineer, supervisor, industrial engineer, technician and quality engineer. The Industrial Technology program is accredited by the National Association of Industrial Technology.

Graduates of the Printing Management program are prepared for a balance of technical skills and managerial competence to obtain successful careers in the printing and publishing industries. This four-year degree program provides up-to-date instruction for a high tech future in the 3rd largest of manufacturing industries.

Graduates of the Technology Education option of the B.S. degree program in Career and Technical Education are prepared for teaching careers at the middle school and high school levels. A Technology Education teacher is prepared to enjoy a career that is rewarding in many ways. The opportunity to plan and guide the learning experiences of students in the use of robots, computers and other "high tech" equipment in problem solving and production activities are rewards found in few other professions.

Graduates of the Industrial Education option of the B.S. degree program in Career and Technical Education are prepared for teaching careers in secondary schools and post-secondary technical centers in technical areas such as: computer electronics, computer aided drafting (CAD), graphic arts and other technical occupational areas. An option is also offered in Occupational Training Development for those interested in training for business and industry.

**Business
and
Technology**

The Department of Technology also offers Associate of Science degree programs (2-year programs) in five areas: Computer Aided Drafting Technology, Computer Electronics Technology, Digital Imaging Design, Quality Assurance Technology and Career and Technical Education. The Computer Aided Drafting Technology, Computer Electronics Technology, Computer Electronic Publishing and Quality Assurance Technology programs are accredited by the National Association of Industrial Technology.

Graduates of the Computer Aided Drafting Technology associate degree program are prepared for careers as drafters or designers who use computer aided drafting and design systems to generate drawings in manufacturing industries and businesses. Graduates obtain jobs in manufacturing firms in the machinery, plastics and fabricated metals areas.

Graduates of the Computer Electronics Technology associate degree program are prepared for a career as a computer electronic technician. Graduates obtain jobs in a wide variety of manufacturing and service industries requiring skilled technicians to install, troubleshoot and maintain microprocessors, system components, and programmable logic controllers.

Graduates of the Digital Imaging Design associate degree program are prepared with skills to create well designed images and documents for the printing and publishing industries and for the World Wide Web.

Graduates of the Quality Assurance Technology associate degree program are prepared for careers in manufacturing industries as quality assurance technicians. Their task is to control the manufacturing process so that a quality product is produced.

The Career and Technical Education associate degree program is designed for in-service technical teachers employed in area technical centers and post-secondary technical schools.

The department also offers minors in Aviation Administration, Aviation (Flight), Computer Electronic Publishing, Computer Electronics Technology, Construction Management, Industrial Technology and Quality Assurance.

An endorsement in Industrial Computer Technology and a Career and Technical Education Certificate program for in-service technical teachers are also offered by the Department of Technology.

Baccalaureate Degrees

AVIATION (B.S.) AREA MAJOR

CIP Code: 49.0102

- University Requirement 1 hour**
BTO 100.
- General Education Requirements 34 hours**
Standard General Education program, excluding courses categories 03, 04, 14, 15, 16, and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- Supporting Course Requirements 37 hours**
CSC 104 or CSC 177 or CIS 212 or TEC 161; GEO 215; MAT 107 and 108 or 109(5); 124(4) or 211; MGT 300 or 301, 480 or INT 408; PHY 131(5), 132(5); PSY 200; and STA 215.
- Free Electives 9-11 hours**
- Major Requirements 45-47 hours**
- Aviation Core 15 hours**
AVN 150, 315, 350, 410, 460.

Majors must also select an option in professional flight or aviation administration

Options:

Professional Flight 32 hours
AVN 192(5), 194A(1), 205A(1), 206A(1), 220, 220A(1), 229A(1), 230A(1), 300(2), 300A(1), 310(4), 310A(1), 320(2), 320A(1), 325(2), 400(1), 400A(1), and 425. All electives must be upper division.

Aviation Administration 30 hours
AVN 340, 360, 370, 390, 401, 402; and twelve hours of aviation or business electives as approved by major advisor (nine hours must be upper division).

Total Curriculum Requirements 128 hours

CAREER AND TECHNICAL EDUCATION (TEACHING) (B.S.) AREA MAJOR

CIP Code: 13.1320

- University Requirement 1 hour**
BTO 100.
- General Education Requirements 52 hours**
Standard General Education program (MAT 107 or higher). Refer to Section Four of this *Catalog* for details on the General Education and University Requirements.
- Major Requirements 76-79 hours**
- Professional Education Core 31-34 hours**
*EDF 103 (1), CTE 363, 463 (12) or ESE 499 (12) and ESE 490, EDF 319, ESE 552, SED 401, TTE 261, 361.

Program Options:

Agriculture Education Option 45 hours
Animal Science AGR 125, 126 and one class from AGR 321, 327, 328 or 380; Agricultural Systems Management AGR 213 and one class from AGR 272, 311, 362 or 383; Soil Science AGR 215 and AGR 315; Plant Science AGR 130, 131 or OHO 131, 132 and one class from AGR 312, 417 and OHO 384 or 385; Agriculture Business two classes from AGR 310, 350, 409 or 440. Agriculture or Horticulture electives to make 45 credit hours selected in consultation with your advisor.

Industrial Education Option 45 hours**
Forty-five semester hours of the technical courses to be chosen in consultation with the advisor. A maximum of eighteen semester hours may be allowed by proficiency examination (CTE 204, 205, 206, 304, 305, and 306; TEC 349* (9 hours)

Occupational Training and Development

Option 45 hours
Forty-five semester hours of related occupational courses chosen in consultation with advisor.

Technology Education Option 45 hours
CON 121, 201; INT 195, 201, 238, 371; PMT 211 (2), 212 (1); TEC 161, 190; EET 251, 303; TTE 163, 233; 6 hours from TTE 461, 462, 464, 465.

Total Curriculum Requirements 129-132 hours

* In-service teachers and occupational trainers should substitute CTE 463 (4), CTE 164, CTE 364, SED 104, and TEC 161 for CTE 463 (12), EDF 103 (1), SED 401, and ESE 552. Nine hours of CTE 203, 302, and 504 should be substituted for TEC 349.

**Graduates completing this program option must have a minimum of 2000 clock hours of planned and supervised work experience in the occupation in which they will teach or a minimum of three years of approved work experience in the occupation in which they will teach. Students must also take the PRAXIS II Specialty Examination before graduation.

COMPUTER ELECTRONIC NETWORKING (B.S.)

CIP Code: 15.0301.01

- University Requirement 1 hour**
BTO 100.
- General Education Requirements 31 hours**
Standard General Education program, excluding course categories 03, 04, 09, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- Supporting Courses 46 hours**
CSC 177, 190; ECO 230, MAT 107, 108, 261, INT 202, 308, 406, 408; PHY 131, 132; STA 270; TEC 161.
- Free Electives 5 hours**
(Cooperative Education or Upper Division Courses)
- Major Requirements 45 hours**
EET 251, 252, 253, 254, 257, 302, 303, 351, 403, 406, 440, 452, 455; Select 6 hours from EET 352, 354, TEC 349 (3).
- Total Curriculum Requirements 128 hours**

The Department of Technology’s Computer Electronic Networking degree program has an articulation agreement for transfer of credit and cooperation with Lexington Community College’s Associate in Applied Science Degree in Engineering Technology with Electrical Specialization.

Students must take a Computer Electronic Networking exit examination before graduation.

CONSTRUCTION MANAGEMENT (B.S.)

CIP Code: 15.0101

- University Requirement 1 hour**
BTO 100.
- General Education Requirements 31 hours**
Standard General Education program, excluding course categories 03, 04, 09, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- Supporting Course Requirements 39-40 hours**
ACC 201, ECO 230, GLY 108, TEC 161; MAT 108 and MAT 261, or six hours of higher level MAT courses; MGT 301 or INT 408, PHY 131(5), 132(5) or CHE 101(4); and nine hours of **ACC, ACS, CIS, ECO, FIN, GBU, INS, MGT, MKT, QMB, or RST electives (at least three hours must be upper division) as approved by major advisor.
- Free Electives 2 -3 hours**
- Major Requirements 54 hours**
CON 121, 201, 202, 221, 303, 307, 320, 322, 323, 324, 349+ (6), 420, 421, 423, 425, and 426; CON 294 or TEC 190.
- Total Curriculum Requirements 128 hours**

The Department of Technology’s Construction Management program has articulation agreements for transfer of credit and cooperation with Lexington Community College’s Associate in Applied Science Degree in Architectural Technology and the Associate in Applied Science Degree in Civil Engineering Technology.

Students must take a construction assessment examination before graduation. An exam fee is required.

+Two separate summer enrollments are recommended in order to achieve a total of 6 credit hours.

**Students wishing to pursue the Minor in Business must confer with their major advisor to make substitutions to the supporting course requirements. INS, QMB and RST courses do not apply to the Minor in Business.

INDUSTRIAL TECHNOLOGY (B.S.) AREA MAJOR

CIP Code: 15.0603

Prior to enrolling in the last 60 hours of the Industrial Technology degree program students must complete INT 238, 201, 202, TEC 161, 190, MAT 108, PHY 131, CHE 101; and STA 270 or QMB 200 and have an overall 2.0 GPA and 2.25 major GPA. Graduates must have an overall GPA of 2.25 in the major with no major grade below a “C-”. Transfer students will be treated on an individual basis. The Industrial Technology program is accredited by the National Association of Industrial Technology.

- University Requirement 1 hour**
BTO 100.
- General Education Requirements 31 hours**
Standard General Education program, excluding course categories 03, 04, 09, 14, 15, 16 and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- Supporting Course Requirements 24 hours**
ECO 230, 300; MAT 108, 211 or 261 (or six hours of higher level MAT courses); PHY 131(5); CHE 101(4); and STA 270 or QMB 200.
- Free Electives 8 hours**
- Major Requirements 64 hours**
EET 251, INT 201, 202, 238, 301, 308, 310*, 330, 352, 371, 406, 408, 499; TEC 161, 190, and 349(4);
Select 3 hrs from the following courses: EET 252, PMT 211(2), 212(1), INT 192, 195.
Select 12 hours of Technical electives+ in which prerequisites have been completed from the following list of courses or courses with Departmental approval.
EET 351, 352, 406, 452; INT 320, 332, 336, 383, 390, 392, 397, 506, 530, TEC 313.
- Total Curriculum Requirements 128 hours**

The Department of Technology’s Industrial Technology degree program has an articulation agreement for transfer of credit and cooperation with Lexington Community College’s Associate in Applied Science Degree in Engineering Technology with Electrical Specialization.

In addition, the Department of Technology’s Industrial Technology degree program has an articulation agreement for transfer of credit and cooperation with Central Kentucky Technical College’s Associate of Applied Science in General Occupational/Technical Studies including the areas of Machine Tool Technology, Industrial Maintenance, Industrial Electronics and Computer Aided Drafting. Students must take a assessment examination before graduation. An exam fee is required.

+Transfer students with an associate degree in an industrial related field may not need to take these 12 hours of electives if upper division requirement can be completed.

*Industrial Technology majors may apply INT 310 in lieu of ACS 300 toward the minor in Business.

PRINTING MANAGEMENT (B.S.) AREA MAJOR

CIP Code: 10.0302

- University Requirement 1 hour**
BTO 100.
- General Education Requirements 40 hours**
Standard General Education program, excluding course categories 09, 14, 15, and 21. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Supporting Course Requirements 25 hours
 ACC 201; CHE 101 (4); ECO 230; GBU 204; MAT 107;
 ECO 300 or MGT 301 or MKT 301; PHY 101 and STA 215.
Free Electives 14 hours
Major Requirements 48 hours
 EET 303, INT 408, PMT 211(2), 212(1), 217, 316, 317, 319,
 410, 414; TEC 161, 255(2), 256(1), 313, 315, 355(2), 356(1)
 and 349 (6 hrs).
Total Curriculum Requirements 128 hours
 Students must take a printing management assessment examination
 before graduation.

Associate Degrees

**CAREER AND TECHNICAL EDUCATION
 (TEACHING) (A.S.)**

CIP Code: 13.1319

Enrollment in this program is restricted to in-service technical
 teachers and graduates of a Kentucky Vocational Technical School
 post-secondary program.

Supporting Course Requirements 42 hours
 BTO 100, six hours of English Composition, TTE 261, CTE
 264, 364, 463**⁽¹²⁾, three hours of general education
 mathematics (MAT 107 or higher-level mathematics), three
 hours of general education humanities, three hours of general
 education social science, and one hour of general education
 elective.
Free Electives 4 hours
Major Requirements 24 hours
 TEC 161 and 21 hours chosen from the technical area, or
 related to the area, in which the individual proposes to teach,
 as approved by the advisor. Graduates of this program must
 have a minimum of 4,000 hours of supervised work experience
 or four years of occupational experience in the area to be
 taught. Nine hours maximum may be allowed by proficiency
 examination (CTE 204, 205, and 206). Nine hours may be
 supervised work experience (TEC 349).
Total Curriculum Requirements 66 hours

**In-service teachers should substitute SED 104, CTE 363, 463 (4),
 and EDF 319 for CTE 463 (12).
 Students must take a professional vocational technical education
 assessment examination and the Teacher Occupational Competency
 Test (TOCT) before graduation.

COMPUTER AIDED DRAFTING (A.S.)

CIP Code: 15.03.01

Supporting Course Requirements 26 hours
 BTO 100, ECO 230, six hours of English Composition, SPE
 100, MAT 107, 108, CHE 101 (4), three hours of General
 Education humanities.
Free Electives 5 hours
Major Requirements 33 hours
 TEC 161, 190, INT 192, 195, 201, 238, 330, 383, 390, 392,
 and 397.
Total Curriculum Requirements 64 hours

Students must take a computer aided drafting assessment examination
 before graduation.

COMPUTER ELECTRONICS TECHNOLOGY (A.S.)

CIP Code: 15.0402

Supporting Course Requirements 30 hours
 BTO 100, CSC 177, six hours of English Composition, MAT
 107, 108, PHY 131, SPE 100, three hours of general education
 humanities, three hours of general education social science.
Free Electives 4 hours
Major Requirements 33 hours
 EET 251, 252, 253, 254, 257, 350, 351, 352, 354, 355, and
 356.
Total Curriculum Requirements 67 hours

Students must take a computer electronics assessment examination
 before graduation.

DIGITAL IMAGING DESIGN (A.S.)

CIP Code: 10.0303

Supporting Course Requirements 23 hours
 BTO 100(1), CHE 101(4), ECO 230, six hours of English
 Composition, MAT 107, SPE 100, three hours of general
 education humanities.
Free Electives 7 hours
Major Requirements 34 hours
 ART 152, BEM 295(4), CSC 177, PMT 211(2), 212(1), 217,
 316, TEC 161, 255(2), 256(1), 313, 355(2), 356(1) and three
 hours from PMT 317, 319 or TEC 190.
Total Curriculum Requirements 64 hours

Students must take a digital imaging design assessment examination
 before graduation.

QUALITY ASSURANCE TECHNOLOGY (A.S.)

CIP Code: 15.0702

Supporting Course Requirements 32 hours
 BTO 100, six hours of English Composition, ECO 230, MAT
 107, 108, CHE 101, SPE 100, STA 270 or QMB 200, three
 hours of general education humanities, three hours of general
 education social science.
Free Electives 4 hours
Major Requirements 30 hours
 EET 251, TEC 161, 190, INT 201, 202, 238, 301, 330, 332,
 336.
Total Curriculum Requirements 66 hours

Students must take a quality assurance assessment examination before
 graduation. An exam fee may be required.

Minors

**MINOR IN AVIATION (FLIGHT)
 Aviation Program**

Requirements 23 hours
 A student may minor in aviation (flight) by completing a
 minimum of 21 semester hours as follows: AVN 150, 192, 194A,
 205A, 206A, 220, 220A, 300; 315; GEO 215. No more than 12
 hours of core courses taken for the aviation (administration option)
 major may be counted toward the minor in aviation (flight).

**MINOR IN AVIATION ADMINISTRATION
Aviation Program**

Requirements 21 hours

A student may minor in aviation administration by completing a minimum of 21 semester hours as follows: AVN 150, 315, 340, 350, 410, 460, and three hours of approved electives. No more than 12 (flight) hours of core courses taken for the aviation major may be counted toward the minor in aviation administration.

MINOR IN COMPUTER ELECTRONIC PUBLISHING

Required Courses 12 hours

PMT 211(2), 212(1), 217, 317, and TEC 313.

Supporting Courses 6 hours

Select six semester hours from PMT 316, 319, TEC 255(2), 256(1), 355(2), 356(1).

Total Requirements 18 hours

MINOR IN COMPUTER ELECTRONICS TECHNOLOGY

Requirements 18 hours

EET 252, 253, 254, 354, 302 and 303. No more than nine hours of courses taken for a major may be counted toward this minor.

MINOR IN CONSTRUCTION MANAGEMENT

Requirements 21 hours

CON 121, 201, 202, 323, 324, 421, and CON 294 or TEC 190. No more than nine hours of courses taken for a major may be counted toward this minor.

MINOR IN INDUSTRIAL TECHNOLOGY

Requirements 21 hours

TEC 190, INT 201, 202+, 238*, 308, and six hours of INT upper division electives. No more than nine hours of courses taken for a major may be counted toward this minor.

+STA 270, Gen. Ed. 03, is a prerequisite for INT 202.

*CHE 101, Gen. Ed. 14 is a prerequisite for INT 238.

MINOR IN QUALITY ASSURANCE TECHNOLOGY

Requirements 18 hours

STA 270, INT 202, 332, 336, 506, and 530. No more than nine hours of courses taken for a major may be counted toward this minor.

Endorsement

INSTRUCTIONAL COMPUTER TECHNOLOGY

The requirements for an Instructional Computer Technology Endorsement for Career and Technical Education are: EET 252, 302, 303, 403, and TEC 255(2), 256(1). (Pending Educational Professional Standards Board (EPSB) approval - Spring 2003).

Certificate

Career and Technical Education*

Enrollment in this program is restricted to those who are currently employed as technical teachers and required to become certified as teachers of "Vocational/Technical Education: Industrial Education."

General Education Requirements 20 hours

ENG 101, 102; MAT 107, three hours of General Education humanities, three hours of General Education social science and five hours of General Education electives.

Professional Education Requirements 22 hours

CTE 164, 363, 364, 463 (4 hrs.); TTE 261, 361; EDF 319 or SED 104

Major Requirements 24 hours

TEC 161 and 21 hours chosen from the technical area, or related to the area, in which the individual is teaching, as approved by the advisor. Eighteen hours may be allowed by proficiency examination (CTE 204, 205, 206, 304, 305, and 306). Nine hours by proficiency examination may be applied to the Associate Degree and 18 hours to the Bachelors Degree in Career and Technical Education.

Total Curriculum Requirements 66 hours

*Based on recommendation from ECU, Certificate is awarded by the Education Professional Standards Board.

To teach, to learn, to help others teach and learn.

Since its founding in 1906, Eastern Kentucky University has maintained a strong interest in and commitment to the preparation of teachers.

The Professional Education Programs at Eastern Kentucky University are dedicated to preparing the highest quality educators and related professionals for Kentucky and beyond. Our graduates integrate content, effective pedagogical skills, and dispositions that foster life-long growth and learning. Being true to our heritage as a school of opportunity, Eastern Kentucky University provides a climate that supports, challenges, and enriches students aspiring to careers in a diverse society.

Professional Education at Eastern Kentucky University is a university-wide function, the programs of elementary education (P-5), middle grade education (5-9), special education, interpreter training, deaf and hard of hearing, interdisciplinary early childhood education and communication disorders are located in the College of Education. Students in these programs are advised in the College of Education. Secondary teaching programs are located in their respective colleges with students receiving academic advisement from the college of their major and educational counseling in the College of Education.

Model Laboratory School is operated as a department in the College of Education to: (1) provide quality and innovative education for its students, N-12; (2) provide pre-service education for prospective teachers in the College; (3) serve as an experimental testing ground for curriculum development and dissemination; (4) provide a setting for research; and (5) provide in-service education for area school systems.

POLICIES AND PROCEDURES

Professional Education Majors

To be recommended for certification, all students must meet the requirements for admission to professional education, complete a College of Education approved teaching curriculum, and pass the required PRAXIS tests as determined by the major/minor.

General Studies for Initial Teacher Preparation. The general studies will incorporate multicultural and global perspectives. All candidates will complete general studies courses and experiences in the liberal arts and sciences that lead to the development of theoretical and practical knowledge. The general studies will include course work from arts, communications, history, literature, mathematics, philosophy, sciences, and the social sciences. **CONSULT ADVISOR EARLY IN YOUR PROGRAM FOR PROPER COURSE SELECTION.**

Credits

To be applied to degree programs, credits more than eight years old must be validated by the dean.

Credit for Transfer Work

Allowance of transfer credit by the University Office of Admissions and/or the Office of Undergraduate Studies does not necessarily mean that all such credit will be applied toward admission to professional education or a degree from the College of Education. Therefore, students should read and follow closely the transfer credits/courses section in Part Three of the *Catalog*.

Credit for Transient Work

Undergraduate students or students pursuing initial certification in programs housed in the College of Education who wish to take course work at another higher education institution must have prior written approval from their advisor, their department chair, and the Dean of the College if they wish to apply that credit to their degree program. Students must be in good academic standing at EKU with an overall GPA of 2.5 or higher to be considered for approval to take a course at another institution. Transient forms are initiated with the administrative assistant, Office of the Dean, College of Education.

Overload

In the College of Education, overloads are discouraged and must be approved by the dean. Requests for overloads must contain the student's overall GPA and the number of hours being attempted, including those to be taken at other higher education institutions or through correspondence. A student must have an overall GPA of 3.0 or higher to be considered for approval to take an overload.

Correspondence Course

Students majoring in the College of Education are discouraged from over-loading their schedules by taking correspondence courses. To be accepted into their programs, such courses must have the dean's approval before they are taken. A student must have an overall GPA of 3.0 or higher to be considered for approval to take a correspondence course.

Planned Curriculum

Planned curricula in the College of Education are prepared by the Tracking Specialist, Office of Student Services (Bert Combs 423). Students in teaching programs must make application for a planned curriculum upon notification of admission to the Professional Education program. Students in non-teaching programs (special education and communication disorders) must apply for a planned curriculum upon completion of the 60th hour for B.S. degrees. Changes in the planned curriculum, initiated on the "Planned Curriculum Exception" form, must include a recommendation for change by the advisor, and be approved by the

department chair and the Dean of the College. Changes approved verbally by phone or otherwise will not be honored unless the planned curriculum is officially altered to reflect such approval. It is the student's responsibility to register for the proper courses so that all requirements are satisfied at the time of expected graduation. Completion of all course work on the student's planned curriculum is required for graduation.

Residency

A candidate for a degree must have been in residence a minimum of 36 weeks and must have earned a minimum of 32 hours while in residence. Students who are completing baccalaureate degree programs which include teacher certification, and students readmitted after a one year absence from the University must have 30 of the last 36 hours in the program, exclusive of student teaching (ELE 499, EMG 499, EMS 499, ESE 499, SED 499), awarded by ECU.

Application for Graduation

Students must file an application for graduation in the Office of Student Services (Bert Combs 423). May and August graduates must file an application during the preceding October; December graduates must file an application during the preceding April.

Student Teaching

Since student teaching is especially demanding, students are not allowed to take any other courses (including correspondence and transient courses) while student teaching. Credit for unfinished correspondence course(s) will not be allowed during the student teaching semester.

Retroactive Permission

Students should not ask for retroactive permission.

Admission to the College of Education

- Upon admission to the College of Education, students are assigned an advisor. Students must enroll in Academic Orientation, EDO 100, during the first semester. Students are advised to enroll in EDF 103, Introduction to Education, during their freshman year and in EDF 203, Schooling and Society, during their sophomore year. However, students should not enroll in EDF 103 until all developmental requirements have been met. EDF 310 will be required for students who have an equivalent transfer course for EDF 203.
- Secondary education majors will follow the prescribed curriculum and requirements of another academic college and the policies for professional education stated elsewhere in its *Catalog*. The College of Education cooperates closely with the other colleges in matters pertaining to admission to professional education and student teaching.

**OFFICE OF STUDENT SERVICES
(Admission and Certification)**

**Director
TBD
(859) 622-1828
Bert Combs, Room 423**

To teach, to learn, to help others teach and learn.

The Office of Student Services is responsible for admitting students to professional education programs at ECU. In addition, certification applications for teachers and school personnel (principals, supervisors, superintendents, counselors, pupil personnel directors, business administrators, librarians, and speech pathologists) are processed through the Office of Student Services.

To be recommended for certification, all students seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching curriculum, and pass the required PRAXIS tests as determined by the major/minor.

Students are advised to enroll in EDF 103, Introduction to Education, during their freshman year and in EDF 203, Schooling and Society, during their sophomore year. However, students should not enroll in EDF 103 until all developmental requirements have been met. EDF 310 will be required for students who have an equivalent transfer course for EDF 203.

ADMISSION REQUIREMENTS and APPLICATION PROCESS

Admission to Professional Education

Admission to the University (academic college) is not synonymous with admission to professional education. Students will apply for admission to professional education in the College of Education's Office of Student Services (Combs 423). Formal applications will be accepted based upon completion of the following requirements:

A. Hours / Residence

- Students must complete 60 hours of credit (excluding developmental level courses).
- Transfer students must complete 12 hours of credit at ECU.

B. Admission Test Requirement

- Students must have a passing score on one of the tests approved by the Education Professional Standards Board:
- | | |
|---|--|
| ACT (American College Test)* | Composite 21 |
| PRAXIS I - PPST (Preprofessional Skills Test) | Written: Reading 173, Math 173, Writing 172 |
| SAT (Scholastic Aptitude Test) | Composite 990 |
| GRE (Graduate Record Exam) | Combined Total 1000 |

*ACT scores must be Fall 1989 or after and be on file at the University Office of Admissions.

C. GPA and Grade Requirements

- Student must have a minimum overall GPA 2.5 in all undergraduate course work.
- Student must have a minimum GPA 2.5 in college work at ECU.

- Student must have a satisfactory grade in EDF 103, and a grade of “C” or higher EDF 203 (requires completion of admission test requirement [section B] prior to enrollment), ENG 101 and ENG 102.
- Student must have a satisfactory grade in EDF 310 if transferring a course equivalent to EDF 203.

Undergraduate degree student GPA is based on the hours attempted as shown on the official EKU transcript. Post degree certification student GPA is based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

D. Mathematics Requirement

Students must complete a college level mathematics course of MAT 105 or above (exclusive of MAT 201 and 202), with a grade of “C” or higher.

E. Computer Literacy

- Students must complete CSC 104 or CIS 212 with a grade of “C” or higher.
- Students with prior computer knowledge and skills may demonstrate proficiency by satisfactorily completing both the written and performance portions (word processing, database, spreadsheet) of the computer literacy test. Students who fail the test must complete CSC 104 or CIS 212 with a grade of “C” or higher. The test option is not available for students required to take CSC 104 or CIS 212 as a part of their major. The university course by examination will not satisfy the computer literacy requirement for the College of Education since it does not have a performance component.

F. UWR (University Writing Requirement)

Students must achieve satisfactory performance on the University Writing Requirement. (Undergraduate students should also refer to University requirements described in the current *Undergraduate Catalog*).

G. Examinations

- Students must achieve satisfactory results on examinations taken in EDF 103 and 203 and on other examinations which may be required by the Professional Education Admissions Committee.
- Students must demonstrate proficiency in oral and written communication including evidence of satisfactory speech and hearing screening. Screening is provided by the Speech-Language-Hearing Clinic in Wallace 278 B.
- Students scoring below minimum requirements on the tests for oral and written communication shall be required to improve their competencies to an acceptable level before admission to professional education. This may include therapy, tutoring, and enrollment in credit or non-credit remediation courses.

- Any hearing impaired student unable to pass the speech and hearing screening who can benefit from remediation should receive it. Documentation concerning remediation and communication competency (oral or manual) must be provided to the Speech and Hearing Clinic. The Clinic, in consultation with faculty of the Deaf and Hard of Hearing Program will submit a recommendation for consideration for admission to the Office of Student Services. This should include documentation of communication competence.

H. Recommendations

Students must submit satisfactory recommendations from four EKU faculty members including the EDF 203 instructor, the advisor and two faculty members with one being from the major.

I. Interview / Portfolio

Students must satisfactorily complete a formal interview which will include the portfolio presentation. Two faculty members will conduct the interview and portfolio review process.

J. Ethics Declaration

Students must complete and sign a “Personal and Professional Fitness Declaration” form.

NOTE: Based on your disclosure an interview by the Professional Education Admission Committee may be required.

K. Student Behavior

- Students must have no physical or psychological impairments that would preclude teaching success.
- Students preparing to work in schools as teachers or other professional school personnel must demonstrate dispositions necessary to help all students learn.
- Students must demonstrate acceptable social behavior at the University and in the community-at-large.* A student interview may be required by the Professional education Admissions Committee.
- Student admission status may be reevaluated if the student is placed on either academic or social probation or has a record of criminal conviction(s).* A student interview may be required by the Professional Education Admissions Committee.

* The College of Education will contact the Eastern Kentucky University Office of Judicial Affairs to obtain records of infractions committed by candidates for admission to professional education. The College of Education will also contact the Administrative Office of the Courts to obtain a criminal records check for each candidate for admissions to professional education.

The Office of Student Services will process the formal “Application for Admission to Professional Education.” The Professional Education Admissions Committee will review applications, supporting documentation, and other relevant materials brought before the committee and will take appropriate

action concerning the student's admission to the professional education program. The student will be notified of the committee's decision.

OFFICE OF PROFESSIONAL LABORATORY EXPERIENCES (Student Teaching)

Director
Dr. Bruce Bonar
(859) 622-1544
Bert Combs, Room 425

To teach, to learn, to help others teach and learn.

- The Office of Professional Laboratory Experiences receives and evaluates all applicants for student teaching, determines appropriate disposition of the application, and provides continuous assessment of the applicant's pre-teaching and teaching experiences during the professional semester.
- This office recognizes that cultural diversity is a fact of American life and teachers function in a pluralistic cultural environment. Experience in multi-cultural settings provides valuable enrichment for the proper development of effective teachers. That philosophy will guide the student assignments.
- Students are not allowed to take any other courses (including correspondence and transient courses) while student teaching. Credit for unfinished correspondence courses will not be allowed during the student teaching semester.
- Students of senior standing (90 hours or more with a minimum of 12 semester hours residence at EKU) may enroll in student teaching if they have satisfied the following requirements:

Application for Student Teaching

1. Applicants must be admitted to the professional education program prior to the application semester.
2. Applicants must file an application during the first four weeks of the semester prior to the term in which student teaching is desired.
3. Applications filed will be evaluated and processed for approval or disapproval.

Evaluation of application will include in part

1. The planned curriculum. Each applicant must have an approved planned curriculum on file with the Dean of the College of Education.
2. All prerequisites in professional education and pre-student teaching curricula in the applicant's area as prescribed by the *Catalog*, must be completed prior to student teaching.
3. Recommendation made by the applicant's advisor and approval by the department chair.
4. A valid medical examination report, including current tuberculosis test report. Students with any significant deviation from normal physical and psychological well-being will be referred to a proper examining physician.
5. The ethics declaration. Each applicant must complete and sign a new "Personal and Professional Fitness Declaration" form.
6. Behavior that relates to the moral, ethical, social, and personal standards of professional competency. The applicant's comportment will be subject to review and appraisal by the

department responsible for the student teaching recommendation and the College of Education. Applicants must process a criminal background check (KRS.161.042).

7. Academic Requirements: Undergraduate degree students' GPAs are based on the hours attempted as shown on the official EKU transcript. Post degree certification students' GPAs are based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

Elementary Education (P-5) and Middle Grade Education (5-9) Majors

- Minimum 2.5 GPA in all undergraduate course work.
- Minimum 2.5 GPA in college work at EKU.
- Minimum 2.5 GPA with a grade of "C" or higher in courses in the "core and supporting course requirements,"* area(s) of academic emphasis, "professional education requirements" (see program display for a list of courses), teaching minor(s), and certification endorsement(s).
- Other requirements as found in the appropriate department presentation.

*supporting course requirements for elementary education only.
Special Education

- Minimum 2.5 GPA in all undergraduate course work.
- Minimum 2.5 GPA in college work at EKU.
- Minimum 2.5 GPA with a grade of "C" or higher in courses in the "major, core, and option,"** "elementary/middle grade and supporting course requirements," area of academic emphasis**, professional education requirements (see program display for a list of courses), teaching minor(s), and certification endorsement(s).
- Other requirements as found in the appropriate department presentation.

*combination of major, core, and/or option as identified in the program display.

**emphasis with middle grade education only.

Communication disorders majors should see their advisor for information related to admission to student teaching.

Secondary Education Majors

- Minimum 2.5 GPA in all undergraduate course work.
- Minimum 2.5 GPA in college work at EKU.
- Minimum 2.5 GPA in teaching major(s), minor(s), area(s) of academic emphasis, and certification endorsement(s).
- Minimum 2.5 GPA with a grade of "C" or higher in courses in "professional education requirements" (see program display for a list of courses).
- Other requirements as found in the appropriate department presentation.

APPLICATION FOR CERTIFICATION

Exams—Prior to graduation, students must complete required competency examinations and take the PRAXIS Series (Professional Assessments for Beginning Teachers). All required parts of the PRAXIS test are to be taken during the senior year.

NOTE: Some majors/minors require testing over two semesters. Students must review the schedule for PRAXIS tests registration deadlines prior to the beginning of the senior year (last two semesters). Specialty test(s) are required for each certification area sought.

Certification—Applications for teacher certification should be filed in the Office of Student Services prior to graduation as follows: May graduates by April 1; August graduates by July 1; December graduates by November 1. Applications for certification are not processed until all requirements are met.

OFFICE OF EDUCATIONAL TECHNOLOGY

Technology Coordinator
Ed Richard
 (859) 622-8250
 Bert Combs, Room 406

To teach, to learn, to help others teach and learn.

The Educational Technology office has responsibility for the management, development, and integration of instructional technology, distance learning initiatives, and the College of Education Internet/Intranet/Web connections and presence. The office provides leadership in the ongoing process of integrating, developing, and managing the College Knowledge Initiative; oversees the integration, development, and implementation of short- and long-range strategic plans for information technology in the College; prepares user hardware/software documentation and provides user training on computer hardware/software; administers the computer literacy exam for the College of Education.

OFFICE OF EDUCATIONAL RESEARCH AND ASSESSMENT

Director
Dr. Paul Erickson
 (859) 622-2962
 Bert Combs, Room 433

Effective Teachers Are Effective People

Preparation of professional school and community personnel is a dynamic and complex activity, and one that requires the College of Education to plan and evaluate on a continuing basis. The Office of Educational Research and Assessment collects and analyzes data on applicant qualifications, candidate and graduate performance, and unit operations to evaluate and improve professional education programs at EKU. The unit, with involvement of the internal and external community implements an assessment system that reflects the conceptual framework, program goals, and incorporates candidate proficiencies outlined in national and state standards.

The unit has a responsibility to ensure that professional education programs at EKU are of the highest quality. Meeting this responsibility requires using information technologies in the systematic gathering and evaluation of information and making use of that information to strengthen the professional education programs at EKU. At Eastern Kentucky University, effective teachers are effective people.

OFFICE OF FIELD SERVICES AND PROFESSIONAL DEVELOPMENT

Director
Dr. William Thames
 (859) 622-2581
 Bert Combs, Room 417

To teach, to learn, to help others teach and learn.

The Office of Field Services and Professional Development is the service arm of the College and serves as the principal liaison between the College and the school districts in the EKV service region. This office maintains close contact with the central offices of the area school districts and responds to requests for assistance. The office extends the services and expertise of the College and the University to the schools. The SouthEast/SouthCentral Educational Cooperative, with a membership of 19 school districts, is housed in the FSPD office. The Cooperative provides professional development services to teachers, principals, central office personnel, and school staff. It also conducts regular meetings for school superintendents, and central office personnel on job related topics, and offers bidding and purchasing on a wide range of items. The Kentucky Teacher Intern Program is also coordinated through this office. The office conducts all training for intern committee members and assigns teacher educators to over 400 committees each year. The office maintains close relationships with the Kentucky Department of Education, the Region Six Service Center of the department of education, and other educational agencies. In the Office of Field Services and Professional Development our middle name is service.

DEPARTMENT OF COUNSELING AND EDUCATIONAL LEADERSHIP

Chair
Dr. Patricia Stevens
 (859) 622-1124
 Bert Combs, Room 406

Faculty

J. Austin, C. Callahan, A. Chapman, P. Erickson, N. Gray, J. Herlihy, S. Hyndman, K. Naugle, E. Newby, P. Stevens, M. Stockburger, and S. Strong

To teach, to learn, to help others teach and learn.

The Department of Counseling and Educational Leadership offers degree and non-degree graduate programs.

The Educational Leadership unit offers programs for persons seeking certification as principals, supervisors, administrators of pupil personnel services, and superintendents. Course work in these areas is designed for those who seek certification and Rank I programs as well as the Specialist in Education.

The Counseling and Educational Psychology unit offers graduate programs in school counseling and in mental health counseling as well as in human services. This unit also provides graduate instruction in the common core required of all Master's degree programs in education and related fields, such as human development and learning, tests and measurement, and research. More complete information concerning the counseling programs

can be reviewed by accessing the counseling student handbook located on the EKU website at www.cel.eku.edu.

Baccalaureate Degrees

DEPARTMENT OF CURRICULUM AND INSTRUCTION

Chair
Dr. Michael A. Martin
(859) 622-2154
Bert Combs, Room 112

Faculty

A. Al-Khatib, D. Bowen, J. Bucknam, D. Combs, M. Davis, J. Dickey, J. Downing-Moore, L. Gillaspie, J. Guilfoil, R. Hendricks, S. Hinton, C. Jackson, M. Kolloff, S. Long, M. Martin, P. McGuire, N. Newsome, M. Pappas, I. Ramsey, J. Thomas, R. White, M. Wilder, and P. Wirtz

To teach, to learn, to help others teach and learn.

ELEMENTARY EDUCATION (P-5) TEACHING (B.S.)

CIP Code: 13.1202

Major Requirements 49 hours

ELE Core 28 hours

ELE 322, 361, 362, 365, 445, 446, 490, 491, 492, 493.

Options 21 hours

Students seeking certification as teachers of P-5 must complete 21 hours from one of the following areas of academic emphasis.

Arts/Humanities: To complete an area of emphasis in Arts/Humanities, the student must complete one of the following tracks:

General Track: ART 200 (GEW 08), MUS 171 (GEW 07), THE 100; ENG 350 or 351; PHI 110 or 130; HUM 124, FCC 220, 222, 226, 227, ART, THE, or PHE 300. Visual Arts Track: ART 100, 101, 152, 153, 200 (GEW 07); six hours from ART 210, 220, 230, 240, or 270. Music Track: MUS 171 (GEW 07), 272; Performance Component: four to nine hours from applied music and/or ensembles, three to eight hours from MUS 181, 182, 371, 372.

Humanities Track: HUM 124, 226 (GEW 05), 228 (GEW 06), MUS 272; ART 390 or 391; PHI 100 or 110; ENG 350 or 351; FCC 220, 222, 226, 227, HUM 300, PHE 200, or REL 301.

English/Communications: ENG 101 (GEW 01) and 102 (GEW 02) (or 105, GEW 01/02); ENG 510, 520, or EME 551; SPE 100 (GEW 20); ENG 350, 351, or 359; six hours from ENG 301, 405, or 410.

Foreign Language: Courses from the academic emphasis must be selected from one of the following options:

French: Nine to fifteen hours from FRE 101, 102, 201, 202, 204, 210; six to twelve hours from FCC 220, FRE 340, 350, 360, other upper division FRE courses. Students with mastery of FRE 101, 102, and/or 201 should take FRE 204 and additional hours from the elective list.

German: GER 101, 102, 201, 202, 240, 340, FCC 222, other upper-division GER courses. Students entering the program with mastery of the content of GER 101, 102 and/or 201 should take additional hours from other courses listed above.

Spanish: Nine to fifteen hours from SPA 101 and 102 (or 105), 201, 202, 206; six to twelve hours from FCC 226, SPA 301, 360, 370, other upper division SPA courses. Students with mastery of SPA 101, 102, and 201 should select additional courses from Spanish offerings with advisor approval.

(Two of the foreign language courses at the 100 and 200 level can be used as GEW 03 and GEW 04).

Kindergarten: CDF 244, 247, ELE 519, SED 518; CDF 346, OTS 515, or SED 260; CDF 132, HEA 375, or SOC 345; AGR 577, BIO 317 (GEW 16), CSC 178, or TEC 322.

Mathematics: CSC 104+ (GEW 03), MAT 106 (GEW 21), 107+, 203, 205, 303, and STA 270 (GEW 04).

Multi-Disciplinary: ENG 301, 302, 502, or 503; HIS 202 (GEW 10) or 203 (GEW 11); ENG 359, POL 332, or BIO 304; ART 200, FCC 220, 222, 226, 227, MUS 171, PHE 300 or THE 100; GEO 322 or 345 (GEW 12); 6 hours from AST 130, 135, BIO 317, CNM 101, 102, GEO 215, GLY 302, 390, NAT 172, 380, MAT 203 or 502.

Science: A minimum of three hours of life science selected from BIO 100 or NAT 101 or BIO 102, BIO 131, 141, BIO 300, 301, 317; CNM 101 or NAT 363. A minimum of three hours of physical science selected from PHY 101 or NAT 171, AST 130 or 135, NAT 172, GLY 102 or 108 or 109; CHE 101, 102, CNM 102, GEO 215, GLY 302, 304, 307, 390, PHY 131, 132, or SCI 310. As part of the 21 hour science emphasis, students must take one biological science (GEW 13) and one physical science (GEW 14) laboratory course. Remaining hours are to be selected from courses listed. CNM 101 and 102 may be taken to fill one biological and one physical science laboratory requirement. If only CNM 101 is taken it can be used to fill Gen. Ed. 15 but not an emphasis requirement.

Social and Behavioral Sciences: ECO 130; GEO 101 or 200; HIS 246 (GEW 10), 247 (GEW 11); HIS 516 or POL 332; SOC 345 or CDF 132; ANT 330, HIS 330, HIS 305, 383, 405, POL 316, or SOC 360.

Supporting Course Requirements 9 hours
 LIB 301, MAT 201, and 202.

Professional Education Requirements 25 hours
 EDF 103, 203, 319, 413, SED 401, and ELE 499.

General Education Requirements 42-46 hours
 Standard General Education program excluding courses identified as "GEW" in each area of emphasis. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

University Requirement 1 hour
 EDO 100.

Free Electives: As needed to complete 128 hours.

Total Curriculum Requirements 128-130 hours

+Students whose educational background included material equivalent to CSC 104 and/or MAT 107 may select alternate courses from the following with advisor approval: MAT 121, 211, 261, CSC 180, STA 271.

**MIDDLE GRADE EDUCATION (5-9)
TEACHING (B.S.)**

CIP Code: 13.1203

Major Requirements	63 hours
Middle Grade Core	15 hours
EMG 430, 445, 447, and six hours from 491, 492, 493, or 494.	
Options	48 hours
Students seeking middle grade, 5-9, certification must select two areas of emphasis from the following list and complete 24 hours in each area: English and communications, mathematics, science, social studies.	
English and Communications	24 hours
ENG 101 (GEW 01), 102 (GEW 02) (or 105, GEW 01/02); 350 or 351; 410; LIB 501, SPE 100 (GEW 20), and six hours selected from ENG 301, 405, 510, 520, or EME 551.	
Mathematics	24 hours
MAT 106 (GEW 21), 201, 202, 203, 205, 211 or 261 (GEW 03); 303, and STA 270 (GEW 04). (Students are advised to take CSC 104 as a symbolics option prior to enrolling in MAT 205 unless they already possess skills comparable to those acquired in CSC 104.) Students whose secondary education did not include a course equivalent to MAT 107 will need to take the course prior to enrolling in MAT 211, 261, 303, or STA 270.	
Science	24 hours
Biological Science - nine hours: one course from BIO 100, 102, 131, 141, or NAT 101; two courses from BIO 131, 141, 211, 300, 301; 302 or 303; 317, CNM 101**, or NAT 363. Earth Science, Physics, and Chemistry - 15 hours to include nine hours from one area and three hours from each of the remaining two areas: CHE 101 and 102 or 111 and 112; GLY 102, 108, 109, 302, 304, 307, 390, AST 130, 135, NAT 172; CNM 102**, PHY 101, 131 and 132, 201 and 202, or NAT 171. A laboratory course must be selected from each area. (GEW 13 and GEW 14) can be filled with one lab course in biology and one lab course in physical science.	
**Both CNM 101 and 102 must be taken to fill Gen. Ed. 13 and 14. If only CNM 101 is taken it can be used to fill Gen. Ed. 15 or 16, but not an emphasis requirement.	
Social Studies	24 hours
ECO 120 or 130; GEO 200, HIS 246 (GEW 10), 247 (GEW 11), HIS 202, 203; POL 100 or 101; ANT 120, 325, SOC 131, or 345.	
Professional Education Requirements	25 hours
EDF 103, 203, 319, 413, SED 401, and EMG 499.	
General Education Requirements	34-40 hours
Standard General Education program, excluding courses identified as "GEW" in area of emphasis. Refer to Section Four of this <i>Catalog</i> for details on the General Education and University requirements.	
University Requirement	1 hour

To teach, to learn, to help others teach and learn.

ADMISSION TO COMMUNICATION DISORDERS PROGRAM

Any student who is accepted by Eastern Kentucky University's Admissions Office may declare their major as communication disorders (CD). The student will be assigned to a program advisor and will be classified as a "Pre-CD" major. However, a Pre-CD status does not guarantee admission into the CD undergraduate program. Pre-CD majors will be restricted to enrollment in the following major courses: SED 104, 275, 360, and SED 240 or ASL 101. To be admitted into the CD undergraduate program, students must meet the following minimum criteria: (1) at least 27 credit hours earned on 100-level courses or higher, (2) at least a 2.75 GPA on a 4.0 scale, (3) have taken the ACT, and (4) earned a grade of "C" or higher in SED 275 "Communication Disorders: A Survey" or equivalent transferred course. Transfer students do not have to be enrolled in university courses at the time of submitting an application for admission. The CD program admits 30 new undergraduate students each year. Applicants are ranked by the GPA x ACT composite score. The most qualified applicants are admitted. Application forms are available from Wallace 245 or visit the CD program website at www.education.eku.edu/sed/cd; telephone (859) 622-4442. Completed applications and all required documentation as specified on the application form must be submitted by February 14 to the CD Program Coordinator.

It should be noted that enrollment in the graduate program in Communication Disorders is also limited. Admission into the undergraduate program does not guarantee admission into the graduate program. Refer to the Graduate Catalog for Admission Requirements and Procedures regarding application to the master's degree program of study in Communication Disorders.

Students must purchase the college student professional liability insurance prior to enrollment in SED 374, 474, and 541. Further, that insurance coverage must be maintained throughout enrollment in these courses.

SPEECH-LANGUAGE-HEARING CLINIC

The Communication Disorders Program in the Department of Special Education offers services to students, faculty, staff, and members of the community at the Speech-Language-Hearing Clinic in Wallace 278.

Diagnostic and clinical treatment services provided by the Clinic include the following:

1. Screening for speech, language, and hearing problems.
2. Assessment and treatment of articulation disorders, phonological delays, delayed or disordered language, stuttering, and voice disorders including laryngectomy. Also, assessment and treatment of speech and language problems resulting from stroke or head injury or related to learning disability, mental retardation, cerebral palsy, cleft palate, autism spectrum disorder, and emotional/behavioral disorder.
3. Identification of hearing loss, differential diagnosis for site of lesion, and aural rehabilitation services including auditory training, speech reading, and adjustment to the use of hearing aids.
4. Speech and language services to improve the use of Standard English and for those speaking English as a second language.

Anyone interested in the above services should contact the Clinic Secretary at (859) 622-4444 or visit the Clinic website: www.education.eku.edu/Sed/CD/clinic.htm.

 Standard General Education program excluding course categories 03, 04, and emphasis area may use up to 12 hours in General Education as identified on the curriculum guide. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.
- University Requirement 1 hour**
 EDO 100.
- Total Curriculum Requirements 136-145 hours**
 +Course waived for students who are hard of hearing/deaf and who are majoring in the deaf and hard of hearing professional education certification program.

ADMISSION TO INTERPRETING FOR DEAF INDIVIDUALS PROGRAM

Any student who is accepted by the University Admissions Office and declares their major as interpreting will be admitted as a pre-interpreting major. Admission to pre-interpreting does not guarantee admission to the Professional Interpreter Training Program. For consideration of admission into the Professional Interpreter Training Program, the following are required:

Admission Criteria

- An EKU GPA of 2.5 or higher.
- Successfully completed ASL 201, 202, and ITP 215, 220 with a grade of "C" or higher and an overall GPA of 2.5 or higher for these classes.
- Successfully completed the Degrees of Reading Power Language Test, and
- Completed an admission interview by the ITP Interview Committee.

The ITP Interview Committee will select and rank applicants using the following criteria: 1) signing skills, (2) GPA, (3) score on the Degree of Reading Power Language Test, (4) interview score, (5) disposition score. The ITP Interview Committee will determine the number of students admitted to the program in order to maintain an appropriate student-faculty ratio and based on available resources.

Provision of Services

COURSES FOR PROVIDING SERVICES TO THE DEAF AND HARD OF HEARING

The following course work cluster is designed to meet the needs of individuals trained in a variety of paraprofessional and professional programs who, upon graduation, are interested in the provision of services to deaf and hard of hearing children, youth, and adults. The course work provides an introduction to cultural awareness and the development of communication skills.

Prerequisite Courses* 15 hours

ASL 101, 102, 201, and 202; SED 115.

Required Courses 9 hours

SED 774**, SED 830, and PSY 845.

*These courses or the equivalent of these courses demonstrated through proficiency in American Sign Language and an equivalent orientation to deafness course.

**Practicum assignments will be interfaced with the individual's specialty area and placement will be in a setting serving deaf and hard of hearing children, youth, and adults.

MISSION STATEMENT

To provide excellent teaching, scholarship, and service in the College of Health Sciences to prepare professionals and leaders in health and human sciences.

VISION

By 2010, graduates of the College of Health Sciences will consistently demonstrate advanced knowledge and abilities, leadership and compassion as they actively shape and improve the health and well being of individuals, families, and communities.

The College of Health Sciences will be nationally recognized as a center for outstanding teaching, scholarship, service and educational outreach. The College will be centralized in a state-of-the-art facility supporting academic community collaboration. Grant writing and entrepreneurial activities of faculty and staff will support innovative programs addressing societal needs. Education in existing and emerging fields with multi-interdisciplinary studies at all levels will draw students from the Commonwealth, the nation and the world.

GOALS

- 1) To provide high quality accredited and approved programs at the undergraduate and graduate levels for individuals who wish to pursue a health and human science profession.
 - a) Maintain state, regional and/or national undergraduate and graduate program accreditation.
 - b) Maintain state, regional and/or national approval.
- 2) To support the student in the acquisition of professional knowledge and skills necessary for the delivery of health and human sciences.
 - a) Maintain pass rates at or above the national average on all required credentialing examinations.
 - b) Ensure the majority of students will exceed the minimum standards on all required credentialing exams.
 - c) Assess the need for developing and evaluating educational delivery systems for high quality programs.
- 3) To contribute to a healthy community by promoting a high level of wellness and fitness as a way of life.
 - a) Provide health and fitness through general education courses and college curricula.
 - b) Assess the success in meeting general education goals through short and long-term evaluations.
- 4) To maintain national recognition in health and human sciences that will contribute to the societal needs of the citizens of the Commonwealth, the region, and nation.
 - a) Recruit and retain high quality students.
 - b) Initiate community outreach efforts to respond to the needs of rural and urban underserved populations.
 - c) Maintain national accreditation.
 - d) Increase grant and contract submission and funding.
- 5) To provide opportunities for career mobility and continuing education that will enhance health and human sciences for the citizens of the Commonwealth.
 - a) Increase the number and scope of course offerings.
 - b) Conduct on-going continuing education assessment to determine course offerings.
 - c) Assess needs for developing and evaluating educational delivery systems for continuing education.
- 6) To develop and expand the knowledge base in health and human sciences.
 - a) Contribute to the body of knowledge through creative and scholarly activities.
 - b) Obtain scholarships and funding from internal/external sources.
 - c) Disseminate results of research and health knowledge to the community of interest.
- 7) To encourage the development of learning experiences that will enhance an interdisciplinary and team concept in health care, human services, human performances and the principles of life-long learning.
 - a) Increase collaboration with community agencies to enhance quality student educational experiences.

- b) Develop and build public/private partnerships and opportunities that lead to enhanced training and certifications for “real world practice”.
 - c) Promote cost effective interdisciplinary teaching, research and service.
- 8) To increase College level development activities and resource enhancement effectiveness.
 - a) Develop a College action plan for funds and resource development.
 - b) Provide training and focus to both Department Chairs and faculty regarding funds and resource development activities.
 - c) Identify prospective development opportunities.
 - d) Maintain enhanced contact with foundations and successful alumni.

ADMISSION REQUIREMENTS FOR COLLEGE

The College of Health Sciences accepts applications from all persons who are qualified for admission to the University. All applicants must provide evidence of their ability to meet the academic standards established by the various programs. Due to enrollment limitations of some programs, applications should be made early. Applications received after the deadline of a program will be processed and admissions recommended on a space available basis. Specific entrance requirements for each program are shown in the departmental sections of this Catalog.

ADMISSION POLICIES

1. Students must follow the general admission policies of the University before being considered for enrollment in programs within the College of Health Sciences. Specific admission criteria are provided under each of the Health Sciences programs. The student is responsible for obtaining information for the application process including department deadlines.
2. Transfer work must be from an accredited institution and with a minimum grade of “C-” in major and supporting courses. The applicant must be eligible to return to the last institution attended.
3. Work taken more than eight years previously must be approved by the Dean of the College.
4. In the event that a student is not accepted for a program, the student who wishes to reapply must submit a new application and related materials that will be considered when a new class is accepted.

Students desiring to complete collegiate work required for admission to professional programs may complete this work at any accredited college or university. Students are urged to carefully plan their course of study to include the disciplines and subject areas described in the individual programs.

Students who have not reached a decision on a specific health science major may obtain counseling/guidance from individual program directors in the College of Health Sciences.

The programs in the College of Health Sciences are designed to prepare graduates for practice in health and human services professions. Most require licensure and/or certification after graduation and prior to practice. A criminal record (excluding minor traffic violations) may make a person ineligible for licensure or certification in these professions. Students with such a history

should contact the licensing or certifying body prior to enrollment to determine whether this might be the case.

Placement in certain clinical sites, particularly those that involve practice with children, requires a background check by the Kentucky State Police to determine whether the student has a criminal history that would prevent their participation in that clinical experience.

STUDENT AGREEMENT STATEMENT

Programs in the College of Health Sciences may require a student to sign an agreement statement that encompasses professional expectations related to the program. This statement is to be signed when the student enters courses in the major.

STUDENT LIABILITY (MALPRACTICE) INSURANCE

All students whose programs require participation in clinical learning experiences must purchase and maintain liability insurance through the University during the entire clinical experience. Proof of such insurance coverage must be furnished to the department before the clinical experience is scheduled to begin. The University has arranged for appropriate insurance coverage at a modest cost to the student. Further information may be obtained at the student's major departmental office.

CLINICAL FACILITIES

The University maintains formal contracts with many health care Human Services and Educational agencies located throughout Kentucky and the southeastern United States. Almost every specialty within the entire health care spectrum is available for use in providing high quality experiences for students enrolled in the programs. A list of cooperating agencies is available through the office of the Dean.

The University is not liable for, nor is there a fund from which payment can be made for those who are inconvenienced or incur expenses based upon canceled classes, assignments, or clinical placements, etc.

BLOODBORNE PATHOGENS AND HEPATITIS B STATEMENT

The College of Health Sciences attempts to impart the principles and practice of infection control to its students who may have future occupational exposure to bloodborne pathogens. To this end, students majoring in athletic training, clinical laboratory science and technology, medical assisting, nursing, and occupational therapy are required to receive education in universal precautions and the Occupational Safety and Health Administration's (OSHA)

Bloodborne Pathogens Standard Regulations. Students will be responsible for obtaining the Hepatitis B vaccination before participation in the clinical training phase of their respective programs when indicated. Students who may potentially be exposed to blood and body fluids are required by most of our clinical agencies to have obtained the Hepatitis B vaccine. If this requirement is placed upon the student, it will be strictly enforced. Please see the departmental student handbook for further clarification.

DEGREE REQUIREMENTS

The students are responsible for selection and registration for courses needed for reasonable progress toward their degree or certificate that will enable the students to satisfy requirements for graduation.

General University requirements described in Section Four of this Catalog, and specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate programs administered by the College of Health Sciences. See programs under each department for major and minor requirements. All first-year students in the College of Health Sciences must enroll in the Academic Orientation course (HSO 100).

Besides the general University requirements, specific degree requirements for the College of Health Sciences are as follows.

Baccalaureate Degree

1. A minimum grade of "C-" in each CLS, EHS, HEA, HNF, MPM, NSC, OTS, REC course and selected CHS courses is required.
2. HEA 281 is not required in the general education requirements for nursing students.
3. Students pursuing a baccalaureate degree in any health sciences major shall be allowed to declare a minor or a second major outside the College of Health Sciences. Any student who chooses to pursue a minor or second major must have as their primary advisor a faculty member from the College of Health Sciences.

Associate Degree

1. A minimum grade of "C-" in each CLT, HNF, MAS, NUR course and selected CHS courses is required.
2. A minimum of 16 hours in courses approved for general education is required for all associate degree programs. These hours include ENG 101 and 102, or their equivalent. The ten additional hours must include approved courses in categories 05-08 (humanities), categories 09-12 (social science), and categories 13-16 (natural sciences) or an approved MAT course from category 03. Courses that meet general education requirements have been identified by an asterisk(*). In addition, an orientation course (HSO 100) is required for all associate degree programs.

Appeals

Appeals procedures are detailed in the Departmental and University Handbooks and in the department sections.

Division of Continuing Education and Development

Director
Ms. Kathy Hall
(859) 622-2143
Perkins 215

The Division of Continuing Education and Development in the College of Health Sciences was formed in 1977 in order to help meet the needs of nurse professionals for mandatory continuing education in the state of Kentucky. Although nursing has continued to be the largest enrollment group, many of the activities are also of interest and applicable to the other health-related professional programs in the College of Health Sciences. The mission of the Division of Continuing Education is to provide quality continuing education activities which promote excellence in professional practice. Programming is designed to meet the assessed needs of health professionals in the surrounding community and region and focuses on the enhancement of clinical competence, professional development, and/or personal growth.

The Division is nationally accredited by the American Nurses Credentialing Center and approved by the Kentucky Board of Nursing. Continuing education is seen as an integral component of the life-long process of learning. Health and human services professionals seek quality continuing education opportunities in order to function competently in a continuously changing health care environment. Continuing education provides a holistic approach to health --encompassing the physical, intellectual, social, and spiritual aspects and focusing on the restoration, maintenance and/or promotion of health.

A variety of teaching-learning approaches are used such as lecture, discussion, and experiential group work. In an effort to reach as many participants as possible, learning activities are accessible through independent study approaches, distance education opportunities, as well as both on and off-campus presentations. Continuing education contact hours are awarded for successful completion of these activities. For further information, contact the Division of Continuing Education and Development, 202 Perkins Building, (859) 622-2143.

HEALTH SCIENCES LEARNING RESOURCE CENTER

Director
Dr. Patsy Daugherty
(859) 622-2091
Rowlett 310

The Health Sciences Learning Resource Center is an audiovisual library and computer center for the College of Health Sciences. It provides support to the instructional needs of the faculty through audiovisual materials, equipment, and other services. The primary purpose of the Center is to provide the student the opportunity to reinforce previous learning of clinical/classroom content through independent review of audiovisual materials and CAI (Computer Assisted Instruction) programs.

Students also have access to other resources such as anatomical models, interactive video resources, professional articles, e-mail, the internet, literature searches, and word processing. The Learning Resource Center is located in the Rowlett Building, Room 310.

Pre-Professional Programs

Students interested in a baccalaureate degree allied health program, such as physical therapy, physician assistant, and dental hygiene, may take two years of pre-professional courses before transferring to another institution at the professional curriculum level. It is strongly recommended that out-of-state students communicate with colleges in their own state regarding curriculum requirements. At the time of advisement, students who are interested in a specific allied health program such as physical therapy, physical assistant, or dental hygiene should provide a copy of the curriculum outline for the program to which they plan to transfer. Students interested in these transfer programs should consult with an advisor for assistance in developing a specific curriculum. The 71 hours of course work listed below will meet the requirements for freshmen and sophomores at most institutions.

Two semesters of English composition	6	hours
Two semesters of psychology	6	hours
Two semesters of general chemistry with lab	8	hours
Two semesters of physics with lab (physical therapy)	10	hours
Sociology	3	hours
Two semesters of general zoology or biology with lab	8	hours
General Education courses (includes six hours of history, six hours of humanities, six hours of math)	18	hours
Two semesters of foreign language (or two years in high school)	6	hours
Electives	6	hours
Total pre-professional courses	71	hours

INTERDISCIPLINARY MINOR IN GERONTOLOGY

Gerontology is the scientific study of the aging process. It includes: a) the study of physical, mental, and social changes in older people as they age; b) the investigation of the changes in society resulting from the aging population; and c) the application of this knowledge to policies and programs. Population projections indicate that the over 65 population will rise to almost 70 million, or one-fifth of the total United States population, by the year 2030. Students in virtually every academic discipline will need specialized information and training in gerontology in order to deal successfully with the needs of an aging society.

A student may complete an Interdisciplinary Gerontology minor by taking 27 hours (including prerequisites) as indicated below. Required courses include the following 12 hours: CHS 250; ANT/SOC 415*; BIO 310*; and PSY 316*. An additional six hours of electives shall be selected from the courses listed below.

CHS 570**; HEA 593; NFA 509; REC 411; and SWK 457.

*Indicates the course has a prerequisite.

Department of Associate Degree Nursing

Chair
Ms. Peggy T. Tudor
(859) 622-1942
Rowlett 220

Faculty

C. Alcorn, M. Brown-Davis, V. Grubbs, K. Halcomb, J. Jinks, J. Lindquist, C. McAlister, C. Melton, H. Paul, R. Paxson, M. Powell, D. Ricketts, S. Shapiro, F. Sharp, M. Slater, P. Tudor, K. Wilder, and C. Yang

The Department of Associate Degree Nursing, established in 1965, is approved by the Kentucky Board of Nursing and accredited by the National League for Nursing Accrediting Commission. The nursing program leading to an associate degree is four semesters in length. Nursing is the creative application of principles drawn from the biological, physical, psychological, and social sciences used to promote wellness, prevent illness, restore health, and facilitate coping. General education in the biological, behavioral, and social sciences and liberal arts provides the foundation for the associate degree in nursing. The nursing component of the curriculum is composed of nursing theory with the application of that theory in a clinical setting. Central to the development of a nurse-client relationship is the commitment to caring by the nurse.

The Associate Degree registered nurse functions as a provider of care, a manager of care, and a member within the discipline of nursing. These roles require one to have an ability to think in a logical manner, develop clinical competence, and show a commitment to caring.

The Associate Degree Nursing curriculum emphasizes basic needs of humans throughout the life cycle and the adaptation of humans to changes in their environment. The curriculum requires a student to be an independent learner, highly motivated, and intellectually mature.

The program prepares the graduate to function as a generalist registered nurse (R.N.) to practice in a variety of positions in a variety of clinical settings. Graduates of the program earn an associate of science in nursing (ASN) degree and are eligible to apply for the national licensure examination. Graduates of the program who pass the national licensure examination are then licensed as registered nurses.

Educational Outcomes

Upon completion of the program, the graduate will be able to:

1. Utilize the nursing process as a basis for providing health care for clients.
2. Manage health care for a client or group of clients within ethical and legal parameters of practice.
3. Exhibit a commitment to self-growth and to the improvement of health care.

Admission Requirements and Procedures

All students who are admitted to EKU and declare their major as associate degree nursing are admitted as pre-associate degree nursing majors. However, admission to the University does not guarantee admission to the Associate Degree Nursing Program.

Students are eligible to be considered for admission to the Associate Degree Nursing Program only after having been admitted to the University. Applications for the Associate Degree Nursing program are available through the Office of the Dean, College of Health Sciences.

Applicants are eligible to be considered for admission who have:

1. Met all prerequisites.
2. Maintain a cumulative and EKU GPA of 2.0 on a 4.0 scale.
3. Complete all major courses with a "C" or better and supporting courses with a "C-" or better.

Applications are considered for the fall semester (received by March 1), or until the class is filled, and for the spring semester (received by October 1), or until the class is filled. Applications received after the deadline will be processed on a space availability basis. The Department Admissions Committee will evaluate each applicant's academic history and select those applicants who are the most academically qualified. Should there be more qualified applicants than spaces available, admission becomes competitive. Admission to the program is limited and completion of eligibility criteria does not ensure admission into the program.

Students Transferring from Another Nursing Program

Transfer students must meet the following criteria in addition to admission criteria of Eastern Kentucky University and the Department of Associate Degree Nursing:

1. The nursing credits transferred must be comparable to Department nursing credits for a maximum of 14 semester hours credit.
2. A complete course outline must be submitted for each nursing course.
3. The student must have a passing grade in any nursing course transferred from that nursing program.
4. The student must have transferred from a regionally or NLNAC accredited institution.

Each transfer student will be considered on an individual basis by the Department Chair and the Department Admissions Committee.

Plan for the Licensed Practical Nurse

The Department of Associate Degree Nursing offers the opportunity to the Licensed Practical Nurse to complete the course of study leading to the Associate of Science in Nursing degree. The LPN is required to take NUR 205, NUR 235, NUR 236, NUR 237, NUR 238, NUR 245, and NUR 255 and all non-nursing courses in the curriculum. The LPN is granted credit for NUR 115, NUR 116, NUR 117, 120, 121, 122, and NUR 123 after successful completion of NUR 205. Licensed practical nurse applicants are eligible to be considered for admission who have:

1. Met University requirements for proficiency in English, Reading and Mathematics.
2. Met the Pre-College Curriculum requirements.
3. A minimum EKU and cumulative GPA of 2.0; if no college level work has been attempted, then a minimum 2.0 GPA from high school.

In addition to the criteria for admission, the applicant who is a licensed practical nurse (LPN) must:

1. Submit evidence of licensure from a jurisdiction recognized by the National Council of State Boards of Nursing.
2. Have graduated from an LPN program within the past five (5) years.
3. Have practiced as an LPN within the past two (2) years.

Curriculum requirements may change. Students are advised to keep themselves informed through their academic advisor and department chair.

Progression in the Program

In order for students to follow the established progression of the program sequence, they must:

1. Meet all prerequisites.
2. Maintain a cumulative and EKU GPA of 2.0 on a 4.0 scale.
3. Complete all major courses with a "C-" or better, and supporting courses with a "C-" or better.

Clinical Requirements

Transportation to all clinical experiences is the responsibility of the student.

Before a student can progress to a clinical experience the following requirements must be met:

1. Proof of professional liability insurance purchased through the University.
2. Proof of CPR certification (annually).
3. Proof of MMR immunity.
4. Proof of Hepatitis B immunity.
5. Proof of TB skin test (annually).
6. Proof of Varicella immunity.

Readmission Policies and Procedures

A student who fails to progress must make application for readmission to the program and be processed through the Admissions/Progression Committee. READMISSION TO A NURSING COURSE IS NOT GUARANTEED TO ANY STUDENT. This committee represents the Department of Associate Degree Nursing which has the authority in readmission decisions for the department. The student is advised to refer to their copy of the Department Student Handbook for specific procedures concerning readmission.

Department of Baccalaureate and Graduate Nursing

Chair
Dr. Deborah Whitehouse
(859) 622-1827
Rowlett 223

Faculty

J. Begley, D. Belcher, B. Bentley, P. Birchfield, D. Brashear, D. Demaree, G. Denham, S. Evans, S. Fister, S. Hall, B. Hart, E. Hunter, L. Kelley, T. Loan, P. Moore, C. Palmer, J. Pollmann, P. Schломann, J. Schmitke, J. Short, I. Slusher, K. Stephens, S. Treadway, S. Virgin, E. Waters, M. Whitaker, D. Whitehouse, P. Woods, and L. Wray

The nursing program leads to a baccalaureate degree. General education in the sciences and liberal arts provides the basis for and is correlated with the major in nursing. The collegiate program is devoted to a combination of physical, biological and social sciences, and humanities as deemed essential to the preparation of the professional nurse. The nursing component is composed of instruction in nursing theory and the application of nursing theory in the clinical setting under the guidance of nursing faculty. Thus, nursing is learned through a combination of formal classroom instruction and supervised experiences in hospitals, clinical agencies, and a variety of community settings. The nursing program prepares the individual to function as a generalist and lays the foundation for graduate study in clinical specialties, research, teaching, supervision, and/or administration. Graduates of the program earn a baccalaureate degree in nursing (BSN) and are eligible to write the national licensure examination (NCLEX). Graduates of the program who successfully write the NCLEX examination are licensed to practice as registered nurses.

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad, liberal, general, and professional education. Within the framework of EKU and the College of Health Sciences, the Department of Baccalaureate and Graduate Nursing attempts to provide opportunities for the individual to act independently, to think critically, to communicate effectively, and to practice professional nursing with integrity, enlightenment and creativity.

The baccalaureate nursing program is approved by the Kentucky Board of Nursing and accredited by the Commission on Collegiate Nursing Education.

Professional Nursing Practice Outcomes

Upon completion of the baccalaureate nursing program the BSN graduate:

1. Treats clients as unique and self-directive with the right to make decisions for themselves concerning health matters.
2. Uses the nursing process to provide and manage primary, secondary and tertiary prevention care for clients in a variety of settings.
3. Uses critical thinking and research methodologies to understand relationships, provide therapeutic interventions, predict outcomes, and influence the delivery of health care.
4. Has the knowledge and ability to assume a leadership role in health care by communicating and collaborating with clients and other health care professionals.

5. Is a consumer and sociopolitical advocate who supports effective, responsible, economic interdisciplinary health care.
6. Promotes the ethical and legal practice of professional nursing.
7. Demonstrates accountability and competence in nursing practice.

Admission and Progression Requirements

All students who are accepted by EKU's Admissions Office and declare their major as baccalaureate nursing (four-year nursing) are admitted to the University as pre-baccalaureate nursing majors. However, admission to the freshman year does not guarantee admission to the laboratory nursing courses. Students seeking to enter NSC 232 must meet minimum program GPA requirements of 2.5 or have department chair approval. To be admitted to the clinical nursing courses, students must have completed the first three semesters of college work as outlined in the curriculum plan. All prerequisite courses must be completed with a grade of "C-"/2.0 or better, and a minimum cumulative GPA of 2.5 on a 4.0 scale must be obtained. Admission to the clinical courses is competitive and based primarily on GPA.

In addition to the academic criteria required for admission, the student must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse.

For progression, students must earn a grade of "C-"/2.0 or better in all nursing and supporting courses. The program reserves the right to alter the suggested plan as necessary to enhance a quality educational program. Students interested in entering graduate study may apply to the graduate school. Master's degree options available are the Rural Health Family Nurse Practitioner and the Rural Community Health Care Nursing option which has a functional area in administration.

Transfers from Other Colleges and Universities

Academic credits earned at other accredited colleges or universities are transferable upon approval of the appropriate department at Eastern Kentucky University. Official transcripts are to be submitted by the student to the Office of the Registrar. Credits more than eight years old must be approved.

Transfer students must submit copies of all transcripts along with their application to the program. These transcripts will be considered a part of the application process and are necessary to determine admission and placement.

Students wishing to transfer nursing courses from another accredited institution must have a grade equivalent of "C-"/2.0 or better in any nursing course to be transferred. In addition, the applicant must submit complete course outlines and/or syllabi. This material should be submitted well in advance of expected matriculation to provide time for necessary evaluation.

Specific Degree Requirements for Bachelor of Science in Nursing Degree

In addition to the general requirements for the baccalaureate degree, students must earn a grade of "C-"/2.0 or better in all nursing and supporting courses.

Dizney 220

Faculty

P. Campbell, D. Hufford, and S. Noblitt

Clinical Laboratory Science (CLS) Program

All students who are accepted by the EKU Admissions Office and declare their major as clinical laboratory science (CLS) are accepted into the pre-CLS major. Admission to the upper-division (professional) and cytotechnology programs require an overall grade point average (GPA) of 2.5 with a grade of "C-" / 2.0 or better in each of the required supporting and major courses. Transfer students must maintain a GPA of 2.5 in courses at EKU as well as an overall GPA of 2.5.

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the number of practicum openings. The department reserves the right to accept only the best qualified applicants who meet the minimum requirements.

Clinical Laboratory Technology (CLT) Program

For admission to the CLT program, a high school graduate must meet a minimum of two out of three of the following:

1. ACT minimum standard score of 18
2. Minimum high school grade point average (GPA) of "B"
3. Projected rank of upper third of high school graduating class.

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the number of practicum openings. The department reserves the right to accept only the best qualified applicants who meet the minimum requirements. While awaiting acceptance, students will be assigned to the pre-CLT major.

Change of major and transfer students must have attained a minimum of 2.25 overall GPA on a minimum of 12 hours attempted. Any transfer student not having the minimum GPA will be assigned to the pre-CLT major until the minimum requirement is attained.

Progression Policy

The Department of Clinical Laboratory Science limits the number of major courses which may be repeated. Students are allowed only one repeat per major course and a total of not more than two repeats in all major courses combined. In addition, a supporting course may usually be repeated only once.

To remain in the upper division CLS program, a student must maintain an overall GPA of 2.5 and with a grade "C-"/2.0 or better in each of the supporting and major courses of the curriculum.

A GPA of 2.25 is required to remain in the CLT program. In addition, students must earn a grade of "C-"/2.0 or better in each of the major and supporting courses of the CLT curriculum. Students not meeting the minimum requirements will be assigned pre-CLT major status and have the opportunity to enroll in general education and supporting courses in order to establish an acceptable GPA.

The Environmental Health Science program offers the Bachelor of Science degree. Established in the early 1970's, the program is currently the state's only accredited program and one of only 24 such programs in the United States accredited by the National Environmental Health Science and Protection Council. The program includes extensive study of the physical, chemical and biological threats to human health and focuses on both engineered barriers and behavioral changes required for protecting and enhancing human health. The program includes general education and support courses in biology, chemistry, and mathematics, plus a variety of environmental health courses dealing with air quality, water quality, wastewater disposal and treatment, hazardous and solid waste management, risk assessment and epidemiology, industrial hygiene, control of disease vectors, food hygiene, radiological health, environmental health program planning and law, and toxicology. During upper division study, the student must complete six credit hours of supervised field experience with appropriate agencies, industries, consulting companies, etc. Also, cooperative education opportunities are available to all students who may wish to gain experience in addition to credit hours.

Eastern Kentucky University's Environmental Health Science graduates are qualified for positions with federal, state, and local government departments of environmental health, as well as public health protection agencies such as the United States Public Health Service, the Environmental Protection Agency, Food and Drug Administration, Department of Energy, and Occupational Safety and Health Administration. Graduates are also qualified for employment in private industry and environmental consulting firms. This work may include quality control, industrial hygiene and safety, loss control and risk assessment, or many other facets of environmental health consultation. The demand for qualified environmental health practitioners is currently high and exceeds the number of graduates from accredited programs and projected to increase over the next decade.

Progression Criteria

A student majoring or minoring in environmental health science must achieve a grade of "C-"/2.0 or better in all EHS and supporting courses. A major course may be repeated only once.

Minor

MINOR IN ENVIRONMENTAL HEALTH SCIENCE

A student may minor in environmental health science by completing, with a grade of "C" or better, EHS 280, 300, 370, and an additional nine hours selected from EHS courses with advisor approval for a minimum of 19 hours.

**Department of
Exercise and Sport Science**

Chair
Dr. Lonnie Davis
(859) 622-1887
Moberly 231

Faculty

H. Adams-Blair, B. Barton, T. Cahill, R. Crist, L. Davis, L. Debolt, R. Erdman, J. Ferguson, D. Landholm, J. Larkin, W. Major, M. McAdam, E. McMahon, G. Oliver, J. Rutherford, J. Stephens, and A. Wilcoxson

The Department of Exercise and Sport Science offers the Bachelor of Sciences degrees in Athletic Training and Physical Education with four program options: General, Teaching P-12, Sport Management, and Physical Fitness/Wellness Management. The department also offers a Minor in Dance (non-teaching), a Minor in Physical Education (non-teaching), and a Coaching Endorsement (non-teaching).

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Pre-Athletic Training

Students who want to apply for admission to the professional program in Athletic Training should enroll as a pre-athletic training student within the Department of Exercise and Sport Science at the beginning of the freshman (or first) year at Eastern Kentucky University. Students may make formal application for admission to the Athletic Training major after successful completion of the pre-athletic training requirements.

Students are expected to complete the pre-athletic training program during the first three semesters on campus and formally apply for admission during the Fall semester of the sophomore year. Transfer students with 30 or more transferring credit hours (100 level or higher) who meet the admission requirements may apply to the Athletic Training major during their first Fall semester on campus. The number of admissions annually is limited and completion of the pre-athletic training requirements does not ensure acceptance into the Athletic Training major.

Athletic Training

The Athletic Training Education Program (ATEP) at Eastern Kentucky University is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The program utilizes a continuum of didactic and clinical experiences, as set forth in the CAAHEP Standards and Guidelines for the Athletic Trainer, to prepare the student as an entry-level Athletic Trainer. Upon successful completion of the program, the student will have the knowledge base and clinical skills required for challenging and passing the National Athletic Trainers' Association Board of Certification Examination and the certification examination administered by the Kentucky Board of Medical Licensure.

The professional phase of the Athletic Training Major consists of five semesters of academic course work and clinical practicum courses. Although the majority of the clinical practicum experiences will occur within the University's NCAA Division I-A (Football Division I-AA) athletics program, all students in the program will complete clinical practicum experiences at off campus sites during the junior and/or senior year(s). Students will be placed at available clinical sites with approved clinical instructors in Richmond, KY and surrounding areas. Transportation to all off campus clinical sites, as well as any specific requirements of the clinical site (e.g. immunizations) is the responsibility of the student. All students accepted into the professional program must show proof of current CPR certification and professional liability insurance annually. Students are encouraged to be involved in professional athletic training organizations at the local, state, and national level.

Curriculum requirements, including admissions requirements, may change. Students seeking admission or admitted to the program are advised to keep themselves adequately informed of changes in order to complete requirements in a timely manner. Information on curricular changes will be announced in advance by the Department, and will be published in Department publications. These may be obtained from the Department office.

Admission Requirements and Procedures

Admission to the athletic training program at Eastern Kentucky University is competitive and should not be confused with admission to the University, College, or Department. The program requirements that must be met prior to application are as follows:

1. Must have earned a minimum of 30 semester hours (100 level or higher) of college credit before application.
2. Must have a minimum cumulative GPA of 2.5 on a 4.0 scale.
3. Successful completion (minimum grade of "C-" of the pre-athletic training program courses: ATR 200, BIO 171, 271, 301, 378, HEA 202 (and/or have current CPR and First Aid certification), and PHE 212.
4. Any developmental course requirements must have been completed at the time of application. For transfer students, any university developmental course requirements determined after admission must have been completed prior to admission into the Athletic Training Major.
5. Documentation of ability to successfully meet the Technical Standards of the Athletic Training Education Program.

Students are required to complete and submit the application form for the Athletic Training Education Program. Application forms can be obtained from the Department of Exercise and Sport Science or the College of Health Sciences.

Progression and Retention in the Athletic Training Program

After admission to the Athletic Training Major students will be evaluated, both academically and clinically, each semester. Students must have satisfactory academic and clinical practicum evaluations (2.5 cumulative GPA, with a "C-" or better in all Major and Supporting Courses) to progress to the subsequent level of the program. If evaluations are unsatisfactory, the student will be placed on probation and given one semester to bring up the evaluations to a satisfactory level. Two successive unsatisfactory semester evaluations will result in dismissal of the student from the program.

Baccalaureate Degrees

ATHLETIC TRAINING (B.S.)

CIP Code: 51.0913

- Major Requirements 58 hours**
ATR 200, 202, 211, 212, 301, 302, 311, 312, 322, 401, 402, 411, 412, 421, PHE 212, 320, 325, and 407.
- Supporting Course Requirements 21 hours**
BIO 171, 271, 301, 378, CIS 212 or CSC 104, HEA 202, 450, and NFA 201.
- General Education Requirements 40 hours**
Standard General Education Program, excluding course categories 03, 13, 15, and 16. Refer to Section Four of this *Catalog* for details on the General Education and University Requirements.
- University Requirement 1 hour**
HSO 100.
- Free Electives 8 hours**
- Total Curriculum Requirements 128 hours**

PHYSICAL EDUCATION (B.S.)

CIP Code: 13.1314

- Major Requirements 41-46 hours**
 - Core 25 hours**
PHE 125, 212, 224, 305, 315, 320, 325, 326, 575; PHE 241 or 242; current CPR certification at time of graduation; and each student must complete one of the following options:
 - Options 17-21 hours**
 - General (Non-Teaching) 18 hours**
PHE 327, 365, 400, 415, 467, and four additional hours from the following skill courses: PHE 220, 242, 250, 300, 306, 340, 407, 435, 450.
 - P-12 Teaching 20 hours**
PHE 300, 310, 323, 365, 415, 467, 562.
 - Physical Fitness and Wellness Management 18 hours**
PHE 407, 433, 435, 472*, and 562.
 - Sport Management 17 hours**
PHE 327, 400, 470*, two hours coaching elective, and three additional hours from the following skill courses: PHE 220, 242, 250, 300, 306, 340, 365, 407, 435, 450.
 - Supporting Course Requirements 9-24 hours**
 - All Options 9 hours**
BIO 171 and 301; CIS 212 or CSC 104.
 - General (Non-Teaching) 2 hours**
HEA 202.
 - Physical Fitness and Wellness Management 15 hours**
NFA 201; current first aid certification at time of graduation. Select six hours from HEA 315, 598, HEA 380 or PSY 410. Select six hours from MGT 301, MKT 301, PUB 530.
 - Sport Management 11 hours**
HEA 202, REC 102, 406, and three hours from GBU 204, ACC 201, or PUB 530.
 - Professional Education Requirements (P-12 Teaching Option) 31 hours**
EDF 103, 203, 319, ESE 466, EME 465, ELE 541, ESE 490, and EMS 499.
 - General Education Requirements 43 hours**
Standard General Education program, excluding course categories 03, 13, and 15. Refer to Section Four of this *Catalog* for details on the General Education and University Requirements.
 - University Requirement 1 hour**
HSO 100.
 - Free Electives 0-30 hours**
 - Total Curriculum Requirements 128-129 hours**
- *Students are required to document a minimum of two hundred (200) hours of appropriately related experiences prior to enrolling in PHE 470/471/472.

Minors

MINOR IN DANCE (NON-TEACHING)

- Minor Requirements 18 hours**
PHE 200, 250, 300, 345, 450, and eight hours physical education dance electives approved by department chair.

MINOR IN PHYSICAL EDUCATION (NON-TEACHING)

Minor Requirements 18 hours
 Six hours from PHE 125, 312, 315, 320, 325, 326, 467, 575;
 and six hours skill courses from the following: PHE 220, 224,
 241, 242, 250, 300, 305, 306, 307, 340, 345, 365, 435, 450;
 six hours approved by the department chair.

Endorsement

COACHING ENDORSEMENT

Any student may complete the requirements for a coaching endorsement by possessing current CPR certification at time of graduation and by completing 12 hours of: PHE 312; 315 or 325; 383, 423, and two hours coaching electives.

**Department of
 Family and Consumer Sciences**

**Chair
 Dr. Diane Leggett
 (859) 622-3445
 Burrier 102**

Faculty

**D. Bush, J. Gilbert, J. Haynes, J. Jensen, S. Kipp, D. Leggett,
 M. Maupin, S. Sutton, M. Ware, S. Willis, M. Wilson, and K.
 Wright**

The Department of Family and Consumer Sciences provides instructional programs, research and service that improve the quality of individuals' and families' lives. This is accomplished through preparation of professionals who are able to:

1. identify and access resources through collaboration;
2. develop, deliver, and evaluate consumer goods and services; and
3. communicate information to individuals, family, and community members.

These professionals will enter careers in apparel design and merchandising, child and family studies, dietetics, nutrition and family and consumer sciences.

Professional Liability Insurance

Students enrolling in the following classes -- CDF 247, 344, 345, 349, 350, 351, 399, 443, 499, FCS 330B, 330C, 330D, 349, NFA 326, 349 in the Department of Family and Consumer Sciences, are charged a fee for student Professional Liability Insurance. This fee is listed in each semester's schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

Criminal Records

Students are required to observe and/or interact with young children or school age children in a number of courses offered by the department. Therefore, students enrolled in these courses -- CDF 241, 244, 247, 344, 345, 350, 351, 399, 443, 499, 541, 544, 546, 547, ESE 499 -- must have a criminal record check and/or child abuse neglect (CAN) check performed. Students with a criminal or CAN record may be required to drop the course and select another major.

Students following a first or second major, minor or associate degree must maintain a "C" average in departmental courses (ADM, CDF, FCS, FRM, NFA prefixes). Certain degree programs may have a higher GPA requirement.

Transfer Students

Students who transfer from other institutions must earn no fewer than six hours in the area or major at EKU, the exact minimum to be determined by consultation of the advisor, department chair, and dean. At least three hours of the minor must be earned at EKU.

Accreditations

The Department of Family and Consumer Sciences has several accreditations. The Burrier Child Development Center is accredited by the National Association for the Education of Young Children. The B.S. degree in Dietetics is accredited by the Council on Accreditation for Dietetics Education of the American Dietetics Association. The dietetic internship offered as part of the M.S. degree in Community Nutrition is accredited by the Council on Accreditation for Dietetics Education of the American Dietetics Association.

Successful completion of the PRAXIS Examination is required for graduation.

GENERAL DIETETICS PROGRAM

A 2+2 program in dietetics provides continuity so that a student completing the two-year program may continue into the four-year program, provided the student meets academic requirements. Students in the dietetic programs (two- and four-year) take the same courses during the first two years. The general dietetic program is an American Dietetic Association accredited program and features early exposure to professional

dietetic courses. To be granted a degree in the General Dietetics Program the student must: (1) have no grade in NFA courses less than a "C"; (2) have a minimum overall grade point average of 2.5 on a 4.0 scale.

The Department of Health Promotion and Administration is comprised of programs in: Ancillary Health Management, Health Care Administration, Health Education, Health Information, Medical Assisting Technology and Medical Practice Management. Admission to all programs is based on the regular admission policies of the University. Specific policies related to each discipline can be found following the program heading as listed.

HEALTH EDUCATION

Health Education offers the Bachelor of Science degree in Health Education with three program options: Community Health, School Health P-12 (Teaching), and Wellness. Students who complete Community Health option are prepared to determine the health needs of the community, plan and implement effective programs to improve the health of the populations they serve. Community Health Educators may work in the Public Health Departments, Volunteer Organizations, Hospitals, and Family Resource Centers. Students in the School Health Option are prepared to teach core content health topics in public school system grades P-12 and a variety of health related agencies.

Students in the Wellness option are prepared to facilitate behavior change by developing and implementing wellness and fitness programs in worksite health promotion organizations. A student may choose a minor in Community Health (non-teaching) or in School Health P-12 (Teaching). The Bachelor of Science program in Health Education has met national standards for accreditation from the Society of Public Health Educators, American Association for Health Education, National Council for the Accreditation of Teacher Education, and Kentucky Department of Education.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in the major. Students who transfer from another college or university must earn a minimum of six hours at EKU in the minor.

Baccalaureate Degree

HEALTH EDUCATION (B.S.)

CIP Code: 51.1504

Major Requirements 33-46 hours

Community Health Core 27 hours
 HEA 202, 203, 290, 315; 345 or 594; 375 or 592; 380, 450, 455, 580.
 Majors must select an option in School Health, P-12 (Teaching) or Wellness or take the following:

Community Health Courses 19 hours
 HEA 360, 420, 463*, 416, 598; select three hours from HEA 498, 590, 591, 593, 595, 599, or SOC 353.

School Health, P-12 (Teaching) 6 hours
 EME 586 and three hours from HEA 390, 391, 498, 590, 593, 595, 598, or 599.

Wellness 18 hours
 HEA 360, 463, 598; PHE 325, 433.

Supporting Course Requirements 10-24 hours

All Options 9 hours
 BIO 171, 301, and NFA 201.

Community Health 3 hours
 PHE 325.

School Health, P-12 (Teaching) 1 hour

General Education Requirements 45 hours
 Standard General Education program, excluding course categories 13 and 15. Refer to Section Four of this *Catalog* for details on the General Education and University Requirements.

University Requirement 1 hour
 HSO 100.

Free Electives 8-23 hours

Community Health 23 hours
 (13 of these elective hours are restricted to course work outside of the major and the option.)

School Health, P-12 (Teaching) 8 hours

Wellness 13 hours
 (All hours restricted to course work outside of the major and the option.)

Total Curriculum Requirements 128 hours

*Bachelor of Science degree students in the Community Health and Wellness Options are required to document a minimum of 200 hours of health education/wellness related experiences prior to enrolling in HEA 463, Internship in Health Promotion and Administration.

Minors

MINOR IN COMMUNITY HEALTH EDUCATION (NON-TEACHING)

Minor Requirements 24 hours
HEA 290, 360, 416, 450, 455, 580, 598, and three hours from HEA 202, 203; 315, 345 or 594; 380; 375 or 592; or NFA 201.

MINOR IN SCHOOL HEALTH, P-12 (TEACHING)

Minor Requirements 23 hours
HEA 202, 290, 315; 345 or 594; 375 or 592; NFA 201, EME 586, and three hours from HEA 203, 380, 390, 391, 455, 580, 590, 593, or 595.

Certificate

CERTIFIED ALCOHOL AND DRUG COUNSELOR (CADC)

To become a Certified Alcohol and Drug Counselor (CADC), applicants must meet certain requirements for supervised experience in chemical dependency counseling, education, training, and supervised practicum experiences. Also, applicants must pass a written exam, an oral interview, and a case presentation and fulfill designated application procedures. Students can attain training and clinical supervision/practicum/on-the-job training by completing the following courses:

HEA 594 Drug Abuse and Dependency (3)
HEA 595 Alcohol Abuse and Dependency (3)
HEA 596 Approaches to Alcohol and Drug Treatment I (3)
HEA 597 Approaches to Alcohol and Drug Treatment II (3)
HEA 463 Internship and Health Promotion and Administration (1-6)

See the Chair of the Department of Health Promotion and Administration for more complete information on the application and requirements for the Certified Alcohol and Drug Counselor.

HEALTH INFORMATION

The department offers an associate degree program in Health Information Technology, a minor in Health Information, a Health Information Coding Certificate, and a Post-baccalaureate Certificate in Health Information Management.

Also offered is a baccalaureate degree in Health Services Administration with an option in Health Information Management. (See Health Services Administration)

Admission/Progression Criteria

All majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program and to enroll in major courses, the student must meet the following criteria: (1) maintain an overall (cumulative) GPA of 2.5 on a 4.0 scale and (2) complete all major and support courses with a minimum grade of "C" after a maximum of two attempts.

A student who is not allowed to continue in the major may appeal the decision by presenting the reasons in writing to the Chairman of the Department's Admissions and Progression Committee. The student may appeal this committee's decision to the College Admissions Committee by submitting a written request to the Dean of the College of Health Sciences. The decision of this committee shall be final.

Professional Practice Experience

An important part of the curriculum is professional practice experience in which the student is required to spend part of a semester at a hospital or other health care facility for observation and supervised practice of the skills required for entry into the profession.

The University assumes full responsibility for making assignments to the professional practice sites based on pre-determined criteria. Some sites may require health screening such as physical examinations and/or proof of immunizations. The student is responsible for these medical expenses and for living expenses and travel involved in relocation for these assignments.

Associate Degree

HEALTH INFORMATION TECHNOLOGY (A.S.)

CIP Code: 51.0707

Major Requirements 41 hours
CHS 100, 200, HCA 372, HNF 202, 203, 305, 306, 308, 310, 311, 312, 314, and 332.

Supporting Course Requirements 12 hours
BIO 171*, 301*, CIS 212 or CSC 104, and MAT 105 or 107.

HEALTH SERVICES ADMINISTRATION

The department offers a baccalaureate degree in Health Services Administration with options in Ancillary Health Management, Health Care Administration, and Health Information Management.

Ancillary Health Management Option

This degree progression option gives individuals with an associate degree in a health-related field the opportunity to obtain the management skills needed to become a healthcare supervisor or manager.

Health Care Administration Option

This option gives individuals interested in the administrative aspects of healthcare an interdisciplinary curriculum designed to provide a balance between both business and health sciences.

Health Information Management Option

This option offers a unique opportunity to combine an interest in medicine with multifaceted information management challenges. In addition to hospitals, expanding job opportunities have opened positions in ambulatory care, long term care, and mental health facilities; industrial clinics; state and federal health agencies; insurance and accounting firms; colleges and universities; and other areas. Upon completion of this option, one is eligible to take the RHIA exam.

“See Health Information”

MEDICAL ASSISTING PRACTICE

The Medical Assisting Practice program considers students for admission in both the fall and spring semesters. Admission is contingent upon enrollment in Eastern Kentucky University and the College of Health Sciences.

The associate degree program in Medical Assisting Technology prepares individuals to work in administrative and clinical areas of the ambulatory health care setting. Upon completion of the program, graduates are eligible to take the AAMA CMA Certification/Recertification examination administered by the American Association of Medical Assistants in conjunction with the National Board of Medical Examiners.

The baccalaureate degree program in Medical Practice Management is available to students who have completed an associate degree in Medical Assisting Technology. As a medical practice management major, students acquire the skills necessary to administer ambulatory healthcare facilities by improving efficiency and assuring the quality of services provided.

Certificates

Students completing the requirements for the medical administrative certificate will be awarded a certificate of completion by EKU. This should not be confused with state certification or licensure.

**Department of
Occupational Therapy**

Chair

Dr. Onda Bennett
(859) 622-3300
Dizney 103

Faculty

K. Allen, J. Anderson, O. Bennett, A. Blakeney, A. Cunningham, B. Cunningham, L. Emery, E. Fehringer, T. Fisher, R. Huebner, J. Kalscheur, D. Marken, S. O'Brien, D. Pierce, G. St. Michel, C. Schneck, S. Shasby, A. Shordike, K. Splinter-Watkins, K. Tuminski, and J. Westfall

The Department of Occupational Therapy provides a continuum of educational experiences that will prepare a student for a career as an occupational therapist or health and human service worker. In 2007 all students seeking to practice as an occupational therapist must have a Master's degree. At EKU, there are two routes of entry into the Master of Science degree program in occupational therapy. Undergraduate students can be accepted into the Bachelor of Science in Occupational Science program. Upon graduation these students can apply for admission to the Master of Science in OT, other graduate program or seek employment in a variety of health and human service areas. Individuals with a bachelors degree in another field and who meet the prerequisites can enter a pre-curricular sequence that will qualify them to apply for admission to the Master of Science in OT. Eastern Kentucky University also offers advanced degrees at the Master or Doctoral level for registered occupational therapists. For further information on the Master of Science and/or doctoral program see the Graduate Catalog.

Master of Science graduates are eligible to sit for the national certification examination given by the National Board for Certification in Occupational Therapy (NBCOT), and apply for state licensure, if indicated. NBCOT is located at 800 S. Frederick Ave., Suite 200, Gaithersburg, MD 20877. The Occupational Therapy program is accredited by the Accreditation council for Occupational Therapy Education (ACOTE). They are located at 4720 Montgomery Lane, Bethesda, MD 20814 and can be reached at (301) 652-6282.

Bachelors Degree in Occupational Science (BS)

Occupational science is the study of human occupation - how we occupy our time through pleasurable, productive and restorative activities. The curriculum will prepare students for a variety of health and human service areas or entry into a graduate professional program. While many graduates of the BS in OS will apply for entry into the Master of Science program for occupational therapy, students interested in another graduate program or in non-credentialed health care, education or community positions will be well prepared through the Bachelor of Science in Occupational Science. The BS program focuses on occupational science with flexibility to develop other areas of interest. Electives are available in many areas, including psychology, children and families services, biology, community health, gerontology and business.

This broad based education, with occupational science knowledge as the core could prepare students for careers as a job coach for persons with developmental disability, mental health associate, senior citizen program coordinator, medical sales representative, case manager, independent living skills coordinator or activity coordinator.

The curriculum model is based on learning cycles; each cycle incorporates seminar, concepts and knowledge base, active learning experiences and portfolio creation and assessment elements. The faculty believe that learning is optimal when educators guide student immersion in personally meaningful challenges which they actively process in a supportive environment. Learning occurs through this supportive faculty/student relationship.

Progression and Retention in the Program:

In order for students to follow the established progression of the program sequence they must:

- Receive a 2.0 or better in all OTS and support courses.
- Maintain an overall GPA of 2.0.
- Successfully complete all Pre-cycle course work before enrolling in Cycle 1 course work. In addition, students must successfully complete Cycle 1 coursework before enrolling in Cycle II course work.

Appeals

Students may petition for a waiver of any regulations. Appeals regarding waiver of a regulation should be addressed to the Admissions and Retention Committee. Appeal of grade should be addressed to the Academic Practices Committee. See the University Student Handbook for details of the appeal procedures.

Baccalaureate Degree

College of Justice and Safety

Dr. Gary Cordner, Dean
Stratton 354
(859) 622-3565
www.justice.eku.edu

The College of Justice and Safety at Eastern Kentucky University is one of the largest of its type in the United States and is one of the five colleges that comprise the academic structure of the University. Within the College are the Departments of Correctional and Juvenile Justice Studies, Loss Prevention and Safety, and Criminal Justice and Police Studies. The College of Justice and Safety exists in response to a changing, dynamic society which demands qualified professional, well educated personnel. The College endeavors to meet this demand within the threefold purpose of the University—teaching, research, and service.

Certificate, associate, baccalaureate, and master's degree programs are offered by the College of Justice and Safety.

The College is committed to a career ladder concept by providing opportunities for students enrolled in or completing associate (two-year) degree programs to transfer to a corresponding baccalaureate (four-year) program within the same department with little or no loss of credit.

All departments in the College are housed in the Stratton Building, an outstanding and unique facility which is part of the Robert R. Martin Law Enforcement, Fire Science, and Traffic Safety Center. The building includes a 354-seat auditorium, two physical conditioning areas, a cafeteria, the Justice and Safety Library with over 23,457 holdings, and a training tank for underwater rescue and recovery training. The Center also features a seven-acre driving range and a 5.7 acre lake for aquatic safety, underwater rescue, and salvage training.

ADMISSION TO THE COLLEGE

Students seeking admission to the College of Justice and Safety must meet general University requirements and should indicate their intention to major in a program of the College.

After being admitted to the College, a student will be assigned a faculty advisor who will assist in selecting the proper courses leading to the desired degree.

DEGREE REQUIREMENTS

General University requirements begin in Part Three of this *Catalog*, as well as specific course requirements set forth in the description of curricula, and must be met by students completing associate and baccalaureate programs administered by the College of Justice and Safety. See the program descriptions under each department for specific major and minor requirements. Common to all programs is the Academic Orientation (JSO 100) course of the College of Justice and Safety.

DEPARTMENT OF CORRECTIONAL AND JUVENILE JUSTICE STUDIES

Chair
Dr. Kevin Minor

and STA 270 or advisor approved statistics class.
- Computer and Information Security 18 hours**
ACS 300, APS 438, INS 378; MAT 107 or ACC 201; SPE
300, and STA 270 or advisor approved statistics course.
- Loss Prevention and Control 18 hours**
EHS 280, EHS 340, INS 378, and nine hours of FSE
electives. Six hours must be upper division.
- General Education Requirements 49-52 hours**
Standard General Education program, excluding course
category 21 for APM and CIS. Refer to Section Four of this
Catalog for details on the General Education and University
requirements.
- University Requirement 1 hours**
JSO 100.
- Free Electives 3-6 hours**
- Total Curriculum Requirements 128-129 hours**

**Six hours must be earned in APS 435.

NOTE: Sufficient upper division hours to satisfy University requirements may not be listed for each option. Students may need to select courses in General Education and free electives to satisfy upper division hours. A grade of "C" or higher must be earned in each APS course for credit toward major.

Admission Procedure: Emergency Medical Care

Students who have been admitted to the University and College of Justice and Safety and declare a major in Emergency Medical Care are admitted to the Pre-emergency Medical Care Program. Admission to the Pre-emergency Medical Care Program does not guarantee admission to the Advanced Emergency Medical Care (paramedic) sequence.

Admission Requirements: Emergency Medical Care (Associate of Science, A.S.)

Pre-emergency Medical Care students are accepted each semester. Students are selected for admission into the Advanced Emergency Medical Care Program once a year in the following fall semester. Selection is in priority order on the basis of highest cumulative grade point average, entrance test score, and the criteria listed below. Due to limited enrollment, students are advised to apply as early as possible.

Advanced Emergency Medical Care (PARAMEDIC) Additional Requirements

1. Students must have a minimum grade of "C" in all Emergency Medical Care courses, BIO 171, and BIO 301.
2. Students must have a minimum cumulative grade point average of 2.0 on a 4.0 scale.

Student Liability Insurance

Students must purchase and maintain the college student liability insurance prior to enrollment in EMC 110, 115, 270, 275, 280, 342, 352, 360 and 362.

Admission Requirements: Emergency Medical Care (Degree -- Completion)

Degree--Completion (D-C) students are accepted each semester. Applicants for admission must be currently certified as a Paramedic in Kentucky. Paramedic certification must be maintained throughout this D-C program. Students will receive 18 hours of EMC program credit hours upon completion of EMC 380 and EMC 382. Credit may be earned through credit by examination (see Credit by Examination in this manual) for the following courses: CHS 200, EMC 110, EMC 225 and EMC 240 (for a total of 15 hours).

Advanced Emergency Medical Care -- Degree Completion (PARAMEDIC) Additional Requirements

1. Students must have a minimum grade of "C" in all Emergency Medical Care courses, BIO 171, and BIO 301.
2. Students must have a minimum cumulative grade point average of 2.0 on a 4.0 scale.

EXTENDED PROGRAMS

The College conducts extended campus classes throughout the central Kentucky area, including Fort Knox, Louisville, and Bowling Green. Such offerings make programs available to various agencies and military personnel.

EMERGENCY MEDICAL CARE (B.S.)

CIP Code: B51.0904

Core Requirements 50 hours
EMC 104¹, 110⁶, 115², 200², 205¹, 212¹, 215¹, 225, 240, 310¹, 315¹, 320, 335, 340, 342, 352, 360², 362⁴, 400, 480; CHS 105¹

Support Course Requirements

Paramedic Clinical/FSE Option 39 hours
ENG 300; FSE 200, 225, 320, 400; BIO 171, 301, 378¹; CHE 101⁴, 102⁴; PHI 383; PSY 200, 308.

General Education Requirements

Paramedic Clinical/FSE Option 40 hours
Standard General Education program, excluding course categories 13, 14, 15, and 16. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Supporting Course Requirements

Paramedic/Science Option 39 hours
BIO 171, 121⁴, 273⁴, 301, 378¹; CHE 111³, 112⁵, 361³, 362³, 366¹, 367¹; PHI 383; PHY 131⁵.

General Education Requirements

Paramedic/Science Option 40 hours
Standard General Education program, excluding course categories 13, 14, 15, and 16. Refer to Section Four of this *Catalog* for details on the General Education and University requirements.

Free Electives 2-3 hours

University Requirement 1 hour
JSO 100.

Total Curriculum Requirements 132-133 hours

FIRE AND SAFETY ENGINEERING TECHNOLOGY (B.S.)

CIP Code: B43.0201

Major Requirements 42-50 hours

Core Requirements 24 hours
FSE 101, 120, 200, 221, 305, 320, 361, three hours approved (from 349, 489, or 499).

Options

Fire Protection Engineering Technology 18 hours
FSE 201, 225, 322, 360, 366, 410.

Fire Protection Administration 26 hours
FSE 201, 223, 225, 250, 350⁴, 360, 400, 450⁴.

Fire, Arson, and Explosion Investigation 22 hours
FSE 223, 225, 250, 350⁴, 450⁴, 495, 499²

Industrial Safety and Risk Management 21 hours
FSE 322, 360, 362, 366, 367, 410, 412.

Safety and Industrial Relations 24 hours
FSE 201, 225, 362, 367, 410, 412, 420, 430.

Supporting Course Requirements 26-41 hours

Fire Protection Engineering Technology 36 hours
CHE 101⁴ or 111⁴; CHE 102⁴ or 112⁵; EHS 340, MAT 115, MAT 124, MAT 224, PHY 201, PHY 202, PHY 375, TEC 190 or ENG 300.

Fire Protection Administration 26 hours
POL 377 or ACC 550, CHE 101⁴ or 111⁴, CHE 102⁴ or 112⁵, ENG 300, POL 376, PSY 202, TRS 233, VIT 364 or TTE 361.

Fire, Arson, and Explosion

Investigation 32 hours
CHE 101⁴ or 111⁴, CHE 102⁴ or 112⁵, ENG 300, FOR 301, PLS 216, 316, 375, 416, 426; JOU 325 or TEC 315 or TEC 313.

Industrial Safety and Risk

Management 29 hours
 APS 110; APS 210; CHE 101⁴ or 111⁴; CHE 102⁴ or 112⁵;
 EHS 340, 3 hours from EHS 345 or 440; ENG 300; 3 hours
 from INS 370, 372 or 378; TRS 332.

Safety and Industrial Relations 41 hours
 EHS 340, 345, 440, CHE 101 or 111, CHE 102 or 112 APS
 110 or 210, ENG 300, INS 378, ACC 201, 202, ECO 230,
 MGT 300, 320, and three hours from MGT 440 or 445.

General Education Requirements 43 hours
 Standard General Education program, excluding course
 categories 14, 15, and 16. Refer to Section Four of this
Catalog for details on the General Education and University
 requirements.

University Requirement 1 hour
 JSO 100.

Free Electives 0-10 hours

Total Curriculum Requirements 128-136 hours

NOTE: The Fire Protection Engineering Technology and Fire
 Protection Administration options do not contain a sufficient number
 of upper division hours to satisfy university requirements. Students
 should select courses in general education requirements to satisfy
 upper division hours.

*A grade of "C" or higher must be earned in each FSE course for
 credit toward an Associate or Baccalaureate Degree in Fire and Safety
 Engineering Technology.

Associate Degrees

EMERGENCY MEDICAL CARE (A.S.)

CIP Code: 51.0904

Major Requirements 40 hours
 EMC 104, 110, 115, 200, 205, 212, 215, 225, 310, 315, 320,
 335, 340, 342, 352, 360, and 362.

Supporting Course Requirements 3 hours
 EMC 240.

General Education Requirements 22 hours
 JSO 100, BIO 171*, 301*, three hours general education
 humanities*, three hours general education social science*,
 three hours of free electives*, and six hours of English
 composition*.

Total Curriculum Requirements 65 hours

FIRE AND SAFETY ENGINEERING TECHNOLOGY (A.A.)

CIP Code: 43.0201

Major Requirements 30 hours
 FSE 101, 120, 201, 221, 223, 225, and 12 hours of FSE
 electives with advisor approval.

Supporting Course Requirements 22 hours
 JSO 100, six hours of English composition*, three hours
 general education humanities*, three hours general education
 social science*, three hours general education natural science*,
 HPR 180*, 282*.

Free Electives 16 hours

Total Curriculum Requirements 64 hours

Minors

MINOR IN ASSETS PROTECTION

A student may minor in Assets Protection by completing a
 minimum of 21 semester hours as follows: APS 110, 210, 225, 333,
 395, 435, and three hours of upper division APS electives. A grade
 of "C" or higher must be earned in each APS course for credits
 towards the minor.

MINOR IN EMERGENCY MEDICAL CARE

Completing the minor requires a minimum grade of "C" in
 EMC 104, 110, 115, 200, and nine hours CHS or EMC course
 work pre-approved by the EMC Admission and Progression
 Committee.

MINOR IN FIRE AND SAFETY ENGINEERING TECHNOLOGY

The courses required to complete a minor in Fire and Safety
 Engineering Technology include: FSE 120, FSE 225 or 362, and 12
 hours of FSE electives. Nine hours must be upper division.

MINOR IN TRAFFIC SAFETY (NON-TEACHING)

A student may minor in Traffic Safety by completing 18
 hours from the following courses: TRS 103, 233, 322, 413; plus
 seven additional hours selected from TRS 100, 234, 332, 342, 349,
 407, 491.

Certificates

ADVANCED EMERGENCY MEDICAL CARE, CERTIFICATE

Major Requirements 22 hours
 EMC 130, 270, 275, 280, and 310.

Total Curriculum Requirements 22 hours

**BASIC EMERGENCY MEDICAL TECHNICIAN
 CERTIFICATION**

Meets the Kentucky Cabinet for Human Resources certification
 requirement: EMC 110. Corequisite: EMC 104.

Total Curriculum Requirements 7 hours

**FIRE AND SAFETY ENGINEERING TECHNOLOGY
 CERTIFICATION OF COMPETENCY**

CIP Code: 43.0201

The courses required to complete the certificate of competency in
 Fire and Safety Engineering Technology include: FSE 101, 120,
 201, 221, 223, 225, 320, 322, 350, 360 or 489.

Total Curriculum Requirements 31-32 hours

Endorsement

DRIVER EDUCATION ENDORSEMENT

The requirements for a driver education endorsement for any
 teaching major are: TRS 285, 386, 487, and 588.

A student may not take a course numbered more than one year above his/her classification level without advisor permission. To take courses numbered 300 and above in *EKUBusiness* see the College of Business and Technology section for requirements for BBA degree.

Special approval must be obtained from the dean of the college offering a 500-level course in order for junior-level students to enroll. (Students of less than junior status or unapproved juniors cannot be admitted to a 500-level course and will be disenrolled by the Registrar if such an enrollment occurs.)

Course Descriptions

The semester hours which may be earned by successful completion of a course are indicated in parentheses immediately following the course title, e.g., (3).

I, II, and A used in the description of a course indicate the course will be offered the fall semester, spring semester, and by announcement, respectively. A course is offered during the indicated semester or by announcement on the assumption there will be adequate enrollment. If a course does not obtain adequate enrollment, it is subject to cancellation. The University reserves the right to cancel any course if the enrollment is not sufficient, to divide a course if the enrollment is too large for efficient instruction, and to change instructors when necessary.

The description of the course format for courses which include a laboratory experience is found at the end of the course description. A course which consists of three hours of classroom lecture and two hours of laboratory per week is described as "3 Lec/2 Lab."

Courses approved for general education are noted as such by the phrase "Gen. Ed." and a number following the course description. The number refers to the general education category to which the course may be applied. See General Education Requirements in Section Four.

Course Numbering

Courses are numbered according to the following plan:

000-099	are remedial non-degree credit courses
100-199	are primarily for freshmen
200-299	are primarily for sophomores
300-399	are primarily for juniors
400-499	are primarily for seniors
500-599	are primarily for seniors and are linked with 700 level courses
700-899	are for graduate students only

ACC -- Accounting

Dr. Jessica Johnson Frazier, Chair

201 Introduction to Financial Accounting.

(3) I, II. Prerequisite: MAT 105 or take MAT 107 or higher concurrently. A user's approach to understanding financial accounting and reporting, emphasizing how creditors, investors, and others use accounting information in decision making and why financial accounting information is important to these users.

202 Introduction to Managerial Accounting.

(3) I, II. Prerequisite: ACC 201 with a grade of "C-" or better. A study of the objectives, preparation and uses of managerial accounting information primarily from a user perspective. Emphasis on measurement, allocation, and reporting of costs to identify and solve business problems.

222 Individual Income Taxes. (3)

Non-accounting majors only. Introduces concepts, techniques, and practices necessary for the preparation of individual income tax forms for the State of Kentucky and the U. S. Government.

250 Financial Accounting Cycle. (1) I, II.

Prerequisite: ACC 201. Financial accounting cycle identifying, measuring, recording, and processing business data within the financial accounting system using appropriate software package.

300 Managerial Accounting. (3) I, II.

Prerequisite: ACC 202 with a grade of "C-" or better. A study of the concepts and applications of contemporary management accounting techniques for both manufacturing and service organizations, including ABC, JIT, and TQM. Cannot be taken for credit by accounting majors.

301 Principles of Accounting -Intermediate.

(3) I, II. Prerequisites: ACC 201, 202 and 250 with a grade of "C-" or better and proficiency in spreadsheet and word processing capability. Financial statements, current assets, investments, current and long-term liabilities, acquisitions, use and retirement of plant and equipment.

302 Principles of Accounting -Intermediate.

(3) I, II. Prerequisite: ACC 301 with a grade of "C-" or better. Capital stock, financial statement analysis, statement of cash flows, lease and pension accounting, accounting changes, and deferred taxes.

322 Tax I. (3) I, II.

Prerequisite: ACC 201 with a grade of "C-" or better and junior standing. Income tax legislation-Federal and State; returns for individuals; gross income; basis and determination of gain or loss; capital gains and losses; dividends, deductions; withholding.

327 Cost Accounting. (3) I, II.

Prerequisite: ACC 202 and 250 with a grade of "C-" or better. Cost flows and cost systems; the cost accounting cycle; basic cost determination systems and procedures; standard costing; budgeting and decision making applications.

349 Cooperative Study in Accounting. (1-4)

A. Prerequisites: minimum GPA of 2.25 and BBA majors only. Co-curricular work experience under faculty and field supervisors in placements related to academic studies. Training plan required. Normally one to four hours credit per semester or summer. Minimum 80 hours work required for each academic credit.

350 Accounting Information Systems. (3) I, II.

Prerequisites: ACC 202 with a grade of "C-" or better and CIS 300. The conceptual foundations of accounting information systems, the technology, the systems management of accounting information systems.

390 Internship In Accounting. (4) II.

Prerequisites: "B" average and departmental approval. By invitation only.

425 Accounting Theory. (3) I, II.

Prerequisite: ACC 302 with a grade of "C-" or better. Emphasis on a conceptual understanding of accounting principles using literature published by the AICPA, FASB, and current writers. Accounting history, SEC, legal liability, conceptual framework, SFAS's and APB's.

440 Legal Aspects of Accounting. (3) I, II.

Formerly ACC 540. Prerequisites: strong accounting background and instructor approval. Law as it relates to the accounting profession. Cases used from previous examinations given by the AICPA. Emphasis on short cuts and suggestions for timesaving on the examination.

441 Auditing I. (3) I, II. Prerequisites: ACC 302, 350, and QMB 200 with grades of "C-" or better. Professional ethics; accountant's legal responsibility; internal control; general arrangement and procedure of an audit; asset accounts; liability accounts; operating accounts; the audit report.

442 Auditing II. (3) II. Prerequisite: ACC 441 with a grade of "C-" or better. Application to accounting and auditing of internal control, statistical sampling, computer techniques, and audit reports.

490 Special Problems in Accounting. (1-6). A. May be retaken under different sub-topics to a cumulative maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

501 International Accounting and Combinations. (3) II. Prerequisite: ACC 302 with a grade of "C-" or better. Corporate combinations including consolidated balance sheets and income statements and special problems with consolidations. International topics: standards, foreign exchange transactions and translation of financial statements of foreign subsidiaries.

521 Fund Accounting. (3) I. Prerequisite: ACC 302 with a grade of "C-" or better. Advanced study in accounting and fiscal procedures for institutions and federal, state, county, and municipal governments.

523 Taxation of Corporations. (3) I, II. Formerly ACC 323. Prerequisite: ACC 322 with a grade of "C-" or better. Federal income tax report preparation with emphasis on partnership and corporate returns; estate and trusts; gift and estate taxes; special problems in preparation of tax returns.

527 Managerial Cost Accounting. (3) A. Prerequisite: ACC 327 with a grade of "C-" or better. Advanced problems in cost, budget, distribution costs, measurements of departmental efficiency, and analysis of cost information for managerial decisions.

550 Accounting for Non-Profit Organization. (3) II. General theory of budget implementation, and reporting as well as internal control and other significant areas for not-for-profit organizations. Cannot be taken by students who have an undergraduate major in ACC.

ACS—Administrative Communication and Services

Dr. Norb Elbert, Chair

101 Introduction to Business. (3) I, II. A survey of business organizations, the economic environment, business ownership, and the functions of business. For pre-business and nonbusiness majors.

106 Electronic Data Input. (1) I, II. Development of basic touch keyboarding skills for using computers; introduction to formatting memorandums and letters. Students who have basic keyboarding skills may be able to test out of this course.

107 Intermediate Keyboarding. (3) I, II. Continued emphasis on speed and accuracy building; increased emphasis on business letters, manuscripts, reports, text editing, and formatting.

200 Word Processing Applications. (3) A. Development of basic word processing skills using computers. Emphasis on document building, text editing, formatting, saving and retrieving files, search, replace, and the columns feature.

201 Business Communication. (3) I, II. Prerequisites: ENG 101 and 102 (or 105). Principles and practices of modern business communication; various types of business letters and reports are studied; emphasis on writing letters and reports. Gen. Ed. 03.

210 International Business

Communication. (3) A. Prerequisites: ENG 101 and 102 (or 105). Characteristics of cultural differences that alter communication symbols and meanings for international business activity. Topics include culture profiles and conducting business, business protocol, international documents/U.S. documents, negotiation strategies, and oral presentations to intercultural business audiences.

240 Records Management. (3) A. Creation, classification, retention, protection, and disposal of records; filing systems, procedures, and equipment; effects of technology on information management; facilities layout; records personnel administration; records control.

250 Integrated Office Software. (3) A. Prerequisite: ACS 200. Introduction to integrated office software applications.

254 Business and Office Calculations. (3) A. Development of competency in business computations such as bank and sales records, discounts, commissions, markups, credit charges, payroll, taxes, depreciation, insurance, stocks, bonds, interest, and present value.

280 Office Procedures and Administration. (3) A. Procedures, technologies, human relations, and services of modern, dynamic offices.

290 Office Systems Applications. (3) I, II. Prerequisite: CIS 212 or ACS 250. Emphasis on advanced applications of integrated office software as productivity tools. Credit will not be awarded to students who have credit for CIS 230.

300 Managerial Reports. (3) I, II. Prerequisites: ENG 101 and 102 (or 105), ACC 201, 202 and ECO 230 with a grade of "C-" or better in each course; Junior Standing (A minimum of 60 hours) with an overall minimum 2.0 GPA. Applications of communication theory, research methods, and information technology to communication within organizations. Includes common communication tasks faced by managers; communication task and audience analysis; collecting, organizing, analyzing, and interpreting data. Emphasizes written and oral reporting.

302 Desktop Publishing for the Business Office. (3) I, II. Prerequisite: ACS 200 or 250 or CIS 212. Development of business document design techniques using Windows and desktop publishing.

303 Office Systems Management and Support. (3) A. Prerequisite: ACS 200 or 250 or CIS 212 or CSC 104. Provides opportunities for students to study, understand, and experience a wide range of activities appropriate for modern office operations. Refinement and application of skills and knowledge for effective and efficient management of office systems and technology.

340 Office Systems Planning. (3) A. Prerequisite: ACS 250. Office systems planning emphasizes work group interaction and implementation process, tactics, and strategies. Involves applications through case or field-based projects. Office systems productivity assessment; inter-group needs related to end-user, departmental, divisional, and organizational goals.

349 Cooperative Study in Administrative Services. (1-3) A. Prerequisites: GPA of 2.25; sophomore classification for associate degree; junior classification for baccalaureate degree. Supervised co-curricular work experience. Training plan required. Minimum 80 hours work required for each academic credit. May be retaken to a maximum of six hours.

460 Administrative Services Internship. (2-4) A. Prerequisites: GPA of 2.25; ACS 201, 300. Internship experiences appropriate for the student's major. Enrollment is limited to students with ACS majors in the department of Information Systems.

490 Special Problems in Administrative Services. (1-4) A. Formerly ACS 580. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special topics, or seminars. Students must have the independent study proposal form approved by department chair prior to enrollment.

520 Corporate Training. (3) A. Prerequisite: 90 credit hours completed. This course applies theories of learning and instructional development to office systems employee education and skills training. Topics include instructional design; strategy; technology; and the implementation, evaluation, and management of training in an organizational environment.

550 Managerial Communication Seminar. (3) A. Prerequisite: senior or graduate standing. Course which applies business competencies and emphasizes analysis, application, and integration of communication processes, methods, media, and strategies in managerial decision making.

570 Web Design for Offices. (3) A. Prerequisites: ACS 250 or CIS 212 or CSC 104. Advanced development of business document design techniques with an emphasis on web design and multi-media resources. Geared for education, small offices or businesses, personal use, and not-for-profit organizations.

580 Office Technology Seminar. (3) A. Prerequisites: ACS 250 or CSC 104 or CIS 212 and ACS 300 or ACS 201, 90 credit hours completed. This capstone course requires synthesis and applications of concepts related to current office systems topics.

ADM—Apparel Design and Merchandising
Dr. Diane Leggett, Chair

102 Introductory Apparel Production. (3) I, II. Basic principles of apparel production; selection, alteration, and fitting of commercial patterns.

201 Introduction to Textiles. (3) I, II. Introduction to fibers, yarn, fabrics, colorations, and finishes. Emphasis on consumer use. 2 Lec/2 Lab.

203 Pattern Alteration and Fitting. (3) II. Prerequisite: ADM 102. A basic study of pattern alteration and fitting using commercial patterns.

210 Dress, Appearance and Culture. (3) A. Social, cultural, and psychological factors which influence beliefs, attitudes and choices regarding appearance and dress of individuals and groups.

222 Fashion Illustration. (3) A. Methods and materials for clothing illustration, including sketching of the elongated fashion figure and computer-aided-design. Illustration, color and fabric rendering of original designs and clothing lines.

300 Apparel and Textile Sourcing. (3) I. Prerequisite: ADM 201. Study of domestic and international apparel and textile sources of supply. Examines topics related to textile/apparel production, manufacturing, import/export, retailing and consumption.

302 Textile Evaluation and Specification. (3) II. Prerequisite: ADM 201. Performance evaluation of textiles. Examination and development of textile standards and specifications. 2 Lec/2 Lab.

310 Historical Costume and the Social Order. (3) I. History of dress from ancient Egypt through the 20th century. Factors which influence the style of dress are studied and relationship between costume of the past and current modes.

312 Flat Pattern Design. (3) A. Prerequisites: ADM 102 or department approval. Development of apparel designs through flat pattern and draping techniques.

313 Apparel Design and Quality. (3) II. A study of apparel selection including terminology, sizing of ready-to-wear, factors influencing quality levels of sewn products, and principles of design and aesthetics of dress.

319 Apparel Merchandising. (3) A. Prerequisite: ADM 300. The merchandising of apparel, including merchandise control, buying procedures, vendors, vendor relations, planning assortments and budgets for basic and fashion categories. Practice in merchandise mathematics.

339 Visual Merchandising. (3) I. Prerequisite: junior standing or department approval. Principles and techniques used in the display of fashion merchandise and their application in planning

and actual display of fashion goods for store windows and interiors.

349 Cooperative Study in Apparel. (1-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80 hours work required for each academic credit.

411 Advanced Apparel Production. (3) A. Prerequisites: ADM 102 or department approval. Tailoring and other advanced apparel production techniques. Exploration of appropriate production techniques for specialty fabrics.

412 Advanced Apparel Design. (3) A. Prerequisites: ADM 201 and 312 or department approval. Solving design problems through fabric selection, patternmaking techniques, and apparel production methods. Presentation of design concepts in a portfolio.

413 Apparel Product Development. (3) II. Prerequisites: ADM 102, 210, 300, 313, 349. Problem solving and the development of sewn products and services in the apparel industry.

414 Apparel Design and Merchandising Practicum. (6) A. Prerequisite: ADM 413 and 2.0 cumulative GPA. Supervised practicum studying apparel design and/or merchandising in manufacturing, design, retail or wholesale firms.

419 Special Problems in ADM. (1-3) A. Formerly ADM 519. Prerequisites: 3.0 GPA and department approval. The student selects a problem and works under the supervision of the instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topics differ.

517 Textiles, Fashion, and Merchandising Tour. (1-3) A. Prerequisite: department approval. Tour of wholesale and retail outlets in fashion industry centers. Professional exposure to many aspects of the fashion industry. Special study project. May be retaken to a maximum of six hours provided the destinations differ.

550 ADM Topics: _____. (1-3) A. A course designed to offer specialized expertise in numerous areas related to textiles, clothing, and fashion. May be retaken to a maximum of six hours provided topics vary.

AFS—Aerospace Studies (Air Force ROTC)
Colonel William McKinney, Chair
University of Kentucky
(859) 257-7115

Leadership Seminar is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

111 Aerospace Studies I. (1) I. This course deals with the Air Force in the contemporary world through a study of the total force structure, strategic offensive and defensive forces, general purpose forces, and aerospace support forces.

112 Leadership Seminar. (1) I. Corequisite or Prerequisite: AFS 111 or 211. Introduces Air Force customs and courtesies, drill and ceremonies, and wear of the uniform. The course also includes a discussion of career opportunities in the Air Force.

113 Aerospace Studies I. (1) II. A continuation of AFS 111.

114 Leadership Seminar. (1) II. Corequisite or Prerequisite: AFS 113 or 213. A continuation of AFS 112.

211 Aerospace Studies II. (1) I. This course is a study of air power from balloons and dirigibles through the jet age. It is an historical review of air power employment in military and nonmilitary operations in support of national objectives; and a look at the evolution of air power concepts and doctrine.

212 Leadership Seminar. (1) I. Corequisite or Prerequisites: AFS 111 or 211; AFS 112, and 114.

Builds on the foundation established during AFS 112 and 114. Air Force customs, courtesies, and opportunities are emphasized. The cadet is prepared for individual, flight, and squadron movements in drill and ceremonies.

213 Aerospace Studies II. (1) II. A continuation of AFS 211.

214 Leadership Seminar. (1) II. Corequisite or Prerequisites: AFS 113 or 213; AFS 112, and 114. A continuation of AFS 112. Emphasis on preparing cadets for attendance at field training during succeeding summer.

311 Aerospace Studies III. (3) I. Prerequisite: acceptance into the professional officer course. A study of management functions with emphasis on the environment. Individual motivational and behavioral process, communication, and group dynamics are included for the development of professional skills.

312 Leadership Seminar. (1) I. Corequisite or Prerequisite: AFS 311. Involves the cadets in advanced leadership experiences to prepare for active duty. Cadet responsibilities include planning, organizing, directing, coordinating, and controlling the activities of the cadet corps and preparing briefings and written communications.

313 Aerospace Studies III. (3) II. Prerequisite: AFS 311. A study of leadership with specific emphasis on the Air Force leader. Includes theoretical, professional, and communicative aspects. In addition, military justice and administrative law are discussed within the context of the military organization.

314 Leadership Seminar. (1) II. Corequisite or Prerequisite: AFS 313. Cadets continue preparations for fulfilling leadership positions as an active duty Air Force officer.

411 Aerospace Studies IV. (3) I. Prerequisites: AFS 311 and 313. A study of the military profession, civil-military interactions, communication skills, framework of defense policy, and formulation of defense strategy.

412 Leadership Seminar. (1) I. Corequisite or Prerequisite: AFS 411. Involves the cadets in higher level advanced leadership experiences similar to those in AFS 312. In addition, the cadets receive a final block of instruction for Initial Commissioned Service.

413 Aerospace Studies IV. (3) II. Prerequisite: AFS 411. Continues the study of strategy and the management of conflict, formulation and implementation of U.S. defense policy, defense organization, and case studies in defense policy making.

414 Leadership Seminar. (1) II. Corequisite or Prerequisite: AFS 413. Cadets prepare for Initial Commissioned Service by fulfilling advanced leadership positions. Continued emphasis on group dynamics and the role of future leaders in the Air Force.

495 Independent Work. (2-6) A. Prerequisite: approval of professor of aerospace studies. A study of an advanced problem on an aerospace subject under the guidance of the Chairman of the Department of Aerospace Studies.

AGR—Agriculture
TBA, Chair

110 Introduction to American Agriculture. (2) A. The agriculture industry in the United States from significant past events to current status. Complexities of laws and regulations and their influence on the farmer's ability to produce for U.S. and World Markets. Credit may not be counted toward major or minor in the Department.

125 Principles of Animal Science. (3) I. Corequisite: AGR 126. Management and production of livestock enterprises; types, market classes, and grades of beef cattle, sheep and swine, and the breeds and products of dairy cattle.

126 Animal Science Laboratory. (1) I.

Corequisite: AGR 125. Applied principles in the proper handling, restraint, and management techniques in beef, dairy, sheep, swine, and horses.

130 Principles of Agronomy. (3) I.

Corequisite: AGR 131. Principles of plant growth, reproduction, crop-soil relationships. Provides foundations of information for further study in field crop production and soil management.

131 Agronomy Laboratory. (1) I.

Corequisite: AGR 130. Laboratory and field experiences related to plant growth, development, and management of agronomic resources.

210 Agricultural Measurements. (2) A.

Prerequisites: Mathematics 105 or higher. Measuring and computing areas of land, volumes and capacities of buildings, and feed structures, spray mixtures, fertilizer needs, parts per million, feed rations and other measurement situations encountered on the farm. Majors must take AGR 210 during the first 60 hours of course work or credit will not be awarded. Transfer students must take AGR 210 during their first semester after declaring a major.

213 Principles of Agricultural Mechanics. (4) I, II.

Principles of operation, maintenance, and repair of gasoline engines and electrical motors; basic electrical circuits and electrical controls for agricultural mechanization systems and power requirements for agricultural structures; theoretical and practical experience.

215 Principles of Soils. (3) I, II. Prerequisite: include CHE 101 or CHE 105 or CHE 111. Soil origin, classification and properties, soil conservation, soil microorganisms, organic matter, soil water, soil minerals, lime and commercial fertilizers, soil erosion, soil management.

225 Evaluation and Selection of Livestock. (3) II.

An evaluation of dairy cattle, beef cattle, swine and sheep; use of records, body type ratings, and carcass information as they relate to functional anatomy and efficiency of production; sire selection and pedigree interpretation. 2 lec/2 lab

250 Light Horse Production and Management. (3) A.

History and role of equine industry, breeds of horses and ponies for work and pleasure, includes management, breeding, pests, and care of horses.

255 Companion Animal Management. (3) A.

Care and management of dogs, cats, rabbits, birds, reptiles and tropical fish. Companion animal breeds, behavior, nutrition, genetics and reproduction will be emphasized.

272 Agricultural Machinery and Safety. (3) II.

Selection, operation, maintenance and safe use of agricultural machinery used in the production and processing of agricultural products. Students will experience assembling different types of new farm machinery and reconditioning old machinery. 2 lec/2 lab.

300 Travel Study in Agriculture Technology. (1-6) A.

A travel course for groups and individuals in agriculture and horticulture to study new and emerging technologies in agriculture and horticulture, structural organizations of agricultural enterprises, and professional and interpersonal relationships. May be retaken once.

301 Directed Work Experience. (1-4) I, II.

Cross listed as OHO 301. A minimum of three hours per week per hour of credit using university or other approved facilities. Credit will not be awarded to students who have credit for OHO 301.

302 Directed Work Experience - Management Practicum. (3) I, II.

Student will schedule nine hours of work per week during the semester on a university farm to practice management and production skills related to a livestock herd or machinery operations. Options may be taken to a maximum of 12 hours.

302A Agricultural Mechanization Option.**302B Beef Cattle Option.****302C Swine Option.****302D Dairy Cattle Option.****302E Crops Option.****302F Sheep Option.**

304 Pest Management. (4) II. Identification of the principal agriculture and horticulture insect disease and weed pests in Kentucky. Control measures are identified with special emphasis on the safe use of chemicals and equipment calibration.

305 Professional Skills Seminar. (1) A.

Prerequisite: Completion of 30 hours in the Associate or more than 60 hours and less than 90 hours in the Bachelor Degree Program. Course prepares students for the job market including; resume development, cover letter preparation, job interview skills and oral presentations.

306 The Global Society's Food Supply. (3) A.

A study of the complexities of the global food and fiber supply including the production, manufacturing and distribution systems. These studies include historical influences, current topics and health related food issues.

308 Introduction to Agribusiness. (3) I.

Prerequisites: ECO 230. An introduction to the economic environment of the agribusiness sector. Examines the role of agriculture in the U.S. and world economics. Includes concepts and principles concerning individual agribusiness decision making.

310 Principles of Agribusiness Management. (3) II.

Prerequisite: AGR 308. Organization and operation of the farm related agricultural business with emphasis on budgeting, enterprise selection, financial statements, and resource management. Includes microcomputer applications and survey of government regulations that are applicable to topic.

311 Agriculture Metal Fabrication. (2) A.

Principles and techniques of arc and oxyacetylene welding and soldering as it pertains to fabrication and repair of agriculture machinery and equipment. 1 lec/2 lab.

312 Advanced Crops; Forage Crops. (3) II.

Prerequisites: AGR 130 and 131. Cultural practices and principles of forage crops, especially grasses and legumes suited to Kentucky farms.

315 Technical Soils Laboratory. (2) I, II.

Prerequisite: AGR 215 or concurrently. A soils skill course, recognizing physical characteristics of soils, study of soil types, reading a soil survey map, soil sampling and testing, determining amounts of lime and fertilizer, and applying soil conservation practices. 4 lab.

317 Soil Classification and Morphology. (2) A, I.

Prerequisite: AGR 215. Comprehensive soil survey system, identifying physical and chemical properties of the epipedons and subhorizons of the soil profile and assigning classification designations. 1 lec/2 lab. May be repeated for up to six hours of credit.

318 Soil/Water Conversation Technology. (3) A, I.

Principles and procedures for basic surveying and soil-water conservation systems. This will include how rainfall, run-off, erosion, contours, ponds, lagoons, drainage, and irrigation interact with the desired conservation system. 2 lec/2 lab.

321 Feeds and Feeding. (4) I.

Feeds used in livestock feeding; including harvesting, storage, feeding characteristics, and ration formulation from these feedstuffs. 3 lec/2 lab.

327 Beef Production. (4) I.

Prerequisites: AGR 125 and 126. History, importance, and trends associated with the beef cattle industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 3 lec/2 lab.

328 Swine Production. (4) A.

Prerequisites: AGR 125 and 126. History, importance, and trends associated with the swine industry; systems of selecting, breeding, feeding, marketing, and management of swine. 3 lec/2 lab.

330 Meat Identification and Consumer Evaluation. (2) A.

Principles of grading, cutting, identifying, pricing, and consumer evaluation of poultry, beef, pork, and lamb cuts, and related products.

332 Poultry Production and Management. (3) A.

History and importance of the poultry industry, breeds, breeding, feeding, and management in the layer and broiler industry.

340 Conservation of Agricultural Resources. (3) A.

Conservation of soils and their fertility, erosion and control, soil conservation methods for individual farms, water supply and distribution, problems of water and air pollution, problems resulting from the population explosion.

345 Sustainable Agroecosystems. (3) A, I.

Prerequisites: any course in chemistry, AGR 130, and 131; or OHO 131 and 132 or BIO 131. A comprehensive study of new technology related to crop, and pest management practices which could enhance economic returns, environmental quality, and the resource base for the short and long term.

349 Cooperative Study in Agriculture. (1-8) A.

Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

350 Agricultural Marketing. (3) A.

Prerequisites: AGR 308. A study of concepts, principles and practices of marketing as related to the agribusiness system. Emphasis on agricultural input, production and processing/manufacturing sectors. Includes agriculture futures commodity market theory, mechanics and practical applications.

362 Hydraulic Systems. (2) A.

A study of basic principles of hydraulic systems and their application to agricultural and turf equipment. Lab experiences will provide familiarity and practice with equipment. 1 lec/2 lab.

372 Topics and Laboratories in Animal Science. (1-2) A.

May be taken to a maximum of two hours, provided the topics are different.

372A Feeds and Feeding Laboratory.**372F General.****373 Animal Diseases. (3) I.**

Prerequisite: six hours of animal science. Treatment, prevention, and eradication of infectious and parasitic disease of farm animals.

374 Genetics of Livestock Improvement. (3) II.

Prerequisite: six hours of animal science. Applied genetic principles of improving farm animals including crossbreeding, inbreeding, and other mating plans.

375 Reproduction and Artificial Insemination of Domestic Animals. (3) A.

Prerequisite: six hours of animal science. Reproductive systems, study and practice of artificial insemination, and pregnancy diagnosis of domestic animals. 1 lec/4 lab.

376 Anatomy and Physiology of Domestic Animals. (3) A.

Prerequisite: six hours of animal science. Fundamental physiological processes of livestock relating to production, nutrition, and diseases.

380 Technical Management of Dairy Cattle. (4) I.

Prerequisites: AGR 125, and 126. History, economics and nutritional importance and trends associated with the dairy industry including systems of selecting, breeding, feeding, sanitation, housing, marketing and management for financial success emphasizing both the cow and herd management. 3 lec/2 lab.

381 Agriculture Structures. (3) I.

Study the principles of planning, drawing, locating, and constructing farm livestock and materials handling facilities. Also, develop an understanding of closely related structure aspects: such as, environmental control, waste management, ventilation, and structure design. 2 lec/2 lab.

383 Diesel Power Systems. (3) I.

Study of the operation, maintenance, and repair of agricultural diesel powered systems; includes electrical systems, fuels, injection pumps, and nozzles; laboratory practice. 2 lec/2 lab.

409 Agriculture Business Records and Analysis. (3) I. Management and analysis of record systems for decision support involving organization, enterprise selection, and operation of agricultural and horticultural businesses.

410 Special Problems Seminar. (1-3) I, II. Cross listed as OHO 410. Students choose a problem and work under the supervision of the instructor in the field of the problem. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Credit will not be awarded to students who have credit for OHO 410.

411 Senior Seminar. (1) I, II. Prerequisites: Senior standing. Preparation of graduates to enter the job market. Students complete oral presentations, resumes, job applications, cover letters, job interviews and register with CD and P. Includes overall assessment of the graduate and department curriculum.

416 Soil Fertility. (3) A. Prerequisite: AGR 215. Various soil amendments including lime, organic and inorganic fertilizers, and conditioners are studied and evaluated for their effect on the physical, chemical, and biological properties of soils and subsequent crop yields.

417 Plant Tissue Culture Techniques. (3) I, II. A study of regeneration and morphogenesis of plant materials with emphasis on media preparation, callus induction, and in vitro propagation for several economic plant species. 1 Lec/4 Lab.

421 Animal Nutrition. (3) II. Prerequisites: AGR 321 or instructor approval. Principles of nutrition basic to modern livestock feeding; symptoms of nutrient deficiencies, nutritional disorders, metabolism of nutrients, feed additives, and modern methods of feed preparation and feeding.

440 Agricultural Financing. (3) II. Uses and types of agricultural credit, credit institutions, and relating credit needs to farm enterprises.

501 Special Problems in Agriculture. (3) A. A course for exceptional seniors involving independent study and research related to problems of a theoretical and/or practical nature. May be retaken to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

570 Advanced Technical Agriculture: _____. (3) A. Advanced study of agriculture with emphasis on updating, understanding, and developing competency in recent technology. May be retaken to a maximum of nine hours provided the topic varies.

577 Workshop in the Conservation of Natural Resources. (3) A. For teachers returning for graduate work. Instruction is given in the areas of soil, water, fish and wildlife, forest conservation, and methods of teaching related units at the elementary and junior high level.

ANT—Anthropology
Dr. Steven Savage, Chair

120 Introduction to Cultural Anthropology. (3) I, II. Explanation of culture and related concepts. Development of generalizations concerning social, economic, political, and ritual organization, based chiefly on comparative study of various traditional societies. Includes a brief survey of archeology and linguistics. Gen. Ed. 09.

201 Introduction to Physical Anthropology. (3) I, II. General survey of the principal areas of physical anthropology, emphasizing contemporary human biological variation and including an appraisal of humankind's place within the biological realm and the role of genetics, osteology, and primatology in the study of humans. 2 Lec/2 Lab. Gen. Ed. 15 or 16.

206 Human Evolution. (3) A. An introduction to primate and human evolution, emphasizing the fossil evidence of humankind's evolution and the development and evolution of human material culture. 2 Lec/2 Lab. Gen. Ed. 15 or 16.

210 Non-Industrial Societies Around the World. (3) I, II. Descriptive survey of non-industrial societies from various parts of the world, emphasizing the levels of societal development. Gen. Ed. 10.

211 Industrial Societies Around the World. (3) I, II. Various aspects of cultures in the Industrial Age, presented in evolutionary and global perspective, and including the industrialization of the underdeveloped world, and the implications of automation, and other technology. Gen. Ed. 11.

310 The Sociology of Language Use. (3) A. Cross listed as SOC 310. Completion of ANT 120 or SOC 131 is advised before taking ANT 310. An examination of the variations and meanings of language use in social groups and the role of language in human interaction. Credit will not be awarded to students who have credit for SOC 310.

325 Problems in Contemporary Cultures. (3) A. Anthropological approach to contemporary history including cultural crisis in industrialized civilizations, and the problems arising from the industrialization of traditional societies. Implications of current trends in culture change. Problems addressed dependent upon instructor. Gen. Ed. 12.

330 American Indians. (3) A. Prerequisite: ANT 120, 210, or 211; or instructor approval. Descriptive and comparative study of representative native American cultures, emphasizing Indians of North America, and including culture area concept and culture change since European contact.

331 Appalachia: A Cultural Perspective. (3) A. Cross listed as SWK 331. Prerequisites: SOC 131 and three hours of ANT, SOC, or SWK. Sociocultural perspective of Appalachia. Relationship of physical characteristics; beliefs; occupation; personality; family/kinship patterns to health. Cross-cultural professional practice skills and errors of intercultural helping. Credit will not be awarded to students who have credit for SWK 331.

333 First Nations - Canadian Indians. (3) A. Descriptive and comparative study of representative native cultures of North America, focusing on Canada. Topics include culture area concept, cultural change, techniques of ethnography and ethnohistory, and application of anthropological models (theory). Cultures to be examined in this offering include: Ojibwe (Chippewa), Huron, Cheyenne, Lillooet, Nootka, subarctic Dene (Han and Chipewyan), and Inuit (Copper Eskimo).

340 Folk and Peasant Societies. (3) A. Completion of ANT 120, 210, or 211 is advised before taking ANT 340. Emphasizes the relatively stable nature of these societies and their extensiveness. Consideration of problems resulting from contacts with non-peasant societies.

350 Methods in Archaeology. (3) A. Prerequisite: ANT 120, 210, or 211. An introduction to archeological method and theory, including reconnaissance, surface survey, excavation and processing, classification analysis, and interpretation of data. The course will include practical archeological exercises.

353 Archaeological Theory. (3) A. Prerequisite: ANT 120, 210, or 211. This course examines past societies emphasizing the Maya site of Copan, Honduras. Archaeological theory is examined in reference to Copan, including the history of archeology, cultural ecology, trade, exchange, cultural evolution and state formation.

355 Selected Topics in Archeology: _____. (3) A. Formerly ANT 345. Prerequisite: ANT 350 or instructor approval. Sample topics: systems of chronology, historic archeological sites. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

357 Archaeology and the Law. (3) A. Prerequisites: ANT 210, 211. Corequisite: ANT 350. Federal legislation manages cultural resources in the path of modern development, and the repatriation of certain materials to descendant tribes is really for

anthropology/archaeology. This course provides students with the opportunity to understand this legislation.

360 Anthropology of Mesoamerica. (3) A. Prerequisite: ANT 120, 210, or 211. Completion of ANT 350 is advised before taking ANT 360. This course focuses on the archeological past, the colonial experience, and the contemporary reality of the Indians of Mesoamerica — primarily the modern nations of Mexico, Belize, and Guatemala.

365 Selected Topics in Physical Anthropology: _____. (3) A. Completion of ANT 201 is advised before taking ANT 365. Sample topics: monkeys, apes, and humans; human osteology. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

375 Selected Topics: _____. (3) A. Completion of ANT 210, 210, or 211 is advised before taking ANT 375. Sample topics: legal and political anthropology, population genetics, cultural ecology. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

380 Forensic Anthropology. (3) A. Completion of ANT 201 is advised before taking ANT 380. Forensic osteology and dentistry; including demographic methods, pathology, and practical methods of collecting human physical evidence; and the role of the expert witness. 2 Lec/2 Lab. Gen. Ed. 15 or 16.

385 Bones, Bodies, and Disease. (3) A. Completion of ANT 201 is advised before taking ANT 385. Introduction to paleopathology, the study of diseases and injuries in ancient human populations, as shown primarily by skeletal remains and secondarily by art and literature.

390 Kinship and Social Structure. (3) A. Completion of ANT 120, 210, or 211 is advised before taking ANT 390. An introduction to anthropological perspectives concerning the organization of primate social life in the past and present. Course emphasizes the nature and function of institutions such as family, lineage, clan, and fictive kinship in societies.

395 Theory in Anthropology. (3) A. Completion of ANT 120, 210, or 211 is advised before taking ANT 395. An introduction to the major theories employed by anthropologists to interpret field data from each of the four subdisciplines.

399 Gender & Cross-Cultural Perspective & Society. (3) A. Cross listed as SOC 399. Completion of: ANT 120, 210, 211, or SOC 131 is advised before taking ANT 399. Consideration of cultural diversity in defining gender roles. Emphasis on the relationship between the social construction of gender and the experiences of women and men in traditional and contemporary societies. Credit will not be awarded to students who have credit for SOC 399.

415 Social Gerontology. (3) A. Cross listed as SOC 415. Completion of ANT 120, 210, 211, or SOC 131 is advised before taking ANT 415. A comparative and historical study of the physical and sociocultural aspects of human aging from a societal and global perspective. Credit will not be awarded to students who have credit for SOC 415.

435 Area Course in Ethnology: _____. (3) A. Completion of ANT 120, 210, or 211 is advised before taking ANT 435. Cultures in selected areas of the world. May be retaken to a maximum of six hours, provided the subject matter differs each time.

439 Practicum in Archeology. (3) A. Co or Prerequisites: ANT 350, 470, or instructor approval. This course pairs senior anthropology majors with professional archaeologists for on-the-job training. Practicum options may include federal and state governments, private archaeological consultants, and anthropology museums.

470 Field Methods in Archeology. (3-8) A. Prerequisite: ANT 350. Introduction to both excavating techniques and laboratory classifications and the analysis of evidence. Attention given to accurate reporting and analysis.

590 Tutorial in Anthropology. (1-3) A.

Prerequisite: student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken to a maximum of six hours, provided the subject matter differs each time. Directed study in anthropology.

APP—Appalachian Studies
TBA, Provost and Vice President

460 Seminar in Appalachian Studies. (3) A.

Prerequisite: 12 hours Appalachian Studies or instructor approval. In-depth analysis of current social, political, economic or environmental issues in the Appalachian region through a directed research project or applied service-learning field experience. Capstone course for the Appalachian Studies minor.

APS—Assets Protection and Security
Dr. James McClanahan, Coordinator

110 Principles of Assets Protection. (3) A.

History and overview of the assets protection industry and employment opportunities, and introduction to the basic methodologies of assets protection: personnel, physical, procedural, and auditing systems.

210 Security Systems Integration. (3) A.

Classroom and laboratory review and assessment of security technology, construction of physical security survey instruments, and non-technical design of integrated physical security systems.

225 Assets Protection Law. (3) A.

Review of civil and criminal authority and liability of assets protection personnel, with emphasis upon tort liability for use of force, false imprisonment, defamation, invasion of privacy, malicious prosecution, negligent hiring and retention, and negligent security.

320 Assets Protection Management. (3) A.

Prerequisite: APS 110 or departmental approval. The evolution and application of traditional and current theories of assets protection management.

333 Assets Protection Ethics and Policy. (3) A.

Prerequisite: APS 110 or departmental approval. Case study review, assessment and design of assets protection codes of ethics, policies and procedures. Case studies include private and government entities.

349 Cooperative Study. (1-8) A.

Prerequisite: Departmental approval. Co-curricular work experience under the direction of faculty and field supervisors. Placements related to academic studies. One to eight hours credit. Minimum 80 hours work required per credit hour.

350 Private Investigations & Ethics. (3) (A).

Review of evolution, methods and management of private investigations, public and private investigative resources, investigative technology, and ethical and public policy considerations related to private investigations.

351 Investigative Interviews and Reports (3) A.

Prerequisites: ENG 101 and 102; or departmental approval. Review of literature and techniques for conducting investigative interviews and interrogations, and preparation of investigative reports for internal, administrative, civil and criminal proceedings.

352 Investigative Law. (3) A.

Prerequisites: APS 225 and 351; or departmental approval. Examination of statutory and case law pertaining to private investigations, and presentation of investigative evidence in internal, administrative, civil and criminal proceedings.

395 Government Compliance. (3) A.

Prerequisites: APS 110 and 225; or departmental approval. Review of laws governing access to criminal, credit, driving, and personnel records, and survey of regulations which affect assets protection programs, such as DOD, DOE, DOT, EEOC, FCC, FDA, OCC, and NLRB.

435 Topical Assets Protection Seminar: _____.

(1-3) A. Study of contemporary issues in

assets protection. Selected topics may include credit card fraud, contract security management, employee drug testing, information security, insurance fraud, interviewing and negotiating, retail security, and other topics. May be retaken under different subtitles.

438 Information and Computer Security. (3) A.

Prerequisite: departmental approval. Vulnerability assessments and countermeasures for securing computer and network information systems from unauthorized entry, abuse, and sabotage, with emphasis on system software, database analysis, communication networks, and auditing techniques.

445 Field Experience. (3-12) A.

Prerequisite: departmental approval. Field training is designed to broaden the educational experience through appropriate observational work assignments in cooperating agencies. May be retaken to a maximum of twelve hours.

455 Independent Study. (1-3) A.

Prerequisite: departmental approval. Individual reading and research on a problem or area within the field of assets protection after student consultation with the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

465 Assets Protection Auditing. (3) A.

Prerequisites: ACC 201 and introductory level statistics course; or departmental approval. Review and application of investigative auditing, inventorying, and surveying procedures, and application of probability and statistical information to assets protection decision making.

495 Applied Assets Protection. (3) A.

Prerequisite: APS senior standing or departmental approval. Senior capstone course which requires synthesis and application of prior course work in assets protection. Development, by each student and/or team, of a comprehensive assets protection program for a specific business or government agency, with oral and written presentation required.

ART—Art
TBA, Chair

098 Introduction to Visual & Performing Arts. (3) A.

An interdisciplinary course in the visual and performing arts, incorporating the study of the relationships between the arts of theater, visual art, and music within their larger cultural context.

Students will explore the arts experiences available to them to develop both a personal appreciation and broader understanding of the arts. Meets the KDE Pre-College Curriculum visual and performing arts deficiency, and does not count toward degree credit.

100 Drawing I. (3) I, II, A. Introduction to basic principles and techniques of drawing, emphasizing perceptual skills and the use of value and line.

101 Drawing II. (3) I, II, A. Prerequisite: ART 100. Continuation of ART 100, with an emphasis on the human figure as subject matter.

152 Design, Two-Dimensional. (3) I, II. Introduction to the elements and principles of design as they apply to the two-dimensional surface.

153 Design, Three-Dimensional. (3) I, II. Introduction to the methods, materials, and concepts related to the control of space.

164 Concepts of Art and Design. (3) I, II, A. An introduction for Art & Design majors, providing an understanding of why art is made, how it is evaluated, and the ways in which it relates to society. Includes experience in written and oral analysis of art and design work in terms of media, composition and function.

200 Art Appreciation: Orientation. (3) I, II. Introduction to the visual arts and their purposes, emphasis on ways and means available to the artist. Student has opportunity for individual expression through a visual arts medium. Not open to art majors or minors. Gen. Ed. 07.

210 Painting I. (3) I, II. Formerly ART 203. Prerequisites: ART 101, 152, 164. Introduction to

painting, emphasizing basic painting techniques and concepts, perceptual skills, and the use of color.

220 Sculpture Survey I. (3) I, II. Prerequisite: ART 101, 153, 164. Provides an introduction to basic sculpture problems, approaches, and techniques. Course problems are set in additive, substitutive, and subtractive processes.

230 Printmaking I. (3) I, II. Prerequisites: ART 101, 152, 164. Introduction to basic concepts and techniques of printmaking.

240 Jewelry and Metalsmithing I. (3) I, II. Prerequisites: ART 100, 153, 164. Provides an introduction to metal as an expressive media and acquaints students with various materials, techniques and tools associated with the art form. Students explore piercing, sawing, embossing, soldering, simple stone setting, and casting.

270 Ceramics I. (3) I, II. Prerequisites: ART 100, 153, 164. Introductory experiences with ceramic handbuilding and decorating techniques and materials. Emphasis placed upon the application of clay to design problems involving aesthetic value and procedure in the making of ceramic objects.

280 Photography. (3) I. Prerequisite: ART 100, 152, 164. *Fully Manual Camera Required.* Introduction to basic camera operation, darkroom and lighting techniques, principles and aesthetics of black and white photography.

300 Drawing Media. (3) A. Prerequisite: ART 101. Investigation of various media for drawing, emphasizing experimentation and the development of technical skills in each.

301 Figure Drawing. (3) A. Prerequisite: ART 101. A drawing course aimed at developing an increased understanding of the human figure and its possibilities as subject matter for art.

312 Painting II. (3) I, II. Prerequisite: ART 210 or instructor approval. Continuation of Painting sequence, emphasizing further development of skills and conceptual abilities as they relate to image-making.

313 Figure Painting. (3) I, II. Prerequisite: ART 312. Painting problems involving the human figure as subject matter.

314 Painting Media. (3) I, II. Prerequisite: ART 312. An investigation of oils, acrylics, and other painting media, emphasizing experimentation and the development of technical skills. Particular attention is given to the appropriateness of media and technique to imagery and content.

321 Sculpture Survey II. (3) I, II. Prerequisite: ART 220. Continuation of Sculpture sequence, with basic sculptural problems set in foundry, constructive, and mixed-media processes.

322 Intermediate Sculpture I. (3) A. Prerequisites: ART 321. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in foundry processes.

323 Intermediate Sculpture II. (3) A. Prerequisite: ART 321. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in figurative sculpture.

331 Printmaking II. (3) I, II. Prerequisite: ART 230. Continuation of Printmaking sequence, with emphasis on entaglio and relief printmaking processes.

332 Printmaking III. (3) I, II. Prerequisite: ART 331. The student will work in a specific area of printmaking concentration.

333 Printmaking IV. (3) I, II. Prerequisite: ART 332, and admission to the BFA program. Formerly ART 433. The student is free to pursue a program of individual interest. Emphasis placed on creativity and professionalism.

341 Jewelry and Metalsmithing II. (3) I, II. Prerequisite: ART 240. An extension of the introductory course. Advanced study develops students' understanding of metal as an art medium and provides opportunity for personal expression. Students explore raising, sinking, forging, casting, etching, enameling and advanced fabrication.

343 Jewelry and Metalsmithing III. (3) I, II.

Prerequisite: ART 341. An advanced course emphasizing continued creative exploration and personal expression with jewelry and metalsmithing. Students explore raising, sinking, forging, casting, etching, enameling and advanced fabrication.

344 Jewelry and Metalsmithing IV. (3) I, II.

Prerequisite: ART 343. An advanced course emphasizing continued creative exploration with jewelry and metalsmithing. Advanced problems develop students' understanding of metal as an art medium and provide opportunity for personal expression. Students explore raising, sinking, forging, casting, etching, enameling and advanced fabrication.

371 Ceramics II. (3) I, II. Prerequisite: ART 270. Introduction into the wheel forming process with clay. Basic formulation of clay and glazes.

372 Ceramics III. (3) I, II. Prerequisite: ART 371. An exploration into the fundamental structural problems of sculptural ceramic forms. Research into various decorating techniques utilizing clay and glaze.

376 Ceramics for Non-Majors. (3) A. Prerequisite: none. Closed to Art majors. An introduction to the craft and art of Ceramics for non-Art majors, providing fundamental experiences with materials, handbuilding, decorating techniques, and firing directed toward both aesthetic and functional problem-solving in the making of ceramic objects. Credit earned may eventually be applied to a major in Art with approval of the Department.

381 Photography II. (3) I, II. Prerequisite: ART 280. Intermediate course in photography. Builds on creative skills and techniques learned in previous photography courses. Students may explore conventional, digital and alternative processes.

382 Photography III. (3) I, II. Prerequisite: ART 381. Intermediate course in photography. Builds on creative skills and techniques learned in previous photography courses. Students may explore conventional, digital and alternative processes.

383 Photography IV. (3) I, II. Prerequisites: ART 382. Intermediate course in photography. Builds on creative skills and techniques learned in previous photography courses. Students may explore conventional, digital and alternative processes.

390 Survey of Art History I. (3) I, II. Study of art from prehistoric times through the Gothic period. Gen. Ed. 07.

391 Survey of Art History II. (3) I, II. Study of art from the Renaissance to the present day. Gen. Ed. 07.

401 Advanced Drawing. (3) A. Prerequisites: ART 300 and 301. Advanced problems in drawing emphasizing personal explorations of media and imagery.

413 Advanced Painting. (3) I, II. Prerequisites: ART 313, 314 and admission to the BFA program. Advanced problems in painting, emphasizing the student's personal expression through imagery and techniques.

414 BFA Painting. (3) I, II. Prerequisites: ART 413 and approval of BFA committee. Corequisite: ART 499. Final exit course in BFA painting area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

423 Advanced Sculpture. (3) I, II. Prerequisite: ART 322, 323, and admission to BFA program or departmental approval. The students' sculptural directions are defined and directed at the advanced level, through individually tailored extended projects.

424 BFA Sculpture. (3) I, II. Prerequisites: ART 423 and approval of BFA committee. Corequisite: ART 499. Final exit course in BFA sculpture area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

432 Printmaking V. (3) I, II. Prerequisite: ART 333, and admission to the BFA program. The student is free to pursue a program of individual

interest. Emphasis placed on creativity and professionalism.

434 BFA Printmaking. (3) I, II.

Prerequisites: ART 432 and approval of BFA committee. Corequisite: ART 499. Final exit course in BFA printmaking area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

443 Jewelry and Metalsmithing V. (3) I, II.

Prerequisites: ART 344, and admission to BFA program. Designed for the advanced student pursuing a career as a professional jeweler/metalsmithing. Attention given to developing a personal design philosophy. Students will submit a work proposal for the semester.

444 BFA Jewelry and Metalsmithing. (3) I, II. Prerequisites: ART 443 and approval of BFA committee. Corequisite: ART 499. Final exit course in BFA jewelry and metalsmithing area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

460 Materials Inquiry in Art Education. (3) I. Prerequisite: open to senior art students who plan to teach. Diversified inquiry into art materials and processes in the elementary and secondary schools.

463 Problems in Art and Design. (1-3) A. Prerequisite: Approval of proposal by department. Limited to seniors. Continuation of study begun in regular departmental courses. May be retaken to a maximum of nine hours.

472 Ceramics IV. (3) I, II. Prerequisite: ART 372, and admission to the BFA program. An exploration into an independent and personal way of working with clay. Various kiln building and firing techniques will be explored.

473 Ceramics V. (3) I, II. Prerequisite: ART 472. Continued independent work in clay as defined and directed through individual projects.

474 BFA Ceramics. (3) I, II. Prerequisites: ART 473 and approval of BFA committee. Corequisite: ART 499. Final exit course in BFA ceramics area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

483 Photography IV. (3) I, II. Prerequisites: ART 383 and admission to BFA program or departmental approval. Advanced course which builds on creative skills and techniques learned in previous photography courses. Stresses development of student initiative/personal expression.

484 BFA Photography. (3) I, II. Prerequisite: ART 483 and approval of BFA committee. Corequisite: ART 499. Culminating experience in art photography serving to crystallize and unify individual expression. The student prepares a portfolio and written statement of personal photographic concerns.

492 Greek and Roman Art. (3) A. Prerequisite: ART 390 or instructor approval. Study of the history of the classical Greek and Roman architecture, sculpture, and painting from the beginnings of Greek art to the time of Constantine.

493 Medieval Art. (3) A. Prerequisite: ART 390 or instructor approval. Development of art in Eastern and Western Europe from 313-1400 A.D.

496 Nineteenth Century Painting. (3) A. Prerequisite: ART 391 or instructor approval. Study of major painting styles of the century, including neoclassicism, romanticism, realism, impressionism, and post impressionism.

497 History of Modern Art. (3) A.

Prerequisite: ART 391 or instructor approval. A specialized study of art and architecture in Europe and America from the late nineteenth to the late twentieth century.

499 Senior Exhibition. (1) I, II. Prerequisite: last semester senior in BFA program. Corequisite: ART 414, 424, 434, 444, 474, or 484; or DES 426 or 454. Organization and presentation of an exhibition of the student's work.

560 Workshop in Art and Design: _____.

(3) A. Prerequisite: Approval of department. Intensive study in a specific phase of the visual arts. Current processes, materials, and theoretical foundation will be considered. May be retaken with different topics to a maximum of nine hours.

562 Seminar in Art Criticism. (3) A.

Prerequisites: ART 390 and 391. Study of various topics and problems which relate to the student's understanding and critical awareness of the visual arts.

594 Italian Renaissance Art. (3) A.

Prerequisite: ART 391 or instructor approval. In-depth study of selected aspects of the painting, sculpture, and architecture of Italy between 1400 and 1600.

595 Baroque and Rococo Art. (3) A.

Prerequisite: ART 391 or instructor approval. A specialized study of the art and architecture of church and state in Europe during the Age of Absolutism, from the late sixteenth to the late eighteenth century.

ASL—American Sign Language**Dr. Kathryn Polmanteer, Acting Chair****101 American Sign Language I. (3) I, II.**

Formerly SED 101. A functional notional approach to learning beginning American Sign Language (ASL). Development of basic vocabulary, syntax, non-manual markers, and cultural features of the language and community. Clinical hours required. Gen. Ed. 03 or 04.

102 American Sign Language II. (3) I, II.

Formerly SED 201. Prerequisite: ASL 101. The second course in the ASL sequence. Continued development of basic knowledge of and understanding of conversational ASL and cultural features of the language and community. Clinical hours required. Gen. Ed. 03 or 04.

201 American Sign Language III. (3) I, II.

Formerly SED 201. Prerequisite: ASL 101, ASL 102. The third course in the ASL sequence. Development of intermediate expressive and receptive ASL skills and cultural features of the language and community. Clinical hours required. Gen. Ed. 03 or 04.

202 American Sign Language IV. (3) I, II.

Formerly SED 202. Prerequisite: ASL 101, ASL 102, ASL 201. The fourth course in the ASL sequence. Continued development of intermediate expressive and receptive ASL skills and cultural features of the language and community. Clinical hours required. Gen. Ed. 03 or 04.

301 American Sign Language V. (3) I.

Prerequisite: ASL 101, ASL 102, ASL 201, ASL 202 or permission of instructor. The fifth course in the ASL sequence. Development of advanced expressive and receptive ASL skills and cultural features of the language and community. Clinical hours required. Gen. Ed. 03 or 04.

302 American Sign Language VI. (3) II.

Prerequisite: ASL 101, ASL 102, ASL 201, ASL 202, 301 or permission of instructor. The sixth course in the ASL sequence. Continued development of advanced expressive and receptive ASL skills and cultural features of the language and community. Clinical hours required. Gen. Ed. 03 or 04.

ASO—Orientation**Dr. Dominick Hart, Dean**

100 Academic Orientation. (1) I. Formerly AHO 100, CSO 100, and NMO 100. An introduction to the programs of the University and the College. Discussion of how to study, what to consider in choosing a profession, and what career opportunities exist for graduates from the College's programs. Additional topics include University regulations, publications, and support areas. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

AST—Astronomy
Dr. Christopher Laird, Chair

130 Introductory Astronomy. (3) I, II.

Elementary survey course; study of Moon, Sun, and eclipses; Solar System; near stars and Milky Way. Non-laboratory. Credit will not be awarded to students who have credit for AST 135. Gen. Ed. 15 or 16.

135 Introductory Astronomy. (3) I, II. This course is the same as AST 130 except that a laboratory is offered in place of certain topics. Credit will not be awarded to students who have credit for AST 130. 2 Lec/2 Lab. Gen. Ed. 14.

330 Stars, Blackholes: the Cosmos. (3) A.

An introductory survey course for non-science majors directed at studying the origin and evolution of the Universe, of galaxies, and of stars as well as of quasars, pulsars, and Black Holes. Non-laboratory. Gen. Ed. 15 or 16.

ATR - Athletic Training
Dr. Lonnie Davis, Chair

200 Introduction to Athletic Training. (2) I.

Prerequisite or co-requisite: BIO 271 with a grade of "C" or higher, and Pre-Athletic Training Majors only. For students who are applying for admission to the Athletic Training Education Program. Introduction to professional organizations and issues; instruction and assessment of basic clinical skills necessary for advancement in the profession. 1 Lec/2 Lab.

202 Clinical Practicum Level I. (2) II.

Prerequisite: Athletic Training Major. First course of clinical practicum to develop professional skills in athletic training.

211 Evaluation I. (4) II. Prerequisite:

Acceptance into the professional program. Study and development of evaluation techniques with emphasis on the lower extremity and low back. 3 Lec/2 Lab.

212 Evaluation II. (4) I. Prerequisite: ATR 211.

Study and development of evaluation techniques with emphasis on the upper extremity, cervical and thoracic spine, head, and abdomen. 3 Lec/2 Lab.

301 Clinical Practicum Level IIIA. (3) I.

Prerequisite: ATR 202. Second course of clinical practicum to develop professional skills in athletic training.

302 Clinical Practicum Level IIIB. (3) II.

Prerequisite: ATR 301. Third course of clinical practicum to develop professional skills in athletic training.

311 Therapeutic Modalities. (4) I.

Prerequisite: ATR 211. Study and practice related to physical effects, indications, and contraindications of therapeutic modalities. 3 Lec/2 Lab.

312 Therapeutic Exercise. (4) II.

Prerequisite: ATR 311. Study and development of therapeutic exercise programs. Emphasis on understanding the influence of the pathological status of a tissue on its response to various types of activity. 3 Lec/2 Lab.

322 Therapeutic Interventions. (4) II.

Prerequisite: ATR 311. Study of the principles of pharmacology and psychosocial intervention with respect to injury and rehabilitation.

401 Clinical Practicum Level IIIA. (4) I.

Prerequisite: ATR 302. Fourth course of clinical practicum to develop professional skills in athletic training.

402 Clinical Practicum Level IIIB. (4) II.

Prerequisite: ATR 401. Fifth course of clinical practicum to develop professional skills in athletic training.

411 General Medical. (3) I. Prerequisite: ATR 322. Study of general medical conditions and disabilities.

412 Organization and Administration. (3) II. Prerequisite: ATR 411. Study of concepts of healthcare organization and administration relative to athletic training.

421 Senior Seminar. (2) I. Prerequisite: ATR 312. Integration and application of athletic training clinical skills and knowledge.

AVN—Aviation
Dr. William E. Davis, Chair

150 Introduction to Aviation. (3) A. An introductory course specifically designed for students to obtain a broad understanding of the aviation world including varying aspects of space exploration. Includes a study of aviation history and the general aviation environment.

192 Professional Aeronautics. (5) A. An introduction to flying designed to provide all aeronautical information necessary to successfully complete the FAA written examination for private pilots. An integrated lecture and laboratory effort in which simulators and actual aircraft may be used.

192A Private Pilot: Flight I. (.5) A. Prerequisite or Corequisite: AVN 192 with a "C" or better or special approval. This course consists of half the dual and solo flight hours and experiences required for the private pilot certification with the Federal Aviation Administration.

193A Private Pilot: Flight II. (.5) A. Prerequisite or Corequisite: AVN 192 with a "C" or better, 192A with a "C" or better or special approval. This course consists of half the dual and solo flight hours and experiences required for the private pilot certification with the Federal Aviation Administration.

194A Private Pilot. (1) A. Formerly AVN 192A, 193A. Prerequisite or Corequisite: AVN 192 with a grade of "C" or better, and an overall GPA of 2.0. This course consists of the dual and solo flight hours and experiences required for the private pilot certification with the Federal Aviation Administration.

201A-202A-203A-204A Intermediate Supervised Flight I, II, III, IV. (.5 each) A. These courses are designed to permit students holding the private pilot license (AVN 192A/193A) to acquire additional supervised flight time. These courses include approximately 12 flight hours each.

205A Intermediate Supervised Flight I. (1) A. Formerly AVN 201A, 202A. Prerequisites: Private Pilot License and an overall GPA of 2.0. This course is designed to permit students holding the private pilot license (AVN 194A) to acquire additional supervised flight time. This course includes approximately 24 flight hours.

206A Intermediate Supervised Flight II. (1) A. Formerly AVN 203A, 204A. Prerequisite: Private Pilot License. Prerequisite or Corequisite: AVN 205A and an overall GPA of 2.0. This course is designed to permit students holding the private pilot license (AVN 194A) to acquire additional supervised flight time. This course includes approximately 24 flight hours.

220 Instrument Pilot: Ground. (3) A. Prerequisites: AVN 192 192A/193A with a "C" or better or equivalents. This course is designed to be integrated with AVN 220A and includes studies of aircraft operations under instrument conditions inclusive of the rules and regulations governing non-visual flight.

220A Instrument Pilot: Flight. (1) A. Prerequisites: AVN 192, 192A/193A with a "C" or better, or equivalent inclusive of a private pilot license, AVN 220 with a "C" or better, and a minimum of 40 hours of cross-country flight time as pilot-in-command; or coordinator approval. A laboratory course integrated with AVN 220.

225A-226A-227A-228A Advanced Supervised Flight I, II, III, IV. (.5 each) A. Prerequisites: private pilot license and instrument rating (or equivalents). Laboratory courses designed to permit students sequential flight time leading toward acquisition of a FAA Commercial Rating. Each of these courses require approximately 12 hours of flight, some of which is in a high performance aircraft.

229A Advanced Supervised Flight I. (1) A. Formerly AVN 225A, 226A. Prerequisites: Private Pilot License, instrument rating, and an overall GPA of 2.0. This course is designed to permit students flight training and experience for FAA Commercial Pilot License.

230A Advanced Supervised Flight II. (1) A. Formerly AVN 227A, 228A. Prerequisites: Private Pilot License and instrument rating. Prerequisite or Corequisite: AVN 229A and an overall GPA of 2.0. This course is designed to permit students flight training and experience for FAA Commercial Pilot License.

300 Commercial Pilot: Ground. (2) A. Prerequisites: AVN 192, 192A/193A, 220, and 220A with a "C" or better in each course or equivalents. The course consists of instruction emphasizing airplane operating procedures, proper airplane flight control, air and ground safety, traffic control procedures, commercial flight maneuvers, national airspace systems, terminal and en route charts, navigation procedures and communications.

300A Commercial Pilot: Flight. (1) A. Prerequisites: AVN 192, 220, 300, and a private pilot license (AVN 192A/193A with a "C" or better); or coordinator approval. A one hour laboratory course taught with AVN 300. The course consists of all or part of the dual and solo flight hours required for FAA commercial pilot certification.

310 Flight Training Analysis I. (4) A. Prerequisite: AVN 300 with a grade of "C" or better. A study of basic information regarding fundamentals of teaching and learning (including effective teaching methods), aerodynamics helpful to flight instruction, and flight instructor responsibilities.

310A Flight Training Techniques I. (1) A. Prerequisites: appropriate flight credentials, AVN 310 with a grade of "C" or better, an overall GPA of 2.0, or coordinator approval. Flight training to prepare students for FAA examinations.

315 Human Factors In Flight Safety. (3) I, II. A presentation and analysis of factors and procedures relating to aviation safety inclusive of techniques for accident prevention, development of safety programs, procedures used in accident investigation, and the human factor.

320 Flight Training Analysis II. (2) A. Prerequisite: appropriate flight credentials. A study of aeronautical information and instructional background necessary for becoming instrument flight instructors. Included in the course is teaching methodology, instrument interpretations, and instrument flight procedures.

320A Flight Training Techniques II. (1) A. Prerequisites: appropriate flight credentials, AVN 320 with a grade of "C" or better, an overall GPA of 2.0, or coordinator approval. Flight training preparation for the FAA flight test.

325 Aircraft Systems. (3) I, II. A study of electrical, mechanical and hydraulic systems, design and performance standards, capabilities and limitations, and conformance to FAA specifications.

335 Weather Reporting/Analysis. (3) I, II. A comprehensive analysis of weather conditions and patterns as they apply to flight.

340 Airport Administration. (3) I, II. Prerequisite: AVN 150 or 192 with a "C" or better. A study of guidelines for aviation management and administrative functions including problems, trends, and planning regarding operation of airports.

349 Cooperative Study: Aviation. (1-8) A. Prerequisite: coordinator approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours work required for each academic credit.

350 Air Transportation. (3) I, II. Prerequisite: junior or senior standing (completion of a minimum of 60 semester hours). A survey of the historical development of the air transportation system covering facilities, impact of regulations, problems encountered, and future requirements.

360 Problems In Aviation Administration. (3) I, II. Designed for utilization of aviation industry case studies to introduce the techniques, methods, and procedures for problem solving.

365 Airline Reservation Systems. (3) A. This course uses lecture and computer simulation to develop student proficiency in operation of reservation systems used by major airlines. The systems are used for passenger booking, hotel reservation, automobile rentals and packaged tours.

370 Techniques: Aviation Supervisors. (3) I, II. A study of effective personnel management theory through application to practical situations in the aviation industry.

390 Aviation Administration Decision Making. (3) I, II. A study of decision theory and its application to aviation administration decision-making and problem solving processes.

400 Multi-Engine Pilot: Ground. (1) A. Prerequisite: Appropriate flight credentials. The course is designed to provide appropriate aeronautical knowledge about multi-engine aircraft to facilitate successful completion of the multi-engine flight component.

400A Multi-Engine Pilot: Flight (1) A. Prerequisite or Corequisite: AVN 400 with a "C" or better and appropriate flight credentials. A one hour laboratory course integrated with AVN 400 consisting of the dual and solo flight hours required for FAA certification.

401 Airline Management. (3) A. Prerequisites: MGT 301 with a "C" or better. Acquaint student with the development, administrative and operational factors peculiar to commuter aviation. Emphasis is placed on proper market analysis, financial matters, the company plan, aircraft selection, aircraft acquisition, route structure, timetable and pertinent regulatory requirements.

402 Corporate and Business Aviation. (3) A. The study of the operation of a corporate flight department. Course includes the value of management mobility, aircraft and equipment evaluation, maintenance, flight operations, administration and fiscal considerations.

410 Air Traffic Control. (3) I, II. A study of the national air traffic control system with emphasis on basic air traffic control procedures; the role of centers, approach control, towers, and flight service centers; communications; navigation procedures, radar operations, facilities.

420 Flight Training Analysis III. (2) A. Prerequisite: appropriate flight credentials. Principles and methodology of teaching multi-engine flight and includes ground instruction required by the FAA in preparation for a flight instructor multi-engine rating.

420A Flight Training Techniques III. (1) A. Prerequisites: appropriate flight credentials, AVN 420 with a grade of "C" or better, an overall GPA of 2.0, or coordinator approval. Flight preparation for FAA CFI Multi-Engine flight test.

425 Advanced Aerodynamics. (3) A. Prerequisites: PHY 131 and 132. Advanced theories of flight and flight factors as well as advanced principles of performance.

435 Turbine Aircraft Systems. (2) A. Prerequisite: AVN 325 with a "C" or better or instructor approval. A study of electrical, mechanical and hydraulic systems as they relate to turbine engine aircraft.

460 Aviation Legislation. (3) I, II. Prerequisite: AVN 150 or AVN 192 with a "C" or better; or coordinator approval. A study of civil law as it pertains to aviation and includes the historic development of United States and international aviation law while surveying governmental responsibility for aviation accidents.

470 National Air Space System. (3) A. An overview of the National Air Space System with emphasis on problems of implementation, safety considerations, and social/economic impact.

495 Internship. (1-3) A. Prerequisite: departmental approval. Students will work under

departmental supervision in a private or public agency engaged in aviation activities.

498 Independent Study. (1-3) A. Prerequisite: AVN major with senior standing. Student must have the independent study proposal form approved by faculty supervisor and program coordinator prior to enrollment. May be retaken to a maximum of six hours.

BEM—Broadcasting and Electronic Media Dr. Renee Everett, Chair

225 Introduction to Electronic Media. (3) I, II. Survey of the electronic communications industry. Historical development, technical operations, programming and production techniques, as well as job opportunities, responsibilities, and industry codes.

240 Audio Production. (3) I, II. Fundamentals of the technical and artistic elements of radio production. Includes control room techniques, sound recording, audio editing, and operational regulations.

295 Video Production I. (4) I, II. Training in non-studio video production and editing. Includes applied aesthetics and production of dramatic informational or experimental work on video. Introduction to techniques, styles, and image structure. Requires weekly projects, critiques, 3 lec/3 lab.

300 Performance in Electronic Media. (3) I, II. Prerequisite: BEM 240. Study of the announcer's role in electronic media. Stresses practice in performing areas, including radio and television production, microphone and television camera techniques with an added emphasis on phonetics and pronunciation.

340 Advanced Audio Production. (3) A. Prerequisite: BEM 240. Program functions in radio communications, including the planning, production, and direction of more complex programs. Uses original ideas and methods in documentary and studio productions.

343 Audio Practicum. (1-3) I, II. Prerequisite: BEM 240. Supervised practical experience on the staff of a radio or other audio facility. May be taken to a maximum of three hours. One hour may be counted toward the major.

349 Cooperative Study: Broadcasting and the Electronic Media. (1-8) A. Prerequisites: junior standing, "B" average in all courses within the department, and departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. One hour may be used to satisfy major requirements within the department.

370 Electronic Cinema Production. (4) I, II. Principles and procedures behind single-camera dramatic productions recorded and edited on videotape. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing. 3 lec/3 lab.

373 Electronic Cinema Practicum. (1-3) I, II. Prerequisite: BEM 370. Supervised practical experience in film making, editing, and other aspects of film-style production. May be retaken to a maximum of three hours. One hour may be counted toward the major.

375 Writing for the Electronic Media. (3) I, II. Prerequisites: ENG 101 and 102 (or 105). Examination of the specialized forms of writing for the electronic media. Emphasizes both visual and verbal planning elements as well as practical experience in writing commercial, public service, narrative, and promotional copy.

395 Video Production II. (4) I, II. Prerequisites: BEM 295. Training on and mastery of advanced production and post production equipment.

Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing.

398 Electronic Video Practicum. (1-3) I, II. Prerequisite: BEM 295. Supervised practical experience on the staff of a television station or other video facility. May be taken to a maximum of three hours. One hour may be counted toward the major.

401 Broadcast News. (3) A. Prerequisites: COM 201 and BEM 295. Introduces television news production. Designed to acquaint students with techniques, principles and equipment used in broadcast journalism; emphasizes writing, field reporting and editing; evaluation of commercial station newscasts; individual and team projects.

402 Advanced Broadcast News. (3) A. Prerequisites: BEM 401. Advanced study in broadcast journalism. Planning, gathering, writing, editing and producing news for television; critical evaluation of broadcast news techniques; individual and team projects.

410 Electronic Media Programming. (3) A. Prerequisite: COM 200. Interrelationships of programs and audiences. Analysis of audience and program research as well as individual program formats. Study of procedures for developing station-cable schedules.

415 Regulation and Responsibility. (3) A. Prerequisite: COM 200. Theoretical course dealing with social, political, legal, economic, and ethical influences on American broadcasting and Electronic Media.

425 Electronic Media Management. (3) A. Prerequisite: COM 200. Study of the successful operation of radio and television stations and cable systems. Covers staffing, budgeting, types and sources of programs, equipment evaluation and purchase, public relations, and industry-wide regulatory codes.

440 Survey of Cable TV Industry. (3) A. Prerequisite: COM 200. A study of the cable television industry including development, regulations, franchising, programming, local access, marketing, and cable's role and function in society.

495 Video Production III. (4) I, II. Prerequisites: BEM 395 or 370. Advanced study of video production and direction, combining studio and field work. Includes writing program proposals, scripts, and shooting schedules. Programs produced outside normal class hours. 3 Lec/3 Lab.

BIO—Biology Dr. Barbara Ramey, Chair

100 Introductory Biology. (3) I, II. The course will deal with introductory principles of biology that are fundamental to an individual's knowledge as it pertains to the interrelationships of organisms in the natural world. Topics to be addressed: cellular basis of life, metabolism, genetics, biological diversity, reproduction, evolution, ecology, and environmental biology. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for NAT 101. 2 Lec/2 Lab. Gen. Ed. 13.

102 Inquiry Biology for Teachers. (3) I, II. Prerequisite: pre-teaching or teaching elementary and middle school education majors only or departmental approval. An inquiry-based, conceptual-approach biological sciences course for teaching majors. Topics include the nature of science, cell biology, biodiversity, inheritance, ecology and ecosystems, evolution and adaptation. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for NAT 101 or BIO 100. 2 Lec/2 Lab. Gen. Ed. 13.

121 Principles of Biology. (4) I, II. The study of life and its processes: cellular structure and function; reproduction and development; genetics, evolution and ecological principles. A course designed for biology majors. 3 Lec/2 Lab. Gen. Ed. 13.

131 General Botany. (4) I, II. Prerequisite: BIO 121. Structure and functions of vascular plants; morphology, classification, life histories, ecology and evolution of autotrophs, plantlike protists, and fungi. 3 Lec/3 Lab.

141 General Zoology. (4) I, II. Prerequisite: BIO 121. Morphology, physiology, comparative anatomy, development, life history, evolution, and diversity of animals. 3 Lec/3 Lab.

171 Human Anatomy. (3) I, II. A study of the basic anatomy of the human body and appropriate correlations with body functions. May not be used to satisfy area, major, or minor requirements. 2 Lec/2 Lab. Gen. Ed. 13.

271 Advanced Human Anatomy. (3) II. Prerequisites: BIO 171 and departmental approval. An advanced study of human anatomy. Emphasis is placed on the musculoskeletal and nervous systems and their anatomical and functional relationships. May not be used to satisfy area, major, or minor requirements. 2 Lec/2 Lab.

273 Clinical Microbiology. (4) I, II. Prerequisites: BIO 171 and CHE 105 or 106; or instructor approval. A study of microorganisms as causative agents in diseases of humans with emphasis on differentiation and culture, types of diseases, modes of transmission, prophylactic, therapeutic and epidemiological considerations. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for CLT 209. 2 Lec/4 Lab.

300 Economic Plants. (3) I, II. Economic consideration of plants as sources of food, medicine, and other products; the origin, domestication, general anatomy and culture of plants; deleterious plants; aspects of aesthetics and effect on society and world events. May not be used to satisfy area, major, or minor requirements, except the biology (teaching) major and minor. Gen. Ed. 15 or 16.

301 Human Physiology. (3) I, II. Functions of human life processes at the cellular, tissue, and organ-system levels of organization with emphasis on homeostatic mechanisms will be considered in this course. May not be used to satisfy area, major, or minor requirements. Gen. Ed. 15 or 16 and Gen. Ed. 13 with BIO 378.

303 Human Heredity and Society. (3) I, II. Inheritance of human traits, including blood groups, sex and sex-related traits, lethal factors, mental capacities, and metabolic disorders; pedigrees, family traits, and population trends. A current background in general biology (BIO 100 or NAT 101) is recommended but not required. May not be used to satisfy area, major, or minor requirements. Gen. Ed. 15 or 16.

304 Birds of Kentucky. (3) A. Popular consideration of birds of the eastern and central United States with emphasis on birds of Kentucky and especially birds of the local area. Field trips required. May not be used to satisfy area, major, or minor requirements. 2 Lec/2 Lab. Gen. Ed. 15 or 16.

310 Biology of Aging. (3) A. Prerequisite: BIO 100 or NAT 101 or BIO 171 or instructor approval. System by system approach to the biological effects of the aging process on the human body. May not be used to satisfy area, major, or minor requirements in the Department of Biological Sciences. Gen. Ed. 15 or 16.

315 Genetics. (4) I, II. Prerequisite: BIO 121 or departmental approval. Discussion of Mendelian genetics, molecular genetics, genetic mapping, and population genetics. Emphasis on critical thinking skills and logic through experimental analysis. Laboratory will include experimental manipulation of prokaryotic and eukaryotic organisms. 3 Lec/3 Lab.

316 Ecology. (4) I, II. Prerequisite: BIO 131 or 141. Basic concepts and principles as applied to the study of organisms or groups of organisms in their interrelations to each other and to their environments. 2 Lec/4 Lab.

317 Conservation of Wildlife Resources. (3) I, II. Introduction to the principles and practices of

conservation of plants and animals; requirements and values of wildlife resources; impact of human activities on resources. May not be used to satisfy area, major, or minor requirements. Gen. Ed. 15 or 16.

320 Principles of Microbiology. (4) I, II. Prerequisites: BIO 121 and CHE 112; or departmental approval. A study of bacteria and other microorganisms, their morphology, development and function; techniques of isolation, cultivation and identification; physiology, nutrition, and genetics; role of microbes in medicine, agriculture, and industry. 2 Lec/4 Lab.

328 Plant Physiology. (4) II. Prerequisites: BIO 131 and CHE 112; or instructor approval. Application of elementary physical and biological principles to the understanding of plant processes involved in the assimilation, metabolism, and regulation of growth and development. 2 Lec/4 Lab.

331 Cell Biology. (3) I. Prerequisite: BIO 121 and CHE 112. An introduction to the structure and function of plant and animal cells, with emphasis on the structure and function of cell organelles. An overview of molecular techniques used in the study of cellular metabolism.

335 Plant Systematics. (3) II. Prerequisite: BIO 131. Identification, classification and phylogeny of vascular plants; principles of taxonomy. 1 Lec/4 Lab.

340 Marine Biology. (3) II. Prerequisite: instructor approval. To develop an understanding of marine organisms, the course will include an extended field trip to a marine ecosystem and will involve collection, identification, study of the ecology and life histories of marine organisms. 2 Lec/3 Lab.

342 Comparative Vertebrate Anatomy. (4) I. Prerequisite: BIO 141. Phylogeny and morphology of the classes of vertebrates. Comparative studies of organs and systems of vertebrate animals based principally on the dogfish, *Necturus*, and cat. 2 Lec/4 Lab.

348 Animal Physiology. (4) I, II. Prerequisites: BIO 121 and CHE 112. A study of the physical and chemical aspects of mechanisms of function of animals at the organ-system level of organization, in relationship to homeostasis, with appropriate laboratory methodology. 2 Lec/4 Lab.

349 Cooperative Study: Biology. (1-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

371 Neuroanatomy. (3) I, II. Prerequisite: BIO 171 or instructor approval. Anatomy of the nervous system and the relationships to functions of systems of the human body. May not be used to satisfy area, major, or minor requirements in the Department of Biological Sciences. 2 Lec/2 Lab.

378 Human Physiology Laboratory. (1) I, II. Prerequisite or corequisite: BIO 301. A series of experiments will be presented which will allow students to demonstrate some of the typical physiological processes of animals as these relate to human physiology. May not be used to satisfy area, major, or minor requirements. 2 Lab. Gen. Ed. 13 with BIO 301.

380 Wildlife Law Enforcement. (3) A. Introduction to concepts of wildlife management and their application to wildlife law enforcement. State and federal wildlife law enforcement agencies will be discussed.

381 Principles of Wildlife Management. (3) I. Basic principles of wildlife management and their application to current management issues.

382 Wildlife Population Analysis. (4) I. Population ecology of vertebrates, with a focus on field methods and analysis of data applicable to wildlife conservation. Recommend BIO 316 and 381 prior to or concurrent with enrollment. 2 Lec/4 Lab.

399 Trends in The Biological Sciences. (1-4) A. Prerequisite: instructor approval. A presentation of selected topics in the biological sciences reflective of

new developments and current trends in scientific advancement. May be retaken to a maximum of six hours. Gen. Ed. 15 or 16.

489 Field Studies in Wildlife. (1-3) A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Field studies designed to enhance the student's wildlife management techniques. Required of all wildlife management majors during the junior or senior year. May be retaken to a maximum of three hours.

490 Biology Seminar. (1) I, II. Prerequisite: junior or senior standing in biology. Students and members of the faculty meet to present, discuss, and exchange ideas on selected topics, based on the scientific literature for the biological sciences.

510 Biostatistics. (3) I. Prerequisite: MAT 107 or instructor approval. Statistical analysis of biological data. Students participate in the taking and processing of data by the use of well-established statistical techniques. 2 Lec/2 Lab-Disc.

511 Experimental Approaches in Molecular Biology. (3) I. Prerequisite: BIO 121. Laboratory experience-based course in molecular biology techniques. Subject will be introduced in a lecture setting and practical laboratory training. Techniques will include PCR-based methodologies; immunological approaches; basic protein and nucleic acid manipulations. 1 Lec/4 Lab.

514 Evolution. (3) I, II. Prerequisite: BIO 315 or instructor approval. Processes of organic evolution with emphasis on the theory of natural selection.

521 Plant Ecology. (3) A. Prerequisite: BIO 131, 335 or instructor approval. Ecological concepts and principles relevant to plant populations and communities. Emphasis on flora and vegetation of Eastern United States with field trip through the Southern Appalachians.

522 Grasses and Grasslands. (3) I. Prerequisite: instructor approval. Development and composition of grasslands; phylogeny, classification, and identification of grasses. Emphasis on North American grasses and grasslands with field trips to native and managed grasslands. 1 Lec/4 Lab.

525 Aquatic and Wetland Plants. (3) A. Prerequisite: BIO 131. Collection, systematics, distribution, ecology, and reproduction of aquatic and wetland vascular plants. 1 Lec/4 Lab.

527 Immunology. (3) A. Prerequisites: BIO 320 and CHE 361; or instructor approval. Characteristics of immune reactions at the molecular level and *in vivo*. Nature and interactions of antigens and antibodies, and allergic phenomena. 2 Lec/3 Lab.

528 Virology. (3) A. Prerequisite: BIO 320. Fundamentals of classification, structure, and pathogenesis of viruses. Host-virus interactions and their applications to medicine and industry. Viral related areas of immunology, cell culture procedures, and applications will be introduced. 2 Lec/3 Lab.

530 Microbial Physiology and Genetics. (3) A. Prerequisites: BIO 315, 320, and CHE 361; or instructor approval. A study of microbial genetics, metabolism, nutrition, and the effects of chemical and physical environments upon microorganisms in their habitats, with emphasis upon microbes of economic, human, and industrial importance.

531 Principles of Molecular Biology I. (4) A. Prerequisites: BIO 315, CHE 361, and 366; or instructor approval. An in-depth study of the structure, function, and biochemistry of nucleic acids and proteins. Laboratory experiences will involve manipulations of DNA and protein molecules for the purpose of isolation, purification, and structural modification. 2 Lec/4 Lab.

532 Conservation Biology. (3) I. Prerequisite: BIO 316 or instructor approval. Examination of principles and practices of conserving global biological diversity. Causes, consequences and rates of extinction. Application of philosophical, biological, sociological, and legal principles to the conservation of genes, species and ecosystems.

536 Dendrology. (3) I. Prerequisite: BIO 131 or instructor approval. Woody plant taxonomy with emphasis on field identification of trees and shrubs in summer and winter conditions; habitats and distributions; economic importance; forest regions of North America. 1 Lec/4 Lab.

542 Freshwater Invertebrates. (3) A. Prerequisite: BIO 141 or instructor approval. Collection, systematics, distribution, behavior, ecology, and life histories of freshwater invertebrates. 2 Lec/3 Lab.

546 Histology. (4) II. Prerequisite: BIO 121. Microscopic anatomy of normal vertebrate cells, tissues, and organs. 2 Lec/4 Lab.

547 Comparative Vertebrate Embryology. (4) II. Prerequisite: BIO 121. Gametogenesis, fertilization, morphogenesis, and organogenesis of the frog, bird, and mammal. Particular emphasis is placed on mammalian development. 2 Lec/4 Lab.

550 Animal Behavior. (4) A. Prerequisite: BIO 121. Advanced study of behavior with emphasis on inherited behavioral patterns in relation to the evolution and ecology of animals. 3 Lec/2 Lab.

553 Mammalogy. (3) A. Classification, natural history, field methods, and distribution of mammals. 1 Lec/4 Lab. BIO 316 or 342 recommended prior to enrollment.

554 Ornithology. (3) A. Prerequisite: BIO 121 or departmental approval. Avian biology with emphasis on field identification of local avifauna, anatomy, physiology, ecology, evolution, migration, economic importance, distribution, and behavioral patterns. Early morning field trips required. 2 Lec/4 Lab.

555 Behavioral Ecology. (3) A. Prerequisite: BIO 316 or instructor approval. How behavior is influenced by natural selection in relation to ecological conditions. Emphasis on quantitative and experimental methods and on integrating theoretical ideas with field and laboratory evidence.

556 Herpetology. (3) A. Prerequisite: BIO 141 or instructor approval. Natural history of the amphibians and reptiles including taxonomy, general ecology, behavior, distribution, breeding, and food habits. 2 Lec/3 Lab.

557 Ichthyology. (3) A. Prerequisite: BIO 141. A phylogenetic examination of morphological, ecological, and behavioral diversification of fishes of the world, with special attention to the Appalachian fauna. Laboratory devoted to anatomy, identification, and reproductive strategies. 2 Lec/4 Lab.

558 Freshwater Ecology. (3) A. Prerequisite: BIO 316 or instructor approval. Ecology of lakes and streams with special reference to physical, chemical, and biological factors. To include a variety of methods and instruments. 2 Lec/3 Lab-Disc.

561 Fisheries Biology. (3) A. Prerequisite: BIO 141. Methods for assessment and analysis of fish populations and aquatic habitats, including age and growth, fecundity, food habits, and yield. Emphasis on economic and ecological importance of management decisions. 2 Lec/4 Lab.

584 Upland Wildlife Management. (4) A. Prerequisite: BIO 381 or departmental approval. Ecological principles and management strategies to preserve and enhance forest and grassland wildlife and their habitats.

585 Wildlife Resource Policy and Administration. (3) A. Discussion of state, regional, national, and international policies and agencies which impact management of wildlife resources; with emphasis in North America. BIO 381 recommended prior to enrollment.

586 Wetland Wildlife Management. (4) II. Ecology and management of migratory and resident wetland wildlife populations and their habitats, with a focus on waterfowl. Recommend BIO 316 and 381 prior to enrollment. 2 Lec/4 Lab.

587 Urban Wildlife Management. (3) A. The strategies employed to manage urban wildlife and prevent/control animal damage in North America will be discussed.

598 Special Problems. (1-3) I, II.

Prerequisites: junior or senior standing; students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Independent research in the biological sciences, under the guidance of a faculty member, which allows students to design a research problem and make experimental observations and conclusions. May be retaken to a maximum of four hours.

599 Topics in Biological Sciences. (1-6) A.

Prerequisites: BIO 211 and instructor approval. Special topics in the biological sciences of current interest to faculty and students will be presented through lecture, discussion, and reports. May be retaken to a maximum of six hours.

BTO—Business and Technology Orientation Dr. Robert Rogow, Dean

100 Academic Orientation. (1) I, II.

Designed to orient the student to university academic life and afford background for career choice and preparation. Included are University regulations and calendar, catalog details, registration, various career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

CAH—Interdisciplinary Dr. Dominick Hart, Dean

515 Topics in Humanities: _____. (1-3) A.

An experimental course designed to investigate relevant topics in Arts and Humanities.

CDF—Child and Family Studies Dr. Diane Leggett, Chair

132 Introduction to the Family. (3) I, II.

Stages of development of the individual family members and of the family as a unit; biological, cultural, and personal accomplishments (developmental tasks) of the family throughout the life cycle will be emphasized. Credit will not be awarded to students who have credit for SOC 245.

210 Special Topics in Early Childhood Education: _____. (1-3) A. Selected topics in child development and early childhood program planning. May be retaken to a maximum of six hours provided topics vary.

232 Identity and Sexuality. (3) I, II. An exploration of the changing attitudes about and among men/women and their effect on choices and interpersonal relationships. Emphasis will be on promotion and maintenance of positive mental, physical, emotional, and sexual development. Credit will not be awarded to students who have credit for HEA 375.

241 Prenatal and Infant Development. (3) I, II. Growth and development from conception to three years.

243 Introduction to Community-Based Family Involvement. (3) A. Prerequisites: CDF 132. Survey of theories and models related to community-based family involvement. Examination of community programs which focus on forming partnerships with families to support child development and family well-being.

244 Development of Preschool Child. (3) I, II. Age level characteristics and theory pertinent to the preschool child. Special emphasis on observational assessment skills and the construction of individual case studies.

247 Family Involvement with Young Children. (3) I, II. Prerequisites: CDF 345 or department approval. Study of effective home-school relationships during the early childhood period. Methods and materials useful in working with

families. Experiences include family meetings, planning discussion groups, home visits, and parent conferences.

248 Introduction to Early Childhood Experiences. (3) I. Formerly CDF 348. Examination of models of preschool education including history, goals, philosophies, materials, environments, and methods of child guidance. Serves as preparation for practical experience in early childhood setting. Reflection upon personal dispositions for teaching young children.

331 Marriage and Intimate Relationships. (3) I. The process within and types of intimate relationships in contemporary times. Topics include singlehood, partner selection, marriage, divorce, remarriage, long-term enduring marriage, and factors which affect the success of intimate relationships.

334 Adult-Child Interaction. (3) A. Formerly CDF 534. Prerequisite: CDF 132, 241, and 244 or equivalent; or department approval. A survey of effective techniques for guidance and support of children's development. Types of adult resources and their role in adult-child interactions are explored.

342 Child and Adolescent Development. (3) II. Physical, mental, emotional, and social development of the child from school age to adolescence, case studies, observations, and participation experiences with children culturally advantaged and disadvantaged.

344 Program Planning for Infants and Toddlers. (3) I, II. Prerequisite: CDF 241. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for infants and toddlers. Emphasis is placed on the caregiver-infant relationship, developmental assessment, laboratory and field experiences, and environmental adaptations for special needs.

345 Program Planning for Young Children. (3) I, II. Formerly CDF 245. Prerequisites: CDF 244 or department approval. Survey of learning experiences in various curriculum areas. Planning activities, including techniques and materials, to provide environment appropriate to the age and background of young children.

346 Play-Based Assessment for Early Childhood Program Planning. (3) II. Prerequisites: CDF 244 and 345; or department approval. Overview of play-based assessment and examination of tools emphasizing a transdisciplinary approach. Use of information collected from screening and arena-based assessment for program planning in center and home based settings.

349 Cooperative Study in Child Development. (1-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum of three hours may be counted in major requirements toward degree.

350 Early Childhood Practicum. (6) I, II. Prerequisites: CDF 247, 248 and 345, 2.5 cumulative GPA, and minimum grade of "C" in all courses with a CDF prefix. Practicum focusing on designing and equipping the environment, implementing learning experiences, developing strategies for guiding young children, and arranging effective communication for family involvement. Meetings for collaborative planning and reflective discussion to make program decisions.

351 Practicum for Early Childhood Practitioners. (3) A. Prerequisites: Department approval, 2.5 cumulative GPA, minimum grade of "C" in all courses with "CDF" prefix. Enrollment limited to students who have earned a Child Development Associate credential with college credit. Teaching experience in early childhood programs emphasizing emergent curriculum, documentation, project work, and family involvement. Meetings for collaborative planning/preparation.

399 Interdisciplinary Early Childhood Education Practicum. (3) I, II. Prerequisite: CDF 345, 2.5 cumulative GPA, and a minimum grade of "C" in all courses with a CDF prefix. Preparation of IECE students for supervised student teaching. Focus on structuring environments, facilitating learning experiences, developing guidance techniques, and collaborating. Emphasizes inquiry learning, documentation, project work, family/community involvement, meetings for collaborative planning and preparation.

437 Family Resiliency. (3) A. Prerequisite: CDF 132 or department approval. Study of stressors which may affect the quality of family life and resiliency factors which families and individuals employ to cope effectively with these stressors. Current research and models of family resiliency are studied.

441 Adulthood and Aging. (3) A. Individual and familial development from young adulthood through death. Particular focus on changing family roles as members age. Emphasis on social changes affecting life satisfaction, living environments, and social relations of the middle-aged and elderly.

443 Family Studies Practicum. (6) A. Prerequisites: CDF 132, 243, and 247; 2.5 cumulative G.P.A. Supervised practicum experience in community-based family involvement programs such as family resources and youth service centers, Head Start, PACE (Parent and Child Education), Child-life programs in hospitals for children, etc.

449 Special Problems in Child Development. (1-3) A. Prerequisites: department approval and a 3.0 GPA (major). May be retaken to a maximum of six hours provided topics vary. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

499 Supervised Teaching IECE. (12) I, II. Prerequisites: Completion of all major courses, supporting courses, special education minor, and professional courses. Practice teaching in programs for children ages birth through five years focusing on organizing environments for learning, planning and implementing developmentally appropriate curricula, selecting and implementing guidance strategies, assessing individual strengths and concerns of children and their families and colleagues for the benefit of children.

538 Seminar in Family Life: _____. (3) II. Prerequisites: CDF 241, 244, and six hours in CDF; or department approval. Students will concentrate their interests in an intensive study of specific areas of the family and its interpersonal relationships. May be retaken to a maximum of six hours provided the topics vary.

541 Infant-Toddler Development and Group Care. (3) A. Growth and development from conception to three years. Emphasis on family intervention, appropriate policies and practices for group care, assessment, disabilities, multicultural and gender issues, and caregiver professional growth.

544 Early Childhood Development and Program Planning. (3) A. Theory pertinent to early childhood development and learning including constructivism, socially-mediated intelligence, multiple intelligences and creativity. Emphasis on emergent curriculum and teaching strategies reflecting social collaboration such as webbing, project work, and multimedia documentation.

546 Building School, Family, and Community Partnerships. (3) A. Prerequisites: CDF 541 or 544 or 741 or 744. Study of methods for building partnerships among early childhood school personnel, family members, and the community with the growth and development of the child as a focus. Reflects contemporary lifestyles, culture, and current societal issues.

547 Organization and Administration of Early Childhood Programs. (3) I. Prerequisite: CDF 345 and 248 or department approval. Review of the

theories influencing the definition of goals, philosophies and rationales for establishment of early childhood programs (0-5), study of the procedures for organizing early childhood programs, and discussion of the management processes for administering quality early childhood programs.

548 Seminar in Child Development: _____. (3) II. Prerequisites: CDF 241, 244, and six hours in CDF; or instructor approval. Current concepts and trends in child development, recent research, and literature. May be retaken to a maximum of six hours provided topics vary.

550 Child and Family Studies Topics: _____. (1-3) A. Study of various topics in child and family studies selected to meet student needs and interests. May be retaken to a maximum of six hours provided topics vary.

CHE—Chemistry TBA, Chair

100 Inquiry Chemistry for Teachers. (3) I, II. Prerequisite: completion of all developmental requirements; pre-teaching or teaching elementary and middle school education majors only. Activity-oriented chemistry; elements, molecules, solutions, acids and bases, reactions, energy and environmental topics. Credit will not be awarded to students who have credit for CHE 101 or CHE 105 or CHE 111. 2 Lec/2 Lab. Gen. Ed. 14.

101 General Chemistry I. (4) I, II. For students who will take only one year of chemistry. Chemical bonding, structure of matter, chemical equilibrium, and descriptive inorganic chemistry. Credit will not be awarded to students who have credit for CHE 100, CHE 105 or CHE 111. 3 Lec/2 Lab. Gen. Ed. 14.

102 General Chemistry II. (4) I, II. Prerequisite: CHE 101. Continuation of CHE 101, emphasis on elementary organic chemistry, biochemistry, and industrial chemistry. Credit will not be awarded to students who have credit for CHE 106. 3 Lec/2 Lab.

105 Chemistry for the Health Sciences I. (4) I, II. An introductory course for students in allied health. Principles of bonding, structure, and reactivity related to biological processes. Credit will not be awarded to students who have credit for CHE 101 or CHE 111. 3 Lec/2 Lab. Gen. Ed. 14.

106 Chemistry for the Health Sciences II. (4) I, II. Prerequisite: CHE 105. Continuation of CHE 105 with emphasis on biochemical compounds. Credit will not be awarded to students who have credit for CHE 102. 3 Lec/2 Lab.

111 Introductory Chemistry I. (3) I, II. Prerequisite or Corequisite: ACT math score of 22, or MAT 107, or departmental approval. Prepares student for further study in chemistry, nomenclature, structure, stoichiometry, bonding, chemical change. Credit will not be awarded to students who have credit for CHE 100, CHE 101 or CHE 105.

112 Introductory Chemistry II. (5) I, II. Prerequisite: CHE 111 with a grade of "C" or better. Continuation of CHE 111. Coordination compounds, descriptive inorganic chemistry, solution chemistry, and analytical chemistry. 3 Lec/6 Lab. Gen. Ed. 14.

325 Quantitative Analytical Chemistry. (4) A. Prerequisite: CHE 112 with a grade of "C" or better. Introductory course in gravimetric, volumetric, colorimetric, and electrometric analysis, including the interpretation of chemical data and calculations. 2 Lec/6 Lab.

330 Introductory Biochemistry. (4) A. Prerequisites: CHE 102 or 361 and 366; or instructor approval. May not be used to satisfy B.S. Chemistry requirements. Compounds and reactions of biological and nutritional importance. Amino acids, proteins, lipids, carbohydrates, vitamins, enzyme systems, digestion, absorption, pathways. 3 Lec/2 Lab.

349 Cooperative Study: Chemistry. (1-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total

hours: sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit.

361 Organic Chemistry I. (3) I, II. Prerequisite: CHE 112. Prerequisite or Corequisite: CHE 366. Bonding; structure; reaction theory; aliphatic hydrocarbons; functional groups; stereochemistry; aromatic hydrocarbons; spectroscopy; substitution and elimination reactions.

362 Organic Chemistry II. (3) I, II. Prerequisites: CHE 361 and 366 w/grades of "C" (2.0) or better. Prerequisite or Corequisite: CHE 367. Alcohols and ethers; aldehydes and ketones; carboxylic acids and derivatives; carbanions; amines; phenols; carbohydrates and amino acids.

366 Organic Chemistry Laboratory I. (1) I, II. Prerequisite or Corequisite: CHE 361. Experimental work to illustrate principles of organic chemistry. Basic techniques and selected syntheses. A withdrawal from CHE 366 must be matched by a withdrawal from CHE 361. 3 Lab.

367 Organic Chemistry Laboratory II. (1) I, II. Prerequisites: CHE 361 and 366. Prerequisite or Corequisite: CHE 362. Experimental work to illustrate principles of organic chemistry. Selected synthetic techniques and advanced techniques such as separation and identification. A withdrawal from CHE 367 must be matched by a withdrawal from CHE 362. 3 Lab.

470 Principles of Physical Chemistry. (4) I. Prerequisites: CHE 112, MAT 124 or MAT 261. Thermodynamics, equilibrium, electrochemistry, reaction kinetics, atomic structure, bonding, spectroscopy and selected topics.

471 Physical Chemistry I. (3) I. Prerequisites or Corequisites: MAT 224. A functional knowledge of a computer language is expected. Thermodynamic properties of physicochemical systems; free energy and equilibria; electrochemical processes; electrolytic solutions and activity coefficients.

472 Physical Chemistry II. (3) II. Prerequisite: CHE 361. Prerequisite or Corequisite: PHY 132 or 202, and MAT 225. Kinetic theory of gases and reaction rates; atomic and molecular structures; spectroscopy; introductory statistical thermodynamics.

473 Physical Chemistry Laboratory. (1) I, II. Prerequisites or Corequisite: CHE 325, CHE 470, 471 or 472; CHE 480. Prerequisite or Corequisite: CHE 480. A functional knowledge of computers is expected. Experimental work to illustrate principles of physical chemistry; thermochemistry, equilibrium; reaction kinetics; molecular spectroscopy. May be retaken to a maximum of two hours. 3 Lab.

480 Seminar I. (1) I. Prerequisite: CHE 361. Seminar series including following topics: introduction to the use of chemical literature with emphasis on computer searches in Chemical Abstracts and Internet resources; seminar preparation techniques; job search skills; career opportunities in chemistry; current research in chemistry. One weekly meeting.

481 Seminar II. (1) II. Prerequisite: CHE 480. Presentation of significant developments from recent literature to members of the chemistry faculty and departmental majors. One weekly meeting. May be retaken for a maximum of two hours.

495 Introduction to Research. (1-3) I, II. Prerequisites: CHE 112 and instructor approval. Objectives and techniques of chemical research. Problems in all fields of chemistry. May be retaken to a maximum of nine hours. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

501 Chemtopics: _____. (1-3) A. Prerequisite: instructor approval. Topics to be chosen from current and/or specialized area of chemistry such as environmental chemistry or industrial chemistry. Topics will vary according to students needs. May be retaken to a maximum of six hours.

515 Analysis and Characterization. (4) A.

Prerequisites: CHE 362, 367, 471, and 550; or instructor approval. Synthesis, separation, and characterization of inorganic and organic compounds and mixtures. Included will be spectroscopic techniques, preparation of derivatives and methods appropriate for handling of air sensitive compounds and those of low thermal stability. 2 Lec/6 Lab.

525 Instrumental Methods. (4) A.

Prerequisites: CHE 325, 362, and 367. Methods of spectroscopic analysis; electrochemical methods; chromatographic methods. Emphasis placed on broad, functional approach to instrumental techniques. 2 Lec/6 Lab.

530 Biochemistry of Macromolecules. (3) A.

Prerequisites: CHE 362 and 367. Prerequisite/Corequisite: CHE 470 or 471; or departmental approval. Structure, analysis, and organization of proteins, nucleic acids, and lipids; physical and organic mechanisms of enzyme action; chemistry of membrane action and the immune system.

531 Metabolic Biochemistry. (3) A.

Prerequisites: CHE 362 and 367. Prerequisite or Corequisite: CHE 470 or 471; or instructor approval. Continuation of CHE 530. Chemistry, catabolism, and biosynthesis of carbohydrates, lipids, amino acids, and nucleotides; analysis of nucleic acids and structure, function, and control of cellular genetic apparatus.

532 Biochemistry Laboratory. (1) I.

Prerequisite or corequisite: CHE 530 or 531 or departmental approval. Experimental techniques characteristic of biochemical research. Purification and characterization of proteins and nucleic acids; use of computers in modeling biochemistry data. 3 Lab.

534 Introduction to Medicinal Chemistry. (3) A.

Prerequisites: CHE 362 or 367. Introductory study of medicinal agents at the molecular level. Pharmacokinetics, drug metabolism, chemical structure-medicinal activity relationships, selective toxicity.

550 Inorganic Chemistry. (3) I. Prerequisite: CHE 362. Modern concepts of atomic nuclei, atomic structure, and classification of elements. Coordination compounds. Theories of bonding.

560 Mechanistic Chemistry. (3) A.

Prerequisites: CHE 362 and 367, and CHE 470 or 471. Survey of new reactions and comprehensive study of reaction mechanisms.

572 Advanced Physical Chemistry. (3) A.

Prerequisite: CHE 472 (MAT 353 recommended) or instructor approval. Intermediate and advanced topics in thermodynamics, kinetics, structure and bonding.

585 Principles of High Polymers. (3) A.

Prerequisites: CHE 362 and 367. Preparation and characterization of high polymers; monomers, condensation, and additional polymerization; radical, anionic, and cationic initiation. Emphasis on microstructure of the polymer chain and its effect on macromolecular physical properties. 2 Lec/3 Lab.

CHS—College of Health Sciences

Dr. David D. Gale, Dean

100 Introduction to the Health Science Field. (3) I, II.

Formerly AHN 100. Overview of U.S. health care: history, factors influencing health and health care, identification and organization of health facilities and professionals, health economics, health trends, and ethics.

105 Survey of Medical Terminology. (1) I, II, A.

Formerly AHN 105. Independent study, modular design paced by class meetings includes word roots, prefixes, suffixes, and general medical terms. Credit will not be awarded to students who have previously taken CHS/AHN 200.

200 Medical Terminology I. (3) I, II, A.

Formerly AHN 200. Basic medical vocabulary consisting of prefixes, suffixes, roots; anatomical, symptomatic, and common disease terms of the body systems.

201 Medical Terminology II. (3) I, II, A.

Formerly AHN 201. Prerequisite: CHS/AHN 200. Includes surgical instruments and procedures, diseases, laboratory tests, clinical procedures, and abbreviations for each system. Terms related to oncology, radiology, nuclear medicine, pharmacology, psychiatry, systemic disorders, and autopsy procedures.

207 Survey of Disease. (3) I, A.

Formerly AHN 207. Prerequisites: BIO 171, 301. Prerequisite or Corequisite: CHS/AHN 105 or instructor approval. An introduction to disease process and management. Includes a survey of disease of the major body systems. HNF students may not take this course to fulfill major requirements.

210 Special Problems in Health Sciences. (1-4) A.

Formerly AHN 210. Prerequisite: departmental chair approval. For independent work, special workshops, or a special topic. May be retaken to a maximum of six hours.

250 Introduction to Gerontology. (3) I, II.

Formerly AHN 250. An interdisciplinary approach to the study of aging that presents a balanced view of both normal and problem aspects of aging.

342 Understanding AIDS (1) I, II.

Formerly AHN 342. A seminar intended to inform students about risk factors and implications associated with acquiring AIDS (Acquired Immune Deficiency Syndrome).

344 Seminar in Assertiveness. (1) I, II.

Formerly AHN 344. Focus is on four basic components; differences between assertion, aggression, and non-assertion; identification of personal rights and rights of others; reducing cognitive and affective obstacles to acting assertively; and developing assertive skills through active practice methods.

349 Cooperative Study: Health Sciences. (1-8) A.

Formerly AHN 349. Work, under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. Minimum 80 hours work required for each academic credit.

410 Special Problems in Health Sciences. (1-4) A.

Formerly AHN 410. Prerequisite: departmental chair approval. For independent work, special workshops, or a special topic. May be retaken to a maximum of six hours.

420 Special Topics for Health Professions. (1-2) A.

Formerly AHN 420. Prerequisite: senior standing and/or instructor approval. Topics of current interest to students enrolled in health professions. May be retaken to a maximum of six hours.

570 Health Care of the Aged. (3) A.

Formerly AHN 570. Theories of gerontology; common health problems of the aged; focus on quality health care.

CIS—Computer Information Systems

Dr. Jessica Johnson Frazier, Chair

101 Basic Computer Concepts. (1) I, II.

Introduction to computer system basics including hardware, software, and users; the merger of computer and communications technology; and the DOS/Windows operating environment using microcomputers. Credit will not be awarded to students who have credit for CIS 212 or CSC 104.

102 Introduction to Word Processing. (1) I, II.

Introduction to word processor concepts. Includes creation and enhancement of documents, multipages, multidocuments, graphics, and data transfer. Credit will not be awarded to students who have credit for CIS 212 or CSC 104.

103 Introduction to Spreadsheets. (1) I, II.

Fundamental concepts and common end-user applications of electronic spreadsheets. Includes creation and enhancement of spreadsheets, graphs, data management, macros, and multiple files. Credit will not be awarded to students who have credit for CIS 212 or CSC 104.

104 Introduction to Database Management.

(1) A. Introduction to database concepts. Includes creating and using a file; file rearranging, reporting, and editing. File management, customized programs, and relational databases. Credit will not be awarded to students who have credit for both CIS 104 and CIS 212 or CSC 104.

105 Introduction to Presentation Graphics.

(1) A. Introduction to presentation graphics concepts. Creating and saving a presentation; organizing, printing, enhancing a presentation; adding art and special effects.

212 Introduction to Computer Information Systems. (3) I, II.

Introduction to computer hardware and software systems, the Internet and microcomputer applications including spreadsheets, word processing, database, presentation graphics, electronic mail, and Web browser. Credit will not be awarded to students who have credit for CSC 104. Gen. Ed. 03.

215 Introduction to Business Programming. (3) I, II.

Prerequisites: CIS 212 or equivalent with a grade of "C-" or better. Examination of program development planning tools, editors, and compile-debug processes used in modern mixed-language integrated development environments. Structured and object-oriented programming language syntax used in current business applications will be introduced.

225 "C" Programming in Business. (3) II.

Formerly CIS 365. Prerequisite: Instructor's Consent. "C" Programming with emphasis on business applications. Include control statements, functions, arrays, pointers, input/output, and files. Credit will not be awarded to students who have credit for CSC 209.

230 Business Applications of Microcomputers. (3) I, II.

Prerequisites: CIS 212 or equivalent. Advanced work processing, spreadsheets, database management, and presentation software. Successful completion assists students in passing Microsoft Office certification exams. Credit will not be awarded to students who have credit for ACS 290.

240 Introduction to Web Information Systems. (3) A.

Introduction to design and development of Web-based multimedia. Includes development using design procedures and tools. Provides students with hands-on experience in the design, coding and development of web information systems.

250 Business Application Programming. (3) I, II.

Prerequisite: CIS 215 with a grade of "C-" or better. Programming information applications in modern business environments will be examined. Sequential, Indexed/Direct, XML, and Database data access and organization using major programming languages in an integrated development environment will be accomplished through programming exercises.

300 Management Information Systems. (3) I, II.

Prerequisites: ACC 201, 202 and ECO 230 with a grade of "C-" or better in each course; junior standing (a minimum of 60 hours) with an overall minimum of 2.0 GPA. Role of information systems in supporting managers, decision making and organizational goals; planning and managing e-business systems; global competition; social and ethical issues.

349 Cooperative Study in Computer Information Systems. (1-3) A.

Prerequisites: GPA 2.25 and BBA major, only. Co-curricular work experience under the direction of faculty and field supervisors. Training plan required. Normally limited to a maximum of six hours. Minimum 80 hours experience per credit hour. May not count toward major.

355 Advanced Business Application Programming. (3) I, II.

Prerequisite: CIS 250 with a grade of "C-" or better. Advanced programming principles and techniques used in integrated development environments for business information systems. Integration of traditional data file access, embedded SQL, embedded HTML and XML techniques in mixed-language and multi-program application environments.

360 Computer Information Systems Internship. (2-4) A. Prerequisites: GPA of 2.25 and advisor/departamental approval. Practical experience in computer information systems.

370 Seminar in Computer Information Systems. (1-3) A. Prerequisite: instructor approval. Selected topics of special and contemporary interest to business students. May be retaken under different subtitles to a maximum of six hours.

375 Fundamentals of Telecommunication. (3) A. Prerequisite: CIS 300 or equivalent. Fundamental concepts, definitions, and theory of telecommunication. Completion assists students in passing Microsoft Networking Essentials certification exam.

380 Systems Development. (3) I, II. Prerequisite: CIS 250. Information systems development life cycle with the emphasis on systems analysis and conceptual design. Introduction to computer-assisted software engineering and project management.

400 Electronic Business. (3) A. Prerequisites: CIS 300 and MGT 300 with a grade of "C-" or better in each course. Course covers the theory and practice of electronic business. Emphasizes e-business models and technology, assessing company performance and value; design, promotion, global and social issues.

435 Data Base Management. (3) I, II. Prerequisites: CIS 250 with a grade of "C-" or better. Fundamental concepts of database processing; conceptual, logical, and physical design of databases; the use of SQL and DBMS technology for relational database implementation; and general business database management issues.

436 Advanced Data Base Management. (3) A. Prerequisite: CIS 435. An in-depth study of data base management to include advanced and current database topics. Coverage includes advanced data modeling and relational database design and implementation to include current technologies and techniques.

475 Advanced Telecommunications. (3) A. Prerequisite: CIS 375 or permission of instructor. More in-depth coverage of telecommunications and networking to include installation and configuration, managing resources connectivity, running applications, monitoring and optimization, trouble shooting, and resources.

476 Decision Support and Expert Systems. (3) I. Prerequisites: CIS 380 and 435. Course focus is on design, development, implementation, and contribution of DSS and ES to management planning, decision making, and control. Students will design and validate model-based DSS, data based DSS, and expert systems to aid managerial problem solving.

480 Information Systems Design and Implementation. (3) I, II. Prerequisites: CIS 380 and 435. Strategies and techniques of structured analysis and design of information systems; application of computer programming and system development concepts and principles to a comprehensive system development project: analysis, design, and implementation.

490 Special Problems in Computer Information Systems. (1-4) A. Prerequisite: advisor/departmental approval. Independent study in information systems. May be retaken under different sub-topics to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

CLS—Clinical Laboratory Science
Dr. Darryl Barnett, Chair

201 Introduction to Clinical Pathology. (3) II. Open to all students. Techniques common to clinical laboratories. Stresses basic physical and chemical principles of disease process. 4 Lec/Lab.

300 Clinical Laboratory Methods. (2) I. Prerequisite: enrollment in upper division plan or instructor approval. Lab calculations, instrumentation, and quality assurance. 2 Lec.

303 Clinical Laboratory Skills. (1) I, II. Prerequisite: CLS major or instructor permission. Skills for clinical laboratory practitioners, including laboratory safety, phlebotomy, microscopy, pipetting, universal precautions, and principles of quality assurance.

305 Analysis of Body Fluids. (2) I. Prerequisite: enrollment in upper division plan or instructor approval. Principles, procedures, and significance of analysis of urine, spinal fluid, and other fluids commonly examined in the clinical laboratory. 3 Lec/Lab.

308 Clinical Serology. (2) I. Prerequisite: pre-CLS or CLS major or instructor approval. Principles, procedures, sources of error, and clinical application of serological tests, immune mechanisms, specimen collection; procedures include ASO, VDRL, RA, LE, IM, Rubella, Cold Agglutinins, fluorescent antibodies, and others. 4 Lec/Lab.

309 Clinical Immunology. (1) I, II. Prerequisite: pre-CLS, CLS major, or instructor approval. Principles and techniques of antigen-antibody reactions of the human immune system and their relationship to the clinical laboratory.

310 Hematology and Coagulation. (5) I. Prerequisite: enrollment in upper division plan or instructor approval. Morphology of blood, determination of blood parameters and dyscrasias; mechanisms and procedures in coagulation. 6 Lec/Lab.

320 Immunohematology. (3) II. Prerequisite: enrollment in upper division plan or instructor approval. Blood banking, blood grouping, phenotyping, cell panels, compatibility testing, and transfusion practices. 2 Lec/2 Lab.

346 Clinical Chemistry. (6) II. Prerequisite: enrollment in upper division plan or instructor approval. Introduction to theory and lab procedures, measurement of constituents of body fluids, instrumentation, and clinical interpretation of results in relation to biochemistry of human systems. 3 Lec/6 Lab.

350 Bacteriology and Virology. (5) I. Prerequisite: BIO 211 or permission of the instructor, and admission to the upper division CLS program. Study of medically important bacteria with emphasis on the clinical laboratory methods of microscopy, cultivation, identification, antimicrobial susceptibility testing, and quality control. Includes study of rickettsiae, mycoplasmas, chlamydiae, and fundamentals of clinical virology. 3 Lec/4 Lab.

355 Mycology and Parasitology. (4) II. Formerly CLS 411. Prerequisites: BIO 211 or permission of the instructor, and admission to the upper division CLS program. Study of fungi and parasites as agents of human disease, with emphasis on the clinical laboratory methods of microscopy, in vitro cultivation, identification, and quality control. 3 Lec/1 Lab.

404 Cytopreparatory Techniques. (3) I. Prerequisite: enrollment in cytotechnology program. Experiences in various preparatory techniques including methods of obtaining and staining specimens. Experiences with clerical procedures, and understanding laboratory safety.

406 Cytology Seminar. (3) I. Prerequisite: enrollment in cytotechnology program. Experience in the areas of administration, professional relationships with physician and hospital personnel, patient management, quality control and professional ethics.

408 Cytology Female Genital Tract. (9) I. Prerequisite: enrollment in cytotechnology program. Study normal cells cyclic variation, reactions to infections, injury and hormonal abnormalities. Criteria for premalignant and malignant changes. Study the pathogenesis and histopathology related to cytodiagnoses.

410 Cytology Respiratory Tract. (3) II. Prerequisite: enrollment in cytotechnology program. Cyto diagnosis of disease of the respiratory tract. Anatomy, histology and physiology as related to normal and abnormal cellular morphology. Methods of specimen collection and processing are discussed.

412 Cytology Body Cavity Fluids. (3) II. Prerequisite: enrollment in cytotechnology program. Cyto diagnosis of diseases of body cavity fluids. Anatomy, histology and physiology as related to normal and abnormal cellular morphology. Methods of specimen collection and processing are discussed.

414 Cytology Breast. (3) II. Prerequisite: enrollment in cytotechnology program. Cytodiagnosis of diseases of the breast fluids.

Anatomy, histology and physiology as related to normal and abnormal cellular morphology. Methods of specimen collection and processing are discussed.

416 Cytology Gastrointestinal Tract. (3) II. Prerequisite: enrollment in cytotechnology program. Cytodiagnosis of diseases of the gastrointestinal tract. Anatomy, histology and physiology as related to normal and abnormal cellular morphology. Methods of specimen collection and processing are discussed.

418 Cytology Urinary Tract. (3) II. Prerequisite: enrollment in cytotechnology program. Cytodiagnosis of diseases of the urinary tract.

Anatomy, histology and physiology as related to normal and abnormal cellular morphology. Methods of specimen collection and processing are discussed.

420 Cytology Body Sites. (3) A. Prerequisite: enrollment in cytotechnology program. Cytodiagnosis of diseases of the miscellaneous body sites. Anatomy, histology and physiology as related to normal and abnormal cellular morphology. Methods of specimen collection and processing are discussed.

422 Cytology Aspiration. (4) A. Prerequisite: enrollment in cytotechnology program. Introduction to the techniques of fine needle aspiration biopsy. Provides a systematic approach to the study of aspiration biopsy cytology.

431 Clinical Correlations. (3) I, A. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Correlates the sub-disciplines of clinical laboratory science. Reviews all areas and stresses laboratory medicine in the health professions. 3 Lec.

432 Clinical Chemistry Practicum. (5) II, A. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Diagnostic chemical procedures in an affiliated laboratory.

434 Clinical Microbiology Practicum. (4) I, II. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Clinical bacteriology, parasitology, and mycology in an affiliated laboratory.

436 Lab Management Practicum. (1) I, II. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Principles of managing a medical laboratory presented in an affiliated laboratory.

437 Clinical Laboratory Seminar. (3) I, II. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Case studies, advanced procedures, and problem solving in the clinical laboratory.

438 Hematology Practicum. (4) I, A. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Diagnostic blood morphology studies in an affiliated laboratory.

439 Urinalysis Practicum. (1) I, A. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Diagnostic urine procedures in an affiliated laboratory.

440 Blood Bank Practicum. (2) II, A. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Practical blood banking in an affiliated laboratory.

441 Immunology Practicum. (1) I, II, A. Prerequisites: enrollment in upper division plan and completion of all 300-level CLS courses. Practical immunology in an affiliated laboratory.

CLT—Clinical Laboratory Technology
Dr. Darryl Barnett, Chair

201 Urinalysis. (1) I, II. Prerequisite: admission to CLT program or instructor approval. Corequisite: CLT 205 and CLT 206. Clinical lab procedures used in the analysis of urine and other body fluids. 4 Lec/Lab.

202 Hematology. (3) II. Prerequisite: admission to CLT program. Clinical procedures used in hematology and coagulation. 4 Lec/Lab.

203 Clinical Chemistry. (3) I. Prerequisite: admission to CLT program. Clinical procedures used in clinical chemistry and parasitology. 4 Lec/Lab.

204 Immunology/Blood Banking. (2) I. Prerequisite: admission to CLT program or instructor approval. A study of the immune system, clinical serology, and blood banking and the lab techniques associated with each area. 4 Lec/Lab.

205 Practicum I. (7) I, II. Corequisite: CLT 206. Prerequisites: CLT 201, 202, 203, and 208. Administrative policies, hematology, serology, and blood banking in an affiliated hospital.

206 Practicum II. (6) I, II. Corequisite: CLT 205. Prerequisites: CLT 201, 202, 203, and 208. Clinical chemistry and microbiology in an affiliated hospital.

207 Technical Correlations. (2) I, II. Prerequisites: CLT 201, 202, and 203. Relationships among CLT topics. Stresses mastery of subdisciplines at technician level, clinical significance, and interpretation of lab requests. 2 Lec.

208 Clinical Techniques. (1) I, II. Prerequisite: admission to CLT program or instructor approval. Prerequisite or Corequisite: CHE 111. Introduction to the laboratory including laboratory techniques, laboratory mathematics, safety, venipuncture, and spectrophotometry.

209 Diagnostic Microbiology. (5) II. Study of bacteria, fungi, and parasites as agents of human disease with emphasis on the pathogenesis, epidemiology, and diagnosis of infectious diseases. 3 Lec/4 Lab.

CNM—Interdisciplinary
Dr. Dominick Hart, Dean

101 Cosmos and Evolution I: An Exploration of Nature. (3) I, II. This science course integrates the biological and physical sciences by exploring centrally significant ideas that attempt to explain major events that have transformed the universe, the earth, and life on earth. 2 Lec/2 Lab.

102 Cosmos and Evolution II: An Exploration of Nature. (3) I, II. This science course integrates the biological and physical sciences by exploring centrally significant ideas that attempt to explain major events that have transformed the universe, the earth, and life on earth. 2 Lec/2 Lab.

315 Topics in Natural Science General Education: _____. (3) A. An experimental course designed to be used for general education credit in fulfilling the requirements of course categories 15 or 16 in Area IV.

499 Independent Work. (3-6) A. Prerequisite: cumulative GPA 2.5 up to last semester of program in B.I.S. degree. Independent research and/or field work required for the program of B.I.S. degree. Student must have the independent study proposal form approved by the student's B.I.S. Advisory Committee.

599 Ecology and the Environment for Teachers. (3) A. Prerequisite: BIO 102 or CHE 100 or GLY 102 or PHY 102 or departmental approval. Introduces pre-service teachers to ecology and the environment through an interdisciplinary approach beginning with the physical environment, progressing to the whole ecosystems, and onto analyses of environmental issues. Classroom teaching strategies will be modeled.

COM—Communication
Dr. Renee Everett, Chair

200 Mass Media and Society. (3) I, II. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues and trends, including ethics, legal controls, violence and censorship. Gen Ed. 12.

201 Writing and Reporting News I. (3) I, II. Prerequisites: ENG 101 and 102 (or 105). Study of the elements of news for print and electronic media; style, structure, sources, interviewing, story types, libel and ethics. Practice in gathering, writing and evaluating news.

260 Film Genre: _____. (3) I, II. Study of the types of motion pictures. Analysis and critical evaluation of the typical elements of a genre, both visual and dramatic. May be retaken to a maximum of six hours with different course content. May not be taken concurrently with COM 460.

290 Topics in Communications: _____. (1-3) A. Prerequisite: Department approval. Special topics beyond the scope of regularly offered courses. May be retaken to a maximum of nine hours provided the subject matter differs each time. Specific topics included in the schedule.

300 International Media. (3) I, II. Development and operations of world mass communication channels and agencies. Comparative analysis of media, media practices, and flow of news and entertainment throughout the world. Print, public affairs, radio, and television systems will be studied in terms of relevant social, political, economic, geographic, and cultural factors.

301 Writing and Reporting News II. (3) I, II. Prerequisites: COM 201. Advanced study of news for print and broadcast media. Includes source development, deadline reporting, visual reporting, electronic news sources, in-depth reporting. Introduction to court and government reporting.

309 Integrated Marketing Communications. (3) A. Cross listed as MKT 309 and TEC 309. A course covering the theories, strategies and skills of Integrated Marketing Communication, with a special emphasis on applying IMC to the Internet and the World Wide Web (WWW). Credit will not be awarded to students who have credit for MKT 309 or TEC 309.

320A Desktop Publishing. (1) I, II. Introduces the basic concepts and terminology necessary for understanding the creation of media content using computer hardware and software.

320B Advanced Word Processing. (1) I, II. Prerequisite or Corequisite: COM 320A. Study the skills and techniques necessary to enhance the presentation of printed materials.

320C Creating Newspapers and Magazines. (1) I, II. Prerequisite or Corequisite: COM 320A. Study of the skills and techniques necessary to prepare printed and graphic material for publication in newspaper and magazines.

320D Creating Newsletters and Brochures. (1) I, II. Prerequisite or Corequisite: COM 320A. Study of the skills and techniques necessary for the creation of promotional and informational printed pieces.

320E Creating Graphic/Illustrative Content. (1) I, II. Prerequisite or Corequisite: 320A. Study of the skills and techniques necessary to create and design display and informational graphics.

320F Web Page Development. (1) I, II. Prerequisite or Corequisite: COM 320A. Fundamentals of Web page development including basic techniques, evaluation of effective Web page design, and elements that attract readers to the Web pages.

320G Computer Image Processing. (1) I, II. Prerequisite or Corequisite: COM 320A. Study of the skills and techniques necessary to input, edit, retouch and enhance images. Introduction to the development of creative illustrations suitable for publication or presentation on the web.

320H Creating Computer Based Presentations. (1) I, II. Prerequisite or Corequisite: COM 320A. Study of the skills and techniques necessary to design and create effective computer based presentations.

320I Desktop Video. (1) I, II. Prerequisite or Corequisite: COM 320A. Study of the skills and techniques that allow effective communication in the electronic media using desktop video tools. An examination of the video art form from an aesthetic perspective to include television, film, art, multimedia, web video and digital still video.

325 Advertising Copy and Production. (3) I, II. Prerequisites: ENG 102 or ENG 105. Introduction to copywriting and production for electronic, print and other advertising media. Emphasis on advertising strategy, motivation, appeals, visualization and layout. Applies research and communication theory to creation of advertising.

330 Sportswriting and Reporting. (3) I, II. Writing and producing of game, feature and interview stories for print and broadcast. Will include play by play, sports commentary and analysis.

345 Literature and Film. (3) A. Cross listed as ENG 345. Prerequisites: ENG 101 and 102 (or 105). Examination of the relationships between film and literature through a comparative study of the stylistic and technical elements of the two media. Credit will not be awarded to students who have credit for ENG 345.

349 Cooperative Study: Media Sales. (1-8) A. Prerequisites: junior standing, "B" average in all courses within the department, and departmental approval. Work under faculty and field supervisor in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department.

350 Cinema History I. (3) A. Historical survey of cinema from its origins to 1939. Examines developments in directing, acting, editing, and other areas of cinema as an art form. Feature length and short films viewed. Gen. Ed. 08.

351 Cinema History II. (3) A. Historical survey from 1939 to present. Includes theories, styles, and critical positions related to the sound film and considers origins and implications for future directions. Feature length and short films viewed. Gen. Ed. 08.

353 The Art and Craft of Screenwriting. (3) A. Conceiving, structuring, writing and marketing the contemporary American screenplay. Requires developing and writing original screenplays for marketing in the contemporary film environment.

390 Fundraising. (3) I, II. An overview of fundraising, including planning, organization, management, marketing, and the common sense needed to raise money from private sources.

400 Studies in Communications: _____. (1-3) A. Prerequisite: will vary with course offering. Study of specific areas of communications through workshops, short courses, institutes, or through the presentation of a specific course which examines timely, topical, or specialized concerns in the field. Specific topic included in schedule. May be retaken to a maximum of nine hours.

405 Media Law. (3) A. Prerequisite: COM 200 or department approval. Examination of legal philosophies relating to the media, including press freedom, copyright, libel, slander, privacy, free press/fair trial, and regulation. Emphasizes the legal rights and responsibilities of the media.

415 Media Ethics. (3) A. Prerequisite: COM 200 or department approval. Examination of ethical standards and practices of the mass media. Includes development of ethical decision-making skills.

420 Mass Communications Research. (3) I, II. Introduction to the research process, research approaches, basic statistics, and applied research in the field of mass communications.

425 Media Planning and Buying. (3) I, II. An introduction to the process of media planning and buying. Emphasis on basic measurements and calculations, reach and frequency, strategy, evaluation, and budgeting.

430 Legislative Reporting. (3) A. Prerequisite: COM 201 or department approval. Reporting on the state legislature for print and broadcast media. Counts as JOU/BEM elective.

445 Broadcast and Cable Promotion. (3) I, II. Study of broadcast and/or cable promotion in the areas of writing, production, marketing, and public relations. Includes exercises in promotions.

460 Advanced Film Genre: _____ . (3) I, II. Detailed study of the types of motion pictures. Requires independent research, extended analysis, and critical evaluation of films. May be retaken to a maximum of six hours with different course content. May not be taken concurrently with COM 260.

471 Media Sales. (3) A. Problems and practices of both print and electronic media sales. Includes case studies in both print and broadcast sales development (local, regional, and national), pricing, production, promotion, and basic sales campaigns.

490 Media Campaigns. (3) A. Prerequisites: COM 325 or 425. Design and execution of a complete advertising/media campaign based on an actual case study. Includes primary research, media planning, creative design/execution, and evaluation. Students produce professional quality advertising materials for national competition. Credit will not be awarded to students who have credit for MKT 426.

491 Senior Seminar. (1) I, II. Prerequisites: Completion of 90 hours with at least 1 hour from BEM 349 or 343 or 398, or COM 349, or JOU 349 or 302, or PUB 349 or 378. Evaluates students' progress toward a career in mass communications, especially the development of a portfolio, and develops job search strategies and skills. Includes assessment of instruction and curriculum.

495-496-497-498-499 Special Problems in Communications. (1-3 each) A. Prerequisite: Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Six hours maximum credit through any combination of 495, 496, 497, 498, 499. Credit may not count toward a major or minor within the department.

495 Public Relations. (1-3) A. Topic selection and supervisor approval required before enrollment. May be retaken to a maximum of three hours.

496 Film. (1-3) A. Topic selection and supervisor approval required before enrollment. May be retaken to a maximum of three hours.

497 Journalism. (1-3) A. Topic selection and supervisor approval required before enrollment. May be retaken to a maximum of three hours.

498 Audio. (1-3) A. Topic selection and supervisor approval required before enrollment. May be retaken to a maximum of three hours.

499 Video. (1-3) A. Topic selection and supervisor approval required before enrollment. May be retaken to a maximum of three hours.

550 Readings in Mass Communications. (3) A. Prerequisites: instructor approval and senior standing. Critical reading of selected books and magazines relating directly or indirectly to mass communications. Features reviews and seminar discussions of readings chosen to reflect individual student's interests.

CON—Construction Management
Dr. William E. Davis, Chair

121 Introduction to Construction. (3) I, II. A survey of the construction industry. Nature, scope, and general characteristics of the industry with an emphasis on careers, safety, and typical contracting methods.

201 Materials and Methods of Construction I. (3) I, II. Composition, manufacture and grades of construction materials and building products with

emphasis on wood, metal, glass, roofing, finishing, and plastic materials. Methods, including safety, involved in the placement and installation of these materials.

202 Materials and Methods of Construction II. (3) I, II. Composition, manufacture, and grades of construction materials and building products with an emphasis on concrete and masonry. Methods, including safety, involved in the placement and installation of these materials. Students sit for concrete technician certification tests. 2 Lec/2 Lab.

221 Plane Surveying. (3) I. Prerequisite: MAT 108. Principles of surveying, including the measurement of distances, elevations, and angles. Calculations for the various operations, including traverse computations. Introduction to the use of surveying instruments and note keeping. 2 Lec/2 Lab.

250 Structural Systems and Materials I. (3) I. Prerequisites: IDH 221 and 229. Emphasis on building systems and materials for residential structures. An understanding of the properties of structural materials and their appropriate applications. Laws, codes, and standards will be addressed along with instruction in blueprint reading.

294 Construction Graphics. (3) A. Basic principles of residential and small commercial planning; styles of architecture; a comparative study of structural systems and the preparation of working drawings. 2 Lec/2 Lab.

303 Statics and Strength of Materials. (3) I, II. Prerequisites: MAT 108 and PHY 131. Study of loads, forces and their effects on rigid bodies and structures at rest. Computation of equilibrium reactions, internal forces, shear, moments, couples, friction, stress, strain, and deformation. Finding centroids and moments of inertia.

307 Soils and Foundations. (3) II. Prerequisite: CON 303. A study of soil mechanics as it relates to foundation construction. Topics include soil classification, engineering properties, compaction testing, types of foundation systems, and methods of foundation construction.

320 Construction Surveying. (3) II. Prerequisite: CON 221. The application of surveying skills as they relate to horizontal and vertical control on construction projects. Activities include building layout, centerline staking, earthwork computations, and slope staking. The use of electronic instruments is emphasized. 2 Lec/2 Lab.

322 Construction Structural Design. (3) I. Prerequisites: CON 303 and MAT 261. A study of the design of beams and columns using steel and wood. Principles of structural design related to the design of temporary structures used in the construction process.

323 Estimating I. (3) I. Prerequisites: CON 201, 202, MAT 108, and TEC 161. A study of the materials and labor required in the construction of residential and light commercial projects. Experience is gained in reading plans, calculating work quantities, and listing work items in a standardized format. 2 Lec/2 Lab.

324 Mechanical/Electrical Systems. (3) II. Prerequisites: CON 201 and 21 additional hours of CON courses. A study of plumbing, heating, air-conditioning, electrical power distribution, and lighting for residential and commercial buildings. Heat loss and heat gain calculations. Basic fundamentals of water supply, waste drainage, and electrical circuits.

349 Cooperative Study: Construction Management. (1-8) A. Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisors in placements related to construction management.

350 Structural Systems and Materials II. (3) I. Prerequisites: CON 250. Emphasis on commercial building systems and materials. An understanding of the properties of structural materials and their applications. The interpretation of construction

documents and blueprints for commercial structures will be required.

368 Seminar in Construction. (1-4) A. Presentation of construction management topics of a timely or specialized nature in a seminar format. May be retaken provided the topics are different.

401 Special Problems in Construction Management. (1-3) A. An independent study course for exceptional upper division undergraduate students. A study proposal will be developed by the student and approved by the faculty supervisor and department chair prior to enrollment. May be retaken provided the topic of study is different.

420 Engineering Economy. (3) I. Prerequisite: 24 credit hours in CON courses. A systematic application of engineering economy to design, selection of construction materials, and construction methods. A study of first costs, operating and maintenance costs, service life, and replacement costs. Value engineering incentives are studied.

421 Construction Contracts. (3) I. Prerequisite: CON 323. Contract documents, drawings, and specifications and their impact on the construction process. A study of the types and organization of construction contracts, and the roles and responsibilities of the parties involved.

423 Estimating II. (3) II. Prerequisite: CON 323. Construction projects of moderate complexity are divided into work packages, followed by calculation of work quantities. Standard cost books are utilized to develop prices for labor, materials, subcontracts, equipment, and overhead. Emphasis is placed on the use of spreadsheets and estimating software. 2 Lec/2 Lab.

425 Project Organization and Supervision. (3) II. Prerequisites: MGT 300 and CON 421. A study of principles of construction project administration, systems for efficient operation of office and field personnel, and dispute avoidance and resolution procedures. The construction process is followed from project inception to closeout.

426 Scheduling. (3) II. Prerequisites: ACC 201 and CON 323. A study of the planning and control of construction activities and costs. Topics include critical path method scheduling, progress monitoring, cost control and cash flow.

COR—Correctional and Juvenile Justice Studies
Dr. Kevin Minor, Chair

100 Orientation to Correctional and Juvenile Justice Studies. (2) A. Corequisite: REC 190 or departmental approval. Focuses on departmental goals and objectives, curriculum, student-faculty relationships, career options, and the development of competencies needed for success in college and professional environments.

106 Workshop: _____ . (1-6) A. The workshop is designed primarily for in-service personnel and will focus on current problems, issues and strategies in providing effective services. May be retaken for a maximum of six hours provided the subject matter differs.

201 Introduction to Corrections and Juvenile Justice. (3) A. An introduction to the concepts, history, processes, and issues in corrections and juvenile justice within the social and legal contexts that these systems function.

301 Institutional Corrections. (3) A. Prerequisite: COR 201 or departmental approval. Surveys history and current status of jails and various types of adult prisons with emphasis on punishment rationales, institutional programs and procedures, inmates' social structures, correctional officers, and contemporary issues.

310 Foundations of Correctional and Juvenile Justice Practice. (3) A. Provides a basis for informed responses to delinquency and crime. Examines the conceptual foundations of correctional and juvenile justice practice from a multidisciplinary standpoint and implications for the effectiveness of these practices.

311 The Juvenile Justice System. (3) A.

Examines the nature and extent of delinquency in the United States and the system response to juvenile crime. Particular attention is given to how police, courts, and correctional agencies respond to juvenile offenders, and the effectiveness of these responses.

315 Legal and Ethical Issues in Corrections and Juvenile Justice. (3) A Prerequisite: COR 201 or departmental approval. An overview of legal issues and court decisions related to corrections and juvenile justice. An analysis of the various ethical issues surrounding corrections and juvenile justice contexts and practices.

320 Youth Work Practice. (3) A. Prerequisite: departmental approval. This course has a workshop format and focuses on current problems, issues and strategies in providing effective services to juveniles. May be retaken for a maximum of twelve hours provided subject matter differs.

321 Juvenile Corrections. (3) A. Examines the extent to which juvenile correctional interventions are used. Provides an in-depth analysis of various correctional responses to juvenile offenders including diversion, community-based, and residential programs.

330 Community Corrections. (3) A. Prerequisite: COR 201 or departmental approval. Surveys history and current status of community correctional programs, including diversion, probation, parole, and other community programs for juvenile and adult offenders, with emphasis on programmatic philosophies, operations, effectiveness, and other related issues.

340 Correctional and Juvenile Justice Administration. (3) A. Prerequisite: COR 201 or departmental approval. Application of management concepts to corrections with emphasis on organizational structure, planning, decision making, and directing.

349 Cooperative Study in Corrections and Juvenile Justice. (1-6) A. Prerequisite: COR 201, 30 hours of college coursework, and departmental approval. Work, under faculty and field supervisors, in placements related to academic studies. One to six hours credit is available. Total hours: three, associate; six, baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

350 Correctional Intervention Strategies. (3) A. Prerequisite: COR 201 or departmental approval. An in-depth examination of the treatment role of the correctional worker in juvenile and adult settings. Includes an historical and theoretical review with particular emphasis on contemporary approaches to treatment. Both institutional and community-based efforts are discussed.

375 Applied Skills Practicum. (1-3) A. Prerequisite: COR 201 and departmental approval. Designed primarily for in-service personnel and others where COR 349 is inappropriate, this course provides the student with opportunity to integrate academic knowledge with a field experience.

388 Criminal Justice Research. (3) A. Prerequisite: CRJ 101 or COR 201 or departmental approval. Overview of the research process, with emphasis on finding, using, and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice.

400 Applied Criminal Justice Analysis. (3) A. Prerequisite: COR/CRJ 388. Analytical and statistical concepts and procedures relevant to crime and criminal justice data. Includes quantitative and qualitative techniques. Credit will not be awarded to students who have credit for CRJ 400 or ECO 220 or HEA 450 or PSY 291 or QMB 200 or STA 215 or STA 270.

423 Topical Seminar: _____. (1-3) A. Prerequisite: COR 201 or departmental approval. Intensive study of selected topics related to corrections and juvenile justice. May be retaken to a maximum of six hours on different topics.

460 Independent Study. (1-6) A. Prerequisite: COR 201 and departmental approval. Individual study and/or research on a problem pertaining to corrections and/or juvenile justice. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

470 Delinquency and Crime Prevention. (3) A. Explores various strategies for prevention of adult and juvenile crime with particular attention to the theoretical and empirical bases for these approaches. Students will develop a crime prevention plan.

475 Applied Research Practicum. (3) A. Prerequisites: departmental approval. Policy-relevant research designed to broaden program evaluation experience through assignments in evaluation planning, research design, data interpretation/analysis, and translation of findings to policy. Activities conducted in classroom, computer laboratory, and in the field. May be retaken for 6 hours in program.

490 Senior Seminar. (3) A. Prerequisites: senior standing and 30 hours of COR coursework including COR 388 and COR 400, or departmental approval. Capstone course involving development of a senior level research paper on a corrections or juvenile justice topic grounded in relevant literature. Emphasis on integration of knowledge acquired in previous courses.

CRJ—Criminal Justice
Dr. Carole Garrison, Chair

101 Introduction to Criminal Justice. (3) A. Formerly COR 101 and PAD 101. A general overview of the criminal justice system including a description of the major agencies: police, prosecution, courts, and corrections, and an analysis of their interdependence in the criminal justice process.

301 Drugs, Crime and Society. (3) A. Formerly PAD 301. Prerequisite: CRJ 101 or departmental approval. An examination of drug trafficking, the connection between drug use and other types of crime, and a review of drug control policies, including the impact of the media and politics.

305 Family Violence. (3) A. Formerly COR 305. Prerequisite: CRJ 101 or departmental approval. Examination of the theoretical and empirical literature on violence against women, children, and elders. Addresses such issues as physical and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse.

312 Judicial Processes. (3) A. Formerly COR 312. Prerequisite: CRJ 101 or departmental approval. An in-depth study of law-making and the American judicial process. Includes a systematic and comprehensive analysis of American courts, their pivotal role in the criminal justice system, and the function and responsibilities of the key personnel within them.

313 Criminal Justice Ethics. (3) A. Prerequisite: CRJ 101 or departmental approval. Examines the moral, legal and normative obligations of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance.

315 Administration of Justice. (3) A. Prerequisite: CRJ 101 or departmental approval. Examines theories of organization and management as they relate to criminal justice practice. Organizational life, leadership personnel management, bureaucracy, resource management, and other critical administration issues are addressed.

325 White Collar Crime. (3) A. Formerly PAD 325. Prerequisite: CRJ 101 or departmental approval. A review and analysis of the upper world crimes of business and government committed in the course of legitimate occupations and financial activities.

331 Perspectives on Crime and Delinquency. (3) A. Formerly PAD 331. Prerequisite: CRJ 101 or departmental approval. Overview of crime and its control. Examines law making, law breaking, and the

social response from theoretical perspectives including social, economic, cultural, symbolic, psychological and biological. Includes historical and contemporary developments.

345 Diversity and Criminal Justice. (3) A. Formerly COR 345 and PAD 345. Prerequisite: departmental approval. Contemporary race, gender, and other diversity issues and their relevance to criminal offenders, crime victims, and the criminal justice system. Includes such issues as the civil rights and women's movements, and equal opportunity.

350 International and Comparative Criminal Justice Systems. (3) A. Formerly PAD 350. Prerequisite: CRJ 101 or departmental approval. A survey of selected world criminal justice systems including police, courts, and corrections. Cross-national and cross-cultural criminality from several perspectives will be examined.

388 Criminal Justice Research. (3) A. Formerly COR 388 and PAD 300. Prerequisite: CRJ 101 or COR 201 or departmental approval. Overview of the research process, with emphasis on finding, using, and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for COR 388.

400 Applied Criminal Justice Analysis. (3) A. Formerly COR 308 and PAD 400. Prerequisite: CRJ 388 or equivalent. Analytical and statistical concepts and procedures relevant to crime and criminal justice data. Includes quantitative and qualitative techniques.

401 Organized Crime. (3) A. Formerly PAD 401. Prerequisite: CRJ 101 or departmental approval. History, scope, and methods of control of organized crime. Emphasis on local, regional, national and international control of organized crime. Cultural and social implications of the presence of organized crime are examined in depth.

406 Critical Issues in Criminal Justice. (3) I, II. Formerly PAD 406. Prerequisite: CRJ 101 or departmental approval. Examination of the criminal justice system and process with an emphasis on problems and trends. This course provides an analytical overview of justice and its response to the needs of society.

423 Topical Seminar: _____. (3) A. Prerequisite: departmental approval. Intensive study of selected topics related to criminal justice. May be retaken for a maximum of six hours on different topics.

424 Field Experience. (1-6) A. Prerequisite: Departmental approval. Designed to broaden the educational experience through appropriate observational work assignments. (Intended for pre-service students in non-sworn positions.) Maximum of six hours.

460 Independent Study. (1-3) A. Prerequisite: Departmental approval. Individual study and/or research on a problem pertaining to criminal justice. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken for a maximum of six hours.

490 Senior Seminar. (3) A. Prerequisite: Senior standing and completion of CRJ 331, CRJ 388 and at least 21 hours of CRJ coursework or departmental approval. Capstone course consisting of development and production of a senior level research paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses.

540 Special Problems in Criminal Law. (3) A. Prerequisite: CRJ 101 or departmental approval. Advanced study of criminal law and criminal procedure. Consideration of problems relating to the police role in the administration of criminal justice and judicial enforcement of limitations upon police practices.

CSC—Computer Science
Dr. Jaleh Rezaie, Chair

104 Computer Literacy with Software Applications. (3) I, II. A non-technical survey of computer history, hardware, and software. Implications of the use and misuse of computers. The effect of computers on society. Software applications such as word processors, spread sheets, databases, and graphics. Credit will not be awarded to students who have credit for CIS 212. 3 Lec (1 Lab when taught in large lecture sections.) Gen. Ed. 03 or 04.

105 Software Applications Topics: _____.
(1-3) A. Selected topics in software applications. Topics vary with offering. May be retaken with advisor approval to a maximum of nine hours provided the topics are different.

110 Introduction to the Internet. (1) I, II. Introduction to the Internet and the Internet processing tools. The course emphasizes the use of the World Wide Web as an information broadcasting and retrieval tool.

160 Introduction to Programming: (3).
 Prerequisite: Completion of all mathematics developmental requirements. Introduction to problem solving with computers and the Internet using an appropriate programming language. Basic concepts include data types, objects, control structures, functions, and input/output features. Gen. Ed. 03 or 04.

174 Introduction to FORTRAN. (3) I, II. Completion of all mathematics developmental requirements. Introductory programming in FORTRAN, input/output, decision, loops, arrays, subroutines, functions, files. Gen. Ed. 03 or 04.

177 Introduction to Visual Basic. (3) I, II. Completion of all mathematics developmental requirements. Introduction to programming in the event driven/graphical programming language Visual Basic. Topics include forms, common controls/objects, coding, procedures, file management and developing Windows applications. Gen. Ed. 03 or 04.

178 Programming in _____. (1-3) A. Completion of all mathematics developmental requirements. Programming in selected languages, with appropriate applications. May be retaken to a maximum of six hours, provided the languages are different.

190 Introduction to C++. (3) I, II.
 Prerequisite: CSC 160 with at least a "C" or departmental approval. Introduction to problem solving with computers using the object-oriented language C++. Basic concepts include data types, classes, control structures, functions, and input/output features. 2 Lec/2 Lab. Gen. Ed. 03 or 04.

191 Advanced Computer Programming—C++. (3) I, II. Prerequisite: CSC 190 with a minimum grade of "C". Pointers, structures, storage classes, overloading, inheritance, polymorphism, templates, file input/output, object-oriented analysis and design. 2 Lec/2 Lab.

195 Introduction to Discrete Structures. (3) I, II. Prerequisite: A grade of at least "C" in CSC 190; a grade of at least "C" in MAT 107 or equivalent. Topics to be covered include sets, relations, functions; logic; algorithm design/analysis, recursive algorithms, recurrence relations; mathematical induction; counting; probability.

200 Introduction to Computer Organization. (3) I, II. Prerequisite: CSC 191 with a minimum grade of "C-". Computer structure, assembly language, instruction execution, addressing, data representation, macro definition and generation, utility programs, programming techniques.

300 Introduction to Numerical Methods. (3) A. Prerequisites: MAT 224 or 224H; an approved programming language. Error analysis, nonlinear equations, interpolation, numerical differentiation and integration, ordinary differential equations, direct and interactive methods of solving linear systems, approximation.

302 Introduction to System Environments. (3) I, II. Prerequisite: CSC 191 with a minimum of

grade of "C-". Introduction to computer system environments, utilities, system programming, system administration, networking and operating systems.

305 Computers and Society. (3) A. Cross listed as POL 305 and SOC 305. The influence of computers on social and political processes. Software related to socio-political issues. Credit will not count toward major/minor requirements except for CSC teaching programs. Credit will not be awarded to students who have credit for POL 305 or SOC 305.

306 Ethics for the Computer Professional. (3) A. Prerequisite: CSC 191 with a minimum grade of "C-". Responsibilities of the computing professional, social implications of computing, privacy, crime and abuse, risk and liabilities, copyright, and patents.

310 Data Structures. (3) I, II. Prerequisites: CSC 191 and CSC 195 with a minimum grade of "C-." in both. The application and implementation of data structures including arrays, stacks, queues, linked lists, and trees. Internal searching and sorting techniques. The analysis of algorithms.

312 File Processing. (3) I, II. Prerequisites: CSC 310 with a minimum grade of "C-". File organization and file storage devices. Topics include external sorting, sequential file processing, hashing, B+ trees, and introduction to databases.

320 Introduction to Algorithms. (3) A.
 Prerequisites: CSC 310 with a minimum grade of "C" and MAT 124. Fundamental algorithms required in computer science; algorithm design/analysis methods, graph algorithms, probabilistic and parallel algorithms, and computational models.

330 System Environments & Networks. (3).
 Prerequisite: CSC 191 with a minimum grade of "C-." Introduction to computer system environments, utilities, system administration, and networking.

340 Ethics & Software Engineering. (3).
 Prerequisite: CSC 310 with a minimum grade of "C-." Responsibilities of software professionals, social implications of software such as privacy, crime and abuse, risk and liabilities, copyright, and patents, software project planning, software requirements analysis, software design, and software testing.

349 Cooperative Study: Computer Science. (1-8) I, II; (1-6) SUMMER ONLY. Prerequisite: Students must have successfully completed 30 semester hours of course work including six hours of Computer Science major courses. In addition, transfer students must have completed at least one semester of full-time course work at EKU. Work in placements related to academic studies. A maximum of three hours may be applied toward the Computer Science technology option degree only. Credit does not apply to general Computer Science major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit. Credit may only be awarded in the semester in which the work is completed.

350 Principles of Programming Languages. (3) I, II. Prerequisite: CSC 200, CSC 302, CSC 310 with a minimum grade of "C-." in all three courses. The principles used in the design and implementation of programming languages. Language descriptions, structural implementations, and specialized features of languages.

370 Computer Architecture. (3) A.
 Prerequisites: CSC 200 and EET 252. Information representation, Boolean algebra and combinatorial logic, memory and storage, elementary machines, addressing schemes, stack and parallel computers, overlap and pipeline processing, microprogramming, performance evaluation.

390 Advanced Programming Techniques with _____. (3) A. Prerequisite: CSC 312. Advanced programming with a selected programming language, with appropriate applications. May be taken to a maximum of six hours, provided the languages are different.

400 Operating Systems. (3) I, II.
 Prerequisites: CSC 302, 320 and 370. Overall structure of multiprogramming systems, details of

addressing techniques, memory-management, file system design and management, traffic control, interprocess communication, system module design, interfaces.

401 Network and System Programming. (3) A. Prerequisites: CSC 302, CSC 370 or EET 254. Technical programming in the UNIX and the Internet environments: shell scripts, TCP/IP, HTML, CGI, and JavaScript. Survey of Internet protocols.

425 Compiler Construction. (3) I, II.
 Prerequisites: CSC 320 and 350. Basic concepts of lexical analysis and syntax analysis. A programming team project will implement these concepts.

440 Applied Software Engineering. (3) A.
 Prerequisites: CSC 312 and 340 with a minimum grade of "C-" in each. Techniques and tools for software requirements, software design, software testing, and software project planning as a team project for majors in computer science.

460 Computer Network & System Administration. (3) A. Prerequisite: CSC 400 or 401 or CSC 310 and 330. Introduction to the subject of computer networks and layered protocols, architecture of data communication systems, point-to-point networks, local networks, end-to-end protocols and internet working, and server-side technology to create interactive web pages.

490 Seminar in _____. (1-3) A.
 Prerequisite: departmental approval. For advanced students in computer science. Subject announced when offered. May be retaken to a maximum of 12 hours, provided that the topics are different.

495 Independent Work. (1-3) I, II.
 Prerequisite: departmental approval. Directed study/research on a problem or area chosen in consultation with the instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

507 Seminar in Computer Science: _____. (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be retaken with advisor approval, provided the topics are different.

530 Concepts of Programming Systems. (3) A. Prerequisite: three hours of a programming language and department approval. The top-down design of algorithms, structured programming, control structures, subprograms, files and lists. Programs will be written in a high level language. Credit does not apply to students who have a six hour sequence of the programming language taught in this course.

535 Discrete Structure. (3) A. Prerequisites: MAT 107 or equivalent. Co-requisite: CSC 530. Logic, sets, functions, Boolean algebra, probability and their applications, number theory, recursion, math induction proofs with application of these topics to computer science.

540 Integrated DB Applications. (3).
 Prerequisite: CSC 310 with a minimum grade of "C-." Techniques and tools for creating an integrated database application. Topics include architecture of a client/server database, creation of named program units stored in the database and in the workstation file system, developer utilities and domain integrity.

545 Theory of Database Systems. (3) A.
 Prerequisites: CSC 312 or CSC 540. Models and principles of information systems. Database languages. The logical and physical design, and the implementation and use, of database management systems.

546 Artificial Intelligence. (3) A.
 Prerequisite: CSC 310 with a minimum grade of "C" or CSC 530. The use of programming languages to model concepts selected from artificial intelligence. The application of heuristics to problem solving. Perception and pattern recognition.

550 Graphics Programming. (3) A.
 Prerequisites: MAT 224 or 224H, 214; CSC 312 and 320. Drawing graphic primitives (lines, circles, etc.), filling and transforming graphic objects, clipping, representing curves (splines, fractals), representing 3D objects, projection, visible-surface detection, 3D transformations.

CTE-Career and Technical Education
Dr. William E. Davis, Chair

164 Orientation to Career and Technical Education. (3) A. Instruction to new technical teachers in areas of principles of instruction, lesson planning, oral instruction, instructional media, demonstrations, evaluation and follow-up. Satisfactory-unsatisfactory grading.

203 Career and Technical Education Staff Exchange. (2-9) A. For in-service vocational teachers enrolled in an approved staff exchange program designed to update technical skills and knowledge in an occupational setting. First week of exchange is equal to two semester hours of credit with one additional hour of credit for each additional week. Satisfactory-unsatisfactory grading.

204 Related Science, Mathematics, and Technology in Occupations I. (3) A. Offered only through written examination; applicant must be eligible for vocational teaching certificate.

205 Manipulative Skills in Occupations I. (3) A. Offered only through technical competence examination; applicant must be eligible for vocational/teaching certificate.

206 Related Knowledge: Occupations I. (3) A. Offered only through written examination; applicant must be eligible for vocational teaching certificate.

264 Instructional Materials for Career and Technical Education. (3) A. Selection and arrangement of teaching content; preparation of assignment, operation and information sheets; development of instructional techniques and general curriculum at appropriate levels of industrial education.

302 New Developments in Industry. (1-6) A. Concurrent enrollment in approved industry sponsored course. One hour credit for each week of enrollment (minimum of 20 class hours per week). Student required to present proof of completion and to develop a teaching unit on the new development. May be retaken provided the industry sponsored school is different. Graded on a satisfactory-unsatisfactory basis. Only in-service vocational education teachers may enroll.

304 Related Science, Mathematics, and Technology in Occupations II. (3) A. Offered only through written examination; applicant must be eligible for vocational teaching certificate.

305 Manipulative Skills in Occupations II. (3) A. Offered only through technical competence examination; applicant must be eligible for vocational/teaching certificate.

306 Related Knowledge: Occupations II. (3) A. Offered only through written examinations; applicant must be eligible for vocational teaching certificate.

363 Evaluation in Career and Technical Education. (3) A. Methods of evaluation, preparation of measuring devices; methods of assessing technical competency; interpretation of standardized test results; statistical analysis of test data and the improvement of instruction.

364 Methods in Career and Technical Education. (3) A. Presentation and application of instructional materials, methods, techniques, and devices relevant to teaching technical subjects.

463 Practicum in Career and Technical Education. (4-12) A. Observation, participation and supervised teaching in vocational and technical education. Includes experiences in lesson planning, classroom management, record keeping, development and use of instructional materials and directed teaching in approved centers. Students are graded on a satisfactory-unsatisfactory basis.

469 Seminar in Teaching Industrial Education. (4) A. A seminar in lieu of student teaching at the appropriate level, designed to provide additional certification for students who have completed four years of successful teaching experience.

504 Career and Technical Education Staff Exchange. (2-9) A. For in-service teachers enrolled in an approved staff exchange program designed to update technical skills and knowledge in an occupational setting. First week of exchange is equal to two semester hours of credit with one additional hour of credit for each additional week. May be retaken if occupational setting is different. Satisfactory-unsatisfactory grading.

DES—Design
TBA, Chair

121 The Interior Environment. (3) A. Formerly IDH 250. An orientation to the profession: relationship to allied fields, contemporary developments, professional organizations, career options and philosophical approaches. Introduction to the principles and elements of design, programming, space planning, and decorative ornamentation. Open only to non-Interior Design majors.

122 Graphic Communication in ID. (3) I. Emphasis on graphic communication as part of the design process for interior designers. Integration of drawing skills and color usage employed in graphic representational methods used to analyze and describe interiors and conceptual ideas. Studio.

126 Computers and Interior Design. (3) I. Focuses on instruction in CAD software (AutoCAD) with brief introductions to word processing, spreadsheet, database, presentation, and rendering software as well as an examination of the role of e-mail and the Internet in the profession of interior design. Studio.

222 Visual Studies in ID. (3) I. Prerequisites: ART 100, 152, 153; DES 122. A study of two and three-dimensional design theories including color theory and special organization focusing on their application to interior design. Communication of design problems solutions through practical and creative application of both graphic and model making techniques as part of the design process and solution.

225 Interior Materials. (3) A. An investigation of the interior finish materials and component systems used in the design profession; their properties, performances, application and installation techniques, presentation methods including sample boards, as well as the appropriate trade sources.

226 Concepts in Residential Design. (3) I. Prerequisite: DES 222. The study of the concepts and requirements in residential interior design. Programming, space planning, and study of functional and aesthetic aspects of residential environments will result in appropriate oral and visual presentations. Studio.

250 Design I: Intro to Graphic Design. (3) I. Prerequisites: ART 100 and 152. Formerly ART 250. Introduction to the field of professional graphic design, its conceptual and technical makeup. Discussion of varied approaches to graphic design and problem solving in several areas of specialization.

251 Software for Graphic Design I. (3) I. Prerequisite: ART 100, 152, 153; Co-requisite: DES 250. An in-depth introduction to image-editing and vector-based drawing software. A step-by-step approach to mastering basic computer skills as well as intermediate techniques. Demonstrates the ways these applications can be used in design, illustration, print and electronic presentations.

252 Software for Graphic Design II. (3) II. The integration of image-editing, drawing, and page layout software to produce complex graphic design solutions.

254 Typography. (3) II. Prerequisite: DES 250, 251; Co-requisite: DES 252. Formerly ART 254. A study of the design and use of letter forms as it relates to graphic design. Emphasis on practical and

aesthetic concerns, hierarchy of information, characteristics and specifications. Historical and contemporary issues will be discussed.

317 Interior Design Study Tour I. (1-3) A. Prerequisite: 30 hours in the Interior design major or approval. Formerly IDH 317. A tour planned for interior design students to observe the operation of establishments involved in production, sales, and/or display of items such as furniture and accessories. Special project required.

319 Seminar in Interior Design. (1-3) A. Formerly IDH 319. A study of technical information relevant to interior design. Course content to be determined by student interest and needs. May be retaken to a maximum of six hours provided the content is different.

322 Concepts in Contract Design. (3) I. Prerequisites: DES 226 and 330. Major GPA 2.5. Co-requisite: TEC 331. Programming, space planning, and the application of design elements and principles in small-scale contract design, resulting in appropriate oral and visual presentations. Studio meets for 3 hours twice a week.

325 Professional Practice in ID. (3) II. Co-requisite: DES 326. An examination of the profession of interior design including history, procedures, documents, organizations, trade resources, certification, management, and ethics.

326 Advanced Studio in ID. (3) II. Prerequisite: DES 322. Analysis, organization, advance programming, and large-scale commercial and residential environments, emphasizing special populations and institutional design, resulting in functional and aesthetic design solutions. Studio meets for 3 hours twice a week.

327 History of Interior Design I. (3) II. Prerequisite or Corequisite: ART 390 and 391. The study of the history and theory of architecture, interiors, and decorative arts from the Renaissance through the nineteenth century. An examination of the significance and application to current design problems.

328 History of Interior Design II. (3) I. Prerequisite: DES327. The study of the history and theory of architecture, interiors, and decorative arts from the nineteenth century through the present day. An examination of the significance and application to current design problems.

330 Structural & Interior Systems. (3) II. Prerequisite: CON 250. Introduction to lighting with an emphasis on theory, codes, and practical application/selection of lighting to enhance interior space. Integration of lighting issues that are essential and specific to the industry and profession of interior design.

332 Housing Alternatives for Elderly. (3) A. Formerly IDH 332. Examination of the housing options and alternatives for the elderly population resulting in an awareness of and responsiveness to the needs of the user.

350 Design II. (3) II. Prerequisite: DES 250. Formerly ART 350. Problem solving in the areas of packaging design, corporate design, advertising design, and illustration.

351 Design III. (3) I. Prerequisite: DES 250. Formerly ART 351. An in-depth study of visual imagery as a communicative and narrative medium using a wide range of both traditional and digital media in black and white and color.

353 Production for Graphic Design. (3) II. Prerequisite: DES 252, 254, and admission to BFA program. Formerly ART 451. Preparation of electronic files with regard to the reproduction of printed matter in both spot and four-color processes. Students will consider alternatives in the preparation of camera-ready art. The reproduction of typography, illustration, photography, and graphics will be discussed. The students will work on real life projects when applicable to bring an appreciation to the craft of the printed matter.

421 Supervised Field Experience. (6) II.

Prerequisites: open to Interior Design B.A. students only, DES 325 and 326, minimum 2.25 overall GPA, and 2.8 major GPA. Observation of an interior design firm's operation and program, with performance in assigned tasks under supervision. Students are placed with an architecture, interior design or design-related firm for a continuous full time ten-week experience during the summer between their junior and senior year.

422 Historic Preservation Studio. (3) I.

Prerequisites: DES 326 and 328. The study of historic preservation and restoration issues in interior design practice. Studio problems will include an examination of preservation philosophy and methodology. Research methodology, advanced programming and space planning in residential and contract design with studio experiences in both historic restoration and adaptive-use problems will result in appropriate oral and visual presentations. Studio will include an in-depth study of historic American architecture, interiors and decorative arts. Studio meets for 3 hours twice a week.

424 Issues in Interior Design. (3) A.

Prerequisite: junior standing or departmental approval. Formerly IDH 424. Individual and group investigation of current responsibilities and issues relevant to the field of interior design.

426 Studio VI: Senior Thesis. (3) II.

Prerequisites: DES 421, 422. Formerly IDH 426. Advanced studio experiences requiring students to design a comprehensive project summarizing elements, principles, and techniques of design. Students choose and develop a project through design research and programming. Studio meets for 3 hours twice a week.

452 Graphic Design and the Web. (3) I.

Prerequisites: DES 252 and admission to the BFA program. Formerly ART 452. Introduction to both the artistic and technical aspects of web site creation, including XHTML scripting, image creation using Adobe Photoshop, file formats for the Web, transferring files and more. A fundamental knowledge of Photoshop and Illustrator is required to enter this course.

453 Design IV - Systems Design. (3) I, II.

Prerequisite: DES 353. Formerly ART 453. A systematic approach to advanced graphic design. Focus on advanced graphic design using a series format. Both two and three dimensional concerns will be addressed.

454 BFA Graphic Design. (3) I, II.

Prerequisite: DES 453 and approval of BFA committee. Formerly ART 454. Corequisite: ART 499. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

517 Interior Design Study Tour II. (1-3) A.

Prerequisite: Interior Design major who has completed 90 hours or departmental approval. Formerly IDH 517. Tour of interior design resources, wholesale and retail showrooms. Study in museums, libraries, and interior design centers when possible. Special study projects.

ECO—Economics

Dr. John Wade, Chair

110 The Individual and the Economy. (3) A.

Prerequisite: MAT 095 or ACT math score of 18 or higher. An examination of the nature and role of individual decision making in the economy; the economic environment and the individual's decisions; public policies and the decisions of the individual. Credit will not be awarded to students who have credit for ECO 230 or 231. Gen. Ed. 12

120 Economics In a World Setting:

Principles. (3) I, II. Prerequisite: MAT 095 or ACT math score of 18 or higher. A general education economics course dealing with economic principles and theories in a world setting. Emphasis on understanding the role of the economic environment.

Does not count toward the economics major. Gen. Ed. 09. Students who have completed or are enrolled in ECO 230 or 231 will not receive credit for ECO 120.

130 Contemporary Economic Problems. (3)

I, II. Prerequisite: MAT 095 or ACT math score of 18 or higher. A general education economics course dealing with such contemporary economic problems as unemployment, inflation, national debt, energy, health, pollution, education, crime, and protectionism. Does not count toward the economics major. Gen. Ed. 12. Students who have completed or are enrolled in ECO 230 or 231 will not receive credit for ECO 130.

220 Statistical Methods for Economics I. (3)

I, II. Prerequisite: MAT 107. Business and economic applications of frequency distributions, measures of location, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have credit for CRJ 400 or EPY 842 or HEA 450 or PSY 301 or QMB 200 or STA 208 or STA 215 or STA 270.

230 Principles of Economics I. (3) I, II.

Prerequisite: MAT 095 or ACT math score of 18 or higher. Microeconomic principles, including the study of opportunity cost, consumer and producer choices, market demand and supply, pricing and resource allocation, comparative advantage and international trade. Gen. Ed. 09.

231 Principles of Economics II. (3) I, II.

Prerequisite: MAT 095 or ACT math score of 18 or higher. Macroeconomic principles, including the study of measures of national economic performance, determinants of aggregate production, employment and prices, monetary and fiscal policy, balance of payments, economic growth and development. Gen. Ed. 12.

300 Managerial Economics. (3) I, II.

Prerequisite: ECO 230. Economic concepts that are directly applicable to business decision making including cost and production, profits, demand and pricing, capital budgeting and investment, and forecasting.

314 Sports Economics. (3) A.

Prerequisite: ECO 230 or departmental approval. Economics applied to sports. Topics include collusive versus competitive behavior, pricing strategies, government subsidies of sports ventures and venues and sports labor markets.

315 Economic Policy Analysis. (3) A.

Prerequisite: ECO 230. Foundations and rationale for economic policy, including market failure and income inequality. Objectives, evaluation and analysis of selected policies in areas such as international trade, environment, education, health care, welfare, social security, and economic development.

320 Statistical Methods for Economics II.

(3) I. Prerequisite: ECO 220, STA 270, QMB 200 or departmental approval. Cross listed as STAT 320. Business and economic applications of sampling, probability, time series analysis, index numbers, simple linear regression, correlation, the chi-square, analysis of variance, multiple regression and correlation, and non-parametric statistics. Credit will not be awarded to students who have credit for ECO 848 or EPY 843 or QMB 300 or STA 320 or STA 500.

324 Money and Banking. (3) I, II.

Prerequisite: ECO 231. Functions of money, monetary systems, history of banking, functions of the commercial bank, bank assets and reserves, loans and discounts, bank supervision, the Federal Reserve System, central banking policies, monetary and fiscal policies.

330 Intermediate Microeconomics. (3) I.

Formerly ECO 351. Prerequisite: ECO 230. Analysis of consumer and producer behavior, market equilibrium, pricing and resource allocation under alternative market structures, risk aversion and information.

331 Intermediate Macroeconomics. (3) II.

Formerly ECO 350. Prerequisite: ECO 231. Analysis of aggregate economic activity; consumption, investment, employment, output, money and prices, exports and imports; stabilization policy.

333 Human Resource Economics. (3) A.

Prerequisites: ECO 230. Economics of human resource markets, including the demand for and supply of labor, human capital formation, household production, unions, discrimination, unemployment, and associated public policy issues.

340 Environmental Economics. (3) A.

Prerequisite: ECO 230. Applications of basic economic analysis to a study of the environment and environmental problems. Major topics include benefit-cost analysis for environmental decision making, the potential for market-based solutions to environmental problems, and the role and development of environmental policy.

345 Topics in Economics: _____. (1-3) A.

Prerequisite: to be announced. Selected topics for study. Variable topics across semesters. May be retaken to a maximum of six hours, provided the subject matter differs each time.

349 Cooperative Study in Economics. (1-3)

A. Prerequisite: minimum GPA 2.25. Co-curricular work experience under faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit hour. May not count towards major.

365 Public Finance. (3) A.

Prerequisite: ECO 230. Economics of the public sector, including the scope of and rationale for government, public goods and externalities, voting schemes and public choice, taxes and subsidies, and transfer payments.

370 Health Care Economics. (3) I.

Prerequisite: ECO 230 or departmental approval. Introduction to health economics, including the study of the demand for and production of medical care, health care planning, regulation, finance and evaluation.

394 International Economics. (3) I.

Prerequisites: three hours ECO. An introduction to international trade and investment theory emphasizing international business, international trade theory, trade and investment patterns, payments system, balance of payments, international companies, and international issues.

395 Economics of Developing Countries (3)

A. Prerequisite: three hours ECO. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty, strategies for growth; study of selected countries.

410 History of Economic Thought. (3) A.

Prerequisites: three hours of ECO. The history of economic ideas from Adam Smith through J. M. Keynes.

415 American Economic History. 3 (A).

Prerequisite: 3 hours of HIS or departmental approval. Cross-listed with HIS 415. Factors spurring and hindering American growth and development from the colonial period through the present.

420 Econometrics. (3) II.

Prerequisites: ECO 320 or departmental approval. Use of economic theory and statistics in the formulation, estimation, and testing of economic models. Applications in the analysis of consumer and producer behavior, markets, and macroeconomic relations.

430 Mathematical Economics. (3) A.

Prerequisites: three hours of ECO and MAT 124, 211, or 261. Mathematical formulations of economic theories. Models of the consumer, the firm, markets, economic growth, and business cycles.

490 Senior Seminar in Economics. (3) A.

Prerequisite: ECO 330, 331, and senior standing, or departmental approval. Reading, analysis and discussion of selected economics topics. Preparation of student research paper.

492 Business Cycles. (3) A.

Prerequisite: ECO 231. Growth, instability, inflation, business cycle theories, spending and saving decisions, government expenditures and tax patterns, prices, output, and employment, historical cyclical patterns, economic forecasting.

560 Special Problems in Economics. (1-4) A.

Prerequisite: advisor/departmental approval. Independent work, special workshop, special topics or seminar. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

580 Natural Resource and Environmental Economics. (3) A. Prerequisite: ECO 230 or departmental approval. Economic tools used in the allocation of natural resources including: policy proposal criteria, resource allocation, conservation, the state's role, benefit-cost analysis, and environmental impact assessment.

590 Regional Economics. (3) A.

Prerequisites: three hours of ECO. Analysis of patterns of regional growth and development. Use of economic models for regional forecasting and policy evaluation; the problems of marginal areas in developed economies.

EDF—Educational Studies

Dr. Michael A. Martin, Chair

103 Introduction to Education. (1) I, II.

An exploration of the professional qualities and expectations of a teacher/educator. Roles, responsibilities and challenges in the field of education will be reviewed. Eight hours of field experiences in schools are required. For pre-education and non-education majors.

203 Schooling and Society. (3) I, II.

Prerequisite: Score accepted by the Kentucky Education Professional Standards Board on one of the approved tests: ACT, PPST, SAT, GRE. Prerequisite or Corequisite: Satisfactory grade in EDF 103 or enrolled in EDF 103. An introduction to social and cultural influences on schools, the purposes of schooling, the governance, financing, and administration of schools, and the role of the individual as an educator. 12 hours of field experience required.

310 Transition to Education. (1-3) I, II.

Transition to professional education at EKU. Required of students who have an equivalent transfer course for EDF 203.

319 Human Development and Learning. (3) I, II.

Prerequisite: Satisfactory grade in EDF 103; EDF 203 with grade of "C" or higher and a score accepted by the Kentucky Education Professional Standards Board on one of the approved tests: ACT; PPST; SAT; GRE. The study of theories and principles of human development and learning as applied to the classroom. Fifteen hours of field laboratory experiences. Credit not awarded to students with credit for EDF 320.

320 Human Development and Learning for Vocational Education. (3) I, II. The study of theories and principles of human development and learning as applied within vocational-industrial technical education classrooms. Credit not awarded to students with credit for EDF 319.

413 Assessment in Education. (3) I, II.

Prerequisite: Admission to Teacher Education. Principles and procedures in assessing and evaluating pupil growth in skills, attitudes, aptitudes, and understandings. Assessment construction, analysis, item analysis. Marking systems, and authentic assessment systems will be addressed.

EDO—Education Orientation

Dr. Mark Wasicsko, Dean

100 Academic Orientation. (1) I.

Designed to orient the student to university academic life and afford background for career choice and preparation. Included are University regulations and calendar, catalog details, registration and preregistration, various career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

EET—Electricity and Electronics Technology

Dr. William E. Davis, Chair

251 Electricity and Electronics. (3) I, II.

Principles of basic electricity and AC-DC circuit analysis. Emphasis on electrical and electronic circuits and applications. This is a mathematically-oriented course. 2 Lec/2 Lab.

252 Digital Circuits. (3) I, II.

Prerequisite: Grade of at least "C" in MAT 090 or equivalent. A survey of digital and microprocessor fundamentals and applications. Gates, counters, decoders, displays, converters, microprocessors, memory systems, I/O devices, and microcomputer systems are covered in a combination of lecture, demonstration, and laboratory. 2 Lec/2 Lab.

253 Microprocessor Systems. (3) I, II.

Prerequisite/Corequisite: EET 252. The operation and application of the microprocessor in desktop and process control systems. Data, address, and control signals; memory expansion; digital and analog input and output ports; power control interface; and data communications are covered in the laboratory. 2 Lec/2 Lab.

254 Machine Language for

Microcontrollers. (3) A. Prerequisite/Co-Req: EET 252. Machine language programming for ROM based microprocessor based industrial controllers. Emphasis on software manipulation of I/O control devices in real-time, interrupt driven, process control environments. 2 Lec/2 Lab.

257 Electronic Circuits and Devices. (3) II.

Prerequisite: EET 251. A technical analysis of the characteristics of solid state devices and the common circuits that utilize these devices. Emphasis on problem solving supplemented by laboratory analysis of electronic circuits and devices. 2 Lec/2 Lab.

302 PC Selection & Troubleshooting. (3) A.

This course covers the operation and troubleshooting of microprocessors, system memory, computer architecture, video types, hard drives, mice, and printers as they relate to the running of current application programs. 2 Lec/2 Lab.

303 LANs & PC Communications. (3) A.

This course provides the participant with basic information on installing, troubleshooting and using microcomputer communication and local area network hardware and software. 2 Lec/2 Lab.

305 Linear Electronic Circuits. (3) A.

Prerequisite: EET 257. An analysis of electronic control circuits and devices to include both linear and nonlinear amplifiers. 2 Lec/2 Lab.

350 Industrial Electronics I. (3) I.

Prerequisite: EET 257. Principles of timing, power control circuitry, transducers, and programmable controllers in commercial and industrial applications. 2 Lec/2 Lab.

351 Programmable Logic Controllers. (3) I, II.

Prerequisite: EET 251. The study of programmable logic controllers (PLCs). PLC functioning theory, selection, wiring, and programming. 2 Lec/2 Lab.

352 Electrical Power Technology. (3) A.

Prerequisite: EET 251. The production, distribution, measurement, and control of electrical power systems; single phase and three-phase systems, transformers, electrical machinery, and lighting systems. 2 Lec/2 Lab.

354 Microcomputer Security. (3) I.

Prerequisite: EET 303. System considerations involved in implementing memory and input/output maps, clock and reset circuits, bus controllers, and disk drive controllers. The course includes testing and configuring security on PCs. 2 Lec/2 Lab.

355 Electronic Control Systems. (3) II.

Prerequisite: EET 351. A structured independent research course which serves as a "capstone" experience for Computer Electronics Technology. Research and analysis involves electronic/computer technology, equipment control and control system application.

356 Communication Electronics. (3) II.

Prerequisites: EET 252 and 257. A survey of digital

and analog communication systems with an emphasis on digital communications. Digital, RS-232, Pulse, Microcomputer, LANs, AM, FM, TV, fiber optic, and microwave communications are covered in a combination of lecture, demonstration, and laboratory. 2 Lec/2 Lab.

403 Advanced LANs and PC

Communication. (3) II. Prerequisites: EET 303. This course will cover installation, configuration, troubleshooting and maintaining server set up. The participants will be given the opportunity to setup and run server operating systems with Ethernet hardware. 2 Lec/2 Lab.

406 Networking Logic Controllers. (3) A.

Prerequisites: EET 351. The course will cover advance programmable logic controller (PLC) functions that relate to file transfer and file manipulation. The course also will cover topics related to different methods of connections use networks to connect the PLCs in industrial and process control systems. 2 Lec/2 Lab.

440 Fiberoptic Communication. (3) I.

Prerequisites: EET 257. This course will cover the basic concepts of laser and fiberoptic media and principles. Participants will be involved in activities utilizing fiberoptic cables to connect computers in network systems. 2 Lec/2 Lab.

452 Digital Electric Drives. (3) II.

Prerequisites: EET 251 and EET 352. The course will cover analysis, installation, and maintenance of digital power conditioning drive. The participants will study the AC-AC, DC-DC, AC-DC, and DC-AC drives. 2 Lec/2 Lab.

EET 455 Electronic Control Systems II. (3) II.

Prerequisite: EET 403. A structured independent research course which serves as a (capstone) experience for Computer Electronic Networking Technology. Research and analysis involves electronic/computer technology, equipment control, and control system application.

EHS—Environmental Health Science

Dr. Darryl Barnett, Chair

225 African/African-American Hlth Issues.

(3) I. Provides the student with an understanding of the medical and public health issues relevant to the maintenance of health conditions both in the United States and Africa.

230 EHS Diseases and Hazards of Leisure.

(3) II. Provides the student with an understanding of the biological, chemical and physical threats to health and life from the recreational, amusement, travel and tourist environments.

280 Introduction to Environmental Health

Science. (3) A. Elements of environmental health, including water and waste treatment, air pollution, food sanitation, vector control, solid waste disposal, and general sanitation problems.

285 EHS Professional Standards. (1) A.

Provides the student with the personal and professional tools to succeed as an environmental health professional. Information related to required professional certifications, ethical demands, and professional standards and practices will be provided.

290 Seminar in Environmental Health. (2)

II. A. Prerequisite: instructor approval. Discussion and analysis of literature related to selected current environmental health problems.

300 Water Supplies and Waste Disposal. (4)

I, II. Prerequisite: EHS 280. Corequisite: BIO 320. Drinking water safety in both individual private systems and larger public systems. Maintenance of raw water quality. Water purification, delivery systems, and surveillance. Techniques for collection, treatment, and disposal of sewerage.

330 Environmental Control of Disease

Vectors. (3) II. Prerequisite: BIO 141. The identification and control of arthropods, arachnids, rodents, and other vectors of disease. Safe use of pesticides will also be discussed.

335 Hazardous and Solid Waste Management. (3) II. Prerequisites: CHE 111 and EHS 280; or instructor approval. Nature of toxic and hazardous wastes and methods for their disposal to protect health and the environment and to prevent contamination of groundwater. The environmental health and safety aspects of solid waste collection, treatment and disposal, and regulations governing waste management are also covered.

340 Industrial Hygiene. (3) I, II. Prerequisites: BIO 141, CHE 111, and EHS 280; or instructor approval. The impact of the workplace on safety and health, and methods for avoiding work-related illnesses. Emphasis will be on the evaluation and the control of the work environment to protect worker health.

345 Advanced Industrial Hygiene. (3) II. Prerequisite: EHS 340 or instructor approval. In-depth discussion of the chemical and physical hazards of the workplace and their evaluation and to provide hands-on experience in industrial hygiene sampling and analysis.

349 Cooperative-Environmental Health Science. (1-6) I, II, A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

355 CBR Terrorism & Env. Health. (3) II. This course will provide students with environmental health principles required to protect individuals and communities in times of war, general emergencies and disaster, both natural and human, due to chemical, biological and radioactive threats.

360 Air Pollution and Health. (4) A. Prerequisites: CHE 112 and EHS 280; or instructor approval. Health effects of air pollution, including a discussion of the primary sources of airborne pollutants, their transport and transformation, the control of air pollution, state and national standards.

370 Risk Assessment and Environmental Epidemiology. (3) I, II. Prerequisites: EHS 280 and HEA 450; or instructor approval. The use of data to define the health effects of exposed individuals or populations to hazardous materials and situations.

380 Food Hygiene. (3) I, II. Prerequisites: BIO 320, and EHS 280; or instructor approval. A study of the health effects of food and milkborn disease, including a discussion of milk and foods as vehicles of infection, essentials of milk and food quality, standards for dairy, milk, and food service equipment.

390 EHS Special Problems in Environmental Health. (1-4) A. Prerequisite: departmental approval. For independent work, or special workshops, or special topics as they relate to environmental health issues and problems. May be retaken for maximum of four hours.

395 Environmental Problem Analysis. (3) A. Prerequisites: EHS 335, 340, and MAT 107 or 109; or instructor approval. Application of the student's knowledge gained from technical course work to analyze environmental problems. Emphasis is on logically solving environmental health issues that the student can expect when working in the field.

410 Radiological Health. (3) I. Prerequisites: EHS 280, MAT 107, and PHY 131. Corequisite: PHY 131. A discussion of the health effects from ionizing radiation, including radiation sources, detection, measurement, control, and safety devices.

425 Environmental Health Program Planning. (3) A. Prerequisites: EHS 280, 300, and 335. Administration, planning, implementation, and evaluation of environmental health programs. Discussion of resources and promotional techniques, and the role of the environmental health specialist dealing with community, state, and regional agencies.

440 Environmental and Industrial Toxicology. (3) II. Prerequisites: CHE 112 and EHS 280; or instructor approval. Health effects and nature

of toxic substances with discussion of dose-response relationships, latency, target organs, and potential exposures in the environment.

460 Housing and Institutional Environments. (3) A. Prerequisites: EHS 280; or instructor approval. Discusses the requirements for healthful housing means of attaining and maintaining these requirements. Reviews environmental health concerns relating to day-care centers, schools, hospitals, nursing homes, and prisons. Describes surveillance, evaluative, and corrective methods.

463 Field Experience in Environmental Health. (6) A. Prerequisites: EHS 300, 335, 380, and departmental approval. Supervised and directed field experience in local, state, regional environmental health agencies, or with appropriate industries. Eight to twelve weeks full-time required depending on work place.

485 EHS Professional Practice Seminar. (1) A. Prerequisite: 90 hours. Provides the graduating student a certification and licensure review for their required state and national exams. The student will also be taught how to develop professional success strategies and long range career plans.

498 Independent Study in Environmental Health. (1-3) A. Prerequisite: Student must have the independent study proposal form approved by faculty supervisor and department coordinator prior to enrollment. Opportunity for individual work on an environmental health research problem in a supervised situation.

ELE—Elementary Education
Dr. Michael A. Martin, Chair

322 Physical Education in the Elementary School. (2) I, II. The study of the role of movement for the elementary school child; philosophy, principles, purposes, and programs of elementary physical education. Educational dance, educational gymnastics, and educational games are emphasized.

361 Art in the Elementary Grades P-5. (3) I, II. Fundamental concepts of art education and those found in KERA. Exploration of art materials, processes, and activities for children in the elementary grades including those with special needs. Ten field/clinical hours.

362 Music Education for the Classroom Teacher. (3) I, II. Study and appraisal of teaching techniques, music literature, learning activities, curricular plans, and materials essential to the sequential development of musical learning in the elementary school. Ten field/clinical hours.

365 Health Education P-5. (2) I, II. A study of curriculum design, teaching/learning strategies, resources, and evaluation procedures in elementary school health education. Topics include drugs, mental health, family living, nutrition, fitness, consumerism, environment, disease, and personal health. Ten field/clinical hours.

445 Foundations of Reading/Language Arts. (3) I, II. Cross listed as EMG 445. Prerequisites: Junior standing and 2.5 GPA. An overview of reading/language arts components P-5, teacher competencies, organization and planning for instruction. Twenty field/clinical hours.

446 Reading and Language Arts P-5. (3) I, II. Prerequisites: minimal grade of "C" in ELE 445 and admission to professional education. Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results. Twenty field/clinical hours.

490 Classroom Management in the Elementary Grades P-5. (3) I, II. Prerequisite: admission to teacher education. Critical examination of effective classroom management in grades P-5. Emphasis on theories, strategies, and applications through study, discussion, observation, and participation. Twenty field/clinical hours.

491 Mathematics in Elementary Grades P-5. (3) I, II. Prerequisites: admission to teacher education

and minimal grade of "C" in MAT 202. Methods and materials of teaching P-5 mathematics; emphasis on discovering and developing fundamental concepts as a foundation for problem solving. Twenty field/clinical hours.

492 Science in the Elementary Grades P-5. (3) I, II. Prerequisite: admission to teacher education. Modern materials and methods for teaching science in primary through grade five. Five discussion-laboratory hours per week. Twenty field/clinical hours.

493 Social Studies in Elementary Grades P-5. (3) I, II. Prerequisite: admission to teacher education. Theory, content, and practice of teaching Social Studies in grades P-5. Twenty field/clinical hours.

499 Supervised Student Teaching in Primary Through Fifth Grade. (6-12) I, II. Prerequisites: methods courses and area of specialization. Observation, participation, responsible classroom teaching, and related professional activities including students from two non-consecutive levels in the P-5 range.

507 Problems in Elementary Education. (1-3) A. Prerequisite: advisor/departmental approval. Independent work, special workshops, special topics, or seminar.

519 Teaching in the Kindergarten. (3) I, II. Focuses upon the kindergarten movement, organization, equipment, curriculum, and procedures; leaders and literature of kindergarten education. Opportunity for observing and participating in kindergarten.

541 Survey of Elementary Curriculum Programs. (3) I, II. For selected majors seeking twelve-grade certification. Explores elementary curriculum, the role of special teachers, problems of individual learners, functions of the entire school-community. Not open to elementary education majors.

EMC—Emergency Medical Care
Nancye Davis, Coordinator

100 Basics of Prehospital Medication Administration. (1) I, II. Presentation of basic principles of prehospital emergency pharmacological administration, fundamentals of relationships between units of measure. Typical emergency medicine dosages practices.

102 First Response Emergency Care. (3) I, II, A. Initial emergency medical care techniques adhere to U.S. Department of Transportation curriculum for First Responder. Cardiopulmonary resuscitation (CPR) required for course completion. Credit will not be awarded to students who have credit for HEA 202 or HEA 203. 2 Lec/2 Lab.

104 Healthcare Basic Life Support. (1) I, II, A. Basic cardiac life support skills for healthcare student or professional in accord with peer-reviewed American Heart Association (AHA) scientific guidelines. Course completion documentation when AHA requirements met. Maximum 6 enrollments for renewal. 0.25 Lec/0.75 Lab.

110 Introduction to Emergency Medical Care. (6) I, II, A. Prehospital basic life support concepts, skills, and field clinical experience for entry level Emergency Medical Technician-Basic adhering to national and state curricula. Meets eligibility requirements for state certification and national registration examinations. 3 Lec/6 Lab.

115 Basic Clinical/Field Experience. (2) I, II, A. Prerequisite: EMC 110. Minimum of 64 hours supervised hospital emergency department and prehospital emergency care ambulance clinical experience. Preceptor evaluates basic life support knowledge and skills.

130 Human Systems for Assessment. (3) A. Overview of human body and its systems as applied to rapid patient assessment and problem identification. Limited to certified paramedic students only.

200 Introduction To Prehospital Advanced Life Support. (2) II, A. Role and responsibilities of EMT-Paramedic, components of EMS systems, medical/legal considerations, and communications in advanced and basic life support settings.

205 Prehospital Management of OB/GYN Emergencies. (1) I, A. Pathophysiology and advanced level prehospital management of antepartum, parturition, postpartum, and gynecological emergencies. Assessment, care, and transportation of the neonate.

212 Crash Victim Auto Extrication. (1) I, A. Prerequisite or Corequisite: EMC 110 or departmental approval. Survey of vehicle extrication procedures for emergency medical personnel. Adheres to U.S. Department of Transportation content and objectives. 1 Lec/1 Lab.

215 Prehospital Management of Behavioral Emergencies. (1) I, A. Concepts and management of emotional and psychological emergencies applied to prehospital crisis intervention.

225 Introduction to Pharmacology. (3) I, II, A. Introduction to classification, nature, and uses of medications. Pharmacological agents utilized in prehospital health care setting emphasized.

240 Introduction to Electrocardiography. (3) I, II, A. Cardiac anatomy, physiology, and electrophysiology related to ECG. Proficient ECG interpretation skills emphasized.

270 EMT-P: Theory/Practicum I. (6) A. Formerly EMC 302. Prerequisites: EMC 130 and departmental approval. Introduction to prehospital advanced life support delivery systems, medical-legal implications, and prehospital environment. Preparatory theoretical foundation with advanced life support skills progressing to application in hospital clinical settings. Pathophysiology and management of respiratory medical emergencies.

275 EMT-P: Theory/Practicum II. (6) A. Formerly EMC 304. Prerequisite: EMC 270. Continued patient skills development through hospital assignments with emphasis on emergent medical etiologies involving cardiovascular, endocrine, CNS, gastrointestinal, anaphylaxis, toxicology, infectious diseases, environmental exposure, and obstetrics. Emergencies of special populations include gerontology and pediatrics.

280 EMT-P: Theory/Practicum III. (6) A. Formerly EMC 306. Prerequisite: EMC 275. Corequisite: EMC 310. Theory and hospital clinical focus on management of mass casualty including vehicular extrication techniques. Final synthesis of theory and practice through minimum of 500 hours field internship with ALS ambulance as assigned by the department.

310 Advanced Cardiac Life Support. (1) A. Prerequisites: EMC 240, EMC 225, and 335; or departmental approval. Management of cardiac resuscitation adhering to cognitive and performance standards of the American Heart Association. AHA ACLS Provider evidence of course completion available. 1 Lec/1 Lab.

315 Pediatric Advance Life Support. (1) A. Assessment, recognition, and intervention for infant or child with cardiopulmonary arrest or shock. Adheres to American Heart Association and Academy of Pediatrics cognitive and performance standards. AHA PALS Provider evidence of course completion available.

320 Advanced Life Support: Trauma. (3) II, A. Prerequisites: EMC 240, BIO 171, 301, EMC 115, and 200; or departmental approval. Prehospital management of complex patients with multiple systems failure secondary to trauma related pathologies.

335 Advanced Life Support: Medical Emergencies I. (3) I, A. Prerequisites: EMC 240, BIO 171, 301, EMC 115, 225, and department approval. Pathophysiology and advanced level prehospital management of emergencies of the respiratory, cardiovascular, endocrine, nervous, gastrointestinal, genitourinary, and reproductive systems.

340 Advanced Life Support: Medical Emergencies II. (3) II, A. Prerequisite: EMC 335. Pathophysiology and advanced level prehospital management of emergencies involving anaphylaxis, toxicology, alcoholism, drug abuse, infectious diseases, environmental hazards, and pediatric and geriatric patients.

342 Advanced Clinical I. (3) I, A. Corequisite: EMC 335. Integration of basic and advanced life support concepts and psychomotor skills in patient care situations developed through supervised assignments in various hospital settings.

349 Cooperative Study in Emergency Medical Care. (1-8) I, II, A. Work in placements related to academic studies. A minimum of 80 hours of employment is required for each semester credit hour.

352 Advanced Clinical II. (3) II, A. Prerequisite: EMC 342. Corequisites: EMC 320 and 340. Hospital assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision-making skills developed under supervision through increased participation in patient care.

360 Advanced Field Internship. (2) A. Prerequisites: EMC 205, 212, 215, 310, 320, and 352. Minimum 120 hours supervised experience on paramedic ambulance. Progresses from advanced emergency care delivery observation to beginning team member responsibilities.

362 Advanced Field Internship II. (4) A. Prerequisites: EMC 360. Corequisites: EMC 360. Continuation of supervised experience on advanced life support ambulance. Assumes team member role with progression to team leader. Minimum advanced internship experience requires 500 hours.

380 Advanced Prehospital Theory Medical. (4) A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMC major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management. Includes in-depth history and assessment skills.

382 Advanced Prehospital Theory: Trauma. (4) A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMC major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management in trauma settings. Includes in-depth history and assessment skills.

400 Emergency Care Systems Management. (3) I, II, A. Prerequisite: EMC 200. EMS systems design and typical agency divisions, including operations, communications, training and customer service. Projects focus on system design, training and efficiency.

460 Advanced Field Internship. (2) A. Prerequisites: EMC 205, 212, 215, 310, 320, and 352. Minimum 120 hours supervised experience on paramedic ambulance. Progresses from advanced emergency care delivery observation to beginning team member responsibilities.

480 Topics in Emergency Medicine. (3) I, II, A. Prerequisite: EMC 362. Investigation into the pathophysiology of traumatic and medical emergencies which applies to the latest trends in recognition and management.

EME—Elementary and Middle Grade
Dr. Michael A. Martin, Chair

439 Teaching Art P-8. (3) I. Prerequisites: Admission to Professional Education, major in Art. Developmentally appropriate curriculum, materials, and methods for the P-8 Art program. Minimum of 20 field/clinical hours.

442 Teaching Foreign Language in Grades P-8. (3) I. Prerequisites: Admission to Professional Education, major in foreign language. Developmentally appropriate curriculum, materials, and methods for the P-8 foreign language program. Minimum of 20 field/clinical hours.

465 Teaching Physical Education in P-8. (3) A. Prerequisites: Admission to Professional Education, PHE 323, major in Physical Education. Formerly EME 324. Developmentally appropriate materials and methods for teaching P-8 physical education. Minimum of 20 field/clinical hours.

510 Art in the Curriculum. (3) A. Elements of the discipline, creativity, aesthetics, theory, philosophy, and instructional facilities. Individual explorations into theory and media.

551 Linguistics in the Curriculum. (3) A. Prerequisite: ELE/EMG 445, EME 873, or ELE 871. Investigation of elements in the science of linguistics and their application to communication of students.

586 Health Education P-8. (3) A. Prerequisites: Admission to Professional Education, major in School Health. Developmentally appropriate curriculum, materials, and methods for the health P-8 program. Minimum of 20 field/clinical hours.

596 Physical Education for Children and Youth. (3) A. Comprehensive review of techniques used in teaching physical education in the early elementary and middle grades. Emphasis placed on health evaluation, fitness testing, tumbling, rhythmical, game, and self-testing activities.

EMG—Middle Grade Education
Dr. Michael A. Martin, Chair

430 Middle Grade Curriculum. (3) I, II. Prerequisites: Admission to professional education, professional education core, EMG 445. Formerly EMG 390. An examination of the curriculum and the responsibilities of teaching in the middle grade. Twenty hours field/clinical experience.

445 Foundations of Reading/Language Arts. (3) I, II. Cross listed as ELE 445. Prerequisites: Junior standing and 2.5 GPA. An overview of reading/language arts components 5-9, teacher competencies, organization and planning for instruction. Twenty hours of field/clinical experiences. Credit will not be awarded to students who have credit for ELE 445.

447 Reading/Language Arts in the Middle Grades. (3) I. Prerequisites: Admission to professional education, professional education core, EMG 445. The theory, content and practice of teaching reading and language arts in the middle grades utilizing content area materials. Twenty hours field/clinical experiences.

491 Mathematics in the Middle Grades. (3) I, A. Prerequisites: Admission to professional education, professional education core, EMG 445, mathematics emphasis. Appropriate materials and methods for teaching mathematics in the middle grades. Twenty hours field/clinical experiences.

492 Science in the Middle Grades. (3) I, A. Prerequisites: Admission to professional education, professional education core, EMG 445, science emphasis. Introduces prospective teachers to the modern materials and methods of teaching science in the middle grades. Twenty hours field/clinical experiences.

493 Social Studies in the Middle Grades. (3) I, A. Prerequisites: Admission to professional education, professional education core, EMG 445, social studies emphasis. Appropriate materials and methods for teaching social studies in the middle grades. Twenty hours field/clinical experiences.

494 English and Communication in the Middle Grades. (3) I, A. Prerequisites: Admission to professional education, professional education core, EMG 445, English emphasis. Study of effective teaching techniques, strategies and materials for middle grade English/communication skills. Twenty hours field/clinical experiences.

499 Supervised Student Teaching in the Middle Grades. (6-12) I, II. Prerequisites: Required professional education courses, areas of emphasis. Observation, participation, responsible classroom teaching, and related professional activities including students at two non-consecutive levels in the middle grades.

507 Problems in Middle Grade Education: _____. (1-3) A. Prerequisite: advisor approval. Independent work, workshops, special topics, or seminar. May be retaken to a maximum of six hours under different subtitles.

567 Curriculum and Instructional Strategies for Home Economics in the Middle Grades. (3) A. Prerequisite: certification in home economics. Study of curriculum content, instructional materials, and strategies appropriate for home economics instruction in the middle grades.

568 Curriculum and Instructional Strategies for Industrial Education in the Middle Grades. (3) A. Prerequisite: certification in industrial education. Study of curriculum content, instructional materials, and strategies appropriate for industrial arts education instruction in the middle grades.

EMS—Elementary, Middle Grade, and Secondary Education
Dr. Michael A. Martin, Chair

499 Supervised Student Teaching P-12. (12) I, II. Prerequisites: Admission to student teaching, EME and ESE special methods classes. Corequisite: ESE 490. Observation, participation and responsible classroom teaching with related professional activities to be demonstrated in two of the following school levels: elementary, middle and high.

575 Methods and Materials for Teaching English as a Second Language. (3) A. The study of effective methods of Teaching English as a Second Language (TESL). Thirty hours of field experiences are required.

ENG—English and Theatre
TBA, Chair

080 Academic Reading and Writing I. (3) A. This course emphasizes integration of skills and strategies for academic reading and writing, including comprehension, vocabulary, fluency and development, and the conventions of academic texts. Taken by referral only. 3 Lec/2Lab.

085 Academic Reading and Writing II. (3) A. This course emphasizes integration of skills and strategies for academic reading and writing, including reading critically, writing analytically, and reading and writing to learn. Taken by referral only. 3 Lec/2 Lab.

090 Basic Writing. (3) I, II. This course provides practice in academic writing to prepare students for ENG 095, emphasizing strategies for improvement of content, organization, voice, reading to write, and editing, from sentences to essays. Exit exam required.

095 Developmental Composition. (3) I, II. This course provides practice in academic writing to prepare students for ENG 101, emphasizing strategies for improvement of content, organization, voice reading to write, and editing in analytical essays and reports. Exit exam required.

099 Intensive Writing Review. (3) A. An intensive review of writing skills with special emphasis on audience analysis, invention of ideas, composing, writing, and editing strategies for the production of a substantial portfolio. Taken only by recommendation of college dean. Institutional credit when exit level attained and cannot be used for graduation.

100 English for Non-Native Speakers. (3) A. Review and practice of English for non-native speakers. Review of English grammar with intensive practice of academic language skills in listening, speaking, reading, and writing. Required of non-native speakers on basis of department placement exam. 2 lec/2 lab.

101 English Composition I. (3) I, II. A writing course reviewing sentence basics and methods of development; emphasizing style, organization, coherence, and persuasion in written discourse;

extensive practice in composition for different purposes and audiences; study and practice to improve reading. Entrance exam required. Gen. Ed. 01.

102 English Composition II. (3) I, II. Prerequisite: ENG 101 (or equivalent). A writing course reviewing components of ENG 101 and refining general composition skills; emphasis on expository and argumentative writing, including researched, documented papers and reports; study of research sources and methods, with emphasis on analytical reading. Gen. Ed. 02.

105 English Composition Honors. (3, 6) I, II. Advanced writing course, reviewing fundamentals and emphasizing practice writing essays and reports, including researched, documented writing; practice to improve reading and speaking. Taken by referral or placement. Proficiency exam required. Students graded "A" or "B" will receive six hours credit for ENG 105; students with "C" or "D" will receive three hours credit for ENG 105 and must take ENG 102. Gen. Ed. 01 (02).

106 Writing Workshop: _____. (1) I, II. Prerequisite: ENG 101, 105, or departmental approval. A course intended to develop writing abilities through practice in writing processes for varied topics; reading and discussion of rhetoric, grammar, etc. appropriate for the selected topic. Primarily individualized instruction in workshop conditions. May be retaken with different topics to a maximum of three credit hours.

200 Topics in English: _____. (1-3) A. Prerequisites: ENG 102 or 105 or HON 102. Introduction to areas of literature, writing, and language use through selected topics. Designed primarily for non-English majors; may be retaken with different topics to a maximum of six hours.

211 Survey of World Literature I. (3) I, II. Prerequisites: ENG 102 or 105 or HON 102. Selected readings from masterpieces of world literature from ancient times through the Renaissance. Gen. Ed. 05.

212 Survey of World Literature II. (3) I, II. Prerequisites: ENG 102 or 105 or HON 102. Selected readings from masterpieces of world literature from the 17th century to the present. Gen. Ed. 06.

242 Introduction to a Genre: _____. (2) A. Prerequisites: ENG 102 or 105 or HON 102. Readings in either the novel, poetry, or short story; special emphasis on understanding and enjoying the literature. Designed primarily for non-English majors; may be retaken with different topics to a maximum of six hours.

300 Introduction to Technical and Professional Writing. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Introductory course in principles of effective writing for professions and technical fields. Experience in writing with technology for various purposes and audiences relevant to students' career interests. Special sections arranged in cooperation with professional programs.

301 Advanced Composition. (3) I, II. Prerequisites: ENG 102 or 105 or HON 102. Refinement of writing skills; application of rhetoric in expository and argumentative writings; planning and writing a research paper.

302 Principles of Literary Study. (3) I, II. Prerequisites: ENG 102 or 105 or HON 102. Introduction to the genres of poetry, short fiction, and drama, as well as to the traditional literary devices, the major critical approaches, and several bibliographical tools.

306 Introduction to Creative Writing. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Introduction to fundamentals of short story, poetry, play, or personal essay writing.

307 Creative Nonfiction. (3) A. Prerequisites: ENG 102 or ENG 105 or HON 102. Theory, models, and practice in such forms as autobiographical writing, the book review, the personal essay, and experimental writing.

308 Autobiographical Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Discussion of American, British, Continental, and non-Western autobiographies and modern theories of autobiographical writing.

334 Modern Poetry. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Survey of representative British and American poets from Hopkins and Dickinson to the present.

335 Modern Drama. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Study of representative Continental, British, and American plays from Ibsen to the present.

337 Biblical Narrative and Verse. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Study of selected narratives and verse from the Old Testament, Apocrypha, and New Testament from distinctly literary perspectives.

340 Mythology. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Study of selected myths through historical, psychological, and literary approaches.

342 Major Black Writers. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Study of written and oral works by major black authors; authors may come from a variety of cultures, such as Africa, the Caribbean, and the United States.

343 Science Fiction. (3) A. Prerequisites: ENG 102 or 105 or HON 102. A survey of science fiction from Mary Shelley to the present.

344 Mystery and Detective Fiction. (3) A. Prerequisites: ENG 102 or 105 or HON 102. History of mystery and detective fiction. Study of the genre's basic characteristics as well as its cultural ramifications.

345 Literature and Film. (3) A. Cross listed as COM 345. Prerequisites: ENG 102 or 105 or HON 102. An examination of the relationship between film and literature through a comparative study of the stylistic and technical elements of the two media. Credit will not be awarded to students who have credit for COM 345.

347 Special Studies in English: _____. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Specialized study of selected topics not available in more traditional course offerings. Designed primarily for English majors/minors. May be retaken with different topics to a maximum of six hours.

349 Cooperative Study: English. (1-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

350 American Literature I. (3) I, II. Prerequisites: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of American literature from its beginnings to 1865.

351 American Literature II. (3) I, II. Prerequisites: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of American literature from 1865 to present.

352 English Literature I. (3) I. Prerequisites: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of English literature from its beginnings through the eighteenth century.

353 English Literature II. (3) II. Prerequisites: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of English literature from the Romantic period to the present.

359 Kentucky Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Study of Kentucky's literary tradition from its beginning to the present; emphasis on Elizabeth Madox Roberts, Allen Tate, Harriet Arnow, and Robert Penn Warren.

365 Appalachian Literature. (3) I.

Prerequisites: ENG 102 or 105 or HON 102. Study of selected major Appalachian literature, with emphasis on twentieth-century writers such as Agee, Arnow, Chappell, Dykeman, Miller, Norman, Roberts, Smith, Still, and Wolfe.

400 Advanced Technical Writing and Document Production. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 300. Advanced in technical communication. Emphasis on theories of technical writing and writing with technology, document developing electronic literacies.

402 Crit. Theory & Research Methods. (3) A. Prerequisites: ENG 301, 302. Introduction to literacy/critical theory with an historical framework, and to research methods for the academic professional. Particularly recommended for students planning to go on to graduate school.

405 Introduction to Composition Studies. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301. An introductory course surveying theories of composition and applying these theories to the instruction of composition.

406 Topics in Creative Writing: _____. (3) A. Prerequisites: ENG 301, 306. Specialized study of a selected genre (e.g., poetry, short story, screenplay) or approach to creative writing. Theory and practice. May be retaken to a maximum of nine hours provided each topic is different.

410 Grammar, Traditional and Modern. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Grammatical structure of American English and present-day terminology used to describe that structure; analysis of the linguistic and grammatical theories underlying contemporary grammar texts.

420 Stylistics, Editing, Publishing. (3) A. Prerequisites: ENG 301. Development of prose style through analysis, practice, and editing. Fundamentals of online and hard-copy publishing, including surveying the markets, and preparing and submitting manuscripts.

430 Dramatic Literature. (3) A. Cross listed as THE 430. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Survey of the major periods and genres of world dramatic literature, from the Greeks to the present; selected readings from the major playwrights, critics, and theorists. Credit will not be awarded to students who have credit for THE 430.

452 American Romanticism. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. A study of the 19th century Romantic movement, concentrating on selected major authors through Whitman.

454 American Realism. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. A study of the American Realistic movement from the late nineteenth century through the 20th century, concentrating upon selected major authors from Twain to the present.

455 Twentieth-Century American Fiction. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Survey of representative American novels and short stories of the 20th century.

470 Chaucer and His Age. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. A study of selections from Chaucer, the Pearl poet, Langland, Malory, medieval drama, and lyrics.

472 Renaissance Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. A study of Tudor poetry and prose and Elizabethan and early Stuart drama, exclusive of Shakespeare.

474 Shakespeare. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Study of Elizabethan England as a background for Shakespeare's works; extensive reading of several plays; intensive reading of selected drama and poetry.

476 Milton and His Age. (3) A.

Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. A study of Milton's works, Cavalier and metaphysical poetry, the masque, and prose of the period.

478 Literature of the Restoration and Eighteenth Century. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. British poetry, prose, and drama of the Restoration and 18th century with emphasis on Dryden, Swift, Pope, and Johnson.

480 Romantic Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Survey of British poetry, essays, and fiction of the Romantic period.

482 Victorian Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Survey of British poetry, essays, and fiction of the Victorian period.

485 Twentieth-Century British Fiction. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Survey of representative British novels and short stories of the 20th century.

495 Independent Study. (1-3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302; or departmental approval. Individual study and/or research on a problem pertaining to literature or language. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

499 Senior Seminar: _____. (3) A. Prerequisites: senior status, a minimum 3.0 GPA; departmental approval; ENG 102 or 105 or HON 102; ENG 301, 302. An intensive study of an author or authors; a thematic motif; a literary movement; critical, rhetorical, and language theory; or some other sharply focused study of language and/or literature.

500 Topics in Professional Writing: _____. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302, and one additional ENG course; or departmental approval. Study and practice in selected areas of professional writing. May be retaken with different topics to a maximum of six hours. If subtopic is "Writing for the Popular Media," no credit to students with JOU 480.

502 Advanced Creative Writing. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, and departmental approval. Open to students who desire to have their manuscripts criticized; fiction, drama, poetry, biography, or the informal essay accepted; guest lectures and discussion with writers in residence.

503 Creative Writing Workshop. (1-3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, and departmental approval. One week course of lectures and discussions by faculty and visiting lecturers. Each student must submit a short story, a one-act play, four poems, or equivalent. Three credit hours available only to selected graduate students.

510 Introduction to Linguistic Theory. (3) A. Prerequisites: ENG 102 or 105 or HON 102, and one additional ENG course. An introduction to current linguistic theory and practice.

515 English as a Second Language. (3) A. Prerequisites: ENG 102 or 105 or HON 102, and one additional ENG course. Study of theories advanced to explain the learning of English as a second language.

520 History of the English Language. (3) A. Prerequisites: ENG 102 or 105 or HON 102, and one additional ENG course. Study of the history of the English language in terms of social, historical, and linguistic forces from which it developed into modern English.

530 Topics in a Genre: _____. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302, and one additional literature course; or departmental approval. Study of a designated literary genre, such as the rise of the novel, epic poetry, classical drama, or a popular literature genre. May be retaken with different topics to a maximum of six hours.

535 Women Writers. (3) A. Prerequisites: ENG 102 or 105 or HON 102; ENG 301, 302, and one additional literature course. Study of literature by women writers.

550 Topics in Literature: _____. (3) A. Prerequisites: ENG 102 or 105 or HON 102, ENG 301, 302, and one additional literature course. An intensive study of a particular aspect of literature such as a theme, a movement, or contemporary directions/experiments. May be retaken with a different topic to a maximum of six hours.

**ENR—Learning Skills
TBA, Chair**

090 Developmental Reading I. (3) I, II. This course is designed to develop reading skills by focusing on vocabulary development and active reading strategies such as previewing, organizing information, and identifying main ideas and supporting details.

095 Developmental Reading II. (3) I, II. This course is designed to develop academic reading comprehension skills. The course focuses on systematic methods for learning college-level vocabulary, analyzing structure and ideas of written materials, and developing critical reading skills.

112 College Reading/Study Skills. (3) I, II. Prerequisite: GSL 095; passing the reading screening examination or ACT composite of 18+; 59 hours or fewer. Emphasizes development of higher-level reading skills and study strategies. Instruction and practice in textbook reading, summary writing, listening, note taking, vocabulary, test-taking, and learning techniques. Only two credits will be awarded to students with credit for GSL 115. Gen. Ed. 03.

115 Learning Dynamics. (1) I, II. Five-week course concentrates on learning techniques for efficient and effective study of college reading materials. Emphasis on learning, storing, and retrieving information. Credit not available for students with credit for GSL 112. Gen. Ed. 03.

116 Efficient Reading. (1) I, II. Five-week course concentrates on increasing reading efficiency by improving rate and comprehension. Emphasis on acquisition of skills and application of techniques. Gen. Ed. 03.

201 Vocabulary Development. (2) I, II. Mastery of wide range college-level vocabulary for reading, writing, speaking, and listening. Instructions in using context and Greek and Latin elements to unlock meaning. Includes practice in solving verbal analogies. Gen. Ed. 03.

205 Topics in Reading: _____. (1-3) A. Instruction focused on specific areas of reading and studying through selected topics. Gen. Ed. 03.

ESE—Secondary Education**Dr. Michael A. Martin, Chair**

307 Clinical Experiences for Teachers. (1-3) A. Prerequisite: departmental approval. Provides clinical experiences such as observations, participation, and tutoring for prospective teachers in locations such as the learning lab. May be retaken to a maximum of six hours.

378 Teaching Music in Grades P-8. (3) I. Prerequisites: Admission to Professional Education, major in Music. Developmentally appropriate materials and methods for teaching P-8 music. Minimum of 20 field/clinical hours.

490 Secondary Curriculum, Classroom Organization, and Management. (3) II. Prerequisites: Education core, special methods course, admission to Student Teaching. Emphasis on questions and problems encountered in secondary teaching including classroom management, state and national curriculum trends, and legal issues. Minimum 10 field/clinical hours.

499 Supervised Student Teaching in the Secondary School. (12) I, II. Prerequisites: Education Core, appropriate special methods course, admission to student teaching. Corequisite: ESE 490. Observation, participation, responsible classroom teaching including related professional activities.

507 Problems in Secondary Education. (1-3) A. Prerequisite: advisor/departamental approval. Independent work, special workshops, special topics, or seminars.

540 Teaching Art in the Secondary P-12 Schools. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 440). Developmentally appropriate materials and methods for teaching art in the secondary schools grades P-12. Minimum of 40 field/clinical hours.

541 Teaching of Biology in the Secondary School. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 441). Developmentally appropriate materials and methods for teaching biology in secondary schools. Minimum of 40 field/clinical hours.

543 Teaching of Language Arts in the Secondary School. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 443). Developmentally appropriate materials and methods for teaching language arts in secondary schools. Minimum of 40 field/clinical hours.

549 Teaching Social Studies in the Secondary School. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 449). Developmentally appropriate materials and methods for teaching social sciences in the secondary school. Minimum of 40 field/clinical hours.

550 Teaching Mathematics in the Secondary School. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 450). Developmentally appropriate materials and methods for teaching mathematics and computer science in secondary schools. Minimum of 40 field/clinical hours.

551 Teaching of Physical Science in the Secondary School. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 451). Developmentally appropriate materials and methods for teaching physical science in secondary schools. Minimum of 40 field/clinical hours.

552 Teaching of Career and Technical Education in Middle and Secondary Schools. (3) I. Prerequisites: EDF 103, 203, or TTE 261, EDF 319, admission to professional education. Pre/Corequisites: CTE 363, EDF 413, SED 401. (Formerly ESE 452). Developmentally appropriate materials and methods for teaching technology and career and technical education in the middle and secondary schools. Minimum of 40 field/clinical hours.

553 Family and Consumer Sciences Education Curriculum. (4) I. Prerequisites: Admission to professional education, education core, Family and Consumer Sciences Education major. (Formerly ESE 453). Current curricular trends and methodology for teaching FCS in middle/secondary grades. Program philosophy, legislation, curriculum and assessment. Minimum of 40 field/clinical hours.

566 Teaching of Physical Education in the Secondary School. (3) I, II. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 466). Developmentally appropriate materials and methods for teaching physical education in secondary schools. Minimum of 40 field/clinical hours.

573 Teaching Business in Middle and Secondary Schools. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 473). Developmentally appropriate materials and

methods for teaching business education. Minimum of 40 field/clinical hours.

574 Teaching Reading in the Secondary School. (3) A. Prerequisites: Education Core and admission to professional education. Emphasis on developmental and content area reading skills, appraisal of reading abilities, appropriate materials, assessment, and organization of secondary reading programs.

579 Music Education: Principles and Practices. (3) II. Prerequisites: EDF 378. (Formerly ESE 479). Acquaints students with a balanced vocal and instrumental music education curriculum in the secondary school. Emphasis on understanding and planning a developmental sequence to assure the musical growth of students 8-12. Minimum of 20 field/clinical hours.

587 Teaching of Health Education in the Secondary School. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, SED 401. (Formerly ESE 487). Developmentally appropriate materials and methods for teaching health education in secondary schools. Minimum of 40 field/clinical hours.

FCC—Foreign Culture and Civilization
Dr. Jose L. Varela, Chair

210 Topics in Culture: ____. (3) A. May be retaken to a maximum of 6 hours if topic is different. Introduction to the unique values and traditions of a major African, Asian, or European culture as reflected in its aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. 07 or 08.

220 French Culture and Civilization. (3) A. Introduction to the unique values and traditions of the French nation and of French-speaking peoples as reflected in their aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. 07 or 08.

222 German Culture and Civilization. (3) A. Introduction to the unique values and traditions of the German peoples as reflected in their aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. 07 or 08.

226 Hispanic Culture and Civilization (3) A. Introduction to the unique values and traditions of the Hispanic nations as reflected in their aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. 07 or 08.

227 Japanese Culture and Civilization. (3) A. Introduction to the unique values and traditions of the Japanese as reflected in their aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. 07 or 08.

FCS—Family and Consumer Sciences
Dr. Diane Leggett, Chair

303 Dissemination of Family and Consumer Sciences Information. (3) A. Dissemination of information for clientele in the field of family and consumer sciences. Selection and utilization of resource materials including electronic information technology.

320 Family and Housing Design. (3) I. Prerequisite: DES 121 or departamental approval. Introduction to housing and its relationship to human needs. Historical, governmental and current issues influencing housing consumption of individuals and families. Design considerations emphasized include principles and elements, architecture, furniture, and space planning.

330 Field Experience. (1-8) A. Prerequisites: department approval and 2.0 cumulative GPA. Supervised work experience in department approved organization. A minimum of 80 hours work required for each academic credit. Options may be taken to a maximum of 8 hours.

330A Field Experience in ADM
330B Field Experience in CDF
330C Field Experience in FCS
330D Field Experience in NFA

349 Cooperative Study in Family and Consumer Sciences (1-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

400 Ethics and Advocacy in Family and Consumer Sciences. (3) I, II. Prerequisites: CDF 132 and 12 additional hours in the department. History and principles of the profession of Family and Consumer Sciences. Course emphasizes the interdisciplinary nature of the field and its commitment to public policy activism to benefit individuals and families.

550 Family and Consumer Sciences Topics. (1-3) A. Selected topics in Family and Consumer Sciences. May be retaken to a maximum of six hours provided topics vary.

FIN—Finance
Dr. Jessica Johnson Frazier, Chair

201 Personal Money Management. (3) I, II. A consumer approach to insurance, family budgeting, income taxes, elementary investment principles, and estate planning. Does not count toward the major in finance or general business. Credit will not be awarded to students who have credit for FRM 352.

300 Business Finance I. (3) I, II. Prerequisites: ACC 201, 202, ECO 230, QMB 200, 240 (or MAT 211) with a grade of "C-" or better in each course; junior standing (a minimum of 60 hours) and an overall minimum 2.0 GPA. Financial principles with applications to business organizations. Includes firm financial motives, time value of money, risk analysis, elementary capital budgeting, residual dividend policy, elementary capital structure decisions, analysis of financial statements, and international financial considerations.

301 Business Finance II. (3) I. Prerequisites: FIN 300 with a "C-" or better. An in-depth exploration of dividend policy, capital structure decisions, cash and liquidity management, financial forecasting and planning, management of current assets and liabilities, and institutional arrangements for finance.

302 Small Business Finance. (3) A. Prerequisite or Corequisite: FIN 301. Equity, debt and venture capital markets for small businesses are examined. Also systems for financial statement generation and internal controls, sources and uses of funds forecasting, short-term asset and liability management, and capital structure decisions are explored. A small firm valuation project will be completed.

304 Financial Institutions. (3) I, II. Prerequisite: FIN 300. A survey of the evolution of financial institutions, including the impact of regulation and deregulation.

324 Investments. (3) I, II. Prerequisite: FIN 300 with a "C-" or better. Analysis of the characteristics, valuation, and tax implications of various investments such as common and preferred stock; corporate, federal and municipal debt; mutual funds; money market accounts; options and futures. Explores methods of trading securities.

330 International Finance. (3) A. Prerequisite: FIN 300 with a "C-" or better. Financial decision-making processes of multinational corporations; flow of funds; exchange rate determination and forecasting; currency futures and options; international arbitrage; measurement and management of exchange rate exposure; multinational capital budgeting; analysis of country risk.

349 Cooperative Study in Finance. (1-3) A. Prerequisites: minimum GPA 2.25 and BBA major only. Co-curricular work experience under the direction of faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours experience per credit hour. May not count toward major.

350 Intermediate Finance. (3) I, II. FIN 301, QMB 300 (either prerequisite or corequisite). The agency problem associated with the separation between owners and managers and its implication for security markets and firm valuation are explored. Also risk analysis and the valuation of derivative securities and financial market efficiency is explored in depth.

401 Advanced Managerial Finance. (3) A. FIN 350 and QMB 300 (Prerequisite or Corequisite). Working capital management, capital budgeting, expansion, distress, and reorganization are explored in the context of equity value maximization.

405 Advanced Financial Institutions. (3) A. FIN 350 and QMB 300 (Prerequisite or Corequisite). A case oriented course focusing in detail on the management of financial institutions, money and capital markets, interest rate theory, financial derivatives and international topics related to financial markets and institutions.

420 Investment and Portfolio Theory. (3) I. FIN 350, 324 and QMB 300 (Prerequisite). Investment analysis including efficient market theory and empirical investigations, security valuation, riskfree borrowing and lending; portfolio selection and performance evaluation are examined. Also included are derivatives' valuation and their role in a diversified portfolio.

450 Seminar in Finance. (1-3) A. Prerequisite: instructor approval. Selected topics of special contemporary interest to business students. May be retaken under different subtitles to a maximum of six hours.

455 Global Financial Management. (3) A. FIN 350 and QMB 300 (Prerequisite). Advanced global dimensions of corporate finance including working capital, capital budgeting, and international borrowing for multinational companies. Case studies of international capital markets, international financial institutions, foreign exchange risks, and international portfolio diversification.

490 Special Problems in Finance. (1-4) A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a maximum of six hours. Independent work, special workshops, special topics, or seminars. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

FLS—Foreign Language Studies

Dr. Jose L. Varela, Chair

300 Elements of Foreign Language: _____. (3) A. Prerequisites: departmental approval and the student's major departmental approval. Introduces basic linguistic structures of major European languages, including pronunciation and intonation patterns; sharpens awareness of linguistic differences. Gen. Ed. 03 or 04.

310 Topics in Foreign Languages: _____. (1-3) A. May be retaken to a maximum of 6 hours if topic is different. Examination of problems and issues in foreign languages, literatures, or cultures.

349 Cooperative Study: _____. (1-8) A. Prerequisite: departmental approval. Work in placements related to foreign language study. One to eight hours credit per semester or summer. Total hours: 16. A minimum of 80 hours employment required for each semester hour credit.

FOR—Forensic Science

TBA, Chair

TBA, Director

301 Introduction to Forensic Science. (3) A. Introduction to the application of scientific methods for the examination of physical evidence in the criminal justice system; an overview of the forensic analysis of firearms, fingerprints, drugs, blood, hair, fibers, paint, glass, arson debris, etc.

411 Analytical Methods in Forensic Science I. (4) A. Prerequisite: CHE 362. Prerequisite or Corequisite: CHE 325. Application of instrumental methods of analysis to the classification of physical evidence. Principles and application of ultra-violet, visible, infrared, and fluorescence spectrophotometry; gas chromatography; and thin layer chromatography. 3 Lec/3 Lab.

412 Analytical Methods in Forensic Science II. (4) A. Prerequisite: FOR 411 with a grade of "C" or better. Continuation of FOR 411. Application of chemical instrumentation to the separation, identification, and comparison of drugs, paint, glass, fibers, arson evidence, and other materials commonly encountered in the crime laboratory. 2 Lec/6 Lab.

430 Analytical Toxicology. (3) A. Prerequisites: FOR 411 and 412; or instructor approval. Study of the biochemical activity of poisons and drugs; isolation and identification of barbiturates, amphetamines, tranquilizers, and other drugs of forensic interest. 2 Lec/3 Lab.

451 Forensic Microscopic Analysis. (3) A. Prerequisite: CHE 362 or instructor approval. Introduction to microscopic analysis; identification and characterization of materials, such as glass, hair, fiber, paint, and soil. 2 Lec/3 Lab.

460 Selected Topics in Forensic Science. (1-3) A. Prerequisite: instructor approval. Topics will be chosen from areas of current interest and may be retaken for credit when new topics are offered. Topics and credit will be announced prior to each offering.

465 Expert Witness Testimony. (2) A. Prerequisite: FOR 411 or instructor approval. Topics include ethical issues relating to expert witness; qualifications of scientific experts; elements of courtroom testimony relating to expert witness. Videotaping of testifying in mock courtroom situations also included.

475 Mass Spectrometry. (3) A. Prerequisite: CHE 362. Topics include types of mass spectrometers, qualitative and quantitative mass spectrometry, different ionization processes, sample inlet systems, gas chromatography/mass spectrometry and interpretation of mass spectral data.

490 Introduction to Research. (1-3) A. Prerequisites: FOR 411 or departmental approval. Instruction to laboratory research in one of the areas of forensic science. May be retaken to a maximum of six hours, but only three hours may be counted toward the major requirements. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

495 Internship. (3,6,9,12) A. Prerequisites: FOR 411 and departmental approval. Final year. Independent laboratory work and study at an affiliated crime laboratory. May be retaken to a maximum of 12 hours, but only six hours may be counted toward the major requirements. Four to 16 weeks.

FRE—French

Dr. Jose L. Varela, Chair

100 Adventures in French: _____. (1-3) A. This course introduces students to French language and culture through a variety of interesting topics such as French for travelers, French songs, films, and customs. May be repeated if topic is different.

101 Conversational French I. (3) I, II. Prerequisite: All required developmental reading and writing courses. Beginning French conversation, grammar, and language skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught in context of French and francophone cultures. Laboratory work required. Gen. Ed. 03 or 04.

101P French Practicum I. (1) I, II. Students who enroll in this course must be concurrently enrolled in FRE 101. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in FRE 101.

102 Conversational French II. (3) I, II. Recommended: FRE 101 or equivalent proficiency. (Students entering FRE 102 by referral or placement, with two years high school French or equivalent, receive three hours credit for FRE 101 if they make an "A" in 102.) Continuing work on communicative skills and correct usage, with introduction to reading short passages on relevant French and francophone cultural topics. Laboratory work required. Gen. Ed. 03 or 04.

102P French Practicum II. (1) I, II. Students who enroll in this course must be concurrently enrolled in FRE 102. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in FRE 102.

201 Intermediate Conversational French I. (3) I, II. Recommended: FRE 102 or equivalent proficiency (e.g. with two or three years of successful high school French). French conversation, grammar, and communicative language skills, with increased emphasis on developing basic writing and reading skills. Taught in a context of French and francophone cultures. Laboratory work required. Students entering FRE 201 by referral or placement receive six hours credit for FRE 101 and 102 if they make an "A" or "B" in 201. Gen. Ed. 03, 04, 07, or 08.

202 Intermediate Conversational French II. (3) I, II. Recommended: FRE 201 or equivalent proficiency (e.g. with three or four years of successful high school French.) French conversation, grammar, and communicative language skills, with continuing emphasis on writing skills and on reading authentic texts. Taught in context of French and francophone cultures. Laboratory work required. Students entering FRE 202 by referral or placement receive nine hours credit for FRE 101, 102, and 201 if they make an "A" or "B" in 202. Gen. Ed. 03, 04, 07, or 08.

204 Review of French Grammar. (3) A. Recommended: FRE 202 or equivalent proficiency. Integrative approach to French grammatical forms and usage in communicative context, with emphasis on spoken and written expression, within the framework of French and francophone cultures. Gen. Ed. 03, 04, 07, or 08.

210 Reading and Conversation. (3) I, II. Recommended: FRE 204 or equivalent proficiency. Reading of basic literary texts with interactive discussion and writing practice. Emphasis is on building skills necessary for literature courses.

295 Independent Work in French. (1-3) A. Prerequisite: FRE 204 or FRE 210. May be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

300 French for Reading Knowledge. (3) A. Accelerated study of reading skills for those students needing a reading knowledge of French. Cannot be used for major, minor, or general education credit.

303 Survey of French Literature. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Selected readings from masterpieces of French literature with an introduction to the techniques of French literary analysis. Taught in French.

310 Topics in French: _____. (1-3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. May be retaken to a maximum of 9 hours if topic is different. Selected topics in French language, literature, or culture.

313 French Narrative Fiction. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. A selection of the best French prose from various periods of French literature. Taught in French.

314 Masterpieces of French Theater. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Selected works from the masterpieces of French theater. Taught in French.

315 French Lyric Poetry. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Survey of French lyric poetry, with emphasis on the 16th and 19th centuries. Taught in French.

316 Contemporary French Literature. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Representative works of the major French writers of the 20th century. Taught in French.

320 Introduction to Business French. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Develops oral and written skills with emphasis on language of business, industry, and the professions.

340 French Phonetics. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Intensive practice in the spoken language with emphasis on improving pronunciation and aural comprehension. The sound system of French is taught through phonetic exercises. Gen. Ed. 03 or 04.

350 French Conversation. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Intensive practice in conversation with emphasis on vocabulary building and improving fluency in the language.

360 French Grammar in Context. (3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. A communicative approach to French grammar in meaningful context, using authentic spoken and written language, within the framework of French and francophone cultures. Gen. Ed. 03, 04, 07, or 08.

400 French Literary Studies: _____. (3) A. Prerequisite: FRE 303, 313, 314, 315, or 316. A selected topic from the major French authors and literary movements. Taught in French. May be retaken to a maximum of six hours, if content is different.

401 French Language Studies: _____. (3) A. Prerequisite: FRE 340 or FRE 360 or equivalent proficiency with department chair approval. A selected topic such as stylistics, linguistics, history of the language, advanced grammar, or composition. May be retaken to a maximum of nine hours if content is different.

495 Independent Work in French. (1-3) A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**FRM—Family Resource Management
Dr. Diane Leggett, Chair**

352 The Family as Consumers. (3) I, II. Current consumer behavior by families in the marketplace. Emphasis on fraudulent schemes, current issues, laws, and organizations affecting the interests of the family as consumers. Credit will not be awarded to students who have credit for FIN 201.

453 Balancing Work and Family Resources. (3) A. Prerequisites: NFA 321 and FRM 352. Concentration on value identification/clarification, the decision making process, family resource management and the management process by individuals and families. Group projects and supervised field experiences with community programs.

456 Special Problems in Family Economics and Management. (1-3) A. Prerequisite: instructor approval. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topics vary.

**FSE—Fire and Safety Engineering Technology
Dr. Tom Schneid, Coordinator**

100 Introduction to Fire and Safety Engineering Technology. (1) A. Historical and philosophical discussion with review of the life and property conservation functions of federal, state, municipal, and private agencies. Study of legislation, contemporary, and future problems, career opportunities, and public fire safety education programs.

101 Introduction to Codes and Standards. (3) A. The code and standard promulgation process. An introduction to fire and safety related codes; surveying and mapping procedures; mechanical systems; and engineering solutions for hazards.

120 Chemistry and Dynamics of Fire. (3) A. Introduction to the chemistry and dynamics of fire as it relates to properties of hazardous materials and the development of fire in a structure. An introduction to computer fire analysis.

200 Applied Fire and Safety Analysis (3) A. Analytical and statistical concepts and procedures for the treatment of fire and safety related data. Includes quantitative and qualitative techniques, descriptive and inferential statistics.

201 Designing Building Fire Safety. (3) A. Prerequisite: FSE 101. A systems approach to designing building fire safety; the role of design in providing fire safety. The Life Safety Code; the function of and testing of rated building components, evaluating plans for code compliance.

221 Fire Detection and Suppression Systems. (3) A. Prerequisite: FSE 101, FSE 120. An introduction to fire detection and suppression systems and their relationship to fire control and extinguishment.

223 Fire and Emergency Scene Operations (3) A. Prerequisite: FSE 101, 120. Principles of Incident Management including emergency scene decisions, strategies, and tactics. Utilizing emergency control resources such as personnel, apparatus, and equipment.

225 Legal Aspects of Fire Protection and Safety. (3) A. A study of legislative and legal decisions relating to personnel practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and authority of the fire service practitioner.

250 Introduction to Fire Arson and Explosion Investigations. (3) A. An introduction to fire, arson, and explosion investigation. Topics include a historical overview of arson and terrorism statutes, sources of information, the federal role in fire and explosion investigation, explosives and improvised explosive devices.

301 Emergency Medical Treatment I. (6) A. Effective emergency medical care in a variety of traumatic and medical emergencies. Content developed by the Committee on Injuries of the American Medical Association. Credit will not be awarded to students who have credit for EMC 110.

305 Hazardous Materials. (3) A. Prerequisite: FSE 120 and FSE 200. Study of hazardous materials in transportation, storage, and usage. Chemical properties of hazardous materials relating to specific reaction, engineering controls, pre-emergency planning, combating, coordinating, and controlling a hazardous materials incident.

320 Principles of Fire and Safety Supervision. (3) A. Prerequisite: FSE 200 or instructor approval. An overview of organizational and management practices in the fire and safety fields. Emphasis on supervision and leadership styles, motivation, morale, and organizational behavior.

322 Fire Protection System Analysis and Design (3) A. Prerequisite: FSE 221. Analysis and evaluation of specific code requirements related to the design, inspection, testing and maintenance of fire protection systems. Design project(s) will be included.

349 Cooperative Study. (1-8) A. Prerequisite: Departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

350 Fire Arson and Explosion Investigation I. (4) A. Prerequisite: FSE 120. An in-depth study in the analysis of fire, arson, and explosion scenes. Emphasis will be placed on the principles and techniques of scene preservation and analysis, management of investigative functions, documentation of the scene, and determination of the cause and origin of fire.

360 Fire Protection Hydraulics and Water Supply (3) A. Prerequisite: FSE 120, a college algebra course. Water at rest and in motion. Bernoulli's and Pascal's theory; water distribution systems, pumps, velocity, discharge friction loss, pump and nozzle pressures required for fire protection. Theory followed by practical application.

361 Principles of Occupational Safety and Health (3) A. Formerly OSH 361. History of the development of occupational safety and health. Methods of accident prevention and hazard control. Introduction to safety programs, workers' compensation, emergency preparedness and accident investigation.

362 Principles of Occupational Safety and Health Legislation (3) A. Formerly OSH 362. Corequisite: FSE 361. Review of OSHA standards with emphasis on compliance and liability reduction. Discussion of OSHA regulations including citations, penalties, inspections, and record keeping.

366 Hazard Identification and Control (3) A. Formerly OSH 366. Prerequisite: FSE 361, FSE 200 or departmental approval. Hands-on approach toward identification and control. Areas of study include noise levels, chemical and electrical hazards, air contaminants, and heat/cold stress. Control measures include administrative, engineering, and safeguarding methods.

367 Human Factors in Occupational Safety. (3) A. Focuses on ergonomics, man/machine interface and human efficiency. Study of work-related stress, psychological factors, and Cumulative Trauma Disorders. Solutions are reviewed for common problems found in labor-intensive operations.

400 Fire Protection Administration. (3) A. Prerequisites: FSE 200 or departmental approval. Corequisite: FSE 320. A study of management principles with emphasis on planning, organizing staffing, and evaluating fire and emergency services. Techniques for measuring public fire protection effectiveness and its impact on the community and the environment.

410 System Safety Analysis. (3) A. Prerequisites: FSE 200 or departmental approval. Corequisite: FSE 366. Evaluation of the probabilities and consequence of various risks. Study includes system safety analysis, job safety analysis, hazard analysis, and faulty tree analysis. Safety audit methods are reviewed.

412 Safety and Health Program Management. (3) A. Prerequisite: FSE 362, FSE 366, and FSE 200 or departmental approval. Emphasis on personnel aspects, communication, and motivation in managing safety and health programs. Practice in writing safety programs and implementing safety training. Evaluation of the effectiveness of various methods and programs.

420 Environmental Law and Management. (3) I, II. Prerequisite: FSE 225. Review/analysis of laws affecting workplaces, including the Clean Water Act, Clean Air Act, RCRA and CERCLA. Additionally, study of these laws and related policies/practices will be covered as related to safety. Credit will not be awarded to students who have credit for EHS 425.

430 Personnel & Industrial Relations Law. (3) I, II. Prerequisite: FSE 225. Review/analysis of laws affecting the workplace, including the ADA, FMLA, NLRA, WARN Act, and Title VII. Additionally, a study of personnel policies/practices will be covered as it relates to the field of safety.

450 Fire Arson and Explosion Investigation II. (4) A. Prerequisite: FSE 350. A continuation of Fire and Explosion Investigation I, with emphasis on the analysis of explosion scenes, scene processing, evidence collection, operation of homemade devices, condensed and diffuse phase fuel explosions, and scene reconstruction.

489 Topical Seminar: _____ (1-3) A. Prerequisite: FSE 200 or departmental approval. Development and presentation of research in contemporary methods, techniques, and devices in the field. May be retaken under different topics to a maximum of 12 hours.

490 Fire and Safety Research and Evaluation (3) A. Prerequisites: FSE 200, senior status. Development of competency relating to concepts of fire and safety research analysis. Each student develops a research design and carries out a study project. Individual studies are culminated with project paper and presentation.

495 Fire Arson and Explosion Case Preparation. (3) A. Prerequisites: FSE 350 and FSE 450. Preparation of the fire, arson, and explosion case for trial, including preparation of demonstrative evidence, scene documentation for presentation, rules of evidence, case review and analysis, and testimony.

499 Practicum. (1-12) A. Prerequisite: FSE 200 or departmental approval. Supervised field observation, research, and/or experience.

**GBU—General Business
Dr. Norb Elbert, Chair**

201 International Business. (3) I. An overview of international business, including international business law, international business customs, and international business functional operations, examining the effectiveness of U.S. business ventures abroad and in competition with international companies at home.

204 Legal and Ethical Environments of Business. (3) I, II. Prerequisite: minimum 45 hours. Law and the legal system. Topics include discussion on ethical and socially responsible business decision; business forms, contracts and torts; governmental regulations and regulatory agencies that impact businesses.

301 e-Commerce Fundamentals. (3) A. Prerequisites: Minimum 45 hours completed. Survey, analysis, evaluation of current issues and trends in e-commerce; examination of how e-commerce and electronic mediated environments are changing business and society.

310 Law of Contracts, Property, and Business Organizations. (3) I. Principles of the law of contracts, property and the formation, relationship and implications of partnership, corporations and agencies.

311 Law of Commercial Transactions. (3) II. Principles for law of personal property transfers, negotiable instruments, secured transactions, the application of the Uniform Commercial Code and business transactions, bankruptcy, and governmental regulation.

349 Cooperative Study in General Business. (1-3) A. Prerequisites: minimum GPA 2.25 and BBA major only. Co-curricular work experience under faculty and field supervisors—training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit. May not count toward major.

350 Seminar in Business. (1-3) A. A carefully selected topic of special and contemporary interest to business students. May be retaken under different subtitles to a cumulative maximum of nine hours.

480 Business Strategy. (3) I, II.

Prerequisites: ACS 300, CIS 300, FIN 300, MGT 300, 370, and MKT 300; Senior Standing (A minimum of 90 hours) with an overall minimum 2.0 GPA. A capstone study of administrative processes under conditions of uncertainty including integrative analysis and formulation of strategy and supporting policy at administrative/executive levels. Students must complete all business core courses prior to taking GBU 480.

**GCS—Interpersonal Skills and Career Counseling
Dr. Aaron Thompson, Associate Vice President**

198 Interpersonal Effectiveness Seminar. (1) I, II. The course is designed to assist students in gaining confidence in themselves and in relating more effectively with others. Attention is given to assertiveness, values clarification, and effective life management.

199 Career Counseling Seminar. (1) I, II. The eight-week course helps students make effective career decisions. Self-awareness, values clarification, an awareness of career alternatives, and decision-making skills are promoted in the course. Pertinent career facts are learned; i.e. salary, training, outlook, and working conditions.

**GEO—Geography
Dr. Bruce Davis, Chair**

101 Introduction to Geography. (3) A. Study of the principles of geography stressing cultural change as it pertains to human and physical environment distributions, relationships, and interactions over the earth. Gen. Ed. 09.

170 Map Topics: _____ (1-3) A. Content will be: mapmaking and map reading; topographic mapping and orienteering; global positioning systems(GPS); or maps in the contemporary classroom. May be taken to a maximum of four hours provided study areas differ each time.

200 Regions and Nations of the World. (3) A. Survey of the physical, cultural, and economic geography of the world's major regions, with an emphasis on regions undergoing change and currently of international concern. Gen. Ed. 12.

201 Historical Geography I: Pre-industrial Era. (3) A. The study, from a geographic perspective, of the earth's early human occupancy and the divergent development of culture systems and technologies prior to the industrial revolution. Gen. Ed. 10.

202 Historical Geography II: Modern World. (3) A. Study of the elements of cultural convergence in the modern world and how human technologies have advanced to become the dominant agencies in changing the geography of the earth in the modern period of human occupancy. Gen. Ed. 11.

205 World Travel. (3) A. Examines the development of travel and tourism through the history of global exploration, the formation of popular tourism destinations around the world, and the emerging structure of the international tourism industry.

210 Introduction to Physical Geography. (3) A. Study of natural processes operating at the earth's surface with special emphasis on weather and climate and landforms as explanations for how and why physical and human phenomena vary from place to place. 2 Lec/2 Lab. Gen. Ed. 14.

215 Introduction to Meteorology. (3) A. This is a non-technical introduction to meteorology designed for non-science majors. Emphasis is placed on the interpretation of weather phenomena and their effects on people. Gen. Ed. 15 or 16.

220 Human Geography. (3) A. Introduction to geographic study of human occupancy of the earth, including patterns and processes of human activity and human/land interaction.

225 Planning for Livable Places. (3) A. Formerly PLA 220. Introduction to the history and practice of community and regional planning in the U.S. Topics include transportation, economic

development, environmental and social issues, urban and landscape design, and citizen participation in local and regional decision-making.

300 Geography: _____ (3) A. Designed for study of special topics. The specific orientation (cultural, physical, field studies, etc.) will follow course title. May be retaken to a maximum of nine hours provided subject matter differs each time.

302 Global Environmental Problems. (3) A. Examination of environmental problems and conservation strategies in the context of global change, with case studies from exemplary world regions, including rainforest, mountain, desert, and island biomes. Gen. Ed. 12.

304 Travel and Tourism Industry. (3) A. Prerequisite: GEO 205 or departmental approval. Examination of the industry as a system: the suppliers, the intermediaries, and the market. Theoretical underpinnings of the tourism system are included along with principal publications and practices.

305 Tourism Development. (3) A. An in-depth study of the planning process, the determination of marketing strategies, and the economic impact of tourism development.

321 Urban Geography. (3) A. Study of city functions, patterns, and past and current problems confronting the city, including the problems of planning, zoning, community housing, shopping centers, and urban renewal. Gen. Ed. 12.

322 World Geopolitics. (3) A. Study of world political structures and events organized by territorial and regional frameworks. Specific attention to forces of global political change, including globalization processes, conflict and peace, ethnic separatism, and international mediation. Gen. Ed. 12.

325 Environmental Land Use Planning. (3) A. Examines how principles of landscape ecology, resource conservation, and environmental impact analysis are incorporated into land use decisions and public policy. Emphasizes practical application at the site and regional scales.

330 Economic Geography. (3) A. Geographic patterns and processes of production, trade, finance, and other services at local, regional, and global scales.

341 Geography of Europe. (3) A. Geographic study of the states and regions of Europe to include physical and cultural differences, international influences and their effect on cultures of other world regions. Includes in-depth analysis of selected states.

342 Geography of Latin America. (3) A. Geographic exploration of the physical and cultural characteristics of the Caribbean, Middle and South America, with an emphasis on environmental, population, urban, and economic development issues.

343 Geography of Kentucky. (3) A. Topical-regional approach to the physical characteristics, cultural complexity, and economic aspects of Kentucky with an emphasis on understanding the state's historical development and current environmental, political, and economic issues from a geographic perspective.

344 Geography of Asia. (3) A. Systematic study of the physical and human geography of Asia, emphasizing the diversity of the region's cultures and landscapes and offering an in-depth understanding of Asian places within the context of change and development.

347 Regional Geography: _____ (3) A. Physical, cultural, and economic geography of a selected region (e.g., Africa, North America, Oceania) with emphasis on the region's current problems. May be retaken to a maximum of 12 hours provided subject matter differs each time.

349 Cooperative Study: Geography. (1-8) A. Prerequisite: departmental approval. Work in placement related to academic studies. One to eight hours credit per semester or summer. Total hours for baccalaureate, 16. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward the major.

351 Geographic Techniques. (3) A.

Prerequisites: Three hours of geography or departmental approval. Introduction to the range of techniques used in geographic research and applications, including mapping, image interpretation, GIS, GPS, field work, quantitative analysis, library and Internet research, and others. Practical experience focus.

353 Geographic Information Systems. (3) A.

Prerequisite: Three hours of geography or departmental approval. Introduction to GIS principles, methods, operations, mapping, and applications. Topics include introduction to cartography, spatial data, databases, GIS analysis, models, site suitability, environmental and social applications, and more. Hands-on emphasis using ArcView and ArcGIS. 2 Lec/2 Lab.

355 Geographic Image Interpretation. (3) I.

Prerequisite: Three hours of geography or departmental approval, GEO 351 recommended. Principles, data sources, acquisition, interpretation, analysis, and application of geographic imagery, including maps, airphotos, shuttle photography, and satellite digital data. Manual and computer techniques. Hands-on emphasis. 1 Lec/4 Lab.

405 Issues in Travel and Tourism. (3) A.

Prerequisite: GEO 205, GEO 305, and GEO 351; or departmental approval. A comprehensive study of current issues, trends, problems, and opportunities in the travel and tourism industry. Field trip and research paper required.

425 Land Use Decisions and Controls. (3) A.

Examines social and economic influences on land values, and how zoning and other controls are used to balance public needs with private landowners' rights. Emphasizes legal framework governing the practice of community and regional planning.

430 Sustainability in Appalachia. (3) A.

Examination of Appalachia's ecological, social, and economic patterns, and the processes through which residents can ensure their social, economic and ecological sustainability in the future.

435 Biogeography. (3) A.

Study of plant and animal distributions and the nature of earth's major terrestrial biomes, with an emphasis on formulating sound hypotheses to explain the variety and ever-changing geographic ranges of living organisms.

450 Field Studies. (3) A.

Field techniques and applied case studies of geographic topics in local and regional environs.

490 Senior Seminar. (3) A.

Prerequisite: Senior standing or departmental approval. A capstone course for majors that integrates students' academic experiences with their career development options.

495 Practicum. (3-6) A.

Prerequisite: GEO major. Students will work under departmental supervision in governmental, corporate, or private enterprises which are engaged in applied geography.

Determination of the number of hours will be made by the department, depending upon the range and depth of activities to be engaged in. May not be retaken.

498 Independent Study. (1-3) A.

Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

501 Advanced Geography: _____. (3) A.

Prerequisite: departmental approval. In-depth study of physical, cultural, economic, geographic technique (GIS) themes. May be retaken to a maximum of six hours if subject matter differs each time.

525 Seminar in Planning: _____. (3) A.

In-depth study of urban or regional planning topics, such as growth management and land use. May be retaken to a maximum of six hours provided subject matter differs each time.

553 Advanced GIS. (3) II.

Prerequisite: GEO 353 or departmental approval. Advanced concepts, operations, and applications of raster and vector GIS. Spatial analysis using scanning, imagery, GPS, global data sets, and derived data for natural and

social applications. Use of standards, metadata, open GIS, and other advances.

555 Advanced Cartography. (3) A.

Prerequisite: GEO 355 or instructor approval. Advanced techniques of cartographic presentation of data to include computer applications. 1 Lec/4 Lab.

556 Advanced Geographic Imagery. (3) II.

Prerequisite: GEO 355 or equivalent. Characteristics, interpretation, integration and applications of advanced geographic imagery, including remote sensing and GIS digital data. Attention on satellite and multispectral imagery, including image processing. Hands-on emphasis. 2 Lec/2 Lab.

597 Special Studies in Geography. (1-3) A.

Prerequisite: departmental approval. Directed work in geography. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

GER—German**Dr. Jose L. Varela, Chair****100 Adventures in German: _____. (1-3)**

A. This course introduces students to German language and culture through a variety of interesting topics such as German for travelers, German songs, films, folklore, and customs. May be repeated if topic is different.

101 Conversational German I. (3) I, II.

Prerequisite: All required developmental reading and writing courses. Beginning German conversation, grammar, and language skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. 03 or 04.

101P German Practicum I. (1) I, II.

Students who enroll in this course must be concurrently enrolled in GER 101. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in GER 101.

102 Conversational German II. (3) I, II.

Recommended: GER 101 or equivalent proficiency. Continuation of GER 101. (Students entering GER 102 by referral or placement receive three hours credit for GER 101 if they make an "A" in 102.) Continuing work on basic communicative skills. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. 03 or 04.

102P German Practicum II. (1) I, II.

Students who enroll in this course must be concurrently enrolled in GER 102. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in GER 102.

201 Intermediate Conversational German I. (3) I, II.

Recommended: GER 102 or equivalent proficiency. German conversation, grammar, and other language skills with increased emphasis on developing basic writing and reading skills. Taught in a cultural context. Laboratory work required. Students entering GER 201 by referral or placement receive six hours credit for GER 101 and 102 if they make an "A" or "B" in 201. Gen. Ed. 03, 04, 07, or 08.

202 Intermediate Conversational German II. (3) I, II.

Recommended: GER 201 or equivalent proficiency. German conversation, grammar, and other language skills with continuing emphasis on reading and writing skills. Taught in a cultural context. Laboratory work required. Students entering GER 202 by referral or placement receive nine hours credit for GER 101, 102, and 201 if they make an "A" or "B" in 202. Gen. Ed. 03, 04, 07, or 08.

240 Beginning Conversation. (3) A.

Recommended: GER 201 or equivalent proficiency with department chair approval. Topics for conversation drawn from everyday situations. (Waived in case of demonstrable oral proficiency, but not open to native speakers.) Gen. Ed. 03, 04, 07, or 08.

295 Independent Work in German. (1-3) A.

Prerequisite: GER 202 or equivalent proficiency. May

be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

310 Topics in German: _____. (1-3) A.

Prerequisite: GER 202 or equivalent proficiency with department chair approval. May be retaken to a maximum of 6 hours if topic is different. Selected topics in German language, literature, or culture.

340 Intermediate Conversation. (3) A.

Prerequisite: GER 240 or equivalent proficiency with department chair approval. Topics for conversation drawn from contemporary German life. Gen. Ed. 03, 04, 07 or 08.

495 Independent Work in German. (1-3) A.

Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

GLY—Geology**Dr. Malcolm Frisbie, Chair****102 Earth Science for Teachers. (3) I, II.**

Prerequisite: pre-teaching and teaching elementary and middle school education majors only or departmental approval. This inquiry-based course for teachers integrates content, pedagogy and technology to explore Earth as an integrated set of systems and as part of the Solar System. Credit will not be awarded for both GLY 102 and GLY 108 or GLY 302. 1 Lec/4 Lab. Gen. Ed. 14.

108 Introductory Geology. (3) I, II.

Investigation of the Earth as it exists and functions today, the materials that compose the Earth, the processes that act upon and within the Earth, and the interrelationship of both materials and processes with human activity. Credit will not be awarded to students who have credit for GLY 107. 2 Lec/2 Lab. Gen. Ed. 14.

109 Earth History. (3) I, II.

Investigation of the origin of the Earth as a planet and its evolutionary development of physical and biological systems through time. Important turning points in the Earth's history will be emphasized. 2 Lec/2 Lab. Gen. Ed. 14.

302 Earth Science. (3) A.

Introduction to the universe and our solar system, the Earth's atmospheric and climatic elements, its physical processes and features, organic development, and natural resources. Gen. Ed. 15 or 16.

304 Introduction to Oceanography. (3) I, II.

The ocean basins, water circulation, energy budgets, ocean floor sediments, and marine life environments. Interactions with the atmosphere and lithosphere will be considered. Gen. Ed. 15 or 16.

307 Exploring the Dynamic Earth. (3) I, II.

Formerly GLY 107. Planet Earth: origin, composition, and evidence of activity and energetic recycling of Earth materials via plate tectonics. Gen. Ed. 15 or 16.

309 Mineralogy. (4) I.

Prerequisite: GLY 108. Study of minerals commonly encountered in rocks and soils with minor emphasis on ore deposits: mineral geochemistry, crystal structure, classification, physical properties, and geologic environment. Laboratory develops the ability to identify minerals in hand specimens. 3 Lec/2 Lab.

311 Optical Mineralogy. (3) II.

Prerequisite: GLY 309 or departmental approval. Optical properties of common minerals as a basis for identification using the petrographic microscope, plus introduction to other diagnostic techniques. Lab develops the ability to identify minerals microscopically in grain mounts and rock thin sections. 2 Lec/2 Lab.

349 Cooperative Study: Geology. (1-8) I, II;

(1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours for baccalaureate, sixteen. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

351 Field Methods. (3) A. Prerequisite: GLY 108 and GLY 109. Methods of field geology including description and measurement of rock sequences, introduction to geological mapping and writing geological reports. 1 Lec/4 Field (Saturdays).

390 Environmental Geology. (3) A. Study of interaction of human activity and hazardous geologic processes. Designed for non-science majors. Gen. Ed. 15 or 16.

398 Independent Studies in Geology. (1-6) I, II. Prerequisite: departmental approval. Topic determined by student and instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topic is different each time.

408 Process Geomorphology. (3) II. Prerequisite: GLY 108 or departmental approval. An in-depth study of the geologic processes involved in landform development.

409 Petrology. (4) I. Prerequisite: GLY 311. Nature and origin of common rocks (igneous, sedimentary and metamorphic), with emphasis on crystalline rocks. Lab develops the ability to analyze and classify rocks in hand sample and in thin section using a petrographic microscope. 3 Lec/2 Lab.

410 Structural Geology - Tectonics. (4) I. Prerequisites: GLY 108 or 109. Deformation of Earth's crust across a wide range of scale with emphasis on plate tectonics and its consequences. Lab develops the ability to analyze the geometry of deformed rock bodies and solve common structural problems. 3 Lec/2 Lab.

415 Sedimentary Geology. (4) I. Prerequisite: GLY 108 and 109 or departmental approval. Examination of sedimentary processes and products, the characteristics and origins of sedimentary rocks and their related depositional environments, and application of these principles to solving geological problems. Laboratory develops techniques for describing and interpreting sedimentary rocks, structures, and stratigraphy. 3 Lec/2 Lab.

420 Stratigraphy and Paleontology. (4) II. Prerequisite: GLY 415. Description, correlation, and interpretation of stratified sedimentary sequences; identification and interpretation of the fossils they contain. Emphases: rock-vs. time-stratigraphy, facies relationships, sequence stratigraphy, event stratigraphy, biostratigraphy, well log correlation. 3 Lec/2 Lab.

451 Field Camp. (6) SUMMER ONLY. Prerequisite: GLY 409 and 410. Field-training course in the northern and central Rocky Mountains (6 weeks). Analysis of rock sequences; geologic mapping of sedimentary, metamorphic, and igneous terrains; interpretation of complex rock deformation; regional geological synthesis with emphasis on tectonics; and visits to many instructive geologic localities, including national parks and monuments.

490 Applied Geology: Case Studies. (3) A. Prerequisite: GLY 109 or departmental approval. Detailed analysis of the environmental implications of human use of earth materials and interaction with geologic processes.

499 Senior Thesis. (3) A. Prerequisite: Senior standing and department approval. Supervised, independent thesis project for majors in geology. Thesis project must be approved by faculty supervisor and department committee prior to enrollment in the course.

500 Earth Science Problems for Teachers: _____. (1-3) I, II. Prerequisite: departmental approval. Designed to fit needs of individual students majoring in education (general science) who need special instruction in the earth sciences. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of nine hours provided topic is different each time.

503 Earth Materials. (3) I. Prerequisite: GLY 108 or departmental approval. Survey of natural

materials: minerals, rocks, soils and natural resources presented in the compositional structure of the Earth. Emphasis on the interaction between these materials and human activity, and on analytical techniques. Does not count toward B.A./B.S. in geology. 2 Lec/2 Lab.

504 Earth Processes. (3) II. Prerequisite: GLY 108 or departmental approval. Survey of natural processes: weathering and erosion; transportation, deposition and consolidation of sediment; deformation and uplift of the Earth's crust. Emphasis on the interaction between these processes and human activity, and on analytical techniques. Does not count toward B.A./B.S. in geology. 2 Lec/2 Lab.

512 Geology of Soils. (3) A. Prerequisite: GLY 108 or departmental approval. Composition, classification, and evolution of soils, role of climate, living organisms, physiography, and underlying geology in soil formation. Emphasis on clay mineralogy, soil analytical techniques, soil mapping, paleosols in the rock record, human interaction with soils, and the economic importance of soils. 2 Lec/2 Lab.

535 Hydrogeology. (3) I. Prerequisites: GLY 108 or departmental approval. Origin, occurrence, movement, utilization, and conservation of groundwater. Qualitative and quantitative presentation of geological, physical, and geochemical aspects of groundwater hydrology. 2 Lec/2 Lab.

540 Biogeochemical Treatment Processes. (3) A. Prerequisite: departmental approval. Survey of remediation processes for polluted waters and soils; emphasis on understanding the science of and application for various treatment processes.

550 Evolution of the Earth. (3) A. Prerequisite: senior standing or departmental approval. Capstone course: overview of geological principles from the perspective of the Earth's history, physical and biological. Emphasis on critical thinking and expressive writing.

580 Selected Topics: _____. (1-3) A. Prerequisite: senior standing or departmental approval. Designed to explore specific aspects of geology. May be retaken to a maximum of six hours provided topic is different each time.

GRE—Greek Dr. Jose L. Varela, Chair

101 Beginning Greek I. (3) A. Introduction to the grammar of classical Greek and the Koine Greek of the New Testament and to the reading of elementary texts. Recommended for students majoring in languages, ancient history, and religion. Gen. Ed. 03 or 04.

102 Beginning Greek II. (3) A. Continuation of GRE 101 with more advanced work in grammar and syntax and the reading of Xenophon's Anabasis. Gen. Ed. 03 or 04.

GSD—Student Development Dr. Aaron Thompson, Associate Vice President

225 Leadership Dynamics. (2) II. The course is designed to introduce current and emerging leaders to leadership theory and development. Attention is given to self awareness, leadership styles, conflict resolution, communication skills, ethics and values and real world experience. Information is provided through class discussion, speakers, group work, journals and case studies.

GSO—Orientation for Undeclared Students Dr. Aaron Thompson, Associate Vice President

100 Academic Orientation. (1) I, II. An orientation to university academic life and career planning and preparation. Topics include university policies and procedures, program requirements, career opportunities, and introductory study skills. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

101 Cultural Orientation for International Students. (1) A. An orientation to American customs and the American education system for undergraduate international students attending an American university for the first time. Students are also required to take GSO 100.

102 Transition to College. (3) A. Prerequisite: taken by referral or placement. The course is an intensive introduction to the university, including study skills, cultural and learning resources, academic life, university policies and procedures, self-exploratory activities and growth.

149 Co-op Professional Seminar. (1) I, II. Prepare students for the job market prior to co-oping. Topics include: self-assessment, communication, resumes and cover letters, interviewing techniques, business etiquette. Credit will not be awarded to students who have credit for SPE 330.

GST—General Studies Tutoring Dr. Aaron Thompson, Associate Vice President

300 Principles of Peer Tutoring. (3) I. Prerequisite: 2.5 cumulative GPA, 45 or more completed credit hours, and consent of the instructor. Students will assist in the teaching of General Studies Orientation (GSO 102). The class will provide the tutoring/mentoring experience. The Peer Tutors will record, reflect upon, and evaluate the EKU Peer Tutor experience while time will be devoted to learning mentoring and tutoring skills and techniques.

HCA—Health Care Administration Dawn Jackson, Coordinator

372 Health Care Reimbursement Systems. (3) I. Formerly HCA 370. Prerequisite: ACC 202 or CHS 100. An in-depth analysis of health care reimbursement systems; health insurance fraud and abuse; and procedures for patient accounting and cash flow forecasting.

375 Health Care Administration. (3) I. Prerequisite: MGT 320. Application of financial principles, strategic planning, marketing, and leadership skills to selected health care organizations.

HEA—Health Education Dr. Donald L. Calitri, Chair

202 Safety and First Aid. (2) I, II. Instruction and practice in first aid and safety procedures. Includes assessment and first aid procedures regarding life-threatening emergencies, injuries, medical emergencies, and rescues. Focus on prevention, as well as first aid. Includes certification in Adult CPR. Credit will not be awarded to students who have credit for EMC 102.

203 Respiratory and Circulatory Emergencies (CPR). (1) I, II. Methods involved in the performance of cardio-pulmonary resuscitation. Completion of class certifies student with American Red Cross Community CPR. Credit will not be awarded to students who have credit for EMC 102.

281 Personal and Community Health. (2) I, II. Study of factors enabling intelligent health decisions as they relate to the physical, mental, and social health of self, family, and community at present as well as the years beyond the college days. Gen. Ed. 19.

290 Foundations of Health Education. (3) II. The history, foundational disciplines, and principles that led to the establishment of health education. The role of health education in the present health care system.

315 Contemporary Health Problems. (3) II. Etiology, effects, remediation, and prevention of selected current health problems. Nature of current health issues and forces which shape them.

345 Drugs, the Individual, and Society. (3) I, II. Effect of drug use and abuse on the individual and society. Personal and community approaches for promoting intelligent decision making regarding drugs.

- 349 Cooperative Study in Public Health. (1-8) A.** Prerequisite: departmental approval. Work under faculty and field supervisors in a cooperative placement related to a student's academic studies. Credit varies with hours of employment; one to eight hours per semester or summer. May be retaken to a maximum of 12 hours. Minimum 80 hours employment required for each semester hour credit.
- 360 Community Health Education Process. (3) II, A.** Prerequisite: CSC 104 or CIS 212 or department chair approval. Planning, organizing, delivering, and evaluating the community health education program.
- 375 Family Life Education. (3) II, A.** Biophysical and psycho social aspects of sexuality and relationships, with emphasis on choices affecting health and well-being. Focuses on developing skills in teaching and facilitating positive behavior changes for people working in schools and communities. Credit will not be awarded to students who have credit for CDF 232.
- 380 Mental Health Education. (3) I.** Basic needs for mental and emotional wellness. Emphasis in the selection of appropriate activities for promoting mental health through community agencies.
- 390 Instructor of Standard First Aid and Personal Safety. (1) A.** Designed to develop individual teaching techniques for first aid and to provide adequate knowledge and skills for instruction. Successful completion leads to American Red Cross certification as a Standard First Aid and Personal Safety instructor.
- 391 Instructor of CPR. (1) A.** Prerequisite: HEA 203 or current CPR certification. A course designed to prepare instructors to teach respiratory and circulatory emergencies (CPR). Certification to teach the American Red Cross Adult, Child, Infant, and Community CPR will follow successful completion. Other related pedagogical methods will be explored.
- 416 Introduction to Public Health. (3) II, A.** An introduction to the organization and functions of public health at local, state, and national levels. Identifies relationship between human ecology and the public's health. Includes projection of future public health direction.
- 420 Senior Seminar in Health Education. (1) II.** Students will draw together skills and knowledge needed to enter the workforce, and will review core competencies required of the health education specialist. Students will prepare to become certified in the field of health education.
- 450 Interpretation of Health Data. (3) I.** Understanding graphical, statistical, and research techniques used in health. Developing competencies in analyzing and interpreting research results. Credit will not be awarded to students who have credit for CRJ 400 or ECO 220 or ECO 824 or EPY 842 or PSY 291 or QMB 200 or STA 208 or STA 215 or STA 270.
- 455 Introduction to Epidemiology. (3) I, A.** Factors that affect the occurrence and courses of diseases—causative agents, susceptible hosts, favorable environments, and the effective use of statistical epidemiological methods.
- 458 AIDS and the Social Response. (2) A.** Cross listed as SWK 458. Prerequisites: SOC 131, PSY 200, and junior standing or instructor's approval. Psychosocial aspects of HIV infection. Exploration of methods of responding to and serving people with HIV. Development of population specific prevention strategies. Credit will not be awarded to students who have credit for CHS/AHN 342 or SWK 458.
- 463 Internship in Health Promotion and Administration. (1-6) A.** Supervised experiences for seniors in the directing of Health Promotion and Administration activities in various settings. May be retaken to a maximum of six hours.
- 498 Independent Study. (1-3) I, II.** Opportunity for individual work on a health problem in a supervised situation. Restricted to students who have demonstrated ability to complete individual endeavors. Student must have the independent study proposal form approved by faculty supervisor and

- department chair prior to enrollment. May be retaken to a maximum of three hours.
- 580 Evaluation of Health Promotion Programs. (3) I, II.** This course will provide an introduction to principles, strategies, and skills for the evaluation of health promotion programs in a variety of settings.
- 590 Health Education: _____. (1-3) A.** Study of pertinent problems in health and health education. Includes topics such as: health care delivery, child abuse, teenage pregnancy, community health organizations, elementary school health curriculum, drug education, school health services, health deviations among students, sexually transmitted diseases, etc. May be retaken with advisor approval provided subtitle is different.
- 591 Women's Health. (3) A.** Analysis of the major health problems of contemporary women with a special emphasis on health promotion, disease prevention, and consumer health concerns.
- 592 Human Sexuality. (3) A.** Study of the biological, social, and psychological aspects of human sexuality. Directed primarily toward those individuals in situations which require them to assist others in understanding the broad impact of one's sexuality. Emphasis is placed upon student development of logical and reasoned justifications for their own value system.
- 593 Death and Grief. (3) A.** A study of attitudes, behaviors, and issues concerning death and grief. Topics include responses to death and grief throughout the life cycle; process of grief and bereavement; theology and death; legal aspects of dying; care of the dying; suicide; post-mortem care; death education.
- 594 Drug Abuse and Dependency. (3) I, II.** Study of the nature and progression of chemical abuse and dependency, and effects on the individual, family, and society. Includes study of strategies for prevention, intervention, and treatment.
- 595 Alcohol Abuse and Dependency. (3) A.** Study of the impact of alcohol related attitudes and behaviors on individuals and society. Includes study of influences on choices about alcohol, behavior change strategies, prevention, intervention, and treatment.
- 596 Approaches to Alcohol and Drug Treatment I. (3) I, II.** Prerequisites: HEA 594 or 595. Understanding and approaches in chemical dependency counseling, using international certification guidelines. Includes: screening, intake, orientation, assessment, intervention, education, referral, record-keeping, HIV, and consultation.
- 597 Approaches to Alcohol and Drug Treatment II. (3) I, II.** Prerequisite: HEA 596. Understanding and approaches in chemical dependency counseling, as identified in international certification guidelines. Includes: needs, counseling approaches, and ethics regarding special populations.
- 598 Health Promotion Program Planning. (3) I.** An introduction to principles, strategies, and skills which are necessary for the planning and implementation of health education and health promotion programs in a diversity of settings.
- 599 Violence Prevention in Schools and Communities. (3) I, II, III.** Exploration of the issues surrounding school and community violence and current strategies for intervention.
- HIS—History**
Dr. R. K. Huch, Chair
- 098 Introduction to World Civilizations. (3) A.** A course to meet the PCC deficiency in Social Sciences. This course will emphasize the way in which history is researched and written and will foster an understanding of how other related disciplines assist in historical analysis. This course does not count toward graduation.
- 142 Foundations of World Civilization. (3) I, II.** Formerly GSS 142. Focuses on pre-history, including theories of human origins and the

- development of culture and societies. Examines the Agricultural Revolution and the emergence of the first civilizations. Gen. Ed. 09.
- 200 Introduction to Historical Methods. (1) A.** Prerequisite: HIS majors only. Prerequisite or Corequisite for all upper division courses for HIS majors. Introduction to reading and writing techniques in History.
- 202 American Civilization to 1877. (3) A.** Transition from colonial to independent republic; social, cultural, and economic institutions derived from agrarian conditions; the influence of European foundations. Required of all majors and minors in history. Gen. Ed. 10.
- 203 American Civilization since 1877. (3) A.** Conflicts between demands of an industrial society and agrarian values; interrelationships between world expressions and American experience. Required of all majors and minors in history. Gen. Ed. 11.
- 231 Western Civilization I. (3) A.** Ancient Greece to the industrial revolution; institutions, ideas, and social and economic relationships basic to the modern world. Credit will not be awarded to students who have credit for GSS 246. Gen. Ed. 10.
- 232 Western Civilization II. (3) A.** Industrial revolution to present; transformation of cultural background through ideas, science, and industry, development of current western civilization. Credit will not be awarded to students who have credit for GSS 247. Gen. Ed. 11.
- 246 Preindustrial World Civilizations. (3) I, II.** Formerly GSS 246. Analyzes the pattern and historical development of agrarian civilizations, particularly in the Middle East (including North Africa), South Asia, East Asia, and Europe. Credit not awarded for both GSS 246 and HIS 231. Gen. Ed. 10.
- 247 Industrialism in World Civilizations. (3) I, II.** Formerly GSS 247. Examines the European origins of the Industrial Revolution and its global diffusion. Surveys the major political, social, and economic developments in the Industrial era. Credit not awarded for both GSS 247 and HIS 232. Gen. Ed. 11.
- 300 Topics in History: _____. (1-3) A.** Movements in history that have influenced and continue to influence the course of culture and civilization. May be retaken to a maximum of six hours provided topics vary.
- 301 History as Biography: _____. (3) A.** Prerequisite: three hours HIS or department approval. Explores the relationship between individual lives and important historical processes and events. Each section will focus on the life of one individual as a case study.
- 303 Women in American History. (3) A.** Prerequisites: three hours HIS or department approval. Social, economic, and cultural role of women in America. Women's work; social position and status; women in reform movements; feminism and the suffrage movements; the new feminism.
- 305 African-American History. (3) A.** Prerequisites: three hours or department approval. African history to 1500; Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery; emancipation; post-emancipation experiences and initiatives; persistence of black nationalism. Gen. Ed. 12.
- 312 Independent Study in History: _____. (3) A.** Individual research and/or reading on a problem area in history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.
- 315 History, Memory, and Film. (3) A.** Prerequisite: three hours HIS or department approval. The relationship between the discipline of History and human memory, that is the past as officially recorded and how people remember it. Particular attention will be paid to landmark historical films which will be used as case studies of how this media can affect our historical narratives.

320 History of the Arab World. (3) A.

Prerequisite: three hours HIS or department approval. A historical survey of the Arabs, with special attention to the Arab role in the development and spread of Islam, the interaction of the Arabs with other Middle Eastern peoples, and the Arab reaction to the challenge posed by the modern West, all significant factors in the political and cultural shaping of the contemporary Middle East.

330 Seminar in Contemporary World Civilization. (3) I, II. Formerly GSS 300.

Prerequisite: Three hours of social science or instructor approval. Does not apply to major or minor in history. Examines social issues that are global in scale, relates them to the continuing process of industrialization, and analyzes them within their historical and cultural contexts. Gen. Ed. 12.

336 Greco-Roman Civilization. (3) A.

Prerequisite: three hours HIS or department approval. Greek society and culture; emergence of the Roman Republic; the Roman Empire.

339 Medieval Civilization. (3) A.

Prerequisite: three hours HIS or department approval. The collapse of the Classical world; the Germanic migrations; early Byzantine and Islamic civilizations; the Carolingians; the church and society; feudalism; commercial and urban revival; the rise of territorial states and the beginnings of European expansion.

341 Europe, 1689-1815. (3) A. Prerequisite: three hours HIS or department approval. The Age of Reason; French, German, and British philosophes; 18th-century European politics and economic development; early industrialization; emergence of European dominance; the French Revolution.

342 Europe from 1815 to 1914. (3) A.

Prerequisite: three hours HIS or department approval. Congress of Vienna; revolutionary reform; liberalism; realism and nationalism; worldwide impact of Europe prior to World War I; industrialism; imperialism.

343 Europe in the Renaissance Era. (3) A.

Prerequisite: three hours or department approval. Society, culture, economy and politics in Europe, 1348-1533. The "Black Death" and its impact; Italian Renaissance humanism and art; Christian humanism, European expansion and colonialism in the age of Columbus.

344 Europe in the Reformation Era. (3) A.

Prerequisite: three hours HIS or department approval. Religion, society and politics in Europe, 1517-1689. The medieval and Renaissance legacies; the development of Protestant and Catholic reform movements; the age of religious wars.

345 English History to 1603. (3) A.

Prerequisite: three hours HIS or department approval. Roman Britain; Feudalism; rise of Parliament; Hundred Years' War; Reformation; Elizabethan Age.

346 English History from 1603 to present.

(3) A. Prerequisites: three hours HIS or department approval. Civil War; imperial expansion; beginnings of industrialization; Victorian Liberalism; two world wars and beyond.

347 Recent and Current World History, 1914 to present. (3) A.

Prerequisite: three hours HIS or department approval. World War I; peace settlement of 1919; problems of security; war debts and reparations; disintegration of peace settlement; World War II; the Cold War.

349 Cooperative Study: History. (1-8) A.

Prerequisite: departmental approval. Does not apply toward a major or minor in history. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

350 Modern Germany since 1848. (3) A.

Prerequisite: three hours HIS or department approval. Nationalism, liberalism, and the German problem; Bismarck and unification; industrialization and socialism; World War I; Weimar Republic and Depression; Hitler and the Third Reich; World War II and the Holocaust; Federal Republic and GDR; Cold War and beyond.

354 Modern France. (3) A. Prerequisite: 3 hours HIS or department approval. Economic, political, social, and cultural developments in France from 1789 to the present.

363 History of Russia. (3) A. Prerequisite: three hours HIS or department approval. Survey of Russian History from 860 to 1855. Cultural, economic, social, political and diplomatic development of Russia to the end of the Crimean War.

365 History of 20th Century Russia. (3) A. Prerequisite: three hours HIS or department approval. Cultural, social, economic and political events leading to the 1917 Revolution. The history of the Soviet Union including its recent Break-up into independent states.

374 East Asian History to 1600. (3) A.

Prerequisite: three hours HIS or department approval. China and Japan from the beginnings of East Asian civilization in Neolithic times to the early modern period; the development of key social, economic, and political institutions; the Confucian tradition and the introduction of Buddhism; the Mongol era; the late imperial order in China and the emergence of Japanese feudalism.

375 East Asian History since 1600. (3) A.

Prerequisite: three hours HIS or department approval. China and Japan from early modern times to the present; the formation of the Ch'ing order in China and Tokugawa Japan; foreign encroachments and internal revolt; the Meiji Restoration; late Ch'ing reform; the Revolution of 1911; worldism; the Pacific War; Civil War; Japan as superpower and Communist China.

378 Modern India. (3) A.

Prerequisite: three hours HIS or department approval. India since c.1500. Geographical, historical and institutional background to Modern India. Islam and the Mughal Empire. British India and Indian Nationalism. The independence movement. South Asia since independence.

383 Colonial Latin America. (3) A.

Prerequisite: three hours HIS or department approval. The colonial and independence years in Latin America, with emphasis on the conquest and settlement experiences, and the administrative, cultural, and socioeconomic trends in the colonies.

384 Modern Latin America. (3) A.

Prerequisite: three hours HIS or department approval. The national period in Latin American history, with emphasis on dependency theory, Roman Catholicism in the region, and United States-Latin American relations.

385 Early African History. (3) A.

Prerequisite: three hours HIS or departmental approval. History of Africa from earliest times to 1860. Emphasis on social, political, economic, and cultural change in states and societies; oral tradition; the environmental and human activities; slavery and the slave trades.

386 Modern African History. (3) A.

Prerequisite: three hours HIS or departmental approval. History of Africa from the 19th century to the present. Themes include: trade and politics; European conquest and African resistance; rural survival and urban popular culture; race, class, gender, ethnicity, and age; African nationalism and independence.

387 South Africa History. (3) A.

Prerequisite: three hours of HIS or departmental approval. Social, political, economic, and cultural history of South Africa with emphasis on 19th and 20th centuries. Themes include: African chiefdoms; white settlers and colonialism; mining and industrialization; segregation and apartheid; race, class, gender, ethnicity, and age; popular culture and social identities.

401 American Colonial Period. (3) A.

Prerequisite: three hours HIS or department approval. Political and social history of the 13 colonies and their neighbors; European background; settlement; westward expansion; intercolonial conflicts; beginnings of culture; colonial opposition to imperial authority.

402 Revolutionary America. (3) A.

Prerequisite: three hours HIS or department approval. Colonial background of Revolution; internal and external nature of Revolution; problems associated with Confederation; events leading to the American Constitution.

403 Jacksonian America, 1824-1848. (3) A.

Prerequisite: three hours HIS or department approval. Political, social, and economic transformation in an era of general exuberance.

405 America's Westward Expansion. (3) A.

Prerequisite: three hours HIS or department approval. Colonial frontier; trans-mountain movements; Indian problems; Manifest Destiny; the sectional struggle; mining; railroads; cattle; agriculture.

406 Nineteenth-Century South. (3) A.

Prerequisites: three hours HIS or department approval. Emphasis on slavery and emancipation in the American South, on plantations and farms, through war and reconstruction, and into the industrial transformation of the New South.

407 American South in the 20th Century. (3) A.

Prerequisite: three hours HIS or department approval. The American South in a modernizing and industrial age; racial capitalism and labor activism; perceptions of Southern "backwardness" and governmental modernization efforts; the Black liberation movement.

408 The Early Republic, 1789-1824. (3) A.

Prerequisite: three hours HIS or department approval. U. S. Constitution and subsequent political developments; early growth of capitalism and its social consequences; changes in gender and racial ideologies; Native American resistance and westward expansion of the United States.

411 America, 1877-1920. (3) A.

Prerequisite: three hours HIS or department approval. Western expansion; industrialization; America's becoming a world power; reform movements; immigrants', African-Americans', and women's lives; World War I; popular culture.

412 U.S. in Peace and War, 1920-1945. (3) A.

Prerequisite: three hours HIS or department approval. The 1920's; the New Deal; the changing role of government; America's role in world affairs; World War II; popular culture.

413 America Since 1945. (3) A.

Prerequisite: three hours HIS or department approval. Cold War; problems of world leadership; Korea, Vietnam, the Gulf; affluence and recession; the reality and conflicts of pluralism; crises in political, social, and economic life.

415 American Economic History. (3) A.

Prerequisite: three hours HIS or department approval. Cross listed as ECO 415. Factors spurring and hindering American growth and development from the colonial period through the present. Credit will not be awarded to students who have credit for ECO 415.

420 Appalachia in America History. (3) A.

Prerequisite: three hours HIS or department approval. The relationship between Appalachia and the rest of the United States. Topics include the "yeoman" myth, coal industrialization, settlement houses, company towns, and the identification of the region with poverty.

424 Civil War and Reconstruction. (3) A.

Formerly HIS 507. Prerequisite: three hours HIS or department approval. Intellectual, social, and political roots of the sectional crisis; military and social perspectives on the war years; the continuation of the sectional crisis in Reconstruction.

433 American Diplomatic History. (3) A.

Prerequisite: three hours HIS or department approval. American foreign relations from the late 19th century to the present; emphasis on development of major trends such as isolationism, imperialism, and internationalism.

449 Readings in History. (3) A.

Prerequisites: HIS major and three hours upper-division HIS. Reading and analysis of important historic literature.

450 Senior Seminar in History (3) A.

Prerequisites: HIS major and six hours of upper-division HIS, passage of UWR, and completion of at least one required term paper, or departmental approval. Research and writing in History.

474 Transformation of China. (3) A.

Prerequisites: three hours HIS or department approval. The transformation of China from the Qing dynasty (1644-1911) to the People's Republic; the impact of the West; the Nationalist government, the rise of the Chinese Communist party, and the Cultural Revolution.

475 History of Modern Japan. (3) A.

Prerequisite: three hours HIS or department approval. Japan from 1600 to the present. Included will be the arrival of the West, industrialization, militarism, World War II, and Japan as economic superpower.

516 Kentucky History. (3) A. Prerequisite: three hours HIS or department approval. Social, economic, and political survey; Kentucky's role in national developments.

**HNF—Health Information
Frances Hindsman, Coordinator**

202 Health Information Processing. (3) II.

Prerequisites: HNF 310 and CIS 212 or CSC 104. Survey of health information systems, systems analysis and health data base management. Blocked during the first half of the semester.

203 Fundamentals of Medical Science. (4) I, II. Prerequisites: CHS 200, BIO 171, and 301. An introduction to the study of disease—its causes, symptoms, and treatment. 5 Lec/Lab.

305 Health Information Standards. (3) I, II.

Prerequisite or Co-requisite: HNF 203. Medical record content, methods of maintaining licensure, certification and accreditation standards relative to medical record documentation and health information management.

306 Medical Nosology. (3) I, II. Prerequisite or Co-requisite: HNF 203 or departmental approval. Coding and classification of symptoms, diseases, operations, and procedures according to ICD-9-CM. Manual and computerized coding of hospital records and DRG assignment. 2 Lec/2 Lab.

308 Specialized Health Records and

Registries. (2) II. Prerequisite: HNF 305. Maintenance of health records in non-hospital health care facilities; organization, functions, and procedures of specialized registries.

310 Healthcare Data Quality and

Utilization. (4) I. Prerequisites: MAT 105, 107 or STA 215. Prerequisite or Corequisite: HNF 305. Healthcare data analysis for administrative uses in quality improvement and utilization management.

311 Practical Applications in Health Information Technology. (2) II. Prerequisite: CIS 212 or CSC 104, HNF 314. Discussion of trends, updates, case studies and problem-solving activities related to health information technology.

312 Medical Record Technical Practice. (6) I, II. Internship assignment to hospital medical record/health information departments for observation and practice of technical medical record functions. Blocked during the second half of the semester.

314 Advanced Medical Nosology. (3) I, II. Prerequisite: HNF 306. HCPCS and ICD-9-CM coding and reimbursement systems for physician services and hospital inpatient and outpatient services. 4 Lec/Lab.

316 Health Information Technical Practicum. (3) A. Prerequisite: HNF 314, HNF 401. Assignment to hospital medical record departments for observation and practice of certain technical medical record functions (designed primarily for four year baccalaureate and post-baccalaureate students).

332 Legal Principles for Health Care Professionals. (2) II. Prerequisite: CHS 100. Basic aspects of law and its implications for health care, including professional liability, confidentiality, consents and authorizations, and contemporary issues.

370 Health Information Management Systems. (3) I. Prerequisite: CHS 100, CIS 230, Junior Standing (A minimum of 60 hours). Health information systems, systems analysis, and health data base management.

401 Legal Issues in Health Care. (3) II. Prerequisite: CHS 100, Junior Standing (A minimum of 60 hours). Legal status, documentation requirements, and liability related to medical records and health care issues.

405 Clinical Information Management. (3) II. Prerequisite: SPE 300, HNF 406. Review of health trends related to the management of clinical information systems. Course format will include mock committee meetings and role playing. Blocked during first half of the semester.

406 Health Care Quality Management. (3) I. Prerequisites: CHS 100, STA 215 or 270, Junior Standing (A minimum of 60 hours). A study of total quality management, utilization review, and risk management functions in a health care setting.

407 Health Information Management. (3) I. Prerequisites: MGT 320, HNF 312 or 316. Application of management principles to the administration of hospital medical record/health information departments.

409 Health Services Research Methods. (3) I. Prerequisites: CHS 100, STA 215 or 270, Junior Standing (A minimum of 60 hours). Introduction to the process of research, related terminology and statistical techniques, significance to health care, critique of published research articles, and development of a protocol.

410 Advanced Health Information Management. (2) II. Prerequisite: HNF 370 and 407. Advanced study in trends relating to health information management and the role of the health information professional. Blocked during the first half of the semester.

412 Health Information Management Practicum. (6) II. Internship assignment to hospital medical record/health information departments for observation and practice of management functions. Blocked during the second half of the semester.

498 Independent Study in Health Information. (1-6) A. Prerequisite: Student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an issue or area of interest to the health information profession. May be retaken to a maximum of six hours.

**HON—Honors Program Courses
TBA, Provost and Vice President**

100 Honors Seminar. (1) I. This course is designed to be an introduction to the Honors Program and will include selected readings and discussions, guest speakers, and enrichment experiences.

102 Honors Rhetoric. (6) I. Designed to improve skills in writing, reasoning, oral presentation, and research. Each student will do a research paper that requires both significant use of library resources and the development of a cogent line of argument. Gen. Ed. 01 and 02.

205 Honors Humanities I. (3) II. This course (together with HON 306) provides a survey of great works in the humanities from ancient times to the twentieth century. Gen. Ed. 05.

210 Honors Civilization I. (3) II. Analyzes the historical development of Western and other major civilizations to the eve (c. 1700) of the Industrial Revolution with emphasis on: Ancient Greece, the historical setting for an Asian Religion, Europe c. 1300, and Europe c. 1650. Gen. Ed. 10.

304 Special Topics. (3) A. Prerequisite: student must be in the Honors Program or have honors director approval. A topics course meeting the goals of the Honors Program as well as those of General Education category 04. May be retaken with different topics to a maximum of six hours.

306 Honors Humanities II. (3) I. This course (together with HON 205) provides a survey of great works in the humanities from ancient times to the twentieth century. Gen. Ed. 06.

308 Special Topics. (3) A. Prerequisite: student must be in the Honors Program or have honors director approval. A topics course meeting the goals of the Honors Program as well as those of General Education category 08. May be retaken with different topics to a maximum of six hours.

311 Honors Civilization II. (3) I. Analyzes the economic, political, and intellectual forces that have changed the world since c. 1700 A.D. with emphasis on the French Revolution, the Industrial Revolution, Imperialism, the World Wars and the Emergence of the Third World. Gen. Ed. 11.

312 Special Topics. (3) A. Prerequisite: student must be in the Honors Program or have honors director approval. A topics course meeting the goals of the Honors Program as well as those of General Education category 12. May be retaken with different topics to a maximum of six hours.

315 Honors Science. (3) II. Prerequisite: student must be in the Honors Program or have honors director approval. In-depth treatment of a centrally important concept or conceptual scheme in science, illustrating the nature of scientific inquiry and the relationship between science and other human endeavors. Class discussion and writing will be stressed. Gen. Ed. 15.

316 Special Topics. (3) A. Prerequisite: student must be in the Honors Program or have honors director approval. A topics course meeting the goals of the Honors Program as well as those of General Education category 16. May be retaken with different topics to a maximum of six hours.

320 Special Topics. (3) A. Prerequisite: student must be in the Honors Program or have honors director approval. A topics course meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours.

390 Directed Topics in Honors. (1-3) A. Prerequisite: Approval of honors program director. Specialized study of selected topics usually culminating in an official presentation at a conference such as the National Collegiate Honors Conference. Student must have the special topics proposal form approved by a faculty mentor prior to enrollment. May be retaken with different topics to a maximum of six hours.

420 Thesis Project and Seminar. (3-6) I, II. An in-depth thesis or major project, approved by the honors director, and presented in a suitable format within the seminar.

**HPR—General Physical Education
Dr. Lonnie J. Davis, Chair**

180 Fitness and Wellness. (1) I, II. An examination of wellness concepts associated with physical and motor fitness with lecture and laboratory experiences for individual assessment, practice of exercise systems, and improvement of body function. Gen. Ed. 17.

282 Exercise, Movement, and Sports Skills. (1) I, II. Course focuses on skill acquisition and improvement of function through selected activities in sports, dance, aquatics, and exercise systems. Gen. Ed. 18.

**HPR—Lifetime Activity Series
Dr. Lonnie J. Davis, Chair**

190 Wellness Experience: _____. (1-2) I, II. Wellness activities of current interest and/or need for students. May be retaken to a maximum of six hours, if subtitles are different.

390 Lifetime Activity Series: _____. (1/2-2) I, II. A series of activities suitable for participation throughout life. Includes rules, skills, techniques, and strategies. May be retaken to a maximum of four hours toward graduation requirements.

HSO—Health Sciences Orientation

Dr. David D. Gale, Dean

100 Academic Orientation. (1) A. Formerly ANO 100 and CHO 100. Orientation to the academic life and career preparation with emphasis on University regulations, catalog details, registration, career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

HUM—Humanities

Dr. Jose L. Varela, Chair

124 Humanities and the Search for Meaning. (3) I, II. Seniors must have approval of the department chair. No credit after earning nine or more hours of general education humanities. Through study of works of literature, visual art, and music, this course introduces students to integrated thinking as a way of living meaningfully in today's world. Gen. Ed. 07 or 08.

226 The Search for Meaning: The Ancient World. (3) I, II. Prerequisite: HUM 124. Through study of works of literature, visual art, and music, this course focuses on the significant ideals of ancient and medieval cultures and on integrative processes that gave rise to them. Gen. Ed. 05.

228 The Search for Meaning: The Modern World. (3) I, II. Prerequisites: HUM 124 and 226 or HUM 124 and ENG 211. Study of selected works of literature, philosophy, visual art, and music since the European Renaissance with emphasis on the creativity and responsibility of the individual. Gen. Ed. 06.

300 Humanity in the Postmodern Age. (3) A. Prerequisites: HUM 226 or ENG 211 and HUM 228 or ENG 212. Students will reflect on key questions about modern and postmodern life as they emerge in literature, philosophy, visual art, music, and film since 1945. Gen. Ed. 08.

400 Topics in Humanities. (3) A. An examination of a selected topic for the purpose of increasing one's understanding of the human experience. Study of the topic will involve an interdisciplinary approach and a global perspective. May be retaken to a maximum of six hours if the topic is different each time.

410 Humanities Seminar. (3) A. Prerequisite: departmental approval. In this course, students will examine interdisciplinary methodologies and will work together and independently on interdisciplinary projects. They will learn about resources appropriate to the study of humanities, and they will be given opportunities to experience the creative process firsthand.

IDH—Interior Design

TBA, Chair

224 Interior Materials and Components. (3) I, II. Prerequisite: IDH 121 or consent of instructor. Investigation of interior finish materials and component systems used in the design profession: their properties, performances, application and installation techniques, as well as the appropriate trade sources.

322 Studio II: Residential Design. (3) I. Prerequisites: GPA 2.5 (major) ADM 302 and IDH 222; CON 250. Corequisite or Prerequisite: ADM 302. Programming, space planning, and study of functional and aesthetic aspects of residential environments, resulting in appropriate oral and visual presentations.

326 Studio III: Contract Design I. (3) II. Prerequisite: IDH 322. Corequisite: CON 350 and IDH 329. Programming, space planning, and application of design elements and principles in contract design, resulting in appropriate oral and visual presentations.

329 Environmental Control Systems. (3) I. Corequisite: IDH 326. An introduction to lighting,

acoustics, HVAC systems, energy conservation, and other environmental controls. Emphasis on the theory and practical application of these systems in interior spaces. 2 Lec/2 Lab.

422 Studio IV: Contract/Residential Design II. (3) I. Prerequisites: IDH 326, 329, and 428. Analysis, organization, advanced programming and commercial and residential interior environments, emphasizing special populations and institutional design, resulting in functional and aesthetic design solutions.

IES—Foreign Exchange Studies

Dr. Neil Wright, Director

300 Foreign Exchange Study. (1) I, II. Prerequisite: sophomore standing, and approval from the International Director as an appointed exchange student. This course may be repeated for each semester spent studying abroad and is a Satisfactory/Unsatisfactory course.

400 Foreign Exchange Studies. (1) I, II. Students attending foreign institutions as exchange students with tuition waivers must be enrolled in GSE 400 during the exchange semester.

INS—Insurance

Dr. Jessica Johnson Frazier, Chair

349 Cooperative Study in Insurance. (1-3) A. Prerequisites: GPA 2.0 and departmental approval. Co-curricular work experience under the direction of faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required per credit hour.

370 Principles of Risk and Insurance. (3) I, II. Theory and practice of insurance and its economic and social significance; basic life, health, and property-liability insurance for organizations and families; review of the major lines of insurance.

372 Fundamentals of Property-Liability Insurance. (3) A. Prerequisites: INS 370 or instructor approval. Planning and evaluating non-personal property-liability insurance; analysis of insurance coverage against pure risk related to property-liability insurance exposure.

374 Fundamentals of Life and Health Insurance. (3) A. Prerequisites: INS 370 or instructor approval. Analysis of life and health insurance and annuity products available in the individual market. Includes a discussion of systems for determining the individual's life and health insurance needs.

378 Risk Management. (3) A. Risk Management as used by organizations; basic functions of risk management with emphasis placed on risk management decision making.

380 Personal Risk Management. (3) A. Prerequisite: INS 370 or instructor approval. An intensive examination of personal loss exposures and their treatment. Emphasized is the use of risk management techniques. Topics include property and liability loss exposures for personal automobile, homeowners, premature death, illness, accidental injury, superannuation, investment risks, and estate planning.

400 Seminar in Insurance. (1-3) A. Prerequisite: instructor approval. Selected topics of special and contemporary interest to insurance majors. May be retaken under different subtitles to a maximum of six hours.

474 Life Insurance and Estate Planning. (3) A. Prerequisite: INS 374 or instructor approval. Role of life insurance, gifting and trusts in estate planning; considerations of developing an estate plan for the individual or the family.

476 Employee Benefit Planning. (3) A. Formerly INS 376. Prerequisite: INS 370 or instructor approval. Employee benefit plans including taxation, costs, and choices of funding. Includes an analysis of the role of employee benefit plans in meeting the risks of death, sickness, disability and superannuation.

486 Insurance Company Operations. (3) A.

This course examines unique insurance functions including underwriting, reinsurance, ratemaking, claims adjusting, loss control and other insurer activities. It will prepare the student for an examination administered by the American Institute for CPCU. Capstone course.

490 Special Problems in Insurance. (1-6) A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a maximum of six hours. Independent work, special workshops, special topics, or seminars. Student must have the independent study course proposal form approved by faculty supervisor and department chair prior to enrollment.

INT—Industrial Technology

Dr. William E. Davis, Chair

101 Introduction to Manufacturing. (3) I, II. A study of future trends and careers in manufacturing. A survey of the manufacturing enterprise. Nature, scope, and general functional characteristics of manufacturing technology.

142 Basic Wood Processing. (3) A. Manufacturing processes involved in the production of lumber, plywood, and other primary wood products; furniture, cabinets, millwork, and other secondary wood products. Laboratory activity includes instruction in the use of basic woodworking tools and machines, and the production of a small piece of furniture. 2 Lec/2 Lab.

143 Wood Products Industry Exploration. (1) A. Independent exploration of the wood products industry through on-site visitation, observation, and interviews. Each student will be expected to visit at least three different industries.

192 Descriptive Geometry. (3) II. Prerequisite: TEC 190. Application of the theory of orthographic projection to the graphical representation and solution of three-dimensional problems. 2 Lec/2 Lab.

195 Computer Aided Drafting. (3) I, II. Prerequisite: TEC 190. A study of the computer aided drafting (CAD) software commands. Content will include basic fundamentals, drawing and editing commands, input/output methods, and industry application. 2 Lec/2 Lab.

201 Metallic Material Processes. (3) I, II. Introduction to manufacturing processes involving metallic materials. Families of processes covered are casting, molding, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

202 Quality Control. (3) I, II. Prerequisite: STA 270 or QMB 200. Basic concepts of statistical quality control as applied to manufacturing operations. Topics include control charts, acceptance sampling, product reliability, quality costs, and quality planning.

238 Industrial Materials. (3) I, II. Prerequisite: CHE 101. Structure, composition, properties, and common industrial applications of metals, plastics, woods, composites, ceramics, and other materials. Use of common testing machines for standard materials testing. 2 Lec/2 Lab.

242 Furniture and Cabinet Construction. (3) A. Prerequisite: INT 142 or TEC 141. Principles of furniture and cabinet construction, elements of structural design, advanced woodworking operations; care and sharpening of tools; related technical information; furniture and cabinet construction and finishing. 2 Lec/2 Lab.

244 Wood and Wood Products Technology. (2) A. Structure, identification, and properties of wood; wood deterioration; wood seasoning; properties and uses of selected wood products. 2 Lec/2 Lab.

301 Non-Metallic Material Processes. (3) II. Prerequisite: INT 238. Introduction to manufacturing processes used to shape or form wood, plastic, and composite materials. Families of processes covered are casting, molding, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

308 Methods Efficiency Measurement. (3) I, II. Prerequisite: STA 270 or QMB 200. An examination of the human factors in motion and time study, motion economy, analysis and charts, photographic and electronic techniques, film analysis, effort rating, work measurement, direct time study, predetermined time study, and standards for pay and production.

310 Computer Communications in Industry. (3) I. Prerequisites: ENG 102, TEC 161, and 190. A conceptual approach to computer aided communication systems typically applied in industrial environments. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documents and presentation materials.

320 Manufacturing Simulation. (3) A. Pre/Co-requisites: INT 202 and 308. A laboratory course which examines basic plant layout configurations and material flow. A critical evaluation of the application of computers to control material flow plus computer simulation to analyze various options for shop floor scheduling and tracking. 2 Lec/2 Lab.

330 Dimensional Metrology. (3) A. Prerequisite: MAT 108 and TEC 190. A study of geometric dimensioning and tolerancing as used in detail working drawings and the principles, standards, equipment, and techniques of precision electronic and mechanical measurement. 2 Lec/2 Lab.

332 Process Control and Auditing. (3) A. Prerequisite: INT 202. An advanced study of the Statistical Process Control methods and procedures in industry, and auditing as a method of evaluating the documentation, implementation, and effectiveness of a Quality System.

336 Reliability and Sampling. (3) A. Prerequisite: INT 202. An overview of reliability, testing, and sampling theories. Topics include component and system reliability, product safety, sampling plans, control charts, and standards.

343 Industrial Finishing. (3) A. Prerequisite: INT 244. Materials and methods of industrial finishing; new finishing methods, including robotics applications; material handling; practice in the application of spray finishes. 2 Lec/2 Lab.

344 Furniture Production. (3) A. Prerequisites: INT 202 and 242. Industrial machines and processes used in the manufacture of furniture, production planning, prototype construction, and production operations. The class mass-produces a piece of furniture. 2 Lec/2 Lab.

352 Automated Technology Devices. (3) A. Prerequisite: EET 251. The electronic hardware used in computer integrated manufacturing. Topics include PLCs, interfacing devices, sensors, data entry and bar coding, motors, ADCs, and DACs. 2 Lec/2 Lab.

371 Hydraulics and Pneumatics. (3) II. Principles of the operation, construction, control, and application of hydraulic and pneumatic components and circuits. The study of control applications includes manual, mechanical, fluid, electrical, and computer controlled fluid circuits. 2 Lec/2 Lab.

382 Machine Tool Processes. (3) A. Prerequisites: INT 201 and 238. A laboratory course involving turning, drilling, sawing, milling, grinding, and precision layout and measuring. Activities include the making of tools, the setup of an automatic turret lathe, and the programming of an NC milling machine. 2 Lec/2 Lab.

383 CAD/CAM Integration. (3) A. Prerequisites: INT 201 and 238. The use of computer application software to link data bases created with computer aided design software to computer numerical controlled machine tools. 2 Lec/2 Lab.

390 Advanced Computer Aided Design. (3) A. Prerequisite: INT 195. A study of advanced topics in three-dimensional computer aided design. The content will include advanced modeling and rendering. 2 Lec/2 Lab.

392 Computer Aided Machine Drawing. (3) I. Prerequisites: INT 195. Computer generated detail and assembly drawings. Topics include threads and fasteners, gearing and cams, and dimensioning and tolerancing. 2 Lec/2 Lab.

397 Advanced Machine Drawing. (3) A. MFG 397. Prerequisites: INT 390 and 392. Advanced machine drawing applications to include detail and assembly drawings, threads and fasteners, gearing and cams. Emphasis on shape description. 2 Lec/2 Lab.

406 Manufacturing Planning Systems. (3) I, II. Prerequisites: INT 202 and 308. A senior project course which examines consumer needs, product design, product engineering, tooling-up for production, establishing production and quality standards, planning and controlling production, and quality.

408 Human Resource Development. (3) I, II. Topics in human relations and production management. To be scheduled the semester before graduation.

444 Manufacturing Practicum. (9) A. An in-plant experience for senior students in manufacturing technology. Through specific directed activities and assignments, students apply classroom learning to real-world situations. A total of 400 clock hours of work experience required.

445 Millwork and Casework Production. (3) A. Planning, estimating, and production of architectural millwork and casework. Materials, machines, and processes used in millwork production. 2 Lec/2 Lab.

494 Machines and Mechanisms. (3) A. Prerequisites: CON 303 and MAT 261. A study of kinematics and dynamics as they relate to mechanisms and machines. Emphasis will be placed on the content of theory, analysis, design, and practice.

499 Manufacturing Senior Project. (3) A. Prerequisite: Instructor approval. A synthesis experience involving the approval of realistic manufacturing problems. Emphasis is placed on teamwork and group effort. 2 Lec/2 Lab.

506 Total Quality Control. (3) A. Prerequisite: INT 202. A study of total quality control as it relates to the integration of all functions and processes within an organization in order to achieve continuous improvement of the quality of goods and services.

530 Manufacturing Experiment Design. (3) A. Prerequisites: INT 332 and 336. Principles and practices of efficient experiment design for industry. Topics include the philosophy of experiment design, comparison of various designs, hypothesis testing, and the analysis of data.

ITA—Italian
Dr. Jose L. Varela, Chair

101 Conversational Italian I. (3) A. Basic Italian pronunciation, conversation, and grammar taught in a cultural context. Laboratory work required. Gen. Ed. 03 or 04.

102 Conversational Italian II. (3) A. Recommended: ITA 101 or equivalent. Laboratory work required. Continuation of ITA 101. Gen. Ed. 03 or 04.

495 Independent Work in Italian. (1-3) A. Prerequisite: departmental approval. May be retaken to a maximum of six hours provided the subject matter is different. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

ITP—Interpreter Training Program
Dr. Katherine Polmanteer, Acting Chair

115 Heritage and Culture of the Deaf. (3) A. Formerly SED 115. Prerequisite: ASL 101, 102 or permission of instructor. Overview of the psychological, sociological, and cultural impacts of deafness upon children and adults. Explores how

deafness can affect the individual's development in language, communication, cognition, and psychological-social-emotional growth. Examines historic relations between deaf and hearing, and compares deaf culture with that of the hearing world.

215 Voice to Sign: Theory. (3) A. Formerly SED 125. Prerequisites: ASL 201, ITP 115 or instructor approval. A study of terminology, procedures and ethical professional considerations relevant to interpreting and transliterating. Topics include Registry of Interpreters for the Deaf, Code of Ethics application, structuring the interpreting environment, communication assessment, human relations skills, historic developments, and current trends.

220 Preprocessing Interpreting Skills. (3) II. Prerequisites: ASL 101, 102, 201. Practice of cognitive skills used in the process of interpreting. Skills include visualization, prediction, listening, memory, abstracting, closure, dual tasking, and lag time. Clinical hours required.

230 Sign to Voice: Theory. (3) I. Formerly SED 230. Prerequisites: ASL 201, ITP 215 or instructor approval. Development of sign-to-voice interpreting and transliterating skills progressing from consecutive to simultaneous interpreting and transliterating in a variety of settings. Clinical hours required.

310 Interpreting As Private Practice. (1) I. Prerequisites: ITP 215, 220 or instructor approval. Analysis of the interpreter job market, working conditions, pay scales, business practices, resources, independent contracting, and freelance interpreting. Clinical hours required.

315 Fingerspelling. (3) I, II. Formerly SED 120. This course is designed to supplement American Sign Language ASL 101 and ASL 102. The course will focus on aspects of receptive and expressive fingerspelling and numbers in ASL.

320 Voice to Sign: Interpreting. (3) A. Formerly SED 225. Prerequisites: ITP 215, 220 and ASL 301 or permission of instructor. Development of voice-to-sign interpreting skills progressing from consecutive to simultaneous interpreting in a variety of settings. Clinical hours required.

370 Settings and Interpreting Specialties. (3) II. Prerequisite: ITP 215 or instructor permission. Large audience and team interpreting situations. Observation and modeling of interpreting services for oral deaf consumers and educational interpreters. Clinical hours required.

390 Linguistics and ASL I. (3) II. Prerequisites: ASL 101, 102, 201, 202 or instructor's permission. Overview of linguistics; phonology, morphology and language change in a variety of languages and American Sign Language. Analysis of ASL and spoken languages. Clinical hours required.

420 Voice to Sign: Transliterating. (3) I. Formerly SED 265. Prerequisites: ASL 302, ITP 230 and 320. Development of voice-to-sign transliterating skill used in educational and community settings. Introduction of English sign systems. Clinical hours required.

425 Sign-to-Voice: Interpreting. (3) I, II. Prerequisite: ITP 230, ASL 301 or instructor approval. Training and practice in sign-to-voice interpreting in educational and community settings. Register and text analysis of ASL including sequencing, paraphrasing, and vocal production. Clinical hours required.

430 Simulation of Interpreting Specializations. (3) I. Prerequisite: ITP 370 or instructor's permission. Study of interpreting/transliterating in specific settings involving vocational rehabilitation, theatrical, deaf-blind, legal, medical, and mental health. Clinical hours required.

470 Pre-practicum in Interpreting. (3) I. Prerequisite: ITP 370 or instructor's permission. Observation and interpreting experience under the supervision of a mentor(s) in a variety of settings. Clinical hours required.

480 Practicum in Interpreting. (12) I, II.

Prerequisite: ITP 370 and Departmental approval. A structured full time practicum interpreting experience under the direct supervision of a mentor(s) in an educational, public or private setting. Students will interpret, participate in professional growth activities, keep professional journals and adhere to all guidelines and requirements in the ITP 480 student practicum handbook. Potential practicum sites may be local, state wide, regional or national.

490 Linguistics and ASL II. (3) I.

Prerequisite: ITP 390 or instructor's permission. Overview of syntax, discourse, and sociolinguistics. Analysis of American Sign Language and spoken languages. Clinical hours required.

JOU—Journalism

Dr. Renee Everett, Chair

302 Newspaper Practicum. (1-3) I, II.

Supervised practical newspaper experience in a journalistic operation. May be taken to a maximum of three hours.

305 Feature Writing. (3) A. Prerequisites: ENG 101 and 102 (or 105). Writing and submitting articles for publication in newspapers and magazines. Involves studying requirements of periodicals to which sale is attempted and free-lancing methods in general.

307 Editorial and Opinion Writing. (3) A. Prerequisite: COM 201. Study of editorials, editorial columns, commentary pieces, reviews and criticism. Examines editorial boards, generating ideas for columns, and writing book, theater and film criticism. Provides practice in writing opinion pieces for publication.

310 News Editing. (3) I, II. Prerequisite: COM 201. Understanding the editing process in newspapers and magazines. Examines content and style editing, headline writing and publication design. Explores new technology as an editing tool. Provides both theory and practice in editing.

325 Photojournalism. (3) I, II. Reporting the news as a photojournalist. Stresses recognition, development and creation of news photographs and the skills of the photo editor. Provides experience in shooting, developing, printing and editing. Uses both conventional methods and digital technology.

349 Cooperative Study: Journalism. (1-8) A.

Prerequisites: junior standing, "B" average in all courses within the department, and departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours of academic credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each hour of academic credit. May not satisfy major or minor requirements within the department.

401 Public Affairs Reporting. (3) A.

Prerequisite: COM 201. Writing and reporting about national, state, and local government and specialized fields of labor, science, research and business. Includes writing and reporting for wire services and daily newspapers.

410 Advanced Photojournalism. (3) A.

Prerequisite: JOU 325. Study of newspaper and magazine photojournalism with emphasis on the photographic essay, the role of the photojournalist and the photo editor, and digital technologies. Provides experience in black and white and color photography.

415 Advanced Editing. (3) A. Prerequisite: JOU 310. Intensive study of newspaper design. Emphasizes practice in electronic editing, headline writing, and layout.

425 Community Journalism. (3) A.

Prerequisites: COM 201 and JOU 310. Writing and reporting for community newspapers. Includes investigating local government and local sources of information and studying the role and performance of the community newspaper.

450 Newspaper and Magazine Management.

(3) A. Prerequisites: COM 201 and JOU 310. Problems of organization, finance, production, and distribution of daily and weekly newspapers and magazines. Examines factors involved in publishing, staffing, equipment evaluation and purchase, and policy formulation.

480 Writing and Selling Nonfiction. (3) A.

Prerequisite: ENG 101 and 102 or 105 (or HON 105). How to write and sell nonfiction articles for magazines. Credit will not be awarded to students who have credit for ENG 500/700 taught as "Writing for the Popular Media."

JPN—Japanese

Dr. Jose L. Varela, Chair

101 Conversational Japanese I. (3) I, II. An introduction to the grammar and structure of Japanese taught in cultural context. Practice in pronunciation, reading, and writing systems with an emphasis on conversation. Gen. Ed. 03 or 04.

102 Conversational Japanese II. (3) A.

Recommended: JPN 101 or equivalent proficiency. Continuation of JPN 101. Emphasis on conversation. Students entering JPN 102 by referral or placement will receive three hours credit for JPN 101 if they make an "A" in 102. Laboratory work required. Gen. Ed. 03 or 04.

201 Intermediate Japanese I. (3) A.

Recommended: JPN 102 or equivalent proficiency. Continuation of JPN 102. Practice in writing kanji, reading, and speaking on cultural topics for diverse social settings requiring increasingly complex structural patterns. Students entering JPN 201 by referral or placement receive six hours credit for JPN 101 and 102 if they make an "A" or "B" in 201. Gen. Ed. 03, 04, 07, or 08.

202 Intermediate Japanese II. (3) A.

Recommended: JPN 201 or equivalent proficiency. Continuation of JPN 201 to strengthen student's ability to interact in more diverse social settings requiring increasingly complex structural patterns. Students entering JPN 202 by referral or placement receive nine hours credit for JPN 101, 102, and 201 if they make an "A" or "B" in 202. Gen. Ed. 03, 04, 07, or 08.

295 Independent Work in Japanese. (1-3) A.

Prerequisite: departmental approval. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

495 Independent Work in Japanese. (1-3) A.

Prerequisite: departmental approval. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

JSO—Justice & Safety Orientation

Dr. Gary Cordner, Dean

100 Academic Orientation. (1) I. Formerly LEO 100. An orientation to university academic life and career planning and preparation. Topics include University policies and procedures, program requirements, career opportunities and introductory study skills. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

LAS—Paralegal

Dr. James McCord, Director

210 Introduction to Law. (3) I, II. General study of the purpose, function, and history of law; law-related occupations; court systems; case law analysis; professional ethics; the adversary system; and the major areas of law.

220 Legal Research and Writing I. (3) I, II.

Formerly LAS 211. Prerequisite: LAS 210 or director

approval. The sources and techniques of legal research; their application to specific legal problems and the use of legal authority to construct a written legal argument.

300 Legal Research and Writing II. (3) I, II.

Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing, the use of computer-assisted legal research methods and their application.

304 Your Legal Rights, Remedies, and Responsibilities. (3) A. Formerly LAS 101. Practical law to assist the individual in anticipating and dealing with typical legal needs. Topics will include landlord-tenant problems, consumer rights, personal liability, wills, arrest, divorce, and others. Does not count toward the paralegal major requirements.

305 Special Topics in the Law. (1-3) A.

Prerequisite: director approval. A course offered periodically covering topics and issues of current or special interest concerning the law. May be retaken to a maximum of six hours provided topics vary.

320 Civil Law and Liability. (3) I, II.

Formerly LAS 302. Prerequisite: LAS 210 or director approval. Study of legal principles and paralegal practice in torts, contracts, Uniform Commercial Code, collections, employee benefits and insurance.

325 Real Estate/Bankruptcy Practice. (3) I, II.

Formerly LAS 301. Prerequisite: LAS 220. Paralegal practice and procedure for general law office; real estate transactions and documents, title searches, title insurance, loan closings, leases, wills, affidavits of descent, foreclosures, and bankruptcy.

330 Family Law Practice. (3) A. Formerly LAS 310. Prerequisite: LAS 220. Paralegal practice in family law including forms, documents, and procedures for: marriage, divorce, separation, annulment, alimony, legitimacy of children, custody, adoption, community property, and juvenile law.

340 Criminal Law Practice and Procedure.

(3) A. Prerequisite: LAS 220 or director approval. An introduction to criminal law and procedure; criminal law forms and documents, and preparation for criminal litigation using the systems approach.

350 Litigation Practice and Procedure. (3) A.

Prerequisite: LAS 220 and 320 or director approval. Paralegal trial preparation including investigation techniques, discovery, disclosure, exhibit preparation, witness preparation, pretrial motions, evidence, jury instructions, trial assistance, and appeals, emphasizing the systems approach.

360 Probate Practice and Procedure. (3) I, II.

Formerly LAS 390. Prerequisite: LAS 220 or director approval. Paralegal probate practice including initial steps, asset accumulation, debt management, court procedure, estate-related tax issues and forms. A systems approach will be emphasized.

365 Trial and Era: A Legal Heritage. (3) A.

A study of famous and significant court trials and the dynamic and dramatic way in which the trial brings together the legal philosophies and social attitudes of the times. Does not count toward the paralegal major requirements.

370 Corporations and Business

Organization Practice. (3) A. Prerequisite: LAS 220. Documents, forms, and procedures essential to the corporate paralegal. Development of skills concerning business formations, incorporation, corporate finance, employees, corporate operation, securities, regulatory compliance, merger, acquisitions, sales and terminations.

380 Administrative Agency Practice. (3) A.

Prerequisite: LAS 220. Practical paralegal skill development in administrative law and procedure. Forms, documents, pleadings, and techniques for administrative regulatory compliance; case processing; informal and formal administrative advocacy, emphasizing the systems approach.

385 Legal Administration and Computer Applications. (3) I, II. Prerequisite: LAS 220 and CIS 212 or CSC 104 or equivalent. The study of law office administration and the utilization of specific law office computer applications.

399 Paralegal Internship. (4) I, II.

Prerequisites: completion of 18 hours of major (LAS) courses including LAS 300 or director approval (prior written application is required).

410 Paralegal Seminar. (3) A. Formerly LAS 401. Prerequisite: Completion of 18 hours of major (LAS) courses or director approval. Professional ethics, analysis of the internship experience, transition to the law office and current issues facing the paralegal profession.

460 Estate Planning and Procedure. (3) A. Formerly LAS 392. Prerequisite: LAS 360 or director approval. The study of law, forms, documents, and procedures essential to the paralegal involved in the drafting of wills, trusts, and estate plans. The systems approach will be emphasized.

490 Independent Study of Law. (1-3) A. Prerequisite: director approval. Individual research, skill development, and study in an area of law or paralegal practice. Student must have independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken to a maximum of six hours.

535 Municipal Law. (3) A. Prerequisite: LAS 220 or director approval. Practical legal problems confronting municipal officials including: government and public official liability, ordinances, tax levies, bonding, zoning, soliciting, licensing, open meetings, personnel, cutback management, elections, and other issues.

LAT—Latin

Dr. Jose L. Varela, Chair

101 Beginning Latin I. (3) A. Study of basic inflections, syntax, pronunciation, and vocabulary necessary for the reading and progressive understanding of the Latin language. Particular attention is given to cultural topics and to the relationship of Latin to English. Gen. Ed. 03 or 04.

102 Beginning Latin II. (3) A. Recommended: one unit of high school Latin or LAT 101. A continuation of the study of the elements of Latin grammar with additional work in translation of selections from Latin writers of appropriate complexity. Some composition on cultural topics included. Students entering LAT 102 by referral or placement receive three hours credit for LAT 101 if they make an "A" in 102. Gen. Ed. 03 or 04.

LIB—Library Science

Dr. Michael A. Martin, Chair

107 Topics in Library Science: _____. (1-3) A. Prerequisite: Departmental approval. A course addressing topics of special concern for librarians. May be retaken to a maximum of 9 hours. Not applicable to school librarian certification programs.

301 Children's Literature and Related Materials. (3) I, II. Prerequisites: ENG 101 and 102 (or 105), EDF 103, EDF 203. Survey course designed to acquaint P-5 teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong readers.

501 Literature and Related Materials for Transcents. (3) A. A course designed to help teachers and librarians extend their knowledge of authors, literature, and related materials for students 10-14 years of age. Literary criticism and relating literature to the interests and needs of students are emphasized.

569 Instructional Media and Technology. (3) I, II. A course designed to instruct students in the philosophy and techniques of the effective utilization of instructional media and technology.

MAR—Marine Sciences

Dr. William Martin, Coordinator

(These courses are taught in summer semesters at Gulf Coast Research Laboratory, Ocean Springs, MS.)

300 Marine Science I: Oceanography. (3) A.

Prerequisites: college algebra, eight hours of chemistry and eight hours biological sciences. Corequisite: MAR 300L. For upper division science majors. An introduction to biological, chemical, geological, and physical marine sciences.

300L Marine Science I: Oceanography Laboratory. (2) A. Corequisite: MAR 300.

301 Marine Science II: Marine Biology. (3) A. Prerequisite: eight hours of biology. Corequisite: MAR 301L. A general introduction to marine biology with emphasis on local fauna and flora.

301L Marine Science II: Marine Biology Laboratory. (2) A. Corequisite: MAR 301.

503 Marine Invertebrate Zoology. (3) A. Prerequisite: sixteen hours of biology. Corequisite: MAR 503L. Morphology, distribution, and ecology of the phyla Protozoa through Protochordates.

503L Marine Invertebrate Zoology Laboratory. (3) A. Corequisite: MAR 503.

504 Parasites of Marine Animals. (3) A. Prerequisite: instructor approval. Corequisite: MAR 504L. Emphasis on morphology, taxonomy, life histories, and host-parasite relationships.

504L Parasites of Marine Animals Laboratory. (3) A. Corequisite: MAR 504.

505 Marine Ecology. (3) A. Prerequisite: sixteen hours of biological sciences. Corequisite: MAR 505L. The relationship of marine organisms to their environment.

505L Marine Ecology Laboratory. (2) A. Corequisite: MAR 505.

506 Fauna and Faunistic Ecology of Tidal Marshes, Seagrasses, and Sand Beaches. (2) A. Prerequisite: instructor approval. Corequisite: MAR 506L. Taxonomy, distribution, tropic relationships, reproductive strategies and adaptation of tidal marsh animals.

506L Fauna and Faunistic Ecology of Tidal Marshes, Seagrasses, and Sand Beaches Laboratory. (3) A. Formerly MAR 406L. Corequisite: MAR 506.

507 Marine Aquaculture. (3) A. Corequisite: MAR 507L. Problems and procedures relating to the culture of commercially important crustaceans, fish, and mollusks.

507L Marine Aquaculture Laboratory. (3) A. Corequisite: MAR 507.

508 Marine Ichthyology. (3) A. Prerequisite: sixteen hours of biology. Corequisite: MAR 508L. Marine fishes including evolutionary relationships, morphology, physiology, and zoogeography.

508L Marine Ichthyology Laboratory. (3) A. Corequisite: MAR 508.

509 Marine Microbiology. (3) A. Prerequisite: general microbiology. Corequisite: MAR 509L. An introduction to the role of microorganisms in overall ecology of the oceans and estuaries.

509L Marine Microbiology Laboratory. (2) A. Corequisite: MAR 509.

510 Marine Fisheries Management. (2) A. Prerequisite: instructor approval. Corequisite: MAR 510L. An overview of practical marine fishery management problems.

510L Marine Fisheries Management Laboratory. (2) A. Corequisite: MAR 510.

520 Marine Phycology. (2) A. Prerequisite: ten hours of biology including botany. Corequisite: MAR 520L. A survey, based upon local examples, of the principal groups of marine algae.

520L Marine Phycology Laboratory. (2) A. Corequisite: MAR 520.

521 Coastal Vegetation. (3) A. Prerequisite: ten hours of biology, including general botany. Corequisite: MAR 521L. A study of general and specific aspects of coastal vegetation, with emphasis on local examples.

521L Coastal Vegetation Laboratory. (2) A. Corequisite: MAR 521.

522 Salt Marsh Plant Ecology. (2) A.

Corequisite: MAR 522L. The botanical aspects of local marshes; includes plant identification, composition, and structure.

522L Salt Marsh Plant Ecology Laboratory. (2) A. Corequisite: MAR 522.

530 Comparative Histology of Marine Organisms. (3) A. Prerequisite: instructor approval. Corequisite: MAR 530L. Histology of marine organisms, including tissue processing techniques.

530L Comparative Histology of Marine Organisms Laboratory. (3) A. Corequisite: MAR 530.

541 Marine Chemistry. (3) A. Prerequisite: instructor approval. Corequisite: MAR 541L. Sea water chemistry and cycles and their impact on the marine environment.

541L Marine Chemistry Laboratory. (1) A. Corequisite: MAR 541.

543 Environmental Estuarine Chemistry. (3) I. Prerequisites: Sixteen semester hours of chemistry; three to six hours of general biology and geology or consent of the instructor; Corequisite: MAR 543L/743L. The study of sources, reactions, transport, effects and fate of chemicals occurring in aquatic environments.

543L Environmental Estuarine Chemistry Laboratory. (1) A. Corequisite: MAR 543.

557 Marine Science for Teachers. (3) A. Prerequisite: instructor approval. Emphasis will be placed on measurements and analysis of the marine habitat and ecological relationships.

558 Marine Science: Elementary Teachers. (3) A. Prerequisite: instructor approval. Corequisite: MAR 558L. Designed to acquaint teachers with marine science concepts.

558L Marine Science: Elementary Teachers Laboratory. (0) A. Corequisite: : MAR 558.

559 Coastal Ecology For Teachers. (3) A. Prerequisite: instructor approval. Corequisite: MAR 559L. Designed to provide teachers with a background in basic coastal ecology.

559L Coastal Ecology For Teachers Laboratory. (1) A. Prerequisite: instructor approval. Corequisite: MAR 559.

582 Coastal Marine Geology. (2) A. Prerequisite: six hours in geology. Inshore and nearshore geological processes, sedimentation patterns, and land forms.

582L Coastal Marine Geology Laboratory. (1) A. Corequisite: MAR 582.

590 Special Problems in Marine Science. (1-6) A. Prerequisite: instructor approval. Independent research.

591 Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

591L Special Topics in Marine Science. (1-6) A. Prerequisite: instructor approval. Directed study in area for which no formal courses are offered.

320 Medical Office Pharmacology. (3) I, A. Prerequisite or Corequisite: MAS 321 or instructor approval. Pharmacologic principles for medical assistants practicing in ambulatory health care settings; with emphasis on immunizations, legal issues of medication administration and pharmacologic principles of commonly used medications in ambulatory health care settings.

321 Medical Assisting Laboratory Procedures II. (4) I, II, A. Prerequisite: MAS 221. Level II clinical skills in urinalysis, hematology, diagnostic and screening tests, clinical chemistry, microbiology, and principles of radiology. 2 Lec/4 Lab.

322 Medical Assisting Techniques II. (5) I, II, A. Prerequisite: MAS 222. Clinical medical assisting skills performed in ambulatory medical settings with emphasis on care of patients based on developmental needs or pathophysiological conditions, including ambulatory surgical care.

355 Medical Office Claims Procedures. (3) I, II, A. Prerequisite: CHS/AHN 200, or Instructor Approval. The student will explore proper use of CPT, HCPCS, and ICD-9-CM coding systems as they apply to physician claim submission and accurate reimbursement from third-party payers.

360 Medical Office Administration. (4) I, II, A. Prerequisite or Corequisite: CIS 212 or CSC 104. Knowledge and skills in medical office management which include financial management, computer skills, patient records, human resource management, legal and ethical issues, and total quality management.

390 Medical Office Externship. (5) II, A. Prerequisites: MAS 100, 221, 222, 320, 321, 322, 355, 360. Supervised medical office practice in clinical agencies, including a comprehensive review of medical assisting practice.

MAT—Mathematics

Dr. Patrick Costello, Acting Chair

090 Prealgebra. (3) Institutional Credit. I, II. Real number system, ratio and proportion, order of operations, measurement, exponents and radicals, probability and statistics, graphs, a strong strand of geometry, and basic algebraic concepts such as solving linear equations and understanding variables and algebraic expressions. May be taken by referral only. 3 Lec/2 Lab-Rec.

095 Developmental Algebra I. (3) Institutional Credit. I, II. Prerequisites: MAT 090 with a course grade of at least "C-" or equivalent. Real number system, algebraic expressions, integer exponents, linear and quadratic equations, inequalities, polynomials, graphing linear and quadratic functions, factoring, systems of equations, radical expressions and basic descriptive geometry. May be taken by referral only. 3 Lec/2 Lab-Rec.

098 Algebra II. (3) Institutional Credit. I, II. Prerequisite: Completion of all developmental mathematics requirements. Real number system, algebraic expressions and sentences, linear, quadratic, polynomial, rational, inequalities, operations with exponents, systems of equations, relations and functions, graphing linear and quadratic functions. MAT 098 is the designated course to prepare for MAT 107, and may also be used to meet the PCC mathematics deficiency. MAT 098 IS NOT REQUIRED OF STUDENTS NEEDING TO MEET DEVELOPMENTAL MATHEMATICS REQUIREMENTS.

100 Graphing Calculator I. (1) I, II. Use of a graphing calculator to evaluate arithmetic expressions; graph and solve linear, quadratic, polynomial, rational, exponential and logarithmic equations; solve and graph systems of linear and nonlinear equations.

101 Graphing Calculator II. (1) II. Prerequisite: MAT 100 or departmental approval. Use of graphing calculator to graph and solve

trigonometric equations; solve problems involving calculus, statistics, matrices; and vectors; illustrate other features of the graphing calculator, such as the conversion and the draw feature.

105 Mathematics with Applications. (3) I, II. Prerequisite: Completion of all University developmental requirements. This course is designed to strengthen computational skills, mathematical reasoning, problems-solving skills, and mathematical reading/communication skills while focusing on real-world problems. The mathematical topics may include the mathematics of finance, statistics, geometry, combinatorics, mathematical modeling, and algorithms. Use of calculators. Gen. Ed. 03 or 04.

106 Applied Finite Mathematics. (3) I, II. Prerequisite: Completion of all University developmental requirements. The introduction to the application of mathematics to real-world problems. Topics are from various branches of discrete mathematics such as graph theory and game theory. Probability, geometry, and problems from the social sciences. 3 Lec (1 Lab when taught in large lecture sections.) Gen. Ed. 03 or 04.

107 College Algebra. (3) I, II. Prerequisite: MAT 098 with a minimum grade of "C-" OR a minimum score of 22 on the Mathematics portion of the ACT OR a passing score on the EKU MAT 107 Prerequisite Skills Test. Real and complex numbers, integer and rational exponents, polynomial and rational equations and inequalities, graphs of functions and relations, exponential and logarithmic functions, systems of equations, matrices. Use of graphing calculators. 3 Lec (1 Lab when taught in large lecture sections.) Gen. Ed. 03 or 04.

108 Trigonometry. (3) I, II. Prerequisite: MAT 107 with a minimum grade of "C-" OR a minimum score of 22 on the Mathematics portion of the ACT. Radians and degrees, properties of trigonometric functions, multiple angle expressions, triangle solutions, inverse functions, complex numbers. Use of graphing calculators. Credit will not be awarded to students who have credit for MAT 109.

109 Precalculus Mathematics. (5) I, II. Prerequisite: MAT 107 with a minimum grade of "C-" OR a minimum score of 23 on the Mathematics portion of the ACT. Polynomial, rational, exponential, logarithmic, and trigonometric functions and inverses. Sequences and series, systems of linear and nonlinear equations and inequalities, the complex number system, vectors, the binomial theorem, mathematical induction, and conic sections. Use of graphing calculators. Three hours of credit will not be awarded to students who have completed MAT 108. Three hours of credit count toward Gen. Ed. 03 or 04.

115 Introduction to *Mathematica*. (1) I, II. Prerequisite or Corequisite: MAT 108. Use of *Mathematica*. Numeric, algebraic, and symbolic capabilities, two dimensional and three dimensional graphics with animation, decisions, looping, and list manipulation.

117 MathExcel Lab for Calculus I (1-2) I, II. Corequisite: Admission to MathExcel Program and enrollment in Calculus I. This lab is to accompany a regular lecture class in Calculus I. 4 Lab.

124 Calculus I. (4) I, II. Prerequisite: MAT 109 with minimum grade of "C" OR a minimum score of 25 on the Mathematics portion of the ACT. Functions, limits and continuity, derivatives and applications, integration, and introduction to and use of the computer package *Mathematica*. Credit will not be awarded to students who have credit for MAT 121 or MAT 121H. Gen. Ed. 03 or 04.

124H Honors Calculus I. (4) A. Prerequisites: score of 27 on the ACT mathematics test and the equivalent of MAT 109; or departmental approval. Functions, limits and continuity, derivatives and applications, integration, and introduction to and use of the computer package *Mathematica*. The material is treated in greater depth and with more rigor than in MAT 124. Challenging problems and special projects

will be assigned. Credit will not be awarded to students who have credit for MAT 121 or MAT 121H or MAT 124. Gen. Ed. 03 or 04.

201 Mathematical Concepts for Middle and Elementary School Teachers I. (3) I, II.

Prerequisites: MAT 105 or higher with a minimum grade of "C" (2.0); a score accepted by the Kentucky Education Professional Standards on one of the approved tests: ACT, PPST, SAT, GRE, and a passing score on a Mastery Exam. Concepts stressed over manipulation. Sets and functions, whole numbers, integers, rational numbers, decimals and real numbers, numeration, and elementary number theory.

202 Mathematical Concepts for Middle and Elementary School Teachers II. (3) I, II.

Prerequisites: MAT 201 with a minimum grade of "C" (2.0). Concepts stressed over manipulation. Geometry, measurement, metric system, probability and basic statistics.

203 Geometry for Middle and Elementary School Teachers. (3) I, II. Prerequisites: admission to a certification program in elementary or middle school and MAT 201 and 202 with a combined grade point of 2.5 in the two courses. Angles and their measurement, right triangle trigonometry, perpendicular lines, congruent triangles, circles, arcs, and angles, constructions and loci, area and volume, similarity, graphing, selected topics from analytic geometry.

205 Problem Solving with Logo. (3) I, II. Formerly CSC 175. Prerequisite: MAT 201 with a minimum grade of "C" (2.0). Problem solving with graphics and lists using modularity, iteration, recursion, and conditional statements. Credit will not be awarded for both MAT 205 and CSC 175.

211 Calculus with Applications for Business and Economics. (3) A. Prerequisite: MAT 107 with a minimum grade of "C-" OR MAT 108 with a minimum grade of "C-" or a minimum score of 23 on the Mathematics portion of the ACT. Functions and graphs, differentiation, marginal costs, revenue and profit, integration, exponential and logarithmic functions, other applications. Credit will not be awarded to students who have credit for MAT 124 or MAT 124H or MAT 261. Gen. Ed. 03 or 04.

214 Linear Algebra and Matrices. (3) I, II. Prerequisite: MAT 124 (or MAT 124H) with a minimum grade of "C." Real and complex vector spaces, linear transformations, matrix theory, with applications, through the introduction of eigenvalues and eigenvectors, determinants, inner product spaces, the use of the computer package *Mathematica*.

218 MathExcel Lab for Calculus II. (1-2) I, II. Formerly MAT 118. Corequisite: Admission to MathExcel Program and enrollment in Calculus II. This lab is to accompany a regular lecture class in Calculus II. 4 Lab.

219 MathExcel Lab for Calculus III. (1-2) I, II. Corequisite: Admission to MathExcel Program and enrollment in Calculus III. This lab is to accompany a regular lecture class in Calculus III. No more than four credit hours of MAT 117, MAT 218 and MAT 219 will count toward the baccalaureate degree. 4 Lab.

224 Calculus II. (4) I, II. Prerequisite: MAT 124 (or MAT 124H) with minimum grade of "C." Fundamental integration techniques, numerical integration, applications of integration, improper integrals, differential equations, infinite series, polar and parametric equations, and use of *Mathematica*. Credit will not be awarded to students who have credit for MAT 122 or MAT 122H. Gen. Ed. 03 or 04.

224H Honors Calculus II. (4) A. Prerequisite: MAT 124H with a minimum grade of "C" (2.0). Fundamental integration techniques, numerical integration, applications of integration, improper integrals, differential equations, infinite series, polar and parametric equations, and use of *Mathematica*. The material is treated in greater depth and with more rigor than in MAT 224. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 122, MAT 122H, or MAT 224. Gen. Ed. 03 or 04.

225 Calculus III. (4) I, II. Prerequisite: MAT 224 or (MAT 224H) with a minimum grade of “C.” Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus including Green’s, Divergence, and Stoke’s theorems, cylindrical and spherical coordinates and use of *Mathematica*. Credit will not be awarded to students who have credit for MAT 225H.

225H Honors Calculus III. (4) II. Prerequisite: MAT 224H with minimum grade of “C.” Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus including Green’s, Divergence, and Stoke’s theorems, cylindrical and spherical coordinates, and use of *Mathematica*. The material is treated in greater depth and with more rigor than in MAT 225. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 225.

261 Calculus with Applications for Science I. (3) A. Prerequisite: MAT 107 with a minimum grade of “C-” OR MAT 108 a minimum grade of “C-” OR a minimum score of 23 on the Mathematics portion of the ACT. Functions and graphs, differentiation, integration, and exponential and logarithmic functions. Credit will not be awarded to students who have credit for MAT 121 or MAT 124 or MAT 124H or MAT 211. Gen. Ed. 03 or 04.

262 Calculus with Applications for Science II. (3) A. Prerequisite: MAT 261 or 211. Integral calculus with applications, introduction to differential equations, functions of several variables. Credit will not be awarded to students who have credit for MAT 122 or MAT 224 or MAT 224H.

280 Actuarial Mathematics. (1) A. Prerequisite: MAT 214 and MAT 225 or MAT 225H. Applications-oriented examination of several topics from analytic geometry, calculus, and linear algebra.

285 Discrete Mathematics. (3) I, II. Prerequisites: MAT 214, MAT 224, STA 270 with minimum grades of “C” and at least 2.50 GPA in all mathematics courses. Counting principles, permutations, combinations, recurrence relations, graphs, representations of graphs as matrices, trees, networks, difference equations, and linear programming.

301 Transition to Advanced Mathematics. (3) A. Prerequisites: MAT 214, 224 or 224H with minimum grades of “C” and a grade point average of at least 2.50 in MAT 124, 214, and 224. Logic, proof techniques, set theory, relations, functions, cardinality, introduction to advanced mathematics.

303 Mathematical Models and Applications. (3) A. Prerequisites: MAT 106, 203, and STA 270. Present day and historical applications of mathematics to problems in life, behavioral, and managerial sciences as well as problems in mathematics. Credit does not count toward B.S. in mathematics nor mathematics teaching degrees nor the mathematics minor.

308 Modern Algebra I. (3) I, II. Prerequisite: MAT 301 with a minimum grade of “C” (2.0). Groups, cyclic and permutation groups, homomorphisms, subgroups and factor groups, Fundamental Theorem of Finite Abelian Groups, rings, fields, integral domains, and ideals.

315 Introduction to Analysis. (3) I, II. Prerequisite: MAT 301, 225 or MAT 225H with a minimum grade of “C.” Real number system, sets and functions, limits, continuity, uniform continuity, Taylor’s theorem, laws of the mean, the Riemann integral, allied topics.

334 Modern College Geometry I. (3) A. Prerequisite or corequisite: MAT 301 with a minimum grade of “C.” Euclid’s parallel postulate, axiom systems, finite geometries.

349 Cooperative Study: Mathematics. (1-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Credit does not apply to major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of

employment are required for each semester hour of academic credit.

353 Differential Equations. (3) A. Prerequisite: MAT 224 or 224H with a minimum grade of “C.” Differential equations of first order, applications, singular solutions, linear equations with constant coefficients, miscellaneous methods for equations of higher order, solution in series, total differential equations, qualitative methods, systems of linear differential equations, the computer algebra systems.

380 Mathematics in a Historical Setting. (3) A. Prerequisite or corequisite: MAT 301 or instructor approval. The history of mathematics from ancient beginnings until modern times is studied through problems and through the lives and times of mathematicians.

408 Modern Algebra II. (3) A. Prerequisite: MAT 308 with a minimum grade of “C.” Ring homomorphisms, polynomial rings, unique factorization domains, principal ideal domains, finite fields, field extensions, algebraic extensions, Galois theory, and geometric construction.

415 Analysis. (3) A. Prerequisite: MAT 315 with a minimum grade of “C.” The Riemann integral, the Lebesgue integral, metric spaces, differentiation, sequences and series of functions, allied topics.

475 Math Teaching Senior Seminar. (3) I. Prerequisites: At least 2.50 GPA in major and supporting course requirements for MAT Teaching major and admission to Teacher Education Program. Emphasis on the interrelationship between mathematical topics. Problem solving with technology. Oral presentation on a topic selected jointly with the instructor.

480 Seminar in _____. (1-3) A. Prerequisite: departmental approval. Advanced topics in undergraduate mathematics. May be retaken to a maximum of nine hours, provided the topics are different.

495 Independent Work. (1-3) A. Prerequisite: departmental approval. Directed study/research on a problem or area chosen in consultation with instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to maximum of six hours.

501 Applications of Mathematics for P-9 Teachers. (3) A. Prerequisite: MAT 303. Topics in the application of mathematical models appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S. (teaching) degree requirements for programs offered within this department.

502 Geometry with Technology for P-9 Teachers. (3) A. Prerequisites: MAT 203, 205. Topics in geometry appropriate for teachers of grades K-8. Credit does not apply toward neither B.S. or B.S. (teaching) degree requirements for programs offered within this department.

505 Foundations of Mathematics. (3) A. Prerequisite: MAT 308 with a minimum grade of “C.” The nature of mathematical thought; logical systems; axiomatic concepts and methods; consideration of the work of Hilbert, Peano, Whitehead, Russell, and others.

506 Number Theory. (3) A. Prerequisite: MAT 301 with a minimum grade of at least “C.” Fundamental properties of integers, linear Diophantine equations, linear and quadratic congruences, famous problems of number theory.

507 Seminar in Mathematics: _____. (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be retaken with advisor approval, provided the topics are different. Credit towards degree requirements will depend on course content.

525 Vector Analysis with Applications. (3) A. Prerequisite: MAT 225 or 225H with a minimum grade of “C.” Algebra and geometry of vectors; Vector functions of a single variable; line, surface, and volume integrals; Divergence Theorem, Stokes’ Theorem, Green’s Theorem; generalized orthogonal coordinates; Fourier Series; solutions to boundary value problems.

535 Modern College Geometry II. (3) A. Prerequisite: MAT 334 with a minimum grade of “C.” The major influence of the axioms of parallelism or geometry, development from axioms and models, Euclidean geometry, absolute geometry, hyperbolic geometry, consistency of postulates.

540 Introductory Applied Mathematics. (3) A. Prerequisite: MAT 353 with a minimum grade of “C.” Techniques and applications of: vector analysis, matrix theory, linear and autonomous systems of differential equations, special functions, operational methods, Sturm-Liouville theory, Fourier series.

550 Applications of Complex Analysis. (3) A. Prerequisite: MAT 225 or 225H or 353 with a minimum grade of “C.” Continuity, differentiation, integration, series, residues, and applications to the evaluation of real integrals. Applications of conformal mappings to boundary value problems in heat, electrostatic potential, and fluid flow. Emphasis throughout on computational techniques and applications.

555 Graph Theory. (3) A. Prerequisite: MAT 308 or CSC 320 with a minimum grade “C.” Introduction to the theory and applications of graph theory. Topics will include trees, planarity, connectivity, flows, matching, and coloring.

560 Point Set Topology. (3) A. Prerequisite: MAT 301 with a minimum grade of “C.” An introduction to topology with emphasis on Euclidean and other metric spaces. Mappings, connectivity, compactness, formation of new spaces, relationship to analysis.

**MGT—Management
Dr. Norb Elbert, Chair**

300 Principles of Management. (3) I, II. Prerequisites: ACC 201, 202, and ECO 230 with a grade of “C-” or better in each course; Junior Standing (A minimum of 60 hours) with an overall minimum 2.0 GPA. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and management careers.

301 Principles of Management (NB). (3) A. Prerequisite: Junior Standing (at least 60 hours) with an overall GPA 2.0. Not for students majoring or minoring in business. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and management careers. Credit will not be awarded to students who have completed MGT 300.

320 Human Resource Management. (3) I, II. Prerequisite: MGT 300 or MGT 301. Survey of principles and practices in the areas of human resource planning, job analysis, recruitment, selection, training and development, performance appraisal, compensation, labor relations, safety and health, equal employment opportunity, and personnel research.

330 Small Business Management. (3) A. Prerequisite: MGT 300 or MGT 301. Small business organization, location, financial planning, records, unit costs, merchandising, credit, and personnel policies.

340 Management Science. (3) I, II. Prerequisites: QMB 200, MGT 300 or MGT 301. Business decision making approaches and quantitative techniques with an emphasis on the formulation and application of models and the practical solution methods available.

349 Cooperative Study in Management. (1-3) A. Prerequisites: minimum GPA 2.25 and BBA major only. Co-curricular work experience under faculty and field supervisors—training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit. May not count toward major.

370 Operations Management. (3) I, II.

Prerequisite: MGT 300. Practical approaches for improving productivity of operations using methods designed for quality management, sales forecasting, facility layout and location, human resource planning and scheduling, and inventory control.

400 Organization Theory. (3) I, II.

Prerequisite: MGT 300 or MGT 301. Principles of organization design as they relate to goals and strategy formulation, environmental conditions, technology, job design, control systems, and decision making.

406 Continuous Improvement in Organizations. (3) A.

Prerequisite: MGT 300 and QMB 200 or MGT 301. Advanced methods and techniques used to analyze change, monitor, and analyze organizational performances, control resources, and otherwise direct the management of complex organizations.

410 Labor Relations. (3) I. Prerequisite: MGT 320. Study of labor-management relationships including union organization campaigns, contract negotiations, grievance and arbitration procedures, labor-management cooperation, and union-free environments.

425 Compensation Management. (3) II.

Prerequisite: MGT 320. Advanced study of the human resource function of employee compensation. Topics include job analysis and evaluation, compensation surveys, pay structures, budgeting, pay for performance systems, benefits administration, and federal regulation of compensation management.

430 International Management. (3) A.

Prerequisite: MGT 300 or MGT 301. The study of management of international organizations with emphasis on techniques, processes and structures. Topics include organizational culture, leadership, ethics, decision-making, and human resource management.

440 Human Resource Development. (3) I.

Prerequisite: MGT 320. Advanced study of human resource management functions aimed directly at enhancing organizational effectiveness. Topics include training needs analysis; training program design, implementation, and evaluation; performance management and appraisal; and costing human resource development programs.

445 Employee Recruitment and Selection. (3) II.

Prerequisite: MGT 320. Advanced study of the human resource function of staffing. Topics include: recruitment, the design and implementation of effective selection procedures which comply with federal/state requirements; analysis and reporting of employee data.

450 Management Seminar. (1-3) A.

May be retaken under different sub-topics to a cumulative maximum of nine hours. Selected topics in contemporary management literature.

465 Innovation and Entrepreneurship. (3) A.

Prerequisite: MGT 300 or MGT 301. An emphasis on the role of innovation and entrepreneurship in the creation and management of new ideas, concepts, techniques, processes, methods, ventures, and knowledge.

470 Integrated Resource Management. (3) A.

Prerequisite: MGT 370. Advanced management models and computer techniques, international operations and interfunctional aspects of decision making from the perspective of controlling operations.

480 Organization Behavior. (3) I, II.

Prerequisite: MGT 300 or MGT 301. Determinants and consequences of behavior in business organizations are analyzed in the contemporary language of administrative social systems and models. Interdependence of economic, social, and behavioral factors is emphasized.

490 Special Problems In Management. (1-4) A.

Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special workshop, special topics, or seminars. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

MKT—Marketing

Dr. Norb Elbert, Chair

300 Principles of Marketing. (3) I, II.

Prerequisites: ACC 201, 202, and ECO 230 with a grade of "C-" or better in each course; Junior Standing (A minimum of 60 hours) with an overall minimum 2.0 GPA. Overview of strategic processes involved in marketing goods and services to global markets; study of behavioral, organizational, and consumer variables in decision processes; use of the marketing mix and marketing information to affect buyer decisions.

301 Principles of Marketing (NB) (3) A.

Prerequisite: Junior Standing (at least 60 hours) with an overall GPA of 2.0. Not for students majoring or minoring in business. Overview of strategic processes involved in marketing goods and services to global markets; study of behavioral, organizational, and consumer variables in decision processes; use of the marketing mix and marketing information to affect buyer decisions. Credit will not be awarded to students who have completed MKT 300.

304 Retailing. (3) A. Prerequisite: MKT 300 or MKT 301. Principles of retailing from the marketing perspective; types of retail businesses; organizations; location; layout; management of operations, inventory, personnel, promotion, and control.

306 Services Marketing. (3) A. Prerequisite: MKT 300 or MKT 301. Understanding the customer from the services and non-profit marketing perspectives. Examination of marketing in service industries with emphasis on the unique aspects of services marketing, the service marketing mix and the implementation of services strategies.

309 Integrated Marketing Communications. (3) A.

Cross listed as COM 309 and TEC 309. A course covering the theories, strategies, and skills of Integrated Marketing Communication, with a special emphasis on applying IMC to the Internet and World Wide Web (WWW). Credit will not be awarded to students who have credit for COM 309 or TEC 309.

310 Personal Selling. (3) A. Prerequisite: MKT 300 or MKT 301. Personal selling in marketing; the selling process, stressing the modern, international sales/marketing approach to customer society oriented problem solving.

312 Principles of Transportation. (3) A.

Prerequisite: MKT 300. Various forms of transportation and institutional factors influencing transportation decisions. Regulations, public policy, rate making, services, and the integration of transportation with other elements of business.

315 Physical Distribution Management. (3) A.

Prerequisite: MKT 300. Movement and storage of goods, coordination and control of inventory, customer service, packaging, materials handling, facilities location, flow of information, and transportation.

320 Advertising. (3) A.

Prerequisite: MKT 300 or MKT 301. How advertising is organized; economic and social aspects; advertising research; basic media strategy; consumer behavior; legal and other restraints; careers in advertising.

349 Cooperative Study in Marketing. (1-3) A.

Prerequisites: minimum GPA 2.25 and BBA major only. Co-curricular work experience under faculty and field supervisors—training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit. May not count toward major.

350 Consumer Behavior in Marketing. (3) I, II.

Formerly MKT 450. Prerequisite: MKT 300 or MKT 301. Role of consumer decision-making as it affects the marketing firm; basic concepts of consumer behavior and interrelationships that exist between marketing and the behavioral sciences.

380 Seminar in Marketing. (3) A.

Prerequisite: MKT 300 or MKT 301. May be retaken under different sub-topics to a cumulative maximum of six hours. Selected topics in contemporary marketing literature.

400 International Marketing. (3) I, II.

Prerequisite: MKT 300. Determination of marketing strategy by United States firms and multinational corporations for serving foreign markets and for adapting to variations in cultural and economic factors affecting foreign marketing efforts.

401 Internet Marketing. (3) A. Prerequisite: MKT 300. Survey, analysis, and evaluation of current trends and issues in marketing in computer mediated environments, including how the marketing mix is adapted strategically to the Internet and World Wide Web, intranets, and other electronic forms.

404 Retailing Management. (3) A.

Prerequisite: MKT 304. Investigation of current problems faced by retailers in store operations, management, retail buying, and inventory control. Outside readings, oral and written case studies, and field trip experiences are required.

408 Sales Management. (3) A. Prerequisite: MKT 310. Sales function in modern organizations with emphasis on current management techniques: time management, on-the-job coaching, directing the sales force to sell key accounts, situational analysis, and decision-making.

426 Advertising Campaigns. (3) A.

Prerequisite: MKT 320. Planning and execution of a direct marketing and advertising campaign as a part of the overall marketing strategy. Students will originate a direct marketing campaign for a client. Includes all aspects of direct marketing and advertising. Credit will not be awarded to students who have credit for COM 450.

431 Purchasing and Materials Management. (3) A.

Prerequisite: MKT 300. The purchasing process as it focuses on supply efficiency and effectiveness relating to the fit between purchasing objectives and strategies and organizational objectives and strategies.

440 Industrial Marketing. (3) A.

Prerequisite: MKT 300. An analysis of the marketing structure for industrial products. Product lines, channels of distribution, selling, pricing, and wholesaling problems.

455 Marketing Research and Analysis. (3) I, II.

Prerequisites: MKT 300 and QMB 200. The role of research in marketing decision-making; the research process, with emphasis on collection, analysis, and interpretation of data as applied to solving marketing problems. Students are required to do a research project.

481 Internship in Marketing. (3 or 6) A.

Prerequisites: minimum 2.25 GPA, MKT 300, MGT 300, and consent of instructor. Provides student with half-time or full-time relevant work experience in marketing. Written assignments and a project are required. May be taken only once for three (3) or six (6) hours of credit and not concurrently with Cooperative Study.

490 Special Problems in Marketing. (1-4) A.

Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special workshop, social topics, or seminars. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

MPM—Medical Practice Management

Dr. Rebecca Newsome, Coordinator

410 Computer Applications in Medical Practice Management. (3) I, A. Prerequisites: ACS 250, MAS 360. The application of knowledge and skills in computer usage, system selection and common functions of medical practice management software.

450 Strategic Policy Development in MPM. (3) II, A.

Prerequisites: MAS 360. Students will develop skills in analyzing various aspects of a medical practice and will develop policies and procedures which will enhance the overall effectiveness of a practice.

460 Medical Practice Compliance. (3) I. A.

Prerequisite: MAS 355, 360. Students will familiarize themselves with compliance issues facing today's medical practice and will develop skills in assessing whether or not an office is in compliance with various federal, state, and regulatory agencies.

480 Medical Office Practicum. (3) A.

Prerequisites: Final semester in the MPM program. This practicum will enable students to exercise the necessary skills for managing a small, medium, or large medical practice or outpatient facility.

**MSL--Military Science and Leadership
LTC. Brett Morris, Chair****100 Introduction to Leadership. (1) A.**

Formerly MIL 100. Introduction of leadership styles, comparison of civilian and military leadership; and analysis of the constitutional and historical basis for officership in the U.S. Army. 1 Lec.

101 Foundations of Officership (2) I.

Formerly MIL 101. Introduces students to issues and competencies that are central to a Commissioned Officer's responsibilities. Establish framework for understanding officership, leadership, and Army values and "life skills" such as fitness and time management. 1 Lec/1 Lab.

102 Basic Leadership (2) II. Formerly MIL

102. Establishes foundation of basic leadership fundamentals such as problem solving, communications, briefings and effective writing, goal setting, techniques for improving listening and speaking skills and an introduction to counseling. 1 Lec/1 Lab.

201 Individual Leadership Studies (2) I.

Formerly MIL 201. Students identify successful leadership characteristics through observation of others and self through experiential learning exercises. Students record observed traits (good and bad) in a dimensional leadership journal and discuss observations in small group settings. 2 Lec/1 Lab.

202 Leadership & Teamwork (3) II. Formerly

MIL 203. Study examines how to build successful teams, various methods for influencing action, effective communication in setting and achieving goals, timing the decision, creativity in the problem solving process, and obtaining team buy-in through immediate feedback. 2.5 Lec/2.5 Lab.

210 Leaders Training Course (5) Summer

Only. Formerly MIL 210. A comprehensive leader training course which can be taken in lieu of 201 and 202. This course emphasizes an experiential, hands-on approach to leader development. Held at Fort Knox, Kentucky. Students are paid to attend.

298 Independent Leadership Studies (2-3) A.

Prerequisite: Departmental approval; may be taken once in lieu of MSL 201 or 202. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Ind Stu/2.5 Lab.

301 Leadership & Problem Solving (3) I.

Formerly MIL 301. Prerequisites: 54 hours, MSL 201 and 202 or MSL 210; or Departmental approval. Students conduct self-assessment of leadership style, develop personal fitness regimen, and learn to plan and conduct individual/small unit tactical training while testing reasoning and problem-solving techniques. Students receive direct feedback on leadership abilities. 2.5 Lec/2.5 Lab.

302 Leadership & Ethics (3) II. Formerly MIL

302. Prerequisite: MSL 301 or Departmental approval. Examines the role of communications, values, and ethics play in effective leadership. Topics include ethical decision-making, consideration of others, spirituality in the military, and survey of Army leadership doctrine. Emphasis on improving oral/written communication abilities. 2.5 Lec/2.5 Lab.

303 American Military History (3) I. Formerly

MIL 303. Examines U.S. Military History from pre-

Revolutionary times to post-Vietnam; defines the principles of war; discusses political-military interactions; develops leadership through group contribution in case studies and battle analysis.

310 National Advanced Leadership Camp Practicum (6) Summer Only. Formerly MIL 410.

Prerequisites: MSL 302. Refines student leadership and teamwork building skills through intensive practical application, rotating leader/command experience involving problem analysis, decision-making, and troop leading in both garrison and field environments. Held at Fort Lewis, Washington.

311 Internship in Leadership (3) Summer

Only. Formerly MIL 411. Pre- and Co-requisites: MSL 301, MSL 302 and enrolled in MSL 310. Students assigned to leadership positions with active army units for 3-4 weeks. Students are paid and receive a written evaluation of their leadership performance and potential and must complete an after action report upon returning. May only be taken once.

401 Leadership and Management (3) I.

Formerly MIL 401. Prerequisite: MSL 302 or Departmental Approval. Develops student proficiency in planning and executing complex operations, functioning as a member of a staff, and mentoring subordinates. Students explore training management, methods of effective staff collaboration, and developmental counseling techniques. 2.5 Lec/2.5 Lab.

402 Officership (3) II. Formerly MIL 402.

Prerequisite: MSL 401 or Departmental approval. Study includes case study of military law and practical exercises on ethical command climates. Students complete a semester long Senior Leadership Project that requires them to plan, organize, collaborate, analyze, and demonstrate their leadership skills. 2.5 Lec/2.5 Lab.

403 Topics in Military Leadership (1) A.

Formerly MIL 403. Prerequisite: MSL 402. Study of current issues relevant to the professional development and commissioning of Second Lieutenants in the United States Army. May repeat with different topics for a maximum of 4 hours. 1 Lec/1 Lab.

498 Advanced Independent Leadership

Studies (3) A. Prerequisite: Departmental approval; may be taken twice in lieu of MSL 301, 302, 401, or 402. Equivalent study of the materials covered in the course being replaced. 2.5 Ind Stu/2.5 Lab.

MUS--Music APPLIED MUSIC**Rob James, Chair**

101A,B,C Performance Class. (0) A. Required of all music majors for three semesters. Passing grade achieved when students have attended a minimum total of 16 concert events per semester.

109 Introductory Class Piano. (1) I. For students enrolled in MUS 102. Elementary keyboard techniques and reading drill. Credit does not count toward a music major or minor.

110 Beginning Class Piano I. (1) I, II. Prepares non-piano majors to meet Level I Piano Proficiency Examination requirements. Basic keyboard skills, elementary repertoire, and technique. Some music reading ability required. May be retaken to a maximum of two hours.

111 Beginning Class Piano II. (1) I, II. Prerequisite: MUS 110 or departmental approval. Continuation of MUS 110. May be retaken to a maximum of two hours.

112 Piano I. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

114 Keyboard Skills I. (2) I, II. Prepares piano majors and other music majors with advanced keyboard background to meet Level II Piano Proficiency Examination requirements. Emphasis is functional skills, such as reading, transposing, playing by ear, harmonizing and improvising, combined with keyboard harmony, technique and memorization skills.

115 Keyboard Skills II. (2) I, II.

Prerequisite: MUS 114 or departmental approval.

Continued development of skills begun in MUS 114 to prepare piano majors and other music majors with advanced keyboard background to meet Level IV Piano Proficiency Examination Requirements.

122 Voice I. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

132a Violin I. (1-2) I, II. One or two lessons per week. Instruction available in violin. May be retaken to a maximum of four hours.

132b Viola I. (1-2) I, II. One or two lessons per week. Instruction available in viola. May be retaken to a maximum of four hours.

132c Violin 'cello I. (1-2) I, II. One or two lessons per week. Instruction available in violin 'cello. May be retaken to a maximum of four hours.

132d String Bass I. (1-2) I, II. One or two lessons per week. Instruction available in string bass. May be retaken to a maximum of four hours.

132f Guitar I. (1-2) I, II. One or two lessons per week. Instruction available in guitar. May be retaken to a maximum of four hours.

142 Organ I. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

145a Cornet and Trumpet I. (1-2) I, II. One or two lessons per week. Instruction available in cornet and trumpet. May be retaken to a maximum of four hours.

145b French Horn I. (1-2) I, II. One or two lessons per week. Instruction available in French horn. May be retaken to a maximum of four hours.

145c Baritone Horn I. (1-2) I, II. One or two lessons per week. Instruction available in baritone horn. May be retaken to a maximum of four hours.

145d Trombone I. (1-2) I, II. One or two lessons per week. Instruction available in trombone. May be retaken to a maximum of four hours.

145e Tuba I. (1-2) I, II. One or two lessons per week. Instruction available in tuba. May be retaken to a maximum of four hours.

146a Flute I. (1-2) I, II. One or two lessons per week. Instruction available in flute. May be retaken to a maximum of four hours.

146b Oboe I. (1-2) I, II. One or two lessons per week. Instruction available in oboe. May be retaken to a maximum of four hours.

146c Clarinet I. (1-2) I, II. One or two lessons per week. Instruction available in clarinet. May be retaken to a maximum of four hours.

146d Bassoon I. (1-2) I, II. One or two lessons per week. Instruction available in bassoon. May be retaken to a maximum of four hours.

146e Saxophone I. (1-2) I, II. One or two lessons per week. Instruction available in saxophone. May be retaken to a maximum of four hours.

147 Percussion I. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

210 Intermediate Class Piano I. (1) I, II. Prerequisite: MUS 111 or departmental approval. Second year course for non-piano majors to meet Level II Piano Proficiency Examination requirements. Continuation of skill development listed under MUS 110; more complex materials, intermediate repertoire, and technique. May be retaken to a maximum of two hours.

211 Intermediate Class Piano II. (1) I, II. Prerequisite: MUS 210 or departmental approval. Continuation of MUS 210. May be retaken to a maximum of two hours.

212 Piano II. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

222 Voice II. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

230 String Instruments I. (1) I, II. Fingering, care of instruments and tone production. Group instruction to prepare for teaching strings in class and for training string section of school orchestra; survey of teaching materials.

232a Violin II. (1-2) I, II. One or two lessons per week. Instruction available in violin. May be retaken to a maximum of four hours.

232b Viola II. (1-2) I, II. One or two lessons per week. Instruction available in viola. May be retaken to a maximum of four hours.

232c Violin 'cello II. (1-2) I, II. One or two lessons per week. Instruction available in violin 'cello. May be retaken to a maximum of four hours.

232d String Bass II. (1-2) I, II. One or two lessons per week. Instruction available in string bass. May be retaken to a maximum of four hours.

232f Guitar II. (1-2) I, II. One or two lessons per week. Instruction available in guitar. May be retaken to a maximum of four hours.

242 Organ II. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

245a Cornet and Trumpet II. (1-2) I, II. One or two lessons per week. Instruction available in cornet and trumpet. May be retaken to a maximum of four hours.

245b French Horn II. (1-2) I, II. One or two lessons per week. Instruction available in French horn. May be retaken to a maximum of four hours.

245c Baritone Horn II. (1-2) I, II. One or two lessons per week. Instruction available in baritone horn. May be retaken to a maximum of four hours.

245d Trombone II. (1-2) I, II. One or two lessons per week. Instruction available in trombone. May be retaken to a maximum of four hours.

245e Tuba II. (1-2) I, II. One or two lessons per week. Instruction available in tuba. May be retaken to a maximum of four hours.

246a Flute II. (1-2) I, II. One or two lessons per week. Instruction available in flute. May be retaken to a maximum of four hours.

246b Oboe II. (1-2) I, II. One or two lessons per week. Instruction available in oboe. May be retaken to a maximum of four hours.

246c Clarinet II. (1-2) I, II. One or two lessons per week. Instruction available in clarinet. May be retaken to a maximum of four hours.

246d Bassoon II. (1-2) I, II. One or two lessons per week. Instruction available in bassoon. May be retaken to a maximum of four hours.

246e Saxophone II. (1-2) I, II. One or two lessons per week. Instruction available in saxophone. May be retaken to a maximum of four hours.

247 Percussion II. (1-2) I, II. One or two lessons per week. May be retaken to a maximum of four hours.

251 Brass Instruments Class I. (1) I, II. Fingering, care of instruments, tone production, and tuning. Group instruction to prepare for teaching brass instruments in band or orchestra. Examination of materials suitable for beginning instrumental programs.

252 Brass Instruments Class II. (1) I, II. Prerequisite: MUS 251. Continuation of MUS 251.

301A,B,C Performance Class. (0) A. Prerequisite: completion of MUS 101A,B,C. Required of all music majors for three semesters. Passing grade achieved when students have attended a minimum total of 16 concert events per semester.

312 Piano III. (1-4) I, II. One or two lessons per week. May be retaken to a maximum of eight hours.

313 Accompanying. (1/2) I, II. Prerequisite: keyboard coordinator approval. Upper-division keyboard students may substitute MUS 313 for ensembles requirements. Additional accompanying hours assigned. May be retaken to a maximum of two hours.

320 Class Voice. (1) I, II. Basic vocal techniques with emphasis on developing the voice for solo and/or choral performance.

322 Voice III. (1-4) I, II. One or two lessons per week. May be retaken to a maximum of eight hours.

330 String Instruments Class II. (1) I, II. Prerequisite: MUS 230. Continuation of MUS 230.

332a Violin III. (1-4) I, II. One or two lessons per week. Instruction in violin. May be retaken to a maximum of eight hours.

332b Viola III. (1-4) I, II. One or two lessons per week. Instruction in viola. May be retaken to a maximum of eight hours.

332c Violin 'cello III. (1-4) I, II. One or two lessons per week. Instruction in violin 'cello. May be retaken to a maximum of eight hours.

332d String Bass III. (1-4) I, II. One or two lessons per week. Instruction in string bass. May be retaken to a maximum of eight hours.

332f Guitar III. (1-4) I, II. One or two lessons per week. Instruction in guitar. May be retaken to a maximum of eight hours.

342 Organ III. (1-4) I, II. One or two lessons per week. May be retaken to a maximum of eight hours.

345a Cornet and Trumpet III. (1-4) I, II. One or two lessons per week. Instruction available in cornet and trumpet. May be retaken to a maximum of eight hours.

345b French Horn III. (1-4) I, II. One or two lessons per week. Instruction available in French horn. May be retaken to a maximum of eight hours.

345c Baritone Horn III. (1-4) I, II. One or two lessons per week. Instruction available in baritone horn. May be retaken to a maximum of eight hours.

345d Trombone III. (1-4) I, II. One or two lessons per week. Instruction available in trombone. May be retaken to a maximum of eight hours.

345e Tuba III. (1-4) I, II. One or two lessons per week. Instruction available in tuba. May be retaken to a maximum of eight hours.

346a Flute III. (1-4) I, II. One or two lessons per week. Instruction available in flute. May be retaken to a maximum of eight hours.

346b Oboe III. (1-4) I, II. One or two lessons per week. Instruction available in oboe. May be retaken to a maximum of eight hours.

346c Clarinet III. (1-4) I, II. One or two lessons per week. Instruction available in clarinet. May be retaken to a maximum of eight hours.

346d Bassoon III. (1-4) I, II. One or two lessons per week. Instruction available in bassoon. May be retaken to a maximum of eight hours.

346e Saxophone III. (1-4) I, II. One or two lessons per week. Instruction available in saxophone. May be retaken to a maximum of eight hours.

347 Percussion III. (1-4) I, II. One or two lessons per week. May be retaken to a maximum of eight hours.

351 Woodwind Instruments Class I. (1) I, II. Fingering, care of instruments, tone production, and tuning. Group instruction to prepare for teaching woodwind instruments in band or orchestra. Examination of materials suitable for beginning instrumental programs.

352 Woodwind Instruments Class II. (1) I, II. Prerequisite: MUS 351. Continuation of MUS 351.

354 Percussion Class I. (1) I, II. Snare drumming, rudiments, teaching techniques. Experiences on all related percussion instruments: bass drum, tympani, and others. Some experiences with mallet instruments; marimba, xylophone, bells, and others.

364 Instrumental Music Lab. (1) II. Practical experience in performing and conducting instrumental music literature appropriate for use in school situation. May be retaken to a maximum of one hour.

365 Choral Music Lab. (1) I. Practical experience in performing and conducting choral music literature appropriate for use in school situation. May be retaken to a maximum of one hour.

370 Marching Band Techniques. (2) I, II. Marching fundamentals, charting, and scoring for the contemporary marching band.

382 Choral Arranging. (2) I, II. Scoring literature of all types of choral ensembles for school use.

399 Junior Recital. (1) I, II.

412 Piano IV. (1-4) I, II. One or two lessons per week. May be retaken.

422 Voice IV. (1-4) I, II. One or two lessons per week. May be retaken.

432a Violin IV. (1-4) I, II. One or two lessons per week. Instruction available in violin. May be retaken to a maximum of eight hours.

432b Viola IV. (1-4) I, II. One or two lessons per week. Instruction available in viola. May be retaken to a maximum of eight hours.

432c Violin 'cello IV. (1-4) I, II. One or two lessons per week. Instruction available in violin 'cello. May be retaken to a maximum of eight hours.

432d String Bass IV. (1-4) I, II. One or two lessons per week. Instruction available in string bass. May be retaken to a maximum of eight hours.

432f Guitar IV. (1-4) I, II. One or two lessons per week. Instruction available in guitar. May be retaken to a maximum of eight hours.

442 Organ IV. (1-4) I, II. One or two lessons per week. May be retaken.

445a Cornet and Trumpet IV. (1-4) I, II. One or two lessons per week. Instruction available in cornet and trumpet. May be retaken to a maximum of eight hours.

445b French Horn IV. (1-4) I, II. One or two lessons per week. Instruction available in French horn. May be retaken to a maximum of eight hours.

445c Baritone Horn IV. (1-4) I, II. One or two lessons per week. Instruction available in baritone horn. May be retaken to a maximum of eight hours.

445d Trombone IV. (1-4) I, II. One or two lessons per week. Instruction available in trombone. May be retaken to a maximum of eight hours.

445e Tuba IV. (1-4) I, II. One or two lessons per week. Instruction available in tuba. May be retaken to a maximum of eight hours.

446a Flute IV. (1-4) I, II. One or two lessons per week. Instruction available in flute. May be retaken to a maximum of eight hours.

446b Oboe IV. (1-4) I, II. One or two lessons per week. Instruction available in oboe. May be retaken to a maximum of eight hours.

446c Clarinet IV. (1-4) I, II. One or two lessons per week. Instruction available in clarinet. May be retaken to a maximum of eight hours.

446d Bassoon IV. (1-4) I, II. One or two lessons per week. Instruction available in bassoon. May be retaken to a maximum of eight hours.

446e Saxophone IV. (1-4) I, II. One or two lessons per week. Instruction available in saxophone. May be retaken to a maximum of eight hours.

447 Percussion IV. (1-4) I, II. One or two lessons per week. May be retaken.

499 Recital. (1 or 2) I, II.

512 Piano V. (1-4) I, II. May not be taken for credit by piano majors.

513 Techniques of Accompanying. (1) I, II. Practical training in the tradition, interpretation, and execution of accompaniments. May be retaken to a maximum of two hours.

522 Voice V. (1-4) I, II. May not be taken for credit by voice majors.

542 Organ V. (1-4) I, II. May not be taken for credit by organ majors.

MUS—Music MUSIC ENSEMBLES

Rob James, Chair

Ensembles are open to all students enrolled in the University and to qualified persons not enrolled. Interested individuals are invited to participate and should confer with the director of each ensemble to arrange for an audition.

127, 327 Opera Workshop. (1) I, II.

Prerequisite: Instructors approval. Preparation and presentation of opera scenes and complete works. All phases of performance and technical procedures of staging, costumes, and management. Course may be retaken.

205 Chamber Music. (1/2) I, II. Study and performance of standard chamber music literature. Open to pianists, vocalists, string, wind, and percussion players upon recommendation of instructor. Course may be retaken.

223 Vocal Jazz Ensemble. (1) I, II. Formerly part of MUS 225/425/825. Rehearsal and performances of show choir literature. Course open by audition only. May be retaken to a maximum of four hours.

224 Madrigal Singers. (1) I, II. Formerly part of MUS 225/425/825. Rehearsal and performance of literature of the Madrigal. Course open by audition only. May be retaken to a maximum of four hours.

225 Concert Choir. (1) I, II. Rehearsal and performances of choral literature. Course may be retaken.

226 University Singers. (1) I, II. Rehearsal and performance of string orchestra literature from all style periods. Concerts given both on- and off-campus. Three or more hours rehearsal per week. May be retaken to a maximum of four hours.

235 Orchestra. (1) I, II. Rehearsal and performance of orchestra literature from all style periods. Concerts given both on and off campus. Three or more hours rehearsal per week. May be retaken to a maximum of four hours.

236 String Orchestra. (1) I, II. Rehearsal and performance of string orchestra literature from all style periods. Concerts given both on and off campus. Two or more hours of rehearsal per week. May be retaken to a maximum of four hours.

250 Small Ensembles. (1/2) I, II. Rehearsal and performance for: string orchestra, brass choir, percussion ensemble, stage band, and clarinet choir. Course may be retaken.

253 Percussion Ensemble. (1) I, II. Rehearsal and performance of standard Percussion Ensemble literature including steel drums, African studies, and marimba ensemble literature. Course open by audition only. May be retaken to a maximum of four hours.

254 Jazz Ensemble. (1) I, II. Rehearsal and performance of standard Jazz Ensemble literature including jazz improvisation, jazz styles, and form. Course open by audition only. May be retaken to a maximum of four hours.

255 Band. (1) I, II. Rehearsal and performance of standard band literature. Sections may include concert and symphonic bands and wind ensemble. May be retaken to a maximum of four hours.

256 Marching Band. (1) I. Preparation and performances of marching band shows during the football season. Three or more rehearsals per week. May be retaken to a maximum of four hours. Gen. Ed. 18.

423 Vocal Jazz Ensemble. (1) I, II. Formerly part of MUS 225/425/825. Rehearsal and performance of show choir literature. Course open by audition only. May be retaken to a maximum of four hours.

424 Madrigal Singers. (1) I, II. Formerly part of MUS 225/425/825. Rehearsal and performance of literature of the Madrigal. Course open by audition only. May be retaken to a maximum of four hours.

425 Concert Choir. (1) I, II. Prerequisite: MUS 225. Rehearsal and performance of choral literature. Sections may include Concert Choir, Madrigal Singers, and Show Choir. Course may be retaken.

426 University Singers. (1) I, II. Prerequisite: MUS 226. Rehearsal and performance of music for vocal ensemble. Concerts given both on and off campus. Three or more hours rehearsal per week. May be retaken to a maximum of four hours.

435 Orchestra. (1) I, II. Prerequisite: MUS 235. Rehearsal and performance of orchestra literature

from all style periods. Concerts given both on and off campus. Three or more hours rehearsal per week. May be retaken to a maximum of four hours.

436 String Orchestra. (1) I, II. Rehearsal and performance of string orchestra literature from all style periods. Concerts given both on and off campus. Two or more hours of rehearsal per week. May be retaken to a maximum of four hours.

453 Percussion Ensemble. (1) I, II. Rehearsal and performance of standard Percussion Ensemble literature including steel drums, African studies, and marimba ensemble literature. Course open-by audition only. May be retaken to a maximum of four hours.

454 Jazz Ensemble. (1) I, II. Rehearsal and performance of standard Jazz Ensemble literature including jazz improvisation, jazz styles, and forms. Course open by audition only. May be retaken to a maximum of four hours.

455 Band. (1) I, II. Prerequisite: MUS 255. Rehearsal and performance of standard band literature. Sections may include concert and symphonic bands and wind ensemble. May be retaken to a maximum of four hours.

MUS—Other Music Courses Rob James, Chair

102 Introduction to the Fundamentals of Music. (3) I, II. Required by students whose musical experience and preparation, as indicated by the Theory Placement Interview, are deemed insufficient to complete MUS 181. Credit does not count toward a music major or minor.

171 Enjoyment of Music. (3) I, II. May not count toward a music major or minor. Provides the general college student with a cultural background in music. Masterpieces of music, composers, and techniques presented through listening materials and concert attendance. Gen. Ed. 07.

181 Beginning Theory I. (4) I. Perception and understanding of music through an integrated study of relatively simple, short structures from the late Baroque to the early Romantic periods.

182 Beginning Theory II. (4) II. Prerequisite: MUS 181. Continuation of MUS 181.

220 Diction for Singers. (1) I, II. For voice, education, and choral conducting students. Enunciation and projection; accurate pronunciation in English, Italian and Ecclesiastical Latin. Phonetics and the International Phonetic Alphabet.

272 Music Literature. (3) I, II. Critical listening and scorereading of the standard repertory of music in Western Civilization from Gregorian plainchant to the Contemporary era. Gen. Ed. 07.

273 Survey of American Popular Music. (3) I, II. Survey of American popular music establishing its origins and tracing its development to the present time. Gen. Ed. 08.

281 Intermediate Theory III. (4) I. Prerequisite: MUS 182. Continuation of MUS 182. Integrated skills further developed through the study of more difficult, longer structures from the Baroque and Classic periods.

282 Intermediate Theory IV. (4) II. Prerequisite: MUS 281. Continuation of MUS 281. Integrated skills further developed through the study of more difficult structures from the Romantic and Modern periods.

283 Beginning Composition. (1) A. Prerequisite: instructor approval. Guidance in the exploration and development of compositional techniques relevant to the student's stylistic direction. Correct notation and major stylistic analysis stressed. May be retaken to a maximum of four hours provided the subject matter is different each time.

285 Jazz Improvisation. (3) I, II. Prerequisite: MUS 182 or instructor approval. Develop skills for improvising in contemporary jazz idioms.

349 Cooperative Study: Music. (1-8) A.

Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

360 Music Fundamentals for the Elementary Teacher. (2) I, II. Open only to elementary education majors who have been admitted to the Teacher Education Program. Provides the grade teacher with sufficient knowledge and skills to teach music in the classroom. Notation, rhythmic participation, rhythm and melody instruments, creative activities, and listening experiences.

366 Fundamentals of Conducting. (1) I. Prerequisite: junior standing in music or instructor approval. Basic techniques of conducting.

367 Instrumental Conducting. (2) II. Prerequisite: MUS 366. Instrumental conducting techniques and their application in rehearsal and performance.

368 Choral Conducting. (2) II. Prerequisite: MUS 366. Choral conducting techniques and their application in rehearsal and performance.

371 Survey of Music History I. (3) I. Prerequisite: MUS 171 or MUS 272 or instructor's approval. This survey of music history covers two in depth areas of study: The first eight weeks includes an introduction to world music and ancient music through Medieval Western Music. The second eight weeks continues with the Renaissance and Baroque periods. Gen. Ed. 07.

372 Survey of Music History II. (3) II. Prerequisite: MUS 371 or instructor approval. Survey of music history from the Classical era to the present. Gen. Ed. 07.

383 Orchestration. (3) I, II. Survey of ranges, timbres, and characteristics of orchestral instruments. Scoring for choirs and full orchestra.

384 Electronic Music. (2) I, II. Prerequisite: MUS 181. This course will provide a systematic investigation of four technologies specifically relevant to the field of music. they are midi sequencing, computer music notation, World Wide Web page design, and digital hard disk recording.

390 Survey of the Music Industry I. (3) I. Examination of the music industry including marketing and promotion, advertising, record production and companies, commercial radio and records, and radio business. A project reflecting course study is required.

391 Survey of the Music Industry II. (3) II. Prerequisite: MUS 390 or instructor approval. Continuation of MUS 390. Examination of the music industry including royalties, artist management, performing rights, trade journals, and industry relations and problems. A project reflecting course study is required.

480 Form and Analysis. (3) I, II. Prerequisite: junior standing in music. In-depth study of the materials of form from the motive through large structures.

481 Counterpoint. (3) A. Prerequisite: MUS 281 or equivalent. Analysis and composition in 16th century and 18th century contrapuntal styles including parts of the mass, two and three-part inventions, and fugues.

483 Composition. (2) A. Prerequisite: MUS 282 or equivalent; or instructor approval. Individual guidance in the exploration and development of compositional techniques relevant to the student's stylistic direction. May be retaken to a maximum of eight hours, provided the subject matter is different.

520 Diction for Singers. (1) I, II. For voice and choral conducting students. Enunciation and projection; accurate pronunciation in German and French. Phonetics and the International Phonetic Alphabet.

550 Teaching Techniques. (1-2) A. Analysis of current teaching methods and materials with the intention of developing sound teaching procedures. May include observation and performance. Topics in woodwinds, brass, percussion, strings, voice, piano, and organ. May be retaken to a maximum of two hours.

551 Performance Literature. (1-2) A. Literature for various performing media relative to performance practices and problems. Topics in woodwinds, brass, percussion, strings, voice, piano, and organ. May be retaken to a maximum of two hours.

554 Band Literature. (2) A. Designed to acquaint the student with European origins of the modern band; history of band music; and literature for the contemporary band.

555 Symphonic Music Literature. (3) II. Prerequisites: MUS 371 and 372. Evolution of the symphony from its beginning to the 20th century with emphasis on score reading and listening.

556 Choral Music Literature. (3) I. Prerequisites: MUS 371 and 372. Survey of choral music literature from the 15th century to the present.

564 Advanced Instrumental Conducting. (2) A. Prerequisite: MUS 367 or equivalent. Development of skills in score reading, preparation, interpretation, and conducting of representative orchestra or band works.

565 Advanced Choral Conducting. (2-3) A. Prerequisite: MUS 368 or equivalent. Development of skills in score reading, preparation, interpretation, and conducting of representative choral works.

586 Workshop in Instrumental Music. (1-4) A. Topics in band or orchestra procedures. May be retaken to a maximum of four hours.

588 Pedagogy of Theory. (2) A. Comparative study of theory systems with emphasis on presentation and illustrative exercises dealing with related theoretical problems.

589 Workshop in Choral Music. (1-4) A. Techniques, literature, and materials pertinent to a particular area or areas of preparation and performance of choral music. Topics to be announced. May be retaken to a maximum of four hours.

NAT—Natural Science
Dr. Malcolm Frisbie, Chair

101 Biology: The Science of Life. (3) I, II. This biological science course emphasizes human relationships with the natural world by studying concepts in ecology, inheritance, evolution, and the functioning of living systems. Credit will not be awarded to students who have credit for BIO 100. 2 Lec/2 Lab. Gen. Ed. 13.

101A Exploring Biology. (1) I, II. Corequisite: NAT 101. This course is designed to supplement NAT 101, offering students a forum in which to seek clarification of concepts and to further explore topics in biology through readings and discussion.

171 The Physical Universe. (3) I, II. An interdisciplinary course on natural philosophy, emphasizing science as a creative activity. It traces the evolution of our conceptions of science, the universe, matter, and energy. Credit will not be awarded to students who have credit for PHY 101. 2 Lec/2 Lab. Gen. Ed. 14.

172 The Physical Environment. (3) I, II. This course explores aspects of the earth sciences (meteorology, oceanography, geology and chemistry), emphasizing common concepts. Everyday experiences are used to illustrate physical principles. Credit will not be awarded to students who have credit for NAT 173. 2 Lec/2 Lab. Gen. Ed. 14.

300 Science as a Human Endeavor. (3) I, II. Using examples from biological and physical science this course investigates the scientific community, its structure, methods, and philosophy. Emphasis is on scientific revolutions that have affected perceptions of space, time, and cause. Gen. Ed. 15 or 16.

305 Dinosaurs. (3) A. The rise, diversification, and extinction of this prominent group

of organisms. This course attempts to explore how scientists make inferences about the past, including the use and limitations of physical evidence and the nature of science. Gen. Ed. 15 or 16.

310 Topics in the Natural Sciences. (1-3) A. Selected interdisciplinary topics and topics of current interest in the natural sciences. May be retaken to a maximum of three hours provided topic is different each time. Gen. Ed. 15 or 16.

363 Ecology and Human Affairs. (3) I, II. A biological science course that develops the basic principles of ecology, and uses them as a basis for consideration of agriculture, land use, endangered species, and other environmental issues. Gen. Ed. 15 or 16.

380 Science and Society. (3) I, II. By investigating incidences in which scientific knowledge interacts with society, this course attempts to understand the involvement of science with religion, government, technology, human population, energy, the environment, and the future. Gen. Ed. 15 or 16.

NFA—Nutrition, Foods, and Food Administration
Dr. Diane Leggett, Chair

121 Introduction to Food Composition and Preparation. (3) I, II. A beginning food science course which deals with food composition and the relationship of scientific processes and principles to food preparation. Lecture and laboratory experiences.

201 Essentials of Nutrition. (3) I, II. A scientific study of the essential nutrients and their application in meeting nutritional needs of all ages. Consideration is given to food selection, nutrition misinformation, obesity, and other common dietary problems.

202 Introduction to Dietetics. (1) I. A professional orientation course describing the roles of the practitioner in administrative, clinical, and community dietetics, along with relationships to other health professionals.

301 Bio Nutrition. (3) A. Prerequisites: CHE 102 or 112; and NFA 201. Structures and chemical properties of CHO, PRO, fat and nucleic acids, vitamins, coenzymes, minerals, and water related to metabolic processes.

302 Diet Therapy. (3) A. Prerequisite: NFA 201. Basic diet therapy and its application to dietary treatment for patients. Nutrition guidance and counseling techniques. Study of specific diseases and relationship of modified diets to overall medical care and/or rehabilitation of the patient.

317 Nutrition in the Life Cycle. (3) I, II. Study of dietary needs adapted to periods of the life cycle.

321 Meal Management. (3) A. Prerequisites: NFA 121 and 201. Food management, planning, preparation, and service of meals through management of time, energy, money, and efficient use of equipment. Consideration is given to nutritional needs, food habits, and social customs of family groups.

323 Experimental Foods. (3) A. Prerequisites: NFA 121 and CHE 102 or equivalent. Advanced food science course concerning the study of the reactions and interactions of food components in complex food systems during preparation, processing, and preservation. Lecture and laboratory experiences.

325 Quantity Food Production. (2) I. Prerequisites: NFA 121. Corequisite: NFA 326. Standards, principles, and techniques for managing throughout the functional subsystems of a food service setting; emphasis on quality, quantity, and cost controls.

326 Field Experiences in Quantity Food Production. (2) I. Prerequisites: NFA 321. Corequisite: NFA 325. Supervised field experience in the technical application of theory presented in NFA 325.

344 Institutional Purchasing. (3) II. Prerequisites: NFA 325 and 326 or consent of instructor. Principles and methods of purchasing

foods and equipment for various types of quantity food services; emphasis on specifications and factors affecting quality; food cost control. Field trips included.

349 Cooperative Study in Nutrition, Foods, and Food Administration. (1-8) A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

401 Human Nutrition. (3) I. Formerly NFA 501. Prerequisites: NFA 301; BIO 301, and NFA 302. Interrelations and functions of nutrients in normal nutrition; relation of nutrient requirements at the cellular level to dietary standards.

402 Therapeutic Nutrition. (3) II. Prerequisites: NFA 302 and NFA 401. Corequisite: NFA 403. Theory and applications of the normal dietary patterns and specific modifications, according to disease processes. Integrates nutritional management, physiological, and biochemical alternations for pathological disorders.

403 Application of Therapeutic Nutrition. (1) II. Corequisite: NFA 402. Applied diet modifications for disease states studied in NFA 402. Includes calculations for diabetes, hyperlipidemia, obesity, renal disease, enteral and parenteral nutrition as well as modifications for gastrointestinal and other diseases. Also includes field visits.

411 Community Nutrition. (2) A. Prerequisite: NFA 201. Corequisite: NFA 412. Analysis of nutrition services and legislation. Survey of roles of the nutritionist in various community settings. Development of resource file and preparation of nutrition education materials for use with different population groups. Planning and conducting nutrition surveys and analysis of data.

412 Field Experience for Community Nutrition. (1) A. Prerequisite: NFA 201. Corequisite: NFA 411. Supervised field experience including observation and participation in various community programs and settings. Experiences in individual and family nutrition counseling.

415 Seminar in the Dietetics Profession. (1-3) A. Formerly NFA 515. Prerequisites: NFA 401 and instructor approval. Current concepts and trends in dietetics and review of recent research. Topics include, but are not limited to, professional ethics, marketing, quality assurance and preparing for a dietetic internship.

416 Special Problems in Nutrition. (1-3) A. Formerly NFA 515. Prerequisites: NFA 401 and instructor approval. The student chooses a problem and works under the supervision of an instructor. May be retaken to a maximum of six hours provided the topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

445 Food Service Organization and Management. (3) A. Prerequisite: NFA 325, 326. Administrative functions within a food service system. Emphasis in top management responsibilities: financial and time management, quality assurance, legislation, labor unions, merchandising, networking, and human resource management.

500 Nutrition Concepts and Issues. (3) A. Fundamental principles of human nutrition and their application in meeting nutritional needs of all ages. Not open to dietetic or food service administration majors.

505 Maternal and Infant Nutrition. (3) A. Prerequisite: NFA 201. Nutritional requirements prior to and during pregnancy, lactation, and infancy. Survey the effects of dietary toxicants, deficiency and excesses of nutrients. Field experience.

507 Child and Adolescent Nutrition. (3) A. Prerequisite: NFA 201. Nutritional needs, problems, dietary habits, and motivations of the toddler through adolescent years. Field experience.

509 Nutrition and Aging. (3) A. Prerequisite: NFA 201. The theories of causes of aging; nutritional requirements, dietary intakes and effects of nutrition on the rate of biological aging. Field experience.

517 Sports Nutrition. (3) A. Prerequisite: NFA 201 or 500/700. Relationship of nutrition to optimal sports performance. Examines energy use during exercise metabolism, specific nutrient needs, nutritional strategies during training, conditions requiring special consideration, controversial and potentially dangerous nutritional practices of athletes.

NSC—Nursing (Baccalaureate)
Dr. Deborah Whitehouse, Chair

232 Health Assessment and Promotion I. (3) I, II. Prerequisites: Taken in semester immediately prior to expected enrollment in NSC 380 and students must meet minimum program GPA requirements of 2.5 or department approval. Development of assessment and health promotion skills to be used with clients throughout the life cycle.

242 Communication in Nursing. (3) I, II. Prerequisite: Sophomore standing or instructor approval. Therapeutic communication processes, theories, and techniques for building nurse client relationships throughout the life cycle. Development of beginning skills in nursing informatics and oral communication.

252 Nursing Science Domain. (3) I, II. Prerequisite: Sophomore standing or instructor approval. Nursing science foundation using selected concepts and constructs. Emphasis on past and current knowledge in the formulation of nursing as a basic and applied science. Application of epidemiology to nursing practice.

300 Nursing Externship. (1-6) I, II. Prerequisites: Departmental approval. Integrates practice and education through a health care based service model and collaborative partnerships to enhance clinical nursing competencies.

330 Clinical Drug Therapy. (3) I, II, A. Prerequisite: BIO 301, NSC 350 or department approval. Foundation for applying drug knowledge in client care, with emphasis on increasing therapeutic effects and decreasing adverse effects. Includes study of selected drug classes, prototypes and individual drugs.

332 Health Assessment and Promotion II. (2) I, II, A. Prerequisites: NSC 232, 242, 252. Development of physical assessment skills and evaluation of health patterns for clients throughout the life cycle.

350 Pathophysiology. (3) I, II, A. Prerequisite: BIO 171, 301 or departmental approval. Provides a framework for interpreting structural and functional changes associated with disease, facilitating critical thinking and decision making required of the professional nurse.

378 Short Topics in Clinical Nursing. (1-3) A. Provides enrichment learning for upper division nursing students and practicing registered nurses. Each segment of the course describes the current trends in nursing theory and practice including relevant pathologic processes and usual nursing management. Emphasis on in-depth study of current interest topics. May be retaken to a maximum of six hours credit.

380 Adult Health Nursing I. (4) I, II. Corequisite or Prerequisite: NSC 350. Prerequisite: NSC 232, 242, 252. Uses nursing process to develop practice solutions for selected adult health issues.

381 Perspectives in Professional Nursing I. (4) A. Prerequisites: RN status and admission to the nursing major. Transition to the professional nursing role for the RN student emphasizing foundational concepts of professional nursing practice.

385 Perspectives in Professional Nursing II. (4) A. Prerequisite: NSC 381. Advanced concepts and skills for professional nursing practice.

386 Adult Health Nursing II. (10) I, II. Prerequisites: NSC 350, 380. Uses nursing process to develop practice solutions for selected adult health issues.

390 Nursing Research. (2) I, II, A. Prerequisites: NSC 381 or 386; STA 215 or department approval. Uses the research process to guide nursing practice in the delivery of quality, cost effective health care.

392 Mental Health Nursing. (5) I, II. Prerequisites: NSC 330, 386, or department approval. Uses the nursing process to develop practice solutions for clients throughout the life cycle with selected mental health issues.

396 Family Health Nursing. (7) I, II. Prerequisites: NSC 330, 386, or department approval. Uses the nursing process to develop practice solutions for families during the childbearing and child rearing experience.

480 Health Care Leadership. (3) I, II. Prerequisites: NSC 392, 396, or 385, or department approval. An overview of leadership and management theory within nursing including legal, ethical and economic concepts. Prepares students to assume leadership in dynamic health care systems to promote comprehensive, cost-effective health care.

484 Adult Health Nursing III. (5) I, II. Prerequisites: NSC 392, 396. Uses nursing process to develop practice solutions for selected adult health issues.

486 Community Health Nursing. (5) I, II. Prerequisites: NSC 392, 396, or 385, or department approval. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

492 Complex Client Health Care. (5) I, II. Prerequisites: NSC 480, 484, 486 or department approval. Synthesizes nursing competencies to manage complex health problems, integrating legal, ethical and economic concepts.

495 Professional Role Transition. (2) I, II. Prerequisite: Senior standing in the major. Role development seminar emphasizing refinement of oral presentation skills. Critical analysis of role theory, political, economic and socioethical systems which shape nursing practice. Analyzes strategies for instituting change in the health care delivery system.

496 Application of Nursing Theory. (2) I, II. Prerequisite: NSC 484 or department approval. Facilitates synthesis of nursing knowledge and strengthens the student's ability to apply theory to specific patient situations. Patient case situations from all nursing clinical areas are utilized.

498 Independent Study. (1-6) A. Prerequisite: Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an issue or area of interest to nursing. May be retaken to a maximum of six hours.

500 Early Childhood Health Care. (3) A. Prerequisite: education major or instructor approval. Focuses on the development of competencies necessary for health management of young children (ages birth through five years) with special health care needs. Appropriate for non-health care professionals in the community or classroom.

NUR—Nursing (Associate)
Peggy Tudor, Chair

112 Nursing Concepts I. (7) I, II. (Formerly NUR 115 & NUR 117). Prerequisite: Admission to the Associate Degree Nursing Program. Provides the theoretical and clinical foundation necessary for the beginning nursing student. Content addresses the role of the nurse in assisting individuals to meet basic needs throughout the life cycle.

116 Laboratory Applications I. (1) I, II. Prerequisite or corequisite: NUR 112 or NUR 115. Students are provided with opportunities to apply concepts in nursing practice in the laboratory setting.

124 Nursing Concepts II. (5) I, II. Formerly NUR 120 and 121. Prerequisite: NUR 115, 116, 117 or NUR 112 and 116, BIO 171, ENG 101 or ENG 105, NFA 201 all with a grade of "C-" or better. Provides concepts and theories to apply the nursing process while caring for perioperative clients who are experiencing common stressors and clients experiencing alterations in musculoskeletal function and normal cell proliferation.

126 Nursing Concepts III. (3) I, II. Formerly NUR 122 and 123. Prerequisite: NUR 115, 116, 117 or NUR 112, 116; BIO 171, ENG 101 or ENG 105, NFA 201 all with a grade of "C-" or better. Builds upon concepts from first semester courses and provides concepts, theories and opportunities to apply the nursing process while caring for perinatal clients who are experiencing common stressors.

200 Dosage Calculation for Nursing. (1) A. Develops competency in dosage calculation and provides progression in application for nonparenteral to parenteral medications.

201 Dosage Calculation for Nsq. II. (1) I, II. Prerequisite: NUR 117 (S) or NUR 200 (C or better). Develops competency in dosage calculations of intravenous therapies. Emphasis on IV medication on titration calculations including pediatric, obstetric, and clinical care dosages.

205 Role Transition for the Licensed Practical Nurse. (1) A. Prerequisite: Admission to Associate Degree Nursing Program. Requirement for entry of licensed practical nurses into NUR 235. Emphasis is on roles of the Associate Degree Nurse, communication skills, and use of the nursing process.

210 Medieval to Modern Drug Treatment. (3) I, II. This course explores herbology, home and folklore remedies, over-the-counter medications, high technology drug development, Food and Drug Administration (FDA) approval, and considers implications of merging past and present medicinal treatments.

215 Clinical Techniques in Nursing. (1-6) A. Prerequisite: NUR 120, 121, 122, and 123 or 124 & 126 or equivalent with a grade of "C-" or better. Supervised practice in department approved agency. The number of hours will depend on the range and depth of activities. May be retaken to a maximum of 6 hours.

217 Strategies for Success in Nursing. (1) I, II. This course explores a variety of strategies designed to assist students to develop habits which promote success in nursing education.

230 Principles of Pain Management (2) I, II. This course examines specific concepts aimed at relieving client pain by altering the physiological, psychological, and behavioral variables of the pain experience.

232 Nursing Concepts III-Med-Surg. (7) I, II. Formerly NUR 235 and 236. Prerequisite: NUR 120, 121, 122, 123 or NUR 124, 126 or NUR 205; BIO 301, CHE 105, ENG 102 or ENG 105 all with a grade of "C-" or better. Students develop theoretical and clinical competency in the application of the nursing process while caring for clients experiencing alterations in oxygenation, ingestion, and elimination.

234 Nursing Concepts III-Psych. (3) I, II. Formerly NUR 237 and 238. Prerequisite: NUR 120, 121, 122, 123 or NUR 124, 126 or NUR 205, BIO 301, CHE 105, ENG 102 or ENG 105 all with a grade of "C-" or better. Students develop theoretical and clinical competency in the application of the nursing process while caring for clients experiencing interferences with patterns of behavior and coping.

235 Nursing Concepts III-Med-Surg. (5) I, II. Prerequisite: NUR 120, 121, 122, 123 or NUR 205, BIO 171, BIO 301, CHE 105, ENG 101, ENG 102, NFA 201. Corequisite NUR 236. Provides concepts and theories for applying the nursing process to clients experiencing interferences with ingestion, normal cell proliferation, the integument, and elimination.

236 Clinical Application III Med-Surg. (2) I, II. Formerly NUR 235. Corequisite: NUR 235. Prerequisite: NUR 120, 121, 122, 123, or NUR 205, BIO 171, BIO 301, CHE 105, ENG 101, ENG 102, NFA 201 all with a grade of "C" or better. Designed to develop the student's competence in applying the nursing process in caring for clients experiencing interferences with ingestion, normal cell proliferation, the integument and elimination.

237 Nursing Concepts III-PSY (2) I, II. Formerly NUR 235. Corequisite: NUR 238; Prerequisites: NUR 120, 121, 122, 123, or NUR 205, BIO 171, BIO 301, CHE 105, ENG 101, ENG 102, NFA 201 with a grade of "C" or better. Provides concepts and theories for applying the nursing process to clients experiencing interferences with patterns of behavior and coping.

238 Clinical Application III-PSY. (1) I, II. Formerly NUR 235. Corequisite: NUR 237; Prerequisite: NUR 120, 121, 122, 123, or NUR 205, BIO 171, BIO 301, CHE 105, ENG 101, ENG 102, NFA 201 all with a grade of "C" or better. Designed to develop the student's competence in applying the nursing process in caring for clients experiencing interferences with behavior and coping.

245 Application of Nursing Concepts IV. (10) I, II. Prerequisite: NUR 235, 236, 237, 238, BIO 273, PSY 202 or SOC 131 - all with grade of "C" or better. Corequisite: NUR 255. Students develop competency in the application of the nursing process while caring for clients experiencing alterations in oxygenation, musculoskeletal, regulatory, and neurosensory function. Selected clinical experiences utilized.

255 Trends and Issues in Nursing. (2) I, II. Prerequisite: NUR 235, 236, 237, 238. Corequisite: NUR 245. Focuses on current issues and trends in nursing. Ethical, legal, and professional responsibilities and career opportunities are stressed with historical events in nursing interwoven.

265 Independent Study. (1-6) A. Directed study on an issue or area of interest to nursing. May be retaken to a maximum of six hours credit.

OHO—Ornamental Horticulture TBA, Chair

131 Principles of Horticulture. (3) I. Corequisite: OHO 132. Introduction to the major divisions of horticulture with emphasis on plant growth, propagation, reproduction, and soil-water relationships. Exploration of the various phases of horticulture and the related employment opportunities in the industry.

132 Horticulture Laboratory. (1) I. Corequisite: OHO 131. Laboratory, greenhouse, and field work which applies the principles of nursery, turf, and greenhouse management taught in the classroom.

261 Selection and Use of Deciduous Trees and Shrubs. (3) I. Characteristics of identification and criteria for landscape use of perennials, deciduous tree, and shrub cultivars adapted to Kentucky.

262 Selection and Use of Evergreen Trees and Shrubs. (3) II. Characteristics of identification and criteria for landscape use of tree and shrub cultivars adapted to Kentucky.

283 Bedding Plant Production. (3) II. Cultural practices of propagation and growing annuals and perennials to outdoor planting size, using structures and facilities necessary for production. Students will propagate and produce bedding plants and prepare outdoor plantings. 2 lec/2 lab.

301 Directed Work Experience. (1-4) I, II. Cross listed as AGR 301. A minimum of three hours per week per hour of credit using university or other approved facilities. Credit will not be awarded to students who have credit for AGR 301.

349 Cooperative Study in Horticulture. (1-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight,

associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

351 Turfgrass Management. (4) I. Prerequisite: AGR 215. The establishment and maintenance of greenspaces utilizing turfgrass species and cultivars adapted to variable intensities of culture. Relationships of environmental factors and cultural practices are emphasized. 3 lec/2 lab.

352 Horticulture Equipment. (2) A. The selection, operation, and maintenance of equipment and engines used in establishing and maintaining landscape, nursery, and greenhouse areas. 1 lec/2 lab.

354 Irrigation Systems. (2) I. An introduction to irrigation systems, their design and installation for efficient water utilization in crop production and maintenance. Overhead, drip, and subirrigation systems are evaluated.

362 Topics in Landscape Gardening. (1-6) A. Students may enroll up to six times for a total of six hours.

362A Home Landscape Option.

362D Disease and Insect Control Option.

362E Floral Design Option. 2 lab

362F Lawn Establishment and Maintenance Option.

362G Problems of Golf Course Operation Option.

362K Interior Landscaping Option.

363 Retail Florist Operation. (3) A. The study of floral businesses as related to locating, starting, and operating a retail floral establishment.

364 Advanced Floral Design. (2) A. The study and practice of advanced floral design techniques; includes construction of conventional and contemporary floral designs. 1 Lec/2 Lab.

370 Landscape Operations Management. (3) II. Management of labor, estimating and bidding along with basic maintenance of trees, shrubs, and herbaceous plants in the landscape operation. 2 lec/2 lab.

371 Nursery Production Technology. (3) I. Prerequisites: AGR 215. Production and wholesale marketing techniques of woody and herbaceous ornamental plants including site selection, growing procedures, and shipping. Students work in the University nursery and develop business record keeping systems with the use of microcomputers.

372 Nursery Retail Technology. (3) A. Prerequisites: OHO 131 and 132. The design, development, and management of a retail nursery outlet primarily a retail nursery garden center. Students will develop a model retail business including all phases of applied sciences such as business record keeping, with the help of microcomputers.

373 Fruit Production. (3) A. Planning, planting, and growing fruits. Pruning, training, fertilizing, controlling pests, and harvesting for quality of bush and tree fruits.

384 Greenhouse Floral Crops. (3) A. The study of specialized greenhouse floral crops and methods of producing them; includes bed and container growing production cycles to meet peak demands and marketing techniques. 2 lec/2 lab.

385 Production of Foliage Plants. (3) A. Identification of green foliage plants, usually called houseplants; propagation techniques, rooting mediums, disease and insect control, and arranging plants in planters and baskets for marketing.

386 Vegetable Production. (3) A. Vegetable growth and development, growing from seed, managing soils, planting, mulching, controlling pests, harvesting, handling, marketing, and storing of most vegetable crops.

388 Greenhouse Operation and Management. (3) II. Plant propagation and growing techniques in a greenhouse. The student learns operation procedures and the economics of operating a greenhouse and using cold and hot frames.

389 Greenhouse Management Practicum. (3) I, II. Management of the greenhouse; students work nine hours per week in the greenhouses to practice management and production skills.

391 Landscape Methods and Related Businesses. (3) I, II. Prerequisite: OHO 261 or 262. Elements of design and the execution of the landscape architect plan. Additional emphasis will be placed on occupations related to ornamental horticulture including industrial grounds management. 2 lec/2 lab.

392 Advanced Landscape Techniques. (3) II. Comprehensive study of common landscape construction materials and their use in current landscape applications. Class will include laboratory exercises involving the construction of such components as retaining walls, water features, decks, and patios.

410 Special Problems Seminar. (1-3) I, II. Cross listed as AGR 410. Students choose a problem and work under the supervision of the instructor in the field of the problem. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Credit will not be awarded to students who have credit for AGR 410.

OTS—Occupational Therapy Dr. Onda Bennett, Chair

101 Intro Practicum in Occupation. (2) A. Introduction to occupational science and occupational therapy. Active learning experiences explore occupational self. Develop an understanding of self-reflection and portfolio development as process for learning.

201 Practicum in Community Occupation. (2) A. Prerequisite: OTS 101. Includes self-reflection and portfolio development to communicate valuing occupation as the core to well being. Active learning experiences in the community explore occupation and increase awareness and sensitivity to others as occupational beings.

203 Bridge Practicum in Occupation and Community. (4) A. Credit will not be awarded to students who have credit for OTS 101 and OTS 201. Fundamental concepts of occupational science and occupational therapy. Community experiences explore occupation in self and others. Web based course with intensive on campus seminar to include self-reflection and portfolio development.

301 Practicum in Occupational Science I. (3) A. Pre or co-requisite OTS 311; pre-requisite OTS 201 or 203. Community experience focusing on development of professional identity. Seminar, self-reflection and portfolio development designed to integrate knowledge of self as a creative and active occupational being.

302 Practicum in Occupational Science II. Pre or co-requisite OTS 313. Community experience focusing on cultural competence and diversity. Seminar includes discussion to increase awareness and sensitivity to cultural and diversity issues, self-reflection, and portfolio development.

311 Self as Occupational Being. (3) A. Analysis of occupation and occupational patterns of self. Recognize and compare the influence of occupation on well-being of self and others through active learning experiences.

312 Occupation by Design. (3) A. An examination of problem solving strategies related to occupation. Initial use of basic problem solving methods progressing to complex design strategies required in occupation-based intervention.

313 Occupation in Context. (3) A. The student will gain an understanding of occupation in the contexts of space, time and culture. Lecture, observation and interview techniques will be used to recognize occupational constructs.

335 OTS Group Theory and Dynamics. (2-3) A. Analysis and application of communication skills necessary for becoming an effective health and human service provider. Strategies for fostering communication with diverse clients, professionals, organizations and agencies in relation to occupational behavior.

341 Level I Fieldwork - A. (2) I, II.

Prerequisites: EMC 104 and OTS 232. Prerequisite or Corequisite OTS 352. The first competency based fieldwork course to develop professional skills in occupational therapy service delivery. Students assigned to agencies serving infants, children, or adolescents. 5 Lab. (Last time course will be offered - Spring 2004.)

352 OT for Infants and Children. (4) I, II.

Prerequisites: PSY 280, OTS 320 and OTS 332. Prerequisites or corequisites: BIO 371 and CHS 207. Programming for infants and children. Evaluation, program planning, treatment application, prevention, and consultation. Concepts of health and illness related to infants and children. 5 Lec/Lab. (Last time course will be offered - Fall 2003.)

353 Occupational Therapy for the Adolescent. (4) I, II. Prerequisite BIO 371. Prerequisite or Corequisite: OTS 320. Theories, approaches, and principles of occupational therapy programming for the adolescent. Evaluation, program planning, and treatment application. 4 Lec/Lab. (Last time course will be offered - Spring 2004.)

354 OT for Adults-Assessment and Treatment I. (4) I, II. Prerequisite BIO 271, 371, and PSY 308. Prerequisites or Corequisites OTS 320, 335, and 362. First course on occupational therapy assessment and treatment for adults. Emphasis on normal development, medical diagnoses, biopsychosocial problems, and programming for occupational performance. 5 Lec/Lab. (Last time course will be offered - Spring 2004.)

362 Human Motion for Activity. (3) I, II. Prerequisites: acceptance into professional program and BIO 271. Kinetics of the musculoskeletal system in relation to occupational performance skills. Included are evaluation procedures for muscle strength, range of motion, biomechanical analysis, and hand function. 2 Lec/2 Lab.

401 Practicum - OS III - Life Narrative. (3) A. Prerequisite: OTS 301 and 302; Pre or corequisite OTS 421. Active learning experience focusing on occupation across the lifespan within the context of disability. Introduction to life narratives as an assessment of occupation. Practicum includes self reflection and portfolio development.

402 Pract-OS IV: Advocacy/Research. (3) A. Prerequisite OTS 301 and 302; Pre or corequisite OTS 478 and OTS 432. Active learning experience focusing on advocacy, health policy, ethics, and research. Introduction to participation in policy changes and research activities to advance health care. Practicum includes self-reflection and portfolio development.

410 Special Problems in Occupational Therapy. (1-3) A. Prerequisite: Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Independent study, special seminar, or special topic. May be retaken to a maximum of six hours.

421 Occupation Across the Lifespan. (3) A. Course examines the biophysical, cognitive and psychosocial development of a person as an occupational being. Content includes engagement in productive, restorative and pleasurable occupations over the lifespan.

422 Impact of Conditions on Occ. (4) A. Introduction to human occupation in the context of disease and disability. Content includes pathophysiological, behavioral and developmental issues which have an impact on human occupation.

425 Technology for the Disabled. (3) I, II. Prerequisites: Senior standing in professional program. Knowledge and skills in the use of specific technology available for occupational therapists to develop or enhance the work, leisure or self-care skills of the severely disabled individual. (Last time course will be offered - Fall 2004.)

430 Intervention in Health and Human Services. (3) A. Overview of primary concepts related to occupational assessment, intervention and documentation as a provider in health care systems. Compare intervention processes in various health and human service delivery models.

431 Therapeutic Adaptations. (3) I, II. Prerequisites: OTS 331 and 362. Skills in adapting tools, equipment, environments, and activities for therapeutic use. Designing, fabricating, using orthotic devices, and developing assistive and adaptive equipment to enhance work, play/leisure, and self-care skills. 2 Lec/2 Lab. (Last time course will be offered - Spring 2004.)

432 Research in Occupation. (3) I, II. Students will learn to be consumers and participants in qualitative and quantitative research examine methods of research design, data collection, and prepare a research prospectus related to o.s. Apply statistical methods to the study of occupation.

435 OT Professional Seminar. (2) A. Prerequisite: senior standing in program. Seminar course in which students will discuss and debate health issues related to practice. Concepts of position statements, strategic planning, and self-directed learning will be emphasized.

454 OT for Adults - Assessment and Treatment. (4) I, II. Prerequisites: OTS 354 and 362. Second course on occupational therapy assessment and treatment for adults. Continuation of medical diagnoses, biopsychosocial problems, and programming for occupational performance. 5 Lec/Lab. (Last time course will be offered - Fall 2004.)

455 OT for the Elderly. (4) I, II. Prerequisite: BIO 371. Prerequisite or Corequisite: OTS 320. Theories, approaches, and principles of gerontic occupational therapy. Theories of aging, normal physiological and psychological changes of aging, specific diseases and conditions, and common problems of the aging population. Focus on occupational therapy intervention. 4 Lec/Lab. (Last time course will be offered - Spring 2005.)

462 Level I Fieldwork-B. (2) I, II. Prerequisite: OTS 341. Prerequisite or Corequisite: OTS 353, 454. The second competency based fieldwork course to help develop skills in occupational therapy service delivery. Students assigned to agencies serving adults with biopsychosocial problems. 5 Lab. (Last time course will be offered - Fall 2004.)

473 Level I Fieldwork-C. (2) I, II. Prerequisite: OTS 462. Prerequisite or Corequisite: OTS 455. The third competency based fieldwork course to help develop skills in occupational therapy service delivery. Students assigned to agencies serving the elderly. 5 Lab. (Last time course will be offered - Spring 2005.)

478 Health Care Delivery Systems. (3) A. The study of occupational science, its application to occupational therapy in the history and development of health care systems, models, finance, and policy issues. Topics: reimbursement, managed care, and impact of health policy in rehabilitation.

481 Level II Fieldwork (Internship). (6) A. Prerequisites: completion of all OTS and supporting courses and instructor approval. Equivalent of 12 weeks of supervised field experiences in traditional and/or emerging practice settings. Students will be supervised by registered therapists. (Last time course will be offered - Summer 2006.)

482 Level II Fieldwork (Internship). (6) A. Prerequisites: completion of all OTS and support courses and instructor approval. Equivalent of 12 weeks of supervised field experiences with individuals of varying ages and conditions. Students will be supervised by registered therapists. (Last time course will be offered - Fall 2006.)

483 Level II Fieldwork Specialty Internship. (2-6) A. Prerequisites: OTS 481 and 482. One to three months of field experience in a specialty area of occupational therapy. Students will be supervised by registered therapists. (Last time course will be offered - Fall 2006.)

515 Early Child Sensorimotor Development. (3) A. Provides an overview of normal sensorimotor development in infants and young children. Includes contrasting normal/abnormal development and application of appropriate developmental tasks. Laboratory experiences will be provided.

520 Providing Health Services in Appalachia. (3) A. Prerequisite: instructor approval. An overview of development and delivery of health care services in Appalachia. Examination of relevant current and historical factors which have an impact on the health of Appalachian people.

530 OT in Early Childhood Programs. (3) A. Prerequisite: OTS 352 or equivalent; or graduate OT student. Will acquaint students with early intervention and preschool environments, and the role of occupational therapy in these environments.

531 Occupational Therapy Services in the School System. (3) A. Prerequisite: OTS 352, 353 or equivalent; or graduate OT student. In-depth study of school-based occupational therapy. Theories, principles, models of practice, and methods of occupational therapy delivery of services for students experiencing dysfunction in educational performance, within the context of state and federal laws.

PHE—Physical Education
Dr. Lonnie J. Davis, Chair

125 Introduction to Physical Education. (1) I, II. Introduction to the profession; exposure to professional standards of leadership, service, and scholarship; and assessment of skills and proficiencies necessary for professional advancement.

200 Heritage of Dance. (3) I, II. Introduction to dance, its role as a non-verbal means of expression. Examination of all dance forms and their cultural context including folk, social, entertainment, and dance as an art form. Gen. Ed. 07.

212 Care and Prevention of Athletic and Exercise Injuries. (3) I, II. Prerequisite: BIO 171. Overview of the mechanism, prevention, management, and rehabilitation of athletic and exercise injuries. Practical experiences include the application of supportive techniques to the major joints of the body.

220 Team Sports I. (2) I. Basic skills, strategy, rules, officiating, and teaching techniques related to flag football and basketball.

224 Team Sports II. (3) I, II. Basic skills, strategy, rules, officiating, and teaching techniques related to basketball, volleyball, soccer, and track and field.

241 Swimming and Water Safety. (1) I, II. Prerequisite: HPR 282, Beginning Swimming or instructor approval. Develop swimming skills and endurance to intermediate level; study of fundamental mechanical principles; basic safety skills; ability to conduct a variety of aquatic activities.

242 Advanced Lifesaving. (1) I, II. Prerequisite: ability to pass American Red Cross swimming test. Advanced technique of water safety and rescue; American Red Cross certification awarded to those who qualify.

250 Dance Technique and Production. (1) I, II. Beginning/intermediate dance technique, primarily modern, with opportunities for choreography, technical production, and/or performance of group dance composition in a concert presentation. May be retaken to a maximum of three hours.

261 Coaching Baseball. (2) I, II. Theory and practice in coaching the fundamentals of baseball; team offense and defense.

300 Techniques of Social and Creative Dance. (3) II. Teaching creative and social forms of dance in the educational and recreational setting.

305 Individual and Dual Sports I. (3) I, II.

Basic skills, strategy, etiquette, rules, and teaching techniques related to tennis, golf, and badminton.

306 Individual and Dual Sports II. (3) A.

Basic skills, strategy, etiquette, rules, and teaching techniques related to archery, bowling, and racquetball.

310 Physical Activity and Child

Development. (3) II. Prerequisite: EDF 319.

Understanding of motor development and the improvement of human movement through developmental movement activities which are basic to readiness for performance at school.

315 Physical Fitness Concepts and

Applications. (3) I, II. Discussion, demonstration, practice of fitness concepts and various methods of developing physical fitness.

320 Biomechanics. (3) I, II. Prerequisite:

BIO 171. Qualitative study of human movement through anatomical, physiological, and biomechanical concepts; analysis and application.

323 Movement Concepts and Skill Themes.

(3) I. Prerequisite: Physical Education major and EDF 103 and 203. Motor skill themes and movement concepts required for planning and teaching the appropriate sequence and scope for achievement of learner outcomes through elementary physical education.

325 Physiology of Activity. (3) I, II.

Prerequisite: BIO 301. Effects of physical activities on various systems of the human body.

326 History and Philosophy of Physical

Education. (2) I, II. Physical education from an historical perspective and philosophies of well-known physical educators with implications for the individual and society.

327 Sport in American Society. (3) II. Impact of sport in American society with attention to relationship of political, economic, ethnic, and institutional forces operating within the phenomenon of sport.

340 Advanced Swimming and WSI. (2) I, II.

Prerequisite: proficient swimming ability for achievement of advanced swimming and WSI skills. Study of aquatic management and teaching technique. WSI certification awarded to those who qualify.

345 Dance Choreography. (2) I. Basics of dance choreography, applicable to entertainment and art forms of dance.

349 Cooperative Study. (1-8) A. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

360 Coaching Basketball. (2) I, II. Theory and practice in coaching the fundamentals of basketball; team offense and defense.

361 Coaching Volleyball. (2) I, II. Theory and practice in coaching the fundamentals of volleyball; team offense and defense.

362 Coaching Track and Field. (2) II. Theory and practice in coaching fundamentals involved in track and field.

365 Gymnastics. (2) I, II. Knowledge and skills required for teaching gymnastics skill themes and movement concepts.

370 Practicum in Physical Education. (1-3) I,

II. Overview of physical education teaching through consultation and application; students will experience teaching-learning situations by assisting with various curricular programs. May be retaken to a maximum of three hours.

383 Sports Officiating. (1) I, II. Technique and skill of officiating, structure of officiating, and relationship between performance, behavior, and the official's duties.

398 Practicum in Athletic Training. (1-6) A. Supervised athletic training in a school, university, or clinic setting. May be retaken to a maximum of six hours.

400 Organization of Recreational Sport

Activities. (3) I, II. Theoretical and practical study of intramural recreational sports programming in institutional, agency, and private setting. Laboratory hours assigned. 2 Lec/2 Lab.

403 Therapeutic Modalities for Athletic

Training. (3) I, II. Prerequisites: BIO 171, 301, PHE 312, and 401. Study and practice related to the physiological effects of heat and cold; the therapeutic indications and contraindications of such modalities as heat, cold, electricity, ultrasound, and water.

407 Strength and Conditioning

Programming. (3) I,II. Formerly PHE 307.

Advanced skills in developing, implementing, and evaluating strength training programs. Knowledge of strength and resistance training, spotting techniques, and safety techniques, exercises and associated anatomy, periodization, and general guidelines for all fitness levels and ages.

415 Outdoor and Lifelong Leisure Motor

Activities. (3) I, II. Knowledge and skills needed to conduct cooperative, leisure, adventure, and outdoor motor activities for achievement of important personal and educational goals.

420 Coaching Football. (2) I, II. Theory and practice in coaching the fundamentals of football; team offense and defense.

423 Psychology of Coaching. (3) I. Formerly PHE 523. Study of the dynamics of coaching including performance enhancement and understanding the functions of the coaching process.

433 Adult Physical Fitness Programs. (3) I.

Prerequisites: BIO 171, 301, and junior standing. Formerly PHE 333. Practice and study of exercise programs meeting the guidelines of the American College of Sports Medicine (ACSM) for improving body composition and cardiovascular-respiratory function in adults.

435 Teaching Aerobic Dance. (3) I. Formerly

PHE 335. A methods course for teaching aerobic dance-exercise. Students will learn movement and rhythmic fundamentals, effective teaching methods, how to develop appropriate and creative choreography, injury prevention, marketing techniques, and legal issues involved in starting and running an aerobic dance-exercise class.

450 Advanced Dance Technique and

Production. (1) I, II. Formerly PHE 550. Advanced technique, primarily modern, with opportunities for choreography, technical production, and/or performance of solo or group dance composition in a concert presentation. May be retaken to a maximum of two hours.

467 Skill Acquisition. (3) I, II. Practical application of principles of learning and performing motor skills taught in the physical activity environment and the influence of historical events on research in the area of skill acquisition.

470 Internship: Sport Management. (1-6) A.

Prerequisite: 2.0 GPA, Completion of Physical Education Core Courses and Sport Management Option Courses. Students are required to document a minimum of 200 hours of sport management related experiences prior to enrollment in PHE 470. Supervised experiences in the directing of sports and physical activities in various settings. May be retaken to a maximum of six hours.

472 Internship: Physical Fitness and

Wellness Management. (1-6) A. Prerequisite: 2.0 GPA; Completion of Physical Education Core Courses and Physical Fitness and Wellness Option Courses. Students are required to document a minimum of 50 hours of physical fitness and wellness related experiences prior to enrollment in PHE 472. Supervised experiences in the directing of wellness and physical fitness activities in various settings. May be retaken to a maximum of six hours.

485 Independent Study. (1-3) I, II. Individual work on a physical education related problem in supervised situation. Restricted to undergraduate physical education major or minor student. Student

must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

562 Adapted Physical Activity. (3) I, II.

Principles and practices of adapted physical education emphasizing the needs of people with disabilities. Emphasis will be placed on the importance of physical activity, recent legislation, assessments, individual education plans, and adapting activities.

575 Tests and Measurements in Physical

Education. (3) I, II. Administration and scoring of tests; evaluation of use of results obtained.

590 Special Topics in Physical Education.

(1-4) A. Study of various topics in physical education and sport selected to meet special student needs and interests. May be retaken to a maximum of six hours with advisor approval provided subtitle is different.

PHI—Philosophy

Dr. Ron Messerich, Chair

100 Practical Reasoning. (3) I, II.

The development of skills essential for the analysis and evaluation of reasoning and argumentation of kinds commonly encountered in essays, textbooks, news media, discussions, lectures, and work situations. Gen. Ed. 03 or 04.

110 Beginning Philosophy. (3) I, II.

Basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, self, values, and religious belief. Gen. Ed. 07.

130 Beginning Ethics. (3) I, II. Survey of theories concerning the nature of right and wrong, emphasizing how these theories can be applied to personal moral choices. Gen. Ed. 07.

240 Philosophy of Religion. (3) A. Study of religious experience, ideas of belief and knowledge, nature and existence of God, doctrine of persons, faith religious ethics, and religious language. Gen. Ed. 07.

280A,B,C Short Topics in Philosophy. (1 each)

A. One or two or three distinct short topics offered sequentially during one semester. The student may take any or all of the topics, and the course may be retaken to a maximum of six hours if each topic is different.

300 Greek and Roman Philosophy. (3) A.

Survey of philosophical thought as seen through an examination of selected issues and selected philosophers from ancient Greece through the early Roman period. Gen. Ed. 07.

310 Medieval Philosophy. (3) A.

Study of Christian, Jewish, and Islamic philosophical thought in the Middle Ages and of Renaissance scholasticism. Issues in various areas of philosophical inquiry are examined through selected readings from Augustine to Suarez.

320 Modern Philosophy. (3) A. Examination of some major issues and some major philosophers from the 17th and 18th centuries. Gen. Ed. 07.

330 Twentieth Century Philosophy. (3) A.

A survey of the principal schools of philosophic thought of the twentieth century in Europe and America, with special attention to the important issues which emerge.

332 Existentialism & Postmodernism. (3) A.

Study of the influence of such existentialists as Nietzsche, Husserl, Sartre, de Beauvoir, and Heidegger on contemporary postmodern theories such as Foucault, Baudrillard, Derrida, Kristeva, and Irigaray.

333 Recent Analytic Philosophy. (3) A.

Examination of recent philosophic articles and books in the analytic tradition on philosophic topics at the center of current philosophic interest.

340 Philosophy of Science. (3) A.

How views of reality, knowledge, and values relate to science and scientists. Philosophical assumptions of science examined through historical examples of scientific investigations. The value and the values of scientific methods and scientific theories. Gen. Ed. 08.

342 American Philosophy. (3) A. A critical examination of basic beliefs held by Americans regarding themselves, their culture, and world, through the thought of modern American philosophers such as Royce, Peirce, James, Santayana, Woodbridge, Dewey, and Whitehead.

349 Cooperative Study: Philosophy. (1-8) A. Prerequisite: Consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

360 Human Nature. (3) A. Examination of philosophic issues in the study of human nature. Of particular importance will be philosophic problems that are raised by twentieth century work in the social and behavioral sciences. Gen. Ed. 08.

371 Symbolic Logic. (3) A. Basic introduction to modern symbolic logic: propositional logic, first order predicate logic, proofs and metaproofs, and nature and properties of formal logic systems.

380 Business Ethics. (3) A. Examination of ethical issues which arise in business organizations. Typical topics include: ethical theories, loyalties and responsibilities of superiors and subordinates, codes of conduct, personal value versus organizational objectives, whistle blowing, and case analysis procedures.

383 Health and Biomedical Ethics. (3) A. An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities.

385 Environmental Ethics. (3) A. Examination of historical and contemporary views of the values and rights of nature. Emphasis on conservation issues in America as they relate to the ethical views held by the general public, conservationists, resource managers, and decision-makers. Gen. Ed. 08.

390 Special Topics in Philosophy. (3) A. Prerequisite: Consult with department chair before enrolling. Detailed examination of a problem-area or a school of philosophy in the history of philosophy or the thought on one outstanding philosopher. May be retaken to a maximum of six hours if the topic is different.

400 Metaphysics. (3) A. An elaboration of the various approaches to metaphysics in the history of philosophy, including contemporary anti-metaphysical points of view.

432 Philosophy of Art. (3) A. Examination of the major philosophical theories of art and beauty and the place of aesthetic language in the general area of value judgments. Representative classical and contemporary figures will be considered.

490 Independent Work in Philosophy. (3) I, II. Prerequisite: Consult with department chair before enrolling. Individual research and reading on a specified philosophical problem chosen by the student and instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

499 Senior Thesis. (3) A. Prerequisites: Consult with department chair before enrolling. Supervised, independent thesis for seniors majoring in philosophy. Students' thesis proposals must be approved by thesis supervisor and departmental committee prior to enrolling in the course.

551 Classical and Medieval Political Theory. (3) A. Formerly PHI 557/558. Cross-listed as POL 551. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for POL 551.

552 Modern Political Theory. (3) A. Formerly PHI 557/558/559. Cross-listed as POL 552. Examination of Western political theory from Renaissance to the mid-twentieth century. Credit will not be awarded to students who have credit for POL 552.

553 Contemporary Political Theory. (3) A. Cross-listed as POL 553. Examination of Western political thought from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for POL 553.

PHY—Physics TBA, Chair

100 Techniques of Physics. (1) I, II. Prerequisite or Corequisite: MAT 107 or higher, a MAT, ACT score of 20 or departmental approval. Techniques of physics problem solving to include problems of motion forces, measurement, and analytical interpretation to aid or better prepare students for PHY 131.

101 Concepts of the Physical World. (3) I, II. Designed primarily for the non-science student. Topics on energy, sound, light, electricity, magnetism, and nuclear phenomena. Credit will not be awarded to students who have credit for NAT 171. 2 Lec/2 Lab. Gen. Ed. 14.

102 Inquiry Physics for Teachers. (3) I, II. Prerequisite: pre-teaching or teaching elementary and middle school education majors only or departmental approval. An inquiry-based, conceptual-approach physical science course for teaching majors. Topics include kinematics, matter and heat, optics, electricity, and magnetism. Credit will not be awarded to students who have credit for NAT 171 or PHY 101. 1 Lec/4 Lab. Gen. Ed. 14.

131 College Physics I. (5) I, II. Prerequisite or Corequisite: MAT 107 or a minimum score of 20 on the Mathematics portion of the ACT or departmental approval. Fundamental ideas of mechanics, heat, and sound. Credit will not be awarded to students who have credit for PHY 201. 4 Lec/3 Lab. Gen. Ed. 14.

132 College Physics II. (5) I, II. Prerequisite: PHY 131. Fundamental ideas of electricity, magnetism, optics, and modern physics. Credit will not be awarded to students who have credit for PHY 202. 4 Lec/3 Lab.

201 University Physics I. (5) I, II. Prerequisite or Corequisite: MAT 124 or 124H, MAT 261, or departmental approval. Composition and resolution of forces, laws of equilibrium, Newton's laws of motion, work and energy, momentum, simple harmonic motion, hydrodynamics, heat phenomena. Credit will not be awarded to students who have credit for PHY 131. 4 Lec/3 Lab. Gen. Ed. 14.

202 University Physics II. (5) I, II. Prerequisite: PHY 201. Electrostatics, electric potential, dielectrics, A.C. and D.C. circuits, magnetic fields, Faraday's Law, sound, wave motion, geometrical and physical optics. Credit will not be awarded to students who have credit for PHY 132. 4 Lec/3 Lab.

221 Statics. (3) A. Prerequisite or Corequisite: MAT 224 or 224H. Study of force systems on bodies at rest, descriptions of force systems, distributed and internal forces, applications of hydrostatics, frames and trusses, beams.

300 Modern Physics I. (3) I. Prerequisite: PHY 132 or 202; MAT 124 or 124H, MAT 261 or departmental approval. Physics of the 20th century. Topics include special relativity, quantum effects, wave theory, Bohr theory, structure of the hydrogen atom.

301 Modern Physics II. (3) II. Prerequisite: PHY 300. A continuation of PHY 300. Topics include atomic and molecular structure, nuclear structure, nuclear reactions, elementary particles.

303 Introduction to Laser Physics. (3) A. Prerequisite: PHY 132 or PHY 202 and instructor approval. An introduction to the theory and application of different types of lasers such as dye,

nitrogen, He/Ne, diode, and mercury vapor; the characteristics of laser light, and optical measuring devices. 2 Lec/2 lab.

306 Classical Physics Laboratory. (2) I. Prerequisite: PHY 132 or 202. Experiments in mechanics, optics, and electricity. Simulation of physical situations using a spreadsheet. Techniques of interfacing scientific equipment to microcomputers. 4 Lab.

307 Electronics. (4) A. Prerequisite: PHY 132 or 202. Theory of solid state devices, power supplies, transducers, operational amplifiers, solid state switches, flip-flops, counters, digital devices, logic families. 3 Lec/3 Lab.

308 Atomic and Nuclear Laboratory. (2) II. Prerequisite or Corequisite: PHY 301. Various experiments demonstrate types and effects of radiation, properties of atoms and nuclei, and experimental, computer, and analytical techniques. 4 Lab.

315 Introductory Electrical Circuits. (4) A. Prerequisite: PHY 202. Prerequisite or Corequisite: MAT 224. Fundamental laws and principles for linear circuits whose elements consist of passive and active components used in present day practice. Determination of the sinusoidal steady state responses using the algebra of complex numbers.

349 Cooperative Study: Physics. (1-8) A. Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; sixteen, baccalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

375 Thermodynamics. (3) A. Prerequisite: PHY 202. Prerequisite or Corequisite: MAT 224. Study of temperature, thermodynamic systems, ideal gases, first and second law of thermodynamics, Carnot cycle, Kelvin temperature scale, entropy.

502 Physical Optics. (3) A. Prerequisite: PHY 202. Prerequisite or Corequisite: MAT 224. Wave motion, interference, Fraunhofer and Fresnel diffraction, electromagnetic radiation, dispersion, polarization, double refraction, lasers, holography.

506 Physics for High School Teachers. (3) A. Credit given toward major or minor only in teaching programs. Topics from general and modern physics to prepare teachers to teach high school physics and give classroom demonstrations. 2 Lec/3 Lab.

510 Special Problems in Physics: _____. (1-6) A. Prerequisites: PHY 202 and departmental approval. Special laboratory experiments, development of new equipment, or solution of special mathematical problems related to physics. May be retaken to a maximum of six hours provided subject matter is different each time. Student must have the independent study form approved by faculty supervisor and department chair prior to enrollment.

520 Electricity and Magnetism. (4) A. Prerequisites: PHY 202 and MAT 225. Electrostatics in vacuum and dielectrics, solutions by Laplace's and Poisson's equations, magnetic fields, induced EMF's, magnetic materials, and Maxwell's equations.

558 Classical Mechanics I. (3) A. Prerequisite: PHY 202. Corequisite: MAT 353. Applications of calculus to the principles of classical mechanics. Topics include vectors, rectilinear motion in one dimension, motion in three dimensions, non-inertial reference systems, central forces, and celestial mechanics.

559 Classical Mechanics II. (3) A. Prerequisite: PHY 558. Continuation of PHY 558. Topics include many-bodied systems, rigid bodies, Lagrangian and Hamiltonian mechanics, coupled harmonic oscillators, wave motion.

570 Quantum Mechanics. (3) A. Prerequisite: PHY 558. Basic principles of wave mechanics, solutions of Schrodinger wave equation for simple systems, interpretation of solutions and application to atomic and molecular problems.

PLS—Police Studies**Dr. Carole Garrison, Chair****101 Policing and Police Studies. (1) A.**

Orientation to the academic discipline of police studies and the occupational field of policing.

103 Foundations of Policing. (3) I, II.

Formerly PAD 103. Overview of police functions and responsibilities at the local, state, and federal levels. Police operations are examined relative to effectiveness in crime control, delivery of services, and maintenance of order.

216 Criminal Law. (3) I, II. Formerly PAD 216. The nature of the criminal act; the essential elements; theories of responsibility; exculpatory matters; overview of common law offenses; identification of trends in the law.

220 Criminal Investigation. (3) A.

Fundamental of criminal investigation, crime scene search and recording, collection and preservation of physical evidence, scientific aids, modus operandi, sources of information, interviews and interrogation, follow-up, case preparation and case management.

315 Police Administration and Management. (3) I, II. Formerly PAD 315. Critically examines the theories of motivation, leadership, and organization in the police context. Police administrative and management functions studied emphasizing personnel management and organizational change.

316 Criminal Evidence. (3) I, II. Formerly PAD 316. Overview of trial procedures; classification of evidence; proof; presumptions; relevance; eyewitness identification; testimonial privileges; character; hearsay; impeachment; scientific evidence; collection and preservation of evidence.

320 Workshop in Law Enforcement. (1-3) A.

Formerly PAD 320. Designed primarily for in-service law enforcement personnel; focuses on current problems, issues, and strategies in law enforcement. May be retaken to a maximum of six hours.

326 Police, Liability, and Ethics. (3) A.

Formerly PAD 326. Police conduct is examined relative to ethical and legal principles. Application of federal and state civil, criminal, and administrative law including civil rights issues.

330 Topics in Police Studies. (1-6) A.

Formerly PAD 330. Examination of a contemporary issue in policing including historical perspective, societal issues, present status, and future development. The police response to a specific problem is the core of this course. Course may be taken for a maximum of six hours under different headings.

349 Cooperative Study in Police

Administration. (1-8) A. Formerly PAD 349. Prerequisite: departmental approval. Work, under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and 424 can be applied toward the PLS major or minor.

375 Terrorism/Counterterrorism. (3) A.

Formerly PAD 375. A study of domestic, foreign, and transactional terrorism, with emphasis on the philosophical bases, organization, equipment, and operations of terrorist groups. Role of law enforcement agencies in implementation of anti-terrorist measures is examined. Credit will not be awarded to students who have credit for APS 375.

390 Predatory Crime and Crime Patterns. (3) A.

Formerly PAD 390. Examination of selected crime categories including predatory street, conventional property, and sex crimes. Areas of concentration include theoretical and ecological characteristics, victim-offender relationships, and crime patterns emphasizing police responses.

403 Homicide. (3) A. Explore current theoretical, philosophical and empirical literature associated with homicide. Content includes descriptive, theoretical, empirical, and practical

explanations of criminal homicide patterns. Included will be an examination of death investigation systems and police responses.

408 Police Technology. (3) I, II. This course provides an overview of technology and its sociological, economic, political, ethical and psychological implications. The emphasis is on policing, including the use of technology in police administration, standard and special operations, and investigations.

410 Human Relations in Policing. (3) A. Formerly PAD 410. Theoretical and practical problems and issues in the relationship between police agencies and the total community. Various police-community relations programs are outlined.

415 Contemporary Police Strategies. (3) A. Prerequisites: senior standing. Review of contemporary police issues, programs, and strategies. Detailed analysis and evaluation of police practices, including impact on the relationship between the police and the community. Assessment of police reform measures and accountability mechanism.

416 Criminal Procedure. (3) A. Formerly PAD 416. Prerequisite: PAD 216 or instructor approval. A detailed study of the laws of arrest (including the use of force), search and seizure, emphasizing the constitutional basis, historical development, statutes, and recent court decisions.

424 Field Experience. (3-12) A. Formerly PAD 424. Prerequisites: instructor and departmental approval. Maximum of 12 semester hours. Designed to broaden the educational experience through appropriate observational work assignments. (Intended for pre-service students in non-sworn positions). A maximum of three hours of PLS 424 and PLS 349 can be applied toward the PLS major or minor.

426 Federal Criminal Law. (3) A. Formerly PAD 426. Prerequisite: PLS 216 and 316. An examination of the federal criminal law enforcement system with a focus on substantive offenses. In addition to specific crimes, the basis of federal jurisdiction will be studied.

460 Independent Study. (1-3) A. Formerly PAD 460. Prerequisite: departmental approval. Individual study and/or research on a problem relating to police studies. May be retaken to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

PMT—Printing Management**Dr. William E. Davis, Chair**

211 Graphic Arts. (2) I, II. Corequisite: PMT 212. An overview of the printing processes including offset lithography, gravure, relief, and screen and electronic printing.

212 Graphic Arts Laboratory. (1) I, II. A. Corequisite: PMT 211. Laboratory activities which support the course content of PMT 211, Graphic Arts. 2 Lab.

217 Electronic Publishing. (3) A. Desktop publishing and additional computerized tools for composing type, line and continuous tone images into appropriately designed layouts for the graphic arts. 2 Lec/2 Lab.

316 Graphic Arts II. (3) I. Prerequisite: PMT 211 and 212. A background study of the photographic processes of line, halftone and special effects negatives and positives as a basis for imagesetter output. Image assembly, plate preparation and offset presswork are studied in detail. 2 Lec/2 Lab.

317 Electronic Publishing II. (3) II. Prerequisite: PMT 217. Advanced desktop publishing course in the design, creation, and assembling of text and graphical images. In depth of study of color theory, color management and color separation. 2 Lec/2 Lab.

319 Printing Processes. (3) II. Prerequisite: PMT 316. An overview of imaging including relief, offset, screen, gravure, flexographic and digital printing processes. Emphasis will be given to the printed product, image carrier preparation, press systems and mechanics, inks and substrates. 2 Lec/2 Lab.

410 Finishing and Packaging. (3) A. Prerequisite: PMT 319. A study of post-press finishing and binding operations in the printing and publishing industries. Packaging operations will also be studied, including design, layout, printing and assembly.

412 Color Process Printing. (3) A. Prerequisite: PMT 318 and 319. The advanced study and practical application of reproducing process color images by offset lithography. 2 Lec/2 Lab.

414 Printing Estimating and Costs. (3) II. Prerequisites: PMT 319. Methods and procedures of predetermining costs of printed products. The determination of equipment hourly rates and depreciation, cost centers, and equipment purchase decisions will be discussed with emphasis on computer related operations.

POL—Political Science**Dr. JoAnn Ewalt, Interim Chair**

Note: POL courses are grouped as follows according to the below listed middle digits of the course numbers. For example, POL 210 is a comparative government course.

0 Special topics

1 Comparative Government

2 International Relations

3 American (State & Local)

4 American Political Process

5 Theory

6 Judicial Process

7 Public Administration

8 Methodology

9 Practicum, Internships, and Independent Study

100 Principles of Politics and Government. (3) I, II. An introductory social science course focusing on the political and governmental aspects of societies. Does not count toward political science major requirements. Gen. Ed. 09.

101 Introduction to American Government. (3) I, II. Principles, functions, and basic political institutions of the American system of government at the national level. Gen. Ed. 12.

201 Short Topics in Political Science. (1-3) A. A maximum of three short topics offered during any semester. The student may take any or all topics. May be retaken to a maximum of six hours when topics vary. For those qualified high school students enrolled in the topic "A Kentucky Locality" the grade of "IP" may be given.

210 Political Development: Developing Societies. (3) I, II. Examination of the historical, cultural, social and economic influences on the political development of developing nations and regions. Gen. Ed. 10.

211 Political Development: Industrialized and Post-Industrial Societies. (3) I, II. Examination of the historical, cultural, social and economic influences on the political development of industrialized and post-industrialized societies. Gen. Ed. 11.

220 Introduction to International Relations. (3) I, II. The study of the political interactions of countries and the relationship of politics to economics, the environment, technology, culture and society on a global level. Gen. Ed. 12.

280 Research and Writing in Political Science. (3) A. Prerequisite: majors, minors, or instructor approval. Practical application of techniques and methods used in collection, analysis, and written presentation of political data.

300 Contemporary Political Problems. (3) I, II. Application of the skills of citizenship to problems of contemporary politics. Designed to increase the students' political awareness and ability to function politically in contemporary society. Gen. Ed. 12.

305 Computers and Society. (3) A. Cross listed as CSC 305 and SOC 305. The influence of computers on social and political processes. Software related to socio-political issues. Credit will not be awarded to students who have credit for CSC 305 or SOC 305.

310 Latin American Governments. (3) A. A study of the political institutions and issues facing the people and governments of Latin America.

312 Politics in China. (3) A. Analysis of political development, organizational structure, and operation of Chinese political systems with particular emphasis on Chinese Communism, foreign policies, and contemporary problems in China.

313 Politics of Japan. (3) A. Examination of Japan's political development, government institutions, public policies and foreign relations.

315 European Politics. (3) A. Examination of the politics and public policies of the European Union and selected European countries.

316 Politics in Russia. (3) A. Nature and development of Russia's political system since the end of the USSR and fall of communism; impact of the Soviet era; development of political parties and civil society; superpresidentialism; nationalism; federalism and ethnic politics.

321 American Foreign Policy. (3) II. Prerequisite: three hours of POL or instructor approval. Analysis of the internal processes and external factors which affect U.S. foreign policy, with emphasis on the post-World War II period. Case studies in decision-making.

325 International Security Affairs. (3) I. Analysis of major problems of national/international security, the role of military power and arms control in the nuclear era, with emphasis on military-security policies of great powers.

327 International Law and Organization. (3) A. Prerequisite: three hours of POL or instructor approval. Analysis of the development of the U.N.; functional and regional approaches to peace, security, economic cooperation, social welfare, and law in international relations.

331 Urban Politics. (3) A. Political processes of urban areas including comparisons of alternative structures of urban and other local government.

332 Kentucky Government and Politics. (3) I, II. An overview of the Kentucky political system: major institutions, processes and political leaders, with emphasis on recent events and developments. Credit will not be awarded to students who have credit for POL 497B.

333 American State and Local Government. (3) A. Study of the institutions and processes of government of the fifty states and of cities and counties.

340 American Politics: Parties, Public Opinion, and Pressure Groups. (3) A. Informal political institutions of American government; functions, organization, financing of political parties, public opinion, and pressure groups. Their relationship to democracy.

341 The Legislative Process: Congress and State Legislatures. (3) A. A systematic examination of the decision-making process in Congress and state legislature.

342 The American Chief Executive: President and Governor. (3) A. An examination of the power and functions of the offices of the President and governor. Recent developments affecting the American President will be emphasized.

345 Minority Group Politics. (3) A. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g., Black Power) of minority group politics.

347 Politics and Religion in the U.S. (3) A. Interaction of government, politics, and religion in the U.S.: role of Supreme Court and Constitution in defining church-state separation and religious freedom; religious organizations as pressure groups; religion in electoral politics and foreign policy-making; religion and public schools.

349 Cooperative Study: Political Science. (1-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward this major. No more than three hours may count toward this minor.

357 American Political Thought. (3) A. Study of the political philosophy and values that have shaped the American political system. Emphasis given to problems in democratic theory and to competing ideologies within the American political system.

360 Judicial Process. (3) A. Study of legal and judicial systems in the United States and their role in the American political process.

370 Introduction to Public Administration. (3) A. Survey of organization, authority, decision-making, intra-organization communications, and application of principles of the American bureaucracy by case studies.

371 Administration of Social Services and Agencies. (3) A. Examination of the political and administrative problems in public and not-for-profit agencies and a survey of management tools available to those responsible for the delivery of social services.

373 Politics of Development in Appalachia. (3) A. This course examines community and economic development in the Appalachian region with special emphasis on Kentucky. Focus will be on the political, economic and social aspects affecting development.

374 Introduction to Public Policy. (3) A. Introduction to the role of federal, state, and local governments in the formulation, implementation, and evaluation of public policies. Examples of policy decisions which might be covered include, energy, housing, environmental quality, and social services.

376 Public Personnel Policy. (3) A. Overview of institutions, policies, and practices for utilization of human resources in government. Analysis of contemporary issues. Civil Service systems, public unionism, affirmative action, public sector efficiency.

377 Public Budgeting. (3) A. The political consideration of budget formulation, budget strategy, and budget execution. An analysis of the role of taxes, spending, program evaluation, and planning in the budgeting process at the federal, state, and local levels.

405 Special Topics in Political Science. (3) A. Exploration of a particular topic; theorist, institution, process, policy, writings, or their combinations. Prerequisites set by the department. May be retaken to a maximum of six hours provided subject matter is different each time.

410 Studies in Comparative Government and Politics. (3) A. Prerequisite: six hours of POL. Study of selected country, region, or a cross-national study of a political institution (e.g. Executives, Political Parties, Legislatures). May be retaken to a maximum of nine hours provided the subject matter differs each time.

415 Terrorism and Political Violence. (3) A. Examines terrorism and political violence as causes and consequences of cultural, social and political change.

417 Ex-Communist States in Transition. (3) A. Revolutions and ongoing changes in selected former Communist states of east/central and south/central Europe and Eurasia; new political and governmental institutions; ethnic politics; shifting alliances and enmities, forms of cooperation, and regional groupings.

421 The U.S. and Latin America. (3) A. Examines U.S. foreign policy in Latin America and the Caribbean; Latin American foreign policies; key hemispheric issues such as the war on drugs, immigration, foreign aid, and trade.

440 Voting Behavior. (3) A. Survey of recent literature in the field of voting behavior in the U.S. Topics include public opinion, polling, participation, and campaign behavior. Attention paid to methodologies and techniques.

446 The Politics of Sex. (3) A. The effect of sex on social and political institutions, public policies, and court rulings. Issues may include pornography, sexual and gender discrimination, domestic violence, reproductive rights and gay rights.

451 Principles and Politics of Human Rights. (3) A. Examines politics of human rights in theory and in practice.

460 Law and Society. (3) A. Sources, nature, function, and limits of law as an instrument of social and political control and direction. Examples taken from property, torts, contracts, criminal law, and selected areas of public policy.

463 Constitutional Politics. (3) A. An examination of constitutional problems in American government. Emphasis is given to cases in their legal and political context.

464 Law and Politics of Civil Liberties. (3) A. An examination of historic and contemporary problems of civil liberties. Emphasis is given to cases in their legal and political context.

466A Mock Trial (1) I. Prerequisite: Instructor approval. Preparation of Mock Trial Competitions. Students will develop cases for presentation including preparing opening a closing arguments, introducing testimonial, physical and demonstrative evidence, and conducting direct and cross examination of witnesses. May be retaken to a maximum of 3 hours, only 2 of which may be counted toward the political science major and only 1 may be counted toward the political science minor. May not be counted toward the American Politics/Public Administration distribution requirement for Political Science majors.

466B Mock Trial (2) II. Prerequisite: 466A and instructor approval. Preparation of Mock Trial Competitions. Students will develop cases for presentation including opening and closing arguments, introducing testimonial, physical, and demonstrative evidence, and conducting direct and cross examination of witnesses. May be retaken to a maximum of 6 hours, only 4 of which may be counted toward the political science major and only 2 may be counted toward the political science minor. May be counted toward the American Politics/Public Administration distribution requirement of Political Science majors.

490 Independent Work in Political Science. (1-3) A. Individual research and/or reading on a problem or area in political science. Regular reports and final research paper required. May be retaken to a maximum of six hours. Students must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

495 Practicum in Political Science. (1-3) A. Supervised field study program. May be retaken to a maximum of six hours, provided subject matter differs each time. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

495A Practicum in American Political Process. (1-3) A.

495B Practicum in Comparative Politics and International Relations. (1-3) A.

496A Washington Internship. (6-12) A.

Prerequisite: junior or senior standing with 2.5 GPA. Supervised internship with government or private agencies in Washington, D.C. Open by application to those students who fulfill the prerequisite.

496B Washington Seminar. (3) A. Corequisite: POL 496A. Seminar on selected topics in national government.

497 Kentucky Administrative Intern Program. (18) A. Prerequisite: junior or senior standing with a cumulative GPA of 2.6 or better (on a 4.0 scale). Enrollment is by invitation only and limited to a maximum of 18 hours.

497A Internship in State Government. (3-9) A. Each intern's performance in his or her job is evaluated by the agency supervisor in consultation with the intern's campus coordinator or the student's advisor in the department granting credit for the internship. May be retaken to a maximum of nine hours.

497B Selected Topics in Administration of Kentucky State Government. (3-12) A. Seminar on various topics on the administration of Kentucky state government which support and constitute an essential part of the Kentucky Administrative Intern Program. May be retaken to a maximum of 12 hours provided the topics vary. Credit will not be awarded to students who have credit for POL 332.

498 Kentucky Legislative Internship Program. (0) A. Prerequisites: junior or senior standing with a cumulative GPA of 2.8 or better (on a 4.0 scale) and a definite interest in the legislative process in the Commonwealth. Enrollment is by invitation only and limited to a maximum of 15 hours by registering for POL 408A and 408B.

498A Legislative Internship. (3-9) A. Each intern's performance in his or her legislative assignment will be evaluated by the immediate supervisor in consultation with the campus coordinator. May be retaken to a maximum of nine hours.

498B Selected Topics in Kentucky Legislative Process. (3-9) A. Seminar on various topics on the legislative process in the Commonwealth which support and constitute an essential part of the Kentucky Legislative Internship Program. May be retaken to a maximum of nine hours.

517 Politics and Social Change. (3) A. Comparative study of politics in present and past societies to consider the relationship between politics, political change and the broader social change. Emphasis on political phenomena especially suited to comparative study.

521 Contemporary International Relations. (3) A. Systematic analysis of major contemporary theories and approaches to the study of international politics and foreign policy.

525 Problems in International Relations. (3) A. Explores major problems in international relations. Covers various areas of the world with reference to significant factors and problems of the people.

533 Seminar In State and Local Politics. (3) A. A topical analysis of the institutions, policies, and administration of American state and local government. May be retaken to a total of six hours credit, provided subject matter differs each time.

541 Politics and Education. (3) A. An examination of the way political decisions and policies are made in the field of education. Special attention is given to educational decision makers and political power at the local level.

551 Classical and Medieval Political Theory. (3) A. Formerly POL 557/558/559. Cross-listed as PHI 551. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for PHI 551.

552 Modern Political Theory. (3) A. Formerly POL 557/558/559. Cross-listed as PHI 552. Examination of Western political theory from the Renaissance to the mid-twentieth century. Credit will not be awarded to students who have credit for PHI 552.

553 Contemporary Political Theory. (3) A. Cross-listed as PHI 553. Examination of Western political thought from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for PHI 553.

565 Administrative Law. (3) A. Nature of the powers vested in administrative agencies; the problems of administrative procedure; and the methods and extent of judicial control over administrative action.

POR—Portuguese

Dr. Jose L. Varela, Chair

501 Accelerated Elementary Portuguese I. (3) A. Prerequisites: upper division standing and 200 level in a Romance language. Fundamentals of the Portuguese language taught in a cultural context. Gen. Ed. 03, 04, 07, or 08.

502 Accelerated Elementary Portuguese II. (3) A. Prerequisite: POR 501 or equivalent proficiency in Portuguese with department chair approval. Composition, conversation, and reading in Luso-Brazilian studies. Gen. Ed. 03, 04, 07 or 08.

595 Independent Work in Portuguese. (1-3) A. Prerequisites: POR 501 or equivalent with department chair approval. Independent study in either language or literature on a subject of special need or interest to the advanced student. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

PSY—Psychology TBA, Chair

200 Introduction to Psychology. (3) I, II. Formerly PSY 201 and 202. A survey of the major content areas and methods of psychology, including history, biological correlates, cognition, language, intelligence, motivation, emotion, development, personality, abnormal, therapy, and social behavior.

280 Life Span Developmental Psychology. (3) I, II. Prerequisite: PSY 200. A survey of theory and research in developmental psychology across the entire life span. May not be applied to the Psychology major.

291 Psychology: Statistical-Experimental I. (4) I, II. Cross listed: HEA 450. Prerequisite: MAT 105 or 106 with a grade of C or better or any MAT course above 106, PSY 200 or departmental approval. Introduction to techniques and problems of the experimental method and statistical analysis in psychology. Representative experiments and data analysis will be discussed. Credit will not be awarded to students who have credit for HEA 450.

300 Social Psychology. (3) A. Prerequisite: PSY 200. Study of contemporary institutions and problems such as prejudice, affection, love, altruism, aggression, and small group behavior. Contemporary research and theory will be discussed. Gen. Ed. 12.

301 Psychology: Statistical-Experimental II. (3) A. Prerequisite: PSY 291 with a grade of "C" or better. Continuation of PSY 291.

305 Psychology of Personality. (3) A. Prerequisite: PSY 200. Basic approaches to the study of personality. Theory and fact upon which these approaches are related to various kinds of behavior patterns.

308 Abnormal Psychology. (3) A. Prerequisite: PSY 200. Descriptive study of the nature, course, classification and prevalence of abnormal behavior, with attention to intellectual, personality, cognitive, sensory and motor functions.

311 Physiological Psychology. (3) A. Prerequisite: PSY 200 and PSY 291, or departmental approval. Facts, concepts, and principles regarding physiological events that underlie behavior. Attention to contemporary research methods and problems undergoing study.

312 Infant and Child Development. (3) A. Prerequisite: PSY 200. Theoretical and empirical approaches to the development of the infant and child with attention to perceptual, behavioral, social, and cognitive development and the capacity for learning.

313 Learning. (3) A. Prerequisite: PSY 200 and PSY 291 or departmental approval. Experimental study of learning, transfer and retention processes with an analysis of various kinds of learning.

314 Adolescent and Adult Development. (3) A. Prerequisite: PSY 200. Survey of biological, psychological, social, cognitive, and historical influences on adolescent and adult development.

315 Sensation and Perception. (3) A. Prerequisite: PSY 200 and PSY 291 or departmental approval. Experimental study of sensation and perception, the sensory and cognitive processes by which we come to know our world.

315L Sensation and Perception with Lab. (4) A. Prerequisite: PSY 200 and PSY 291 or departmental approval. Experimental study of sensation and perception, the sensory and cognitive processes by which we come to know our world. 3 Lec/2 Lab.

316 Aging and Senescence. (3) A. Prerequisite: PSY 200. Theory and facts about aging changes in sensory processes, intellect, memory, personality, family and psychopathology.

317 Cognitive Psychology. (3) A. Prerequisite: PSY 200 and PSY 291 or departmental approval. Theoretical and empirical approaches to human cognition. Topics include knowledge acquisition and organization, memory, language, problem solving, and thinking skills.

317L Cognitive Psychology with Lab. (4) A. Prerequisite: PSY 200 and PSY 291 or departmental approval. Theoretical and empirical approaches to human cognition. Topics include knowledge acquisition and organization, memory, language, problem solving, and thinking skills. 3 Lec/2 Lab.

319 Industrial/Organizational Psychology. (3) A. Prerequisite: PSY 200 and PSY 291 or departmental approval. Principles of psychology as applied to industry, business, and organizations. Course will focus on the individual employee, the job, the organization, and the work environment.

349 Cooperative Study: Psychology. (1-8) A. Prerequisites: 15 hours in PSY. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: sixteen. A minimum of 80 hours employment required for each semester hour credit. A maximum of three hours may be applied toward the major, not applicable toward a minor. Graded Satisfactory/Unsatisfactory.

355 Affection and Aggression. (3) A. Prerequisite: PSY 200. Theoretical and research perspectives on the topics of attachment, bonding, liking, love and sexuality. Also an exploration of the theories and empirical findings in the domains of aggression and violence.

358 Beyond an Undergraduate Degree. (1) A. Prerequisite: PSY 291 or departmental approval. Designed to aid qualified psychology majors to identify and attain professional career goals.

400 Senior Seminar: _____. (3) A. Prerequisite: Completion of 301 and any three of the five area requirements. The senior seminar examines contemporary psychological issues from each of the five core perspectives. Issues vary from semester to semester. May be retaken once, provided the subject matter differs each time.

401 Senior Thesis. (3) I, II. Prerequisite: PSY 301 or instructor approval. Design, execution, and writing of a supervised independent research project.

404 Environmental Psychology. (3) I, II. Prerequisite: PSY 300 and PSY 291 or departmental approval. Study of ways in which people are influenced by their physical and social environments. Issues covered include lighting, noise, temperature, privacy, crowding, and way-finding.

405 Psychological Interviewing and Reporting. (3) A. Prerequisite: 12 hours in PSY. Principles and techniques of interviewing and case reporting, with emphasis on applications in human services and personnel work.

406 Introduction to Behavior Therapy. (3) A. Prerequisite: Prerequisite: 12 hours in PSY. Principles and techniques of applying behavioral principles in the analysis of complex human behavior. Emphasis is placed on methods of observing behavior and analyzing functional relationships between behavior and environment.

407 Problems in Psychology. (1-3) I, II. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Results must be presented in a formal paper. May be retaken to a maximum of six hours provided different problems are studied.

408 Child Psychopathology. (3) A.

Prerequisite: PSY 308, and PSY 280 or PSY 312; or instructor approval. Descriptive study of behavior disorders in children, with attention to symptoms or behavioral patterns, etiological influences, relevant research, theoretical underpinnings, and approaches to assessment and intervention.

410 Health Psychology. (3) I, II.

Prerequisite: PSY 200 or departmental approval. Theoretical and research perspectives on the relationship between psychological factors and health. Emphasis on utilizing psychological principles and methodology to understand and change illness and health behaviors.

420 The Psychology of Women (3) A.

Prerequisite: PSY 200. Psychological theory and research about important facets of girl's and women's lives from birth through old age.

449 Cooperative Study Literature Review.

(1) A. Prerequisite: PSY 291. Prerequisite or Corequisite: PSY 349. Critical topical review of literature relevant to the PSY 349 placement.

479 History and Systems of Psychology. (3) A.

Prerequisite: PSY 200. A survey of the history of psychology and its various schools of thought and approaches to the study of behavior and mental processes.

490 Clinical Psychology. (3) A.

Prerequisite: PSY 200. Survey of clinical theories, methods, and approaches.

497 Topics in Psychology: _____. (3) A.

Prerequisite: PSY 200, plus nine hours of PSY. Selected topics for study. Variable topics across semesters in terms of student interest and available faculty. May be retaken, provided the subject matter differs each time.

590 Tests and Measurements. (3) A.

Prerequisite: PSY 200. Study of measurement principles with application in psychology, business, industry, and government. Interpretation, use, and evaluation of measurement and job analysis methods. Reliability, validity, utility, ethical/legal concerns are examined.

597 Advanced Topics in Psychology: _____. (3) A.

Prerequisite: PSY 200 or departmental approval. Selected topics for advanced study. Topics vary across semesters depending on student interest and available faculty. May be retaken, provided the subject matter differs each time.

**PUB—Public Relations
Dr. Renee Everett, Chair**

349 Cooperative Study: Public Relations. (1-8) A. Prerequisites: junior standing, "B" average in all courses within the department, and departmental approval. Work under faculty and field supervisors in cooperative placements related to the student's academic studies. One to eight hours credit per semester or summer. Total credit hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major requirements within the department.

375 Public Relations Principles. (3) I, II.

Survey of principles and practices in disseminating information to internal and external audiences in business, industrial, educational, social and government agencies.

378 Public Relations Practicum. (1-3) I, II.

Prerequisite: PUB 375. Supervised practical experience in a public relations operation. May be taken to a maximum of three hours.

380 Public Relations Writing. (3) I, II.

Prerequisites: COM 201 and PUB 375. Practice in public relations planning and writing for publications, media releases and other mass media materials for the public and special interest groups, including institutions, governments, and other organizations. Also includes writing in business formats.

475 Advanced Public Relations. (3) A.

Prerequisites: PUB 380. Emphasizes a management approach and application of the four-step PR process to solving public relations problems through planning, design, and production of print, audiovisual, and broadcast materials used in public relations. Includes public relations case studies and problems.

490 Public Relations Campaigns. (3) A.

Prerequisites: any COM 320 A-I and PUB 475. Application of research, planning, strategies, and evaluations to a public relations campaign. Includes budgeting and scheduling of campaigns.

530 Sports Information Programs. (3) A.

Study of the role and function of the sports information director. Includes public relations techniques applied to sports information: news releases, publications programs, office and staff organization, time utilizations, news media and formats.

**QMB-- Quantitative Methods
Dr. Jessica Johnson Frazier, Chair****200 Business Statistical I. (3) I, II.**

Prerequisites: MAT 107 (or MAT 211) with a grade of "C-" or better. Business applications of probability, measures of central tendency, dispersion, sampling, correlation and hypothesis testing. Credit will not be awarded to students who have credit for CRJ 400 or ECO 220 or EPY 842 or HEA 450 or PSY 291 or STA 215 or STA 270.

240 Managerial Decision Models (3) I, II.

Prerequisite: MAT 107 with a grade of "C-" or better. Introduction to quantitative decision methodology for business. Includes breakeven analysis for linear and nonlinear revenue and cost functions, analysis of project maximizing and cost minimizing output, inventory, peak cash, and other business analytical models. BBA degree candidates who complete MAT 211 with a "C-" or better are not required to take QMB 240.

300 Business Statistics II. (3) I, II.

Prerequisites: QMB 200. Linear regression analysis with applications in various areas of business. Emphasizes the assumptions of The linear regression model, associated statistics, and applications. Credit will not be awarded to students who have credit for ECO 854 or EPY 843 or PSY 301 or STA 271 or STA 500 or ECO 320.

**REC—Recreation and Park Administration
Dr. Charlie Everett, Acting Chair****101 Leisure Services Careers. (1) I, II.**

Introduction to the broad scope of careers and employment in recreation, parks, and leisure services organizations.

102 Introduction to Recreation Leadership. (3) I, II.

Techniques of leadership in working with individuals in groups in various settings. Methods of organization, guidance, and supervision of program activities.

163 Fieldwork I. (1) A.

On-site observation and assistance within a recreation, park or leisure services agency. Observe and assist with recreation activities, programs and special events.

190 Challenge Course Introduction. (1) A.

Outdoor-based experiential focus using the EKU Challenge Course, climbing tower, and group initiatives.

200 Leisure Diversity and Culture. (3) I, II.

Examination of personal, philosophical, cultural diversity, economic, behavioral, and historical dimensions of play, recreation and leisure; evolution of leisure lifestyles; impact of leisure on the quality of life; and knowledge of professional roles.

225 Education for Leisure and Recreative Living. (3) A.

Comprehensive study of recreation services and leisure education; emphasis on leisure time skills, hobbies, avocations, and lifetime recreation; utilization of constructive leisure from youth to senior adults including the disabled person.

263 Fieldwork II. (2) A. Prerequisite: REC 163. On-site practical experience in a recreation, park, or leisure services agency. Organize and lead recreation programs.

280 Programming Special Events. (3) A.

Introduction to the methods and techniques of delivering fairs, festivals and special events. Course focuses on the principles and concepts of event planning, management, marketing, and evaluation.

290 Adventure Programming. (3) A.

A philosophy, history, and practical application of adventure programming using challenge course elements and activities.

311 Introduction to Therapeutic Recreation. (3) I, II.

An introductory course focusing on the disabled population, hard to reach youth, and incarcerated individuals. Modification of program activities, uses of community resources, habilitation and rehabilitation processes, resources and financing.

325 Camp Supervision. (3) II.

Formerly REC 521. Supervision of camp programs, auxiliary services, and personnel.

349 Cooperative Study in Recreation and Park Administration. (1-8) A.

Prerequisite: department chair approval. Agency supervised fieldwork course. Minimum of 80 clock hours for each academic credit. Students must register with the Cooperative Education Office.

350 Supervision of Recreation Personnel. (3) A.

Analysis of skills and techniques utilized in effective supervision of park, recreation, and leisure service personnel.

380 Natural Resource Tourism. (3) A.

Issues in understanding natural resource tourism, sustainability, tourism lifecycle, impacts associated with natural resource tourism, and effective management. Theoretical approaches, case studies and applications. Emphasis on student participation and discussion.

401 Management of Recreation Services. (3) A.

Formerly REC 501. Management concepts and processes, organizational structure, policies, personnel, budget, and fiscal management, marketing and public relations, legal issues, and risk management.

406 Planning, Design, and Maintenance of Recreation Facilities. (3) II.

Planning principles and procedures of recreation and park areas. Facilities, design problems, details of structure and equipment, master planning methods, study of standards and trends.

409 Independent Study. (1-3) A.

Prerequisites: for majors and minors only. Independent study of special topics through directed readings and research. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of three hours.

410 Recreation Research & Evaluation. (3) II.

FORMERLY 309. Assessment and evaluation of recreation needs, interests, and agency effectiveness. Research processes including marketing and budgeting as related to recreation services will be the focus of this course.

411 Therapeutic Recreation Services for the Senior Adult. (3) I.

Leisure problems, needs, assessments and etiology of the aging population. Basic terminology, organizations, programming, trends, resources, and facilities. Introduction to geriatrics.

450 Senior Seminar. (3) I, II.

Prerequisites: for majors only; enroll the semester immediately preceding REC 463. Introduction to the senior practicum and professional requirements. Study of trends in recreation practices. Development of a professional philosophy.

460 Advanced Leadership and Programming. (3) I, II.

Prerequisite: REC 102. Comprehensive course in recreation program planning, development, and leadership techniques with individuals and groups. Students plan a seasonal program. 2 Lec/2 Lab.

463 Practicum. (12) A. Prerequisites: 2.0 GPA; REC core and REC option courses. Placement in a recreation agency to lead and develop recreation programs, supervise personnel and facilities, and perform administrative duties. A minimum of 480 clock hours typically covering 12 or more weeks.

480 Resort Recreation Management. (3) A. Prerequisite: REC 280. Investigation of the methods and techniques of resort recreation management, and its position within the tourism and hospitality industries. Examines customer service and marketing, international markets, human resources, and fiscal implications.

481 Research Methods in Tourism Study. (3) A. Prerequisites: REC 280 and REC 380. Introduction to the methods and techniques of tourism research. Student competencies include understanding, interpreting, and applying research to tourism related services.

490 Challenge Course Management. (3) A. Prerequisite: REC 290. Advanced leadership and facilitation techniques for challenge course management. Designed for individuals who have experience on challenge courses and need additional training.

511 Therapeutic Recreation Practices and Services. (3) I, II. Interventions and utilization of terminology. Apply leadership skills, assistive technology, and programming applications. 2 Lec/2 Lab.

512 Management of Therapeutic Recreation Services. (3) I, II. Prerequisite: for majors only. Management concepts applied to delivering therapeutic recreation services, and includes: documentation, activity analysis, assessment, liability, legislation, and standards of practice.

516 Outdoor Education. (3) I. Designed to explore issues in outdoor education, teaching methods, programs and evaluation. The role of interpretation in enhancing visitor experiences and protecting natural resources will be discussed.

530 Park Management. (3) II. Park purposes and operations with an emphasis on natural resources and visitor management. Concentration on design, resource conservation and preservation, public relations, and park policies.

590 Special Topics: _____. (1-3) A. Identification and study of specialized techniques in recreation leadership, activity skills, operational methods, and services. May be retaken under different workshop title.

REL—Religion

Dr. Ron Messerich, Chair

282A,B,C Short Topics in Religion. (1 each) A. One or two or three distinct short topics offered sequentially during one semester. The student may take any or all of the topics, and the course may be retaken to a maximum of six hours if each topic is different.

301 World Religions. (3) I, II. Study of the basic notions found in the world's great religions. Attention is given to the historical context of the development of these religions and to the doctrines, rituals and literature produced by them. Gen. Ed. 07.

305 Survey of the Old Testament. (3) I. A. Survey of the history and religious development of the ancient Hebrews, with attention given to the religious concepts and values of the literature of the Old Testament.

306 Survey of the New Testament. (3) II. A. Study of the history of the New Testament times and an examination of the meanings and significance of the teachings of Jesus and the writings of the early Church.

315 History of Christian Thought. (3) A. A. Survey of Christian theology, philosophical theology, and spirituality from the Apostolic Fathers through the early Reformation period.

335 Islam. (3) A. A study of the origins and religious development of Islam by an examination of the Koran and the writings of some major Islamic thinkers.

340 Religions of India. (3) A. Study of the major religions of India including the Vedic Period, classical systems, Epic Period, heterodox systems, orthodox systems, and contemporary thought.

345 Religions of China and Japan. (3) A. Study of the major religions of China and Japan, including original Han, Confucianism, Cho Schools, Neo-Taoism, Shinto, and Chinese and Japanese Buddhism.

349 Cooperative Study: Religion. (1-8) A. Prerequisite: Consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

355 Religions of Africa. (3) A. A study of traditional African religions and other religions in Africa.

370 Special Topics in Religion. (3) A. Prerequisite: Consult with department chair before enrolling. Intensive study of a selected topic or an important figure in religion. May be retaken to a maximum of six hours if the topic is different.

495 Independent Work in Religion. (3) I, II. Prerequisite: Consult with department chair before enrolling. Individual study under the direction of an instructor on a special topic in religion. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

RST—Real Estate

Dr. Jessica Johnson Frazier, Chair

110 Fundamentals of Real Estate for the Consumer. (3) I. Introduction to the elements of real property ownership, law, and leasehold interests. Will not apply toward real estate major requirements.

130 Financing Real Estate for the Consumer. (3) II. Methods of financing the personal acquisition of real property: conventional mortgages, FHA and VA loans, and contemporary creative financing methods. Investment and shelter techniques in the purchase of investment property. Will not apply toward real estate major.

240 Fundamentals of Real Estate Appraisal. (3) A. Prerequisites: RST 110 and 130; real estate licensure; or instructor approval. Principles and techniques of real property valuation, with special emphasis on residential (1-4 family) properties. Will not apply toward real estate major requirements.

245 Applied Residential Appraisal. (3) A. Prerequisite: RST 240 or 340. Applied residential property focusing on applications through examples and a continuing case study; Uniform Standards of Appraisal Practice (USPAP). May be chosen as a Real Estate elective by Real Estate majors.

310 Real Estate Principles. (3) I, II. Procedures involved in ownership and transfer of real property; laws governing real estate transactions.

320 Real Estate Law. (3) I. Business person's point view of real estate instruments, property rights and liabilities, estates, and interest and liens.

325 Computer Applications in Real Estate. (3) II. Prerequisite: FIN 300. Computer applications in the real estate business. Construction and use of spreadsheet and data base programs in the analysis of real estate finance and feasibility studies.

330 Real Estate Finance. (3) I. Prerequisites: RST 310 and FIN 300; or instructor approval. Sources of funds for financing real estate transactions; financial instruments that are used and problems encountered in financing real property.

349 Cooperative Study in Real Estate. (1-3) A. Prerequisites: junior, minimum 2.25 GPA, and BBA

majors only. Co-curricular work experience under the direction of faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours experience per credit hour. May not count toward major.

401 Appraisal of Real Property. (3) II. Prerequisites: RST 310, 325, and 330; or instructor approval. Fundamentals of appraising real property; approaches to determining value; factors that contribute to the value of real estate.

410 Income Property Valuation/Investment. (3) A. Prerequisites: senior standing plus 15 hours RST including RST 401 or department approval. Real Estate income property cash flow statements and valuation; investment analysis and decisions; and Uniform Standards of Professional Appraisal Practice.

450 Seminar in Real Estate. (1-3) A. Selected topics of special contemporary interest to business students. May be retaken under different subtitles to a maximum of six hours.

490 Special Problems in Real Estate. (1-3) A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a maximum of six hours. Independent work, special workshop, special topics, or seminars. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

RUS—Russian

Dr. Jose L. Varela, Chair

101 Conversational Russian I. (3) I, II. The basic structure and grammar of Russian taught in a cultural context with an emphasis on pronunciation and conversation. Gen. Ed. 03 or 04.

102 Conversational Russian II. (3) A. Recommended: RUS 101 or equivalent proficiency. Continuation of RUS 101. Gen. Ed. 03 or 04.

201 Intermediate Russian I. (3) A. Recommended: RUS 102 or equivalent proficiency. Continuation of RUS 102. Gen. Ed. 03, 04, 07, or 08.

202 Intermediate Russian II. (3) A. Recommended: RUS 201 or equivalent proficiency. Grammar and structure review through a balanced use of the four basic skills: reading, speaking, writing, and aural comprehension. Gen. Ed. 03, 04, 07, or 08.

495 Independent Work in Russian. (1-3) A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment.

SCI—Science

Dr. Frank Shaw, III, Chair

098 General Science. (3) I, II. Prerequisite: MAT 090 or MAT ACT of 16 or higher. An interdisciplinary course to strengthen science reasoning skills and meet the PCC science deficiency. It incorporates the study of basic scientific principles and concepts drawn from the physical, life, and earth/space sciences. 2 Lec/ 2 Lab. This course does not count toward graduation.

310 History of Science. (3) I, II. The development of scientific concepts through the ages; contribution of science to civilization; philosophy of science; biographical sketches. Gen. Ed. 15 or 16.

SED—Special Education

Dr. Kathryn Polmanteer, Acting Chair

090 Speech-Language Laboratory. (3) I, II. Clinical approach to communication problem(s). Instruction in proper use of speech mechanism. Individualized remediation of articulation, fluency, language, and/or voice problems. Concurrent enrollment in Speech-Language-Hearing Clinic may be required. Institutional credit; cannot be used toward graduation.

104 Special Education Introduction. (3) I, II, A. Complete overview of major categories of exceptionalities and special education. Observations of special education services. Open to non-majors.

207 Topics in Special Education. (1-3) A. Work related to current issues and topics in special education, special workshops, special seminars. May be retaken with a maximum of nine hours.

240 Communication Skills for Hearing Impaired. (3) I. Basic principles of manual communication and fingerspelling. Builds an expressive and receptive vocabulary of a least 1,000 signs to enable communication with individuals who use total communication.

250 Phonetics. (3) I. Prerequisite: Admission to CD program. Study of the articulatory postures and movements used to produce standard English and defective sounds. Introduction of the International Phonetic Alphabet and practice in using it to transcribe both normal and defective speech.

260 Language and Speech Disorders of Exceptional Children. (3) I, II. Acquisition of normal language and speech in our multi-cultural society. Identification and educational management of language and speech disorders in exceptional children.

273 Pre-practicum in Speech Pathology A. (1) II. Prerequisite: Admission to CD program. Techniques of observation, report-writing, and supervised clinical observation of therapeutic or diagnostic services with communication-disordered individuals. Students must complete at least 25 clock hours by end of this semester.

275 Communication Disorders: A Survey. (3) I. Introduction to the nature and causes of speech, language, and hearing disorders. An overview of the field of communication disorders.

285 Anatomy and Physiology of Speech and Hearing Mechanism. (3) I. Prerequisite: Admission to CD program. Introduction to the anatomical and physiological bases of hearing, respiration, phonation, resonance, and articulation.

300 Best Practices, Issues, and Programming in Moderate and Severe Disabilities. (3) I, II. Prerequisite: SED 104. Introduction to teaching students with MSD. Educational needs, issues, legal mandates, family concerns, and best practices for child focused inclusive school and community programs. Open to non-majors.

304 Assistive/Adaptive Technology. (3) I, A. Prerequisite: SED 104. Classroom use and modification of microcomputer-based technology and assistive/adaptive devices. Integration of assistive technology into assessments, IEPs, lesson plans, education activities, and daily routines. Educational applications of telecommunications and hyper-media. (2 Lab.)

337 Education of the Deaf and Hard of Hearing. (3) A. Study of personality, intellectual, and emotional development of the deaf and hard of hearing. Emphasis on social maturity, motor functioning, multiple disabilities and the significant history of educational programs at all levels.

338 Language of the Deaf and Hard of Hearing. (3) A. Prerequisite: SED 260 or instructor approval. Receptive and expressive conversational language development from a developmental perspective. Concepts in bilingual education applied to deaf students. Materials and methods in assessing and facilitating receptive and expressive conversational language in informal and formal settings.

341 Behavior Management. (3) I, II. Techniques of behavioral management of exceptional students in educational settings. Applied behavior analysis data collection, intervention, and reporting. Practical procedures for teaching new behaviors. Open to non-majors.

349 Cooperative Education. (1-8) A. Elective credit offered through work experiences for students seeking teacher certification. Minimum of 80 hours work required for one credit hour. Maximum hours to

be earned: six in summer; eight during semester; sixteen in bachelor's program.

351 Special Educational Assessment. (3) I, II. Prerequisites: SED 104. Principles and application of educational assessment of learning and behavior disordered students. Educational interpretation of assessment outcomes.

352 Special Education Early Childhood Assessment (3) II. Prerequisites: SED 104. Formal and informal procedures for screening and assessing young children (0-5) with disabilities or at-risk conditions in physical, communication, cognitive, psychosocial and self-help areas.

353 Functional Assessment and Instructional Planning for Moderate and Severe Disabilities (3) A. Prerequisite: SED 104. Assessment for student centered planning and instruction. Transdisciplinary, developmental, functional, ecological, and performance-based assessment. Use of assessment data to develop IEPs, instructional programs, lesson plans, portfolios, and daily activities.

356 Special Education Methods and Materials. (3) I, II. Prerequisites: introductory and assessment courses. Curriculum for exceptional individuals; instructional principles and methodology; development, implementation, and evaluation of validated educational programs and materials.

360 Normal Speech and Language Development. (3) II. Normal speech and language acquisition as related to wholistic child development. Basic Linguistic concepts, theories, and language deviance/differences are studied. The relationship of family and culture in language development is explored.

365 Language Disorders: Assessment. (3) I. Prerequisites: SED 275, 360, or instructor approval. Methods of assessing language content/form/use. Assessment techniques will include standardized tests, language sampling and analysis, and observational techniques and scales.

372 Methods and Materials in Communication Disorders. (3) II. Prerequisites: SED 250 and 275. Overview of assessment and therapy methods for planning remediation services; management of therapy sessions; clinical policies and procedures; Code of Ethics; precautions for infectious disease control; development of therapy materials and oral mechanism examination kit.

373 Speech Pathology: Articulation. (3) II. Prerequisites: SED 250 and 275. Characteristics and principles of diagnosis and treatment of articulation problems.

374 Practicum in Speech Pathology. (3) I. Prerequisites: 25 hours of observation in communication disorders, SED 372 and 373, and overall 2.8 GPA, or instructor approval. Supervised clinical practice in communication disorders. May be retaken to a maximum of six credit hours.

375 Practicum in Special Education. (3-6) I, II. Prerequisite: LBD majors - Admission to teacher education. Corequisite: SED 434, 435, or 436. A supervised practicum. Educational/developmental assessment, applied behavior analysis, IEP/IFSP. May be retaken to a maximum of nine hours credit for non-teaching majors.

380 Introduction to Clinical Audiology. (3) I, II. Prerequisite: Admission to CD program for CD students; CD admission policy does not apply to DHH students. Physics of sound; anatomy, physiology, pathologies of the auditory system; medical treatment. Introduction to basic audiological testing (pure-tone and speech).

401 Exceptional Learners in Inclusive Classrooms. (3) I, II. Prerequisites: Admission to teacher education. Principles for teaching and accommodating exceptional learners in educational settings. Instructional modifications and management across content areas. Collaboration to address exceptionalities/diversities. 10 field/clinical hours in special education and inclusive settings.

434 Prescriptive Programming for Learning and Behavior Disordered Children. (3) I, II.

Curriculum design, analysis, and application of instructional materials for learning and behavior disordered students. Design, implementation, and evaluation of individualized educational programs.

435 Systematic Instruction for Moderate and Severe Disabilities. (3) A. Prerequisites: SED 300 and 341; Systematic instructional techniques, functional activity-based programming and community-based instruction. Ongoing evaluation and modification of student instruction. Methods and materials for implementing best practices across domains settings.

436 Early Childhood Intervention Programming. (3) I. Developmental, family-focused intervention methods, materials and programs for young children (0-5) at-risk for or with disabilities. Curriculum design across physical, communication, cognitive, psychosocial and self-help areas. Planning, implementing, monitoring and evaluating IEP's/ IFSP's.

464 Language Disorders: Intervention. (3) II. Prerequisites: SED 360 and 365. Study of language impairment in children and principles for remediation.

465 Disorders of Fluency. (3) I. Prerequisite: SED 275. Lectures and selected readings in the theoretical, etiological, and developmental views of assessment and management of stuttering problems across the life span.

474 Advanced Practicum in Speech Pathology. (3) II. Prerequisites: Overall 2.8 GPA and SED 374, or instructor approval. Advanced supervised clinical practice in communication disorders. May be retaken to a maximum of six credit hours.

475 Voice Disorders. (3) I. Prerequisites: SED 275 and 285. Lectures and selected readings in etiological perspectives of functional and organic voices disorders; assessment, classification, and treatment designs for vocal pathologies in children and adults.

485 Audiologic Evaluation. (3) II. Prerequisite: SED 380. Principles of testing in pure-tone, immittance, speech threshold, sound discrimination, and masking. Techniques for interviewing, interpretation of results, and report writing. Procedures for calibration of audiometers.

486 Audiology Pre-practicum. (1) II. Prerequisite: SED 380. Simulated experiences pertaining to methodology and use of equipment for audiological evaluation, interviewing, interpreting test results, and report writing.

487 Aural Rehabilitation. (3) I. Prerequisite: SED 485. Hearing aid evaluation, dispensing, and orientation; audiology in private practice; auditory, visual, tactile-kinesthetic perception; management of speech production; educational audiology; speech reading and auditory training; importance of parental participation.

488 Practicum in Audiology. (1) I, II. Prerequisites: Overall 2.8 GPA and SED 380, 485, and 486. Supervised clinical practice in audiology. May be retaken to a maximum of two credit hours.

499 Supervised Student Teaching in Special Education. (6-12) I, II. Prerequisite: advisor approval. Observation, participation, and teaching or clinical work in the special educational situation in the selected area of exceptionality.

507 Problems in Special Education: _____ (1-3) A. Prerequisite: advisor/departmental approval. School-related work, special workshops, special seminars. May be retaken with different descriptions.

510 Assessment, Curriculum, Methods in Content Area for the Deaf and Hard of Hearing. (3) A. Prerequisites: ASL 101 and SED 260 or 338. Basic types and properties of standardized norm-referenced, criterion-referenced, and informal tests used to assess the content area knowledge of deaf and hard of hearing students. Sample curricula and instructional strategies used in teaching deaf and hard of hearing students.

512 Computer Technology with Exceptional Populations. (3) I. Prerequisites: Completed College of Education computer literacy requirement and introductory course in special education, or instructor approval. Educational applications of computer technology with handicapped individuals, infants through adult. Identification, evaluation, and operation of software, hardware, and adaptive devices in accordance with ethical practices. (Lec/Lab)

518 Special Education in Early Childhood. (3) I, II. Prerequisites: SED 104 or 575 and 260; or instructor approval. Overview of history, philosophy, legislation and services for young children (0-5) at-risk for or with disabilities, including impact and intervention across developmental domains.

520 Augmentative and Alternative Communication Systems. (3) A. An overview of various approaches to aided non-oral systems of communication. Various devices and symbol systems will be discussed.

522 Language Disorder of Students with Disabilities. (3) A. Overview of Language Development and related speech and language disorders including introduction to intervention methodology.

541 School Services in Communication Disorders. (3) II. Prerequisites: Admission to Teacher Education, overall 2.8 GPA, and SED 273, 373, 374, and 464; or instructor approval.

Organization and management of speech-language therapy services in the schools. (Lec/Lab)

545 Program Personnel Management. (3) I, A. Prerequisites: SED 435 or 436. Corequisite: SED 375 or 499. Scheduling and management of systematic instruction, inclusion, transdisciplinary services, and transition activities. Working with parents, paraprofessionals, and professionals. Collaboration strategies, professional development skills, and records management.

571 Neural Bases of Communication. (3) I. A study of neuroanatomic and neurophysiologic bases of communication including developmental issues and neurologic deficits resulting in communication disorders.

572 Speech & Hearing Science. (3) II. Study of the physics of sound, acoustic characteristics and processes, perceptual correlates, production of speech, and psychophysical processes of communication. Software applications and instrumentation are also covered.

574 Field Experiences with Exceptional Learners. (3) A. Prerequisite: departmental approval. A practicum experience with exceptional individuals. Emphasis is directed at behavior management, educational assessment, and IEP/IFSP.

575 Nature and Needs of Exceptional Students. (3) A. Overview of special education including characteristics, definitions, programming, and supporting research. Open to non-majors.

576 Introduction to Special Education Assessment. (3) A. Prerequisites: SED 104 and SED 575 or 775. Principles of tests and measurements. Test administration, scoring, and interpretation applied to LBD, DHH, and MSD. Application of assessment data to interdisciplinary teams.

577 Dual Sensory Impairments and Communication. (3) A. Prerequisite: SED 260. Assessment, planning, and instruction for students with dual sensory impairments and severe cognitive disabilities. Augmentative and alternative communication methods, materials, and devices. Milieu language strategies, symbolic and nonsymbolic communication in natural environments and daily activities.

578 Behavior Disorders. (3) A. Open to non-majors. Behavior disorders and/or emotional disturbances as an educational, psychological, and sociological phenomenon. Definitions, characteristics, theoretical foundations, programmatic approaches.

579 Learning Disabilities. (3) A. Prerequisite: SED 575 or instructor approval. Definition and assessment of learning disabilities.

Emphasis on theories related to specific teaching methodologies.

581 Speech for the Deaf and Hard of Hearing. (3) A. Prerequisites: SED 260 and 338; or instructor approval. Phonological development, acoustic articulation, rhythm, phrasing, accent, fluency, effects of impairment on speech, speech reading, auditory training.

590 Applied Behavior Analysis (3) A. Behavior analysis applied to classroom and instructional management. Development of skills in data collection, intervention procedures, and evaluation of behavior change.

591 Instruction of Secondary Learning and Behavior Disordered Students. (3) A. Prerequisites: SED 104 and 351; or instructor approval. Problems of students with learning and behavior disorders in secondary school settings. Programming and instructional alternatives for secondary level education. Planning for transition to work and community.

593 Teaching Students with Learning and Behavior Disorders. (3) A. Prerequisites: SED 575, 576, 578, 579, or instructor approval. Individual Education Programs for LBD students, based on assessment information and in accordance with legal mandates and regulations. Curriculum designs, material, and program evaluation.

SOC—Sociology Dr. Steven Savage, Chair

131 Introductory Sociology. (3) I, II. Basic principles and concepts of sociology, including culture, personality, social structure, groups, social processes, and social change. Gen. Ed. 09.

232 Introductory Sociological Analysis. (3) I, II. Completion of SOC 131 is advised before taking SOC 232. Analysis of sociological concepts in terms of concept formation, measurement, interpretation, and presentation in graphic and table form.

235 Social Problems. (3) I, II. Analysis of selected social problems such as crime, mental illness, homosexuality, divorce, population, and poverty. The analysis includes the definition, causes, and consequences of social problems. Gen. Ed. 12.

305 Computers and Society. (3) A. Cross listed as CSC 305 and POL 305. The influence of computers on social and political processes. Software related to socio-political issues. Credit will not be awarded to students who have credit for CSC 305 or POL 305.

310 The Sociology of Language Use. (3) A. Cross listed as ANT 310. Completion of ANT 120 or SOC 131 is advised before taking SOC 310. An examination of the variations and meanings of language use in social groups and the role of language in human interaction. Credit will not be awarded to students who have credit for ANT 310.

313 Social Deviance. (3) A. Examination of the social and cultural setting of deviant behavior. Will include an examination of the process of becoming deviant as well as specific types of deviance such as suicide, drugs, sexual deviance, and mental disorders.

320 Mind, Self, and Society. (3) A. Completion of SOC 131 is advised before taking SOC 320. Relation of the individual to the sociocultural environment, with special reference to personality development, interpersonal role-behavior, motivation, and social attitudes.

340 Juvenile Delinquency. (3) A. Completion of SOC 131 is advised before taking SOC 340. Survey of theories of juvenile delinquency, including evaluation of the constitutional, psychological, and sociological approaches and dealing with prediction, treatment, and control.

345 Sociology of the Family. (3) A. Completion of SOC 131 is advised before taking SOC 345. Formerly SOC 245. Family as an institution in society; its relation to cultural transmission and personality development; its relation to the wider

institutional structure of society. Credit will not be awarded to students who have credit for CDF 132 or HEC 132.

347 The Sociology of the Underground Economy. (3) A. Examination of the underground economy and the consequences of underground economic activity for society.

350 Selected Topics in Sociology. _____. (3) A. Completion of SOC 131 is advised before taking SOC 350. May be retaken to a maximum of nine hours provided the subject matter differs each time. Sample topics: Appalachian sociology; sexism and society; utopias.

353 Sociology of Health and Illness. (3) A. Completion of SOC 131 is advised before taking SOC 353. Social and cultural dimensions of health and illness; analysis of mainstream and alternative health professions and medical facilities.

360 The Community. (3) A. Completion of SOC 131 is advised before taking SOC 360. Characteristics of community relations in society; structure of and changes in community life; changing needs and resources of modern communities.

363 Appalachian Images in Film and Song. (3) A. Completion of SOC 131 is advised before taking SOC 363. Media images of the Appalachian region and its people through film and music; the processes by which such images become produced and reproduced.

365 Social Change in Appalachia. (3) A. Completion of SOC 131 is advised before taking SOC 365. Analysis of patterns of social change and development in an important area of the Southern United States, Central and Southern Appalachia. Emphasis will be placed upon competing theoretical perspectives and the importance of historical research.

370 Religion in Appalachia. (3) A. Completion of SOC 131 is advised before taking SOC 370. An examination of diversity and change in the religious beliefs, practices, groups, and organizations found in the Southern Appalachian Region.

375 Criminology. (3) A. Completion of SOC 131 is advised before taking SOC 375. Survey of theories of criminal behavior as applied to the social processes of law making and law breaking; prediction and control of crime.

395 Research Methods in Sociology. (3) II. Completion of SOC 131 and 232 is advised before taking SOC 395. Methods and techniques of sociological research; includes collecting, measuring, analyzing, processing, and presenting social data.

399 Gender & Cross-Cultural Perspective & Society. (3) A. Cross listed as ANT 399. Completion of ANT 120, 210, 211, or SOC 131 is advised before taking SOC 399. Consideration of cultural diversity in defining gender roles. Emphasis on the relationship between the social construction of gender and the experiences of women and men in traditional and contemporary societies. Credit will not be awarded to students who have credit for ANT 399.

400 Racial and Ethnic Relations. (3) A. Completion of SOC 131 is advised before taking SOC 400. Analysis of the development of racial and ethnic relations from the perspective of sociology and related social sciences. Examination of issues related to dominant and minority group status in the United States and cross-culturally.

415 Social Gerontology. (3) A. Cross listed as ANT 415. Completion of ANT 120, 210, 211, or SOC 131 is advised before taking SOC 415. A comparative and historical study of the physical and sociocultural aspects of human aging from a societal and global perspective. Credit will not be awarded to students who have credit for ANT 415.

420 Social Organization. (3) A. Analysis of various types of organizations in American society; internal and external processes and organizational structure.

450 Social Change. (3) A. Prerequisite: six hours of SOC. Analysis of theories of social and cultural change in terms of process and direction and methodological issues.

455 Collective Behavior. (3) A. Prerequisite: six hours in SOC. Analysis of mass phenomena such as public opinion, rumors, fads, mobs, riots, panics, and social movements; including a consideration of the development and termination of collective behavior forms.

460 Sociological Theory I—Classical Writers. (3) I. Prerequisite: nine hours in SOC. Early developments in sociological theory; definition of the field and formation of schools of theory; the basis upon which contemporary theories are built.

461 Sociological Theory II—Contemporary Writers. (3) II. Prerequisite: nine hours in SOC. Current state of sociological theories; recent formulations, controversies, and trends.

463 Social Stratification. (3) A. Prerequisite: six hours in SOC. Classic and recent studies of social classes and strata; critical analysis of recent research methods; social class, mobility aspirations.

465 Demography. (3) A. Methods of demographic analysis with special emphasis on sources and uses of demographic data; models of population processes such as mortality, fertility, and migration.

470 Seminar in Sociology. (3) A. Prerequisite: nine hours in SOC. Systemic overview of sociology through a general survey of various subdisciplines of the field with emphasis on recent research, theory, issues, and developments.

590 Directed Study. (1-3) A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken to a maximum of six hours provided the subject matter differs each time. Directed study in sociology.

SPA—Spanish

Dr. Jose L. Varela, Chair

100 Hispanic Ventures: _____. (1-3) A. This course introduces students to the Spanish language and to Hispanic culture through a variety of interesting topics such as Spanish for travelers. Latin American dance, music, carnivals, films, and foods. May be repeated if topic is different.

101 Conversational Spanish I. (3) I, II. Prerequisite: All required developmental reading and writing courses. Beginning Spanish for students with little or no previous study of Spanish. Qualified students should enroll at a higher level. Emphasis is on the four essential skills of speaking, listening, reading, and writing in contemporary cultural contexts. Laboratory work is required. Gen. Ed. 03 or 04.

101P Spanish Practicum I. (1) I, II. Students who enroll in this course must be concurrently enrolled in SPA 101. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in SPA 101.

102 Conversational Spanish II. (3) I, II. Recommended: SPA 101 or equivalent proficiency. (Students with three or four successful years of high school Spanish should begin their study in SPA 102, 105, or higher. Students entering SPA 102 by referral or placement will receive three hours credit for SPA 101 if they make an "A" in 102.) Continuing development of communicative skills taught in a contemporary cultural context. Laboratory work is required. Gen. Ed. 03 or 04.

102P Spanish Practicum II. (1) I, II. Students who enroll in this course must be concurrently enrolled in SPA 102. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in SPA 102.

105 Spanish Honors. (3, 6) A. Recommended: English ACT score of 28, or referral. Not open to students who have taken SPA 101 and/or 102. An intensive approach to the four essential skills of reading, writing, speaking, and listening. Students graded "A" or "B" will receive six hours credit for

SPA 105; students receiving "C" or "D" will receive three hours credit for SPA 105 and must take SPA 102 before enrolling in SPA 201. Gen. Ed. 03 and/or 04.

201 Intermediate Conversational Spanish I. (3) I, II. Recommended: SPA 102 or equivalent proficiency. Development of more advanced skills for speaking, listening, reading, and writing in contemporary cultural contexts. Laboratory work required. Students entering SPA 201 by referral or placement receive six hours credit for SPA 101 and 102 if they make an "A" or "B" in 201. Gen. Ed. 03, 04, 07, or 08.

202 Intermediate Conversational Spanish II. (3) I, II. Recommended: SPA 201 or equivalent proficiency. Development of more advanced skills for speaking, listening, reading, and writing, with increased emphasis on short readings, discussions, and compositions on cultural topics. Laboratory work required. Students entering SPA 202 by referral or placement receive nine hours credit for SPA 101, 102, and 201 if they make an "A" or "B" in 202. Gen. Ed. 03, 04, 07 or 08.

206 Conversational Fluency. (3) A. Recommended: SPA 202 or equivalent proficiency (not open to native speakers). Active development of skills and strategies for functional fluency in Spanish in real cultural contexts. Gen. Ed. 03, 04, 07, or 08.

295 Independent Work in Spanish. (1-3) A. Prerequisite: SPA 202 or equivalent proficiency. May be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

301 Reading and Culture. (3) A. Prerequisite: SPA 202 and SPA 206 or equivalent proficiency with department chair approval. Interactive discussion and writing on readings representative of Hispanic culture. Taught in Spanish.

310 Topics in Spanish: _____. (1-3) A. Prerequisite: SPA 202 or equivalent proficiency with department chair approval. May be retaken to a maximum of 6 hours if topic is different. Selected topics in Spanish language, literature, or culture.

320 Business and Technical Spanish. (3) A. Prerequisites: SPA 206 and 360, or equivalent proficiency with department chair approval. Provides opportunities to learn and use Spanish for business. Includes vocabulary for the social sciences and technical fields such as agriculture, industrial technology, law enforcement, and health care, as deemed relevant. Taught primarily in Spanish.

349 Cooperative Study: Spanish. (1-8) A. Prerequisite: Students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. Credit does not apply to general Spanish major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit.

360 Topics in Grammar: _____. (3) I, II. Prerequisite: SPA 202 or equivalent proficiency with department chair approval. May be retaken to a maximum of 6 hours if content is different. Emphasis on improving the understanding and application of Spanish through study of selected components of Spanish grammar in a variety of written cultural contexts. Gen. Ed. 03, 04, 07, or 08.

370 Conversation and Composition. (3) A. Prerequisite: SPA 206 and SPA 360 or equivalent proficiency with department chair approval. Intensive practice in developing skills for effective oral and written communication in Spanish. Taught in Spanish. Gen. Ed. 03 or 04.

380 Civilizations of Spain. (3) I. Prerequisites: SPA 301 and 360, or equivalent proficiency with department chair approval. An exploration of Spain's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts in order to further

development of reading, speaking, comprehension, and writing skills in Spanish.

381 Civilizations of Latin America. (3) II. Prerequisite: SPA 301 and 360, or equivalent proficiency with department chair approval. An exploration of Latin America's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts in order to further development of reading, speaking, comprehension, and writing skills in Spanish.

401 Spanish Language Studies: _____. (3) A. Prerequisite: SPA 360. A selected topic such as phonetics, phonology, semantics, syntax, or history of the language. May be retaken to a maximum of nine hours if content is different.

405 Hispanic Literature and Culture I. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts from the Middle Ages to 1700. Taught in Spanish.

406 Hispanic Literature and Culture II. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts in the 18th and 19th centuries. Taught in Spanish.

407 Hispanic Literature and Culture III. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America, in their historical and cultural contexts, in the 20th century. Taught in Spanish.

495 Independent Work in Spanish. (1-3) A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

572 Hispanic Literature. (3) A. Prerequisites: SPA 301 and three hours from SPA 405, 406, or 407. Study of a selected literary topic. May be retaken to a maximum of nine hours if content is different.

SPE—Speech

Dr. Renee Everett, Chair

100 Introduction to Human Communication. (3) I, II. An introduction to the study of human communication. Overview of major topics in contemporary theories of intrapersonal, interpersonal, small group, and public communication. Practice in the development of skills in each of these areas. Credit will not be awarded to students who have credit for SPE 301. Gen. Ed. 20.

200 Interpersonal Communication. (3) I, II. A theoretical and skills based approach to building communication competence in personal relationship development, maintenance, and dissolution. Gen. Ed. 03 or 04.

205 Argumentation and Debate. (3) I. The study of the techniques and principles of formal argumentative discourse. Emphasis on developing, presenting, and defending a position of controversial questions. Gen. Ed. 03 or 04.

210 Public Speaking. (3) I, II. Principles of and practice in the art of public speaking. Study of the invention, organization, style, delivery, and audience adaptation of informative, persuasive, and commemorative speeches. Gen. Ed. 20.

250 Interviewing. (3) I. Analysis and application of the communication skills necessary for becoming an effective interviewer and interviewee in organizational contexts. Learn and apply various interviewing techniques: informative, employment and persuasive interviews.

300 Business and Professional Speaking. (3) II. A skills-oriented approach to communication in the workplace. Topics include the following: listening, professional etiquette, conducting meetings, preparing and presenting persuasive, professional reports, and technology (telephone, teleconferencing, and powerpoint).

305 Analyzing Human Communication. (3) I. Introduction to the process of producing knowledge about human communication. This course emphasizes the qualitative analysis of data from field studies, interviewing, texts, and surveys that relate to the processes of human communication.

310 Small Group Communication. (3) I. Introduction to theories of small group communication. Exposure to various types of groups with special emphasis on the role of communication in the development of group norms, roles, leadership styles, problem-solving techniques and decision-making techniques.

315 Speech Communication Practicum. (1-3) I, II. Prerequisite: instructor approval. Supervised practical experience in organizational, human service, or dispute resolution communication contexts. May be retaken for a maximum of three hours.

320 Persuasion. (3) II. Study of contemporary research and theories of persuasion and social influence. Theoretical analysis of campaign strategies, citizen advocacy, and selected social movements. Practice in the design, analysis, and implementation of persuasive messages.

325 Communication in Conflict Management. (3) A. A study of the communication components that contribute to the initiation, perpetuation, and resolution of conflict. Emphasis on building appropriate communication skills for productive conflict management.

330 Communication & The Job Search. (1) I. Empowering the student for future employment by applying communication skills and career development methods in the job search process.

349 Cooperative Study: Speech. (1-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

350 Organizational Communication. (3) I. Survey of theoretical and empirical literature dealing with communication behavior as it occurs within the context of organizations. Students examine communicative behaviors through case study and field observation. Topics include communication networks, climate, and satisfaction.

353 Health Communication. (3) A. A survey of recent development in the field of health communication. Emphasis is on the role of communication in the development of health promotion/prevention campaigns, patient provider interactions, and multicultural health settings.

375 Intercultural Communication. (3) A. A study of the communication process across cultures with emphasis on intercultural perceptions, values, and language problems as well as nonverbal expression in personal and professional settings.

400 Communication and Gender (3) A. Focuses on relationships between communication and gender, race, and social class. Examines ways in which gender roles are created and recreated in society and in our personal and professional relationships.

406 Communication Training and Development. (3) II. An introduction to the field of communication training and development for corporate, industrial, institutional, medical or educational settings. While studying the theoretical frameworks on which training and development techniques are based, students will practice training techniques in simulated situations.

410 Human Communication Theory. (3) A. A general overview of the theoretical approaches informing research or communication. The goals of the

class include developing and understanding of the role of theory in the research process and the ability to critique theories.

415 Communication in the Legal Process. (3) A. Through the analysis of discourse in videotaped trials, students learn how communication shapes and recreates reality in the courtroom, and how discourse styles affect perceptions of witness credibility and believability.

420 Negotiation. (3) A. This course combines communication theory and practice in resolving conflicts using the negotiation process. Extensive role-playing activities will be utilized to develop these skills.

450 Mediation. (3) A. The study of mediation as an alternative dispute resolution technique. Involves the analysis and practice of communication skills applicable to the mediation process. Extensive mediation role-plays are an integral part of the course.

470 Communication Audits. (3) A. Formerly SPE 370. Prerequisite: Minimum of 90 hours, SPE 305, and SPE 350. Principles and practice of communication audits. Students will design, conduct and interpret a communication audit for an organization.

475 Senior Project. (3) A. Prerequisites: 90 hours, SPE 305, and departmental approval. A synthesis experience where students write a senior thesis.

490 Special Topics in Communication. (1-3) A. Presentation of course material of a timely, specialized, or topical nature. Specific course orientation will appear beside title. May be retaken to a maximum of nine hours if subject matter is different each time.

499 Independent Study in Speech Communication. (1-6) I, II. Individual research and reading on a specified speech communication subject. Regular consultation and final paper or performance required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

STA—Statistics
Dr. Patrick Costello, Acting Chair

215 Elementary Probability and Statistics. (3) I, II. Prerequisite: Completion of all University developmental requirements. Introduction to elementary concepts of probability, one and two sample estimation and hypothesis testing, linear correlation and regression, chi-square tests, introduction to analysis of variance, software analysis packages. Credit will not be awarded to students who have credit for CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200 or STA 270. Gen. Ed. 03 or 04.

270 Applied Statistics I. (3) I, II. Prerequisite: MAT 107 or a minimum score of 23 on the Mathematics portion of the ACT. Measures of central tendency and dispersion, frequency distributions, probability, sampling distributions, point and interval estimates, hypothesis testing, software analysis packages. Credit will not be awarded to students who have credit for CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200 or STA 215. Gen. Ed. 03 or 04.

320 Applied Statistics II. (3) II. Formerly STA 271. Prerequisite: STA 215 or 270 or CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200. Cross listed as ECO 320. Review of estimation and hypothesis testing, simple and multiple regression, model building, analysis of variance, contingency tables, elementary experimental design, classical time series analysis, nonparametric statistics and statistical software packages. Credit will not be awarded to students who have credit for ECO 320 or ECO 848 or EPY 843 or PSY 301 or QMB 300 or STA 271 or STA 500.

349 Cooperative Study: Statistics. (1-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic

studies. Does not apply to major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit.

370 Applied Probability. (3) I, II. Prerequisite: MAT 124 or 124H or 211 or 224 or 224H or 225 or 225H or 261. Intuitive and axiomatic development of probability, set theory, counting techniques, conditional probability, Bayes Theorem, discrete models and distributions, and the law of large numbers.

375 Sampling Theory. (3) A. Prerequisite: STA 215 or 270 or 370 or CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200. Basic concepts of sampling theory, simple random sampling, stratified random sampling, cluster sampling, systematic sampling, ratio and regression estimation, applications to surveys, utilization of microcomputer statistical packages. Written and/or oral presentations required.

490 Seminar in _____. (1-3) A. Prerequisite: departmental approval. Topic announced at the time of offering. May be retaken to a maximum of 12 hours, provided the topics are different.

495 Independent Work. (1-3) A. Prerequisite: departmental approval. Directed study/research on a problem or area chosen in consultation with instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

500 Applied Statistical Inference. (3) A. Designed for students in all areas. A general background in statistical methods including normal distribution, point and interval estimation, hypothesis testing, regression, analysis of variance, utilizing software analysis packages. Credit will not be awarded to students who have credit for ECO 320 or ECO 848 or EPY 843 or PSY 301 or QMB 300 or STA 271 or STA 320 or STA 521.

501 Nonparametric Statistics. (3) A. Prerequisite: STA 215 or 270 or 500 or 700 or 575 or 775 or 521 or 721 or 585 or 785 or CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200. Simple, efficient nonparametric methods without normality assumptions. Tests, estimation of proportions, medians, two-sample location/dispersion, one and two-way layout, independence, regression, software analysis packages.

503 Statistics with Technology for P-9 Teachers. (3) A. Topics in statistics appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S. (teaching) degree requirements for programs offered within this department.

507 Seminar in Statistics: _____. (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be retaken with advisor approval, provided that the topics are different. Credit toward degree requirements will depend on the course content.

520 Mathematical Statistics I. (3) I. Prerequisites: MAT 224 or 224H or 225 or 225H; and STA 215 or 270 or 370 or CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200. Descriptive statistics, continuous probability distributions for one and two variables, functions of random variables, sampling distributions.

521 Mathematical Statistics II. (3) II. Prerequisites: STA 520 and MAT 214. A continuation of STA 520. Estimation theory, tests of hypothesis, linear regression and correlation, multiple linear regression, analysis of variance, allied topics. Credit will not be awarded to students who have credit for STA 500.

575 Statistical Methods Using SAS. (3) A. Prerequisite: STA 215 or 270 or 500 or 700 or 501 or 701 or 521 or 721 or 585 or 785 or CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200. Statistical methods focusing on the use of the SAS computer package and interpretation of data. Assumptions of parametric and nonparametric tests.

585 Experimental Design. (3) A.

Prerequisites: STA 215 or 270 or 500 or 700 or 501 or 701 or 521 or 721 or 575 or 775 or CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA 450 or PSY 291 or QMB 200. Introduction to analysis of variance and experimental design including completely randomized designs; randomized blocks; Latin squares; factorial experiments; fixed, random, and mixed models; and nested-factorial experiments.

SWK—Social Work

Dr. Marlene Huff, Coordinator

210 Introduction to Social Work. (2) I, II.

Prerequisites or corequisites: SOC 131 and PSY 202. Introduces philosophy, values, ethics, and processes of the social work profession; emphasizes the bases of Generalist practice theory; areas of practice; social justice and the role of violence in society.

225 Human Behavior/Social Environment I.

(3) I, II. Prerequisites or Corequisites: SOC 131, PSY 202, and SWK 210. Bio- psycho-social perspective of human behavior and social interactions based on systems theory. Explores traditional and alternative paradigms of developmental life cycle and family interactions. Emphasis on developmental diversity in a multicultural society.

310 Introduction to Social Welfare. (3) I, II.

Prerequisites: POL 101 and SWK 210. History of social welfare, its role and relationship with other social institutions; structure and function of U.S. system compared to other national systems; inequitable distribution of resources, and its contribution to a violent environment.

311 Social Welfare Services/Policies. (3) A.

Prerequisite: SWK 310. Social problems, policies, and services in the areas of health and mental health care, aging, women's issues, and juvenile delinquency.

331 Appalachia: A Cultural Perspective. (3)

A. Cross listed as ANT 331. Prerequisites: SOC 131 and three hours of ANT, SOC, or SWK. Sociocultural perspective of Appalachia. Relationship of physical characteristics; beliefs; occupation; personality; family/kinship patterns to health. Cross-cultural professional practice skills and errors of crosscultural helping. Credit will not be awarded to students who have credit for ANT 331.

335 Human Behavior/ Social

Environment II. (3) I, II. Prerequisite or Corequisite: SWK 225. Systems theory applied to the functioning of various size collectives and their impact on behavior within a cultural context. The impact of social oppression, social and economic injustices and the creation of cultural and institutional violence.

350 Social Work Practice I. (3) I, II.

Prerequisite: SWK 335; Corequisite: SWK 354. Theoretical base for social work practice from a generalist perspective. Focuses on the social work process: Problem identification; data collection and synthesis; assessment; planning and intervention; termination; and evaluation. Emphasis on multidimensional assessment and practice ethics.

354 Practice Skills Laboratory. (1) I, II.

Corequisite: SWK 350. Weekly two-hour laboratory. Focuses on interactional activities and exercises that foster the development of interviewing, data collection, and synthesis, assessment, and use of relationship skills.

355 Social Work Practice II. (3) I, II.

Prerequisites: SWK 350, 354, and SOC 232. Addresses the social work process with a focus on planning intervention, implementation, and evaluation of practice strategies. A weekly laboratory develops skills in these areas. Work with families and groups will be emphasized. 2 Lec/2 Lab.

358 Child Abuse and Neglect. (3) A.

Prerequisite: SWK 310. Prerequisite or Corequisite: SWK 350. Knowledge base for identification, risk determination and psycho-social assessment of child abuse, neglect and dependency situations. Explores service delivery, role of the court, and the impact of cultural and institutional violence.

360 Social Work Practice III. (3) I, II.

Prerequisite: SWK 355 or coordinator approval. Social Work process and skills applied to assessment and intervention with networks, organizations, and communities. Emphasis on community research; program development and evaluation; grantsmanship; strategies to advance social justice and address institutional and cultural violence. 2 Lec/2 Lab.

390 Field Experience in a Social Agency. (3)

I, II. Prerequisite: SWK 350. Eight hours per week in an agency, special community program, or project approved by Practicum Coordinator plus 1 1/2 hour seminar. Applications of practice theory and process. Student must apply the previous semester. Majors only.

410 Social Welfare Policy Practice. (3) I, II.

Prerequisites: SWK 311, SWK 355, and SWK 358. Dynamics of policy implementation at administrative, judicial, and legislative levels: policy analysis, formulation, modification, and evaluation; focus on policies that contribute to social injustices and policies that foster the creation, enhancement, or promotion of violence.

450 Child Abuse Interventions. (3) A.

Prerequisite: SWK 358. Development of assessment, intervention, and prevention skills in child abuse and neglect. Focus is on public agency involvement.

455 Selected Topics in Social Work. (1-3) A.

Prerequisite: instructor approval. Course content will be determined by student interest, instructor specialty, and new developments in the profession. May be retaken to a maximum of six hours provided subject matter differs each time.

456 Children's Services. (3) A.

Prerequisite: instructor approval. Critical appraisal of societal values of priorities underlying services to children. Examines range of services and skills used in social work practice with children; understanding psycho-social needs of children.

457 Services for the Elderly. (3) A.

Prerequisite: instructor approval. Examines societal values relating to the elderly; psycho-social needs of the elderly; community-based and institutional services; and dynamics of working with the elderly and their families.

458 AIDS and the Social Response. (2) A.

Cross listed as HEA 458. Prerequisites: SOC 131, PSY 202 and Junior standing; or instructor approval. Psycho-social aspects of HIV infection. Exploration of methods of responding to and serving people with HIV. Development of population specific prevention strategies. Credit will not be awarded to students who have credit for HEA 458.

490 Social Work Practicum. (12) I, II.

Prerequisites: GPA of 2.0 and completion of all other major requirements with a minimum grade of "C." Supervised practice in a social agency approved by Practicum Coordinator. Four days a week for 12 weeks plus weekly on-campus seminar. Application must be made through Practicum Coordinator the semester preceding placement. Social work majors only.

495 Directed Study. (1-3) A.

Formerly SWK 590. Student must have the independent study proposal form approved by faculty supervisor, program coordinator, and departmental chair prior to enrollment. May be retaken to a maximum of six hours provided the subject matter differs each time.

TEC—Technology, General

Dr. William E. Davis, Chair

141 Elementary Woodworking. (3) I, II.

Basic instruction in the use of common hand tools, basic machine operations, problems in furniture construction, related technical information, and finishing materials and methods. Not open to students majoring in a program within the department. 2 Lec/2 Lab.

161 Computer Applications in Technology.

(3) I, II. A survey of computer systems and software applications currently used in technology related fields. 2 Lec/2 Lab.

190 Technical Graphics. (3) I, II. Shape and size description of objects using conventional projection techniques—multiview, axonometric, oblique, and perspective. Emphasis is placed on sketching with paper and pencil and with computers. 2 Lec/2 Lab.

194 Architectural Graphic Methods. (3) I.

Graphic presentation methods used in architecture and interior design. Hardline drawings using standard drafting conventions and equipment. Emphasis on orthographic, axonometric (paraline), and perspective drawings. 2 Lec/2 Lab.

255 Web Publishing. (2) I, A.

Corequisite: TEC 256. A study of preparing content for the World Wide Web that includes the use of professional level software.

256 Web Publishing Laboratory. (1) I, A.

Corequisite: TEC 255. Laboratory activities that support the course content of TEC 255, Web Publishing. 2 Lab.

309 Integrated Marketing Communications.

(3). A. Cross listed as MKT 309 and COM 309. A course covering the theories, strategies and skills of Integrated Marketing Communication, with a special emphasis on applying IMC to the Internet and the World Wide Web (WWW). Credit will not be awarded to students who have credit for MKT 309 or COM 309.

313 Digital Photography. (3) A. A study of current technology used to digitize traditional photographic images for use in computer application programs. This includes the acquisition of images from scanners, digital cameras and optical discs. 2 Lec/2 Lab.

315 Photography. (3) A. Emphasis on black and white film photography including use and care of equipment, exposure calculations and techniques and finishing. A 35mm camera with adjustable lens and shutter control is required. 2 Lec/2 Lab.

322 Crafts for Children. (3) I, II.

Introduction to various craft media and their application in recreational elementary crafts programs. Emphasis on activities appropriate for children and the use of inexpensive and readily available materials. 2 Lec/3 Lab.

331 Casework Detailing. (3) I. Prerequisites: IDH 221 and IDH 229. The planning and production requirements of architectural millwork and the drawings needed to describe its construction. The production of a complete set of working drawings for a casework piece will be required. 2 Lec/2 Lab.

332 Product Design. (3) I, II.

Prerequisite: TEC 391. Elements of product design as it relates to materials, such as woods, metals, and plastics. Emphasis placed on experimentation and problem solving in developing design solutions, detailed drawings, and illustrations and the presentation of design ideas. 2 Lec/2 Lab.

333 Special Problems in Technology. (1-6) I,

II. An independent study course for exceptional undergraduate students. A study proposal will be developed by the student and approved by the faculty supervisor and department chair prior to enrollment. May be retaken provided the topic of study is different.

349 Cooperative Study in Technology. (1-8)

I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

355 Web Animation. (2) II.

Prerequisites: TEC 255 and 256. Corequisite: TEC 356. An advanced course in preparing content for the World Wide Web. Emphasis will be on style sheets and advanced graphic formats that include vector animation, Portable Document Format files and streaming video.

356 Web Animation Laboratory. (1) II.

Prerequisites: TEC 255 and 256. Corequisite: TEC 355. Laboratory activities that support the course content of TEC 355, Web Animation. 2 Lab.

368 Workshop in Technology. (1-4) A. Presentation of technology topics of a timely or specialized nature in a workshop format. May be retaken provided the topics are different.

391 Technical Illustration. (3) I, II.

Prerequisite: TEC 190, 194 or CON 294. Axonometric projection, oblique, perspectives, and illustration techniques to include pencil rendering and ink delineations. 2 Lec/2 Lab.

394 Architectural Drawing I. (3) I, II.

Prerequisite: TEC 190, 194, or CON 294. Basic principles of house planning, styles of home architecture, comparative study of building materials, preparation of a complete set of plans and specifications for a small home. 2 Lec/2 Lab.

491 Architectural CAD. (3) A. Prerequisites:

TEC 391 and 394. Characteristics and operation of a 3D AEC (architectural, engineering, and construction) computer application system. Topics include representation of 3D objects in computer graphics, features and commands of AEC systems, and applications in architectural drawing and rendering. 2 Lec/2 Lab.

496 Architectural Drawing II. (3) I, II.

Prerequisite: TEC 394. Consideration of both residential and commercial buildings with an emphasis on structural design, building methods and materials, mechanical systems, and site planning. Preparation of a complete set of plans for a small commercial building. 2 Lec/2 Lab.

501 Special Problems in Technology. (2-6) I, II.

An independent study course for exceptional upper division undergraduate students. Students must have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment. May be retaken provided the topic of study is different.

533 Workshop in Technology. (1-4) A.

Presentation of technology topics of a timely or specialized nature in a workshop format. May be retaken if the topics are different.

THE—Theatre Arts
TBA, Chair

James Moreton, Coordinator

100 Introduction to the Theatre. (3) I, II.

Understanding and appreciating the arts of the theatre, development of dramatic forms and practices, consideration of the elements of contemporary theatrical practice. Analysis of plays. Attendance at selected play productions required. Gen. Ed. 07.

110 Stagecraft. (3) II. Problems of stagecraft

dealing with the scenic process—use of materials, construction and handling of scenery—and basic stage electricity. Lecture and lab.

130 Theatre Arts Practicum I. (1) I, II. Study

and practice of technical production through participation in departmental productions. May be retaken to a maximum of three hours.

135 Acting I. (3) I, II. Investigation and

practice of the fundamentals in the acting process. Course work will include physical and mental preparation for the actor, improvisation, and beginning scene work.

150 Improvement of Voice and Articulation.

(3) A. Formerly SPE 150. Basic theory and speech production; phonetic and vocal drills for improvement of voice and articulation; adapted to students' individual speech needs.

200 Theatrical Makeup. (2) A. Techniques in

application and design of stage makeup, both straight and character.

210 Advanced Stagecraft. (3) A.

Prerequisite: THE 110. A continuation of THE 110 with emphasis on lighting, sound, properties and stage management.

220 Costume Construction. (3) A. Study and

practical experience in garment construction and related costume crafts as used in theatre costume design. 2 Lec/2 Lab.

235 Acting II. (3) I. Prerequisite: THE 135.

Study and practice in analysis, character development and rehearsal as related to scene study; emphasis on twentieth-century acting styles.

280 Acting for Musical Theatre. (3) A.

Prerequisite: THE 135. Study of Musical Theatre as an art form, and an examination of the acting process and how it applies to the musical genre; performance work is included.

285 Theatre Dance I. (2) I, II. A beginning

course in dance for the stage. Starting with basic work in ballet, jazz and musical theatre styles to develop strength and coordination. The class encompasses center floor work and dance combinations. May be retaken to a maximum of eight hours.

310 Scenic Design. (3) A. Prerequisite: THE

110 or instructor approval. Principles of composition, scale, perspective, and color applied to the stage; production of ground plans, sketches, and models.

311 Stage Lighting. (3) A. Prerequisite: THE

110 or instructor's approval. Examination of theories of lighting with application to the stage, mixed media and dance. Consideration given to color principles, lighting instruments and control equipment. Lecture and lab.

320 Costume Design. (3) A. Design and

execution of theatrical costumes with emphasis on originality, color and line. Attention given to costumes of various periods and styles.

330 Theatre Arts Practicum II. (1) I, II.

Prerequisite: THE 130 or departmental approval. Continuation of THE 130. May be retaken to a maximum of three hours.

335 Acting III. (3) A. Prerequisites: THE

135; THE 235 or department approval. Advanced study and rehearsal in verse drama, concentrating on language and action analysis, and character development for performance; emphasis on Shakespearean scripts.

340 Audition Workshop. (1) A. Prerequisite:

instructor approval. Study and practice in theatrical auditioning, resume creation and actor's self-presentation; performance workshop in approach. May be retaken to a maximum of four hours.

341 Directing. (3) A. Prerequisite: THE 235

or instructor approval. An introduction to the principles of play directing. Study of play selection and analysis, characterization, composition, blocking, and casting and rehearsal procedures.

349 Cooperative Study: Theatre Arts. (1-8)

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

385 Theatre Dance II. (2) I, II. Prerequisite:

THE 285. Upper division dance course. Emphasis is placed on technique and polish through more advanced combinations and a greater diversity of styles. Ensemble work, tap, jazz, and partnering will be included. May be retaken to a maximum of eight hours.

390 Theatre History I. (3) I, A. Intensive

examination of development of theatre from the Greeks to the French Renaissance. Gen. Ed. 07.

391 Theatre History II. (3) II, A.

Development of theatre from the English Restoration to the modern period. Gen. Ed. 07.

430 Dramatic Literature. (3) A. Cross listed

as ENG 430. Survey of the major periods and genres of world dramatic literature, from the Greeks to the present; selected readings from the major playwrights, critics, and theorists. Credit will not be awarded to students who have credit for ENG 430.

435 Acting IV. (3) A. Prerequisites: THE 135;

THE 235 or department approval. Advanced study and rehearsal in period styles. Practice in character analysis and technique for performance. Exact course content may vary with instructor or needs of students.

442 Independent Study in Play Direction.

(1-3) A. Prerequisites: THE 341 and departmental approval. Direction of a studio or major production under faculty guidance. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

490 Special Topics in Theatre Arts. (1-3) A.

Presentation of course material of a timely, specialized or topical nature. Specific course orientation will appear beside title. May be retaken to a maximum of nine hours, if the subject matter is different.

498 BFA Showcase. (1) A. Prerequisite:

Last thirty hours of BFA program. Creation and presentation of a public presentation showcasing the student's work in theatre, music, and dance.

499 Independent Study in Theatre Arts. (1-3)

I, II. Prerequisite: departmental approval. Independent study in theatre production and research. May be retaken to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and program coordinator prior to enrollment.

TRS—Traffic Safety

Dr. Raymond Ochs, Coordinator

100 Trends in Loss Prevention. (1) A. Study

of the development of loss prevention countermeasures to solve safety problems. Educational efforts, law enforcement activities, regulatory programs, and engineering concepts that are presently utilized to reduce accidents and injuries are reviewed.

103 Safety in Personal Transportation. (2)

A. Designed to survey the basic concept of safety; including the philosophy and concept of risk, countermeasures, accident proneness and safety instruction; experiences include a personal assessment of safety-related behavior emphasizing personal forms of transportation.

233 Emergency and Defensive Driving

Techniques. (3) A. Instruction for drivers in defensive driving techniques and emergency or unusual driving situations. Classroom and practice driving instruction in vehicle handling techniques.

234 Beginning Motorcycle Safety. (3) A.

Designed to develop in students the necessary concepts, principles, and competencies for use of two-wheeled motorized vehicles including minibikes, mopeds, and motorcycles. Motorcycles and helmets are provided.

285 Introduction to Driver and Traffic

Safety. (3) A. Designed to provide the concepts, principles, judgment, and performance for safe, efficient use of the highway system. Exposure is provided to a multiple-phased driver education instruction program.

322 Traffic Law Enforcement. (3) A. A

course designed to provide the principles and practices of traffic law enforcement.

332 Traffic Crash Causation and

Investigation. (3) A. A study of the principles of traffic accident causation and techniques used in investigation. Designed to increase the investigator's knowledge and understanding necessary for gathering factual information through investigation as opposed to reporting traffic accidents.

342 Advanced Accident Investigation (3) A.

Prerequisite: TRS 332. Course designed to prepare participants in advanced traffic accident investigation methods and techniques.

349 Cooperative Education. (1-8) A.

Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours per semester or summer. A minimum of 80 hours work required for each academic credit.

386 Methods and Educational Media in

Driver and Traffic Safety. (3) A. Designed to provide the competencies to organize and instruct driver education utilizing the multimedia system and the simulation system of instruction.

407 Independent Study in Driver and Traffic Safety Education. (1-6) A. Designed to give the student the opportunity to develop specific competencies by designing and conducting research in the broad area of traffic safety, or by independent reading assignments in the area of traffic safety education. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

413 Current Developments in Driver and Traffic Safety. (3) A. Current problems, issues, trends, and developments in traffic safety are reviewed, analyzed, and evaluated.

487 Behavioral Approaches to Driver and Traffic Safety. (3) A. Designed to study, analyze, and develop behavioral objectives applied to driving task instruction with study and evaluation of individualized learning approaches for programs in driver education.

491 Special Topics: _____. (1-3) A. Prerequisite: departmental approval. Intensive study of selected topics in traffic and driver safety. May be retaken under different topics to a maximum of six hours.

588 Laboratory Instructional Programs in Driver and Traffic Safety. (3) A. Designed to provide the background, knowledge, and competencies to instruct the laboratory phases of the multiple-car driving range and on-street instruction. Provided are experiences related to implementation and administration of such programs.

**TTE—Technology Teacher Education
Dr. William E. Davis, Chair**

163 Production Processes. (3) A. A study of the use of basic tools and machines, to include hand tools and portable power tools. Skills, care, and safety will be stressed. Students will complete a series of exercises that will cause them to demonstrate their skills and knowledge. 2 Lec/2 Lab.

233 Problem Solving and Design. (3) A. Prerequisites: TEC 190 and TTE 163. Study and application of the principles of three-dimensional design related to various media, emphasis on experimentation and problem solving in developing and construction design solutions. Technical illustration techniques to include pencil rendering, ink delineation, and other methods. 2 Lec/2 Lab.

261 Foundations of Career and Technical Education. (3) A. A study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and post-secondary education.

361 Course Materials in Technology Education. (3) A. The preparation of instructional materials and instructional techniques, including the development and use of instructional media. The content will include the development of curricula at appropriate levels of education and appropriate laboratory activities.

461 Communication Systems. (3) A. Prerequisites/Corequisite: EET 251 and TTE 361. A course for the technology education teacher related to the communication industry and related occupations. The content will include the concepts and principles of communication systems and the impact of this industry on society. 2 Lec/2 Lab.

462 Manufacturing Systems. (3) A. Prerequisites/Corequisite: TTE 163 and 361. A course for the technology education teacher related to the occupations, materials, processes, and tools found in manufacturing industries. Laboratory sessions include designing, operation, and management of a simulated manufacturing activity. 2 Lec/2 Lab.

464 Related Technology Systems. (3) A. Prerequisites: TTE 361. A course for the technology education teacher related to the transportation and power industry to include related occupations. The

content will include power mechanics, electrical theory and power, and fluid power, as these relate to the industry. 2 Lec/2 Lab.

465 Construction Systems. (3) A. Prerequisites: TTE 163 and 361. A course for the technology education teacher related to the construction industry, its related occupations, and its function in today's economy. The content will include activities in basic carpentry, electrical wiring, plumbing, masonry, and structural building techniques. 2 Lec/2 Lab.

**WMS—Women's Studies
Sara Zeigler, Director**

201 Introduction to Women's Studies. (3) A. Introduction to interdisciplinary field of women's studies and feminist scholarship. Provides overview of the diversity of women's experiences, images, and issues from a wide variety of disciplinary perspectives.

349 Cooperative Study: Women's Studies. (1-8) A. Prerequisite: approval of Director of Women's Studies. Work in job placements related to Women's Studies. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

400 Feminist Theory and Practice. (3) A. Prerequisite: WMS 201 or instructor approval. Examines development of feminist theory and its implications for continuing feminist scholarship. Includes related research project in student's major.

495 Independent Study: Women's Studies. (1-3) A. Prerequisite: approval of Director of Women's Studies. Study of a special topic in Women's Studies. Proposal must be approved by faculty supervisor and Women's Studies Director before enrolling.

- CHAMBERS, MARK** (1996), Associate Professor, Music. BM, Toronto; MM, Auburn; DM Florida State.
- CHANDRA, VIGYAN** (2002), Assistant Professor, Technology. BS, Birla Institute of Technology (India); MS, Kentucky; PhD, Kentucky.
- CHAPMAN, ANN D.** (1989), Professor, Counseling. BA, Agnes Scott; MA, Indiana; EdS, PhD, Kentucky.
- CHASE, LAWRENCE J.** (1970), Professor, History. AB, LaSalle; MA, Duquesne; PhD, Notre Dame.
- CHEN, RICHARD** (1989), Professor, Accounting. BBA, National Taiwan; MPA, PhD, Texas; CPA, Texas.
- CIOCCA, MARCO** (1999), Assistant Professor, Physics. Laurea, Naples; PhD, Washington.
- CLARK, ROSS C.** (1992), Professor, Biology. BA, Sewanee; MA, PhD, North Carolina.
- CLAY, GENEVIEVE** (1966), Assistant Professor, Libraries. BA, Rhodes College; BA, Eastern Kentucky; MSLS, Kentucky.
- CLEMENT, CATHERINE R.** (1989), Associate Professor, Psychology. AB, California (Berkeley); MA, PhD, Clark.
- CLEWETT, JR., RICHARD M.** (1969), Professor, English and Theatre. BA, MA, PhD, Chicago.
- COLEMAN, DAVID W.** (1998), Assistant Professor, History. BA, Emory; MA, PhD, Illinois at Urbana-Champaign.
- COLLINS, LARRY R.** (1990), Chair, Associate Professor, Loss Prevention and Safety. AS, Allegheny; BS, MEd, California (U PA); EdD, West Virginia.
- COLLINS, PAMELA A.** (1986), Professor, Assets Protection and Security. BS, MS, Eastern Kentucky; EdD, Kentucky.
- COMBS, KEVIN** (2002), Instructor, Health, Laboratory School. BA, Morehead; MS, Austin Peay; Rank I, University of Louisville.
- COMBS, DOROTHY Z.** (1997), Associate Professor, Language Arts Education. BA, MEd, South Carolina; PhD, Kentucky.
- COOK, JERRY D.** (1983), Professor, Physics. BA, Berea College; MS, PhD, Kentucky.
- COOPER, CARRIE** (1998), Librarian IV; BS, Florida State; MLIS, Southern Mississippi.
- CORDNER, GARY W.** (1987), Professor, Criminal Justice and Police Studies and Foundation Professor. BS, Northeastern; MS, PhD, Michigan State.
- CORE, DEBORAH L.** (1982), Professor, English and Theatre. BA, Bethany; MA, Marshall; PhD, Kent State.
- CORN, LISA** (1993), Assistant Professor, Primary Education, Laboratory School. BS, MA, Eastern Kentucky.
- CORNETTE, MARK** (1999), Instructor, Primary, Laboratory School. BS, MA, Eastern Kentucky.
- CORTÉS-CASTANEDA, MANUEL** (1994), Assistant Professor, Spanish. BA, La Universidad Nacional Pedagógica (Colombia); MA equivalent Universidad Complutense (Madrid).
- COSTELLO, PATRICIA S.** (1982), Associate Professor, Statistics. BA, Thomas More; MS, PhD, Ohio State.
- COSTELLO, PATRICK J.** (1982), Associate Professor, Mathematical Sciences. BS, Harvey Mudd; MS, PhD, Ohio State.
- COX, TERRY C.** (1978), Professor, Criminal Justice and Police Studies. BS, MS, PhD, University of Akron.
- COYER, NINA** (1998), Assistant Professor, Special Education, BS, Eastern Kentucky; MA, Eastern Kentucky.
- CRABB, GEORGE** (1964), Assistant Professor, Libraries. BA, Rhodes College; MAT, Vanderbilt; MSLS, Peabody College (Tennessee).
- CRIST, RANDALL W.** (2000), Associate Professor, Exercise and Sport Science. BS, Taylor; MA, Georgetown; EdD, Kentucky.
- CROPPER, MATTHEW H.** (2000), Assistant Professor, Mathematics. BS, Northern Kentucky; MS, PhD, West Virginia.
- CROSBY, RICHARD** (1986), Professor, Music. BME, MM, DMA, Cincinnati.
- CULROSS, JACK L.** (1970), Professor, English and Theatre. BS, Spring Hill; MA, PhD, Louisiana State.
- CULROSS, TERRELL O.** (1976), Assistant Professor, English and Theatre. BS, Louisiana State; MA, additional graduate work, Eastern Kentucky, Kentucky.
- CUNNINGHAM, ASHLYN RICHARDSON** (1996), Assistant Professor, Occupational Therapy. BS, Washington University-St. Louis; MA, Texas Woman's.
- CUNNINGHAM, ROBERT** (1991), Assistant Professor, Occupational Therapy. OTR/L; BS, North Dakota; MS, Eastern Kentucky.
- CUPP, JR., PAUL V.** (1974), Professor, Biology. BS, MS, Eastern Kentucky; PhD, Clemson.
- CURRA, JOHN O.** (1975), Professor, Sociology. BA, MA, San Diego State; PhD, Purdue.
- D'AMICO, MARIANNE** (2001), Visiting Assistant Professor, Occupational Therapy. BS, New York; MS, Eastern Kentucky.
- DAILEY, DAVID W.** (1989), Professor, Technology. BS, MS, EdS, Clemson; EdD, Kentucky.

- DANTIC, JAMES** (1997), Assistant Professor, Instructor Coordinator, History/English; Laboratory School. BA, Centre; MA, Kentucky.
- DAUGHERTY, HAYWARD M.** (1970), Associate Vice President, Executive Director EKU National Alumni Association. Assistant Professor, School and Public Health Promotion and Administration. BS, MA, Eastern Kentucky; EdD, Indiana.
- DAUGHERTY, PATSY** (1978), Director, Health Sciences Learning Resource Center. AA, BS, MA, Eastern Kentucky; EdD, Kentucky.
- DAUGHERTY, VICKI R.** (1970), Assistant Professor, Elementary Education; Laboratory School. BS, MAEd, Eastern Kentucky.
- DAVIG, WILLIAM A.** (1984), Professor, Management. BS, Houston; PhD, Northwestern.
- DAVIS, BRUCE** (2000), Chair, Associate Professor, Geography. BS, California-Santa Barbara; MA, Southern Mississippi; PhD, California-Los Angeles (UCLA).
- DAVIS, LONNIE J.** (1990), Chair, Professor, Exercise and Sport Science. BA, Morehead State; MS, Indiana; PhD, Louisiana State.
- DAVIS, MARGARET B.** (1999), Associate Professor, Reading. BA, Kentucky State; MA, Western Kentucky; EdD, Kentucky.
- DAVIS, NANCYE** (1992), Assistant Professor, Emergency Medical Care. RN; BSN, Kentucky; MSN, Bellarmine College.
- DAVIS, RITA R.** (1982), Professor, Administrative Communication and Services. BA, MA, Georgetown; EdD, Kentucky.
- DAVIS, WILLIAM E.** (1979), Chair, Professor, Technology. BS, MA, MS, Eastern Kentucky; EdD, Cincinnati.
- DAY-LINDSEY, LISA** (2001), Visiting Assistant Professor, English and Theatre. BA, MA, Western Kentucky; PhD, Southern Illinois.
- DEAN, CLAUDE S.** (1986), Associate Professor, Geology. SB, Massachusetts Institute of Technology; AM, PhD, Harvard.
- DEAN, MARGARET** (1988), Associate Professor, English and Theatre. AB, Radcliffe; MA, Colorado; Ph.D., Kentucky.
- DEAN, RONALD E.** (1974), Associate Professor, Political Science. BA, Emory and Henry; MA, PhD, Tennessee.
- DEBOLT, LOUISA S.** (2000), Assistant Professor, Exercise and Sport Science. BA, MA, University of the Pacific; PhD, Oregon State.
- DELEA, CHRISTINE** (2002) Assistant Professor, English and Theatre. BA, Marietta College; MA, Marshall; PhD, North Dakota.
- DEMAREE, DENA** (1977), Assistant Professor, Nursing. BSN, Indiana; MSN, Kentucky.
- DEMERS, FRED A.** (1996), Assistant Professor, Nursing. RN; BSN, Eastern Kentucky; MSN, Kentucky, additional graduate work, Kentucky.
- DENHAM, GAYLE** (1991), Associate Professor, Nursing. BSN, Eastern Kentucky; MSN, Kentucky; PhD Nursing, Tennessee.
- DEPPMAN, JED** (1998), Assistant Professor, Humanities. BA, Amherst College; DEA, EHES, Paris; MA, PhD, Wisconsin.
- DEWEY, MARY ANNE** (1977), Assistant Professor, Libraries. AB, MLS, Indiana; additional graduate work, Kentucky, Eastern Kentucky.
- DICKEY, JOANNA PATERNO** (1980), Professor, Elementary Education. BS, Cleveland State; MEd, Indiana; PhD, Ball State.
- DICKEY, STEVEN W.** (1983), Associate Professor, Economics. BA, Sciences and Arts of Oklahoma; MA, PhD, Southern Illinois.
- DIEBOLD, MARTIN H.** (1996), Professor, Communication Disorders. AA, Miami-Dade Junior College; MA, South Florida; EdD, Georgia.
- DIECKMANN, MELISSA S.** (1995), Associate Professor, Geology. BA, DePauw; PhD, Notre Dame.
- DILKA, KAREN L.** (1989), Professor, Special Education. BA, MA, Northern Colorado; PhD, Arizona.
- DISCEPOLI, DENISE M.** (2000), Instructor, Art; Laboratory School. BA, South Florida; MS, Florida State; Additional Graduate Work, South Florida.
- DOWNING, JAN** (1998), Assistant Professor; AS, Mississippi Delta Community College; BS, Med, EdD, Mississippi State.
- DUNCAN, DAN J.** (1981), Professor, Music. BME, Northwestern; MME, Wichita State; DME, Indiana.
- DUNSTON, AINGRED G.** (1989), Associate Professor, History. BA, Livingston; MA, North Carolina; PhD, Duke.
- EAKIN, DAVID A.** (1994), Associate Professor, Biology. BA, MS, Louisville; PhD, Florida.
- EDWARDS, ROSALEE** (1973), Assistant Professor, Business Education; Laboratory School. AB, MA, EdD, Kentucky.
- EISELT, LAURA** (2000), Visiting Instructor, Primary, Laboratory School. BA, College of Saint Benedict.
- ELBERT, NORB** (2000) Chair, Professor, Management. BS, MBA, Louisville; DBA, Kentucky.
- ELIAS, DAVID R.** (1989), Professor, English and Theatre. BA, California; MA, Rutgers; PhD, Stanford.
- ELLIOTT, CHARLES L.** (1985), Professor, Biology and Foundation Professor. BS, Frostburg State; BS, Idaho; MS, Brigham Young; PhD, Alaska.
- ELROD, PRESTON** (1997), Professor, Correctional and Juvenile Justice Studies. BA, Presbyterian College, (SC); MA, PhD, Western Michigan.
- EMERY, LYNNDA** (1993), Associate Professor, Occupational Therapy. OTR/L; BA, Marshall; MEd, Missouri; EdD, Arkansas.
- ENGLER, SR., ALLEN D.** (1989), Professor, Management. BBA, MBA, Eastern Kentucky; DBA, Kentucky.
- ENZIE, RUSSELL F.** (1974), Professor, Psychology. BS, Abilene Christian; MS, PhD, Oklahoma.
- ERDMANN, RICHARD** (1979), Track & Cross Country Coach/Teacher, Health Education. BS, Ashland; MA, Eastern Kentucky; additional graduate work, Pennsylvania State, Azusa Pacific.
- ERICKSON, PAUL L.** (2001), Director, Education Assessment and Research, Assistant Professor. BS, Colorado State.
- EVANS, SHARON.** (1999), Assistant Professor, Nursing. BS, MSN Radford.
- EVERETT, CHARLES L.** (1995), Acting Chair, Assistant Professor, Recreation and Park Administration. BA, Delaware; MS, Eastern Kentucky; EdD, Kentucky.
- EVERETT, MAUREEN W.** (1981), Chair, Department of Communication. Professor, Communication. BA, MA, Delaware; PhD, Kentucky.
- EVERMAN, HENRY E.** (1970), Professor, History. AB, Kentucky; MA, PhD, Louisiana State.
- EWALT, JO ANN** (2000), Interim Chair Government, Assistant Professor, Political Science. BA, Wilkes; MPA, PhD, Kentucky.
- EWERS, RALPH O.** (1981), Professor, Geology. BS, MS, Cincinnati; PhD, McMaster (Canada).
- FAIR, GINNIS** (2001), Instructor, English, Laboratory School. BA, MA, Eastern Kentucky.
- FALKENBERG, STEVEN D.** (1974), Professor and Foundation Professor, Psychology. BA, MA, PhD, Baylor.
- FALKENBERG, VIRGINIA P.** (1973), Associate Professor, Psychology. BS, MS, East Texas State; PhD, Baylor.
- FARDO, STEPHEN W.** (1972), Coordinator, Industrial Education. Professor of Technology and Foundation Professor. BS, MA, Spec Tech, Eastern Kentucky; EdD, Kentucky.
- FARRAR, STEWART S.** (1985), Professor, Geology. BS, Syracuse; PhD, SUNY (Binghamton).
- FARRAR, WILLIAM W.** (1976), Professor, Biology. BS, Samford; MS, Medical College of Virginia; PhD, Virginia Polytechnic Institute.
- FEHRINGER, ELAINE** (1992), Assistant Professor, Occupational Therapy. OTR/L; BS, Colorado State; MA, Northern Colorado.
- FELTUS, OLIVER** (1991), Assistant Professor, Accounting. BBA, MS, Memphis State; PhD, Alabama; CPA, Tennessee.
- FENTON, JR., EDMUND D.** (2000), Associate Professor, Accounting. BS, Murray State; MBA Murray State; DBA, Kentucky. CPA, Kentucky and Tennessee.
- FERGUSON, JOHN** (1982), Assistant Professor, Exercise and Sport Science. BS, Findley; MS, DA, Middle Tennessee.
- FERN, RICHARD H.** (1984), Professor, Accounting. BS, Kentucky; MBA, Louisville; DBA, Kentucky; CPA, Kentucky.
- FERRELL, GREG** (2002), Visiting Instructor, Criminal Justice and Police Studies. BS, Marshall; MS, Eastern Kentucky.
- FIELDS, CHARLES B.** (1997), Professor, Criminal Justice and Police Studies. BA, MA, Appalachian State; PhD, Sam Houston State.
- FIELDS, DAVID** (1986), Associate Professor, Computer Science. AB, West Virginia; MS, Clemson; MS, PhD, Florida State.
- FISHER, THOMAS F.** (1996), Assistant Professor, Occupational Therapy. BS, Indiana; MS, Purdue; EdS, Kentucky, additional graduate work, Kentucky.
- FISTER, SUSAN** (1988), Assistant Professor, Nursing. ASN, Midway; BSN, MSN, PhD, Kentucky.
- FLAHERTY, PEGGY** (1976), Assistant Professor, Libraries. AB, Kentucky; MLS, George Peabody; MA, Eastern Kentucky.
- FLANAGAN, JOHN L.** (1976), Assistant Professor, Psychology. BA, Minnesota; MA, Texas; PhD, Missouri.
- FLETCHER, JACK K.** (1977), Director, A.D. Hummel Planetarium; Assistant Professor, Astronomy. BS, MS, Old Dominion; EdD, Virginia.
- FLORELL, DAN** (2000), Assistant Professor, Psychology. BS, Carroll College; PhD, Illinois State.
- FORESTER, CHARLES W.** (1974), Associate Professor, Police Studies. BA, Wayne State; MS, Eastern Kentucky; JD, Kentucky.
- FOSTER, MICHAEL L.** (1995), Associate Professor, Biology. BS, Columbus College; PhD, South Carolina.

- FRAAS, ELIZABETH D.** (1977), Professor, Communication. BS, MA, PhD, Kentucky.
- FRAAS, ROBERT E.** (1973), Professor, Chemistry/Forensic Science. BS, Capital; MS, Marshall; PhD, Post doctoral research, Kentucky.
- FRAZIER, JESSICA JOHNSON** (1986), Chair, Associate Professor, Accounting. BS, MBA, Eastern Kentucky; DBA, Kentucky.
- FREDERICK, ROBERT B.** (1982), Professor, Biology. BS, Virginia Polytechnic Institute; MS, PhD, Iowa State.
- FREED, RICHARD D.** (1979), Professor, English and Theatre. BA, MA, PhD, Texas-Austin.
- FRISBIE, MALCOLM P.** (1987), Chair, Earth Sciences; Professor, Biological Science. BA, Williams; PhD, Pennsylvania State.
- FROHOFF, KAREN** (2000), Assistant Professor, Learning and Behavior Disorders. BS, MS, Southern California; EdD, Kentucky.
- GABBARD, MARILEE** (1970), Assistant Professor, Libraries. BS, MS, Eastern Kentucky; MSLS, Kentucky.
- GAKPO, SETH K.** (1983), Assistant Professor, Real Estate. BS, Ghana; MS, PhD, Wisconsin (Madison).
- GALE, DAVID D.** (1973), Dean, Professor, Health Sciences. MLD; BA, Cascade; MA, Medical School, South Dakota; PhD, Iowa; additional graduate work, Duke; post-doctoral research, Indiana School of Medicine.
- GARNER, S. J.** (1984), Professor, Marketing. BS, MA, Alabama; DBA, Mississippi State.
- GARRISON, CAROLE** (2000), Chair, Professor, Criminal Justice and Police Studies. BS, Miami; MPA, Georgia State; PhD, Ohio State.
- GEBERT, MARK A.** (2002), Assistant Professor, Statistics. BS, Rose-Hulman; MA, Indiana; PhD, Rice.
- GERKEN, MICHELLE D.** (1996), Assistant Professor, Recreation and Park Administration. BS, MS, Kentucky; additional graduate work Louisville.
- GIACCHINI, LAURA** (1989), Assistant Professor, Primary Teacher; Laboratory School. BA, Eastern Kentucky; MA, Northern Kentucky.
- GIBSON, JIMMY R.** (2002), Visiting Assistant Professor, Social Work. BSW, Eastern Kentucky; MSW, Kentucky.
- GILBERT, JAESOOK LEE** (2000), Assistant Professor, Family and Consumer Sciences. AB, MA, Washington; PhD, Illinois-Champaign.
- GILES, JENNY** (1996), Assistant Professor, Librarian; Laboratory School. BA, MA, Eastern Kentucky.
- GILLASPIE, LYNN C.** (1998), Associate Professor, Elementary Education. BS, MS, Tennessee; EdD, Peabody/Vanderbilt.
- GIVAN, BETTY D.** (1981), Assistant Professor, Mathematical Sciences. BS, MS, additional graduate work, Eastern Kentucky.
- GIVAN, RICHARD E.** (1975), Professor, Criminal Justice and Police Studies. BA, MA, Eastern Kentucky; JD, Louisville.
- GLASSER, JOANNE K. ESQ.** (2001) President. BA, George Washington; JD, Maryland-School of Law.
- GLOTZBACH, TIMOTHY** (1980), Professor, Art. BS, Indiana State; MFA, Southern Illinois.
- GOBIN, ROBERT** (2001), Visiting Instructor, Recreation and Park Administration. BS, Asbury College; MS, University of Kentucky.
- GODBEY, SANDY** (2001), Instructor, Primary, Laboratory School. BA, MA, Eastern Kentucky.
- GODBEY, SUSAN E.** (1989), Associate Professor, Chemistry. BS, Longwood; PhD, South Carolina; Post doctoral research, Redstone Arsenal.
- GODSEY, LINDA** (2000), Visiting Instructor, Spanish, Laboratory School. BA, MA, Morehead.
- GOLDSTEIN, MARC A.** (1977), Associate Professor, Sociology. BA, Colgate; MA, PhD, Illinois (Urbana-Champaign).
- GORE, MICHELE T.** (1996), Associate Professor, Social Work. BSW, Kentucky; MSW, North Carolina-Chapel Hill.
- GOSSAGE, ANNE F.** (2001), Assistant Professor, English and Theatre. BA, Delaware; MA, PhD, Pennsylvania State.
- GOW, GEORGE G.** (1987), Professor, Technology. AAS, Hudson Valley (NY); BS, MS, Wisconsin-Stout; EdD, Minnesota.
- GRAY, BONNIE JEAN** (1974), Director, Honors Program; Professor, Philosophy. BA, Hope; MA, PhD, Syracuse.
- GRAY, GWENDOLYN W.** (1972), Associate Professor, English and Theatre. AB, MA, Eastern Kentucky; additional graduate work, Eastern Kentucky, Kentucky.
- GRAY, NEAL** (2002), Assistant Professor, Counseling and Educational Leadership. BA, Ohio; MEd, Xavier; PhD, New Orleans.
- GREENWELL, DONALD L.** (1980), Professor and Foundation Professor. Mathematical Sciences. BS, Murray State; MS, PhD, Vanderbilt.
- GRUBBS, VICKI** (1999), Assistant Professor, Nursing, RN; BSN, MSN, Kentucky.
- GUILFOIL, JOANNE K.** (1989), Associate Professor, Curriculum and Instruction. BA, Kentucky; MS, PhD, Oregon.
- GUMP, JOHN E.** (1974), Emeritus, Professor and Foundation Professor, Administrative Communication. BSBA, Waynesburg; MA, West Virginia; PhD, Ohio State.
- HADDIX, KENNETH** (2002), Instructor, Music. BM, Indiana; MM, Kentucky; BME, Louisville.
- HAGAN, CARLA ISAACS** (1998), Instructor, Agriculture. MS, Kentucky; additional graduate work.
- HAGGERTY, STEPHEN** (1998), Instructor, Communication. BA, Bowling Green State; MA, Marshall; additional graduate work, Kentucky.
- HALBROOKS, DARRYL** (1972), Professor, Art and Design. BA, Evansville; MFA, Southern Illinois.
- HALCOMB, KATHLEEN** (1999), Assistant Professor, Nursing, RN, FNP, RCCNS; ADN, Hawaii; BSN, Hawaii Lao; (Hilo) MSN, Georgia Southern; additional graduate work, Georgia Southern.
- HALE, E. CARROLL** (1969), Professor, Art and Design. BA, Kentucky; MFA, Maryland Institute of Art.
- HALL, KATHY** (2002) Director, Continuing Education. AA, BSN, Eastern Kentucky; MSN, Bellarmine.
- HALL, SARAH** (1985), Assistant Professor, Nursing. BSN, Eastern Kentucky; MSN, Vanderbilt.
- HANSEN, ELIZABETH S.** (1987), Professor, Communication. BA, Arkansas; MS, Iowa State; PhD, Kentucky.
- HARDESTY, SHARON** (1997), Visiting Instructor, Sociology. BA, MA, JD, Kentucky.
- HARLEY, JOHN P.** (1970), Professor of Biology and Foundation Professor. BA, Youngstown State; MA, PhD, Kent State.
- HARNACK, H. ANDREW** (1976), Professor of English and Theatre and Foundation Professor. AA, Concordia Junior; BA, Concordia Senior; MST, Concordia Seminary; MA, Southwestern Louisiana; PhD, Oklahoma State.
- HARREL, SHERRY L.** (2000), Assistant Professor, Biology. BGS, Louisiana at Monroe; PhD, Mississippi State.
- HARRIS, BOND** (1973), Professor, Philosophy. BA, Richmond; BD, ThM, Southeastern Seminary; PhD, Drew.
- HART, BEVERLY** (1988), Associate Professor, Nursing. BSN, Eastern Kentucky; MS, Bellarmine; PhD, Cincinnati.
- HART, DOMINICK J.** (1970), Dean, College of Arts and Sciences; Professor, English and Theatre. BS, St. Peter's; PhD, South Carolina.
- HART, LEON R.** (1996), Assistant Football Coach/Teacher, Health Education. BA, Maryville; MAEd, additional graduate work, Eastern Kentucky.
- HARTER, JOHN F. L.** (1999), Associate Professor, Economics. BA, Yale; Ms, PhD, Purdue.
- HARVEY, ARTHUR S.** (1972), Director, Career Development and Placement; Assistant Professor, Health. BS, MS, Kansas State; additional graduate work, Kansas, Lewis College.
- HARVEY, CAROLYN** (2001), Associate Professor, Environmental Health Science. BS, Tennessee; MS, Houston; PhD, Texas.
- HAYDON, DEBORAH M.** (1991), Associate Professor, Special Education RHIA; BA, Converse; MEd, Smith; EdD, Missouri.
- HAYES, J. LAURENCE** (1989), Professor, Special Education. BS, MS, Oregon; PhD, Arizona.
- HAYNES, JIM R.** (2000), Assistant Professor, Family and Consumer Sciences. BS, Auburn; MPA, EdD, Arkansas State.
- HECHT, JANICE** (1998) Assistant Professor, Health Information, RHIA; BS, Indiana; MBA, Webster.
- HENDRICKS, ROBERTA C.** (1968), Professor, Elementary Education. BS, MAEd, Eastern Kentucky; EdD, Kentucky.
- HENEMIER, DAVID S.** (1990), Assistant Professor, Technology and Aviation. BS, Temple; MBA, Campbell; additional graduate work, Kentucky.
- HERLIHY, John J. "JACK"** (1999), Assistant Professor, Educational Administration. BA, MA, Morehead; EdD, Indiana.
- HEYER, ROSE M.** (1987), Assistant Professor, Special Education; Laboratory School. BS, MA, Eastern Kentucky.
- HILL, BRUCE** (1994), Associate Professor, Insurance, Recipient of Thomas Coffey Professorship, CLU; BS, Florida State; PhD, Florida State.
- HILL, KATHLEEN KULP** (1969), Professor, Spanish. BS, Kansas State; MA, PhD, New Mexico.
- HILL, SANDRA B.** (2002), Visiting Assistant Professor, English and Theatre. BA, MA, North Carolina; PhD, Maryland.
- HINDSMAN, FRANCES A.** (1981), Coordinator, Associate Professor, Health Information. RHIA; BA, MBA, Jacksonville State (AL).

- HINTON, SAMUEL** (1990), Professor, Educational Studies. BA, Durham, England; MSd, Virginia; MA, Kent State; EdD, Virginia.
- HOLCOMB, DEREK** (2000), Assistant Professor, Health Education. BS, Illinois; MS, PhD, Southern Illinois.
- HOPKINS, RONALD L.** (1976), Associate Professor, Fire and Safety Engineering Technology. BS, MS, Murray State.
- HOUSTON, ROBERT G., JR.** (1998), Assistant Professor, Economics. BS, MS, PhD, Kentucky.
- HUBBARD, CHARLOTTE A.** (1995), Assistant Professor, Special Education. BS, Kansas; MA, Wichita State; PhD, Tennessee.
- HUCH, RONALD K.** (2000), Chair, Professor, History. BA, Thiel College; MA, Penn State; PhD, Michigan.
- HUEBNER, RUTH A.** (1995), Associate Professor, Occupational Therapy. OTR/L; BS, Wisconsin (Madison); MS, Wisconsin (Milwaukee); PhD, Wisconsin (Madison).
- HUFFORD, DAVID C.** (1991), Associate Professor, Clinical Laboratory Science. MT(ASCP); CLS(NCA); BS, Fort Hays State; MS, Oklahoma (Health Sciences Center); PhD, Arkansas (Medical Sciences Center).
- HUNT, ALAN J.** (1982), Associate Professor, English and Theatre. BS(Ed), Ball State; MA, Butler; PhD, Ball State.
- HUNTER, ELLA** (1987), Professor and Foundation Professor, Nursing. BS, Oklahoma Baptist; MS, Texas Woman's; PhD, Vanderbilt.
- HUNTER, SANDY L.** (1996), Associate Professor, Emergency Medical Care. REMT-P; BS, Western Carolina; graduate work, Medical University of South Carolina.
- HUSSEY, BARBARA** (1981), Professor, English and Theatre. BA, California; MS, PhD, Purdue.
- HYNDMAN, STEVE** (2000), Visiting Assistant Professor, Counseling and Educational Leadership. AAS, AAS, Community College of the Air Force; BS, Wayland Baptist; MA, Midwestern State; EdD, Arkansas.
- JACKSON, CHERYL A.** (1997), Assistant Professor, Music Education. BME, MA, Central Missouri; PhD, Michigan.
- JACKSON, DAWN W.** (1986), Assistant Professor, Health Information. RHIA; BS, East Carolina; MAEd, Eastern Kentucky.
- JAMES, ROBERT R.** (1988), Chair, Music. Associate Professor, Music. BM, Oakland; MM, Miami (OH).
- JANEWAY, BILLY D.** (1981), Professor, Mathematical Sciences. BS, Cumberland; MS, PhD, Houston.
- JANICKE, GARY L.** (1990), Associate Professor, Agriculture. BS, MS, Kansas State; PhD, Oklahoma State.
- JANSSEN, KAREN N.** (1976), Professor, Special Education. BA, DePauw; MS, EdD, Indiana.
- JENNINGS, MYRENA** (1967), Emeritus, Professor, Administrative Communication. BS, MA, Eastern Kentucky; PhD, Georgia State.
- JENSON, JACQUELYN** (2002), Assistant Professor, Family and Consumer Sciences. AA, Risks College; BS, MS, Brigham Young; PhD, Utah.
- JINKS, JOAN** (1984), Associate Professor, Nursing. RN; AA, Morehead; BSN, Eastern Kentucky; MSN, Kentucky.
- JOHNSON, KEITH W.** (1976), Associate Professor, English and Theatre. AB, Eastern Kentucky; MA, MFA, Cincinnati.
- JOHNSON, KENNETH L.** (1993), Associate Professor, Political Science. BA, Emory; MA, PhD, Tulane.
- JOHNSON, WORLEY** (1988), Assistant Professor, Environmental Health Science. BS, MPA, Eastern Kentucky.
- JONES, ALICE L.** (1997), Assistant Professor, Geography, BJ, Texas at Austin; MAG, Southwest Texas State; PhD, The Ohio State.
- JONES, CHRISTOPHER D.** (2000), Assistant Professor, Leisure Studies. BA, Tennessee; MS, Clemson; PhD, West Virginia.
- JONES, DAVID M.** (1999), Instructor, History; Laboratory School. MA, Eastern Kentucky; JD, Kentucky.
- JONES, KEITH T.** (2002), Assistant Professor, Accounting. BS, University of Texas-Arlington; PhD, University of Kentucky.
- JONES, KEVIN** (1998), Librarian IV; BA, Tennessee; MLS, Tennessee; Ph.D, Kentucky.
- JONES, KIRK** (1990), Associate Professor, Mathematics. BA, MA, Northern Iowa; PhD, Iowa State.
- JONES, RONALD L.** (1981), Professor, Biology. BA, David Lipscomb; PhD, Vanderbilt.
- JONES, SHERRY L.** (1993), Assistant Professor, Recreation and Park Administration. BS, Benedict; MS, Indiana.
- JUDGE, MICHAEL** (1981), Assistant Professor, Agriculture. BS, MS, Kentucky; additional graduate work, Eastern Kentucky.
- KALSCHUR, JEAN** (1994), Associate Professor, Occupational Therapy. OTR/L; BS, Wisconsin; MS, Washington-St. Louis.
- KAPPELER, VICTOR E.** (1992), Professor, Criminal Justice and Police Studies. BS, MS, Eastern Kentucky; PhD, Sam Houston State.
- KASITZ, DEANNA** (2001), Instructor, Social Studies, Laboratory School. BA, MA, Eastern Kentucky.
- KAUTZMANN, LISETTE** (1986), Professor, Occupational Therapy. OTR/L; BS, Milwaukee-Downer; MS, Wisconsin-Milwaukee; EdD, Nova, FL.
- KAY, LISA W.** (1999), Assistant Professor, Statistics. BS, Eastern Kentucky; MS, PhD, Kentucky.
- KEEFE, THOMAS L.** (1966), Associate Professor, Biology. BS, MS, South Carolina; PhD, Georgia.
- KELLEY, LARRY** (1978), Associate Professor, Nursing. BSN, Eastern Kentucky; MSN, Tennessee; DNS, Indiana.
- KENKEL, JAMES M.** (1991), Associate Professor, English and Theatre. BA, Xavier; MA, Ohio; PhD, Illinois.
- KENSICKI, PETER R.** (1989), Professor, Insurance. BBA, Cincinnati; MIns, DBA, Georgia State.
- KETCHAM-VAN ORSDEL, LEE C.** (1999), Director of Libraries. BA, Samford; MA, Florida State; MSLS, Alabama.
- KETTLER, MIKE** (2001), Instructor, Math, Laboratory School. BS, MA, Rank I, Eastern Kentucky.
- KIDD, ROY L.** (1963), Assistant Professor, Physical Education. AB, MA, additional graduate work, Eastern Kentucky.
- KILGORE, JEFFERY B.** (1986), Assistant Professor, Technology. BA, BS, Berea College; MS, Eastern Kentucky; additional graduate work, Kentucky.
- KIM, EUISUK** (2002), Assistant Professor, Spanish. BA, Korea; MA, Javeriana, Columbia; PhD, Minnesota.
- KING, REBECCA K.** (1973), Associate Professor, French. BA, McNeese State; Diploma, Sorbonne (Paris); MA, Indiana; PhD, Kentucky.
- KIOGORA, TIMOTHY** (1994), Associate Professor, Humanities. DipTh, Makerere University (Kenya); Mth, Southern Methodist; PhD, University of Denver/Iliff School of Theology .
- KIPP, SUSAN H.** (1984), Assistant Professor, Family and Consumer Sciences. BS, Kentucky; MS, Iowa State; additional graduate work, Eastern Kentucky, Iowa State.
- KIRBY, ROBERTA F.** (1992), Librarian III, Libraries. BA, MLS, Florida State; MA, North Carolina (Chapel Hill); MTS, Seabury-Western Theological Seminary.
- KLATTE, MARY ELLEN** (1970), Associate Professor, History. BA, Eastern Kentucky; MA, EdD, Kentucky.
- KLEINE, GLEN A. W.** (1967), Emeritus, Professor, Communication. BS, MA, Missouri; EdS, Eastern Kentucky; EdD, East Tennessee.
- KNIGHT, THOMAS E.** (1978), Assistant Professor, Agriculture. BS, MS, Tennessee; additional graduate work, Tennessee, Kentucky, Eastern Kentucky.
- KLINE, TERRY** (1997), Associate Professor, Traffic Safety. BS, Millersville State; MS, Central Missouri State; EdD, Texas A&M.
- KOLLOFF, FREDERICK C.** (1969), Director, Division of Television and Radio; Assistant Professor, Broadcasting. BA, Kalamazoo; MA, Michigan State; EdD, Indiana.
- KOLLOFF, MARY A.** (1992), Assistant Professor, Library Science. BS, Northern Illinois; MEd, National College of Education; EdS, EdD, Indiana.
- KONKEL, R. STEVEN** (1998), Assistant Professor, Environmental Health Science. BS, Colorado; MA, Harvard; PhD, MIT.
- KOPACZ, PAULA** (1985), Professor of English and Theatre and Foundation Professor. AB, Mount Holyoke; MA, Connecticut; PhD, Columbia.
- KOPPEL, LAURA L.** (1999), Associate Professor, Psychology. BS, MA, PhD, Ohio State.
- KRASKA, PETER B.** (1994), Professor, Criminal Justice and Police Studies. BA, Alaska; MA, PhD, Sam Houston State.
- KRISTOFIK, PAULA** (1997), Associate Professor, English and Theatre. BS, Indiana of Pennsylvania; MA, Carnegie Mellon; PhD, Pittsburgh.
- KROEG, SUSAN M.** (2001), Assistant Professor, English and Theatre. BA, Alma College; MA, PhD, Michigan State.
- KRUSE, TONI M.** (1999), Visiting Part-time Instructor, Dance; Laboratory School.
- KUHNHENN, GARY L.** (1979), Associate Dean, Arts and Sciences. Professor, Geology. BS, Morehead State; MS, Eastern Kentucky; PhD, Illinois.
- KURZINGER, BETSY** (1980), Associate Professor, Art and Design. BFA, MFA, East Carolina.
- KWAK, MICHIKO** (1972), Visiting Assistant Professor, Japanese. BA, MA, Eastern Kentucky; MSLS, Kentucky; additional graduate work, Eastern Kentucky, Indiana.
- LACOUNT, MICHAEL S.** (2002), Visiting Instructor, Criminal Justice and Police Studies. AA, BS, MS, Eastern Kentucky.

- LAIRD, CHRISTOPHER E.** (1967), Professor of Physics and Foundation Professor. BS, MS, PhD, Alabama.
- LANDHOLM, DONN** (1997), Assistant Football Coach/Teacher, Exercise and Sport Science. BA, Wayne State College; MS, Central Missouri State.
- LANGENBRUCH, THEODOR** (1980), Professor, German. MA, PhD, Hamburg (Germany).
- LARKIN, JAMES** (2001), Assistant Professor, Exercise and Sport Science. BS, MS, Wisconsin.
- LASAGE, DANITA M.** (2001), Visiting Assistant Professor, Geology. BS, Eastern Kentucky; MS, Alaska-Anchorage; additional graduate work, Kentucky.
- LEE, RAMOND** (2002), Visiting Instructor, Insurance, Morgan Chair. MS, American College.
- LEECH, JANIE WEBSTER** (1998), Visiting Assistant Professor, Geography. BA, Southern Connecticut State; MA, San Francisco State.
- LEGGETT, DIANE L.** (1977), Chair, Associate Professor, Family and Consumer Sciences. BS, MS, EdD, Kentucky.
- LEMMON, MICHELLE** (2002), Instructor, Primary, Laboratory School. BA, Berea; MA, Eastern Kentucky.
- LEUNG, ESTHER** (1979), Professor of Special Education and Foundation Professor. BA, Columbia Bible; MAEd, MAEd, Eastern Kentucky; PhD, Ohio State.
- LEWIS, CAROL H.** (1995), Assistant Professor, Counseling; Laboratory School. BA, Kentucky; MA, Eastern Kentucky.
- LEWIS, CLAUDIA J.** (2000), Instructor, Elementary; Laboratory School. BA, MA, Ohio.
- LEWIS, L. MICHAEL** (1968), Professor, History. BA, St. Joseph's; MA, additional graduate work, Notre Dame.
- LIERMAN, R. THOMAS** (2002), Assistant Professor, Geology. BS, Morehead State; MS, Miami (OH); PhD, George Washington.
- LIFLAND, MITCHEL I.** (1990), Coordinator, Graduate Industrial Technology. Professor, Technology. BS, MEngr, Florida; MBA, Eastern Kentucky; PhD, Kentucky.
- LIN, CHANG-YANG** (1983), Professor, Computer Information Systems. BA, Taiwan; PhD, Arkansas.
- LINDQUIST, JUDITH** (1995), Associate Professor, Nursing. RN; BSN, Wallawalla College; MAEd, Portland, OR; MSN, Tennessee (Knoxville).
- LLOYD, THEODORE J.** (1986), Coordinator, Industrial Technology. Associate Professor, Technology. BS, MS, Wisconsin-Stout; additional graduate work, Kentucky, Eastern Kentucky.
- LOAN, THERESA** (2000), Associate Professor, Nursing. BSN, Marshall; MSN, PhD, Kentucky.
- LONG, SHIRLEY A.** (1991), Associate Professor, Elementary Education. BS, Spalding College; MAEd, Eastern Kentucky; EdD, Kentucky.
- LORDEN, ROSANNE B.** (1986), Associate Professor, Psychology. BA, Armstrong State; MS, PhD, Georgia.
- LOY, STEPHEN** (1991), Associate Professor, Computer Information Systems. BS, East Tennessee State; MBA, Georgia; PhD, Texas Tech.
- MACE, JENNINGS R.** (2002), Associate Professor, English and Theatre. BA, Kentucky; MA, Eastern Kentucky; PhD, North Carolina.
- MACLAREN, BRUCE** (1969), Professor, History of Science. BA, Luther; MS, PhD, Wisconsin.
- MACLAREN, MARCIA** (1980), Assistant Professor, English and Theatre. BA, Luther; MA, additional graduate work, Eastern Kentucky.
- MAHANNA-BODEN, SUSAN** (1986), Assistant Professor, Special Education. BSEd, Kansas; MS, Phillips; PhD, Wichita State.
- MAISON, AUGUSTINE** (1993), Associate Professor, Mathematics. BS, Ghana; MS, Warwick, UK; PhD, London.
- MAJOR, WAYNE F.** (2000), Assistant Professor, Exercise and Sport Science and Coordinator of General Education Program. BA, MA, Concordia, Montreal, Quebec; EdD, Georgia (Athens).
- MAKI, JON R.** (1975), Professor, Biological Science. BA, Minnesota (Duluth); MS, PhD, Michigan State.
- MARCHANT, MARLOW J.** (1991), Professor, Technology. BS, Brigham Young; MS, Arizona State; PhD, Texas A&M.
- MARKEN, DORY** (1995), Associate Professor, Occupational Therapy. OTR/L; BS, North Dakota; MS, North Dakota.
- MARSDEN, MICHAEL T.** (1999), Professor, English and Theatre. BA, DePaul University, Illinois; MA, Purdue University, Indiana; PhD, Ohio.
- MARSH, SHARON** (1973), Assistant Professor, Libraries. BS, MSLS, Wisconsin-Milwaukee; MA, Eastern Kentucky.
- MARTIN, JONATHAN** (1998), Assistant Professor, Music, BME, Louisiana State, MM, University of Texas, San Antonio; DMA, Iowa.
- MARTIN, LINDA M.** (1996), Professor, Occupational Therapy. OTR/L; BS, Florida; MS, Syracuse; PhD, Syracuse.
- MARTIN, MICHAEL A.** (2002), Chair, Curriculum and Instruction, Professor, Literacy Education. BA, MEd, New Orleans; PhD, Georgia.
- MARTIN, SANDRA** (1975), Assistant Professor, Exercise and Sport Science. BS, MAEd, Eastern Kentucky; additional graduate work, Eastern Kentucky, Virginia, Longwood, Florida State.
- MARTIN, SARAH H.** (2002), Associate Professor, English and Theatre. BS, M.Ed, Georgia; PhD, Louisiana State.
- MARTIN, WILLIAM H.** (1969), Director, Division of Natural Areas, Professor, Biology. BS, Tennessee Technological; MS, PhD, Tennessee.
- MASAGATANI, GLADYS** (1982), Professor, Occupational Therapy. OTR/L; BA, Hawaii; post-baccalaureate certificate, Wayne State; MEd, Florida.
- MATTHEWS, BETSY A.** (1999), Assistant Professor, Correctional and Juvenile Justice Studies. BA, Miami (OH); MA, Wright State; ABD, Cincinnati.
- MAUPIN, MARSHA H.** (1990), Assistant Professor, Family and Consumer Sciences. BS, MS, Kentucky; additional graduate work, Eastern Kentucky, Wright State.
- MAY, DAVID C.** (2001), Associate Professor, Correctional and Juvenile Justice Studies. BA, North Alabama; MS, PhD, Mississippi State.
- MCADAM, MARIANNE** (1989), Associate Professor, Exercise and Sport Science. BA, New York; MS, PhD, Wisconsin.
- MCALISTER, CYNTHIA** (1995), Associate Professor, Nursing. RN; ARNP; C; ASN, Lexington Community College; BSN, MSN, Kentucky; additional graduate work, Kentucky.
- MCCHESENEY, JON C.** (2000), Associate Professor, Recreation and Park Administration. BA, MS, Eastern Kentucky; EdD, Kentucky.
- MCCLANAHAN, JAMES R.** (1996), Associate Professor, Assets Protection and Security. BS, Miami (Ohio); MS, George Washington; EdD, Kentucky.
- MCCORD, JAMES W. H.** (1978), Professor, Paralegal Science. BS, Tennessee; JD, Wisconsin Law School.
- MCDERMOTT, MICHAEL D.** (2002), Associate Professor, Agriculture. BS, University of Wisconsin-Riverfalls; MS, PhD, Iowa State University.
- MCGLONE, TERESA A.** (1989), Professor, Marketing. BS, MBA, Marshall; DBA, Kentucky.
- MCGUIRE, PEGGY** (1997), Assistant Professor, Physical Education. BS, North Texas; MS, D. of Arts, Middle Tennessee.
- MCKENNEY, NANCY J.** (1985), Assistant Professor, Libraries. BME, Eastern Kentucky; MSLS, MA, additional graduate work, Kentucky.
- MCMAHAN, ELLEN** (2001), Director of Aquatics, Exercise and Sports Science. BA, Asbury College; MS, Eastern Kentucky.
- MCNEW, MELINDA** (1998), Instructor, Middle School Math, Laboratory School. BS, MA, Eastern Kentucky.
- MCSPRIT, STEPHANIE** (1995), Assistant Professor, Sociology. BA, Cortland State; MA, PhD, SUNY-Buffalo.
- MECKLER, ROY S.** (1972), Professor, Special Education. BS, Pittsburgh; MA, PhD, George Peabody.
- MELROOD, ELISE** (1999), Instructor, Art; Laboratory School. BA, Emory and Henry; MA, Eastern Kentucky, National Teacher Certification.
- MELTON, CEDALIA H.** (1990), Assistant Professor, Nursing. RN; ASN, Lexington Technical Institute; BSN, Kentucky; MSN, Spalding.
- MERCER, DOROTHY** (1987), Associate Professor, Psychology. BA, Adrian; MA, Michigan; PhD, Michigan State.
- MESSERICH, RON** (1982), Chair, Philosophy and Religion. Associate Professor, Philosophy. BA, Hamline; PhD, Syracuse.
- METCALF, SCOTT C.** (1983), Associate Professor, Mathematical Sciences. BA, South Florida; MA, PhD, Kentucky.
- MICKENS, HAYWOOD** (1993), Assistant Professor, Music. BM, MM, Peabody Conservatory of Music.
- MILBRATH, BRIAN D.** (1997), Associate Professor, Physics. BS, Murray; PhD., Virginia.
- MILDE, ROBERT L.** (2000), Assistant Professor, English and Theatre. BA, Carleton College; MA, PhD, North Carolina at Greensboro.
- MILLER, DANIEL** (1997), Assistant Professor, Emergency Medical Care, BS, Western Carolina; MS, Eastern Kentucky.
- MILLER, JOAN** (1992), Assistant Professor, English and Theatre. BS, Southern Illinois, MAEd, MA, Eastern Kentucky.
- MINOR, KEVIN I.** (1992), Chair, Professor, Correctional and Juvenile Justice Studies. BS, Indiana State; MS, Emporia State; PhD, Western Michigan.
- MIRANDA, MARTA M.** (1996), Assistant Professor, Social Work. BA, Florida International; MSW, additional graduate work, Barry.
- MITCHELL, GREGORY** (1996), Librarian IV; BA, Concordia Collegel MSLS, Kentucky.
- MITCHELL, ROBERT W.** (1990), Professor, Psychology. BA, BS, Purdue; MA, Hawaii; PhD, Clark.

- MOLINARO, JOSEPH H.** (1989), Professor, Art and Design. BS, Ball State; MFA, Southern Illinois (Carbondale).
- MONSER, JASON** (2002), Visiting Instructor, Physical Education, Laboratory School. BA, MA, University of Kentucky.
- MOORE, PAMELA** (1986), Professor, Nursing and Foundation Professor. BSN, Berea College; MPH, North Carolina; EdD, Kentucky.
- MOORE, PAULA** (2000), Assistant Professor, Sociology. BA, MA, SUNY Buffalo; PhD, Georgia State.
- MORETON, JAMES R.** (1986), Professor, English and Theatre. BA, MA, Missouri; MFA, Florida State.
- MORGAN, DAVID** (1999), Associate Professor, Educational Administration. BS, MA, Chicago State; PhD, Loyola.
- MORGAN, JOHN H.** (2001), Visiting Instructor, English and Theatre. BA, Berea College; MA, additional graduate work, Kentucky.
- MYERS, MARSHALL** (1995), Associate Professor, English and Theatre. BA, Kentucky Wesleyan; MA, Eastern Kentucky; PhD, Louisville, Additional graduate work, Kansas State University.
- NAUGLE, KIM A.** (1996), Associate Professor, Counseling. BA, MS, Indiana Southeast; PhD, Indiana.
- NEAD, MARY JO** (2000), Instructor, Journalism. BS, Northwestern; MA, University of Cincinnati; additional graduate work, Kentucky.
- NELSON, KENNETH L.** (1995), Associate Professor, Mathematics. BA, UCLA; MA, George Washington; PhD, California, Santa Barbara.
- NELSON, KENNETH R.** (1972), Professor, History. AB, Alabama; MA, PhD, Georgia.
- NELSON, ROBERT R.** (1983), Assistant Professor, Mathematical Sciences. BS, Allegheny; MA, PhD, Pittsburgh.
- NEUMANN, CHRISTOPHER J.** (2002), Assistant Professor, English and Theatre. BA, Middlebury College; MA, PhD, North Carolina.
- NEUMANN, SUSAN** (2002), Instructor, Science, Laboratory School. BS, Allegheny College; MAT, University North Carolina Chapel Hill.
- NEWBURY, LEE D.** (1987), Assistant Professor, Middle School Science and Math; Laboratory School. BS, Kentucky; MEd, Florida Atlantic.
- NEWBY, EARL** (1999), Assistant Professor, Educational Administration. BS, Tennessee State; MS, Louisville; EdD, Spalding.
- NEWELL, PATRICK** (2002), Assistant Professor, Music. BM, Indiana-Purdue; MM, Indiana.
- NEWHART, LAURA** (2001), Assistant Professor, Philosophy. BA, Cincinnati; MA, Miami (OH); PhD, Bowling Green State.
- NEWSOME, REBECCA** (1983), Professor, Medical Assisting. MT(ASCP); CMA; BS, MS, Eastern Kentucky; PhD, Memphis.
- NIXON, WILLIAM M.** (1974), Associate Professor, Criminal Justice and Police Studies. BA, Eastern Kentucky; JD, Kentucky.
- NNOROMELE, PATRICK C.** (1994), Associate Professor, Philosophy. Bth, ECWA Theological Seminary, Nigeria; BA, William Jennings Bryan College; MA, Wayne State; PhD, Utah.
- NNOROMELE, SALOME** (1994), Associate Professor, English and Theatre. BA, Utah; MA, PhD, Kentucky.
- NOBLITT, SUSAN L.** (1980), Assistant Professor, Clinical Laboratory Science. MT(ASCP); BS, Ball State; MEd., Eastern Kentucky.
- NUTTER, KRISTA A.** (2001), Assistant Professor, Art and Design. BA, Eastern; MS Arts, Cincinnati.
- O'BRIEN, SHIRLEY P.** (1991), Associate Professor, Occupational Therapy. OTR/L; BS, Temple; MS, Rush; additional graduate work, Kentucky.
- O'CONNOR, JAMES FRANCIS** (1989), Professor. Economics. BAgSc, Dublin; MS, Pennsylvania State; PhD, Minnesota.
- OCHS, RAYMOND J.** (1976), Professor, Traffic Safety. BS, Northwest Missouri State; MS, Indiana State, EdD, Tennessee.
- OLIVER, GRETCHEN** (2002), Assistant Professor, Exercise and Sport Science. BS, MS, Arkansas.
- ORLOFF, CHAD A.** (2001), Instructor, Technology. BA, Lewis University; MS, Wisconsin, Platteville; Additional Graduate Work, University of Northern Iowa.
- OTIENO, TOM.** (1995), Associate Professor, Chemistry. BS, Nairobi; MS, PhD, British Columbia; Post doctoral research, SW Texas State.
- OWENS, TIMOTHY** (1999), ASL Specialist III, Interpreter Training; Special Education. BA, Gallaudet; MEd, Western Maryland.
- PALMER, CAROL** (2002), Assistant Professor, Nursing. ASN, BS, BSN, MSN, FNP, Eastern Kentucky.
- PALMER, JERRY K.** (2001), Assistant Professor, Psychology. BA, Asbury College; PhD, Georgia Tech.
- PAOLUCCI, PAUL** (2001) Assistant Professor, Sociology. BA, Eastern; MS, Virginia Commonwealth; PhD, Kentucky.
- PARCHMENT, STEVEN G.** (1999), Assistant Professor, Philosophy. BA, Middle Tennessee State; MA, PhD, Emory.
- PAUL, HELEN** (1989), Associate Professor, Nursing. RNC; BS, Cumberland College; BSN, Wright State; MSN, Kentucky; additional graduate work, Georgia State.
- PAULSEN, DEREK** (2002), Assistant Professor, Criminal Justice and Police Studies. BA, Florida State; MS, Eastern Kentucky; PhD, Sam Houston State.
- PAXSON, RITA** (1979), Associate Professor, Nursing. RN; BSN, Eastern Kentucky; MSN, Kentucky; additional graduate work, Kentucky.
- PAYNE, JAMES E.** (1992), Professor, Business Statistics. BS, Berea; MS, PhD, Florida State.
- PEACOCK, PATRICIA** (2000), Visiting Assistant Professor, Social Work. BA, Meredith College; MSW, Kentucky; PhD, Tennessee.
- PERRINE, ROSE** (1991), Professor, Psychology. BA, California State (Northridge); MS, PhD, California (Santa Cruz).
- PETRONIO, KAREN** (1994), Associate Professor, Interpreter Training; Special Education. BS, Central Michigan; MS, Morgan State; MA, Gallaudet.
- PFOTENHAUER, JR., GEORGE L.** (1969), Assistant Director, Instructional Media; AA, Wilson Junior; BEd, Chicago Teachers; MS, Indiana; additional graduate work, Kentucky.
- PIERCE, DORIS E.** (2000), Professor and Endowed Chair, Occupational Therapy. BSOT, Ohio State; MS, PhD, Southern California.
- PIERCE, MARCIA M.** (1996), Assistant Professor, Biology. BS, Texas A&M; MS, Baylor; PhD, New Hampshire.
- PIERCE, RONALD** (1964), Associate Professor, Mathematical Sciences. BS, Morehead State; MS, additional graduate work, Kentucky.
- PLUMMER, BONNIE** (1973), Chair, English and Theatre. Professor, English and Theatre. BA, MA, Eastern Kentucky; EdD, Kentucky.
- POLLMAN, JUDITH** (1994), Associate Professor, Nursing. BSN, Illinois (Chicago); MS, Western Illinois; MSN Equivalent; PhD, Cincinnati.
- POLMANTEER, KATHRYN** (1998), Assistant Professor, Special Education, BS, Florida State; MS, Florida State; PhD, University of Kansas.
- POTTER, GARY W.** (1988), Professor, Criminal Justice and Police Studies. BS, MS, PhD, Pennsylvania State.
- POWELL, MELISSA** (1990), Assistant Professor, Nursing. RN; BSN, Eastern Kentucky; MSN, Kentucky.
- POWELL, NORMAN** (2000), Director, KECSAC, Assistant Professor, College of Education.
- POWERS, RICHARD L.** (1989), Associate Professor, Marketing. BBA, MBA, Marshall; DBA, Memphis State.
- PRATT, BRUCE R.** (1988), Professor, Agriculture. BS, Delaware Valley; MS, PhD, West Virginia.
- RAHIMZADEH, KEVEN R.** (1997), Associate Professor, English and Theatre. BSFS, Georgetown, MA, PhD, North Carolina.
- RAINEY, JR., GLENN W.** (1972), Professor, Political Science. BA, Oglethorpe; MA, PhD, Georgia.
- RAINEY, JANE G.** (1967), Professor, Political Science. AB, Goucher; MA, PhD, Emory.
- RAMEY, BARBARA A.** (1983), Chair, Biological Sciences, Professor, Biology. BA, Cornell College; MS, Miami (OH); PhD, Kentucky.
- RAMSEY, IMOGENE** (1965), Professor, Elementary Education. BS, MA, Eastern Kentucky; EdD, Indiana.
- RAMSEY, MARIANNE P.** (1989), Assistant Professor, Art and Design. BA, MA, Kentucky; additional graduate work, Eastern Kentucky, Florida, Clark.
- RANDLES, THEODORE J.** (2002), Assistant Professor, Computer Information Systems. BA, Cleveland State University; MPA, Ohio State University; PhD, Georgia State University.
- REED, THOMAS E.** (1971), Professor, Criminal Justice and Police Studies. AB, Southwestern of Memphis; BD, Louisville Presbyterian Theological Seminary; MA, PhD, Kentucky.
- REEDER, JOAN** (1974), Professor, Chemistry. BS, Idaho; PhD, Brigham Young; Post doctoral research, UCLA.
- REEVES, CINDY W.** (2000), Instructor, Communication Disorders; Special Education and Laboratory School. BS, MS, Kentucky; additional graduate work, Eastern Kentucky.
- REEHM, SUE P.** (1991), Professor, Mathematics Education. AA, Joplin Junior College; BS, MS, EdS, Pittsburg State (KS); PhD, Missouri.
- REIHM, REBECCA** (1999), ASL Specialist III, Interpreter Training, Special Education. BA, Gallaudet.
- RENFRO, JOY** (1988), Associate Professor, Medical Assisting. RHIA; CMA, CCS-P; BS, MA, Eastern Kentucky; EdD, Kentucky.
- REVERE, JOHN** (1997), Assistant Football Coach/Teacher, Health Education. BA, Eastern Kentucky; MS, Troy State; additional graduate work, Eastern Kentucky.

- REYNOLDS, ROBERT S.** (1986), Assistant Professor, English; Laboratory School. BSEd, Kent State; MEd, Toledo.
- REYNOLDS, WAYNE D.** (1992), Associate Professor, Technology. PE; BS, U.S. Military Academy; MS, Ohio State.
- REZAI, JALEH** (1983), Chair, Computer Science, Associate Professor, Computer Science. BS, MS, Eastern Kentucky; MS, PhD, Kentucky.
- RHEE, CHONGKYE** (1990), Professor, Computer Science. BS, Pusan National (Korea); MS, PhD, Oklahoma.
- RHOADES, CONNIE** (1991), Assistant Professor, Music. BM, Oral Roberts; MM, Michigan; DMA, Oklahoma.
- RHODUS, LIESE** (1993), Assistant Professor, Social Studies Education; Laboratory School. BA, North Carolina at Chapel Hill; MA, Eastern Kentucky.
- RHODUS, RODNEY L.** (1992), Assistant Professor, English; Laboratory School. BA, Berea College; MA, Kentucky; additional graduate work, Eastern Kentucky.
- RICH, CHARLOTTE J.** (1999), Assistant Professor, English and Theatre. BA, Miami of Ohio; PhD, Georgia.
- RICHARDSON, RAY E.** (2002), Assistant Professor, Technology. BS, MS, Eastern Illinois; PhD, Illinois.
- RICKETTS, DONNA L.** (1999), Assistant Professor, Nursing, RN. ASN, Elizabethtown; BSN, Kentucky; MSN, Eastern Kentucky; additional graduate work, Kentucky.
- RINI, ELLEN GENTRY** (1996), Assistant Professor, School Psychology; Laboratory School. BA, David Lipscomb; MS, Kentucky.
- RISLEY, DEE A.** (1995), Assistant Professor, Special Education. BA, South Florida; MA, Oklahoma.
- RITCHISON, GARY K.** (1979), Professor, Biology and Foundation Professor. BA, MA, Mankato State; PhD, Utah State.
- ROBLES, MARCEL** (2002), Associate Professor, Administrative Communications. BBA, MS, PhD, University of North Dakota.
- ROBERSON, MICHAEL T.** (1987), Professor, Management. BS, Auburn; MS, PhD, Tennessee.
- ROBERTS, JOHN** (1985), Professor, Music. BM, Oklahoma City; MM, Eastman; PhD, Louisiana.
- ROBINETTE, DANNY R.** (1972), Professor, Communication. BA, Berea College; MAT, Vanderbilt; PhD, Ohio.
- ROBINSON, MARY ANN** (1998), Professor. Finance, BBA, MS, PhD, Florida International.
- ROBINSON, RICHARD M.** (1985), Professor, Finance. BS, Portland State; PhD, Oregon; post-doctoral work, Georgia.
- ROBINSON, SHERRY L.** (2000), Assistant Professor, English and Theatre. BS, Middle Tennessee State; MA, Eastern Kentucky; PhD, Kentucky.
- ROGERS, DOUGLAS C.** (1986), Assistant Professor, Communication. BS, MS, Arkansas State; additional graduate work, Eastern Kentucky.
- ROGOW, ROBERT B.** (1998), Dean, College of Business and Technology; Professor, Accounting. BS, MBA, Florida Atlantic; PhD, Arkansas; CPA, Florida, Arkansas and Alabama.
- ROITMAN, JOEL M.** (1970), Associate Professor, History. BS, MA, Memphis State; PhD, Cincinnati.
- ROMINE, JANET** (1998), Librarian IV; BA, Bowling Green; MSLIS, Indiana.
- ROSS, LARRY TIM** (1998), Professor, Technology. BS, Western; MS, Indiana State; EdD, Kentucky.
- RUDICK, KAREN L.** (1992), Associate Professor, Communication. BA, Southwestern Louisiana; MA, Georgia; PhD, Purdue.
- RUPPEL CAROL L.** (2000), Instructor, English; Laboratory School. BA, MEd, Maryland.
- RUPPEL, FRED J.** (1997), Associate Professor, Economics. BS, MA, Illinois, PhD, Maryland.
- RUTHERFORD, WILLIAM J.** (1999), Associate Professor, Exercise and Sport Science. BPE, Manitoba; MS, Kansas State; PhD, Arizona State.
- RYOTI, DON E.** (1977), Professor, Mathematical Sciences and Foundation Professor. BA, Northwestern; MA, Ohio State; PhD, Illinois.
- SALADINO, DAVID** (2002), Associate Professor, Music. BS, Tampa; MS, Illinois, PhD, Florida State.
- SAMBROOK, RICHARD A.** (1992), Associate Professor, Geography. BA, MA, PhD, Michigan State.
- SANCHEZ, VICKIE L.** (1999), Assistant Professor, Health Education. BS, California State, Hayward; MA, Wright State; EdD, Central Florida.
- SANFORD, PEGGY J.** (1995), Assistant Professor, Special Education. BS, Houston; MS, Texas; PhD, Cincinnati.
- SARMA, ANUJ** (2002), Assistant Professor, Physics. BS, Gauhati, MSc. Indian Institute of Technology, PhD, Kentucky.
- SAVAGE, STEVEN P.** (1975), Chair, Anthropology, Sociology, and Social Work; Associate Professor, Anthropology. BA, Kansas; MA, PhD, Colorado.
- SCARBOROUGH, KATHRYN** (1995), Associate Professor, Criminal Justice and Police Studies. BS, Southern Mississippi; MA, Old Dominion/Norfolk State; PhD, Sam Houston State.
- SCHICK, G. ALAN** (1995), Associate Professor, Chemistry. BS, PhD, California-Riverside; Post doctoral research, Penn State, Carnegie-Mellon.
- SCHLOMANN, PAMELA** (1986), Professor, Nursing. ASN, Eastern Kentucky; BA, Wheaton; BSN, MSN, PhD, Kentucky.
- SCHMITKE, JOAN** (1983), Associate Professor, Nursing. BSN, MSN, Kentucky; DSN, Alabama (Birmingham).
- SCHNECK, COLLEEN** (1994), Professor, Occupational Therapy. OTR/L; BS, Eastern Michigan; MA, Boston; ScD, Boston.
- SCHNECK, LEONARD J.** (2002), Visiting Assistant Professor, Finance. MS, Carnegie Mellon University; MBA, Boston University; PhD, Carnegie Mellon University.
- SCHNEID, THOMAS D.** (1989), Professor, Fire and Safety Engineering Technology. BA, West Liberty State; MS, JD, West Virginia; LLM, San Diego; MS, PhD, Kennedy Western.
- SCHULZ, WILLIAM D.** (1968), Professor, Chemistry. BA, MA, Mankato State; PhD, Louisiana State.
- SCHUMANN, MICHAEL SHAWN** (1999), Associate Professor, Fire and Safety Engineering Technology. BS, MS, Oregon State; JD, DePaul University.
- SCHUSTER, GUENTER A.** (1979), Professor of Biology and Foundation Professor. BS, Dayton; MS, Eastern Kentucky; PhD, Tennessee.
- SEFTON, DAVID S.** (1985), Professor, History. BA, California State; MA, PhD, Michigan State.
- SEHMANN, KARIN** (1990), Professor, Music. BME, Northern Iowa; MM, Akron; PhD, Iowa.
- SEHMANN, PHILLIP** (1994), Assistant Professor, Music. BME, Northern Iowa; MM, Akron; MFA, Iowa; DMA, Iowa.
- SEXTON, LARRY C.** (1976), Associate Dean, College of Education. Professor, Counseling. BSE, MAE, EdD, Ball State.
- SHAPIRO, SANDRA** (1994), Associate Professor, Nursing. RN; ARNP; C; CS; BS, MS, Murray; MSN, Bellarmine.
- SHASBY, GREG** (2001), Associate Professor, Exercise and Sport Science. BS, Ohio; BS Med, South Carolina; Eds, Kent State; MS, Ohio; PhD, Connecticut.
- SHASBY, SHARON** (2001), Associate Professor, Occupational Therapy. BS, Florida; MEd, The Citadel; EdD, South Carolina.
- SHAW III, C. FRANK** (1999), Professor, Chemistry. BS, Delaware; PhD, Northwestern; Post doctoral research, Purdue, McGill.
- SHIN, UN-CHOL** (1977), Professor, Humanities. BA, Seoul National; BS, Bemidji State; MA, PhD, Minnesota.
- SHORDIKE, ANNE** (1994), Assistant Professor, Occupational Therapy. OTR/L; BA, San Francisco State; MOT, Texas Woman's; additional graduate work, CA.
- SHORT, JUDY** (1987), Professor, Nursing. BSN, Eastern Kentucky; MSN, Kentucky; DSN, Alabama (Birmingham).
- SIEGEL, CAROLYN F.** (1989), Professor, Marketing. BS, Maryland; MPA, DBA, Kentucky.
- SIMM, RUTH A.** (1997), Visiting Instructor, Mathematics. BS, MS, Eastern Kentucky.
- SLATER, MARY** (1995), Associate Professor, Nursing. RN; C; BSN, Texas Tech; MSN, Texas (San Antonio).
- SLUSHER, IDA** (1998), Professor, Nursing, BSN, Eastern Kentucky, MSN, Kentucky, DSN, Alabama (Birmingham).
- SMITH, DIONNE F.** (1995), Assistant Professor, Sociology. BS, MS, Eastern Kentucky; PhD, Kentucky.
- SMITH, GIL R.** (1995), Professor, Art. BA, SUNY (Potsdam); PhD, Pennsylvania State.
- SODERSTROM, IRINA R.** (1997), Associate Professor, Correctional and Juvenile Justice Studies. BA, Illinois; MS, PhD, Southern Illinois.
- SOUSA, DAVID C.** (1972), Professor, Physics. BS, Canisius; PhD, Notre Dame.
- SPAIN, JUDITH W.** (1998), Associate Professor, Management. BA, Grove City; JD, Capital.
- SPAIN, NORMAN M.** (1991), Professor, Assets Protection and Security. BS, New Mexico State; MS, Eastern Kentucky; JD, Capital.
