Series Will Bring 2 More Programs

With the cooperation of some community-minded individuals, including Eastern's President and Mrs. O'Donnell and Doctor Anna Schneib, the Community Concert Series came to Richmond bringing nationally and internationally known artists of various talents to Hiram Brock Auditorium.

Two splendid concerts have been given so far this year, there are two remaining in this year's series. The first, to be here on February 6, is the Fred Waring Carolers, world famous through their T. V. and radio broadcasts and personal appearances. Given special training, coaching and directing by Fred Waring, these vocal artists will present many of Fred Waring's famous arrangements.

The second program will be the Svetlova Dancers. They will be here on February 19. Eastern students are fortunate enough to be admitted to these concerts with no more than their student activity tickets.

Government By You, Of You, For You.

by Jackie Rieter

The question of student government is once again being discussed on the campus. Many say yes and others say no.

I, as a Senior would like to say, "Understand, before you vote, learn what powers the students have and what powers the administration has."

In the past this issue has failed because it did not find its basis in the student body, but from the pen of some faculty member or from the administration.

Government should be born from the desire of the masses to protect their rights and privileges. This new movement is strictly a student movement, and that is one factor in our favor.

The Constitution should be written by a group selected by the student body, not a clique which has been indoctrinated by higher authorities. If this were done we would be sure to have a Constitution representative of the entire group. Common sense tells us that the President must have a veto power, not to control student action but to protect the school. Powers should be delegated and clearly understood before they are written, then the administrative systems could not interfere in any way with the delegated powers of the students. This would also obliterate any chance of our being shouldered with the dirty work of the administration and the dictatorial policies of some of our school leaders.

Student government should have extensive rights, governing not only students, but to a certain extent the policies followed by the faculty and the program used in the dormitories. I heard one person remark that a person, a faculty member, had a government plan which he thought should be adopted but was almost fanatical in opposing ours. Some would even go to the extent of resigning their positions. I do not know this for the truth but I am taking it on the veracity of my fellow student.

Many of you are afraid to speak and stand up for what you want, for fear that you will arouse the anger of someone with power over you. That is why I urge you to try Student Government. You would then be protected by your fellow student.

This program would bring the administration, faculty, and students into closer harmony. Misdemeanors and misconduct on the campus would be in our hands. There would be planned activities, more dances with name bands, etc. I say vote yes only if the government and the Constitution are formed by the student body.

The Progress staff wishes to congratulate the student body on the wonderful spirit shown at the Louisville and Western games. Let's keep it up whether it's Tenn. Tech or Xavier that the Maroons are playing.

NON-CREDIT CLASS IN ELEMENTARY FRENCH

A non-credit class in elementary French will be given on Monday and Thursday nights during February, March and April. It will meet from 7:00 to 8:00 p. m. in the Arts Building, room 15.

The purpose of the class is to give a general idea of the language to persons who cannot give the subject serious study.

No registration for the course is necessary. Any interested person may attend. The first meeting of the class will be held on Thursday evening, February 5.

CWENS Sponsors Fireside Chats

Rev. W. H. Poore, minister of the First Methodist Church in Richmond, opened a series of Fireside Chats on Monday evening, January 5 at 9:10 at Burnam Hall with the topic "You and Yourself". The talks which will be given for the girls and their guests will follow the general theme, "Living More Abundantly."

Rev. Poore started his talk before a crackling fire in the fireplace of the candlelight lobby by first stating the general purpose of the programs. About his topic, he said that each girl must recognize herself as a unique individual and secondly the real happiness lay in losing oneself in some service that was bigger than the individual.

The second of this series was held Monday evening, January 12 at 9:10 at Burnam Hall. Rev. Oliver Carmichael, minister of the First Presbyterian Church, chose as his topic "You and The Opposite Sex."

The programs are sponsored by the new chapter of Cwens, sophomore women's honorary society.

Two Of Faculty To Present Recitals

Two faculty members of the music department will present recitals during the month of February. Mrs. Victor Venetozzi will give a recital Monday, February 16, and Mr. Richard Carley's recital will be Monday, February 23, 1953. Both are to be held in Brock Auditorium.

Mrs. Venetozzi with Miss Frances Marie McPherson as accompanist will present French, German, and Italian vocal selections by modern American composers.

Mr. Carley's recital will feature selections by Bach, Beethoven, Mozart, Chopin, and Debussy.

KYMA Gives Snow Ball

Blanche McCoun Is Snow Queen

The annual KYMA-sponsored Snow Ball was held on January 16. There was dancing from 9:00 to 12:00 to the music of Ray Tingle's orchestra. The coronation of the Snow Queen was held at 10:30.

The pretty Snow Ball Queen of 1953 was 22-year-old Blanche Rose McCoun of Eminence. She is assistant editor of the Milestone and is a junior. Blanche was Homecoming Queen of 1950, and is R. O. T. C. sponsor of the First Battalion this year.

The following are the Snow Ball attendants in order of the above picture:

Lolly Ellis, 21-year-old senior from Ludlow, is president of Collegiate Pentacle and is a member of KYMA and W. R. A. She is Girls Sports Editor of the Milestone this year and is a writer for the Progress. She is R. O. T. C. sponsor for the Second Battalion and will also be in Who's Who. Lolly has been an Eastern cheerleader for four years.

Kay Wilson is 21, a senior, and comes from Bellevue. She has been co-editor of the Progress and Art Editor of the Milestone for two years. She is vice-president of the Canterbury Club, a member of Kappa Pi and KYMA, and will be in the 1953 edition of Who's Who in American Colleges and Universities. Kay was Junior Prom Queen last year.

Janey McCord is a Richmond girl who lives in the dorm. She is a 19-year-old junior majoring in art and history. She is an active member of Kappa Pi, KYMA, and is on the Milestone staff. Janey was a battery sponsor in both her freshman and sophomore years.

Betsy Otis is a 21-year-old senior hailing from the neighboring city of Lexington. She is majoring in commerce, and is an active member of both Sigma Tau Pi and the YWCA.

The Queen was escorted by Clyde White, vice-president of KYMA. The other attendant escorts were Ernie Durham, Don Jett, Bob Elder and Frank Matthews.

JUNIOR CLASS MEETING

The Junior Class will hold its first meeting Wednesday morning, January 21, at 10:00 in the Little Theater of the S. U. B. All members of the Junior Class are greatly urged to attend this meeting as ways will be discussed for making money to pay for the annual Junior Prom in May. Please, Juniors, think of money-making ideas and bring them with you to the meeting Wednesday at 10:00 in the Little Theater.

Fellowship Opportunities For American Students

A brochure listing nearly 200 fellowship opportunities for American students to study abroad during the 1953-54 academic year was issued this week by the Institute of International Education, East 67th Street, New York City.

The awards, which are largely for graduate study, are offered to American students by private organizations and by foreign governments and universities. Most of the awards are for study in European and Latin American universities. Grants are also available, however, at the University of Ceylon and at the University of Teheran.

In announcing the opening of the competition for these fellowships, the Institute of International Education emphasized the fact that although a good knowledge of the language of the country is a prerequisite, the awards are not limited to the study of languages and literature. Suggested fields of study in the sciences, the humanities, and the social sciences are given with the listing of grants.

General eligibility requirements for the majority of the grants are (1) U. S. citizenship; (2) a Bachelor's degree; (3) a good academic record; (4) a good knowledge of the language of the country of study. The closing date for applications for grants given by the French government is February 1; for most of the other grants the closing date is March 1.

The pamphlet, entitled "Fellowship Opportunities for American Students to Study Abroad, 1953-54," may be obtained from the Institute of International Education, U. S. Student Program, 1 East 67th Street, New York 21, New York.

The Institute of International Education is a private, non-profit organization which administers international scholarships and fellowships for many private and governmental agencies.

PLAY PRACTICE CONTINUES

If you hear a student spouting thee's and thou's, don't think he's gone off his rocker... he's just part of the cast of "Twelfth Night".

Rehearsals are under way and things will soon be ready for the Eastern opening, February 25.

"Twelfth Night" boasts an assortment of characters, the like of which you're not likely to forget.

You are guaranteed to be confused and amused by the proceedings of this shakespearean comedy.

R. O. T. C. Students Get Commissions

WASHINGTON, D. C.—Seven Eastern Kentucky State Teachers College students have been selected for appointment as second lieutenants in the Regular Army upon graduation this spring.

Among 633 distinguished military students listed by Secretary of the Army Frank Pace, Jr., for such appointments, they are:

Robert L. Elder, 310 Woodland Avenue, Richmond, Ky., Artillery;

Harry L. Elliott, Dry Ridge, Ky., Ordnance;

William A. Greynolds, Loyall, Ky., Artillery;

Karl W. Jones, 101 Moberly Avenue, Richmond, Ky., Adjutant General;

William H. Park, Route 4, Richmond, Ky., Corps of Engineer;

Bill E. Searls, Route 1, Nelsonville, Ohio, Ordnance;

Richard H. Whittington, Blue Grass Ordnance Depot, Richmond, Ky., Artillery.

The list includes top students in the Army's Reserve Officer Training Corps at 123 colleges and universities in the United States, Alaska and Hawaii.

Selection was made on merit according to branch procurement quotas from a list of all distinguished military students who applied for appointment in the Regular Army.

They were chosen because of outstanding leadership qualities, high moral character, definite aptitude for military service and high academic standing.

The appointments will be effective June 15 of this year.

Honor Elections To Be Held Soon

The 1953 Kentucky Mountain Laurel Festival will be held at Laurel Grove, Pine Mountain State Park, May 28 to 30. James O. Roan has been elected chairman for the second consecutive year. Governor Wetherby will crown the Laurel queen.

Who will represent Eastern at the festival this year? This question will be decided by the student body early in February. At the same time Miss Popularity and Mr. Popularity will be chosen. Watch for the notices as to the times and place and be sure to cast your vote.

This election is sponsored by the Milestone staff. The qualifications for eligibility to the honor positions are: Leadership, personality, and scholarship. They should be well known and well liked. In addition to these characteristics Miss Eastern is chosen mainly for her beauty.

Eastern's representative at the festival last year was Miss Pat Powers of London, Kentucky.

Civil Service Exam Is Announced By Commission

The Civil Service Commission has announced an examination for Student Aid Trainee paying \$2,950 and \$3,175 a year. Most of the positions are located in various Federal agencies in Washington, D. C., and vicinity.

The examination is open to college sophomores and juniors majoring in the fields of chemistry, physics, mathematics, metallurgy, meteorology, and various branches of engineering. Appointments will be for employment during school vacation periods or for periods of employment of students in co-operative courses. Applicants must have completed appropriate college study; a written test will be given. Students who expect to complete the required study by June 30, 1953 may apply. Applications will be accepted until further notice.

Full information regarding the training program and the requirements for applying are available at most first- and second-class post offices, and at the U. S. Civil Service Commission, Washington 25, D. C.

"AS A MAN THINKETH.....SO IS HE"

By CLYDE WHITE

When a person attempts to do a thing and thinks in his heart that it is impossible, he is beaten before he even begins. "As a man thinketh in his heart, so is he."

One hates to think of being beaten at anything whether it be large or small. When players on a basketball team run out on the floor, believing in their hearts that they are whipped before they play, it only helps to spell failure for that team.

When one is defeated it is bad, but numerous defeats are only part of the normal vicissitudes of life. It is well to accept a reality, but to accept defeat before it is an actual reality is a most-disastrous thing.

I'm sure we all have heard a person referred to as a complete failure. Have you ever thought exactly what that means? One might say that "a complete failure" refers to an individual who isn't able to compete with defeat when he tastes it. Everyone meets with disaster sometime and how he accepts it depends upon his character. There have been many famous men and women who have lost hope, but have not given up because they believed that if they kept trying they would grasp victory in the end.

Sister Elizabeth Kenny, Australian-born nurse, who is famous for devising the Kenny method of treating infantile-paralysis, met with many defeats before she successfully convinced the public that her treatment would work.

Helen Keller, who has been blind and deaf since the age of 19 months, is famous the world over as a lecturer and writer. One might suppose that she was discouraged before she began to live, but look at her life now.

If other people think you are beaten, it isn't necessarily so, but if you think you are beaten—you are!

Homer Ledford with the mandolyn and dulcimer which he made.

I. A. Student Is Instrument Maker

Many people in passing room 114 in Sullivan Hall have heard soft music come forth. This was Homer Ledford putting out with what he calls folk music. Homer is a real musician, but the interesting thing about Homer is not this fact, but that he makes his own instruments.

The story starts back when Homer took rheumatic fever in his early boyhood and was left with a heart ailment. Since he couldn't romp around quite as much as his young friends, Homer spent a lot of time in the wood-working when he enrolled at Alpine Institute. At shaping objects from wood he showed remarkable talent from the very start, and he increased his skill during the years at Livingston High School and at the John C. Campbell Folk School at Brasstown, North Carolina.

While at the North Carolina School, Homer repaired several string instruments, including the first Dulcimer he had ever seen. He had read about the dulcimer, about how its origin is unknown but that it dated at least as far back as to the Crusades, and that it is known to have been brought to America as early as 1613.

So Homer carefully studied the dulcimer's construction and then, by coincidence a week later, the manager of the Southern Highlanders, Inc., wrote to the school to ask if they knew of anyone who could manufacture two dulcimers. Homer said he'd try, and did. Made a good job of it, too. Within six months he had made and sold six dulcimers to the New York concern, and he's been in the business ever since.

A dulcimer is a long instrument and is played by holding across the lap and plucking the strings. It has three strings corresponding to the G-string of a guitar, usually tuned in c.

After leaving the North Carolina School, Homer came to Kentucky and entered Berea College. He paid his way through school by selling his dulcimers, although dulcimer making is his main ability, it is not his only one. While at Berea, Homer made violins, guitars and mandolins besides repairing stringed instruments of all kinds. Through his instrument making, Homer has become quite an expert on the imported and native woods which go into his instruments besides being an expert on the instruments themselves.

Because of this knowledge Homer has some repute as a lecturer. He has spoken at the Lions Club of Danville, Ky., The Kiwanis Club at Berea, and has appeared on WHAS-TV recently.

After spending three years at Berea College, Homer decided that he was majoring in the wrong field, and so he transferred to Eastern where he could major in his beloved industrial arts. He expects to graduate from Eastern in June 1954.

A good ol' southern fish fry is what members of Wesley Foundation plan for Monday evening, February 16. This gathering will be at the Methodist Church and after members eat all the fishes they will celebrate St. Valentine's Day by having a party in the church's recreational room. The day before this big affair, members of the group will travel to Covington to give a deputation program.

Last Saturday the little gym was packed with kids attending the YW sponsored Square Dance. Betty Kalb deserves a great big thanks for this. Betty and her committee have also been sponsoring two evenings of fun of folk games and dances in the recreation room of the SUB. Each time the crowd has increased with everybody having lots of fun.

What would the campus do without KYMA Club? Last Friday evening this group sponsored the first formal of this school year. The Snow Ball Dance with Queen Blanche Rose McCoun was held in Walnut Hall from 9 until 12. These same people are responsible for each year's Homecoming being the success it is. And what organization is always selling programs, cokes, or what-have-you at any sporting event? That's right, it is members of the par club. KYMA certainly can't complain of being an inactive club.

CLUB NEWS

By EDIE TAYLOR

Who will be the sweetest Sweet-heart Couple? Come to the Valentine's Day Dance and find out! The sophomore class is sponsoring this gay affair on Friday evening, February 13, in Walnut Hall from 8 p. m. until the strike of twelve. An orchestra will provide the music. Admission is \$1.00 "stag or drag." President Bill Hensley clues us that the dance will be semi-formal, but no corsages are to be given. A twosome at the dance will be chosen who will have the title of "Eastern's Sweetest Sweet-heart Couple" bestowed upon them. Class members will be selling tickets. Dean Rubarts and Buddy Cury are co-chairmen of the social and decoration committee.

So come one! Come all! Bring your sweeties to the Sweetie Dance. Another big swing the same week is the sweater hop sponsored by the junior class. Clyde White, president, announces that this dance will be after the Eastern-Xavier basketball game, Saturday, February 14, from 10 p. m. until midnight, in the rec room of the Student Union Building.

"You and Your Attitude" is the subject to be discussed at the fourth weekly fireside chat the first Monday evening, February 2, that we return from our between-semester vacation. These programs, sponsored by Cwens, are held in the lobby of Burnam Hall each Monday evening from 9:10 to 9:45. All girls and their guests are invited to attend. A roaring, grate fire, lighted candles, and special music provide a perfect setting for these informal talks which have as their general theme, "More Abundant Living." Each week a member of the sophomore women's honorary is in charge with the speaker being either a local or out-of-town minister. Thelma Parke is conducting this coming one, and Rev. Perry is the guest speaker.

Rev. W. H. Poore opened the series of seven talks with the subject, "You and Yourself," on January 5. "You and the Opposite Sex" discussed by Rev. Oliver Carmichael came the next week. Priest Poole spoke this past Monday night on "You and Your Fellowmen." During February will be Rev. Perry's talk, "You and Your Attitude;" "You and Your Church" by Rev. Sparks; "You and Your Future," by Rev. Tinder, plus a summation of all topics on the last Monday by Dr. Leslie Smith, Central Christian, Church, Lexington.

Girls in charge of these are Virginia Durbin, Billie Davis, Wanda Smyth, Edie Taylor, Thelma Parke, Sue Goble, and Peggy Kraus.

"Education as a Profession" was the topic discussed Wednesday evening, January 14, in Little Theater at 7 o'clock. This panel discussion sponsored by Collegiate Pentacle was presented to freshmen although all students who were interested were welcomed. Serving on the panel were Dr. Coates, chairman, Miss Blackburn, Mr. Wickersham, Miss Story, Mrs. Whalin, and Miss Alvis. Lolly Ellis introduced the panel members to the audience.

"How to Make an Enlargement" is the name of the talk that members of the Photo Club will hear at their regular meeting on February 5. This lecture complete with lantern slides is a courtesy of the Eastman Company, and is presented by a member of the club. At the last gathering, all the camera fans heard the lecture, "How to Develop a Negative."

Spring Events: Kappa Pi's art exhibit—now in the planning stageW. R. A. scheduling another "play night" in the little gym for both male and female soon.....Modern Dance recital, dated for the month of May, presenting approximately 25 girls in their program.....The Water Ballet, something new to Eastern's campus, being scheduled tentatively for three consecutive nights in May. This show, cast by members of both the boys' and girls' swimming clubs, promises to be a dandy!

Rumors are that two of the Big "E's" cheerleaders won't be cheering next semester. Sure sorry to hear this, Gerry and Huey, but you left the squad and fans two good substitutes in the form of Beverly and Flo.

College Dance Band Is Led By Hank Romersa

Hank Romersa and two other Eastern musicians, Fred Kelly and Calvin Witt, formed the Double "K" band in 1950. Fred and Calvin became alumni, and Hank was left to carry on the good work—and he did!

Since that time Double "K" has won fame for itself on Eastern's campus and also throughout the state. Possibly the band might soon gain national recognition for the group is playing in a national dance band contest in the spring.

Members of the musical organization are:

Hank Romersa, trombone, Latrobe, Pennsylvania; Eli Ask, trombone, Red Bank, N. J.; Carrol Shaver, drums, Canton, North Carolina; Doug Gaither, bass, Detroit, Michigan; Martin Becker, alto sax, Brooklyn, New York; Bob Coe, piano, West Virginia; Charles Carty, alto sax, Ashland, Kentucky; Ben Hord, tenor sax,

Louisville, Kentucky; Dean Gatwood, trumpet, Richmond, Kentucky; Wayne Pressley, trumpet, Canton, North Carolina.

In the past, Double "K" has been engaged to perform at many large functions — high school proms, May festivals, and college dances. It is planning to play at a basketball game in the near future.

Maestro Romersa says that "the band had a very successful year in 1952 and hopes for another in 1953."

Lieutenant Cecilia A. Corcoran

Woman Marine Officer To Visit Eastern

Lieutenant Cecillie A. Corcoran of the United States Marine Corps will visit Eastern Kentucky State College on Thursday, January 29th, Mr. M. E. Mattox announced today. She will interview any girls who might be interested in accepting a commission in the Woman Marines following graduation from college.

Lieutenant Corcoran, who graduated from college in 1951 and entered the Marines that June, was station at Quantico prior to her current assignment as an Officer Procurement Officer.

Women commissioned in the Marines receive the same pay and benefits as male officers, roughly \$338.00 per month at first if quarters are not provided. They are stationed at the larger bases in the United States or in Europe or Hawaii. Their duties include the fields of Administration, Communication, Public Information, Operations and Supply. Their initial indoctrination and training is held at Quantico, Virginia, the same base where all male officers are trained.

Also on campus that day will be the Officer Procurement Team from Cincinnati headed by Lieutenant Clifford V. Erokaw, III. They will have a Navy Doctor with them and will be equipped to process any male applicants for the Platoon Leaders Class or Officer Candidate Course. Any girls who would like more information regarding the Woman Marines and men who wish to join the PLC or OCC are urged to stop by and see them.

Progress With A Smile

by Clyde White

What with all the hard studying for finals surely everyone of you will welcome most any attempt at humor (even this!).

Two farmers, jealous of each other's early-rising records, became boastful. One allowed as how he got up before 3 a. m. His rival, hoping to catch him in a fib, rose at two the next morning and went to call on his bragging neighbor. When the latter's wife answered the door and was asked where her husband was, she replied: "Dunno, but he was around early this morning."

The erring husband had come home with a few drinks too many under his belt, to be met with an irate and packing-up-to-leave wife. She spurned his somewhat apologies and, continuing to pack, said icily, "If it were the first time, Henry, I could forgive it, but you came home in just this same state on October 19, 1924."

Called upon to officiate at the funeral of a stranger, the minister was well along with the service before he realized to his horror that although he knew the name of the departed—which might have been masculine or feminine—he didn't know whether he was talking about a deceased man or woman. Finally the point came when he simply had to know. While the choir sang a hymn, the minister beckoned to a mourner, pointed to the casket and hoarsely whispered: "Brother or sister?" And the mourner whispered back, "Cousin!"

"Darn it, left overs again," growled the cannibal as he gnawed on the two old maids.

In a Budapest railroad station a Hungarian was scanning the horizon with a pair of powerful binoculars. A friend saw what he was doing and asked if he was looking for anything in particular. "Yes," said the Hungarian, "I've heard so much about the wonderful things the Russians have been sending us, I thought I would come to the depot and see where they are." "Don't be silly," replied the friend, "You don't think the Russians are so backward as to ship their goods by rail? They send them by radio."

The song publisher was sitting at his desk with his back to the door when a young man came in without knocking and said in an excited voice, "I've got a song that will knock your eye out, sir!"

The song publisher turned around with a patch over one eye and calmly said, "I've heard it."

First Chambermaid: "Have you heard the story about the double-bed?"

Second Chambermaid: "Have I? Why, I made it up!"

Missionary Returns to Africa

Miss Jean Bach, serving the foreign missionary board of the Southern Baptist convention, has sailed from New York to return to missionary service in Africa. Miss Bach served 38 months in Africa before returning home last December on furlough. She was graduated from Eastern in the class of 1942.

EASTERN CAGERS HUMBLE HIGHLY-RATED WESTERN TOPPERS 78-69

Maroons Sport 10-2 Record; Hold Victories Over Toledo, Brigham Young, Louisville

By NICK DeSANTIS

A hustling Eastern basketball team handed its arch-rival, Western State, ranked No. 10 in the nation, a 78-69 upset before 3,500 hysterical fans in the Weaver Health Building Saturday night.

The hard-driving Maroons created a traffic jam around the Western basket and literally wrecked the Hilltoppers. Attempting to minimize the height advantage the Western team held, McBrayer played two and sometimes three men on the Hilltoppers' 6-9½ center, Art Spoelstra. The Maroons also played a loose defense, jamming the middle lane to the basket. This paid off. Spoelstra, blocked from the basket, could score just 12 points and was not his usual effective self in rebounding. And since Western could not shoot from out nor cut into the basket, the Maroons—although frightened twice—gained a hard-fought victory over their ancient rivals.

The first quarter started with

the score seesawing back and forth until the Maroons worked up a 12-9 lead, but Western hit a hot streak and forged ahead by 24-18 at the end of the period. Eastern came back in the second stanza to tie the score at 24-24 and then forged ahead, 29-27, to hold the lead for the remainder of the game. The Maroons ended the half with a 42-32 advantage.

Western closed in several times in the third period, but Eastern managed to hold a 63-57 lead going into the last 10 minutes. Twice in the last quarter Western again whittled the lead to four points, at 63-59 and 67-63, but they could get no closer.

Eastern's scoring was lead by Jim Bingham with 19, but Tolson had 16, Kearns had 15, Bales had 12, Mulcahy nine and Geyer seven in this even scoring of what was truly a team victory.

The Maroons hit 39 per cent of their shots, while Western sagged to below 30 per cent.

Tom Marshall had 14 points to

van Western. Spoelstra had 12 and White and Vest 11 each.

Eastern is now at the top of the O. V. C., with a 5-0 record in the loop. Eastern's overall record now stands at 10 wins and 2 losses, these being to highly-ranked North Carolina State and Dayton. The next encounter for the Maroons is with always tough Murray State next Saturday night in the Weaver Health Building.

EASERN 79 TOLEDO 68

Before a packed house Eastern handed the University of Toledo their first defeat in 6 games. By scoring 10 points in the last two minutes Eastern turned a close contest into a surprise rout.

Toledo before the game was the nations number one defensive team. Oddly enough, every Maroon that played scored. Elmer Tolson led Eastern scoring with 20 points, Jim Bingham had 18 and Shirley Kearns 15.

Bill "What a Man" Bales, who plays one of the finest floor games in the country, again had the crowd buzzing about his play making. Elmer Tolson has seemed to have found himself and is a sure bet for post season awards.

EASTERN 69, BRIG YOUNG 67

Coming a little late for Christmas, a free gift to Shirley Kearns, off five free throws in the last minute and a half produced a 2 point victory over B. Y. U.

The Maroons surprised a home town crowd of 3,000 by jumping off to a 11 point lead at the end of the first quarter. But the traveling Cougars of B. Y. U. finally found the range and succeeded in catching and passing Eastern in the third quarter.

The last quarter brought a chill a minute as the score was tied five times in the last few minutes. But Kearns' skill at the 15 foot line ended 1952 with a victory.

A good example of Eastern's well balanced offense was the fact that all five Maroon starters hit double figures. Tolson, Bingham, and Kearns had 12 and Standford and Bales hit for 10. All five are seniors?

EASTERN 101, MIDDLE TENN. 63

The winless Raiders of Middle Tennessee, a newcomer to the O. V. C., found the long legged Maroons and the almost unbelievable ball playing of Elmer Tolson too much to cope with.

There was little doubt about the outcome as Eastern jumped

Maroon Mermen Defeated Twice By Tennessee Teams

The Maroon mermen opened their swim season last week returned from Tennessee on the short end of two scores. The double barrel blow was dealt by Tennessee Tech in the premier performance and University of Tennessee in the second attempt.

A travel-worn squad of mermen benefited Tech's 52-32 final score. Eastern took three first places to Tech's seven. Eastern's high scorer was Co-captain Gordon Fleck, who broke the pool record for the 200 yard backstroke and scored first in the 150 yard Individual Medley. Other Maroon scorers were Combs, Cronin, and Reed, winners of the freestyle relay, Vendl, Snavelly, Brooks, and Tompkins. Opening night jitters took a bit of a toll as was proved when the Eastern aquamen lost to a much stronger University of Tennessee team by an identical score 52-32. Pacing the scoring once again was the Maroon's undefeated Fleck who totaled 24 points for both meets. The medley of Fleck, Vendl, and Reed started the meet with a first. After coasting on seconds and third as by Cronin, Combs, Snavelly, Brooks, and Reed, Eastern struck hard three times in session with Fleck taking 200 backstroke and 440 freestyle and Durham winning the 200 breast-stroke.

The absence of undefeated John Noland handicapped the team in three events. The Maroons' next enter competitive waters when Tennessee returns a trip to Eastern and Eastern hopes to return a similar beating to them.

tury mark. Oddly enough, Eastern didn't break a 100 till after the final whistle ended the game. The score at that time read 99 for Eastern, but Bob Mulcahy was the calmest player on the Maroon's squad as he coolly made two foul shots while the stands roared with glee.

Last year on the same floor, the "Big E" led by the "Big Cat," Jim Baechtold, ran up a 124 points against the University of Tampa. There's no place like home!

EASTERN 91, U. OF L. 85

Whenever Eastern and Louis-

who doesn't look strong enough to carry out the towels, just couldn't miss the long shots if he wanted to. Along with Gaste-vich, who scored 15 points, and Noble, 12 points, he kept Louisville in the game.

Eastern had an amazing shooting percentage of 41 to gain their eighth victory in 10 starts. Bring on Western!!!

EASTERN 83, MOREHEAD 73

Those ever pesky Eagles of Morehead just don't know when to quit. Scoring only 16 field goals, they scored over half their total points as a result of Eastern charity. In the contest 64 points were scored from the fifteen foot free throw line. Morehead hit for 38 and Eastern 26. It was a typical Maroon-Morehead game that saw 64 personal fouls called against both teams.

Eleven Maroons saw action as four fouled out. Losing three of their starters, Eastern had to floor a patched up team during the last quarter. It was during the final period that Morehead put the pressure on, but their late surge fell far short, and Eastern pulled away to a ten point victory.

As far as scoring honors for Eastern goes, it was that man Tolson again. Elmer hit for twenty points in the first half and only six during the second half. Shirley Kearns scored 19 before fouling out.

SCRATCH SHEET
By BILL VENDL

The new year really got off to a bang. The Maroon cagers hit far above all expectations by their win over Brigham Young and then kept up with their collection of wins. It looks as if the tall men of Eastern have started a nice, profitable hobby—keep collecting those wins!

POLLS

Eastern has finally made a rating in the AP poll that was earned and deserved many moons ago. The nation's sports writers have placed the Big E 31st in the country. It is still a long stretch from where Easternites rate the cagers. If Coach Paul McBrayer keeps pulling his latest tricks out of his top hat, it won't be long till we're up where we belong.

COLLEGE PRESIDENTS NOTICE

Before anyone gets the wrong idea, let me state that Eastern is fortunate in having as good a president as it has. Now . . .

Many moons ago the national sports magazines put on a campaign calling attention not to the

players and coaches but to the presidents of the colleges and universities involved in the basketball scandals. Recently, the Courier-Journal brought forth a glimmer of this same idea.

Now that the National Football Coaches Association has made a CODE OF ETHICS, it's time someone made a list of ethics regarding athletics for college and university presidents. It seems a bit silly telling the coaches what to do and what not to do regarding ethics while the presidents foul up the main thoughts behind sports by putting pressure on the coaching staff. The military had a name for it . . . SNAFU, (Situation normal—all fouled up).

RAMBLINGS

All was still very hush-hush regarding the platoon system in football. By the time of the printing it may be abolished. The N. C. A. A. will make a decisive move one way or the other . . .

How can Tennessee papers rate the Eastern swim team as one of the best in the South before the

aquamen even swim their first meet . . .

The track and baseball lettermen finally got their E jackets and look mighty good in them . . .

Two questions looking for answers: (1) What has happened to the team spark of Stan Stanford (2) What has happened to "Pop" Tolson and may it happen to more of our players . . .

Look for a possibility of a new men's dormitory where the baseball infield is now. In this case the baseball field will be laid out the opposite of its present standing . . .

Also, could be that some additional tennis courts are being talked about. But —where will they be put . . .

The O. V. C. might still possibly be included in the NCAA national tourney. Right now there is an odd number of conference winners included—the O. V. C. winner would make it even . . .

Good luck in finals . . . Bye. B. V.

Just as the horses were lining up at the barrier, Mrs. Jones grasped Mr. Jones nervously by the arm and in a voice which was filled with emotion, asked him for a safety pin, and at the same time grabbed frantically for something that seemed to be slipping at the knees. Just then someone nearby shouted: "They're off!" Mrs. Jones fainted.

ARE YOU TOUGH ENOUGH FOR THIS JOB?

hollering on every shot. Jumping like a kangaroo, twisting like a snake, and shooting like an All-American, he scored 37 points before he was removed at the end of the third period. Coach McBryer just about cleared the bench as the Maroons raced against time for the cen-

After Chuck Nable's two free throws tied the game at 82-82, Eastern drive regained the victory. Bill Bales drove madly through the middle lane and drew a foul. He made his first shot, but missed the second only to have Jim Bingham tap it in for a three point lead. A few seconds later Tom Holbrook drew a foul and converted both shots to put Eastern way on top. Ken Davis and Roger Geyer ended the Eastern scoring with less than a minute left. Louisville had more height but not the fight that Eastern had. Tolson and Bingham controlled both the backboards and Kearns and Bales repeatedly stole the ball from the offensive Cardinals. Eastern's "Five Old Men," all seniors, had a stronger combination of speed, drive, and maneuverability than the long shooting Louisville team. There seems to be no stopping Elmer Tolson this year as once again he was big man for the Maroons with 19 points. Shirley Kearns, who was every place at once, scored 17. Very little Corky Cox, who took two dribbles and shot a long one all night, had 21 points. Cox,

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.

In The Service

Emory S. Harris of Anchorage, and Donald Akin of Danville, 1952 Eastern graduates, are already serving aboard every conceivable type naval craft from ice breakers and mine sweepers to destroyers and submarines. And they are serving, too, as jet pilots, beach masters, "frog men," and demolition experts.

In four rigorous months, members of this class—the eighth and largest since the school opened in June, 1951—covered the same naval subjects that college NROTC students do in four years. Ensign Harris and Ensign Akin were presented diplomas before a large audience by Rear Admiral C. E. Olsen, USN.

Corporal Lawrence Gay, son of Mr. and Mrs. William Gay, Waverly, Ky., recently was on a five-day rest and recuperation leave in Japan. Gay, who has been in Korea since last April, is a member of the 35th Regiment. He entered the Army in September, 1951. Gay is a former student of Eastern.

A former athletic coach who spent months and months in training learning how to navigate a B-29 learned in one easy lesson how to navigate a North African burro—"Stick out a leg and trip him until the burro gets the idea." That's the way Capt. Harry G. Lockname, class of 1940, stationed with a bomber squadron in North Africa, says it is done by the natives. Dear Editors:

Your new tabloid size Progress is easier to handle, seemingly easier to read and obviously better for mailing.

My wife, Lucy Teater '39, and myself, '37, enjoy the Progress very much since, at this distance from Kentucky, it provides our only contact with Eastern. We read even all the ads.

I have encountered many Kentuckians in Europe and also a few Easternites.

We appreciate especially the Alumni News which enables us to keep in contact with classmates who now are widely scattered.

Best of luck with your publication. Happy '53.

Sincerely,
Robert Creech

Marine Hdq. Announce Officer Training Course

All college seniors and graduates who enroll for the Marine Corps Officer Candidate Course which convenes March 12, will receive additional training as officers, Marine Corps Headquarters has announced.

"The need for college trained men is greater than ever before due to the present commitments of the Marine Corps," said the announcement.

After completing basic officer training, half of the new officers will be assigned to specialist training at Marine Corps Schools, Quantico, Virginia, and other service schools. Such schools as Engineering, Supply, Tank, Naval Gunfire, Artillery, Motor Transport, Communications and Naval Flight Training are being utilized to the fullest extent. The remainder, the announcement stated, will be assigned to various billets in the Fleet Marine Force.

The Washington announcement said officer training programs are open to both married and single college graduates, and seniors who graduate between now and 15 February 1953. It advised interested men to contact the nearest Marine Corps Recruiting, Re-

serve or Officer Procurement activity for an interview.

Once selected, applicants attend a ten-week Officer Candidate Course at the Marine Corps Schools, Quantico, Virginia. Upon successful completion of this course, candidates become second lieutenants, and start a five month Special Basic Course (included as part of the two years duty as a commissioned officer).

Reserve officer graduates of the Officer Candidate Course may qualify for regular commission upon graduation from the Special Basic Course.

TASTE BETTER!

Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?
You know, yourself, you smoke for enjoyment.
And you get enjoyment only from the taste of a

Luckies taste better—cleaner, fresher, smoother!
Why? Luckies are made better to taste better. And,
what's more, Luckies are made of fine tobacco.

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

THE CAT'S MEOW!

Only once in a great while is there anything unusual or interesting that happens around here. Since Christmas basketball seems to be about it, here's hoping you had a very big Christmas and a real happy New Year. Maybe by the time the next Progress is ready to go to press, I'll have some news for you.

Well, is Tommy Roberts going to make up his mind about June and Betty Jim or has he already done it? "Here Comes the Bride" is the song that fits "Red" Caywood and Charlie Proffitt right after Christmas. They had everybody fooled. Cynthia Jones seems to have the situation from U. K. pretty well in hand. Wonder why she doesn't give the Eastern guys a break, too. I hear by the grapevine that Virginia Sharpe and John Delaney have called it quits. Harry Tom Cooper, or at least that's what one of my little friend told me, has bought that yellow Mercury that was on display down town. Janet Campbell seems to be pretty happy these days. Could the reason be that boy she's always seen with? Well, the Eastern boys had their chance but looks like home won again. Bev-

erly Newton seems to have that ring on her third finger left hand again. I wonder what is going on. I've seen Frank Nassida and Bob Hatfield very dressed up several times lately. I guess they've finally decided to give some girls a break. Congratulations to Blanche McCown for being elected "Snow Queen." I almost got stepped on during the Louisville game. I don't think I've ever seen the Eastern crowd more excited over a game. Jimmie Sue and Bill seemed to have had a lovers quarrel but everything is back to normal now, I hear. Who was the girl that Ernie Rigrish was seen with one night down town from Eastern not long ago? I'm sure everybody will be in studying for exams from now on or at least they had better be. They aren't far off, you know. I hear that Lou Daniels and Jean are to hear the wedding bells in March. Looks like things are still going strong for Joyce Noe and John McKinney. I wonder how serious things are between Ed Burke and June Prather. They are together as much as they always were. The basketball team seems to be on the way to marrying with Shirley Kearns giving Kathryn a ring, "Cuz" Davis giving Joan one, and Roy Allison giving his to Nancy Harris. Betsy Otis was seen with Ronnie Pellegrin after the Louisville game, or at least dancing with him a lot. Bradford and Bobby Linderman seem to be pretty busy these days keeping up with Jackie and Toby. Can't

say I blame them though. They are certainly cute girls. Dean is really living these days with a new car and Kenny to go with it. That's not bad in anybody's books. See what I mean? There's just not a bit of news, so how about helping me out with some notes under the Progress door?

- "Gee, I Wish That I Had a Girl" to Ozzie.

AND NOW - CHESTERFIELD FIRST TO GIVE YOU SCIENTIFIC FACTS IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a competent medical specialist and staff on the effects of smoking Chesterfields. For six months a group of men and women smoked only Chesterfield—10 to 40 a day—their normal amount. 45 percent of the group have smoked Chesterfields from one to thirty years for an average of ten years each.

At the beginning and end of the six-months, each smoker was given a thorough examination including X-rays, and covering the sinuses, nose, ears and throat. After these examinations, the medical specialist stated . . .

"It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
