VOCATIONAL GUIDANCE PARLEY OPENS HERE

"Harvey" Arrives On The Campus

By Ann Hulker

"Harvey" has come to Eastern's campus. You may "see" him in the Little Theatre Club production of the hit Broadway play, HARVEY, by Grace Chase.

Frank Fay starred in the original production as Elwood P. Dowd, the genial crackpot, with his invisible friend, Harvey. Josephine who starred in the original play is now an Academy Award winner for her portrayal of Veta in the movie. James Stewart played Elwood in the movie.

The play will be given Thursday, May 3, in the Hiram Brock Auditorium.

Since his arrival, Harvey has been busy visiting around the campus. When asked his opinion of Eastern, Harvey stated that he thought the students very friendly and that he liked the Grille in the S. U. B. best of all. He declared that the girls were as pretty as any he'd seen, and that he hoped everyone of them would attend the play. He continued to say, however, that he had been very busy with rehearsals almost every night and consequently had had little opportunity to observe Eastern's night life. During the day he accompanies Harold Richardson, who plays Dowd, to all his classes. After accidentally overhearing a few conversations, Harvey expressed a desire to see a "suitcase," a "Rah-Rah" girl, the Ravine and "Burnam Beach" before his departure. He also hopes to meet Modzart.

Hard-working Mr. Keith Brooks is directing the play. In the cast are Harold Richardson as the amiable, eccentric Elwood P. Dowd; Leonora Noll as his sister, Veta Louise Simmons; Patricia Miller as Myrtle Mae Simmons, his niece; Anne Hulker as his aunt Ethel; Virginia Doyle as Ruth Kelly, R. N.; Dick Wilson as Duane Wilson, the sanitarium attendant; Martin J. Cunningham II as Dr. Sanderson; Joseph Rich as Dr. Chumbley; Betty Hume as Betty Chumbley; Harry Scalos as Judge Omar Gaffney, and William Greynolds as the cab driver, E. J. Lofgren.

MR. ARTHUR A. KLEIN, Vice-President of the Mullican Advertising Agency, Louisville, will speak on "Advertising and Business."

MISS FRANCIS H. CUNNINGHAM, Professor of Nursing, Frances Payne Bolton School of Nursing, Western Reserve University, will speak on "Nursing."

DR. A. W. HOMBERGER, Professor and Head of Biochemistry, School of Medicine, University of Louisville, will speak on "Medicine and Chemistry."

MR. LEE PELLEY, Principal, Eleventh District School, Covington, will speak in a panel discussion on "Teaching."

ELVIS J. STAHR, JR., Dean of the University of Kentucky Law School, will speak on "Law."

DR. R. E. SHAVER, Head of the Department of Civil Engineering, University of Kentucky, will speak on "Engineering."

Four Day Program

Starts Tuesday, April 17

Eastern's second annual Vocational Guidance Conference will be held here from April 17 through the 20th with more than 50 guest speakers on hand to take part in a program "to provide up to date vocational information for the students of Eastern."

KEA Vacation Begins Thursday

Spring vacation will begin on Thursday, April 12, and end on Saturday, April 14, according to Mr. Melvin E. Mattox, Registrar. While students are relaxing and enjoying themselves for three days, teachers from all over the state will be attending the 79th annual K. E. A. Convention in Louisville. The three day meeting will open on Wednesday, April 11. Approximately 7,000 teachers and school administrators are expected to attend.

Formal opening of the convention will be preceded by a meeting of the 210-member Delegate Assembly, policy-making body of the KEA, the afternoon of April 11. That body will meet again the following afternoon to nominate officers. The officers will be elected by secret ballot the concluding day of the convention.

Miss Eliza Clark of Russell, association president, and Dr. Corina Mowry, president of the National Education Association, will be among speakers April 12.

Earl J. McGrath, U. S. commissioner of education, will be principal speaker at the final general session April 13. New KEA officers also will be installed at that session.

The convention program will include, in addition to the general sessions, 39 sectional meetings, nine breakfasts, 18 luncheons and five dinners sponsored by various groups.

Mentioned as possible candidates for president to succeed Miss Clark are C. D. Redding, superintendent of Frankfort city schools and KEA first vice president; Lyman V. Ginger, director of the Department of Instruction and Placement of the University of Kentucky College of Education and president of the Kentucky High School Athletic Association, and Mrs. Jesse Adams, teacher at Lafayette High School, Lexington.

Miss Fowler Designs Souvenir Plates

Miss Allie Fowler, assistant professor of Art, has produced a souvenir plate of Eastern. It has as its center, a picture of the Student Union building and an intricate border which is interwoven with symbols of all departments and extra-curricular organizations of Eastern. The plate is done in black on white with a contrasting band of maroon. These plates are on sale at \$2.50 each and may be ordered directly from Miss Fowler or the College Book Store. Miss Fowler is busy now designing other buildings for the center. It will be possible eventually to get a series of plates with the various buildings on Eastern's campus as centers. Miss Fowler also expects soon to have ready for the market, stationery with engravings of Eastern scenes.

Senor de la Rosa Is Chapel Hit

One of the best chapel programs of the year was presented here last Wednesday by Senor Roberto de la Rosa, Cultural Agent of the Mexican Government presently assigned at St. Louis.

Highlighting an informative talk on the importance of "better feeling" in Pan-American relations, Senor de la Rosa sang some of his own country's folk songs while playing his guitar. He concluded his program with a warmly received takeoff on hillbilly music.

Vice Versa Dance Proves Big Hit

By Kay Wilson

On the night of March 30, and with my best manners — even though I was kept waiting 15 minutes — I remembered to hold all doors open for my charming date, and to walk on the outside of the walk.

We arrived. When the Double K began to play, I held out my hand. We danced.

Until the evening was over I assumed the manners of a perfect escort. Not until the chimes in the Student Union struck 12:00, did I, like Cinderella, become my old self again. Though the Vice Versa Dance was lots of fun, it's just as nice to be a girl again.

Students will have the opportunity of attending 24 sessions on subjects ranging from "Teaching As A Profession," "Social Work," "Industrial Arts," "Music, Art and Drama," "Law and Banking," to "The Church-Related Vocations," and "Radio, Television and Journalism." Various other fields of vocation will also be covered.

Conference Opens

The conference will officially open Tuesday, April 17 at 9 a. m., in the Little Theatre. This opening session will be in "Chemistry." Dr. Henry R. Krieger, of the William S. Merrill Company of Cincinnati, is the principal speaker.

Tuesday's activities will conclude at 4 p. m. in the Little Theatre when Mr. Ben Shaver and Mr. William A. Edie will speak on "How to Apply for a Job." Mr. Shaver is head of the Civil Engineering Department at the University of Kentucky and Mr. Edie is Office Employment Manager of the Grider Corporation of Louisville.

On Wednesday, the opening conference is scheduled for 10 a. m., at the chapel. Miss Emily Chervenik, of the Placement and Occupational Counseling Bureau from the University of Wisconsin, will speak on "Relating Your Major to Your Job Choice." The final session on this day will take place in the Little Theatre at 4 p. m. when Lt. Ruth Hagerling will speak on "Women in the Armed Services." Lt. Hagerling is attached to the U. S. Navy Recruiting Station at Cincinnati.

Miss Martha Remmy, Art Director and Package Designer of the Richardson Taylor Globe Corporation of Cincinnati, will open the activities at 9 a. m., speaking on "Applied Arts," in the Blue Room of the S. U. B.

Mr. "Van" Awaits 16th Band Camp

By Betty Smith

The Foster Music Camp which is held annually at Eastern begins its sixteenth season on June 17, 1951. For five weeks, students from all over America and Canada will be under the direction of James E. Van Peursem, director of Eastern's Music Department. The camp is available to those students who play in high school bands or orchestras. By April 15th, quotas for instruments will be made from those applications which have been received. Applicants are chosen by qualifications and priority of application.

Mr. Van Peursem will be ably abetted by the Music Department members and other outstanding musicians. The daily schedule consists of band and orchestra rehearsals, possibly three public concerts per week, ensemble rehearsals, instrumental classes, marching, recitals and listening hours. Former Foster campers have gone on to play with the Cincinnati, Louisville, Baltimore and Toronto Symphony Orchestras. Others are now serving as successful and inspirational high school and college music instructors.

"Belle Lettres" Invites Writers

Do you like to write? If you do, why not contribute to Belle Lettres? Short stories, biographies, poems are eligible. Belle Lettres is a magazine published by the Canterbury Club here at Eastern. The magazine is supported entirely by sales made. Read the next issue. Your best friend may be another Shakespeare! Anyone interested is invited to submit material before Spring vacation to Dr. Clark, Evelyn Rogers, Dallas Miller or Bill Strong.

Milestone Staff Completes Work

Plans Are Underway For 1952 Annual

By Patsy McAnelly

Everyone waiting for a detailed report on the Milestone will have to wait a little longer for anything definite. The members of the Milestone staff have done their part here and turned in the work according to schedule. Whether it comes out late in May as planned depends now on the publishers. At the present the editor is receiving proofs of the pages from the printer.

A surprise report about the theme, color, and contents of the Milestone will come out in the Progress in May.

Plan For Next Year

Plans for the '52 Milestone publication next year are underway. The students working on this are juniors and sophomores this year.

Advisors for the Milestone are looking for students to fill these positions: Editor who has charge of publication, Business Manager who handles all business affairs, Class Composers—people who see that the pictures of each class are in order and properly labeled, Theme Advisors—who plan the theme of the annual and work with the art advisor carrying through the theme, Photograph Editor—responsible for the snapshots and local photographs and Typists—type for the printer.

The editor and business manager are selected by Mr. Brock and President O'Donnell.

It is hoped to lay the general plan for the Milestone this April so that contracts can be let this summer.

The purpose is to make it possible for the Milestone editor to begin at the first of school next year to avoid rush, and insure the annual's arrival before the school term ends.

Any junior or sophomore who wishes to have a position should see Dr. LaFuze as soon as possible.

Aptitude Tests For College Students

To Determine Military Status

Twenty educational institutions over Kentucky are included among centers where an estimated 800,000 college student may take aptitude tests May 26, June 16 and June 30.

The tests will determine whether the students are sufficiently promising as college material to warrant their deferment from military service.

The centers were chosen on the basis of population, college and school location, and proximity to other centers.

Each center is identified by a number. Applicants for the tests must identify the center of their choice by the number and city.

The Kentucky centers include: 390 Ashland, Ashland Junior College; 391 Barbourville, Union College; 392 Berea, Berea College; 393 Bowling Green, Bowling Green College of Commerce; 394 Bowling Green Western State College; 395 Covington, Villa Madonna College; 396 Danville, Centre College of Kentucky; 397 Frankfort, Frankfort High School; 398 Frankfort, Kentucky State College; 399 Georgetown, Georgetown College; 400 Lexington, University of Kentucky; 401 Louisville, Louisville Municipal College; 402 Louisville, University of Louisville; 403 Morehead, Morehead State College; 404 Murray, Murray State College; 405 Owensboro, Senior High School; 406 Paducah, Paducah Junior College; 407 Richmond, Eastern Kentucky State College; 408 Williamsburg, Cumberland College; 409 Wilmore, Asbury College.

Initiation Held By Home Ec Club

By Marilyn Harrison

On Tuesday, March 19th, the Home Ec Club held formal initiation services for fourteen new members. In a very interesting way the program committee presented the history of the club and the Home Ec Department at Eastern. A career pageant depicted the various fields for which a Home Ec Major is qualified.

The A. F. E. A. awards were given to the following seniors: Mrs. Charles Brown, Lorene Burris, and Nellie Lou Steele. A Tea was held in Walnut Hall following the ceremony.

Student Union Means That

All of you have possibly noticed by now the sign in the Grille prohibiting soft drinks in the Rec. Room. No doubt at first this seemed like an infringement on our cherished liberties, but really it isn't. Let's be honest with ourselves. There isn't a campus in the country with a S. U. B. that surpasses ours and few having one that equals it. Visitors to the campus seek it out and yet we keep it looking like a perennial "pig-stye" by discarding cokes, coffee and other liquids carelessly about the floors and furniture. The name Student Union means just that. It is a place where students may relax and enjoy themselves during leisure time. For this privilege we must maintain it decently. A good thing to use for a guide would be this old saying—"Act here as you do in your home."

Draft Standards Too High?

America will be ill-prepared for all-out war unless its armed forces abandon the unreasonable high standards which are screening able men into the 4-F junk pile.

That's the finding of a Cosmopolitan magazine reporter who claims that the new mental test for the service would have eliminated some of the best fighting men of World War II, including Congressional Medal of Honor winners.

Writing on "The 4-F Scandal" in the March issue, the reporter quotes Selective Service Director Lewis Hershey as saying that he doesn't believe six million of the nation's 150,000,000 people could pass present-day induction standards.

According to the article, "an artful draft dodger could deliberately flunk the Armed Forces' mental test. Despite double checks on flunkers, fifty percent of the men rejected between last July and October were turned down for failure to pass the mental examinations."

The author states that one out of every four registrants is rejected for physical defects. He names top-flight athletes—golfers, gridiron stars and baseball players—who were listed as 4-F's during World War II. "Today," he points out, "the armed forces have raised, instead of lowered, the unreasonable standards they applied during the last war."

Colonel Warner Bowers, chief surgical consultant to the Army, believes that the wholesale rejection of selectees is a national disgrace, says the reporter. The same officer, he adds, drew up a memorandum showing that the 4F's could handle more than fifty per cent of the Army's jobs.

Beware of Campus Drivers

Boys and girls of college age are supposedly endowed with common sense. They should be capable of differentiating between the foolish and the sensible. A day on the campus and one begins to doubt the foregoing. To begin with, the campus has more than its share of cars, naturally driving congestion follows. This in itself is a problem without adding to it the number of crazy speed merchants who careen through the campus with reckless abandon, endangering the lives of the lower grade students as well as those of their fellow classmates.

Most of the congestion is caused by those drivers who insist on parking in front of the Training School in the restricted zones. The aftermath is that parents picking their children up or letting them out must double park to do so. The necessity for these tots to go on the street to enter or leave the parent's car makes them likely prey for some of these menaces behind wheels. Think of it this way. A car is a wonderful invention, an almost indispensable convenience and a true enjoyment. But at the same time, in the hands of a "moron" it is a deadly murder weapon and a source of great sorrow. If we realize the plus and minus possibilities of it, it will help us to operate it with full regard for our lives and the lives of others.

You, Too, Need Guidance

As the time for Vocational Guidance Conferences approaches, note the keen interest of some and the callous indifference of others at the prospect of being active participants. Note too, how many realize the full meaning of this term and the tremendous bearing it has on them and the years directly ahead.

A student of English could tell you that the word "vocation" comes from the Latin "voco-vocare," meaning call or calling. Applying this to ourselves it means simply our calling in life, whether it be teaching, flying or some other field of endeavor. You may say, "Fine, but why worry about it now?" Now is the most opportune time because you must put meaning into college and this can only be done by having some basic drive or incentive for being in school.

If we do not know what our aspirations are or which way we are going, how can we hope to be successful in later years. These conferences bring to the campus people from the walks of life we will one day be treading. They have enjoyed various degrees of success and are in an excellent position to know the ingredients that lead to this happy state. If we go on the assumption that we are here to prepare for the later years, how can we be honest with ourselves if we spurn the advice of such people as these? We pride ourselves with being realists so why not face reality and enter into these events with open eyes and enlightened attitude. Frank Leahy

STUDENT PERSONALITY

MRS. BETTY SMITH

Introducing Mrs. Betty Anne Webb Smith, a recent Eastern bride. This attractive young Commerce Major from Ashland is one of those three outstanding drum majorettes who headed Eastern's fine marching band the past year. This blue-eyed lass recently won the "Miss Television" contest in Huntington, W. Va. The title earned Betty a trip to Chicago where she participated in the first national "Miss Television" contest. Although currently serving the dual role of housewife and student, Betty entertains the secret ambition of singing with a dance band. She also had a part in the recent campus production, "Years Ago."

Basketball Change Made to Quarters

College, A. A. U. and Y. M. C. A. basketball games will be played in 10-minute quarters in the future instead of 20-minute halves, the joint rules committee voted recently.

The change was the only one made in the code by the group which controls the playing of the game in both the United States and Canada. The committee is made up of representatives from N. C. A. A., or collegiate phase of the game, the A. A. U., Y. M. C. A., high schools and of Canada.

The high schools will continue playing eight-minute quarters. The interval between the first and second quarters and between the third and fourth quarters was cut to one minute. Previously the high schools had been given a two-minute rest. All quarters will start with a jump ball.

Big 7 To Experiment
The law makers, who had been asked by the coaches not to tamper with the rules, also said that some games in the Big Seven Conference would be played under the experimental rule that would prohibit the waiving of the free throw. If the toss is made, the offended team would retain possession but if the throw is missed the ball would continue in play.

The Pacific Coast Conference will try another version in some of its games. In the west the waiving of the free throw also will be prohibited and all personal fouls in the final three minutes will be two-shot affairs.

Spring Grid Drills Close, Baseball Opens

Maroon Nine Bows In Openers

Coach Turkey Hughes' varsity baseballers, defending champions of the Ohio Valley Conference, open defense of their crown here this afternoon meeting the Morehead Eagles on the campus diamond.

The Maroon nine, hampered continuously in prep drills by bad weather and wet grounds, went into the season opener here last Thursday with only four outdoor practice sessions. The Hughesmen bowed to Miami University of Oxford, Ohio in a 20-8 slugfest. Last Friday afternoon, Berea shut out the Maroons 5-0 on the fine hurling of big Bill Huntsman.

Additional Strength

Eastern's baseball outlook is not as dark as the two openers might indicate. A few days of practice coupled with the return of several players from his football squad should aid the varsity nine greatly. Gridders Howard Gracey and Carl Eagle should give the Maroons more power. Gracey is a long ball hitter and a good outfielder. Eagle, who only recently donned grid togs after winding up his basketball career, should improve Eastern's pitching staff and also help in the hitting department.

Bellevue Wins College Tourney

By Jerome Young

The Bellevue Rockets climaxed an undefeated season in intramural basketball by defeating the Flying Eight 48-34 to regain the Intramural Basketball crown after an absence of one year.

Bellevue raced over Godby's Tigers 100-48, outshot the Shooting Stars 96-34, and slowed Rogers Rangers 69-38 to advance into the championship game against the Flying Eight.

The runner-up drew a first-round bye and then downed the Cougars 43-27, and surprised the Termites 46-44 before losing to Bellevue.

Members of the Bellevue championship team are Walter Green, Bob Faust, Roy Kidd, Don Augsback, Paul Trieschman, Carl White, Afton Kordenbrock, and Carl Plantholt. Ray Feld of Cov-

Gibbs' Whites Win Grid Battle

Eastern's third annual intra-squad game last Friday night ended the varsity's spring football workouts. Captain Brian Gibbs' White squad scored a 14-7 win over over Captain Bob Shockley's Maroon crew in a hard fought battle that had two players tossed out of the game for unnecessary roughness.

Both teams played good hard football as Maroon mentor Tom Samuels eyed the battle and shaped plans for the tough schedule ahead next fall. With 13 seniors to be lost by graduation, Eastern will have several additional losses of key personnel when some of the gridders are called into active military duty before September.

0-0 At Half

After a scoreless first half, the "Whites" took a 7-0 lead late in the third quarter when frosh quarterback Roy Kidd pitched a 17 yard pass to Brian Gibbs. The placement conversion was by Gibbs.

The Whites scored again in the fourth period when Paul Greene romped 21 yards on a pitchout. Gibbs again converted to make it 14-0.

Maroons Score

The lone Maroon touchdown came seconds after when quarterback Jimmy Hanlon threw a 10 yard pass to Jack Bond who ran 65 yards to score. Dick Lambert kicked the extra point.

Those Frosh

Sophomore: "Why did you leave your girl's house so early?"
Freshman: "We were sitting on the sofa and she turned out the light, I guess I can take a hint."

Voice of Eastern
The Maroon basketball squad will play two intra-squad games before winding up spring practice sessions. Coach Paul McBrayer will divide his squad into a "Maroon" and "White" team. The first game will be played at Beattyville on April 20 and the second will be played here at the college gym on April 23.

Those who missed the football intra-squad battle lost out on a good game. Both teams played good, clean, hard hitting football. If they have that "fight" throughout next fall, they should go undefeated.

Hats off to Carl Eagle, a senior from Harlan County, who really likes to play ball. After winding up his basketball career he immediately went out for football and now has become one of the leading halfbacks. Now that the grid drills are over, he's out for baseball. The "Harlan flash" plays all the sports very well. (He is eligible for varsity football next fall).

Did you know that the gang across the river is going to play Dartmouth in basketball next year. Dear, dear, Mr. Rupp, how soft do you want them? **OVERHEARD AT THE STATE TOURNAMENT**—"It's been so long since I've seen a good college team come to Lexington. I'm going to see Eastern's games next basketball season and see some real "contests."

In contrast—congrats to the Kentucky Wildcats on winning the NCAA. Spivey, Hagan, Linville, Ramsey and company are a fine bunch of young men. Add Walt Hirsch to that crew too. Most everyone in this area was pulling for them in the tourney.

COACH MCBRAYER

PANEL SPEAKER—The "big Irishman" will lead a panel discussion on "Social Service—Physical Education and Recreation" next Tuesday afternoon at 2 p. m., in the Blue Room of the S. U. B. Other members of this panel are Mr. James Burnett, Social Service worker of Lexington, Mr. T. J. Ranty of the Veterans Hospital of Lexington and Coach Ralph Carlisle, basketball coach at Lafayette High School.

Maroonettes In UK 'Play Day'

By Ruth Cheatham

Eastern's girls' W. R. A. Club closed the season by taking part in a "play day" held at the University of Kentucky's Memorial Coliseum last Saturday. Mrs. Betty Blanda's Maroonettes defeated Morehead's girls crew in basketball and volleyball.

Following is the basketball record of the past season; Berea 57, Eastern 27; Nazareth 37, Eastern 31, Louisville 12, Eastern 42; Cincinnati U. 41, Eastern 30, Eastern 31, Cinn. 28, Nazareth 47, Eastern 41, Ursline 39, Eastern 39.

In the last home game, Midway Junior College topped Eastern 48-45.

Why Was Happy Fired? Baseball Fans Should Know

"The baseball people made an awful mistake in firing Happy Chandler without giving a reason for their act," George P. Marshall, owner of the Washington Redskins pro football club, said a few days ago.

Maroons Honored, Baechtold Voted Most Valuable

By Don Bales

Eastern's annual basketball banquet honoring the Maroons was held in the cafeteria, Monday night, March 26th. Mr. Blanton Collier, backfield coach for the Cleveland Browns professional football team served as toastmaster. Mr. Collier introduced the guests and also Coach Paul McBrayer who in turn introduced his lettermen. Dinner music was furnished by members of Eastern's Music Department and Mrs. Vasile Venetozzi who favored the guests with the songs "America" and "My Old Kentucky Home."

Jim Baechtold, who was chosen by the squad as being the most valuable player, was presented a Bulova watch. This is the first year an award has been given the most valuable player. Carl Eagle, Joe Harper and Harold Moberly were given luggage by the Richmond Press Club. They are the graduating seniors.

The Honorable Lawrence Wetherby, governor of Kentucky, paid high honors to Coach Paul McBrayer and his Maroons.

The banquet was closed with Reverend W. H. Poore delivering the Benediction.

Street Deaths

Speeding on U. S. streets and highways last year injured 475,500 men, women and children.

Marshall stopped in Chicago en-route to California for a vacation. "They not only hurt baseball," he continued, "But they hurt all professional sports."

Marshall said baseball owes it to the fans to tell them the real reason of Chandler's ousting.

"Baseball must give its reasons for dispensing with a competent man," he said. "Baseball has put a stigma on itself and the appointment of a Chandler successor won't remove that stigma, either."

Why did Happy Chandler get ousted? That is the question in the minds of millions of people today, and there has been no reason given to the public as to why he was ousted. Many of the baseball players are forming party meetings to send someone to represent them and get Happy to be a special representative for the baseball players themselves.

According to the Courier-Journal, March 24, 1951, Happy Chandler, baseball's unfrocked high commissioner, tossed off a few humorous cracks about his troubled office at Los Angeles. It was Chandler's first appearance before a major gathering since the major league owners recently, in effect, voted him out of office. He also said, "Baseball is near to my heart," and "I can say it now without hoping to be re-elected to office."

At another point, Chandler said he considered the offer to become commissioner in 1945 as "one of the highest" that could be tendered a man.

So, Why Not Give The Public The Reason for Chandler's Ousting! ! ! !
