## K.I.A.C. TOURNEY OPENS HERE TODAY

### Plans For Construction Of New \$150,000 Men's Dormitory At Eastern Are Made At Meeting

**Board Of Regents Directs Architects To Prepare Plans, Specifications For Men's Hall To Be Started July 1**

#### TEACHERS ADDED

Plans for the erection of a new men's dormitory at Eastern Ky. State Teachers College out of the \$150,000 appropriation recently approved by Gov. A. B. Chandler were made by the Board of Regents of the college at a meeting held here Saturday. The new building will occupy the site of the old section of Memorial Hall now used as a men's dormitory and built in 1883 by Central University.

The Board directed C. C. & S. K. Weber, architects, Ft. Thomas, Ky., to prepare plans and specifications and advertise for bids in order that contract might be let to be effective July 1 when the special state appropriation for the building become available. Decision to tear down the old Memorial Hall dormitory was made when the architects reported that the cost of remodeling it would probably be more than the cost of an equal number of rooms added to the new building. The annex to the present men's dormitory built in 1920 will become a unit of the new building.

Dr. H. L. Donovan, president of Eastern, called attention to the urgent need for an industrial arts building and recommended that about \$25,000 of the appropriation be set aside for this purpose. Plans for the industrial arts building were made about a year ago when the W. P. A. approved the project but found that labor was not available in Madison county to erect it.

Extra teachers employed for the spring term beginning April 4 were Miss Mary Katherine Jasper, Richmond, sociology, who has received her master's degree from the University of Kentucky; C. W. Reynolds, Corbin, science and mathematics, who will receive the Ph.D. degree from Peabody College in August; Miss Nell Hogan Brady, Greenville, Ky., government and history, a graduate of Randolph-Macon who has the master of arts degree from Peabody; Miss Bess Alice Owens, Pikeville, Ky., English, who will receive her Ph.D. degree from Peabody in August.

Other business transacted by the Board included the granting of degrees for four students who completed their work at the end of the first semester in January, and extension of two life certificates. Financial reports were also studied by the Board showing detailed operations of the college for the six months ending December 31.

Members of the Board present for the meeting were H. W. Peters, state superintendent, chairman; Lieut. Gov. Keen Johnson, J. W. Cammack, Owen; H. D. Fitzpatrick, Prestonsburg, and Jesse M. Alverson, Lexington.

### Milestone Contest Winners Given

**Stories Submitted By Hamilton, Lewis And Maurer Selected**

#### BRIGHT WINS

The winners in the Milestone story writing contest, as given to the Progress in an exclusive story, are Clyde Lewis (satire), Russ Hamilton (fiction), Ralph Maurer (sports) and Billy Bright (poetry). These students will have their articles published in a new and novel section of the Milestone, and, in addition they will receive a prize of \$1.00 and special recognition in the yearbook.

Clyde Lewis, a sophomore at Eastern, won the satire division of this contest with a story, dealing with the horrors of war. Its title is "Sheep in the Meadow."

Russ Hamilton's story, about a man who, until his dying day, stuck to two vows which he had made, will appear in the yearbook as first place story in the fiction division.

Ralph Maurer turned in the best sports story. It concerns the man who has given Eastern some athletic prestige. His article has the title, "Dead Pan Rome."

Billy Bright, of local vintage, wrote a poem bearing the title, "The Devil's Henchman," which won him first place in the poetry contest.

### Noted Educator Addresses Groups On Reading Habits

**Dr. W. S. Gray, University Of Chicago Here On February 16**

#### AT ASSEMBLY

Dr. W. S. Gray, professor of education of the University of Chicago and executive-secretary of the University Committee on the Preparation of Teachers, addressed the students and faculty of Eastern at the assembly hour Wednesday morning, Feb. 16, on ways of improving the reading ability of college students.

"There never has been a period when the challenge for interpretative reading was so great as it is today," said Dr. Gray. "No reading act is effective," he stated, "unless it leaves the reader a changed individual from what he was before the reading act was begun. Unless he has new interests, new attitudes, new interpretations, new desires, and new drives the act is ineffective."

"The value of reading lies largely in the area of interpretations, the utilizing of ideas discovered by reading, and the modification of the reader's personality," asserted the speaker.

Dr. Gray stressed the value of an active and responsive mind in reading, the necessity of an appropriate background of ideas with which to associate new ideas grasped from reading, and the great importance of getting mentally set before beginning to study.

At the close of the assembly period Dr. Gray urged the students to discover at what time they are able to do their best work, and then utilize this knowledge. He discussed with a large group of students a number of reading difficulties at an afternoon session, and addressed the members of the faculty in the University auditorium.

A great deal of poetry has been submitted to the editorial board of the anthology, but very little prose. Students who are interested in having their work appear in "Belles Lettres" are urged to submit both poetry and prose to one of the following: Dr. Clark, Agnes Edmunds, Lucile Nunnally, Clyde Johnson, any member of the English faculty or of the Canterbury Club.

#### COMMITTEES LISTED

At the regular monthly meeting of the Junior Class held in the Cammack building Monday, February 14, plans for the Junior Prom were the chief topics of discussion.

According to William Hagood, president, a cinema will be sponsored during the first week of March to create interest and to gather the necessary financial aid "to make this the best Prom in the history of Eastern. However, stated Mr. Hagood, "we must have the complete cooperation of every member of the Junior Class before anything like a successful show can be put on."

Forty-six people have been appointed to the various standing committees, and these committees were authorized to begin activities immediately in the field assigned to them.

The closing half of the program was taken by the eminent Earle Combs, base coach of the world's champion New York Yankees and former luminary of the same club, who discussed the Yankees' chances to repeat their victory of last season again in collaboration with Mr. Charles A. Keith, Dean of Men.

The next regular meeting of the Junior Class will be Monday, March 1.

Welcome To Eastern

For the second consecutive year Eastern is host to the Kentucky Intercollegiate Athletic Conference basketball tournament—the climax of the season's exhibition of skill, school spirit and sportsmanship by representative teams of the Conference. Eastern regards this as an opportune time to continue her friendly and cooperative acts. She marvels at the interest and enthusiasm in which the contesting teams, followers of the various teams, and citizens of the Commonwealth display in an effort to make the spectacle successful.

Eastern welcomes K. I. A. C. participants, their followers, and every Kentucky citizen to the campus for this great event. She trusts that you will enjoy your visit; that you will return to your respective places with favorable remembrances of the host institution.

While on the campus join us in our activities. Feel free to take advantage of our offerings. Be one of us... AND visit us again.

A STEP FORWARD

The Student Relationship Council, at one of its recent meetings, decided to carry on an extensive program to educate Eastern students for self-government.

The council, under the able direction of Ottwell Rankin, president, and Mrs. Emma Y. Case, faculty sponsor, is not attempting to force self-government upon the students; their primary purpose is to educate the students upon this important subject.

During the first semester the Progress carried a series of editorials and articles on student government in an effort to create an interest in this form of democratic government. We did not attempt to outline any specific plan for student government at Eastern, instead our objectives were: (1) To create an interest in student government; (2) To familiarize the student body with systems of student government which have been employed at other institutions; and (3) To show the direct advantages of such a governing body.

The Progress does not feel that it has accomplished all of these objectives. We do, however, believe that advancements toward obtaining a system of student government for Eastern have been made. The very fact that the Student Relationship Council is considering

this vital question is proof that the movement is progressing.

We advocate that other campus groups and organizations fully consider the possibilities for student government at Eastern, that they make every effort possible to become acquainted with this democratic ideal, and that they cooperate wholeheartedly with the Student Relationship Council and the Progress in bringing this measure to the front.

Assembly Manners

Presumably, we, the students of Eastern, are cultured persons who have come to college for the purpose of securing an education. Our assembly programs are planned for the purpose of helping us secure this education. If we really desire an education, we will listen to the assembly speakers, who, as a rule, know more about their subjects than the majority of the students, instead of talking while they are lecturing.

Of what value is a lecture to one if one talks continually during the lecture, repeats phrases after the speaker, criticizes the grammar, content of the speech, the enunciation and posture of the speaker, etc? If a student's opinion is more important to those who sit near him than what the speaker is saying, then he should be making the speech instead of the speaker. The truth is that the person who does all this talking during the assembly programs, thus making a nuisance of himself, usually is the person who really needs to listen to at least one good lecture, a lecture on courtesy. The speakers, whether visiting or faculty, expect the attention of the audience, an audience which they think is composed of intelligent, well-bred, college men and women. But what is their impression when they are confronted with the student who talks continually to his neighbor, laughs, and considers himself "tops", his ideas the only important ideas in the world?

The three hours devoted to assembly programs each week are not to be used as conversational periods, courting periods, or sleeping periods. If we, as education-seeking students, can not sit for fifty minutes three times a week and listen courteously to the programs arranged for us, then we should not be in college. If we feel that we must criticize the speaker, we should at least wait until we have been dismissed to begin this criticism. If we feel that we must sleep, or get in a little courting, then it would be far better, if we did not go to chapel, rather than go and embarrass Dr. Donovan, the faculty, the speaker, and our fellow students by our flagrant display of bad manners. (A. E.)

Professional Not Political

By a vote of 53 to 33 the bill to make the office of the county school superintendent elective was defeated in the Kentucky legislature last week. Earlier in the session the bill was defeated 62 to 35. School people of Kentucky should be grateful for this victory. It was a victory that will enable the school systems of the Commonwealth to operate professionally and not politically. It is not only a victory for the present county superintendents, elected by county boards of education who in turn are elected by the honest vote of interested parents, and a defeat for political job-seekers, but it is a victory for thousands of Kentucky school children who will receive the benefits derived from the selection of competent school administrators and a defeat for selfish interests who attempted to pass the bill over the head of one of Kentucky's greatest professional groups.

Gleanings

Tests show that the average sophomore at the University of California has a vocabulary of 14,500 words, almost three thousand more than the average American adult. Woodrow Wilson was said to have had a 110,000 word vocabulary.

Even though George Washington did cut down a cheery tree, we believe he would be opposed to the wholesale slaughter of timber which is taking place in this good old Commonwealth. Which reminds us that we wish to recognize the work of the Supt. of Grounds who is doing a bit of tree-surgery on the campus.

Our editorial in the issue of Feb. 11 concerning the Progress office may not have had the desired effect on certain parties, but it did (we feel) influence certain students to use the library during their study hours, get reporters to observe the deadline (insofar as equipment and environment would permit) and to create a real interest among staff members in the securing of such essential equipment.

Those students who use unfair methods during examinations are cheating themselves... and those instructors that stereotype grades from semester to semester and from year to year, are cheating students and themselves.

There can be only one winner from the standpoint of points... there can be eleven from the standpoint of sportsmanship.

Progress Post Office

Dear Editor: As a non resident of the campus, it has been my displeasure to carry with me all day my top-coat, hat, books, lunch, etc., from one class to another. This beginning to get monotonous. Have you ever had a similar experience? Dad's old plow-horse (his name is "Jack") must do this sometimes but that's horse work. Horses eat oats, hay and fodder, that is if they can get them. I don't like his rations. "Jack" doesn't seem to mind... but just look who he is. Did you ever get your hands dirty and try to wash and dry them at our wash rooms? Oh, yes, I am familiar with the way the towels were treated a few years ago when they were supplied by the college, but am I expected to carry a towel with me to each class, to lunch, to chapel, and to every other place that I go from 6:45 a. m.—when I leave home—until 5:35 p. m. when I get back to the starting point? Why not have some modern wash rooms and lockers? Very truly yours, A Peda Gogue

Library Notes

By FRED MAYS Recently one of our assembly programs focused attention on the matter of reading. From remarks heard on the campus, it would seem that Eastern's student body has rapidly become conscious of the importance of learning good reading habits.

Let us suppose for a moment that we do form desirable reading habits. How are we going to use them? Will we read only the material which has been assigned in our classes or will we use our increased capacity to widen our perspective and increase our appreciation of things we have not yet been able to enjoy? Many of our foremost educators have advised students to utilize at least part of their leisure time for the purpose of becoming better acquainted with types of literature they have not touched upon in their previous reading.

If you listen regularly to the concerts featuring Arturo Toscanini, perhaps, you would be interested in his biography. If you "go for" Benny Goodman (and who doesn't), you might be interested in the magazine articles dealing with the evolution of swing music.

You can probably think of many interests in which parallel reading, which will be both enjoyable and profitable! The library staff invites you to use the library for this purpose, and will be glad to help you find material on any subject which interests you.

Eastern Broadcast To Dramatize Book

The dramatization of "A Century of Public Education in Kentucky," written by W. L. Keene, of the English faculty of Eastern State Teachers College was presented on Eastern's broadcast over WHAS on Wednesday afternoon Feb. 16, under the direction of Miss Pearl Buchanan, director of dramatics at Eastern. Students who participated in the drama were Carolyn Moores, Ralph Pendery, Hiram Brock, Jr., Charles Warner, Norbert Rechtin, Doniphan Burrus, Estlie Swan, and Owen Gribbin, all college students, and Anne Whitehead, Nancy Reichsparr, Edgar Brandenburg, and William Crutcher, Training School students. Music for the program was furnished by Eastern's string quartette, composed of Flora and Doris Kennamer, Mary Jo Leeds, and Ruth Walker.

Alumni News

By SAM BECKLEY Alumni Secretary

An effort is being made to secure a one hundred per cent enrollment of the present senior class in the Alumni Association. Hoping that the precedent of one hundred per cent membership in the Alumni Association set by the class of 1937 would be followed this year, a member of the present senior class has written the following article:

College consists of more than classes, examinations, chapel programs, and dates. True all these things make up the greater part of college life, but when I say that it consists of more than these, I refer to the life-long friendships made at college—those classmates whom we would like to have near us always. Of course it is impossible that college friends be as closely associated in later life as they are during college days. However, through the Alumni Association it is possible for them to keep in closer contact than it would be were there no Alumni Association. As a freshman, I regarded the importance of Homecoming Day with a great deal of skepticism. To my surprise, I found that it was one of the biggest events of the year. Those who returned to their Alma Mater for that day of reunion with old friends—both classmates and teachers—seemed very glad to be back at Eastern. Everywhere I was confronted with the joy of those who were again with old friends.

As a sophomore I again regarded Homecoming Day scornfully. "It was not real joy, only feigned," I said to myself. But again had I been deceived; it was real joy, some of which I experienced myself when I saw among the homecomers some of my friends of the previous year.

Now, as a senior, I am grateful to the Alumni Association which makes possible this Homecoming Day. When I contemplate the separation from my friends, which must come, a loneliness seizes my heart, and makes me want to cry out against fate which makes necessary this separation. I am truly thankful when I remember that there will be Homecoming Days—days when memories can be revived without pangs of homesickness for college life, days when friends can travel back to the dear old Alma Mater and visit together once again. Someone has said that things can never be the same then as they are now. Quite true, but since Homecoming Day is the nearest possible approach to restoring things as they were, we should be thankful for this opportunity to renew old friendships.

The Alumni Association is an organization of friends who have united in an effort to keep in touch with each other. The Alumni Secretary is only too willing to help these friends keep in touch with each other, if they will just keep him informed of their correct addresses. The time of graduation is approaching, and with it the dreaded separation from dear friends. But this separation will not be so painful if we are members of the Alumni Association, for if we are members of the Alumni Association, we shall be kept posted on all affairs of the alumni and

of the college, both through the Progress, which each active member of the Alumni Association receives, and through communications from the Alumni Secretary. If we, the members of the present senior class, wish to keep in touch with our friends and with our Alma Mater, we must join the Alumni Association. We have had set for us the precedent of a one hundred per cent membership by the class of '37. Are we going to follow this precedent?

The following parody was copied from a high school paper, "The Benham 'Hi,'" which is sponsored by Morris Creech (class of 1937), who was formerly editor of the Progress:

STUDENTS' LAMENT (With apologies to Joyce Kilmer) I think that I shall never see A grade more lovely than a "B," A "B" whose earning grade points rest Where "D" and "E" and even less Have made us look at God all day And lift our lanky arms to pray; A "B" whose grades will let us rate The marks we need to graduate! Poems are made by fools, they say, But only God can make an "A." —Paul Wigington.

Your Alumni Secretary, Sam Beckley, will attend the national meeting of the American Alumni Council to be held in Columbus, Ohio, from March 30 to April 2. This Council is an organization of alumni secretaries from all the states. The purpose of the meeting is to give the alumni secretaries an opportunity to exchange ideas and to improve the work of the alumni associations in the various colleges.

Health Hints

Today, tomorrow, and every average day during the school year more than 300,000 pupils will be taught by substitute teachers because their regular teachers are too sick to come to school. Many of the 12,000 teachers whose places are being filled each day by substitutes will lose either the whole day's wages or whatever part of them that must be paid to the substitute teacher. In other cases, the school itself will pay the substitutes, but in either event sickness is costly even before the doctor, the nurse, the hospital and the drug store are paid. During one school year 285,000 teachers are absent one or more days because of illness, losing a total of no less than two million days.

According to Arthur Kallet, co-author of "100,000,000 Guinea Pigs" and author of many other health books and bulletins, the recent killing of over ninety persons by a sulfanilamide compound may have shocked the American public, but it is even more shocking that a drug, aminopyrine, which is known to have caused the deaths of at least 500 persons every year during a three year period, is on sale in almost every drug store in the country.

By Frances Little and Vera Marx VISITORS ON CAMPUS

HILL-HUMLONG

An impressive wedding ceremony was solemnized Saturday afternoon at four o'clock at the home of Mr. and Mrs. Walter Fields in Germantown, when their niece, Miss Edna Hill, became the bride of Mr. R. Frank Humlong, of Maysville.

The Rev. E. S. Burnside, pastor of the Germantown Episcopal church, officiated at the ritual for which only members of the immediate families were present.

For her marriage the bride chose a chic beige ensemble of silk and wool with navy blue accessories which set off her girlish beauty.

Mrs. Humlong has made her home with her aunt and uncle since childhood. A graduate of the Germantown High School in the class of 1935 she later attended Eastern State Teachers' college at Richmond for two and one-half years, becoming quite popular by virtue of her attractiveness and charming personality.

The bridegroom is the son of Mr. and Mrs. W. N. Humlong, of near Germantown. He was graduated from the Germantown High School in 1932 and later attended Western Mechanical School in Illinois, being graduated from that institution in 1937.

After the ceremony the couple left on a brief wedding trip and on returning will establish residence in Maysville.

Friends will have best wishes for their happiness.

ENTERTAINED AT DINNER

Mrs. Andrew J. Ross entertained with a dinner party for Mrs. William Lloyd McMillan at her home on West Main street.

The decoration scheme was carried out in pink and white and proved to be exceedingly impressive. The gorgeous large wedding cake was the center of attraction. It was beautifully iced and crested with miniature love birds and a bride and groom.

The guests included Mr. and Mrs. Roy Hazelrigg, Mr. Jack Bayer, Miss Margaret Hubbard and the honor guests.

SOPHOMORE CLASS MEETS

At the regular meeting of the Sophomore class, held in the University building, Monday February 14, an interesting talk was given by Miss Josephine Parks on the origin of St. Valentine's Day.

The president reminded the class of payment of dues and other than that, there was no particular business discussed.

Mr. Charles Billerman gave a "pep" talk about the Milestone and Mrs. Barnhill, class sponsor, urged better class attendance.

Reporter Sees The Popular Revival Of Roller-Skating, Mumbly Peg And Hopscotch; Reversion To Childhood

By MARY AGNES FINNERAN

"What is so rare as a day in June?" Let me hasten to assure you that a mild day in February is rarer, and even more so are the sights likely to be seen upon such an occasion.

These stolen interludes of spring awaken the capricious and invigorating youth in all (and how)! Witness the popular revival of roller-skating, mumble peg and hopscotch. Next thing you know, they'll be jumping rope. And if my eyes did not deceive me, last Saturday afternoon, were they not properly horrified to gaze upon the unholy sight of two gaudy kites desecrating the ether above that sacred arena of Eastern sports—the stadium? Two scheming Burnamites with the muscular

U. of L. "Date Bureau" Brings The Guys And The Gals Together

It's an old college crack that all a fellow needs to get a gal to go out with him is a clean shirt and shave, but nowadays he needs two bits and register his wants with the new University of Louisville "date bureau."

Functioning Tuesday, the bureau was organized by Students Walter Bergman and Tommy Thomas to keep alive social contacts among students and arrange blino tates for dances. The faculty and the Cardinal, campus newspaper, approved.

Girls and boys register, give their physical and social characteristics and are subject to call. The scale of two bits for a "routine" date or four bits for a "guaranteed" engagement, (probably a Carole Lombard or a Joan Blondell, the boys didn't say).

Such an organization was organized on the University of Kentucky campus last year. It's success however, was not overwhelming.

Upper Cumberland Club Elects New Officers At Meet

The Upper Cumberland Club, largest social organization on the campus, held their first meeting of this semester Tuesday evening, Feb. 15, in the auditorium of the University building.

Several new members were taken into the club and the following officers were elected:

Hiram Brock, president; Ike Hubbard, vice president; Edith Rogers, secretary, and Thelma Cole, reporter. Dr. Engle is club sponsor.

The club is still open to students living in the upper Cumberland district, it was announced by Mr. Brock.

PENNEY'S

First of all, we want to nominate as Goon Bunny of the week, Emile Lindsay, who has a cute habit of pulling bell cords every time someone yells "Fire." As near as we could get the story, some of the boys blew Eastern's whistle at 2 o'clock in the morning to celebrate Eastern's victory over Morehead. When the aforementioned Goon Bunny hung her tousled head out the window and inquired as to the cause of such racket, one of the brighter boys ("Sun" Hennessey) retorted with, "There's a fire . . . in your furnace." Our heroine waited to hear but the first part of the above remark . . . she pulled the fire alarm and was half way down the fire escape before Hennessey could finish his remark. It is to dear little Emile, then, that the girls of Sullivan owe a quick trip out into the cold early one morning last week.

Eileen Floyd set a splendid example the other day. There are only 285 more shopping days until Xmas and so Floyd started the holiday season by giving Maurer his present early. It was her appendix which was recently removed and Ye Editor had it in a bottle of alcohol until one of the thirsty reporters came along and deleted the beverage, or preservative.

Sometimes, by two and two together, you will be surprised what will turn up. For instance, Alice Morat had a date with Charlie "Bison" Billerman the other nite and when she returned, she went to her lonely little room and wrote a theme on "Why Go To College?"

We hate to expose some of our students, but we feel that the rest of the student body should know about Eastern's pride and joy. . . Bob Hatton. When he came to Eastern from Junior college, he was so green that they had to hang brush over the door to his room in order to get him to enter. Now Bobby is Eastern's prize "Spanish Athlete" and in case you are interested in what a "Spanish Athlete" is, he is a person who is proficient in throwing the bull.

The students here at the friendly institution are now going in for Kiddle games. Skating and kite flying are very popular and recently we saw several students wading and sailing toy boats in the fish pool.

### Student Council Takes Up Study Of Self-Government

Plan Calls For Extensive Research; Address Scheduled

#### RANKIN PRESIDENT

By Rebekah Vallandingham (Student Council Reporter)

The Student Relationship Council has decided upon a plan whereby Student Government may be introduced at Eastern. In order that every student on the campus may know what Student Government is and what it will do for him, the council plans to divide this subject into several smaller parts, and several of the council members will then do exhaustive research on his individual part. The plan to seek outside help on any questions that they cannot answer by writing to schools in which Student Government is practiced. The presidents of all campus organizations will then be invited to hear these discussions and any questions that they may have to ask will be answered. If the council members cannot answer the questions, they will find someone who can and, in this manner, they will eventually learn all about their subject.

After the presidents of the various organizations have passed upon these talks, they will be combined and some time during the early part of March a chapel program will be devoted to this important subject. The student body will be given a chance to ask any questions that may puzzle them and discuss the subject.

As the climax to this campaign, an outstanding authority on Student Government will be our guest during the chapel period on March 26. He will endeavor to clear up any points which may still be doubtful in the minds of the student body.

By this time, the student body should understand the benefits they will gain by voting for student government, but it will not be forced upon them. They will then be given the chance to vote as to whether or not they desire student government . . . and every loyal student, once he understands the importance of this subject, will vote "yes."

This study is being made by the council composed of Jerry Allen, Otwell Rankin, Ed McConnell, Newman Sharp, Norbert Rehtin, Jane Case, Ruth Cattlett, Jane Buckley, Naomi Gritton, Alma Graham, Frances Cocanougher, Rebekah Vallandingham, Donovan Cooper, Jack Bailey, John Kalb, and Elmer Douglas. Officers of the council are: Otwell Rankin, president; Elmer Douglas, vice-president; Jerry Allen, secretary; Frances Cocanougher, treasurer, and Rebekah Vallandingham, reporter.

### Seniors Have Program Of Entertainment; Announcements Made

President John Edgar McConnell called the recent Senior class meeting to order with the reading of the minutes of the previous meeting by Frances Cocanougher, class secretary, in the University building auditorium. James Hart, Milestone editor, made an announcement concerning the small amount of Senior pictures contracted for and the extension of time.

Carolyn Moores, ingenue of the stage, gave a reading entitled, "The Visiting Peer," as the first number on the widely advertised and featured program of entertainment. This was followed by musical contributions of popular selections by Robert Rehtin, Miss Dorothy Dorris, and Junior Muncy.

Dr. Cuff, class sponsor, concluded the meeting with a short discourse pertaining to the clarification of his intimidation and his exoneration in the aforementioned minutes, the interest of the class in the N. E. A. journal, and recent state legislative measures, particularly in relation to the field of education.

The next meeting will be held in Room 1 of the library and a cordial invitation is extended to all Seniors to attend.
