Colorful Ceremonies Planned For R. O. T. C. Graduation

By Bob Estep

Formal R. O. T. C. graduation ceremonies will be held in Hanger Stadium on Tuesday, May 22, at 8:00 p. m. Heretofore, many friends, relatives, and the general public were unable to attend the graduations because they were held during the daytime; hence, the ceremonies will be held at night this year.

This is the first graduating class since World War-II to contain no veterans.

Twenty-four students are completing their training and will be eligible for commissions as second lieutenants in the Field Artillery. Formal ceremonies will consist of an inspection and a review of the Corps by President W. F. O'Donnell and Colonel William D. Paschall. For the review, the R. O. T. C. seniors will be accorded a position of honor in the reviewing stand. Also in the stands will be the award winners of the Corps. The various number of awards to be presented are as follows:

1. For high scorer and runner-up of the rifle team, an award will be presented by the American Legion.
2. For outstanding leadership and scholarship in the first year basic course an award will be presented by the Veterans of Foreign Wars.
3. For leadership, soldierly qualities, and general excellence in the second year basic course an award will be made by the Sons of the American Revolution.
4. For the outstanding third-year cadet an award is being made available by the Reserve Officers' Association of Kentucky.
5. For progress and leadership in the second year advanced course an award will be made by the United States Field Artillery Association.
6. Lastly, for the best drilled battery, a large cup is being presented by the Benevolent and Protective Order of Elks. A second individual cup will be presented to the commander of the winning battery.

For the occasion, representatives of the above mentioned organizations will be present to make the presentations.

Active Duty
A large number of these graduates expect to be called to active duty during the coming summer and prior to September 30, according to Col. Paschall, commanding officer of the R. O. T. C. unit at Eastern. Col. Paschall states that, in his opinion, this graduating group is one of the finest that has been turned out at Eastern under a post-war program. He further states: "It has been a source of

great satisfaction to handle a group which throughout has been so cooperative and which possessed those qualities and characteristics needed in young officers of the military service."

Members of the graduating class are as follows:

- Oscar J. Brock, Jr., Corbin; Frank E. Darling, Glouster, Ohio; John E. Dormann, Covington, Ky.; Ted M. Dunn, Richmond, Ky.; Fred A. Engle, Jr., Richmond, Ky.; Omar Hackett, Manchester, Ky.; Charles R. Helton, Corbin, Ky.; Clinton Helton, Mt. Vernon, Ky.; Martin Hughes, Jr., Levi, Ky.; Fred C. Kelly, Bellvue, Ky.; Leroy Kinman, Williamstown, Ky.; Harold Kittrell, Columbus, Ohio; Grover L. McGann, Jolex, Ky.; Roy E. Moores, Richmond, Ky.; James T. Pritchard, Louisa, Ky.; Albert P. Rich, Jr., Williamstown, Ky.; Francis M. Rothwell, Rockport, Indiana; Robert A. Pushell, Silver Grove, Ky.; George A. Pushell, Silver Grove, Ky.; David L. Rush, Portsmouth, Ohio; Robert C. Turner, Booneville, Ky.; Paul E. Wilson, Lothair, Ky.; Bill J. Turner, Drift, Ky., and Thurston W. Kirby, Danville, Ky.

Mother's Program Attracts Many

The College Social Committee presented its 14th annual Mother's Day program on Sunday, May 13, in Walnut Hall. Families from all over Kentucky and from other states came for the program which has come to be one of Eastern's best-loved traditions. The program is given and planned entirely by the students for their mothers.

Elizabeth Park was the presiding officer. Charlene Farris read the scripture and Joseph Rich gave the principal address. "What Our Mothers Mean to Us," President O'Donnell welcomed the visitors to the college. Special music was provided by Eastern's choir and members of Eastern's music department. Following the program, a social hour was held in Walnut Hall.

Science Building Work Continues

Work on the new science building is progressing favorably, according to a report from Mr. Dearing, superintendent of construction. He said that the task of removing the vast amount of ledge encountered is about completed. Fifteen hundred yards of rock have been removed. He added that the building when completed will have a frontage of one hundred and fifty feet and will be connected to the present building by an archway.

In closing, he said that he enjoys seeing our bright, shining faces, but prefers that we abstain from passing the project until the dynamiting is finished. He recommends reaching the Administration Building and other points by using the walk on the side of Roark facing Lancaster avenue to eliminate any danger of injury from falling rocks and debris. So let us pitch in and cooperate.

Choir Concludes Annual Jaunt

Eastern's choir, sixty-five voices strong, and directed by Mr. James E. VanPeursem, has completed its annual trip through the scenic hills of southeastern Kentucky, during which five high schools, Hazard, Prestonsburg, Whitesburg, Paintsville, Pikeville and Pikeville Junior College were visited.

In addition to the rendition of religious and secular numbers by the choir, Miss Doris Smith and Miss Florence Childress gave a performance of "Hansel and Gretel" at the junior college, followed by two violin selections by Miss Peggy Sturdevant.

Belle Lettres Now On Sale

Eastern's student literary publication, Belle Lettres, came off the press on Monday, May 14. This magazine is a non-profit undertaking, seeking only to cover the cost of printing by selling at the relatively small price of 50 cents. The purpose is to provide an outlet for the literary aspirations of all college students who desire to have their work published, whether it be poetry, prose, biography or essay.

This edition contains poems and prose writing and copies are readily available about the campus.

Enrollment Up For Summer School

By Bill Slagle

The 1951 summer school enrollment for Eastern is expected to exceed the enrollment of 1950, if reservations continue at the present rate, according to information released by the president's secretary, Miss Lois Colley.

This increase may be attributed to the existing standards of Public Law 346, which states that a veteran must be in training before July 25, 1951. Many veterans are taking advantage of this ruling.

Housing will be scarce for married students this summer. All available facilities have been taken and many more applications remain on file. However, no shortage exists in housing for single students or band camp members. Sullivan Hall will again be occupied by the girls and the barracks by music camp boys.

Officers Elected By Canterbury

Officers of the Canterbury Club were elected at the club's last meeting for the coming year. The following were elected: president, George Varden; vice president, Libby Diehl; secretary, Louise Taylor; treasurer, Bill Strong, and reporter, Shirley Spires.

Canterbury is a club for English majors and minors and is sponsored by Dr. Roy B. Clark of the English department. Plans have been made for a picnic for the last meeting.

ATTENTION, SENIORS!

Caps and gowns will be issued in Room 101 of the Student Union Building Wednesday, May 23, through Saturday, May 26. The room will be open from 2 to 4 p. m. daily. Bring your receipt for your graduation fee.

In addition to the present graduating class, approximately 150 students will receive degrees in the July class.

The record-breaking class of 250 this year tops the previous high of 224 graduated last May.

Guest speaker for the graduation ceremony is Judge Florence E. Allen of Cleveland. Dr. Frederick K. Stamm, distinguished author, preacher and lecturer from Chicago, will deliver the main address at the baccalaureate services on Sunday, May 27, at 10:45 a. m. The services will be in Hiram Brock auditorium.

Is Circuit Judge

Judge Allen, often called "Ohio's most famous woman," is a circuit judge of the U. S. Court of Appeals in the sixth circuit which includes Kentucky, Michigan, Ohio and Tennessee. When she was appointed to the Circuit Court in 1934, she became the first woman to sit in a federal court of general jurisdiction.

Dr. Stamm, noted for his radio sermons, has been referred to as "The Man with the Velvet Voice." Marked as one of the ten great preachers in America, Dr. Stamm is nationally known for the radio program he has conducted for nineteen years each Sunday morning from the first of June to the end of October—"Highlights of the Bible." This program is carried over 75 stations reaching an estimated audience of twenty million.

Other events included on Eastern's activities ending the regular school year are: Senior Women's Day on Friday, May 25; Alumni Day, May 26; and the reception for the graduating members on May 27 by President and Mrs. O'Donnell.

The Inevitable

After the furore and efforts to make political capital of it have died down, President Truman's action in removing General MacArthur from his command in the Far East will be recognized generally as the inevitable event that it was.

Regardless of personal opinions about General MacArthur or President Truman, to support General MacArthur in this controversy is to support the principle that a field commander is not subject to orders from either his civilian or military superiors; but, on the contrary, both the President of the United States and the Joint Chiefs of Staff should subordinate their views to those of a field commander in case of a difference of opinion.

Generals require obedience from all of those under them and generals, in turn, must obey their superiors. When any general forgets that simple rule of military discipline his usefulness has ended and his removal becomes inevitable.

Travel Time Is Here

Millions of Americans are suffering from their annual springtime attack of wanderlust. The car, which during the long winter months was viewed as a handy convenience, suddenly becomes a remedy for the wanderlust attack.

A first impulse is to gather up the family and take off on the open roads to high adventure. You'll have few problems in your travels, if you travel early and escape the summer rush.

But if you can't travel early, then plan early, for good plans help assure a good time. States, Chambers of Commerce, resorts and hotel associations offer booklets and valuable information for travelers. Large gasoline companies operate touring services which are ready and eager to suggest travel routes, places of interest to visit, places to stay and to dine. These services are all without charge.

Travelers are warned not to plan a tight schedule or try to do too much driving in any one day. They are also reminded that excessive baggage can be a tiresome bother.

Modern cars have unusually good trunk space, but if the compartment can not accommodate all the luggage, several types of car racks are available. There are also hooks and bars for inside the automobile for suits, dresses and coats.

As for where to travel, your own State of Kentucky offers some of the most beautiful scenery, complete recreation centers and restful mountain lodges that can be found anywhere.

Going To The Beach?

It's spring, and time for Boonesboro beach, but did you ever realize that Boonesboro has a very distinguished history? Near the site of the present day playground was situated Fort Boonesboro. This fort was begun April 1, 1775 by Daniel Boone and it soon became a nucleus and support of migration in Kentucky. Boonesboro was also the site of the first ferry in Kentucky, established in 1779.

The first White woman ever to look upon the Kentucky river, saw it from the fort which was situated on the west bank.

Boonesboro has now become one of the finest river beaches in America and each year it is visited by thousands of people. It is of special importance to Eastern students because most of the spring picnics and outings are held there. So remember, the next time you plan a picnic or an afternoon in the sun, visit Boonesboro beach. By Neville Smith

Noted Writer Slams Tennis

The game of tennis has received an overhead smash from veteran reporter Bob Considine, who says "it seems to attract more than a just share of pinheads and bird brains."

Writing in the May issue of Cosmopolitan magazine, Considine, himself a former National Parks champion, cites net players who have been chronic pick-pockets, dice-shooters, tramp athletes, and even homosexuals.

Considine acknowledges that tournament play "can be about as grueling a test of muscle, skill, and stamina as the athletic world possesses," and that there are some noble exceptions to his general opinion of the players.

However, he states that "the game of tennis and the atmosphere around it seem to narrow the intellect of the average good player. He tends to become petty and cantankerous. The post-match handshake is a gem of insincerity."

According to Considine, Bill Tilden, whom he calls "the greatest player the game ever produced," was swept ignominiously from the sports scene by age "and two jail sentences on morals charges."

Considine also takes a few hard forehands at tennis officials. After tracing the history of the game from the time when it was only for the rich, he says: "The amateur game has been dominated by ex-sand-lotters for 20 years, but the officials still think of themselves as guardians of a sport meant only for the products of upper financial brackets. The result is a constant class struggle."

3. A fountain pen or a No. 2 pencil.

The examination papers will be forwarded to the Testing Service for grading. Reports of the scores will be sent from the Testing Service to the local boards.

The final question of postponement is to be determined by the local boards. Each student taking the test should contact his local board and ask that he be considered for postponement to continue his college work.

Maroon Squads Complete Great Year

Eastern Teams Now Are Front Runners

Eastern's athletic squads have ended another great year and are still moving up on the success trail. No longer do certain rivals dominate the play in our conference. Our Maroons are either on top or near the pace-setter in the sports parade.

In baseball, the Maroons won the Eastern Division of the OVC and are now eyeing the conference playoffs.

Our track squad ended the season unbeaten after winning six straight meets.

The tennis team was not beaten by anybody in the state in regular season play. Marshall was the only team to edge them. In fact, the Maroons whipped Western twice. Formerly the Hilltoppers dominated the tennis play.

Coach Paul McBrayer's basketballers had a great year and were hailed by several Louisville sports writers as the best state college five in Kentucky—and the south. Only the final loss to Murray marred a great season. Twice before during the campaign the Maroons had whipped Murray.

In football, Tom Samuels' crew also was near the top. A one-point loss deprived the gridders of the title.

Yes, it was another banner sports year for Eastern, a growing power.

VOICE OF EASTERN
Russia is supposed to be in the 1952 Olympics!!! If you think that American coaches criticize referees, brother just wait until those Red-shirts get beat in any kind of an athletic contest. Get ready now for next year those vodka drinkers will really be singing the blues when they get beat. . . Reports have it that the Russians on their present basketball tour over there make up their own rules as they go along. . . Wonder when they will announce that they have invented the game?

A reminder: The 1952 OVC basketball tournament will be held in Louisville next Feb. 21, 22 and 23. One round will be played each evening. Hence, no team will have to play three games in a little more than 24 hours like the Maroons did last February. This new ruling eliminates the Saturday afternoon session. . . Speaking of basketball. . . Following intrasquad games in Beattyville and Lawrenceburg, the Maroons were honor guests at after-game dinners. They're still raving about the fine steaks they had in Lee County and the delicious chicken they munched on in Anderson County. . . Hats off too—to Elizabeth Park's hard working KYMA Club. This group put on an enjoyable outing at Boonesboro Beach last week for all the athletic teams of the college.

SPORTS TRAIL. . . Former Maroon star Chuck Mrazovich plans to complete his work for a master's degree here this summer. "Big Chuck" would probably bow out of pro ball next season if he was offered a good coaching job!! Another McBrayer product, Joe Fry, gets his M. A. this term. If the Army doesn't grab him off as a second loole, he too might be interested in a good high school coaching job. Joe assisted Coach McBrayer the past year to put in his fifth year of training under tutelage of the "big Irishman". . . Former halfback Russ Russo left recently for Fort Hood in Texas. He's now called Lt. Russo. . . Sir, that is! Another "E" griddler, Lt. Steve Hlebec is at Fort Sill, Oklahoma. . . Lt. Ed Zoretic is there, too.

MANY THANKS DEPARTMENT. . . A bushel of thanks to the many loyal alumni who send prospective athletes and other prospective students to us. . . Your continued cooperation can make a greater Eastern!!

Centre and others. The pitching assignments were handled by Bob Abney, Steve Pulawski, Carl Eagle, Walter Green and Bill George. The catching was done by Tommy Ward and Tom McAnallen. After many changes the Maroon infield had Howard Gracey at first, Jimmy Odle at second, Ed Lewicki at short, Chuck Hertzner at third, and Roy Finley was used as utility infielder.

The outfield was composed of Stan Doddridge in right, John Delaney in center and Roy Kidd in left. Outfielder Brian Gibbs saw action in pinch hitting.

THE LAST CALL
The sound struck terror to our hearts;
We fled like a flying missile;
We tore our hair; we wrung our hands;
The sound was the eight o'clock whistle.

UNDEFEATED—Eastern's track team closed its regular season here last week by winning its sixth consecutive meet. The Maroon trackmen, coached by Fred Darling, downed Berea to end the campaign unbeaten. Left to right are (first row): Ray Lindenfelser, Jack Bond, Don Augsback, Jim Dudding, Clay Moore, John Jones, Neal Sneed and Coach Darling; second row: Jim Bingham, Lucian Strevels, Harold Warford, Bill George, Jim Hanlon, Gordon Fleck, and Don Aiken; third row: Student manager, Tom Smith, Francis Rothwell, Archie Ware, Don Little and Joe Harper; fourth row: Bob Shockley, Bill Adams and Chuck Schmidt.

Track Squad Is Undeclared

By Tommy Smith
Eastern's Maroon track squad wound up its first undefeated season in the history of the school. The Maroons, with a record of six consecutive victories in six meets, have outpointed Georgetown 78-44 and 75-56, Tennessee Tech 75-47, Centre 84-34, Berea 84-41 and 75 1/2-41 1/2.

This year the Maroons have been well represented in both the track and field events. One of the chief pointmakers is speedy Jack Bond, a sophomore from Lexington Lafayette high school.

Eastern has additional dash strength in Ray Lindenfelser and "Jumping Joe" Harper. These two are usually at Bond's heels. Harper and Neal Sneed garnered several firsts this year in the broad jump.

In the longer running events, the Maroons enter Don Augsback and Jim Dudding in the 440 and Gordon Fleck in the 880 yard run.

Strength in the field events has helped the Maroons considerably this spring. Two rugged linemen from the grid squad, Bob Shockley and Chuck Schmitt, have accumulated a flock of points with their consistent performances. Shockley, Jim Bingham, Clay Moore and Bill George are outstanding in the high jump. Shockley and Schmitt are the point getters throwing the discus and shot put.

The pole vaulting is done by Ray Pelfrey. Distance men on the team are Archie Ware, John Paul Jones, James Hanlon and Charles Strevels. The high hurdles are run by Jack Jones and Don Little. Don Akin and Jack Jones run the low hurdles.

Maroon Nine Eyes Playoffs

By Don Bales
Eastern's Maroon baseballers, defending champions of the O. V. C., won the right to represent the Eastern Division in the playoff by defeating Marshall here, 15 to 2, last Tuesday.

Coach Turkey Hughes' baseball team will meet Western in the play-off which has been scheduled for the week of May 21.

This season the club has won nine and lost eight. After getting off to a slow start they went on to defeat the following teams: Xavier, Marshall, Morehead (2),

WRA In Finale

Intramural softball will close the W. R. A. sports program for the school year. Mrs. Betty Blanda's girls wind up their sports this week.

During the past year the club has taken part in hockey, basketball, and volleyball.

Tennis Team Has Great Year

Eastern's tennis team wound up a fine season with a record of nine wins and only two losses. Coach Bob Gaines' netters were beaten only by top-ranking Marshall College.

Among the victims of the Maroons are: Western, Berea, Centre and Xavier, twice each, and Tennessee Tech.

Hats off to Paul Trieschmann, Karl Jones, George Perry, Ray Feld, Jim Cunningham and Don Augsback for a highly successful season.

(Eastern won the OVC tennis championship at Cookeville, Tenn., last Saturday.)

Gal's Lockerroom

By Patsy McAnelly

If you have a card of pink That subtly says your feet don't stink,

And if you've paid your locker fee You're invited cordially, Each Tuesday and each Thursday night,

To test your courage, skill, and might, By tramping unsuspectingly

To Eastern's gym along with me. And what, you wonder, happens there?

Well don't you worry, don't you care, 'Cause I've been there before, you see,

And this is what they did for me. I filled my card and stood there mute

While they reached for a bathing suit. With cap and suit and towel in hand,

I ventured forth to shower land. The trial and error method told That C meant Hot and H meant

meant Cold. While dripping water all about, I donned my suit and gave a shout

Oh no! Oh this I won't believe!

The very thought I can't perceive . . .

To think that I must gad about With most of me just hanging out! And that which doesn't, may as well,

The wet spots on the suit foretell To every glance and curious face, That this is that in that such place. The worst is yet to come my friend,

With mustered courage, you dive in. The water that before looked nice, And slowly shrink to a cube of ice. Yes, very quick it's realized. The suit you wear ain't sanforized.

It must be that because it let itself out when you got wet. With a sagging suit and stringy hair,

You swear a vow as you leave there. With chattering teeth and shivering skin,

Oh never again will I go in! (Author's note:)

As I have learned in times gone past, The vows I swore just didn't last.

Speed Deaths
Speeding on U. S. streets and highways last year killed 13,300 men, women, and children.
