ARMY DAY PLANS MADE

Announced Today By Advisory Committee

Plans for observance of Army Day were announced today by Capt. William Stocker, chairman of the Richmond Army Advisory Committee.

President Harry S. Truman has designated Tuesday, April 6, as Army Day. Similar proclamations have been made by Gov. Earle C. Clements and Mayor G. C. Cox of Richmond.

A display of army equipment will be placed on the courthouse lawn, Captain Stocker said. A movie will be shown in the lower courtroom from 10 a. m. to 4 p. m. During the afternoon there will be a concert presented by the Reserve Officers Training Corps band of Eastern Kentucky State College under the direction of Harold Rigby.

At 6:30 p. m. a civic club Army Day dinner will be served at the Blue Grass Ordnance Depot cafeteria with Attorney General A. E. Funk as the principal speaker. The observance will close with a dance to be given at the Richmond Armory beginning at 8:30 o'clock.

World Studytours Again Scheduled

NEW YORK, N. Y., Apr. 1 (Special)—"Sightseeing plus insight" is the keynote of the more than twenty studytours offered to college students and described in an illustrated booklet just issued by World Studytours, of the Columbia University Travel Service.

World Studytours, a non-profit educational corporation, was the first agency to undertake student travel to Europe after the war. They arranged one studytour in the summer of 1946 and six last summer. Studytours for 1948 vary in length from 21 days to 97 days, and in cost from \$230 to \$1980. They include Eastern Europe, behind the alleged iron curtain, as well as Western Europe, South America, Hawaii, Australia, New Zealand, and points of interest in the United States.

Several European trips for students are scheduled at costs of only about \$600 from New York back to New York. The figure includes steamship, rail and bus fares, rooms, meals, guides, admission fees, and the leadership of an educator especially skilled in combining the recreational aspects of travel with opportunities to meet people and to observe life abroad in ways which most tourists miss. Studytours are designed not only to be less expensive than commercial tours, but to be more educative in the best sense of that word. They continue the tradition of the pre-war "Open Road," in cultivating trans-national friendships and giving insight into economic, social, political and cultural movements abroad.

Further information may be obtained by addressing World Studytours, Columbia University Travel Service, New York 27, New York.

EDUCATION COMMISSION SUBMITS FINAL REPORT

The President's Commission on Higher Education this week handed Mr. Truman the sixth and final volume of its report urging a vast, federally-aided expansion of higher learning.

It gives the statistics on which the commission, headed by Dr. George F. Zook, chairman of the National Council on Education, based its earlier recommendations.

The proposals include: Doubling of college enrollments by 1960; free tuition through the sophomore year; an end of racial segregation; creation of a network of junior or "community" colleges, and a multi-million dollar program of federal scholarships, fellowships and building assistance.

The report shows present enrollments at 2,345,000, including about 1,000,000 veterans above the normal college age. It sets a goal of 4,600,000 by 1960.

With this development would go an increase in faculty from 155,000 to 350,000, the commission proposes. Each faculty member then would serve 13.1 students on the average instead of 15.2 as at present.

Under the heading of "lost leadership," the commission estimates that nearly 1,000,000 young men and women who are not now in college would be receiving education if its program were now operating.

MAROONED

With ED CARTER

The Kampus Kaleidoscope (We don't know what it means either, but that's how you spell it.)

We attempted to spend the interim between quarters on ye goodie olde fiendly college but about 9:00 o'clock Friday night we took to the hallowed stones of the Richmond cemetery for more lively company.

THERE'S A LONG, LONG, LINE A-WINDING IN THE AD BUILDING (OR WHY DID I GET UP AT SIX O'CLOCK?) In our record-smashing dash through the perils of darkest registration, we found time to jot down some appropriate thoughts on an old beer bottle cap. A straight line is the shortest distance between two points... show me a straight line, Euclid, and I'll let you copy my notebook. Of course, we're just kidding. Everyone knows all about these cheery little massacres called registrations. So why should we mention things like Jim the Penman, practicing "Ms"; or the polite old things who remove their rings before slugging their way into a line; or the book-store giving away books; or going from a class of nine to a mob of sixty, where we weren't a bit crowded. (Our dearly beloved instructor—a fine conservative gentleman of the Coolidge school of thought—was just sitting on the window ledge to get the gentle, little breezes.) There's no need to mention these things. None at all. We have one suggestion though that might improve registration: provide everyone with chairs — Chippendale chairs at that.

For Flubbs Only

By BILL GRAVELY

Loyal Order of the Flubbs— Fellow flubbs, rally round and hear the good words of a lonesome dub—beat your gums only after rendering deliberation and fluff me not—

Gablap! Fearless F. himself could use the recently acquired stroboscope now reposing in the Music Department. By twisting the dials of this electronic gem he might get the pitch on a few more of mankind's nemeses. A trip to Ad Building, Room A, will give you a peep and a chance to tune your corporosity. This measurer of tone vibrations will greatly aid the teaching of physics of sound, vocational electricity, physiology and psychology of sound, as well as music theory and harmony. A visual tone standard for all notes and any of the 8,400 musical frequencies within a seven-octave range shows on a series of 12 screened windows. If a tone is perfectly in tune, spokes appear in one of the windows. If the tone is flat, these spokes rotate to the left; if sharp, to the right. All notes of a chord or all the tones of an ensemble may be visually measured simultaneously. Wonders, dear flubbs, never cease (to coin a phrase).

Swish— Our choisters' hearts are gay these days. Their splendid rendition of the "Seven Last Words" on March 14 marked only their third public appearance since banding last fall, but already boosts are coming that may well make this group one of the finest in Kentucky.

The latest-latest offers new collapsible risers that can be assembled or dismantled by one man in less than an hour, or by a team in five minutes. For trips and concerts demanding speedy, efficient

stage managing, this latest addition will be a real aid. Hatzoff . . .

Hand me the medals, Oscar, and dust off the podium—we are going to make a few rewards for efforts rendered.

First award of the day goes to John Stevens, trombonist extraordinaire, who put T. D. to shame in Wednesday's assembly—John, step up and receive this fur lined napkin puller and cherish it as a small token of our appreciation.

Second award goes to Paul Love and Janet Roberts. You, dear friends, for your fine rendition of the "Elephant and the Fly" in Wednesday's chapel receive this forever flower—May it last as long as your harmonious bassoon and flute tones do in our minds.

And our final award goes to the Three Jerks-er Jacks—Ralph Elliott, Burgoyne Moores and Robert Curtis, who for their noble offering of so brilliant a trumpet trio, receive two tickets to last week's production here at the Smoe Theatre.

CAMPUS SCENE—Burnam Hall was named for Judge A. R. Burnam who served in the Senate and helped Eastern secure her first significant appropriation. It provides beautiful, comfortable and fire-proof living quarters for 370 students. Most of the rooms are arranged in suites of two with a connecting bath. A few rooms have private baths.

REFORM OF EDUCATION

In Germany, Austria Planned By Association

CHICAGO, Apr. 1 (Special) — Steps to help rehabilitate and reform education in two countries, Germany and Austria, were announced here this week by the executive committee of the American Association of Colleges for Teacher Education.

Holding their first meeting since 260 colleges and universities merged three smaller groups to form the new association last month in Atlantic City, 15 presidents and deans who hold offices or committee assignments in the organization spent three days in session at the Stevens Hotel drafting plans to assist in the reconstruction of teacher education in Europe and to strengthen programs of teacher preparation in the United States.

Dr. Walter E. Hager, president of Wilson Teachers College, Washington, D. C., and head of the association, announced that a grant of \$38,600 has been received from the Rockefeller Foundation for the program of assistance in the reconstruction of teacher education in Germany and Austria.

"Educational rehabilitation in these countries," he declared, "is essential to their becoming good members of the international community. In any such rehabilitation, the quality of teaching is of key importance. That quality will depend upon the quality of teacher education. The association will provide facilities and overall guidance for six teacher education leaders from Germany and two from Austria to come to the United States for a year of observation and study."

President Grady Gammage, Arizona State College, Tempe, who heads the association's committee on International Aspects of Teacher Education, announced that Chris DeYoung, dean of Illinois State Normal University, Normal, Ill., will serve as coordinator for the enterprise.

Presidents and deans of colleges in the association will go back to the classroom this summer for an intensive study of teacher education problems at a "school for executives" which will be held at Estes Park, Colorado, August 16-23. President Herbert D. Welter, Teachers College of Connecticut, New Britain, committee chairman for this project; said representatives from state departments of education, the United States Office of Education, National Education Association, American Council on Education and public education in general would join the college administrators in their cooperative study of problems related to the preparation of 1,000,000 new teachers which officials say will be required in the United States during the next decade. It is estimated that colleges and universities in the association prepare more than 75 per cent of the teachers entering the profession in the United States.

Taking part in the meetings here, in addition to those listed above, were President Charles W. Hunt, State Teachers College, Oneonta, New York; secretary-treasurer of the association, and Warren C. Lovinger, Oneonta, New York, associate secretary; W. D. Armentrout, vice president, Colorado State College of Education, Greeley; President Robert G. Buzard, Eastern Illinois State College, Charleston; President Ralph H. Tiley, Indiana State Teachers College, Terre Haute; Dean W. E. A Word From The Y's

By ELIZABETH PENNINGTON

Several members of the Eastern Y.W.C.A. were in Berea last night to present an exchange Vesper program with the Berea "Y." The theme was "The 'Y' and Christian Living."

Lula Thurman spoke on the history and purpose of the "Y." Emily Richards sang a solo. The short devotional emphasized Christian living. The program closed with a piano solo by Lenora Douglas.

The Berea "Y" presented a Vesper service here February 19. The Eastern "Y" plans also to exchange a program with the University of Kentucky.

Unless veterans attending colleges and universities under the G. I. Bill notify Veterans Administration within 30 days before the end of a term or semester that they do not want to take leave, VA automatically will place them on 15 days' leave.

VA explained that veterans in these schools are placed on subsistence rolls from the date of enrollment until 15 days after the close of the term or semester. This automatic 15-day leave policy makes it possible for veterans studying under the accelerated program to receive unbroken subsistence payments between terms or semesters.

A veteran placed on 15 days' leave will receive subsistence allowances for that period. His period of training at government expense will be reduced by 15 days.

Veterans who do not want their entitlement so reduced should notify VA to that effect. VA forms to be used by veterans to signify that they do not want the leave are available at the Registrar's office.

Those veterans who had an opportunity to express their choice on enrollment need not submit this form unless they want to change their previous selection, VA said.

One out of every three World War II veteran has taken some form of education or training under the G. I. Bill or Public Law 16 since both laws went into effect, Veterans Administration said today.

GUEST ARTIST IN RECITAL

Top-Ranking Musician Heard Thursday Night

For his success as one of the top-ranking violinists in the country, Joseph Fuchs, who was presented Thursday, April 1, in the Hiram Brock Auditorium, under the auspices of the Richmond Community Concert Association, is

JOSEPH FUCHS

indebted perhaps more than anything else to a severe elbow injury which he received in early childhood.

As a boy of four, he fell and hurt his left arm which resulted in a nerve injury. When the family doctor suggested daily exercises for the fingers in order to strengthen the muscles, Mr. Fuch's father decided to have his son study the violin. This decision, however, was no mere accident for the Fuchs family had already become aware of their young son's remarkable musical talent.

At the age of two, he could sing with faultless pitch any tune he would hear. Visitors to the New York City home of the Fuchs family were amazed at the boy's prodigious memory. When his father brought home an eighth size violin, playing the instrument became as natural as breathing. There was

Methodist Student Organization Here

The Wesley Foundation is an organization for Methodist students. Its activities include hikes, fellowship suppers, group recreation, training for world brotherhood and worship services.

The program of the Foundation at Eastern is planned by a council composed of representatives of the faculty of the college, the First Methodist Church and of the Methodist students on the campus. Dr. H. H. LaFuze of the Eastern faculty has served as director since the organization of the Foundation three years ago.

The Rev. W. A. E. Johnson, minister of the First Methodist Church, serves the group as counselor, and Joe B. Hardwick of Somerset, a student at Eastern, is president.

The group meets regularly each Monday at 5:30 p. m. in the lobby of the Student Union building and goes through the cafeteria line and eats together in the Blue Room. After the meal, a short program is conducted.

At a recent meeting of this group, Dr. Floyd D. Rose, district superintendent of the Lexington district, was the speaker.

no holding him after that. Six months of lessons and a first concert convinced both father and teacher that he was a "wunderkind."

When six years old, he was taken to the Institute of Musical Art to study under Franz Kneisel, the teacher of many prominent violinists and the head of the famous quartet bearing his name.

Unlike other musical prodigies, many of whom have fallen by the wayside, Joseph Fuchs had a wise father and a very cautious teacher. "What counts with an artist," Mr. Kneisel cautioned his pupil, "is what you are after twenty-five."

And to the youth's father he said "I believe the boy has an extraordinary talent, but I insist that he be given a thorough musical training. Start pushing him now on the concert stage and I cannot take the responsibility for his development as an artist."

For religiously heeding the advice of his teacher, Joseph Fuchs can today point to his success as a concert artist. Regarded by many as one of the foremost violinists in the country, his first Town Hall Recital in 1943 was unanimously greeted by rave notices from New York's leading critics. "A dream of virtuosity and musicianship," "Exceptional virtuoso," "A great master of his instrument," were the superlatives heaped on the artist.

In subsequent New York recitals and with the New York Philharmonic-Symphony in 1944 and 1946, Fuchs was again hailed by all the critics. Virgil Thomson of The New York Herald Tribune summed up the opinion of all critics by stating in January 1946 "... at its best, his work is unequalled by either test among the violin playing of our day."

Born in New York City, Joseph Fuchs is the oldest of five children of whom two others besides himself have distinguished themselves in the musical world.

On his graduation from the Institute of Musical Art at seventeen years of age, he won the Morris Loeb prize of one thousand dollars. Europe was then the mecca of musicians and Joseph Fuchs couldn't wait until he had completed his studies in order that he might follow his colleagues. He promptly turned his prize money into a round trip ticket and left on the next boat for Europe.

His original plan to study with one of the German masters was changed into a concert tour throughout Germany and Austria where he was acclaimed by the critics. Today Mr. Fuchs is pointed out as one of the few outstanding musicians in the country who have been exclusively American-trained.

Returning to America, Joseph Fuchs was offered the post of concertmaster with the Cleveland Symphony Orchestra, a position which he filled with great distinction for thirteen years. Not content with his achievement of concertmaster of the Cleveland Orchestra, Mr. Fuchs appeared regularly in the role of soloist. His popularity as a violin virtuoso grew so steadily that he had to choose between a career as an orchestra man and that of a concert soloist. Mr. Fuchs made the decision in favor of the latter.

Mr. Fuchs' accompanist in Richmond was Valentin Pavlovsky.

Maroons Win Diamond Opener, 4 to 3

TOP E. I. S. C. IN HOME DEBUT

Battle Ft. Knox GI's Here Tomorrow

Paced by the booming home run-bat of Pete Nonnemacher and the masterful pitching arm of Ray Giltner, Eastern's varsity baseball squad successfully opened its diamond campaign here last week by beating Eastern Illinois State College in a 4-3 thriller.

Coach Charles "Turkey" Hughes' sluggers jumped to an early lead in the second inning when Pete "The People's Choice" Nonnemacher slammed out a homer with Ray Giltner aboard. The Maroons scored again in the fourth when Combs tallied on Cinnamon's two-base hit.

Parsons Homers

Adding their fourth run in the sixth frame, the Easternites chalked up their winning marker when Roger Parsons connected for a circuit clout that sent Illinois' hurler DeBouch to the showers.

Eastern Illinois scored their three markers on three hits off Ritter by tallying two in the sixth and one in the top half of the ninth.

Ray Giltner started on the mound for the Maroons and pitched fine ball, holding the visitors hitless in four innings. He was relieved by Goebel Ritter in the fifth.

Eastern's starting lineup included Pete Nonnemacher, second base; J. I. Clements, catcher; Alonzo Nelson, first base; Luther Wren, left field; Howard Bartlett, right field; Roger Parsons, shortstop; Charlie Combs, center field; Jimmy Cinnamon, third, base, and Ray Giltner, pitcher.

Fort Knox Here

Coach Hughes' hitters will seek their second victory here tomorrow afternoon when they battle the invading Army nine from Fort Knox. Game time is set at 2:30 if the weatherman permits.

On April 10, the Maroons play host to Marshall College of West Virginia before their April 13 tilt with Centre College in another home attraction.

TRACK SQUAD IN WORKOUTS

Track Coach Fred Darling put the maroon and white track squad through additional workouts this week in preparation for the coming track and field campaign. The Maroons copped the KIAC track championship last season and are out to defend their crown this year.

The first meet is scheduled at Georgetown College on April 24, followed by a meet at Berea College on May 1. On May 8, the Maroons will compete with Berea, Georgetown and University of Kentucky at Stoll Field, Lexington. The fourth meet is scheduled at Louisville with Eastern, Louisville and Western competing on May 14. The state meet will ring down the curtain on May 22 at Berea. All state colleges will be competing in this meet.

Students interested in trying out for the Maroon track squad are requested to contact Coach Darling at the gymnasium office.

St. X Wins Swim Meet

St. Xavier High of Louisville won the state swimming championship for the second consecutive year by defeating its intracity rival, Male High, in the Eastern pool Saturday afternoon.

Male picked up four first places to two for the Tiger swimmers, but St. X garnered enough points to retain its title.

Campaign Medals To Be Awarded Eligible Vets On Army Day

A number of campaign medals will be awarded to eligible veterans as a part of the Army Day program April 6, it was announced today by Col. William D. Paschall, commanding officer of the Eastern ROTC unit.

As the number of medals available at this time is limited they can only be awarded to veterans of Richmond and vicinity. The medals for award will include the American Theater Campaign Medal, European-African-Middle Eastern Campaign Medal, Asiatic Pacific Campaign Medal, World War II Victory Medal and the American Defense Service Medal.

GRID SQUAD ENDS DRILLS

Eastern's varsity footballers ended their spring practice sessions this week with a grueling inter-squad game. Head Coach Tom Samuels has had the Maroon gridders in daily workouts for the past six weeks.

The spring drills have been halted in order that the athletes on the grid squad may turn out for the spring sports, including baseball, track, tennis and golf.

Approximately fifty squad members and new candidates have been working out here during the drills. At times this number has soared to 65 gridders, hopeful of gaining a berth on the Maroon varsity.

The spring workouts have been under the direction of Coach Samuels with Line Coach Fred Darling assisting. Backfield Coach Glenn Presnell spent a week in the Maroon's grid camp last week experimenting with several new deceptive plays which will be sprung on the opposing elevens next fall.

Although format practice sessions have come to a halt, Coach Samuels will continue with individual instructions to several of the gridders. In accordance with conference rules, practices will not resume until September 1, 1948 Schedule.

Next fall the Eastern varsity will open their pigskin campaign against powerful Xavier University at Cincinnati on September 18. Other games already scheduled are: Sept. 24, Eastern Illinois, home; Oct. 2, Marshall College, away; Oct. 9, Murray, home; Oct. 16, Emory and Henry, away; Oct. 23, to be filled, home; Oct. 30, Morehead, away; Nov. 6, to be filled, home; Nov. 13, Western, away; Nov. 19, Valparaiso, home; Nov. 24, Southeastern Louisiana College, away.

SPORT SHOTS

By PAUL DUNCAN, Sports Editor

Plans are still progressing for Eastern's gymnasium extension for the Weaver Health Building. In an interview with your reporter this week, President W. F. O'Donnell stated, "The architect's plans have been completed and it is expected that bids will be open by May 1."

This information is good news to Eastern's basketball fans and also the basketball players. If all goes well and the 4,000-person capacity gym is ready by next winter, the 1948-49 court campaign should be a banner season for Eastern basketball.

Coach Paul McBrayer, head basketball mentor, gave the Maroon cagers a treat last week in the form of a gala party and weiner roast at Boonesboro Beach. A group of twenty-five cagers and their dates (and wives) enjoyed a festive evening of singing and dancing at the popular Kentucky resort.

Western Kentucky's Hilltoppers picked Maroon Cager Chuck Mrazovich on their all-opponent team last week. Other collegiate stars on Western's select group included: All-American Ed MacAuley of St. Louis U., Chuck Share of Bowling Green (Ohio) U., Jack Coleman of Louisville and Paul Senesky of St. Joseph's College of Philadelphia.

In New York last week the National Basketball Committee for the U. S. and Canada approved eight rule changes in the cage curriculum. The first four changes that you basketball fans will have to adopt, include: The elimination of the requirement for a sub to report to the referee or umpire upon entering a game, all jump balls will be held in the nearest center circle or foul circle, a player on whom a foul is called is expected to raise his hand above his head (however, there is no penalty for failure to do so), and teams may go to the vicinity of the bench and talk to the coach during a charged timeout or in cases of high schools, during the intermissions between quarters.

More Changes
At a later meeting the committee also approved:

1. The period of time when the clock is to be stopped every time the ball becomes dead will be reduced from the last three minutes of a college game to the last two minutes. There will be no change in high school games.
2. A foul committed during a dead ball will remain the same except one which occurs on the

COACH PRESNELL

A welcome visitor to the varsity's spring football drills the past week was Backfield Coach Glenn Presnell. The popular backfield mentor came down for a week from his home in Ironton, Ohio. During his stay here he drilled the Maroon backs and experimented with a few new plays which will be put into use next fall.

throw-in from the outside. This foul will be considered a personal instead of a technical as the past year.

3. No team will be allowed to line up three or more players in adjacent positions on any restraining line when taking the ball on the outside. It must allow the defensive players room to get in between.
4. Any player taken out during a timeout period can return before play has been resumed. Heretofore a player could not return before play had been resumed.
