PROGRESS PLATFORM

A modified system of student government.
A weekly school publication.
A more active alumni association.
Continued expansion of college departments.
A greater Eastern.

Founders' Day

One of the most impressive of recent chapel programs was the Founders' Day service held at assembly hour last week. The present student body has more respect for Eastern and what she stands for after listening to an old teacher recount the struggles the early friends of Eastern went through in order to establish and organize this college back in 1906.

At that time, probably many friends of Eastern asked themselves the question, "Will this school be worthy of all the trouble we are going through to get it established?" One has only to look at the college as it is today to realize what foresight and vision these founders possessed.

Eastern owes much to the former teachers, regents, presidents, and civic-minded men who have aided her on her path to becoming one of the outstanding teachers colleges of the south and nation. It would be impossible to honor all men who have had a part in building Eastern, but it would certainly be a fine gesture on the part of the student body if a plaque were erected to the men and women who have served Eastern as teachers, regents, and presidents, and who died while at their noble work. What finer tribute could be paid these founders than to be honored at the place where they did their greatest work?

Cooperation

Monday night will end another successful year for the Madison County Cooperative Association. This year's program brought us such fine artists as Carolyn Urbanek, soprano; Ebra Rachlin, pianist; and Dorothy Crawford, impersonator. These three artists are the finest ever to appear before a local audience and the association is to be congratulated for their successful season.

Students of Eastern are also to be congratulated on their fine cooperation with the concert association during the membership drive. Such action,

as displayed by the student body last fall, not only displays an attitude of cooperation but it is an expression of cultural interest.

It is not idle chatter to say that without the full cooperation of the faculty and student body it would not have been possible for the association to obtain the talent of such high calibre. As loyal students of Eastern, we are grateful to these civic-minded citizens who have backed this program. When the drive for membership in next year's concert association is begun, it will be the duty and opportunity of each and every Eastern student to back it one hundred percent. —E. E. E.

U. K. Tankmen

When the University "dry land" swimming team beat the Eastern State Teachers' team Tuesday night it completed the ninth scheduled meet of this season with it an unbroken record of wins. Such a feat would not seem so awesome if it were not for the fact that these athletes had no pool of their own but were forced to travel twenty-five miles to Richmond in order to practice and get in condition for their contests.

At first, the boys on the Wildcat team were not financed by the University because they were not considered as an official team. So enthusiastic were they to swim, however, that they paid their own way to attend the first meets. Later the University accepted swimming as a minor sport and limited financial aid was offered.

The meet at Eastern was a benefit performance for the Wildcats and the proceeds will be used to send the team, in April, to the Southeastern Conference tournament at the University of Tennessee if official approval be given.

The Progress congratulates the members of this capable team who performed under such adverse conditions during the season yet who still had the "stuff" to conquer their opposition and come out on top. It hopes that before many more years pass the University of Kentucky can boast a pool on its own campus in which its championship team may perform. —N. O.

GLEANINGS

The new ball diamond is rapidly nearing completion and, if finished according to specifications, should provide one of the finest fields in the state. The Maroons, who have played stellar baseball for many years on an inferior field, will have the opportunity to display their wares on a field that is fine and smooth enough to allow for good ball playing. And here's hoping for another successful season.

Eastern's orchestra presented a really fine program at Peabody College recently when it appeared on the Teacher's College of the Air series. Congratulations to the orchestra, the leader and the administration for selecting them to represent Eastern.

Georgetown, Transy, and other schools used to beat us year after year in football, but now that we have taken them for a ride the last two years, they are taking up their marbles and going home—until they find someone they can beat.

Sherwood Relected by Georgetown

GEORGETOWN, Ky., March 22 —Dr. Henry Noble Sherwood embarked Wednesday on another 3-year term as president of Georgetown College Baptist institute in the bluegrass section.

Dr. Sherwood, center of a controversy because of his refusal to be reimmersed, was reelected last night by the school's board of trustees.

The vote was 13 to 7.

Because of the president's stand on his reimmersion, financial support of the institution has been withheld by the General Association of Kentucky Baptists.

A fund-raising campaign to be directed by Dr. Sherwood and the executive committee of the board of trustees also was approved.

SOCIAL COMMITTEE ENTERTAINS ATHLETES

The Social Committee of Eastern Teachers College delightfully entertained with an informal reception Thursday evening in the recreation room of Burnam Hall honoring the athletes and the members of the physical education department of Eastern.

The room was decorated with a profusion of spring flowers. An attractive centerpiece of jonquills was used on the table at which coffee was poured by Mrs. T. E. McDonough and Mrs. George Hembree.

In the earlier part of the evening, a contest which was calculated to test knowledge on the sports of the world was engaged in by those present. The first prize was won by Miss Ann Stiglitz and Mr. Charles Shuster, the second prize by Miss Nina Agee and Mr. Walter Mayer.

Vocal selections were then rendered by Miss Betty Sturm, who sang "Indian Love Call" and "Maytime," and Dr. O. C. Seever, who sang "Annie Lauris." They were accompanied by Miss Martha Cammack.

During the evening each member of the basketball and football team was presented with a picture of the team upon which he had played.

Approximately one hundred and twenty-five guests responded to the invitation.

Split In K. I. A. C. Is Postponed For Present Time

Questionnaire Is Being Sent Colleges To Determine Policy

ON ATHLETES

LEXINGTON, Ky., March 18 (P)—A questionnaire plan by which members of the Kentucky Intercollegiate Athletic Conference would present their individual problems and offer recommendations was offered today as a means of preventing a breakup of the K. I. A. C.

Representatives of seven colleges which belong to the conference met in Lexington last night to discuss a proposal that they withdraw from the athletic group and form a new conference of their own.

They reserved decision on splitting up the K. I. A. C. and projected, instead, the questionnaire plan. A committee composed of Piney Page of Transylvania College, Bob Evans of Georgetown College and George Ditto of Kentucky Wesleyan was selected to draft the questionnaire.

Details of the questionnaire were not explained, but it is expected to deal largely with athlete aid. Some of the seven colleges represented at the meeting have said they felt they could not compete further on the same athletic basis with the four state-supported schools which also are members of the conference. The state schools are Eastern, Western, Morehead and Murray.

Dr. Henry Noble Sherwood, president of Georgetown College, presided at the meeting. Besides Georgetown College, Transylvania and Wesleyan, other conference members represented at the meeting were Centre, Berea, Union and the University of Louisville. All but the University of Louisville, a municipally-supported institution, are privately-owned colleges.

IN THE ODDITIES

It's not news now that the Brooksville Polar Bears copped the Kentucky interscholastic basketball tournament at Lexington last week, but this championship team is coached by a former star-performer on Eastern's hardwood court. Coach Herman Hale rounded up ten boys from Bracken county, put shoes on them and won the crown. By defeating Hindman in the final game the Brooksville squad registered a victory over a team coached by a Morehead graduate—just another consolation conquest favoring Eastern's athletic prestige.

With the baseball season well on its way, athletic officials at Eastern are rushing to completion the new diamond which is to be the site for many thrilling contests this spring. For about the past seven years the big Maroons have monopolized this sport in K.I.A.C. competition, with the coming season being prospective as no exception. Playing on a field modeled after Cincinnati's Crosley Field,

Eastern can boast of a collegiate diamond second to none.

TO HARRY LOWMAN:

Although rather new at the art of calling names, Eddie Eicher has checked over my repertoire and place upon it the favorable check, providing I apply it to contemporary sport editors. Call Eicher by phone and reverse the charges if you are interested enough to learn what we think of Morehead's sport section.

Since the mention of a split in K.I.A.C. athletic circles, various students have expressed definite regrets for such action. In brief, if this shake-up does mature, it will be a god-send for Eastern. Then and then only will officials here be free to engage schools of their own choosing rather than be guided in decisions through their sense of obligation.

Now that the Cincinnati Redlegs have obtained the services of Bill Werber, outstanding third-sacker of the American League, Bill McKechnie's worries seem to be over. When that person fails to elaborate pessimistically, it is a good sign that a great team is in the making. That indication has served enough notice to warrant their climbing out on the proverbial limb and pick the Reds as National League champions.

Governor Albert B. "Happy" Chandler made public a statement that the University of Kentucky will soon have a field house in which to play basketball that shall be as fine as any within the United States?

McDonough to Attend Three Phys Ed Meets

T. E. McDonough director of physical education at Eastern Teachers College and president of the Southern District of the American Association of Health, Physical Education and Recreation, left here Thursday to attend the Southern District meeting at Tulsa, Okla., and the national meeting at San Francisco.

The Southern division meeting of the American Association of Health, Physical Education and Recreation will be held March 28-30 at Tulsa. Mr. McDonough will preside over the business sessions of this meeting.

The American Association of Health, Physical Education and Recreation will be held at San Francisco from April 2 to 6. Mr. McDonough is a member of the governing board and legislative council of the national organization.

U. K. Tankmen Defeat Eastern In Homecoming

Dickman and Brock Capture Two Firsts For Eastern Squad

SCORE IS 60-15

The University of Kentucky swimming team celebrated its "homecoming" here Tuesday night by defeating the Eastern State Teachers College squad, 60 to 15. It was the Wildcats' ninth consecutive victory of the season.

As the Wildcats, who have no pool of their own, have practiced in the Eastern waters all season, the meet was jokingly called "homecoming" for the Kentucky tankmen. A capacity crowd was present for the meet.

Monday night the Wildcats whipped Berea, 57 to 16, and during the meet broke four state records. One of the four records smashed against Berea was lowered again last night as Kentucky's 400-yard relay team toured the distance in 3:59.6, which was two-tenths of a second faster than the mark hung up Monday night.

The Wildcats dominated the meet from start to finish and only two first places out of nine events were captured by Eastern. Dickman, Eastern's ace diver, took first place in the diving contest while Brock won the 400-yard free style event.

300-yard medley relay: Ken-

tucky, first (Scott, Hinkebein, Triplett). Time, 3:45.

200-yard free style: Lewis, Kentucky, first; David, Kentucky, second; Brock, Eastern, third. Time, 2:32.6.

50-yard free style: Roberts, Kentucky, first; Ramsey, Kentucky, second; Roth, Eastern, third. Time, :25.

Fancy dive: Dickman, Eastern, first; Stephenson, Kentucky, second; Curtis, Kentucky, third.

100-yard free style: Roberts, Kentucky, first; Ramsey, Kentucky, second; Stayton, Eastern, third. Time, :57.7.

150-yard backstroke: Scott, Kentucky, first; Hillenmeyer, Kentucky, second; Roth, Eastern, third. Time, 1:58.4.

200-yard breaststroke: Hinke-

bein, Kentucky, first; Riddell, Kentucky, second; Whitaker, Eastern, third. Time, 2:55.4.

400-yard free style: Brock, Eastern, first; Lewis, Kentucky, second; Doyle, Kentucky, third. Time, 5:58.

400-yard relay: Kentucky, first (David, Triplett, Roberts and Ramsey). Time, 3:59.6 (New state record).

President Conway Boatman is "purifying" athletics at Union College?

Coach Bob Dickmon, Eastern's state diving champ, was defeated for the first time in three years in a meet last Saturday night against Berea College?
