Honors Presented To Women At Ninth Annual Program

The ninth annual Honor's Day program for Women was presented at Eastern State College by the Women's Administrative Council on Wednesday in Hiram Brock Auditorium. Approximately 160 young women were honored for outstanding leadership, service and scholarship. The members of the Women's Administrative Council consisted of the presidents of all women's campus organizations. President W. F. O'Donnell gave the chief address on "Honors Unlimited" as a climax to the impressive program. He said: "The present student body is outstanding both in ability and in the quality of its leadership. A college is extremely fortunate in having this combination and is certainly poor without it. The task of choosing from so many able young people a limited few who are to be given special recognition is one that cannot be performed with any great degree of satisfaction or assurance if by

making such a selection we are to conclude that only these were found worthy.

No Limited Meaning
"But Honor's Day at Eastern has no such limited meaning. We choose here not all of the best but all who are chosen are representatives of the best. They are persons of whom the student body can be justly proud. In honoring them we honor ourselves, because in their work and in their lives they have demonstrated qualities of leadership, scholarship, and service which a college must always seek to develop and upon which it must ever place its seal of approval."

The new officers of the organizations were recognized by the retiring president and were presented with the flower of the organization. Other young women were presented scholarships and awards. The officers, scholarships, and awards were as follows: Young Women's Christian Association—President, Joy Kitson, Fal-

mouth; first vice-president, Jane Shaw, Frankfort; second vice-president, Nellie Whalen, Paris; secretary, Nancy Hale, Mt. Olivet; treasurer, Harriet Harris, Stanton. Mrs. R. R. Richards presented the award to the outstanding member to Dolores Samson, Ashland.

Big Sisters Club—President, Nellie Whalen, Paris; vice-president, Faye Marcum, Lynch; secretary-treasurer, Jerry Taylor, Frankfort. Virginia Gabbard, Aurora, Ind., received the award for Outstanding Freshman Woman, and Pat Allison, Carlisle, was recognized as the Outstanding Sophomore Woman.

Women's Residence Hall Organization—Burnam Hall, president, Beth Brock, Kettle Island; vice-president, Pat Allison, Carlisle; secretary, Patricia Disney, Barbourville; treasurer, Joyce Royalty, Bondville. The award for the most attractive room was given to Maxine LaMarr, Alexandria, and Pat Franklin, Louisville. The award for the Outstanding Contr-

KENTUCKY LOSES

Home From The Game

... by Sharon Brown

It is no secret that the major percentage of students in Eastern and indeed in Western and Murray and Morehead and the University are native Kentuckians. These schools are in Kentucky; they are financed by the state and follow a course of study prescribed by the state. That's no secret.

And the fact that Kentucky loses is no secret. It loses many, perhaps most, of the teachers who are educated in these institutions.

A graduate looks immediately upon graduation to the greener fields of brighter gold and higher salaries in Ohio, Michigan, Indiana, and Tennessee. It is only natural and we think quite fitting that a college graduate with a degree and a wife and a habit of getting hungry should look to where he will be better paid for his services.

That is what we came to Eastern for in the first place. We wanted to better out states and live a little better. That is the sum total of most of our am-

bition.

But Kentucky loses. After the child has grown up in Kentucky, costing several thousand dollars to educate in grade and high school and college in the state, he heads for the border and Kentucky loses its rather large investment of time and money in the student.

So there you are—At the end of two one-way streets. Kentucky pays a lot for your education. And you try to get out of Kentucky so you can make a decent salary.

Where is the answer? We don't know exactly. The state claims to be spending all it can for teachers' pay. We don't know about that, but it looks as though in building up and advancing its teacher training institutions the state is throwing good money after bad.

Certainly the state is reaping little benefit from the money it puts into Eastern and her sister institutions. What is to be done? We don't know. But Kentucky loses.

Little grains of dry sand were making a nest in her shoes as she walked. She was glad she had gone to the game even if she was alone. She hadn't really gone alone; the girls from across the hall had gone with her, but he hadn't come.

She didn't really mind his not coming now. She had at first, but then her panic had died into depression and then into utter unconcern and she didn't mind.

The game had been a gay, loud affair with the spectators shouting their encouragement, their insults, at the running uniformed players. She had yelled herself until her throat ached and her face was an ugly shade of red—not aided by the brightly shining sun that was beating down on the faded green bleachers. They had lost, but it was a good game.

She had refused the ride back to the campus; she wanted to delay seeing him for as long as she could. She knew he'd be there when she returned. His apology

would come tumbling toward her and she would sweep it away and leave the slate clean again more from habit than forgiveness.

She walked slowly examining the leaves surrounding the dandelions that were growing near the ditchline.

He'd told her he'd see her at a quarter till, and that would give them time to sip a coke before they drove out to the diamond. She had known there would be sugar-covered almonds in the glove compartment and that he would let her have all the pale green ones to nibble as they talked. He'd said he'd explain the game to her, but he didn't come.

She picked a violet. The frail blossom dropped on its thin, cool stem. She pushed the flower into her pocket and looked up at the sky. It was a gentle blue with frothy white clouds showing through. She didn't care if he hadn't come; he'd be there when she returned.

He could've called. They had a pact that if he didn't come by a certain time she'd know it was an interview or something important that was making him late and she was to go to the planned place and he would come when he could. But he could've called.

She couldn't help but think about him. They had done so much together. She remembered the things he had told her and the things they had planned. They had understandings, even then he could've called.

The car slowed and then stopped. He reached across and opened the door for her. She let her fingers linger on the chrome a moment before she slammed the door. The car began to creep forward slowly. A song was trickling forth from the radio. He glanced at her.

"Hello," she said. He smiled. Warm sunbeams fell in on their faces through the opened windows. The car gained speed, and then she began to tell him about the game.

said, "Why was it I saw you eating peas with a ladle last night?" and Jeff answers, "That was no ladle. That was my knife."

There is always the story about the Indian near Los Alamos who saw an atomic mushroom cloud while he was sending smoke signals and said, "Gee! I wish I had said that."

What's for laughs this week and next? The marvelous Sophia Tucker is with us again. Still in rare form and still singing her songs exactly as she sings them for her club act. She's available on 45 and 33 in Mercury EP 1-3149, MG 20126, and MG 20073. You'll especially like "Vitamines, Hormones, and Pills."

More for laughs, Columbia has released (some time ago but still good) Carol Channing in the original Broadway cast recordings of music from Gentlemen Prefer Blondes. She has the most entertaining lack of voice currently available. She whines her way through "Little Girl From Little Rock" and convinces all listeners that the one she calls her Daddy ain't her Pa, and then flattens the microphone with her hair-brained version of "Diamonds Are A Girl's Best Friend." You'll break up and fall out of your chair over these two. And what she does to the word "ocean" shouldn't happen to a dog.

Two more records. These are not for laughs; they're for your progressive cats. Try on for size two John Williams piano EP's. The earlier William Tell is great, and the newest called just John Williams is better yet. The rhythm backup is a little shaky at times, but the piano is finest kind. If you're in the mood to read a little and laugh, then try on your funny bone Patrick Dennis' Auntie Mame. This is the funniest yet. What Dennis does to modern (progressive) education will make you doubt the American school system, and we'll bet you have never met such a character as Auntie Mame. She takes on the education of her nephew and at the same time keeps her longette and jade cigaret holder in full view and use.

Auntie Mame couldn't have happened, but you'll have run reading it. The most. Then for one that will keep you up all night reading and sending shivers up your spine, read Mary Roberts Rhinehart's The Wall. Any number of people may have disliked Juliette Ransom, but only one killed her, although another threw her body in Loon Lake and still another fished her out and buried her. National Publicity For Eastern

We would like to take notice of a notice that Eastern received in a recent (7 April 1956) issue of the Christian Science Monitor. The article discussed in detail Eastern's International Relations Center and its founder and director Mr. Glen McLain of the History and Social Science Department.

The Center was the first and is now the only one (on college level) of its kind in the state—being a complete pamphlet library dealing with all matters international.

We like to see this sort of national publicity which comes periodically to the school for one of its academic activities. That the Christian Science Monitor in Boston should print such an article and in such glowing terms is just another indication of something we've known for a long time. Eastern is a good school and does well by its students in furnishing them with every means possible toward a fuller and richer education.

We recommend both the Center and the article to your interest and use.

Think about thinking...

THE INDEPENDENT THINKER

... from the UCLA Bruin

Editor's Note: We reprint here an editorial from the pages of the UCLA Bruin as an editorial feature. It is significant writing and represents intelligent thinking and criticism of American thought.

But there is another side of the problem. The California author says, "If free-thought and nonconformities ever become synonymous with disloyalty then America will have surrendered its heritage."

We say that if free-thought and nonconformity ever become synonymous with loyalty then America will have surrendered its common sense and sense of proportion. Rather than free-thought for its own sake we recommend bold responsible thinking; and rather than nonconformity as such, we advocate an intelligent examination of tradition before discarding it.

There is nothing which the average sensual man so detests as being compelled or even asked to think for himself.

People deplore hard thought, especially that which provokes controversy. The regret is due sometimes to a love of peace, sometimes to the sense that it is unfortunate to have division and the pending of time and mental effort in arguing about division and controversy. Lately thought has been stifled through fear and fear.

Through all of the fear and hysteria of the last few years we can detect a conscious rejection and ridicule of intellectual effort and distinction. They come together here with a deep-seated weakness in the American character: a certain shy self-consciousness that tends to deny interests other than those of business, sport, or war. There is a powerful strain of our American cast of mind which shuns or even abhors the free thinker and nonconformist.

Yet this nation was fostered by men who have had the courage to defy false practice and tradition wherever they rear their heads. They have blazed our trails, molded our government. These are the men of progress... they are

In Which a Senior Looks About And Finds A World Of Memories In Her Four Years

Editor's Note: Fifteen years ago today, April 27, 1941, Ruth Catlett, then an editor of Progress (now Mrs. C. D. Barton, 129 Rainbow Avenue, Fort Benning, Georgia), published this article on how a Senior feels. The years have slipped away since this first saw print. The words and emotions are still true. The feelings are the same. We need say no more.

It is in those glorious days of early spring that we begin to realize—we Seniors—that it is the beginning of the end. Always at this time of the year we have begun to love Eastern, to love the buildings made three times by the soft spring air and the trees as full of budding leaves as they can be, to love the walk to classes down paths surrounded by flowers, the nights warm and sweet with the fragrance of lilacs. This is the time of the year when we have always begun to love Eastern.

And always at this time we have this feeling that there is so little time which to appreciate any part of it. This year for those of us who are Seniors the feeling is doubly poignant, for we know it will not come again. To stop and look ahead, and in doing so, look backward for a moment, may serve to make some of us get the

most from these all too few days that remain to us.

Houseman has a poem in which he says that fifty years are all too short in which to see the things he loves. We have a mere six weeks, and there are none of us who would deny that six weeks are all too short a time in which to see this campus that we love. Six weeks is such a brief time. Forty-two days. There have been times in our lives when six weeks have seemed a lifetime. How suddenly they are as nothing.

We are remembering the things that have made Eastern precious to us. There are so many of them. The nights in the library in the winter, trying so hard to study, while all about there was the buzz of intimate conversation and gay giggles. The days when snow covered the campus, and the sting of the weather made us rush from building to building as if the relentless Furies were pur-

suing us, and getting snowballed by the football boys who made this a favorite pastime. The nights in the Burnam Hall Lobby before the days of the Student Union Building and courting had to be carried on in the good old-fashioned parlor fashion. The exuberant Christmas parties the night before vacation and weary conversation until far into the morning. The Hanging of the Greens, and the sound of the fresh young voices of the Glee Clubbers in the gray dawn. Listening to the chimes across the snow. The whir of lawn mowers in the ravine in the late spring. The dances, and the fun of getting flowers at Easter time. Falling in love and thrilling to the voice of the person loved.

We are not so anxious to be out in the world that we cannot enjoy to the utmost these last days left to us. There is a challenge in being out in the world and being buffeted by all the so-called vicissitudes of life, but we can wait for it. Life will wait for us, and hold its buffets in store for us. Now we have six weeks, and six weeks is a very brief time.

Interest High In Naming Baseball Field Hughes Is Popular Choice Of Many

OUR SUGGESTION IN THE LAST ISSUE CONCERNING THE NAMING AND DEDICATING OF THE BASEBALL FIELD has caused quite a bit of interest and comment among both the student body and also of our alumni.

Last week we received a letter from a very close friend, an alumnus of Eastern, who starred on the baseball field for the Maroons himself and is presently the athletic director and head basketball and baseball coach at Manchester, Ohio, High School.

The letter reads as follows:

"I was reading in the Progress that you wanted to have the new field dedicated and a name given to it. I think it is a very fine idea and just wanted to present my views on the subject to you.

First, I think you have picked two logical men, either of whom would be worthy of consideration. I do believe, though, that more things are in favor of Mr. Hughes, (Charles T. Hughes, athletic director and baseball coach here at Eastern), one thing being that Dr. Keith (Charles Keith) has already had one facility named in honor of him on the campus. Another is that Mr. Hughes has actually had more to do with the modern game of baseball played at Eastern now, and through his efforts the team spirit and interest has grown enough to warrant the building of a facility such as this. Of course, I, as well as you and all the other boys that have had the pleasure and privilege of taking courses under him as well as playing ball for him know that he is deserving of the honor this would bring him. He has been an inspiration to his boys on and off the field, and taught them things that would have great carry-over value later in life regardless of the profession or line of work they cared to follow.

For the above reasons, I am voicing my personal opinion that the new baseball field should be named for Mr. Charles T. Hughes." —signed Ronald N. Finley, athletic director, Manchester High School.

Thanks, Ronnie, for your interest in the matter. We, here at Eastern, appreciate your kind words for Mr. Hughes and we are sure "Turkey" values them very much. The matter is now under consideration by the school officials. In fact, it was being considered long before we brought the subject up.

Another fine gentleman, who was a pretty good "country" baseball player, both at Eastern and in the major leagues for many years, is under consideration, so we understand. He is none other than Earle Combs, one of the all-time greats in the big leagues.

As far as we have been able to find out, most of the sentiment on the campus is in favor of Mr. Hughes, but we'll only have to wait and see what develops.

THE SPRING SPORTS ACTIVITY ON THE LOCAL SCENE is well under way now with all of the teams seeing double action this past week except the tennis team, which has only one match.

The baseball team played the Morehead Eagles in an important conference tilt at Morehead on Tuesday, and the golfers met Louisville at Louisville. The track squad tangled with Union at Barbourville on Wednesday and all the teams will be in action tomorrow. The baseballers entertain Louisville's strong club here in a contest slated to begin at 1:30, the golf team is in Louisville where they take on Bellarmine, the track team meets

Berea at Berea, and the tennis team plays host to Tennessee Tech.

Next week, the baseball squad has three tilts on tap, all at home. On Monday, Morehead will visit our campus, Thursday will find Transylvania here and Tennessee Tech's bombers seek their second win over the Maroons and the conference division clincher on Saturday in what is expected to be a gem-dandy. The golfers meet Tech here on Monday, Centre at Danville on Thursday, and Western at Bowling-Green on Friday, while the track team hosts Morehead Tuesday, and the tennis team meets Centre on Wednesday.

For sports activity, you can't beat the above schedule. Far too little emphasis is placed on the spring teams and this should not be. Let's support our "warm weather" athletic teams and let them know that we are behind them. Believe me, it helps.

OF THE EIGHT BASEBALL GAMES played to date (excluding Tuesday's Morehead game); half of them have been washed out, the latest being the Transylvania and Bellarmine tilts, both scheduled for Eastern's field. The Transy game has been reset for May 3rd, but the Bellarmine game has not, as yet, been rescheduled. So, all you baseball fans who are interested, change your schedule and add Transy on the 3rd.

HOLDS NO GRUDGES

PECK HICKMAN, basketball coach of the NIT-champion University of Louisville Cardinals, who is slated to be the guest speaker at Eastern's athletic banquet tonight, apparently isn't one to hold grudges. Mr. Hickman's Cardinals, which lost only three games during the just past cage season, were defeated by the Maroons of Coach Paul McBrayer. We're sure that Coach McBrayer and Coach Hickman will have lots to talk about tonight. Incidentally, the banquet isn't open only to the athletes and the guests but to all. The tickets are priced at \$1.50 per plate.

FUNNY THINGS HAPPEN AMONG ATHLETES, as we proved in the last issue. Here are some more sports' chuckles that we hope you will find as amusing as we did. Anyway, they are good to fill up space.

Though almost a decade has flown since Lefty Gomez tossed his last high, hard one past a batter, the funnies about him keep popping up. As the annual Old Timers Day at the Yankee Stadium, everybody who ever played with Lefty had some amusing reminiscence about him.

There was the day Gomez hooked up with Bob Feller in a fast-balling duel that had the hitters trembling for their lives. Gomez, being a failure, but umpire Bill Summers refused to call the game. When Gomez stepped up to the plate in the fast gathering gloom, he drew a match from his pocket, struck it, and held up the light in front of him. "Wise guy," said Summers, "you can see the mound."

"That's not what's bothering me," Gomez replied, "I wanna be sure that Feller sees me!"

After the smoke left his fast ball, Gomez was asked to take a salary cut from \$22,500 to \$7,500. "Tell you what I'll do," Gomez told Colonel Rupert. "You keep the salary and I'll take the cut."

Here's a football funny. "What's the new half-back's name?" asked the coach.

"Osscowinsinski," replied his assistant.

"Good," exclaimed the coach with satisfaction. "Put him on the first team. Boy, will I get even with those newspaper reporters!"

And, there you have it. Don't forget the spring sports schedule and support them. See the baseballers in action against Louisville at 1:30, and the tennis team against Tennessee Tech, both right here in front of our noses.

Strong University Louisville Is Eastern Foe Here Tomorrow

Coach "Turkey" Hughes is hoping that plenty of big hits are still left in his Eastern Maroons' bats tomorrow afternoon when his charges go after their third win of the campaign, playing host to the undefeated University of Louisville Cardinals. Game time is 2 p. m. on the local diamond.

Coach Hughes was well satisfied with the slugging performance of the Maroons in their 16-13 win over the Morehead Eagles Tuesday afternoon in the important conference tilt. The Maroons garnered 15 safeties, 12 of which were for extra bases. A total of 10 doubles, a triple, and a home run were socked at the Morehead diamond.

The Cardinals of Coach John Heldman will be seeking their fourth win of their young season (excluding yesterday's scheduled game with Cincinnati). They hold wins over Hanover and Transylvania, twice.

Heldman will probably go along with his ace, Wally English, to toe the rubber for the 2 p. m. tilt while either freshmen Gene Ballinger, who turned in a fine relief job against Morehead Tuesday, or Dan Bennett, or senior Ron Pellegrinon will open on the mound for the Maroons.

Coach Hughes will probably go along with the same combination which opened the Morehead tussle. At first base will be junior Jim Mitchell; freshman Oakie Newsome will be at the

HUGHES keystone sack; senior Kenny Stephens at short; and sophomores Angus Begley at third. In the outfield will be sophomore John Sebest, a converted catcher, in left; senior Al Pipes in center; and senior Bobby Brown in right. Behind the plate will be the veteran Don Boyer, also a senior.

Maroons Were At Their Best

The Maroons were at their best, offensively, Tuesday when their boxing bats accounted for 16 runs and 15 safeties against the Morehead ace, Steve Hamilton, to chalk up their first conference win of the season. Their loop record now reads all even, at a win and a loss, the defeat coming at the hands of Tennessee Tech last Thursday by a 14 to eight count at Cookeville, Tenn.

The Maroons put together three runs in the second, a pair in the third, fourth, and fifth, single runs in the sixth, and ninth, and five big tallies in the eighth to chalk up their second win of the year.

Leading the barrage of safe knocks were Boyer, with a home run, triple, and a double and five runs batted in, in five times at bat, and Angus Begley with a double and two singles, and three runs batted in, in six times at

bat. Al Pipes collected a single and a double in five trips, Kenny Stephens banged two doubles six times at bat, and Bobby Brown collected a pair of doubles in the official trips to the plate. Other hitting safely were Oakie Newsome, with a double in four trips, John Sebest, with a single in four trips, and Jim Mitchell, with a double on four trips.

Jim Kiser started for the Maroons and gave way in the eighth to freshman Gene Ballinger, who finished the slugging contest. Kiser gave up 13 hits, nine runs and walked only one in his six innings. He whiffed three batters. Ballinger allowed two singles in his two innings or four and four runs. Gene struck one and walked one.

Steve Hamilton, swift southpaw, went all the way for the Eagles in striking out six, walking seven and hitting one man.

After five games, Al Pipes, for from Lebanon Junction, is the leading hitter on the team, having rapped out 10 base hits in 21 times at bat for a highly respectable .476 average. He is the owner of

STEPHEN'S three doubles, and a homer, 11 runs batted in, and 11 runs scored. Closely following Pipes is shortstop, Ken Stephens, who collected 10 hits in 23 times at bat for a .435 average. Ken hit two doubles, four triples, runs batted in, and seven scored.

Catcher Don Boyer and infielder Bob Brown are tied for the number three spot, each with a .400 batting average. Boyer rapped 8 hits in 20 times at bat while Brown has 6 hits in 15 bats. Boyer is the leader in runs with two and RBI's with one and tied with Pipes for the number of triples with three.

As a team, the Maroons are hitting a healthy .298, with 54 knocks in 181 times at bat.

Kiser is the leading hurler with two wins against no losses. His victims include Berea, 11-5, Morehead, 10-13. The lanky southpaw has pitched a total of 20 innings, giving up 24 hits, 19 runs and 11 earned runs, he has won 10, and struck out 11 in 17 innings, entering his 2 and 0 record.

Next week the Maroons have a three-game home stand, meeting Morehead in a return engagement on Monday, Transylvania on Tuesday, and Tennessee Tech on Thursday.

Nine games remain on the schedule. After next week, the Maroons have a pair with Kentucky one with Transy, and one with Louisville, and Berea. Ohio Valley Conference playoffs are slated for the 17th and 18th of May with the winner of the division meeting in a two-out-of-three playoffs.

Track Squad Downs Union

Glenn Presnell's Eastern track squad copped their second meet of the season Wednesday in downing Union College 67-2/3 to 63 1/3 at Barbourville.

The Maroons copped eight first places as compared to Union's six firsts. Trailing by two points going into the final two events, the discus and the broad jump, Eastern's Don Hortman, Earl Knight, and Bob Tishue took all three honors in the discus while Al Pipes came in second in the broad jump to account for enough points for the win.

The win gave the Maroons a record of two wins against one loss. They defeated Georgetown last week 67 1/2 to 53 1/2, and lost to Tennessee Tech 70 to 52.

Gerald Swim, Union's outstanding athlete, captured four first places and tied for another to gain leading honors. Swim won the high hurdles, the high jump, the low hurdles, the broad jump, and tied for first in the pole vault.

Al Pipes took two first places to lead Eastern. He captured both the 100 and the 220 in his first attempts at both events. Eastern's top sprinter, Harry Wickless, was out with a pulled muscle, causing Pipes to enter those events.

The results were as follows: Mile: Carman (E); Hutton (U); Hord (E); 5:08.4. 100: Pipes (E); Flemming (U); Bennett (E); 10:7. 440: Rucker (E); Burkhardt (U); 52.5. High hurdles: Swim (U); Carman (E); Coleman (E); 15:6.

Shot put: Knight (E); Tishue (E); Hortman (E); 46' 9 1/4". Pole vault: Swim (U); Moore (U); Hatch (E); 11' 6". High jump: Swim (U); Moore (U); Gabbard (E); Stilvers (E); tie: 5' 8". Low hurdles: Swim (U); Jump (E); Moore (U); 26:2. Javelin throw: Gabbard (E); Sloan (U); Corley (U); 148:10. Discus: Hortman (E); Knight (E); Tishue (E); 133:1. Broad jump: Swim (U); Pipes (E); Coone (U); 22 ft. Mile relay: Union.

. . . A SHORT STORY — By Edith Ann Taylor

September 12, 1953

Dear Jimmy:

Tomorrow I leave for school. I can't imagine that another summer is past and that I am ready to register as a junior in college. As usual, Mom will frive down with me, but Ricky and Suzie aren't making the trip this year because Rick says it will make him sick and Suzie says she doesn't want to miss a day of school this year. Remember my first day—two years ago? You drove the car for Mom, and we all had such a good time even though I was scared to death. Now I wonder why I was afraid of college! It's so wonderful! Got to finish packing my books and then to bed. Good night, sweetie.

Hello, my favorite airman:

This Saturday is Homecoming and of course you remember all the excitement that means. Seems like months since I had a decent amount of sleep. And paper napkins! I hope I never see one again!

President Clark sends his greetings, as do Bob and Lou. They invited me over to dinner last evening. They are so happy—and I miss you.

Ricky and Suzie were out of bed before Santa could hardly climb up the chimney this morning.

I have just returned from your house, taking small gifts to the two girls and Mommy and Daddy Bush. The tree was almost as tall as the one we decorated last year. Your mother hung your favorite angel ornament right at the tip top. She seems to be in high spirits, and your daddy's health is much improved. Merry Christmas, my love

In today's mail came the new university catalog, and the schedule for graduation is June 6 next year. Don't things always seem to work out perfectly for us? You will be home between the 10th and 17th of May—so that problem is solved.

Work is slow today as the four men are golfing. Jane is still on her lunch hour. I drove home to eat with my grandmother, who arrived last night.

Dear Jim:

Yesterday I graduated. The families were here and enjoyed the day very much. I didn't want to go back just yet—perhaps tomorrow I will be ready to leave our many fond campus memories, but I want to leave not among the fuss of the family. This is how we had planned, you remember. After graduation you were going to stay over for a day or two, and after we had taken our time about saying good-bys and doing our favorite things—just one more time—then it would be time to go home.

I am going home by myself, except for the love of my favorite airman in my heart which still directs even my innermost thought. Oh, Jim, we had planned for you to be here.

Jimmie, I'm so afraid. Please don't laugh at me like you usually do. This time it is for real. How can I live our future alone? Please help me. I need you. I'm so afraid since you are gone.
