## Eastern Men's Glee Club Presented in Concert at Hiram Brock Auditorium

The men's glee club of Eastern Teachers College, under the direction of James E. Van Peursem, was presented in a concert at the Hiram Brock auditorium Tues., April 27.

The club of thirty boys sang in their first group, "High Barbary," a sea chanty, by Hall; "Dedication," one of the most famous of the songs of this great writer, by Franz; "As Torrents in Summer," by Elgar and "A Chip of the Old Block," by Squire.

As an encore the chorus sang "A Wish" presented with the proper antics by members of the chorus.

Edwin Barnes, son of Mr. and Mrs. H. C. Barnes, Richmond, who several days ago was awarded first place in the Student Musicians contest in Louisville, sang "Hear Me! Ye Winds and Waves," from "Scipio" by Handel; and "Dawn in the Desert," from "Three Songs of the Desert" by Gertrude Ross. Mr. Barnes was accompanied at the piano by Miss Eloise Balz.

The next group of songs by the glee club included "Lawdy, What a Lonesome Day" by McRae, a modern song somewhat in the style of the Negro spirituals; "I Ain't Gwine Study War No More" a spiritual expressive of the longing common to all humanity; with Mr. Barnes taking the solo parts, and "Short'nin' Bread," a comic song, not a spiritual, but showing that influence, by Wolfe.

Thomas Bonny, a member of the glee club, sang as a humorous solo, "Long Ago in Alcala" by Andre Messager. Mr. Bonny was accompanied by Miss Balz.

As an off the record offering, the boys, under the direction of Mr. Van Peursem, alias Prof. Moritz Hoefelstamper, B. V. D., F. U., as guest conductor, went berserk as they, attired as fools and playing pseudo-musical instruments, contributed to the otherwise fine performance Haydn's "Kinder Sympony." The selection was in three parts—namely—No. 1—"Beginning," No. 11—"Middle" and lastly No. 111—"The End." Fortunately the Philharmonic orchestra gave no encore.

The glee club concluded the well rounded program with another group of four songs. They were "When All the World is Young, Lad" by Pfeiffer; "Little Boy Blue" by Fields; "Winter Song" by Bullard, and "Alma Mater" by Lutes-Evans.

Donovan Cooper, a member of the club, was accompanist for all of the chorus's numbers.

### Model High Musicians Given Superior Rating

Model High School entered in the thirteenth annual Kentucky State High School Music Festival, sponsored by the University of Kentucky department of Extension. The competition was started in the auditorium of Henry Clay High School, Memorial Hall of the University of Kentucky campus, and the Alumni gymnasium of the campus.

The festival was attended by more than 3,000 high school students, who competed against each other in the various musical divisions created by the festival.

Model High's orchestra rated superior in the first division. The band entered in the third division was also given the rating of superior. Mr. Harold Rigby is the director of the band and orchestra.

Dorothy and Edith Baxter entered in the individual contests were rated superior in piano playing.

### EASTERN CLUB ORGANIZED AT PARIS

A group of former students and alumni of Eastern met at Paris, Ky., on Friday evening, April 21, and organized an Eastern Club. Annie Laurie Forsythe, of Paris, was elected president; Brooks Hinkle, Sharpburg, vice-president; Mary Felix Swinford, Paris, secretary; and Louise Larkin, Paris, treasurer.

After the organization of the club, Mr. Cox showed the moving picture of activities on Eastern's campus and made a short talk. Special music was furnished by Faith Hall Phillips and Rose Kenny Mitchell, both of the Paris High School.

Twenty-three persons attended this first meeting of the Eastern Club. In addition to Mr. Cox, Eastern was represented by Sam Beckley.

Tom Samuels Speaks on "Bacteria Using Lower Amines" at Louisville Meet

#### IS ELECTED TO SIGMA XI

Football coaches are usually considered, by the general public at least, to be big he-men with deep bass voices who advocate mayhem and slaughter and who teach their pupils the manly art of annihilation.

Of course that isn't literally true and Eastern Teachers College has one who proves that often quite the contrary exists.

Tom Samuels, former All-Big 10 tackle at Michigan and assistant coach at Eastern, Saturday spoke before the Kentucky Academy of Science at Louisville on "Bacteria Using Lower Amines," whatever that means.

In addition he has recently been elected an associate member of the Sigma XI, honorary scientific fraternity at the University of Kentucky where he is taking his master's degree in bacteriology.

While in the University of Michigan, from which he graduated, he majored in chemistry and pharmacy and is a registered pharmacist.

### Frosh Hold Last Regular Meeting

The Freshman class held their last meeting Monday, during the regular chapel period, in the Hiram Brock Auditorium. After having announced at the last meeting that freshmen were to be assessed ten cents, and also posting an admonition on the bulletin board, Mr. Dickman was able to pass the hat and take a collection at this meeting. The assessment was to buy flowers for the freshmen representatives, Helen Anthony and Frances Little, to carry at the Junior Prom to be held this month.

Miss Barnhill, sponsor of the class, commented upon the number of freshmen on the honor roll last semester and also gave the class some very good advice. She pointed out that it is not the horse that starts out good, that wins the race, but the one that starts good and continues to strive until he crosses the goal that wins. She further stated the remainder of the school year would require more thought and budgeting of time because of the extra amount of work and the social functions taking place.

### DONOVAN IN CHAPEL TALK

Eastern President Discusses Germany in Address to Students, Faculty

#### PEOPLE LOVE HITLER

Addressing the students and faculty of Eastern at the assembly hour Monday on "Germany," Dr. H. L. Donovan said of the government: "There is no greater dictatorship in the world today than that which is being led by Adolf Hitler. The German government," he continued, "is operated under the 'leader principle,' under which one man (in Germany, Hitler) sets himself up as a leader, and what he says is law."

Speaking of Hitler, Dr. Donovan stated, "From my own limited observations I believe that there is no man governing any country in the world today who is quite so strong with his people as is Hitler with the German people. That is, the German people love Hitler." Concerning the youth in Germany, he observed, "Not only must every boy between the ages of fourteen and eighteen spend at least one year in a labor camp but now every girl must spend at least six months in training in a labor camp, the only way in which she can avoid this being that she marry before she is eighteen."

In conclusion Dr. Donovan spoke briefly on Poland, describing the ravages of war on that country. Of the people in general he said, "Never have I met a people who have greater faith in education."

**MODEL HI LOSES TO WACO**  
The Model High softball team lost to Waco High School by a 9 to 2 score last Thursday afternoon on the Waco grounds. The Model team was unable to score after the initial inning when they scored their two runs. Waco took advantage of Dunn's wildness and scored consistently throught the contest.

### EASTERN'S DEBATING SQUAD

Pictured above are the Eastern varsity debaters and their sponsor. Reading from left to right, front row, are Bertel Sparks and Kelly Clore, back row, Dr. Saul Houchell, James Neale, and Herman Maggard. The debaters lost only one decision contest during the regular season and Clore and Neale placed second in the state round-robin debate tournament.

### THIS and THAT

By VERNON DAVIS

**Eastern Triumphs Over Navy!**  
"The fleet's in!" So started the long remembered Battle of the Belmont. The above quotation, coming from the mouth of Bill Byra, "insulted" the constitution, the U. S. Navy and the honor of Harry West, a pugilistic representative of Uncle Sam's fleet, who immediately went into war maneuvers and steamed into said Byra.

A moment later, after landing on the wrong end of a well directed punch, "Mangling" Mudder Everling did a Houdini up Second street thinking at the time of the wonders of the airplane. At the same time who should cruise into the affair but Admiral Paul Demoisey, carrying a full cargo of '92 and puffing heavily under the strain. No sooner had the Admiral entered than he, too, stopped a fast one on the port side of his abdomen—said blow considerably jarring up the cargo. Then just when things were about to take the form of a track meet, "Battling" Basil Collins dramatically cried: "Don't give up the ship!" and waded in with his recruit to the Eastern side. They finally forced Secretary Swanson's champion to strike his colors (Note: All of this was told us by the Eastern lads) and sign a treaty. Peace being declared, the "E" lads then limped slowly homeward, humming softly to themselves "Onward, Christian Soldiers."

**First Co-Ed:** "I'll bet you were surprised when you heard that your sister and her boy friend were going to get married."

**Second Ditto:** "Was I? I nearly broke my head on the door knob."

**Senior:** "Do you shave?"  
**Frosh:** "Yep, been shaving for four years—and cut myself both times."

But thank heaven you're stronger

These are the kind of days when the young people can't stay on the campus and browse in the library on the week ends, they can find better places to browse.

DORA BONETA made a special trip to Lexington to attend a dance with MORTON CUNDIFF. BOB "PRIMROSE" HATTON and ELAINE "TWENTY GRAND" JONES have been seen on the campus studying astronomy and anatomy, etc. Who was ANNA BALES BLACK singing "I Love You" to Was it J. B. JUDY or FRANK CONGLETON? SUDY CRAIG and LELIA MAE FRANCISCO, WOODIE NOLL and BETTY SNOGRASS are seen often wandering aimlessly about the campus (or is it aimlessly?) One of the illusions (not the boys of Memorial hall could hold to was the fact that JOHN ELLISON and FRED VANDERMARK were not interested in women. The first snook came when JOHN became infatuated with INEZ CASS, but they still had one ray of hope that all men were not weak until MARY ELEANOR DENNY came along and took FRED'S affections away from Calculus, Chemistry and Chess. Believe it or not there are two girls on the campus that do not worry about losing their boy friends. CORNELIA JOHNS and MILDRED HOE are exceptionally good friends. After MILDRED had a date with J. G. RANDALL on Sat. night CORNELIA had one with MILDRED'S Sun. date stood her up so she went along with CORNELIA and J. G. JIMMY HART didn't know that VIRGINIA BABER was on the campus until he met her on the train returning from the K. E. A. holidays, but o' boy has been making up for lost time since. CRAIG FIELDS and NELL BURTON are glad that it is getting warm so that they can get out of Burnam Hall and continue their new but intensive romance. NEWMAN SHARP seems to have changed his CASE and is going in for VERMILLION and we don't mean colors.

The MARTINS are still sharing KITTIE HOLCOMB. How far can friendship be stretched? ELIZABETH ROBERTSON says that the reason she and SAM "MASTER MIND" BECKLEY are together all of the time is merely because they are such good friends. (we wonder). HARRY HATLER seems to have given up hope of getting GERTRUDE JOHNSON.

**ANTHOLOGY CONTRIBUTION**  
We will now give you our contribution to the anthology: a drama of campus love life. The characters in this drama are not fictitious and the facts are true. A true incident is intended to be portrayed and not interred. The scene is the training table of E. K. S. T. C. The characters: 1st. young lady, 2nd young lady and BILL BYRA. The time is about 6:15 p. m. As the curtain raises the young ladies approach BILL.

1st. Y. L.: I want you to meet BILL he is one of our football heroes. BILL: This is one of my girl friends from home.

2nd Y. L.: Why—er—sometimes. BILL: Well how about a date tonight.

2nd Y. L.: I would but I already have one.

BILL: Break it.

2nd Y. L.: I will go with you if my husband can come along. As the curtain falls on the scene in the little theatre around the corner of Burnam Hall, BILL is seen slipping out with a silly grin on his face.

MILTON FEINSTEIN had the thrill of his life Fri. night when he had his first date with ROSE McCAULEY.

The girl that FRANK WILCOX visited in Pikeville must have been poison ivy judging from the evidence that he brought back afterwards.

The guy who is two-timink the girl from Newport had better watch his step, she is getting wise.

We know how much you love publicity so here are your names ED "PERSIMMON-PUSS" EICHER and "MADAM DUBARRY" O-MARA. Flash-Flash—are you listening Owenton-Otwell "FATS" Rankin is seen around with old home stuff, JOAN "SNOOTY" BRETSCHEIDER. Nice going NANCY KING, VIOLET LEWIS'S picture was recently put in the "has-been" file in room 305 Memorial Hall.

HAROLD "DAN WEBSTER" CLORE was recently heard delivering an address on "Love ah Sweet Love" in the rear of the Weaver Health Building. His audience consisting of EDYTHE NEWKIRK and other bored lovers, that happened to be near by. We don't know how good it was but it was certainly plenty loud. CARL DANN thinks that MARIAN CAMPBELL is the most sensible girl on the campus. What did PAUL DEMOISEY think when RED CORUM took MARGARET HUBBARD Sat. night. We should think that after sinking the Navy, BILL BYRA and BASIL COLLINS would feel gay instead of gloomy. What does the RED HEAD from the Ideal think about JOHN-NY KILLEN playing around with ELAINE JONES? DICK CANTER and VICK YATES are playing around behind the scenes these nights, what does LOIS EICH think about it or can she get her thoughts away from Miami U.?

Oh Somerset, Somerset what will you say  
When you hear that your R. D. is beginning to play?

Dear old PNEUMONIA CROSS-PATCH your name hasn't been in this column for a long time but we saw you out with TOM ARNOLD last Sunday.

A SCENE AT MUSIC CAMP

The Stephen Collins Foster Music Camp, which will be in session from June 14 to July 17 under the direction of the music department faculty, will afford opportunity for

junior and senior high school students throughout the state to have musical training at a nominal fee. The camp offers five full weeks of

musical instruction, recreation, and friendly associations. Both group and individual instruction will be offered.

Dean Case Tells Progress Reporter The Purpose of Mother's Day Program

By ORVILLE BYRNE  
"I think it only fitting that the students of this college should honor their parents on this day. It is but a small way to show appreciation and gratitude for the many sacrifices most parents are making in order that their children may have an education." These were the words of Mrs. Emma Y. Case, dean of women, in a recent interview concerning the proposed Mothers' Day program on Sunday, May 9. She continued: "I have had a program of this type planned for four or five years, but something always happened to prevent the carrying-out of the idea. This year, with the aid of the Students' Relationship Council, I am sure that the day will be a success."

According to Mrs. Case, many mothers and fathers will appreciate the thought that for one day the activities and programs of the entire student body will be directed toward their entertainment and amusement. She said in part: "Naturally, parents are interested in what their children are doing, and what more appropriate day could be found in which to honor our par-

ents? Many of them have never even seen our campus. I expect a large crowd, and if necessary, we can provide overnight accommodations for parents from places too far away for convenient travel."  
When questioned as to whether the hospitality of the campus would apply to the mothers of the off-campus students, Mrs. Case replied rather heatedly: "Of course! Everyone is welcome—Eastern has the reputation of being a friendly college, and we shall do everything in our power to live up to that reputation."

Mrs. Case then changed to the subject uppermost in nearly every student's mind—food. "The cafeteria is too small to accommodate such a large crowd, so, if they so desire, the parents are granted the privilege of bringing picnic lunches. I expect to see the Greek amphitheater dotted with picnicking students and parents."  
Mrs. Case concluded the interview with the statement: "Everyone on the campus is cooperating to make this day the great success that I am sure it will be."

Duds and Misfires

Lieutenant, I can't find the First Sergeant to get permission to speak to you, but you're sitting on the only piece of fly paper in the mess hall.

The shortest perceptible unit of time is the difference between the moment the traffic light changes and the time the boob behind you honks for you to go.

Squad Leader (ROTC): "I heard the battalion commander call you a blockhead. Is that correct?"  
Student: "No, he didn't make it quite that strong. He just said, 'Pull down your cap, here comes a woodpecker.'"

"Knock, knock."  
"Who's there?"  
"Cigarette."  
"Cigarette who?"  
"Cigarette life if you don't weaken."

Inspector: "There's a cobweb in the corner near the ceiling."  
Sergt. Major: "Sorry, sir, we cleaned yesterday but the spiders spin webs overnight."

Inspector: "Tut, tut. Better kill them off; they seem to have time to spread dust over them, too."

An Arizona cowboy applied for enlistment.

"Ever been sick?" asked the recruiting officer.  
"Nope!" answered the cowboy.  
"Ever had any accidents?" queried the officer.  
"Nary a one," returned the would-be soldier.  
"Then what caused that scar on your hand?" demanded the officer.  
"Rattlesnake bit me," laconically answered the cowboy.  
"And you don't call that an accident?"  
"Nope. The dern son-of-a-gun did it a-purpose."

Recruiting Officer: "What are the names of your parents?"  
Recruit: "Mamma and papa."  
Sergeant, disgustedly: "You've been here six weeks and what have you learned?"  
Recruit: "Why soldiers are not afraid to die."

"It gives me great pleasure, Private Murphy, to pin this medal on your breast," said the general, "and to tell you that \$50 is being placed to your credit in the bank."  
"If you wouldn't mind, now, sorr," said Murphy, "couldn't ye pin the \$50 on me breast and put the medal in the bank?"
