RICHMOND, KY., FRIDAY, NOVEMBER 14, 1924

NUMBER 2

EASTERN NOW A FOUR YEAR COLLEGE

Membership in Association of Accredited Four Year College of Kentucky, Granted Eastern

The current school year marks the beginning of Eastern as a four-year college. The students realize this by the increased length and depth of assignments; by the little red hats and tie-less necks of the Freshmen boys, and the vivid, multi-colored appendages of the girls of the same class.

From now until Thanksgiving the townspeople and visitors will be treated to the amazing spectacle of a "red right" and a "green left," pattering down the streets of Richmond under various colored skirts and coats, on Monday's Tuesday's and Fridays. For the Sophs have so decreed that the little Freshies shall be so appalled until that time. And the laws of the Medes and Persians are not less inexorable than this law. So let it be Amen!

However, there are other reasons, serious, thoughtful reasons why Eastern should be known as a four-year college.

In 1908 the old Center University was taken over for a State Normal School with a student body of about 250 people. Under the able management of President T. J. Coates and his assistants the school has grown to nearly fifty teachers and more than 1,000 students. The following figures are interesting:

1919-20—Normal students 645; college 68; 1920-21—Normal 891; College 167; 1922-23—Normal 957, College 399; 1923-24—Normal 223, College 398, for the first semester. This shows a decided increase in students for college work, which is encouraging since the people of today are demanding more efficient teachers, not only for the schools of the city, but are even requiring, in some states, that their country and rural school teachers shall have not less than a four-year high school education. A recent report shows that out of more than 1,500 high school teachers in the state, over 1,000 of them are college graduates. Eastern must foresee the demand for well-equipped teachers and be ready to send them out. This she is preparing to do now.

Eastern is, at present, a member of the Kentucky Association of accredited four-year colleges. Before the end of this year application for membership in the Southern Association of

(Continued on page 2)

OPEN FORUM DINES AT BOONE TAVERN

The Open Forum Committee of the Teachers College was entertained at dinner Sunday at the Boone Tavern at Berea by its faculty advisor, Miss Anna Schneib. In the morning this group of students attended the meeting of the Union Church in Berea. Following the services Mr. H. E. Taylor, secretary of Berea College, rendered them several beautiful selections on the organ. The day was certainly a pleasure for the members of the Open Forum Committee.

Miss Elizabeth North, chairman of the committee, was not present, being at home to vote. She was the only one absent from Miss Schneib's lovely dinner. The others present were Mrs. C. L. Talbott, Miss Mary Floyd, Miss Virginia Rountt, C. G. Mainous, E. C. Mullins and Roscoe Dalton.

FRESHMEN RUSH SHOW

Freshmen of the Teachers College, 250 strong, again paraded the streets of Richmond Monday but only on their way to the picture show, "Feet of Clay," which they gave in their honor at the expense of the local management. The picture was declared an excellent one by all of the first year students who say that they learned a great lesson Monday afternoon.

In doing this the Freshmen were forced to miss all of their afternoon classes Monday but they could not let such a small thing stand in the way of a picture show party. The girls with their two-colored stockings and boys with their red caps formed quite a spectacle marching down historic Lancaster avenue to the show. The line extended well over a block.

The Freshmen plan to pass resolutions thanking Manager Greer for the performance in their honor and state that their trade in the future will more than repay him.

EASTERN'S ELECTION REVERSE OF NATION

Much interest was aroused at Eastern election day by balloting on the campus under the direction of the Open Forum Committee. Had the nation and state voted as did Eastern every candidate now defeated would be feeling much better today.

The bond issue carried in the Eastern vote by a large majority. A total of 374 votes were cast in favor of the bond issue compared with 72 against it. The Democratic electors given a majority, the highest being by about a majority of 89. Stanley won by a majority of 102 at Eastern.

One encouraging fact was that in all of the 451 votes cast only one was spoiled.

In the Normal precinct 164 votes were cast, in the college freshman precinct 170 and in the college sophomore, junior, senior and faculty precinct 117 votes were cast. The election was a success from every standpoint.

EASTERN'S ELEVEN PLAY CLEAN GAME

After the L. M. U.-Eastern football tilt at Harrogate, Tenn., Saturday the referee came to Coach G. N. Hembree and his men and stated that Eastern had one of the cleanest and most sportsmanlike teams with which he had had the pleasure to work in a long while.

In a letter from him explaining the play which Coach Hembree protested, received Monday, he stated that Eastern's team was composed of gentlemen, who conducted themselves as such on the field. He commended their sportsmanlike conduct on the field. He penalized L. M. U. during the game about 80 yards for holding and after the game stated that Eastern's opponents were guilty of this more than any team he had seen for some time.

Compliments of this kind show that the Eastern boys are keeping faith with football as the truly clean sport that it is. A statement from a referee to this effect means a moral victory for Eastern, just as deserving as any triumph on the field.

A special effort is being put forth to get every Eastern student to subscribe for the Eastern Progress. The price on the campus is 75c per year—off the campus \$1.00. Do it now!

GIRLS' BASKET BALL HANGS FIRE

Faculty to Rule Soon on Whether or Not Eastern Girls Will Play Boys' Rules This Year

Discussion of whether the girls at Eastern should play basketball under strict girls' rules this year has occupied much time among both faculty members and student body. The question has been brought before the faculty but action taken on the question as yet. A special meeting of the faculty, however, has been called to discuss only that matter.

Several other colleges of Kentucky have adopted the plan of playing by girls' rules. The Kentucky Deans of Women Association has recommended that this rule be adopted as have the physicians in Richmond. Some members of the faculty are very much opposed to girls playing by boys' rules.

The athletic committee Tuesday recommended to the faculty that the play of girls by strict girls' rules. A motion was made to this effect in faculty meeting but Dr. W. J. Grinstead raised a very important question. He stated that so far as he knew the rules calling for this made three years ago had never been departed from although for the past few years Eastern's girls basketball teams have been playing by boys' rules. This caused a special meeting of the faculty.

The faculty is considering the matter very carefully. President T. J. Coates stated that Judge Cammack had advised him that some of the girls might have come to Eastern with the expectation of playing by boys rules and in this case a change would be breaking faith with them. Since Dr. Grinstead brought up his question, the matter will have to be looked at from a different angle. Judge Cammack's point, however, would come into consideration in the event the latter case as cited by Dr. Grinstead proved true.

A decision on the matter is being looked forward to with much interest. The basketball schedule for the girls is being held up on account of it. Eastern's decision on the matter will probably affect some of the other school's final action in regard to the same question.

FRESHMEN CAPS ARE MUCH IN EVIDENCE

New headgear for the male Freshmen has arrived and is already very much in evidence on the campus and streets of Richmond. The headgears are caps of a beautiful maroon and white combination with an E and 28 on the front of each.

The caps arrived from the manufacturer resembling Turkish fezzes and explanation has been made that since there was not enough harem inmates to go around the boys decided to change them into overseas caps. The change gives them a very nifty appearance.

Some of the Freshmen and others on the campus who have seen some of the Frosh not wearing these caps have branded them as poor sports, not showing the spirit that should be registered.

It has been pointed out that the Freshman cap rule is becoming almost universal and is no longer an insult but a distinction. The first year men are urged to snap into it and wear their caps daily.

GAME HERE SATURDAY

One hundred percent of the student body is expected to turn out Saturday, November 15, for the football game with St. Mary's College on the Eastern gridiron. This will be the first appearance of Eastern here since the second week in October when they defeated Cumberland College 19 to 6. The game will be a good one in which Coach Hembree's men are expected to win.

Eastern plays only three football games at home this year and should give the eleven the fullest support in all three of these games. After the St. Mary's game Saturday comes one with Morehead State Normal the following week, played on Nov. 22. The final 1924 appearance of the Eastern football squad will be made at Barbourville Thanksgiving Day with Union College as Eastern's opponent.

No doubt a large crowd will witness the game here Saturday.

GRINSTEAD SPEAKS ON ARMISTICE DAY

A crowd which filled the chapel on Tuesday morning heard Eastern's Armistice Day program featured by an address by Dr. W. J. Grinstead. The program was the only one of its kind held in the city and was attended by a good number of people from Richmond.

The program was opened with the singing of "Columbia The Gem of the Ocean," after which Rev. W. A. Fin, pastor of the First Christian Church pronounced the invocation. Prof. Stewart led the singing of the "Battle Hymn of the Republic." Rev. H. H. Hally, a man who can recite the Bible from cover to cover, then gave the Book of Esther and also a few selections on what Jesus said about the Bible. His reading was much enjoyed. Another song was given before Dr. Grinstead began his address.

He opened by telling of the day on Nov. 11, 1918, when news was received in Richmond of the signing of the Armistice. His impressions of the day then would long remain with him, he stated. In brief, Dr. Grinstead told of the causes and occasions of the World War, the greatest in the history of the world. He related in brief how each country came into the gigantic struggle, its course and the end, a story so well known by all.

Then he started to enumerate the results of the war. He went into detail on the things which the world had done since to end war. He stated that

(Continued on page 2)

GOOD LYCEUM NUMBERS COMING

A lyceum number on December 4 will be given by the Fenwick-Newell Concert Company, including Mr. Newell, tenor; Marguerite Holt, soprano; Joseph Marks, violinist; Rosamond Crawford, pianist.

After New Year there will be a lecture by Arthur Sterry Coggshill, the date to be announced later.

An evening is also to be arranged with Miss Margaret Stahl, play reader, who has in her repertoire "Abraham Lincoln," "Six Cylinder Love," "Madame Butterfly," and "The Man From Home."

Remember the next date is Dec 4, the Fenwick-Newell Concert Company, whose program should attract a large audience.

L. M. U. GAME LOST BY EASTERN 13 TO 7

But Are Victims of Breaks—Stev-Hembree's Men Put Up Great Game ens Makes 95 Yard Run

In spite of the fact that the Eastern eleven played its best game of the year Saturday at Harrogate, Tenn., according to Coach G. N. Hembree, 13 to 7 by the Lincoln Memorial United the Maroon and White was defeated versus gridders.

Playing in a sea of mud and against an eleven which outweighed them 20 pounds to the man the Eastern boys put up a real fight. The two touchdowns scored against them were the result of a fake and the latter by holding the Eastern boys claim.

Eastern scored right at the start of the game. Bill Stevens received the kick-off on his five-yard line and raced 95 yards thru the entire L. M. U. team for a touchdown. Clouse executed a place kick for the extra point. The Harrogate team also scored in the first quarter on a fake, the legality of which was protested by Coach Hembree and his men but to no avail. Albright ran 20 yards for the touchdown on the fake.

With four minutes left to play Turner scored what was ruled the winning touchdown. Eastern players claim that Luxon tackled him and he was literally pulled off Turner by another L. M. U. man. This allowed Turner to run 40 yards for a touchdown after receiving a punt. One touchdown before that which L. M. U. made on a forward pass was ruled out due to holding.

Shirley Clouse played the best game of his career at Harrogate, ripping great holes in the L. M. U. line all

SAYS A STUDENT

"Students, Read This and Give it the Consideration it Deserves, Thus Helping the College Publication."

Eastern students, do you realize the debt you owe to the business men of Richmond?

Each year they are approached by students from the college in the city as well as the other schools for ads for the school publications.

The fact that the school is able to put out the Progress, and other publications should be credited to the business men of Richmond.

They stand behind us in all of our efforts.

They are expecting returns from the students.

They are expecting that you at least show your appreciation.

They operate the stores, the shops and other places of business.

Their goods are as good as anybody sells.

Their prices are as good.

GRINSTEAD SPEAKS ON ARMISTICE DAY

(Continued from page 1)

it was selfish nations which caused the war, pointing to Germany as an example. In brief he told the growth of the German empire and of the great things which it aspired to do

Dr. Grinstead told in a very vivid way how that in every nation on the globe memorials had been erected to the memory of those who fought and died in the war. The most impressive of these are the graves of the unknown soldiers which he stated were every one of the countries of the allied cause. The American Soldier is buried at the Arlington cemetery and his grave is visited every day by hundreds of people who lay flowers and wreaths on the grave of this lad.

In the last part of his address Dr. Grinstead took up the results of the war from a different angle. He pointed out the growth of the League of Nations and the possibilities of that body of nations. He also highly complimented the World Court where the nations have their disputes settled by arbitration if discussion does not bring this about. He told of the great good done by the Arms parley held at Washington treaties and other causes to end war.

The gathering thoroughly enjoyed Dr. Grinstead's address. Following another song the audience was dismissed with a prayer by Rev. Frank E. Moore of the Second Presbyterian Church, of Richmond.

EASTERN NOW A FOUR YEAR COLLEGE

(Continued from page 1)

Colleges will be made. If granted, this will give her collegiate recognition and standing all over the United States.

Within the last four years the standard of the school has been raised to a remarkable degree. Two years ago Mr. Robinson was made registrar with a fully equipped office force. Until this time this department was a part of side issue with Mr. Brock and nothing more than grades was kept today, the most exact, correct and minute records of the student's work executive ability, personal attainments are kept where they may be easily and characteristics, as well as grades, reached.

Such records have been proven of inestimable value when students are ready for positions.

Two years ago, under former Dean H. L. Donovan, the college and normal students were separated into different classes. Heretofore, all students were in the same classes which were very large, and much confusion resulted from the daily, six-recitation classes of both college and normal students. Today, we have smaller classes, time for more research work for the college students, and work assigned that is within the ability of the student to get in the best manner.

Our present dean, Dr. Homer Cooper, is an able man, well versed in experience and requirements necessary to a growing institution such as Eastern has shown itself to be.

M. U. GAME LOST BY EASTERN 13 TO 7

(Continued from page 1)

Ryan Thompson and Ware, Transy's backfield stars. In the second quarter, Thompson intercepted a forward pass and raced 75 yards for a touchdown.

Luxon at left tackle was the star of the game for Eastern. He was in almost every play assisted much in keeping down a large score. In the middle of the field Eastern made about eight first downs but could do nothing when they approached the Crimson goal posts. Moberly and Mainous were the principal ground gainers for Eastern. McGlothlin also played a nice game at center for Eastern.

Although playing against superior odds and a much better team in every way the Eastern lads put up a real fight and deserve much credit for their play. They were game to the last and

fighting hard even when facing an overwhelming defeat. The line-up:

Eastern	Pos.	Transy
Alexander	LE	Gividen
Luxon	LT	Powell
Triplett	LG	Boyd
McGlothlin	C	Ruggles
Alford	RG	Vaughn
Ault	RT	Ruggles
Gregory	RE	Wilcox
Stone	QB	Thompson
Mainous	LH	Ware
Moberly	RH	Frazier
Clouse	FB	Estes

INFINITIVES FOR GIRLS

- To be gentle

- To understand character building
- To take an active interest in the schools.
- To understand emergency nursing.
- To be light-hearted and fleet-footed.
- To be womanly under all circumstances.

—Somerset Idea.

SPURLOCK AND OTHERS REINSTATED

The faculty of Eastern last week reinstated Arthur Spurlock, former student, who was alleged to have been implicated in the plot to steal and sell examination papers here about two years ago. The affair caused quite a stir at Eastern since several students were said to have been connected with it. Trials in state courts followed in which some were sentenced but later pardoned by the governor.

Spurlock wrote to President T. J. Coates about the matter and he referred to the faculty about it. Spurlock asked that he might once more enter Eastern which was granted to the rest of those former students as well as him. Shortly after the affair was brought to light the faculty barred these students from all further connection with the institution.

DEMOCRATIC CLUB FORMED AT EASTERN

One of the most effective of the many clubs and societies which have been organized on the campus at Eastern from time to time in the past is the Eastern John W. Davis Club, which was organized Tuesday, October 28th, to arouse interest among the Democratic voters at Eastern in the presidential campaign and at the same time acquaint them with the aims and principles of the Democratic party.

The officers elected were W. Sawyer Gilbert, president; Pauline Arnold, vice president, and Sarah Hall Smith, secretary. The organization began to function at once and secured as a speaker Mr. John Noland, prominent Richmond attorney, who spoke on Wednesday evening, October 29th in the chapel to a large and appreciative audience on the history and principles of the Democratic party.

On Saturday, November 1st, over a hundred of the Democratic students assembled in front of University Hall and marched in a body through the town, carrying flags and wearing

"Teapot Dome" hats. This parade elicited much favorable comment along the line of march.

On Monday evening, Nov. 3rd, a debate was held in the chapel auditorium with Mr. Jennings as the Democratic speaker and Mr. John Triplett as the Republican speaker. There was much enthusiasm shown during the debate by the adherents of both parties.

The effectiveness of the John W. Davis Club in getting out the voters is shown in the result of the election held on the campus on election day, when the Democrats polled a majority of the eighty-nine votes. If the results of the election in the state and nation had been as favorable to the Democratic party as the results at Eastern the Democrats would have reason to rejoice.

The election is over; the Republicans won—and oil is well.—Exchange.

Be a booster for the Eastern Progress.

SUPT. J. H. PAYNE TALKS TO U. G. T. C.

A feature of the meeting of the upper grade teachers council Wednesday evening was the address by J. H. Payne, city school superintendent of Richmond, who gave a most interesting talk on "The Possibilities of Principalship of Schools."

A principal, according to Mr. Payne, has a better opportunity to convey to his pupil's mind that learning which he is trying to impart when the pupil has reached the sixth grade. With due respect for the lower grade teachers Mr. Payne stated that it took almost a genius to teach primary grades, especially the first grade.

The U. G. T. C. is a promising group just organized but working fast. It has an able advisor in Miss Ann Schneib who has organized the council on a firm foundation with business like rules. The object of this council is to find upper grade teachers who will fill the place well, be satisfied and please the superintendent.

The officers of this enthusiastic body are Clayton Mainous, president; W. C. Stevens, vice president; Virginia Griffith, secretary. This council will meet once a month on the first Tuesday so that the advisor will be able to get a line on the material with the view of finding positions for them for which they are best suited.

RULES FOR DAILY LIFE

Begin the day with God;

Kneel down to Him in prayer;
Lift up thy heart to His abode,
And seek His love to share.

Open the Book of God;

And read a portion there;
That it may hallow all thy thoughts,
And sweeten all thy-care.

Go through the day with God.

Whate'er thy work may be;
Where'er thou art—at home, abroad,
He still is near to thee.

Converse in mind with God;

Thy spirit heavenward raise;
Acknowledge every good bestowed,
And offer grateful praise.

Conclude the day with God;

Thy sins to Him confess;
Trust in the Lord's atoning blood,
And plead His righteousness.

Lie down at night with God;

Who gives His servants sleep;
And when thou tread'st the vale of death,
He will three guard and keep.

—Temple Advocate.

ENTERTAINS

The Open Forum Committee entertained Thursday evening, October 30, with a banquet at the Hotel Glyndon in honor of Hon. Desha Breckenridge, editor of the Lexington Herald, who spoke on the bond issue here that night. The other guests were President T. J. Coates, Mrs. T. J. Coates, Dean Homer E. Cooper, Miss Anna Schneib, Miss Elizabeth North, Miss Virginia Routt, Miss Mary Floyd, Mrs. C. L. Talbot, Mr. Roscoe Dalton, Mr. E. C. Mullins and Mr. C. G. Mainous.

HALLOWE'EN PARTY ENJOYED MUCH

Friday night, October 31, the students of Eastern were entertained with a Hallowe'en party by the members of the faculty. Miss Gibson and Mrs. Hume were in charge of the decorations, and the gym was transformed into a real "Spooky Hallowe'en Setting."

A large crowd was present. Nearly all wore costumes representing different nationalities, characters of history and fiction.

The most important feature was the cak walk contest which was won by Miss Sally Hensley and Mr. Edgar Higgins. They were awarded a large cake.

The refreshments served, gingerbread, cider and apples, completed a real Hallowe'en party. Every one enjoyed himself thoroughly, and appreciated the services rendered by those who made the party a success.

PRIMARY GROUP HAS CHAPEL PROGRAM

Monday morning in chapel the primary group was introduced to the faculty and student body by the group advisor, Mr. M. E. Mattox. The teachers, with their curls, hair-ribbons, sashes, and lollypops, looked as if they might be the primary children but in the reading lesson they told who they really were.

The program was made up of songs of "dear old school days," yells for Eastern and its faculty. The primary bunch proved that they were a lively bunch and judging from President Coates' remarks great things are expected from this organization.

WHAT THE ALUMNI DO

Out of the 154 graduates of last year it is found that quite a good representation of them are working for their degrees, either at Eastern or the University of Kentucky.

Several of the '24 graduates are occupying positions in the city schools of Richmond or in Madison county. Ethel Campbell, of Gray, Ky., is now teaching in the primary department of the Richmond city school. Before entering Eastern Miss Campbell was a critic teacher in Barbourville, where she did excellent work. In addition to her teaching, she is taking some classes at Eastern. Miss Campbell came to the city school here very highly recommended.

Another, among the class of '24 holding a local position, is Minnie Pigg, of London, Ky. Miss Pigg is employed by the Eastern Teachers College as a critic teacher at Green's Chapel. She had quite a bit of experience in teaching before she came to the Teachers College and is making a most capable critic teacher.

Miss Allie Dyche is teaching in Hazard.

Miss Jane Herberson, of Perryville, has accepted a position in Harrison county.

Miss Anna Catherine Hugely is teaching in Midway.

Miss Mary Elizabeth Lackey, of the class of '21, is teaching in Louisville.

Miss Rowena Coates, also of this class, who is teaching in Hustonville, was at home for the week-end.

Germany hasn't seen anything but dotted lines since the old Hindenburg line broke.—Toledo Blade.

INSTALLATION MEET HELD BY Y. W. C. A.

On Sunday evening, Nov. 9, the Young Women's Christian Association held its installation service in the chapel. This service was well-attended and beautifully rendered.

After the audience was seated, the cabinet members came marching in to slow music and seated themselves on the stage. The leader announced the first song, which was "Lead Kindly Light." This was followed by prayer which was led by Miss Roberts, the advisor of the Y. W. C. A. Following this prayer, Miss Elizabeth North read the scripture lesson found in Matt. 5, and Miss Sallie Brooking gave an instrumental solo. Then the president of the Y. W. C. A., Miss Stella Ward, talked on the purpose and work of the Association, both national and local. This was followed by soft music, during which the cabinet members lighted each others candles, quoting a verse of scripture, then with bowed heads they gave sentence prayers. The pianist then began playing "Follow the Gleam" and the Y. W. C. A. members, who were seated in the balcony, began singing and marching slowly down the stairs, down the aisle and across the stage, carrying candles which were lighted by the cabinet members. When all these candles were lighted, the members followed by the cabinet marched on over to the halls, still singing "Follow the Gleam."

The lights were turned off during this candle lighting service, and as one saw the candles lighted and heard the singing of "Follow the Gleam" he was impressed with the solemnity of the service and with the meaning and purpose of the Y. W. C. A.

SAYS A STUDENT

Efficiency! Do you want it? Surely you do, but do you realize you're the one who will make it?

Have you subscribed for your school paper yet? From an enrollment of 600 students, only 200 have subscribed. To which number do you belong? Are you willing for your school to be classed as two-thirds percent inefficient? Let's overcome this and make our school 100 per cent efficient.

Then comes school spirit. School spirit makes us improve our college. Better colleges increase in school spirit. You cannot have one without the other. There's too much "push ball" spirit in this college. We must all get on the same side of the ball and push together—and put our faculty, organizations and athletics "on top" in Kentucky.

There's an inexpressible thrill in each heart when, flying the "maroon and white," we watch our boys gallantly following their mascot across the football green to meet their opponent. The climax is reached when, by the help of the yells and cheers of all the faculty and students the victory is ours. Catch the school spirit and pass it on, so when you hear Eastern mentioned, you'll be proud to say "That's my college."

Maybe reckless deforestation and the abolition of the woodshed is one cause of the recalcitrancy of the younger set—Louisville Times.

DONOVAN HONORARY MEMBER OF FACULTY

H. L. Donovan, dean of Eastern for the past two years, and who resigned this fall to accept a position on the faculty of Peabody College, has been made an honorary member of the Eastern faculty by that body in session last week. Mr. Donovan's possibly one of the best liked faculty members Eastern has ever had. He endeared himself in the hearts of the students by the interest he showed in them and by the way he handled the student problems.

While at Eastern Mr. Donovan did a great work. For two years he was dean of the institution but his resignation was granted when he received an offer which would limit his field only by the whole of the southern states. It is with regret that the students and faculty of Eastern see him leave Richmond.

Mr. Donovan spoke at chapel on Monday of last week delivering an address which he made at an educational meeting at Lexington the day before. The students gave him a wonderful ovation, a further proof of his popularity here. The people of Richmond think just as much of Mr. Donovan as do those at Eastern. All regret to see him leave and all endorse the action of Eastern's faculty in making him an honorary member.

ARE YOU TEMPTED TO LEAVE SCHOOL?

In the city of Boston the ninth grade of the schools, which is the first year of high school, is known as the grade of "school mortality." It is the year in which a very large number of the pupils leave school.

Why do they forsake their books? The attempt has been made to find out. Teachers have talked the matter over in a friendly way with the pupils. If a pupil said she was leaving school to go to work this answer was not accepted as final, but the attempt was made to get at the motive for going to work. Was it necessary, or the desire for spending money, or dissatisfaction with the school?

"Of the 1,174 cases, 284 were forced by economic pressure to leave, 284 preferred to work, 109 left on account of personal illness and 100 moved from the city. Other public and private schools received 185 pupils. Some of the other reasons for leaving were family illness, wish to learn a trade, and a desire for spending money."

It is a great mistake for a girl to leave school before she has graduated from high school if she can by any possibility continue her studies. Figures show that looked at simply from the point of view of dollars and cents the high school graduates in the long run earn a much larger income than the one who drops out.

But money is only a part. Staying in school opens the doors to many avenues of pleasure. Life is worth much more to the graduate and she is able to do more for her fellows than are those who quit school at the first chance.—Exchange.

It is just as disastrous to live beyond your reputation as beyond your means.—Illinois State Journal.

OBSERVE HOLIDAY ARMISTICE DAY

Welcome news was received by the entire student body in chapel Monday morning when at the close of the announcement session President T. J. Coates stated that no classes would meet at all at Eastern on Tuesday, Nov. 11, Armistice Day. He said that a short Armistice Day program would be presented in the chapel from 8:30 to 9:30 Tuesday morning after which the students would be free for the day.

Students were unanimous in endorsing the holiday and were truly thankful that it did not fare as Columbus Day which was celebrated three days late due to "absent minded professor."

ATTENDS EDUCATION MEET IN LEXINGTON

Dr. Homer E. Cooper, dean of Eastern, was in Lexington Friday, October 31, for the purpose of attending an important educational meeting. This meeting was sponsored by the University of Kentucky and led by the School of Education. It was, in fact, a conference on education and included representatives from all parts of the state. Superintendents of Schools, Normal school men, and private school men constituted the bulk of the audience.

Among the beneficial numbers rendered on the program there were: Two lectures on "The Aims of Elementary Education," one lecture on "Project Teaching," three lectures on "High Schools," one on "Function in Connection with Institutions" including the Teachers College, and one lecture on "The Financing of Public Education." Each program was well attended. There were often as many as three hundred leaders of education in the state present.

Eastern was represented by President T. J. Coates and Dean Homer E. Cooper.

On the evening of October 31 Dr. Cooper attended a conference on "A Program for Instruction in Health" to be used in the teacher training institutions in the state. The possibility of health in connection with education was discussed.

There were three committees appointed at this conference.

1. A committee was appointed to work out the problem of supervision of student help. Eastern was represented by Miss Ruth Dix and Dean Cooper.

A committee was appointed to work out just what the curriculum should include. Miss Ruth Perry was appointed on that committee.

Another committee was appointed for the purpose of seeing "How to Include Health in the Training School." Mr. M. E. Mattox and Miss Anna Schneib were appointed on that committee.

Dean Cooper also attended a meeting of the representatives of the Blue Grass School Lyceum Association on Saturday morning. This meeting was for the purpose of determining the lyceum course for the current year. A committee was appointed to select attentively appropriate numbers and report at a later date. This committee hopes to have its plans entirely finished and ready for publication by the beginning of the second semester.

There are numerous great men, but few than can avoid looking silly when being photographed for the movies.—Baltimore Sun.

QUIET HOUR MEDITATIONS

How I'd like some shady spot
Beside the murmuring brook,
Where I could see God in the flowers,
The trees and every nook.

I'd love to hear the birds that sing
Praise their joyous song.
They fill the world with harmony,
Till we forget all strife and wrong.

God seems nearer in the wood,
There we commune with Him,
Where nothing of man's sinfulness
Can make His joys grow dim.

It seems all Nature's praising God;
'Tis only man forgets.
All Nature joins in singing praise;
'Tis only man that frets.

But here I have to sit and pine
For joys that cannot be;
I sit in lonely solitude,
While pleasures from me flee.

For this is Sunday afternoon,
When quiet hours must reign.
But oh, in woodland solitude
Far more would be my gain.

Than prisoned by four lonesome walls
With nothing here to see!
I'd rather heed to Nature's whiles
And learn of God from every tree.

—Mary Moore.

16 GAMES FOR BOYS AND 12 FOR GIRLS

The athletic committee of the faculty in session last week offered to that body three important resolutions on which they should pass. One was that girls' basketball at Eastern in the future be played by strict girls' rules which has occupied much discussion in the faculty and student body.

Two important things which they recommended were that the boys' basketball team should be allowed to play 16 games this year with a lee-way of at least two or three additional ones at the discretion and that the girls be allowed to play 12 basketball games with a lee-way of two or three at the discretion of the coach. These will form two good schedules for the Eastern fives this season.

NEED OF RELIGIOUS EDUCATION

There is a great need of more fundamental religious education. The Bible having been practically ruled out of the public schools and the home having largely ceased to function as a school of religious training, the result is that about only one child out of

four in Christian America is receiving any definite formal instruction in the primary principles of righteousness as taught in the Bible. It is no wonder that men fail and go down in ruin under the pressure of temptation when they have been given little or no reinforcement through religious sanctions and a knowledge of spiritual resources for resisting the attacks of evil. We need in America a revival of Bible study that shall extend from the infant to the grandmother, not thru the public schools, but thru church schools that offer a worthy and challenging program of study and activities both on Sunday and throughout the week. Daily Vacation Bible schools, and plans for week day religious instruction, are being experimented with in the effort to provide more adequate religious instruction. Certainly we cannot expect out national life to rise higher than the morality of the average citizens, and this average can be raised only as we impregnate the minds and hearts of our people with the principles of righteousness as revealed by the Scriptures.

The above is one paragraph of an editorial in Home and Foreign Fields entitled "American Honor and Dishonor." Our Fireside school plans are to instruct every member of the family from the infant to the grandfather in the principles of righteousness as found in the Bible. If we would save the country we must save the homes.—Exchange.

Of course, if Europe should suddenly pay its debts to America, it would ment in this country which has used be very disconcerting to a certain element the financial situation as an excuse to stick its nose into everything that goes on over there.—Kansas City Star.
