MAROONS LOSE ONE, WIN ONE

Defeat Centre 3 to 1 After Losing to Georgetown, 3 to 2, in Tight Game

HATTER PITCHING STAR

The Maroon baseball team lost a 3-2 decision to the Tigers of Georgetown College at Georgetown last week and copped a 3-1 decision from the Colonels of Centre College on the local yard.

Too much Stone seemed to be the explanation of the Georgetown game. It was his two-bagger in the sixth frame that sent two men over the rubber for the winning runs, in addition to his excellent pitching. Stone fanned fourteen men.

Hatter, the star Maroon southpaw, worked a wonderful game and should have won if pitching counts for anything. The Tigers gathered six bingles and seemed to have the knack of getting them when needed. Three of them came in the first frame to score one run and the remaining three in the sixth for two scores. Out of a possible twenty-four put-outs, Hatter accounted for twenty by the strike out route. A hard game to lose. With a little hitting behind him he would have won without any trouble. The Teachers only accounted for five hits.

Last Saturday the Colonels of Centre College came to town to meet the Teachers in a return bout. It was Hatter's effective twirling that saved the day, because the Teachers failed to connect for safeties again, altho the five accounted for by our boys came in bunches of three and two and when they were needed to drive in markers. The Colonels accounted for six hits, but they were scattered to such an extent that they didn't amount to much. Altho Hatter was not in as good form as heretofore, only accounting for eleven Colonels by the strike out route, he pitched a steady game. In addition to his good work on the slab he smacked out a sharp single in the eighth frame to score a few minutes later on Taylor's double thru third.

Varney, for Centre, pitched a steady game and held the Teachers at bay most of the time. He fanned three men. The next home game will be against the University of Louisville tomorrow.

BOARD PLANS NEW BUILDINGS

To Start Work Soon As Possible on New Auditorium to Cost \$125,000

NO NEW GYM TILL 1929

The Board of Regents met two weeks ago to consider plans for the two new buildings that are to be built in the near future, as well as a number of routine matters.

The meeting was the first at which President-elect Dr. H. L. Donovan, has been present and all members of the board, W. C. Bell, superintendent of public instruction, Senator H. M. Brock, Judge J. W. Cammack, C. F. Weaver, and Judge J. A. Sullivan, were present.

Most of the time was spent in going over plans for the two new buildings—an auditorium and gymnasium—that were provided for by appropriation made by the last session of the general assembly. Some opposition had developed concerning the auditorium being connected to the Administration building, as originally planned, but it was decided to go ahead and connect it to that building. Plans are to be revised so that the total cost of the auditorium, including equipment, will not exceed \$125,000.

Plans are now to start work as soon as possible in order to have it ready for commencement in 1929. At the very latest it will be ready for use in the summer session of 1929.

The gymnasium, the other building provided for in the appropriation, can not be started before 1929. The appropriation as passed allowed Eastern \$125,000 a year for two years. The Board did not think it advisable to borrow that amount of money in anticipation of the appropriation from the legislature and pay interest.

Enlargement of the power plant was considered to accommodate the growth of the institution. At present the power plant cannot furnish the power needed and it is necessary to purchase power from the Kentucky Utilities Company. No additional building is contemplated, but a larger generator will likely be installed.

Superintendent Bell was authorized to appoint a committee to plan a Memorial Day for Dr. T. J. Coates, former president of Eastern, who died recently. The same committee will also plan an inauguration ceremony for Dr. H. L. Donovan, president-elect.

The business agent was authorized to purchase furniture for the board of regents' room and the president's office in the Administration building.

The president-elect and the acting president, Dean Homer E. Cooper, were authorized to employ additional staff members in the college for the departments of geography, physics, and mathematics.

The board will meet again tomorrow to consider the re-employment of the faculty and the choosing of a freshman coach. The selection of a coach will be made on the recommendation of President Donovan and Dean Cooper.

Oratorical Contest: Charles Alfred, American Ideals; Howard Noel, Athletic Laurel; Andrew Holbrook, Our Call to France. Winner, Charles Alfred, freshman.

The one-act play contest will be held Friday night. The names of plays and casts follow:

Senior: "Thank You, Doctor." Cast: Henry Hill, Andrew Holbrook, Clifford Rader, Margie Atkinson, Elizabeth Gabbard.
Junior: "Squad Drop." Cast: A. J. Baldwin, Stella Barnett, Leslie Gay, Beatrice Vaught, Madilee Harvey, C. W. Cain.

Freshman: "No Men Wanted." Cast: Stella Hatfield, Francis Nelson, Mable Vanhorn.

H. E. STUDENTS VISIT MODELS

See Model Exhibits in Lexington During Better Homes Week

HERALD HOME VISITED

The week beginning April 23 was set aside as "National Better Homes Week." Three homes in Lexington were finished and furnished as model homes, each home representing a different type.

The Home Economics girls with Miss Burrier as chaperone, visited these homes in Lexington last week. Not only a pleasant time, but a very profitable one was reported by the H. E. girls. They first visited the Herald model home which was a semi-formal home, and won twelfth place among more than 30,000 national entries.

The second home was that of Miss Sara Daniels, and was a remodeled home, furnished with antique furniture. It showed how one may take an old home and remodel and furnish it attractively.

The third home was that of D. Collier Johnston, and was a modern type home furnished in modern style.

The purpose of showing these model homes is to give the public an idea of how their homes can be furnished to make them most attractive, and the Home Economics girls of Eastern took advantage of the opportunity offered them. They will in all probability carry these ideas home with them and to the school into which they go, passing a good thing on to other homes and communities.

ROARK SOCIETY

"The Roark Society is the best organization on the campus;" "It has more life and better programs than any other society on the campus as well as better attendance." Such are the words of visitors and former officers of Roark who are now taking an active part in college societies.

The society has been having good programs and record breaking attendance for the last few weeks.

A special Easter program was provided which was enjoyed by all. At our last meeting we gave those who like judicial work a regular work out on their judiciary ability. "Judge" Charles Pettit sat on the bench like an able jurist.

C. V. Cain was on trial for carrying concealed weapons. Arthur Cross defended the criminal in a lucid manner which could be equalled only by Darwin. Howard Noel succeeded in prosecuting the defendant sufficiently that he thought the state would be justified. Fuson Smith, as sheriff, executed mandates of the court.

We invite all to come out Thursday and enjoy the evening. Just one hour each week for years of benefit. Special music along with other special numbers, is added to each program.

CHAUTAUQUA BACK AGAIN

Many Interesting Features Provided by Big Seven-Day Redpath Attraction

STUDENTS GET LOW RATE

One of the biggest attractions at Eastern during the summer session is Redpath Chautauqua that comes to the campus for a week and offers students a special rate on season tickets.

This summer is to be no exception. If anything, the chautauqs will be greater than ever. Many fine attractions will be offered, such as "The Shepherd of the Hills," Harold Bell Wright's famous book of the same name, dramatized, telling a tremendous human story with a setting in the Ozark hills. Then Robert Burns' "The Cotter's Saturday Night," will be given, portraying comedy, romance and pathos from the eighteenth century. "Tommy" is another comedy that has made a great hit in New York. See it.

There will be many great speakers. A. W. Evans, a Welshman, will speak on "What America Means to Me." G. F. Morse's "Do Animals Talk?" is crowded with thrilling stories of wild animals in captivity. Max Meldrum talks on "Depictive Art." He is not only an art critic but a painter as well. Rolf Lium, the nineteen year old pastor to President Coolidge while on his vacation in the Black Hills, will talk on "The Spirit of Youth." T. D. Upton's Re-Creation Through Recreation," is a lecture based on his knowledge and understanding of boys.

There will be many musical numbers such as Ramos Mexican Orchestra, giving one some conception of music in Old Mexico. The old-time country fiddlers will give many numbers making for an evening of fun. Andre Thierry, the noted European concert pianist, is the feature musical attraction of the week.

The above named numbers are only part of the list of attractions that will be offered. Any session will be well worth the time spent in attending.

The complete program follows:
First Afternoon—Popular concert, Ramos Mexican Orchestra.

First Night—Concert, Ramos Mexican Orchestra. Lecture: "What America Means to Me," Arthur Walwyn Evans.

Second Afternoon—Lecture: "Wild Animals in Captivity," George F. Morse.

Second Night—"Tommy," the great American comedy, presented by a New York cast.

Third Afternoon—Grand concert, Garay Sisters.

Third Night—Concert, Garay Sisters. Illustrated Lecture: "Depictive Art," Max Meldrum.

Fourth Afternoon—Concert, Artists from "The Cotter's Saturday Night." Lecture: "The Spirit of Youth," Rolf Lium.

Fifth Night—"A Marriage Proposal," Tatterman Puppets. Lecture: "Re-Creation Through Recreation," Capt. "Dinnie" Upton.

Loyalty

Are the students at Eastern becoming so indifferent that they care nothing for the things that go to make Eastern? Have they become so near-sighted that they fail to see beyond today?

For nearly two years the Progress has devoted much space and time to school spirit and school loyalty in one form or another. Various phases of school life and activity have been discussed in trying to find that something that seems to be lacking at Eastern. None of the things discussed is the whole trouble, but each plays some part in the apparent indifferent state of affairs as manifested by the student body.

The latest showing of indifference is in the way many have failed to cooperate with the Milestone staff. Several weeks ago members of that staff asked that picture be turned in in order that the annual might be gotten out as soon as possible. There has been a laxness on the part of the junior college—freshmen and sophomores—in getting in the necessary pictures for their classes, as well as the funds necessary for publication. This not only slows up the work on the annual but makes it impossible to produce as fine a volume as when every one gets behind it. It is something that every individual, both faculty and students, should get behind and put over.

There was a time that county boards, superintendents and those having to do with the employment of teachers and college students considered grades and only grades. But that day has passed. They not only want grades, but something about the extra-curricular activities that the applicant has taken part in. The annual gives that information and is evidence within itself that the individual has supported his or her school.

Not so long ago an Eastern student secured a position on the strength of some of his extra-curricular work. Another Eastern student secured an advance in salary, amounting to fifty dollars a month, because he was able to do some things that he had acquired in his extra-curricular work. Wasn't their time well spent? Won't yours be?

It is the duty of every individual enrolled at Eastern to get behind anything that is being sponsored by the school or anything that is being done by the student body or representatives of the student body and approved by the school. Get behind everything, not only the Annual, but the various organizations of the school, and make Eastern a school to be proud of.

Summer School

One of the most unique advantages the age offers is the summer school provisions of the colleges of the United States. All, or about all, the universities of the country, the colleges and teachers colleges have provided summer terms for the benefit of the students of the section they serve. One of the most far-reaching steps in adult education was made when the colleges began to provide summer sessions with preparatory provisions for the students who had not completed the standard high school course. The teachers colleges maintain training schools with open classes for all of the high school courses or any part of it.

During the summer of 1928 Eastern will have open classes for students beginning with the first year of high school or normal school and continuing thru the senior college course, with provisions for special study in art, home economics, industrial arts, music—vocal and instrumental—commerce

L. T. C. TO GIVE PLAY

During the week of May 18th the Little Theatre Club has scheduled its major presentation of the year, marking the close of seven years of work at Eastern.

After careful consideration it has been decided that the production will be John Golden's great comedy success, "The First Year." Followers of the current American stage will welcome this announcement as the play is well known to that group.

"The First Year" is a comic-tragedy of married life in which are depicted the many trials and tribulations that confront the newly married couple. The pathos and comedy is such as to keep the audience in a state of intense interest awaiting each new development.

The names of the acts are indicative of the action, the first being called "The Training Quarters," the second "The Ringside," and the third "The Knockout."

To be able to accommodate all those wishing to attend, it is planned to present this attraction two nights. Watch the bulletin boards for dates.

Y. M. C. A. ORGANIZED

An assembly of young men of Eastern Kentucky State Teachers College and Normal School met on April 9 and organized a Young Men's Christian Association with 24 charter members. Mr. Tapp is the faculty advisor. The following officers were elected: Virgil K. Tartar, president; Charles Alfred, vice president; Ira Bell, secretary-treasurer; Clyde E. Dedman, pianist; Lloyd Wilson, sergeant-at-arms.

The purpose of the Y. M. C. A. is that of service, to improve the college atmosphere of Eastern, and to develop christian leadership. The Y. M. C. A. is open to all men students and faculty members who are interested in improving all the phases of our school life.

Ladies Septette is Heard in Program

The music day program April 4 was presented by Eastern's newest choral organization The Ladies Septette. Among the most interesting numbers were Love Greetings by Elgar, The Dancer, Lacome, Nancy Lee, Adams; The songs were sung a capella and were two part arrangements; the quality of the voice was very pleasing and blended well. The personnel of the Septette is as follows; Sopranos; Anna Easley, Alma Dowden, Ruth Herndon, Mattie Redmond. Contraltos; Mary Ethel Robinson, Mrs. Marion Terrill Wells, Leonora Howe. This organization is under the direction of Mr. John Orr Stewart, Jr., head of the Department of Music.

and physical education. In addition, Redpath Chautauqua will give a seven-day program on the campus. Students will have the privilege of purchasing season tickets at a reasonable rate.

Any individual in the vicinity of Eastern need not neglect his or her training further because courses suited to almost any type of study will be offered.

It is the general opinion of many that only those planning to teach should attend a teachers college. This is not true. The teachers college is the outgrowth of the necessity created by the failure of the other colleges to carry all the intervening needs in the educational process. Of course, it is understood that teachers colleges are to train teachers, but this does not mean that the doors are closed to those that do not intend to teach. Eastern offers a degree with a low minimum of required education.

Every indication points toward the greatest summer school that has ever been held at Eastern. With the completion of Burnam Hall, rooms for some two hundred girls have been provided in addition to those in old Burnam and Sullivan. The new Administration building has provided twelve new class rooms besides many rooms in Roark that can be used since all the offices have been moved to the new building. The chemistry and physics laboratories have been remodeled and equipped with new equipment, making them up to date and equal to any in the state.

WHITE SILENCE

The night he died—white silence shrouded deep

The little world he loved. The campus ground

Lay dim with brooding trees, close guarded round

With somber shadowed buildings still as sleep.

Snowflakes whirling soft as whispered breath

Enfolded all the earth; no other sound Disturbed the quietness. In grief profound

His little world its vigil kept with death.

And there were memories—old dreams of how

He walked these silent paths late hours of night,

One arm behind his back, the weary care

Of endless toil a fever on his brow—Heroic, tragic, lonely in the light,

The pale cold moonlight on his silver hair.

HORACE MANN

The Horace Mann Literary Society held its regular meeting Thursday evening. They had one of the most interesting programs that has ever been given. The society prophecy was an outstanding feature which was given by Miss Grace Cecil. A talk given by Mr. Charles Plummer on "Professional Growth," was very educational as well as humorous. The jokes were up to the minute and who doesn't enjoy a good joke? These were given by Miss Julia Goodpaster.

All college students who wish to join a society on the campus, come to this society for a visit. It is one of the most wide-awake activities on the campus.

BRECKENRIDGE SPEAKS

Robert J. Breckenridge, general manager of the Lexington Herald, addressed the students and faculty of Eastern last Thursday week. Mr. Breckenridge was brought here by the Open Forum.

Mr. Breckenridge spoke of the newspaper profession and the relation of the various departments to one another. He stressed the point that cooperation was the keynote of success in the paper business as any other highly organized work. He was very enthusiastic about newspaper work and advised that Eastern have a journalism department in order that those students who care to get into such work will have a base to build upon and not have to compete with those who are better prepared.

He outlined the work of the various departments and showed that the writing end of the business was only one of the many departments of newspaper work. He recommended newspaper work as a vocation for those who are undecided as to what work in life they wish to pursue.

Mr. Breckenridge's final plea was that we, as Kentuckians, forget those arbitrary divisions known as Mountains and Blue Grass, and all work for all.

SUMMER SCHOOL BULLETINS

Any one wanting a summer school bulletin will call at the business office and get same.

TIGERS DEFEAT E. S. N. AT TENNIS

GEORGETOWN, Ky., May 2.—The Eastern Kentucky State Normal School and Teachers College tennis team was swamped by the experienced Georgetown College racquetters here this afternoon, 7 to 0. The Teachers won only one set in the entire play, that when Taylor and Hubbard took an 8 to 6 set from Jones and Clark.

Yesterday's tennis match marked the first appearance of an Eastern team under Southern Intercollegiate Athletic Association rules and this fact made several of Eastern's better players ineligible to participate.

The results of the matches follow: Rutenber, of Georgetown, defeated Taylor, of Eastern, 6-1, 6-2.

Lewis, of Georgetown, defeated Chestnut, of Eastern, 6-2, 6-0.

Showalter, of Georgetown, defeated Hubbard, of Eastern, 6-1, 6-1.

Jones, of Georgetown, defeated Hubbard, of Eastern, 6-1, 6-1.

Clark, of Georgetown, defeated Richards, of Eastern, 6-2, 9-7.

COLLEGE MEN GIVE ADVICE TO CO-EDS

Feeling that it is easier to tell a woman "what not to do" than "what to do," members of the men's college of the University of Rochester have assumed the role of big brother to their fair sisters of the women's college.

Through the medium of the Campus, college undergraduate publication—the men are offering their advice to all co-eds, free.

Some advice has been offered in the following list of "don'ts," which appeared in the Campus:

Don't look over our shoulder to read our newspaper. Go buy one—they cost only a few cents.

Don't say you "just adore" any girl who is your rival.

Don't accept an invitation to have a sandwich and then order a whole meal.

Don't keep us waiting more than a

half hour, especially when a to-be-paid-for chariot awaits you without.

On the way to a picture show, don't rave about what a wonderful musical comedy is in town.

Don't ask us whether or not to let your hair grow.

Don't explain that you know it's bad form, but that you just like to chew gum, anyway.

Don't poise your cigarette gracefully and then puff the smoke out before you have time to taste it.

Don't be afraid to accept a date at the last minute, especially when you want it. We know we're supposed to think you're popular.

Don't be avidly interested in the things you say shock you.

DEAN ISSUES
CREDIT NOTICE

Unless Certificate From Accredited Hi School is Presented Entrance to be Withheld

BLANKS ARE FURNISHED

Eastern has in the past admitted an occasional person as a special student pending receipt of high school credits or other credentials. It has become increasingly noticeable that this practice was bad. Besides, high school principles are now so much accustomed to certifying credits that any delay seems to be unnecessary. It seemed best, therefore, to admit no student from this time on unless his credentials were on file. Accordingly, this policy was announced in the catalog of 1927, p. 46, for the information of all who expect to enter.

To avoid delay and disappointment all prospective students and all principals of high schools from which students expect to enter should take notice and pass the word to their friends that at the registration the second semester and at subsequent registrations no student will be registered in the college whose high school credits are not on file in official form in the office of our registrar.

If you think of registering decide the question now and get ready. If

you decide only the day before registration do not blame anyone but yourself if you have trouble because of not being ready.

Blank forms for certifying credits may be procured by addressing M. E. Mattox, Registrar, Richmond, Kentucky.

ACCOMMODATING
"Have you ever been sentenced to imprisonment?" asked the judge sympathetically.
"Oh, no. Never!" cried the prisoner, breaking down into tears.
"There, there," consoled the judge. "Don't cry. You're going to be, right now."

"No, but my feet do."
