# EASTERN WELCOMES VISITORS TODAY

## MUSIC CAMP APPLICATIONS ARE RECEIVED

Summer Camp for High School Musicians from Entire State to Open June 8th

### GIVE SCHOLARSHIPS

Applications for membership in Eastern's summer music camp for high school students received by James E. Van Peursem, director of music at Eastern, indicate that more than one hundred high school musicians from over the state will enroll for the five-week camp to open June 8.

The camp to be conducted on Eastern's campus will offer a wide variety of musical opportunities and recreational advantages.

A free scholarship including the cost of instruction will be awarded each student accepted for camp membership. The total camp expenses, including room, board, and incidental fee, will be only \$32.50 for the five weeks.

High school musicians and members of high school bands and orchestras will be accepted for enrollment. Members of the 1936 graduating classes may also enter the camp. Applicants must be recommended by their high school superintendent or principal and music supervisor.

Orchestra and band concerts by the camp band and orchestra will be a regular weekly feature of the camp program. At least two such concerts will be held each week on the campus.

Students may enroll for orchestra, band, chorus, and ensemble work. Classes will be offered in conducting music appreciation and drum majoring. Private study in piano, harp, voice, violin, cello, and band and orchestra instruments will also be offered.

Numerous recreational activities will be a daily feature of the camp program. Such sports as swimming, tennis, diamond ball, and track and field will be sponsored by the physical education staff. Many social activities will be held, including dances in the college gymnasium.

The camp faculty will consist of James E. Van Peursem, music director at Eastern, who will have general charge of camp activities; Henri Schnabl, director of Portsmouth, O., bands, will be camp band and orchestra director and will offer private instruction in band and orchestra instruments. Other members of the camp faculty are Miss Brown E. Telford, piano, pipe organ, and harp; Ralph Rigby, wind instruments; Mrs. Helen Lutes, violin; Miss Jane Campbell, cello, all members of the music staff at Eastern.

Camp recreational activities will be in general charge of Thomas E. McDonough, director of physical education, assisted by Miss Eliza Hughes, Miss Gertrude M. Hood, Charles T. Hughes, George N. Hembree, Tom C. Samuels, and Coach Rome Rankin.

The camp health staff will be Dr. J. D. Farris, college physician, and Miss Edna White, registered nurse.

## M'DONOUGH IS GROUP HEAD

Members of Physical Education Department Elected President of Association

### AT LOUISVILLE MEET

Mr. Thomas E. McDonough, head of the physical education and health department of Eastern, was elected president of the Kentucky Health and Physical Education Association at a dinner meeting in the Brown Hotel during the Kentucky Education Association convention.

Mr. McDonough succeeds Mr. C. V. Money of the University of Louisville to the office. Mr. Sharmole of the same school system was made secretary and treasurer.

According to the newly elected president, the main objective of the association for the coming year is to promote physical education. The platform of the group is to endeavor to secure a director of physical education in the state department of education and to have physical education sections in all educational meetings in order to get health and physical education before the administrators.

Mr. McDonough also presided at the section meeting of the Men College Physical Education during the American Physical Education Association meeting, which he and Mr. C. T. Hughes attended.

## EASTERN BAND IN BIG PARADE

Fifty Piece Musical Outfit Takes Part in Mammoth Derby Parade

### 2000 MUSICIANS PLAY

Eastern's fifty-piece band, under the direction of Prof. James E. Van Peursem, took part in the mammoth carnival parade at Louisville Wednesday which was a part of Festival Week, a week of festivities preceding the Kentucky Derby. Bands from Purdue, the University of Kentucky, and from other colleges and high schools throughout the state, numbering about 2,000 musicians, took part in the celebration.

Thousands of spectators filling the grandstands and the sidewalks along the line of march thrilled to the martial music of the numerous bands and drum and bugle corps as each body of musicians, clad in brightly colored uniforms, filed beneath gay-colored banners and bunting flying overhead.

Elaborately decorated floats representing various business houses and civic organizations in the city added a touch of richness to the parade. And beautiful Kentucky malds decorating the tops of these floats with their presence impressed upon the out of state visitors the old Kentucky slogan that "Kentucky is known for its fast horses and beautiful women."

The parade was only a portion of the festivities which have been in progress in the Kentucky metropolis during the past week, which included the all-Kentucky reunion, the hill-billy band contests, the Carnival Night parade, the convention of Kentucky Colonels—and the crowning event tomorrow—the Kentucky Derby.

## Dinner Dance for Basketball Squads

A dinner-dance will be held in honor of the freshman and varsity basketball teams tomorrow evening at the recreation room and the small gym. The dinner will begin at 7 p. m. and the dance is scheduled to start at 9 p. m.

## Work Is Finished On Eastern Road

A thirty-foot concrete drive through the campus of the Eastern Ky. State Teachers College has been completed by the WPA at a total cost of \$9,675 to the federal government. Of the amount expended on the project \$5,061 went for materials and \$4,614 for labor. The labor expenditure provided a total of 1850 man months of work for the unemployed men of Richmond. The drive extends all the way through the campus and as soon as the landscaping is completed will be fringed with flowers and shrubs. It will be a thing of beauty and service to the hundreds of students and nearby citizens who will use it every day. The new drive replaces an old macadamized street that was constructed in the early days of the college and had become wholly inadequate for the present day needs of the growing institution.

It is the hope of the college authorities that this occasion will give the high school people in the vicinity of Richmond an opportunity to become better acquainted with Eastern and the service which the institution is rendering the State; and that it will inspire in the high school graduates a desire to make the most of the opportunities which are offered them. ## Goya Concert Here Pleases Audience

### By IRVIN SANFORD

Tapping castanets! Clucking heels, flashing eyes, riot of color—Viva Fiesta! 'Tis not fiesta time but Senorita Carola Goya who brought to the stage of Hiram Brock auditorium in her own inimitable way the dances of her native land. The vivacious senorita proved herself mistress of the Spanish dances, likewise radiating beauty charm, and grace.

Senor Otero, supreme dance master of Spain says of Miss Goya, "Carola Goya gives the true essence of the Spanish dance. All of her tradition dances are absolutely authentic in form and feeling. She is taking to other countries the Spanish dance as it really is."

Miss Goya's Caballo, Caprichose reminded many of Ted Shawn's interpretation of the Spanish dance. Miss Goya was ably assisted by Norman Secon, pianist and Beatrice Burford, harpist. Miss Burford's rendition of harp solos was greatly appreciated by the audience judging from the calls.

Senorita Goya's appearance marked the conclusion of the concert season sponsored by the Cooperative Concert Association.

## Mary Jo Leeds in Violin Recital

Mary Jo Leeds, who recently won high honors in the state high school music contests, will give a private recital in violin on Monday, May 18.

Miss Leeds is now completing four and a half years of private study on the violin, and will be prepared to execute a difficult program for her first private recital. She is a freshman in the Model High school, where she takes a prominent part in all musical activities. Mary Jo is a member of the college string quartet, member of the Model High string quartet, the college orchestra, the Model High orchestra, the college band, and the high school band.

PROGRESS PLATFORM

The establishment of an active student council.
A more active alumni association.
Further expansion in the athletic program.
Greater participation in intramural athletics.

Track and Field

We admit that in this era of the Great God Football, there is little use in glorifying any other sport (excepting baseball and basketball) in the average small college. Here at Eastern those three sports receive all the praise and attention, while other forms of athletics, equally noble, are totally disregarded.

For some years the physical education department has made some half-hearted attempts to organize freshman and varsity track teams but has made little headway. Each year in the intercollegiate track championships, Eastern's few trackmen manage to score a point or two, but the average track fan does not even know that Eastern is competing.

Certainly it cannot be said that we have no track material here. In any school where there are a handful of males possessing two arms and two legs apiece there is a potential track team. Running is the most natural function man knows, whether it be in the form of a citizen dashing for an elusive street car, or Pheidippides carrying the news of Marathon to Athens. It would be enough to say of track athletics that it is wholesome and healthful exercise. But it is more than that. Track competition is an individual effort. There are no teammates upon whom to lean when the going is tough. There are no substitutes to finish for you that last killing hundred yards in the quarter-mile dash. A great amount of character development is involved in that individual effort. Each must "sink or swim;" no quarter is given. Then, too, track requires diligent and conscientious training, which if religiously carried out breeds a great amount of self-discipline.

For the general information of the student body, there is an official track team on this campus for freshmen and varsity men, and the best of equipment is at their disposal. There is a corps of coaches who are more than willing to give the track candidate instruction. The first meet is scheduled for May 9, an interclass affair. Let us hope that all men interested in track and field will report to Coaches Rankin and Samuels at once.

Cost of Government

People are becoming alarmed at the increasing costs of the American government. Figures recently released show that the cost of the federal government in the United States has gone up 900 percent during the last thirty years. These figures show that at the turn of the century the U. S. government was spending money at the rate of \$6.50 per person. The population has grown since then but not in

proportion to the per capita expenditures, for today the annual outlay for the federal government alone amounts to \$60 for every person in the United States.

Further figures indicate a similar increase in the cost of state, city, and county governments. The states are now spending at the rate of more than \$20 per inhabitant each year; county government costs about \$13; while city, town, and village governments average about \$45 per person. The total per capita expenditure amounts to \$137!

If these figures are correct, all governmental costs—federal, state, and local—come to about \$17,000,000,000 or a little more. This amounts to approximately one-third of the total income of the country. For every \$2 an individual spends upon himself or his family, he must hand over \$1 to the government.

There are two chief reasons for the rapid increase in the expenditures—war and relief. Thirty years ago the country had not gone thru a World War. It did not have to pay interest on a huge national debt and did not have to pay tremendous sums to veterans. International conditions seemed more stable so that the people did not feel under necessity of preparing so feverishly for future wars. And nearly all the people at that time were able to find work so as to take care of themselves and their families.

When the U. S. entered the World War, the national debt was only about \$1,000,000,000. But the war cost money. In addition to the tremendous sums raised at this time by the government for carrying on the war, a debt of \$25,000,000,000 was contracted. The public debt was cut down during the years following the war until it was only about \$16,000,000,000. Then the depression broke. Since then the debt has about doubled.

Relief in its various forms today probably costs six to eight times as much as the entire cost of the federal government 30 years ago. About \$3,000,000,000 annually has been spent for relief in the past three years.

It would doubtless be possible to cut down the expenses of the government quite a little if we could have the wisest conceivable administration. But if we want the costs of the national government to be lowered to any great extent, two things must happen. First, we must pay for the last war and so arrange our international affairs that war in the future will be improbable if not impossible and second, we must solve our economic problems so that nearly all the American people will be able again to take care of themselves.

—M. C.

Noble Dirt Farmers

We do not question the fact that in the New Deal the farmers have received a sizable part of the "gravy." And it is well enough that they have. After all, they are majority of our population, and agriculture is one of our biggest economic endeavors. We do not mean to infer that this "gravy" has been fairly distributed among the farmers, or that the lowly tenant has received his just share. But "gravy" has been their diet and they are thriving on it.

It is a sort of strange phenomena in this world that whenever something is given away free, there is always an outside crowd that manages to get in on the premiums. So we are not surprised to find such dirt farmers, as Dupont, Sloan, Ogden Mills, and a bevy of other gentlemen who, when not engaged in tilling the soil, are presidents of banks, manufacturers of munitions, oil magnates, and executives of mercantile houses, join the ranks of the Farmers' Independence Council of America. These grizzled agrarians believe that if farmers can be bribed by the AAA doles to favor Mr. Roosevelt, then

their attitude can be changed by the foundation of something like the Farmers' Independence Council of America.

It would be grievous enough if these gentlemen wanted to share the rewards of the farmers and also pretended to make them "independent;" independent enough to be exploited by this organization, but they have gone further than that. They use their money to "protect the constitution" by arousing the basest sort of race prejudice. They have circulated a photograph of Mrs. Roosevelt leaving a Negro college in the company of two Negroes. It is of these passionate constitution defenders that we must beware. We hope that people will take note of the manner in which their unofficial constitution defenders are conducting themselves.

GLEANINGS

Confesses a popular columnist: "I have never been one of those who sneer at people who give good advice. On the contrary, I realize that if I had followed all the good advice that has been given me since my birth, I should be a better man than I am. My nurse was right; my uncle was right; my school-masters were right; my professors were right. I rejected their advice, it is true, but even at the time I suspected that most of it was sound."

One hardly ever hears of a woman cashier running away with her employer's money, but when she does she generally takes the boss along with her.

The American Mercury claims that careful investigation has established that a full-blown New Dealer believes the following:

The house of Morgan forced the United States into the World War, was instrumental in sinking the Lusitania, Titanic and Vestris, set the Iriquois Theater afire, and is directly responsible for the poor showing of the Washington Senators in the 1935 baseball season.

That the 1935 Literary Digest poll is a capitalist plot. (In 1932 it was O. K.)

That farmers ought to get double prices for everything they grow and a discount of fifty percent on everything they buy.

MOTHER'S DAY POEM

When shades of night are falling And shadows come creeping nigh, We think of our dear Mothers Far away, yet nearby.

We think of them back home As they toil the livelong day, Without uttering a murmur, Nor expecting any pay.

They have always been a pal to us, In sorrow, pain, and stress, They teach us places we should go, And show us how to dress.

They teach us things we'll have to do, And trials we'll have to bear, They have also scolded us sometimes, But that has been quite rare.

A Boy's best friend is his Mother, Whose affections are brave, and true.

There will never be another That love us as they do.

Let's treat our Mothers with kindness.

Be courteous, kind in tone, For when cold death receives them, Our best friend has gone home. —Oakley E. Lanham

Every locality has its own list of "signs of spring." In some places, the appearance of the robin indicates the presence of spring, while others the return of the hurdy-gurdy, three-year-old song hits et al, is conclusive proof of spring-tide. Here on our campus we know that when an extra nightwatchman is placed on duty "spring has come," and one better sharpen up his courting technique... One of our married friends says that he knows spring has arrived when his wife reminds him "I haven't a thing to wear."... What worries us is how do the wives of the nudist colonies complain to indicate that spring has arrived... We are thankful that the weather always offers a topic for conversation as well as an opportunity for muddled-brained columnist to grind out copy... But still you must admit the weather has been most unseasonable and discouraging. Why, winter is lingering in the lap of spring so long that the neighbors are beginning to talk.

This modern generation has a peculiar conception of what constitutes a pleasant evening. For instance, about ninety-five percent of the young men and women in northern Kentucky and Cincinnati think that they have spent a "glorious evening" when they have jammed themselves together, several thousand strong, on the four decks of the "Island Queen" ("the largest inland pleasure boat in the world," you are immediately assured by northern Kentuckians and Cincinnatians), and then taking part in a four-hour orgy of stomping on each other's feet to the primitive rhythm of some barbarians' "jazz." The closest comparison we can find to packed dance floor of the "Island Queen" is that annual social monstrosity we call the Junior Prom.

Have been wondering about my emotions on commencement day. You know that even in this hard-boiled age college seniors still hold sentimental illusions. Even as a freshman, sophomore, and junior, I have always experienced a quivering sensation of sadness while watching the academic procession. I hate to speculate at the degree of my emotions as a member of that procession this year... Say what you will about "school spirit" being no more than a fallacy, you can't help but feel wistful at the prospects of leaving your alma mater. Four years in an institution that monopolized the most formative years of your life is bound to leave its indelible mark.

Never let it be said that this department has neglected the best campus poets in our Love Lyric contest. We admit that some of the local genius has been left out a bit. We hope that the following droolings will help ameliorate matters.

Though my cloak may academic be And my manner pedagogic, My tastes to lovely co-eds run, And my creed is freshman logic. By Mr. Thomas Stone

Folks wonder at my powers, At what girls see in me, If they all knew my secret, What a busy man I'd be! By Allie Wallace

SPORTS EDITOR FINDS PILLE ELATED AT PROSPECTS OF TRIP

By KELLY CLORE "Come on! Let's have some runs!" shouted a six-foot, two inch, 185-pound blond, who was coaching at first base for the Model High playground ball team. The likeable chap was none other than the coach of the team, an Eastern student and the recipient of a trip to the Olympic Games in Germany, Roy Pille. "It's the biggest thrill I ever had in my life," the former Dayton High School athlete said when he was questioned about his coming trip. He added, "I hope I can repay in some small way what Eastern has done for me. It surely will mean a lot to me."

Here coach Pille excused himself and went over to speak to the next batter, and one couldn't help but feel proud of knowing a fellow who was chosen as one of twenty seven in the United States to represent our nation in Germany at the international physical education meeting. The American Physical Education Association is taking care of the boys' transportation and the German government is entertaining them when they reach Europe. "I am to arrive in New York City, July 10, and will remain there for five days before sailing," Roy stated when he had returned to his interviewer, "and we are to return home by the fifth of September." During his stay, the Eastern senior will go on a tour through France, Switzerland, and Denmark.

Pille has been quite active in sports while in college. In his freshman year he took part in football, basketball, and track. For three years he has been a member of the varsity grid team. Roy has been secretary of the E club two years and is now secretary-treasurer

of the Caduceus club, and president of the Men's dormitory council. He is also a laboratory assistant in biology. When Pille had pleasantly answered the queries shot at him, he quickly turned his attention to his ball team. "There's a great bunch—those boys out there," he declared, "look at that kid hit. He's always in the game."... and Roy is generally in the game, too—no matter what he undertakes. Perhaps that is one of the reasons he'll be seeing the Olympic Games this summer, while the rest of us will be content to read it in the newspapers.

# Scandal

—, and now it affords me great pleasure to be able to introduce to you the one and only of its kind that ever attended the "friendly college." It is none other than Watabig Snoop, that famous member of the firm of Snip, Snap, Snipe, and Snoop, world renowned for their methods of getting and dishing out "dirt." Mister Snoop.

Mister Chairman, Ladies, Gentlemen, and faculty members; it is a distinguished honor for me to once again be able to appear on this program. My presence here is brought about through special permission of the copyright owners, and for this reason my comments will necessarily be limited. However all you "frails" and "scamps" were warned, and I therefore hope you are prepared for the fireworks.

The last time I appeared on this program I was run out of town after having my audience applaud so loudly that the majority of those present heard Mister Van reursem drop his baton. When the group of people heard of my escape, they became so terrified that numerous riotous things took place.

Well, the militia are on the scene, and consequently the Sewing Circle of Burnam Hall ask that I attempt to stir up some excitement on the campus. I certainly got away with murder when during my last appearance I scandalized my boss, (the old stooge who bue pencils most of my offerings) so therefore I do not intend to let this opportunity go. I think it appropriate to first tell of some of his achievements before evening up a few old scores with some of you other hoodlums. Its like this. Eastern took her annual Easter season tour to Louisville and Cincinnati, and many things happened when Eastern goes traveling. Old Snoop was in Richmond, Louisville, and Northern Kentucky busily engaged in getting material for this column, so "hyar it is."

DONALD MICHELSON playing the part of Hercules in Louisville attempted to cleanse the Seelbach Hotel "stables" (a popular bar). During his vacation on the campus, he spent most of his time raving about a certain Thelma, but in spite of his activity, he found time to "entertain" a certain prominent professor from one of the colleges in the mountains. (Speaking of Thelma makes me wonder if HERBERT TARTER is still getting those telegrams which say, "I Love You," and which are signed by a mysterious Thelma. Now let us all sympathize with SALLEE because she turned out to be such a dunce.)

Good old Louisville. BEULAH CLARK and EDMOND HESSER raised their "whoopie" at the Club Madrid. BEULAH drank her buttermilk while EDMOND drank his chocolate malted, and occasionally they held hands or danced. (Gosh, what excitement!) WALTER HOLDEN thought that because of her size, MARY LAUBISCH would have a large washing to do the following day so he proceeded to hand her the longest and strongest line imaginable. JACK HUGHES and LUCILLE CASE spent most of their time window shopping for furniture. (Will someone please inform LOUISE "SADIE" BALDEN that she lost JACK because of some women's customers during Leap Year, and that it would be best for her to use the same tactics in fighting back?) MARGARET LOWE was up to her old tricks when she kept the telephone wires hot by calling for OAKLEY LANHAM every five minutes, but OAKLEY always managed to be busy and could not speak to her. (He was busily engaged in seeing a picture at the Strand Theater with another girl, but MARGARET never did find this out.) ALMA BEST had better luck than MARGARET LOWE, and after considerable persuasion, ALMA finally enticed THOMAS BONNEY to take her for an automobile ride. THOMAS rented a machine, but in order to cut down expenses he drove the auto backwards on the outskirts of Louisville because the mileage did not register when the car went that way.

Besides all these things that took place, many oddities occurred in Louisville. WALTER HENSLEY celebrated his wedding anniversary for the third time. LEONARD STIVERS entertained some patrons of one of the noted hotels in Louisville by doing the world renowned bubble dance in a most conspicuous location. "SCABE" H. A. HUGHES, better known as "PLAYBOY" celebrated by drinking two Coca Colas, smoking a cigarette, and staying awake until ten o'clock. Poor, dumb, and innocent CLAYTON LUCAS was confined to his bed as a result of the shock he received when he saw a building "every bit as high as seventeen stories," and got to ride on an elevator for the first time in his life.

CHARLES BILLERMAN was out gunning for MARSHALL NEY and RICHARD EVANS because they would not give him a chance to be near Miss Murphy when her other guardian deserted her.

Numerous Easternites went to

Northern Kentucky during their holidays. IRVAN SANFORD, EDDY EICHER, and GEORGE SCHARF all found a huge welcome sign on the different door steps of a few high school girl's homes. Many of those present went for the moonlight boat ride on the steamer Island Queen. Before the boat left the wharf, GEORGE MARTIN and JACK BRESSLER had each secured a blond for themselves. HELEN SCHORLE had picked a couple whom she could chaperone for the rest of the evening, and JEAN VIRGIN with JIMMY ROGERS found a secluded spot on the top deck of the boat where they could spoon. CHARLES WARNER, who was standing on the top deck snubbing all his friends including me, almost got part of his nose taken off when he held it so high that it scraped the paint on the low girders of the bridge under which the boat passed after having left the wharf. Soon after this BONNIE APPEGGATE was seen dragging LEONARD STAFFORD to the top deck, and they must have stayed there the rest of the evening because everyone missed them until they got off the boat three hours later. JIMMY HART had enticed a Model High Senior to pay Cincinnati a visit for three days and they were seen enjoying the festivities of the evening aboard the Island Queen. CHARLES FARRIS once again deserted his Eastern College Girls, (this time it was BONNIE STEVENS) and celebrated his annual date with JUNE BRUNSON by taking her on the moonlight. Other notables were seen on the boat and in Northern Kentucky during their leave of absence from the campus. LOUIS EICH spent many hours with her big moment. ALMA REESE spent most of her time with her guardian when she and ION DORSEY had a quarrel about another girl with whom he was seen promenading the upper deck of the excursion boat. NORBERT RECHTIN, who sorely missed the company of a certain faculty nurse, and whose singing does not go over nearly as well in N. Ky., as it does on the campus, found himself playing the part of the lone wolf whenever his sister MARTHA MAE or her visitor did not come to his rescue. It is rumored that NELVA RICHARDSON and WILLIAM BENNETT attended the social activities in Northern Kentucky together in spite of the fact that BILL'S Depauw University girl was at her home in Covington at the time. Rivaling this affair is the romance of THOMAS SCOTT and NANCY COVINGTON. Many people from Southern Kentucky elope to Newport annually and this romance sort of has me guessing because they were seen in the vicinity of the Newport Courthouse. Draw your own conclusions.

Other news which I have concerning Easternites was acquired by traveling thither and yon. JOY BAILEY is the main reason why LOUISE HUGHES spends many of her nights waiting in vain for Mister Stone to pay her a visit. He even breaks a date with LOUISE if JOY gives him the privilege of taking her out on the same night that he promised to take out LOUISE. RONALD SHARP has been seen with BESSIE BAUMGARDNER recently, and we are perplexed when we try to imagine what happened to ZACK RICE. VIRGINIA WINTERS and ED. McCONNELL recently were separated for an evening when they utilized a few hours by dating their old "flames."

Now I wish to warn you that the mere fact that your name has not been mentioned is no sign that in the future it won't be, and also I wish to thank you for your kind attention. I now turn the meeting back to Mister Chairman, who will . . . (A brief interval during which time Mister Snoop has escaped and the audience has been turned into a turmoil.)

Every year since the club's organization it has sent a representative to the state stock judging contest, from which one of its representatives traveled to Chicago to try for higher honors.

All indications point to a very successful club this year.

The baseball team which opened its regular schedule two weeks ago has won four of the five games they have played. They split a two game series with the University of Indiana, defeated the University of Louisville and Lincoln Memorial University two times.

Nine meets have been carded for the tennis team. The netters opened their season last Saturday when they were defeated by the strong Berea squad. According to a decision reached by the K.I.A.C. heads at Louisville the state tennis tournament will not be held.

Four golf matches remain to be played by the golf team, including the state meet at Louisville. The first match was tied with the University of Louisville.

## Eastern Golf Team Ties U. of L. 9-9

The Eastern golf team opened the season on Saturday, April 25, on the local course and played to 9-9 tie with the University of Louisville.

Garrad Rawlings of Eastern, with a 73, one over par, defeated Morris, Louisville, 2 1/2 to 1/2. Ben Robinson of Eastern, with a 77, defeated Helm, 2-1, and the best ball went to Eastern three ways in the first foursome.

Paul Tierney, Eastern, undoubtedly met the toughest competition of the day with Selman, U. of L., who turned in a score of one under par. He defeated Tierney 2 1/2 to 1/2. Gilliat, of Louisville, defeated Jake Greenwell, 3-0, and the best ball went to the Louisville second quartet 2-1.

Eastern will play three matches this coming week.

## Rockcastle Club Plans to Entertain

Rockcastle county students will be entertained on Tuesday afternoon, May 5, at 4:30 o'clock, by their sponsors, Miss Ellen Pugh and Mrs. Janet Murbach, at the home of the former, 432 Breck avenue. At this meeting plans will be made for assisting in the entertainment of high school seniors from the county who will be guests the college on May 8. Mrs. Murbach and Miss Pugh spent April 28 in the county and have contacted all the seniors in this section.

## EASTERN GRADUATE IS COUNTY SCHOOL HEAD

Mrs. Nell Guy McNamara, Eastern graduate in the class of 1934, was elected superintendent of the Montgomery county schools last Saturday at a call meeting of the board of education. Mrs. McNamara will succeed Mrs. Mollie D. Wells, who has held the office for five years.

The new superintendent has attended state teachers colleges at Morehead, Bowling Green, and Eastern, where she received an A. B. and a B. S. degree, and the University of Kentucky, where she did post-graduate work.

Mrs. McNamara is the wife of L. A. McNamara, who was formerly connected with the Bell Telephone Company of this city.

## Henri Schnabl to Head Music Camp

Henri Schnabl, director of Portsmouth, Ohio, bands, will be in charge of the band and orchestra during Eastern's first summer music camp for high school students to be held June 8 to July 10.

The Portsmouth band, directed by Mr. Schnabl, won its fourth Ohio state championship in five years at the band and orchestra contests held in Columbus this week. His orchestra received a rating of excellent.

Mr. Schnabl's band will compete in the national band contest in Cleveland May 14 to 16.

Director of Portsmouth, Ohio, bands since 1926, Mr. Schnabl has had a wide training and experience in music, both in Germany and in this country. In addition to directing the Eastern summer music camp band he will give private instruction in band and orchestra instruments to camp members.

## TRACK TEAM PLANS MEET

### To Hold Interclass Meet on May 9, to Determine Starters

## SIX VETERANS BACK

The Eastern track aspirants will hold an inter-class track meet Saturday, May 9, to select the varsity team that will represent the school at Danville, May 11, in a triangular meet with Centre and Georgetown.

Prospects for this year's team are very favorable because there are six veterans and several other promising athletes. The veterans are: Don Michelson who holds third in the state pole vault; Harry Tudor, who won the state championship his freshman year in the 100 and 220 yard dash; Alva Heare, who won the state championship as a freshman in 1934 for the two mile run, in record time; Doc Williams, who has excelled in the 100 and 220 yard dashes; Joe Jenkins, who has shown up in the pole vault; and Paul McGinnes, who has done well in the quarter mile.

Candidates for the various positions on the varsity track squad are: Javelin, Limb, Lund and O. King; Discus, Briton, Limb, Lund, and D. King; Shot Put, Briton, O. King; Pole Vault, Michelson, Jenkins; Broad Jump, Killen; 100 yard dash, Williams, Tudor; 220 yard dash, Tudor, Tinscher, Williams; 440 yard dash, Williams, Michelson, McGinnes, Tinscher; 880 yard dash, Williams, Warner, Michelson; Mile Run, Warner, Taylor; 2 mile run, Heare; 880 yard relay, Tinscher, Tudor, Williams; Mile Relay, Michelson, McGinnes, Tinscher; High Hurdles, Fulkerson.

## Outdoor Theater to Seat 3500 Persons

Work on the amphitheater at Eastern Ky. State Teachers College is moving forward rapidly. The structure is one of the many WPA projects now in the process of completion in Kentucky. It will cost the federal government a total of \$5,367. Of this amount \$333 will be spent for materials and \$5,034 for labor.

Up to date 1014 man months of work have been provided for the unemployed men of Richmond. The project was begun on December 20, 1935, and is due to be completed sometime this spring. The college authorities are planning to dedicate the structure early in the summer.

This amphitheater will seat about 3500 people and will be the center of cultural and recreational activities of the college during the warm season of the year. Assembly programs, plays, lectures, band concerts, vespers, and commencement exercises are among the many things that will be presented to the student body and the public in this open air theater.

## Installation Held By Kappa Delta Pi

The installation of the officers of the Delta Alpha chapter of the Kappa Delta Pi, national honorary education society, for the coming year was held last evening in the Recreation Room of Burnam Hall. Miss Helen Kaiser, Covington, was installed as president and Kelly Glore, Burlington, was made vice-president of the society.

The other officers are Martha Culton, recorder and treasurer; Sam Beckley, historian, and Kitty Halcomb, reporter. After the installation service the club was given a party by M. E. Mattox.

The society presented a chapel program last week with Daily Turner presiding. Dr. W. J. Moore gave a brief history of the organization and Kelly Glore and Evelyn Newell discussed the four major ideals of the fraternity. Mr. Glore spoke on "Service and Science," while Miss Newell had for her topic "Fidelity to Humanity and Toll."

## EASTERN HOST TO 1937 MEET

### K. I. A. C. Tournament to be Conducted at Weaver Gymnasium

## TRACK MEET MAY 23

Eastern State Teachers College was awarded the 1936 Kentucky Intercollegiate Basketball Championship Tournament at a meeting of the K. I. A. C. Wednesday, April 15, at the Seelbach in Louisville. The tournament was staged at Western last year and in 1934. Louisville conducted the tournament in '33 and prior to that it was held at Winchester by Kentucky Wesleyan.

A committee composed of Ed Kubale of Centre, Dick Bacon of Union and Bob Evans of Georgetown was appointed to study athletic associations of Indiana and Tennessee, looking toward a possible change in the status of the Kentucky group.

The annual track and field meet, turned down by Berea, was accepted by Centre College and May 23 was set as the date for it. The tennis championship, which has been conducted in conjunction with the track event, was abolished. A committee composed of T. E. McDonough of Eastern, Evans and R. C. Quimby of Berea was named to conduct the track meet.

The annual golf championship, sponsored by the University of Louisville, was set for May 15 and 16.

Mr. McDonough, S. I. A. A. district chairman, explained that freshmen in college would be permitted to take part in all minor varsity sports, including golf, tennis, baseball, boxing, wrestling, and swimming.

Those present at the meeting reached a "gentleman's agreement" not to prevent any player from taking part in the basketball tournament after the drawing had been held.

Carl "Swede" Anderson, Western athletic chief, was selected as president of the association and George Downing of Morehead was made vice-president. Ditto, coach at Wesleyan, was named secretary.

## The Viewpoint

By KELLY CLORE

The Eastern baseball team is fulfilling the pre-season expectations. It is true that they lost one of the University of Indiana but it must be remembered that this is one of the best teams in the Big Ten.

Voshell, Caldwell, Settle and Demolsey are the big four in Eastern's batting lineup so far this season. Each of these is hitting well over the 300 mark and they have a combination average of .407.

Speaking of hitting, Charley Bryant thrilled the spectators with a hard three-base smash in the L. M. U. game. It was Charley's first safe blow of the season and it was off his old manager of last summer, Charles Stevenson.

Stevenson, a former Maroon player, is not only pitching for the L. M. U. nine but he is also the coach of that team. Steve said it was great to see all his friends here at Eastern again.

Bryant was pitching under a great handicap in the Louisville fray. He had a mashed finger on his pitching hand and it was quite bothersome. However, he won the game, although he wasn't up to his usual high standard of twirling.

The golf team began its season Saturday with a tie game with the University of Louisville while the tennis team was beaten by the Berea netmen. The Mountaineers are reputed to have one of the strongest tennis teams in the commonwealth.

A rousing ball game was played here Saturday when the Model High Softball team outslugged a picked team to the tune of 10 to 7. If you want to see some real enthusiasm manifested, attend one of these games. There is plenty of rooting going on at one of these contests.

The Eastern baseball nine were victorious in two games which were played with the University of Louisville and Lincoln Memorial University, respectively. The Maroons nosed out the Cardinals 9 to 8 and defeated the Lincolnmen 8 to 3.

## ART KASSEL TO PLAY AT CORBIN MONDAY

"Shin-digging" to the distinctive melodies of one of the nation's foremost dance bands will be in order when Art Kassel's celebrated "Kassels in the Air" orchestra furnishes the lyrics for a dance in Corbin, Monday, May 4.

Fortunate, indeed, are Eastern and Central Kentuckians to have the privilege of dancing to a band so universally famous. Art Kassel's music has been featured on NBC Elgin Watch program for the past year, and his dance engagements have included the Hotel New Yorker, the Netherland Plaza, and the Edgewater Beach Hotel, Chicago.

## Camp Director

Henri Schnabl, above, will direct the activities of Eastern's first summer music camp for high school students. Mr. Schnabl has wide experience in band work both in Germany and in this country.

## MRS. ADAMS IN ASSEMBLY

### Professor of Foreign Language Heard by Students in Eastern Chapel

## "PHILOSOPHY" SUBJECT

"Philosophy is by no means wisdom, it is the love of wisdom," said Mrs. Mabel Pollitt Adams, professor of foreign languages at Eastern Teachers College, in an address on "Philosophy" last Wednesday at the college assembly hour. "Of all the things that can guide one's life nothing is more adequate than the love of wisdom," she continued.

Speaking of the influence of some of the great philosophers and teachers such as Socrates, Plato, and Aristotle, Mrs. Adams stated: "We cannot be aware of the influence of fine teaching, otherwise we would do something about it. You cannot pay a good teacher too much, and I don't think you can pay a poor teacher too little."

"The United States has a crime bill of fourteen billion dollars and an education bill of two billion. If we were to follow a law laid down by Plato exactly 2,400 years ago we would not be paying seven times as much for crime as we are for education."

Mrs. Adams discussed briefly the early Greek philosophers who were interested in speculation on the universe, the later metaphysical philosophers, the moral philosophers such as Socrates, Plato, and Aristotle, and the philosophers of the individual life, Epicurus, Epicurus, and others.

## FOURTH STRAIGHT WIN

The Lincoln Memorial University lads stayed over for an unscheduled game with the Eastern baseball team Tuesday, but again were not able to match hits with the men of Coach George Hembree. Eastern won the contest by 12 to 3.

During the melee four home runs were poked by the Maroons and another hit, a single, went for a homer when the ball eluded an outfielder. Coach Hembree substituted frequently in the latter stages of the game and gave all of his men a trial.

The Maroons started early on Barker, who had pitched a portion of the game on the previous day, and counted four times in the first. Three more runs were scored in the third, two in the fourth and one in the sixth and two in the seventh.

The visitors scored twice in the second and once in the sixth. Eastern's first inning barrage started with a single by Demolsey which went for a homer on the centerfielder's error. Ward had struck out to start the inning. Settle singled and Caldwell poled a home run, scoring Settle ahead of him. Williams walked, Roy King walked and L. King singled scoring Williams.

The visitors scored in the second when Sowler was hit by Rice, Eastern pitcher, Hickam singled, Slover was hit by the pitcher and Sowler stole home on an error by Caldwell on a throw in from the outfield after Stooksbury had flied out. ## AAUW LAUNCH NEW PROGRAM

### Three-year Achievement Program Inaugurated in County Schools

## DR. SCHNIEB CHAIRMAN

The American Association of University Women in cooperation with County Superintendent Hamilton have inaugurated a three-year achievement program plan for the high schools of Madison county. This program will consist of making improvements both to the physical plants as well as to the professional side of teaching in the county high schools. Each school taking part in the achievement program will subscribe to an additional newspaper, set up a library system, make a filing system, improve the grounds, shrubbery, walks, etc., and make general improvements in the physical appearance of the school. The teachers in these schools, under three-year plan, will subscribe to a magazine in addition to the KEA Journal, and be required to become a member of the NEA. They will also be expected to spend at least one day in the year in visiting the other county high schools.

The A. A. U. W. has taken a leading part in school improvement in Madison county. Their three-year achievement program comes as an additional function to their cultural and vocational lecture tours in the county high schools. The committee on Rural Education in the Association, headed by Dr. Anna K. Schnieb, and supported by Miss May Hansen, and Miss Ellen Pugh, have worked out and executed the county program.

The Committee on Rural Education announced that inspection tours would be made, and that at the end of the three-year period the schools which have more closely conformed to the program will be awarded metal plaques.

## Author Is Heard In Chapel Speech

"These bloodless biographers who write about James Lane Allen today don't write about the James Lane Allen I knew," said John Wilson Townsend, writer, and collector of Kentucky literature, Lexington, said in an address last Monday at Eastern Ky. State Teachers College assembly hour on "James Lane Allen."

He declared that critics of today who do not understand Allen or his generation cannot appreciate the beauty of his works. "If you will read the books of James Lane Allen I think you will find them full of satisfying beauty and I am sure you will find them saturated with the spirit of Kentucky," he said. "If you don't read them I think you have missed one of the finest things that can come to Kentuckians. In his first stories such as 'The Flute and Violin,' 'The Kentucky Cardinal,' 'The Choir Invisible,' 'The Reign of Law,' you will find the finest things in Kentucky literature."
