Creating Subject Guides Using LibGuides at EKU

Cristina Tofan and Kelly Smith
cristina.tofan@eku.edu
kelly.smith2@eku.edu

Kentucky Library Association Conference
Louisville, KY
October 3, 2008

http://libguides.eku.edu/

Benefits:
- ○ Relatively simple way to create, edit, and present visually pleasing subject guides.
- ○ Remotely hosted – can be used as portal to access resources when campus website is down.
- ○ Includes usage statistics, polls, and other venues for user feedback.
- ○ Reasonably priced.
- ○ Can integrate into existing website search boxes (see http://www.library.eku.edu/new/index.php):

| Articles | Books | Databases | eJournals | LibGuides@EKU | Archives |

Praxis Exam

The *LearningExpress Library* has practice tests for the **Praxis I and II exams**, including the **Early Childhood Education, Elementary Education**, and **Middle School Education Content Knowledge** tests. You will need to set up an account to access the exams, but registration is free. You will be provided with immediate scoring, complete answer explanations, and an individualized analysis of your results upon completion of the practice tests.

Our Collection

Located on the third floor of Crabbe Library, the Learning Resources Center houses a collection of materials that support the College of Education's teacher education programs. Our collection includes both materials appropriate for use in a P-12 classroom and professional resources for P-12 teachers. We provide reference and instruction for students and faculty in the College of Education.

Youth Collection

The LRC's Youth Collection contains books and audiovisual materials appropriate for students in grades P-12. We have a large collection of current and classic youth literature, including picture books, chapter books, nonfiction, poetry, and folktales. Our A/V collections consists of videos, books on tape, books on CD, and playaways.

Professional Collection

Professional materials for teachers are housed in the Professional Collection, which is organzied with a section for each curriculum area. Within each area you'll find professional books (idea books, lesson planning guides, and books that discuss the latest trends in education and teaching methods), textbooks, and A/V materials (videos, kits, games, posters, puzzles, puppets, and more). We also have a collection of educational software programs which are loaded on the LRC's computers for you to preview.
