JOB CONFRONTS GRIDIRON TEAM Screens Here Soon for New Cafeteria

Hembree Has Large Task to Mould Remnants of Last Year Into Winner

EASTERN JOINS S. I. A. A.

No small task is awaiting Coach G. N. Hembree of the Eastern football eleven when the gridiron warriors are called together in the fall for the initial practice. Coach Hembree will find his team of last fall depleted by graduation and withdrawal from school with less chance of recruiting due to the rules of the Southern Inter-Collegiate Athletic Association of which Eastern has just become a member.

Seven games already have been arranged for the Eastern eleven, four with S. I. A. A. teams, and the athletic committee now is engaged in negotiations for two other games. Meanwhile the coaching staff is busy in gathering data on the prospective candidates for the teams.

The season will be opened with the University of Louisville at Louisville on October 6. The season will close with the Western State Teachers College and Normal School here Thanksgiving Day. Both of these teams are members of the S. I. A. A. The other association teams which Eastern will play next fall are Kentucky Wesleyan in Richmond and Transylvania in Lexington.

In addition to the S. I. A. A. games Eastern will play Morehead State Normal School at Richmond; Union College at Barbourville and Morris Harvey College, of West Virginia, in Richmond. One of the two games which will be scheduled also will be played in Richmond.

Under the rules of the S. I. A. A. Eastern will be able to use only college men on its athletic teams, and they must have passed the freshman class and not played on any other S. I. A. A. or Southern Conference team. This will mean that very few players who last year were not members of the Eastern squad will be eligible for next year's team.

Eastern next fall will have a freshman team. A football coach for the freshman team and to assist Coach Hembree with the varsity will be appointed soon. Under the S. I. A. A. rules football practice cannot be started until 10 days before the opening of college, but the coaching officials plan to get under way promptly at that time so as to be ready for the opening with the University of Louisville.

Capt. Beckham Combs, a regular tackle last year, is expected to return to lead the team this fall. Clayton, an end, and Hensley, an end of several years ago, are expected to form the wings around which the team will work. Tom Clouse, the other tackle of last year, has only a semester left in college and is not expected to return, but to take up medical work at once. Clifton and Triplett, guards, are expected back. Walker is another linesman expected to return.

In the backfield will be Ralph Gentry, an old standby, and possibly a half from Morris, Guy or Dewy Pearson. Salyers, a lineman last year, may be converted into a backfield man. Henry Hacker, quarterback of several seasons back, may be in the same position. Whether he will play will depend much upon the development of his knee which was operated upon recently.

Coach Hembree expects to have some new men who will come into the upper college classes from which he may be able to round out a good team, but he is none too optimistic about the prospects. He does expect to have a scrapping outfit which will do credit to Eastern in its first year as a member of the S. I. A. A.

Announcement was made Tuesday by G. M. Brock, business agent, that the screens for the new cafeteria in Burnam Hall are expected to arrive by the middle of the week or the latter part of the week at the latest and will be installed at once. For the present mosquito netting has been put over the windows to the cafeteria and screen doors have been put up. These are but temporary arrangements and will give way to the new screens, which have been held up in shipment. Mr. Brock said the school officials are doing everything possible to relieve the condition at the cafeteria until the screens arrive and have affected a good arrangement.

DR. N. B. CUFF NEW TEACHER

To Take Up Work as Professor of Psychology at Eastern in Autumn

IS WIDELY EXPERIENCED

Dr. Noel B. Cuff of Nashville, Tenn., is one of the latest additions to the staff of the Eastern State Teachers College and Normal School. He will come to Richmond in the fall to become a professor of psychology at Eastern. Dr. Cuff has had wide experience in his field.

Since 1920 Dr. Cuff has been a college professor. For 2 years he taught Spanish in David Lipscomb College at Nashville, Tenn., and the following year was an instructor in English in Freed-Hardeman College at Henderson, Tenn. In 1924-26 Dr. Cuff was principal of a county high school in Davidson county, Tennessee, and later taught psychology and education in David Lipscomb College and in the Appalachian State Normal School at Boone, N. C.

Dr. Cuff is a member of the Church of Christ. He is a married man and his wife will come to Richmond with him in the fall. They have not decided on their place of residence here.

After graduating from a Nashville high school, Dr. Cuff attended David Lipscomb College at Nashville, Tenn., where he was graduated from that junior college in two years. He later went to George Peabody College at Nashville and received his B.S. degree in 1923, his M.A. degree in 1925 and his doctor's degree in 1927.

During his time as a teacher and a student in college Dr. Cuff was active in literary society work, a manager of a college annual, was faculty advisor to a college paper and was responsible for the direction of numerous chapel programs.

Dr. Cuff comes to the position of professor of psychology at Eastern with the highest recommendation from some of the leading educators of the south.

To come to Eastern Dr. Cuff resigned his position in the department of psychology and education, D. L. C., at Nashville, Tenn. Throughout his days of study he has paid special attention to the field of psychology and received his doctor's degree for work done in that field.

Dr. Cuff will occupy one of the new positions recently created on the Eastern faculty.

SCHOOL HEADS SPEAK

Supt. M. N. Evans, of Fleming county, and Supt. Bernard E. Whitt, of Morgan county, who are at Eastern taking the special course for county superintendents, were introduced to the student body at chapel last Wednesday and made short talks. Supt. Evans spoke of the relationship of students and the faculty and Supt. Whitt discussed the work the county superintendents are doing at Eastern.

REGENTS MEET HERE JULY 7

Receiving of Bids For Building New Auditorium Is Principal Business

CONSIDER IMPROVEMENTS

Principal among the business which will come before the board of regents of Eastern State Teachers College and Normal School at the meeting here July 7 will be the receiving of bids for the construction of a new auditorium in the rear of the new administration building. The contract will probably be let at that time or shortly afterward.

Members of the board of regents are W. C. Bell, state superintendent of public instruction; C. F. Weaver, of Ashland; H. M. Brock, state senator of Harlan; J. A. Sullivan, of Richmond, resident regent, and J. W. Cammack, of Owenton, attorney general of Kentucky.

In addition to the awarding of the contract for the construction of the new auditorium in the rear of the administration building, the board will receive and act on the president's report as to new faculty members and the status of the present faculty. The budget also will be discussed and adopted at the meeting.

Improvement to the power plant in order that it may be able to handle the increased demand for electricity made by the erection of new buildings on the campus will be decided upon. At present the board is awaiting submission of an estimate of the cost of such current from the Kentucky Utilities Company before increasing the capacity of its plant on the campus.

Various other improvements on the campus also will come before the board at the July meeting, including the discussion of rebuilding the road which runs through the campus.

Eastern Officials At Educational Meet

Dr. H. L. Donovan, president of Eastern, and Dr. Homer E. Cooper, dean of the college, were in Louisville last week and conferred with officials of the other state teachers colleges and the College of Education at the University of Kentucky in regard to a uniform curriculum of all such state colleges.

Represented at the meeting of the committees were the Eastern and Western State Teachers College, the Murray and Morehead Normal Schools and the University of Kentucky College of Education. Four members of the state department of education, including W. C. Bell, state superintendent of public instruction, were present at the meeting at the invitation of the committee.

At the meeting it was sought to not only unify the curriculums of the institutions but to expand the organization so as to take in all questions regarding the curriculum, it was reported by Dr. Cooper. All of the institutions were represented by one or more officials.

Dr. Frank Bachman, representative of the General Education Board with offices in New York City, also was present at the meeting and took part in the discussion.

All of last Friday and half of Saturday was busily spent in outlining tentatively the curricula to the standard certificate for kindergarten primary teachers, for upper grade teachers and for rural teachers. The committee adjourned at noon Saturday, subject to recall to further discuss the curricula decided upon and to go into other such work.

Eastern's new president, Dr. Donovan, was elected chairman of the committee and presided at the meeting.

To Hold Classes On Saturday, June 30th

In view of the fact that the Eastern State Teachers College and Normal School will observe the national holiday of Independence Day, July 4, and not operate that day, Dr. Homer E. Cooper, dean of the college, has announced that classes will be held Saturday, June 30, to make up for the date missed. This applies only to the college department, since the normal school already is scheduled to have classes Saturdays. Such a plan is followed by all summer sessions and has been scheduled on the college calendar for almost a year. Dr. Cooper advised that the college calendar always be consulted in order to avoid conflicting dates.

TAPP TO BE SCHOOL HEAD

English Instructor Resigns To Become City Superintendent At Eminence

BEEN HERE FIVE YEARS

In order to accept a position as city school superintendent at Eminence, Ky., Prof. Hambleton Tapp, instructor in the English department at Eastern, has resigned his position, which will become effective at the end of the second summer term.

Mr. Tapp has been a member of the Eastern faculty for the past five years and has been associated with the English department throughout most of the time here. Part of last year he was traveling agent for the college, but this year again taught English and has remained in that position the entire regular year and summer session.

In his new position Mr. Tapp will be in charge of all of the grades, high school and the negro schools of Eminence, which is a city of 2,500 population, northwest of the blue grass section of the state.

The early education of Mr. Tapp was gained in the public schools of Springfield, Washington county. He was graduated from Springfield high school and later went to Centre College, where he obtained his A.B. degree in 1922. Last year he studied at the George Peabody College, Nashville, Tenn., where he obtained his M.A. degree. Mr. Tapp is a member of the Beta Theta Pi social fraternity, Phi Delta Kappa, graduate educational fraternity, and of the Masonic lodge.

During his stay at Eastern Mr. Tapp was prominent in directing student activities. One of his most successful works along this line was made as faculty advisor of the Eastern Progress in 1924-25.

Pat Ireland Is Singer At Chapel

The first part of the chapel period Tuesday was given by Pat Ireland, superintendent of schools at Frankfort. Mr. Ireland led the audience in the singing of some of the old songs with which all are familiar, such as "Carry Me Back to Old Virginia," and others.

The second part of the program was a short talk by Superintendent Hopkins, of Somerset. Mr. Hopkins made a very interesting talk to the student body, telling of the growth and development of the county superintendent, and how much they mean to the childhood of Kentucky.

Appearing third on the program of the morning was Superintendent Napier, of Perry county. He related the physical characteristics of Perry county. He also said that 75 per cent of the teachers in Perry county came from Eastern Teachers and that 90 per cent of these made good. The other ten per cent were married.

EASTERN ADDS TO LIBRARY

Magazine Room Placed in Basement; 2,500 Bond Volumes of Magazines

IS OPEN 10 HOURS

Among the notable changes which have been made in Eastern's library just before the opening of the summer session is the installation of a magazine room in the basement of the library in the northwestern part of the basement where formerly was located the typing room for the commercial department.

Miss Estelle Reid, librarian, is much pleased with the new magazine room. Countless students and members of the faculty have commented upon its effectiveness. In the newly fitted room are all of the bound and unbound magazines and the newspapers and other current publications.

There are a total of 2,500 bound volumes of magazines in the room, Miss Reid said. This number includes all of the leading magazines published in the United States. Also there are 163 current magazine numbers and 10 newspapers which are subscribed for. Eight other newspapers are donated to the magazine room.

The new magazine room is open 10 hours a day and a supervisor is stationed there to assist the students in obtaining the magazines which they wish. The room is equipped with a reading table and chairs.

A special built charging desk has been located in the lobby of the main floor of the library from which rooms are given out. Miss Reid reports that the desk has facilitated the entire charging system and has made it possible to handle the books with greater speed and accuracy. It was built specially to accommodate the charging system and has been made to harmonize with the other furnishings of the library.

Changes have been brought about in the library now so that no class rooms are there except for library purposes. All of the commercial class rooms have been released. One has been taken over by the magazine room, another by the room for storage and work and the larger room in the library by the library class room and overflow reading room. All of the classes in library work are held underneath the lobby and the book shelves. The librarians sometimes are forced to open that room for use as an overflow reading room.

Six Teachers Will Study At Columbia

Six of the members of the faculty of the Eastern State Teachers College will go to Teachers College, Columbia University, at New York City, at the end of the first summer term, July 14, to study there during the summer or next year.

Miss Mary B. Floyd, history instructor in the normal school, has been granted a leave of absence until next January to study at Columbia. She will work toward her master's degree both during the summer school and the first semester of the forthcoming regular college year.

Three members of the teaching staff at the training school, Misses Cora Lee, Ruby Rush and Rachel Acree, will study at Columbia during the summer term, but will return to Eastern to resume their duties in the fall.

Miss Edna Zellhoeffer, instructor in the English department, also will study during the summer at Columbia and return in the fall. Miss Jane Campbell, director of the orchestra and director of music at the training school, will be at Columbia during the summer.

Free Innoculation For Typhoid Given

Any students who wish to be inoculated against typhoid fever may receive such service free of charge, it has been announced by Miss Edna White, resident nurse at Teachers College. Miss White's office is at Sullivan Hall.

Hours in which students may receive typhoid inoculation are every Wednesday from 7 o'clock in the morning until 6:30 o'clock in the afternoon and every Saturday from 7 o'clock in the morning until 1 o'clock in the afternoon.

Already a large number of students have taken advantage of the service which is offered by the nurse. Last year a large percentage of the student body received the inoculation against typhoid fever.

JUVENILE COLONELS

FRANKFORT, Ky., June 28 (AP)—Not all Kentucky colonels must have Van Dykes, wear black slouch hats, carry canes and drink mint juleps. Governor Sampson demonstrated that today by commissioning Miss Marion F. Williams, of Paducah, and Chloron Conley, of Pikeville, as colonels. Both represented Kentucky at the encampment of junior agricultural boys and girls held at Washington, having been selected because of their superior club work.

ELECT Y. M. C. A. HEAD

BLUE RIDGE, N. C., June 28 (AP)—L. O. Cooper, of the Mississippi A. and M. College, was elected president of the Southern Student Council, chosen by the Y. M. C. A. student conference for the southeast, which closed its annual session here June 25. Virgil L. Couch, University of Kentucky, was named secretary.

STUDENTS WILL MEET REGENTS

Special Get-To-Gether Program Arranged For Chapel on July 6

DR. McLELLAN TO SPEAK

The members of the board of regents of Eastern State Teachers College and Normal School will be presented to the faculty and student body at a special chapel exercise, Friday morning, July 6, it was announced today by Dr. H. L. Donovan, president of Eastern.

All of the members of the board are expected to be present at the meeting and make short talks to the students. Dr. Donovan said that the chapel period would be moved up from 9:30 o'clock to 11 o'clock and would last an hour.

Special places will be reserved for members of the faculty and the regents. All of the members of the faculty and the student body are expected to be present at the meeting, Dr. Donovan said.

It is the hope of Eastern officials that every person connected with the institution will be present at the meeting in order that the regents may see just how big Eastern really is. The meeting is to be held in the gymnasium.

All of the regents, J. W. Cammack, of Owenton; J. A. Sullivan, of Richmond; H. M. Brock, of Harlan and C. F. Weaver, of Ashland, will be seated on the stage. W. C. Bell, state superintendent of public instruction, has not stated definitely that he will be present, but expects to be on hand. R. E. Turley, treasurer of Eastern, will be present.

The first half hour of the program will be turned over to Dr. Hugh McLellan, pastor of the First Christian church of Winchester, who delivers weekly lectures on Friday morning at the Teachers College. After his talk Dr. Donovan will introduce the members of the board of regents, who will make short talks.

"This will be a get together meeting of the entire student body and faculty and every member of both groups are expected to be present at the meeting," Dr. Donovan said today.

Immediately after lunch on the day of the exercise the regents will take up their work at the regular July meeting. Due to the unusually large amount of business that is on hand all of Friday afternoon and most of Saturday will be taken up with business, Dr. Donovan said.

Slight Change In Entrance Requisites

Any student who wishes to enter the college department of Eastern Kentucky State Teachers College and Normal School at the regular fall semester must present at least 15 units of standard high school work including a minimum of three units in English, one unit in Algebra and one unit in plane geometry, it was announced today by M. E. Mattox, registrar of Eastern.

An official transcript of such a record must be on file in the registrar's office at the time of registration, Mr. Mattox said. Forms of submitting entrance requirements may be obtained by writing to the registrar's office at Eastern.

A slight difference will be noted from requirements in the past. Formerly a student was allowed to enter with 14 units on condition that the other unit be made up during the first semester that the student was enrolled at Eastern.

Junior Town Names Corps of Officials

The organization of "Junior Town" in connection with the children's work at the Redpath Chautauqua has been completed. City officials have been elected by the children and a part of the daily program is taken up with the instruction of them in civic affairs.

The "Junior Town" motto is "I'm Proud of My Town, is My Town Proud of Me?"

Judy Hamilton was elected mayor; Susan Green, city clerk; George Evans, William Pieratt and Stephen Edwards, policemen; Henry Murray Harris and Henriette Cosby, health commissioners, and John Stuart and Della Pieratt, service commissioners.

PERSONALS

Students on the campus who have attended George Peabody College entertained President and Mrs. H. L. Donovan at a tea Monday afternoon. It was served by the home economics students.

Miss Thelma Moreland spent the past week end at her home in Harrodsburg.

Miss Mary Hutchcraft was at her home in Sadieville during a part of last week.

Miss Thelma Waggone had as her guests at her home in Paris last week end Misses Lenora Cornett and Hope Kenney.

Misses Goldie Lancaster, Jewell Goins, Lillian Biddle, Mattie Barnhill, Lillian Cox and Mesdames Frank Harmon and Elmer Shelton spent the past week end at their homes in Georgetown.

Miss Martha Angel was at her home in St. Helens last week end.

Misses Algada and Meredith Thomson spent a part of last week at their home in Carlisle.

Mrs. Vivian Hull and Miss Dessie Perkins were in Brooksville last week.

Miss Sue Bratton spent last week end at her home in Lancaster.

Misses Stella Rawlins, Virgie Judy and Hazel Sipe were in Cynthiana part of last week.

Miss Margaret Forsythe spent last week end at her home in Paris.

Mrs. R. T. Barrett was at her home in Ashland last week end.

Miss Kathryn Yager, of LaGrange, spent last week end with friends at Eastern.

Miss Evaree Edwards was at her home in Crab Orchard last week end.

Several members of the faculty, including Misses McIlvaine, Floyd, Ford, Snurr, Zellhoefer, Powell, Mrs. V. Burns, and Messrs. Burns, Mesner and Keene, went to East Pinnacle last Saturday afternoon. They had a picnic lunch at the Pinnacle.

DR. DONOVAN HONOR GUEST

In honor of Dr. and Mrs. H. L. Donovan the alumni and other students of Peabody College, Nashville, Tennessee, gave a musical tea in the drawing rooms of Sullivan Hall Monday afternoon, at four o'clock. The Peabody people at Eastern, and in Madison county, assembled at this tea as an outstanding educational group in Kentucky to pay special tribute to Dr. Donovan as the newly elected president of Eastern Kentucky State Teachers College and as one of the most influential educators in the entire south.

To renew the college spirit among the Peabody acquaintances, an interesting musical program was given by the following committee:

Miss Coleman Wallace, an honor graduate from the Louisville Conservatory of Music, played "Andante Molto from Sonata Opus No. Seven," Grieg. Miss Mabel Dudley, a delegate for the 1928 State Federation of Music Clubs at Paducah, played a "Prelude" from DeKoven. Miss Pauline Clark, a talented pupil of Miss Buchanan, read Louis Parker's "Minuet." Mrs. Basil Hayden, accompanied by Mrs. Sory, sang beautifully "Homing," by Teresa dRiegas.

By the artistic arrangement of Mrs. A. B. Carter the cut flowers and potted plants made a beautiful setting for the party. A tempting ice course was served the guests after the program by Miss Mary Burrier's class in home economics.

Members of the alumni and former students of Peabody now residing in Madison county, who are connected with the faculty at Teachers College, included Dr. and Mrs. Donovan, Miss Mary Q. Covington, chairman of the tea, Miss Mary Lee Colyer, Mr. and Mrs. Meredith Cox, Mr. and Mrs. A. B. Carter, Mrs. S. B. Hume, Miss Elizabeth Hume, Mr. and Mrs. R. A. Edwards, Mr. George Hembree, Mr. and Mrs. Clarence Jones, Miss Mabel Kunkel, Mr. Hambleton Tapp, Mr. and Mrs. M. E. Mattox, Miss Winnie Davis Neely, Miss Rachel Mae Pwell, Miss Curtis McKinney, Miss Frances McKinney, Dean Marie L. Roberts, Mrs. Bascom, Mrs. Julian Tyng, Miss Pearl Buchanan, Mr. and Mrs. D. F. Ferrel, Miss Virginia Story, Mr. F. C. Caldwell, Mr. Dave McKinney, Miss Mabel Mason, Mrs. W. S. Keene, Miss Thompson.

Other guests were Dr. and Mrs. W. A. Fite, Mr. and Mrs. Edgar Turley, Dean Homer E. Cooper and Mrs. Cooper, and Hon. J. A. Sullivan.

Old-Time Country Fiddlers Unique Redpath Feature

CHARLES ROSS TAGGART AND HIS OLD-TIME COUNTRY FIDDLERS; INSET, CHARLES ROSS TAGGART

Everybody knows Charles Ross Taggart, famous Victor phonograph and DeForest phonofilm artist and popular entertainer. This season he will appear here at the Redpath tent at the head of a new company—Charles Ross Taggart and His Old-Time Country Fiddlers.

Here is an entertainment that is entirely unique—not like anything you have ever seen before. The rollicking jigs, reels and hornpipes played by the "fiddlers three," together with a wealth of eccentric comedy and uproarious fun, make the Taggart entertainment a red letter joy night at the Redpath tent.

"Tommy" Presented School Executives With Much Success Discuss Problems

One of the most amusing comedies ever presented on the Redpath chautauqua circuit was seen last night by a crowd which taxed to capacity the big tent on the Eastern Kentucky State Teachers College and Normal School campus.

"Tommy," a portrayal of real American life, bared of all its "Sunday manners," composed of a series of surprises, heartaches, general mix-ups, comedy, almost tragedy, told in such a realistic manner that the spectators lived again through the trying ordeal of "marrying off" the only child, combined to make the play score remarkably.

The large audience was kept in a continual uproar at the snappy wisecracks of the characters and the antics of the mother and father who were trying to marry their daughter to the man of their choice.

Yesterday afternoon George F. Morse gave his lecture, "Wild Animals in Captivity" and this afternoon the Garay Sisters, natives of Hungary, musicians of note and mas-

Thousand Students Attend Chautauqua

Reports from the business office Thursday stated that more than 1,000 tickets had been sold to the students of Eastern for the Chautauqua which is in progress here this week. A definite check has not been made, but it is thought that this number is as large as any previous year.

A large number of students attended the opening days, especially the program Thursday night, when a able cast presented the popular comedy "Tommy."

Students have expressed much pleasure with the program presented so far and are expected to form a large part of the audiences at the remainder of the programs.

Eastern Pleases Future Students

Numerous prospective students for the fall semester are arriving daily at the Eastern State Teachers College to look over the institution and have expressed pleasure at the advancements that have been pointed out to them.

Many former students who have returned for the summer session have noted the rapid strides that Eastern has taken in the past few years and have commended the officials of the institution.

Information regarding the fall semester may be obtained by any prospective student by writing to the business agent of the Teachers College here at Richmond.

STUDENTS HEAR OF AUSTRALIA

Dr. Hugh McLellan Culture Demands Knowledge of International Geography

TO CONTINUE LECTURES

To be internationally minded, man must have a knowledge of international geography and a very effective way of conveying such knowledge to a student is by lecture, Dr. Hugh McLellan, pastor of the First Christian church at Winchester, said in lecturing to the students of Eastern last Friday morning at chapel.

Dr. McLellan called attention to the fact that Australia is the most isolated land in the world, but yet it is a land of promise.

In tracing the development of this far away land he told of how first the Hollanders came over in the sixteenth century and of how later pirates, who like sea gulls, which are not conscious of what they have found, touched on the shores of the continent only to sail away a short while afterward.

Then he told of how, in 1770, Captain James Cook explored the Pacific ocean and gave to the world knowledge of its islands and a new continent. In 1790 England began to send her convicts to the new land. However, when we remember how it happened, back at that time a man could be convicted for stealing a pocket handkerchief or for not supporting the established religion, we can understand how the descendants of the English people are not abnormally addicted to crime, he said.

In 1825, Great Britain allowed free immigration to Australia, but the real Australia did not arise until 1859, he declared, when gold was first discovered there. Dr. McLellan told that in the Australian mines, the largest gold nugget in the world was extracted. This nugget, which is sometimes called "Welcome Stranger," weighed seventeen hundred ounces and is almost pure gold.

Passing to the topography of the land, Dr. McLellan explained how the continent may be divided into three physical regions, the first of which is the region which forms a rim around the coast; the second that land adjoining the outer rim; and the third, the arid, central land. In the outer rim the larger cities are located, while in the second region lies pasture land.

Then reviewing the flora, he said Australia is primarily the land of the eucalyptus, or the land of the "well hidden" tree as the name infers. These trees, which grow to be the tallest trees in the world, produce a leaf of great medicinal value in the treatment of respiratory diseases. In fact the natives chew the crude leaf for relief of sore throat, colds and kindred diseases. Australia might also be called "the land of ferns" since there one walks on ferns instead of grass, he said. The cultivated crops are corn and wheat.

As to the fauna, he declared Australia is the land of the kangaroo and the emu which taken together and written beneath: "Advance, Australia," might make a most appropriate coat of arms.

However, the emu is not the only bird peculiar to Australia, he said, since there are found the lyre, or the bird whose long tail bears a marked resemblance to the lyre, the bell bird, with its clear, bell-like warble, the whip bird which produces the sound of a cracking whip, and the mound bird, which puts its eggs in an incubator of hot sand and rotting vegetation.

As to the aborigines he said they were a decadent race. It is estimated that of this wild, shiftless, harmless people there exist today only about twenty thousand. The cause for this disappearance is that the aborigine has no sense of agriculture. He is a semi-civilized man with queer customs, who does not think, Dr. McLellan said.

In conclusion the speaker stated that the island continent is the land of paradox. It is a land which by a study of its ancient relics and animal life is shown to have come out of water first, but yet it was put on the map last. Its warm winds are from the north and its cold ones from the south. It produces an animal which has the body of a muskrat, four web

Large Number Will Enroll Next Term Normal School Adds Five New Teachers

Prospects are good for the largest second summer term in the history of the Eastern State Teachers College and Normal School, it was stated yesterday by G. M. Brock, business agent, after Mr. Brock had looked over the applications for rooms. Officials of the college are pleased with the prospects for the second summer term, which starts July 16 for the college and July 9 for the normal school.

Last year a total of 650 students were enrolled for the second summer term and Mr. Brock said that he expected that number to be exceeded during the coming second term.

Mr. Brock said that the summer term features, such as the weekly picture shows on Monday night, the historical pictures on Saturday night, the rhythmic games, band concerts, special speakers and the like, would be continued during the second summer term.

Officials of the college and normal school also said that new teachers would either remain here for the second term or be brought here.

During the second term for the college, which starts July 16, there will be classes six days a week due to the fact that the second term will be only five weeks in length. The first term was six weeks. Both of the normal summer terms will be five weeks in length with classes on Saturdays.

Ready to Depart

LONDON, June 27 (P) — Miss Amelia Earhart spent a busy morning packing in preparation for her departure for Southampton this afternoon.

She had to lay in a whole supply of baggage to hold the dozens of frocks and all kinds of apparel which

she purchased in London. Mrs. Fredrick Guest, her backer in the trans-Atlantic flight of the Friendship, turned her household staff over to the Boston girl to aid the packing activities.

During the first summer term several instructors have been added to the faculty of the normal school department of Eastern, it was announced yesterday by Prof. W. C. Jones, principal of the normal school.

The new instructors are Miss Lelia Jene Harris, superintendent of schools of Madison county; Mrs. Emma Y. Case, rural school teacher for Eastern; Davis Fields, principal of the high school at Jenkins; Judson Harmon, principal of the high school at Whitley City, and J. Dorland Coates, teacher of a county high school in Garrard county.

As in the college department, each summer new instructors are added to the faculty of the normal school in order that the increased number of students may be handled and additional courses offered the students here for the summer.

At the same time here companions on the flight, Wilmer Stultz and Louis Gerdon, were also engaged in packing the numerous "bargains" which they boast of having acquired. Stultz is taking back much literature about British airplane engines and planes.

Miss Earhart paid a farewell visit to Lady Astor this morning.

New Shirt Patterns

For the "out and out" American

For the man who is out every evening looking for a wife - - -

And for the man who has found one and is out of the running.

These new Arrow Shirts will prove a boon to all men who do not run on the schedule of "early to bed." \$1.95

Gentlemen Prefer "Blends"

How's your ensemble? Perhaps you've grown tired wearing the same color schemes day in and day out. Perhaps fresh blends will put new vigor into your appearance.

We suggest a new tie, a new shirt, new hosiery and a new colorful pocket perchief that will give that suit you are wearing a new lease on life. A different color combination, yet one that harmonizes with the suit, with your complexion and hair-even with your mood.

We'll gladly assist you in the selection of new ensembles that will carry you through the season with flying sails.
