The Wiz

Found: The Cause Of Racial Unrest

By RALPH MCGILL
A K.K.K. (Ku Klux Klan) wizard has at last found the cause of racial unrest in this country. It was a nation, one deduces from his discovery, that was going along peacefully and untroubled, in happy Christian brotherhood until the serpent entered the garden.

Know what that serpent was? Communism was what it was. "Communist agents," the Wizard was quoted as saying, in a recent speech, "created a sense of guilt in the minds of Christians." This, it seems, if we read "the Wiz" correctly, also caused the Negro to think of himself as a second class citizen and to demand "rights."

There we have it. Until the wicked agents from Moscow caused Christians to have a sense of guilt, apparently all was pacific. Before the Communists blinded us white Protestant Anglo-Saxons with guilt feelings, one must assume all was well. The Negro knew his "place."

He liked things the way they were. He preferred to live in "nigger town." He didn't want to vote. He was uninterested in getting an education. He preferred to do only the most menial jobs. He just loved all that went along with "niggertown"—the bully boy sheriff, and all the trimmings. It was idyllic, plain paradise until those awful Communists made us feel guilty.

A Service To All "The Wiz" has done us all a service. He has so clearly delineated a particular state of mind that only the more obtuse can fail to see it.

Here is a man who believes, and wishes others to believe, that Communist agents actually have created guilt feelings in the minds of Christians. If one follows this to its ultimate end, it means he believes the Congress itself had its collective majority mind twisted by Communist agents who made them feel a guilty sense and vote for the civil rights act.

This attitude of mind and belief is fairly common. The wizard is willing to give communism credit for all the gains made in reducing the injustice and the many discriminations in our national life.

Only Communism Produces Reforms

What a compliment to pay communism. Yet, every day there are those who profess to hate communism, and who still say it is "communism" to enact voting rights for the Negro, to open the schools equally, to provide him with the same rights held by all other citizens. These commentators never seem to comprehend that they are saying that only communism, or "Communists" produced the reforms.

The Wizard's beliefs have currency. His crowds are small. But they listen. No white citizen has lost any "rights" because the Negro citizen has been assigned the same rights. Yet, letters, most of them pathetic in their earnest resentment, argue that "communism is taking away our rights" and giving them to the Negro.

Keeping this Country American

In the mail on the day the Wizard's speech was reported was a letter from a woman in a small rural town. She wrote that only George Wallace of Alabama, who now is assistant governor to Mrs. Wallace, was keeping this country "American." Everywhere else "communism" has taken over. "I want to go back to the America of our fathers," she wrote, "when life was not all mixed up." She, of course, did not know the America of "our fathers." There is a genuine pathos in such letters. But there also is a certain danger. These minds do not comprehend how greatly they compliment communism.

Pass-Fail System Offsets

Grade Point Drawbacks

(ACP) — At the University of California, Berkeley, an undergraduate with a grade point average higher than B is eligible to take one course per semester, outside his major field, for which he receives credit but no grade.

The idea behind this kind of pass-fail course is that students who ordinarily would not take an extremely challenging course for fear of sacrificing grade points would be allowed to do so without risk of lowering their averages.

New draft procedures are making grades increasingly important, magnifying all the drawbacks of the grading system, the Western Herald, Western Michigan University, said in an editorial. Students will soon take only courses in which they know they can do well, thereby narrowing and limiting their educational experiences.

The Herald continued: In order to encourage the broadening of education, we feel that a system such as Berkeley's should be considered. We would suggest, however, removing the grade point requirement, because students with B averages are relatively safe in taking hard courses. The system in that case would only protect those who don't need the protection.

The Selective Service system should not be allowed to force students into narrow valleys of education by putting a premium on the taking of easy courses and limiting students to their fields of specialization. But since the draft system cannot be changed, to help the universities attain their goals, the universities should help themselves by initiating some form of non-graded classes.

But the Wizard has outdone them all. But the Wizard has outdone them all. The Bible and the clergy could not stir and change the minds of Christians. But the Communist agents did. They gave us that guilt feeling and caused us to enact the civil rights laws. (Distributed 1967 by The Hall Syndicate, Inc.) (All Rights Reserved)

Times Are Changing

Beat State U. And Legalize Love!

(ACP)—(The following was written by UCLA alumnus Jack Smith for the Daily Bruin's Cub Edition.)

As an old college dropout of '40 I have an unfulfilled taste for the academic life. Books aren't enough. I yearn to go back to the campus. "The world's oldest schoolboy," my wife calls me.

But I don't know if I could adjust to the present generation. Maybe it's too yeasty for me.

Business took me out to Westwood on a recent Saturday morning. It was a limpid day, nippy and electric. A rain had washed down the trees and lawns and brick facades. I felt like a sophomore in Esantium.

A hold sign caught my eye; big red letters on a white placard: "Legalize Abortion!" it admonished.

"Good God!" I thought. "How things have changed."

In my day a well-bred college man would never have thought the word abortion, much less use it in society. It might be countenanced in a metaphoric sense, to suggest some grotesque fiasco. But never, never as a clinical procedure. I think they even employed a euphemism for it in medical school.

Abreast of New Tides

Since that eye-opening morn, I have been trying to keep abreast of the new tides on campus. Vicariously, as a subscriber to the Bruin and, rather less important, the father of a couple of UCLA sophomores, I am now involved. I am cast about in the heavy controversies that surge back and forth over the green hills and plains of Westwood.

I devour Intro and Spectra. One day I'm a war hawk — for victory at any cost in Viet Nam; and the next a dove, ready to put my dog-eared draft card to the torch. Yet in my day, the gravest calamity of modern history was gathering over the world, about to open like a thundercloud, losing death and misery on millions, but few of us seemed to notice.

I fancy myself in the editor's chair, and I see nothing imprudent in assigning a half dozen nubile coed reporters to the medical department to test the availability of The Pill.

When I was editor of the old college paper I could have never dared to send a gaggle of coeds on such a brazen mission. It would probably have meant expulsion, at least, and probably far and feathers. In the eyes of 1940 propriety, I might have sent them naked up the stone steps of an Aztec sacrificial pyramid.

Chastity—A Sacred Presumption

In my day the chastity of the unspoused college girl was a sacred presumption, if not a shining fact. Contraception was no more openly discussed as a possible course of action than treason. The word "pill" meant aspirin or a rat fink.

I'm afraid our drama class would have drowned in the new wave of undergraduate cinema. We had neither the money nor the creative license to turn out an evening of movies ranging in theme from a nude's nightmare to the loneliness of the long distance homosexual and collectively called "Op, Pop and Kicky Flicks."

Our most daring presentation was "Bury the Dead." Irwin Shaw's fiddle one-act protest (yes, we knew the word) against the folly and horror of war. I played a young soldier, killed in France, who refused to lie down and be buried.

We never heard the likes of Dick Gregory, Joan Baez, Wayne Morse, or Martin King. Bertrand Russell would have been drummed out of our town as he was from the enlightened city of New York. Our speakers were rarely controversial. Art Linkletter would have been all right, and Calvin Coolidge, but Linkletter was unheard of yet, and Coolidge was safely dead.

But we weren't zeroes. We weren't exactly like nowhere. We did have our values. We had ideals and courage. We are the generation that won the war. And we did produce the present generation, didn't we? After all, we didn't have the pill.

The Mood Was Languor

But these are wider, higher times; exhilarating times. The mood of my era was languor. Our sex goddess was Dorothy Lamour. We read A. E. Houseman was Thomas Wolf (not Tom Wolfe) and had nostalgia for a youth we hadn't even lost yet.

Maybe we sensed not only that we were living our own youths out, but were living, for the last time, a kind of youth that was never to be again. I knew quite where I stood, though, on the issues of the day. I was for Wendell Wilkie, Benny Goodman, Jeanette McDonald, the U.S. Marine Corps and love.

"When He Was a Little Boy I Asked Him, 'Then I Got Him a Head and Tail, I Can't Let Him Down Now.'" Distributed by the Los Angeles Times SYNDICATE

Coeds Should Fend For Themselves

(ACP) — Those few coeds who are dissatisfied with hours regulations or restrictive in loco parentis treatment in general should fend for themselves and find their own solutions, suggests the Colorado State University Collegian.

After criticizing the majority of CSU coeds for accepting the status quo, Editor John Gascoyne offered these suggestions for those few who would like to change the situation.

—Check into the legality of being denied certain privileges on the basis of sex. You might be surprised how some situations are based on tradition rather than law.

—Reach an understanding with your parents. Get them to sign a notarized statement to the effect that you are a big girl and capable of minding your own affairs. Present this statement at the door the first time you feel like staying out late or all night.

Make An Appointment With Opportunity

Ashland Oil is a rapidly growing petroleum company with expanding interests in petrochemicals, plastics, road paving, carbon black and synthetic rubber manufacturing and many other fields. It has truly challenging jobs available in many areas for engineers, marketing personnel, accountants, data processing specialists and graduates in other fields. Our representative will be glad to give you specific information on current openings.

Representative will be on campus for interview Thurs., March 9. Contact placement office for appointment.

Colonel Athletes Deserve Post-Season Honors

Now that the basketball season is quickly drawing to an end it is time for the sports writers and coaches to pick their post-season honor squads.

Though the Colonels are currently mired in last place in the Ohio Valley Conference, the team has three performers who should receive mention on the honor units.

Dick Clark is our nominee for the 'most underrated player' in the conference.

The 6-3 senior has given an excellent effort in every contest. Clark has not failed to score under 12 points in any game while his 17.7 average leads the team in point production.

The North Baltimore, Ohio native is the type of athlete who is not noticed until the statistics are published after each game.

Clark, a speed merchant with good jumping ability, is the team's second leading rebounder with nine grabs per contest. It would be a real farce if Bobby Washington were left on the post-season squad.

The 5-11 guard sports a 17.5 point average but his forte is passing.

Washington is at his best when coming down on a fast break as he clearly slips a pass to a teammate for two easy points.

Possibly the best sophomore guard to grace Alumni Coliseum's hardwood in some time, Washington has few rivals in the country when it comes to quarterbacking an offensive attack.

The Lexington speedster is averaging seven assists per game.

Another Colonel athlete deserving of recognition is Garfield Smith.

The 6-7 junior sports a 17.6 average, good enough to rank him fifth in the conference, while his average of 13.0 rebounds a game place the jumping-jack second in the eight-team league.

It is a task for a biased writer to pick an all-conference team.

He may not have seen some of the teams enough to make a fair selection and he is liable to pick some players over others simply for the sake of loyalty.

Nevertheless, here is my all-conference team.

Clem Haskins and Dwight Smith, Western; Herb McPherson and Dick Cunningham, Murray; Willie Jackson, Morehead; Tommy Head, Austin Peay; Ron Filipek and Dave Pratt, Tennessee Tech; and Bobby Washington and Dick Clark, Eastern.

OVC TO COMPETE BIG-TIME

In a recent decision handed down by its policy-making council, the National Collegiate Athletic Association stated that all member schools must compete in either the college or the university division, solely, in all sports except football.

This ruling directly affects Eastern and the other OVC schools because these institutions now compete in the university division in basketball and in the college division in spring sports.

Commissioner Arthur Gueppe, in a statement prepared for the conference schools, stated that all member schools would now compete in the university division.

This is good because it seems that these universities have been wanting to compete with the major conferences.

But before the Ohio Valley Conference expects to compete with the SEC and the other major conferences, they must revamp their by-laws so they can expect to play on the same level with the other major powers.

The OVC cannot compete on a major level if they do not grant as many scholarships as the other conferences do.

They cannot compete on a modern level with policies which date back to the 'Dark Ages.'

FRATERNITIES SUPPORT ATHLETICS

The newly organized fraternities have done more than provide a social outlet for those people interested in becoming members.

They have provided support at the basketball games with waving flags and vocal cheer.

It would not be a bad idea for some of these campus organizations who are supposedly interested in school spirit to follow pursuit.

Congratulations to these welcome additions to campus who have kept school spirit from reaching an all-time low.

KNIT TENNIS SHIRT

It will be your match all the way in this smart Campus pullover. An unusual double cotton knit with a rugged cable pattern is perfectly suited for the sportsman. For guys who like color and a little dash, the three-color striped V-neck means style on or off the court. And the ribbed cuff and bottom add a professional touch. You'll swing in it.

Colonels Face Morehead In Season Finale Suffer Weekend Losses To Tennessee Quintets

I GOT IT... Garfield Smith (54) and Jerry Godbey strain for a rebound in Saturday's contest against East Tennessee. (Photo by Dave Rains)

By Craig Ammerman
Eastern's Colonels close one of their most disastrous seasons in history Saturday night when they play host to Morehead in Alumni Coliseum.

The Colonels carried a 5-16 won - lost record into their game last night against Miami (Ohio) in Oxford. Details of that contest were not available at press time.

The game will mark the end of the line for two Colonel seniors. Dick Clark and Doug Clemmons will don the Maroon and White for the last time Saturday night.

Clark and Clemmons have provided a steadying influence to Jim Baechtold's charges throughout the disappointing season.

The Colonels suffered two losses in weekend action to East Tennessee and Tennessee Tech.

Last Saturday night, Baechtold's squad suffered possibly the most heart-breaking loss of the season to the Buccaneers from East Tennessee.

The Colonels never trailed in regulation play and East Tennessee obtained its only tie at 78-78 to send the contest into overtime.

East Tennessee took advantage of foul elimination to Colonels Garfield Smith and Jerry Godbey to move to 87-84 overtime win.

The Colonels moved to a 23-14 lead early in the contest behind the hot - shooting of Godbey and Bobby Washington.

Ernie Sims led an East Tennessee charge which narrowed the Colonels' lead to 24-22 before Washington and Dick Clark led Eastern to a 42-38 halftime lead.

With Godbey and Garfield Smith hitting from the corners, Eastern moved to a 50-44 lead at the outset of the second half.

Harley Swift led an East Tennessee rally which cut the Colonel's lead to one point at 68-67, but once again the home team responded to the challenge.

Two field goals by Smith and Washington's three - point play found Eastern on top by 76-70 with 4:54 remaining to play.

The Colonels then attempted to go into a stall which when coupled with a few questionable calls by the officials proved to be their undoing.

Ward, Fisher and Swift took advantage of these mishaps to produce the points that tied the score and sent the game into the disastrous overtime.

Eastern outshot their opponents by 54 per cent to 43.6 per cent but they lost the battle on the backboards by 49-36. Garfield Smith and Ernie Sims tied for rebounding honors with 14 grabs apiece.

Fisher and Swift paced the East Tennessee attack with 23 and 20 points, respectively, while Washington's 21 points was tops for the Colonels.

Clark and Smith scored 16 points apiece while Godbey and Clemmons followed with 15 and 12, respectively.

Monday night in Cookeville, the Colonels ran into a red hot band of Tennessee Tech Golden Eagles.

Tech won by 111-91 and offset a tremendous effort by Garfield Smith. Smith scored 39 points for the night's work and gathered in 13 rebounds in the best performance by a Colonel this season.

The Colonels felt the wrath of the Golden Eagles hot - hand early in the contest, falling behind by 22-8 in the game's first seven minutes.

Smith came to life at this point and brought some spark to the seemingly dead Eastern offense.

With help from Joe Pratts and Dick Clark, Smith brought the Colonels back within four points on several occasions while the halftime score showed Tech on top by 50-44.

Smith was fantastic in this 12 minute period as the Campbellsville native pumped in 20 points despite repeated defensive adjustments by Tech to stop the accurate Colonel.

But while Smith was murder on the home team, Eagle Dave Pratt and Ron Filipek played the same role for Tech as they combined for 38 points in the initial 20 minutes.

With Pratt, Filipek and Joe Hillson hitting from all corners, Tech took charge in the second half's early moments, racing to a 72-54 lead in only five minutes of play.

But the Colonels were not through.

Smith took over again to lead his team to within eight points at 82-74.

Tech then caught fire and raced to their final margin of victory at 111-91.

Dave Pratt and Ron Filipek led the Eagle attack with 38 and 26 points, respectively, while Clark followed Smith for the Colonels with 20 markers.

Game time for the Morehead game is slated for 8 P.M. Jack Adams' heralded freshmen host Lexington YMCA in a preliminary contest at 5:45.

Miami 84- EKU 73

The Colonels fell to Miami 84-73 in an overtime contest last night in Oxford, Ohio.

After obtaining a 36-35 half-time lead, the Colonels held the upper hand throughout most of the final half until Fred Foster led a Miami charge that knotted the score at 69-69 at the end of regulation play.

Miami took charge in the overtime period to take the 84-73 win.

Garfield Smith paced the Colonels with 26 points while Foster led the Redskins of Miami with 20 markers.

Rifle Squad Places Third

The Eastern rifle team scored a third - place finish in the Ohio - Kentucky Rifle Sectional Matches this weekend on the University of Kentucky campus.

Dale Jackson, a member of the Colonel rifle squad, topped first place in the meet as he turned in a fine performance.

Other members of the squad were David Spratt, Danny Dillman, and Robert Carroll. The rifle team is coached by Capt. Goff of the Military Science department.

Eels Split Meets

by ROY WATSON
Swimming Editor

Eastern's Eels closed their season with an 8-4 record by defeating Evansville 60-44 Saturday and falling to Indiana State 53-51.

"Our boys turned in a tremendous effort against Evansville," said Coach Don Combs, "and with a little luck we would have beaten Indiana."

"Swimming these two teams on successive days is like playing Western and Morehead in basketball back-to-back."

Sweeping 8 of 11 first places, the Eels set three team and two pool records.

Eastern's 400-yard medley relay team, composed of Rich Anderson, Lacy Hagood, John Anderson, Hagood, Bill Walker, and Bob Walker combined to win the 400-yard freestyle with a 3:25.2 timing.

Adding to the list of firsts were: Dannecker with a team record in the 200-yard backstroke (2:24); Hagood in the 200 - yard butterfly (2:04.9); John Buckner in the 200-yard backstroke (2:10.9); Rick Hill in the 200-yard individual medley

Buckner, and Steve Dannecker set a team record and broke an Evansville pool record. Their time was 3:47.5.

All America Bill Walker led the Eels with 93 3/4 points. In addition to winning the 200-yard freestyle (1:52), Walker placed second in the 500-yard freestyle and swam on the winning 400-yard freestyle relay team. (2:08.9); and Anderson in the 100-yard freestyle (50.8).

Leading 51 to 46 going into the last event, the Eels were edged out in the 400-yard freestyle relay in the Indiana event.

All America Rick Hill led Eastern with nine points. Hill's 2:12.5 timing placed him first in the 200-yard individual medley event.

Missing an Indiana pool record by four-tenths of a second, the 400-yard medley relay team finished first with a 3:52.4 timing.

Other first place finishers were: Buckner in the 200-yard backstroke (2:12.3); Bill Walker in the 500-yard freestyle (5:29.3); Dannecker in the 200-yard breaststroke (2:25.3); and Hagood in the 200-yard butterfly (2:14.6).

POOLSIDE

by ROY WATSON
SWIMMING EDITOR

RELAY TEAM HAS CLOSE SHAVE

Rich Anderson, Lacy Hagood, John Buckner, and Steve Danneker put on two shaving exhibitions last Friday. Their first exhibition was held prior to the Evansville meet. All four boys shaved their faces, arms, chests, and legs in an effort to cut down their times in the 400-yard medley relay. The second exhibition was held during the meet. A team and pool record was established as the relay team shaved 5.1 seconds off the old record. Their time was 3:47.5, good enough for fifth place in the entire college division according to last year's times.

EEL COACH HONORED

For the second straight year, Coach Don Combs was selected to be a diving judge in the NCAA swimming and diving championships held in Los Angeles, Calif., March 16-18. Combs won't make the trip alone, however. All Americas Rick Hill and Bill Walker will go along to compete in the swimming championships. This weekend Combs will serve as a diving judge at the Southeastern Conference meet in Lexington.

LOSSES TOTAL 10.2 SECONDS

Compared to the caliber of competition they have been swimming, an eight-and-four record is excellent. However, with a few breaks the Eels could have had only one or two losses, or possibly an unblemished record. Taking the key event in each of the losing meets, the difference between an 8-0 and 12-0 record was 10.2 seconds. Another OVC school might take up swimming as a varsity sport. It is reported that arch-rival Western will have a few entries in the Kentucky Intercollegiate Swimming and Diving Championships. Charlie Parris, a former Eastern Eel and now graduate assistant in the Western physical education department, has been coaching the Western swimmers.

Track Team Competes Indoors

By Butch Magee
It's the middle of the indoor track season, and Eastern's "Mercury footed" tracksters are hard at work facing some of the toughest competition in the nation, as they have done for the past two years since the inauguration of Connie Smith as Eastern's track coach. This past week - end was no exception as Eastern was represented in the Mason - Dixon games Saturday afternoon and in Cleveland's Knights of Columbus meet Saturday night. In the latter meet Eastern's two-mile relay team, composed of Jim Beasley, senior, Jeffersonville, Indiana; Clarence Lampkin, sophomore, Chicago, Illinois; Earl Jordan, junior, White Plains, New York; and Keith Small, junior, St. Louis, Missouri, ran 2nd to Villinova of Philadelphia. Villinova was ranked 4th in the United States (indoors) in 1966.

Earl Jordan also ran the 1000, placing 4th. The winner of the race was Ergas Leps, the Canadian National Champion, and 3rd ranking 1000 yard man in the United States. Jordan beat John Perry of the San Francisco 49'ers, who has ran a 1:47.7-880, and was ranked 6th in the United States in 1966. Clarence Lampkin ran the 440, placing 4th. The winner of the race was Ed Roberts, Trinidad, who had the 2nd best time in the world in the 100 yard dash and the 3rd best time in the world in the 220 in 1966. Lampkin was able to stay with Roberts all the way, finishing close at the end. At the Mason - Dixon games, Ivan Scholl, freshman, Roseville, Michigan, ran a very fine 4:22

mile, and Doug Cordier, sophomore, Mogadore, Ohio, a very fine mile run in the 4th Kentuckiana mile. He was timed at 4:24. These are impressive times for this early in the season. Eastern was potentially a very strong team for this year, until the loss of two nationally ranked athletes in Herman Carter, 9.5 100 yard dash man, Wilbert Davis, 16'1/2" pole vaulter. Without these losses we may have been the favorites in the OVC. Even with the losses, Eastern could be a very potent team, with their exceptionally good two-mile relay team, and the return of last years nationally ranked athletes, such as Carry Guess, 14.2 hurdler, Earl Jordan, 1:52-800 man; and Grant Colehour, 14:39 three miler, plus the addition of such outstanding fresh-

men as Stan Smith New York State, 18.8 low hurdler, who had the fifth fastest high school low hurdlers time in the United States, and Dave Stebing, Auburn, Indiana, shotputter, who through a phenomenal 59'9" shot at a body weight of only 170 pounds. Also Ivan Scholl, who was Michigan State High School 2 mile and Cross Country champion. Last year the team had a very impressive record, winning the Southeastern United States Indoor Championship, the Civitan Relays at Memphis and winning three first places in the Orange Bowl Meet in Miami. In these meets, there were powerhouses such as Kentucky State, University of Tennessee, who we meet this Saturday, University of Florida, Alabama, Georgia, and most of the Big 10 teams.

Bowlers Blast U.K. In Recent Match

The Eastern bowling team opened their season with a resounding 2,635 to 2,451 victory over the University of Kentucky bowlers. The bowling team is composed of five members with each participant bowling three games in competition. Bill Thomas of EKU was the individual leader in the recent match with a three - game total of 573, an average of 191. Other Eastern bowlers with scores are as follows: Tom Hardner, 490; Tom Williams, 517; Doug Wilson, 556; and Rod Day, 499. The team plans several more matches this semester with colleges from Kentucky, Ohio and Tennessee. Dates for the matches are indefinite at the present time.

Frosh Down Xavier Yearling

By Jim Martin
The Eastern Freshmen chalked up their tenth win Saturday in thrashing Xavier University's Freshmen by 79-72. For the Eastern Freshmen it was their third win in a row and the fifth victory in the last six games for Coach Jack Adams' crew. Toke Coleman and Willie Woods led the onslaught, with 23 and 19 points respectively. Woods, and six-one jumping - jack forward, led both teams in rebounding, picking off a total of 20.

Also in double figures for the Baby Colonels were Chester Rose with 11 and Mike Smith with 10. Chris Hall had a game high of 27 points for Xavier, and Don Darby finished with 12 as the Musketeers could place only two

men in double figures. The game was close throughout the first half, but Chester Rose's layup at 13:25 put Eastern ahead to stay. The lead climbed to as much as eight, but Hall's shooting kept Xavier within reach. The Baby Colonels led by only one at intermission, 42-41. In the second half Coleman's 16 points, Woods' 11, and a tenacious defense that held Xavier to only 21 points enabled Eastern to breeze to their tenth victory in fifteen games. The Baby Colonels hit 35 of 82 field goal attempts for 43 percent, but made only 9 of nineteen free throws for a poor 47 percent. Xavier was cold from the floor, making but 24 of 76 attempts for 32 percent. Eastern also overwhelmingly out-

bounded Xavier by 63 to 34. In their last game of the season, The Freshmen will face the Y.M.C.A. on March 4th in a preliminary to the Eastern - Morehead battle. The Y.M.C.A., a team that features a number of ex - U.K. stars, handed the Baby Colonels their first loss, and the Freshmen will be looking to end their highly successful season on a winning note. EASTERN FROSH: (79) Coleman, 23; Woods, 19; Rose, 11; Smith, 10; Trunnell, 7; Holbrook, 5; Jordan, 4; Argabright; Hare; Rader. XAVIER FROSH: (62) Hall, 27; Darby, 12; Riesser, 9; Ratterman 9; Rener, 5; Hettesshiener; Samis; Macke; Clouse.

Peruvian Girl Enjoys Activities Nicky Serves As An Ambassador Here

by Fred D. Mullins
Feature Writer

Ninoska Carefos is an ardent coffee drinker and she has a very good reason for it; her father owns a coffee plantation in South America.

Nicky, as she is called by her friends, is a sophomore from Lima, Peru. She is majoring in political science and hopes to become an international lawyer and foreign ambassador.

ing to an American college over going to France. Learning English in two years, she has traveled through all the states except Alaska and Hawaii. She has attended UCLA, the University of North Carolina and Brescia College in Owensboro, Kentucky.

"Besides learning English," she said, "I have had to learn to make my bed, clean my room and do my own clothes." She explained that at home she has four servants which normally assume these tasks.

"I was very surprised to be elected social chairman from Burnam," she said as she commented on how friendly the girls and the house mothers are there. Expressing her opinion about Eastern's men students, she said, "They are very nice and friendly." She confessed that she was shocked at the less formal customs regarding dating in America. "In South America it is proper for a couple to be chaperoned on their dates till they are going steady."

Travelled Visitor Here This is Nicky's third year in the United States. She chose com-

KYMA Projects Spirit; Active Aids Of Sports

By JOYCE LEE
Feature Writer

As the largest and most representative campus organization the KYMA Club is also one of the most enthusiastic clubs on campus.

This year the club proudly supports 75 active members with 108 pledges which is one of the many reasons that the KYMA members provide the school with year round spirit and dedication.

Some of last year's activities that the members planned were the co-ordinating of the 1965 Homecoming activities which included a kick-off bonfire, a beautiful parade, an exciting dance, and the selection of a Homecoming queen.

The KYMA Club has already demonstrated their policy of all campus spirit by doing many beneficial tasks such as decorating the goal posts at all home games, seeing the team off on away games, sitting together as a group at home games, building floats for Homecoming and initiating plans for the bonfire and pep rally for the provision of pre-game atmosphere and spirit.

supporting the cheerleaders. Charlie Douglas KYMA Club president expressed that the club was presently trying to start using "flash" cards at the ballgames to add interest to the games. Charlie declared, "What we are striving for is pep pep pep!"

KYMA which actually is short for Kentucky Maroons, has been active as an organization since 1951 and now KYMA larger and stronger, still has the same contention of its first club members. This desire is that KYMA seeks not to be sole supported but the support jointly with all campus organizations in providing the much needed spirit for our University.

Young Republicans Boasts Nation's Third Largest

Eastern's Young Republican Club is not only the largest organization on campus, but the largest Young Republican Club in Kentucky and the third largest in the nation.

The Club's main objectives are to bring young people into the Republican party and to provide for them to find political expression and recognition. They also strive to create a general interest in political affairs among the student body of Eastern.

On February 17 and 18 the Club was represented by thirty delegates at the State Young Republican College Convention held in Lexington. The Eastern delegation was second only to the University of Kentucky in the number of delegates attending the convention.

During the final session of the convention in which the awards were presented, Eastern's Young Republicans were named "best club of the year." This is the first year that Eastern has won such an award.

Examining produce in an open-air marketplace in Lisbon is one way to broaden one's knowledge of the ways of the Portuguese people. These girls found exploring the markets of cities around the world a relaxing change from studies undertaken during a semester at sea on Chapman College's floating campus—now called World Campus Afloat.

Alzada Knickerbocker of Knoxville, Tennessee, in the plaid dress—returned from the study-travel semester to complete her senior year in English at Radcliffe College.

Jan Knippers of Lawrenceburg, Tennessee, a graduate of the University of Tennessee, and a former Peace Corps Volunteer, first pursued graduate studies in International Relations and returned a second semester as a teaching assistant in Spanish on the world-circling campus.

Students live and attend regular classes aboard the s.s. RYNDAM, owned by the ECL Shipping Co. of Bremen for which the Holland-America Line acts as general passenger agent. In-port activities are arranged to supplement courses taught aboard ship.

As you read this, the spring semester voyage of discovery is carrying 450 undergraduate and graduate students through the Panama Canal to call at ports in Venezuela, Brazil, Argentina, Nigeria, Senegal, Morocco, Spain, Portugal, The Netherlands, Denmark and Great Britain, returning to New York May 25.

Next fall World Campus Afloat—Chapman College will take another 500 students around the world from New York to Los Angeles and in the spring, a new student body will journey from Los Angeles to ports on both west and east coasts of South America, in western and northern Europe and as far east as Leningrad before returning to New York.

For a catalog describing how you can include a semester aboard the RYNDAM in your educational plans, fill in the information below and mail.

Subsidized University Research Is Potential Destroyer Of Education

The federal government is now spending \$2 billion annually to subsidize university research, and many prominent educators are beginning to think this support could spell disaster for higher education.

Members of Congress as well as educators are concerned that the massive research grants have harmed higher education by "excessively diverting scientific manpower from teaching," reports the March Reader's Digest in an article titled "The Great Research Boondoggle." It quotes Rep. Henry S. Reuss' estimate that more than 40,000 teachers have deserted classrooms for laboratories, lured by federal research dollars.

Colleges Employ Lobbyists In the Digest article, long-time Washington columnist and reporter William Schulz reveals that more than two dozen colleges and universities now employ Washington lobbyists to compete for federal funds.

Several colleges receive more than 40 percent of their operating budgets from federal research projects, Schulz discloses. Most

Search Underway For Outstanding Girl

The annual search to select the nation's most outstanding girl is underway. At colleges and universities, in all 50 states, thousands of young women are entering the competition to become "National College Queen" or are nominating their classmates and friends.

This collegiate event is definitely not a beauty contest. The candidates will be judged on their scholastic ability, their leadership and achievements on campus, and the civic-minded contributions they have made to their community. Secondary qualifications are personality, poise and good grooming.

50 State Winners

Among the 50 State Winners last year were five Phi Beta Kappas, and 26 young women who held scholarships. Winners served as volunteers in hospitals, orphanages and homes for retarded children. They work for

University Offers Services In Counseling To Students

By Barbara Donnell Progress Reporter

"We don't solve everybody's problems, we just try to give students an insight into understanding their own problems." These are the words of Mr. Robert Hayes, one of Eastern's counselors, and they seem to sum up the basic purpose of the counseling service which is available to all students. The other member of the counseling team is Mrs. Lois Hamm who is at Eastern for the first time this year.

Service Available Some students, although they have an academic advisor, may not be aware of this personal counseling service on campus. The primary goal of the counselors is to help students overcome the frustrations encountered in their college life. Some of the frustrations enumerated by the counselors concerned dating, health, dormitory life, and study problems. Being away from home for the first time is also a common problem among many freshmen and Mr. Hayes and Mrs. Hamm are willing to help students

the Red Cross, the Heart Fund and for their churches. Some of them wrote for their college publications, many served on Student Councils, others were athletes and cheerleaders.

With an eye toward marriage as their ultimate goal, many of last year's National Finalists combined gourmet cookery with other homemaking skills. Their hobbies ranged from archery to setting up computer programs. Sky diving, water ballet, tennis and bowling filled some of their free time.

Now college girls are looking forward to next June, when the 500 State Winners for 1967 will be flown to New York City, all expenses paid, for the 13th Annual National College Queen Pageant. Each day, outstanding authorities from many fields will meet with the candidates in forums and seminars, judging and grading the young women on their knowledge and skills. There will be ten competitive events, and the candidate with the highest cumulative score for all ten activities will emerge as the "National College Queen".

Best Foods Are Sponsor The National College Queen Contest is sponsored by Best Foods, a division of Corn Products Company -- makers of Hellman's Mayonnaise, Skippy peanut butter, Mazola, Karo, and other products. To enter this competition, however, there are no slogans to write, and no products to buy. Best Foods reports that their main interest in the contest is to "reward and honor the young achievers among our nation's college students."

Parents, friends or college girls themselves can nominate a candidate. Send the young woman's name, address, and the name of the college she is attending to the National College Queen Contest Committee, P. O. Box 935, New York, New York 10023. The deadline for all nominations to be received in New York is February 28th.

Caduceus Club Plans Dance

On February 20 the Caduceus Club held its regular meeting in Science Building room 310. During the business meeting, final plans were made for the semi-formal dance to be held on Friday March 17 at the Student Union Building.

The St. Patrick's Day dance, under the co-sponsorship of the nursing class, will feature GAIL KELLY & THE REGENTS. Gail Kelly, a former Eastern student, has recorded for many record companies including Capitol Records and has appeared at the Continental Inn and the Imperial House. The dance will begin at 8:00 PM and end at midnight.

Pageant in New York All 50 State Winners will be presented to the nation on a full-hour TV Special during the Pageant in New York.

The National Queen will be awarded a trip to Europe, a new car, and other major prizes. Interviewed, photographed, and televised, she and her college will be honored across America. In New York, the Pageant takes

Photo Club Opens Contest To Students

Say cheese, snap those cameras and perhaps become a winner in the Photo Club's contest. The contest winners will receive \$15 for first prize and \$5 for second prize. Who knows if those pictures of the girls exercising of the boys short sheeting beds might not be winners! The rules for entering the contest are:

1. The Photo Club Contest is open to all students of Eastern Photo Club.
2. All entries must have something to do with Eastern students, club activities, parades, stray mascots, etc. The entries may be in color or black & white, any size, and made by any type camera. All entries must have been made after September 9, 1966, and up until April 15, 1967.
3. The number of entries is unlimited. The minimal entry fee of 25¢ is required only once even if additional entries are submitted.
4. Place your name, I.D. number, and address on a 3x5 card. Place it, your entries, and fee in an envelope, and bring it to room 116 in the Science Building or Box 328 Burnam Hall.
5. All entries must be submitted before or on April

I.A. Students Show Projects At Open House

By JUDY WIGLESWORTH
PROGRESS WRITER

The College of Applied Arts and Technology held an Open House Monday evening, January 23, 1967, in the Fitzpatrick Arts Building. Due to being held during exam week, there was little publicity beforehand but those who attended were certainly well rewarded for their efforts.

There was a large variety of projects on display as well as several different styles of one single item. Projects ranged

from a walnut modern coffee table, made by Riley R. Arnold to Ron King's walnut stereo unit, Danish modern in style.

Projects were made mainly by Industrial Art classes 141, 242, and 281. Some of the projects made by the General Woodworking (141) classes were a paper towel holder, made by John V. Kidd; a three-legged cherry telephone table with drawer, made by David Kincaid; and a nut bowl, made by Robert J. Hazeltown.

Those students enrolled in Industrial Arts for Elementary teachers displayed items suitable for children in the lower grades.

The metalwork classes had a large display of items also. Many students had made wrought iron spread eagles. Robert Hancock's wrought iron "eagle in flight" was one of the articles on exhibit from the General Metalwork II class.

Danny W. Smith, a senior industrial education major from Carlisle, made a walnut slant top desk with dove tail inlay on the top and holly inlay on the drawers and slant top. The style is a mixture of Chippendale and Hepplewhite. Danny's specialized area is woodworking.

I.A. Club Has New Officers

The Industrial Arts Club has elected their new officers for the coming semester. They are: Al Smith, president; Jim Crouce, vice president; Kitty Katt, secretary; David Kincaid, public affairs; Jerry Scott, treasurer; and George Kearns, sergeant-at-arms.

Dana L. Bailey of the 242 class made a walnut Queen Anne low boy chest with drawers. Ron King, a senior industrial education major from Barbourville, made a massive stereo unit with a Gerrard turn table, two three-way speakers, and an AM/FM tuner. Ron is specializing in electricity and electronics and is doing his practice teaching this semester at Madison Central High School.

Stereo Complex

This massive stereo unit, which contains a Gerrard turntable, two three-way speakers, and an AM/FM tuner, was made by Danna Bailey.

Slant Top Desk

Danny Smith made this walnut slant top desk in a style that is a mixture of Chippendale and Hepplewhite.

"CALL US
FOR YOUR
DRUG
NEEDS"

The Air Force doesn't want to waste your college education any more than you do.

Are you afraid of becoming part of the woodwork on a job? Your career stunted by boredom? Few promotions in sight?

You didn't go to college for that. And it needn't happen, either. Because you can pick the United States Air Force as your employer. Career opportunities are so vast... you'll get a better chance to specialize where you want... in the forefront of modern science and technology.

Suppose, just for example, you wanted to be involved in Electronics. This area alone includes Communications-Electronics, Missile Electronics, Avionics, and others. And these, in turn, involve administrative, research, and other technical aspects.

That's just a tiny part of the whole Air Force picture. Just one brilliant opportunity area among many.

You'll enjoy good pay, promotions, chance to travel, active social life, fine retirement benefits. And you'll be serving your country, too.

Or maybe you want to fly? That's great. The Air Force is certainly the place to do it.

As a college graduate you want something extra out of life—to aim at an exciting goal. So send in this coupon.

Make sure you don't get stuck where nothing much is happening.
