Campus Elections Being Held In Dorms For Student Council Officers

THE PROGRESSIVE PARTY

By EARL DEAN

New leaders and new ideas are vital to progress. When these elements are lacking nothing changes everything remains constant. At Eastern Kentucky State College the time has come for a change—a change in leadership and in methods. In order for such a change to be possible the Progressive Party has been formed.

In hometown papers around our state few articles about Eastern's students are found. Deficient publicity may account for this, but we believe that it is due to the lacking opportunity for different accomplishments from different people. Kentuckians miles away cannot see the dammed-up reservoir of potential leaders that our campus possesses. Today and tomorrow we have the opportunity to pen the gates of the dorm and watch the potential materialize into a great student body with a great student government.

It has been said that our candidates are not qualified to serve. No, our candidates have not held student congress offices before. They have not had the privilege of serving bestowed upon them in the past. They have, however, committed no crime in offering their services for the future.

We have seen the work of those who have served in the past and the record shows that when they were in a position to act, they did not. We ask that we be given

Progressive Party Platform

Theme: Act in the interest of the student body which will serve always striving for a better Eastern.

I. Provide a Student Congress with the power to represent the students they serve.

II. Provide the student body with the information concerning the activities of the Student Council.

A. Students be supplied with minutes of every Student Council meeting.

B. For one to know who represents his interest he must be informed.

III. Attempt to correct the gross atrocity of private interests capitalizing on such student necessities as books, etc.

A. Establish a student exchange under the Student Council for the buying and selling of books eliminating the unnecessary middleman.

IV. Put into effect a progressive social-activities program.

A. More all-campus activities particularly in the Spring, such as an Eastern Kentucky Derby.

B. Organize an all-club council for more efficient club system at Eastern creating more interest among old club members and urging others to participate.

C. Give Eastern's students something to do and they will eliminate the suitcase problem.

V. Support a more efficient registration system.

VI. Demand students control both the nominating and electing of such honors as are conferred upon individual students.

VII. Investigate the possibilities of establishing a short-term student loan fund. If at all feasible put such a plan into effect.

VIII. Support a much needed completely new constitution which will represent the interests of the Student Body. Submit it to the student body for ratification before seeking administration support and ratification.

IX. In order to bring more power to our Student Body, propose and support a Student Judicial System.

Pershing Rifles Win Contest

The Pershing Rifles last week won a 4 speed Decca Hi fidelity stereophonic phonograph and a 8 mm. Keystone movie camera. The prizes were offered by the Philip Morris Tobacco Co. for the student or organization turning the most empty packages in of Philip Morris brand cigarettes. The P. R.'s turned in over 2300 packages. Their nearest competitors were a group of jocks who turned in around 1700 packages. The P. R.'s would like to thank every one who helped them in the contest.

the opportunity to bring results! If you are satisfied with the way things are — DON'T VOTE PROGRESSIVE! If you don't want better representation for our student body — DON'T VOTE PROGRESSIVE! If you are satisfied with the way things are — DON'T VOTE PROGRESSIVE!

Pershing Rifles Win First Place Trophy

The crack Eastern Kentucky State College Pershing Rifles rifle team was awarded last week the first place trophy for marksmanship of the 1st Regiment. Major General Charles E. Beuchamp, commanding general of the 20th U.S. Army Corps, made the presentation in ceremonies at the college.

Eastern's P.R. team, a national contender for the first time in history, defeated fifteen other colleges and universities from Ohio, Kentucky, and West Virginia, in the regimental competition, held at Ohio State University in Columbus.

The team won both the first place team trophy with a score of 1385 points, and the high individual trophy, with Roy Gibson, Lancaster, Ky., freshman, a 285 score.

Others, besides Gibson, on the championship team are team captain, Paul Combest, sophomore from Liberty; Lemuel Ray, Jr., freshman from Ft. Knox; James Cornett, freshman from Fairton; William Lovell, freshman from Louisville; and Phillip Price, sophomore from Liberty.

The Eastern team defeated their closest competitor, the University of Kentucky by fifty points in the competition.

The regimental crown is the third major trophy won by the P.R. team this semester. Others included first place in the regimental postal matches and second place in the national Pershing Rifles postal matches.

Earlier this year, the team placed 21st in the William Hearst Trophy Match between all ROTC units in the United States. The team had placed 54th in 1960 and 56th in 1959.

In the Second Army Area Match, the qualifying match for the National Army Match, the rifers placed 5th and, for the first time, was selected as one of the teams to represent the Second Army in the national competition. In 1960, they placed 19th and in 1959, 36th.

This year's team fired the highest score ever fired by an Eastern team, 1416 points, in losing by only 6 points in the Southeastern Area competition.

Earlier, in a victory over Western Kentucky, James A. Highland, junior from Richmond, fired an all-time high score of 20 of a possible 300.

Interview Notices

Mr. J. W. Alley, representative from Bethel-Tate Local Schools, Bethel, Ohio, will be on campus for the purpose of interviewing prospective teachers in the following fields: Elementary Education, math, English, science, music, and industrial arts.

Interviews will be held Room 202 of the Student Union Building beginning at 1:00 p.m. until 4:00 p.m. Interested persons should make appointments prior to this date in the Placement Office, Room 1, Administration Bldg. Thursday, May 18, 1961.

There will be a representative on campus from the Veterans Administration Hospital, Lexington, Kentucky for the purpose of interviewing graduating seniors with majors in the field of Industrial Arts supplemented by at least twelve semester hours in education. They would also be glad to talk with students in their early college years as well as the graduating seniors.

Basye New Pres. Physics Teachers

Clifton A. Basye, of the Eastern Kentucky College physics department, has been elected president of the Kentucky Section of the American Association of Physics Teachers for the 1961-62 year.

The association is one of the founding organizations of the national group organized in 1929 for the purpose of improving teaching and research work in physics in Kentucky. It is continually keeping abreast of the changing needs and the formulation of new programs in the field of physics.

Professor Basye will attend a special week-long conference on curricula for undergraduate majors in Denver, Col. in August. The conference, sponsored by the national group, will host physicists from throughout the United States.

Other officers elected at the Lexington meeting were: Richard Hanau, University of Kentucky, vice-president; Otis K. Wolfe, Western State College, secretary-treasurer; D. M. Bennett, University of Louisville, council member.

MOTHER'S DAY PROGRAM

The Progress and Eastern State College invite all Mothers to attend the 24th Annual Mother's Day Program at the Keen Johnson Student Union building Sunday.

Ford Foundation Tells Educational Grant Program

A \$2,775,000 program of aid to education, with grants to 732 liberal arts colleges, universities and institutes and to 27 organizations dedicated to raising educational quality in America, was announced today by Roger M. Blough, Chairman of the Board of Trustees of United States Steel Foundation, Inc.

"As formulated by the Trustees of the Foundation," said Mr. Blough, "the program includes both broad-scale and special efforts to foster excellence in education. The program is national in scope and comprehends many types of educational institutions and organizations. Included within several program divisions, a variety of forms of grants are utilized to encourage all, both within and without educational circles, to establish new benchmarks for quality improvement and broader support of education in America."

The Foundation's program includes: Operating Grants—\$805,000. Operating aid in the amount of \$476,000 is afforded to all 455 accredited four-year institutional members of all the 41 state and regional liberal arts college associations, which have benefited since 1954 to the extent of about \$2.5 million. Additionally, \$44,000 on operating aid goes in 1961 to Negro colleges, including all members of the United Negro College Fund, bringing support to such institutions since 1954 to \$409,000.

Major-Purpose or Capital Grants—\$1,435,000. After designating \$535,000 of the authorized total payments for installments on prior commitments, the Foundation is making new major-purpose or capital grants amounting to \$900,000. Of this total, the sum of \$740,000 for 39 one-time grants—ranging from \$10,000 to \$20,000—goes to the following liberal arts and science colleges, women's colleges, regional colleges, and universities: Antioch (Ohio), Augustana (Ill.), Bates (Maine), Baylor U. (Texas), Beloit (Wis.), Berea (Ky.), Bowdoin (Maine), Centre Davidson (N. C.), Eastern Baptist (Pa.), Franklin and Marshall (Pa.), Grinnell (Iowa), Grove City (Pa.), Hamilton (N. Y.), Hampden-Sydney (Va.), Incarnate Word (Texas), Jamestown (N. D.), Kalamazoo (Mich.), Kenyon (Ohio), Lawrence (Wis.), Merrimack (Mass.), Middlebury (Vt.), Morehouse-Spellman (Ga.), Ripon (Wis.), Rockford (Ill.), Randolph-Macon Woman's (Va.), St. Catherine (Minn.), St. Olaf (Minn.), Seattle U. (Wash.), Skidmore (N. Y.), U. of the South (Tenn.), Southern Methodist U. (Texas), Trinity (Conn.), Tuskegee Institute (Ala.), and Wesleyan U. (Conn.). Altogether, since 1954, there have been about 160 grants to liberal arts colleges and science institutions aggregating about \$4 million. Included in this total are 22 women's colleges which have received an aggregate of \$500,000 in capital grants during the same period.

Organization Support and Educational Research—\$123,000. Recognizing the continued need to broaden the base of participation in the financing of education, allotment (Ky.), Coe (Iowa), Colby (Maine), Cornell (Iowa), Dana (Neb.), are made to certain educational associations concerned with extending public acceptance of responsibility for adequate financing of education. Based upon the successful application of prior grants, a new grant is made to the American Alumni Council for continuation of its general activities and the enlarged scope of the Foundation-initiated Alumni-Giving Incentive Award Plan.

THE STUDENT PARTY

By BARRY BRENNEN

In this political contest, as in most political contests, the real issues have become slightly clouded by the over zealousness of devout party members, and the issues have become secondary to personal attacks and individual biases.

Because of confusion in terms, the platforms of both parties have been subject to unnecessary criticism. This is not to say that either platform is perfect, but that in most cases derision has been caused because of the wrong things.

The Student Party has been accused of everything from lust to malfeasance and up to this point have not chosen to defend itself.

The time has come though, to correct a few basic misconceptions that have been permitted to flourish in the last week.

In the first place, the Student Party has never contemplated the possibility of conducting a campaign without opposition. In fact the Student Party was formed in an attempt to create interest in campus activities and force any opposition to consolidate into a party that would actively wage an electoral battle. This has been accomplished as you have seen during the past week.

Secondly, if we in the Student Party have had any vain misconceptions, they did not concern an attempt to perpetuate a power block. We have never attempted to keep the student body in the dark concerning student council affairs; nor have we tried to retain leadership.

The present student council, from which most of the Student Party candidates come, has worked harder than any other student council in Eastern's history to give the student body an effective voice in student affairs. They have taken positive action toward making student council something more than a social committee and have tried to weld it into a governing body. They have not yet succeeded, but they have not yet failed. Give them a chance.

Progressive Candidates For Student Council Election

President: Bill Elkins, a junior English and history major with a 2.5 grade standing and a member of the football squad. Bill is from Jenkins, Kentucky, where he held some fifteen offices, among which were the presidency of Student Council, letter club, key club, and class. He was also editor of the school paper, an all-state footballer, and ranked second in his class scholastically.

Vice President: Tom Roberts, a sophomore pre-law and history major. He has a 1.9 average, and is a member of Eastern's cross-country team. Besides being a three-sport athlete at Middlesboro High School, Tom was a member of the Forensic League Debaters, president of Hi-Y, and many other activities.

Secretary: Anne Stanley Johnson, a junior English major and history minor with a 1.9 grade standing. Anne is a cheerleader, current secretary and president-elect of Kappa Kappa Sigma; last year she was a member of Burnam House Council. She was recently chosen the "Ideal Junior Coed" for this year. Anne came from Winchester High School where she served as Student Council president and cheerleader among a long list of activities.

Treasurer: Jay Host, a sophomore commerce major with an emphasis on accounting. He has a C- standing in three semesters at Eastern. Jay graduated from Ashland High School where he was a member of the Key Club, a delegate to Boys' State, and a delegate to a National Youth Assembly Camp for Student Government in Grand Rapids, Michigan.

PLATFORM
1. Offer the student body a program for bringing inevitable progress to E.K.S.C.
2. Provide a state reg. qualified candidates for student offices who have the initiative to carry out our student body's desires.
3. Provide the student body with information concerning activities of the Student Council.
4. Attempt to correct the gross atrocity of private interests capitalizing on such student necessities as books, etc.
5. Put into effect a progressive social activities program.
6. Support more efficient registration system.
7. Student participation in nomination and election of such honors as are conferred upon individual students.
8. Support of short-term student loan fund.
9. Support of a new constitution which would be submitted for student-body approval.
10. Student judicial system.

These are the candidates and the objectives. Support them and support democratic government at Eastern.

Eastern Mothers Honored Sunday

SHIRLEY TOMPKINS

The twenty-fourth annual Mother's Day Program will be presented Sunday, May 14, at 2:30 p.m. (E.S.T.) in the Keen Johnson Student Union Building. The annual affair is sponsored by the college social committee. All parents are invited to attend.

The program is presented entirely by students. The address will be given by Mrs. Shirley Jacobs Tompkins, a senior biology and music major from Louisville, Kentucky. Her topic will be, "The Potter."

Other students who will participate in the program include: Jeanne McConnell, invocation; Linda Murrell, scripture reading; Ed Lyons, singing "The Lord's Prayer"; and Arlene Calico, singing "How Lovely are Dwellings." The college choir, under the direction of Mr. Van Peursem, will also present a program of special airs.

The 1961 program is the twenty-fourth of its kind to be held on Eastern's campus. The purpose of the event is to promote better understanding among faculty, students, and parents. Parents will have an opportunity to discuss problems with members of the administration and faculty at an informal social hour in Burnam Hall, Women's dormitory, following the program.

A faculty-student committee is in charge of arrangements for the annual affair. The student members are: Barbara Hines, Pat Burgin, Linda Murrell, John Vester, Jim Pearce, Charles Kloune. The faculty members are: Mrs. Case, chairman, Miss Buchanan, Mr. Gatwood, Dean Keen, Miss Seavers, Dr. Sprague, Mr. Stocker, Mr. Rowlett, and Mr. McHone.

Student Elections Need Student Votes. Be Sure To Vote!

Letters To The Students

Dear Students:

About the turn of the semester, I was approached by a small delegation of students and asked if I had ever considered becoming a candidate for the presidency of student council. My answer was that I had considered the possibility but not seriously, since my main concentration had been on the revision of the constitution. After consulting several other fellow students who had some experience on the council, I began considering the position quite seriously.

Following this initial incident series of events occurred that convinced me that I sincerely wanted to become President of the Student Council.

The first of these being a Southern Universities Student Government Association Conference that I attended as delegate from Eastern held in Tallahassee, Florida. At this convention I was involved in

formal discussions, debates, and general "bull" sessions with the delegates from 33 of the leading southern colleges and universities. At this convention I learned that many of these schools had experienced, or were experiencing many of the same problems that are prevalent on our campus. I was amazed that so many of the schools, comparable size to Eastern, had such well-organized student governments. Many of them were assuming responsibility and operating on budgets that would certainly shame our present student government.

I returned from the convention both impressed and depressed. I was depressed because I was impressed at the progress that had been achieved by the initiative of students at other schools, and I was depressed that we lacked this same initiative here at Eastern.

The remainder of the events I mentioned before consisted of

meetings with both faculty and students. From these meetings one predominant factor stood out more than any other and that was that Eastern needs a stronger unification of the student body before we can even consider a stronger student government.

It seemed to me that a partial solution to the problem was to first create an interest among the student body for student government. The answer seemed to be in the formation of student parties on the campus beginning with the upcoming election of officers. We began formulating our party, which we named the Student's Party, with the intention that whoever ran against us would like-wise have to form a party and in turn be forced into an open campus-wide campaign. This we have done. And, as you have seen in the past week, it has been extremely effective. In the three years I have attended Eastern, I have never seen such group participation in any school affair.

The basic policies of both parties are essentially the same as they should be. A few of the tangential policies differ, but this is what adds to the glamour of the campaign. The campaigns of both parties have been extremely effective and with relatively little "mud slinging." Only a few of the sympathizers have shown their immaturity by destroying the campaign poster, but I suppose this is to be expected even on the college level.

All in all, regardless which party evolves the victor of this campaign, this campus has experienced something that it has never seen before; group participation in a campus-wide election. If for nothing else this campaign has been a fabulous success.

Sincerely,
 Jim Showalter
 Candidate for President on the STUDENT'S PARTY

Dear Students:

Since the election of officers for next year's Student Council is beginning tonight, a brief explanation may be needed to summarize what the student body can gain from this election.

There are possibly two main objectives of both parties. These are: (1) to strengthen the Student Council by securing a constitution which will give it the power that any average council would have in a school of this size, and (2) to unite the student body into an organization that may build a greater Eastern by greater student participation through social and academic activities.

At the end of the week we, the student body, must unite and back the Student Council, its elected officers and members in order to fully realize the purpose which underlies the election itself.

John Reed

Dear Eastern Students:
 Intelligent leadership is a very important part of our great country. If we want our college to be great, we also need intelligent leadership. We need people who not only think big, but have the courage and perseverance to carry out these plans. We need people who have experience and can take over the job of managing our

Student Council without wasting half the semester by learning what is happening.

Student Council needs help! This help can be given by each one of us if we all vote for the most qualified people. I want to be led by leaders, not followers.

The Student's Party has four people who meet the qualities of leadership. I am going to vote a straight ticket for the Student's Party.

Do you want qualified people in our Student Council? Then think before you vote.

Sincerely yours,
 Don Stivers

Dear Editor,
 This letter and the enclosed press release are meant to apprise you and your student readers of our expanded activity in the area of financial aid for the college student.

One of the hardest finizes comes of scholarship aid for the student during the academic year. However, at the behest of scholarship students we have been informally engaged in finding supplemental income for the student throughout summer employment. Our informal activity of the past two years has been of such an original and unorthodox nature that we feel that its application to this year's economic conditions should be formalized to aid ALL work conscious students.

In view of the fact that over 100 of the 150 major industrial areas are upon the depressed areas list and allowing the student to use his own normal channels and abilities to find employment during the recent Easter vacation, we now offer our help to those students who have not yet successfully gained the work of their choice for this coming vacation.

For our efforts we ask a registration of \$1 or \$2 per student, dependent upon the student. Our service guarantees to place the students availability into the hands of at least 1000 prospective employers in the area of the students choice. For this volume of correspondence, we offer at least \$50 of service to each student. We feel that our efforts will be subsidized, therefore we feel fully confident that we can direct all of our energies to the maximum benefit of the student and the prospective employer.

For those requiring verification of our activities we suggest confirmation through Mr. Robert K. Kroesen, executive vice president, Greater Trenton Chamber of Commerce, Trenton, N. J.

Enclosed is a release which has been prepared for publication in your university or college newspaper. It is designed to bring our activity to the attention of ALL work interested students. We have forwarded it directly to you so that you may include such pertinent data as may be helpful in giving specific information to the students promptly.

For maximum benefit of your readers, we request that you carry the "news item" in at least two issues of your publication. In order that we may increase our effectiveness in the future, we would appreciate receiving a clipping of the item as edited and carried in your newspaper.

Students at Surprise Party rally vote overwhelmingly for beer on tap as the charwoman of the party, Shirley Knot, presides.

SURPRISE PARTY

Prior to recently, it appeared to many dully concerned students that the student election of 1961 was rapidly becoming a farcial (what ever that means) token election dominated by only a fraction of the school's over 3,000 students. The same old cliques, sparked by lust (for power) and fueled (by the vain misconception that only those who have served in the past or wanted to serve are qualified to serve in the future), have split into two token parties and "presented" their candidates hoping to scare away any outside opposition. We of the newly formed Independent Progressive Student's Surprise Party are about to throw a monkey wrench into the works of these well oiled machines.

We believe even with the vast number of potential campus leaders enrolled at Eastern that the privilege of serving should be distributed to them and the leading to us. We hope that the gullible students at Eastern will join with us and support the Surprise platform and these candidates best qualified to enact it.

Our candidates and their qualifications:

President—Harvey Luvex, a 6'5" Junior from Little Rock, Arkansas, has maintained a 9 average and expects to get off probation this semester (Note to girls: He's really handsome and is, of yet, unattached—this may be your opportunity).

Vice-President—John Daybrite, a smiling sophomore from Wilde, Ky., feels well qualified to be Vice President since he has many (Vices). He has been known to spend his last dollar buying a round of drinks for his friends. This is the kind of man we need in office.

Secretary—Doris Hanger Spacing, Sophomore, types, is short-handed.

Treasurer—Earl Wingbolt, Junior, loves to handle other people's money—expert at juggling books.

The Surprise Party Platform:

Statement: Our platform is short and sweet. We make no idle promises. We raise no irrelevant, irreverant issues, just the bare, vote drawing essentials.

We advocate:

- I. Beer on tap.
- II. Abolishment of dormitory hours.
- III. Annual potato sack races.
- IV. Changing Campus Drive into a drag strip.
- V. Grownupery.
- VI. Changing the break between classes to an hour so that students will have time to go to the grille.
- VII. Providing a "Mother's Dormitory" so that students won't have to go home on weekends.
- VIII. Supporting a new student constitution giving students complete power over the faculty and administration.
- IX. Other pipe dreams too numerous to mention.

Say it with
KELLY'S FLORIST
 E. Main St. Call 567

GOVERNMENT FOR A FEW

Student government should to all residents of a college campus mean student interest. There are no doubts in our minds that Eastern needs more efficient student leadership. It is even harder to realize the many things that could be accomplished if the student body would show an interest in their own affairs.

The task is at hand for us that are concerned for our own well being. The importance of the election is that we have strength in unity and are willing to use this unity to support the candidate of our own choice.

This election will not be covered in the many syndicated newspapers in the U. S., but it will be proclaimed by the students of Eastern as a vote for freedom. A freedom well deserving of an interested body of Eastern students.

Campus parties should be shouting, "down with apathy." These parties should be pushing open the gates of freedom with the vast members and weight of its followers. The truth should be defended and made known to our friends. Feelings would run high and tempers should be cooled with reason for the task ahead.

We urge these parties to remember that these people will represent the 3500 students of our community. They will be representative of Eastern and their activities will be those of every intelligent voter. Their decisions will be for a greater and even more greater Eastern, free from student disinterest.

Vast energy that is used for the lunchline rush may be used to help bring new faces and interests to our campus. Grippers and cynics will be able to smile and for once say that this is the home of the mind and here lies the freedom of the spirit.

Before us are two doors, behind one lies a tiger and behind the other lies a lamb. It is our choice to open the right door, but can we open it without the confidence of Eastern voters. Show that you have this confidence and vote for a greater Eastern.

MISSILE BASE WAGE

By Jack Steele

Washington: Here are some examples of "shocking" pay scales of union workers at U.S. missile bases, as disclosed by the Senate investigations subcommittee:

An electrician at Cape Canaveral, Florida, collected \$673 a week—only a few cents less than the weekly salary of the Vice-President of the United States.

Ironworkers at Vandenberg Air Force Base, California, average \$520 a week—\$40 more than the salary of Defense Secretary Robert S. McNamara.

A foreman of common laborers at Vandenberg was paid \$434 a week—\$11 more than the weekly salary of Air Force Secretary Eugene Zuckert.

An apprentice electrician at Canaveral received \$748 in one week—more than the combined pay of Dr. Werner Von Braun and Vice Adm. Hyman Rickover.

Common laborers at Vandenberg are paid up to \$287 a week.

A foreman of electricians at Canaveral was paid \$26,843 last year—nearly \$2000 a year more than the salary of cabinet members.

Electricians average \$510 a week at Vandenberg—\$145 more than the combined pay and allowances of the base commander, Maj. Gen. David Wade, a 25-year veteran.

At Vandenberg, elevator operators are paid up to \$360 a week, truck drivers up to \$324 a week and even warehouse clerks collect \$262 a week—all more than the pay of an Air Force full colonel.

The subcommittee documented these and other cases of fantastic wage scales to illustrate what Chairman John McClellan (D., Ark.) called the "almost revolting" story of waste of taxpayers money in the missile program.

(Since virtually all of these wages were paid by cost-plus-a-fixed-fee contractors, the government eventually footed the bill.)

This pay bonanza, made possible by overtime and premium pay demanded by union, apparently is being halted by the Air Force. Last week it ordered work at these bases put on three eight-hour shifts, with overtime sharply restricted.

One contractor at Cape Canaveral told the subcommittee he expected "trouble"—presumably more strikes—as a result of the directive.

Henry Cable of Dallas, electrical contractor at Canaveral, testified he had to bid 100% more on contracts at the missile base than he would for comparable work elsewhere—as a result of union-directed slow-downs.

Branding the situation at Canaveral "rotten" and "the worst I've seen in 30 years in the electrical business," Cable said:

"There is no way the Communists could do the damage to the U.S. missile program that the labor unions have done at Canaveral."

The subcommittee conceded the cases it cited were for peak wages, but noted that weekly earnings exceeding \$400 or even \$500 a week were not unusual for journeyman electricians, plumbers, pipefitters, etc., at the two bases.

The subcommittee cited a typical case of an electrician at Canaveral to show how overtime built up his pay to \$647.50 for an 84-hour week. He worked only 12 hours at straight time, \$3.50 an hour. He collected triple time (\$10.50) for 26 hours and quadruple time (\$14) for six hours, plus time and a half for 18 hours, and double time for 22 hours.

Salem refreshes your taste
 —"air-softens" every puff

Take a puff... it's Springtime! Just as springtime reawakens you to the beauty and soft greenness all around... so every Salem reawakens and softly refreshes your taste. Salem, with all its rich tobacco taste, is a gentle, easy-going smoke. Special High Porosity paper "air-softens" every puff, so that more than ever, Salem gives you the freshness of springtime. Smoke refreshed... smoke Salem!

- menthol fresh
- rich tobacco taste
- modern filter, too

RELAY RECORD TIED—Riehl Emmons, speedy dynamo from Ft. Thomas, takes the baton from Bob Scott and streaks out for pay dirt for East's record-holding 440 yard relay team. Eastern beat Tennessee Tech in the meet and the relay team tied their own school record.

WHITE SETS PACE—David White, long-distance star of Eastern's unbeaten track team, leads the field in the mile run in a recent meet with Tennessee Tech.

Baseballers Off To Slow Start As Season Progresses

Turkey Hughes' baseball Maroons, in the midst of one of their poorer campaigns, will attempt to improve upon their lackluster 3-5 record when they battle with the Morehead Eagles Saturday in an Ohio Valley Conference double bill. The Maroons are 1-1 in O. V. C. play and still have a chance for their third consecutive conference crown.

The Maroon nine has been having its troubles on the hill as well as with the stick, although a total of eight rained-out games has not been such to encourage a good showing. The combined batting average of the Eastern batters is a puny .225, while the pitchers have a cumulative earned run mark of 4.50. Last season's team, by contrast, batted a resounding .283 and the hill corps racked up an impressive 3.25 E. R. A.

Outfielder Bill Goedde is currently the only member of the Maroons batting over .250. Goedde is hammering the ball at a sizzling .379 mark, a substantial improvement over his 1960 mark of .298. Catcher Chuck Hayslip, a .293 hitter last season, has tailed off to .250. Hayslip, however, has already topped his 1960 runs batted in total and leads the Maroons by a wide margin in that department. Teddy Onkst is hitting .233 and this is thirty points below his 1960 mark. Carter Brandenburg, whose .381 mark paced the Maroons last season is hitting just .200, and the popular "White Rat," Bill Curry has slumped off from .313 to .250.

Outfielder Jim Bell, who hit .250 last year, is having his troubles at the dish this season with a .194 mark. Earl Campbell, the third baseman who was Eastern's relief hurler last year, is hitting .200.

Ken Pigg, last year's outstanding freshman hurler, has not been nearly so effective this season. In 1960, Ken was perhaps the leading pitcher in this part of the country as he pitched up a 6-1 won-lost mark and a 2.06 earned run average. This season Pigg has dropped two of his three decisions and his E.R.A. is 4.86.

It seems that the Maroons have material that is almost as good as last year's, but which hasn't seemed to click as yet. Warm weather and the support of the students will probably take care of that, however, and we feel that the Maroons have an excellent chance to repeat as O.V.C. champs.

On the bright side, the Maroons have quite a number of freshmen who have shown flashes of brilliance. Eddie Joseph, a shortstop, and Dave Quick, a fireballing southpaw pitcher, are perhaps the best of the lot so far. Joseph has batted only 11 times thus far, but is hitting a torrid .384. Quick, once he gets past the first inning, is terrific. His 0-2 record and 6.08 E.R.A. are certainly no indication of his ability. Other promising freshmen are first baseman Mike McPhail, pitcher Bob Heady, southpaw Frank Jones, and catcher Johnny Coleman.

Eastern Golfers Lose To Wildcats At Lexington

The University of Kentucky golf team stopped Eastern, 12 1/2-5 1/2, Monday on a rain-soaked Idle Hour course.

Jack Crutcher shot a medal-winning 74 to lead the Wildcats. U.K. Capt. Johnny Kirk and Dave Butler were close behind Crutcher with 75's.

The best for Eastern were Carl Kettner and Paul Van Hoose with 77's. Paul Motley had a 79 and Roland Bierwille an 80 for the losing Easternites.

Eastern plays the Wildcats in a return match next Monday.

GOEDDE PACES MAROONS—Bill Goedde displays the swing that has placed him at the top of all Eastern batters with a .379 mark.

Maroon Thinlies Top Berea 113-18

Eastern's track team retained its no-defeat record when it met Berea College here Monday afternoon. The Maroon thinlies handily won by 113-18 in racking up their 11th victory of the season.

The Eastern 440-relay team tied a record with the fast time of 43.5 seconds. Dennis Sproun won the 100-yard dash in 10 seconds flat. He then won the 22-0-yard dash in 23.7.

David Scott was also a double victor for the Maroons as he copped the 880-yard run and the mile run. Ernest Dalton of Eastern won the broad jump and tied Bobby Smith in the 120-yard high hurdles.

Eastern won 15 of the 16 events and performed in rain.

The charges of Coach Glenn Gossett will journey to Bowling Green Thursday to take on arch rival Western. This meet will close out the regular season for the locals.

DALTON LEAPS—Ernie Dalton, holder of Eastern's broad jump record, extends himself to the fullest in a recent track meet.

Bowling Alley To Be Built Here

A 20-lane bowling concern, Maroon Lanes, Inc., is scheduled for construction on U. S. 25 near the southern city limits and is expected to be in operation by late summer.

Four proprietors will be Dr. John Baker, Berea, and Dr. John Fabel, Dr. Stanley Baldwin and Dr. Eugene Baldwin, all of Madisonville. The names of two other proprietors who live in Somerset were not available today.

The amusement establishment will be on land owned by Tony Marino adjacent to the Peerless Service Station. It will be of concrete block construction and besides the newest in lane structure and equipment will contain a snack bar and supervised nursery. A well lighted and paved lot will be used for parking cars.

Maroon Lanes has been sanctioned by the American Bowling Congress. It will be available for league and open play. Qualified instructors will be on hand.

The domed roof building was designed by Meriwether, Marye and Bond, Lexington architectural firm. Construction is to start within the near future as soon as all bids have been submitted.

Mickey Mantle's great-grandfather did not make his grade school cricket team.

George Ratterman, ex-Cleveland Brown quarterback, recommends ZZZZZY Knockout Drops!

Borland Again Blanks Eastern

Centre College, using Mel Borland on the mound, edged the Eastern Maroons, 1-0, at Danville Monday afternoon.

For the second time within a week, ace Borland held the Maroons scoreless. Last Tuesday at Richmond, Borland shut out Eastern 3-0 in a three-hitter. On Monday the freshman from Louisville hurled a four-hit blank.

Frank Jones of Eastern worked the hill equally well, but an error cost him the lone run of the contest.

Harley Veal singled, went to second on a passed ball, moved over to third on Bob Hopigan's sacrifice. Veal was rapped off third but during the run-down, Eastern third sacker Garrett dropped the horsehide and Veal scored.

WIN \$1,000 PLUS TRIP TO NEW YORK

A chance to win a thousand dollars is within the grasp this summer of any registered student at high school or college.

This nice, round sum, plus the bonus of a round-trip by air to New York and a gala evening's entertainment on Broadway, is being offered by Wellington Sears Company, manufacturer of Martex Towels, as first prize in the Martex Scholarship Award Color Contest.

Entrants are asked to submit a 15-word statement on the color they prefer in their bathroom, and why. The contest opens on July 15. Judging will be in the hands of three important magazine editors including Mrs. Betsy Blackwell, Editor of Mademoiselle.

A second prize of \$500 will also be awarded, as well as ten awards of \$100 each.

Announcement regarding the Martex Scholarship Award Color Contest is being made in the Back-to-School issue of Mademoiselle, in newspapers throughout the country and in the nation's department stores.

Students are recommended to watch for news of the contest in their own home-town department store, where entry blanks will be obtainable in the Towel Department.

There, contest entrants will also be able to see the 26 colors in which Martex Towels are manufactured and decide which they want to write about in their statement.

Certainly, whether the money is spent on tuition, book or clothes, it will help to make any student's coming school year more pleasant and productive.

The object of the Martex Scholarship Award Color Contest is an interesting one, too. It is to help train the taste of young people all over the U.S.A. by awakening them to an appreciation of the merchandise that is being produced in this country to make the American home more attractive and harmonious.

Martex is a leader in this kind of merchandise. The Martex division of Wellington Sears Company has set a remarkable new standard with its exquisite bathroom appointments—towels, bath mats and shower curtains—offered in a variety of patterns and colors.

Entrants will find that telling the judges exactly why they prefer a particular color from the Martex color card will be fun—as well as giving useful practice in expressing an opinion concisely and attractively.

THIS SEAL, designed by Chester Buchanan, was recently approved by President Martin as the official emblem for the new Student Council-sponsored blazers.

Ford Foundation
(Continued from Page One)

is open to participation by hundreds of private and public institutions, in recognition of successful operation of alumni-support programs. Thus far under the plan up to \$175,000 has been made available for stimulating alumni giving and for awards which have been made to about 80 winners within the completed programs to date.

The Independent College Funds of America—the national body for the liberal arts state associations—is again aided in its program, as is the Council for Financial Aid to Education for its program of national advertising in behalf of higher education. Support is also provided for the expanded development work of the American College Public Relations Association in behalf of all the colleges.

Advancement of Standards—\$110,000. Support is again provided toward the attainment of improved library service and better facilities through a renewed grant to the Association of College and Research Libraries to assist many college libraries. Since the program was instituted, \$235,000 has been provided for such needs. A supplemental incentive matching grant is authorized to encourage others to come to the aid of the libraries. Grants in the interest of quality improvement also are renewed to the Council for the Advancement of Small Colleges—a nationwide group of several score which seeks to improve community service of these institutions. A substantial grant also is made, through a jury of educators, to the unaccredited institution deemed in the year to be making the most progress toward quality improvement. A number of institutions similarly assisted in earlier years have since become regionally accredited. Repeat grants are also made to the American Council of Learned Societies toward the cost of publishing scholarly works and to the University of Pittsburgh toward further experiments with its trimester plan. Special project aid payable over two years has been made to the Commission on Educational Finance of the Association of American Colleges toward its program to develop, through detailed analysis, improved educational managerial techniques including capital planning and budgeting.

Aid Toward Knowledge Interchange—\$28,000. Assistance toward international educational problems, seminars, and knowledge exchange, through renewed grants, is given to the Institute of International Education, Eisenhower Exchange Fellowships, International Law Institute of New York University, the Latin-American Political Affairs Seminar of Columbia University, Foreign Policy Research Institute of the University of Pennsylvania, and the Harvard University International Leadership Seminar. First-time grants were made to the Center for International Affairs at Harvard University and to the International Association of Science and Business Administration Students.

Fellowships—\$260,000. The Foundation's doctoral-level graduate-study fellowship plan is expanded with the installation of ten new fellowships, and 25 exist-

ing ones were renewed. Fellowships are being added at Caltech, Case Institute of Technology, Colorado School of Mines, Denver, Florida State, Maryland, MIT, St. Louis, Stevens Institute of Technology, and Tufts. Of the total number of fellowships dispersed through 37 states, about half are placed at private and half at public institutions. Each carries maximum benefit of \$7,200, inclusive of a marital supplement allotment, over a two-year study period. The 80 fellowships are administered and awarded by the respective institutions. Forty-two per cent are established in the physical and natural sciences and engineering, 42 per cent in the social sciences, and 16 per cent in the humanities. Thus far the Foundation has provided about \$1.2 million for graduate-study fellowships for nearly 200 gifted persons.

No additional 1961 grants in the field of institutional aid to education are contemplated, and formal notification will be given in May to all participants in the program.

Candidates' Qualifications
(Continued from Page 1)

President of Latin Club 2 yrs.; band president 1 yr.; sports writer 1 yr.; assistant athletic editor for yearbook 1 yr.; high school student council 1 yr. College: Freshman S.C. representative; member of Kappa Iota Epsilon (Soph. Men's Hon.); music club president; member of Alpha Kappa (Jr.-Sr. Men's Hon.); member of Eastern's band and choir.

We, the candidates and members of the Student Party pledge our support for the following measures. These measures constitute our party platform which we will attempt to enact, if we are elected to represent the Eastern student body. We appreciate your support and ideas.

- We pledge...
1. to improve the student attitude towards college activities and promote student interest in these activities;
 2. to obtain more student participation in student government;
 3. to promote a student discount program with Richmond merchants;
 4. to establish a student Honor Code and a Honor Court;
 5. to establish a Student Board of Publications to insure student participation;
 6. to obtain student representation in arranging the college calendar so that it will include a Spring Vacation;
 7. to set up a plan for a student book exchange to cut down on the high costs of textbooks;
 8. to keep the student body informed of student government activities;
 9. to promote activities of interest to the student body;
 10. to obtain an effective constitution for better student government;
 11. to sponsor a leadership program to train students in the functioning of student organizations and government.
- If you believe in and want these programs, then support the Student Party—your party!

Pershing Rifles Attend Drill Meet

Co-R. The National Society of Pershing Rifles attended the Annual Regimental Drill meet at Ohio State University, April 27, 28, and 29.

The Eastern Unit commanded by Cadet Major Fred Crump participated in the following events. Straight squad, straight platoon, individual, exhibition platoon and the rifle match. Co-R finished 5th in the competition with the rifle team capturing 1st place and pledge Roy Gibson shooting the highest individual score. The rifle team is coached by Cadet Paul Combert.

Cadets George Beckett, (straight squad), Harvey Turner (straight platoon) and Ralph Newman (exhibition) commanded the drill teams and cadets Bobby Casey, Leon Rice, and John Morris were selected as Co R's representatives in the individual competition.

This year was first time in a number of Drill meets that Eastern has participated in the Exhibition competition. The team wearing the gray, white, and black of Confederate Army did exceptionally well although they did not place in the scoring.

Cadet George Beckett participated with the University of Kentucky in the Civil War Battle, and next year tentative plans are for Eastern and U. K. to represent the South against the Ohio State Yankee team.

L&M #4 in a series of polls conducted by L&M student representatives in over 100 colleges throughout the nation.

UNLOCKS CAMPUS OPINION

Light up an L&M, and answer these questions. Then compare your answers with those of 1,383 other college students (at bottom of page).

Question #1: In your opinion, who is the greatest living American?
Answer: _____

Question #2: Should the college curriculum, taking note of the growing importance of science, require more science courses for non-science majors than at present?
Answer: Yes _____ No _____

Question #3: When you kiss your date, do you close your eyes?
Answer: Close my eyes _____ Don't close my eyes _____
Can't remember _____

Question #4: In your opinion, which of the following types of filters gives the best connotation of purity? (CHECK ONE)
Answer: A filter which is white inside and is wrapped in colored paper _____
A filter which is dyed a color and is wrapped in white paper _____
A filter which is white inside and out _____

UNLOCK A NEW WORLD OF FRESH SMOKING PLEASURE

EM Campus Opinion Answers:

Answer, Question #1: Six highest scoring individuals: 1. Kennedy—2. Eisenhower—3. Stevenson—4. Schweitzer—5. Frost—6. Sandburg
(This question was asked February 1961. Note: Dr. Schweitzer is not an American.)

Answer, Question #2: Yes 30%—No 70%

Answer, Question #3: Close my eyes 76%
Don't close my eyes 11%
Can't remember 13%

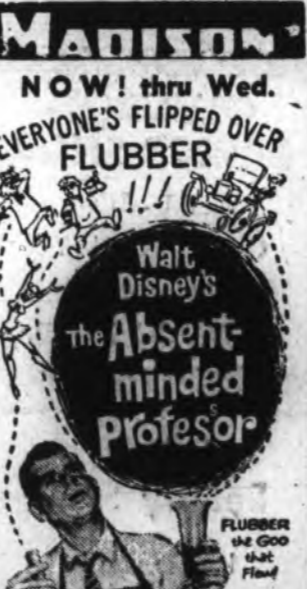

Answer, Question #4: A filter which is white inside and is wrapped in colored paper 21%
A filter which is dyed a color and is wrapped in white paper 5%
A filter which is white inside and out 74%

L&M was first to offer you a pure white modern filter—the famous Miracle Tip—pure white inside, pure white outside. And L&M's modern filter enables you to fully enjoy the rich flavor of golden ripe tobaccos. So reach for flavor... reach for L&M.

The L&M Campus Opinion Poll was taken at over 100 colleges where L&M has student representatives, and may not be a statistically random selection of all undergraduate schools.
