Friday, April 8, 1966

## Al Capp To Speak In Brock, April 19

Cartoonist-satirist Al Capp will be the first speaker in the Garvice Kincaid Lecture Series when he appears, April 19 at 8 p.m. in the Hiram Brock Auditorium.

AL CAPP

### Jack Hildreth Dies In Auto Accident

Jack L. Hildreth, an Eastern freshman from Somerset, was killed in a single-car automobile accident Wednesday night.

The accident occurred on US 150 near Mt. Vernon. Hildreth was the 19 year old son of Mr. and Mrs. Henry Hildreth of Somerset.

State police said Hildreth apparently went to sleep at the wheel causing the auto to leave the road, run into a ditch and turn over. Hildreth was thrown from the vehicle.

Further details were not available at press time.

### Ask Al Capp

Question cards have been placed in all dorms, the Student Union Building Lobby, Information office in the Administration Building, and in the Progress office in Roark 8 for the Al Capp lecture to be held April 19.

These cards are provided for students to write out particular questions they have regarding Mr. Capp's cartoon series or points that they wish him to include in his lecture. These cards may be secured at the offices listed above and should be returned to the Information office in the Administration Building no later than noon April 18.

Capp's appearance is underwritten by Lexington financier Garvice Kincaid, onetime Eastern student, who endowed a lecture series here. Kincaid announced the gift to Eastern last October when he was feted by the International Newspaper Circulation Managers Hall of Fame Committee at a newspaper boys' dinner in Richmond.

The gift, President Martin announced at that time, will be enough to bring two or three distinguished lecturers to the campus each year.

Cards bearing the heading "Ask Mr. Capp," are being distributed to Eastern students. Explaining that Capp is an expert on nothing, but has an opinion on everything, the cards are aimed at gaining questions for his lecture.

The cards may be picked up in dormitory lobbies, the Student Union Building and the office of the Eastern Progress, student newspaper. It is desired that the cards can be turned in at the information window of the Coates Administration Building before the students leave for Spring Vacation. They will be accepted until 4 p.m. Monday, April 18.

Cartoonist Capp is the creator of the comic strip "Li'l Abner," which is syndicated to hundreds of newspapers. The strip, containing satirical elements has been controversial though enormously popular since its inception some 25 years ago. Capp is a native of New Haven, Conn.

Admission is free and townspeople, along with students and college staff are invited.

### 'Where The Action Is' On May 3

"Where The Action Is," the 1966 edition of Dick Clark Productions, is scheduled for a one-night appearance on the campus of Eastern in Alumni Coliseum on Tuesday, May 3, at 8 p.m.

The musical production, sponsored jointly by the College and Dick Clark, will include such well-known performers as Paul Revere and the Raiders ("Just Like Me"), Gary Lewis and the Playboys ("This Diamond Ring"), "Count Me In", Billy Joe Royal ("Down in the Boondocks"), and The Knickerbockers ("Lies"). Other acts include Linda Scott, Steve Alaimo, Keith Allison, The Viceroy's, and The Action from the TV show, "Where The Action Is."

Tickets for the show will be available at the College Bookstore in the SUB and the Cashier's office in the Administration Building after spring vacation. They are presently on sale at Main Record Shop in Lexington. Price is \$2.50 in advance and \$3.00 at the door. No reserved seats.

### Campus View From The Air

Eastern's new skyscrapers, massive Alumni Coliseum, the Combs Building, and other giant buildings provide this impressive view from the air of the "new" Eastern campus. Construction of 21-story Commonwealth Hall

for men students takes place at extreme right, while the library construction is seen in the upper center of the picture.

### Financial Aid For Students

## Federal Funds Totalling \$1. Million Opens Eastern To 2000 Next Fall

More than 2,000 worthy students with exceptional financial need will be able to attend Eastern next fall, thanks to federal scholarships, student loans, and work-study programs totalling more than a million dollars.

President Martin announced that \$1,000,000 has been allocated under the new Educational Opportunity Grants Program for scholarships, permitting approximately 300 needy students to receive grant stipends of between \$200 and \$800 for the 1966-67 academic year.

The stipend is designed to cover up to half the student's determined needs. The remainder may be borrowed through the Student Loan Program, or other programs of the university, he added.

The money was made available under the Higher Education Act of 1965, according to John L. Vickers, coordinator of student financial assistance. He said that the amount of the scholarship will be based upon the individual need of the student, but that it cannot exceed

\$800 each year. The scholarship money is for the purpose of aiding students of "exceptional financial need" who, otherwise, would be unable to enter or remain in college, he said.

In addition, Eastern has been allocated \$213,785 under the Federal Work-Study Program, permitting worthy students to earn part of their expenses by working in on-campus employment up to 15 hours a week. Eastern will add to this amount \$34,865, President Martin said.

More than a half million dollars will also be available for student loans, under the National Defense Education Act, he added. This program permits loans to needy students to be

repaid at low interest rates after graduation.

The average loan presently totals slightly more than \$400 for the academic year, Vickers said. "In addition," he added, "many of these same students are working under either the federal or institutional work-study program, earning more of their college expenses."

Each of these programs is available to students now attending college, as well as to incoming freshmen next fall, Vickers explained.

Full information about either of the three programs may be obtained by writing: Coordinator of Student Financial Assistance, EKV, Richmond, Ky. 40475.

## Prom King, Queen Candidates Vie For Crown Honors

The Junior-Senior Prom will take place April 22, in the Student Union Cafeteria from 9 to 1 p.m. Music will be provided by Peter Falger and his orchestra.

Highlighting the prom will be the crowning of the new Prom King and Queen. The election will be April 20, from 11:20 to 5 p.m. in the dorms and Student Union lobby. Only juniors and seniors will vote in the election.

The candidates chosen by the senior class are: Queen candidates—Ann Howard, Sylvia Ramsey, Sandy Tudor, Emma Lou Pellegrinon, and Peggy Carter. King candidates are Jim Clark, Jim Smith, Larry Reese, Skip Staggs, and George Walker.

### Busy Queen Hopefuls

Ann Howard, a Frankfort art major, is Miss Popularity, Sweetheart of Sigma Chi Delta, and senior counselor at McGregor. She is a member of Kappa Delta Tau, SNEA, and Kappa Kappa Sigma, of which she is treasurer. She was a candidate for Homecoming Queen and Miss Eastern.

Sylvia Ramsey is an elementary education major from Whitley City. She is past secretary of Student Council, CWNSA, senior advisor to CWNSA, ACE, BSU, College Choir and ACE Young Republicans. She was a candidate for Miss Eastern, Miss Popularity, and Homecoming Queen.

Peggy Carter, from Versailles is also an elementary education major. She is a member of Kappa Delta Tau, Student Council, CCUN, SNEA, ACE, and Inter-dorm. She is secretary of Young Democrats, president of McGregor's House Council, and a candidate for Miss Popularity and Homecoming Queen.

Emma Lou Pellegrinon is a health and physical education major from Portsmouth, Ohio. She is a member of Student Council, W.R.A., Kappa Delta Tau, PEEMM Club, Newman Club and McGregor House Council.

Sandy Tudor, an accounting major, is from Louisville. She is a member of Kappa Delta Tau,

Pi Tau Chi, Collegiate Pentacle, Milestone, Accounting Club, Who's Who in America and Homecoming Queen candidate.

### Active King Candidates

Jim Clark, a Frankfort business major, is president of Sigma Chi Delta, president of the senior class, counselor in Todd, and a member of Student Council. He was a candidate for Mr. Popularity this fall.

Jim Smith, from Miami, Fla., is also a business major. He has been past president of Circle K, executive secretary of Student Council, member of Student Council and member of Homecoming Committee.

Larry Reese, a business major from Brooksville, is a member of Sigma Chi Delta, Student Council, and a Colonel on the cheerleading squad. He is past president and vice-president of KYMA, and ran for Mr. Popularity.

Skip Staggs, from Independence, is a political science major. He is a member of Sigma Chi Delta, associate Chief Justice of the Supreme Court, SNEA, Young Republicans and past vice-president of KYMA club.

George Walker, a pre-dental major from Louisville, is a member of Sigma Chi Delta, treasurer of the senior class, and band vice-president. He is a counselor in Dupree.

Joe Arterberry, president of the junior class, will crown the King and Queen at a ceremony during the prom.

Preceding the prom will be a Junior-Senior Banquet Buffet in the Student Union Cafeteria from 5:30 to 7 p.m. Tickets are now on sale in the grill and from all prom committee members for \$1.25; after spring vacation they will be \$1.50 a piece.

### Prom Committee

The Prom Committee consists of the following juniors: Bill McDowell, and Clara Blackburn, chairmen; Jerry Mitchell, publicity; Phil Bills, chaperons; Kathy Hollis, programs; Pam Smith, coronation of King and Queen; Mike Murphy, scenery;

## Faculty Votes Affirmatively On Fraternities And Sororities

### Committee Rules And Regulations Accepted With Some Revisions

By BRENDA PHILPOT Progress News Editor

The faculty voted by an approximate two thirds majority in favor of establishing fraternities and sororities on Eastern's campus. The actual voting, which occurred at Monday afternoon's faculty meeting, followed a discussion which lasted approximately 90 minutes.

The faculty also voted to accept the list of rules and regulations which were made by the Faculty Fraternity-Sorority Committee. However, revisions were made.

Students who wish to petition a fraternity or sorority should do so through the Faculty Committee on Student Organizations and Activities. This committee will give approval to petitions which meet the prerequisites stated in the list of rules and regulations. Petitions are now being accepted for consideration by the committee.

Chairman of the committee is Mr. J.W. Stocker of the Agriculture Department. Other members of the committee include Mrs. Aimee Alexander, Mr. R.G. Chrisman, Mr. F.E. Darling, Mr. B.J. Hilton, Dr. H.H. LaFuze, Mr. Willard McHone, Mr. G.W. Robinson, Mrs. Blanche S. Seavers, Mr. Ralph Whalin, and Mr. Carl Woods.

Dean Bradley and Dean Martin are ex-officio members of the committee.

"Develop With Care" Dean of Faculty, Dr. Smith Park, who is also chairman of the Faculty Fraternity-Sorority Committee, stated, "I hope students will approach the formation and development of these organizations with as much care as has been used in developing the regulations and plans."

He further stated that he felt certain the organizations committee will look into all petitions with a great amount of care.

A list of the rules and regulations to be placed upon the organizations may be obtained

from Mrs. Aimee Alexander of the English Department.

Included in the list are certain requirements for petitioning. A petition must be submitted by a group of no less than six persons representing a membership of at least 20 people or a maximum of 30 to the present Faculty Committee on Student Organizations and Activities.

Number Revised A revised section of the list of regulations now states that the number of sororities and fraternities permitted to be organized is not to exceed the capacity of orderly implementation of the social order on campus as adjudged by the committee which approves petitions.

The rules also observe certain requirements for pledging. No student is eligible to pledge to an organization who has not been a full-time student at least one semester and has maintained a minimum 2.0 average on that work. Students on social probation are also excluded from pledging. Active members must maintain their academic standings in order to remain members.

\$25 Initiation Fee In regard to finances, the list of regulations states that local organizations shall be limited to a maximum of a \$25 initiation

fee and dues not in excess of \$5 per month.

Members of the organizations will be housed in sections of the dormitories. The college will designate places for meetings, chapter rooms, and social occasions.

The prerequisites for national affiliation include invitation by the university and installation by the university administration. However, the organization must agree that it may be discontinued or placed on probation by the university for any cause which may put the society in conflict with the objectives or program of the university.

Control of Organizations The list of regulations also designates the type of administration and control of the social organizations. The university will have complete control of rushing and will indicate rushing periods. It will also assume supervisor responsibility for enforcing all rules relative to scholarship and conduct.

The list of rules also contains sections with regard to discrimination, hazing, and financial records.

The obligation for direction and supervision of these organizations shall be lodged in the offices of the Dean of Men and Dean of Women, the list states.

### 30 Schools Represented

## 1,400 Seniors Expected High School Senior Day

More than 1400 Kentucky high school seniors from approximately 30 schools will attend the annual High School Senior Day, April 22.

The day-long program will include morning registration and assembly in Alumni Coliseum, the Dean's Review of ROTC cadets, swimming and diving exhibitions, a modern dance program, and a tour of campus facilities.

Following a luncheon in the cafeteria of the Student Union Building, students will serve as guides in directing tours through the various academic departments of the college.

Registration is scheduled for 9-9:30 a.m. for the prospective Eastern Students. The 9:30 assembly program will include a concert by the ROTC band, welcoming addresses by John L. Vickers, executive assistant to the president, and Student Council President Bill McConnell, and a "Play-O-Rama," sponsored by the Physical Education and Athletic Department.

Campus tours will include the departments of Biology, Chemistry, Physics, Industrial Arts, Home Economics, Fine Arts, Music, English, Business, Political Science, and several residence halls.

Coordinator of the program is Henry Fryse, director of college-school relations.

Seniors from these schools are expected to attend: Buckhorn High School, Bush High School, Estill County High School, Hazel Green High School, Irvine High School, Jenkins Independent High School, McKee High School, Madison High School.

Madison Central High School, Nancy High School, Memorial High School, Model High School, Fendleton High School, Phelps High School, Sallis Phillips Durrett High School, Stanford High School, Trimble County High School, Tyner High School, (Willisburg High School, and Wolfe County High School.

### Senior Misses Vie For Prom Queen

The five senior girls who are running as candidates for Queen of the 1966 Prom are, left to right, front row, Sandy Tudor, Ann

Howard, and Sylvia Ramsey; back row, Emma Lou Pellegrinon and Peggy Carter.

### Five Candidates Seek To Reign As Prom King

The five young men from the senior class running for King of the Prom are pictured left to right, front row, Larry Reese, Skip Staggs, and Jim Smith; back row, Jim Clark and George Walker.

## Charge To Students

### Greeks Success Depends On Students

THE EASTERN FACULTY is to be commended for their approval of the Regulations on Fraternities and Sororities established by the Faculty Fraternity-Sorority committee Monday afternoon.

This action truly reflects the concern for the social side of life at Eastern. Eastern has long needed some cohesive force on campus. We believe that fraternities and sororities can fulfill this need. The present institutional facilities are more than adequate to answer the academic needs of the College Community. However, learning and education involve more than understanding of academic material. It involves understanding the world we live in and the people we live with. It involves cooperation and comradeship among individuals.

The phenomenal growth and continued expansion of Eastern's physical plant have provided more room to accommodate the increasing enrollment, but measures have been inadequate to coordin-

ate this mass of individuals into a single, functioning unit. Through the group identity provided by fraternities and sororities, individuals can benefit by belonging. The College can also benefit through the increase in interested, willing to work groups.

The installation of fraternities and sororities has been a matter of much controversy on campus for several years with the students generally taking the affirmative position in regard to them. Pending approval of the Board of Regents, Eastern will make a great stride toward social reform with their initiation.

Dr. Smith Park, Dean of the Faculty and chairman of the Faculty Fraternity-Sorority committee emphasized the necessity of student involvement in the Greek formation when he stated, "I hope students will approach the formation and development of these organizations with as much care as has been used in developing the regulations and plans."

In this statement he voices the belief in the integrity of the student in formulating these organizations. It is now the responsibility of the student body to make these organizations a reality at Eastern and a further charge to them to see that they function in the best interests of the individual members as well as the College.

The college has set up the necessary guidelines for regulation of these groups to insure their proper function, but we feel that they are not so restrictive as to deprive the student of self control over these organizations.

We hope that the students will respond to the opportunity provided them by the settlement of this question. We hope that our belief in student integrity will be further demonstrated by the action of the students in incorporating these organizations and limiting the membership to responsible students who can and will function for their own satisfaction and with the benefit of the college in mind.

## Silver Star Honoree

### Tribute To True American

LAST WEEK THE PROGRESS recognized tribute paid to a true American hero in the awarding of the Silver Star to Lt. John B. Hanlon.

Lt. Hanlon was awarded the decoration for gallantry and meritorious combat service in Viet Nam. The genuinely touching ceremony of honor was conducted in Cincinnati last Tuesday at the United States Veteran's Hospital.

Lt. Hanlon is a native of Ghent and is a member of the 1964 graduating class of Eastern. He was wounded while in a combat situation in Viet Nam last November and as a result is paralyzed from the waist down.

Presentation of the Silver Star, the second highest medal honoring gallantry and service conferred by our nation, was made by Col. Myron A. Funk, commanding officer of the University of Cincinnati Army ROTC unit, himself a former Silver Star honoree.

The accompanying citation read, in part:

"Although he was partially paralyzed, Lt. Hanlon, with complete disregard for his own personal safety, remained in the forward position and retained effective

control of his platoon...

Because of his courage, devotion to duty, and outstanding leadership, he saved his platoon from annihilation and the landing zone was held enabling additional troops to land...

The Heroic actions of First Lt. Hanlon were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army."

In addition to the credit reflected upon himself, his unit and the U.S. Army, Lt.

Lt. JOHN HANLON

Hanlon's actions reflect credit upon his parents who were able to raise a son with the thought of responsibility despite the consequences, to his educational background that helped him to understand the situation and its deep implications; to his country that it takes pride in universal freedom enough to aid situations where freedom does not exist; to this great generation of men that they are willing and able to fight for a cause that they might not completely understand but believe enough in the general results to risk death for the possible advancement of that result.

Lt. Hanlon exhibits all these traits. He is a true hero with demonstrated potential. More so, he is a true American who has not lost his faith in the freedom of mankind. He has been quoted as saying at the end of the decoration ceremony, "If I had two wishes to be granted during my life, my first would be that I could regain use of my legs, and my second would be that I could go back to Viet Nam to be with my buddies."

Our sincere congratulations and thanks go to Lt. John B. Hanlon for a job well done.

## Sun Of Obscenity

### Sun Causes 'Strange, Unusual Manner'

(ACP)—Prof. B. S. Straitlace condemned the sun recently for having obscene influence on students and asked that the Board of Regents bar it from the Iowa State University campus in Ames.

In an editorial, the *Iowa State Daily* told about that proposal, which resulted from what Straitlace called "distressing actions by students" because of the sunny, spring-like weather. He complained that only half of his students appear for classes. He teaches a 300-level course on "the true meaning of the Bill of Rights."

The editorial continued:

Straitlace said the sun caused students to leave classes and encouraged "lewd, lustful, lascivious and romantic thoughts and actions." He said he toured the campus during the afternoon and found a "shocking" number of students who seemed to be acting in a "strange and unusual manner." When pressed for details, Straitlace would say only that he felt there was a "very close relationship caused by the influence of the sun."

"If the sun is not obscene, then the

law has no meaning," he continued. He pointed out that the sun caused coeds to appear on campus "in scantier attire." "We have only to recall the scandalous Skin Hill incident to realize the dangers of the sun," he said.

The sun is widely available at other locations around Ames, but Straitlace asked the ban only for the campus.

He was not concerned with the practicality of his proposal, but defended the principle.

Straitlace has said before he is aware of the bohemian influences of the sun, (as evidenced by increased guitar-playing), even though it has at times been found to be intellectually stimulating.

He is especially concerned with the sun's universality. "Only a minority of students are affected by obscene books," he said, "but look at the tragic numbers affected by the sun."

Straitlace said he is drawing up a proposal for the ban for submission to the Iowa State Board of Regents at its April meeting.

## Cars Must Be Made Safer

### Joy, Jobs, Mobility vs. Destruction, Human Waste

(This feature was prepared from an article in the *Time* Essay Series furnished to this paper through the courtesy of *Time* Magazine, Copyright 1966, Time, Inc.)

That most typical product of American civilization—the auto—brings joy, jobs, mobility, freedom. It also brings economic waste and human pain. Death and destruction on the highway are now the subject of books, rock-'n'-roll ballads, congressional inquiry, and serious self-examination in Detroit. The auto represents power, speed and progress—and each of these elements involves risk. As long as men move, there will be accidents. But need there be so much human cost? Clearly, the answer is no.

Asked not long ago why his industry did not design more safety into its products, Ford Vice President Lee Iacocca replied: "Styling sells cars and safety does not." But the mood of carmakers and their customers is shifting drastically. The industry is rushing to build safety devices into cars, partly because the public is becoming aroused, and partly because the manufacturers are afraid that the federal and state governments will devise strict safety standards and force them on the industry.

The statistics of malignant motoring are hard to face. One American is killed in traffic every eleven minutes. More than one-quarter of all U.S. autos are at some time involved in an injury-producing smash-up. Since the auto was invented, it has killed 1,500,000 Americans, more than the toll in all the nation's wars. In the U.S. last year, 20 million cars were involved in 14 million accidents. They killed 49,000

people, injured 1,800,000 others, and permanently disabled 200,000.

Auto accidents are the biggest cause of death and injury among American children, teen-agers and adults under 35. Unless the rate is reduced, one out of every two living Americans will some day be injured by a car, and one out of 72 will be killed.

Alleviating these sinister superlatives is an exciting idea: it is possible not only to prevent a large number of accidents, but also to immunize passengers against grave injury when accidents do occur. With effort and purpose, the nation could cut the traffic toll sharply and effectively. In dozens of laboratories in Detroit, and on campuses from Harvard to U.C.L.A., engineers, statisticians, highway designers, and psychologists are working toward the goal of "delethalization."

The issue of auto safety is as complex as it is emotional, and the inevitable temptation is to lean on clichés and pick a scapegoat. The auto companies for years have blamed the driver, pointing to the National Safety Council's estimate that 85 per cent of all accidents result from careless driving. Psychologists agree that driving is a direct extension of the human personality, reflecting tendencies to care, compassion, aggression or suicide.

Lately, however, some have been trying to place all the blame on the machine, not on the man. Most conspicuous among these is Ralph Nader, who wrote a book, "Unsafe at Any Speed." It is an arresting, though one-sided, lawyer's brief that accuses Detroit of just about everything except starting the Vietnamese war.

The manufacturers deserve some knocks for arrogance and a laissez-faire attitude toward safety, but Nader and other recent anti-auto authors weaken their case by over-stating it. The traffic tragedy is a compound of many factors: bad roads, loose licensing, lax police, lenient judges, drinking and auto construction.

The first step toward safety would be for the Government to iron out the confusing, conflicting jumble of state traffic laws. Experts estimate that if Washington were to make the laws and signs uniform on all roads this alone would save 2,000 lives a year.

Some states and localities are inexcusably lax in granting driver's licenses. In New York, Massachusetts, Maine and Wyoming, drug addicts and mental defectives can get licenses. In Kansas, one state official discovered not long ago that 10 per cent of the people receiving aid-to-the-blind were licensed to take the wheel. Children of 14 can be licensed in many states. Most drivers are tested only once in a lifetime, under ideal conditions at low speed.

On the highway—where they have to make 50 decisions per mile—they would flunk most elementary tests. Thirty states do not require periodic auto inspection, and those states tend to have the steepest death rates.

Undoubtedly, the law should be tougher on drinking drivers. The U.S. might be wise to emulate Sweden, where police routinely stop drivers and take suspected drinkers to the station house for blood test; anyone with more than .05 per

cent alcohol in his blood stream (about one cocktail) is sentenced to as much as six months in jail. That is more than many a drunken driver in the U.S. gets for killing a child with his car.

Because laws, highways and the human personality are difficult to alter, Detroit is beginning to realize that it will have to try harder to improve the car itself. Achieving that would require, among other things, more reliable brakes and sturdier tires, bigger mirrors and better window visibility.

The most common driver's fault in auto mishap is speed. High horsepower is not necessarily dangerous; it can be a lifesaver in passing another car. But there is little reason for anybody to top 80 m.p.h.

There is no denying that most of the public has been apathetic about using the surest, simplest protection against violent death: the seat belt. If seat belts were used they would reduce traffic deaths by more than 17,000 lives a year. Only 30 per cent of the nation's 90 million cars have seat belts, and only 36 per cent of the drivers with belts use them all the time.

Detroit argues that it is working at top speed to upgrade safety, but some problems now defy solution and demand more research. Not long ago, many experts thought that seat belts were dangerous, and that the best way to survive a crash was to be hurled out of a car—notions that proved to be dead wrong. The automakers have found that soft, spongy padding gives a deceptive sense of safety, does almost nothing to prevent injuries; engineers now use fairly stiff plastic and are looking for a more suitable insulation. They are also

trying to devise shoulder harnesses that will prevent fractured skulls without breaking necks or backs in the process.

Even these devices are just a prelude. The auto companies are experimenting with a "drivometer"—a device attached to the brake, accelerator and steering apparatus that would ward a driver when he is performing sloppily. Engineers are tinkering with "unicontrol," a sort of auto pilot that would pick up directional signals from the road.

The cars of 1966 are safer than ever, and the 67's will be safer still, but there is no car planned or existing that could not be substantially improved. When Detroit rolls out a truly crashproof car, it will make all other models obsolete and serve as the greatest goal to sales since Henry Ford's model T. It is eminently possible that the makers of the world's most joyous and necessary appliance will be able to slash the casualty rate by three-quarters—and that is well worth setting as a national goal.

# Girls, Note Formals For Spring Dances

By NANCY PRINZEL  
 Progress Women's Editor

Formal dances come to each young college girl's mind when springtime gets in the air. There will be at least three spring formal dances on Eastern's campus in the near future. The most outstanding ones are the Junior-Senior Prom, the Military Ball, and the Sigma Chi Delta All Campus Spring Formal. What college girl would not like to attend at least one of these?

The most popular pastel shades this season in formal wear are pale pink, lemon yellow and white. Also popular are lime green and pastel blue. Mixing different shades of the same pastel color together is just now gaining a small place in the fashion world. None of the designers have really taken a stand on how this new combination will take hold.

**Narrow Skirts The Rage**  
 Narrow and semi-full skirts are the current trend. The very full, flouncing skirts are beginning to fade out in formal wear, just as they have completely disappeared from street wear.

Slender straps added to the bodice come far out in the lead over the strapless formal. Most Paris fashions are showing the low taffeta, with an overskirt of the formal gowns.

Miss Dorothy Weiss, a junior from Pacific Palisades, California, is modeling her new pink brocade formal for the Junior-Senior Prom. It has a high boat neckline, and tiny pink covered buttons down the back and at the bottom of the sleeves. Dorothy is also wearing pink brocade shoes of the same material to match her dress, an example of the "total look."

Modeling one of the most popular shades for this spring, lemon yellow, is Miss Sandra Howe, a sophomore from Eminence. Her gown features the basic style of the semi-full floor length gown. The bodice is yellow taffeta, with an overskirt of pale yellow silk organza. Sandra has chosen to set her gown off with a pair of very pale yellow gloves and yellow linen heels. She is ready for the Sigma Chi Delta Formal.

**White for Military Ball**  
 Miss Becky Rader is all ready for that Military Ball, or any truly formal occasion, in a white sequin and crepe floor length gown. Becky is a sophomore from Hamilton, Ohio. The bodice is covered with iridescent sequins. The skirt is close fitting with a slit at the bottom of each

side seam. Becky is also wearing silver slippers and white opera-length gloves to set off her gown. Becky's dress would be especially nice for the Military Ball.

since it is white and white is the most popular color for the Ball. These are just a few examples of the formal gowns that will be

worn to Eastern's evening dances. Each gown will have its own unique appeal, but this article may give you some help in selecting your formal gown.

## Summer Employment Vacancies

The Department of Mental Health and Economic Security announces approximately 120 vacancies throughout the state. Examination to establish an appropriate register to fill these vacancies is being compiled.

These would be student assistants and would be for summer employment. Applicants should be students who are interested in careers in State Government, in the field of Social Service and Mental Health.

Students having completed 64 semester hours would be employed at the rate of \$253 a month; 90 hours at the rate of \$266 per month; and students having completed the requirements for the Bachelor's Degree would receive \$308 per month.

Applications may be secured from any Kentucky Employment Service office or the Department of Personnel in Frankfort. They should be mailed to the Department of Personnel, Division of Recruitment and Examination, Capital Annex Building, Frankfort. Reference must be made to Bulletin 199 and it must be postmarked not later than April, 1966.

## Milestone Refunds Due Couples

Married persons who have both paid \$7.50 to the Milestone may obtain a refund of \$3.75 by coming to Roark 8 between 3 and 5 p.m. Monday, April 18.

Any person who has not previously picked up his wallet photos should do so at this time.

## Miss I-75 Contest Announced

The Miss Kentucky I-75 pageant is set for April 29 at the Pure Oil Cincinnati South Truck Plaza in Florence, Kentucky. All Kentucky coeds who are from 18 to 22 years old and have never been married are eligible to enter the contest.

Entrants must be either residents of Kentucky or enrolled in Kentucky colleges. The semi-finals will be judged by a panel of judges on basis of the entry blanks and photos of the girls submitted.

Six semi-finalists will be selected to compete in the state finals at Florence. One of these girls will be crowned. She will be presented a new automobile, a year's supply of gasoline, and a week end for two in Florida with all expenses paid by the Pure Oil Company.

The Miss Kentucky I-75 will later compete against the winners from five other states in the Miss I-75 U.S.A. contest. These states include Florida, Georgia, Tennessee, Ohio, and Michigan.

Entry blanks may be obtained from any Pure Oil Station. The final date for entering is Friday, April 15.

## Military Ball Set April 30

The Senior Military Ball will feature the Mel Gillispie Orchestra April 30 from 8:30 to 12:30 in the cafeteria of the SUB.

The Mel Gillispie Orchestra is from Huntington, West Virginia. Invitation to the Senior Military Ball has been extended to all cadets graded corporal or above.

The highlight of the Ball is the coronation of Queen Athena of 1966. Junior sponsors in candidacy for the honors are: Miss Suzie Donoghue, N Company; Miss Diana Hendricks, G Company; Miss Ema Jean Ridmour, Pershing Rifles; Miss Mary Jo Ruff, F Company; and Dianna Swannack, M Company.

The "Green Beret" is the formal theme of this year's Military Ball. The dress for advanced course Cadets is the green uniform with white shirt and a black bow tie. Dress for basic course cadets will be the class-A uniform, and formal evening gowns for the ladies.

Cadet Colonel Neville Holder, brigade commander, was selected chairman of the committee to plan the Ball.

Serving as vice-chairman are: Cadet Major Sid Johnson, invitations; Cadet Lt. Colonel Dan Webster, entertainment; Cadet Major Phil Hathaway, Royalty; Honorary Lt. Colonel Judy Green, decorations; Cadet Lt. Colonel Dan Webster and Cadet Lt. Colonel Mike Pitman, refreshments; and Lt. Colonel Mike Mills, clean-up.

The Junior Military Ball will be held May 13, 6:30 to 9 p.m. The Larry Wilson Combo will provide the music. At this Ball the change of command from the 1965 Queen Athena to the 1966 Queen Athena occurs.

All cadets graded below corporal have received invitation to the Junior Military Ball.

## PI Tau Chi Has Initiation Banquet

PI Tau Chi has planned their initiation banquet for May 5, at 6 p.m. in the Blue Room of the SUB. Members are urged to turn in reservation to Sandy Tudor, McGregor Hall; or Sharon Leasor, Clay Hall by April 29.

## Senior Class Plans Banquet

The Senior Class has decided on May 20 to hold the Senior Class Banquet. It will be in Lexington at the Imperial House, Regency Room, at 7 p.m. Tickets will go on sale after spring vacation.

## BSU Elects New Officers for '66

The newly elected president of the BSU is James Robert Porter. Additional executive positions were also filled. Kyle Wallace and John L. Vickers were named faculty sponsors. Dr. Ernest N. Perry will be the pastor advisor. James Boyd will serve as director of the BSU Choir, and Twyla Corder will be the accompanist for the group.

Officers will be installed at the annual spring banquet on April 28, at the First Baptist Church.

## PI Omega Plans Banquet

PI Omega Pi had a meeting March 17. During this meeting they elected Judy Caswell as Parliamentarian. The members discussed the date and place of the Spring Pledge Service. Also the new pledges were voted on.

The Pledge Service was held March 31 in Combs. The new pledges of PI Omega Pi were Evelyn Capito, Billie Jo Cornrey, Clara Graycraft, Judi Ely, Jennie Maupin, Irma Roark and Brenda Searcy.

After the Pledge Service, plans for the banquet were made. The banquet will be April 28 at Boone Tavern.

On April 21, there will be an election of officers for the coming year at 6 in Combs 326. All members are urged to attend. Also a Tea is planned for the Business Department on April 22.

## Sigma Tau Pi Plan Banquet

Sigma Tau Pi will have its regular meeting on April 20, at 4 p.m. in Combs 318. There will be an election of next year's officers and further discussion for a May banquet.

## ACE Holds Second Banquet

The Association for Childhood Education will have their second annual banquet April 27, at 6 p.m. in the President's Room of the cafeteria in the SUB. Tickets will be on sale the week of April 18-22, for \$1.60 each. Signs will be posted telling where tickets may be bought.

Frances Lashbrook, Association for Childhood Education nator from Owensboro will be the guest speaker at the banquet. Also, officers for next year will be installed at this meeting.

## Kappa Pi Holds Initiation

Kappa Pi, the art honorary, held its freshmen initiation and an informal party afterwards, March 30. The pledges were Donna Click, Pat Whitaker, Margaret Allen, Rudy L. Harris, Jill Davis Smith, Frances Ballard, Maureen Elmer, Diana Payne, Desese Lund, Craig Congleton, Alan Morgan, Conrad Guertin, Kenneth Jackson, Anthony Hall.

Music was furnished by Joan Short. Faculty and Kappa Pi officers conducted a comical drawing exhibit that was displayed in the Cammack Building.

## NCAA BASKETBALL FINAL STATISTICS

The Ohio Valley Conference showed up very well in final NCAA basketball statistics, holding 24 spots among the nation's major college leaders.

Three league players were among the top 80 scorers announced by the National Collegiate Athletic Bureau, statistical arm of the NCAA. They were senior 6-7 forward Eddie Bodkin of Eastern with a 25.2 average, 19th in the nation; forward Herb McPherson, a senior at Murray, 60th with a 21.2 mark; and junior forward-guard Clem (The Gem) Haskins of league champion Western Kentucky, 73rd in the country with a 20.4 average.

In individual figures, East Tennessee's great 6-foot-6 Tommy Woods placed highest, earning fourth place among U.S. rebounders with a 17.2 per game average.

Morehead's junior guard, Jim Sandfoss, was 15th in the nation in free throw accuracy, hitting 96-of-113 for 85 per cent; and Murray's McPherson was 40th with an 81 per cent mark on 111-of-137.

In team statistics, the offensive-minded OVC placed three teams in the top 33 in team offense. Tennessee Tech was 25th with an average of 85.7 points per game; Western was 27th with an 85.5 mark; and Murray's 84.8 average was good for 33rd place.

Conversely, only one league member, Western, was listed among the nation's best defensive teams. The Hilltoppers were 14th with a 67.5 points allowed mark, also earning John Oldham's boys the No. 3 spot in leaders in average scoring margin, 18 points per game. (The No. 1 team in this category, Loyola of Chicago, was soundly defeated by Western in the NCAA Playoffs last month.)

Eastern, with Bodkin's 50 per cent-plus shooting showing the way, placed 18th among team field goal percentage leaders. The Maroons averaged 47.8 per cent from the floor in 25 games.

Austin Peay, after leading the nation for a good part of the season, finished second in free throw accuracy as a team, averaging 78.3 per cent. Murray was fourth in this category with a 76.3 mark, and Morehead 25th at 73.1.

Western, on its strong overall rebounding strength, and East Tennessee, mainly on the efforts of Woods, placed 10th and 21st in rebound percentage leaders. Western captures an average of 55.9 per cent of errant shots in its games, and the Buccaneers had a 54.1 mark.

Murray led the nation in fewest personal fouls committed, averaging only 14.7 fouls per game.

## ATHLETES TAKE HONORS

Eddie Bodkin, the OVC scoring champion, participated in three All-Star basketball games during the last weeks of March. He scored 20 points in the North-South Classic which was held in Erie Penn. and led the victory for the South in the latter stages of the game.

Bodkin scored 34 points to lead the Kentucky all stars over Indiana all stars 107-103. His baskets in the overtime won the game for stars. The first game he scored 8 points as the Kentuckians lost a hard fought game 86-82.

Bill Walton add eight points in each contest.

Senior swimmers, Phil Stoffey and Gene Pettit, placed third in the University of Louisville Invitational Handball Tournament which was held last weekend. UoL, Kent State, Murray were the other schools participating.

Ron Chief, De Vingo placed second in physique in the Mr. Kentucky contest held in Louisville last week. There were entries from all over the state and they offered plenty of competition.

## New Maroon Aide

Eastern head football coach, Roy Kidd, right, welcomes Mickey Andrews, a three-year performer under Paul "Bear" Bryant at Alabama, to his coaching staff. Andrews, who is currently coaching at a Birmingham, Ala., high school, will be offensive backfield coach.

## Tracksters In Ky Relays

# Athletes Head South, Face Rough Competition

Participation in the Kentucky Relays at Lexington by the Maroon tracksters and the start of a southern swing by the baseball and tennis squads highlight a busy weekend for Eastern Kentucky's spring teams.

Impressive in a couple of warm-up meets, Coach Connie Smith's track team will join more than 700 other athletes in the Kentucky Relays, the first big outdoor meet of the season Friday and Saturday on the University of Kentucky track.

Spring break gives Coach Charles "Turkey" Hughes baseballers and Coach Jack Adams' men opportunities to invade the south.

The baseball squad, in action three days this week, will kick-off its trip Saturday at Lincoln Memorial University before a four-day stand at Georgia Southern. On the return trip they will face Erskine next Friday and open their OVC Eastern Division defense Saturday with a double-header at East Tennessee.

**Tennis Teams On Tour**  
Friday the tennis squad, who

played at Lexington Tuesday, will play at the University of the South, and Saturday will face Chattanooga. Going deeper into Dixie, they will play at Georgia Monday and Alabama Tuesday before coming home.

While many observers feel Eastern's track squad will make a strong overall showing in the Kentucky Relays, Smith is shooting for at least one first-place four mile relay.

With Kent Anderson, 4:05.1, Larry Whalen, 4:12.1; and Jan Halth, 4:13.3, Smith has three of the best college milers in this area. Anderson, second fastest college freshman in the nation, will be under four minutes sometime this spring says Smith, and Halth and Whalen will run under 4:10.

The other members of the

four-mile relay team will be either Jim Beasley, or Bill McAnelly, either capable of running under 4:20.

Anderson, last beaten by Kansas' Jim Ryun in the NCAA indoor invitational mile, is given a good chance of winning the open mile, but Smith points out that it will come only an hour after his mile in the four-mile relay.

After the open mile, Anderson will also compete on Eastern's distance medley relay.

Pole vaulter Wilbert Davis, who cleared 16 feet last week, should be able to place high in a field of top notch vaulters. Other top finishers for the Maroons could come in the mile relay, the quarter and half-mile events, where the bulk of the team's depth is concentrated.

## Maroons Take

### 4-1 Slate On Southern Tour

The Eastern diamondmen, playing four games within one week, compiled a 3-1 record to bring their season record to 4-1, prior to their southern tour during spring vacation.

The Eastern Maroons behind the fine pitching of Glenn Marshall and reliever Al Kammer defeated Berea College 2-1 in a game called short because of cold weather. The Maroons were led in hitting by Arnie Nyulassey and Jerry Gill each having home runs with Nyulassey driving in 3 runs and Gill knocking in 2 more.

Playing their third straight game at home Eastern defeated Denison University 17-3, this game also being played in seven innings. Winning pitcher for the Maroons was Al Kammer, who went the distance. The big hitters for Eastern were Larry Williams, Ron Chasteen, and Arnie Nyulassey knocked in 3-2 runs respectively.

Kentucky handed the Maroons their first loss of the season, defeating them 5-0 at Lexington. Randy Cox pitched a three hitter and avenged an earlier season setback by Eastern. Don Price was the losing pitcher giving up three runs and five hits, while Phillips allowed two runs and three hits in the last two innings.

Yesterday, Eastern bounced back and defeated Transylvania College 11-2 at Eastern. The Maroon hitting attack was led by catcher Jerry Gill, Ron Pinsenshaum, Borgia. Each homered with Gill driving in four runs, while Borgia knocked in two more. Winning pitcher for the game was Glenn Marshall with the help of Carr, who struck out eight batters in the last four innings.

Eastern is currently averaging over twelve runs a game. Chasteen is the leading hitter with a .600 average and has 9 RBI. Nyulassey is averaging .563 with 7 RBI and has hit four home runs.

## Tennis Team Defeats UK, Dennison; Take On Alabama, Georgia Next

Eastern's untried tennis team defeated the University of Kentucky netters 6 matches to 3 last Thursday on UK's home court.

Despite the cool weather the first game of the season for EKV racketeers resulted in four outstanding single games on the part of Eastern Players. Sparky Snyder skillfully defeated his UK opponent 6-3, 6-1. Eastern's Kent Chalfin defeated his competitor 6-2, 9-7. Lindy Riggins and Doug Greenburg in their separate games gained victory for Eastern.

Two out of three double games resulted in victory for the EKV team: The two duets of Snyder and Chalfin, and Mike Jefferies and Lindy Riggins defeated the UK opposition 6-4, 6-8, and 6-2, 7-5, respectively.

Eastern entered this match against a UK team that was well advanced in their season with four games behind their rackets. But determination on the part of a good team resulted in Eastern's first victory of the season.

During the spring break the tennis team will embark on a Southern trip. On this journey Eastern's tennis team will encounter such schools as University of Georgia, and Alabama.

In cold and snowy weather Eastern's tennis team defeated a well balanced Denison University of Ohio, 5 matches to one on the home courts of EKV.

Despite the rough competition offered by Denison three new players for Eastern, Doug Greenburg, Steve Burely and Lindy Riggins emerged victorious in

their separate tilts with the opposition.

Steady Kent Chalfin turned in another fine performance by outplaying his opponent 6-2, and 6-3.

Mike Jefferies in playing a tremendously improved game defeated his man 6-4, and 6-2. Eastern's strong man Sparky Snyder was upset by Mike Barr of D.U. in three close sets.

The doubles part of the match was canceled due to the bad weather.

Coach Adams noted that "the team needs a lot of work and good competition, which the upcoming spring trip should give, before getting into the regular conference season."

## Tracksters Dominate Ky. Invitational Track Meet

The young tracksters dominated the University of Kentucky Invitational non-scoring meet by taking nine firsts and five seconds. The meet was held in Lexington last Saturday, and featured Big-Ten powers Indiana, Illinois, and Purdue, along with UK and Eastern.

Larry Whalen won the mile with a time of 4:16; Jan Halth took a second followed by Bill McAnelly in third position.

In the 800, Kent Anderson took first honors with a time of 1:52.8. Earl Jordan finished second and Ron Benson took the fourth spot.

Carey Guess won the 120 High Hurdles with a time of 14.2, won the long jump (22' 8"), and finished third in the 330 Intermediate Hurdles.

The mile relay time took a first place. The winning team was composed of Bill Swanson, Kent Anderson, Andrew Cash, and Ron Benson.

Eastern took first five places in the two-mile race, as Grant

Colehour ran a 9:36 and was followed by Bill McAnelly and a tie between Jim Nichols and Doug Cordier for third place. Jim Beasley finished fifth.

In the 3000 meter steeplechase, Jimmie Nichols finished second while John Woods placed fourth.

The field events saw Eastern place first in the pole-vault as freshman Terry Murphy vaulted 13'8". Terry Mannen through the javelin 175' to earn him a second in that contest. Lou Unsted placed fourth in the shot put and fifth in the discus.

Claarence Lampkin, a transfer student, ran unattached because he is ineligible to compete until next year. Lampkin won the 220 and 440 with times of 22.6 and 48.6 respectively.

This Saturday Eastern competes against some fine competition at UK. Eastern is ranked as one of the favorites in the four mile relay along with Notre Dame and a favorite in the distance medley along with Miami of Ohio. The meet will begin at 1 p.m.

## Tennis Team Sports 2-0 Slate

**Volunteers Needed**

**For Projects Here, Abroad**

About a thousand college and older volunteers are needed for both short-term and one-and two-year assignments here and abroad under the auspices of the United Presbyterian Church, U.S.A.

Most of the volunteers are sought for two-and three-month stints this summer in rural and urban poverty areas of the United States from Alaska to Puerto Rico. A smaller number will take part in summer "pick and shovel" work camps in Europe, the Middle East, Africa, Asia, and South America.

About 15 vacancies exist for those who can give a year or more of their lives to help tutor young Chinese reaching the U.S. West Coast from Hong Kong and Taiwan; to do club and recreation work in St. Louis; to assist with community development projects in Kentucky and California, and to help develop community activities in a Newark, N.J., housing project.

Summertime work will include remedial education and enrichment projects in culturally deprived areas, work with block clubs, church-sponsored anti-poverty projects, civil rights programs, day camps, and vacation church schools. Swimming instructors, life-savers, library assistants, recreation leaders, teachers, doctors, nurses, laboratory technicians, nursing aides and maintenance workers are among those needed.

Last year 831 students and others signed up for work in the church's domestic voluntary corps. In most cases they worked as interracial teams or in situations that broke racial, cultural, and language barriers.

A number of students who speak Spanish are on call for work in Miami with Cuban refugees and in Chicago, New York, San Francisco, and other cities with sizeable Spanish-speaking populations.

Many projects to which volunteers will be assigned are ecumenically planned and sponsored. Included are work in California migrant camps, in the Church-Community Action Program of the Greater Portland (Ore.) Council of Churches, and in an inter-church urban ministry in Buffalo, N.Y.

Volunteers are expected to pay their own transportation costs to and from their assignments. Scholarship help is available, but limited. Applicants need not be United Presbyterian.

For information about work camps, community service, and individual service opportunities in the United States, write to Department of Voluntary Service and Youth Ministry, room 1206, 475 Riverside Drive, New York, N.Y. 10027. For information about overseas projects write to Office of Student Relations, room 824, same address, and for study programs, working seminars, and ecumenical projects in the United States, write to Office of Student Summer Service, 825 Witherspoon Building, Philadelphia, Penn., 19107.

**Roland Dallaire**

**Awarded Internship**

Roland H. Dallaire, a senior political science major has been awarded a Southern Regional Training Program Internship leading to the degree of Master of Public Administration, Dr. Dwynal B. Pettengill, chairman of the Political Science Department announced today.

A native of North Westport, Mass., Dallaire was selected from several hundred applicants and is the first graduate of the Department of Political Science to be selected for the program.

The total award in the form of tax free grant plus tuition and expenses amounts to \$3,500.

An internship of 12 weeks in a public agency (probably in Kentucky) will precede a period spent at the University of Alabama, the University of Tennessee, and the University of Kentucky.

Among the graduates of the Southern Regional Training Program are several top management officials in the southern states, according to Dr. Pettengill.

The son of Mr. and Mrs. Roland G. Dallaire, North Westport, Mass., he plans to stay in Kentucky after completion of the program.

**Resort Park Opens**

One of Kentucky's most beautiful resort parks will open for the 1966 tourist season today, according to State Parks Commissioner Robert Bell.

The main lodge, dining room and cottages at Kenlake State Park near Hardin will be available to guests. Tent camping facilities will be ready for the public in April.

Overlooking Kentucky Lake, the 1400-acre park is located on U.S. Highway 68, 35 miles southeast of Paducah. Accommodations now include 86 rooms in the lodge, nine efficiency cottages, 10 one-bedroom and living room cottages and 6 two-bedroom and living room cottages. A \$140,000 modernization program was completed last spring.

In addition, there are 85 tent and 35 trailer sites, a central service building, a picnic shelter, a beach and bathroom, a boat dock and boats for rent, a 9-hole golf course and a swimming pool at the main lodge.

Equipped with its own airport, sailboat launching facilities and horseback riding are also available to visitors. The golf course is slated to open April 15 and the beach and bathroom will be ready for swimmers on May 28.

Superintendent Perry Cole says a supervised recreation program has been planned.

Kenlake's opening falls on a "special events" weekend, one of 13 planned at various State Parks from February through May. Sailing and a symposium on sailing are being featured.

Reservations for the special sailing weekend or for other dates may be obtained by writing or telephoning the park, or by calling the Central Reservation Information Office in Frankfort (223-2328). To 11 free calls may be made from the metropolitan centers of Louisville (683-9798), Lexington (252-4913) and the Covington-Cincinnati area (361-2643). Reservations for accommodations at all State Parks for 1966 dates are being accepted by the Central Reservations office.

**How To Get Summer Employment**

As this spring semester fleets by, the number of days remaining until the close of school and the first day of that summer job diminish rapidly. Within a few short weeks, thousands of college students will be flooding the labor market searching for summer employment to help them defray the costs of their educations.

How and when to file an application for a job are two important questions that must be coped with by the prospective worker. The student who is on his toes will submit the employment request as far in advance as possible. If he expects to begin working in early June, March is not too soon to file an application for a job; but May is almost certain to be too late for the application to be considered by the employer, since most summer job vacancies have been filled by then.

Time is not the only factor to be considered when submitting an application for a job. There are some helpful hints that, when used, always prove to be beneficial to the applicant. The ten most important facts one should tell prospective summer employers about one's self were revealed recently in replies received from a questionnaire sent to selected resorts and camps throughout the United States by the National Directory Service, Cincinnati, Ohio.

- 1.) What is your past work experience and training?
- 2.) Are you willing to work and cooperate with others?
- 3.) Are you mature, punctual? Do you exercise good judgement?
- 4.) What is your age? (Minimum age is most important).
- 5.) What dates are you available to work? If applying to a resort, the sooner you can report and the later you can stay, the better.
- 6.) Give three or four good references. Please, no friends or relatives. Teachers or faculty members and former employers are the best.
- 7.) Give assurances that you will fulfill your work contract until the end of the working period.
- 8.) Be pleasant and cheerful.
- 9.) State any special skills you have—something you can do or teach others to do.
- 10.) Give your reasons for wanting a summer job.

With this information included in your application, go get that summer job.

**Music Festival Starts Today**

Approximately 3,000 students from 88 central Kentucky junior and high schools will participate in the Richmond Division of the State Music Festival to be held at Eastern today and tomorrow, the weekends of April 7-8, and May 5-6.

Vocal and piano competition will be held next weekend and instrumental and band on May 5-6.

Director of the festival is Henry Frye, Director of College School Relations at Eastern.

Daniel Boone Elementary, Silver Creek Elementary, Waco Elementary, White Hall Elementary, Mt. Sterling, Boyle County, Rockcastle County, Lancaster High, Lynn Camp High, Anderson County, McCree County, Mercer County, and Williamsburg High.

**Fulbright-Hays Awards Available**

Fulbright-Hays awards for faculty members for research and lecturing throughout the world during the academic year 1967-68 are now available for reference at the office of the faculty Fulbright advisor, Wayne R. White, assistant professor in geography, Room 206.

Faculty members may do research and lecturing in Europe, Africa, the Near East, South and East Asia, the Pacific, the Far East, and Latin America.

The advisor does not distribute application forms which are supplied to individual scholars by Committee on International Exchange of Persons, 2101 Constitution Avenue, N.W., Washington, D.C. 20418. On request the Committee will also provide separate lists of awards in American Studies, covering Anthropology, Area Studies, Biochemistry, Biology and Agriculture, Business Administration, Chemistry, Earth Sciences, Economics, Education, Engineering, Home Economics, Law, Mass Communications, Mathematics, Medical Sciences, Physics, Political Science, Psychology, Social Work and Sociology.

Important changes have recently been made in the administration of awards for faculty members. The majority are being announced almost three months earlier than last year, and they are listed in two booklets, one on research awards, the other on lectureships.

The closing date for applying for research awards is June 1, considerably in advance of the date last year. Applications will be accepted for lectureships as long as they are available.

**Summer Scholarships For Austria And England**

A limited number of scholarships for 1966 summer study are being offered to qualified Americans by two Austrians and four British universities. The Institute of International Education is administering the programs.

The two Austrian schools offering courses are the University of Vienna and Salzburg. A special session of the St. Wolfgang campus in Strobl, Austria, will be from July 17 to August 27. Courses available are law, political science, liberal arts courses and German language courses. The St. Wolfgang program is open to candidates who have completed two or more years of college and will cost approximately \$340, which includes a \$20.00 registration fee. An optional four-day trip to Vienna at a small additional charge is also available.

The Salzburg summer school at Salzburg-Kleinsheim, sponsored by the Austro-American Society, will offer students the opportunity to learn the German language and to acquire a first-hand knowledge of Austrian culture and foreign policy. Most courses (in art, music, poetry, economics and politics) but attendance is mandatory in one German language course. The Salzburg program will cost \$315; \$295 to cover room, board and tuition; plus a \$20.00 registration fee. Applicants for the six week session (from July 3 to August 14) must be between 18 and 40 and have completed one year of college.

Salzburg Music Festival Students at both Austrian institutes have the opportunity to attend the famed Salzburg Music Festival. Tickets to an opera and a play are included in the school's fees.

The summer school opportunities in Great Britain are as follows: the study of Shakespeare and Elizabethan drama at Stratford-upon-Avon by the University of Birmingham; the history, literature and arts of England from 1870 to present at the University of Oxford; Victorian literature at the University of London; and British history, philosophy and literature from 1688 to 1832 at the University of Edinburgh in Scotland.

Sessions July and August The Universities of Birmingham, Oxford, and Edinburgh will hold their sessions from July 4 to August 12; the University of London, from July 11 to August 19. Fees, which include room, board and tuition, will be \$296. Courses for all four university summer sessions are designed for graduate students, but undergraduates who will have completed their junior year by the time the summer session opens may apply.

Further information and application for these Austrian and British summer sessions may be obtained from the Counseling Division, Institute of International Education, 809 United Nations Plaza, New York, N.Y.

10017. Completed scholarship applications to the British schools must be received at the Institute by March 1; admission applications by May 1, 1966. Travel arrangements to and from Europe are the responsibility of each student.

**Frances McPherson Presents**

**Keyboard Concert**

Eastern Music Department will present its second keyboard scholarship concert, Thursday evening, April 21, at 8 in the Ferrell Auditorium, Combs building. Organal music of Frances McPherson, Associate professor of piano, will be performed by well known artists of Kentucky: Mary Akright, Donald Henrickson, and Allen Staples of Eastern's Music Department; Vasile of Morehead; and two music majors, June Bonny of Irvine, and Judy Cable of Richmond.

The students are appearing in the "Steven Foster Story" this summer. Miss McPherson will play a few of her piano compositions, and will provide the accompaniment for the singers and Mr. Staples.

Tickets may be purchased from The Little House on Third and Water Street in Richmond. Reserved seats are \$1.00, general admission, 50 cents. Proceeds from the sale of tickets will go for a scholarship for a talented pianist or organist.

## Suicide Squad Takes Titan Drill Trophy

The "Suicide Squad" of Company R-1, the Pershing Rifles Unit at Eastern, walked away with the first place trophy for Exhibition Squad at the Titan Invitational Drill Meet in Detroit last Saturday.

Company R-1's "Suicide Squad" competed against such teams as Akron, University of Detroit, Pratt Institute, Ohio State University, Gannon College, Eastern Michigan and Central Michigan Universities, and Canisius College.

Eastern's "Suicide Squad" was formed in 1964 and has yet to fail to place in competition. This was the second first place trophy the squad has taken this year. The "Suicide Squad" is commanded by Cadet 1st Lt. George W. Quisenberry, a business major from Winchester.

The squad members are Mark Poole, a mathematics major from Winchester; William Brewer, a business major from Florence; Tommy Thompson, a business major from Winchester; Larry Wilson, a music major from Lexington; David Barkman, a business major from

Lexington; Greg Struve, a sociology major from Florence; Bob Osborne, an elementary education major from Lexington; and Bruce Williamson, a business major from North Vernon, Ind.

In Individual Competition, Bruce Williamson placed third and John Picarski, a freshman from Irvine, placed fifth. There were 300 basic and advanced ROTC cadets who entered into this competition.

Miss Jeanie Ridnour, sponsor of Company R-1, and Miss Carolyn Thomas, Corps' Second Battalion sponsor, along with their chaperone, Miss Ruth McCann, attended the drill meet. Captain Dan McClendon and Sgt. Major Ivan Steele, the advisors to Company R-1, also attended.

Company R-1's next drill meet is the First Regimental Drill Meet at the University of Kentucky on April 23, 1966. All Eastern students are invited to attend this drill meet. Teams from the First Regiment of the Pershing Rifles and other schools from Eastern section of the United States will be present.

## Sophomore Cadets Receive Special Awards

Lt. Col. T. A. Harris of Eastern's ROTC Department is shown presenting ribbons of special recognition to sophomore cadets, left to right, Al Baldwin, David Barkman, and Tom Conrad.

## Sophomore Cadets Accepted In Advanced ROTC Corps

A program recognizing sophomore cadets who have been accepted for the advanced program was initiated last week by Eastern's Reserve Officer Training Corps.

Bright red stripes have been added to the non-commissioned officer chevrons worn by sophomore cadets to designate these individuals.

This special recognition comes after the student has successfully negotiated stiff mental, physical and leadership tests.

The first new chevrons were awarded by Lt. Col. T. A. Harris Commandant of Cadets, to Al

## Chemistry Professor Participates In Summer Institute

Dr. Darnell Salyer, Associate Professor of Chemistry will participate in a Math-Science Summer Institute Program in India during June and July.

He will serve as one of 18 specialists in the field of chemistry, who will lecture and direct laboratory experiments in the 39 institutes for Indian college or university instructors.

Math-Science Summer Institutes for 1966 are being organized in India by the University Grants Commission in collaboration with Ohio State University. These are funded by the United States Agency for International Development.

The institute program is designed to assist teachers in the colleges and universities of India to keep abreast of modern developments in their subjects.

Dr. Salyer expects to leave for India on approximately June 3. After a briefing session in New Delhi, the specialists will proceed to the institute locations. Supervisors of the program are now in India marking early preparation.

The programs will help provide an improved subject matter background for the teaching of university courses. Through the seminars, attention will be paid to the problems relating to subject matter of courses and curriculum which come under discussion, analysis and evaluation.

Institutes will be held for college instructors of mathematics, biology, chemistry, geology, physics, and science education. Specialist assignments cover a two-month period.

## Art Students In Exhibition

The Art Center Association of Louisville has accepted work of two students from the Art Department of Eastern in the annual exhibition.

Miss Carol Moran, senior art major from Cincinnati, is entering a painting called Limbo. This painting, executed in acrylic polymer, is a part of a series Miss Moran is involved in course work here.

Ronald Bruner, senior from Harrodsburg majoring in art, has entered a welded steel sculpture called Moon Shot. He is currently involved with study of the constructive phase sculpture in relation to his course work here. He is president of Kappa Pi, the National Art Honorary.

The Art Center Exhibition selected by Orazio Fumagalli, Head of the Art Department of Stout State College, is open to residents of Kentucky and Southern Indiana.

## Pace Magazine Announces Contest

The Pace Magazine announces a writers, photographers and cartoonists contest to discover the best writers and artists.

Winners will have their material published in Pace and win the chance of being a regular Pace contributor in addition to cash prizes.

Entries may be made on any of the four subjects in any of these categories: humor or serious essay, short story, single cartoon or cartoon strip, single photo or photo essay. Subjects for all categories are: Where the action is '66, the hottest issues of the day, a day in the life of a pace-setter, and the most dynamic personality I've ever met.

Contest rules include: Contestants may make any number of entries in any one or more categories; winning entries will be published if they satisfy the standards of the editors of Pace whose decisions shall be final; Pace reserves the right to publish entries submitted by any contestant, without further written permission, giving due credit to author or artist; all manuscripts and photographs must be clearly marked, with name and return address; no entries will be returned unless accompanied by a stamped, self-addressed envelope; while every care will be taken, Pace cannot be responsible for damages incurred in mailing; contest closes Saturday April 30. All entries must be post marked not later than midnight of that date.

All entries must be accompanied by a written guarantee that they have not been previously published to be signed by the contestant and, if under 21, also by a parent or guardian.

Prizes awarded entries deemed worthy of publishing are first place \$50, second place \$35, and third place \$25. All other entries published will be paid for at regular rates.

Entries should be mailed to Pace-setter Competition, Pace Publications, 833 South Flower Street, Los Angeles, Cal. 90017.

## Pat Votaw Leaves For Norway

Miss Patricia Votaw, junior English from Mercer County, will leave Sunday for a six-months visit to Norway as a representative of (IFYE) International Farm Youth Exchange program.

Miss Votaw is now undergoing an intensive program in the language, culture and history of her host country at the National 4-H Club Center in Washington, D.C. She will also receive a special briefing from the U.S. Department of State.

When Patricia arrives in her host country, she will receive a limited briefing from the cooperating IFYE representative and will be introduced to the services of the U.S. Embassy and other U.S. agencies operating abroad.

Within a few days, she will travel to the home of her first host family where she will live and work as a family member for one to three weeks.

As she travels about her host country, she will become as much a part of the host family as possible. Through sharing knowledge with new friends and families, she will learn a great deal about their temporary homes as well as contributing something of the U.S. culture. She will also devote much time to the rural youth organizations in the country.

This "grassroots" program, which has international understanding as its goal, is sponsored by the National 4-H Club Foundation and the Cooperative Extension Service.

In the United States, the program receives financial support from local 4-H Clubs and from other private sources on local, state and national levels, such as banks, businesses, foundations, industrial firms, cooperatives, and individuals.

Patricia has been a 4-H member for eight years, working with foods, clothing, and housekeeping. She won honors in both foods and demonstrations. She has also served as a 4-H camp counselor.

At Eastern, Patricia is a member of CWBENS, SNEA, Canterbury Club, Kappa Delta Phi, and the Baptist Student Union; she also is on the Dean's List.

The daughter of Lawrence Votaw, Patricia plans to teach high school after her graduation from college.

## Placement Positions

On campus interviews are continuing in the Placement Office for all graduating seniors. Each person desiring to discuss employment opportunities with the recruiters should come to the Placement Office and sign for a definite time to be interviewed.

MONDAY, APRIL 18
