## FINAL EXAMS SCHEDULED

Grades for candidates for degrees at the June Commencement should be in the Registrar's office not later than noon, Friday, May 26, for all students except those having Saturday classes. Grades for the Saturday classes should be in the office by 8:00 a.m., Monday, May 29. A list of the candidates will be furnished by the Registrar. Any candidate for a baccalaureate degree having a standing of "B" or better in a course, according to a faculty ruling, may be exempt from the final examination in that course.

The spring semester ends Thursday, June 1, at the close of the evening classes. Classes will meet only for examinations beginning on Monday, May 29. Final examinations for students other than the June graduates follows. Examinations should be given the latest possible date according to the schedule.

Monday, May 29—Classes meeting the 2nd, 4th, 6th, and 8th periods will have examinations at the regular class periods.

Tuesday, May 30—Classes meeting the 2nd, 4th, 6th, and 8th periods will have examinations at the regular class periods.

Wednesday, May 31—Classes meeting the 1st, 3rd, 5th, 7th, and 9th periods will have examinations at the regular class periods.

Classes scheduled the 3rd period MTT will have examinations at the 3rd period on Wednesday.

Thursday, June 1—Classes meeting the 1st, 7th, and 9th periods will have examinations at the regular class periods.

Classes scheduled the 1st period TuF and the 4th period WF only will have examinations on Friday, May 26.

Night classes will have examinations at the regular class periods during examination week.

Saturday classes will meet for final examinations on June 3. That grades for Saturday classes should be turned in not later than 10:00 a.m. on Monday, June 5.

In making out the examination schedule we have attempted to arrange it so that instructors may have double periods if they desire to use them. Many have given examinations throughout the semester and will use only one period for the final examination. There are instances in the schedule where it was not possible to arrange for double periods. We have studied the problem and have not been able to come up with a plan which would eliminate this difficulty.

All grades for the spring semester, exclusive of degree candidates and Saturday classes, should be reported to the Registrar's office not later than 9:00 a.m. on Saturday, June 3. In order that the grades may be processed as soon as possible, the Registrar's office would appreciate having grades turned in at the earliest possible date after the examinations.

## Dr. Smith Park Hosts Picnic

The 19th annual Mathematics Club picnic was held Saturday, May 13th, at the traditional spot, Dr. Smith Park's Wilderness Road farm, which is located in the suburbs of Lincoln county.

After the all-day affair of games, food, and a tour of the farm, the club held its regular business meeting to elect officers for 1961-62. The following were selected: President—Don Stivers; Vice-President—Gary Stevens; Secretary—Nancy Rodgers; Treasurer—John Baldwin, and Reporter—Publicity Agent—Roberta Wilkerson.

## Womens Honorary Initiates 18

Collegiate Pentacle, senior women's leadership honorary, initiated the following eighteen tapes at a ceremony held in the Amphitheater Thursday afternoon, May 11: Mary Elizabeth Brown, Emily Carol Bush, Anita Carol Caldwell, Evelyn Virthum Craft, Joyce Curry, Barbara Edwards, Phyllis Lee Fisher, Linda Laster Gassaway, Jane Graham, Joyce Ann Halsey, Mary Alene Lipscomb, Mary Ann Lyons, Suzanne Marcum, Christa Belle Montgomery, Barbara Parsons Walters, Nancy Rodgers, LeVada Ann Rogers, and Joanne Van Peursum.

Following the initiation, the old and new members attended a banquet at Benaut Inn. Miss Arlene Hatton, president, presided, and the guest speaker was Mrs. Emma Y. Case, sponsor of the honorary. The officers for 1961-1962 were announced as follows: Barbara Edwards, president; Phyllis Fisher, vice president; Mary Alene Lipscomb, secretary; Suzanne Marcum, treasurer; Joyce Curry, Chaplin.

A summer meeting is planned by the new members to outline their program for next year.

## MacCall To Give Baccalaureate Sermon

DR. D. K. MCCALL

Dr. D. K. McCall, president of the Southern Baptist Theological Seminary in Louisville, will deliver the baccalaureate sermon to 458 candidates for degrees at Eastern Kentucky State College Sunday, May 28, in Hiram Brock Auditorium.

Richmond churches and their congregations will also attend the services, at 10:45 a.m., EST.

The commencement exercises will be held June 1, also in Brock Auditorium. Vice President Lyndon B. Johnson will deliver the commencement address.

Dr. McCall, who has served as president of the Southern Baptist Seminary since 1951, will use as his topic, "The God of a Growing Universe."

An ordained Baptist minister since 1937, he has been pastor of the Broadway Baptist Church in Louisville, and was president of the New Orleans Baptist Theological Seminary, executive secretary of the executive committee of the Southern Baptist Convention, and treasurer of the Southern Baptist Convention.

He is general chairman of the Baptist World Alliance Conference of Theological Teachers, a member of the executive committee of the Baptist World Alliance, and a member of its administrative committee.

A past president of the National Temperance League, he has also served as a member of the Board of Visitors of the U.S. Air Force Air University.

He is a trustee of the Louisville Medical Foundation and a panelist on a weekly WHAS radio program, "The Moral Side of the News." A world traveler, he has made numerous trips overseas, visiting 48 countries on all five continents.

He received the A.B. degree from Furman University in 1935, the Th.M. degree and the Ph.D. degree from Southern Baptist Theological Seminary, the LL.D. from Baylor University, the D.D. from Furman University and the Litt.D. from Shurtleff College in Alton, Ill.

A native of Meridian, Miss., he is married to the former Marguerite Mullinix. They have four children.

## Van Hook's 'The Kentucky Story' Adopted As Text

Joseph O. Van Hook, professor in the Social Science Department of Eastern, has been notified that his book, *The Kentucky Story* has been adopted as a text book by 31 counties and 21 independent school districts.

Dr. Van Hook began teaching in one-room rural school in Pulaski County in 1910. He taught at every level from beginners to candidates for Ph. D. degree. He has served as a full professor at Louisiana Polytechnic Institute and Berea College for 17 years. Dr. Van Hook received his Ph. D. from the University of Colorado in 1933. He returned to his alma mater to teach six summer sessions there and at the University of Texas also.

*The Kentucky Story* has been adopted by counties and independent districts distributed across Kentucky from Pike County in the extreme eastern end to Marshall County, west of the Tennessee River. They include Madison, Fayette, Franklin, Garrard, Jackson, Rockcastle, Pulaski, Knox, Casey, and Russell in this middle portion of the state as well as the independent school districts. These districts include Georgetown, Frankfort, Berea, Stanford, Corbin, Williamsburg, Barbourville, Pineville, Bowling Green, Bardonia, and Elizabethtown. Jesse Stuart has appraised this book as the best state history that he has ever seen.

*The Kentucky Story* has been reviewed by R. C. Riebel as follows:

"To our knowledge there has been no comprehensive history of Kentucky published since 1937, when Dr. Thomas D. Clark published a very creditable history of 702 pages. This work was, of course, a conventional type history with only a few illustrations and not comparable with the present work by Professor VanHook, which was designed, it would seem, for school work rather than for general reading. There have been other works of historical significance.

(Continued on Page 4)

## Lewis Reigns As Queen

Reigning at the White Rose Formal, sponsored by the freshman women, was Miss Londa Lewis. Attendants to Miss Lewis were: Miss Helen Dolt, first attendant; and Miss Gilberta Potts and Lois Scent, who tied for second attendant.

Dr. Robert R. Martin crowned the queen and presented her with one dozen long stemmed white roses. The queen and her court were decided by voted of the freshman girls.

Mr. Ronnie Elliott was presented a gift for his part in helping the freshman girls raise money for the dance.

"The Sultans", managed by radio station WAKY from Louisville, furnished music and entertainment. Profits from the dance were between \$250 and \$300. Miss Pat Bogie, one of the co-chairmen, termed the dance a success.

President Martin crowns Miss Londa Lewis as queen of the White Rose Formal. The dance was held in Walnut Hall and music was furnished by the Sultans, a swinging group from Louisville, Ky.

## New Faculty Members Named

CHARLES F. AMBROSE

WILLA F. HARMON

MARY K. INGELS

President Robert R. Martin announced today that the Board of Regents has approved the addition of three faculty members to the education department at Eastern Kentucky State College.

The appointment of Charles F. Ambrose, an associate professor of education, and Mrs. Willa Farrald Harmon and Miss Mary Katherine Ingels to the training school faculty will become effective September 1st.

Dr. Ambrose joins the Eastern staff after having served on the faculty of Western Kentucky State College. He has also served in the public school system of Louisville and Jefferson County. He received the A. B. degree from Transylvania College, and the M. A. and Ed. D. degrees from the University of Kentucky. He has also attended Indiana University and the Kent School of Social Work at the University of Louisville.

Mrs. Harmon, a graduate of Eastern, is presently principal at Fairmount Park Elementary School in St. Petersburg, Florida. She has taught in the Ashland City Schools and in the McCreary County Schools and has served as principal of the McCreary County School. Mrs. Harmon, who will be a critic teacher in the new \$2 million H. L. Donovan Training School, scheduled for completion by the fall opening of school, received the M. A. degree from the University of Kentucky.

Miss Ingels, who will also join the training school faculty, received both the A. B. and M. A. degrees from Eastern. She has taught at Middleboro High School, and Cynthia High School and has served as an aerographer's mate in the WAVES in Pensacola, Florida, and Washington, D. C. A native of Cynthia, she has toured France while on a study tour with Ohio University.

## Mothers Honored

The twenty-fourth annual Mother's Day Program was presented Sunday, May 14, 1961 in Walnut Hall at 2:30 p.m.

John Anderson presided at the program. After several musical selections, Shirley Jacob Tompkins delivered the address, "The Potter." An informal social hour was held in Burnam Hall immediately following the program.

# Students Elect New Officers To Serve On 1962 Student Council

## Eastern Male Students Honored

Nearly 150 male students at Eastern Kentucky State College were honored today at the eighth annual Honors Day for Men program in Hiram Brock Auditorium. The Omicron Alpha Kappa and Kappa Iota Epsilon, men's honorary fraternities, sponsor the program.

John Anderson, Burkesville, president of OAKS, the senior men's honorary, and Bill Baber, Winchester, president of KIE, sophomore honorary, presided. Dr. James L. Potts, Eastern political science professor, delivered the principal address.

The following students were recognized by special awards: Agriculture: Phillip Mansfield, Glasgow, received the award for the outstanding agriculture student, presented by William Stocker, head of the department.

Athletics: John Callahan, Columbus, Ohio, president of the Varsity "E" Club, presented awards to the following athletes who were named as valuable in their respective sport: Baseball, Bill Godde, Cincinnati; basketball, Larry Parks, Arlington, Ind.; football, Don Adkinson, Harlan, and Richard Layman, Ashland; golf, Paul Motley, Richmond; track, Ernie Dalton, Dayton, O.; swimming, Jack Portman, Lexington.

Chemistry: The outstanding freshman award for pre-medical students was presented by Professor Meredith J. Cox, head of the department, to George Wilcox, Richmond, and Geraldine Wells, Owens. Leonard Jefferson, Germantown, was awarded the outstanding senior honor.

Professor Cox also recognized 14 chemistry students who have either accepted scholarships or have been accepted to medical schools: James Barrett, Middletown; Gary E. Booth, Campton, and Don Dix, Hazard, \$3,000 scholarships to Ohio State in chemistry; Ronald Braun, Bellevue, admitted to the University of Cincinnati Medical School; Leonard Jefferson, Germantown, a \$10,000 fellowship to Vanderbilt; Robert Robinson, Beattyville, \$2,500 scholarship in chemistry to the University of Arkansas; James Tamer, Richmond, \$1,800 assistantship in chemistry to the University of Kentucky; Mickey Terrell, Corbin, \$2,500 scholarship to the University of Kentucky; William Wagner, Middlesboro, admission to the University of Kentucky Medical School and a \$1,000 Rural Medical Scholarship; Lawrence Welch, Ashland, \$3,000 scholarship to Vanderbilt; John D. Welte, Erlanger, admission to the University of Louisville Medical School; Frank Whalen, Paris, admission and \$1,000 scholarship to the University of Louisville Medical School and a \$1,000 Rural Medical Scholarship; Paul Williams, Richmond, admission to the University of Louisville Medical School and Wendell McCord, Maysville, admission to the U. of L. Dental School.

Commerce: The United Business Education Merit Award was presented to Kenneth Carter, Eubank, by Donald Stivers of Louisville.

(Continued on Page 4)

Phil Bryan, Bill Allison, Jim Showalter and Ann Stanley Johnson are the new Student Council vice president, treasurer, president, and secretary, respectively.

## Candidates For Peace Corps Begin Their Service

Candidates for the Peace Corps who want to begin their service this summer will be tested May 27 or June 5 for their fitness for one project already announced and others now being explored.

The Peace Corps is actively recruiting for engineers, surveyors, geologists, teachers of English as a second language, community development workers and agricultural extension workers.

Liberal arts graduates will be in both primary and secondary schools by the end of the year in countries in Africa, Asia and Latin America. There also have been requests for secondary school teachers of mathematics, biology, chemistry and physics.

Another major need will be to supply volunteers who know farming methods. Here, the degree of technical knowledge is not so much required as a thorough grasp of farming and its basic tools.

Candidates who have a questionnaire on file with Peace Corps Headquarters will be notified of the time and place of examination by the middle of May. With few exceptions, they will not have to travel long distances to a testing center.

Volunteer forms are obtainable at any post office, from members of Congress, from county agricultural agents, and from colleges and universities.

Those who have not filled out a questionnaire may so at the testing center and will be allowed to take the test if circumstances permit.

The May 27 general examination will be for volunteers who wish to work as elementary school teachers, teachers of English as a second language, in agriculture or animal husbandry, as engineers, surveyors and geologists.

After the administration of this first test, there will be a special testing a liberal arts and teachers' college graduates for teaching of English, biology, chemistry, (Continued on Page 4)

Jim Showalter, Phil Bryan, Anne Stanley Johnson, and Bill Allison have been elected by Eastern's student body to be the Student Council's president, vice president, secretary, and treasurer, respectively.

Following a week of intensive campaigning by the candidates sponsored by the Student and Progressive Parties, approximately twelve hundred (?) students cast their votes last Thursday for offices of the Student Council for 1961-62.

Jim Showalter (Student Party) was chosen as president. A physicist and math major, he was last year's Student Council treasurer. He has served as president of KIE and was elected a delegate to Southern Universities Student Government Association this year.

Vice-president for 1961-62 will be Phil Bryan (Student Party). Phil has been Freshman and Sophomore Student Council Representative and is a major in.

Miss Anne Stanley Johnson (Progressive Party) has been elected as secretary. Anne is well known as a cheerleader; in addition to this she has been a member of Burnam's House Council and is secretary and president-elect of Kappa Kappa Sigma.

Next year's Student Council Treasurer will be Bill Allison (Independent ticket). He has served as treasurer for this year's Freshman Class and is a commerce major.

The officers-elect will be installed in the fall of 1961.

## 1960-61 Yearbook Staff Announced By The Editors

Linda Gassaway, Richmond, and Carol Caldwell, Paint Lick, co-editors of the 1962 MILESTONE, official Eastern Kentucky State College yearbook, have announced their staff for the 1961-62 school year.

The co-editors, elected by the junior class earlier in the year, announce their section editors and staff as: Daily Life—Mary Jo Raddin, Lexington, and Dottie Mathews, Glasgow; Faculty and Administration—Evelyn Craft, Frankfort, and Jim Barrett, Middlesboro; Classes—Lois Webb, West Van Lear, Phyllis Fisher, Winchester, and Don Dix, Hazard; ROTC—Harvey Turner, Frankfort; Honors—Chris Montgomery, Louisville; Women's Sports—Susie Marcum, LaGrange; Men's Sports—John Prall, Danville; Copy Editor—Barbara Parsons, Richmond; Layout Editors—Pat Burgett, Dayton, Ohio, and Anna Merritt, Richmond; Typists—Harriet Selsine, Cincinnati, Ohio, and Ann Herro, New Philadelphia, Ohio; ad Business manager—Jim Montgomery, Middlesboro. All will be seniors next year.

Supervisor of the annual student publication is Don Feltner, director of publicity and publications at Eastern.

## Milestone On Sale May 23

Don Feltner, director of publicity and publications, announced that a limited number of copies of the 1961 MILESTONE will be available for sale to those who failed to pay their fee during registration and to alumni and faculty. The books are expected to be returned from the publisher on May 23 and issued on campus beginning May 24.

Books will be issued from 8-12 and 1-4 beginning Wednesday, May 24, if the books arrive by that time as is expected. The issue will continue through Wednesday, May 31, but students are urged to get their books as soon as possible.

The issue will be held at the front door of the PROGRESS MILESTONE office. Students picking up their book will be required to have in their possession their identification card or cash receipt.

Jim Williams, business manager of the MILESTONE, will be in charge of the issue.

The final issue of the PROGRESS of the current school year will be circulated Wednesday evening, May 31, instead of Friday Morning, May 26, as was originally scheduled. The last issue will feature the graduating seniors and the visit of Vice President Lyndon B. Johnson. Also watch for a pictorial review of the 1960-61 school year.

ESC MEN HONORED: Among the 150 students honored at Wednesday's Honors Day for Men program at Eastern Kentucky State College was Kenneth Carter, left, of Eubank, who was presented the United Business Education Merit Award, Miss Margaret Moberly, right, of the commerce faculty at the College, is pictured with the winner.

## Biology Department Visited For Disecting In Paper

It is a certain fact that science has been rapidly increasing its scope of knowledge within the past few decades. Many advances have come from biology and its related fields. Almost daily reports come from experts in medicine, zoology, botany, and many other areas that tell of discoveries made that will have far-reaching effects on many people.

To keep in step with this trend, the biology department at Eastern has grown tremendously in faculty number, quality, and quantity of courses offered, equipment and space, and student enrollment. In 1941, the biology department was situated on the main floor of Roark and had two inadequately equipped laboratories and one lecture room which was shared by other departments. It had a full time staff of the equivalent of 2½ members. In 1951, the department was moved to the first floor of the new Science Building that it still occupies. At this time the staff consisted of four full time members. By fall of 1961, however, the department will be expanded to two large lecture rooms with capacities of 80 students each, and six laboratories. The number of faculty will be increased to the equivalent of nine full-time members and several part-time student workers. Student enrollment shows an increase during these two decades from about two hundred in the 1940's to an expected one thousand and over in 1961.

Not only has the department grown in capacity for greater quantities of students, but it has also grown in its capacity for a higher quality of students. Scholastic standards have changed drastically from the mediocre of a few decades ago to the high of today. The peak quality of courses offered in the department, and its ability to bring out the best of a student's capacities for learning, attract higher quality students. This is evidenced by the fact that three of the four girls honored on Women's Honors Day for having the top scholastic averages were biology majors.

The department offers a well-

balanced program providing adequate training for a variety of professions. Areas for which a student may receive training are medicine, research, teaching, bacteriology, biophysics, agriculture, industry, forestry, horticulture, conservation, and many others.

Those fields of biology which attract the most interest from students are medicine and teaching. Particularly in each of these, the student can expect to find specific courses designed to give him a background both broad and deep.

The faculty who teach these courses are Dr. H. H. LaFuze, Dr. Harold L. Zimmack, Dr. Carlton Hückrotte, Mr. A. L. Whitt, Mr. Robert S. Larance, and Mr. Don Schrieber.

Departmental affairs are discussed over a sack lunch every Thursday at noon. Through these discussions faculty members integrate their activities and stimulate creative thinking on improving the department.

Students interested in biology have an opportunity to meet others with similar interests through the Biology Club. Here students become better acquainted with departmental faculty and learn more about interesting phases of their field.

This club, of which two-thirds of the biology majors are members, sponsors various projects throughout the year. The most important and conspicuous of these projects are the exhibits in the display windows of the department. At each meeting a biologist selected from the faculty or from off-campus presents a program dealing with subjects related to plant and animal life. The club also sponsors outing and parties during the year.

**PHYSICS TEST**  
 (authors note: Due to the following theoretical Mechanics test, I was unable to write a column this week.)

**Physics 533.6 Test LQXZVH**

Do all your work in this space.

I. An India Rubber man, whose coefficient of restitution is .5, decides to commit suicide and jumps off the Clay's Ferry Bridge. Determine: a. the distance from the Lexington end to the point where he must jump to hit the center of the river; (neglect the motion of the earth through the galaxy) b. the amount and direction of the deflection due to coriolis acceleration c. time of descent d. the change in frequency caused by the Dopplers effect of a scream emitted half way down as heard by a man on the bridge e. the height of the man in a row boat directly below f. the height of the column of water spurting through the hold in the bottom of the barge g. who cares?

II. A six foot 250 lb. industrial arts major gets his necktie caught on a shaft turning at 1250 rpm. Describe the motion of his center of mass

III. A hot rodder is speeding down Lancaster avenue at 60 mph. with his girl friend sitting against the right door. If the coefficient of friction between her skirt and the seat is .6, what must be the radius of a turn that will cause her to slide over to his side of the car. (Use your own girl friend.)

IV. A boy is three fourths the way up a 30 ft. ladder leaning against Burnam hall at angle of 30, when the ladder begins to slip. A. Describe the motion of his center of mass b. What will be the cost of his hair?

V. A ping pong ball with one side flattened slides across the grille floor at 12:00. A. What are the chances of it being flattened again? B. Will it be found amid the trash? C. Will this cause someone to make the book store list?

## Ha! Ha! Ha! It's Funny

"What's funny?" asks Charles Klönne, an E.K.S.C. student teacher, of a Model High tenth grader Kenny Barksdale as Kenny sat amusing the class.

Klönne assigned the boy a theme on laughter and this was the result.

Ha-Ha (An Essay on Laughing)

"No one knows why anyone laughs, or why anything that is funny should cause people to laugh, giggle, guffaw, snicker, titter, or chuckle. But something does—perhaps a pun, a joke, a satire, a teacher (no names, of course), or some simoleon with a shoelace, (the latter is particularly funny if he pretends it is a worm). Whatever causes laughter, it produces strange reflexes; the diaphragm flutters up and down, the vocal cords twist, and a muffled choke is produced.

The urge to laugh appears in the species HOMO SAPIENS very early; babies smile, then coo, and finally chuckle. This changes as the human grows until it reaches a pronounced form. In fact many people use this simple reflex as a life occupation—clowns, comics, and student teachers at E.K.S.C.; also, others use a chuckle or a giggle in their work.

The types of situations in which a person enters can cause this thing called laughing; an unexpected situation; an incongruous happening, or a form of humor in which two unrelated things are put together (for example an idiot, without enough sense to varnish a walnut, and a piece of string).

Laughing is truly a pleasure that anyone can experience; all that is needed are vocal cords, a diaphragm, and something to laugh at (this is never hard to find.) If perhaps more people would laugh, the world's troubles might end, however, I feel as do many that laughter has its place and should not occur at all times.

Nowadays recipes for fudge usually call for a tablespoon or two of corn syrup because the syrup helps make a creamy candy.

## Letter To Editor

Dear Seniors:

We would like to take this opportunity to express our appreciation for the way in which you have honored us in recent weeks. What a surprise when you presented us with such a beautiful gift at our Senior Dinner. And then to have you dedicate the Milestone to us has left us with insufficient words to express our gratitude.

Please accept our sincerest wishes for your future health, happiness, and success. We do hope that your relations with Eastern will not be severed at graduation time but will merely be changed from a student to an alumni category. We shall look forward to all your return visits to the campus.

The Larances

DEAR EDITORS:

I wonder if you have even looked closely at the checkout counter in the college book store? If you have, you may have noticed that right next to the cash register is a large piece of paper, taped to the counter.

At the last count, which was taken May 15, the list was composed of 162 names. This list is the chief goal and objective for all those who write checks at Eastern. It is the "Honor Roll of Rubber Check Writers."

It is true that some of the names on the "Honor Roll," do not belong there. These people were victims of honest mistakes and can be excused. However, there are some people on this list, who so enjoy seeing their name in print, that they constantly write bad checks. Yes, there are some this list who, knowingly and purposely write rubber checks.

The presence of a person's name on the "Honor Roll," is suggestive of immaturity, childishness, poor money handling, and just plain thievery.

This list is sent to the bookstore by the business office, and if anyone wishes to have his or her name removed, here is what he must do.

Go to Mr. Brock and pick up the bad check and pay for it. Then request that your name be removed from the list in the bookstore.

Don't do it though. If you do, then people will forget that you ever went to Eastern, because, for many of the names on this list, rubber check writing is the only way to gain recognition at Eastern.

Sincerely,  
 Arthur J. Spicer

If you want cake, cookies or rolls to have a thin layer of frosting, add the frosting while the baked product is still warm.

## Gulp!!! Another One Down

210 - 211 - 212 - 213 - 214 - 215. Whew!!!

Karen Marx and Ginny Walker have just counted the drink cups they have bought this semester. You know how it goes: a cup of coffee in the grill, a ride to Jerry's for a malt, in-between-class-break orange, and a final coke before bed. A nickel here, a dime there—they don't matter.

Oh, but Ginny and Karen have proved that they do matter. Between them, \$17.55 has been spent for 215 cups of soft drinks.

Here's the breakdown:

Item	no.	total
5c cokes	112	\$5.60
10c cokes	17	\$1.70
10c milk	51	\$5.10
10c coffee	12	\$1.20
10c Jerry's cokes	11	\$1.10
30c malts	7	\$2.10
15c Jerry's cokes	5	.75
	215	\$17.55

More 5c cokes were bought for \$5.60 but as true American girls 10c milk ranked 2nd.

If these two are average girls, every girl has bought an average of 100 soft drinks, spending \$8.50 per semester. If even 1500 students drink this much (and if my figures are correct), 15,000 cups per half the student body are purchased for the stupendous amount of \$12,750 per semester. If all students have the same average as Ginny and Karen then two times the preceding figure is \$25,500 spent by all students for drinks.

## Eastern's "Drinking" Team

Karen Marx and Ginny Walker collect drink cups for the year. Gallop Poll was in on the amount of drinks. From this came the astounding figures in the story.

## STUDENTS PARTICIPATE EAGERLY IN ELECTION

Don Axsom casts the first vote for Student Council officers as Wayne Richards looks on. The election was the largest participated in by Eastern students.

## Student Of The Week

### Miss Richmond — Miss Pam Insko

On April 27, a tall, brown-eyed girl stood before a crowded auditorium and calmly stated, "If I had thirty minutes to sit down and talk to someone I would want to talk to Billy Graham. He knows all types of people—he's been all around the world—he's done a lot of missionary work and...he knows God. I'd like to just sit down and talk to him—face-to-face."

Ten minutes later, a surprised, delighted Miss Pam Insko was crowned Miss Richmond of 1961.

Later, Miss Insko said that she had been excited but not nervous. "Up to the last week," she said, "I was restless and excited and couldn't sleep well...I made myself realize that if I didn't get any place in it, it would be my fault and no one else's. I was a little shaky when I went out for the talent show—I wasn't sure how the audience would react. I enjoyed the pageant. It was more like playing a big game than anything else...it was just like a dream—it still is."

PAM INSKO

The Miss Kentucky pageant, at which Miss Insko will be a candidate, will take place on June 1. Thinking of past winners from Eastern, she said that "Briefly, I'd like to live up to the good reputation the girls from Eastern have zone up there with in former contests." How would she feel if she should be the next Miss Kentucky? "Ticked to death."

How does she feel about Eastern? "I like the kids because they're so friendly. I just don't think you could find a nicer bunch of kids."

Her other interests are varied: swimming in the summer, dramatics, and travelling. She would especially like to sight-see in her home state.

## Tareyton delivers the flavor...

Here's one filter cigarette that's really different!

The difference is this: Tareyton's Dual Filter gives you a unique inner filter of ACTIVATED CHARCOAL, definitely proved to make the taste of a cigarette mild and smooth. It works together with a pure white outer filter—to balance the flavor elements in the smoke.

Tareyton delivers—and you enjoy—the best taste of the best tobaccos.

**EASTERN'S WET LETTERMEN**—Eastern Kentucky's lettermen, jinxed, along with the rest of the Maroons' defending Ohio Valley Conference baseball championship club by bad weather, presently are resting in a three-way tie for the eastern division leadership with East Tennessee and Morehead. The letterman are, kneeling, from left: Bill Goedde, outfielder from Cincinnati; Heber Dunaway, infielder from Beattyville; Jim Bell, infielder from Dayton, Ohio, and Ken Pigg, pitcher from Newport. Standing: Chuck Hayslip, catcher from Maysville; Bill Curry, outfielder from Covington; Carter Brandenburg, utility man from Richmond; Ted Onkst, infielder from Newport, and Earl Campbell, infielder from Richmond. The Maroons meet the Morehead Eagles Saturday at Morehead in a crucial twin-bill that could decide the outcome of the closely contested eastern division.

**O. V. C. Held On Weekend**

The undefeated Eastern Maroon track team of Coach Glenn Gossett left for Cookeville, Tennessee, Thursday where they will participate in the Ohio Valley Conference track meet.

The Maroons, with a 13-0 mark, possess the best record of all teams competing, but the competition they will face at Cookeville will be rough. In fact, the Maroons are not even favored to take the meet.

Coach Bill Ferguson's Murray thinlies are the pick to defend their 1960 crown successfully and for good reason. Murray was also undefeated, finishing at 6-0, including an 82-49 rout of Kentucky. Although Murray generally has the fastest times, Eastern has the edge on the basis of comparative scores against a mutual foe, Tennessee Tech. The Maroons beat Tech 53 while Murray was pressed to beat them 73-63. Morehead was also undefeated in dual competition and sports smashing wins over Louisville (103-28) and Cincinnati (85-38).

The OVC Sports Information Center in Louisville had the following to say about the matter:

"Returning to risk their 1960 titles will be Morehead's Marshall Banks (220), Murray's Russ Dawson (880) and Morehead's Richard Fletcher (javelin). Frank Haliburton of Middle Tennessee, who shared the high jump crown, also will be back.

**Eastern Track Team Downs Western Crew**

Eastern's track team downed Western 96-31 at Bowling Green Thursday night.

The Maroons, coached by Glenn Gossett, meet Centre at Danville on Saturday. If they win there, they will have completed a whole season undefeated—a 13-0 record.

David White paced Eastern over Western with a record-breaking Maroon mile run of 4:34.1 and another victory in the 880-yard run. Ernest Dalton was the other double winner for the visitors, capturing the high hurdles and high jump.

Winston Boone took the 100-yard dash in 9.8 and the 220-yard dash for the losers.

**Eastern Thinlies Finish Season With All Wins**

Eastern's track team, piloted by Glenn Gossett, has finished its regular season card undefeated.

The flashy Maroons recorded its 13th victory against no losses when it trod down Centre, 112-21, at Danville Saturday.

The Maroons will compete in the Ohio Valley Conference tournament at Cookeville, Tenn., this week-end.

Richie Emmons and Ernest Dalton with two individual wins paced the Easternites' triumph. Emmons won the low hurdles and 100-yard dash and Dalton captured the broad jump and tied for first in the high jump.

**Summary:**  
 100-yard: Emmons (E), Sprou (E), Hester (C), 10.0.  
 220-yard: Sprou (E), Hester (C), Chittum (E), 22.9.  
 440-yard: Scott (E), Pace (C), Lowry (E), 52.0.  
 880-yard: Scarton (E), Giancola (E), White (E), 2:04.1.  
 Mile run: White (E), Cunningham (E), Giancola (E), 4:51.5.  
 Two-mile: Brown (E), Thomas (E), Turley (C), 10:33.5.  
 120-yard high hurdles: Smith (E), Smith (C), Dalton (E), 7:16.2.  
 220-yard low hurdles: Emmons (E), Smith (E), Kincer (E), 25.4.  
 Mile relay: Eastern (Cunningham, Giancola, Scott, Scarton), 3:38.4.  
 Shot put: Maddox (E), Davis (E), Sampson (E), 41-1 1/4.  
 Pole vault: Wetenkamp, Hodges (E), Danker (C) and Billingsly (C), tie, 12-6.  
 Discus: Johnson (C), Davis (E), Sampson (E), 121-10 1/4.  
 High jump: Acton (E), Dalton (E), Smith (C), tie, 5-4.  
 Broad jump: Dalton (E), Lowry (E), Mascarick (C), 21-5.  
 Javelin: Wetenkamp (E), Spenik (E), Dalton (E), 149-9 1/4.

**Morehead Eagles Win Two Over ESC Nine**

Eastern diamondmen lost both games of a twin bill to the Eagles at Morehead Saturday.

The victories assured Morehead of at least a tie for first place in the eastern division of the Ohio Valley Conference.

Morehead first defeated the Maroons, 17-6, then bested them, 4-2.

The wins put Morehead's conference record at 5-3. Morehead must still play Eastern Tennessee, with a 3-3 conference record, to tie Morehead.

Richard Green pitched the first game for Morehead allowing only six hits.

The winner of the second game was Jim Hastings who pushed his won-lost record to 4-0.

The first filly to win the Preakness was Phine Maiden in 1915. She earned only \$1,275 in that test.

**ESC Golfers Blank Cumberland Linksmen**

Eastern defeated Cumberland 12-0 at the Madison Country Club Saturday.

Carl Kettner and Paul Motley both fired 72s in pacing the charges of Coach Glenn Presnell.

**Foreosome:**  
 Kettner (E), 72, def. Koch (C), 86, 3-0.  
 Wierwille (E), 75, def. Cameron (C), 86, 3-0.  
 Eastern won low ball, 3-0.  
**Twosome:**  
 Motley (E), 72, def. Moore (C), 82, 3-0.

**Kirk Leads UK Golfers In Win Over Eastern**

Kentucky golf Capt. Johnny Kirk, playing his next to last college match, tied his best collegiate mark of 69 in leading the Wildcats to a 17- trouncing of Eastern on the Madison Country Club course here Monday.

The Maysville senior's previous 69 came in his college debut in 1959 against Purdue.

Kirk was runner-up in Madison Country Club invitational tournament last year.

**The summary:**  
 Kirk (K), 69, def. Kottenecker (E), 7, 2 1/4-1/4.  
 Crutcher (K), 73, def. Motley (E), 75, 2 1/4-1/4.  
 Kentucky won low ball, 3-0.  
 Butler (K), 72, def. Wierwille (E), 79, 3-0.  
 Knight (K), 80, def. Van Hoose (E), 82, 3-0.  
 Kentucky won low ball, 3-0.

Frank Hannah, Dartmouth freshman skier, is the son of Sel Hannah of Franconia, N. H., former Big Green coach and Olympic skier.

Pittsburgh's Bob Friend faced 1,118 National League batters in 1960 and didn't hit one man. Dartmouth's football halfback Alan Rozyccki is also a standout lacrosse player.

High Guest and Cavalcade, a powerful Brookmeade Stable entry, ran one-two in the 1934 Preakness.

A sidelight will be the head-on collision of the 1960 champ, Banks, and the 1959 winner, Tennessee Tech's Rudy Schmittou, in the 220. A highlight of the 1961 season has been the comeback staged by Schmittou, who scored a triple in 1959—winning the 220 and 440 and running the opening leg for Tech's record-breaking mile relay team.

Out last season with broken legs suffered in football warmups, Schmittou has regained his best form.

Schmittou suffered his first 220 loss in three years recently when he got off to a bad start and just failed to catch teammate Jim Shaeffer at the wire.

Banks, runner-up to Middle Tennessee's Ray Purvis last year in the 100, also has been virtually unbeatable in the sprints, being clocked twice this spring in 0:09.8.

Returning record holders are Schmittou, whose 0:49.6 clocking in 1959 is best for the 440 with two turns, and Morehead's Fletcher, who tossed the javelin 198-8 last year at Murfreesboro.

OVC track records, incidentally, can be set only at the annual conference meet. Five records fell in 1960 but only two went by the boards last spring—Fletcher's javelin heave and Ray Purvis' 22-11 1/2 broad jump.

However, five conference marks have been bettered already this year—an indication that the official standards may take a beating in the meet at Cookeville, the site of the most record-breaking performances—18 records and seven ties.

Records which may fall are the 220, mile relay, 880, high hurdles and discus. Schmittou twice has bettered the one-turn 220 mark (0:22.2) with sprints of 0:21.9. The mile relay mark (3:28.1) has been shaded by four teams, with Murray's 3:23.5 showing the way, followed by Eastern Kentucky's 3:25.0, Middle Tennessee's 3:25.1 and Tennessee Tech's 3:26.3.

The four-turn 880 mark of 2:01.0 has been surpassed by at least five athletes with Murray's Dawson leading the pack with 1:56.9. The three-turn record for the 880 (1:57.3) also appears in jeopardy. Ray Cooper, Middle Tennessee freshman sensation, has beaten the high hurdle best (0:15.1) with an 0:15.0 clocking while teammate Dick Swain twice has tied the old mark. Bill Gibson, also of Middle Tennessee, bettered the OVC discus mark of 143-3 1/4 with a 146-0 heave."

Eastern's chances of victory ride on Dennis Sprou in the 100 and the 220; Ben Price and Bob Scott in the 440; David White and Ray Scarton in the 880; David White in the mile; Ernie Brown and John Thomas in the 2 mile; Bobby Smith and Ernie Dalton in the high hurdles; Bobby Smith, Richie Emmons, and Roger Kincer in the low hurdles; Ernie Dalton and Richie Emmons in the broad jump; Larry Wetenkamp and Neal Rippy in the pole vault; James Sampson in the shot put; Dick Davis in the discus; and Larry Wetenkamp and Ernie Dalton in the javelin.

**Maroon Golfers Easily Defeat Morehead, 16 - 2**

The Maroon golfers easily took care of the competition when Morehead State's linksmen visited here Thursday.

Playing on the Madison Country Club course, Eastern defeated the Eagles, 16-2.

Carl Kettner of Eastern and Charles Traxel of Morehead shared medalist honors with 78s.

**First foursome:**  
 Traxel (M), 73, def. Kettner (E), 78, 2-1.  
 Van Hoose (E), 76, def. Galloway (M), 86, 3-0.  
 Eastern won low ball, 3-0.

**Second foursome:**  
 Wierwille (E), 79, def. Slagle (M), 86, 3-0.  
 Motley (E), 75, def. Miller (M), 82, 3-0.  
 Eastern won low ball, 3-0.

**Eastern Freshmen Win From Central Nine**

Eastern's freshmen baseball team won its second straight game here Tuesday by downing Madison Central 7-5.

Troy Bliswick won his second game of the season while Ralph Hacker dropped his fourth decision against one win for Madison Central.

**why the blue suit with the gold bars?**

You're needed... just as your father and grandfather were. It's an obligation that a lot of qualified college men have to meet... that of serving your country, when and where you are needed.

And the Air Force needs college-trained men as officers. This is caused by the rapidly expanding technology that goes with hypersonic air and space flight. Your four years of college have equipped you to handle complex jobs. You have the potential to profit from advanced training... then put it to work.

**There are several ways to become an officer.**

First there is Air Force ROTC. Another program, relatively new, is Officer Training School. Here the Air Force commissions certain college graduates, both men and women, after three months' training. The navigator training program enables you to win a flying rating and a commission. And, of course, there's the Air Force Academy.

An Air Force officer's starting salary averages out to about what you could expect as a civilian. First there's your base pay. Then add on such things as tax-free rations and quarters allowances, free medical and dental care, retirement provision, perhaps flight pay, and 30 days' vacation per year. It comes to an attractive figure. One thing more. As an officer, you will become eligible for the Air Force Institute of Technology. While on active duty many officers will win graduate degrees at Air Force expense.

Why not contact your local Air Force Recruiter. Or write to **Officer Career Information, Dept. SC15, Box 7608, Washington 4, D.C.**, if you want further information about the navigator training or Officer Training School programs.

Chemistry through health and happiness is one of the many worthwhile projects that Mr. Cox and the Chemistry Department sponsor during the year. The display may be seen on the third floor in the Science Building.

### Peace Corps

(Continued from Page One)

physics and mathematics in secondary schools.

Peace Corps candidates can take one or both tests. The second test will be given June 5.

To qualify for every possible position in the Peace Corps, college graduates should take both tests. If the graduate prefers to teach English, biology, chemistry, physics or mathematics, he can elect to take only the second test. If he would not like to teach these subjects, the Volunteer should take only the first test.

It is important to note that a teaching certificate is not needed. Qualified Volunteers will be given teaching instruction during their training by the Peace Corps.

Candidates will take the Peace Corps Entrance Test for a measure of intelligence and learning ability, for knowledge of American history, institutions and values, for language aptitude or achievement, and for job competence.

The will complete a biographical date blank and a health inventory. Optional tests will measure their skills in such areas as teaching ability, farming and animal husbandry, basic mechanical engineering, basic health and child care.

There will be no such mark as a passing score. Different projects will require different abilities and someone who scores low in one area may score so well in others that he becomes the ideal person to pick for assignment.

Nicholas Hobbs, Director of Selection for the Peace Corps, said, "A Peace Corps volunteer must first of all be competent. He must be able to do a job well. Later tests will measure job commitment assess personality qualifications."

"The tests are designed to measure an individual's capabilities regardless of the extent of his schooling. Indeed, the Peace Corps wants practical people with basic skills."

The total testing time is estimated at five and a half hours. The results will be scored by the Educational Testing Service.

### Chemistry Window Open For View

Perhaps in passing the Science building at night during the past month you have wondered why the lights were on in the Chemistry department and how could one possibly be that interested in a course. These questions can be answered from the above photo which shows the special preparations synthesized by the Advanced Organic Chemistry Class of 1961.

The display which is in the Chemistry department was unveiled on May 2, during a program which represented the climax of several weeks of laboratory work. The theme of the display, "Health and Happiness through Chemistry," is very appropriate since each compound synthesized was some type of medicinal.

### Van Hook's Story

(Continued from Page One)

ificance, such as The Blue Grass Calvacade, of which Dr. Clark was also editor, and Kentucky in Retrospect, 1792-1942, which was primarily a chronology of events rather than a continuing story. In 1949, The 4 Keys To Kentucky, by Millard D. Grubbs, was published. This 633-page volume also contained a chronology and is an interesting and important book.

Autographed copies can be purchased from the author at \$3.30 per copy.

### OVC GOLF TOURNAMENT WINDING UP

The OVC golf tournament, in which Eastern State College is participating, winds up at Nashville, Tenn.,

Defending champion Middle Tennessee State held a nine-stroke lead at the halfway mark Friday. The Raider golfers held a team score of 285. Second place was Murray with 296. Trailing were Tennessee Tech with 302, Western with 307, Eastern with 318, East Tennessee with 326 and Morehead with 341.

### First Progress Banquet Monday

Ben F. Reeves, managing editor of the Courier Journal, will speak at the first annual spring banquet of the EASTERN PROGRESS, weekly student newspaper of Eastern Kentucky State College Monday evening.

The banquet, honoring this year's staff that, for the first time in the College's 55-year history published a weekly newspaper, will be held at 6:15 p.m., EST, in the Blue Room of the Johnson Student Union Building. Charles S. Klonne, senior from Park Hills, editor of the PROGRESS, will be the toastmaster.

Greetings will be extended by President Robert R. Martin and awards presented by Don Feltner, director of publicity and publications of Eastern.

### ESC Male Students

(Continued from Page One)

ville. The Pi Omega Pi, a national honorary fraternity for outstanding students in the field of business teaching, recognized the following members who were elected for membership: Leon Oliver, Danville; Lonnie Bowman, Mt. Vernon; Edward Bellamy, Richmond; Leonard Sidebottom, Louisville; Huston McQuerry, Crab Orchard, and Robert Becker, Louisville.

**Martin Honorary Member**  
President Robert R. Martin was presented an honorary membership card as the newest honorary member of the organization.

**Industrial Arts:** The Noble G. Deniston Award was presented by Homer Davis, of the faculty, to James Masterson, Paris, as the outstanding student.

**Health and Physical Education:** The outstanding senior award was presented by Dr. Robert J. Synovitz, associate professor, to Ken Tippett, Anchorage.

**Mathematics:** John Anderson was presented the outstanding senior award by Don Whitaker, president of the Math Club on campus.

**Physics:** The outstanding sophomore award was presented to Tommy Wayne Noe, Corbin, by James Smith, of the faculty. Anderson was recognized as having been awarded a scholarship to the University of Illinois.

**Presentation of Tentative Distinguished Military Students:** Lt. Col. Joe M. Sanders, Professor of Military Science, announced selection of Distinguished Military Students as follows: Alan Brandt Coleman, Clevel, O.; George Gilman Dopp, Jr. Bay Village, O.; James Lee Farris, Lawrenceburg; Ralph Edward Newman, Ashland; Harvey Ethern Turner, Frankfort, and Ronald David Wallace, Ft. Thomas.

Students with a 2.5 or better overall scholastic standing were introduced.

**Sophomores:** Ernest L. Brown, Ashland; Lamar Johnson, Stamping Ground; Gary McBee, Cynthia; Gerald Miracle, Richmond, and David Powell, Irvine.

**Juniors:** Everitt W. Kendall, Carrollton; David Magowan, Jr., Berea; James Showalter, Louisville, and Kyle Wallace, Somerset.

**Seniors:** John L. Anderson, Burkesville; Ellis Broughton, Jr., Richmond; Carl Cole, Lexington; Kenneth D. Griffith, Berea; Arthur Gross, Waterworks; Gilbert Hammond, Ponthill; Leonard Jefferson, Germantown; Clifford Kerby, Berea; Gene McFall, Nancy; Thomas Mier, Newport, and Larry Stanley, Pikeville. Stanley was also recognized for having received a National Defense Fellowship in history to the University of Kentucky.

**Omicron Alpha Kappa** recognized the juniors and seniors selected for the 1961-62 school year: Robert Riley Anderson, Coalwood; John Baldwin and Marshall Henry Berryman, Winchester; Russell Frank Batterson and John Vetter, Ft. Thomas; Clyde Blanton, William Blount, Clyde Carroll, William Coffey, Russell H. DeJarnett, Paul Fagan, Kenneth Kearns, Gerald Minto, Bailey Pease, and Leonard Sidebottom, of Richmond; Gary Blount, Beattyville; Harold Boone, Georgetown, O.; Gary Booth, Campton; Don Bornhorst, Lakeside Park; Ernest Brown, Ashland; Don Cain, Buckhorn; Ken Carter and Foster Ruckel, Eubank; Jack Crum, Kimslee; Plu, Bill Elkins, Jenkins; Kenneth Griffith, Clifford Eugene Kerby, Berea; Arthur Gross, Waterworks; Gilbert Hammond, Ponthill; Gerald Harris, Newport, Gary McBee and Ronnie Wolfe, Cynthia; Robert Loutens, Hazard; Thomas Mier, Newport; James Miller, Burdine; David Powell, Irvine; Joseph Roberson, Pikeville; Kent Richards, Jamestown; Ray Seaton, Masontown, Pa.; Donald Scherer, Cincinnati; Frank Scutchfield, Martin; Gary Stevens, Lawrenceburg; Robert Strickland, Corbin; Marshall Trautwein, Louisville; Kyle Wallace, Somerset; and Ben Gardner, Salyersville.

**Kappa Iota Epsilon** recognized the freshmen who have been selected for its membership during their 1961-62 sophomore year: Calvin Adkinson and James Bates, Frankfort; John Amburgey, Mt. Sterling; Donald Barnes, Charlestown, Ind.; Larry Bates, McDowell; Thomas Bean and Scotty Fulton, Maysville; Richard Berry, Ft. Knox; Robert Doekel, Ft. Thomas; Hubert Doerr, Charles Fezzarosa; Thomas Rippy, Donald Showalter and Cecil B. Winders, Louisville; Tommy Brown, Hardy; Larry Elliott, Manchester; James Gash, Salvisa; John Grishover, Robert Muething and Danny Witherspoon, Cincinnati; Wendell Gritton, Harrodsburg; Allen Hamon, Grayson; Arthur Hausberger, Cynthia; Charles Hensley, Miracle; Jack Lightner, Dayton, O.; Louis Meadows, Carrollton; Charles Mounce, Somerset; Arlie Noble, Robert Thomas, George Proctor and George Wilcox, Richmond; Tommy Noe, Corbin; George Ridings, Middlesboro; Donald Spicer, Ravenna; Edga; Van Hoose, Pikeville; David Wiley, Paintsville, and Daniel Sorrell, New Castle, Ind.

NEW K. E. A. OFFICERS AT EASTERN KENTUCKY STATE COLLEGE, elected this week, are, from left: Dick Allen, head of the College library, the newly-elected president of the local unit; Mrs. Joan Dawson Breeze, of the commerce faculty, secretary; and Quentin Keen, dean of men and a member of the English faculty, vice-president.

EASTERN STUDENT EDUCATION GROUP HONORS RETIRING FACULTY—Miss Janet Smith, center, of Irvine, president of the student N. E. A. at Eastern Kentucky State College, is pictured with two college faculty members who will retire after this school year. Dr. R. E. Jagers, left, associate dean of graduate studies, and Mrs. Gladys Tyng, of the education faculty, are both retiring after active professional careers. Each has taught for four decades.
