SEPTEMBER - 1957

C. K. C. Officials Conduct Meeting

The Officials Booking Department of the Central Kentucky Conference conducted a two-day meeting for football officials on August 9-10 in Lexington. The sessions were well attended by members of the local organization, and also present were representatives of most of the area organizations of football officials in Kentucky.

The officials from the various groups wire: Howard "Pete" Bennett, Western Kentucky Officials Association; Harold Sauter, Falls Cities Football Officials Association; Dave Longenecker, Metropolitan Football Officials Association; Bill Gammon, Northeastern Kentucky Officials Association; Ralpn Mussman, Northern Kentucky Officials Association; Kean Jenkins, South Central Kentucky Officials Association; Bernard Johnson, Officials Booking Department of the Central Kentucky Conference.

Jim Barlow of the Officials Booking Department arranged the program and was in general charge of the sessions. The officials were welcomed to the meeting by Newell Hadden, Jr., president of the local organization.

The program consisted of panel discussions on rules interpretations, led by Dave Longenecker. An outdoor demonstration was moderated by Bill Gammon and "Pete" Bennett. The rules changes were discussed by Thomas P. Bell, one of the clinic directors for the K.H.S.A.A. Coach John Heber, Henry Clay High School, explained "What a Coach Wants in an Official."

In addition to covering the rules changes, the group spent much time on controversial questions relating to rules interpretations and officiating procedure.

The most important items covered and the recommendations adopted were as follows:

1. FAIR CATCH SIGNAL: It is believed the present signal is understood and adequate. However, it was suggested particular emphasis should be placed on the waving of the extended arm to show that a fair catch is being clearly called for.

2. TIME ON FIELD: It was suggested the umpire keep the time on the field. This will result in nore accurate time-keeping, and will relieve the field judge of this responsibility. This will be especially helpful on pass and kicking plays as well as out-of-bounds plays and during official's time-outs.

3. ALTERNATE TIME CLOCK: It was recommended a watch be taken on the field by the officials even though the field clock is the official time. This policy will be helpful in the event the field clock should fail to function properly during the game. It was considered optional whether the alternate clock should be actually running or merely carried in case of emergency.

4. POSITION OF FIELD JUDGE: It is felt the field judge should be on the line to detect illegal use of hands, off-sides, and other snap infractions. It is believed the field judge is still in a position to cover situations down field. Of course considering individual preferences, on obvious pass or punt situations the field judge may vary his position accordingly. However, if at all possible he should maintain his position on the line even during these play situations.

5. POSITIONS DURING TIME-OUTS: In order that officials may rapidly assume their positions following a time-out it is recommended the umpire take the defensive team, the field judge take the offensive team, the linesman be on the ball, and the referee be free.

6. IMPROPER ALIGNMENT. This was a matter which received attention last year. Naturally, officials should do what they can to assist players in proper alignment. However, if the infraction occurs, it should be penalized as there will be no "first warning," In this respect it should be noted the team should be cautioned immediately upon breaking from the huddle and coming up to the line, and cautioned once only. After taking their position on the line no further warning should be given as this may result in causing an illegal shift or an illegal procedure infraction.

7. INCOMPLETE PASS OR FUMBLE: This is another item which received attention last year. It was agreed that two factors enter into consideration: first, the arm of the passer must have started in a forward motion; and, secondly, it is left to the official's judgment as to whether the ball had left the passer's hand.

8. ACTION OF OFFICIAL CALLING FOUL: The official who calls a foul should promptly inform the referee WHO, WHAT, WHERE, and WHEN. He should also escort any disqualified player to the side line and inform the coach the nature of the infraction and other particulars. Each official should assist the referee, and in case of error in enforcement of a penalty promptly call the referee's attention to it. It is not necessary to notify the coach of the violator on each penalty. However, all particulars on major fouls should be noted on the official's card in case the coach should inquire later.

9. FALSE START: Attention was called to the rule change this year in which an interior lineman may not change his position after assuming the three point stance. Also attention was called to the action of any offensive player which might simulate the action at the snap and tend to draw an opponent off-side. It is not necessary to actually draw an opponent off-side to be a false start.

10. COACHING FROM THE SIDELINES: With the new rule in effect this year permitting one player to talk with one coach at the sideline during any charged time-out, it was thought perhaps players and coaches will think they have this privilege at all times when the clock is stopped. It should be emphasized to the coach and captain in the preing a charged time-out and not during official's time-out or between quarters. Officials should use heir discretion and caution a player if it is obvious he intends to do this illegally. However, if a player is conversing with a coach at a sideline during an official's time-out or between quarters it must be enforced as coaching from the sidelines with a 15 yard penalty. Please emphasize this to the coach and team captain before the game.

11. APPLICATION OF RULE 1: It is the responsibility of competing teams to abide by the provisions set out in Rule 1. Any team who fails to have the field properly marked, flags furnished, etc., is violating Rule 1. Such infractions should be promptly reported to the Commissioner's office. It was recommended the referee notify the home team the week before the game by post card, stating the time of the game, time officials will arrive, and requesting the home team have the field properly marked and the boxman and chain crew ready with the chains and box approximately 30 minutes before game time.

Early Season Football Questions

Editor's Note: These rulings do not set aside or modify any rule. They are interpretations on some of the early season situations which have been presented.____ Installment I

1. Play. A1 wears on his hand or arm, a pad which contains fiber, sole leather or a stiff sheet of shaping material or is in the nature of a metal finger stall.

Ruling: Illegal. Player should not be allowed to participate until proper change has been made.

2. Play: A1 takes positon on end of line and then legally shifts to the backfield to leave former tackle A2 on end of line. If tackle has had a hand on the ground, may he move to a new position?

Ruling: No. After having placed a restriction on himself as a tackle, such restriction continues to apply unless the team is called up for new signals.

3. Play: After tackle A1 and end A2 have taken a 3-point stance on the line, B1 moves laterally. Because of this: (a) A1 shifts; or (b) A2 shifts.

Ruling: Illegal in (a). Legal in (b).

4. Play: Tackle A1 stands on line after which he puts hands on knees. He then drops to position with forearms on knees and finally to position with one or both hands on or near ground. Is this legal action?

Ruling: Yes. Up to time A1 places hand on or near ground, he may shift his body or move to another location.

Comment: The rule has been written so the defensive player will have reasonable opportunity of determining from any angle when the offensive interior linemen can no longer shift. A player's hand is considered near the ground if it is a few inches (approximately 3 or 4) above it.

5. Play: Tackle A1 and end A2 take a 3-point stance. A2 then shifts to a position in the backfield, leaving A2 on the end of the line. May A1 then move to a new position?

Ruling: No. The restriction established when A1 was in a tackle position continues.

6. Play: After ball is ready-for-play, offensive tackle takes 3-point stance inadvertently in neutral zone. He moves slowly back to be legally on line. Is this a false start if B: (a) is; or (b) is not drawn into neutral zone?

Ruling: Not an infraction of the rule concern-ing interior linemen. It might be a false start for other reasons but if the obvious purpose is merely to move to correct position, it will be considered legal action.

7. Play: A team charged with four time-outs in a half requests a time-out for injured A1. May A2 or B1 confer with his coach at the sideline.

Ruling: If A1 is removed, the time-out is not charged to anyone and it is not legal to confer.

Comment. It is recommended that no player go to the sideline to confer until Referee has indicated time-out is to be charged to a team. Officials should indicate quickly to both captains whether or not time-out will be charged to a team.

8. Play: Coach of A desires to confer alternately with both A1 and A2 during same charged time-out or line and backfield coaches desire to confer alternately with A1 during same charged time-out. Ruling: Illegal.

9. Play: During a charged time-out: (a) coach of team A moves beyond the coaching box sideline to confer with one of his players; or (b) two coaches of team A confer with one or two players.

Ruling: Foul in (a) and (b).

10. Play: While goals are being changed be-tween first and second quarters, A1 stops at his bench near the sideline to confer with his coach. Ruling: Foul.

11. Play: Head coach of A goes on field to examine injured A1. Line coach confers with A2 at the sideline. As head coach comes off field, may he replace line coach in the conference?

Ruling: No. Official is authorized to attempt to avoid foul by coach.

12. Play: During charged time-out, A1 starts toward sideline to confer with coach. Coach calls

instructions to send A2. Ruling: Illegal. Determination of which player is to confer with the coach should be by field captain or by other player designated by the coach in advance. The practice of calling any instructions from the sideline should be discouraged. Since the new rule allows considerable liberty in the way of conferences, all other restrictions on coaching from the sideline should be rigidly enforced.

13. Play: A school administrator on the bench calls instructions to his team.

Ruling: Foul. Any person in a coaching box or on the coach's bench must abide by Rule 9-6-Conduct of Persons Other Than Players.

14. Play: While a kick is in flight, K1 beyond the line interferes with R1 on R's 45 and K2 illegally pushes R2 on R's 35.

Ruling: Multiple foul. R has choice of 15 yards at previous spot or awarded fair catch. R may choose penalty for either foul or may decline both. R might take fair catch on his 45 or on his 35.

16 Play: Substitute A2 replaces A1 during a dead ball. Before the ball becomes alive, A3 enters for A2.

Ruling: Foul. After administration of penalty, A3 may remain in game.

17. Play: At the snap, A7 simulates being an end and he is not on the line and he is less than 1 yard behind it.

Ruling: Loss of 5 for illegal position. If there is a forward pass and A7 touches it before it is touched by a B player or if A7 advances beyond the neutral zone during the play and before the pass is touched,

Basketball Clinics

Charlie Vettiner, who has served the K.H.S.A.A. for many years as basketball clinic director, will be in charge of the 1957-58 rules meetings. Clinic attendance is required of all registered officials and head coaches under Association rules.

The meetings are held primarily for the training of officials, but much good will be accomplished when all officials and coaches attend the clinics and receive the same interpretations of the rules. The dates and sites of the meetings are as follows:

September 29, Louisville City Jail, 7:30 P. M. (CDT)

October 6, Elizabethtown High School, 1:30 P. M. (CST)

October 6, University High School, Lexington, 8:00 P. M. (CDT)

October 7, Somerset High School, 1:30 P. M. (CST)

October 7, Bell High School, Pineville, 8:00 P. M. (EST)

October 8, Hazard High School, 1:30 P. M. (CST)

October 8, Pikeville High School, 8:00 P. M. (EST)

October 9, Morehead State College, 1:30 P. M. (CST)

October 9, Ashland Y.M.C.A., 8:00 P. M. (EST) October 10, Newport High School, 7:30 P. M.

(EST)

October 14, Bowling Green High School, 7:30 P. M. (CST)

October 15, Mayfield High School, 1:30 P. M. (CST)

October 15, Madisonville High School, 7:30 P. M. (CST)

October 16, Henderson High School, 1:30 P. M. (CST)

October 16, Owensboro High School, 7:30 P. M. (CST)

Use of Registered Officials

The attention of principals and coaches is called to the lists of registered football and basketball officials which appear in this issue of the ATHLETE School men should study the current lists to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. If there is any question about registration, the official should be asked to present his card. K.H.S.A.A. By-Law 22 provides that member schools should use registered officials in all football and basketball games, and that failure to comply with this regulation makes the home school liable for suspension.

Football Examinations

Part II of the National Federation Football Examination for Officials will be given in Kentucky on Monday, October 7. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the "approved" rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. Officials who hold the "certified" rating keep this rating by attending one or more clinics each year. Eligible officials who wish to take the test should write the state office.

Delegate Assembly

Article IV, Section 2-b, of the K.H.S.A.A. Constitution provides that members to the Delegate Assembly at the annual meeting shall be elected by the principals of each basketball district on ballots distributed by the Commissioner before October 1 and returned on or before November 15. Delegates serve for a period of one year, beginning January 1 immediately following their election.

KAHPER Fall Conference

The Fall Conference of the Kentucky Association of Health, Physical Education, and Recreation will be held at Kentucky Dam Village on October 11-13. For the first time this will be a cooperative workshop with the Kentucky Section of American Camping Association. Larry Eisenberg, famous in the field of social recreation, will be the key consultant.

Basketball Tournament Trophies

Specifications are now being written for the trophies which will be used in the 1957 district and regional basketball tournaments. Bids will be taken by the Trophy Committee during the next few weeks. Firms interested in submitting bids on the tournament trophies should write to the Commissioner for information.

School for Officials

The ninth annual School for Basketball Officials was held on August 11-12 at the Phoenix Hotel, Lexington. The school was directed by Charlie Vettiner.

The sixteen officials and the regions which they represented were: Rex Alexander, Region 1; Amos Teague, Region 2; Roy Settle, Region 3; Ben Topmiller, Region 4; James Jenkins, Region 5; Howard Gardner, Region 6; Dave Longenecker, Region 7; Elmo Head, Region 8; Ralph Mussman, Region 9; Bennie Bridges, Region 10; Harry Stephenson, Region 11; R. K. Padgett, Region 12; John Crosthwaite, Region 13; Arnett Strong, Region 14; Dick Looney, Region 15; Ernie Chattin, Region 16.

In the first session of the school, held on the afternoon of August 11, the agenda included the

following: New Rules Changes, General Study of the Rules. In the evening session of the same day, the discussion centered around the following: Complete Study of the Rules, How to Call the Foul Lane Rule, How to Call the Dividing Line Rule.

The morning session on August 12 was given to the study of the techniques of officiating in Kentucky. Among the items discussed were: Floor Technique on Jump Balls, Floor Technique on Fouls, Floor Technique on Field Goals. The afternoon session was devoted to the matter of fixing responsibilities in "charging" and "blocking" fouls. Special emphasis was given to determining the primary responsibility on stationary and moving screens, and offensive and defensive fouling.

The school was attended by Associate Secretary Cliff Fagan, of the National Federation of State High School Athletic Associations, who discussed various phases of officiating and rules interpretations during the meeting. Commissioner Sanford offered a number of suggestions to officials as to the method in which they may best serve the officials and schools in their respective regions.

New Football Film

The enthusiastic reception which was given the film "Football For Millions" at its preview showing during the National Federation Annual Meeting at Miami Beach, Florida, indicates that it will be widely used during the 1957 Football season. This is the latest of the Wilson-Wheaties series which is sponsored by Wilson and General Mills.

The growth in number of viewers of these films has been phenomenal. Their primary purpose has been to supplement the rules training pro-grams as sponsored by the member State High School Associations. An important secondary purpose has been to increase rules knowledge and to encourage appreciation for good game administration. The films have been widely used in school assemblies, boys' clubs and service clubs as well as in school athletic departments where coaches have a pride in the attitude which is engendered among all squad members for the sport which is currently in season. Sports administration courses in the colleges have included a study of the films. An even wider use is in television programs where short films are often used to maintain interest. For such use, the television station is permitted to delete all advertising provided the deleted film strip is replaced before the film is returned. In nearly all cases, television stations have decided that the advertising material is of such a nature that it is an integral part of the film and no deletions have been made.

The number of leased prints of this new filmestablishes a new record. While the greater proportion of the leases are to State High School Associations, a considerable number are to teacher colleges, service clubs and conferences. In some cases, a conference of half a dozen high schools or colleges leases a print to service the members of the conference. This is also done for service clubs in a given area. In all such cases, the approval of the State High School Association is secured before any film is leased for showing in the given state.

The graphic way in which the football scenes are shown and the humor which provides continuity are of such a nature as to warrant the prediction that this will be one of the most popular of the film series.

National Federation Annual Meeting

The thirty-eighth annual meeting of the National Federation of State High School Athletic Associations was held at the Balmoral Hotel, Miami Beach, Florida, on June 26-29, 1957. Forty-four state associations, along with affiliated associations in Alaska, Ontario, Canada, and Hawaii were represented. In addition representatives from the Texas and Washington, D. C. associations were in attendance. Sixty-two state executive officers or assistant executive officers, fiftyfive state association board of control officers, and eighty-four additional board of control members attended. The National Association of Intercollegiate Athletics was also represented. The total individual attendance was 588. This represents a new record for total attendance.

Kentucky was represented by K.H.S.A.A. President Russell Williamson; Vice-President Louis Litchfield; Directors W. H. Crowdus, Jack Dawson, Robert P. Forsythe, K. G. Gillaspie, W. B. Jones, and Cecil A. Thornton; Commissioner Theo. A. Sanford; and Assistant Commissioner J. B. Mansfield.

The Hawaii High School Athletic Association was officially accepted as an affiliated member of the National Federation. Secretary Alvin Chang, Executive Officer of the newly-formed Association was present and participated in the program. Mr. Chang is also Director of Physical Education and Athletics for the territory. Alaska was represented by President-elect J. E. McCarthy. Canada was represented by Gerald Allen and Ford W. Auburn of Toronto, Ontario. The meeting was the occasion for introducing several Executive Officers who have recently taken office or who, for some reason, had not been initiated into the ranks of State Executive Officers. William C. Pace is the new Executive Officer of the Virginia High School League. He replaces H. R. Richardson, who has accepted a highly responsible position as county supervisor of Fairfax County, Vir-ginia. This county includes many of the large suburbs of Washington, D. C. During the meeting, Mr. Richardson was cited for outstanding services and the entire Federation group hopes that he will find happiness and satisfaction in his new field. Irvin A. Keller of Columbia, Missouri, and John E. Roberts of Marinette, Wisconsin are the newly-elected Executive Secretaries of their respective states. Delmer Marshall of Berke-

(Continued on Page Ten)

The Flying Dutchman

When the National Federation of High School Athletic Associations sent Cliff Fagan to the Kentucky High School Athletic Association's ninth annual School for Basketball Officials in Lexington, a lot was added to the value of this program. Cliff, who is a former commissioner of high school athletics in Wisconsin and is now working with H. V. Porter in the Federation offices in Chicago, did a complete job of selling himself to Kentucky's officials. The arbiters immediately liked him. He won their respect and confidence and made us all feel we had known him all our lives.

So much did Cliff Fagan contribute to the sessions this year, that it was a unanimous agreement that this group recommend him for the first Corn Cob Pipe of Honor Award for 1957-58. Already, the Kentucky Racehorse with the Cob Pipe adorning its neck is in Cliff's office.

Shelbyville's Elmo Head came up with another recommendation for the Cob Pipe Award when he named Jane Meyer, of his city, for the honor. In the line of unselfish service, Jane Meyer qualified because she has been a constant supporter of Shelbyville's athletic program besides sponsoring and chaperoning the cheerleaders for the past ten years.

This very popular lady takes the cheerleaders to all the games in her own car; gives the annual athletic banquet, which she has done for the past ten years; gives gold balls to seniors in all sports; awards an annual sportsmanship trophy to the outstanding senior boy and girl; helps all kids, not just athletes; and she recently purchased cheerleader jackets to be used on trips. Small wonder that the Corn Cob Pipe is on its way to this widely known Kentucky horsewoman who owns and operates the beautiful Undulata Farm.

There are some orchids to be passed out to the management of the All-Star Games. They were as well done as this writer has ever seen anywhere. Commissioner Ted and Assistant Commissioner Joe Billy get some for the administration of the best training school for officials we have ever had. Nothing was left undone to make the officials comfortable and to send them away feeling that the Kentucky High School Athletic Association is personally interested in the athletic welfare of all of the communities and the individuals associated with athletics.

The Dutchman

You know, it's not all study and work in the School for Officials, because most of the fellows bring along their golf clubs and get in as many holes as they can between sessions. So it was that the wee small hours of the morning found the Dutchman joining such experts as Dave Longenecker, of Louisville; Roy Settle, Owensboro; Rex Alexander, Murray; and "Dapper John" Gettler, of Lexington, on the course. Unless you shoot topflight golf, you don't want to "mess" with fellows like Dave, Roy, and Rex. They can pin about anybody's ears back on the golf course. Imagine what a picture the Dutchman's 93 made alongside Longenecker's 77, Settle's 78, and Alexander's 79. Gettler kept me company with 92!

It is a certainty that the School received added impetus this year from newcomers Jimmy Jenkins, of Bowling Green; Dave Longenecker, of Louisville; and Ralph Mussman, of Newport. It's funny, whenever we think of these three fellows, we think of Jimmy as "the brains," Ralph as "the personality," and Longenecker as "the courage." In Bowling Green, they'll tell you that Jimmy Jenkins is just plain sharp, and in Newport, City Manager Ralph Mussman is loved by everyone, including those whom he penalizes for being bad boys, while the courage of Dave Longenecker is a story in itself.

About Dave—claiming Ohio State as his Alma Mater and having coached in Columbus, Ohio, it was a happy day for Kentucky when Dave brought his bride here. Immediately, he established an enviable officiating

record, being in demand far and wide, and then came misfortune. On a trip into Ohio, an unfortunate accident put Dave and his wife in the hospital, with Mrs. Longenecker being in a full body cast for months. Neither gave up, and some time later Dave was out, but Ann was still wearing a cast. While Ann was still in the hospital miles away, Dave was stricken with a heart attack and all the doctors gave him up. In her cast, Ann was rushed to Dave at the time when all hope seemed gone, but this chap refused to quit living.

More frustration was in store. Dave recovered and was elected to work the State Tournament, the aim of all officials, but his doctor said, "No, you can never be very active physicaly again." And yet, this same courageous chap officiates regularly and feels better because he does, shoots sub-par golf, and is one of Kentucky's finest leaders. Much of the credit for his remarkable comeback has to go to charming Mrs. Ann Longenecker.

The big things scheduled in the near future are the Kentucky High School Basketball Clinics. All coaches are reminded that this year there is a requirement that they must be in attendance. So it is that we are looking for much larger crowds, and anticipating that these meetings will be of great value in bringing about friendlier relations between the coaching and officiating fraternities.

Many spectators and even some coaches will agree that scheduling the Louisville officials' clinic at the City Jail is an appropriate move. These men already wear striped shirts. Be that as it may, the new and modern meeting room of Louisville's new City Jail will have the arbiters right where a lot of people have always suggested that they be put, only the door will not be locked! For the date and the place your clinic is scheduled, check elsewhere in this issue of the ATHLETE.

Remember that the three aims of The Flying Dutchman are: 1) To recognize people rendering unselfish service to others through the Corn Cob Pipe of Honor Award; 2) To find all of the Game Guys of Kentucky who are overcoming physical handicaps to play normally like other youngsters; and 3) To honor communities going beyond the call of duty to be good neighbors to the communities visiting them when Kentucky teams compete in sports.

Let's have your recommendations!

NATIONAL FEDERATION ANNUAL MEETING (Continued from Page Three)

ley, California recently became Assistant Secretary of the California Interscholastic Federation. He will assist W. W. Russell in administering the affairs of the California Federation. Brice Durbin of Topeka, Kansas is the newly-elected Assistant Secretary of the Kansas State High School Activities Association. He will assist Carl Kopelk in the work of that organization. Norman J. Mansfield is the Assistant Secretary of the New Jersey State Interscholastic Athletic Association. Alvin Chang is Secretary of the Hawaii High School Athletic Association. In addition to these newly-elected men, H. W. Jennings of Petaluma, California was included with the initiates since it was pointed out that, even though he has served the North Coast Section for many years, he had not been of-ficially initiated. In addition to these men who were present for interesting initiation ceremonies, it was announced that Floyd Lay, Field Secretary of the Florida High School Activities Association, and Thomas Whalen of the Vermont Headmasters Association had become Executive Officers since the last meeting, serving on a part-time basis.

The opening general session on Wednesday night included an interesting "Parade of States", which involved participation by the young people of the group. The pageant was efficiently supervised by the committee.

A ceremony honoring Past-Commissioner E. A. Thomas and Mrs. Thomas was conducted on Thursday night at the non-athletic

session. A memorial tribute to prominent members of the group who had passed away since the last meeting was paid by Secretary Henry De Young (Washington). Those specifically listed are R. L. Bates of Enterprise, Alabama, William A. Fisher of Lynden, Washington, Leonard L. McLucas of Jacksonville, Florida, D. R. Mitchell of Lehi, Utah and H. L. Ray of Chicago, Illinois. Citation certificates were presented in an impressive ceremony with Vive-President L. T. Havig presiding.

Speakers and others who had an active part in the program included most of the State Executive Officers and many Board of Control officers and members. In addition, interesting presentations were made by Dade County (Florida) Superintendent of Schools Joe Hall; Deputy State Superinten-dent of Florida Schools J. K. Chapman; Dr. Clair E. Turner (National Foundation for Infantile Paralysis); Howard A. Hobson (A.A.H.P.E.R); Harvey Harman (Football Hall of Fame); John L. Longfellow (President of the National Association of Intercollegiate Athletics); Don McClanen (Fellowship of Christian Athletes); J. Eugene Ringsdorf (U. S. Soccer Association); and Milton Raymer (American Junior Bowling Congress).

Announcement was made concerning a friendly alliance which had been completed during the year with the National Junior College Athletic Association and of a proposed alliance with the National Association of Intercollegiate Athletics. The purpose is to further mutual and overlapping interests for which joint action will be of benefit to all groups. Dr. Norma Leavitt of the University of Florida training staff attended the meeting as a representative of the National Section of Girls and Women's Sports, and participated in the discussion.

The Friday night session included a feature of the new film "Football For Millions" produced by the Official Sports Film Service under the supervision of Director W. M. Runyon. This was followed by the showing of an interesting reel of pictures taken by Commissioner Lee K. Anderson (Oklahoma) at last year's annual meeting. The film program also included a showing on Thursday night of a soccer film, an Olympic track film and a film depicting activities of the Fellowship of Christian Athletes.

Secretary LaFayette Golden and members of the Florida Board of Control rendered many services and contributed to the smoothly functioning series of meetings. The Florida Association complimented the group with an interesting sight-seeing trip on buses secured by the Association. A majority of those in attendance took advantage of this trip along fabulous Collins Avenue on which are located deluxe hotels and motels in numbers which are fantastic. It also included a drive past some of the world famous estates in Miami.

Popular activities engaged in by many of those in attendance included a complimentary beach luncheon for the young people, swimming, sun bathing, boat trips in Biscayne Bay, bridge and canasta.

The Executive Committee met at 8:00 P. M. Tuesday and at 1:30 P. M. Saturday. At the Saturday meeting, newly-elected members C. H. Hancock of Great Falls, Montana, representing Section 6, and C. E. Wetmore, representing Section 4, were present. The committee organized by electing Homer Williams (Idaho) President and W. R. Fugitt (West Virginia) Vice-President.

Here is a brief summary of action taken by the National Council. The Hawaii High School Athletic Association was accepted as an affiliated member of the National Federation. Three proposed additions to the list of recommended eligibility rules were acted upon and two of these were adopted. One of them is designed to prevent some of the evils which have or which might develop if high school athletes were permitted to attend clinics or camps in which one of the purposes is to give coaching instruction to such athletes. The other is a recommendation that each of the State Associations adopt a rule which prohibits the use of high school facilities or manpower in connection with any unapproved all-star contest which involves high school athletes or recent graduates whose prestige established during the previous school year is the basis for selection on such all-star team. The Treasurer's report was approved. For the fiscal year ending January 31, the report showed an excess of receipts over disbursements of approximately \$14,000.00. Of this amount, about \$7,800.00 were received as interest and dividends from securities in the Federation working fund. In addition, about \$4,700.00 were received as interest and dividends from securities in the Retirement Fund. Sales gain during the past fiscal year was approximately \$8,870.00 fo the Federation Fund and an additional sales gain for the Retirement Fund of about \$6,800.00, for a total sales gain of approxiPage Twelve

mately \$15,670. A list of all securities in both funds was inspected by the Council. The Mutual Legal Aid Pact was reviewed and full report was studied by each member of the Council. An election of Sections 2, 4 and 6 resulted in the reelection of Herman F. Keller (Indiana) of Section 2 and the election of C. E. Wetmore (Wisconsin) for Section 4 and of C. H. Hancock (Montana) for Section 6. Announcement concerning the 1958 Federation meeting was made. The winter meeting of the National Football Committee, State Executive Officers and Federation Executive Committee will be at the Phoenix Hotel in Lexington, Kentucky on Monday, Tuesday and Wednesday, January 6, 7 and 8, 1958. The next annual meeting will be held in California during the week of June 22-28, 1958. The exact dates depend on available accommodations but the dates of June 25-28 are preferred. The facilities in the Lake Tahoe area are being studied to determine whether they are adequate. Final action will be taken as soon as a California committee further investigates accommodations.

Pre-Meeting Activity

Prior to the opening of the formal sessions, small groups convened to discuss specified topics. Those interested in athletic accident insurance and safety projects had a conference Tuesday afternoon, June 25. Some of the discussion centered around problems which are created by athletic insurance firms which make this type of insurance a means of making contacts which may balance an operating loss. Among such companies there is considerable turnover from year to year. It is not uncommon for a company to enter the field at an extremely low rate and then find it necessary to discontinue the program or to increase the rates. All of this provides a type of competition which creates difficulty. Another problem centers around unscheduled coverage in an Association benefit plan. This reimburses a school for any medical or hospital expense which has been incurred, without specifically stating in the schedule the amount which should be paid for care of such injuries. Representatives from California, Kentucky and Wisconsin commented on the unsatisfactory nature of such efforts. Among those who commented on experiences in subsidizing the insurance program were Messrs. C. E. Forsythe, John Roberts and T. A. Sanford. Several years ago, Wisconsin subsidized the athletic insurance program in the amount of about \$41,000.000 in a given

year. Currently, the State Association subsidizes this activity in amounts ranging from 65c to \$1.25 for each individual. Iowa subsidizes this division in the amount of \$1.00 for each individual policy. Until the last couple of years, the Michigan Association had a surplus at the end of each year which permitted them to honor special cases which were not included in the regular schedule. For the last couple of years, the claims have been such that the surplus was negligible and it has not been possible to expand the coverage to include unscheduled cases. In a few states, such as Florida and Georgia, the athletic benefit plan has been discontinued because of the feeling that adequate coverage is now available through regular insurance company channels. The cost to schools is somewhat higher than when the State Association sponsored the program but the tendency was in the direction of making greater claims each year because of the feeling that the insurance division is impersonal and "fair game" even when operated by the group of schools as a unit.

Attention was called to a number of the efforts in the direction of reducing injuries. Many of these efforts have been sponsored through the Football Safety Committee. The opinion was expressed that there have been some good results and that these projects are tangible evidence of good things which can be accomplished through directing attention to avoidable injuries and the need for adequate care of those which are unavoidable.

The National Federation Track and Field Rules and Records Committee met on Wednesday morning, June 26. Because a great many others were interested in the activity of this committee, the meeting was in the nature of "open house." Approximately 60 men sat in with the committee.

Federation representatives on the Joint Baseball Committee participated in a beneficial meeting on Thursday morning and topics of general interest were discussed. The primary purpose of the meeting was to keep interest in the project alive. It was the opinion of the group that these activities are proceeding in a satisfactory way and that no controversial movement exists at the present time. Report of this committee was made at the Friday afternoon session.

Session for Board Members

The Wednesday afternoon session was made up of two divisions which ran concur-

Page Thirteen

rently, with State Association Executive Officers in one group and members of State Association Boards of Control in the other. Both sessions convened at 2:00 P. M. and continued to 5:30 P. M.

The Board of Control session was called to order by Board Member H. D. Williams (Idaho), member of the Federation Executive Committee. Presiding duties were divided between Mr. Williams, President V. E. Dozier (Florida) and President V. F. Goddard (Tennessee).

An interesting presentation concerning Association finances was presented by President R. C. Hall (Washington) and Jack Dawson (Kentucky). Mr. Hall called attention to ways in which Associations are financed. A few such as Florida and Wyoming place great dependence on dues paid by member schools. Some, such as Oklahoma, Montana and Oregon, receive some income from football play-offs. The California Federation is partially supported by the athletic insurance program. Some states, such as Tennessee, Illinois, Kentucky and Ohio have a sizeable surplus which returns interest. Iowa owns a headquarters building from which there are some rental returns. Minnesota receives some financial help from a profitable hockey tournament. For a majority of the Associations, great dependence is placed on receipts from basketball tournaments.

Mr. Dawson, who has had much experience as a State Association Board of Control member, called attention to the many services which can be rendered if Association funds are available. In some states, basketball tournament receipts are great enough so that an appreciable sum of money may be returned to each member school at the end of the This is a direct bonus or dividend. vear. States such as Illinois and Indiana are among those which choose to make a direct contibution to each member school athletic department. In other states, the State Association receipts merely balance the needs for administering the affairs of the Association. In some, there is an appreciable income and the member schools have expressed a desire to have the excess funds used for expanded services. In some, the athletic accident insurance program is subsidized so that the cost of such insurance to member schools is quite low. In some, a scholarship fund to assist worthy high school students in securing a training in physical and athletic educa-

tion is available. In a few, receipts from the basketball tournaments are partially used in defraying part or all of the travel expense incurred in connection with non-paying sports such as track, tennis and golf. In some, part of the funds have been used to build or buy a headquarters building to climinate payment of rent. State Association staffs have been increased to more adequately administer services of all kinds to member schools. There is a marked trend in the direction of using some of these funds as a type of endowment or working fund which will cover part of the running expenses of the Association. The size of the working fund has undergone a change over the past several years. In most states, it is recognized that a surplus of a few thousand dollars is no longer adequate. In general, the amount accumulated in the State Association surplus ranges from an amount which would cover all necessary running expenses of the Association for a period of one year to an amount which may reasonably be expected to provide an income in interest and dividends of from \$5,000.00 to \$10,000.00 per year. In all cases, it is recognized that an Association with adequate funds is more stable and more highly respected because of the tangible services which can be rendered. Adequate funds also contribute to the building of an efficient State Association office staff. In all of these matters, it is essential that those who have the reponsibility of administering the funds use good judgment in preventing wasteful practices and in authorizing only those expenditures which will meet with the approval of member schools.

FOOTBALL QUESTIONS

(Continued from Page One)

he commits an additional foul which makes it a multiple foul.

18. Play: On a forward pass play, ineligible A1 advances beyond neutral zone and Umpire throws a foul marker. The pass ends behind the line. What is the proper procedure?

Ruling: Some Officials refer to this as "eating the marker." It is not greatly different from similar situations. Sometimes a touchdown signal must be retracted because there was a foul. There might be use of hands after ball has become dead under circumstances in which Official is not certain ball was dead. Use of hands during the dead ball is not a foul so the throwing of the marker would have to be canceled. There is no signal which is entirely satisfactory for canceling use of marker. Probably the one which comes the closest is the declined penalty signal.

19. Play: May a safety be declined?

Ruling: If the safety is the result of legal play, no foul has been committed and there is no penalty to decline. If the safety would result from enforcing a penalty, then the penalty may be declined just as

a penalty for any single foul may be declined. 20. Play: A1 requests privilege: (a) of tying his shoulder lace pad; or (b) replacing broken shoulder pad lace.

Ruling: Referee will order clock stopped. In (a), if A1 or A2 on the field or an Official ties the lace without appreciable delay, the Referee will charge the time-out to himself. In (b), the replacement or repair of the broken shoulder pad lace will normally necessitate the assistance of an attendant, coach or someone from the bench. Therefore, the Referee will charge the time-out to team A. In both situations, clock starts when ball is placed ready-for-play.

21. Play: A1 advances across B's goal line. After ball becomes dead, A3 commits personal foul. A2 is offside.

Ruling: Not a multiple foul. Acceptance for offside penalty is automatic. Both fouls penalized. Total loss of yards will be 5 yards plus 15 yards. 22. Play: If the kickers commit fair catch in-

terference, does this always give R the right to advance after catching kick? Ruling: Not unless the interference is caused

by a kicker touching the kick.

23. Play: Since penalty for a flying block or tackle has been eliminated, does the last sentence of Rule 10-5-2 serve any useful purpose?

Ruling: This sentence could probably be elimi-nated except for the unusual case where there might be a foul by a non-player during a running play in which the ball becomes dead in the end zone. If such foul has a penalty of 5 yards, measurement could leave the ball in the end zone.

24. Play: What is the relationship of the terms enforcement, administration, acceptance, declination and measurement?

Ruling: The term "enforcement" is usually synonomous with "administration." When Official enforces a penalty, he arranges for possible "acceptance" or "declination" and for "measurement." The term "measurement" implies acceptance of penalty. In the Federation code, all penalties involve distance of 5 or 15 yards. Hence, the term "measurement" covers all cases in which a penalty is accepted and the term is so used in the current edition of the rules.

25. Play: If the second scrimmage-kick occurs after K has recovered their first kick behind the line, is this a return-kick?

Ruling: This is not a return-kick unless there is a change of team possession. The next down is not always first unless the kick has been touched beyond the line by R.

26. Play: In the Football Meeting Folder, Ques-tion 6 is a thought provoker which is a "little catchy." What factor makes the listed answer incorrect?

Ruling: The listed choices are correct as given but the choice is made by team A instead of team B.

27. Play: In the 6-Man game, should the kick-off after safety be from the 15 yardline or from the 30 yardline and may a field goal be scored by such kick?

Ruling: Such kick should be made from the 30. It is not possible to score a field goal from the kick. 28. Play: When and where will the National

Federation Football Committee meet in 1958? Ruling: At the Phoenix Hotel in Lexington,

Kentucky on Monday and Tuesday, January 6 and 7.
