National Federation Meeting

The National Alliance Football Committee and the executive officers of the National Federation of State High School Athletic Associations met at the Phoenix Hotel, Lexington, Kentucky, during the period of January 6-8, 1958. The K.H.S.A.A. was represented by Athletic Director Edgar McNabb of the Beechwood High School and Thomas P. Bell of Lexington, football clinic directors; and Prin. Joe Ohr of the Irvine High School, Secretary of the Kentucky Coaches Charity Association.

The session for executive officers was attended by Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield. Also present at several sessions for both groups were members of the K.H.S.A.A. Board of Control. More than 100 delegates were present at the two meetings.

National Federation President Homer Williams, in the first football committee session, held on January 6, welcomed representatives of the National Junior College Athletic Association and the National Association of Intercollegiate Athletics. Brief reports from standing committee chairmen were made as follows: EQUIPMENT, Lyle Quinn (Iowa); GAME ADMINISTRATION AND MANUAL, J. C. Harper (Alabama); RESEARCH, S. D. Jackson (Tennessee); SAFETY, Kermit Anderson (Minnesota); STATISTICAL, Webb Porter (Tennessee); INJURY DATA, W. M. Runyon, (O.S.F.S.). The afternoon session was devoted to a discussion of the football questionnaire and editorial topics.

The visitors were guests of the K.H.S.A.A. at a dinner meeting, held at the Student Union Building, University of Kentucky, at 6:00. Dr. Robert R. Martin, State Superintendent of Public Instruction, was the speaker for the occasion. He discussed the relationship of a well organized sports program to general education. Following the dinner, the group adjourned to Memorial Coliseum, to see two basketball games which had been scheduled in honor of the visitors. In the opening game Frankfort defeated Lafayette by a score of 52-48. Daviess County was winner over Russell County in the second game by a score of 79-61.

The two rules sessions on Thursday were involved with Authorization of Rules Revisions, Experimentation for 1958, Safety Program, Citations, and a discussion of the 1959 meeting.

The sessions for executive officers were held on Tuesday evening, January 7, and Wednesday morning. Presiding at the sessions were Commissioner L. V. Phillips of Indiana and Commissioner Sanford of Kentucky. Topics for discussion were as follows: Federation Recommended By-Laws, Olympic and All-American Activities, The Mutual Legal Aid Pact, Basketball Reaction and Preferences, Progress Reports, Uses of Available Material, The 1958 Baseball Program, National Alliance Developments, Athletic Injury Conferences, and Expansion of Track and Field.

Mr. H. V. Porter, Executive Secretary of the

National Federation, has summarized the more important rule modifications which received the approval of the Football Committee. Mr. Porter's summary follows:

CHECK-UP ON 1957 CODE: Approximately 20,000 Football Questionnaires were distributed. Distribution was through machinery set up by each of the participating organizations. Approximately 6400 were returned and tabulated. Separate summaries were made for each of the participating groups. The proportionate vote in one group differed very little from the corresponding vote in each of the other groups. This was true for the check-up on last season's rules as well as for suggested revisions for the season of 1958.

A check-up of Part I of the Questionnaire revealed overwhelming approval of the revisions which were authorized for and used during the 1957 season. Coaches, officials and game administrators expressed approval of the rule which prohibits reverse sleeve stripes below the elbow and the right of a team to use any officially-approved type of ball when the ball is put in play by that team. There was a 92% approval of the rule which permits one player to talk to one coach at a sideline during a legal time-out charged to either team.

The slightly greater restriction on movement of guards and tackles after taking a set position on the line was approved by a 2 to 1 vote. On this item, there was a larger dissenting vote than for other items. Comments revealed that most of the opposition was because of details of administration rather than opposition to the principle of discouraging deceptive movements intended to cause the opponent to commit a foul.

The rule which prohibits any player from grasping an opponent's face protector, even though he may be the runner, received almost unanimous approval.

Part II of the Questionnaire reveals problems are still created by: (a) illegal coaching at times other than those when coaching is permissible; (b) failure of the ends to be in proper position on the line of scrimmage; (c) an official blowing his whistle at the wrong time, i.e., when he is not thoroughly familiar with the acts which cause the ball to become dead immediately; and (d) use of the elbow or hands not in contact with the body in blocking activities.

ABOUT PROPOSALS FOR 1958: Questionnaire returns showed a heavy majority in favor of continuance of the right of one player to talk to one coach at the sideline during a legal charged time-out. About 1/10 of those who voted on the matter would expand the rule to permit several players and several coaches to participate in the sideline conference.

The rule concerning restriction on interior linemen of A received a heavy supporting vote but a healthy minority favors no additional restrictions

Correction

The names of two basketball coaches were omitted inadvertently from the list of coaches which appeared in the January issue of the ATHLETE. Robert J. Gover is coach at the Richardsville High School, District 17, Region 5; and Wilms Kiefer is coach at the J. M. Atherton High School, District 25, Region 7.

News About Swimming

The 1958 State High School Swimming Meet for Class A will be held in Lexington on Saturday, February 22, at the University of Kentucky pool. This is the earliest date on which the Class A meet has been held, and it is in line with the wishes of the school men involved. The meet for Classes B and C will be held at the same location on Saturday, April 12. This date is a week later than the one originally planned and announced on the K.H.S.A.A. calendar.

Class A schools will include those high schools with an enrollment of 750 or more (grades 9-12), Class B will include those schools with an enrollment between 300 and 750, and Class C will be schools with an enrollment of less than 300. Any school may enter a class above its classification, and any school entering a team in the meet for the first time may enter the class below its classification.

Class A will have eleven events this year, two more than the number in 1957. The new events are the 400 Yard Freestyle and the 100 Yard Butterfly. Class A swimmers may compete in only two events this year, including Fancy Diving. This is in line with the 1958 interscholastic rules. The Class A events this year are as follows: 400 Yard Freestyle, 50 Yard Freestyle, 100 Yard Butterfly, 200 Yard Freestyle, 100 Yard Backstroke, 100 Yard Freestyle, 100 Yard Breaststroke, Fancy Diving, 150 Yard Individual Medley (butterfly, back, front crawl), 200 Yard Medley Relay, and 200 Yard Freestyle Relay.

The method of entering teams in the meet will be the same as in past years, with the State Office supplying entry blanks to the schools whose principals have indicated that they will enter teams in the meet. The Association will make the same allowance to participants for transportation, lodging, and meals, as is given State Track Meet participants in each event. Expenses for the swimming coach will be paid if the school has as many as four entries in the State Meet.

By-Law 21

School administrators and coaches should check their schedules carefully and see to it that their teams are not playing more than the number of basketball games allowed under the provisions of K.H.S.A.A. By-Law 21. In only one county, conference, or invitational tournament may the games played by a team representing a member school count as only one game. If a team plays in more than one of these tournaments, the one in which the most games are played may be counted as the one game mentioned in the By-Law.

"Certified" Officials

Since the list of "certified" officials appeared in the January issue of the magazine, five additional officials have qualified for the "certified" rating. They are: Bill Baird, Tom Cabbage, Cleophus Pursiful, William Varble, Milford Wells.

National Intramural Association

Ellis J. Mendelsohn, Director of Intramural Activities at the University of Louisville, announces the forthcoming conference of the National Intramural Association, scheduled to be held at the Seelbach Hotel, Louisville, on March 20-21, 1958. Mr. John Heffernan of Brown University, Providence, Rhode Island, is President of the Association. Mr. Mendelsohn is Executive Secretary of the organization, and convention manager.

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Sunday evening, January 5, 1958. The meeting was called to order by President Russell Williamson at 8:00, with Vice-President Louis Litchfield, Directors W. H. Crowds, W. B. Jones, K. G. Gillespie, Jack Dawson, and Cecil A. Thornton; Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield present.

Jack Dawson moved, seconded by Louis Litchfield, that the reading of the minutes of the October 5th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Chairman W. B. Jones of the Trophy Committee reported that the low bid of the Sutcliffe Company of \$27.95 and \$32.80 respectively for district and regional basketball tournament trophies had been accepted by his committee, the only other bidder being Hunt whose figures were \$30.95 and \$34.95. W. H. Crowds moved, seconded by Cecil A. Thornton, that the action of the Trophy Committee be approved. The motion was carried unanimously.

Chairman W. H. Crowds of the Football Championship Committee asked the permission of the Board for sending out a questionnaire to schools currently playing football concerning their wishes relative to a possible official football championship being declared. Several items to be mentioned in the questionnaire were discussed by the Board members. K. G. Gillespie moved, seconded by Louis Litchfield, that the Commissioner be authorized to send out the questionnaire prepared and recommended by the Football Championship Committee. The motion was carried unanimously.

The Commissioner reported that the 1958 K.H.S.A.A. Delegate Assembly and dinner meeting would be held on Thursday of K.E.A. week this year. He stated that he believed that this earlier date would result in better attendance at both meetings. He was authorized to secure the services of a speaker for the dinner meeting.

The Commissioner brought to the attention of the Board correspondence concerning the Bill Coley

Films

The films listed below are in the Film Library of the University of Kentucky Department of Extension. The Code letters "e,j,s,c,a" refer to elementary, junior high, senior high, college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans, offered by the Bureau of Audio-Visual Material.

Basketball

BALL HANDLING IN BASKETBALL, j-s-c, 1 reel, \$1.50

Teaches fundamentals of basketball handling including stance, grip, control, adjustment before shooting, catching the ball, and other points. Presents game shots, using special photographic techniques to illustrate principles.

BASKETBALL BY RUPP, j-s-c-a, 2 reels, \$2.50

Animated play diagrams, slow motion photography, and action shots are combined in this new film prepared under the personal direction of Mr. Rupp especially for coaching use. Among the drills and plays covered in this film are: pivot man's slide into the basket; Play No. 6, the famous Kentucky Basket Maker; legal screening; penetrating zone defense; and the Kentucky fast break.

BASKETBALL FUNDAMENTALS—INDIVIDUAL TECHNIQUES, j-s-c-a, 1½ reels, \$2.50

Branch McCracken, Indiana University basketball coach, uses his team to demonstrate the fundamentals of basketball. Slow-motion photography is used to break the various court techniques down into easily grasped essentials.

BASKETBALL KENTUCKY STYLE, j-s-c-a, 2 reels, \$2.50 (in state), \$5.00 (out of state)

This is the revised edition of the film "Basketball By Rupp" prepared under the personal direction of Mr. Rupp especially for coaching use.

BASKETBALL STRATEGY FOR GIRLS, j-s-c-a, 1 reel, \$1.50

The basic strategy of offense play (fakes, rolls, cutting, screening, varying pace) and defense play (player to player, basic zone, shifting zone, triangle, and diagonal) is demonstrated and explained in this film.

BASKETBALL TECHNIQUES FOR GIRLS, j-s-c-a, 1 reel, \$1.50

Basic movement skills (running, starting, stopping, turning) passing (finger control, movement with the pass, leading the receiver, choice of the right pass), catching (side pass, high pass), shooting (finger control, arm extension, wrist flip, choice of the right shot), dribbling, faking, and pivoting are demonstrated and explained in this film.

BETTER BASKETBALL, j-s-c-a, 3 reels, color, \$7.50

This film is produced by the Official Sports Film Service under the sanction of the National Federation of State High School Athletic Associations. It demonstrates current rules and good officiating procedure, with colorful action by skilled players.

CHAMPIONSHIP BASKETBALL—TEAM TECHNIQUES, j-s, 1 reel, \$1.50

Man-to-man defense is shown, with the means best used under varying conditions.

DEFENSIVE FOOTWORK IN BASKETBALL, j-s-c, 1 reel, \$1.50

Striding with an opponent, checking, maneuvering him out of position and other basic skills are illustrated, using special photography to demonstrate points. Rebounding, pivoting, and correlated arm action are taught also.

EASTERN VS. LAFAYETTE (1957) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, color, \$7.50

The final game of the 1957 K.H.S. State Tournament was played in Freedom Hall at the Kentucky Fairgrounds and Exposition Center before a record crowd of 18,000. The final score was 56-52 as the Lafayette Generals won the crown for the fourth time.

KING BASKETBALL, j-s-c-a, 3 reels, \$7.50

The official rules for the 1953-54 season are interpreted in this film. In addition, play situations are demonstrated by members of the Shawnee Mission basketball team, finalists in the Kansas State High School Tournament. Particular skills are shown by Robin Freeman, jump shot artist, who averaged thirty points a game for Hughes High School, Cincinnati; Wade Holbrook, a 7 foot ¾ inch giant from the Portland, Oregon, State High

School champions; and Chuck Darling, All-American center from the University of Iowa.

HAZARD VS. ADAIR COUNTY (1955) K.H.S. STATE BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

This is an excellent film of the game in which Hazard defeated Adair County by the score of 74-66 for the championship. Johnny Cox bore the brunt of the attack by the champions while all-state players, Ralph Shearer and Terry Randall, were best for Adair County. The presentation of all awards and trophies for the tournament is shown also.

HIGHLIGHTS OF 1956 STATE BASKETBALL TOURNAMENT, e-j-s-c-a, 3 reels, sound, \$.75

Interesting scenes of events during the tournament are shown in this film. Action shots of the crowd, cheerleaders, and bands are shown in addition to a part of the play in each tournament game.

MODERN BASKETBALL, j-s-c-a, 3 reels, \$.75

This film presents two high school teams playing basketball, illustrating the techniques of the game. It presents various infractions of the rules and how to avoid them.

NEWPORT VS. INEZ (1954) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

This is the final game of the 1954 State Basketball Tournament, in which Inez defeated Newport by the score of 63-55. The sparkling play of Newport's Redmon, and Inez's Cassidy and Triplett, is the highlight of the film. The three players were selected as members of the All-State Team.

PADUCAH TILGHMAN VS. LEXINGTON LAFAYETTE (1953) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

This is the final game of the 1953 State Basketball Tournament in which Lafayette High of Lexington, Kentucky defeated Paducah Tilghman of Paducah, Kentucky, by the score of 84-53. This film shows the superior play of two very excellent teams.

RUPP'S FUNDAMENTALS OF BASKETBALL, j-s-c-a, 1 reel, silent, \$1.25

Coach Rupp's University of Kentucky Wildcats (1949-50) demonstrate ten different plays in such a clear manner that it is easy to follow and learn each play.

SHOOTING IN BASKETBALL, j-s-c, 1 reel, \$1.50

Concentrating on the set shot, this film pictures the action of the throw, stance, aim, trajectory, and fingertip control. Special attention is given total body coordination, especially inward rotation of the hand and arm making the throw.

Swimming

Aquatic Artistry, e-j-s-c-a, 1 reel, \$1.50

The film presents a diving exhibition by Harold Smith, an Olympic champion. Slow motion photography brings out clearly various points in Smith's techniques.

Beginning Swimming, e-j-s-c-a, 1 reel, \$1.50

Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing, floating, paddling, and stroking and pulling with the arm are practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

Breast Stroke, Side Stroke, and Underwater Swimming, e-j-s-c-a, 1 reel, \$1.50

This film presents the conventional breast stroke, timing the strokes, and the kick.

Crawl Stroke, e-j-s-c-a, 1 reel, \$1.50

The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots under water.

Diving Fundamentals, j-s-c-a, 1 reel, \$1.50

After a brief history of the sport of diving, the following points are explained and demonstrated: The hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

Dolphin Kick, e-j-s-c-a, 1 reel, \$1.50

An excellent swimmer, an underwater camera, and carefully devised teaching demonstrations introduce the new swimming technique known as the dolphin or fish-tail kick. Analyzing the body movements used in the dolphin kick, the film stresses the importance of practice for mastery of this efficient speedy kick.

1953 Kentucky High School A. A. Swimming Meet, j-s-c-a, 2 reels, silent, \$.75

This film shows the finals of all events in the 1953 State Swimming Meet. The individual divers are included. St. Xavier was the winner in Class A, Berea Foundation in Class B, and Newport in Class C.

1955 Kentucky High School A. A. Swimming Meet, j-s-c-a, 4 reels, silent, \$.75

Highlights of the meet and championship heats are shown in the film. St. Xavier of Louisville won the Class A title for the ninth consecutive year. University High of Lexington won the Class B and Bellevue the Class C.

Learn to Swim, e-j-s-a, 2 reels, \$.75

This film outlines the buddy system in learning to swim. Steps illustrated are as follows: Breathing, floating and gliding, arm stroke, leg stroke, elementary swimming, demonstration of stroke combination, and adaptation of stroke to individuals.

Swim and Live, j-s-c-a, 2 reels, \$.75

Men of the Army Air Forces at Miami are taught to swim from floating to swimming through burning oil. The film is useful for pre-induction instruction and for safety classes as well as for general programs.

The Flying Dutchman

The Dutchman wants an unusual column for March and he needs Kentucky's coaches and officials to cooperate.

Right now, write the Dutchman, and, if you are a coach, tell him all the things you like about the officiating you have had this year; if you are an official, write him all the things you like about the coaches.

The quotes from coaches and officials scattered across the wide expanse of Kentucky will make interesting and informative reading. We don't want the things you didn't like. Everybody's heard them over and over, and the Dutchman never writes from a negative standpoint. In our column, we find good things to say about people because we want our copy to be happy reading. If we can't find something good to say, we never say anything.

Occasionally, the Dutchman gets letters from scattered points asking why such undeserving individuals qualify for his awards, and there is always a stock answer. We aren't interested in the things which made him undeserving, we are only interested in the qualities which make for greatness of mankind.

Please cooperate, coaches and officials. Right now, write that letter or card to The Flying Dutchman, Armory Building, Louisville 2, Kentucky. You are writing the column for March.

You are a football coach. You have just had a tremendous season and you are thrilled by the success, and on top of all this, gratitude pours into your already complete life in the form of one thousand cash dollars. This happened to Elizabethtown's outstanding football coach, Bill Hogg, and it could not have happened to a nicer guy. Elizabethtown gets the Flying Dutchman's salute of the month for willingness and ability to recognize a job well done.

While Bill Hogg was banking his \$1,000, two of Kentucky's outstanding football officials boarded an airplane to fly to the Sun Bowl Game in El Paso, Texas, where they gave the Texans a sample of Kentucky officiating. Complimentary remarks from the Lone Star State continue to pour into the Dutchman's office, praising the outstanding work of Dave Longenecker and Jack Howerton, Jr. Not only did the work of these two outstanding arbiters reflect credit on Kentucky's officiating, but both gentlemen also

came back with their pockets bulging with the "green stuff."

Official Vic Brizendine scheduled one of the country's major basketball teams on his officiating itinerary. Vic did an outstanding job of whistling at the world famous Phillips Oilers contest with the Indiana AAU Champions, Brownstown. The very important games which our officials are called on to handle reflect the confidence which athletic departments far and wide place in the Bluegrass "whistlers".

Remember former coach Jim "Pud" McLain, of Magnolia? "Pud" wrote a lot of basketball history while he was romping across the hardwood at Buffalo winning all kinds of honors for himself and his school. "Pud" has left the coaching ranks. His rich background of fishing and camping experience procured for him the directorship of that division of recreation in the Recreation Program of Jefferson County.

Many of Kentucky's coaches may soon branch out, especially in the summer, into fields of recreation. This is a scoop now, but by the time you read this column, it may well be that this session of Kentucky's Legislature will have brought recreation service to the Commonwealth on a state level. With recreation consultant service available to all communities in Kentucky, it is a safe prognostication that many recreation programs will shortly be closely allied with athletic coaches in Kentucky counties from the Mountains through the Bluegrass to the Pennyryle.

It's unfair to have sports without making these available to everybody, skilled and unskilled, through the medium of recreation and athletic programs. If recreation comes to Kentucky on a state level, many new recreational outlets will join those of the sports field. There should be an excellent opportunity for a good Kentucky recreationist to take over a brand new position of State Consultant of Recreation.

Now for a melancholy note. Little Nick Poppas, "the Rough Diamond from Blue Diamond," long a landmark in Kentucky's mountains, has left the hill country and is now located in Dayton, Ohio. The handsome little fellow plans to continue his officiating in Ohio. We can say to Ohio that Kentucky's loss is its gain. The Dutchman will stack the work of Nick Poppas up against the best produced anywhere. The best wishes of all of Kentucky go with Nick. Hazard will miss him.

From Claude Frady, principal of Hindman,

comes this letter: "On behalf of our student body, our faculty and our friends, I wish to express sincere appreciation for the Abou Ben Adhem Award sent us recently. We feel that it is the most significant award that a school can receive in sports—to be recognized not for winning, but for competing in a sportsmanlike manner. We shall always endeavor to merit the award."

About Ben Adham awards do mean something to Kentucky's schools, and they can only be merited on the recommendation of officials, visiting players, fans, coaches or school men. Whom do you know deserving of this award?

Here's the first Game Guy of 1957-58! To Joe T. Kinman, Williamstown's outstanding official, goes the credit for taking interest in this young man. A Lionheart Lapel Button is now adorning the left lapel of Harry L. Marsh, of Milford, Kentucky, for his courage in overcoming a physical handicap to engage in basketball. Fourteen years of age, Harry stars for Bracken County High in spite of a very badly burned leg suffered when he was only four years of age. Congratulations to Harry and thanks to Joe for his interest in physically handicapped youngsters. Let's keep the nominations for the Game Guy of 1958 rolling in. What youngster are you interested in?

If Coach Pearl Combs of Hindman had not already won the Corn Cob Pipe Award, he would surely deserve one for all of the compliments which come in from officials and visiting teams. The consensus is that Coach Pearl Combs always insists that his boys address officials courteously, that his fans cheer good plays, no matter which team makes them, and he always sees that officials are well taken care of between halves with soft drinks, plenty of towels and a good place to relax.

Let's close February's column with our play of the month:

PLAY: Team A commits its fourth personal foul and the scorer fails to signal the officials of this fact. The bonus shot is not allowed. Play resumes and time has been in when the scorer recognizes his mistake and notifies the officials.

RULING: In our Basketball School at Lexington in August, we agreed that once time had been in, nothing could be done about the situation. If time had not been in when the mistake was discovered, then a correction could be made.

There is something happening in Kentucky all the time!

Mid-Kentucky Football Officials

The Mid-Kentucky Football Officials Association held its annual meeting at the Officers Club, Fort Knox, on December 11. Officers for the coming year were elected. Association members in the picture above are, reading from left to right: Jenkins (Secretary-Treasurer), Williams, O'Mahoney, McClaskey, Matarazzo (President), Pence, Fletcher (Vice-President), Goldsmith, Scullen.

K.F.H.S.G.S.A.

Northern Kentucky News

The sponsors of Girls' Athletic Associations in Northern Kentucky and a student representative from each school held two meetings this winter at Highlands High School in Fort Thomas, Kentucky. The purpose of these meetings was to schedule inter-club basketball games. The following schools were represented at these meetings and will participate: Bellevue, Boone County, Campbell County, Newport, Ludlow, and Highlands. These games are played after school with varsity and reserve teams participating. The expense of the officials is shared by the two schools playing a game. Officials are obtained from the University of Cincinnati.

The school representatives in this area attend sports clinics conducted by the University of Cincinnati Physical Education Department and the Officials Rating Board of Southern Ohio. Each year clinics are usually held in field hockey, volleyball, basketball, and swimming.

On March 4, 1958, all of the G.A.A. varsity and reserve basketball teams in this area will meet at Highlands High School to give awards to the varsity and reserve team winning the most games during the season. Also, this will give the girls a chance for fellowship with each other and promote better understanding between the schools. Each club makes a small contribution to pay for the awards.

Loyce Meadows, Sponsor G.A.A.
Highlands High School
Fort Thomas, Kentucky

BOARD MINUTES

(Continued from Page Three)

case. He had declared Coley ineligible for athletic competition at the Bowling Green High School for a period of thirty-six weeks under the provisions of the Residence Rule. After a discussion of the case, Louis Litchfield moved, seconded by Jack Dawson, that the ruling of the Commissioner in the Bill Coley case be approved by the Board. The motion was carried unanimously.

The Commissioner brought to the attention of the Board correspondence concerning the James Gregory case. He had ruled James Gregory currently ineligible for athletic competition at the Centertown High School under the provisions of the Residence Rule, since the boy's parents were not residents of the district and since James had been a first team competitor in another school. He recommended that the boy's eligibility be restored as of April 1, 1958, or when the parents should make a move to the Centertown district. W. B. Jones moved, seconded by W. H. Crowds, that the recommendation of the Commissioner with respect to the James Gregory case be approved by the Board. The motion was carried unanimously.

Cecil A. Thornton moved, seconded by K. G. Gillaspie, that the next meeting of the Board of Control be held in Louisville on Saturday, February 1. The motion was carried unanimously.

Cecil A. Thornton moved, seconded by W. H. Crowds, that all bills of the Association, beginning October 5, 1957, and ending January 4, 1958, be allowed. The motion was carried unanimously.

The Board was then called to order in its capacity as Board of Directors of the K.H.S.A.A. Protection Fund.

Secretary-Treasurer Sanford presented a list of claims which had been paid by the Protection Fund since October 5, 1957, the total amount of these claims being \$9,398.39. Louis Litchfield moved, seconded by K. G. Gillaspie, that the claims as presented by the Secretary-Treasurer of the Protection Fund be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

NATIONAL FEDERATION MEETING

(Continued from Page One)

or favors prohibiting only the lineman shifting after having come to a set position on the line.

Several items related to possible simplification of the rules were voted upon in item II of the Questionnaire. One of these would have permitted a place-kick as well as a punt or drop-kick when a return-kick is used. About the only purpose in such a revision would be removal of the necessity for making a separate provision for the return-kick. The heavy adverse vote is probably explained by the feeling that use of a place-kick on a return-kick, if attempted, would increase injury hazards. A second item in this group would have prohibited an ineligible lineman from advancing beyond the neutral zone between the time a forward pass is touched beyond the line and the time it is ended or is touched by B. The heavy adverse vote may be due to a feeling that attractive screen passes might be slightly more limited under such revision. Another explanation for the opposition could be the feeling that since administration of these situations is rather complicated, any revision, even though it would affect only infrequent occurrences, might temporarily

add to the burden of officials. The third proposal in this group received a near 50-50 vote. This vote had an influence on later action by the Committee.

The Questionnaire showed a majority vote on a proposal to revise the kicking rule so that when a scrimmage-kick is first touched by K beyond the line, it would immediately become dead. Despite the fact that this would be a considerable deviation from traditional practice, the item received a 55% favorable vote. The discussions revealed that such a change would result in considerable simplification through the elimination of complicated situations which seldom arise and which must be covered in supplementary material such as that in the Case Book. For various reasons, the Committee did not choose to adopt the proposal but recognized the possibilities by authorizing serious experimentation with it and continued study.

A proposal to permit the snapper to turn the ball with long axis parallel to the line before the snap received a heavy minority vote on the Questionnaire. The Committee felt that further experimentation should be made before making such proposal a part of the rules.

Another Questionnaire item which received a near 50-50 vote was that concerning further restriction of the type of hip and rib pads which may be used. The heavy supporting vote indicates a desire to take every possible measure in the direction of safety. Further conferences with research departments of equipment manufacturers was authorized with a view to possible action if the study should reveal any safety improvements.

VALUABLE REPORTS were made by Chairman Kermit Anderson of the Safety Committee, by Chairman C. B. Fagan of the Football Injury Committee, by Chairman J. C. Harper of the Game Administration Committee, by Chairman Lyle Quinn of the Equipment Committee, by Chairman S. D. Jackson of the Research Committee, by Chairman Webb Porter of the Statistical Committee and by Chairman W. M. Runyon of the Football Fatal Injury Committee.

AUTHORIZED RULES REVISIONS

Diagram, Page 4: Field and equipment diagrams will show the yardage stakes should be 7 feet high with an 8-inch disk at the top and the down marker should be a stake 6 feet 8 inches high with a flip plate 12 inches vertically and 10 inches horizontally. Also, each of the coaches boxes will be shown as being 30 yards long, i.e., between the 35 yardlines instead of the present length of 40 yards.

1-4-1: A slight revision will make it clear that when a decision, such as whether to accept or decline a penalty is to be made by a field captain, the Referee will not grant a time-out before the choice is made.

1-4-2: The diagram showing the customary positions of players and the recommended system of numbering players will be slightly revised so any number below 60 will be that of a player who is normally eligible to receive a forward pass. The recommended numbers for ends will be 50 to 59 and the recommended numbers for centers will be from 80 to 89. The numbers for tackles and guards will be interchanged to permit coaches to number positions and slots from the center outward, i.e., from high to low.

1-5-3-f: Last sentence will be deleted and the word "white" will be omitted in the next to the last sentence. This revision is in accordance with pre-

vious action which stated that, beginning with the season of 1958, no transverse stripes on the sleeve below the elbow may be used.

2-9: Definition of "goal line" will be slightly expanded to make it clear that when related to a live ball in a runner's possession while the ball is over out-of-bounds area, the goal line includes the extension beyond the sidelines. The purpose of the expansion is to provide coverage for an infrequent occurrence which, previously, was not covered. It involves touchdown situations in which the ball in possession of a runner is not "behind" the goal line if it is assumed that the goal line ends at the sideline. The revision will show that a touchdown might be scored without the ball having been in an end zone.

2-15-2: Definition of what constitutes being on the scrimmage line will show that the player's head must be on or not more than 12 inches behind the line. Heretofore, it could have been claimed that if his head were within 12 inches of the line and in front of it, such player would be "on the line."

2-26: Definition of a snap will be expanded to be in harmony with the authorized interpretation that there may be an illegal snap as well as a legal snap. The revised definition will also give specific coverage for the established interpretation that a snap ends when the ball touches the ground or a player. The new definition will state that the snap begins when the snapper first moves the ball other than in legal adjustment as in 7-1-3 and that it ends when the ball touches the ground or any player. This conforms with the authorized interpretation that if the snapper lifts the ball and this is followed by a fumble and recovery by B, the penalty for the illegal snap may be declined. Corresponding revisions in wording will be made in 7-1-3.

3-1-1: Slight revision will be made to indicate that for junior college or college games, the 3-minute warm-up period before each half is not mandatory unless by conference adoption.

3-4-1: Items e, f and g will be revised and there will be a reversal of the order of items e and f. In item e, the term "charged" will be omitted since, under the authorized revision about compulsory replacement of an injured player, a requested and granted time-out which is not a Referee's time-out will always be charged. Item g will be revised to specifically list all acts which constitute a Referee's time-out including any time-out when the clock is stopped for an injured player after his team has used its four permissible time-outs. These revisions have the effect of classifying all time-outs as being either a time-out charged to a team or a time-out charged to a Referee and of eliminating the only remaining excess time-out. Excessive requests may become a foul for delay of game but there is no case where the granting of a time-out request is automatically a foul.

Article 2 will be revised to state that a charged time-out occurs when: (a) request by the Captain or other authorized player is granted; or (b) the Referee's stopping of the clock or his delaying of the ready-for-play signal is necessary for removal of an injured player; or (c) repair of faulty equipment requires assistance of a team attendant or excessive delaying of the ready-for-play signal.

This harmonizes with the mandatory removal of a player for one down in the outlined situations and also provides specific coverage for certain cases connected with repair of equipment. The equipment situations were covered last year by interpretation

but not by rule.

In Article 3, the first sentence will be retained and remainder of the article will be replaced by a statement that it is a Referee's time-out if, after the permissible four time-outs have been used, a time-out is necessitated by an injured player or if the Referee erroneously grants a request for a non-permissible time-out.

This conforms with the authorized mandatory removal of a player for whom the clock is stopped or who, because of injury when the clock is already stopped, causes delay of the ready-for-play signal. It also provides that if a Referee erroneously grants a non-permissible time-out, he assumes responsibility for it and resumes play immediately without assessing penalty. Prior to the time a team has been charged with four time-outs in the half, the stopping of the clock for an injured player will result in the charging of a time-out as well as removal of the injured player.

The plays which follow Article 3 will be revised to fit.

3-4-4: This is a new article which will state that an injured player for whom the clock is stopped or the ready-for-play signal is delayed shall be replaced for at least one down and his team shall be charged with a time-out unless the four permissible time-outs have been used.

3-5-1: Item (a) will be revised to state that the clock starts with the ready-for-play signal if it was stopped for a Referee's time-out.

This includes all cases of a Referee's time-out and all will be listed in 3-4-1-g.

3-5-3: In second line, "charged" will be substituted for "legal" to make it clear that advance notice is not necessary for a Referee's time-out.

3-6-2: Item (b) will be deleted and remaining items will be relettered.

4-3: Expanded Article 1 or a new Article 2 will indicate spot from which ball is snapped after ball becomes dead in that part of the field between the side zones. This does not represent any change but will provide needed coverage.

4-3-3: In item (c), "or snap" will be inserted after "free-kick" to make it clear that, if a snap follows a fair catch, ball may be moved along the proper yardline.

5-3-1: In the play, the letters K and R will replace A and B since this is a kick.

6-4-3: In the second line, "anywhere between the inbounds lines" will be inserted after "free-kick."

6-4-5: Second line will be slightly revised to make it clear that if K legally uses his hands on R for warding him off during a block, it is not fair catch interference.

7-1-2: The first four and a fraction lines of this article will be modified only enough to make it clear that the comments apply to action prior to the snap. These lines will be followed by the statement that it is also a false start if any player on the line between the snapper and the player on the end of the line, after having placed a hand on or near the ground, then moves his hand or makes any quick movement unless the movement is caused by an irregularity such as . . . etc. as is.

The purpose is to prohibit a guard or tackle who has assumed a set position on the line from shifting to any new position or from jerking the head, shoulder or any part of the body in a way which simulates action at the snap. The statement does not prohibit normal turning of the head to watch the ball or the defense or normal adjustments to a more comfortable position. If a player inadvert-

ently lines up in advance of the line of scrimmage, he is not on the line and is permitted to move back to legal position unless it is a false start for other reason. However, a player who misses his timing and charges too soon, commits a false start.

7-1-3: This article will be condensed and simplified to conform with the snap definition as revised in 2-26. It will state that the snapper shall not, after gripping the ball . . . etc. as is: (a) slide his hand along the ball, or move his foot to simulate a snap or fail clearly to pause before the snap; or (b) lift or move the ball other than in a legal snap as outlined in 2-26.

7-5-2: Item (c) will be expanded by adding "or is beyond it because of a charge which drives an opponent back from the neutral zone."

This has the effect of making it an illegal forward pass with a 5-yard penalty when a lineman in legal position after having driven an opponent back, intentionally touches a forward pass. Heretofore, such act was classed as forward pass interference with a 15-yard penalty.

7-5-6: Item a will be revised to fit the revision in 7-5-2. The revised statement will make it clear that if an ineligible who is legally beyond the neutral zone because of driving an opponent back is accidentally struck by a forward pass, it is not an infraction. If the striking is not accidental, it is an illegal forward pass rather than pass interference.

Play (2) will be revised to conform.

9-1-2: In the eighth line "in flight" will be deleted to cover the situation where a kicker may legally use his hands in warding off a blocker even though it might be during a kick in flight.

9-4-1: This will be revised to state that no player shall participate by touching the ball or hindering an opponent after voluntarily having been out-of-bounds during the down. The last sentence will be omitted and covered in a play situation.

9-6-1: Item a will be revised to state that one player and one coach may confer during a charged time-out on the field in front of the coaches box and at a distance not greater than 5 yards from the sideline.

10-5-1: "Measurement" will be substituted for "enforcement" since this applies only when penalty is accepted.

GENERAL:

1. The state of North Carolina and any other interested state-wide or conference group was authorized to conduct a controlled experiment with a provision in which first touching of a kick beyond the line by K would cause the ball to become dead immediately. The Questionnaire Committee was also instructed to repeat this item on next year's questionnaire.

2. A motion to adopt Item 18 on the questionnaire which provides that no measurement shall carry the ball more than half the distance to the goal line was tabled. It was then ordered placed on next year's questionnaire.

3. A motion to give the pre-game choice to the team which is behind in the score after any score has been made was defeated by a vote of 26 to 4. The Committee then ordered the topic placed on next year's questionnaire and suggested that state-wide or conference groups conduct controlled experiments to determine reaction.

4. By a vote of 18 to 15, the Questionnaire Committee was instructed to arrange next year's questionnaire in such a way that it will be possible to determine how various groups, such as coaches,

officials or contest managers, vote.

5. The Committee ordered the next year's questionnaire include the proposal that a field goal count 4 points.

6. To determine whether there has been any shift of sentiment, next year's questionnaire will include the proposal that the goal posts be placed on the goal line.

7. Additional items which received considerable attention and which will affect the material which is published in the Case Book or elsewhere included the following. Because a player who is injured or appears to be injured must now be removed if the clock is stopped for his benefit, emphatic instruction will caution officials about ordering the clock stopped too soon in such cases. The proper procedure will be for the Official to make a quick observation without stopping the clock. After investigation, if there is doubt, the clock should be stopped and the player replaced. Supplementary material will also call attention to the prohibition against the pushing of a runner by a teammate. Current rule and interpretation permits the runner to push either teammate or opponent in his attempt to advance but a teammate may not assist the runner by pushing him.

8. For outstanding services performed over a period of many years, citation certificates were presented to J. C. Harper (Alabama), Chairman of the Game Administration Committee; A. Oden Hawes (Oregon), member of the Football Editorial Committee; and Lyle Quim (Iowa), Chairman of the Football Equipment Committee. In recognition of the many services of G. Gernon Brown (Louisiana) in connection with the National Football Committee, with adoption of the Code in Louisiana and with the making of football films, he was made the first life advisory member of the National Alliance Football Committee.

SUPPLEMENTARY ACTION: Arrangements were made to produce film strips desirable for use by interpreters at rules meetings and by coaches in explaining rules to their players. The strips will be made in both color and black and white and will have approximately 33 scenes. Continued research and study for the improvement of equipment was recommended, especially for cleats, face masks and kidney protectors. Revised sections of the new football Official's Manual include those covering pre-game responsibilities, running plays from scrimmage, kick-offs and goal line plays as well as others.

SIX MISTAKES OF MAN

The Roman philosopher and statesman Cicero, said it 2,000 years ago, and it's still true today. The "six mistakes of man" are:

1. The delusion that individual advancement is made by crushing others;
2. The tendency to worry about things that cannot be changed or corrected;
3. Insisting that a thing is impossible because we cannot accomplish it;
4. Refusing to set aside trivial preferences;
5. Neglecting development and refinement of the mind, and not acquiring the habit of reading and study;
6. Attempting to compel other persons to believe and live as we do.

HUNT'S . . .

IS FOR THOSE IN A HURRY

For those last minute needs for tournament play and for the last few games before tournaments we have our warehouses full and ready to ship. So REMEMBER

"WE SHIP THE DAY YOU BUY"

FAIR-PLAY SCOREBOARDS

Tick-A-Way and Dial Types in Stock.

CONVERSE AND SPALDING BASKETBALL SHOES

All sizes from 5 thru 17 in Stock.

BASKETBALLS

Our No. AFR endorsed and used by Coach Adolph Rupp and the University of Kentucky Wildcats.

MacGregor No. X10L Last Bilt.

Both of these balls will be used in the K.H.S.A.A. 1958 Tournament in Lexington.

We also have the Spalding No. 100 and Spalding No. PL10 in Stock.

AWARD SWEATERS AND JACKETS

We have HUNT'S, O'Shea and Butwin jackets, HUNT'S and O'Shea sweaters in stock and ready to load. Speedy lettering service will give you excellent shipping time.

CRAMER AND BIKE WEB

Training and First-Aid Supplies.

OFFICIAL'S EQUIPMENT

We have a complete stock of equipment of all types for the man in the white and black stripes.

GLASS, STEEL AND WOOD RECTANGULAR & FAN SHAPED BANKS

In stock for immediate delivery. Goals for all types of backboards also ready to ship immediately.

TICKETS

All denominations of tickets available and in stock. Two thousand to roll and five colors available at \$1.25 per roll.

TROPHIES AND AWARDS

Third place trophies and awards for Most Valuable and All Tournament Teams. Speedy delivery. Satisfaction Guaranteed.

We only wish that every school in Kentucky could send its team as a participant to the 1958 Basketball Tournament. Best of luck to the 16 teams who finally make it.

All of you who will be in Lexington at State Tournament Time come and see us. Our display will be, as usual, in Room 463 at the Phoenix Hotel. We will be looking for you.

Hunt's Athletic Goods Co.
