Early Season Basketball Questions--Installment 1

Editor's Note: These rulings do not set aside or modify any rule. They are interpretations on some of the early season situations which have been presented.

1. Play: Why should the Official Scorer be identified?

Ruling: In order to expedite the locating of the Official Scorer by the substitutes and the Referee and the Umpire, it is recommended that the Scorer wear identifying apparel. Any apparel which is distinctive and quickly identified may be used. In some areas the Scorer wears a striped shirt, in others a red cap. Official Scorer should be the only person at the table to wear such identifying apparel. The marking of the Scorer's location at the table is also recommended to assist the substitute and Officials in locating the Scorer when substitutes are being called into the game. (2-10-Note)

2. Play: After charging a personal foul to A1, the Scorers detect that they do not agree on the total number of personal fouls charged to him.

Ruling: Referee should be notified of the discrepancy. If the error is found, the correction should be made. If the error cannot be found, the Referee shall accept the record of the Official book unless he has knowledge that permits him to decide otherwise. (2-10)

3. Play: During the 4th quarter the Scorers, in comparing records after a goal, find team A's total individual score is 42 and the progressive team score total is 40.

Ruling: The Referee should be notified and both the individual and progressive totals rechecked. If possible, correction of any errors should be made. If the error is not resolved, the Referee will accept the progressive team total of the official score book. (2-10)

4. Play: A1 is charged with a: (a) personal foul; or (b) technical foul.

Ruling: Official shall designate the offender to the Scorer, regardless of whether the foul is a personal or technical. In both (a) and (b) A1 is required to raise his hand at arm's length above his head. (2-10)

5. Play: What are the official ball colors?

Ruling: The only official ball colors are natural tan and the approved orange shade. Balls of all other colors are illegal. Manufacturers have been notified of the orange shade approved by the Rules Committee. The orange-colored ball has met with great favor and has been given equal status with the natural-tan ball for the coming season. To avoid the necessity of large inventories of balls and disputes about the color of the ball to be used for a particular game, only the two specified colors are legal. For high school and YMCA games, a properly constructed approved ball with a composition cover is legal and for other groups, it is legal if neither group objects. (1-12)

6. Play: Either one or both lane spaces adjacent to the end line are not occupied by B players during a free throw by A1 for a personal foul.

Ruling: Violation. If attempted free throw is successful, it counts. If it is unsuccessful, A1 is given a substitute throw with players of B occupying both lane spaces adjacent to the end line. (9-1)

7. Play: A1 is awarded bonus free throw to which he is not entitled. After Official has handed him the ball at the free throw line, A1 calls for a time-out. When play is to be resumed and after Official has again handed A1 the ball, Official's attention is called to the error.

Ruling: Period during which the correction may be made has elapsed. A1 may make the bonus try. (10-7 Note)

8. Play: At free throw line before awarding ball to free thrower A1, Official indicates it is a two-throw foul. A1 misses first try and Official erroneously permits ball to remain in play. B1 secures the rebound and advances ball to his end of the court where he throws the ball into his basket. (a) Before; or (b) after throw-in following the field goal, A1 requests the second free throw.

Ruling: A1 is entitled to his second free throw in both (a) and (b). Play is resumed from the point at which it was interrupted to rectify the error. (10-7 Note)

9. Play: After receiving the ball while both feet are off the floor, A1 alights on his right foot, followed by his left foot behind his right foot.

Ruling: A1 may pivot on the first foot to touch the floor, that is, in this situation, the right foot. Also he may lift either foot but if he lifts his pivot foot or jumps before he passes or throws for goal, the ball must leave his hands before the pivot foot again touches the floor or, if he has jumped, before either foot touches the floor. (4-17)

10. Play: After receiving the ball with only the right foot on the floor, A1 places the left foot behind his right foot.

Ruling: A1 may pivot, using the right foot, but he may not pivot using the left foot. A1 may dribble but the ball must leave his hands before the right foot (in this case, the front foot) leaves the floor. (4-17)

11. Play: A1 receives the ball while standing still.

Ruling: He may pivot, using either foot. He may lift either foot but if he lifts his pivot foot or jumps before he passes or throws for goal, the ball must leave his hands before the pivot foot again touches the floor or, if he has jumped before either foot touches the floor. In starting a dribble, the ball must leave his hands before the pivot foot leaves the floor. (4-17)

12. Play: During a live ball, A1 and B1 foul each other simultaneously and, before the ball is put in play, A2 commits a technical foul.

Ruling: Permit any player of team B to shoot the free throw for the technical foul and the ball is then put in play by a jump ball at the center circle. In this particular situation, there actually was a double

State Tournament Information

The 1961 State High School Basketball Tournament will be held in the University of Kentucky Coliseum, Lexington, on March 15-18. The first session is scheduled for Wednesday night. Three sessions will be held on Thursday, two on Friday and two on Saturday.

At some time in the month of December the Commissioner will send K.H.S.A.A. member schools forms which may be used in requesting passes to the tournament. These forms may be returned on and after January 2.

Complete sets of tickets are priced at \$10.00 (end seats, balcony), \$16.00 (chair back seats and bleacher seats below the ramps), and \$20.00 (box seats). The general sale of tickets (not school orders) will be conducted by State Tournament Ticket Sales, P. O. Box 1173, Lexington. These orders should not be placed before January 30. The amount of 25c should be added to each remittance (not school orders) to pay for postage and insurance charges. Orders mailed prior to January 30 will receive a lower priority than those mailed on that date.

New Publications

The attention of K.H.S.A.A. principals, athletic directors, and coaches is called to the following new publications, copies of which have been received by the state office of the K.H.S.A.A.

A.A.H.P.E.R.

Soccer-Speedball Guide, 1960-62; Basketball Guide, 1960-61; Field Hockey-Lacrosse Guide, 1960-62; Bowling, Fencing, Golf Guide, 1960-62. These are sports guides for girls and women. They may be ordered from The Division of Girls and Women's Sports, 1201 16th Street, N. W., Washington 6, D. C.

Basketball Officiating

Bill Haarlow, supervisor of basketball officials of the Western Intercollegiate (Big Ten) Conference, has written a new book, BASKETBALL OFFICIATING. This complete manual offers good advice on how to excel in basketball officiating. It focuses on the essentials of the official's job, describing step-by-step the practices and skills involved. Helpful diagrams show how to cover play as it develops, and how to get a clear view of the action and determine rule infractions accurately. The book, which sells at \$2.95, may be ordered from the Ronald Press Company, 15 East 26th Street, New York 10.

The 1960 Cross Country

RUSSELL BANKS

The St. Xavier High School of Louisville won the eighth official K.H.S.A.A. Cross Country Run, which was held in Lexington on November 12. The team score was 60. First place was won by Russell Banks of Elizabethtown, with the time of 10:27.1. The St. Xavier team was coached by Jerry Denny.

Scores of the ten full teams which qualified for the state run were as follows: St. Xavier, 60; Trinity, 71; Butler, 83; Madison Central, 115; Elizabethtown, 151; Morgan County, 211; Camargo, 246; College, 248; Simon Central, 282; Trimble County, 322.

The State Cross Country Run was held on the Picadome Golf Course, and was managed by the Spiked Shoe Society of the University of Kentucky. Officers of the Society are: John D. Baxter, President; Ben Patterson, Vice-President; Farno Cawood, Secretary; Allen Cleaver, Treasurer. Activities of the So-

The Flying Dutchman

Have you ever considered joining The Coronary Thrombosis Club? You who are leaders of Kentucky's schools and athletic programs should think over carefully the following article written by my friend, L. A. Harris, Superintendent of Recreation and Parks of Hopkins, Minnesota:

"Join The Coronary Thrombosis Club"

"Never say 'no,' accept all invitations to meetings, banquets, committees. Why have drive if you don't use it. Go to the office evenings, Saturdays, Sundays, and Holidays. Your job comes first; personal consideration is secondary.

"Take the briefcase home evenings and week ends. You can then review all the troubles and worries at your leisure. If you hold night meetings, be on the job early the next morning. Tomorrow is another meeting. Don't eat restful, relaxing meals. Always plan a conference for the meal hour or rush out and grab a 'Quickie.'

"Never attend MRA meetings as it is wasting valuable time hearing of new ideas and methods instead of devoting time to details. Believe it a poor policy to take all the vacation allowed you. Keep in touch with the office daily. If your work calls for traveling, work all day and drive all night to keep the next morning's appointment. Regard fishing, hunting, traveling, gardening as a waste of time and money. Above all, after your leaders have gone to bed, get those reports and registrations in workable order for the next day.

"Never delegate responsibility to others—carry the entire load yourself AND THEN DROP DEAD!"

To keep from becoming a member of this club you must relax and have fun. Kentuckians see to it that the Dutchman always has a good time. Clyde Lassiter, Personable Principal of Lexington's Henry Clay High School, just called to invite the "Dutch Flyer" to make the football banquet address for his gridders. Nothing is more enjoyable than an evening with Clyde and John Heber.

Hazard's Coach Goebel Ritter started a chain reaction when he asked for information on Biddy Basketball for youngsters of elementary school age. Now the Dutchman is "swamped" with requests for this information from all over the Commonwealth. So—Here it is, fellows!

Biddy Basketball

Dimensions and Specifications of National Biddy Basketball.

OVERALL COURT DIMENSIONS—50 ft. by 30 ft. Additional space—Where possible, an obstruction-free lane of three feet is recommended.

BACKBOARDS. 4 ft. wide x 3 ft. deep. Backboard should be placed wherever possible, 2 to 4 feet inside the boundary lines. The goal must be 8½ feet above the playing floor.

GOALS. Metal goals of round 5 8 inch, 17 inches in diameter.

INSIDE SPACE ON FREE-THROW LANES. Minimum 2 feet from end line.

TEN SECOND LINES. Drawn by extending free-throw line (right and left.)

ALL LINES WITH EXCEPTION OF FREE-THROW LINE. Should be 2 inches wide. Free-throw line should be one inch wide.

Here is a salute to Joe Richardson, a regional representative of officials in Western Kentucky. It is richly deserved and comes in the form of a letter from Bobby Anderson, Sports Editor of The Messenger and The Times-Argus, Muhlenberg County's oldest and largest newspapers:

"Dear Dutchman:

"I noted in the ATHLETE for October the note from Joe Richardson concerning his clinic in September. Joe had a good, good clinic, with many coaches and officials present, as well as timers, scorers and an inkling of fans. I was there for the newspaper.

"I am enclosing the picture and the clipping for no particular reason, unless its just my way of saying I think Joe is doing a real good job.

"Incidentally, Joe was recently a unanimous choice for honors on the all-team for his Hughes-Kirk School, voted by fans of the school.

"Since coming here in 1950, I have not missed a copy of the Athlete and your column. Fine man, I enjoy it. Bobby".

Thanks, Bobby! We could not use the picture of Joe because it was a profile and does not do justice to this "kid's" manly facial charm. Send us a front view of "Jumpin' Joe" for our next column.

THE FLYING DUTCHMAN

Make your decisions without apology or explanation, hustle, signal every call, keep your whistle in your mouth, toss the ball higher than either jumper can jump and toss it at a right angle to the floor, and once again hustle. One final thought: If you are not courageous, don't waste your hard-earned money buying a whistle.

The Corn Cob Pipe for December goes to Principal Kay Niman of Fern Creek. Through his unselfish service and his desire to advance his community, something has happened on the school grounds at Fern Creek that the Dutchman has not seen at any other school in or out of Kentucky. EARLY SEASON BASKETBALL

(Continued from Page One)

foul and a false double foul. (6-2)

13. Play: A6 has reported to the Scorer, giving his name, number and position. A held ball is called and Official beckons him onto the court. As soon as A6 enters court he requests a time-out.

Ruling: This is legal and time-out should be granted team A. (3-3 Question; 5-8-d)

14. Play: Can an air dribble occur any time or must it occur at the beginning or the end of a dribble?

Ruling: Not more than one air dribble may be made during a dribble and it may be made at any time during the dribble. (9-5)

15. Play: Field goal try by A1 is successful. There is no violation and the ball falls to the floor after going through the net without being touched by either team. A2 calls time-out.

Ruling: Request by A2 should be granted. (5-8-d)

16. Play: A1 and B1 strike each other with their fists during a dead ball. Immediately after the fight,

B2 curses the Referee.

Ruling: The three fouls are technical and flagrant. This is a false double foul. Two technicals are assessed against team B and one against team A. A1, B1, and B2 are immediately disqualified from the game. Any player of team A, including an incoming player, may attempt the four free throws awarded it and any player of team B, including an incoming player, may attempt the two free throws awarded team B. Play will be resumed by a jump ball in center circle between any two opponents. (4-7-b; 8-7)

17. Play: A6 reports to Scorer, indicating he will replace A1. The quarter ends before Official on the floor can wave him into the game. Before the next quarter starts, the Coach decides to leave A1 in the game and A6 returns to the bench.

Ruling: Legal. (3-3)

18. Play: A1 commits his fifth personal foul but, before Officials or Scorers notify him, a substitute takes his place in the game. Later, A1 enters the game again and, after participating, the Scorer notes that A1 has five personal fouls and so notifies the Official.

Ruling: Technical foul. A1 must leave the game immediately. (10-5)

19. Play: A1 erroneously is given two free throws rather than only one and he makes both. Error is discovered: (a) just prior to B's attempted throw-in; or (b) subsequent to the throw-in by B.

Ruling: In (a), cancel A's second throw and permit B to put ball in play with throw-in at end line by A's basket. In (b), it is too late to rectify the error and the point scored on the second throw is counted. (10-7-Note)

20. Play: What is the purpose of handing the ball

CAVERNA—BARREN RIVER EIGHT-MAN CONFERENCE CHAMPION

(Left to Right) Front Row: D. Doyle, Grider, Gilpin, Moore, McCubbin, Rogers. Kneeling in front, Mgr. Smith. Second Row: Coach Robinson, Cherry, Thompson, O. Doyle, Palmore, C. to a player to make a throw-in from out of bounds at the front court?

Ruling: The purpose is to make the decision clear. It is not the intent of the provision to delay the game until the Defensive team gets "set." (2-9-b)

21. Play: A1 has been in the back court with the held ball for approximately 8 seconds when B1 bats it from him but A1 recovers. Does the 10-second count continue for team A?

Ruling: The 10-second count does continue for team A. Nothing has occurred to terminate control by team A. The 10-second count is based upon team control and is, therefore, continuous in this situation. (9-8)

22. Play: Field goal try by A1 goes into the basket and below the ring but it bounces out the top when the ball strikes the inside of the net.

Ruling: No goal has been scored and ball continues in play. (5-1)

23. Play: As the result of a bat or throw by A1 or B1, a live ball enters the basket from below and goes halfway through the ring and then falls back through the net towards the floor.

Ruling: Not a violation. The ball remains in play. (9-4)

24. Play: A1 has been in his back court with the ball for approximately 8 seconds when B1 bats the ball from him but A1 recovers it. Does the 10-second count continue for team A?

Ruling: The 10-second count continues. Nothing has occurred to terminate team control by team A. (9-8)

25. Play: May a player catch the ball with both feet off the floor, alight with both feet simultaneously, jump and again alight with both feet touching the floor simultaneously, then step with one foot, jump into the air and pass the ball before either foot again touches the floor?

Ruling: No. This is a violation of the running rule. (4-17)

26. Play: A1 requests a time-out: (a) after he has consumed 4 seconds in attempting to make a throw-in from out of bounds; or (b) while in control of the ball in his back court and 8 seconds have elapsed; or (c) just as the Official is handing B1 the ball for a free throw.

Ruling: Official should not grant the time-out in either (a), (b) or (c) because a change in the status of the ball is imminent or is about to occur. (5-8-d)

27. Play: A1 is disqualified because of a fifth personal foul. Coach of A takes 1½ minutes to replace A1.

Ruling: There is no violation. There is no delay until after the time available for replacement has expired. (5-9-d)

28. Play: A1 makes a throw-in at mid-court and he is first to touch the throw-in near B's basket.

Ruling: Violation. B is awarded ball for a throw-in at its own end line at the spot out of bounds nearest to where A1 touched his own throw-in. (7-5)

29. Play: A6, substituting at beginning of second half for A1 who played during the first half, fails to report to Scorer's table. He enters the court and, after Referee has received the ready signal from the bench, the Referee gets the acknowledgment from Captain of team A that his team is ready to proceed.

Ruling: The Referee will assess a technical foul against team A before the jump ball at center takes place. Any player of team B may attempt the free throw and team B is awarded ball out of bounds at mid-court for the throw-in. In this situation there is no jump ball to start the second half. (3-3)

30. Play: Who is responsible for behavior of the spectators?

EASTERN—REGION II CLASS AAA CHAMPION

(Left to Right) Front Row: Sims, Carr, Bailey, Wilhoite, Wheeler, Huggins, Watson, Chaney. Second Row: Randolph, White, Forchi, Smith, Lotz, Moose, Rosenbaum, B. Montgomery. Third Row: Wearren, Mouser, Temple, Sumner, Daniels, Horton, G. Montgomery, Siers, Roos, Brown. Fourth Row: McQuillen, Phelps, Schmead, Pruitt, Bell, Foreman, Baltzell, Campbell, Adamson, Johnson, Simeo.

Ruling: The home management or game committee, insofar as they can be reasonably expected to control the spectators. The Official may call fouls on a team whose fans interfere with the proper conduct of the game. Discretion must be used in calling such fouls to prevent unjust penalty. (2-6; 10-6)

31. Play: The score is A67-B64, with about 15 seconds remaining in the game when B1 scores a field goal, making it A67-B66. Team B, which has used only two of its time-outs, immediately requests a time-out.

Ruling: The fact that the request occurs during the last few seconds of play does not affect the situation from the rules standpoint. The time-out should be granted team B, even if A is holding the ball out of bounds, unless the status of the ball is about to change from dead to live. (5-8-d)

32. Play: Stopped clock indicates two seconds remain before the 3rd quarter ends. A1 misses free throw. A2 gets rebound and misses field goal try. B1 secures rebound and dribbles down court across division line well into his front court before charging into A3 just as the horn sounds. Referee consults Timer, who acknowledges he did not start the clock when A1 missed the free throw.

Ruling: If the Referee is positive that, had the Timer started the clock at the proper instant, time would have expired before B1 charged into A3, he would rule that the quarter had expired before the contact and the foul would be ignored unless it is unsportsmanlike. (2-4)

33. Play: If an Official, on his own initiative, takes a time-out to protect an injured player should a time-out be charged to the team?

Ruling: Unless the injured player is replaced within one and one-half minutes or unless the player

is ready to play immediately, the time-out must be charged to the team for whose benefit it was taken. After calling the time-out, the Official should ask the player if he desires a time-out. If he does not, play should be resumed at once. If, while time is out, the Coach or Trainer has been granted permission to come onto the court to attend the player, the time-out must be charged unless the player is removed. Under no condition does the Official have any authority to charge the time-out to himself. (5-8-e)

34. Play: A guard has established a guarding position in the path of his opponent, who has the ball. The opponent attempts to dribble around his guard. The guard steps to maintain his position in the path of his opponent but before he is able to place his foot on the floor the dribbler charges into the front part of his body. Is the dribbler responsible for the contact?

Ruling: The dribbler is responsible for the contact. Two facts support this answer. First, the guard had established a guarding position in the path of the dribbler. He was thereafter moving or shifting to continue to keep in the dribbler's path. Secondly, the dribbler charged into the front of the guard, which indicates that he was maintaining his position in the path of the dribbler. The point of contact is important in this case.

The phrase "if he jumps into position, both feet must return to the floor," which is part of Question 1 under Rule 10, Section 7, does not affect the ruling of this play. This phrase is coverage for a possible situation where a guard might jump to get into the path of a dribbler and, while he was in the air or before both feet hit the floor, be charged by the dribbler. In this case the guard would be responsible for the contact. It is not intended to apply to a guard who is

stepping or shifting to stay in the path of a dribbler after having established a guarding position.

In this play, if the dribbler had run into the leg of the guard instead of charging into the front of his body, the guard would have been responsible for the contact. Even if the guard had placed his foot on the floor as the dribbler tripped over it, the guard would still be responsible for the contact. On the other hand, if the guard had not moved his foot or leg into the path of the dribbler and the dribbler had tripped over the guard's leg, the dribbler would be responsible for the contact. Basic principles 1 and 3 on Page 28 of the 1960-61 Rules Book apply in these situations. (10-7)

Following are excerpts from a letter written recently by Miss Rogers to the Commissioner:

"Plans have been made by our state volleyball chairman for three high school volleyball sports days to be held in three different locations in the state . . . Plans are being made for district track and field meets for high school girls to be held in the spring, and scores will be sent on official entry blanks to the state chairman for state competition."

"Over one hundred letters have been sent to women physical educators throughout the state in an effort to create a greater interest in the promotion of sports according to D.G.W.S. standards and principles. At the fall D.G.W.S. meeting alone, nearly 150 sports rule books were purchased or ordered by those present, which is an indication that many high schools will be using the up-to-date D.G.W.S. official guides for sports this year—some for the first time. The state handbook is now being revised to include all personnel changes, etc.

"We have added to our committee several new sports chairmen this year which means that we are increasing the number of sports to be emphasized in the state. Among these are golf, aquatics, archery, bowling and tennis. There was much enthusiasm among our group about the state tennis tournament that was held in the spring and we wish to say a special 'thank you' to you for the work which you did in promoting this.

"Much of the work of this organization would have been impossible without the fine financial assistance of K.H.S.A.A. We especially want to thank you for the special interest and cooperation which you have given to our program."
