National Federation Meeting

The National Alliance Football Committee and the executive officers of the National Federation of State High School Athletic Associations met at the Claypool Hotel, Indianapolis, Indiana, during the period of January 3-6, 1960. The Kentucky High School Athletic Association was represented at the football meeting by Athletic Director Edgar McNabb, Beechwood High School, football clinic director; Athletic Director John Hackett, Ft. Knox High School, President of the Kentucky Coaches Association; and Principal Joe Orr, Irvine High School, Secretary of the Kentucky Coaches Association. The K.H.S.A.A. was represented at the sessions for executive officers by Commissioner Theo. A. Sanford. The Executive Committee of the National Federation met on Sunday morning, January 3, and the Football Standing Committees were in session on Sunday evening. Meetings of the Football Rules Committee were held on Monday morning, Monday afternoon, Tuesday morning, and Tuesday afternoon. There was a Non-Athletic Conference of state executives on Monday evening, and meetings of all executive officers on Tuesday evening and Wednesday morning. The Football Rules Editorial Committee met on Wednesday afternoon.

Topics discussed at the sessions for executive officers were: Opportunities for High Schools in the Olympic Program, Basketball Hall of Fame, Athletic Injury Clinics, Liability Insurance for State Associations, Workshops for Athletic Directors and Faculty members, Eligibility of Foreign Students, Amateur Baseball in the High School Program, and Use of Tax Monies for Interscholastic Athletics.

Executive Secretary Clifford B. Fagan of the National Federation has summarized the most important rules modifications which received the approval of the football committee: The summary is as follows:

A CHECK-UP ON 1959 CODE: Approximately 20,000 National Alliance Football Questionnaires were distributed by the National Federation, the National Junior College Athletic Association and the National Association of Intercollegiate Athletics. Approximately 7,600 were returned and tabulated. This is the largest response the Committee has had to the Questionnaire. The proportionate vote in one group differed very little from the corresponding vote in each of the other groups. This prevailed for the check-up on last season's rules as well as for possible revisions for the 1960 season.

Questionnaire results, which were received from all parts of the country, indicated a high degree of satisfaction with the changes which had been authorized for the 1959 season. The revision which placed the coaches' boxes between the two 45 and 20 yardlines when on the same side of the field was endorsed by a vote of more than 11 to 1. The requirement that flexible-shaft flags be placed at the intersection of the goal lines and the sidelines was endorsed by a vote of 24 to 1. Approximately 70% of the returns approved of recommending that participants wear both face and tooth protectors. The

1959 provision requiring the mandatory removal of any injured or apparently injured player for at least one down was favored by 92% of those returning Questionnaires. 96% endorsed the rule book note urging Officials to penalize promptly any unsportsmanlike conduct. The rule that no penalty measurement take the ball more than half the distance from the enforcement spot to the offending team's goal line was approved by a vote of more than 9 to 1.

Part II of the Questionnaire, which is based upon Observation, revealed that 33% considered "use of hands during offensive blocking" a major problem. 16% indicated Officials frequently failed to promptly spot the ball and give the ready-for-play signal after the ball has become dead. Approximately 1 return in 4 indicated Officials failed to signal promptly. Failure to signal plainly was also indicated as a major problem by approximately 18% of those returning Questionnaires.

Standing Sub-Committee Chairmen submitted valuable reports which included information and material upon which the Rules Committee could base action. These reports were made by Kermit Anderson of the Safety Committee, J. C. Harper of the Game Administration Committee, Lyle Quinn of the Equipment Committee, S. D. Jackson of the Research Committee and Webb Porter of the Statistical Committee. W. M. Runyon presented the National Federation's official report of fatalities, resulting from 1959 interscholastic competition. Joe Kelly addressed the group as representative of the National Sporting Goods Manufacturers' Association. The philosophy and application of the theory of the expanded neutral zone was ably presented by M. F. Sprunger who, during his presentation, pointed out the need for additional study of this matter. He called the Committee's attention to inconsistencies in the present coverage. A summary of these reports will be included in the complete minutes. Several carryover problems and new studies were referred to the Standing Sub-Committees for further study and recommendation.

ABOUT PROPOSALS FOR 1960: Questionnaire returns indicated that 60% were opposed to placing the goal post cross-bar on the goal line, even though a cantilever device were to be used so that the posts themselves would be in the end zone for safety purposes. Returns also gave evidence that 5 out of 6 did not favor permitting the team behind to have its choice of goals after a touchdown or field goal. 60% favored increasing the length of junior high school quarters to 10 minutes. As has been the previous experience, returns revealed opinion was nearly evenly divided regarding the advisability of specifying that, beginning in a given year, all hard material in rib, shoulder and hip pads be covered with soft material. 3,863 favored the proposal while 3,575 opposed it. 9 out of 10 returns approved of a requirement that each player wear a face protector. 57% of the returns were opposed to a requirement that it be mandatory for each participant to wear a dental guard. A slight majority (54%) preferred permitting ineligible to go

"Certified" Officials

Since the list of "certified" officials appeared in the January issue of the magazine, two additional officials have qualified for this rating. They are: Allen W. Russell and Humzey Yessin.

News About Swimming

The 1960 State High School Swimming Meet for Class A will be held in Lexington on Saturday, February 27, at the University of Kentucky pool. The meet for Class B will be held at the same location on Saturday, April 2.

Class A will include those high schools with an enrollment of 750 or more (grades 9-12), and Class B will include those schools with an enrollment of less than 750. Any school may enter a class above its classification.

Class A will have eleven events this year, Class B seven, the numbers being the same as last year. Individual contestants may enter only two events, including Fancy Diving.

The Class A events are as follows: 400 Yard Freestyle, 50 Yard Freestyle, 100 Yard Butterfly, 200 Yard Freestyle, 100 Yard Backstroke, 100 Yard Breaststroke, 100 Yard Freestyle, Fancy Diving, 200 Yard Individual Medley, 200 Yard Medley Relay, and 200 Yard Freestyle Relay.

The Class B events are: 50 Yard Freestyle, 100 Yard Backstroke, 100 Yard Breaststroke, 100 Yard Freestyle, Fancy Diving, 200 Medley Relay, and 200 Yard Freestyle Relay.

The method of entering teams in the meet will be the same as in past years, with the State Office supplying entry blanks to the schools whose principals have indicated that they will enter teams in the meet. The Association will make the same allowance to participants for transportation, lodging, and meals, as is given State Track Meet participants in each event. Expenses for the swimming coach will be paid if the school has as many as four entries in the State Meet.

Corrections

In the January issue of the magazine Coach Ralph Roaden of the Woodbine High School was listed incorrectly as Ralph Roach. The Midway High School is in basketball district 41, not 42.

ANNUAL MEETING SPEAKER

Adron Doran

Dr. Adron Doran, President of the Morehead State College and the Kentucky Press Association's "Outstanding Kentuckian of the Year," will be the principal speaker at the annual dinner meeting of the Kentucky High School Athletic Association, scheduled to be held in the Crystal Ball Room of the Brown Hotel, Louisville, at 6:00 P. M. April 21.

Dr. Doran is a native of Graves County. He has A.B. and M.A. degrees from Murray State College, and he received a doctor's degree from the University of Kentucky in 1952. He is a former high school teacher, basketball coach, and principal, and is an ordained minister of the Church of Christ. He was Director of the Division of Teacher Education and Certification for the State Department of Education from 1952 to 1954.

From 1944 to 1952 Dr. Doran served as State representative from Graves County. He was speaker of the House during the 1950 session. President Doran has headed Morehead for the past six years. Dr. Doran is a past-president of the Kentucky Education Association. He is currently a member of the K.E.A. Board of Directors. He is a member of the Board of Managers of the Kentucky Congress of Parents and Teachers, and he represents Kentucky on the Southern Regional Education Board's committee on education television. He has developed a pre-forestry curriculum for Kentucky institutions for higher learning. He is chairman of the committee which developed the new program of study for 12-grade schools, adopted by the State Board of Education.

As President of Morehead State College, Dr. Doran has seen its enrollment treble within the period of his tenure. He has given leadership to help create a widely expanded and improved curriculum. His faculty has grown from 66 to 110. Intergration of the races was effected at Morehead without incident, for which Dr. Doran was awarded the Lincoln Key by the Lincoln Foundation. This is given each year to the person in the state who has done the most for integration.

KAPOS NEWS

Pikeville College will be host to a clinic for cheerleaders on February 13, 1960. The fee is \$1.00, registration time is 9:30 A. M., and closing time is 3:30 P. M. Topics to be covered are: Sportsmanship in Cheering and What's Wrong with your Yell Techniques. For further information Mrs. Bonita B. Sharpe, Department of Physical Education, Pikeville College, may be contacted.

Transylvania College in Lexington will have Pauline Hess, Michigan State, as the director of a clinic in the Fall. A chance will be given to learn new techniques and yells from one of the outstanding cheerleader coaches in the Big Ten. Miss Hess is the owner and director of Camp All-America. The date is October 1, 1960, fee \$2.00, registration time 9:00 A. M., and closing time 3:00 P. M. Areas to be covered are: Cheerleading Techniques, Evaluation of Individual Yells, New Routines, and Skits for Pep Rallies. For further information Mrs. Mildred V. Rodes, Department of Physical Education, Transylvania College, Lexington, Kentucky, should be contacted.

Area notes from K.A.P.O.S. give the following State Tournament plans for cheerleader sponsors:

"Again, the Kentucky Association of Pep Organization Sponsors (KAPOS) will have a 'Welcome Booth' set up in Freedom Hall, somewhere near the main entrance, for the sole purpose of registering and greeting you. Please stop by and visit with fellow sponsors.

"Perhaps you would like to have a part in making known to the public just what is involved in being a cheerleader sponsor. If so, we can use you for radio interviews or possibly a television program. It would expedite schedules if you could let us know in advance as to whether you will be available for such an interview.

(Continued on Page Nine)

The Flying Dutchman

This month's Corn Cob Pipe of Honor Award goes to Kenneth Farmer, popular principal of new Seneca High School in Jefferson County. Kenny has merited it because of a lifetime of dedicated service to young people. All over Jefferson County the name of Kenneth Farmer is synonymous with unselfishness and hard work. In just a few years Kenny has not only developed a fine educational program but has molded one of the outstanding athletic programs in Kentucky, besides building a Youth Club which is second to none in the Commonwealth. Bob Mulcahy, the former all-stater from Lafayette, is his coach—and he is a “cracker jack” just like his Dad-in-Law, Ernie Chattin. Ernie is an immortal in Kentucky sports.

On the subject of awards, we note that there has been no community recognized with an Abou Ben Adhem Award since spring of 1959. Check up, sports officials, so that you may recommend those communities deserving of this citation. No one has recommended a physically-handicapped athlete for overcoming his handicap to engage in sports. Both of these awards have meant a great deal to communities and physically handicapped athletes over the past years. Your interest in these programs is service to your communities and the Commonwealth.

Sports officials all over Kentucky, with a long record of service in the field of officiating, are going to be recognized at next year's basketball clinics with unusual awards from The Flying Dutchman. A lot of interest has already been generated in the “Mr. Methuselah” Award.

From Jimmy Feix of Bowling Green comes the following recommendation:

“Dear Dutchman:

“I'd like to take this opportunity to nominate, as Mr. Methuselah of Kentucky Basketball Officials, one of the most dedicated and tireless of them all, William Turner Elrod of Bowling Green.

“Turner has been “tootin’” lo these many years with a sincerity and efficiency that can stand as a goal for all in the “Fraternity of the Striped Shirt.”

“After some research and “prying,” I can report that “Firpo” began his officiating while a senior at Bowling Green High School during the 1926-27 season. He carried on his officiating, as his other duties and responsi-

The Dutchman

bilities would allow, through his four years as a student-athlete at Western. Turner continued his officiating while a teacher-coach at Irvine and at Henderson (at which time I had opportunity to play for him) and eventually back to Western where he has taught and coached since 1948.

“From escapades too numerous to here report, I am convinced that if the 33-34 years as an official doesn't win the Mr. Methuselah Award for the 52 year old Elrod, most certainly those years and the even greater mileage should entitle him to an “Iron Man of the Half Century” Medal.”

The Dutchman can vouch for the fact that “Feerpo”, as Coach Diddle always called him, is entitled to a salute. The Dutchman might never have had an opportunity to break into basketball officiating had not Turner Elrod asked him to substitute as an official in a game between Brownsville and Woodburn in the year of 1929. The old timers in Brownsville remember The Dutchman's first attempt at blowing a whistle—and they still remember the speed with which he departed after the game had ended. If “Feerpo” did not already have a Cob Pipe, he'd be getting one right now.

Paul Walker, Recreation Director of Bowling Green, is Chairman of the Kentucky Recreation Workshop scheduled at Cumberland Falls on March 26 through April 1st. Kentuckians, interested in learning the operation of recreation of all phases, will do themselves favors by getting in touch with Paul to register for this Workshop. Paul,

who is doing an outstanding job with the recreation program of Bowling Green, is one of Kentucky's finest young leaders in the field of recreation.

When the Kentucky School Boy Basketball Tournament returns to Louisville in March, Kentuckians may expect to find the welcome mats rolled out on every highway leading into Jefferson County. Bill Moore, Superintendent of Louisville's Parks and Recreation, is joining The Flying Dutchman to form a team of Co-Chairman for Hospitality aimed at making Kentuckians feel welcome in and around Louisville. Jack Dawson, Member of the Board of Control, "Got the Ball Rolling" when he called a meeting of leaders of Louisville and Jefferson County in January for the purpose of building a strong hospitality organization.

Some of the plans in the "Hopper" include activities for young people at Freedom Hall between sessions. The City Department of Parks and Recreation has a Sports Center, which is the finest in the country, set up inside this building which will give young people a sports menu to make any youngster's mouth water. They may engage in miniature golf, archery, tennis—or you name it, it will be there.

Besides this, the Jefferson County Parks and Recreation Board will conduct a Youth Center in the Armory each morning until game time and will set up dances for the youngsters after Freedom Hall closes at night. In addition to this, the Kentucky Theatre will sponsor a late show beginning at 11:30 p.m., which will give young people another outlet who are not yet ready for the "sack". The City and County Police will be cooperating. Cots will be set up in the massive gymnasium of the Police Department where youngsters without lodging may "bed down" as long as space holds out.

These are only a few of the hospitality features. The Chamber of Commerce will have a hospitality room at Freedom Hall for coaches and principals; all visitors wanting to play golf on Louisville's golf courses will play without paying a green's fee—and so the hospitality goes on and on with too many things being planned to mention in the short space allotted The Flying Dutchman.

Your old Dutch friend signs off with this bit of philosophy for Kentucky's quintettes who have been unlucky—"The harder you work, the luckier you get."

Films

The films listed below are in the Film Library of the University of Kentucky Department of Extension. The Code letters "e,j,s,c,a" refer to elementary, junior high, senior high, college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans, offered by the Bureau of Audio-Visual Material.

Basketball

BALL HANDLING IN BASKETBALL, j-s-c, 1 reel, \$1.50

Teaches fundamentals of basketball handling including stance, grip, control, adjustment, before shooting, catching the ball, and other points. Presents game shots, using special photographic techniques to illustrate principles.

BASKETBALL BY RUPP, j-s-c-a, 2 reels, \$2.50

Animated play diagrams, slow motion photography, and action shots are combined in this new film prepared under the personal direction of Mr. Rupp especially for coaching use. Among the drills and plays covered in this film are: pivot man's slide into the basket; Play No. 6, the famous Kentucky Basket Maker; legal screening; penetrating zone defense; and the Kentucky fast break.

BASKETBALL FOR MILLIONS, j-s-c-a, 3 reels, \$7.50

This is the film for 1958-59, produced by the Official Sports Film Service under the sanction of the National Federation. A fantastic dream sequence where impossible and nightmarish situations can and do arise is the continuity thread used throughout the film to depict: Accepted officiating procedures—problems created by double fouls and false double fouls — tricky situations connected with front and back court—jump ball infractions and procedures—little understood distinction between player and team control—and a panorama of basic rule fundamentals.

BASKETBALL FUNDAMENTALS — INDIVIDUAL TECHNIQUES, j-s-c-a, 1½ reels, \$2.50

Branch McCracken, Indiana University basketball coach, uses his team to demonstrate the fundamentals of basketball. Slow-motion photography is used to break the various court techniques down into easily grasped essentials.

BASKETBALL KENTUCKY STYLE, j-s-c-a, 2 reels, \$2.50 (in state), \$5.00 (out of state)

This is the revised edition of the film "Basketball By Rupp" prepared under the personal direction of Mr. Rupp especially for coaching use.

BASKETBALL STRATEGY FOR GIRLS, j-s-c-a, 1 reel, \$1.50

The basic strategy of offense play (fakes, rolls, cutting, screening, varying pace) and defense play (player to player, basic zone, shifting zone, triangle, and diagonal) is demonstrated and explained in this film.

BASKETBALL TECHNIQUES FOR GIRLS, j-s-c-a, 1 reel, \$1.50

Basic movement skills (running, starting, stopping, turning) passing (finger control, movement with the pass, leading the receiver, choice of the right pass), catching (side pass, high pass), shooting (finger control, arm extension, wrist flip, choice of the right shot), dribbling, making, and pivoting are demonstrated and explained in this film.

BETTER BASKETBALL, j-s-c-a, 3 reels, color, \$.75

This film is produced by the Official Sports Film Service under the sanction of the National Federation of State High School Athletic Associations. It demonstrates current rules and good officiating procedure, with colorful action by skilled players.

CARR CREEK VS. HENDERSON (1956) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

The final game of the 1956 State Basketball Tournament is shown in this film. Carr Creek High School defeated Henderson by a narrow margin, 72 to 68, to win the championship.

CHAMPIONSHIP BASKETBALL—TEAM TECHNIQUES, j-s, 1 reel, \$1.50

Man-to-man defense is shown, with the means best used under varying conditions.

DEFENSIVE FOOTWORK IN BASKETBALL, j-s-c, 1 reel, \$1.50

Striding with an opponent, checking, maneuvering him out of position and other basic skills are illustrated, using special photography to demonstrate points. Rebounding, pivoting, and correlated arm action are taught also.

EASTERN VS. LAFAYETTE (1957) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, color, \$.75

The final game of the 1957 K.H.S. State Tournament was played in Freedom Hall at the Kentucky Fairgrounds and Exposition Center before a record crowd of 18,000. The final score was 56-52 as the Lafayette Generals won the crown for the fourth time.

HAZARD VS. ADAIR COUNTY (1955) K.H.S. STATE BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

This is an excellent film of the game in which Hazard defeated Adair County by the score of 74-66 for the championship. Johnny Cox bore the brunt of the attack by the champions while all-state players, Ralph Shearer and Terry Randall, were best for Adair County. The presentation of all awards and trophies for the tournament is shown also.

HIGHLIGHTS OF 1956 STATE BASKETBALL TOURNAMENT, e-j-s-c-a, 3 reels, sound, \$.75

Interesting scenes of events during the tournament are shown in this film. Action shots of the crowd, cheerleaders, and bands are shown in addition to a part of the play in each tournament game.

KING BASKETBALL, j-s-c-a, 3 reels, \$.75

The official rules for the 1953-54 season are interpreted in this film. In addition, play situations are demonstrated by members of the Shawnee Mission basketball team, finalists in the Kansas State High School Tournament. Particular skills are shown by Robin Freeman, jump shot artist, who averaged thirty points a game for Hughes High School, Cincinnati; Wade Holbrook, a 7 foot $\frac{3}{4}$ inch giant from the Portland, Oregon, State High School champions; and Chuck Darling, All-American center from the University of Iowa.

NORTH MARSHALL VS. DUPONT MANUAL (1959) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, silent, \$.75

The Indians of North Marshall High School proved

too much for the Reds of duPont Manual in the final game, winning by a score of 64-63. All-State players, Doyle and Lampley, were best for the winners, while Melear and Siers led the Reds.

RUPP'S FUNDAMENTALS OF BASKETBALL, j-s-c-a, 1 reel, silent, \$1.25

Coach Rupp's University of Kentucky Wildcats (1949-50) demonstrate ten different plays in such a clear manner that it is easy to follow and learn each play.

RUPP'S PARADE TO THE NATIONAL CHAMPIONSHIP OF 1958, j-s-c-a, 4 reels, \$3.50

This film presents the high lights of all the games, both regular season and tournament games, which led up to the U of K's Wildcats winning the NCAA basketball crown.

SHOOTING IN BASKETBALL, j-s-c, 1 reel, \$1.50

Concentrating on the set shot, this film pictures the action of the throw, stance, aim, trajectory, and fingertip control. Special attention is given total body coordination, especially inward rotation of the hand and arm making the throw.

ST. XAVIER VS. DAVIESS CO (1958) K.H.S. BASKETBALL TOURNAMENT FINALS, e-j-s-c-a, 3 reels, \$.75

St. Xavier High School of Louisville won the 1958 State Basketball Tournament by defeating Daviess County of Owensboro, 60-49, in the final game of the tournament at the University of Kentucky Coliseum.

Swimming**AQUATIC ARTISTRY**, e-j-s-c-a, 1 reel, \$1.50

The film presents a diving exhibition by Harold Smith, an Olympic champion. Slow motion photography brings out clearly various points in Smith's techniques.

BEGINNING SWIMMING, e-j-s-c-a, 1 reel, \$1.50

Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing, floating, paddling and stroking and pulling with the arm are practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

BREAST STROKE, SIDE STROKE, AND UNDERWATER SWIMMING, e-j-s-c-a, reel, \$1.50

This film presents the conventional breast stroke timing the strokes, and the kick.

CRAWL STROKE, e-j-s-c-a, 1 reel, \$1.50

The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots under water.

DIVING FUNDAMENTALS, j-s-c-a, 1 reel, \$1.50

After a brief history of the sport of diving, the following points are explained and demonstrated: The hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

DOLPHIN KICK, e-j-s-c-a, 1 reel, \$1.50

An excellent swimmer, an underwater camera and carefully devised teaching demonstrations introduce the new swimming technique known as the dolphin or fish-tail kick. Analyzing the body movements used in the dolphin kick, the film stresses the importance of practice for mastery of this efficient speedy kick.

1955 KENTUCKY HIGH SCHOOL A. A. SWIMMING MEET, j-s-c-a, 2 reels, silent, \$.75

Highlights of the meet and championship heats are shown in the film. St. Xavier of Louisville won the Class A title for the ninth consecutive year. University High of Lexington won the Class B and Bellevue the Class C.

SWIM AND LIVE, j-s-c-a, 2 reels, \$.75

Men of the Army Air Forces at Miami are taught to swim from floating to swimming through burning oil. The film is useful for pre-induction instruction and for safety classes as well as for general programs.

NATIONAL FEDERATION MEETING

(Continued from Page One)

beyond the scrimmage line as soon as a pass is in flight rather than when it is touched. A proposal that it be provided the ball become dead when K first touches a scrimmage-kick beyond the line was favored by 3,964. 2,866 were opposed. A slight majority were opposed to a revision which would provide that a free-kick beyond the free-kick line would become dead when K first touched. The vote indicated that 2 out of 3 were not interested in including in the rules a means of determining a winner if a regular game ended in a tie. 61% favored retaining the present width goals and 81% endorsed the present rule by which the ball becomes dead when any kick touches in R's end zone. An overwhelming majority of 17 to 1 favored retaining the present coverage which provides that when R touches a scrimmage-kick beyond the line it is the same as a change in team possession as far as ending a series is concerned. Nearly 60% were opposed to a requirement which would provide that a player who committed a foul must raise his hand at arms' length above his head.

The Questionnaire results indicated that the simplification and orderly arrangement of the rules in the National Alliance Code are continually becoming better understood and more appreciated.

AUTHORIZED RULES REVISIONS

1-2-Note: The Committee authorized permission to use goals with a cross bar of 23 feet 4 inches if the home team is required to use a field equipped with goals of this type.

1-3-3-Note: The home management shall also make available a competent crew to operate this equipment.

1-5-1: An addition to the present coverage will indicate that a player shall wear a face protector while participating.

1-5-3-c: A note will explain the Rules Committee strongly recommends that new hip, rib and shoulder pads have all hard surfaces and edges covered with soft or shock-absorbing material.

2-3-3: The revision will provide that a valid fair-catch signal is the extending and holding of one hand only at full arm's length above the head. It will no longer be necessary to wave the hand sidewise.

2-4: So that the possibility of injury may be reduced, this section will provide that the area in which

blocking from the rear is permitted is reduced to 4 yards laterally on either side of the snap and 2 yards behind each scrimmage line. It will also provide that to block from the rear in this rectangular area (8 yards by 4 yards) without it being a foul, the blocker must be in the area at the snap.

3-4-1: An item added to the article will permit an Official's time-out for "any unusual delay in getting the ball ready-for-play."

6-4-2: The revision will provide that only a player who signals can make a fair catch.

7-5-6: The article will be rewritten to permit ineligible A to advance beyond the scrimmage line as soon as the forward pass leaves the passer's hand. However, ineligible will continue to be restricted from touching a forward pass before it has touched B.

GENERAL

1. It was voted to include the following items in the 1960 Football Questionnaire:

(a) Do you favor authorizing the Referee to make an equitable adjustment or to order a replay if the ball becomes dead because of an inadvertently blown whistle which obviously handicapped one of the teams?

(b) Should the rules require that beginning in 1963 (or in 1965) all hard surfaces in rib, hip and shoulder pads be covered with soft or shock-absorbing material?

(c) Would it be desirable to remove the restrictions which prohibit an interior lineman from moving after he has placed his hand on the ground?

(d) Should R be required to put the ball in play at the inbounds spot if R is the last to touch a free-kick which goes out-of-bounds?

(e) Should it be mandatory that, beginning in 1962, each participant, unless excused by a dentist, be required to wear a mouth protector?

(f) Shall there be five charged time-outs permitted in games played in 15-minute quarters?

(g) Is it desirable to have an Official's time-out whenever there is a change of team possession?

(h) Shall all blocking from the rear, including that during close line play in the 8-yard by 4-yard rectangle along the scrimmage line, be considered a foul?

(i) Do you favor a 2-minute intermission between quarters for changing goals?

2. The Committee directed the Case Book inclusion of play situations which would indicate that: (a) first touching does not cause the ball to become dead; and (b) a Captain's request for measurement may be refused if, in the Referee's opinion, it is obvious the first down has or has not been made.

3. Revision of Case Book Play 320b so as to include a situation in which the ball is "advanced out of the end zone" was voted.

4. At the request of its Committeeman, the North Carolina High School Athletic Association was granted permission to continue to experiment during the 1960 season with declaring a scrimmage-kick beyond the line dead when K first touches.

5. For games played in 15-minute quarters, permission to experiment with allowing 5 charged time-outs to each team each half was authorized.

6. A proposal that the coin toss take place a minimum of 15 minutes before the game starting time was submitted but received only limited support. Because coverage does not now set the time of the toss, the toss can be made other than immediately prior to the kick-off when it is mutually agreeable.

7. No great interest in determining a winner if a regular game ends in a tie was expressed. The determination of a winner is necessary when a tie

occurs during a play-down for a state championship and various plans are now used in several states for this purpose. However, there was no disposition to incorporate a method for tie elimination in the rules. The representative from Maine reported on limited experimentation in his state with this matter. The results of the experiment did not meet with favor and a large majority of those experimenting preferred to leave the game as a tie.

8. A motion to assess a 15-yard penalty against the home team at the start of the game when 5 yardlines are not marked was considered and then lost by substantial majority.

9. Some concern over proper enforcement and adherence to the coaching from the sideline rule was expressed. Several areas reported improved enforcement during the past season. Other areas indicated frequent violations and less progress than desired. A motion to delete from the rules any reference to coaching from the sidelines was withdrawn after the discussion.

10. The meeting keynote was safety. From the opening remarks of Chairman Knowles until the disposition of the last items, the importance and necessity of stressing safety was emphasized. It was pointed out that there are no expendables in an inter-scholastic program and the welfare of each individual is of the utmost importance. The Committee urges adherence to all safety measures. Members and rule interpreters were directed to stress safety aspects of the program to coaches, game administrators and officials. The editor was directed to include in the Rules Book recommendations which will contribute to the safety and welfare of the participants. Such recommendations will include the desirability of having a medical doctor in attendance at games and, whenever possible, at contact practices, a stretcher available at fields, the need of thorough physical examinations and adequate conditioning.

EIGHT-MAN RULES

1. The Six-Man field (300x120) with Eleven-Man goals shall be official for the Eight-Man game.
2. The try-for-point shall be attempted from B's 2 yardline.

SUPPLEMENTARY LIST OF REGISTERED BASKETBALL OFFICIALS

(List Compiled February 1)

If one telephone number is given for an official listed, it is the home phone number unless otherwise designated. If two numbers are given the first number is that of the home phone.

Adams, Gillis Lee, Grays Knob, 640-W.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the Kentucky Hotel, Louisville, on Saturday morning, January 23, 1960. The meeting was called to order by President Russell Williamson at 9:00, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present.

Louis Litchfield moved, seconded by Cecil A. Thornton, that the reading of the minutes of the December 19th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Director Jack Dawson reported on a meeting of the Kentucky High School Basketball Tournament Hospitality Committee, held at the Kentucky Hotel on January 21, which had been attended by him and the Commissioner, representing the Board of Control. Mr. Dawson reported that preliminary tournament plans, as far as the committee mentioned was concerned, seemed to be moving along very well. The Commissioner stated that the cooperation of the Louisville group to date had been outstanding. Assistant Commissioner Mansfield reported that the advanced sales of tournament tickets had been very fine, possibly better than ever before at this time.

Louis Litchfield moved, seconded by W. B. Jones, that the following regulations concerning fees for regional tournament officials be adopted: The official shall receive a fee of \$20.00 per game and a transportation allowance of seven cents per mile for all necessary travel. In the event it is necessary for the official to remain overnight at the tournament site, he shall be paid an additional \$10.00 per day for lodging and meals. The motion was carried unanimously.

Louis Litchfield moved, seconded by K. G. Gillaspie, that the 1960 State Track Meet be held in Lexington on May 20-21, and that the Commissioner be authorized to set the dates and determine the sites of the other spring events. The motion was carried unanimously.

W. H. Crowds moved, seconded by Robert P. Forsythe, that all bills of the Association beginning December 19, 1959, and ending January 22, 1960, be approved. The motion was carried unanimously. No further business the meeting adjourned.

KAPOS NEWS

(Continued from Page Three)

"Please notify either Mrs. Nelda Smith at Scott County High School, Georgetown, Kentucky, or Mrs. Stella S. Gilb at the University of Kentucky of your willingness to take part in the 'interview program' by sending us your name and the dates on which you will be available for an interview.

"Principals who wish their cheerleaders to be considered for the annual cheerleader award should be prompt in their reply, stating that their cheerleaders are being chaperoned during their entire stay at the State Tournament by a school-approved chaperon; and the name of the chaperon should be given. Send confirmation by telegram to: President Nelda Smith (KAPOS), Kentucky Hotel, Louisville, Kentucky.

"The Cheerleader selection will be made on the following basis:

1. Appearance (neatness and general good grooming)
2. Ability to execute the yells
3. Ability and effort displayed in control over own rooters
4. Appropriateness of the choice of yells
5. Conduct while in uniform (gum chewing, smoking, using intoxicants or profane language. This applies to rest rooms, hotels, etc.)
6. Pep and enthusiasm displayed during cheering
7. Sportsmanship (toward opponents and officials)

"Method of grading, based on possible 70 point total, is as follows: Excellent, 10 pts.; Good, 7 pts.; Fair, 5 pts.; and Poor, 2 pts.

"The following note is given to those schools planning on bringing the school band: Bands add color and pep to a contest, and they deserve equal time to perform. However, there are certain courtesies to be observed by each of us. With your permission I will mention some areas where, in the past, school bands have been criticised:

1. By trying to 'drown' out the other band even though your opponent started playing first.
2. By beating drums and clashing cymbals when an opposing player is at the foul line.
3. By going into a number after either own or opposing cheerleaders have started a cheer.

4. By monopolizing the available time by playing a very long number or going into a second number without giving the other band a chance to perform."

No Extra Charge

To Spare the Nerves and Spoil the Fans
Observe the following and your's will be a
Popular Band:

Let no Notes Issue from Playful Hands
Until the Director Calls, "STRIKE UP THE
Band."

Do not Toot the Flute nor Beat the Drum,
When the Action is at the Foul line, BE
MUM.

Blow your Horn and Show your Stuff
But One at a Time, That's Enough.

Wave the Baton and Declare your Rights
Unless the Cheerleaders are Yelling, FIGHT,
FIGHT!

BUT

When Tempers Flare and a Riot is in Sight
STRIKE UP THE BAND and Play with all
Your Might!

Anonymous.

The Power of Athletics

America is a sports loving nation from the standpoint of both the spectator and the participant. One need only to observe some of the happenings on the American scene for evidence of this statement.

Take for example, the great American game of baseball. During the World Series baseball is the main topic of conversation wherever you go or wherever you may be. Millions of baseball fans across the nation pause to listen on radio or watch the games on television. During the recent Series it was estimated that one out of every ten persons in Los Angeles was carrying a transistor radio. During a current baseball season millions of fans attend professional, high school, college and amateur baseball games. SUCH IS THE POWER OF BASEBALL.

Following the baseball season, fan hysteria switches to a favorite football team. Millions of football fans fill high school and college stadiums. Every Friday and Saturday in Ohio, three hundred and sixteen high school football games are played to an estimated total attendance of over 500,000 people. Crowds of more than 82,000 attend each game at the Ohio State University Stadium. The various college conferences in Ohio and elsewhere are not without their supporters. Almost every Sunday crowds of 50,000 to 100,000 watch the professional football teams, not to mention the millions

that are viewing the games on television. SUCH IS THE POWER OF FOOTBALL.

Then comes the basketball season with no change in the tempo. Almost every town, village, hamlet or city has a local basketball team with its followers and loyal supporters. Regardless of floor size, spectators fill every available seat and space in the gymnasium to lend their moral support to the players and cheer their team on to victory. During the tournament time it is not unusual in some communities to find signs on the doors of business places which read "Closed—Gone To The Tournament." In 1959 over a million fans attended the high school basketball tournaments sponsored by the Ohio High School Athletic Association. SUCH IS THE POWER OF BASKETBALL.

Horse racing has its Kentucky Derby, automobile racing has its 500-Mile classic, golf has its Walker Cup as well as championship golf, bowling has its ABC and championship bowling, yacht racing has its Lipton Cup, speedboat racing has its coveted cup and so it goes—all have their fans and followers which run into millions. To the list of sports already mentioned we can add hunting, horseback riding, fishing, swimming, skating, skiing, trap and skeet shooting, boating, canoeing, wrestling, boxing and many others which have their supporters. All of these examples point up the power of athletics and the important part which athletics play in the lives of American people.

Spectators receive certain benefits from watching or attending a sports spectacle. Social and recreational values are the more obvious outcomes. Some writers claim mental and spiritual values for the spectator as a result of seeing acts of good sportsmanship and fair play. Others emphasize the development of community pride and school spirit that comes from a common interest in an athletic team. Many other claims might be made in support of "spectator athletics." However, the chief concern of this editorial is to emphasize the Power of Athletics as it relates to the participant.

Athletics are a part of the educational program and as such they contribute to the total development of the individual. Physical, mental, moral, social and spiritual values result from participation in athletics. These values and many others are emphasized in eligibility cases referred to the Commissioner's office. An appeal is often made in behalf of the boy with such statements as "athletics is the only thing that will straighten the boy out and keep him in school" or "the boys future will be jeopardized if he cannot play basketball or football." Many reasons are given why the boy should be declared eligible so that he can derive the benefits that come from being a member of the team or squad.

Eligibility for interscholastic athletics as based on meeting academic requirements, age, residence, amateur standing, no undue influence and many other rules and regulations of the O.H.S.A.A. which cannot be waived or set aside by the Commissioner.

As often stated, a program of athletics cannot

be justified unless it is a part of the total educational program. Using each letter of the theme "POWER OF ATHLETICS" following are some values, outcomes and characteristics of athletics.

- P—Privilege of representing the school as a member of an athletic team; a purposeful activity which builds physical fitness and better boys.
- O—Opportunity to develop physically, mentally emotionally and socially.
- W—Worthwhile qualities of sportsmanship, fair play and other desirable social and moral character traits.
- E—Enthusiasm, endurance and energy for living in an age of automation and increased leisure.
- R—Reliability, resourcefulness and responsibility.
- O—Outstanding performance which produces poise and self-confidence.
- F—Fitness and moral fibre for peace and for war and foresight.
- A—Appreciations, attitudes and attributes which contribute to public acceptance of the athletic program.
- T—Teamwork and the tenacity to keep going in victory or defeat.
- H—Health and happiness from competing in a wholesome program of competitive activities.
- L—Loyalties associated with his team, his school and his community; learn to respect the rights of others.
- E—Esprit de corps and a feeling of belonging; enthusiasm for sports as a means of recreation.
- T—Ties of friendship with team mates; tolerance, trustworthiness, training and self-discipline.
- I—Inspiration, intestinal fortitude and initiative.
- C—Confidence in one's self and consideration for the welfare of the group.
- S—Self-control, social responsibilities and satisfactions for living in a democratic society, sportsmanship and fair play.

SUCH IS THE POWER OF ATHLETICS.

—Editorial in THE OHIO HIGH SCHOOL ATHLETE

Attention, Principals!

Attention is called to the provisions of K.H.S.A.A. By-Law 21, Number of Basketball Games. The last sentence of this By-Law reads: "In one county, conference, or invitational tournament, the games played by a member school shall count as one game."

The Commissioner has been advised that there is a possibility that many principals are not complying with K.H.S.A.A. regulations with respect to exchanging eligibility lists when second teams are involved. Under the "By-Laws" heading in the K.H.S.A.A. booklet is the following: "Governing All Contests Between Teams Representing Member Schools."

State Tournament News

Hospitality Committee

Charlie Vettiner, Director of Parks and Recreation for Jefferson County, and Bill Moore, Director of Parks and Recreation for Louisville, are Co-Chairmen of the Louisville and Jefferson County Hospitality Committee which is assisting the management of the forthcoming State High School Basketball Tournament. The following program of events has been announced:

MOVIE KENTUCKY TREATRE "Operation Petticoat," 11:30 P. M. Thursday and Friday Night, March 17th and 18th. Regular price of admission \$1.25, Special Price to us \$.50. Supervision at the Theatre will be furnished by the City and County Recreation Division.

ROLLER SKATING—Fair Roller Rink, 825 W. Broadway, Friday and Saturday, March 18 and 19, 9:00 A. M. to 11:30 A. M. Free admission. Skate rental: 25c.

ICE SKATING—Armory, Friday and Saturday, March 18 and 19, 8:30 a.m. to 11:30 A.M. Free admission, skate rental 35 and 50c. Rental on Ice Rink will be paid for by the City Dept. of Parks and Recreation. Supervision by City and County Recreation Divisions.

The City Division of Recreation will be in charge.

Information desk and Activity Board in lobby of Kentucky Hotel and Freedom Hall March 16, 17, 18 and 19.

Pass Gate at Fairgrounds for official cars to be Gate 2, off Crittenden Drive, using last gate on right.

Housing Bureau

Mr. Lewis C. Tingley, manager of the Louisville Chamber of Commerce Convention Bureau, writes that it is the desire of his organization to set up a housing bureau for the State Tournament. Mr. Tingley says: "All inquiries for the tournament housing should be addressed to the Kentucky High School Basketball Housing Bureau, in care of the Louisville Chamber of Commerce, 300 W. Liberty, Louisville 2, Kentucky. Date of arrival and departure should be given along with type of accommodations, and whether they would like hotel, motel, YMCA, YWCA, or private home. They should state whether they want one room with 1, 2, 3, or 4 beds and approximately how much they wish to pay per night. The minimum will run around \$2.00. These reservation requests should be received in Louisville no later than March 10, and those individuals making requests will receive written confirmation from the establishment in which the reservations are made.

Letter of Interest

Louisville, Ky.
January 27, 1960

Mr. T. A. Sanford, Commissioner
Ky. High School Athletic Association
Lexington, Kentucky
Dear Commissioner:

Regarding taxicab transportation for the Ky. High School Basketball Tournament players which will be held March 16-19, 1960 and discussion we had at luncheon meeting January 21, 1960. I contacted Mr. Marshal Gathof of the Checker Cab Co. and Mr. John Werner of the B-Line Cab Co. and both have agreed to carry five passengers from the center part of town to the fair grounds and from the fair grounds to the center part of town for \$1.50 per trip, one (1) or five (5) passengers during the three days, the 16-19. This is in accord with my statement at the meeting whereas Yellow Cab Co. will also do the same. They have also agreed that they will have cards posted on the inside of their cabs during the time giving the above rate quoted. I have talked to the taxicab inspector in Louisville, Sergeant Walter

Jones, and he will endeavor to contact all other small cab companies along the line stated by the three major companies and will caution them that at no time will they be permitted to charge more than motor rate for passengers carried on trip. I hope this is the information that you have requested and also hope you have a very successful tournament in Louisville for the Ky. High School Basketball. Any further details I can give you, please feel at liberty to call on me. Sincerely,

J. R. Sclarenco, Vice-President, Operations,
Louisville Taxicab & Transfer Co., Inc.

Baseball For Millions

BASEBALL FOR MILLIONS is the newest addition to the family of rules films produced by Official Sports Film Service. The premier showing was held during the Fortieth Annual Meeting of the National Federation of State High School Athletic Associations.

The scenes were filmed on Al Lopez Field, Tampa, Florida, with playing personnel chosen from four Tampa High Schools and outstanding players from the University of Florida and University of Tampa.

BASEBALL FOR MILLIONS is sanctioned by the National Federation, in cooperation with the National Junior College Athletic Association, National Association of Intercollegiate Athletics, American Association of College Baseball Coaches and the Joint Baseball Committee composed of the National Federation and the Major and Minor Professional Baseball Leagues.

Paul Richards, colorful Big League Manager and outstanding student of the game, narrates for play situations covering the official interpretations of a panorama of basic rules involving batting, pitching, base running and fielding. This film is recommended for officials, coaches, players and fans wherever the game of baseball is played, and it will increase the understanding and enjoyment of one of the great American pastimes—Baseball.

General Mills, Inc. and Wilson Sporting Goods Co. co-sponsored this new addition to the Official family of rules films as they have for the previous seventeen productions. A color print of the film has been rented by the K.H.S.A.A. and placed on loan with the U. K. Department of Extension.
