K. H. S. A. A. SCHOOL FOR FOOTBALL OFFICIALS

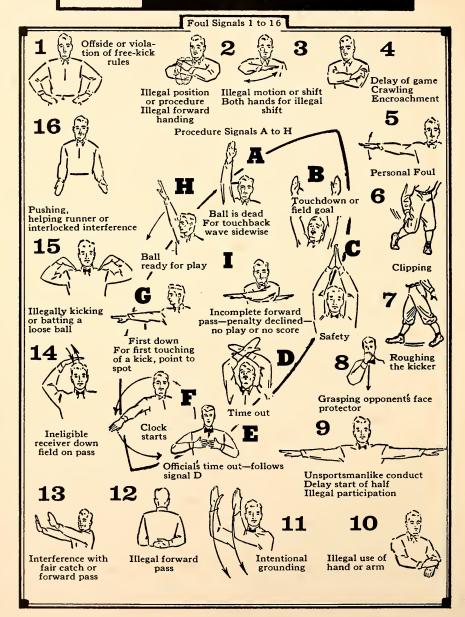

Edgar McNabb, Kentucky's voting delegate on the National Federation Football Committee, conducted a school for football officials in Lexington on August 10-11. The officials who attended the school will return to their respective areas and conduct similar meetings and clinics throughout the forthcoming football season. Area representatives, pictured above, are: (Left to Right) Front Row—Bernard Johnson Lexington; Bill Womack, Henderson; Gene Cathey, Murray; Kean Jenkins, Elizabethtown, Scond Row—Sam Guise, Louisville; Joe Rassell, Russellville; Bill Gammon, Ashland; Charles Black Barbourville, Third Row—School Director Edgar McNabb, South Fort Mitchell; Gene Neal Batavia, Ohlo; Ed Nord, Louisville.

Joint Meeting

Late in July the Commissioner received a letter from Mr. E. J. Paxton, Jr., Chairman of the Kentucky Commission on Public Education, suggesting a joint meeting of his commission and the K.H.S.A.A. Board of Control. In his letter Mr. Paxton said: "During it's two years of studies the Kentucky Commission on Public Education has heard a great deal of discussion on the subject of interference by extra-curricular activities with normal classroom schedules in the public schools. The impression received by the public, I am afraid, is that athletics are principally to blame for these interruptions. We members of the commission realize that this is not the case. Our next formal report will deal with this important subject to some extent and, before beginning to draft it, we would like very much to be able to meet with you and your executive committee or your board of directors to discuss this subject."

The Commissioner accepted the invitation for the Board of Control, and the joint meeting of the two groups was held in Frankfort on August 16. Present were Chairman Paxton and five other members of the Commission on Public Education, President K. G. Gillaspie and five other members of the K.H.S.A.A. Board of Control, the Commissioner, the Assistant Commissioner and members of the press.

Mr. Paxton opened the meeting by explaining the organization of his commission, and outlining its purpose. He said that it was not the intention of his group to single out athletics as the only offender in the study of possible overemphasis of extra-curricular activities, and that he would welcome comments and suggestions from those present.

One member of the commission stated that one school had scheduled as many as three games on a mid-week night, this being an example of overemphasis. No person present defended this practice, although it was believed that such scheduling was the exception rather than the rule.

One member of the commission asked about the percentage of coaches in the 1962 delegate assembly of the K.H.S.A.A. which had defeated Board proposals to limit the number of mid-week basketball games and to lower the season limit of basketball games. The Commissioner stated that approximately one half of the delegates were coaches. He further stated that the proposals mentioned were passed by a majority vote of those present but that a two-thirds majority vote was necessary for a change in the Association by-laws; also that it was his observation that as many administrators as coaches were voting against the proposals. The Commissioner thought that many administrators voted against the cut in games because they felt that it would work a hardship in their districts. In some cases, he explained, colleges use up available weekend mights, or gymnasiums used jointly by a number of schools are hard to reserve. Then, some schools maintain only

the sport of basketball and their teams play it for a longer season.

The Commissioner was asked by President Gillaspie to make the opening statement for the Board of Control. He gave a short history of the K.H.S.A.A., explaining the reason for its being organized and pointed out certain improvements which had taken place through the years. He stated that, in his opinion, underemphasis rather than overemphasis is the problem with athletics in the schools. He said: "If there is educational value in athletics—and I believe there is—we ought to make an effort to extend it to more children." He also discussed the average school marks made by athletes and non-athletes, and the holding power of athletics as it relates to school drop-outs.

Members of the Board of Control and the Assistant Commissioner spoke on the following topics: (1) Many changes under way toward the reduction of mid-week games and the total number of games since the commission report was made, (2) cooperation of principals and coaches in decreasing the number of basketball games, (3) comparison of athletes and non-athletes in school discipline problems, (4) survey of pupil activities on non-game mid-week nights, (5) poor supervision of after-school pep meetings, (6) objectives of the calendar committee in solving spring sports problems.

The Commissioner stated that the Board of Control wants to work with the Commission on Public Education in helping to see to it that athletics keeps its proper place in education, but that he did not believe that state legislation was the answer. He thought that possible overemphasis problems could be solved by K.H.S.A.A. and State Department of Education regulations, and by the administrators and Boards of Education themselves at the local level.

Chairman Paxton thanked the representatives of the K.H.S.A.A. for attending the joint meeting. In a note written to the Commissioner a few days after the meeting he said: "Our meeting with you and the members of your Board of Control at Frankfort on August 16 was most helpful to all the members of the Commission."

1962-63 Insurance Subsidy

As reported in the Board of Control meeting minutes which appear in this issue of the ATHLETE, the Board voted in its July meeting that the insurance subsidy for each K.H.S.A.A. member school in 1962-63 shall be the basic amount of \$30.00, with an additional subsidy of \$50.00 for schools maintaining football. School administrators wishing to take advantage of the subsidy may write to the State Office for reimbursement forms. Some of hte companies with which Kentucky schools place their insurance business give the schools credit for the amounts due and bill the Association for these amounts. The reimbursement plan and the credit plan are both satisfactory.

BOARD OF CONTROL

President K. G. Gillaspie (1959-63), Georgetown Vice-President Cecil A. Thornton (1960-64), Harlan Directors—Ralph C. Dorsey (1962-66), Horse Cave; Sherman Gish (1962-63), Greenville; Preston Holland (1961-65), Murray; Den R. Rawlings (1991-65), Daunville; Foster J. Sanders (1962-66), Louisville; Oran C. Teater (1960-64), Paintsville. Subscription Rate \$1.00 Per Year

From the Commissioner's Office

New Board Member

Sherman Gish, Superintendent of Muhlenberg County Schools, has been elected to membership on the K.H.S.A.A. Board of Control. In balloting which ended on August 29, Mr. Gish defeated five other candidates who were running for election to represent Section 2. They were: Supt. O. J. Allen of the Breckinridge County Schools, Coach Bowman Davenport of the Clarkson High School, Prin. W. M. "Moss: Martin of the Beaver Dam Elementary School, Ass't Prin. Lawrence L. McGinnis of the Owensboro High School, and Prin. W. P. Wheeler of the Daviess County High School.

Mr. Gish will serve until next June 30. He will fill out the unexpired term of Supt. Robert P. Forsythe of the Caldwell County Schools, who moved out of the Section on July 1. An article concerning Mr. Gish will appear in the October issue of the ATHLETE.

Use of Registered Officials

A list of registered football officials appears in this issue of the ATHLETE. Principals and coaches should study the current list to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. By-Law 22 provides that member schools shall use registered officials in all football and basketball games, and that failure to comply with this regulation makes the home school liable for suspension. If there is any question about registration, the official should be asked to present his card.

Football Examination

Part II of the National Federation Football Examination for Officials will be given in Kentucky on Monday, September 24. An official who has been regsitered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the "approved" rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. Officials who hold the "certified" rating keep this rating by attending one or more clinics each year. Eligible officials who wish to take the test should write the State Office.

The Cavana Award

Pictured above is the M. J. Cavana Memorial Award won by the Highlands High School of Fort Thomas last spring for advancement and achievement in swimming. A similar award will be given each year.

Schools competing for the award for the forthcoming school year will be graded on five points. These are as follows:

- (1) Number of pupils who can swim 45 feet in deep water;
- (2) Number of pupils who can swim correctly any three of the following strokes for 50 yards: crawl stroke, back crawl, elementary back stroke, breatstroke, side stroke;
- (3) Number of pupils who hold junior life saving or senior life saving certificates (American Red Cross or Y.M.C.A.);
 - (4) School having a swimming team;
- (5) School entering a team in the State Swimming Meet.

Under the first three items schools will be judged on the percentage of pupils involved. The grading period will end on January 15, 1963.

Basketball Clinics

The 1962-63 rules meetings for registered basketball officials and coaches will be conducted by Charlie Vettiner, who has served the Kentucky High School Athletic Association as clinic director for many years. The dates and sites of the meetings are as follows:

September 30, Henderson High School, 1:30 P.M. September 30, Tilghman H.S., Paducah, 7:30 P.M. October 1, Beaver Dam High School, 1:30 P.M. October 1, Christian County High School, Hopkinsville, 7:30 P.M.

October 2, Snell Hall, W.K.S.C., Bowling Green, 1:30 P.M.

October 2, Elizabethtown High School, 8:00 P.M.

October 7, Newport High School, 1:30 P.M. Octobre 7, University H.S., Lexington, 8:00 P.M. October 8, Morehead State College, 1:30 P.M.

October 8, Elks' Club, Ashland, 8:00 P.M.

October 9, Pikeville High School, 1:30 P.M. October 9, Hazard High School, 8:00 P.M.

October 10, Bell H.S., Pineville, 1:30 P.M. October 10, Somerset High School, 7:00 P.M.

October 11, Ky. Hotel, Louisville, 7:00 P.M.

K. H. S. A. A. Leaders

Kenneth G. Gillaspie Cecil A. Thornton President Vice-President

Superintendent Kenneth G. Gillaspie of the Georgetown City Schools, Board of Control member representing Section 5, was elected President of the Board of the Kentucky High School Athletic Association at the summer meeting of the Board of Control, held on July 28. Assistant Superintendent Cecil A. Thornton of the Harlan County Schools was elected Board Vice-President. He represents Section 7.

The new president, a native of Mt. Sterling, is a graduate of the Mt. Sterling High School. He received his A.B. degree from Georgetown College, and his M.A. degree from Teachers College, Columbia University.

Mr. Gillaspie played basketball and football at Georgetown College. He went to Morganfield as an assistant coach, and during his eleven-year tenure at Morganfield was principal for three years and superintendent for the last eight. He went to the Garth High School, Georgetown, in 1939 as principal, and has been superintendent at Georgetown since 1952.

In 1928 Mr. Gillaspie married Miss Martha Jane Thompson, who died in 1936. In 1940 he married Mrs. Mary Willoughby Scott of Georgetown. He has two step-daughters and four step-grandchildren.

At the present time Mr. Gillaspie is secretary of the Georgetown Rotary Club and a past-president of the Central Kentucky Conference, the Central Ken-tucky Education Association, the Kentucky Associa-tion of Secondary School Principals, the Western Kentucky Athletic Conference, the Georgetown College Alumni Association, the Morganfield Kiwanis Club, and the Georgetown Rotary Club. He was formerly Chairman of the Deacons of the Georgetown Baptist Church. He holds membership in numerous fraternal and educational organizations.

Cecil A. Thornton, after graduating from the Newport (Tennessee) High School, continued his studies at Tennessee Wesleyan and Union College. After graduation from Union College, he attended the University of Kentucky where he received the M.A. degree in education administration. He is married to the former Gertrude Cawood. They have one son, Fred Lee, who is in college.

The new Vice-President lettered in football and basketball for four years in high school, and in football, basketball and tennis for the four years of his college career. He worked for many years as a foot-ball and basketball official, and held the "approved" and "certified" ratings in the latter sport for several years. He taught science and physical education and served as assistant coach for three years at Evarts High School. His educational experience also includes

service as assistant high school principal, pupil per-

sonnel driector, and supervisor.

Mr. Thornton is an active member of the Harlan Methodist Church, where he served for five years as chairman of the Board of Stewards. For a long period of time he has taught the Senior Men's Bible class. He has for many years participated in Boy Scout work, and has served for over sixteen years on the Harlan County 4-H Club Council. He is a member of the Harlan County Association of Social Agencies. His professional affiliations include membership in the National Education Association, Kentucky Education Association, American Association of School Administrators, and the Association for Childhood Education International. Mr. Thornton is also a member of Kappa Delta Pi, national educational honor society.

Medical Clinics

Plans are being completed for the medical clinics mentioned in the August issue of the ATHLETE, which are being sponsored jointly by the Kentucky State Medical Association and the Kentucky High School Athletic Association.

Six clinics have been scheduled. The same team of doctors will appear on each of the panels. All meetings will begin at 9:00 A.M. and end at noon. Each program will cover the following topics which will be discussed by the men named: Medical Aspects of Sports, Dr. Richard E. Davis of Central City; Orthopedic Problems in Sports, Dr. O. B. Murphy of Lexington: Lower Extremities Injuries, Dr. George Gumbert of Lexington; Audience Panel Discussion.

The dates, sites, and names of the men who will

be in charge of the meetings are as follows:
September 8, U. of K. Center, Cumberland, Ass't.
Supt. Cecil A. Thornton of the Harlan County Schools; September 15, Western Kentucky State College, Bowling Green, Coach Jimmie Feix of W.K.S.C.; September 22, University of Louisville, Louisville,

Ath. Dir. Jeck Hickman, U.of L.;

September 29, Morehead State College, Morehead, Ath. Dir. Bob Laughlin of M.S.C.;

October 6, Murray State College, Murray, Dr.

Chad L. Stewart of M.S.C.;
October 13, Eastern Kentucky State College, Richmond, Ath. Dir. Charles T. Hughes of E.K.S.C.

U. K. Coaching School

The University of Kentucky held its annual Coaching School in Lexington on August 8-11, 1962. The K.H.S.A.A. was in charge of the baseball and track clinics, and cooperated with the Kentucky State Medical Association and the University of Kentucky Athletic Association in presenting the Fourth Annual Athletic Injury Prevention Conference.

Baseball Coach Harry Lancaster of the University of Kentucky headed a panel which included scout Dixie Howell of the Houston Colts, Coach Jack Hicks of the Owensboro High School, and Coach Neal Skeeters of the duPont Manual High School.

The track clinic had been planned by Ath. Dir. John Heber of the Henry Clay High School, although illness prevented Mr. Heber from being present at the meeting. Members of the track panel were Coach Tom Ecker of the Western Kentucky State College, Coach Ken Combs of the Trinity High School, and Trainer

John Payne of the University of Kentucky.

Dr. Richard E. Davis of Central City, Chairman of the Kentucky State Medical Association School Health Committee, headed the Athletic Injury Prevention Conference. He was assisted by Dr. Winston Vention Conference. He was assisted by Dr. Roy Holsclaw, Dr. Ralph J. Angelucci, Dr. O. B. Murphy, Dr. George Gumbert and Trainer John Payne of Lexington.

The Flying Dutchman

Goebel Ritter, who served his first term as a regional representative at the Annual School For Basketball Officials in Lexington on August 12-13, is this month's winner of the Corn Cob Pipe of Honor for unselfish service. Goebel, who wrote some basketball coaching history at Hazard, gets his award for starting "Biddy Basketball" in this mountain city for little boys.

"Uncle Goebel," as the little fellows have affectionately dubbed him, is quite a guy. He accomplished in fifteen minutes, at the School For Officials, what nobody else has been able to do in fifteen years—he got Western's Turner Elrod and Murray's Rex Alexander to agree on charging, blocking and screening.

There were visitors at the Kentucky High School Athletic Association's Fourteenth Annual School For Basketball Officials. Paducah had Ken Dobson on hand; Bardstown sent Tom Williams, Kentucky's modern day version of Alben Barklev; Hopkinsville was represented by Norman Hammons; and Charlie Reed was there from Versailles.

The Indiana High School Athletic Association had one of its outstanding officials at Lexington to observe "The School" in action. Kenny Blankenbaker, who will be a representative at Indianapolis at the State-wide Indiana High School Athletic Association Clinic, September 29th, pronounced our two-day Study of Officiating Mechanics a stride forward in Training Programs For Officials.

As football season opens, all of our athletic directors should remember the suggestion which Official Al Gustafson, Jr., made last year relative to the dedication of the first game during football season to sportsmanship. Al's idea is that the first game of each sport's season should emphasize sportsmanship practices. Good neighbor practices at our contests is what makes the reputation of the Kentucky High School Athletic Association excel. Nominate a community for the "Abou Ben Adhem" Award by writing The Flying Dutchman, telling him of the outstanding achievement which qualifies the nominee. Also, remember the "Game Guys." Now is the time to interest yourself in the physically handicapped young person who may be the guest of honor at the Kentucky High School Athletic Association Dinner in Louisville next April.

"The Athlete" joined members of the Kentucky Press Association last year to encourage the development of recreation pro-

THE DUTCHMAN

grams in Kentucky and got results. This official organ of the Kentucky High School Athletic Association made its influence for progress felt during the 1961 Crusade For Recreation.

Lawrence McGinnis, the Granddaddy of all basketball coaches, took the bit in his teeth at Owensboro. With Bill Carneal and Bob Eison on his side, "Big Mac" is about to get a one-half million dollar bond issue for recreational purposes launched in that progressive Western Kentucky City.

Jim Caudill, Roy Eversole and Willie Dawahare got Hazard moving recreationally. This mountain town may also get a Skee Slide which will make "The Mecca of The Mountains" resemble Sun Valley Idaho.

Joe Mitchell of the Paducah SUN-DEMOCRAT got the people of the Purchase "on the recreational ball." Progress in recreation has been inspirational in "The land of Irvin S. Cobb." Paducah has shown Kentucky the economical way to operate a parks and recreation program. Everything recreational there has been consolidated under a single controlling agency.

Basketball Clinic time is here. The Dutchman will do the Indiana Clinic at Indianapolis on September 29th and start his annual clinic tour of Kentucky the following day. Besides these sixteen clinics Cliff Fagan has invited The Dutchman to come to Chicago on October 15th to conduct a section of the National Federation Clinic which he conducts annually.

The way totals increase is amazing! This is the twenty-first annual clinic tour covering almost 40,000 miles on Kentucky's highways, byways and creek beds. A lot of gasoline has trickled through the carburetor.

The Board of Control of the Kentucky High School Athletic Association met at the Kenlake Hotel, Ken-Athletic Association flet at the Kelhake Hotel, Achievach, Lake State Park, on Saturday morning, July 28, 1962. The meeting was called to order by retiring President W. H. Crowdus at 9:00, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present.

MINUTES OF BOARD MEETING

Reading of the minutes of the April 6th meeting was waived, since the members of the Board had re-

ceived copies of these minutes.

Mr. Crowdus and Jack Dawson, who on June 30, 1962, had ended long terms on the Board, expressed to other members of the Board present their pleasure at having had an official connection with the K.H.S.A.A. and at having been associated with other members of the Board in serving the Association. Other members of the Board answered with appropriate remarks.

Mr. Crowdus stated that the next order of business was the election of the president and vice-president of the Board of Control. Oran C. Teater nominated K. G. Gillaspie for the presidency of the Board of Control, and the nomination was seconded by Preston Holland. Foster J. Sanders moved, seconded by Cecil A. Thornton, that the nominations cease and that the secretary be authorized to cast one ballot for Mr. Gillaspie. The motion was carried, with Mr. Gillaspie not voting.

Don R. Rawlings nominated Cecil A. Thornton for the vice-presidency and Ralph Dorsey nominated Oran C. Teater. Preston Holland moved, seconded by Don R. Rawlings, that the nominations cease. The motion was carried. The candidates were asked to retire. Mr. Thornton was elected by a show of hands, the vote being 3-2 in his favor.

President Gillaspie welcomed to the Board Superintendent Ralph C. Dorsey of the Caverna Independent District and Foster J. Sanders of the Louisville Male

High School, newly elected directors.

The Commissioner reported that a vacancy now exists on the Board of Control, Mr. Robert P. Forsythe having notified him recently that he would move to Princeton, Kentucky, on July 1 to become Superinten-dent of Caldwell County Schools. The Commissioner stated that, since Mr. Forsythe now holds an administrative position in Section 1, he is no longer eligible to represent Section 2, under the provisions of Article 4, Section 2-a, of the K.H.S.A.A. Constitution. He further stated that nominations were now being received from principals in Section 2 for Board membership, and that the replacement for Mr. Forsythe will be elected to serve for the remainder of the 1962-63 K. H.S.A.A. year. His interpretation of K.H.S.A.A. regulations was that the Board member who serves the Section for this short period of time will be eligible to serve his Section for two full four-year terms if reelected.

The Commissioner made a report to the Board on the receipts and disbursements of the K.H.S.A.A. for the year 1961-62. Copies of the audit, recently prepared by the Johnson-Fowler Company of Louisville, had been mailed to members of the Board. Total funds on hand June 30, 1962, were reported as being \$112,858. 88. The Commissioner stated that the complete breakdown on receipts and expenses, appearing in the audit, would be printed in a forthcoming issue of the magazine. He then presented a suggested K.H.S.A.A. budget for the 1962-63 school year, with estimated receipts of \$118,610.00 and estimated disbursements of \$118,400.00. Preston Holland moved, seconded by Foster J. Sanders, that the report of the Commissioner be accepted and approved; and that the 1962-63 K. H.S.A.A. budget be adopted as presented. The motion was carried unanimously.

Don R. Rawlings gave a report on the recent National Federation Annual Meeting, held at Saskatoon, Saskatchewan.

October 6 was set as the date of the fall meeting of the Board of Control.

Cecil A. Thornton moved, second by Don R. Rawlings, that the insurance subsidy for each Association member school in 1962-63 be a basic amount of \$30.00, with an additional subsidy of \$50.00 for each school maintaining football. The motion was carried unanimously.

There was a discussion of the new football districts which are to be set up for 1962 in Region 4 of Class A, and in Region 1 of Class AA; and of recommended district changes in Region 2 of Class AAA. Upon recommendations by the Commissioner and Assistant Commissioner, Oran C. Teater moved, seconded by Ralph C. Dorsey, that the following districts be established in Region 4 of Class A, Region 1 of Class AA, and Region 2 of Class AA

Class A, Region 4, District 1 — Barbourville, Lily, London, Lynn Camp, Pineville, Williamsburg; District 2 — Buckhorn, Dilee Combs, East Main (Lynch), Harlan, Loyall, Rosenwald (Harlan), Wallins, West Main (Lynch).

Class AA, Region 1, District 1 — Bowling Green, Caldwell County, Christian County, Franklin-Simpson, Hopkinsville, Mayfield, Paducah, Warren County; District 2—Crittenden County, Daviess County, Henderson, Henderson County, Madisonville, Owensboro, Owensboro Catholic.

Class AAA, Region 2, District 1—Butler, Fairdale, Pleasure Ridge Park, Southern, Valley, Western; District 2—Durrett, Eastern, Fern Creek, Seneca, Waggener, Westport.

The motion concerning football districting was carried unanimously. The Commissioner reported the probable addition of eight schools which will begin to sponsor football in 1962, and was authorized to classify these schools as follows: Class A, Region 1—Fort Campbell; Class A, Region 2—Berea, Eminence, Greensburg, Perryville; Class AA, Region 3—Boyd County, Fleming County, Rowan County.

There was a discussion concerning forfeited football games, with respect to the counting of these games in the ratings. The Commissioner pointed out the provisions of K.H.S.A.A. By-Law 24, Section 2, which states: "When a school fails to carry out its contract to play a regularly scheduled game, the game shall be forfeited to the offended school." All members of the Board thought that forfeited games should be counted in determining the Dickinson ratings, but saw no necessity of counting these games in breaking ties in the ratings in a case where a school discontinues football. Don R. Rawlings moved, seconded by Oran C. Teater, that the football regulations be amended to provide that a game forfeited because a school discontinues football shall not be counted in applying the system used to break Dickinson ties. The motion was carried unanimously.

Foster J. Sanders brought to the Board a complaint from certain school administrators in his area concerning the heavy concentration of spring sports on the K.H.S.A.A. calendar, especially with respect to tournaments and meets held on dates other than weekends. Don R. Rawlings moved, seconded by Foster J. Sanders, that President Gillaspie appoint a committee of three to study the problem of spring sports, with the possibility of working out a schedule to interfere less with the school program. The motion carried. President Gillaspie appointed Foster J. Sanders, Don R. Rawlings, and Preston Holland as members of the

committee.

The Commissioner read a letter from Supt. Ben Flora of the Bellevue Public Schools, inviting the Board to hold the 1963 State Tennis Tournament for boys at the Bellevue High School, Ralph C. Dorsey moved, seconded by Oran C. Teater, that the Bellevue High School be named the site of the 1963 State High School Tennis Tournament for boys. The motion was carried by a vote of 5-2.

The Commissioner reported that he had received a letter from Chairman E. J. Paxton, Jr., of the Kentucky Commission on Public Education, inviting the members of the Board of Control to meet with the Commission at an early date and asking for a suggestion concerning a choice of dates prior to the end of the summer. The Commissioner stated that he had accepted the invitation for members of the Board of Control and had suggested that the date be at some time during the August 15-31 period. All members of the Board expressed their willingness to meet with the Commission on Public Education, and each member stated that he would make every effort to attend the joint meeting of the two groups on the date to be selected by Mr. Paxton.

Cecil A. Thornton moved, seconded by Foster J. Sanders that all bills of the Association for the period beginning April 6, 1962, and ending July 27, 1962, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

New Baseball Film

The National Federation of State High School Athletic Associations had a premier showing of OFFICIAL BASEBALL during the 43rd Annual Meeting at Saskatoon, Canada, July 1962. OFFICIAL BASEBALL is the newest addition to the Official Sports Film Service family of OFFICIAL rules films. The K.H.S.A.A. has secured two prints of the film and has placed them on loap with the Film Library at the University of Kentucky.

OFFICIAL BASEBALL was produced under the saction and supervision of the National Federation of State High School Athletic Associations and Allied Groups. This film is the twenty-first in the series of official films and the ffith baseball film. Wheaties Sports Federation and Wilson Sportnig Goods Company served as co-sponsors of the film as they have for the previous twenty rules films.

The scenes for OFFICIAL BASEBALL were filmed on Henley Field, Lakeland, Florida. The host state association was the Florida High School Activities Association. Playing personnel was chosen from the Lakeland Senior High School. Members of the National Alliance Baseball Rules Committee served as the Technical Staff, and thereby assured the authenticity of the rulings for the situations filmed. Outstanding Umpires from lowa, Georgia and Florida served in their official capacity.

The theme of OFFICIAL BASEBALL is centered around informative and entertaining play situations depicting the official rules interpretations covering the phases of batting, pitching, base running, fielding and umpiring. The film was produced to stimulate interest and knowledge for the fan as well as players, officials and baseball administrators.

OFFICIAL BASEBALL is recommended for use by umpires, coaches, players and fans for a better understanding and enjoyment of one of our national pastimes—Baseball.

Early Season Football Questions

Editor's Note: These rulings do not set aside or medify any rule. They are interpretations on some of the early season situations which have been presented.

Installment I

1. Play: May a player who is not wearing a mouth and tooth protector legally participate?

Ruling: Not unless the player has been exempted by a dentist from wearing a mouth and tooth protector. Any exemption should be in written form and filed by the dentist at the player's school. The policy of using a written notice for this purpose will eliminate misunderstanding due to poor communications which could otherwise occur. It is the responsibility of the player's coach (or his captain or the player himself) to notify the umpire of the exemption prior to the start of the contest. This notification may be verbal and the player should be identified by name and

2. Play: Are players required to wear a mouth and tooth protector during practice sessions?

Ruling: In the interest of both player welfare and efficiency, the protectors should be worn in any situation, game or practice, in which contact may ensue. Unless players wear protectors during practice sessions, they will not be accustomed to them and, therefore, may be uncomfortable and thereby affect the players' efficiency when they are required to wear them during a game. Injuries to teeth occur during practice as well as they do during games when protectors are not worn. In fact, records indicate there are more dental injuries in practice than in games. It is assumed that this is because more time is devoted to practice.

3. Play: Home team A furnishes a white or yel-

low ball with no stripes.

If team B approves the ball, it is legal to use it. However, no ball except a tan-colored ball with white stripes may be used unless both teams approve.

4. Play: A1, who may have been: (a) the runner; or (b) a non-runner, is prostate or nearly prostate on the ground. B1 then charges into him or dives or jumps on him.

Ruling: Piling on in both (a) and (b). In (a), piling on is usually a dead ball foul since the ball is likely to be dead when the infraction occurs. In (b), it may occur during either a live or dead ball.

5. Play: What is piling on? Ruling: "Piling on" is the act of diving or jumping on or throwing the body into or onto an opponent wno is lying on the ground or nearly so. Whether the ball is dead or alive is not a factor. The offended player may or may not have been the ball carrier, although most frequently he will have been. Usually, the player piled on is in a defenseless position. Most of the time the act is intentional, but it may be the result of a careless player who has abandoned the control of his body. Whether it is intentional has no bearing on the judgment of the act. It may be judged "piling on" even though it is unintentional. The act is an extreme hazard to the prostate player and it frequently results in serious injury. The infraction demands prompt and consistent enforcement.

6. Play: A substitute replaces A1: (a) because A1 is injured or apparently injured; or (b) because A1 must have his equipment repaired.

Kuling: In both (a) and (b) A1 must remain out of the game for at least one play. It is judged there is a safety factor in both of these situations and, therefore, any player leaving the game because of injury or equipment repair cannot return until after one down has been played. That is, he cannot "buy" his way into the game at the expense of a 5-yard penalty.

7. Play: A12 replaces A1 as a player but injury or equipment repair is not the cause for the substitu-tion. For example, A1 leaves the field but, during the same dead ball period, reenters and replaces A2; or (b) A12 replaces A1 and then, during the same dead ball, A13 replaces A12.

Ruling: Illegal substitution in both (a) and (b). 5-yard penalty. However, in (a), A1 may remain in the game as it is considered he "bought his way back in" with the 5-yard penalty. In (b), the replacement of A12, who did not participate, is also permitted but

the penalty is enforced.

8. Play: Does the blocker always commit an infraction if arm or hand, while the hand is in contact with his body, is also in contact with his opponent

above the opponent's shoulder?
Ruling: No. There are two situations in which

there may be contact with the blocker's arm or hand by the blocker's opponent without an infraction resulting. In both of these situations the blocker's opponent is considered to have made the contact. If a stationary blocker with his hand and arm in a legal position is charged into by an opponent (who may or may not be shorter) so that the essuing contact is made with the blocker's hand or arm above the opponent's shoulder, the blocker's opponent is considered to have made the contact and, hence, there is no infraction. It must be emphasized that in the above situation the blocker's opponent charges nito the blocker and that the blocker does not step, move, bend or twist into the path of his opponent. If the blocker moves, he is judged to have made the contact and if it is above his opponent's shoulder, it is an infraction. This ruling is not in conflict with Case Book Situation 21, which specifies "A1 contacts B1" and it is, therefore, an infraction. The second situation which is not an infraction when there is contact between a blocker's arm or hand and an opposent above his shoulder is the one in which the opponent submarines, or makes an extremely low charge and contact results above the shoulder of the low-charging player. Here, too, the interpretation is that the defensive player is making the contact and, hence, there is no violation. If a defensive player makes a low charge or submarines at an angle and the blocker moves into his path or charges into him so that the blocker's hand or arm contacts the defensive player above his shoulder but in an otherwise legal position, the blocker has not committed an infraction. In this case, even though the blocker steps or moves, his opponent's low charge is considered to have caused the contact.

9. Play: Forward pass by A4 crosses the line and is touched by: (a) eligbile A11; or (b) B7. Ineligible A8 then uses his hands on an opponent.

Ruling: In both (a) and (b) A8 may use his hands but it must be "in an actual attempt to get at the ball." If A8 is in such a position on the field that he could not get to the ball, he may not use his hands. In (b), he becomes eligible to touch or catch the ball, but in (a) he does not.

10. Play: Kick-off from K's 40 goes to K's 48, where: (a) R1 recovers it; or (b) R1 touches it and

K2 recovers it.
Ruling: No infraction in either (a) or (b). In (a), the ball belongs to R and in (b) it is K's ball.

11. Play: Punt is blocked behind line so that it rises high but comes down on the scrimmage line

FILMS

The films listed below are in the Film Library of the University of Kentucky Department of Extension. The Code letters "e,j,s,c,a," refer to elementary, junior high, senior high, college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans, offered by the Bureau of Audio-Visual Material.

Football

BALL HANDLING IN FOOTBALL, j-s-c-a, 1 reel, \$1.50.

Fundamentals of ball handling are stressed; stance, grip, "feel" of the ball, finger-tip control, adjustment before throwing or kicking, receiving passes from center or from a back, catching passes and punts, ways of carrying ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BETTER FOOTBALL, j-s-c-a, 3 reels, \$.75.

This film, made by the Official Sports Film Service and recommended by the National Federation, includes game situations and their relation to the rules. Movie and T. V. actor Bill Frawley is the coach of a team which learns "the hard way" why knowledge of the rules is important. The film is instrumental for coaches, officials and players, and has enough entertaining value for school assemblies and service clubs.

BLOCKING IN FOOTBALL, j-s-c-a, 1 reel, \$1.50.

Fundamentals of good blocking are taught in this film: position, speed, drive, follow-through, timing, and body control. Describes shoulder and body blocks. demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

FOOTBALL FOR MILLIONS, j-s-c-a, 3 reels, color, \$.75.

In the film an extrovert "Old Grad" chooses Football Rules as quiz show category. His experience with official interpretations proves interesting, humorous and embarrasing. At the end, he realizes his knowledge is very meager on such things as officials and their duties — what constitutes pass interference — rights on muffed punt — etc., and his wife had to take over for him.

FOOTBALL GAMES OF UK, j-s-c-a, 3 reels each, \$.75.

Several old football films showing University of Kentucky in such games as Cotton Bowl, Sugar Bowl, etc., have been placed in the library for those who wish to use them.

GAME OF GAMES, j-s-c-a, 1½ reels, \$2.50

The highlights of the 1946 Army-Navy football game are presented in slow motion. It is filmed by "official" photographer of the Athletic Association of the U. S. Naval Academy.

OFFICIAL FOOTBALL, j-s-c-a, 3 reels, \$.75.
This film portrays the play situations covering the basic rules of football as played under the National Alliance Code. The theme is centered around the official interpretations of the rules as they apply to the three teams always present on the field, the home team, the visiting team and that all important third team, the officials.

TACKLING IN FOOTBALL, j-s-c, 1 reel, \$1.50.

Tackling properly is shown as the result of application of certain fundamentals: good physical condition, speed, body placement, drive, sure grip, timing, and body control. Shoulder and cross body tackles are demonstrated in various ways, with special instrucitons for safety adn means of a reducing shock.

School for Basketball Officials

The fourteenth annual School for Basketball Officials was held at the Phoenix Hotel, Lexington, on August 12-13, 1962. Basketball Clinic Director Charlie Vettiner directed the school.

The aim of the school is uniformity in officiating. Topics which were discussed during the three sessions were: rules changes and interpretations; general study of the rules; a signal drill to secure uniform of signaling of violations, fouls, etc.; floor technique on jump balls, fouls, and field goals; how to determine primary responsibility in charging and blocking situations, for contact on stationary screens, and for contact on moving screens; guarding the dribbler and the player with the ball; switching, post play, rebounding, receiving a pass-out on a fast break, and screen play; and tips to officials.

The services of the regional representatives who attended the school will be available to Association member schools throughout the forthcoming basketball season. The men will conduct additional clinics for officials, coaches, and players, and will assist beginning officials in registration.

Football Questions

where: (a) B2 bats it toward A's goal line; or (b) A2 bats it toward B's goal line.

Ruling: Infraction for illegal batting in both (a) and (b). Batting a kick other than in an attempt to block it is illegal.

12. Play: A1 fumbles when contacted by B1, who is tackling. While actually attempting to recover the loose ball, A2: (a) charges into the back of B2; or (b) uses his hands to push B2 in the back.

Ruling: Clipping in (a), but legal action in (b). The use of the hand or arm on the back of an opponent is not clipping when it is a legal attempt to recover a loose ball.

13. Play: In attempting to recover a free-kick or fumble which has touched the ground, the foot of A1: (a) inadvertently; or (b) intentionally strikes the

Ruling: The inadvertent act in (a) is ignored

but the intentional act in (b) is an infraction.

14. Play: A1 intentionally kicks at: (a) B1; or (b) a fumbled ball, but he makes no contact in either case.

Ruling: Foul in both (a) and (b).

15. Play: A1 leaps into the air close to the sideline and, with both feet off the ground, catches a forward pass. His left foot is the first to touch the ground: (a) inbounds, after which his right foot touches the ground out-of-bounds; or (b) on the boundary line.

Ruling: Completed pass in (a), provided the of ficial believes A1 had control when his left foot touched the ground inbounds, but incomplete in (b).

16. Play: In a balanced line, left tackle A6 takes a standing position on the line. His hands are not on or near the ground. Prior to snap, he moves back, goes behind the snapper and then takes a position on the line between his teammates, the right guard and the

right tackle.
Ruling: Not a false start but, after A6 has taken this position, the snap must be delayed one full second.

17. Play: Lineman A7, on line, takes: (a) a standing position with arms at side; or (b) crouched

position with hands or elbows on knees. From either position he drops to a position with a hand or hands on or near the ground.

Ruling: Legal shift. If movement of A7 simulates action at the time of the snap, it is a false start.

18. Play: In attempting to punt. A1 after re-

18. Play: In attempting to punt, A1 after releasing the ball from his hands, strikes it with his lower leg: (a) before; or (b) after the ball has reached the ground.

Ruling: There is no infraction in (a), but, in (b), if it were intentional, it is a foul for illegal batting. If the action in (b) is judged to be accidental, there is no infraction and the striking of the ball with the lower leg is ignored.

19. Play: Snap is from A's 40. Backward pass by A1 is batted forward from A's 30 by A2 so that it goes out-of-bounds on A's: (a) 35; or (b) 45.

Ruling: Foul in both (a) and (b). Penalty, if accepted, is measured from A's 30.

Sports Survey

The National Federation recently completed its biennial Sports Participation Survey. Conclusions are both interesting and revealing. Although there were 80 less schools sponsoring interscholastic basketball, there were slightly over 100,000 more students participating in the sport than there were two years ago. School district consolidation is the reason for the slight decrease in the actual number of schools sponsoring basketball. The reason for the 16 2/3% increase

in number of students competing in the sport, even with the consolidation of schools, is that many more schools now are sponsoring sophomore and freshman teams, as well as those on a junior varsity and varsity level. Cross-country has increased greatly in the past two years. 40% more schools are now sponsoring the sport, while there are 50% more boys taking part. Although there are only 405 more high schools sponsoring football this year, the increase in the number of students taking part in the sport is slightly over 22%. There are 769,300 students who participate in interscholastic football. Golf, gymnastics, soccer, tennis, volleyball and wrestling all have shown from 20 to 25% increase in the number of schools including these sports in their program. Volleyball statistics reveal that there has been an increase in two years of over 100% in the number of students taking part. Wrestling participation has increased as much as 50%. This accurate survey is definite proof of the extensive programs that state associations promote for their member schools. The survey results dramatically disprove the contention of those uninformed critics that only a limited number of boys are served by interscholastic athletic programs.
