## Early Season Basketball Questions--Installment 2

**Editor's Note:** These rulings do not set aside nor modify any rule. They are interpretations of some of the early season situations which have been presented.

17. **Play:** At the beginning of the second half, A6 is on the court when the official is ready to toss the ball for the center jump. Scorer discovers: (a) before; or (b) after the ball is tossed that A6 has not reported to him.

**Ruling:** In (a), the scorer should report the infraction to the official immediately and before the ball is tossed. A6 is charged with a technical foul and a free throw is awarded to team B. Team B will throw in from opposite center after free throw, whether or not successful. In (b), the infraction should be ignored and no penalty is assessed.

18. **Play:** B1 touches the ball during a field goal try by A1 while the ball is on or directly above the ring.

**Ruling:** A1 is awarded two points and team B is permitted a throw-in from the end of the court at which the interference occurred and from any point outside end line, the same as if a goal had been scored. The clock is not stopped unless some unusual circumstance warrants the official stopping it.

19. **Play:** A1, in his back court, advances ball by dribble. B1 guards him and forces A1 to end dribble. B1 then attempts to secure a held ball. A1, to evade his guard, pivots, throws the ball against B's backboard, recovers it, and dribbles again.

**Ruling:** Violation. A1 has double-dribbled. He has dribbled a second time without losing control of the ball. Throwing the ball against an opponent's backboard is not considered a try.

20. **Play:** While a free throw by A1 is in flight, a personal foul is committed by A2 or B1. After the foul and before the ball touches the ring or backboard or before the free throw ends, B2 breaks the vertical plane of the lane boundary with his foot.

**Ruling:** Both infractions are penalized. The violation by B2 is ignored if the free throw is successful. If the free throw is not successful, A1 is given a substitute throw. After the violation has been penalized, a free throw (or throws) is awarded for the personal foul.

21. **Play:** While a try for field goal by A1 is in flight, A1 charges into B1. B2 then commits a basket interference violation.

**Ruling:** Both the violation and personal foul are penalized. Team A is awarded two points for the basket interference by B and then B1 is awarded a free throw (or throws) for the charging foul by A1.

22. **Play:** While a free throw by A1 is in flight: (a) A2 pushes B2 and then A3 steps into the free throw lane too soon; or (b) A3 steps into the free throw lane too soon and then A2 pushes B2.

**Ruling:** In (a) both the personal foul by A2 and the violation by A3 are penalized. The violation by A3 causes the ball to become dead immediately and, therefore, the free throw cannot score a point. The foul by A2 is then penalized and, because this is a false double foul situation, after the attempt or at-

tempts by B2, play is resumed by a jump at center. In (b), the ball becomes dead when A3 violates and, therefore, the pushing of B2 by A2 is ignored unless it was flagrant or unsportsmanlike.

23. **Play:** A1 passes the ball nearly parallel with the sideline and it goes out of bounds into the bleachers several feet beyond the spot where it crossed the plane of the sideline.

**Ruling:** Throw-in for B closest to the spot where the ball touched something out of bounds.

24. **Play:** An offensive man is facing the defensive man. Can the defensive man get very close to him in this position?

**Ruling:** Yes, as long as the defensive man does not cause contact.

25. **Play:** After ball is tossed for jump but before a legal tap, A2 intentionally pushes B2.

**Ruling:** Even though clock has not started, it is a personal foul. Two free throws are awarded in this situation because the foul was intentional.

26. **Play:** Scorers fail to record two points awarded to team A during the first quarter as a result of basket interference by B2. Omission is discovered during the half-time intermission.

**Ruling:** Score should be corrected. This error is not due to the inadvertent setting aside of a rule, but it is due to a mistake in record keeping. When there is a discrepancy in the score and an official is positive he knows what the mistake is, he can correct it.

27. **Play:** Does a defensive player who is guarding the pivot post man have to guard him any differently when he does not have the ball than when he has the ball?

**Ruling:** No. The defensive player may guard the pivot man as closely as he desires, short of contact. If the post man crouches or bends and the defensive man straddles his legs and contact results when the defensive man straightens up, a foul would be charged to the guard or defensive man.

28. **Play:** The offensive man is standing still. May a defensive man move up close behind him, regardless of where the offensive man is standing on the floor?

**Ruling:** Yes. The defensive man may be as close as he desires to the offensive man—again, anything short of contact, unless the offensive man is along the lane during a free throw. Any member of the team with the ball (offensive man) can expect to be closely guarded. The defensive man has the responsibility of preventing the offensive man from securing the ball and, in most situations, to satisfactorily discharge this responsibility it requires that he play the offensive man closely. Guarding an offensive player is not a screening situation and the screening principles do not apply.

29. **Play:** A2, in his front court (in attempting to get the ball out of a congested area), bats a center jump tap into his back court, where A5 secures possession.

#### "Approved" and "Certified" Officials

A large number of K. H. S. A. registered officials qualified for the advanced rating of "Approved" and "Certified" as a result of the National Federation basketball examination which was given in Kentucky on December 3, 1962. The "Approved" rating does not carry forward from year to year, but must be earned each year. After an official has received the "Certified" rating, he keeps this rating by clinic attendance. Only officials receiving these higher ratings are eligible to work in the regional tournaments. Only "Certified" officials who are residents of Kentucky are eligible to work in the State Tournament.

Basketball officials who qualified for advanced ratings during the current season are as follows:

## The Flying Dutchman

A good resolution for The New Year is to make one kid with a physical handicap happy. Every boy and girl wants to be a part of our "World of Sports" so your job will be both pleasant and easy. Teach those youngsters with handicaps that competition is doubly rewarding because they have to be twice as good as their friends to be winners.

Your interest in a blind lad or a crippled youth is bound to be pleasing to "The Man Upstairs." It can mean the difference between a future of happiness or unhappiness for somebody. That's the reason this column has kept plugging Kentucky's Game Guy Sports Program since 1949 and is why this program has received nation wide publicity in the official organ of the President's Commission For Employment of the Physically Handicapped - - - after all, one of our great presidents made history during a crucial time in spite of being handicapped by Polio.

If you have followed Kentucky's Parade of Game Guys for the past fourteen years you have noticed that as the Parade grows larger the achievements of these physically-handicapped kids becomes greater.

In 1949 Bob Kirchdorfer of Valley Station became the first Game Guy participating in track, swimming and baseball. Today Bob is manager of the Brandenburg Country Club. Next there was a blind boy selected from Ashland because he excelled in wrestling and wall scaling. His name is Oral Miller and presently he is an attorney in Washington D. C. Banny Bosler, who captained St. Xavier's basketball team with only one arm came next — Dan is making good in business in the Falls City Area.

Space doesn't permit recording the achievements of all of Kentucky's kids with fighting hearts who refuse to be beaten but here's one certainty - - - take an interest in a "Game Guy" and he will never forget you.

In late autumn this Dutchman checked out of Lexington's Downtowner Motel and presented his check properly signed. The young desk clerk smiled, handed the check back and said, "Sign it 'The Flying Dutchman' ". My appearance hadn't changed much; he knew me, but I hadn't recognized this handsome, successful young business man as Glasgow's scrappy George Carr Ganter, Jr., the kid who had defeated "The Crippler", to become one of Glasgow's best athletes a few years ago. George said one thing then and I pass it on to you as the new year starts, "Keep that Game Guy Program moving; it's worth while."

The National Basketball Rules Committee

THE DUTCHMAN

holds its annual meeting to revise the rules in March. The Dutchman has received a three year appointment to this committee and is inviting you to send your ideas on the rules to him at Box 1173, Lexington.

Already we have the following suggestions for improvement of the basketball rules: (1) No correction of errors by officials should be permitted unless correction is permitted for all errors — Do you agree? (2) Throwing the ball in the wrong basket on a field goal attempt counts for the opponents, but scoring a foul goal in the opponents' basket is a score against the opponents by the shooter. This is an inconsistency which should be corrected. What do you think?

Normally only one Corn Cob Pipe of Honor for unselfish service is awarded monthly - - - This month there are two winners.

Earl D. Price of West Liberty is honored because Helen Stacy of the same town says this about her father, "He does not do spectacular deeds for people, but he is always performing some small service for some one. He does not have wealth but he is willing to share when others are in need." This makes Earl a winner.

Ben E. Boone III pointed out that F. M. Stinson of Elkton qualified for the cob award because of his unselfish service. Mr. Stinson has the Kentucky Thoroughbred with the cob pipe adorning his neck on display in his Todd County home now. He loves people.

F. M. Stinson scored on three counts. (1) He loves the kids on Elkton's teams and works for them. (2) He was a "sparkplug" in the organization of Rocky Creek Lake Club. (3) He gives his support to the Todd Recreation Center and supports the Golf Club financially although he has never played golf himself. F. M. is truly unselfish and deserving of this Flying Dutchman award.

The New Year of 1963 offers challenging

responsibilities. You can help a crippled kid, render unselfish service to an aging citizen or make a friendlier place of your community.

Abraham Lincoln said, "You can't escape the responsibility of tomorrow by evading it today."

## In Memoriam

**JOHN SCHAAR**

John Schaar, 62, Assistant Principal and Athletic Director of the Bellevue High School, died of a heart attack at his home December 19, 1962.

A native of Owen, Wisconsin, Mr. Schaar had been coaching and teaching in Bellevue for thirty-eight years. He was instrumental in the formation of the "Little Six" conference which later became the "Big Eight." He was elected Secretary of the conference, and he continued in this capacity as it evolved into what is now the Northern Kentucky Athletic Conference.

Mr. Schaar was graduated from Whitewater Teachers College in Whitewater, Wisconsin, where he received his A. B. degree in Business Administration in 1924.

For a long period of time Mr. Schaar was very active in athletics on an area and state basis. He was one of the official timers at the state basketball tournament for several years. For some twenty years he assisted the Kentucky High School Athletic Association in the registration of new officials in northern Kentucky and served as an employment bureau head for this area. For many years he was a member of the State Track Committee. In 1948 he managed the State Track Meet when it was held at Bellevue.

Surviving Mr. Schaar are his wife, Kathryn, and a sister, Mrs. Norma Kehnl, of Chippewa Falls, Wisconsin.

## MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K. H. S. A. A. building, Lexington, on Saturday morning, December 22, 1962. The meeting was called to order by President K. G. Gillaspie at 9:30, with Board members Ralph C. Dorsey, Sherman Gish, Preston Holland, Don R. Rawlings, Oran C. Teater and Cecil A. Thornton; Commissioner Theo A. Sanford, and Assistant Commissioner J. B. Mansfield present.

Preston Holland moved, seconded by Oran C. Teater, that the reading of the minutes of the October 6th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner reported that the 1962 football championship playoffs had been very successful, although inclement weather had affected adversely ticket sales in some of the district and regional games. He stated that ticket sales for the Class A and Class AA two-game final session played in Lexington on November 22 amounted to \$6,974.00, and that Association profits realized from the Class AAA final game in Louisville, played on November 17, were \$1,726.62. The Commissioner recommended that \$150.00 be allowed each 1962 class winner and runner up with which to purchase miniature footballs for squad members, and that each of the four teams participating in the playoffs in Lexington be allowed an additional amount of \$200.00 for incidental expenses. Oran C. Teater moved, seconded by Cecil A. Thornton that the appropriations recommended by the Commissioner be allowed. The motion was carried unanimously.

The Commissioner stated that he had received several requests from member schools concerning district, regional, or class changes in football for the forthcoming 1963 and 1964 seasons, and he asked Assistant Commissioner Mansfield to list these requests. They were as follows: Bishop David High School from Region 2 of Class AAA to Region 1; Bourbon County High School from Region 3, District 1, of Class A to Region 2, District 2, of Class AA; Madison High School from Region 3, District 1, of Class A to Region 2, District 2, of Class AA; Fleming-Neon High School from Region 4, District 2, of Class A to Region 3, District 2, of Class A. The Commissioner and the Assistant Commissioner recommended that the requests for district, regional, or class changes be granted. Don R. Rawlings moved, seconded by Ralph C. Dorsey, that the recommendation be accepted and that the suggested

changes be made. The motion was carried unanimously.

Preston Holland presented the request of the Western Kentucky Conference that two more Class AAA regions be established. There was a lengthy discussion of the request and the problem involved which probably caused the request. The Board declined to change its regulations for the 1963 and 1964 seasons to provide two additional football regions in Class AAA, but agreed to continue to study the possibility of having more Class AAA teams in the future. It was the opinion of Board members that increased enrollments in member schools will finally result in more Class AAA teams.

Ralph C. Dorsey, reporting for the Trophy Committee, stated that his committee had met at the K. H. S. A. A. office on November 10, 1962, at which time sealed bids for the 1963 district and regional basketball tournament trophies were opened. Mr. Dorsey stated that samples submitted by six bidders were examined, and that the Trophy Committee had awarded the bid to the Sport Shop, Glasgow, Kentucky, the delivered price of each regional set of trophies being \$60.00, and the delivered price of each district set of trophies being \$50.00. Cecil A. Thornton moved, seconded by Sherman Gish, that the selection of the Trophy Committee be approved. The motion was carried unanimously.

The Commissioner recommended that the 1963 regulations in swimming be the same as the 1962 regulations, with the Swimming Committee being given authority to make any necessary adjustments in the classes and events. Ralph C. Dorsey moved, seconded by Sherman Gish, that the recommendation of the Commissioner be accepted and adopted. The motion was carried unanimously.

Preston Holland moved, seconded by Sherman Gish, that the Fort Campbell High School, a new K. H. S. A. A. member for the current school year, be placed in basketball District 8. The motion was carried unanimously.

Ralph C. Dorsey moved, seconded by Oran C. Teater, that the next meeting of the Board of Control be held in Louisville on January 26, 1963. The motion was carried unanimously.

Sherman Gish moved, seconded by Don R. Rawlings, that all bills of the Association for the period beginning October 6, 1962, and ending December 21, 1962, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

## BASKETBALL QUESTIONS

(Continued from Page One)

Ruling: There has been no violation.

30. Play: While ball is: (a) on the ring or part way through the net; or (b) bouncing in the cylinder above the ring, the net is slapped by A1 or B1.

Ruling: In (a), it is a violation unless it is during legal "dunking" action. In (b), it is not a violation. Extreme situations could make (a) appear to be too restrictive, but the possibility of innumerable borderline cases makes it undesirable to leave this to the judgment of the official. It is preferable to make no exceptions.

31. Play: B1: (a) intentionally, but not flagrantly, pushes A1 while he trying for a field goal; or (b) flagrantly pushes or strikes non-thrower A2 or an official. Is an additional free throw awarded for the intentional or flagrant phase of the foul?

Ruling: In (a), the extra free throw is awarded if the try is successful, but not when it is unsuccessful. If the try is unsuccessful, there are, of course, two free throws, but none are added because of the intentional phase of the foul. In (b), an additional throw is awarded because of the flagrant nature of the foul and B1 is disqualified.

32. Play: Referee is ready to start the game when his attention is called to, or he discovers, one or more players of team A with illegal numbers. What is the proper procedure?

Ruling: A technical foul should be assessed and one free throw, regardless of the number of players who have illegal numbers, should be awarded. Also, the official has the authority to order the team to secure legal numbers. Failure of team A to comply with the order could result in one or more additional free throws. Whether an order of this nature is issued must depend upon circumstances. In most situations, it is not practical to require an immediate change because it might cause undue delay and legal numbers might not be readily available. The official should report the incident to the conference or state association authorities so that future incidents will be avoided.

33. Play: Are free throws canceled if: (a) both teams appear with illegal numbers; or (b) A1 and B1 strike each other during a dead ball?

Ruling: No. Technical fouls do not make a double foul. Each team is awarded one free throw in (a) and two in (b). A jump at center follows the last throw in both (a) and (b).

34. Play: A1 is fouled by B1 and appears injured as a result. The official suspends play at the proper time. Team A indicates it desires a time-out. At the expiration of the time-out, it is apparent that a substitute for A1 is not necessary. Before signal is given to resume play, A6 reports and is beckoned onto the court by an official. A6 indicates he is to replace A1, which would avoid a time-out being charged to team A.

## CUMBERLAND — CUMBERLAND VALLEY CONFERENCE CHAMPION

(Left to Right) Front Row: Ass't. Coach Patterson, Ronald Woods, Jeff Evans, Larry Lewis, Troy Griffith, Jimmy Shepherd, K. D. Petrey, Jimmy Maggard, Homer Gilstrap, Homer Johnson. Second Row: Head Coach Saylor, Denny Strunk, Harold Hall, Mike Jarvis, Thomas McDaniel, Randall Collier, Mike Granato, Johnny Cain, Jerry Davis, Jimmy Dunaway, Leon Lewis, Earl Estep. Third Row: Jerry Halcumb, Paul Royce, Hubert Payne, Eugene Miles, Enoch Foutch, Dickie Gilliam, Dewey Shoemaker, Roy McKnight, James Langley, Roy Shotton, James Strunk, Gene Sherman, Ass't. Coach Henry, Ass't. Coach Withoit.

Ruling: Specific coverage provides that unless, an injury prevents his doing so, A1 is required to attempt the free throw or throws due him. Therefore, A6 cannot replace A1. To permit A6 to replace A1 in this situation could give team A an unearned advantage. The time-out is charged to team A.

35. Play: A1 seemingly sprains his ankle and, as a result, the official suspends play at the proper time. Team A indicates it desires a time-out. After a minute, A1 appears as if he could continue, but A6 replaces him.

Ruling: The substitution is permitted and no time-out is charged. While it is impossible to avoid a charged time-out through the substitution and, in some situations, abuse the rule, no real advantage can be gained and, in the interest of player welfare, the substitution which cancels the time-out is accepted.

36. Play: Team A takes an excess time-out during the fourth quarter but the scorer does not discover the foul until the fourth quarter has ended in a tie.

Ruling: Unless the irregularity is discovered before the clock starts following the infraction, no penalty is assessed.

37. Play: Official erroneously indicates A1 is entitled to two free throws instead of one. A1 misses first attempt, which is recovered by B1 immediately after it touches the basket ring and falls toward the floor. Official sounds his whistle and ball becomes dead. Official suddenly realizes he incorrectly indicated the number of free throws and that A1 was entitled to only one.

Ruling: Jump ball between any two opponents at nearest free throw circle.

38. Play: B1 is closely guarding (within 3 feet) A1, who is withholding the ball from play in the front court. As the official's 5-second held ball count reaches a count of three, A2 comes between A1 and B1 to screen for A1. Does the 5-second count continue?

Ruling: Yes. B1 continues to be closely guarding A1 as long as he directs his attention to him and is within the distance described above. B1 will try to avoid the screen. If B1 withdraws, the count is stopped.

### 1963 BASEBALL RULE REVISIONS

Below is a synopsis of the 1963 Baseball Rules Changes as authorized by the National Alliances Baseball Rules Committee representing the National Federation, National Association of Intercollegiate Athletics and the National Junior College Athletic Association.

1. All players are not required to wear shirt sleeves of a standard length. However, each individual player shall have his sleeves approximately the same length. Sleeves are not to be ragged, frayed nor slit.

2. Lime and other caustic materials of any kind are prohibited from being used in marking the field.

3. Spectator interference is now defined. It is action by a spectator which impedes the progress of the game.

4. Definition of a line drive is revised. It now provides that a line drive is a batted ball which travels parallel or nearly so with the ground through most of its flight.

5. Definition of a tag-out is revised. It now is defined as the putting out of a runner (including the batter-runner), who is not touching his base, by touching him with the ball or the glove or hand when the ball is securely held therein by a fielder.

6. The last sentence of 2-11-6 revised to indicate what plays may be appealed.

7. Rule 5-1-1-c is revised to indicate that ball becomes dead immediately when a batted ball, while on or over foul ground, touches a spectator.

8. When using the set position, the pitcher must have pivot foot in contact with pitcher's plate and non-pivot foot in front of it before making any preliminary stretch with arms.

9. Rule 6-2-4 is revised so it provides that it is a balk if the pitcher commits any of the violations listed in 6-2-4a-f, inclusive, while his pivot foot is in contact with the pitcher's plate.

10. It is permissible for pitcher, when using set position, to swing his non-pivot foot back of plane of front edge of pitcher's plate to throw ball to unoccupied 2nd base only when it is attempt to retire runner advancing there.

11. A strike is charged to the batter when a pitch enters any part of the strike zone in flight and is not struck at.

12. The order of items under Rule 7-4 (a-g, inclusive) have been revised to be in more logical sequence.

13. Rule 8-3-3 and Note are combined so that note is rightfully part of the rule.

14. Play Ruling part (a) under 8-4-1-b has been clarified. The batter-runner is out when his fair line drive or fair fly ball is intentionally dropped when at least 1st base is occupied with less than 2 out.

### CORRECTION

Through error the names of three schools were omitted from the football ratings which appeared in the December issue of the ATHLETE. They are: Greensburg (0-3-0)—Class A, Region 2  
 Metcalfe County (1-4-0)—Class A, Region 2  
 Carrollton (0-3-0)—Class A, Region 3

### A RESOLUTION

Editor's Note: In December a Conference on Secondary School Athletic Administration was held in Washington, D. C. This resolution was adopted by the approximately 250 delegates attending the conference.

WHEREAS a principal purpose of inter-school athletics is to contribute to the establishment of the benefits of physical fitness, and

WHEREAS the abstinence from the use of tobacco and alcoholic beverages is considered to be desirable on the part of teen age athletes, and

WHEREAS the abstinence of tobacco and alcoholic beverages is accepted as contributing to healthful living for youths, and

WHEREAS high school age students are at a most impressionable stage given to hero worshipping, and

WHEREAS there is need for great dedication on the part of school age athletes to accept training rules which have traditionally included an abstinence from the use of tobacco and alcoholic beverages;

BE IT HEREBY RESOLVED by the delegates assembled at the Conference on Secondary School Athletic Administration that professional athletes be earnestly requested to refrain from endorsing and/or to decline to permit the use of their names and/or pictures in the promotion of the and/or sale of tobacco or alcoholic beverages, and

BE IT FURTHER RESOLVED that the manufacturers, distributors, advertisers and news disseminating media refrain from soliciting athletes to endorse tobacco and alcoholic beverages, and

BE IT FURTHER RESOLVED that organizations providing athletic programs for television, radio and movie not employ athletes to advertise or recommend the use of tobacco and/or alcoholic beverages in such programs, and

BE IT FURTHER RESOLVED that all organizations sponsoring programs in the area of growth and development of boys and girls aggressively support this resolution by indicating their disapproval of the practice of athletes endorsing the use of tobacco and alcoholic beverages.

Committee: Julian Dyke, Clifford B. Fagan, Zollie Maynard, Thomas R. Monahan, John E. Roberts, Richard C. Schafer, Walter Smith, Kenneth Wells.
