Report of Audit

1191 East Broadway
Louisville 4, Kentucky
July 15, 1964

Mr. Theodore A. Sanford, Secretary & Treasurer Kentucky High School Athletic Association Lexington, Kentucky

Sir:

We have examined the Statements of Receipts and Disbursements of the Kentucky High School Athletic Association for the year ended June 30, 1964. Cash in Banks, Savings Accounts and Bond Investments were verified by direct communication with depositories, Buildings and equipment are reflected at estimated values without appraisal by us.

In our opinion the accompanying statements present fairly the financial position of the Kentucky High School Athletic Association at June 30, 1964, and the results of its operation for the year then ended, subject to the estimated value of buildings and equipment, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Football Clinics

The 1964 clinics for football officials and coaches will be conducted by Athletic Director Edgar McNabb, Assistant Principal of the Beechwood High School, South Fort Mitchell. Mr. McNabb has been the K.H.S.A.A. representative on the National Federation Football Committee for several years. The dates and sites of the clinics are as follows: August 10, Kentucky Power Company, Ashland, 7:30 P. M.; August 11, Prestonsburg High School, 7:30 P. M.; August 12, Hazard High School, 1:30 P. M.; August 12, Bell High School, Pineville, 7:30 P. M.; August 17, Bowling Green High School, 7:30 P. M.; August 18, Mayfield High School, 7:30 P. M.; August 19, Henderson High School, 7:30 P. M., August 23, Newport High School, 2:30 P. M.; August 25, University High School, Lexington, 7:30 P. M.; August 26, Kentucky Hotel, Louisville, 7:30 P. M.

New Basketball Film

THIS IS BASKETBALL is the newest addition to the Official Sports Film Service family of official rules films. The film was produced under the sanction and supervision of the National Federation of State High School Athletic Association and allied groups. It is the twenty-third in the series of official films and the ninth basketball film. Wilson Sporting Goods Company and Wheaties Sports Federation are again serving as co-sponsors of the film as they have for the previous twenty-two rules films.

The scenes for THIS IS BASKETBALL were filmed in the Tipton High School gymnasium, Tipton, Indiana. The host state association was the Indiana High School Athletic Association. Players were students from the Tipton High School. Members of the National Federation and allied groups served as members of the Technical Staff. Charles Vettiner, K.H.S.A.A. rules interpreter and member of the National Basketball Committee, was a member of this staff. Executive secretaries from states surrounding Indiana witnessed the filming of most of the scenes.

Officials, coaches, players and fans will find the basic format of THIS IS BASKETBALL beneficial to their knowledge and enjoyment. Interpretation of play situations goes beyond the letter of the rule and gives guide lines to better understanding of blocking, charging, traveling, basket interference, goal tending, screening, violations of the free throw and of the jump and boundary lines, to name a few of the many rules covered.

The K.H.S.A.A. has secured two prints of the film and has placed them on loan with the Film

(Left to Right) Nancy Evans and Bernadette Gephart, state doubles championship team; Debbie Simmons of Sacred Heart, state singles champion; state tournament manager Margaret Sheegog.

Library at the University of Kentucky. The films are available for use in schools and by official's organizations upon request. Booking dates for the film may be secured from the Film Library, Bureau of School Service, College of Education, University of Kentucky, Lexington.

Registration of Officials

Football and basketball officials previously registered have received their renewal application cards for the 1964-65 school year. One hundred fifty-two officials failed to file their 1963-64 reports on or before the deadline set by the Board of Control for the submitting of reports, and it was necessary to impose fines on these officials who failed to comply with Association rules. It is an Association requirement that each registered official attend the clinic in the sport in which he is registered. Eighteen football officials and fifty-eight basketball officials were suspended in 1963-64 for failure to attend clinics.

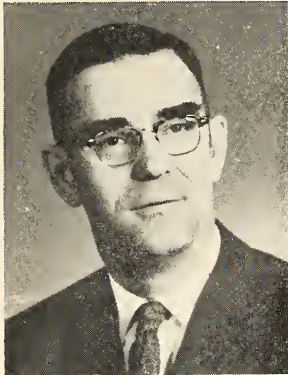

Midwest Clinic

The President's Council on Physical Fitness is sponsoring a regional physical fitness clinic for eight states, to be held at the University of Illinois on October 16-17, 1964. Its purpose is to interpret the recommendations of the Council for school, home, and committee programs, and to provide information on effective ways to increase fitness among youths and adults. The Kentucky High School Athletic Association is a co-sponsor of the clinic upon request of Mr. Stan Musial, Consultant of the President on Physical Fitness.

Other states involved in the clinic are Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, and Wisconsin. The clinic is open to everyone and will feature demonstrations involving youth and adults illustrating techniques for improving physical fitness. Opportunities will be given for the conferees themselves to participate in physical activities both during the demonstration and recreation periods. Included in the demonstrations will be identification of the physically underdeveloped, interval training, circuit training, weight training, continuous rhythmic exercise, isometric exercises, gymnastics, and aquatic training.

For additional information concerning pre-registration, program, or housing accommodations write to: Norman Johnson, Director, Conferences and Institutes, University of Illinois, 116 Illini Hall, Champaign, Illinois 61822.

In Memoriam

WILLIAM F. RUSSELL

William F. Russell, Superintendent of Paris City Schools, died on April 11, 1964, after suffering an apparent heart attack. He was 58 years of age.

Mr. Russell was born near Bloomfield in Nelson County. He received his bachelor of arts degree from Centre College and his M. A. degree from the University of Kentucky. He had been Superintendent of the Paris school system since 1953. He came to the Paris schools in 1948 as principal of the high school. Serving as principal for two years, he was elevated to the post of assistant superintendent for the next three years. He had been principal of the Flemingsburg High School when he came to Paris. Previously he had been in the administrative field at Bedford, Moreland, Clarkson, Shepherdsville, and Morganfield.

Mr. Russell was a past-president of the K.E.A. Secondary School Principals group and he had been elected president of the Central Kentucky Conference on two occasions, his last term in office being two years ago. He was a member of the First Presbyterian Church, being an elder of the church and clerk of the session of the church. A Mason, he was also an active member of the Paris Lions Club, being past-president of the club. He had previously served the Flemingsburg Lions Club as its president.

Surviving Mr. Russell are his wife, Mrs. Elizabeth McGraw Russell, Paris; a daughter, Mrs. Frank Bloss, Paris; two brothers, Robert G. Russell of Bloomfield, Kentucky, and Alfred T. Russell, Columbus, Ohio; and a granddaughter, Lee Ann Bloss, Paris.

The Paris Daily Enterprise, in an editorial which was a moving tribute to Bill Russell said:

"For him no longer tolls the school bell, the symbol of the educational kingdom wherein was spent his store of interest, dedication and sober perseverance in the nurturing of young minds. For William Russell the bell was unexpectedly yet peacefully stilled last Saturday as death took him from his beloved world of tots and teachers, academics and athletics, books and bicycles, PTA and KEA.

"Respected superintendent of Paris' city schools for a decade, active churchman, Mason, loving to family, loyal to friends and causes, quiet and effi-

cient Bill Russell deserved a quiet, expressive eulogy. He got it.

It came in the complexion of those who gathered in homage at his funeral. From within and without his vocational fraternity, his strata of professional achievement, his creed, his race, his age came people who said by their presence that his life had in some measure been beneficial to them . . .

Any community would miss a man such as William Russell."

The Flying Dutchman

The first Corn Cob Pipe of Honor for the new season has been awarded to Louisville's public-spirited Dora Jean Lewis. This coveted award for unselfish service consists of a statuette of a Kentucky thoroughbred with the cob pipe adorning its neck and a citation. Dora Jean Lewis may display her trophies proudly because she won them for kindness and consideration of all people. In her capacity of Sunday School Teacher, her service to young people is of the caliber which the K.H.S.A.A. commends and results in the citation from the Flying Dutchman. Kentucky needs a lot more ladies like Dora Jean Lewis.

The first Lionheart award for the 1964-65 year will be presented to Birchy Paige of Middlesboro High School for overcoming his physical handicap to engage in sports. Birchy is tough and a good-looking young athlete who refuses to allow a withered leg, caused by Polio, to keep him from starring in basketball and football. It was Tommy Ward of Harlan who requested that Birchy be honored. Birchy's example of courage will inspire other physically-handicapped young men to go and do likewise.

The interest Kentuckians take in the Flying Dutchman projects, (1) Corn Cob Pipe Award for unselfish service, (2) Encouragement of physically-handicapped boys and girls to compete in sports and win the Lionheart and Game Guy awards, and (3) Abou Ben Adhem Awards for the promotion of good neighbor practices between competing communities, has caused the eyes of the nation to focus on Kentucky.

In case Kentuckians around the Bluegrass Area miss Eugene (Jeep) Clark, the scoop is that Jeep has left his coaching position at Paris to move upward on the coaching ladder. This popular chap is now assistant basketball coach at the University of Southern Mississippi. The Dutchman has long felt that Jeep's father, Ashland's Courtney Clark, should get the "Father of the Century Award" because of the great pride he takes in his boy, and his achievements. Courtney is really strutting now for certain. A couple of great guys, Courtney and Jeep!

Start looking for Edgar McNabb! The football rules expert is ready for the Kentucky clinics! Coaches and officials are

DORA JEAN LEWIS

lucky to have this fellow around to teach the rules. Here's a sportsman who has worked real service into his illustrious career as an athlete, official and football rules interpreter. Kentucky is better because personable Edgar McNabb helped make it that way.

On August 9th and 10th the Dutchman will be in the Phoenix Hotel conducting the annual School for Basketball Officials for the K.H.S.A.A. Sixteen representative officials are brought to this school to learn the mechanics of officiating to teach to all of the officials of their respective regions. Everybody is invited to sit in this school as spectators—so drop by Sunday afternoon or night and Monday morning for a basketball session with the Dutchman.

Here's a statistic about basketball our National Basketball Rules Committee has come up with—Possession of the basketball out of bounds for a throw-in is worth .85 points, while the value of a one-shot free throw is .68 points. So it's worth more to your team to have the ball out of bounds for a throw-in than to have one free throw. Here's another thought provoker—last year only 29% of the scoring was done at the free throw line.

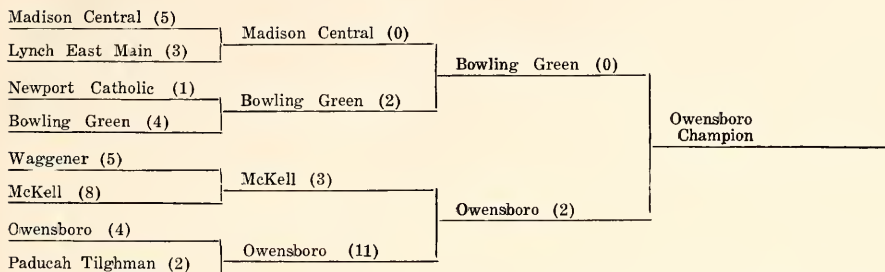

Come to Louisville on August 17 and 18 for the Governor's State-Wide Conference on Physical Fitness. Every physical educator, recreation worker, coach and principal should help put this Physical Fitness Program over the top for Kentucky. This program is part of the President's nation-wide program. Frank Ramsey is chairman of the Kentucky Physical Fitness Section. Commissioner Ted Sanford will serve as chairman of a panel on sports, while the Dutchman will head a panel on recreation.

Drop by the Dutchman's Phoenix Hotel room on August 9th and 10th for a "Kaffee Klatsch."

Football Rules Book Corrections

Rule 1-4-2 (page 7)—The recommended numbering of players to be correct should be as follows: backs 10-49, centers 50-59, guards 60-69, tackles 70-79, ends 80-89.

Rule 5-3-3 (page 27)—The complete and correct article is as follows: "Art. 3 . . . A BALL TOUCHING THE GOAL LINE (plane) when it becomes dead is in the end zone, even though it was moving away from the near endline and has its foremost point in the field of play. When any kick is touched near R's goal line, the ball becomes dead only if it is on, or behind, the goal line at the time it is touched. In doubtful cases, the ball should be considered behind the goal line."

Both of these articles, to be correct, should be exactly as they were in the 1963 edition.

PROTECTIVE ATHLETIC EQUIPMENT

Whenever protective athletic equipment is purchased, athletic and school officials making the selections play a major role in safeguarding the health of the athlete. However, there are a great variety of products available, and no generally accepted standards to assist the buyer in making his selection.

The Committee on the Medical Aspects of Sports of the American Medical Association as well as the National Federation has long been aware of this problem and continues to promote research that will eventually result in standards for objective evaluation and improved effectiveness of such equipment. In the meantime, there are some recommendations that can be made pertaining to the subjective consideration of certain gear.

The basic principles for optimal protection for any age group are: (1) the best available equipment should be purchased; (2) equipment should be carefully fitted to the individual; (3) equipment should be conscientiously maintained and checked periodically as to continued proper fit and absence of acquired defects; and (4) equipment should be worn at all appropriate times, whether in practice or in games.

Regarding specific gear, football especially requires particular attention:

Head Protection—The best head protection is offered by shock-absorbing material encased in a rigid plastic shell. Preference between particular systems of suspension and lining as yet has not been determined, but snug fit to the head and protection

from "bottoming" of the helmet onto the head must be assured. In addition, a face mask, having rigid internal construction covered with cushioning material, is advised. It should not protrude farther than 1¼" from the nose, and should prevent elbow contact with the eyes. Also, a dentist-fitted mouthpiece that separates the biting surfaces while protecting the lips from the teeth should be considered a necessary and integral part of the player's protective gear.

Body Protection—All pads should incorporate shock-absorbing material, and cover the intended area properly. For example, the shoulder pads should protect the clavicle and the insertion of the deltoid muscle. The hip pads can best protect the pelvic rim if independent from the pants, joining the sacral-coccyx protector on a one-piece belt. Rib pads are recommended as well, particularly for interior linemen. The fit of the pants must assure effective positioning of the thigh and knee pads.

Ankles & Feet—All players should have their ankles routinely wrapped with non-elastic 2½-3" width bandage. Those with a history of severe ankle injury should use tape instead. Low-cut shoes can be used if the ankles are so protected. Cleats should be kept short; rugger heels without cleats may be preferred.

In summary, two points of caution must be made. Inferior equipment gives the wearer a false sense of security and puts him in jeopardy of serious injury. Coaching that utilizes protective equipment as a weapon is indefensible, and can produce injury to both the aggressor and the opponent.
