Early Season Basketball Questions

EDITOR'S NOTE: These rulings do not set aside or modify any rule. They are interpretations for some of the early season situations which have been presented.

1. Play: A1 dribbles by B1 who, in attempting to maintain a position in front of A1, backs into screener A2, and B1: (a) stops immediately; or (b) attempts to drive through screener A2.

Ruling: In (a), even though the contact may be firm, it is considered incidental and there is no

foul. In (b), it is a foul by B1.

2. Play: A1 scores a field goal and B1 takes the ball out of bounds. B then requests and is granted

Ruling: After the time-out, team B may put the Ruling: After the time-out, team B may put the ball in play exactly as it would if there had been no time-out. That is, a player of team B may move along the end line before passing the ball inbounds, or B1 may pass the ball to B2, who is also out of bounds behind the end line, and then B2 may throw the ball into the court.

3. Play: Immediately prior to the start of the game, the referee erroneously indicates each team's basket. Those indicated are opposite from those used for pre-game practice. The error is discovered

nsed for pre-game practice. The error is discovered after several minutes of the game have been played. At the time of discovery, team A has scored 10 points and team B has scored 4 points.

Ruling: In such situation, the teams should be directed to continue to use, or the remainder of the half, the baskets in which they have been scoring. The game should proceed with the score, team A 10—team B 4. Case Book Play Situation 247B is not intended to apply to a situation such as the above. It is the purpose of Play 247B to cover in which the discovery is more prompt.

4. Play: A individual of the defensive team constantly screams directly into his opponent's face for the purpose of unnerving the opponent,

thereby securing an advantage.

Ruling: Excessive screaming for the purpose of upsetting an opponent may be considered unsportsmanlike and unethical. It may be classified as baiting which, as provided by Rule 10-5-(c) is a foul. Such actions could tend to be unfair. It is ioui. Such actions could tend to be unitar. It is understood, of course, that talking to an opponent, without baiting and yelling at him when he is about to pass, make a try or advance, is within the spirit of the rule. But the spirit of the rule does not permit excessive screaming or the constant use of a voice at a high pitch for the purpose of

wearing down the opponent's tolerance.

5. Play: Dribbler A1 taps the ball to the floor and then permits it to bounce one, or several times, before he taps it a second time. Did the dribble end when the ball bounced several times

between taps?

Whether the dribble ended depended Ruling: upon whether Al lost control. Rule 4-5-(c) provides that the dribble ends when the dribbler loses control. The fact that the ball bounced two or more times between taps by the dribbler dose not necessarily mean the dribbler has lost control. He has lost control. if the ball unintentionally, or by chance,

bounces away. It is not too unusual for a dribbler when advancing the ball from the back court into the front court, and especially when the defense is retreating, to tap the ball to the floor and let it bounce a couple of times before he taps it again.

6. Play: A1 is dribbling toward his basket. B1, his guard, is advancing rapidly in the same direction as A1 but is off to the side of A1, not directly behind him and not in identically the same direction and path. A1, the dribbler, makes a quick sideward and backward movement, entering the path of B2. Contact ensues because B1 does not have an opportunity to stop or change his direction.

Ruling: Foul by A1. A1, even though he has the ball is not permitted to come into the path of B1 so quickly that B1 cannot stop or change his

direction.

Comment: Except in an unusual situation, the infraction by Al would not be judged intentional. Whether it is deemed intentional is dependent

entirely npon the judgement of the official.

7. Play: With the score A 41 — B40 and 8 seconds to play, A1 has the ball at the free throw line in readiness to attempt a free throw. In an

line in readiness to attempt a free throw. In an attempt to create a false double foul situation, which would cause a center jump and prevent B from throwing in, A3 intentionally pushes B2 while A1 has control of the ball.

Ruling: If the foul by A3 appears in any way at all to be designed or premediated, it must be awarded to B2. In this situation, the burden of interpreted as intentional and 2 throws are then proof must be on A3. The severity of the act does not determine whether it is an intentioal foul. An intentional foul always carries a penalty of 2 free throws. If it is ruled intentional, B2 will be awarded 2 free throws after which play will be resumed ed 2 free throws after which play will be resumed

by a jump ball at center.

8. Play: After the ball has been placed at the disposal of the free thrower and before the actual try begins, the foot of B1 is beyond the vertical plan of any edge designating a lane space or a neutral zone mark, or a foot of B1 is beyond the vertical plane of the outside edge of any lane

boundary.

Ruling: Violation. The official will withold the whistle until A1 completes his free throw attempt. If the attempt is successful, the violation is ignored. If the free throw is missed, the official will declare the ball dead and award a substitute throw.
9. Play: Official calls a foul on B1. B1 does
not raise his hand at arm's length above his head.

Ruling: Technical foul. It is not necessary nor expected that the official will ask a player who has committed a foul to raise his hand. A player is committed a roul to raise his hand. A player is expected to know the rules and comply with them. When he does not, he is penalized and, in this case, the penalty is a technical foul on B1. It is the official's responsibility, when calling the foul, to make certain that the offender realizes that he is

Heatstroke

Thirteen deaths in high school and college football since 1959 have been attributed to heatstroke and all of them could have been prevented, according to the November 25th issue of Sports Illustrated. The culprit, says the article, is the football uniform. Well-designed to protect the player from outside violence, it can be a disastrous heat accumulator.

The essential research into the subject has been conducted at Ohio State University. Dr. William F. Ashe, one of the world's foremost authorities on heat stress and a participating doctor in the study at OSU, is quoted as saying: "Under certain condi-

tions, the uniform can be a death trap."

Heat exhaustion and heatstroke, to which football players are particularly susceptible and which have led to such fatal results in the sport, can be brought on when sweat is prevented from evaporatbrought on when sweat is prevented from evaporating properly: instead of cooling as it should, the body temperature rises rapidly. When it reaches 106°, the central nervous system can not cope with the load. Death is very likely to occur when the internal temperature reaches 110°. Half the cases of heatstroke are fatal; even in cases where a life is saved by quick attention . . . brain damage may occur.

According to Sports Illustrated, which describes the techniques of the research, the OSU team found by comparing athletic activity in a scrub suit (a loose-fitting garment) and activity in a football uniform that both temperature and water loss in-crease markedly when the uniform is worn. More important, the article reports, "the temperature of the subject in a football uniform continued to rise after he stopped exercising and dropped to normal much more slowly." Pinpointed as the most culpable areas of the uniform are the padded sections and the helmet. Means of allowing greater air penetra-

tion are indicated.

The hazards of heat stress, Sports Illustrated reports, can be reduced in other ways. OSU ex-

perience has shown that:
Players should be "acclimatized" to the heat load to be borne; a 5-6 day program, for 90% protection, is outlined. Players should remove their helmets in lulls

during practice or timeouts.

Players should be allowed to drink water freely while working out and playing, provided they

continue to take salt along with it.

Practice and game sessions should be adapted to weather conditions. There are various recommendations here, but "when the temperature turns be-tween 90° and 100° and the humidity is at 70%, practice should be postponed or sharply curtailed."

A full acclimatization program is being conducted at the University of Oklahoma under Coach Bud Wilkinson and Trainer Ken Rawlinson. It is described in the article and is cited as a model of how much can be done under present conditions.

National Federation Bulletin

We call your attention to a change in the 1964 baseball rules which will require that EACH RUN-NER, as well as each batter, WEAR A HEAD PROTECTOR.

In most instances, this change will not require the puchase of additional equipment. In some situations, it may and we, therefore, send you this bulletin now so that, if you believe it advisable, you can notify your member schools of the change well in advance of the beginning of the baseball season. We have generally found it to be advan-tageous to make such notification early, particularly when equipment is involved.

For your information, the change in Rule 1-1-5

the entirety is as follows:

"It is MANDATORY that each batter and RUN-NER wear a head protector. The catcher shall wear a face mask and body protector. Failure to comply with the umpire's order to secure such equipment results in a batter or runner being declared out. or a catcher being replaced.

Note: The head protector should be a type which has safety features equal to or grater than those provided by a full plastic cap with padding on the inside. Each state association, or any conference it designates, is authorized to experiment with declaring a player out without warning if he is not wearing a head protector when he is a batter or a runner."

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Phoenix Hotel, Lexington, on Saturday morning, December 21, 1963. The meeting was called to order by President Cecil A. Thornton at 11:00, with all Board members. Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield present.

Preston Holland moved, seconded by Oran C. Teater, that the reading of the minutes of the September 28th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner reported that the 1963 football championship playoffs had been very successful, although inclement weather had affected adversely ticket sales in some of the games. He stated that ticket sales for the Class A and Class AA games

The Flying Dutchman

Howard Gardner

Howard Gardner, one of the greatest of them all, has been forced by a health problem to hang up his whistle. The "Pride of Elizabethtown" has brought increased efficiency to officiating in his sixth region. Respected by everybody, this young leader is cancelling forty games and a district tournament—but he will continue to serve as sixth region representative for officials.

Apparently basketball games will not last much longer because of time-out for violations. Fort Knox and E'town started a varsity game at 8:05 P.M. and finished it at 9:10 P.M. Officials Ed Taylor and Norman Kercler kept the game moving and coaches Bob Burrow and Charlie Rawlings had their players so well prepared on time-outs and substitutions that little time was lost. Officials Kean Jenkins, Jerry Gilbert, Richard Morse and Irby Hummer of the South Central Officials Association like the change.

There has been real officiating progress in the sixth region. In 1955 this area had three basketball officials; today there are thirty-five. Sal Matarazzo of Fort Knox and Daymon Ray of East Hardin gave Howard Gardner a lot of help and contributed to this "Story of Progress."

The Dutchman salutes Kean Jenkins for his years of unselfish service to young people. Besides directing E'town park and recreation program, this winner of the first Corn Cob Pipe Award of 1964 gives the rest of his time to the kids of Hardin County. Puff away on your "Cob", Kean. You've earned it.

Suppose you were a spectator at a soft-ball game and suddenly uniformed police grabbed the base umpire, hustled him to a patrol car and drove away! What would you think if that umpire were Charlie Irwin, state tournament basketball official? The fact is that Charlie was being high-pressured to referee a football game between Christian County and Sturgis. The police were sent to insist that he substitute for an official who failed to show up.

Charlie Irwin

Hopkinsville is a town with fine imagination. It is also a city of firsts for the year of 1963. It was the first time police were used to procure a basketball official who was umpiring a softball game to referee a football game, and it was the first time that Kentucky sent Hop'town word that it wanted one of its boys in Frankfort to run the Commonwealth for the next four years. Good luck, Ned. If you need help, send the state patrol for Charlie Irwin.

Duke Burnett of Cadiz has nominated John Graham for the Game Guy Award. Johnny has already received his lionheart statuette. Here's what Dr. Thorton Bryan, Jr., has to say about Johnny: "When Dr. Benjamin Fowler and I operated on John's feet in 1959, we both predicted that his sports career was essentially ended." In 1963 Dr. Bryan says this: "I cannot possibly give John the amount of praise which he deserves for overcoming this disability." Johnny's courage is a fine inspiration for

us in this new year.

To Trigg County High goes the Abou Ben Adhem citation for January. Check Trigg's qualifications: (1) courtesy to visiting teams and officials, (2) interest in unfortunate kids temporarily floored by handicaps, (3) a student body which realizes that Trigg's reputation is what the students make it. May your tribe increase!

Danville's plumpy and popular Briscoe Inman has always been one of Kentucky's best college coaches and high school officials, and now he qualifies as a reporter. Take a gander at the news he has gathered for The Dutchman in the twelfth region:

First he tells us that the most glamorous of Ted's sixteen regional representatives was introduced to college officiating at Centre this month. Reference here is to northern Kentucky's answer to Errol Flynn (not Bobby), big George Maines. The Dutchman spent an evening with George, Ed McNabb and Tom "Big Daddy" Ellis at their Northern Kentucky Officials meeting at Covington this month. The steaks those chaps eat would challenge the prowess of Kentucky's champion steakeater, Donnie Schmied, of Bowling Green. Ernie Chattin should charcoal a few for these guys.

The London Basketball Officials Association, which started from scratch last year, now has fifteen members. This association has Scotty McClure, Jack Bruner, Roy Moore, Gene Lowe, Roy Bowling and Earl Hill certified by the K.H.S.A.A. Coach Gil Samples of London gets the credit for organizing the London Officials Association.

The last news item Briscoe sends is confusing. Apparently he is attempting to tell us that his secretary is a bird hunter, because he says, "Excuse my typing. My secretary is away looking for the stork."

Here's a Happy New Year resolution for you: Send the history of the physicallyhandicapped kid you are helping to The Flying Dutchman, Colonial Manor, Jeffersontown.

of raising his hand, without being asked to do so

by the official. 10. Play: Dribbler A1 charges B1. After the infraction has been indicated, B2 commits a technical

Ruling: False double foul. B1 is not given a free throw. Team A is awarded a free throw for the technical foul committed by B2. The ball is tossed at center after the attempt which results from the technical foul.

11. Play: Dribbler A1 in his (a) front court;

(b) back court charges B1.

Ruling: A1 is charged with a personal foul but no free throw is given B1. In both (a) and (b), the official must hand the ball to the player of the offended team who will make the throw-in from the out of bounds spot indicated by the of-ficial, which will be nearest to where the foul occurred.

12. Play: Player of team A enters the game wearing the same number as a teammate who is

in the game.

Ruling: Technical foul is charged to team A. Two players of the same team may not wear identical numbers. The referee is authorized to order a number change for the incoming player.

13. Play: Is an official required to hand the ball to the play who will make a throw-in at mid-court following a technical foul? Ruling: Yes.

14. Play: Substitute A6 reports to the scorer, Ball next becomes nead because of a: (a) held ball; or (b) foul; or (c) successful free throw; or (d) ball going out of bounds; or (e) double dribble; or (f) field goal. Should substitute be beckoned?

Rulling: Yes for (a), (b), (c), (d) and (e). In (f), A6 may not enter unless the clock has been stopped for a time-out or some other reason. If the clock has been stopped, A6 should be beckoned. If A6 should be erroneously beckoned in (f), he may participate.

15. Play: A1 holds the ball near the sideline.

15. Fig.; Al holds the ball near the sideline.

Bl is guarding him so that contact ensues and A1 loses his balance and steps on a boundary. Ruling: The official must decide whether the action results in a foul or a violation. Under no circumstances will A1 be awarded the ball out of bounds for a throw-in.

16. Play: At approximately the same time as A1 passes to A2, A1 charges B1. The official is reasonably doubtful that A1 was in control at the

time he fouled B1.

Ruling: Player control foul. The interpretation provides that if there is any doubt as to whether there is player control by a member of his team during the time he or a teammate commits a foul, it shall be ruled as a player control foul.

17. Play: It is discovered that A1 who is in the game: (a) changed his number without reporting the change to an official; or (b) is participating after having been disqualified.

Ruling: Technical foul for both (a) and (b) with two free throws awarded Team B. A2 is disqualified from further participation in both situations.

18. Play: Al requests a time-out for the purpose of: (a) tying a shoelace; or (b) replacing a low-out shoe; or (c) recovering or replacing eyeglasses; or (d) recovering or replacing contact

Ruling: The official should grant the request in (a), (b), (c) and (d). The time-out is charged in (a) and (b). In (c) and (d), the time-out is not charged, and in both (c) and (d), effort should be made to recover and replace the lens and/or glasses as soon as possible, and then resume play im-

mediately. Team A, of course, has the privilege of taking the full time-out in (a) and (b) and whether they do or not has no bearing on the fact the time-out is charged.

19. Play: A1 is being closely guarded by B1 when: (a) A2 assumes and maintains a position between A1 and B1, or (b) A2 slides between A1 and B1 but does not stop or assume a position be-tween them. Should a held ball be called after 5 seconds?

Ruling: Not in (a). When A2 takes a position between A1 and B1, A1 is no longer being closely guarded by B1. Therefore, the 5 seconds count will cease when A2 assumes this position. In (b), the count continues and a held ball shall be called after 5 seconds.

20. Play: During second free throw by A1, A2 tips the ball in the basket while it is on the ring.

Ruling: Violation. Basket interference. Violation causes hall to become dead and no point is scored. Ball is awarded to team B out of bounds on the

side at either end of the free throw line extended.
21. Play: During the first attempt by A1 of a 2 free throw award, B2 does not occupy 3rd lane space. A3 takes it. Before the ball is handed to A1 for his second attempt, B2 requests permission to occupy 3rd space.

Ruling: Grant request of B2.

22. Play: Following a traveling violation by team A and while: (a) the ball is being given to the official; or (b) the official is handing the ball to B1; or (c) B1 is preparing to make the throw-in, team A requests a time-out.

Pulice: Time-out is granted in (a) (b) and (a)

Ruling: Time-out is granted in (a), (b), and (c) except that, in (c), the official will not grant the time-out if 4 seconds have already been consumed by B1 in attempting to make the throw-in. After 4 seconds of throw-in time have been consumed, a change of status of the ball is considered to imminent and a time-out request is, therefore, denied.

23. Play: A1, in the front court, holds the ball and is surrounded by four teammates. No B player is within guarding distance. Shound a held ball be aclled after 5 seconds?

Ruling: Yes, as provided by 4-101(c). The purpose of the maneuver by team A is obviously to prevent the opponents from getting at the ball

without making contact.
24. Play: A1 is injured and referee stops the clock. At the end of one minute, A6 replaces A1 and, at the same time, A7 and A8 replace A2 and A3.

Ruling: No time-out is charged to team A because injured A1 was replaced before 1½ minutes expired. Since the clock was stopped and the ball was dead, it was permissible for A7 and A8 to re-

place A2 and A3, respectively.

25. Play: B1 commits a violation for basket intenference at A's basket: (a) during a field goal try; or (b) during a free throw which has touched basket ring.

Ruling: In (a), the violation stops the clock and team A is awarded two points. In (b), team A is awarded 1 point. In both (a) and (b), after awarding proper number of points, the official shall hand the ball, as is required after any violation, to a player of the scored upon team, who is behind the end line.

26. Play: A1 is dribbling near the end of the court, when B1 quickly takes a legal position in his path. A1, who is inbounds, loses control of the ball in attempting to avoid B1. His momentum carries him out of bounds. In attempting to steal the ball, B1 also goes out of bounds. A1 regains his balance

and returns to the court before B1 recovers. A1 then continues his dribble.

Ruling: Violation, Double dribble, Dribble ended when Al lost control. Since BI did not touch the ball, Al cound not dribble again, Al could have recovered the ball without violating. There is no penalty for Al or BI inadvertently leaving the court and then returning in a situation such as this this.

27. Play: BI holds A1, while A1 is attempting to throw the ball into A's basket, A1 continues his attempt and, before the ball is released, time for the period expires.

Ruling: Because time expired before the ball left the hands of A1, the goal would not count even though the ball enters the basket. 2 free throws are awarded A1 because he was fouled in the act of atempting a goal and because the attempt did not score. This ruling, is on the assumption that A1 was fouled before time expired.

28. Play: The ball is placed at the disposal of A1 who has been awarded a free throw. A1, who is at the free throw line, has the ball and is making preparations for a free throw attempt. A2 pushes B1 along the lane.

Ruling: Intentional foul by A2. B1 is awarded 2 free throws after which the ball will be put in

play by center jump.

Comment: This situation is interpreted to be an intentional foul, in order to prevent team A from exploiting the rule. By committing a personal control foul, A2 causes it to be a false double foul resulting in a center jump, thereby depriving team B of the opportunity of a throw-in if the free throw B of the opportunity of a throw-in ii the irree throw by AI were successful, or depriving team B of an opportunity to secure the ball if the free throw attempt by AI were missed. But when the foul by A2 is intentional, team B is given 2 free throws, which makes the infraction by team A costly.

29. Play: Team B is three points behind late in

the game. BI misses a field goal try. A2 secures the rebound and is in his back court advancing the ball when B2 holds A2. The foul by B2 is not violent nor savage, but it is repeated several times during the last minutes of the game.

Ruling: On the basis of the description of the

situation, these are intentional personal fouls which call for a penalty of 2 free throws for each foul.

30. Play: A1 is out of bounds to make a throwin and B1 uses unsportsmanlike language and is assessed a technical foul. After a member of team A has attempted the free throw and just before ball has been handed to A2 for the throw-in from out of bounds at mid-court, B2 flagrantly pushes A2 to the floor and is assessed a flagrant technical foul.

Ruling: B2 is disqualified and team A is awarded 2 free throws. After any team A player (or players) has attempted the free throws, the ball is awarded to team A out of bounds at mid-court for throw-in.

Comment. After a double foul or after the last free throw following a false double foul, the ball is put in play in the center circle by a jump between any two opponents. This is not the procedure following the last free throw of a multiple foul or a false mutliple foul. The above play situation is a false multiple foul. Most often, a false multiple foul consists of a personal foul and a technical foul, both of which are committed by one team against the other. However, a false multiple foul may consist of two technical fouls committed by one team against the other.

31. Play: A1, throwing in from out of bounds, throws the ball through his basket.

Ruling Violation. Team B is awarded the ball for a throw-in from out of bounds at either end of that free throw line extended nearer the goal through which the ball was thrown.

32. Play: Ball, in front court, is being held by Al when Bl bats it from his hand after which A2 touches the ball in the front court and the ball then crosses the division line into A's back court

where A2 recovers.
Ruling: Violation. A2 was the last to touch the ball in his front court before it crossed the division line. Technically the ball was in possession of team

A at the time A2 touched it.

33. Play: As A2 throws the ball at B's basket,

B1 fouls him.

Ruling: This is not a field goal try. Therefore, the ball becomes dead when the foul is committed. If the foul is committed before the ball goes in the basket, the basket will not count. Regardless of whether the ball goes in the basket, A2 is awarded free throw or a 1 plus 1, as the case may be. A2 has not been fouled during a try.

34. Play: While the two teams are warming up minutes before game time, A1 and B1 trade

punches at mid-court,

Ruling: Officials' jurisdiction in such a situation does not begin until the ball is tossed at center to start the game. This is a matter for the school authorities to adjudicate. Acceptable procedure would be to bar both players from participating in the game, but such, or any other decision, is not

within the jurisdiction of the game officials. 35. Play: A1 has the ball out of bounds for a throw in. A2, A3 and A4 immediately set up a screen by moving close together and parallel to the boundary line where the throw-in is to be made. The screen is set up at a distance of: (a) 3 feet or more from the boundary, which is being used for the throw-in; or (b) less than 3 feet from this houndary.

Ruling: The screen is legal in (a). In (b) any opponent of the screener may reouest and take a position between two of the A players. The screening players are obliged to permit the B player to

take this position.

36. Play: Score at conclusion of regulation playing time is, team A 50-team B 49. Clearly after the 4th quarter has ended, but before the referee has approved score to terminate officials' jurisdic-

tion. Al commits a flagrant technical foul.
Ruling: Team B is immediately given 2 free throws. If both are successful, score is team A 50 team B 51, and game is over. If only one is successful, score is tied and game is continued with one or more extra periods after a one-minute intermission. Extra period is started with a center jump.

37. Play: A1 is apparently injured and clock is stopped. His coach examines him. A6 reports for A1 and replaces A1, who leaves the court. A1 then immediately reports to scorer and re-enters game before the ball becomes alive.

Ruling: As this was not a charged time-out, play should be resumed as soon as the injured player is removed from the game. However, if A1 return before play is resumed, team A is charged with a time-out.

38. Play: Jump ball is called. Designated jumper A1 stops to tie a shoelace before assuming his posi-

tion.

Ruling: Since clock is already stopped, the mat-ter of stopping the clock is not involved. Official should ask A1 if he desires a time-out. If he does not, official should order Al to enter jump circle immediately. If delay results in giving team A an advantage, or in placing opponents at a disadvant-

age, official may call a technical foul for delay. 39. Play: Official discovers disqualified A1 has returned to the line-up, or A1 has changed his returned to the line-up, or AI has changed his playing number without reporting to scorer and an official. Discovery is; (a) during time-out charged to either team; or (b) immediately after end of 4th period and score is A 45 — B 40; or (c) after 4th period has ended in a tied score.

Ruling: In (b), there is no technical foul. In (a), A1 is considered to be "participating" even though time is out at the time. In (c), since an extra period is to follow, A1 is considered as "participat-ing". Technical foul in (a) and (c). Since foul is flagrant, two free throws are awarded.

40. Play: While ball is in flight on a field goal try by A1: (a) A2 excessively swings his arms and elbows without making contact; or (b) A2 swings elbows and contacts B1. Ball goes through A's

Ruling: (a) Violation by A2 causes ball to become dead immediately. Field goal is not scored. (b) Foul by A2 does not immediately kill the ball. Goal is counted.

MINUTES OF BOARD MEETING

(Continued from Page Nine)

played in Lexington on November 28 amounted to \$7,665.50, and that Association profits realized from the Class AAA final game in Louisville, played on December 5, were \$2.865.53. The Commissioner recommended that each of the four teams participating in the playoffs in Lexington be allowed an additional amount of \$200.00 for incidental expenses. Preston Holland moved, seconded by Ralph C. Dorsey, that the appropriations recommended by the Commissioner be allowed. The motion was carried unanimously.

Foster J. Sanders, chairman of the Trophy Committee, reported that his committee had met at the K.H.S.A.A. office on November 16, 1963, at which time sealed bids for the 1964 district and regional trophies basketball tournament were opened. He stated that samples submitted by five bidders were examined, and that the Trophy Committee had accepted the bids of the Sport Shop, Glasgow, Kentucky, and the Gipe Sporting Goods Company, Owensboro, Kentucky, for district and regional trophies respectively. The price per set of district trophies was \$41.65, and \$60.00 per set of regional trophies.

School officials of the Bath County High School appeared before the Board of Control to discuss the eligibility of Bath County High School boys attending schools in Montgomery County. President Cecil A. Thornton advised Prin. Edsel L. Karrick that interpretations of Association eligibility rules are made by the Commissioner, not by the Board of Control, and that any charges concerning the possible violations of K.H.S.A.A. By-Law 10, Undue Influence, should be filed with the Commissioner.

The Commissioner recommended that the State Swimming Committee be given permanent authority to make any necessary adjustments and changes in the classes, events, and regulations in swimming. Don Davis moved, seconded by Sherman Gish, that the recommendation by the Commissioner be accepted and adopted. The motion was carried unanimously.

The Commissioner recommended that for the school year 1963-64 the Christian County High School be moved from Basketball District 7 to District 8 in order that each of the districts involved shall have not less than four schools in it. Foster J. Sanders moved, seconded by Ralph C. Dorsey, that the redistricting recommend-

ed by the Commissioner be done. The motion was carried unanimously.

There was a discussion of a possible Board of Control proposal concerning out-of-season and pre-season football and basketball scrimmages and games, to be presented to the forthcoming 1964 Delegate Assembly of the K.H.S.A.A. Action on the proposal was deferred to the January meeting of the Board.

Preston Holland discussed the possibility of certain changes in football playoff regulations, to be put into effect for the 1965 and 1966 football seasons. J. B. Mansfield stated that changes in the regulations for the two seasons mentioned should be made and announced as soon as possible, since such changes might effect schedule making. Members of the Board agreed to go into the matter of football playoff regulations changes at the next meeting of the Board, and invite interested groups to file with the Commissioner written suggestions for such changes prior to the January meeting of the Board.

The Commissioner reported that, on December 18, 1963, he placed the Mullins High School on probation for the remainder of the basketball season, and directed Prin. Landon Hunt to relieve Assistant Coach Morris Justice of his coaching duties for a period of thirty days. The Commissioner stated that Mr. Justice, a second-team basketball coach, had removed his team from the floor shortly before half time in a game played between the Dorton and Mullins second teams on December 7, 1963, at Dorton. The Commissioner said that he considered the action of Coach Justice a violation of K.H.S.A.A. By-Law 17, Practice of Sportsmanship.

Oran C. Teater moved, seconded by Don R. Rawlings, that the next meeting of the Board of Control be held in Louisville on January 25, 1964. The motion was carried unanimously.

Sherman Gish moved, seconded by Ralph C. Dorsey, that all bills of the Association for the period beginning September 28, 1963, and ending December 20, 1963, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.
