Foul Signals 1 to 16

1 Offside or violation of free-kick rules

2 Illegal position or procedure
Illegal forward handing

3 Illegal motion or shift
Both hands for illegal shift

4 Delay of game
Crawling
Encroachment

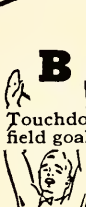

16 Pushing, helping runner or interlocked interference

Procedure Signals A to H

H Ball is dead
For touchback
wave sidewise

B Touchdown or field goal

5 Personal Foul

15 Illegally kicking or batting a loose ball

G Ball ready for play

14 First down
For first touching of a kick, point to spot

14 Ineligible receiver down field on pass

I Incomplete forward pass—penalty declined—no play or no score

C Safety

6 Clipping

7 Roughing the kicker

D Time out

8 Grasping opponent's face protector

F Clock starts

E Officials time out—follows signal D

9 Unsportsmanlike conduct
Delay start of half
Illegal participation

13 Interference with fair catch or forward pass

12 Illegal forward pass

11 Intentional grounding

11

10

10 Illegal use of hand or arm

ORAN C. TEATER
President

DON R. RAWLINGS
Vice-President

Oran C. Teater, Superintendent of the Paintsville City Schools and K.H.S.A.A. Board of Control member for the past four years, was elected President of the Board at the summer meeting of the directors, held on August 1, 1964. Prin. Don R. Rawlings of the Danville High School was elected Board Vice-President. The two men represent respectively Sections 8 and 6.

Mr. Teater, a graduate of Centre College and Morehead State College, spent several years as a successful coach in basketball, football, and baseball before becoming Superintendent at Paintsville in 1959. In his senior year at Centre, he coached the line at Danville High School which won the Central Kentucky Conference football title.

In the years that followed his college graduation, Mr. Teater returned to Paintsville High School, his alma mater, to coach the Tigers to three Big Sandy Conference titles in five years. His overall football record was 34-11-3. His basketball teams won 64, lost 13. His baseball team won three state district titles. Largely through his efforts the present four-sport, ten-team Eastern Kentucky Mountain Conference was formed in 1952. In the late forties, when he was President of the Old Big Sandy Conference for three terms, he felt that many of the schools in Eastern Kentucky strongly overemphasized one sport. He was instrumental in spearheading a successful drive for a new four-sport league that required participation in football, baseball, basketball and track. He headed the league in its early days. In 1950 Mr. Teater elevated to the principalship of the Paintsville High School, a position he held until he assumed the superintendency at Paintsville.

Aside from his school duties the new Board President is active in local affairs and state organizations. He is a member of the Masons, Christian Church (deacon), Shrine, and the Paintsville Kiwanis Club (past president); and has served two terms on the Centre College Board of Overseers. He is a member of six other school fraternities, honorary and social. He is a past-president of the E. K. E. A. Superintendents organization, and is a member of the K. E. A. Planning Board and the K. E. A. Insurance Committee. His wife is the former Mary Evelyn VanHoose of Paintsville. They have one daughter, Dianna Louise, who is in college.

Vice-President Don R. Rawlings, who is beginning his fourth year as a Board member, was born in London, Kentucky. He attended the London City Schools and graduated from London High School. He served in the United States Navy for three years during World War II. Upon his discharge, he attended Sue Bennett College at London. He then transferred to Eastern Kentucky State College from which he was graduated in 1949. In 1951, he received the Master of Arts Degree from the University of Kentucky. He has been principal of Danville High School for the past ten years.

Mr. Rawlings is married to the former Miss Irene Greer of London, and they have two sons, Gary Don and Kevin Ray. A member of the Lexington Avenue Baptist Church of Danville, Mr. Rawlings also belongs to the various education associations. He is a past-president of the Danville Kiwanis Club.

Football Examination

Part II of the National Federation Football Examination for officials will be given in Kentucky on Monday, September 21. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the "approved" rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. Officials who hold the "certified" rating keep this rating by attending one or more clinics each year. Eligible officials who wish to take the test should write the State Office.

Use of Registered Officials

A list of registered football officials appears in this issue of the *ATHLETE*. Principals and coaches should study the current list to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. By-Law 22 provides that member schools shall use registered officials in all football and basketball games, and that failure to comply with this regulation makes the home school liable for suspension. If there is any question about registration, the official should be asked to present his card.

1964-65 Insurance Subsidy

As reported in the Board of Control meeting minutes which appeared in the May issue of the *ATHLETE*, the Board voted in its April meeting that the insurance subsidy of each Kentucky member school in 1964-65 shall be the basic amount of \$40.00, with an additional subsidy of \$60.00 for schools maintaining football. Principals of all K. H. S. A. A. member schools have been mailed reimbursement forms. Some of the companies with which Kentucky schools place their insurance business give the schools credit for the amounts due and bill the Association for these amounts. The reimbursement plan and the credit plan are both satisfactory.

Basketball Clinics

The 1964-65 rules meetings for registered basketball officials and coaches will be conducted by veteran clinic director Charlie Vettner. The dates and sites of the meetings are as follows:

September 27, Elizabethtown High School, 1:30 P.M.
September 27, W. K. S. C., Bowling Green, 7:00 P.M.
September 28, Christian County High School, Hopkinsville, 1:30 P.M.
September 28, Tilghman High School, Paducah, 7:00 P.M.
September 29, Beaver Dam High School, 1:30 P.M.
September 29, Henderson High School, 7:00 P.M.
October 4, Morehead State College, 1:30 P.M.
October 4, Paul G. Blazer High School, Ashland, 7:00 P.M.
October 5, Pikeville High School, 1:30 P.M.
October 5, Hazard High School, 7:00 P.M.
October 6, Bell County High School, Pineville, 1:30 P.M.
October 6, Somerset High School, 7:00 P.M.
October 7, Brown Hotel Louisville, 7:30 P.M.
October 8, Newport High School, 7:00 P.M.
October 11, University High School, Lexington, 7:00 P.M.

Football District Changes

To be added to the list of football schools printed in the August issue of the ATHLETE are the following: Burgin-Class A, Region II, District 2; Falmouth-Class A, Region III, District 1. Removed from the list should be the name of Douglass High School of Henderson (Class A, Region I, District 2).

Attention, Officials!

The attention of all registered K.H.S.A.A. football and basketball officials is called to By-Law 29, Section, 9, which provides that the official shall be supplied with an emblem which he shall wear on his shirt or sweater. This rule will be strictly enforced in 1964-65 as it was in 1963-64. The emblem is to be worn on the left shoulder shirt sleeve, approximately one and one-half inches below the shoulder seam. The "approved" or "certified" bar should be worn below the emblem. Failure to wear the emblem will make an official liable for suspension from the Officials' Division of the Association.

Recommended uniforms are as follows:

Football—black and white striped shirt (long or short sleeves), black baseball cap with white piping, white

knee pants, black belt, black stockings, black shoes and laces;

Basketball—black and white striped shirt (short sleeves, long sleeves by special permission), black trousers, black belt, black shoes and laces.

School for Basketball Officials

The Sixteenth Annual School for Basketball Officials was held at the Phoenix Hotel, Lexington, on August 9-10, 1964. Basketball Clinic Director Charlie Vettner directed the school.

Topics which were discussed during the three sessions were: signals, the technique of officiating, primary responsibility in charging and blocking, post plays, screens, guarding the dribbler, switching, no-action game, the dividing line, the throw-in from out-of-bounds, the three circles, the foul lanes, and basketball rules fundamentals.

The services of the regional representatives who attended the school will be available to Association member schools throughout the basketball season. The men will conduct additional clinics for officials, coaches, and players, and will assist beginning officials in registration.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Kendlake Hotel, Kentucky Lake State Park, on Saturday morning, August 1, 1964. The meeting was called to order by retiring President Cecil A. Thornton at 9:00, with Board members Morton Combs, Don Davis, Ralph C. Dorsey, Sherman Gish, Preston Holland, Don R. Rawlings, Foster J. Sanders, and Oran C. Teater: Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present. The invocation was given by Cecil A. Thornton.

Ralph C. Dorsey moved, seconded by Don Davis, that the reading of the minutes of the April 10th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Mr. Thornton stated that the next order of business was the election of the president and vice-president of the Board of Control. Preston Holland moved, seconded by Foster J. Sanders, that Oran C. Teater and Don R. Rawlings be elected president and vice-president of the Board of Control respectively by acclamation. The motion was carried, with Mr. Teater and Mr. Rawlings not voting. Mr. Teater accepted his new position with appropriate remarks.

Sherman Gish moved, seconded by Don Davis, that the Board of Control go on record as adopting a resolution complimenting Cecil A. Thornton for eight years of service to the member schools of the K.H.S.A.A. as a member of the Board of Control. The motion was carried, with Mr. Thornton not voting. He stated that he enjoyed serving as a member of the Board, and that his tenure had given him a real challenge and opportunity.

President Teater welcomed to the Board Prin. Morton Combs of the Carr Creek High School. Mr. Combs responded with appropriate remarks.

The Commissioner made a report to the Board on the receipts and disbursements during the year 1963-64. Copies of the audit, recently prepared by Johnson and Lusk of Louisville, Certified Public Accountants, had been mailed to members of the Board. Total funds on hand June 30, 1964, were reported as being \$144,381.29.

(Continued on Page Eight)

In Memoriam

JAMES F. SUMMERS, JR.

James F. Summers, Jr., basketball and baseball coach at the Boone County High School, died on July 14, 1964. Mr. Summers had ended his first year of coaching in Boone County. Previously he had coached for four years at the Jenkins High School. Prior to that time he had coached at the Lynch High School (1955-1957) and at the Middlesboro High School (1957-59).

Mr. Summers taught biology at Boone County High School, and he was a tireless worker both in the classroom and on the basketball floor. He was admired and respected by members of the faculty and student body.

Alice Kennelly Roberts, in her "Rime' N Reason" column which appears in a Cincinnati newspaper, wrote the following tribute to Mr. Summers: "The final whistle has been blown . . . The final inning has been played . . . And though he coached here just one year . . . This was the year that champs were made . . . He did not know the griefs of age . . . For youth was his at 30 years . . . And boys he guided through his teams . . . Speak highly when his name appears . . . How many things he might have done . . . How many deeds—we'll never know . . . But in His Wisdom, God knew best . . . And it was He who planned it so."

While he was coach at Jenkins, Mr. Summers' basketball teams entered the Regional Tournament four times, twice as district winners and twice as runner-up. His record at Boone County High School was 17-6 in basketball and 18-3 in baseball.

Prin. Eldon E. Davidson of the Jenkins High School, writing to Earl Ruby of the Louisville Courier-Journal, paid the following tribute to Coach Summers. "As you perhaps have heard by now, James Summers, former cage coach here at Jenkins and during the past year at Boone County High, passed away this week. Jim was one of the finest young men it has ever been my privilege to work with. The boys he coached were fiercely dedicated to him and he set a fine example for them as to how a man should live. You see, Mr. Ruby, Mr. Summers had known for several years that his life was to be very short, that he could not live, but he worked and planned as if he planned to live a hundred years. The boys who played for him knew of the hopeless fight he was making but he never spoke of it. His classroom was a dream. If he had to leave the room for an hour you could still hear a pin drop when he returned.

"Jim is gone now and he leaves hundreds of friends to mourn his passing. I hope you will be able to say something about this truly great young man who played out the hand life had dealt him without complaint. His memory will live as long as there are men or women who sat in his classes or played a game of basketball for him."

Surviving Mr. Summers are his wife, Alice Ruth Summers of Florence; his parents, Mr. and Mrs. Frank Summers of Atlanta, Georgia, and one brother, Rev. Jack Summers, of Atlanta.

In Memoriam

M. D. H. "Buck" Clay

Matthew D. H. "Buck" Clay, widely known swimming meet official and physical education teacher, died on August 1, 1964, at the Clark County Hospital after suffering a heart attack while playing tennis at the Winchester Country Club. He was 57 years of age.

Clay was formerly principal of the Clark County High School and the Trapp High School. He was currently on the staff of the Department of Physical Education at the University of Kentucky. He also operated a farm near Winchester. He was active in church work, being a deacon, elder, Sunday School teacher, Boy Scout worker, and Superintendent of the Sunday School at the First Christian Church of Winchester. He was a member of Winchester Lodge No. 20 F&AM.

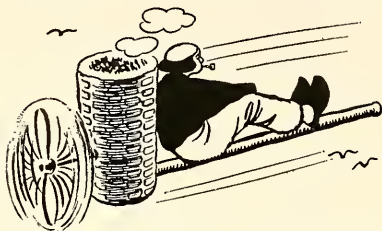

For a number of years Mr. Clay was active in summer camp work for boys in North Carolina. At one time he was on the staff at Camp Carlisle near Hendersonville, and was currently affiliated with Camp Carolina at Brevard. He served as instructor in tennis, basketball, swimming and life saving. While he was in North Carolina, the Red Cross honored him by requesting his services for several years as a volunteer staff instructor at the Red Cross National Aquatic School at Brevard. He was to leave shortly to serve again as a member of the August Aquatic School Staff.

Mr. Clay was a native of Clark County where he received his early education. He graduated from Clark County High School and from Kentucky Wesleyan College in Winchester. He earned his Master's Degree in Education at the University of Kentucky.

His wife, Mrs. Evelyn Saunders Clay, died July 3, just a few weeks prior to his death. Survivors include a son, William Wilson Hume Clay, Winchester, and a nephew, Neal Clay, Jr., of Atlanta, Georgia.

In a meeting of the State Swimming Committee held in Lexington on August 8, 1964, the following resolution was adopted: "The State Swimming Committee acknowledges with regret the loss of one of its most loyal supporters. Mr. Clay, "Buck," as he was affectionately called by most who knew him, was a strong advocate of the aquatic sport. The high school and college swimming teams in the state have lost a fine swimming meet official."

The Flying Dutchman

Mary Vass Daughtry, whose residence is the Helm Hotel in Bowling Green, writes a column known as "Coffee Break." In one of her columns she quotes the following from a poem, "Why do we wait until a person's gone before we tell his worth? Why do we wait, why not tell him now he's an inspiration on this earth?"

The Dutchman's good friend, Mary Vass, could well have been reflecting the thoughts of hundreds of friends of Bill Clark, Somerset's athletic director, when she selected those poetic lines. Down in the "Briar Jumper Country," "Big Bill" Clark is a legend in his own time. Progressive and personable Bill is loved by the kids, respected by his community and revered by all those who work with him.

The Dutchman recognizes William Marshall Clark as a man among men. Besides twenty years of coaching football, basketball, baseball and track at Somerset, Bill pioneered a public recreation program which is one of the finest in Kentucky. Because of the Christian example Bill Clark has set for boys and girls, he will receive the Dutchman's award for his life of service at the Somerset basketball clinic at 7 P. M., September 29, 1964.

To Mary Vass Daughtry, who conducts a "One Gal Crusade" to bring happiness to live where despair often reigns, goes the Flying Dutchman's Corn Cob Pipe Award for unselfish service. Her "Coffee Breaks" and personal efforts for the good of her fellow men cause her to be the second lady to win this award in as many months.

Here's an excerpt from a letter received in August from Mrs. Lena G. Tyler of Jeffersonton who won a Cob Pipe Citation a few months ago. "Really I never did quite understand the phrase "tickled pink" until I received the Flying Dutchman award. It's the only award of any kind I have ever received and it comes in the twilight of

William M. Clark

my life. I stayed up past midnight framing it"—Such letters provide inspiration and indicate that such little effort is required to provide a measure of joy to that man or lady who thinks his or her work was unnoticed.

Sports officials from Indiana, Ohio, West Virginia, Tennessee and other states continually cross Kentucky's borders to officiate in our schoolboy games. Among the greatest and surely one of the finest examples for youngmen to pattern from is Evansville's Fred Hodge. Now at the age of forty-two and after ten years of certification by the K.H.S.A.A. as a basketball official Fred is retiring. For twenty-three years this likeable chap whistled up and down the Hoosier basketball courts and a nostalgic feeling comes to the Dutchman as Fred hangs up his whistle. A great guy and my friend—may our paths cross somewhere again!

The Basketball School For Officials held in Lexington in August was a dandy. The sixteen officials representing Kentucky's sixteen regions were agreed that the new training film, "This Is Basketball." is the best which the Official Sports Film Service could have produced to improve officiating and educate both coaches and officials.

"Doc" Runyan of Chicago, please take a bow! "Doc" is the head of the official Sports Film Service and had his problems when the film was made in Tipton. Doc's main problem was that the Dutchman, who helped with the film, ate cornflakes for breakfast when Wheaties was one of the sponsors of the film. Wilson Sporting Goods, the other sponsor, was pleased that the Dutchman teed off with the Wilson golf ball, but was unhappy at the number of times he had hit the little sphere to get it in the hole.

Claude Ricketts, the Louisville arbiter,

and Howard Gardner, Elizabethtown's happy whistler, promoted Officials' Associations at our Lexington meeting. In passing out their associations booklets, Claude and Howard stressed that there should be at least one officials' association in each region. Now's the time to organize yours.

Young Gordon Reed, Fort Thomas, represented his region for the first time at Lexington and made a grand contribution to the Basketball Officials School. Gordon knows officiating. Put Rex Alexander and Gordon Reed together and you have a pair of classy, brainy basketball men. These two chaps teamed up on the Dutchman to make him "eat crow" when your interpreter made his virgin goof of 1964 on a rule.

It's basketball clinic time again so here's a closing message to the "Incomparable Chattins of Ashland" — Get the steaks and apple pie ready, Ernie and Helen. A Dutch visitor is coming.

Registered Football Officials of the K.H.S.A.A. - 1964

If the telephone number is given for an official listed, it is the home phone number unless otherwise designated. If two numbers are given, the first number is that of the home phone.

MINUTES OF BOARD MEETING

(Continued from Page Two)

The Commissioner stated that the complete breakdown on receipts and expenses appearing in the audit would

be printed in the August issue of the magazine. The Commissioner also presented a suggested K.H.S.A.A. budget for the 1964-65 school year, with estimated receipts of \$138,440.00, and estimated disbursements of \$139,130.00. After a study of the audit and various items of the proposed new budget, Don Davis moved, seconded by Sherman Gish, that the audit report of the Commissioner be accepted and that the 1964-65 K.H.S.A.A. budget be adopted as presented. The motion was carried unanimously.

Don Davis gave a report on the recent National Federation Annual Meeting, held at Jackson Lake Lodge, Wyoming. Don Davis moved, seconded by Preston Holland, that the National Federation Executive Committee be asked to schedule the summer meeting of the National Federation each year at a time when the dates would not conflict with the dates of the National Education Association meeting. The motion was carried unanimously.

Sherman Gish moved, seconded by Ralph C. Dorsey, that the fall meeting of the Board of Control be held in Lexington on October 3. The motion was carried unanimously.

The Commissioner reported that he had received a bulletin from National Federation Executive Secretary Clifford B Fagan, dated May 22, 1964, giving information concerning a bill introduced by Congressman Harold M. Ryan, which, if adopted, will protect high school, junior college, and college football contests from the effects of a simultaneous professional football telecast on Friday nights and Saturdays. Mr. Fagan urged each executive officer to write a letter to the Honorable Emmmanuel Celler, Chairman of the Judiciary Committee, urging him to report the bill, H. R. 11183, out of committee as soon as possible; and to send a communication to Congressman Ryan and other members of the House of Representatives. The Commissioner stated that he had written Congressmen Celler, Ryan, Chelf, and Stubblefield; and that he had received replies from all of these men.

The Commissioner asked the Board of Control to adopt a policy concerning a cut-off date in the payment of delinquent insurance subsidy claims. After a considerable discussion of the problem involved, Don R. Rawlings moved, seconded by Foster J. Sanders, that the Commissioner be authorized to pay insurance subsidy claims for any one fiscal year of the Association only if the claim had been filed or correspondence begun on or before June 30 of the year involved. The motion was carried unanimously.

The Commissioner reported that Miss Matilda Walker, a Westport teacher and golfer, had managed an Invitational Golf Tournament for Girls during the Spring of 1964, and that Miss Walker was told by him that the K.H.S.A.A. would probably add Girls Golf to its sponsored sports if sufficient interest in the sport is shown by K.H.S.A.A. school administrators. The Commissioner was directed to send out a questionnaire to K.H.S.A.A. school administrators for the purpose of determining possible interest in a State Golf Tournament for Girls.

Don Davis, Chairman of a committee to formulate a new plan for the selection of State Basketball Tournament officials, discussed some of the recommendations which his committee would make. Action on adoption of the plan was deferred until a later meeting.

There was a discussion of a possible change in track regulations. This topic was placed on the agenda of the forthcoming October meeting of the Board.

Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield retired in order that the Board might go into executive session.

Preston Holland moved, seconded by Foster J. Sanders, that all bills of the Association for the period

beginning April 10, 1964, and ending July 31, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Coaches as Health Teachers

Many school administrators and many so called "solid subject" academicians believe that a coach is primarily interested in teaching the fundamentals and strategy in his sport, and keeping order in his classroom during school hours. This is not true of most coaches.

Actually the athlete receives more instruction and practice in Health Information, Health Habits and Attitudes than the non-athlete. The behavior of the athlete is changed and his general health is improved because he has several incentives, each of which, is very important to him during his days of competition.

1. He wants to make the school or college team.

2. He wants to please the coaches, his girl friend and parents.

3. He wants to display his athletic prowess before large crowds.

4. He is afraid, in many instances, to violate health habit and practices which have been "driven-in" by members of the coaching staff, because it may effect his personal health.

Yes, a coach is a SUPERIOR health educator. He tells the members of his squad what to eat (Diet and Nutrition), he tells them how many hours to sleep (Sleep and Rest), he tells them not to smoke or drink alcoholic beverages (Alcohol and Tobacco), he protects them against the common diseases (Immunizations and Communicable Diseases), he teaches them first aid (Bandages for cuts and Splints for breaks). He also sees that they get proper medical care (Xrays and visits to the team physician), he teaches prevention of injuries (Safety on and off the field), he checks their height and weight frequently (Natural Growth), he makes them take showers after practice sessions (Cleanliness), he protects their teeth (mouth guards for football players), he insures their health (Athletic team Insurance), he talks with their parents (Teacher-Parent Conferences). He also talks with their teachers about their grades (Teacher Conferences), he tutors some of them in their difficult subjects (Individual Instruction), and most coaches require their athletes to dress neatly on trips away from home (Personal Grooming and Clothing). Most coaches tell their athletes the effect of venereal diseases on their ability

to participate in sports (Prevention of V. D.), and last but not least coaches teach sportmanship, fair play, how to get along with each other, boy-girl relationships, and how to be a good winner as well as accepting defeat after playing their best (Mental Health, and Family Living).

What is left for a coach to teach in Health Education? Very little. The teaching by a coach on the athletic field or basketball court usually changes the behavior of a boy more than the teaching of the same subject in a classroom situation. Therefore, I'm sure administrators and teachers will have to agree that, even though a coach is listed as a science, math, or social studies teachers, he does an excellent job of teaching Health, incidentally and accidentally.

FOOTBALL CHAMPIONSHIPS

RULES AND REGULATIONS

I. Classification

Sec. A. The Board of Control has divided the schools into three groups as follows:

1. Class AAA includes the schools in Jefferson County except Aquinas, Louisville Country Day, and Kentucky Military Institute.

2. Class AA includes the schools with enrollments of 327 or more in grades 10-12.

3. Class A includes the schools with enrollments of less than 327 in grades 10-12.

Sec. B. The basis for determining the schools of Classes AA and A will be the total enrollment in grades 10-12 of a co-educational school. The Board may make an upward enrollment adjustment for a school with less than a full high school course, and for schools enrolling boys only.

Sec. C. Classification is for a period of two years. Classification for 1963 and 1964 is based on the 1961-62 enrollment. A school on application of the principal to the Commissioner, may be permitted to move from a lower into a higher classification. Any school placed in a higher classification must remain in this classification until all school are classified.

II. District and Regional Championships

Sec. A. The state is divided into two regions for Class AAA and four regions each for Classes AA and A. Each region may be divided into two districts.

Sec. B. The championship of a district, or a region, if there are no districts, will be determined by the Dickinson Rating System, as adopted by the Board of Control. In the event of a tie under the Dickinson System the following plan will be applied for breaking the tie: for winning a game, ten points; for tying a game, five points; for each game won by a defeated opponent, one point; for each game won by a tied opponent, one-half point; for each game tied by a defeated opponent, one-half point; for each game tied by a tied opponent, one-fourth point. Only games played within the region will be counted. If a tie results after a team's highest points for four games have been counted, an additional game will be counted until the tie is broken.

Sec. C. To qualify for a district or regional championship, a team shall play a minimum of four games in its class within the region. In Region II of Class AAA, only games played between teams in the district shall count toward the district championship.

Sec. D. In any case where two teams have played each other more than once, the first game only shall count in the standings.

III. Play-offs

Sec. A. In Class AAA the district winners will play on Friday or Saturday two weeks prior to Thanksgiving. The regional winners will play the following weekend for the championship.

Sec. B. In Classes AA and A the district winners will play on Friday and Saturday two weeks prior to Thanksgiving. The following weekend the winners of Region 1 and Region 2 will play, and the winners of Region 3 and 4 will play. Winners of these games (semi-finals) will play for the championship of each class the following week.

Sec. C. If a championship game results in a tied score, the teams will be declared co-champions.

Sec. D. If a game between district winners or regional winners results in a tied score, the following point system will determine the winner: 1) one point for most penetrations of the opponent's twenty-yard line, 2) one point for the greater number of first downs, 3) one point for the greater net yardage. If the teams are still tied after the point system mentioned is applied, then the winner will be the team with the greater net yardage. The Commissioner will appoint statisticians for each game.

Sec. E. In Classes AAA and AA the site, date and starting time of the game will be determined by the winners of the even numbered districts and regions in the even numbered years. Odd numbered district and regional winners will determine the site, date and starting time of the game in odd numbered years.

In Class A the site, date and starting time of the game will be determined by the winner of the odd numbered districts and regions in the even numbered years. The even numbered district and regional winners will determine the site, date and starting time of the game in odd numbered years.

The site, date, and starting time of the final game in each class will be determined by the Board of Control.

IV. Finances

Sec. A. The proceeds of the games, except the finals, will be used to defray the expenses of the visiting team, officials, trophies for the district and regional winners, and other necessary expenses.

The team transportation allowance shall be 50¢ per mile round trip. If no agreement can be reached on lodging and meals expenses, actual expenses for these items, not to exceed the following maximum, shall be allowed: seven meals for 38 persons at \$1.50 per meal, and two nights lodging for 38 persons at \$3.00 each. Net profit or loss shall be shared by the competing schools.

Sec. B. A representative of the host school, designated by the principal, will manage the games. The game managers shall agree on all matters pertaining to the game; such as officials, admission charges, expenses, and allocation of reserved seat tickets. Disagreement on any of these items shall be referred to the Commissioner, and his decision shall be final.

Sec. C. The proceeds of the final games in each class shall accrue to the K.H.S.A.A. after the necessary expenses have been paid. Actual expenses, not to exceed those given above, shall be paid. A team not requiring transportation, meals or lodging shall receive a minimum of \$100.00 for miscellaneous expenses.

THE DICKINSON FOOTBALL RATING SYSTEM

(As modified and adopted by the Board of Control)

Section I

1. First division includes all teams that have won more games than they have lost during the season. Others are second division teams.
2. For each victory of a first division team over a first division team the winner gets 30 points and the loser 15 points.
3. For a tie between first division teams each team gets 22½ points.
4. For each victory of a first division team over a second division team the first division team gets 20 points and the second division team gets 10 points.
5. For each victory of a second division team over a first division team the winner gets 30 points and the loser gets 10 points.
6. For each victory of a second division team over a second division team the winner gets 20 points and the loser gets 10 points.
7. For each tie between second division teams each team gets 15 points.
8. For each tie between a first division team and a second division team the first division team gets 15 points and the second division team gets 20 points.

Section II

1. No team shall be penalized for a victory in an extra game. To avoid this, the extra game shall be omitted from calculation.
2. If two second division teams have won the same number of victories over first or second division teams, but have lost a different number of games to first division teams, the extra defeats shall be omitted from the calculations.

Section III

1. An undefeated team shall always be ranked above every team it has defeated, even though the average number of "points" in the season's ratings may indicate otherwise.
2. A team with a percentage of .500 is in the second division. It will be considered to be in the first division if one third of its games have been with first division teams and have resulted in at least one tie and one victory.
3. If, in a game having a bearing on the championship, a first division team should profit by tying another team in the first division, when defeating it would lower the defeated team into the second division, the place of the teams in their division shall be determined without considering the games.
4. A team undefeated in its district, which has played at least three games with teams in its district, shall rank above all teams in its district which it has defeated.

Section IV

1. If the foregoing directions have been accurately followed, the final standing may be determined by adding the average number of points.
2. If two teams have the same average points for the entire season, the victor in the game played between them during the regular season shall be ranked above the loser.

3. If three teams have the same number of "points" for the entire season, and two of them have played each other, the loser in this game shall be ranked third and the other two tied for the highest rank.

(Do not attempt to apply this system until all of the games of the season have been played.)

Quackery In Sports

"Snake-oil" may seem far removed from modern sports because the coaching and training professions have made such great strides since the days of red hot ointments and turpentine liniments. Nevertheless, even with today's greater scientific sophistication, some still fall for snake-oil in new and more subtle forms.

The use of drugs, enzymes, other medical modalities, and special practices such as hypnosis are obviously the exclusive responsibility of the physician. They are methods of medical management prescribed to meet specific needs of individuals and not general training procedures to be indiscriminately applied to a team or squad.

On the other hand, the coach and trainer practice first aid, purchase health related supplies, advise athletes on diet and other health practices, supervise training procedures and plan conditioning programs. Quackery is prevalent in each of these areas in a variety of forms — non-scientific "wives tales" (no water during practice); use of pseudo-scientific gimmicks (unnecessary dietary supplements); omission of sound practices (failure to use mouthguards in practices as well as games).

There is also the great temptation for the trainer or coach to cross the lines between first aid and referral of injuries into the realm of medical practice. Numerous pills, pastes, and potions as well as a variety of "magical" machines are available to anyone who has the wherewithal to purchase them. Most are worthless and should not be used at all, the others only under medical direction.

The athletic coach and trainer are under pressure to try short cuts to optimum fitness and skillful performance. There is the natural desire of these leaders to get the injured athlete back into play as soon as possible, the player's own ambition to return to competition, community and perhaps even parental pressures to take a chance. So it is no wonder that the gullible, all too often, grasp at the straws of quackery.

Quackery, fortunately, is self-defeating. For do-it-yourself remedies or devices can only delay proper treatment and keep the athlete out of play longer than if he had prompt care. When it seems otherwise, their use was merely coincident with healing that would have taken place anyway.

Coaches and trainers who rely on medical advice on matters do several things for themselves and their charges: they provide a sound foundation for conditioning and skill development; they get injured players back into competition as soon as is consistent with safety; and they teach sound principles relating to health and safety. All are important but in an educational setting perhaps the last is most significant.

The practices surrounding athletics exert a compelling influence on youth and are carried over into daily living and adulthood. Successful utilization of the athlete's own natural resources of courage, confidence, and skill based on responsible coaching and continuous conditioning provide the best assurance to this end.

FILMS

The films listed below are in the Film Library of the University of Kentucky College of Education. The Code letters "e,j,s,c,a," refer to elementary, junior high, senior high, college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans, offered by the Bureau of Audio-Visual Material.

Football

BALL HANDLING IN FOOTBALL, j-s-c-a, 1 reel, \$1.50.

Fundamentals of ball handling are stressed; stance grip, "feel" of the ball, finger-tip control, adjustment before throwing or kicking, receiving passes from center or from a back, catching passes and punts, ways of carrying ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BLOCKING IN FOOTBALL, j-s-c-a, 1 reel, \$1.50¼

Fundamentals of good blocking are taught in this film: position, speed, drive, follow-through, timing, and body control. Describes shoulder and body blocks, demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

FOOTBALL FOR MILLIONS, j-s-c-a, 3 reels, color, \$.75.

In the film an extrovert "Old Grad" chooses

Football Rules as quiz show category. His experience with official interpretations proves interesting, humorous and embarrassing. At the end, he realizes his knowledge is very meager on such things as — officials and their duties — what constitutes pass interference — rights on muffed punt — etc., and his wife had to take over for him.

GAME OF GAMES, j-s-c-a, 1½ reels \$2.50.

The highlights of the 1946 Army—Navy football game are presented in slow motion. It is filmed by "official" photographer of the Athletic Association of the U. S. Naval Academy.

OFFICIAL FOOTBALL, j-s-c-a, 3 reels \$.75

This film portrays the play situations covering the basic rules of football as played under the National Alliance Code. The theme is centered around the official interpretations of the rules as they apply to the three teams always present on the field, the home team, the visiting team and that all important third team, the officials.

TACKLING IN FOOTBALL, j-s-c-a, 1 reel, \$1.50.

Tackling properly is shown as the result of application of certain fundamentals: good physical condition, speed, body placement, drive, sure grip, timing, and body control. Shoulder and cross body tackles are demonstrated in various ways, with special instructions for safety and means of a reducing shock.

THIS IS FOOTBALL, j-s-c-a, 4 reels color, \$.75.

Centered around the four S's — Science, speed, skill, and safety. Demonstrations cover basic rules that will aid the official, coach, players, and fan. Play situations are used to establish standards.

Some Suggestions For Reducing Football Injuries:

1. Good pre-season conditioning
2. Proper warm-up before contact work in practice or game
3. Require wearing of proper equipment at all times
4. Set a limit to the length of practice sessions.

Most of the serious injuries occur during the last half-hour of practice.
