THE KENTUCKY

High School Athlete

The Sportsman's Creed

The Player . . .

1. He lives clean and plays hard. He plays for the love of the game.
2. He wins without boasting, he loses without excuses and he never quits.
3. He respects officials and accepts their decisions without question.
4. He never forgets that he represents his school.

The Coach . . .

1. He inspires in his boys a love for the game and the desire to win.
2. He teaches them that it is better to lose fairly than to win unfairly.
3. He leads players and spectators to respect officials by setting them a good example.
4. He is the type man he wants his boys to be.

The Official . . .

1. He knows the rules.
 2. He is fair and firm in all decisions. He calls them as he sees them.
 3. He treats players and coaches courteously and demands the same treatment for himself.
 4. He knows the game is for the boys, and lets them have the spotlight.
- 
- 

The Spectator . . .

1. He never boos a player or official.
2. He appreciates a good play, no matter who makes it.
3. He knows the school gets the blame or the praise for his conduct.
4. He recognizes the need for more sportsmen and fewer "sports."

Early Season Football Questions

EDITOR'S NOTE: These interpretations of the 1965 National Alliance Football rules do not set aside nor modify any rule. They are made and published by the National Federation of State High School Athletic Associations in response to situations presented.

1. Play: 3rd and 10 on the 50. A1 advances to B's 18 where the ball becomes dead. B3 piles on.

Ruling: A's ball, 1st and 10 on the 9 yardline. As soon as the ball became dead, free of a live ball foul on B's 18, a new series has been indicated. Hence it was A's ball, 1st and 10. The piling on was a dead ball foul carrying a 15-yard penalty, which in this case, is one-half the distance to the goal, or 9 yards. Therefore, after the penalty was measured, it is A's ball, 1st down and 1 on the 9 yardline. (10-4-1; 10-5-1)

2. Play: 4th and 4 on K's 35. K's punt is caught by R1 on R's 25. R1 advances to K's 40 where he is tackled. During the advance of R1, a substitute (RS12) leaves the team bench of R and goes onto the field of play where he holds K2, a potential tackler, on: (a) the 50 yardline; or (b) K's 30.

Ruling: Unsportsmanlike conduct. 15 yard penalty. R's ball, 1st and 10 on its 45 yardline. (2-27-6; 10-3-3)

Comment: The foul by RS12 (member of R's squad) is a non-player foul which occurred during a running play. As provided by 2-27-6, "the spot of the foul is considered to be the previous spot", i.e., K's 35. Because R was in possession of the ball at the time of the foul, it is a foul by the offense. The basic enforcement spot is K's 40 yardline (where the running play ended) and the penalty will be measured from there, placing the ball on R's 45 yardline for the beginning of the new series. In some situations, plays with factors similar to the above case, may properly be interpreted to be an unfair act. If the referee would so judge the situation, he would "enforce any penalty he considers equitable . . ." as provided by the penalty for 9-7-1.

3. Play: A legal forward pass by A1 from the 50 is intercepted by B1 on B's 20 yardline. B1 advances to A's 40 yardline. During the advance, B2 clips on B's 40 yardline. After the ball is dead, A2 commits a personal foul.

Ruling: Penalty for clip by B2 is automatically accepted, making the succeeding spot B's 25 yardline. The penalty for the dead ball foul by A2 is enforced from the succeeding spot, thereby placing the ball on B's 40 yardline where it will be 1st and 10 for B. (10-1-2-c)

Comment: In this situation, penalties result in offsetting 15 yard distances, with the ball being put in play at the ball being put in play at the spot of the enforcement for the live ball foul. When the distance is offset, the referee, after giving the signal to stop the clock and following it with the dead ball signal, will spot the ball and face the goal of the team which committed the first (live ball) foul. He will then give the appropriate foul signal and point to the goal of the offending team. He should then face the goal of the team which committed the dead ball foul, give the appropriate foul signal and point to the offending

team's goal. After properly giving the signal for each foul, the referee should indicate the dead ball signal and declare the ball ready-for-play. In those situations in which the dead ball foul is by the team which is in possession, the stakes should be set before the penalty for the dead ball foul is administered.

4. Play: B1 is offside. B2 intercepts a pass and B3 clips during the runback. A1 piles on after the ball has become dead.

Ruling: Double foul. The offside by B, which is prior to the change of possession, does not permit the situation to qualify for automatic acceptance or inclination. When there is a double foul involved, the replay is mandatory as provided in 10-2-1. Captains are not consulted in the case of a double foul. (10-2-1-a)

5. Play: R1 catches a scrimmage-kick on his 20 and advances to the 50. During the run by R1, K2 holds on R's 40. R2 piles on after the ball is dead.

Ruling: Penalty for foul by K2 is automatically accepted and places the ball on R's 35 yardline. Line-to-gain is thereby determined. Penalty for the dead ball foul by R2 is then administered, placing the ball back on the 50. Therefore, it will be R's ball, 1st and 25. (10-2-c)

6. Play: B1 intercepts a legal forward pass in his end zone. He runs parallel to the goal line, after which he is tackled with the ball becoming dead in B's end zone. During the run B2 clips: (a) in the end zone; or (b) on B's 6 yardline. After the ball is dead A2 commits a personal foul.

Ruling: In both (a) and (b) the penalty for clipping is automatically accepted and results in a safety in either case. The penalty for the dead ball foul by A is administered on the succeeding kick-off. B will free-kick from his 35 yardline. (10-1-2-c; 10-5-2)

7. Play: B1 intercepts a legal forward pass in his end zone and advances the ball to B's 25. During the run, B2 clips: (a) in his end zone; or (b) on his 6 yardline. After the ball is dead, A2 commits a personal foul.

Ruling: In (a), the penalty for the clipping by B2 is automatically accepted and results in a safety. The penalty for the foul by A is enforced on the free-kick with B kicking from his 35. In (b), the penalty for the clipping is automatically accepted and, because of the one-half the distance to the goal provision, it placed the ball on B's 3 yardline. A's foul is then measured, placing the ball on B's 18. It will be B's ball, 1st and 10. (10-1-2-c)

Comment: When the penalty enforcement results in other than offsetting distances because of the half the distance to the goal provision for one penalty and a 15-yard measurement for the other, both distances should be measured to avoid confusion. For the live ball foul, the referee will proceed by signaling the clock to stop and then giving the signal for the dead ball. From the spot of enforcement of the live ball foul, the referee will measure the distance of the penalty, give the appropriate foul signal and point to the goal of the offending team. From there (the suc-

Attention, Officials!

The 1965 Delegate Assembly of the K.H.S.A.A. amended By-Law 29-4-c by providing that a certified official, to continue to receive this rating each year, shall have worked in at least six first team high school football games and/or twelve first team high school basketball games during the previous year. Since this amendment was adopted after the 1964-65 seasons in the two sports involved had ended, officials working fewer than the number of first team high school games required did not have the opportunity to comply with the new rule. This being true, the new rule is an "ex post facto" rule. The requirement concerning the minimum number of first team high school games worked are therefore not to be put into effect until the 1966-67 school year. Officials currently receiving the certified rating should keep the amended rule in mind if they wish to qualify for the rating next year without having to take an additional examination.

The announcement has just been made that the Fern Creek High School was the winner of the M. J. Cavana Swimming Award for the school year 1964-65. Fern Creek's point score was 48. Covington Catholic was in second place with 45, and Villa Madonna was third with 43.4.

The Cavana Award is given annually to the school the student body members of which show the greatest proficiency in swimming. The point scoring is based on the number of pupils who can swim 45 feet in deep water, the number who can swim correctly any three of five listed strokes, and the number of pupils who hold life saving certificates. Percentages of the student bodies which can perform in these categories are involved in the point system.

The presentation of the award was made earlier this month by K.H.S.A.A. President Foster J. Sanders during a Fern Creek assembly program.

The Flying Dutchman

It is September of 1965 and a crew of painters from one of the largest decoration companies in the South is being directed by a handsome fellow who uses crutches to help him move around. This physically-handicapped supervisor of Kirchdorfer and Howell, Inc., had to compete to win this paint contract, and he continually competes with leg paralysis, caused by polio at the age of three—but Bobby Kirchdorfer keeps right on fighting and winning.

The month is September, the year is 1949, and a group of youngsters have gathered at Mill Creek School for a track meet which, strangely enough, is to be the start of the Game Guy Program of the K. H. S. A. A. A kid on crutches, paralyzed from the waist down, insists on running in a wheelbarrow race. The other boys called him Bobby. He ran, he won and he showed other physically handicapped youngsters that sports are for them also. 1949 is a flashback to Bob Kirchdorfer, the youngster; 1965 shows you successful Bob Kirchdorfer, the man.

For Christian service in the K. H. S. A. A. sports program work with that kid who wants to fight a handicap and put him in the "Parade of Game Guys" where young men and women learn to compete without asking favors in sports and go on to compete successfully in the "Game of Life." Write the Dutchman, Box 36, Jeffersonton, telling him about your Game Guy—Here's the way it is done:

As soon as you send the story of the physically handicapped boy or girl you are working with to the Dutchman, that youngster is immediately a winner and he is sent a Lionheart Trophy to indicate his courage to all who see it. Lionhearted kids become nominees for the Game Guy Award of the year. In April when the coaches, principals and sports officials gather for the annual K. H. S. A. A. banquet in Louisville the Game Guy of the Year is always the guest of honor.

The "Parade of Game Guys" is unending and the inspiration they provide all of us is amazing. One educator made this comment, "I used to complain about the handicaps life put in my way until these physically handicapped Game Guys taught me to keep my mouth shut."

Let's take a look at the Game Guy's test — THE TEST OF A MAN IS THE FIGHT HE MAKES; THE GRIT THAT HE DAILY SHOWS; THE WAY HE STANDS ON HIS FEET AND TAKES FATE'S NUMEROUS BUMPS AND BLOWS. A COWARD CAN SMILE WHEN THERE IS NAUGHT TO FEAR, WHEN NOTHING HIS PROGRESS BARS; BUT IT TAKES A MAN TO STAND UP AND CHEER WHEN SOME OTHER FELLOW STARS.

IT'S THE KNOCKS THAT YOU TAKE AND THE JOLTS YOU GET, THE SHOCK THAT YOUR COURAGE STANDS; THE HOUR OF SORROW AND REGRET, THE PRIZE THAT ESCAPED YOUR HANDS —THESE TEST YOUR METTLE AND PROVE YOUR WORTH. IT ISN'T THE BLOW THAT YOU DEAL, BUT THE BLOWS YOU TAKE ON THIS GOOD OLD EARTH, THAT SHOW IF YOUR STUFF IS REAL.

From Bowling Green comes word from Paul Walker that the park city is contemplating building a two-hundred acre park with an eighteen hole golf course. Here's a tip for Bowling Green and other Kentucky cities and counties. If you want to buy ground for a park, the Federal Government will pay 50 per cent of the cost; if you want to build a golf course,

BOB KIRCHDORFER

swimming pool or other sports facility in a park you are going to build or already have, you can get 50 per cent of that cost from Washington. If you are interested, write to Arthur A. Davis, Deputy Assistant Commissioner for Open Space Land, Housing and Home Finance Agency, Washington, D. C., and get money from this \$310,000,000 grant for your Kentucky community. Tell Arthur that The Flying Dutchman told you to contact him. Arthur has one of those Corn Cob Pipe of Honor Awards which go to people doing things unselfishly for others.

It's Lexington's John Gettler who is the Corn Cob Pipe winner for the month of September. Popular Johnnie has given so much of his time and effort to the boys and girls on the playgrounds of the bluegrass city that a swarm of Kentuckians wrote the Dutchman saying, "Make a pipe smoker out of Johnnie." One of the nation's outstanding young men in the field of parks and recreation, John is also a fine sports official.

Incidentally, Conrad Ott, who used to direct the Youth Ambassador of Friendship flights to foreign countries for the Dutchman, is now Superintendent of Schools in Lexington. There's no educator better than Conrad and so Lexington scores again.

The Dutchman completes his twenty-fourth consecutive series of basketball clinics for the K. H. S. A. A. in October. Each year is more convincing that these Kentucky coaches and sports officials are "men among men."

At Ashland, Ernie Chattin charcoaled a two-inch steak in his back yard and Helen had one of her widely acclaimed apple pies ready; Bill Clark did what he does annually, namely catering a stag steak banquet for his coaching staff featuring your columnist as the main eater; at Hazard there was another dinner waiting on top of the mountain at La Citadelle, with the famous Willie Dawahare as host; and Jerry Kimmel had country ham waiting at Beaver Dam. A guy could take on poundage doing K. H. S. A. A. clinic work.

All of us connected with the K. H. S. A. A. program are interested in boys — so here are some closing thoughts famous men have had about boys:

Arnold H. Glasgow: Impatience and not inexperience is the greatest handicap of youth.

Cicero: "If the younger generation doesn't know where it is going, it must be following in its father's footsteps.

Registered Basketball Officials of the K.H.S.A.A.—1965-66

KAPOS NEWS

IMPORTANT NOTICE!

PRINCIPALS and COACHES please notify your cheerleader sponsor and cheerleading squad of the one day cheerleader clinic to be held at Bowling Green High School on Saturday, October 16, 1965. You will receive or may have already received a detailed brochure telling of this clinic.

This is the FIRST "Teaching-Learning" Clinic to be held by K.A.P.O.S. in the western part of the state. For many years the clinics have been held in the central part of the state, and since this has worked a transportation hardship on those squads living beyond the 100 mile radius of Lexington, the K.A.P.O.S. board members voted to move the 1965 clinic to Bowling Green Kentucky.

NEED GOOD ATTENDANCE!

The founders of K.A.P.O.S. have every reason to be proud of their accomplishments these past eleven years. Some of which are:

Providing professional guidance to interested administrators and sponsors in setting up acceptable standards and well planned cheerleader programs,

Lending dignity and importance to cheerleaders through the awarding of trophies to outstanding groups at the state basketball tournament,

Sharing ideas and information through the media of a Newsletter,

Encouraging good sportsmanship by having the Governor of Kentucky proclaim Sportsmanship Week,

Awarding a \$500 Educational Scholarship to a deserving and needy cheerleader.

The above projects have to be financed. By sending your cheerleader squad to this important Teacher-Learning Clinic you will be contributing to the continuance of the above worthwhile projects.

COST OF THE CLINIC . . . \$2.00; Sponsors accompanying cheerleaders will be admitted free.

DATE OF THE CLINIC . . . Saturday, October 16, 1965; Gymnasium—Bowling Green High School.

LEADER: Mr. Tommy Taylor . . . Former University of Texas cheerleader. He has trained over 2500 cheerleaders.

PRINCIPALS!

We urge you to back your sponsor. They serve your school in such needed capacities as chaperones, guides, disciplinarians, counselors, program sellers, etc. The \$2.00 dues which your school pays to belong to KAPOS come back to you many fold. URGE your sponsor to attend the clinic and finance and support her/him.

Make check payable to K.A.P.O.S. and send your 1965-66 \$2.00 dues to: Mrs. Stella S. Gilb, College of Education, U. of Ky., Lexington, Kentucky.

FOOTBALL QUESTIONS

(Continued from Page One)

ceeding spot), he will promptly measure the penalty for the dead ball foul in the opposite direction after which he will spot the ball, give the appropriate signal and point to the goal of the offending team. Then, after indicating the dead ball signal, he will declare the ball ready-for-play.

8. Play: 3rd and 10 on A's 45. During the advance, A1 fumbles. B1 recovers and returns the ball to A's 20 yardline. During the run by B1, B2 clips on A's 30. While the ball is still alive, A2 commits a foul by grasping the face protector of B1.

Ruling: Double foul. A's ball, 3rd and 10 on A's 45. This situation does not qualify for automatic de-

ad because even though there was a change of possession and a live ball foul after the change of possession, the opponents (in this case A) did not commit a dead ball foul. The grasping of the face protector was a live ball foul. Situations do not qualify for automatic acceptance or declination unless there is: (a) a foul before or after a touchdown; (b) a foul during or after a try-for-point; or (c) a foul during a live ball, after change of team possession, which is followed by a foul by the opponents after the ball has become dead. (10-2-1-a)

9. Play: A1 advances beyond the line to B's 30, where he throws a backward pass which is caught by A2 on B's 35. A2 advances for a touchdown.

Ruling: The first run ended on B's 30. The first running play ended where A2 secured possession, i.e., B's 35. The second run ended at B's goal line where the ball became dead. If a foul occurred during the first running play, the basic enforcement spot is where the first run ended. If the foul occurred during the second running play, the basic enforcement spot is where the second run ended, i.e., B's goal line. (10-3-3)

10. Play: Following a fair catch at the left inbounds line, R snaps from the center of his 20 yardline. K is offside and the penalty is: (a) accepted; or (b) declined.

Ruling: In (a), R may snap from any place between the inbounds line on his 25 yardline. In (b), the snap will be made from the succeeding spot. (4-3-4)

11. Play: 3rd and 5 on the 50. The forward pass by A1 is intercepted by B1 who advances a few steps and then kicks the ball. (a) A2 on his 30 yardline signals for a fair catch; or (b) B2 recovers or catches the ball on A's 30 yardline and advances it for a touchdown.

Ruling: In (a), since it is not a legal kick, the action of A2 has no force and A2 cannot make a fair catch. If A2 signals and catches the ball, he may advance it. He may be tackled by a B player and B may, in fact, interfere with A's opportunity to recover or catch the ball because the illegal kicking is considered to be a fumble. A, of course, is privileged to take a penalty for the illegal kicking by B. In (b), the recovery of the kicked ball by B2 is legal and does not cause the ball to become dead, nor is the advance of B2 prohibited. If A were to decline the penalty for the illegal kick by B1, B2 will have scored a touchdown. The acceptance of the penalty for the illegal kicking by B1 will, of course, void the action of B2. (9-4-3; 8-2-1)

Comment: Illegally kicking the ball, including a "return-kick" is administered as if the ball were batted or kicked during a fumble. Even though the penalty for the illegal act is declined, the action is not then considered to be a legal kick. Therefore, a ball kicked illegally into the end zone does not become a touchback because of touching someone or something in the end zone, nor can a fair catch be made of a ball so kicked.

12. Play: 3rd and 5 on the 50. A1 advances the ball to B's 30 where he kicks it. The ball goes into the end zone where it is caught or recovered by B1 who causes it to become dead there. The penalty for the illegal kick by A from B's 30 is: (a) accepted; or (b) declined.

Ruling: In (a), 15 yard penalty for illegally kicking a loose ball (fumble) will be measured from the 30 yardline, which is where the run ended and, thereby, placing the ball on B's 45. It will be A's ball, 1st and 10. In (b), the declination of the penalty by B causes a touchback situation because A forced the ball into B's end zone where B recovered, or caught it and caused it to become dead. Therefore, it is B's ball, 1st and 10 on its 20. (9-4-3; 8-5-3-c)

13. Play: After the ball is placed and declared ready-for-play, the snapper: (a) lifts the ball from the ground; or (b) rotates it on the ground after which the snapper removes his hand from the ball.

Ruling: Foul in both (a) and (b). The snapper is considered to have moved the ball in other than a legal snap unless he completes his snap after he places his hand, or hands on the ball. He cannot lift the ball in any way after it has been placed ready-for-play. Any such movement of the ball causes it to become alive and the opponent may attempt to recover the ball. He may, of course, deliberately adjust the ball immediately prior to making the snap. (7-1-3)

14. Play: Prior to the snap, snapper A1 tilts either end of the ball to the extent that its long axis makes an angle of greater than 45 degrees with the ground.

Ruling: Illegal snap. Referee should, if possible, declare the ball dead immediately and penalize as a foul between downs. (7-1-3)

15. Play: While R1 is advancing a caught punt, R2 clips. After the ball is dead, K1 piles on and R3 slugs.

Ruling: The penalty for the foul by R2 (clipping) is automatically accepted and then measured. The fouls by K1 and R3 occur during a dead ball and constitute a double foul, the penalties for which cancel. The ball is put in play at the spot where the measurement for the foul by R2 placed the ball. (10-4-2; 10-2-1-b)
