REPORT OF AUDIT

1350 South 1st Street
Louisville, Kentucky
July 11, 1969

Mr. Theodore A. Sanford, Secretary & Treasurer
Kentucky High School Athletic Association
Lexington, Kentucky

Dear Sir:

Pursuant to instructions received, we have made an audit of the books and records of the KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION for the period of one year beginning July 1, 1968, and ending June 30, 1969. In addition, we have prepared and attached hereto statements of the Receipts and Disbursements which, in our opinion, reflect the true financial condition of the Association as of June 30, 1969.

The Cash Funds on Hand and U. S. Savings Bonds and the Building and Loan Association savings accounts were found to be correct and verified by generally accepted auditing procedures.

We find the records presented to us for the purpose of audit to be in agreement and in good condition.

Respectfully submitted,
HUET L. JOHNSON
Certified Public Accountant

*From the Commissioner's Office***Football Clinics**

The 1969 clinics for football officials and coaches will be conducted by Supt. Edgar McNabb of the Beechwood Independent School District, Fort Mitchell. Mr. McNabb has been the K.H.S.A.A. representative on the National Federation Football Committee for several years. The dates and sites of the clinics are as follows: August 15, Bell County High School, Pineville, 7:30 p.m.; August 16, Hazard High School, 1:30 p.m.; August 16, Prestonsburg High School, 7:30 p.m.; August 17, Paul G. Blazer High School, Ashland, 1:30 p.m.; August 22, Reservoir Hill, Rec. Center, Bowling Green, 7:30 p.m.; August 23, Tilghman High School, Paducah, 7:30 p.m.; August 24, Henderson High School, 1:30 p.m.; August 26, Kentucky Hotel, Louisville, 7:30 p.m.; August 27, Transylvania College, Lexington, 7:30 p.m.; August 30, Campbell County High School, Alexandria, 2:00 p.m.

Registration of Officials

Football and basketball officials previously registered have received their renewal application cards for the 1969-70 school year. Two hundred seventy of these officials failed to file their 1968-69 reports on or before the deadline set by the Board of Control for the submitting of reports, and it was necessary to impose fines on these officials who failed to comply with Association rules. It is an Association requirement that each registered official attend the clinic in the sport in which he is registered. Fourteen football officials and sixty-three basketball officials were suspended in 1968-69 for failure to attend clinics.

Attention, Principals!

Each principal of a K.H.S.A.A. member school will be supplied during the forthcoming school year with a card which will say: "Kentucky High School Athletic Association—This will introduce (name of principal), (name of school)." The card will be signed by the Commissioner. Most administrators of Association member schools admit to their home contests fellow administrators as a matter of school policy. However, many times these visitors hesitate to identify themselves to the ticket takers. The card mentioned will assist in this identification.

The identification cards are not to be considered as regular season passes to home games of member schools of the K.H.S.A.A. The determining factor in the cards being accepted as passes is the policy of the individual school.

The identification card may be used for admission to all events at the state level except the State Basketball Tournament. A different plan for issuing these passes, along with passes to the district and regional basketball tournaments, is provided in basketball tournament regulations.

**Billy V. Wise**

Billy V. Wise, athletic director for the Lexington Recreation Department and a veteran sports official, has been named to the staff of the Kentucky High School Athletic Association as an Assistant Commissioner. He assumed his new duties on August 1.

The duties of the new assistant at first will be primarily in the field of registration and training of officials. He is eminently qualified for this, having been registered with the Association for ten years in football and fourteen years in basketball. He was a K.I.A.C. basketball official for twelve seasons, a Southeastern Conference official for five. He was a high school baseball official for ten years.

The new assistant, who is thirty-seven years of age, was born in Scott County, the son of Mr. and Mrs. George H. Wise. He attended Scott County Elementary School, the Stamping Ground High School, and Transylvania College from which he graduated with a B.A. degree. He did one year of graduate work at the University of Kentucky. During the 1952-54 period, he was in the U. S. Army. He was a part-time employee of the Lexington Recreation and Parks Department during the 1955-57 period, and has been employed full time by the department since 1957.

Mr. Wise holds membership in numerous professional organizations. He is a member of the Church of Christ, Liberty Road, Lexington. He is married to the former Bonnie Jean Goodan. There are three children, Stephen, 12; Gary, 10; and Melissa, 6.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. office, Lexington, on Saturday morning, June 7, 1969. The meeting was called to order by President Preston Holland at 9:00, with Board members W. H. Crowdus, Don Davis, Ralph C. Dorsey, James T. Dotson, Don R. Rawlings and Foster J. Sanders, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present. The invocation was given by Don R. Rawlings.

Ralph C. Dorsey moved, seconded, by W. H. Crowdus, that the reading of the minutes of the April 10th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner stated that the minutes of the April Board meeting, which appeared in the May issue of the

ATHLETE, had listed incorrectly the name of Thomas Moore School for the Marion C. Moore High School in Basketball District 27.

The Commissioner presented several suggested changes in K.H.S.A.A. regulations. These were:

Amend Regional Track Rule VIII, to read as follows:

"In any meet (boys) a contestant may compete in not more than four events. A contestant who participates in the 880, one-mile or two-mile run shall not be allowed to participate in any other track event in which he runs 880 or more yards.

"In any meet (girls) a contestant may compete in not more than four events. She may compete in only two events the distances of which are 440 yards or more."

Add a second paragraph to Regional Track Rule XIII to read as follows: "If there is a tie in a track event, the medals shall be awarded by lot unless the first place winner is determined by a run-off."

Change in weight classifications given in Regional Wrestling Rule VII (to comply with 1969-70 weights recommended in Official Wrestling Guide), to read as follows: "Competition shall be divided into weight classes as follows: 98, 107, 115, 123, 130, 137, 145, 155, 165, 175, 185, unlimited."

Substitute "shall" for "should" in District and Regional Baseball Rule VI.

Amend Regional Golf Rule X, to read as follows:

"The winning and runner-up boys' teams qualify for the first round of the team tournament. The eight boys with the lowest scores will qualify for the first round of the individual tournament.

"The winning and runner-up girls' teams qualify for the State Tournament. Also qualifying will be the five girls, not on a qualifying team, with the lowest scores."

Amend State Golf Rule III, to read as follows:

"Eligible to enter the first round of the boys' team tournament are the teams qualifying from each region. Eligible to enter the second round are the twelve teams with the lowest scores after the first round.

"Eligible to enter the first round of the boys' individual tournament are the players qualifying from each region. Eligible to enter the second round are the forty-eight boys with the lowest scores after the first round.

"Eligible to enter the second round of the girls' tournament are all players who compete in the first round."

Foster J. Sanders moved, seconded by James T. Dotson, that the rules changes recommended by the Commissioner be adopted. The motion was carried unanimously.

The Paul G. Blazer High School Rifle team won the 8th State Rifle Championship on April 26, with the team score of 1313. It was the first state win for the Ashland school. Scott Waldie of the Owensboro High School won individual honors with 274 points.

Seven teams competed in the tournament, which was held at the University of Kentucky. Major James G. Coston managed the tournament. Owensboro High School was second in scoring with 1306, and Seneca High School was third with 1287. Team and individual scores were as follows:

Paul G. Blazer (1313)—Willis, 260; Burton, 267; Stamper, 254; Calvert, 269; Caldwell, 263.

Owensboro (1306)—Waldie, 274; Carter, 264; Funk, 258; Matthews, 258; McGehee, 252.

Don Davis, Chairman of the Building Committee, gave a report for his committee. He stated that several sites for a possible new Association building had been inspected by the committee on the preceding day, and that the Commissioner had been asked to secure information for the committee concerning the approximate costs of the sites, the possible expansion of the present building, estimate of the present sale value of the K.H.S.A.A. building, and other pertinent information, reporting this to the committee at a later date.

Chairman Ralph C. Dorsey of the Personnel and Policy Committee made several recommendations for his committee. These were as follows:

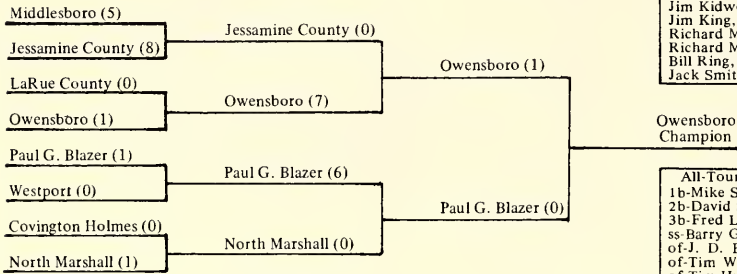

I. For 1969-70 the spring calendar in golf and tennis in the regional and state meets shall be moved to later dates.

II. As soon as possible, an additional executive should be assigned by the Board with his duties to be assigned by the Commissioner. The Personnel and Policy Committee might be authorized by the Board to employ a third executive and set his salary, upon the recommendation of the Commissioner.

III. Upon study of the receipts and disbursements in the 1968-69 budget, it is recommended that a transfer of \$20,000.00 be made from the General Fund to the Retirement Fund.

W. H. Crowds moved, seconded by Don R. Rawlings, that Proposal I of the Personnel and Policy Committee be adopted. The motion was carried unanimously.

Ralph C. Dorsey moved, seconded by Foster J. Sanders, that Proposal II of the Committee be adopted. The motion was carried unanimously.

James T. Dotson moved, seconded by W. H. Crowds, that Proposal III of the Committee be adopted. The motion was carried unanimously.

Ralph C. Dorsey stated that the Committee had certain recommendations to make concerning salary increases for the Commissioner and the Assistant Commissioner. The Commissioner asked that he and Mr. Mansfield be excused from the meeting while there was a discussion of their salaries. In the executive session of the Board, Ralph C. Dorsey moved, seconded by James T. Dotson, that the annual salaries for the Commissioner and the Assistant Commissioner for 1969-70 be set respectively at \$20,500.00 and \$17,500.00. The motion was carried unanimously.

Ralph C. Dorsey presented to the Board the 1969-70 K.H.S.A.A. budget, previously recommended to his Committee by the Commissioner, the budget being amended to include the salaries mentioned. The estimated receipts are \$224,500.00, and the estimated disbursements are \$224,075.00. Don Davis moved, seconded by James T. Dotson, that the 1969-70 budget as presented be adopted. The motion was carried unanimously.

James T. Dotson made the following motion which was seconded by Don Davis: "To better inform present and future Board members concerning the Association, the Commissioner is directed to prepare for the summer meeting of the Board a report to include for the 1957-69 period: salaries of executive and staff members; insurance, social security and other fringe benefits; and other pertinent information that would be of value." The motion was carried unanimously.

The Commissioner stated that the subcommittee which had been appointed by the Board to make recommendations at the April meeting concerning possible basketball re-districting in Regions 6 and 7 had another recommendation to

(Left to Right) T. Cooper, St. Xavier, state singles champion; T. Tafel, J. Lancaster, St. Xavier, state championship doubles team.

make. This was that the St. Xavier High School be moved to District 25, and that the Country Day High School be moved to District 26. Foster J. Sanders moved, seconded by Ralph C. Dorsey, that the basketball re-districting recommended by the subcommittee be adopted. The motion was carried unanimously.

James T. Dotson moved, seconded by W. H. Crowds, that all bills of the Association for the period beginning April 1, 1969, and ending May 31, 1969, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Football Examination

Part II of the National Federation Football Examination for officials will be given in Kentucky on Monday, September 15. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the Approved rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. After an official has received the Certified rating, he continues to receive this rating each year provided that he attends the clinic for that year and has worked in at least six first team high school football games during the previous year.

Beat the Heat

Every football coach, athletic trainer, and team physician should understand the physiological basis for the development of heat fatigue, heat exhaustion, and heat stroke, including the signs and symptoms. In addition, they should know and execute the proper procedures for their prevention, recognition, and care.

Heat fatigue can dull the athlete's skill and alertness and make him more vulnerable to injury. The other two heat illnesses can result in serious physical harm and even death. Both are preventable.

Heat exhaustion and heat stroke are preventable only by careful control of various factors in the conditioning program of the athlete. Basic, of course, is an adequate medical history and medical examination prior to participation in practice. With the start of fall practice, it is essential to provide for gradual acclimation to hot weather activity. Equally important is the need to adjust salt and water intake to weather conditions.

As the athlete becomes accustomed to hot weather activity, he perspires more freely (and thus dissipates body heat) and excretes less salt (and thus conserves sodium). With a graduated training regimen, such acclimation can be expected to take place over a period of about one week.

The old idea that water should be withheld from athletes during workouts has no scientific foundation. In fact, such restriction, by depleting water in the body, can lead to heat fatigue and serious heat illness. During exercise in the heat, it is essential to replace—at least hourly—the water lost by perspiration.

Salt also needs to be replaced daily, particularly during the acclimation period. Extra salting of the athlete's food within the bounds of taste will accomplish this purpose. Salt tablets, particularly on an empty stomach, can be irritating and may be poorly absorbed. Adding one teaspoon of salt to six quarts of flavored water used for drinking during hot-weather workouts offers another approach.

Even after acclimation, it is advisable to alternate periods of strenuous exercise with periods of rest during hot weather. Also it is important for the coach to observe his athletes carefully for signs of lethargy, inattention, stupor, awkwardness,

or unusual fatigue. Symptoms of water and salt depletion may include sluggishness, headache, nausea, hallucinations, and/or weak and rapid pulse. If heat illness is suspected, prompt attention to recommended emergency procedures may have vital importance.¹

The following suggestions are offered to help coaches prevent heat exhaustion and heat stroke during hot-weather athletic activity:

- 1) Require a careful medical history and checkup prior to the beginning of practice.
- 2) Schedule workouts during cooler morning and early evening hours in hot weather.
- 3) Acclimate athletes to hot-weather activity by carefully graduated practice schedules.

New Football Film

A new football film, FOOTBALL BY THE RULES, has been produced under the sanction of the National Federation of State High School Athletic Associations and the National Alliance Football Rules Committee. Prints of the film, a 16mm, 28 minute sound film in color, have been secured by the K.H.S.A.A. and placed on loan with the Film Library, College of Education, University of Kentucky.

The film will give viewers a better understanding of the rules and a keener appreciation of football as played at the interscholastic and intercollegiate levels. Modern motion picture photography presents a colorful panorama of football play situations that portray the guidelines used by officials in making hundreds of judgment decisions so necessary in this action-packed sport.

Following are some of the pertinent areas of the rules code that are included in the film: The Neutral Zone, Pass Interference, "First Touching" of a Kick, Snap Infraction, Fair Catch, Penalty Enforcement, Starting and Stopping the Clock. The production is made possible by two good friends of athletics, Wilson Sporting Goods Company and Desenex Foot Care Products.

BEAT THE HEAT
(Continued from Page Ten)

4) Provide rest periods of 15 to 30 minutes during workouts of an hour or more in hot weather.

5) Supply clothing that is white to reflect heat, brief, loose, and comfortable to permit heat escape and permeable to moisture to allow heat loss via sweat.

6) Furnish extra salt and water in recommended amounts during hot weather.

7) Watch athletes carefully for signs of trouble, particularly interior linemen and the determined athlete who may not report discomfort.

8) Remember that temperature and humidity, not the sun, are the crucial factors. Measuring the relative humidity by use of a sling psychrometer on the field, is advantageous in this regard.² Heat exhaustion and heat stroke can occur in the shade.

9) Know what to do in case of such an emergency, including immediate first aid practices and prearranged procedures for obtaining medical care.

10) Outlaw the hazardous warm weather use of rubberized apparel or other dehydration devices by players.

11) Advise all potential players who plan to work out prior to the official practices about heat stroke and heat exhaustion. Proper workout will help pre-condition them and help them to acclimatize sooner. (Remind them about Point 10; especially in their private workouts.)

Some teams encounter hot weather during the season either through intersectional travel or following an unseasonably cool period. By this time, the athletes should be physically fit; nevertheless, they will not be environmentally fit. Coaches who face this situation are advised to schedule practices preceding the game at the warmest time of the day, to diligently subscribe to the other recommendations above, and to substitute during the game more frequently than normal. The result will benefit the team's performance as well as the health of the athletes.

¹First Aid Chart for Athletic Injuries, American Medical Association, 1965:

HEAT ILLNESSES

Heat Stroke: Collapse—with dry warm skin—indicates sweating mechanism failure and rising body temperature.

THIS IS AN EMERGENCY; DELAY COULD BE FATAL.

Immediately cool athletes by the most expedient means (immersion in cool water is best method). Obtain medical care at once.

Heat Exhaustion: Weakness—with profuse sweating—indicates state of shock due to depletion of salt and water. Place in shade with head level or lower than body. Give sips of dilute salt water if conscious. Obtain medical care at once.

**CAN ATHLETIC INJURIES AND COST
OF ATHLETIC INSURANCE BE REDUCED?**

HERE ARE SOME SUGGESTIONS THAT WILL HELP:

1. Secure a team physician. Your local Medical Society can advise on this.
2. Require players to be physically fit and well conditioned before engaging in contact.
3. Do not allow a player with an injury to participate until he has medical approval to do so.
4. Make sure equipment is adequate, in good condition, and that it is properly worn.
5. Consider carefully the length of practice sessions. The latter part of lengthy sessions produce the most injuries.
6. Require injuries to be reported to you promptly and refer those needing attention to the physician at once.
7. Get your players interested in injury prevention and fitness. Any player is more valuable without casts and crutches.
8. Our Cooperative Football Plan and Student Insurance provide excellent coverage, service and economy.
