Basketball

BALL HANDLING IN BASKETBALL, j-s-c, 1 reel, \$2.00

Teaches fundamentals of basketball handling including stance, grip, control, adjustment, before shooting, catching the ball, and other points. Presents game shots, using special photographic techniques to illustrate principles.

BASKETBALL BY RUPP, j-s-c-a, 2 reels, \$3.00

Animated play diagrams, slow motion photography, and action shot are combined in this new film prepared under the personal direction of Mr. Rupp especially for coaching use. Among the drills and plays covered in this film are: pivot man's slide into the basket; Play No. 6, the famous Kentucky basket maker; legal screening; penetration zone defense; and the Kentucky fast break.

BASKETBALL FUNDAMENTALS - INDIVIDUAL TECHNIQUES, j-s-c-a, 1 1/4 reels, \$2.50

Branch McCracken, Indiana University basketball coach, used his team to demonstrate the fundamentals of basketball. Slow motion photography is used to break the various court techniques down into easily grasped essentials.

BASKETBALL KENTUCKY STYLE, j-s-c-a, 2 reels, \$3.00 (in state), \$5.00 (out of state)

This is the revised edition of the film "basketball by Rupp" prepared under the personal direction of Mr. Rupp especially for coaching use.

BASKETBALL STRATEGY FOR GIRLS, j-s-c-a, 1 reel, \$2.00

The basic strategy of offense play (fakes, rolls, cutting, screening, varying pace) and defense play (player to player, basic zone, shifting zone, triangle, and diagonal) is demonstrated and explained in this film.

BASKETBALL TECHNIQUES FOR GIRLS, j-s-c-a, 1 reel, \$2.00

Basic movement skills (running, starting, stopping, turning) passing (finger control, movement with the pass, leading the receiver, choice of the right pass), catching (side pass, high pass), shooting (finger control, arm extension, wrist flip, choice of the right shot), dribbling, faking, and pivoting are demonstrated and explained in this film.

CHAMPIONSHIP BASKETBALL - TEAM TECHNIQUES, j-s, 1 reel, \$2.00

Man-to-man defense is shown, with the means best used under varying conditions.

COVINGTON CATHOLIC VS. EARLINGTON (1967 Basketball Finals), e-j-s-c-a, 3 reels, (30 min.), color, silent, \$1.00

Earlington High School team won the tournament by defeating the Covington Catholic Colonels 54-53, by scoring a field goal in the last second of the final game. The winners eliminated Russell, Atherton, and Breathitt County to reach the finals.

DEFENSIVE FOOTWORK IN BASKETBALL, j-s-c-a, 1 reel, \$2.00

Striding with an opponent, checking, maneuvering him out of position and other basic skills are illustrated, using special photography to demonstrate points. Rebounding, pivoting, and correlated arm action are taught also.

KNOW YOUR BASKETBALL, j-s-c-a, 3 reels, (33 min.), color, \$1.00

Provides a thorough examination of the rules and presents guidelines that will aid the fans as well as officials, coaches and players in a better understanding of those difficult judgment decisions that are constantly occurring on the basketball court.

OFFICIAL BASKETBALL, e-j-s-c-a, 4 reels (40 min.), color, \$1.00

Demonstrates the official rules interpretations covering screening, traveling, jump ball, front and back court throw-ins, free throws, personal and technical fouls, rebounding, and unusual and often misunderstood play situations.

OHIO COUNTY VS. CENTRAL (1969 Basketball Finals), e-j-s-c-a, 3 1/2 reels (35 min.), color, silent, \$1.00
Central High School of Louisville won the State Champion-

ship by defeating Ohio County, 101-72, in the final game. Central eliminated Richmond Madison, Hopkinsville, and Maytown to reach the championship game. (KHSAA)

RUPP'S FUNDAMENTALS OF BASKETBALL, j-s-c-a, 1 reel (11 mins.), silent, \$1.25

Coach Rupp's University of Kentucky Wildcats (1949-50) demonstrate ten different plays.

RUPP'S PARADE TO THE NATIONAL CHAMPIONSHIP of 1958, j-s-c-a, 4 reels, \$4.50

This film presents the highlights of all the games, both regular season and tournament games, which led up to the U of K's Wildcats winning the NCAA basketball crown.

SHOOTING IN BASKETBALL, j-s-c-a, 1 reel, \$2.00

Concentrating on the set shot, this film pictures the action of the throw, stance, aim, trajectory, and fingertip control. Special attention is given total body coordination, especially inward rotation of the hand and arm making the throw.

THIS IS BASKETBALL, e-j-s-c-a, 3 reels (33 min.), color, \$1.00

Interpretation of play situations goes beyond the letter of the rule and gives guidelines to better understanding of blocking, charging, baskets interference, goal tending, screening, and play violations of the free throw, jump and boundary lines.

Golf

BUILDING YOUR SWING-UNIT II, j-s-c-a, 3 reels (27 min.), color, \$7.50

Shows how the swing is developed. Stance, rhythm, movements of upper and lower body explained with unusual movie techniques. Students will identify themselves clearly with examples on the screen as they build controls into their natural swings.

PITCHING, PITCH AND RUN AND SAND SHOTS-UNIT III, j-s-c-a, 1 1/4 reels (12 min.), color, \$4.50

Teaches fundamentals of pitching, pitch and run and explosion shots out of sand traps. Carefully demonstrates the important differences in arm and wrist action for approach shots.

PUTTING-UNIT IV, j-s-c-a, 1 reel (10 min.), color, \$4.00

Demonstrates and teaches several approved techniques. Wrist and firm wrist swings, tap and stroke methods of applying momentum to the ball and how to play uneven greens.

SAVING STROKES WITH SAM SNEAD, s-c-a, 1 reel, \$2.00

Golf champion Sam Snead illustrates his grip, his swing on each of several types of golf situations. Slow motion and "freeze" shots help to clarify the instruction. Shots and driver, brassie, and various irons for difficult lies are illustrated and finally his putting technique is shown.

WELCOME TO GOLF-UNIT I, j-s-c-a, 1 1/4 reels (13 min.) color, \$4.50

Motivates the student to want to play golf. Shows him how to learn and what is expected of him. Helps him understand the game, the golf course and the equipment.

Gymnastics

BEGINNING TUMBLING, j-s-c-a, 1 reel (11 min.), \$2.00

Presents the two basic progressions in tumbling—the inverted balance and roll progressions. Accompanying demonstrations of flips, rolls, and stands (singly and in combination) emphasize skillful execution.

GYMNASTICS, PART I, j-s-c-a, 1 1/2 reels (17 min.), \$3.00

Introduces the basic principles of gymnastics and follows the routines developed by polished performers on the parallel bars, the rope climb, and the long horse. Attention is given to the rolls, handstands, and handsprings, twists, and somersaults that are basic to tumbling. (Hoeffler)

GYMNASTICS, PART II, j-s-c-a, 1 1/2 reels (17 min.), \$3.00

Introduces the gymnast to the fundamentals of free exercise routines. Stresses the importance of smooth action as well as strength, form, balance, and ability to develop the difficult routines. Demonstrates rings, side horse, and the high bar. (Hoeffler)

INTERMEDIATE TUMBLING j-s-c-a, 1 reel (11 min.), \$2.00

Demonstrates twenty stunts in handspring, balance, and somersault progressions and safety precautions are given to prevent accidents or injuries while teaching technique and form.

SIMPLE STUNTS, e-j-s-c-a, 1 reel (11 min.), \$2.00

Provides instructions in the healthful group activities that require little or no equipment. Demonstrates simple stunts for strength and skill and emphasizes safety precautions.

Educational Objectives

By Clifford B. Fagan
National Federation Executive Secretary

FORTUNATELY, THERE IS INCREASED AWARENESS throughout the land that participation in interscholastic athletics can make a unique contribution to the education of the student-athlete. Boards of education and administrators recognize the great potential athletics have when the leadership on the field gives proper attention to educational objectives. The interscholastic program provides a laboratory course for educating, for contributing to physical fitness and for recreational opportunities. Schools have the responsibility of making these experiences available.

OBJECTIVES MUST BE DEFINITELY in the mind of the coach while the program is being planned and while it is being conducted if the goals are to be accomplished. Unless the objectives are clearly established, they will not be reached.

IT IS SELF-EVIDENT that the one objective definitely established by coaches and understood by the squad members is that of winning the conference title, of having an undefeated season or, in any event, having a favorable won and lost record. Coaches are consistent in making certain there is no doubt about this objective. Obviously, in competitive athletics such an objective is desirable. However, it must be only one of the objectives and not the major one at that. Winning must not in any way overshadow or prevent achieving those educational outcomes which contribute to the growth and welfare of the participant. This is to say that there are more important objectives than winning and that the athletic coach must plan and conduct his athletic program accordingly. Fortunately, there is absolutely no evidence that a team cannot win and at the same time attain the other objective.

THE COACH, IN PLANNING HIS PROGRAM, must provide opportunities to demonstrate to the participant that it is important for him to be prompt, that there is benefit from keeping regular hours and having good habits, and that abstinence contributes to efficiency. The student-athlete must recognize the value of a good diet, and that the control of temper contributes to cooperation and clear thinking. Programs with the correct emphasis will enable the participants to realize that discipline contributes to efficiency and that you cannot be efficient without a leader directing. Boys who are members of football teams under wholesome leadership realize, as a result of actual experience, that the individual must work for the welfare of the group, that it is necessary for them to accept misfortune with serenity, and that it is possible for a player to think quickly and decisively. There must be ample opportunities to learn these lessons even when the situation is not in control of the player's team. These objectives are all obtainable and, fortunately, can be reached and accomplished while enjoying the activity. This is to say that anyone who participates in interscholastic athletics should come to the realization that there is fun in good competition.

THE COACH CAN BE SUCCESSFUL from an educational standpoint only if he has the objectives firmly placed in mind at the beginning of the season. He must schedule and construct situations in which the lessons can be learned. He must be alert enough to recognize opportunities which will encourage the development of desirable character traits and habits. Unless the entire coaching staff is completely aware of the educational objectives and outcomes, teaching opportunities are consistently ignored and passed by. Incidents which will teach a lesson and which can be utilized for worthwhile purposes will not be utilized unless they are readily recognized. And they will not be recognized unless the members of the coaching staff are looking for them.

BECAUSE THE OBJECTIVE OF WINNING overshadows all other objectives, it is the criterion used too often to evaluate the season. Success is falsely determined by the number of games won or lost, or by the final place in the conference standings. This measurement, however satisfying or upsetting it may be, is not the true gauge of educational progress. The season has been successful only if the participants have attained the educational goals. Unless the determination of these objectives was made prior to the beginning of the season and worked for during the season, any progress is happenstance.

TO INSURE EDUCATIONAL PROGRESS through participation in interscholastic athletics, it is necessary that the leadership establish and clearly understand educational objectives at the season's outset. Evaluation of attainment of these goals must be made at the end of the season. When there has been marked progress towards these goals, interscholastic athletics are accomplishing their purpose, and their programs are more than justified. These programs are making a contribution to the education of many boys who are difficult to reach through the classroom alone.

The Rescheduled School Year

On September 29-30, 1969, the Jefferson County Schools conducted a seminar on the extended school year. The Commissioner was one of the panel members. The talk which he made is given below.

"High School Athletics and the Rescheduled School Year"

Since there is a possibility of an extended school year in Jefferson County at some time in the near future, it is quite natural for school administrators and their staff members to wonder about the effect that a major change such as this might have on extracurricular activities including athletics.

A recent brochure prepared by the Department of Research, Jefferson County Schools, lists five plans and variations that fall under the extended school-year heading. These are the twelve-four, trimester, modified summer school, quadrimester and multiple trial plans. For the purpose of this discussion, I will assume that the four-quarter or quadrimester plan is to be put into effect, and discuss possible modifications which would need to be made in the rules of

National Federation Basketball Test

Part II of the National Federation basketball examination will be given all over Kentucky on Monday, December 1, to officials who wish to work for the Approved and Certified ratings. The examination sites will be determined by the Commissioner. Officials registered with the K.H.S.A.A. for the first time this year and who have not been registered previously in any other state association, are not eligible to take the test. Those interested should advise the State Office immediately in order that necessary arrangements can be made with the school administrators who will supervise the taking of the exam. Officials living in Kentucky need not suggest the name of the examiner. The Approved rating does not carry forward from year to year, but must be earned each year.

Attention, Basketball Officials!

At the School for Basketball Officials and later at the K.H.S.A.A. clinics suggestions were made concerning the advisability of pre-game conferences. Following are suggestions concerning these meetings:

- a. Check correct time, starting time of game, equipment, ball and uniforms.
- b. Review rule changes and special rule situations.
- c. Review court coverage, jump ball, out of bounds, switching, goal tending and basket interference, foul shot procedure, use of double whistle.
- d. Both officials should know the procedure when a foul occurs.
- e. Review lack of sufficient action procedure.
- f. Review coverage for pressing defense tactics.
- g. Review injured player procedure.
- h. Review timers responsibilities.
- i. Review pre-game and half-time duties of the referee and umpire.
- j. Discuss special situations relative to officiating team-work that will insure proper game coverage and control.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Saturday morning, September 27, 1969. The meeting was called to order by President Ralph C. Dorsey at 11:00, with Morton Combs, W. H. Crowdus, Don Davis, James T. Dotson, Tom Mills, and Richard Vincent; Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by W. H. Crowdus.

Don Davis moved, seconded by James T. Dotson, that the reading of the August 16th meeting be waived, since the members of the Board had received copies of these minutes. The motion was carried unanimously.

President Dorsey announced the personnel of the swimming, wrestling and gymnastics committees. He asked that a listing of all 1969-70 committees be made a part of the Board minutes. These committees are as follows:

Personnel and Policy—Chairman Morton Combs, James T. Dotson, Richard Vincent. (The President and the Commissioner are ex-officio members of this committee.)

Building—Chairman Don Davis, Tom Mills, J. B. Mansfield. (The President and the Commissioner are ex-officio members of this committee.)

Trophy—Chairman J. B. Mansfield, Theo. A. Sanford, Billy V. Wise. (The President is an ex-officio member of this committee.)

Retirement—Chairman Foster J. Sanders, W. H. Crowdus. (The President is an ex-officio member of this committee.)

Swimming—Chairman Alfred M. Reece (Lexington), Mrs. Wilbur Bell (Cynthiana), Greg Bobrow (Louisville), E. W. Craik (Louisville), Don Davis (Independence), Miss Sheila Gilreath (Ashland), Rev. Richard Grenough (Louisville), Edgar McNabb (Ft. Mitchell), Jack Thompson (Louisville), Miss Dot Kirkpatrick (Richmond).

Wrestling—Chairman Orville Williams (Louisville), Jerry Abney (Alexandria), Jerry Boyd (Danville), Will D. Evans (Louisville), Marshall Patterson (Ft. Campbell), Vince Semary (Louisville), Robert Weenolsen (Louisville), Bro. Joseph Wilhelm (Newport).

Gymnastics—Chairman Bernard Johnson (Lexington), Mrs. Susan Burckle (Lexington), Dr. Barney Groves (Richmond), Andy Hopkins (Lexington), George Jefferson (Louisville), Mrs. Sheila Kuhlman (Louisville), James Nance (Lexington), Bob Wason (Louisville).

The Commissioner reported the results of the recent balloting for Board membership in Section 1. The balloting was as follows: Richard Vincent, 31; Neal R. Tucker, 11. President Dorsey welcomed Richard Vincent to membership on the Board of Control, and Billy V. Wise to the administrative staff as Assistant Commissioner. Mr. Vincent and Mr. Wise responded with appropriate remarks.

W. H. Crowdus, reporting for the Retirement Committee, presented a retirement contract between Billy V. Wise and the Kentucky High School Athletic Association represented by its duly constituted Board of Control. Mr. Crowdus stated that the contract was similar to the contracts of Messrs. Sanford and Mansfield. Richard Vincent moved, seconded by Tom Mills, that President Ralph C. Dorsey and Secretary Theo. A. Sanford be authorized to sign the Billy V. Wise retirement contract, representing the Board of Control. The motion was carried unanimously.

Assistant Commissioner Mansfield reported that several Cross Country coaches and regional managers had suggested to him that the Board of Control consider requiring Cross Country competitors to wear shoes in regional and state events. Don Davis moved, seconded by W. H. Crowdus, that current Cross Country regulations be amended to provide that competitors in regional and state meets shall wear shoes,

preferably track shoes. The motion was carried unanimously.

The Commissioner announced tentative dates and sites for the 1969 Football Playoff Finals as being November 21 for Class AAA, to be played in Louisville; and November 28 for Classes A and AA, to be played in Lexington. The Board gave its approval to these dates and sites.

Assistant Commissioner Mansfield explained that it will be necessary to change the dates of the 1970 team and individual state golf tournaments at Fort Knox, as indicated on the activities calendar, since the two golf courses involved would not be available at that time. He suggested the dates of May 19-20 and May 26-27 for the team and individual state golf tournaments respectively, and these dates were approved by the Board.

The Commissioner announced that an increase in the number of schools sponsoring Girls' Track would probably make it possible and necessary for an additional class in this sport to be created.

The Commissioner stated that a few schools maintaining football had been unable to schedule the minimum number of four games within their districts. Since members of the Board had suggested at an earlier meeting that the out-of-district games mentioned in Football Rule 11-B should be determined and the schools notified prior to the beginning of the season, the Commissioner had contacted President Dorsey and had been authorized to make the determination by lot for any school involved. W. H. Crodus moved, seconded by James T. Dotson, that the action of the President and the Commissioner be approved. The motion was carried unanimously.

Chairman Don Davis of the Building Committee reported that the architectural firm of Marye and Bond had been selected tentatively by the Committee to prepare plans and specifications for a new K.H.S.A.A. Building, if it appears feasible for such a building to be constructed; and that the Committee currently has several sites in mind which might be suitable and available for a new building. The Building Committee was authorized to negotiate for a building site, with Marye and Bond to prepare plans and specifications for a proposed new building, said site and plans subject to final approval by the Board of Control.

The Board set the date of December 20, 1969, for its next meeting.

James T. Dotson moved, seconded by Tom Mills, that all bills of the Association beginning August 1, 1969, and ending August 31, 1969, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

New Film by A.M.A.

A new motion picture showing the role of the team physician in the prevention and treatment of athletic injuries has been released by the Committee on the Medical Aspects of Sports of the American Medical Association. A print of the 28-minute color film, "The Team Physician," has been purchased by the K.H.S.A.A. and placed on loan with the Film Library, College of Education, University of Kentucky.

The message of the film is aimed at physicians, coaches, school authorities, parents, and the athletes themselves. It includes five regulations laid down by the American Medical Association and the National Federation of State High School Athletic Associations—regulations which are "concerned with preventing injuries as well as treating them when they occur."

The regulations include: proper training and conditioning; good equipment, including protective gear; good coaching; good officiating, with strict enforcement of the rules; a plan to assure proper health supervision by a qualified physician.

The film illustrates each of the regulations with the help of a team physician, coach, trainer and high school football players.

Bud Wilkinson appears as the narrator. Mr. Wilkinson, now on President Nixon's White House staff, was formerly head football coach at the University of Oklahoma and Consultant to the President on Physical Fitness as well as sports commentator on a weekly telecast during the football season.

"The Team Physician" was produced for the American Medical Association by Calvin Productions.

K.H.S.C.A.

The annual meeting of the Kentucky High School Coaches Association met in Room 101 of the Convention Center in Louisville on April 10, 1969.

The meeting was called to order at 10:15 A.M. by President Lawrence (Butch) Gilbert. Jack Goodman gave the invocation.

By motion of Estill Branham, seconded by Bob Miller, the reading of the minutes was dispensed with as they had been published in *The Athlete*, official publication of the Kentucky High School Athletic Association.

The financial reports having been published in *The Athlete* were dispensed with by motion of Ollie Leathers and seconded by Carl Deaton.

Football Coach Jimmy Feix, Western Kentucky University, spoke to the more than 100 members present. He was presented to the group by President "Butch" Gilbert. In a very informative talk Feix stated that in the future there would possibly be certification of coaches. He stated "by professional standards that 40% of those coaching are not prepared by professional courses." Feix also stated that coaches should teach winning and should not be ashamed to teach success.

By motion of L. J. Charmoli, seconded by Bob Miller, it was proposed to change the expiration date of membership cards. The change from March 1 to April 1 passed.

A lengthy discussion arose concerning the Hospitality Rooms at the State Basketball Tournament. It was suggested that Secretary Joe Ohr discuss this with Commissioner Theodore Sanford.

L. J. Charmoli questioned the possibility of moving the All-Star game from area to area.

Paul Young recommended that there be more meetings of the K.H.S.C.A. and it was proposed that there be a general meeting at the All-Star game site on Saturday afternoon prior to the playing of the games. Jim Guess, suggested that a committee be appointed to study the situation.

Mike Murphy, Highlands High School, who was elected Football Coach of the Year 1968 by his fellow coaches was unable to attend the meeting and Bob Miller accepted the award for him. The presentation was made by Vice-President Vince Hancock.

Robert Graves, Central High School, in Louisville was elected Coach of the Year in Basketball 1968. Graves guided the Central "Yellowjackets" to the State Championship of Kentucky. His award was presented by Coach Don Morris of East Hardin.

Bill Case presented to Don Morris an award as the outgoing president.

Officers elected were: Joe Ohr, Irvine, elected Secretary and Treasurer, and Garnis Martin elected Sergeant-at-Arms.

Meeting adjourned at 12:55.

Suggestion

A change in the basketball rules that requires substitutes to report to the scorers prior to the signal which ends the half-time intermission makes it necessary for the official scorebook and scorer to be at the table during all the time between halves. As the home-scorebook is usually the official scorebook, the coach of the home team is urged to have a statistician on the bench to keep whatever records he wants for use at half-time in order that scorebook may remain with the scorer at the table.

The Rescheduled School Year

(Continued from Page One)

the Kentucky High School Athletic Association in order to protect the eligibility of players who might be enrolled in an Association member school following the plan. These observations are entirely personal.

The rules of the K.H.S.A.A., which are reviewed and amended each year by the Delegate Assembly of the Association, have been developed over a long period of time and are in general consistent with comparable regulations of other state associations. They represent the combined thinking of Board of Control members, school administrators, coaches and executive officers over a period of some fifty-three years. Changes come slowly and rightly so. I would therefore not have the temerity to state that, if certain schools in Jefferson County go to the extended school year, the suggestions which I will make will be immediately written into Association regulations. I will say that, knowing the members of our Board of Control and the school men of Kentucky as I do, it is my considered opinion that these persons will see to it that K.H.S.A.A. regulations keep up with the times and are amended, if this is necessary, in such a way that no player passing in his work and under age will find himself denied eligibility if he should be attending a school which has gone to the plan mentioned.

Our Scholarship Rule provides that a contestant must have a passing average in at least three full-credit studies during the current semester. Executive Secretary Sam Burke of the Georgia High School Association, asked for information concerning changes in eligibility rules made necessary because certain Georgia schools have adopted the four-quarter program, writes as follows concerning units of credit: "Inasmuch as the quarter plan provides for units of work rather than units of credit, it has been provided that four (4) hours per week will be the equivalent of a unit of work. Therefore, where a pupil on a semester basis is required to take four units and passing three, under the quarter plan a pupil is required to take 20 hours and passing 15." Some such rules modification or interpretation might be made in K.H.S.A.A. regulations.

Our rules provide that no student who has been enrolled in grades 9-12 eight semesters shall thereafter be eligible, and that six weeks enrollment in a school shall constitute a semester in the interpretation of the rule. It is obvious that a rules change would be needed here to accommodate the extended school year student. Mr. Burke states that no changes have been made in the Georgia eight-semester rule, it being provided that instead of eight consecutive semesters the eligibility of a student will end four consecutive years from the date of his first entrance into grade 9. The philosophy indicated in the Georgia rules is apparently somewhat

different from that in our K.H.S.A.A. rules. In Kentucky a student may find it necessary to drop out of school but may later return, pass in the required minimum of subjects for one semester, and retain his eligibility after this semester providing he has not reached the age limit. Considerable thought would be given to the matter of whether or not "quarter" might be substituted for "semester" in our Preceding Semester Rule; and, if so, the summer quarter might be counted in a proposed Preceding Quarter Rule. In the past, a student has not been able to count summer school work in complying with the provisions of the Preceding Semester Rule as it bears on enrollment.

It is my opinion that a student who elects to attend school three out of four quarters should not be allowed to represent his school in athletic contests during any quarter in which he is not in attendance. The only exception to this might be the state championship series in baseball, golf and possibly tennis, which might take place after the spring quarter has been completed. At the present time, students who are eligible to compete on the last day of the spring semester may represent their schools in state sponsored events conducted after their schools have closed for the summer. There would be no particular reason to change this policy.

One of our by-laws provides that a former first team player who changes schools with or without a corresponding change in the residence of his parents shall be ineligible for thirty-six school weeks, giving the Commissioner the authority to waive the penalty if the parents move. In effect, under the semester plan the period mentioned in most cases amounts to a full calendar year. It would be necessary to modify the present Transfer Rule for schools on the four-quarter plan. Otherwise, a player attending school for three consecutive quarters might transfer at the close of one season, with no change in the residence of the parents being involved, and be eligible at another school at the beginning of the season of the sport involved. This would defeat the purpose of the Transfer Rule.

Another by-law states that any student who is eligible to graduate from a four-year secondary school is thereafter ineligible to play on a high school team. Some rules modification might be necessary here. An accelerated student could be eligible to graduate before he has otherwise exhausted his eligibility.

One by-law states that the football season shall be considered to begin on the opening date of school. No member school team may play in a game prior to this date. With continuous quarters some re-wording of this rule might be necessary.

Member schools of the Association may participate in summer sports programs, with only players eligible during the spring semester being allowed to compete on the school teams. If a Preceding Quarter Rule should be adopted, certainly players who might be ineligible during the spring quarter should be allowed to play on school teams during the summer quarter.

The basic Preceding Semester Rule in the Georgia and Kentucky associations are the same. If a pupil is out of school for a semester, he is required to be back in school and passing for a semester before being eligible. Under the quarter plan a pupil may be absent for one quarter. In Georgia, if the pupil is out for more than one quarter, then he must be back and passing for a full quarter before eligibility can be established. In my opinion, there is considerable merit to this modification of the Preceding Semester Rule.

Other possible changes in our regulations would no doubt be suggested by our school men. Also, if one of the other four plans listed by the Department of Research, Jefferson County Schools, were adopted, some of the rules changes suggested might not be relevant. As stated earlier, it is my opinion that K.H.S.A.A. regulations will continue to keep up with the times.

TUMBLING FOR PHYSICAL FITNESS: COMPANION STUNTS, j-s-c-a, 2 reels (20 min.), \$1.00
Seventeen stunts are demonstrated and the importance of coordination and timing is emphasized.

Swimming

BEGINNING SWIMMING, e-j-s-c-a, 1 reel, \$2.00

Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing, floating, paddling and stroking and pulling with the arm practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

BREAST STROKE, SIDE STROKE AND UNDERWATER SWIMMING, e-j-s-c-a, \$2.00

This film presents the conventional breast stroke, timing and strokes, and the kick.

CHAMPIONSHIP SWIMMING: PERFECTING TECHNIQUE, e-j-s-c-a, 2 reels, (19 min.), color, \$5.50

Outlines briefly the program and training methods used by the Santa Clara Swim Club that may be used by anyone to train swimmers. The techniques illustrated, such as weight, training, circle training, pace clocks, bench and stroke work, and interval training, when properly applied in the appropriate circumstances, will all prove beneficial in perfecting swimming style.

CRAWL STROKE, e-j-s-c-a, 1 reel, \$2.00

The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots underwater.

DIVING FUNDAMENTALS, j-s-c-a, 1 reel, \$2.00

After a brief history of the sport of diving, the following points are explained and demonstrated: the hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

SINCE WE PROVIDE COVERAGE FOR ABOUT 50% OF THE SCHOOLS IN THE STATE, WE DO HAVE A COMMERCIAL INTEREST IN THE ACADEMIC AND ATHLETIC PROGRAMS OF ALL OUR SCHOOLS.

BUT OUR REAL INTEREST IS MUCH DEEPER, WE ARE VITALLY CONCERNED THAT GOOD CITIZENSHIP, A SPIRIT OF FAIR PLAY, AND A REAL SENSE OF PERSONAL RESPONSIBILITY BE INSTILLED IN THE YOUTH OF OUR DAY.

WE BELIEVE THESE ARE THE QUALITIES THAT HAVE MADE AMERICA GREAT, AND ARE THANKFUL FOR OUR SCHOOLS AS THEY WORK TO CONTINUE THAT GREATNESS.
