1972-73 WRESTLING EARLY SEASON QUESTIONS INSTALLMENT II

EDITOR'S NOTE: These interpretations of the 1972 National Alliance Wrestling Rules do not set aside nor modify any rule. They are made and published by the National Federation of State High School Association in response to situations presented.

Clifford B. Fagan, Editor,
National Federation Publications

19. **Situation:** Wrestler A1 has lost his arm just above the elbow. In assuming the starting position on the mat, he lines up so that: (a) a portion of the amputated arm is on the defensive man's back and the other hand legally placed on the near elbow; or (b) he places his good arm around the opponent's body with the palm of his hand resting on the navel of B1 and the portion of the amputated arm toward but not touching the near elbow.

Ruling: The position of A1 in both (a) and (b) is legal. The only reason for which A1 does not fully comply with the offensive starting position is that he is unable to do so because of the amputation. There is no special restriction with regard to assuming a starting position on the mat for A1.

20. **Situation:** In the starting position on the mat, B1 assumes his position with his knees on the mat, approximately shoulder-width apart, and his feet together behind him so that his lower legs are at an angle to the plane of his side. A1 takes his position with one knee on the mat near but not touching the lower left leg of B1 and his right knee on the mat to the outside of the lower right leg of B1 but behind the line of the feet of B1 so that he is in a position directly behind B1.

Ruling: This is a legal position by A1. The line describing the near side of B1 is determined by the plane of the near lower leg. A1 is privileged to have one or both knees on the mat, and A1 may have one foot or knee to the rear of B1 provided it is behind the line described by the feet of B1.

Comment: Once B1 has assumed his starting position on the mat, he may not change it. A1 is not required to take his position until B1 has assumed his position. In the foregoing situation, B1 may avoid having A1 assume his position directly behind him by simply adjusting his lower leg in assuming the starting position. If the lower legs of B1 are parallel, A1 is required to have his knee or foot on the mat to the outside of the lower near leg. This would prevent A1 from moving behind B1.

21. **Situation:** Following an out-of-bounds, A1 is in the advantage position and straggles back to the center of the mat and adjusts his equipment in an attempt to gain a momentary rest. He has not previously received a verbal caution in the starting position. The referee declares this delaying the match, and awards one match point to B1.

Ruling: The verbal caution prior to penalizing

for a technical violation applies only to the starting position. In this situation, it is a technical violation by A1, and there is no verbal caution required.

22. **Situation:** From the starting position on the mat, B1 starts to stand up. While he is supporting his weight on his hands and toes, A1 locks his hands around the knees of B1, lifting the feet of B1 from the mat and driving his shoulder so that B1 is forced to the mat. During this action, which in the judgment of the referee constituted unnecessary roughness, B1 was injured and is unable to continue.

Ruling: If, in the referee's judgment, the injury was the result of unnecessary roughness by A1, the match may be awarded to B1 by default. Injury from unnecessary roughness or an illegal hold which prohibits a wrestler from continuing results in a default for the offended wrestler.

23. **Situation:** A1 is injured by an illegal hold during the first period and is granted a time-out. After 1 minute and 20 seconds, he states he is ready to wrestle. In the second period, he is again injured by an illegal hold and: (a) he cannot continue; or (b) he states that he is ready to go after two minutes and then later requests a time-out for the same injury.

Ruling: Each wrestler is entitled to a 3-minute time-out period for each injury caused by an illegal hold. The time consumed does not count against the injured wrestler's injury time-out allowance. In (a), A1 will be awarded the match by default, since he is unable to continue following injury from an illegal hold. In (b), A1 is entitled to the injury time used and it is not deducted from his 3-minute allowance because the injury was caused by an illegal hold. However, the time used for his third request will be deducted since there was no separate injury.

24. **Situation:** During a time-out for injury, team attendants use a paper bag as a means to hyperventilate wrestler A1.

Ruling: This is permissible. The use of a paper bag for this purpose is not considered to be special medication. It is using an artificial aid which is comparable to administering refreshment during the time-out period. There is no prohibition concerning it.

25. **Situation:** For a dual meet, both coaches weigh in two men for the 126 pound class and two men for the 138 pound class. At the completion of the 119 pound class, B1 who is qualified for the 126 pound class, begins removing his warm-up and moves toward the mat. The home coach sends A1 to the mat. Thereupon, the coach of B recalls B1 and sends B2 onto the mat. The coach of A wishes to counter by recalling A1 and sending out A2.

Ruling: The maneuver by the coach of B is permissible. The home team is required to send its delegate to the mat first and once he is there, he may not be replaced. Even though the visiting team has a representative appearing to go to the mat, he may be withdrawn and replaced by another wrestler who weighed-in for the weight class. In this situation A1 will wrestle B2.

26. **Situation:** Following the weigh-in for an

Approved and Certified Officials

A large number of K.H.S.A.A. registered officials qualified for the advanced rating of Approved and Certified as a result of the National Federation basketball examination which was given in Kentucky on December 4, 1972. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only Certified officials are eligible to work in the State Tournament.

Basketball officials who qualified for advanced ratings during the current season are as follows:

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the Kentucky High School Athletic Association building, Lexington, on Friday afternoon, December 15, 1972. The meeting was called to order by President Richard Vincent at 1:00 P.M., with Board members Zeb Blankenship, J. C. Cantrell, William C. Doan, Andrew J. Fultz, Arthur Hawkins, Louie Martin, W. P. Wheeler and Roy Winchester; Commissioner J. B. Mansfield and Assistant Commissioners Tom Mills, Louis Stout and Billy Wise were present. The invocation was given by J. C. Cantrell.

Mr. Vincent stated that since members of the Board had received minutes of the October Board meeting he would waive the reading of the minutes.

Assistant Commissioner Tom Mills reported that the 1972 football championship playoffs were successful. Total receipts of the final games were \$42,969.00 with approximately \$8,100.00 in expenses. The expenses did not include the Board Grant for incidental expenses.

There was a discussion concerning the amount of money for incidental expenses which should be allotted to each of the six finalists in the football playoffs. W. P. Wheeler moved, seconded by Bill Doan, that each finalist in the football playoffs be awarded a grant of \$800.00 for incidental expenses. This is in accordance with Item IV, Section C, of the Rules and Regulations Governing Football Championship. The motion carried unanimously.

Mr. Mansfield read a letter from the principal and athletic director of Bishop David High School requesting that Bishop David be changed from Class AAA, Region I, District 1, to Class AAA, Region II, District 1. Following a report by Board member J. C. Cantrell on the subject, Commissioner Mansfield read a letter from the Jefferson County Activities Conference in opposition to the change. Following a lengthy discussion, the Board declined to take action on the request of Bishop David.

The Commissioner then presented a letter of request from Mr. J. B. Moore, Principal of Madison Central High School for re-assignment in football from Class AA, Region III, District 2, to Class AA, Region II, District 2. Following a de-

tailed discussion Zeb Blankenship moved that the request be granted. W. P. Wheeler seconded the motion. The motion failed by a vote of 5 to 3.

Commissioner Mansfield presented the eligibility case of Dexter Ragan, a student who had transferred from Covington Holmes to Covington Catholic. After hearing the facts in the case, the Board declined to take action.

The case of the eligibility of Jeffrey Joe Wilson of Mayfield High School was reopened due to additional information being available which the Commissioner felt had a bearing on the case. President Vincent read the report of Assistant Commissioner Billy Wise, which was made following further investigation by Mr. Wise. After considerable discussion and based upon the report presented by Mr. Wise, J. C. Cantrell moved that Jeffrey Joe Wilson be declared immediately eligible to participate in sports at Mayfield High School. The motion was seconded by Jack Fultz. All members voted aye.

The next item of business was setting the fee for tournament officials. Commissioner Mansfield recommended the following: \$25.00 for District officials; \$30.00 for Regional officials and \$35.00 for State Tournament officials. In addition to this, officials would be paid 10¢ per mile for travel expense and \$10.00 should they be required to stay over night. W. P. Wheeler moved, seconded by William C. Doan, that the recommendation of the Commissioner be approved. The motion was carried unanimously.

Following a discussion on the fee schedule for radio and television coverage for the semi-finals and finals of the 1973 State Basketball Tournament, J. C. Cantrell made the motion that the Commissioner be authorized by the Board of Control to set a fee schedule for radio and television coverage and enter into contracts with interested stations for the semi-finals and finals of the 1973 Kentucky State High School Basketball Tournament and that the schedule shall be in line with current operating costs. Roy L. Winchester seconded the motion and all members voted aye.

A discussion on the problems involved in the distribution and sale of State Tournament tickets to the schools followed. It was recommended by the Board that each member school receive its two free sets of tickets calling for seats in the arena and that each superintendent receive one set free

and be allowed to purchase an additional set. This will be the first priority and will fill all the seats below the box seats. The next priority would allow each school and each superintendent to buy two sets of tickets immediately behind the box seats. After this each school will be sold two sets of tickets for each sport maintained during 1971-72 and each superintendent may purchase four sets. Each school and each superintendent may purchase two side box seats as long as the supply lasts.

The Commissioner was authorized to continue with the present plan of housing basketball teams and cheerleaders at the State Basketball Tournament. They are lodged at various motels in the area.

At this point, Dr. Robert McLeod, Chairman of the Board of Trustees of the Kentucky Medical Association, spoke briefly to the Board on ways the Medical Association could help the High School Athletic program improve medical care given the high school athlete. Following his report, he answered questions from members of the Board. Mr. Vincent thanked him for coming and assured him that this problem would be discussed at future meetings. Dr. McLeod agreed to present the Board with literature on this program for study. He thanked the Board for their time and excused himself from the meeting.

Upon a motion by Andrew Fultz and a second by Arthur Hawkins, it was the unanimous decision of the Board to set the State Gymnastic Meet at Moore High School on February 24, 1973.

Tom Mills reported the results of a recent questionnaire sent to the principals of member schools concerning girls' basketball. The vote was 155 in favor and 107 opposed. No action was taken by the Board at this time as several schools had not returned their cards.

The next meeting of the Board of Control was scheduled for Friday, January 26, 1973, at 9:30 A.M. in Louisville.

Roy L. Winchester moved, seconded by Jack Fultz, that all bills of the Association for the period beginning October 1, 1972, and ending November 30, 1972, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

1972-73 Wrestling Early Season Questions

(Continued from Page One)

interscholastic tournament, Coach A announces that he wishes to move wrestler A3, who weighed-in for the 112 pound class to the 119 pound weight class and designate another wrestler to compete at 112 pounds.

Ruling: This is not permitted. The wrestler may be moved up one weight class in a tournament, provided this is done previous to or at the time of the weigh-in. Following the weigh-in, no substitutions may be made.

27. **Situation:** At the time of the weigh-in for a tournament, it is noticed that one of the wrestlers has an infectious skin condition. Upon examination, the tournament physician decides the condition might impair the health of other wrestlers and therefore disqualifies the contestant.

Ruling: This is proper procedure and illustrates one of the reasons for recommending that a physician be present during the weigh-in for tournaments.

28. **Situation.** During a tournament match, the coach and manager of team A occupy the chairs reserved for such use in the restricted area. As the match, which is closely contested, progresses, the assistant coach of team A moves into this area. When he notices this, the referee notifies the coach of A that only two persons may be in the restricted area. There is no movement on the part of any of the three team attendants to vacate the area as the referee returns to the center of the mat to re-start the match.

Ruling: This constitutes unsportsmanlike conduct and the referee will deduct one team point from team A's score. There is no warning prior to this penalty. The rules clearly explain that only two attendants may be in the restricted area during tournament competition. Failure to comply with the referee's instructions constitutes unsportsmanlike conduct.

29. **Situation:** In a tournament, B1 is completely outclassed by A1 during the regular match, but B1 earns a draw by executing a reversal and gaining a near-fall within the last 10 seconds. A1 did not perform well during the overtime. The score is again tied at the end of the overtime period. In the opinion of the referee, B1 was the aggressor during the overtime, even though A1 was outstanding and exhibited better overall abilities during the match.

Ruling: If B1 were the aggressor during the overtime and there were a tie in points at the end of this period, the match should be awarded to B1. The wrestler who has shown superior wrestling ability during the overtime period is to be declared the winner. Performance during the regular match has no bearing upon the overtime decision.

30. **Situation:** During a tournament, team A expresses a desire to: (a) film matches using 16mm movie film; or (b) video tape. The coach of team A explains that he wishes to record the action of his wrestlers for review during practice the following week.

Ruling: Except as authorized by individual state high school associations, filming tournament

matches is prohibited in both (a) and (b). In the situation described, the state high school association would probably authorize such filming because it is not to be used for coaching purposes during the tournament in progress.

31. Situation: During a tournament, mat judges are being used in the championship finals. At the end of the championship match at one weight, the score is tied, and an overtime is necessitated. Is it required that two judges be assigned to observe the overtime?

Ruling: No, the mat judges will serve as overtime judges. These men will serve in the dual capacity during the overtime.

Comment: When mat judges are being used during tournament championship or consolation championship matches they will serve as judges

during overtimes to assist the referee in determining superior wrestling ability, should the overtime end in a tie. These men will also assist the referee in administering the rules during the overtime. However, when mat judges are not being used and an overtime requires the use of judges, these men do not have authority to serve as mat judges. Their responsibility is limited only to judging the overtime. In this situation, they do not have authority to assist the referee in the administration of the rules.

32. Situation: During a tournament in which mat judges are being used, those judges remain seated opposite the red and green arcs and near the edge of the mat.

Ruling: The positions described are proper when beginning the match. However, in order to best

accomplish their purpose, the mat judges are authorized, in fact, encouraged to move along the mat edge in order to observe significant action. The use of mat judges is designed to minimize human error and assist the referee. It is not possible for mat judges to observe all of the action when seated in one spot. Mat judges are not authorized to be in the inbounds area during the match.

33. Situation: During a tournament match in the quarter-finals, there is a flurry of action in the first period and the referee awards A1 a take-down. The scorer inadvertently gives the 2 points to B1. At the end of the first period, B1 wins the choice for position and, seeing that he is ahead in points, decides to take the advantage position. During the second period, B1 earns a 2-point near-fall and A1 gains a reversal. As the third period begins, the referee's attention is called to the scoring. As he reviews the score card, he detects the error and corrects it changing the score to 4 for A1 and 2 for B1. During the third period, there is no score by either wrestler and A1 is declared the winner. Following the match, the coach of B contends that B1 was placed at a disadvantage and, because of the error, his strategy was different from what it would have been had he been behind in score the first period.

Ruling: The referee followed proper procedure in correcting the error and changing the score as he did. When an error occurs during a match, the referee is required to make corrections when the error is discovered. The error must be corrected prior to the time of the wrestlers leaving the mat area.

34. Situation: At the end of a tournament match, the score is 7-6, and A1 is declared the winner. While reviewing the score card with B1 in the

locker room, the coach of B discovers that only 2 points were awarded for a near-fall earned by B1 in the second period, when there should have been 3 points awarded. This fact is acknowledged by the referee. The change in points would result in a draw.

Ruling: Since the wrestlers had left the mat area, no correction may be made.

35. Situation: During a match, A1 has been warned for stalling. He is ahead in points in the third period and while in the advantage position: (a) makes no attempt to work up and pin his opponent; or (b) releases B1 and as B1 attempts to take him down, A1 steps out-of-bounds.

Ruling: In (a) it is stalling by A1. Since A1 has previously been warned, the referee is required to penalize him for stalling without hesitation.

In (b) A1 will be penalized for going off the mat.
Comment: It is stalling when, in the advantage position, the contestant makes no attempt to secure a fall. Both contestants are required to wrestle aggressively whether in the advantage, defensive or neutral position. Failure to penalize for this infraction puts the offended wrestler at a disadvantage.

36. Situation: During the first period, A1 is penalized for using an illegal hold. In the second period, he is penalized for a technical violation and later warned for stalling. In the third period, he is penalized for unsportsmanlike conduct and one team point is deducted.

Ruling: B1 is awarded one point for the illegal hold and one point for the technical violation. The deduction of one team point for the unsportsmanlike conduct is the correct penalty. Penalties for abusive and/or unsportsmanlike conduct, as well as flagrant misconduct do not accumulate with penalties for other infractions.
