#### Films

(Continued from February ATHLETE) WORLD SERIES OF 1955, e-j-s-c-a, 4 reels, color,

\$1.00 Brooklyn Dodgers and the New York Yankees are shown in this film. The commentary leading up to each game makes the film interesting as the

Dodgers win the world championship.
THE UMPIRE IN BASEBALL, e-j-s-c-a, 2 reels,

\$1.00 Summarizes imporance of the umpire to the baseball game. Explanation of the duties of the umpire and also qualifications for job, showing

where they receive their training. WORLD SERIES OF 1957, e-j-s-c-a, 4 reels, \$1.00 The American League champion New York Yankees carry the series the full seven games before bowing to the Milwaukee Braves, champion of the National League. The film catches most of the hitting and shows the plays in which runs were scored in each game. The narrator, Lew Fonseca, describes the play and fills in the background with interesting bits of information concerning the game.

WORLD SERIES OF 1959, e-j-s-c-a, 4 reels, color, \$1.00

The highlights of the six games played in the series between the Los Angeles Dodgers and the Chicago White Sox are shown in this film. The Dodgers won the series by defeating the White Sox four games to two. Most of the scoring plays are filmed, along with many of the outstanding defensive plays. The color that goes with these games is captured in the film.

WORLD SERIES OF 1960, e-j-s-c-a, 4 reels, (44 Min.), color, \$1.00

Exciting moments of the seven games between the New York Yankees of the American League carried the series its full seven games before bowing to National League Pittsburgh Bucs. Highlights of all seven games are shown and the action described

WORLD SERIES OF 1961, e-j-s-c-a, 4 reels, (44

Min.), color, \$1.00 Narrated by Mel Allen, this film shows the Cincinnati Reds were able to win only the second game in the series against the New York Yankees. Superb pitching of Whitey Ford and batting power of the Yankees brought them the world's championship after five games.

WORLD SERIES OF 1962, j-s-c-a, 4 reels, color,

\$1.00 Key plays from all seven games are shown as the New York Yankees of the American League retain the world's championship by defeating the San Francisco Giants by the score of 1-0 in the final game.

WORLD SERIES OF 1963, j-s-c-a, 4 reels (44 Min.)

color, \$1.00 Shows highlights of games in which the Los Angeles Dodgers won the baseball championship by defeating the New York Yankees in four straight games.

WORLD SERIES OF 1964, j-s-c-a, 4 reels (44 Min.) color, \$1.00

The St. Louis Cardinals topped the New York Yankees in the first game, 9-5, and went on to win the series to become the world's champions for 1965. Covers all the exciting plays in the games. (Continued on Page Seven)

#### 1972-73 BASKETBALL EARLY SEASON QUESTIONS

EDITOR'S NOTE: These interpretations of the rules of the National Basketball Committee of the United States and Canada do not set aside nor modify any rule. The rulings are made by the National Federation of State High School Associations in response to situations presented.

CLIFFORD B. FAGAN, Editor, National Federation Publications

20. Play: A3 enters the game wearing Roman numeral IV. It is detected: (a) before; or (b) after the clock starts.

Ruling: In (a) it is a technical foul on A3. In (b)

there is no penalty.

21. Play: A4 enters the game wearing Roman numeral VII and it is detected: (a) before; or (b) after the clock is started.

Ruling: Although there are two infractions of the rule pertaining to numbers only one technical foul is assessed against A4 in (a). In (b) there is no penalty.

22. Play: Team A is assessed with a technical foul. Right after the ball is handed to B1, at the free throw line, by the official A2 pushes B2 fragrantly. Referee disqualifies A2 from the con-

Ruling: Players on both teams will now take positions along the free throw lane for the free throw for the technical foul as well as for the free throws for the flagrant personal foul by B2 because the ball will be in play if the last free throw by B2 is not successful but touches the ring.

23. Play: While players are taking their positions around the restraining circle for a jump ball, A1 and B1 exchange punches. Official charges both players with flagrant technical fouls and disqualifies each of them from further participation in the game.

Ruling: Each team is awarded two free throws, to be attempted at their own basket and play will be resumed with a jump ball at center between

any two opponents. 24. Play: A field goal try by A1 is touched by B1 as the ball is in upward flight. After B1 has touched the ball, a signal signifying time has expired to end the game is sounded. The ball then

drops through the basket from above. **Ruling:** No field goal. The try ended as soon as B1 touched the ball. The ball then became dead immediately when the signal sounded that the

game had ended. 25. Play: B1, B2 and B3 commit personal fouls on A1 who is attempting an unsuccessful try at

about the same time.

Ruling: One free throw for each personal foul is awarded to A1. Therefore, A1 has three free throws.

Comment: The personal fouls committed by B1, B2 and B3 are combined into a multiple foul. As provided in rule 10-B-10 only one free throw is awarded for each foul which is a part of a multiple foul. 26. **Play:** The score is tied with one second re-

maining in the game. Al is awarded a bonus free throw situation. After the ball had been placed at the disposal of A1, B1 disconcerts A1. The free throw attempt is missed. The timer does not hear the official's whistle sound and permits the clock to start. May the referee put the second back on the clock?

Ruling: Yes. This is authorized by the last sentence of rule 2-12 which provides "... the referee may correct the error only when he has definite information relative to time involved." 27. Play: Al dribbles by Bl who, in attempting to maintain a position in front of Al, backs into legal screener A2, and B1: (a) stops immediately;

or (b) attempts to drive through screener A2. Ruling: In (a), even though the contact may be firm, it is considered incidental and there is no foul. In (b), it is a foul by B1.

28. Play: A1 scores a field goal and B1 takes the ball out of bounds. B then requests and is granted a time-out.

Ruling: After the time-out, team B may put the ball in play exactly as it would if there had been no time-out. That is, a player of team B may move along the end line before passing the ball inbounds, or B1 may pass the ball to B2, who is also out of bounds behind the end line, and then B2 may throw the ball into the court.

29. Play: A1 is dribbling toward his basket. B1, his guard, is advancing rapidly in the same direction as A1 but is off to the side of A1, not directly behind him and not in identically the same direction and path A1, the dribbler, makes a quick sideward and backward movement, entering the path of B2. Contact ensues because B1 does not have an opportunity to stop or change his direction.

Ruling; Foul by A1. A1, even though he has the ball, is not permitted to come into the path of Bl so quickly that Bl cannot stop or change his direction.

Comment: Except in an unusual situation, the infraction by A1 would not be judged intentional. Whether it is deemed intentional is dependent entirely upon the judgment of the official.

30. Play: A1 requests a time-out for the purpose of: (a) tying a shoelace; or (b) replacing a lowcut shoe; or (c) recovering or replacing eyeglasses; or (d) recovering or replacing contact lenses. Ruling: The official should grant the request in (a), (b), (c) and (d). The time-out is charged in (a) and (b). In (c) and (d), the time-out is not charged, and in both (c) and (d), effort should be made to recover and replace the lens and/or glasses as soon as possible, and then resume play immediately. Team A, of course, has the privilege

#### KAPOS NEWS

ATTENTION:

Principals and Cheerleader Sponsors! Is your school a paid-up member of KAPOS? If you are, and your region, your cheerleader squad will be eligible to compete for the top award: Outstanding Cheerleader Squad in the State Tournament.

Included in the packet that will be given (by the tournament finals will be a letter pertaining to cheerleader squads, and will request that the principal send written confirmation that the cheerleaders of his school are being chaperoned by a well-qualified, school-approved adult. The name on the sponsor, should be included in this confirmation letter. This letter must be in the hands of the officially appointed KAPOS Board Member prior to the time that your cheerleaders take the floor. There will always be some one there to take your letter and to counsel with you. Registration for Cheerleaders

Please stop by the KAPOS desk in Freedom Hall

1. Register your squad

Pick up your envelope which contains the KAPOS handbook and other tournament information.

Along with a KAPOS board member there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides can not locate the desired person in time for the interview.

Hospitality Room

May we remind all sponsors and cheerleaders that KAPOS has a Hospitality Room, located in Freedom Hall. Besides the opportunity to socialize with friends, exchange ideas, and perhaps get help with your problems, you can have free refreshments. Be sure to register when you come to the Hospitality Room.

State-at-Large and State Tournament Champions
Beginning with the District Tournaments, all squads that are paid up members of KAPOS are eligible to compete for the honor of representing that District in their Region. The winner from each Region is eligible to compete for the title

of Champion-of-the-State-at-Large.

Judging for the State-at-Large winners will take place at 8:30 A. M. on Friday in DuPont Manual School gymnasium. The school is centrally located downtown at Second and Lee St., Louisville. We are grateful to the administrators for their generosity in opening the doors of their school to us for this competitive event. We trust that they will have no cause to fault our behavior. All cheerleaders and guest will be expected to be remindful that they are guests in the "home" of Manual School.

It is possible for the winner of the State Tournament to be also the winner of the State-at-Large. The judging instrument to be used for the State-at-Large competition will be identical to the one used for the Region. The instrument to be used for the State Tournament will be enclosed in the packet given out by the K.H.S.A., officials to the respective winners of the sixteen

regions.

Governor Ford Declares Sportsmanship Week
While every week should be Good Sportsmanship Week, KAPOS has always tried to put special emphasis on being a good sport at State Tournament time. Being a good sport is part of being a good citizen. KAPOS doesn't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOS Sportsmanship Creed proclaimed by Governor Ford.

Awarding of Trophies
Champion-at-Large: The w

State Champion-at-Large: The winner will receive the Ted Sanford trophy while the runner-up will receive the Jane Meyer trophy. Ribbons will be given for honorable mention. These awards will be given during the half-time of the first

game Friday afternoon.

State Tournament: winner, first place trophy; runner-up, second place trophy; honorable mention, ribbon. These awards will be given at the close of the final game on Saturday night. All cheerleaders are asked to wear their uniforms and to assemble in the KAPOS Hospitality Room during the half-time of the final game. All Cheerleaders will then proceed to one of the end of the end entrances where the winners will have easy access to the playing floor.

Sponsors of the competing 16 cheerleader

groups are asked to come to the floor with their squads. Besides getting the recognition you so well deserved, it is another way of letting the public know that cheerleading is important enough in the school's curriculum to merit a well-qualified "sponsor-coach-chaperon."

Reminder

Is time to send in credentials for scholarship candidates. You too, may have a potential scholarship winner. Get your applications in early. Write our officers for application forms, or pick them up at the KAPOS desk in Freedom Hall.

Summer Cheerleader Clinic
Junior High — Senior High Clinic
(Clinic 1, July 8-12) (Clinic II, July 15-I9)

Both Clinics will be held on the University of Kentucky campus. The two groups will be housed separately. Classes and lectures will be geared to the interest and ability of the respective groups.

Brochures giving details of the clinic can be obtained at the State Tournament KAPOS desk or by contacting Mrs. Milly Rodes (Transylvania College) or Mrs. Grace Fragstein (Lafayette School) all addressed to University of Kentucky, University Station, Box 650, Lexington, Kentucky 40506.

Note to all Administrators

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively. Again, we need judges, and personnel to help at the tournament. This involves at least 12 to 15 people. It is also backbreaking tiresome work. However, we have many dedicated women who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seeking your understanding and cooperation should you be asked to release a teacher from her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

#### Basketball Early Season Questions

(Continued from Page One)

of taking the full time-out in (a) and (b) and whether they do or not has no bearing on the fact the time-out is charged.

31. Play: Dribbler A1 taps the ball to the floor and then permits it to bounce one, or several times, before he taps it a second time. Did the dribble end when the ball bounced several times

between taps?

Ruling: Whether the dribble ended depended upon whether A1 lost control. Rules 4-8-(c) provides that the dribble ends when the dribbler loses control. The fact that the ball bounced two or more times between taps by the dribbler does not necessarily mean the dribbler has lost control. He has lost control if he is unable to immediately catch or continue to dribble the ball. It is not too unusual for a dribbler, when advancing the ball from the back court into the front court, and especially when the defense is retreating, to tap the ball to the floor and let it bounce a couple of times before he taps it again. 32. Play: A1 is cut of bounds to execute a throw-in. He throws the ball to teammate A2 on court and then runs 4 or 5 steps along the side line remaining out of bounds where upon he returns to court after making use of a screen set up by teammates A3 and A4.

Ruling: Technical foul on A1. As soon as A1 does not return directly onto court, the official shall sound his whistle and penalize A1 with the technical foul. Remaining off the court to set up a play is interpreted the same as leaving the court for an unauthorized reason. The rules are written to insure the game will be played on the court.

33. Play: A1, while advancing near the side line, goes out of bounds to avoid defensive man B1 and then returns to court to receive a pass from

teammate A3.

Ruling: Technical foul on A1 for leaving the court. Rule 10-6 (g) prohibits any player leaving

the court for an unauthorized reason.

34. Play: B1 curses the official and is assessed with a flagrant technical foul. B1 is expelled from the game and team A is awarded two free throws. Captain of team A selects A2 to attempt the first free throw. After A2 misses his try the captain of team A advises the official A3 will try the second throw.

Ruling: This is legal. Team A could even have S1 and S2 report into the game to become players and each try one of the free throws.

35. Play: A1 commits a player control foul. While B1 is attempting to make the throw-in to a team mate, A2 pushes B2. In (a) the bonus rule is not in effect; or (b) the bonus rule is in effect. Ruling: In (a) the ball is awarded to team B at the spot out of bounds nearest to where A2 fouled B2. In (b), B2 is awarded a one and one. The play results in a false multiple foul situation. 36. Play: A1, who is standing in the forecourt close to the midcourt line, receives a pass. He holds the ball for four seconds and then dribbles for the first time. The ball strikes the floor in the midcourt and he moves into the midcourt and continues to dribble for four seconds after which he dribbles into the forecourt where he dribbles for another four seconds. He then ends the dribble and holds the ball for four seconds in the forecourt. Al is closely guarded throughout this action.

Ruling: Legal. Nothing has happened to cause the ball to become dead. Al first dribbled in the midcourt. Therefore a new count is started when the dribbler moves from the midcourt into the forecourt for the first time after dribble had started in the midcourt. There can be no combination count (holding and dribbling) if the entire action as in this specific situation does not take place in the midcourt. The combination count is applicable only when the entire action takes place in the midcourt.

takes place in the midcourt.

37. Play: A1 scores a field goal. During the throw-in, A2 fouls B3. The bonus rule is not in

effect.

Ruling: Charge A2 with a personal foul. Team B must put the ball in play at spot out of bounds nearest to where the foul occurred. The privilege to run the baseline for the throw-in ended because of the foul by A2.

cause of the foul by A2.

38. Play: A1 holds the ball in the forecourt for four seconds. He then dribbles the ball for four seconds in the forecourt and then holds the ball

for four seconds in the forecourt.

Ruling: Because the entire action took place in the forecourt, it is not a held ball in light of the fact that the combination count (that is holding and dribbling) is not applicable to any action whatever in the forecourt. The combination count can only take place when the entire action in that specific situation takes place in the midcourt. Comment: The application of items (c) and (d) of Rule 4-15 and the two exceptions applying to these items are applicable to a "counting situation" only. To start and continue a count based on items (c) and (d) the following principles must prevail: (1) The entire action must take place in the front court. (2) There must be player control. (3) The player in control must be continuously guarded. (4) There can be a combination count (holding or dribbling) only when the entire action during that situation takes place in the midcourt area. (5) A given situation ends when a player loses control or the player in control is no longer closely guarded. After a count has been ended or "been broken" a new count starts as soon as requirements 1, 2, and 3 are again in combination.

39. Play: A1 pushes B1. B1 appears to be injured and reports to the official that he is not able to attempt the free-throw. S1 replaces B1 and scores successful free-throw. B1 then reports to the scorer to replace S1: (a) before the throwin teammate has the ball in his hands; or (b) after the throw-in has been made and A2 is

called for traveling.

Ruling: B1 may not re-enter in (a) because the clock has not been started after the dead ball during which S1 had replaced B1. (b) B1 made

re-enter,

Comment: In this situation and in possible related situations, it would seem rather obvious that the coach's strategy had been to replace a player for the purpose of getting a "specialist" or a more capable free-thrower into the game. Such practices should be discouraged, but it will not be desirable to prohibit a player who has been withdrawn because of an injury from reentering the game at a later time.

40. Play: Neither team is in the bonus situation. After a try by A1 is clearly in flight, B1 fouls A1 and the field goal attempt is successful.

Al and the field goal attempt is successful. Ruling: The personal foul is charged to B. The ball is handed to a member of team A at the out of bounds spot closest to where the foul was committed. The throw-in spot is designated. If the throw-in spot is determined to be behind the end line, the throw-in may not run the base line. This is a privilege that is reserved only for the team scored upon when it throws in the ball.

41. Play: While A1 is attempting a free throw (a) A2 fouls B3 before the official has placed the ball at the disposal of the free thrower; or (b) while A1 has the ball preparing to make the attempt; or (c) while the attempt is in flight.

Ruling: In (a) the foul by A2 will be an intentional technical foul. In (b) and (c), the fouls are personal because the ball is alive and in both (b) and (c), the foul is considered intentional and carries a penalty of two free throws. In (a), (b) and (c), the fouls by members of team A cause the situation to be a false double foul and play will be resumed by a jump ball at the center.

42. Play: If a ball is on its upward flight to-

42. Play: If a ball is on its upward flight toward the goal, may it be tapped against the backboard whether it has or has not touched the backboard.

Ruling: Yes.

43. Play: With 2 seconds to play in first period, A2 taps the ball toward his basket and while ball is in flight, time expires (a) While the ball is on the ring, B2 slaps ball away; or (b) B2 dunks ball.

(Left to Right) Front Row: Phillip Rue, Jim Sharp, David Gorham, Rex Little. Second Row: Casey Cooper, Robert Brown, Everett Talbert, Tyrone Bond, Vincent Carler, Doug Cox, Sam Rutledge, Tom Dunn, Kim Williams.

Ruling: In both (a) and (b) the period ended with expiration of time No violation in (a), B merely slapped a dead ball. In (b), B2 is assessed with a technical foul. The 2nd quarter is started with any A player attempting a free throw, after which ball is awarded to team A out of bounds at the division line.

44. Play: B1 holds A1, while A1 is in the act of shooting. The try is not successful. At then dunks ball into his basket.

Ruling: Charge B1 with a personal foul. A1 attempts two free throws. A1 also is charged with a technical foul. Team B is awarded 2 free throws. Ball is put in play with center jump between any two opponents.

#### ATHLETICS PROVIDE EMOTIONAL OUTLET

#### By DR. RHEA H. WILLIAMS

One of the most useful purposes for athletics or any type of play is that it give opportunities for the emotions to be expressed and to be directed in the proper channels. It is a proven psychological fact that very person has to have some opportunity to vent his emotions, and athletics and play are among the best ways.

Psychologists call any method which allows a person to express his emotions in a manner which avoids harmful mental or physical "ex-plosions" the "safety valve" theory. Thus, ath-letics and play are excellent "safety valve" laboratories for the emotions.

We all know from personal experience that human beings are emotional and that they must have opportunities to express themselves or else they will "explode".

Emotions which are not allowed to be expressed in desirable fashions will be displayed in undesirable fashions. One of every 15 Americans today will enter a mental hospital sometime during his life, and many other neurotic people not included in the above are found in society. There must be some activities which give a person the opportunity for wholesome and desirable pouring out of emotions. If they are bottled up and not allowed to "come out", then that person will become neurotic and will display abnormal mental and social traits.

Athletics and play provide perhaps one of the better means of allowing the expression of emo-tions by school age children. Through play and games, boys and girls run the gamut of expres-

sions from tension to relaxation, from sorrow to gladness, from silence to exultation and from tears to laughter. There is no greater opportunity to train the emotions, while at the same time allowing them to be expressed than in athletics and play. The emotions, if allowed complete freedom without proper guidance, will not always be directed in the right fashion. The ability to control emotions is best guided on the playing field under the proper direction of a coach or teacher.

In the average classroom, such as English, Social Science or Physical Science, there is little opportunity for a person to train his emotions as seldom is he given a chance to express them. This writer has never yet seen tears or laughter in a science experiment unless sulfuric acid escaped.

Each high school student needs an opportunity to express his emotions in some wholesome situation. Every high school child should be brought into some extra curricular activity. The band, by marching and playing, the pep squad and the drill team and the entire student body have an opportunity to let off pent-up "team" and tension at athletic activities. There must be proper direction for the emotions. They are much like atomic power. They can be good or evil, depending upon direction.

It is the responsibility of administrators and teachers to see that emotions are guided into proper channels. If left unbridled, they can do as much harm as good. All activity programs have some essence of emotional outlet in them, but

those which have the greatest free outlets for motions by far and large are athletics and play.

The adults in the community who go to athletic events also find these activities excellent outlets for emotions and tensions. The person who works in a store, a bank or other business establishment during the week and has to control his emotions finds the weekend athletic events a fine opportunity to "yell" and "whoop" and rid himself of tensions. Many psychologists say that "booing" and other methods of "riding" officials usually come from a person who has to submit to authority all week and resents this submission so much that he expresses his resentment at someone else in authority when he has the opportunity. He feels much better after getting it "off his chest."

People must have opportunities to let tensions go, whether by playing the piano, working in a hobby shop or participating in/or viewing an athletic event. For both youth and adults, one of the greatest opportunities for the wholesome outlet of emotions and tension is found to be in high school athletic and play programs. The important thing is to see that administrators and teachers use these activities properly so that the emotions are directed into the proper channels.

If we do this, our citizens should be healthier, both mentally and physically, because they have the opportunity to express their emotions and tensions in a desirable way.
