##### Football

BALL HANDLING IN FOOTBALL, j-s-c-a, 1 reel \$2.00.

Fundamentals of ball handling are stressed; stance, grip, "feel" of the ball, fingertip control adjustments before throwing or kicking, receiving passes from center or from a back, catching passes and punts, ways of carrying a ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BLOCKING IN FOOTBALL, j-s-c, 1 reel, \$2.00.

Fundamentals of good blocking are taught in this film; position, speed, drive, follow-through, timing and body control. Describes shoulder and body blocks, demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

GOAL TO GOAL, 28 min.; color, \$115.00; black & white, \$75.00.

This film provides a dramatic visual approach to a better understanding of the rules of football for players, coaches, officials and spectators. Special attention is given to the passing and kicking games as well as such other areas of the rules as blocking restrictions, snapping infractions, the neutral zone, legal and illegal shift and motion.

PRECISION FOOTBALL is a 16 mm, 28 minute, sound, color (or black and white) film.

This film provides a new dimension to the understanding of the rules. It is designed for coaches, officials, players and fans, and promotes emphasis in the following areas: scrimmage violations, pass interference, encroachment, free kicks, false starts, live and dead ball fouls, butt clocking, face tacking, clipping, batting the ball, running plays and pass situations. This new motion picture will be an asset to any sports information library.

**POINT OF CONTACT—BLOCKING AND TACKLING TECHNIQUES**, 17 min., color, 17 min., color, 16mm.

This picture was produced by the National Federation of State High School Associations to explain the rules relating to butt-blocking and face-tackling. The film uses all modern motion picture techniques including graphics, stop action and slow motion to explain the reason football rules committees are concerned with the techniques of butt-blocking and face-tackling.

**TACKLING IN FOOTBALL**, j-s-c-a, 1 reel \$2.00.

Tackling properly is shown as the result of application of certain fundamentals: good physical condition, speed, body placement, drive, sure grip, timing, and body control. Shoulder and cross body tackles are demonstrated in various ways, with special instruction for safety and means of reducing shock.

## NATIONAL FEDERATION

Past — Present — Future

(Cover)

The new logo and trademark of the National Federation is actually a blending of the old logo with a new one, which is symbolic of the philosophy with which the National Federation addresses the future. That which made the National Federation grow from an association of four states in 1920 to an association of 50 states today has not been forgotten as the National Federation expanded its services for the interscholastic programs of the 20,000 schools those associations represent.

National Federation services have been and will continue to be based on the belief that strong state and national high school organizations are necessary to protect the integrity of interscholastic programs and to promote healthy growth of those programs.

### Coaches Day Is October 6

National Coaches Day is Friday, October 6, and all schools are urged to plan something special that week or that day for all the coaches in the school system.

A good means of issuing a public thanks for these professionals in the business of educating high school students through interscholastic athletics would be a special half-time program in their honor if your school has a football game that week. Or at any other interschool contest that week. Extend the honors to coaches in all activities, not just fall sports.

The National Federation of State High School Associations and the Kentucky High School Athletic Association lists two reasons for the nationwide drive to honor the coaches (1) Public thanks to the coaches and (2) motivation of all high school coaches to do the best job they possibly can.

1. **PLAY:** With 4th and 10 from the 50 yardline K1's punt is muffed by R2 at R's 40. Ball rebounds back to Ks 45 yardline where K1 recovers. K1 then

- completes a forward pass to eligible K2 who advances for a touchdown. Prior to the touchdown, (a) K2 clipped while the ball was loose following the touching by R1 and before recovery by K1, or (b) K2 committed offensive pass interference prior to the catch.
- RULING:** In (a) it will be 4th and 25 for K from the 35 yardline. In (b) it will be 1st and 10 for R at K's 35 after accepting the penalty for offensive pass interference—15 yards from the previous spot and down counts, (5-1-2c, P.S. 5-1-2C, and Comment on Page 36, 1978 Case Book.)
2. **PLAY:** At the snap, Team B has (a) 10 players, or (b) 11 players on the field. During the down B11 or B12 enters the field but does not participate.
- RULING:** Illegal substitution in both (a) and (b). (3-7-1 and 3-7-5).
3. **PLAY:** With 1st and 10 from A's 20, A1 advances along the sideline to the 40 yardline. During the run the coach of Team A steps on the field to get a better view of the runner.
- RULING:** It will be 2nd and 15 from A's 15 following the penalty for a non-player being outside his team box (9-7-3 and 2-30-6).
4. **PLAY:** With 3rd and 10 from the 50, eligible A1 catches a pass at B's 49 and advances for an apparent touchdown. Before the pass was in flight, interior lineman A6 blocks B4 on his line and drives him to the 45.
- RULING:** Offensive pass interference. It will be 4th and 25 from A's 35.
- COMMENT:** Because the pass crossed B's line-of-scrimmage, ineligible receivers are restricted to the neutral zone until the pass is in flight. (7-5-6).
5. **PLAY:** With 2nd and 5 on A's 40, A2 interferes with B1 at the 50 while a forward pass is in flight. As the ball passes over A2 and B1, an official inadvertently sounds his whistle. Time expires for the first quarter during the down.
- RULING:** Second quarter will start with the ball on A's 25, 3rd and 20.
- COMMENT:** Ordinarily the down is replayed when an inadvertent whistle sounds during a down in which a legal forward pass was in flight. If there is a live ball foul during the down, the penalty is enforced and the down replayed, UNLESS a part of that penalty called for loss of down. In this case the penalty takes precedence over the provisions over the provisions of 4-2-3 and 3-3-4 b.
6. **PLAY:** K2 bats or intentionally kicks a scrimmage kick after it strikes the ground in the plane of R's goal line in an attempt to prevent a touchback.
- RULING:** Touchback. K2 batted a dead ball because the goal line is located in the end zone and as soon as K2 touched the ball there the ball became dead. It will be 1st and 10 for R on their 20.
7. **PLAY:** The ball is free-kicked from K's 40 yardline and in flight it crosses the 50 yardline before heavy winds blow it back to K's 45 where it (a) is touched in flight by K1, or (b) touches the ground and is recovered by K2.
- RULING:** Fair catch interference in (a), 1st and 10 for K in (b), (6-1-7).
- COMMENT:** The restraining line marking the neutral zone for K and R on a free-kick are vertical planes and when the free-kick penetrates R's free-kick penetrates R's free-kick line in flight, it is considered to have gone the required 10 yards.
8. **PLAY:** During the course of the game, quarterback A1 runs over to the vicinity of his team box area for the purpose of receiving instructions from his coach. No time-out is requested, there is no delay in declaring the ball ready-for-play, and the coach does not leave the team box area.
- RULING:** It is an illegal conference if a player stops or tarries in front of, or in the vicinity of, his team box between downs for the purpose of receiving directions and/or exchanging information with a coach or other team personnel. Team A will be penalized 15 yards for this unsportsmanlike non-player foul. (9-7-1b).
- COMMENT:** Some may argue that coaching from the sidelines is permitted and as long as there was no delay in declaring the ball ready-for-play, this means of communicating between the coach and his quarterback should be permitted. Coaching from the sideline permits coaches to call out instructions to their team and these instructions may be heard by anyone. When a player comes over to the vicinity of the bench area to receive "private instructions" it takes on the same aspects as a coach-player conference which is permitted only during charged time-outs and between periods.
9. **PLAY:** Team A's field goal attempt or try is deflected by B1 in the end zone after which it goes through the goal above the crossbar. Following the touching and before the ball goes through the uprights, there is an unsportsmanlike foul by (a) A1 or (b) B1.
- RULING:** In either (a) or (b) the field goal or try is successful and the penalty for the dead ball foul will be enforced on the ensuing kick-off (4-2-2 d).
- RULING:** In either (a) or (b) the field goal or try is successful and the penalty for the dead ball foul will be enforced on the ensuing kick-off (4-2-2 d).
- COMMENT:** For the purpose of understanding the recent change which permits a try or field goal attempt to score after it is touched in the end zone, consider the kicked ball dead as soon as it was touched, but we now have an exception (4-2-2 d) which permits this try to score, rather than having a type of "delayed dead ball" whose future status will depend on whether or not the ball continues through the goal.
10. **PLAY:** A forward pass is touched beyond the line by A1. As B1 moves to intercept the deflected pass, A2 (a) pushes B1 in the back in an effort to get at the ball, or (b) blocks B1 from behind in an effort to prevent the interception.
- RULING:** Legal in (a), clipping (b). (9-2-1, 9-1-2d).
11. **PLAY:** On a scrimmage down the back judge (5-man crew) takes a position about halfway between the sideline and the inbounds line and slightly in front of the deepest receiver and on the opposite side of the field from the head linesman.
- RULING:** The back judge is not in the correct position. The back judge should take his position on the same side of the field as the head linesman regardless of the position of the kicker or the potential receiver.
- COMMENT:** On scrimmage kicks the field judge is able to release much quicker than the head linesman to assist in covering for first touching, short kicks, and kicks going out-of-bounds to his side of the field.
12. **PLAY:** On fourth down punter A1 requests a new (different) ball that he favors for punting.
- RULING:** The request should be denied. Unless the ball is unfit for play, or the ball used on the previous play goes out-of-bounds or for any reason the official feels it would be more expedient to request a change of balls, Team A is obligated to use the same ball it used to begin the series. (1-3-2, 1-3-3 and P.S. 1-3-2, 5-1-1).

13. **PLAY:** While covering a scrimmage kick, Al is blocked by B1 in such a manner that he cannot avoid contact with receiver B2. (a) Just prior to this contact and following R1's block, the untouched football strikes A1's back or (b) immediately the contact, the untouched football strikes B2's shoulder pad.

**RULING:** The touching in both (a) and (b) will be ignored. (6-2-5).
