SOUTHWESTERN BELL TO ASSIST TARGET PROGRAM

KANSAS CITY, MO (August 4, 1987) -- Southwestern Bell Foundation has agreed to a major five-year financial commitment to the National Federation's TARGET program as the primary national sponsor of TARGET's toll-free telephone number and resource center.

The activation of the toll-free number and resource center on September 1 will put into effect all four components of the TARGET program, which was started by the National Federation in 1985 to help students cope with alcohol and other drugs through education and prevention programs.

"Southwestern Bell Foundation is very concerned about the chemical abuse among the youth of our nation," said Zane E. Barnes, chairman and chief executive officer of Southwestern Bell Corporation and a member of the TARGET Board of Directors. "We recognize the need for a clearinghouse to serve students, parents, coaches and others in answering alcohol and other drug questions.

"We are pleased to help TARGET through the funding of the toll-free number and resource center. We believe this is a program that is ready and equipped to deal with the problem."

Beginning September 1, individuals can contact the TARGET Resource Center by dialing (toll free) 1-800-366-6667 and obtain up-to-date information in the field of alcohol and other drug education and prevention. The toll-free number will not be activated until September 1.

Kathy Perry has been named coordinator of the TARGET Resource Center. She will be able to answer questions, provide educational and professional materials and suggest ways that students, kindergarten through 12th grade, can deal with alcohol and other drug problems. The TARGET Resource Center will house a computerized reference bank of information on chemical abuse and prevention.

"We are thrilled that Southwestern Bell Foundation has made the toll-free number and resource center a reality," said Brice Durbin, executive director of the National Federation. "The National Federation and TARGET comprise the central resource center for high schools, so people are already used to coming to us for information. They know that if they need to find the nearest alcohol and drug treatment center or want to find the latest information on abuse of drugs in sports, they can come to us and trust us."

Other phases of the TARGET program already in place are leadership training at Hazelden-Cork Sports Education facility in Center City, Minnesota; publication of the pamphlet "On TARGET" which is mailed monthly (biweekly in January) to every high school in the nation, and the TARGET alcohol/drug rehabilitation insurance plan for high school, junior high/ middle schools and elementary school students.

HELPING STUDENTS COPE WITH ALCOHOL AND DRUGS

"On Target" is a publication of the National Federation's TARGET program, that is helping students cope with the problems of alcohol and drugs. The first issue was distributed in May to every high school.

The largest national anti-drug abuse education campaign in history was announced February 12 by the Boy Scouts of America, which called the current drug and substance abuse crisis "the most serious threat to the well-being of our children and to their future."

Acting on what it said was a request from President Reagan, the youth organization unveiled a multi-faceted educational program designed to reach youth, parents, teachers and Scout leaders throughout the nation.

"We are seeing kids — only 9, 10, or 11 years old — playing a deadly game of Russian roulette with their hearts, their livers and their brains," observed Chief Scout Executive Ben H. Love. In its program called "Drugs: A Deadly Game," the Boy Scouts said they will challenge everyone, not only the organization's 5.2 million members, to "say no" to drugs.

Core of the program will be three brochures now being published.

One will be sent to the nation's four million Cub Scouts, Boy Scouts and Explorers; another will be available to 1.2 million Scout leaders and to parents, and a third, a Teacher's Guide, will be published as a resource for teachers and other youth leaders.

There will also be guidelines for anti-drug rallies and an educational videotape. A public-service television announcement featuring basketball star Julius Erving will also be made available.

Available without charge to BSA members, the brochures and other materials may be purchased in bulk by non-BSA agencies and the general public.

Extensive promotion of the project will be featured through the BSA's three magazines, BOYS' LIFE, SCOUTING and EXPLORING.

BOYS' LIFE AND SCOUTING magazines will provide their estimated 10 million readers a copy of the brochure DRUGS: A DEADLY GAME as part of their March/April issues. In recent years the publications have brought their audiences a variety of articles on the dangers of alcohol and substance abuse.

Principal Bob Rogers, Ballard Memorial High School, along with a delegation from the West Kentucky Principals' Association had requested a hearing before the board to discuss a proposal regarding the classification of basketball. The committee requested that a survey be sent to all member schools requesting their approval or disapproval of the proposal. Following a lengthy discussion thereof, President Welch referred the proposal to the Basketball Committee for study and informed Mr. Rogers that a decision on the matter will be made at the October meeting.

President Welch then called on Mr. Doug Hippe who had requested a hearing on behalf of his son, Gordon, a student at Frankfort High School. The Commissioner had ruled Gordon ineligible to participate in athletics for 36 school weeks under By-Law 5, Transfer Rule. Tony Olinger made a motion, seconded by Tom Buchanan, that the Board go into Executive Session to discuss the appeal with Mr. Hippe. The motion carried unanimously. Charlie Miller seconded the motion which passed unanimously.

**MINUTES -
1987 FOOTBALL ASSIGNING
SECRETARIES MEETING
May 8, 1987**

The annual meeting of the Football Assigning Secretaries of the Kentucky High School Athletic Association was held at the office of the K.H.S.A.A. at 10:00 A.M., Monday, May 18, 1987. The meeting was called to order by Billy V. Wise, Executive Assistant. Attending the meeting were: Joe Russell, Western Kentucky; Harold Mischel, Big Eight; Jack Goodman, Mid Kentucky; Don Metzger, Kentuckiana; Stan Steidel, Northern Kentucky; Kurt Duff (representing Shirley Watts), Central Kentucky; Paul Pietrowski (representing Ray Canady) 13th Region; Layne Tackett, 15th Region; Frank Firestine, 16th Region; DeLane Simpson, representative of Western Kentucky Conference; George Mercker and Julian Tackett, Sports Information Director, K.H.S.A.A.

The meeting opened with a discussion concerning assignment of officials to regular season games and pre-season bowl games. The secretaries reported that no serious problems existed in their area, except that there is a shortage of officials. There was some discussion concerning the recruitment of new officials and improving the quality of officiating from the officials we now have. Bill Wise announced that the Multiple State Reciprocal Registration Agreement between Indiana, Kentucky, Michigan, Ohio and West Virginia had been tabled for this year with the possibility that the plan might be implemented at a future date when some of the problems have been worked out.

Joe Russell, Jack Goodman and Don Metzger, a committee formed at the 1986 Football Assigning Secretaries' meeting made recommendations concerning the possible implementation of a new method for assigning state play-off final games, gave the following report and recommendations:

1. Each conference should, in its turn, be requested to submit one crew of officials to work a state championship game.

2. Each of the following conferences should be used once every two years in alternating years: Big Eight, Central Kentucky, Kentuckiana, Mid-Kentucky, Northern Kentucky, Western Kentucky.

3. Each of the following conferences should be used every four years on a rotating basis: 13th Region, 14th Region, 15th Region, 16th Region.

4. The Assigning Secretary of each conference should submit the names of the officials he feels should represent his conference. Once accepted by the Commissioner or his appointed representative, such assignment should be final.

5. The following rotation schedule was recommended:

Year 1 - Western Kentucky - Kentuckiana - Central Kentucky - 13th Region

Year 2 - Big Eight - Mid-Kentucky - Northern Kentucky - 16th Region

Year 3 - Western Kentucky - Kentuckiana - Central Kentucky - 15th Region

Year 4 - Big Eight - Mid-Kentucky - Northern Kentucky - 14th Region

NOTE: This rotation, if adopted, could be altered to eliminate any inequities it might cause because of time since the last assignment, or to remedy other existing inequities.

The committee also addressed several potential problems and recommended solutions:

Problem 1: During a conference's turn in the rotation, the conference places a team in each of the four play-off games.

Solution 1: The Commissioner or his appointed representative should notify the assigning secretary of the situation and withdraw the assignment. The Commissioner or his appointed representative should then contact another conference whose turn falls the following year to arrange a switch. The conference originally scheduled to work the

contest should not be penalized for their team's successes, but should be rewarded the following year.

Problem 2: After consultation with the Commissioner, an assigning secretary determines that he does not have sufficient personnel to staff a play-off game in his turn.

Solution 2: The Commissioner could contact another conference as referenced above. The Commissioner should, however, use his discretion in deciding whether a trade shall be made, or whether the conference should simply forfeit its turn.

Problem 3: A particular crew of officials in a certain conference seem to "have a corner on the market" and have received the state play-off assignment during that conference's previous two turns. It is now the time for the assigning secretary to make this year's assignment.

Solution 3: This decision has always been--and should always be--the decision of the assigning secretary with consultation and/or approval of the state office. The intent of the system is to insure that quality officials are present to officiate these important games. If a crew has been previously assigned to a state final, and another crew with similar qualifications and ratings is available, it is recommended that the assignment be given to the second crew. It is reiterated, however, that this should remain the decision of the assigning secretary who can best evaluate all of the variables.

A motion was made by Jack Goodman to implement the recommendations of this report on a 1 or 2 year trial basis. A second was made by Joe Russell. The vote was 4 in favor, 4 against and 1 abstention. The motion failed. Another motion made by Harold Mischel, seconded by Kurt Duff, that the assigning of officials for the play-offs remain the same as it is now. During discussion of this motion, Layne Tackett made an amendment to the motion, seconded by Don Metzger that the previous motion be accepted with some changes. Both motions were withdrawn without a vote. The assignments will be made as before.

Following a lengthy discussion of the numerical rating system, the following changes were recommended. It was recommended that if an official takes the Part II National Federation Test and makes a score of 75 or above, that he/she be given 5 points on their evaluation. The 10 points taken from the present rating system be given to the assigning secretaries (5 points) and the coaches (5 points). Clinic attendance was recommended to be valued at 5 points with the 5 difference being transferred to the coaches. This will give the assigning secretaries 50 points, the coaches 40 points, clinic attendance 5 points (no points for make-up clinic) and 5 points for taking Part II exam and making a score of 75 or better. A motion to adopt the recommendations was made by Frank Firestine, seconded by Harold Mischel. The vote was unanimous.

A committee was named to implement an evaluation plan for football officials similar to the computer plan the association is now using for basketball. The plan used for basketball is each school is sent a list of all basketball officials and the coaches are asked to rate only those officials they have used during the year. The coaches have cards in which to document the rating after using the official. These cards are kept on file for a period of time in the case verification of someone's rating is requested. The Committee is Julian Tackett, Stan Steidel, Jack Goodman, Don Stacy and Billy Wise. A report will be given at a later date.

George Mercker discussed more recent developments in litigation as it effects the assigning secretaries in their training of officials and their assignments. He also had some recommendations that they could carry back to their local associations and local boards.

After a period of general discussion, Don Metzger moved and a second was made by Kurt Duff that the meeting be adjourned.

NEW TRAINERS MANUAL A VALUABLE AID FOR SCHOOLS

The Institute for Public and Private Sector Initiatives had produced a special booklet to aid high schools, called the "High School Sports Injury Manual". This manual is very informative, and according to several experienced trainers, it is easy to understand, with simple, easy to follow, instructions. This manual is very thorough, and could help each school system in Kentucky. The manual sells for \$4.95 per copy, and is available by writing directly to the publisher at PPSI, 6991 East Camelback, #C-240, Scottsdale, Arizona, 85251. If a school or system orders in a large quantity, a discount is available.

SCHOOL TICKET ORDERS FOR BASKETBALL IN MAIL

The state basketball tournament ticket order forms have been mailed to the schools, as well as to public ticket patrons. It is important to circulate this material among all persons in the school who might desire to order tickets, as no add on orders will be accepted to the school or superintendent order. All additional orders submitted after receiving the ticket order form will be treated as public orders and will be filled on a first come, first served basis.

FOOTBALL PLAYOFF TICKET INFORMATION TO BE MAILED

In the next few weeks, information will be mailed to the schools relative to ordering tickets for the State Football Championships to be held at the Fairgrounds in Louisville over Thanksgiving weekend. We encourage each school to order enough tickets for the coaches and players on your team to attend the state finals.

IMPORTANT CHANGE IN INSURANCE COVERAGE RELATIVE TO CHEERLEADERS

Thus far, the Kentucky High School Athletic Association has been able to maintain liability and catastrophic insurance coverage for cheerleaders through the existing policy at no additional charge to the Association or the schools. In an effort to hold down the costs of insurance, the K.H.S.A.A. Board of Control recently adopted the following guidelines for limitations on cheerleader stunts which have been determined to be high risk -- 1) No mini trampolines or other height increasing apparatus allowed; 2) No flip dismounts from mounts (pyramids); 3) No knee drops; 4) No toe or thigh pitches; 5) No mount may be more than two people high, interpreted as follows: (a) Any person in a mount must have principle weight supported by a person whose principle weight support is the floor, (b) Additional persons used in the mount for support may not extend above the mount itself; 6) All maneuvers of the "swan dive" variety are not allowed.

Cheerleaders are subject to the general eligibility requirements of the Association to participate. This includes, but is not limited to, parental permission, enrollment and academic requirements, and a signed physician's statement to the effect he/she is physically fit to take severe exercise without undue risk.

These stunt limitations are only recommendations, however, cheerleaders from schools not adhering to these guidelines will not be covered by the blanket insurance plan and may have to seek additional coverage elsewhere.

SANCTIONS FOR CONTESTS INVOLVING OUT OF STATE TEAMS

Many questions arise when a member school attempts to schedule a game against a team from another state. Remember that the contest must go through the proper administrative channels to be considered a legal contest. The following can serve as a simple guide to athletic directors and principals --

If a game involves only one Kentucky school and one out of state school, and the other state adjoins Kentucky, no state Association or National Federation sanction is necessary;

If a meet or tournament involves one or more teams from outside the host state, and the invited teams are from adjoining state(s), National Federation sanction is not necessary. However the event must be sanctioned by the state Associations involved. It is the responsibility of the principal of the host school to initiate the sanction procedure;

In all other cases, both state Association and National Federation sanction is required. If you are the host school, contact Anne Wesley Mays at the Kentucky High School Athletic Association to obtain the sanction forms and begin the sanction process. The sanction process must be completed thirty (30) days prior to the event.
