## CHEMICAL HEALTH

### Latchkey Kids Are Higher Risk

"Latchkey children" are twice as likely to drink alcohol or smoke and nearly twice as likely to use marijuana, than their more supervised counterparts, according to a new study.

The study, reported in the September issue of *Pediatrics*, surveyed 4,932 8th-grade students in southern California. Of those, 68.4 percent reported caring for themselves after school for at least an hour each week.

Those who cared for themselves for more than 10 hours per week accounted for 28.6 percent of the respondents. This group was twice as likely to report a "high lifetime consumption" of alcohol (defined as having had at least 11 drinks), 2.1 times as likely to report frequent use of tobacco (a total of a pack or more of cigarettes), and 1.7 times as likely to have tried marijuana.

This "risk factor" was greater for unsupervised children regardless of sex, race, income, extracurricular activities, or school performance.

"There was no particular group that was protected from this effect," said Jean L. Richardson, associate professor of preventive medicine at the University of Southern California and primary author of the study. She said the study shows that "we all need to be concerned" about unsupervised children.

Students who were left alone for shorter periods of time reported slightly lower levels of substance use. For those left unsupervised five to 10 hours per week (15.7 percent of those surveyed), the relative risk for alcohol was 1.7 times as likely; for tobacco, 1.6; and for marijuana, 1.5.

The study also found that latchkey children were more likely to come from affluent neighborhoods and to be white. Richardson said she thought more afterschool programs and greater "parental monitoring" could help lower the rate of substance use among latchkey children.

The 8th-graders filled out the questionnaires themselves in a classroom. As a check on their answers, 2,185 parents also returned the surveys, and the answers were found to be similar.

The study was funded by a grant from the National Institute on Drug Abuse.

## MINUTES OF THE BOARD MEETING

October 14, 1989

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building in Lexington, Kentucky on Saturday, October 14, 1989. The meeting was called to order by President Sam Chandler at 9:00 a.m. with all Board members present except Charlie Miller. Others present were Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout and Sports Information Director Julian Tackett, State Board of Education Representative Harry Loy and K.H.S.A.A. Attorney Phil Scott. The Invocation was given by Mr. Alvis Johnson.

Mr. Chandler welcomed new Board member Eddie Saylor, who was elected to serve the unexpired term of Pearl Ray LeFevers.

Marvin Moore made a motion, seconded by Charles Henry, that the minutes of the July 28, 1989, meeting of the Board be approved. The motion passed. Huston DeHaven made a motion that the minutes of the West Eligibility Committee Meetings on September 5 and 20 be approved. C.K. Henry seconded the motion which passed. Jack Portwood moved that the minutes of the East Eligibility Committee Meeting held on August 29 be approved. David Points seconded the motion which passed.

Alvis Johnson made a motion, seconded by C.K. Henry, that all bills of the Association for the period beginning August 1, and ending September 30, 1989, be approved. The motion carried unanimously.

Johnny Belcher, Golf Coach at Caverna High School had requested an appeal before the Board to make a presentation regarding the change of Golf from the Spring season to the Fall season. Following his presentation, President Chandler suggested that Mr. Belcher's concerns be considered by the All-Sports Committee and that a recommendation be made at the December meeting.

Huston DeHaven moved that the Board go into Closed Session to discuss a personnel matter. Marvin Moore seconded the motion which passed.

Marvin Moore made a motion, seconded by C.K. Henry that the Board return to Open Session. The motion passed.

C.K. Henry moved that Article 4, Section 2b. of the Constitution be amended for clarity sake. David Points seconded the motion which carried unanimously.

Mr. Henry then made a motion, seconded by Sandy Allen, that Bob Rogers be eligible to sit as a member of the Board of Control. The motion passed by a vote of 9 to 2.

Commissioner Mills then discussed the 1988-89 Audit. He advised the Board that the major change was the addition of the TARGET Program. Alvis Johnson made a motion to accept the Audit as presented. Liz Trabant seconded the motion which carried unanimously.

President Chandler called on Commissioner Mills for a report of the Selection Committee for Sectional Directors. Following Mr. Mills report, Bob Rogers made a motion that the committee's recommendation be approved and that the following persons be employed as Sectional Directors:

Section 1 - Jerry Kimmel  
Section 2 - George Mercker

Section 3 - Jack Wise  
Section 4 - John Radjunas

Jack Portwood seconded the motion which passed unanimously.

Exec. Asst. Wise then gave the Building Committee's report. Following Mr. Wise's presentation, Marvin Moore made a motion that Comm. Mills be authorized to enter into an agreement on the purchase of the property. C.K. Henry seconded the motion which carried unanimously.

Commissioner Mills announced that the State Championship Football Playoff schedule is as follows:

|            |                                 |
|------------|---------------------------------|
| Class A    | 1:00 p.m., Friday, December 1   |
| Class AA   | 4:00 p.m., Friday, December 1   |
| Class AAA  | 1:00 p.m., Saturday, December 2 |
| Class AAAA | 4:00 p.m., Saturday, December 2 |

Mr. Wise announced that he had received bids on two automobiles to be purchased by the Association. After considering the bids, David Points made a motion to accept Frank Shoop's bid of \$26,758.00 which includes the use of a complimentary automobile. Marvin Moore seconded the motion which passed.

Mr. Wise then advised the Board of a letter he had received from Elkhorn City High School regarding a football game that they had canceled with Whitesburg High School due to a number of injured players. Following a lengthy discussion on the issue, Bob Rogers made a motion, seconded by C.K. Henry, that the forfeiture fee be waived for this season and that this years contract be honored during the 1990 season. The motion carried.

The next meeting of the Board will be held on December 1, 1989 at 9:00 a.m. for the purpose of hearing appeals and December 2 at 9:00 a.m. for the regular meeting.

Asst. Comm. Stout advised the Board of the dates and sites of the following State Championships:

Cross Country - November 4 - Kentucky Horse Park  
Soccer - November 9-11 - Eastern High School  
Wrestling - February 16-17 - Atherton High School  
Softball - May 24-26 - Owensboro  
Baseball - June 7-8 - Site not determined

Asst. Comm. DeVries presented the following request for change in the Girls' Tennis Region for the Board's consideration -- that Bullitt West and Bullitt Central be added to the West Jefferson Region. Sandy Allen moved that the above recommendation be approved. Huston DeHaven seconded the motion which passed. Ms. DeVries informed the Board that the State Volleyball Tournament will be held at Seneca High School on October 27-28. She also advised that the State Track and Tennis Championships will be held at the University of Kentucky on May 26 and May 31-June 2 respectively. Ms. DeVries reported that the next meeting of the All-Sports Committee will include a discussion regarding an increase in fee for Volleyball officials.

There being no further business, C.K. Henry made a motion to adjourn, Bob Rogers seconded the motion which carried unanimously.

**REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS**

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. *For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.*

Oldham County needs boys games on 12/15/89, 12/27-30/89, 1/12/90, 1/30/90, 2/9/90 and 2/10/90.

Interested schools should contact Coach Gary Forrest, or Tom Peterson, A.D., (502)222-9461.

Russell has open dates for boys basketball, 11/28, 1/23; and needs a girls' game on 2/12. Contact Jerry Klaiber, A.D.

**BASKETBALL/FOOTBALL ORDER FORMS NOW BEING ACCEPTED**

Ticket order forms for the State High School Football Championships and the Boys and Girls Basketball Tournaments have been mailed to the member schools and school systems. If you did not receive an order form, please request one today, do not wait until just prior to the event when you request may not be able to be filled.

**FOOTBALL SCHOOLS ENCOURAGED TO HOLD OFF ON SCHEDULES**

Due to the fact that there is the potential for a significant realignment in football, football playing schools are encouraged not to sign contracts which call for games beyond the 1990 season. The starting date will change in 1991, as well as the district alignment changes, and until this alignment is finalized, probably in the early spring, it would be advisable to hold off from finalizing schedules and contracts.

**NOTICE ON COACHING BOX**

Effective this fall, the K.H.S.A.A. is again in compliance with National Federation Playing Rules as they pertain to the coaching box. The box shall be six foot in length, beginning with the mid court line (hash mark) and extended towards the end line. The K.H.S.A.A. has diagrams available to assist in the placement of the box. Also, schools which are forced to use a bench configuration at the end of the floor must have permission from the K.H.S.A.A. in order to use this configuration. In addition, both benches must be in the same relative position, if one is on the end, both must be on the end.

## **IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS**

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game.

With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen and to press hard as the third copy is often illegible if done in pencil.

\*NOTE\* Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

## **SELECTION OF BASKETBALL BENCH OFFICIALS IS IMPORTANT**

Often, during the basketball season, the Association office receives reports of irregularities in a game due to a lack of assigning competent bench officials to score and time the game. Schools should pay close attention to the selection of these persons. Adults should be chosen who have a knowledge of the rules, a sense of impartiality, an interest in the game, and who are alert, willing to serve, and able to concentrate on their duties. The Official Basketball Rules recommends the Official Scorer wear identifying apparel and his or her location be clearly marked. Schools should make every effort to abide by this recommendation during the season.

From an article by M.F. Springer, the following tips are suggested --

- 1) Choose Adults. A high school senior or one of last June's graduates will have the interest and enthusiasm, but may lack the poise, impartiality and judgement.
- 2) Choose someone who has had some playing, coaching or officiating experience.
- 3) Choose officials who can and will be present at every home game. It may be an honor to act as Timer or Scorer, but it's not an honor which should be passed around every game.
- 4) If faculty members are available for these jobs, they usually do the best work, though there are exceptions.
- 5) Above all, choose someone with plenty of poise, good judgement, a sense of impartiality and one who you are sure will be able to forget the score and concentrate on his or her job.

## **OPEN DATES SOLICITED FOR FOOTBALL SCHOOLS**

Many schools are working on 1990 football schedules. With this in mind, please submit your open dates to this office so that we may again compile a list to assist you in scheduling. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number. The following dates have been submitted --

**Mt. Healthy High School** in Cincinnati is seeking a football game on August 31 or September 1; or September 7 or September 8. Mt. Healthy has approximately 525 boys in the top three grades. Schools interested should contact Jim Reynolds, (513)729-0130.

**Oldham County High School** is seeking a football game on October 26, 1990. Schools interested should contact Tom Peterson, Athletic Director at (502)222-9775.

**Portsmouth West High School** in Portsmouth, Ohio is seeking a football game on October 5, 1990. Schools interested should contact Paul Mecker, Athletic Director at (614)858-6669.

**Rock Hill High School** in Ironton, Ohio (approximately 650 students) is seeking a football game on October 19 or 20, 1990. Schools interested should contact Chris Lester, Athletic Director at (614)533-3417.

**Wheelerburg High School** in Wheelerburg, Ohio is seeking a football game on August 31 or September 1, 1990, September 28 or September 29. Schools interested should contact Jim Gill, Athletic Director at (614)574-2527.

**Withrow High School** in Cincinnati, Ohio is seeking a football game on September 7 or 8, 1990. Schools interested should contact Dale Mueller, Football Coach at (513)533-5733.

## 1989-90 NATIONAL FEDERATION BASKETBALL RULE INTERPRETATIONS PART I

### PUBLICATION CORRECTIONS

#### Rules Book

Pg. 29 and 71, in 4039e, change "defensive" to "offensive"

#### Case Book

Pg. 15, Play 38, item (c), add ---"and any nonflagrant foul against A1 in the act of shooting"

Pg. 33, Deleate Play 4.18.1

Pg. 38, Deleate Play 4.38c

Pg. 55, Play 7.5.2B, in (c) change "defense" to "offense"

#### Illustrated

Pg 7, top - change "1/2" to "1/4"

**SITUATION #1:** The game is being played in a gymnasium which has the permissible red lights mounted behind each backboard. A1 takes a shot just as the 4th quarter is about to end. The gym is very noisy and the trail official is unable to hear the horn but the red light does go on just after the ball leaves A1's hands. The try is successful. The timers disagree as to whether or not the horn sounded before the ball was in flight.

**RULING:** Even though the red light did go on it cannot be used as the only basis for a ruling. The referee will have to make the final decision and in this case would rule the goal counts. (1-14, 2-13-3)

**SITUATION #2:** Substitute A6 reports to the scorer just after the warning signal is sounded during a time-out. The scorer advises A6 that he or she is still not allowed to enter until the next opportunity for substitution. The Team A coach beckons A6 to return to the bench.

**RULING:** This is permissible. The substitute is not obligated to remain at the table. However, A6 would have to report again before being allowed to enter the court. If A6 remains at the table he or she may actually replace a different player if such request is made when the next opportunity for substitution occurs. (3-3-1a)

**SITUATION #3:** The players of Team A are wearing shirts which have "Excelsior" in a straight horizontal line above the number and "Springs" below the number on the number. In addition, "Lady" is printed vertically on one side and "Tigers" on the opposite side of the number.

**RULING:** If the number is clearly visible, the names surrounding the number are allowed as described. Two identifying names are permitted and placement may be horizontal and/or vertical.

**SITUATION #4:** If a team has illegal uniforms because of lettering or numbers - other than identical numbers - what is the penalty?

**RULING:** Each squad member who reports to enter would be charged with a technical foul. Once penalized, no further penalty is authorized for the infraction. The illegal shirt may be worn without further penalty. (3-4-2, 10-3-4)

**SITUATION #5:** A1's dribble is interrupted when the ball deflects off his or her foot and bounces away. Both A1 and B1 move quickly to get the ball. A1 pushes B1 and the contact is judged to be a foul.

**RULING:** A player control foul is charged to A1. Even though the dribble was interrupted, A1 was still in player control because the dribble had not ended. (4-15-4, 5)

**SITUATION #6:** A2 orally requests a timeout (a) when the ball is on the floor at A1's disposal for a throw-in, or (b) while A1 is running with the ball along the end line during a throw-in, or (c) when A1's throw-in pass is in flight toward A2.

**RULING:** The request is granted in (a) and (b), but denied in (c). In (c) there is no player control once A1 passes the ball. (5-8-3a)

**SITUATION #7:** A2 is positioned within the restricted area of the lane while A1 has the ball out-of-bounds for a throw-in at a spot outside the end line by A's basket. Since A1 and Team A are in control, is the 3-second count in effect?

**RULING:** No. The 3-second count does not begin until Team A has control in A's frontcourt. While player and team control exists, there actually is not control in either the front-court or backcourt as the thrower is out-of-bounds and as such is not in either court. (4-12-5, 6, 9-7)

**COMMENT:** The same interpretation exists on a throw-in as it affects a backcourt violation. The ball is not thrown from one court to another on a throw-in. The over and back provision is not activated until a player inbounds gains control of the ball.

**SITUATION #8:** Following a goal the ball is lying on the floor outside the end line and A2 could pick it up for the throw-in if he or she wanted to. However, A1 is busy giving directions to teammates. The covering official judges the ball is available to A1 and so he or she begins the throw-in count. The count is at 4 when A1 requests a time-out with the ball still on the floor.

**RULING:** The request is granted as a timeout is permissible when the ball is at the disposal of the thrower. When the ball is available to the thrower, it is at his or her disposal. However, once the throw-in pass is released inbounds, a time-out may not be granted until a player is again in control. (4-4-7, 5-8-3a)

**SITUATION #9:** A1 is fouled in the act of shooting by B1. A1's try is batted away from the basket by B2. B2 is charged with defensive goaltending.

**RULING:** A1 is credited with 2 points and will be awarded 1 free throw for the foul by B1. The lane will not be cleared for A1's free throw attempt. If the free throw is made, the throw-in by Team B will be from anywhere along the end line. (7-5-6)

**SITUATION #10:** A1 commits an airborne shooter player control foul after releasing the ball on a try. The ball goes through the basket immediately after the foul.

**RULING:** No goal can be scored because of the player control foul. The throw-in by B is from a designated spot out-of-bounds nearest to where A1's foul occurred. (7-5-4)

**SITUATION #11:** B1 goaltends on airborne shooter A1's try. A1 fouls B1 in returning to the court.

**RULING:** Since no free throws result for the player control foul, B's throw-in is from anywhere along the end line because of the goal awarded for B1's violation. (7-5-6, 9-12 Pen. 1)

**SITUATION #12:** A1 has the ball for a throw-in from near the division line. A1 lobs the ball toward A's basket for an apparent catch and dunk attempt by A2. The pass is slightly off course and goes directly through A's basket.

**RULING:** No goal can be scored if a throw-in goes through the basket before being touched by an inbounds player. The throw-in for B will be from the spot A1 violated, which is the spot from which A1 threw the ball. (5-1, 9-3-6)

**SITUATION #13:** Team A still trails by 2 points after scoring a goal with just 10 seconds on the clock in the 4th quarter of play. As the ball comes through the net, A1 steps out-of-bounds and grabs the ball. A1 immediately inbounds the ball to A2 who jumps and lays the ball into and through A's basket. Team B and the officials are confused and the scorer is signalling for an official to come to the table to explain what is going on.

**RULING:** Charge Team A with a technical foul for an unsportsmanlike act and cancel the goal. In addition, the referee shall put consumed time back on the clock. (10-1-8)

**COMMENT:** Reportedly, this situation is an example of what some teams are doing in order to win or score. Since a live ball went through the basket one could argue that 2 points should be scored. On the other hand, Team A is not entitled to the throw-in after scoring. In this situation it is obvious Team A did it purposely and with intent to score or confuse as a result of confusion or lack of specific rules coverage. Team A should not be able to gain any advantage and should be penalized as outlined in the ruling. This special interpretation has been authorized for this particular situation only.

**SITUATION #14:** Following a goal by Team A, Team B takes a time-out. Following the time-out, the administering official mistakenly indicates a throw-in for Team A. A1 inbounds the ball and A2 scores within a few seconds of play. Following the score: (a) one of the officials; or (b) the Team B captain; or (c) the scorer, gets play stopped and questions the referee regarding the situation.

**RULING:** In (a), (b) and (c) the goal is cancelled and consumed time is put back on the clock. Team B is awarded the ball for a throw-in anywhere along the end line. Team A would not be penalized as it was not their action which caused or resulted in a throw-in by A following a goal by A. (2-3)

**SITUATION #15:** Immediately following a goal by A1, A2 inbounds the ball and: (a) A3 scores a goal followed by a throw-in by Team B; or (b) it is intercepted by B1. In both cases the ball subsequently becomes dead and the throw-in by A2 is questioned.

**RULING:** In (a) once the throw-in begins after A3's goal it is too late to cancel the score or penalize Team A. In (b) the game will resume from the point of interruption. No action will be taken against Team A in either situation. The unauthorized throw-in procedure is limited to discovery before the next throw-in begins following a score by Team A or before Team B gains control of the ball. (10-1-8)

**SITUATION #16:** Following a goal by A1, A2 purposely grabs the ball as it comes through the basket and inbounds it to A3. A3 passes the ball to a teammate and play continues until B1 is called for a blocking foul. At this point, the referee recognizes Team A had an unauthorized throw-in.

**RULING:** Charge Team A with a technical foul and cancel the common foul charged to B1. Consumed time is put on the clock and play resumes with the 2 free throws awarded by Team B. (10-1-8)

**SITUATION #17:** A1's try for goal is in flight toward A's basket when A2 leaps and grasps the ring.

**RULING:** The foul does not cause the ball to become dead until the try ends by being successful or clearly unsuccessful. When the ball does become dead, A2 is charged with a technical foul. (4-35-4, 6-7 Exp. a; 10-3-6)

**SITUATION #18:** A1's try for goal is in flight when A2 is called for swinging elbows excessively and then a throw-in by Team B. (10-1-8)

**RULING:** The violation causes the ball to become dead immediately and no goal can be scored. The ball is awarded to Team B for a throw-in from the out-of-bounds spot nearest the violation. (6-7-9, 9-10)

## 1989-90 NATIONAL FEDERATION WRESTLING RULE INTERPRETATIONS PART I

**SITUATION #1:** Wrestler A has Wrestler B in a pinning situation and Wrestler B places his hand over the mouth and nose of Wrestler A. The referee removes the hand and wrestling continues. When should the referee indicate the points for this violation by Wrestler B?

**RULING:** In a pinning situation the referee does not stop the match to penalize the defensive wrestler. The referee will, however, stop the match as soon as the situation has concluded. At that time he will give a hand signal to indicate the points to be awarded to Wrestler A. Once this infraction occurs against Wrestler B, Wrestler B cannot score any points as far as reversing Wrestler A or escaping from the situation. As soon as the pinning situation has concluded the referee shall stop the match, award points and restart the contestants at the center of the mat with Wrestler A in the offensive position. (8-1-1b)

**SITUATION #2:** The score of the match is Wrestler A-14 and Wrestler B-1. Wrestler A reverses Wrestler B and takes Wrestler B straight to his back in a near fall situation. Both shoulders and both scapula of Wrestler B are out-of-bounds and Wrestler A is inbounds as he completes this reversal taking Wrestler B to his back. Does the match continue or should it be stopped because Wrestler A earns a two-point advantage over his opponent.

**RULING:** Even though Wrestler A has a fifteen-point differential in the match the match will continue because of the near fall situation. The referee cannot start the near fall count because of Wrestler B's shoulder and scapula being out-of-bounds but the referee does allow the situation to continue. In a pinning situation wrestling shall continue as long as there is a possibility of the offensive wrestler bringing his opponent back into bounds area. (6-2-7, 5-1-2)

**SITUATION #3:** An individual reports to the weigh-in with his hair braided and rolled up in a bun. Is it permissible for him to compete?

**RULING:** The rule now states that the hair must be in its natural state and when it is in that state it cannot extend below the top of an ordinary shirt collar in the back or, on the sides, the hair shall not extend below earlobe level. By natural state we mean the hair cannot be pinned up, tied up, braided, held by a net, etc. The individual would have to unbraided and then, if the hair extends below the top of an ordinary shirt collar in the back, and on the sides, if it extends below the earlobe level, he would not be able to compete in high school competition. (4-2-1)

**SITUATION #4:** The coach from School A calls School B and informs them that for the dual meet coming up weigh-in for each team will take place at the home school and can be done anytime during the school day. Is this change allowable under the weigh-in procedures outlined in the high school wrestling rules book?

**RULING:** There is a change in the weigh-in procedure for the 1989-90 season which does allow the high school association to adopt whatever weigh-in procedures that best fits their individual needs. If the state association office has not established a guideline for change, the weigh-in procedure for dual meets shall take place at the site of the dual meet and shall extend no longer than 30 minutes in length. Each contestant shall have the opportunity to weigh-in should to should a maximum of one hour and a minimum of one-half hour before the scheduled time the dual meet is to begin. (4-5-1)

**SITUATION #5:** In a dual meet the visiting team is required to send their 140-pound contestant to the mat first. The coach of the home team, forgetting the new rule change, sends his wrestler to the mat prior to the visiting contestant going onto the mat. Once the visiting contestant appears on the mat, is it permissible for the home team coach to change contestants?

**RULING:** The rule change this year alternates between home and visitor as to which contestant is required to appear on the mat first. Once that individual appears on the mat he cannot be withdrawn or replaced. This, however, does not apply to the other contestant and he could be withdrawn or replaced. In the situation described above the coach of the home team could change contestants. (6-2-2)

**SITUATION #6:** A coach goes to the scorer's table and is very upset about the call that an official has made on the mat. He expresses himself in a very unsportsmanlike manner concerning a call that the official has just made. What is the proper procedure for the referee to follow in this situation?

**RULING:** Anytime a coach expresses himself in an unsportsmanlike manner the referee shall deduct one-team point for the first penalty and, if there should be an additional penalty, the coach would be removed from the premises and an additional one-team point would be deducted.

**COMMENTS:** The change in Rule 6-6-6 this year does allow a coach to approach the scorer's table to discuss any matter with the referee. He may even discuss disagreement with a judgment call but it must be done in a sportsmanship like manner. Anytime a coach expresses himself in an unsportsmanlike manner he shall be penalized immediately regardless of the reason. (6-6-6, 7-5-3)

**SITUATION #7:** Wrestler A has a severe nosebleed and, while the coach is attending to his problem, he also is offering his contestant some advice on how to continue the match. The referee is standing by the bleeding contestant and overhears what the coach has said. What is the correct procedure for the referee to follow?

**RULING:** This is now considered as a violation to the coach of the bleeding contestant and the coach would be penalized for unsportsmanlike conduct. (8-2-6)

**SITUATION #8:** The score of the match is Wrestler A-13 and Wrestler B-0. The contestants are in a neutral position when Wrestler A obtains a bearhug on Wrestler B and takes him to the mat directly to his back. As the referee gets down on the mat he awards a two-point takedown to Wrestler A and shortly thereafter slaps the mat indicating a fall by Wrestler A over Wrestler B. The coach of Wrestler B goes to the scorer's table immediately asking for a conference with the referee concerning what has transpired. During the conversation with the referee the coach of Wrestler B asks why the match was not terminated and Wrestler A awarded the match by a technical fall when the takedown was awarded instead of allowing the match to continue and earning a fall. What is the correct procedure for the referee to follow?

**RULING:** The rule change this year does allow match to continue even though a fifteen-point differential has been earned, if, in earning the technical fall, the individual was placed directly on his back. This could be through either a takedown or reversal. In the situation described the takedown was directly to the back therefore the match continues until the situation has concluded. (8-2-7)

**SITUATION #9:** Wrestler A and Wrestler B are in the neutral position and Wrestler B is a sight-handicapped wrestler. They are using the finger-touch method in the neutral position and, just prior to Wrestler A initiating a takedown, he releases contact with his opponent, takes a half step backwards and then shoots a double leg. Is this a permissible maneuver?

**RULING:** In wrestling matches that have one or more sight-handicapped wrestlers, contact shall be maintained throughout the entire match. This maneuver by Wrestler A is not legal and the referee needs to stop the match and restart it in the neutral position. (6-2-4)

**SITUATION #10:** Wrestler A has the advantage position for the beginning of the second period and, as he gets down to cover his opponent, instead of grasping the left elbow he grasps the left upper arm. What is the correct procedure for the referee?

**RULING:** This is an incorrect starting position and the first time it occurs the referee shall simply correct the position and restart the match. If it should occur a second time the referee will issue a caution and, if it occurs a third time, there would be a one-match point penalty. (7-3-1)

**SITUATION #11:** When coaches submit their names of competitors to the scorer's table before a match in a dual meet, can he change his entries after the first match has started by substituting another eligible wrestler in at a later match?

**RULING:** You are allowed to weigh-in as many competitors for each weight class that you so desire. You do not have to stipulate what wrestler will be wrestling at what weight class until you actually send that individual out on the mat. If you have weighed-in, for example, two individuals at the 145-pound class you may wrestle one of them at 145 and you could wrestle the other one at 152. (1-2)

**SITUATION #12:** The visiting team has two 119 pounders. One of them wrestles at 119 and the other one goes to the mat for the 125-pound class. The home team has no one to wrestle at 125 and the referee raises the hand of the wrestler from the visiting team. When the visiting coach sees that there is no one to wrestle at the 125-pound class he asks the referee to declare a double forfeit and the referee does change his mind with no one offering any disagreement. The visiting coach then sends his 119 pounder to the mat for the 130-pound match. The home coach says that he must receive a forfeit for his 130 pounder because the visiting team wrestler is not eligible.

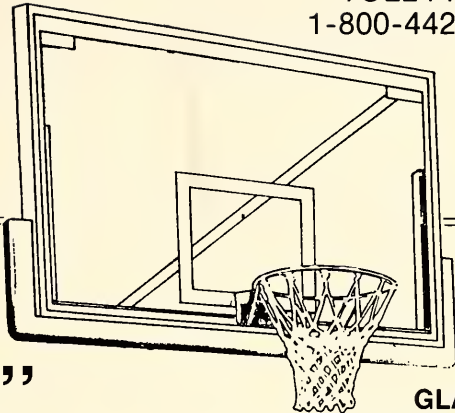

**RULING:** There are several errors and the first one is that once the referee has raised the hand of the 119 pounder wrestling at 125 pounds he cannot reverse his call. However, once the referee makes this error, it cannot be corrected at a later time. This is what the visiting coach wanted after he found that his 119 pounder could not wrestle at 130 pounds. He wanted the referee to go back and delete his request to receive a forfeit at 125. (1-2-4 & 5)
