In eight short years 140,000 coaches and officials have joined NFICA and NFIOA. The NFICA/NFIOA Boards of Directors decided in 1987 that it was time to serve member coaches and officials with a NATIONAL CONFERENCE. The first three are history and the fourth will be held at the EXCELSIOR HOTEL ON THE ARKANSAS RIVERFRONT, July 25-29, 1990.

In response to attendee suggestions at the first three conferences, more in-depth coaching and officiating schools featuring top national clinicians have been added.

SOME HIGHLIGHTS

- Official NF interpreter meetings for fall sports have been moved from Kansas City to Little Rock just preceding the Conference
- Over 100 breakouts and speakers in nine 1 1/4 hour clinics plus general sessions
- Actual "on the court" demonstrations and video critiques
- Extensive video instruction techniques
- Sectional and National Awards Banquet
- Annual business meetings of the NFICA & NFIOA
- Exhibit area featuring major suppliers
- Fabulous door prizes
- Spouse breakfast gifts, program and tours
- FCA breakfast
- Arkansas hospitality party and All Star Games
- Much, much more is being planned

MINUTES OF THE BOARD MEETING January 19-20, 1990

APPEALS HEARINGS

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn in Louisville, Kentucky on Friday afternoon, January 19, 1990 for the purpose of hearing appeals. The meeting was called to order by President Sam Chandler at 1:00 p.m. Present were all Board members, Commissioner Tom Mills, Executive Assistant Billy Wise, Assistant Commissioner Brigid DeVries and Sports Information Director Julian Tackett. Mr. Harry Loy, representing the State Department of Education was also present. The invocation was given by Mr. Sam Chandler.

President Chandler called on Ms. Beverly Basham who had requested a hearing before the Board on behalf of her daughter, Kerry, a student at duPont Manual High School. Following Ms. Basham's appeal and questions to her by the Board members, C.K. Henry made a motion that the Board waive By-Law 6, Transfer Rule and declare Kerry eligible to participate in interscholastic athletics. Liz Trabant seconded the motion which passed unanimously.

The next appeal was presented by Commissioner Tom Mills on behalf of Jody Noble. Mr. Mills read a letter from John Paul Amis, Buckhorn High School, regarding Jody's medical history and a request for an extra year of eligibility. Following Mr. Mills presentation and discussion thereof, Bob Rogers made a motion, seconded by Alvis Johnson, that the Board grant Jody Noble another year of eligibility. The motion passed unanimously. Therefore, Jody may participate in interscholastic athletics during the 1990-91 school year.

Commissioner Mills next presentation was on behalf of Principal Thomas Swartz, Pikeville High School regarding his appeal of the site of the 1990 Girls 15th Region Basketball Tournament. Following a discussion of Pikeville's request, Bob Rogers made a motion to deny Pikeville's appeal and leave the tournament at Elkhorn City. Eddie Saylor seconded the motion which passed.

Alvis Johnson made a motion, seconded by C.K. Henry that the Board direct the Commissioner to invite member schools in each basketball district and region throughout the state to adopt a rotation plan for tournament sites, to be submitted to the Commissioner for consideration. The Commissioner would be guided by these recommendations except in cases where it was obvious that a school or schools capable of hosting the tournament were arbitrarily omitted from the rotation plan. The motion passed unanimously.

The next appeal of a regional tournament site was from Supt. Eddie Brown, McCreary County Schools. The Commissioner had set the site of the 12th Region Boys' Tournament at Lincoln County High School. Following a lengthy discussion of Supt. Brown's request, Bob Rogers made a motion that his appeal be denied. Sandy Allen seconded the motion which passed unanimously.

There being no further appeals, President Chandler called for selected items of business from the regular Agenda to be considered.

President Chandler appointed the following committee to study a proposal to be sponsored by the Board of Control on the subject of academic requirements as they relate to participation in interscholastic athletics: Bob Rogers, Charlie Miller, Sandy Allen and Alvis Johnson.

Asst. Commissioner DeVries presented recommendations to the Board from the Track and Field Committee. Following a discussion of these recommendations, President Chandler referred these items to the All-Sports Committee and requested they make a report at the March meeting.

Exec. Asst. Wise then presented a request from Virgie High School to remain in Class A football for the 1990 season. The fact that Virgie is consolidating with Dorton to become Shelby Valley High School and the fact that some players will have had no football experience was the basis for the request. (Dorton has not fielded a football team in the past.) Marvin Moore made a motion, seconded by Charles Miller that Virgie's request be accepted. The motion passed.

Following a discussion of a request from the University of Alabama for the K.H.S.A.A. to survey schools assessing the needs for Athletic Trainers at the secondary school level in interscholastic athletics, Marvin Moore made a motion that their request be approved and that the Board encourage state-wide support. Charles Miller seconded the motion which passed unanimously.

A discussion ensued with regard to moving Soccer from a Fall sport to Spring. A motion was made by Bob Rogers that the Commissioner's office survey the soccer schools for their input on this issue. C.K. Henry seconded the motion which passed by a vote of 10-2.

Executive Asst. Wise recommended to the Board that the officials for the District and Regional Basketball Tournaments be assigned as follows: that all Associations work within the region, but outside of the district of residence for the District Tournament assignments; and for the Regional Tournament, officials will work outside of the region. Huston DeHaven made a motion that the recommendation be accepted. The Board emphasized that no exceptions should be made to this policy.

Mr. Wise reported that \$429,855, in ticket sales has been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament has netted \$20,840.

The meeting was adjourned until 9:00 a.m., Saturday, January 20.

MINUTES OF THE BOARD MEETING January 20, 1990

The Board of Control of the Kentucky High School Athletic Association met at the Executive East, Louisville, Kentucky, on Saturday morning, January 20, 1990. The meeting was called to order by President Sam Chandler at 9:00 a.m. Present were all Board members, Commissioner Tom Mills, Executive Assistant Billy Wise, Assistant Commissioners Brigid DeVries and Louis Stout, S.I.D. Julian Tackett and Sectional Director Jerry Kimmel. Mr. Harry Loy, representing the State Department of Education was also present. The invocation was given by Mr. Chandler.

C.K. Henry made a motion that the minutes of the December 1-2, 1989, meeting be approved with one change. Eddie Saylor seconded the motion, which carried unanimously.

Alvis Johnson made a motion, seconded by Liz Trabant, that the bills of the Association for the period November 1 through December 31 be approved. The motion carried unanimously.

Following a lengthy discussion on the need to change By-Law 6, Transfer Rule as it relates to domestic and foreign exchange students, Bob Rogers moved that the schools be sent a Referendum for their consideration. Sandy Allen seconded the motion which passed unanimously.

BOARD OF CONTROL

President - Sam Chandler (1986-1990) Shelbyville; Vice-President - David Points (1988-1991) Mt. Sterling; Directors - Sandy Allen (1988-1992) Louisville, Huston DeHaven (1987-1991) Hardinsburg, Charles Henry (1988-1992) Paducah, Alvis Johnson, (1989-1993) Harrodsburg, Charles Miller (1986-1990) Louisville, Marvin Moore (1988-1992) Morehead, Jack Portwood (1989-1993) Stanford, Bob Rogers (1989-1993) Murray, Eddie Saylor (1989-1992) Moulis, Liz Trabandt (1988-1991) Ashland; State Department of Education - Harry Loy, Frankfort.

President Chandler then called on Charles Miller, Chairman of the Football Committee for his report. The committee presented a proposed realignment for 1991-1994 to be considered by the football schools. The Board also discussed submitting two Referendums to the schools regarding By-Law 25, Section 4. The Referendums deal with improvement of the present playoff system to allow the top four (4) teams in each district to advance to the play-offs and a later starting date for organized practice in pads. Bob Rogers moved that the Board accept the Football Committee's request to submit these Referendums to the schools. C.K. Henry seconded the motion which passed.

The next item on the Agenda was a presentation by David Hollon, Asst. Supt. Muhlenberg County Board of Education, regarding their football program. Due to the fact that seven of the county schools are consolidating into two schools, Mr. Hollon, along with other representatives of Muhlenberg County Schools, addressed concerns regarding their present position in the district alignment. President Chandler advised Mr. Hollon and others that their concerns would be given every consideration.

Following a discussion on the need to assign new and consolidated schools to basketball districts, it was decided that this item of business be deferred to the March meeting of the Board.

Commissioner Mills then discussed with Board members several proposals to be considered by the 1990 Delegate Assembly. Topics included in the proposals are: increasing the Board's number to 22 members; lifetime membership to the K.H.S.A.A.; amendment to the Limitation of Seasons; dates and sites of regional basketball tournaments.

Following a discussion to increase the number of players that may dress for district, regional and state basketball tournament play, Alvis Johnson made a motion that the Board allow fifteen (15) players to dress for tournament play to be effective immediately. However, the Board will reimburse for twelve (12) players at the State Tournament. Eddie Saylor seconded the motion which passed unanimously.

Upon the recommendation of Commissioner Mills, Alvis Johnson made a motion, seconded by Charles Henry, that the Commissioner be empowered to grant each team that participated in the State Football Playoff Finals \$1,200.00 to help defray expenses. The motion carried unanimously.

Exec. Asst. Wise reported to the Board that the Final Report for the Football Playoffs and the report on the Hall of Fame game will be presented at the March meeting.

Commissioner Stout advised the Board of the recent Baseball Committee Meeting and the recommendation of the Baseball Umpires Association regarding a request for increase in game fees. Following a discussion of the suggested increase, Bob Rogers made a motion that the game fees be as follows: \$27.50/game; \$55.00/double header; .15/per mile -- all over 50 miles. David Points seconded the motion which passed by a vote of 10-1.

Commissioner DeVries discussed two items with the Board: a letter from Lawrence County regarding Fall Tennis and a new fee structure for Volleyball. Both items were referred to the All-Sports Committee.

Executive Asst. Wise advised that the next meeting of the Board has been set for March 16 at 8:30 a.m. in Bowling Green. Any appeals will be heard at the Regular Meeting.

The Board requested Commissioner Mills to request bids for hosting the 1992 Boys and Girls State Basketball Tournaments for presentation at the April meeting.

Alvis Johnson made a motion that the meeting be adjourned. Charles Henry seconded the motion which carried unanimously.

STATE GOLF COMMITTEE MEETING

January 22, 1990

The State Golf Committee for the Kentucky High School Athletic Association met on Monday, January 22, 1990, at the Kentucky High School Athletic Association Office in Lexington. The meeting was called to order by Billy V. Wise, Executive Assistant, at 10:00 A.M. Attending the meeting were Cathy Gullett, Ernie Denham, Bill Frost, Dave Bair, Kim Gunning, Joseph Fresley, Lou Brown, Marty Donlon, John Hackett, Danny Spillman and Larry Schmidt. Bridg DeVries, Assistant Commissioner also attended the meeting.

All information for State and Regional Tournaments was reviewed and minor changes were made for the current season. The Kentucky High School Athletic Association announced that the Boys' State Tournament would be held at Lincoln Trail Country Club, Elizabethtown, Kentucky. Date for the Regionals: May 21-23, 1990. Date for the State: May 30-31, 1990. Earl Cox announced that there will be a cook-out at the Lincoln Trail Country Club on May 29 for all participants and coaches in both the boys' and girls' tournaments.

Danny Spillman made a motion, seconded by John Hackett that five schools from the Bowling Green Region be moved to the West Jefferson Region. These schools are: Elizabethtown, Fort Knox, East Hardin, North Hardin and West Hardin. The vote was unanimous.

There was also some discussion that there were too many schools in the Frankfort Region. Dave Bair and Bill Frost are to work on dividing the Washington County Region and the Frankfort Region into three regions for the 1990 fall season.

Larry Schmidt suggested that the Kentucky Golfers Association provide a state wide clinic for all coaches. After much discussion it was suggested that they set up one clinic and see what response is received. Hopefully in the future there would be several clinics set up throughout the state so more coaches could participate.

There was a lengthy discussion concerning the 1990 fall golf season. The Golf Committee made a proposal regarding season play and dates for the Regional and State Tournaments for 1990. This proposal will be submitted to the Board of Control for discussion and approval, after which it will be presented to the Delegate Assembly in April for their approval. The motion made by John Hackett, seconded by Larry Schmidt is as follows: (1) organized golf practice cannot begin prior to July 15 (2) the season will begin August 20 and end the first week in October (3) Regional Play will be October 8-10 (4) the State Golf Tournament will be October 16-17. The vote was unanimous.

Cathy Gullett proposed that teams be allowed to designate five golfers and play four for both regional and state tournament play, effective in the fall of 1990. Marty Donlon made the motion, seconded by Cathy Gullett that this proposal be presented to the All-Sports Committee and then to the Board of Control for approval. Committee members were unanimous in their support for this proposal.

There being no further business, the meeting was adjourned.

STATE SOFTBALL COMMITTEE MEETING

February 10, 1990

The 1990 State Softball Committee meeting was held in Lexington, Kentucky on February 10 at the Kentucky High School Athletic Association office. Those members present were: Tim Moore, Chairman, Northern Kentucky, Jim Perrin, Western Kentucky, Steve Kaufman, Louisville, Ed Holbrook, Southern/Eastern, Jennifer Mertle, Northern Kentucky. We had two members that could not be present for the meeting.

The committee discussed the District sites for the 1990 season and felt that due to some changes in the alignment for this season, that an effort be made by each district to vote to have the tournament rotated each year providing the facilities would permit this to take place.

Those districts that have not been assigned for this year will be contacted by the softball committee members as to the district sites for this season. The Regional sites that have been made will be as assigned unless the realignment will cause a change. The committee has recommended for the 1991 season that all regional sites be placed on rotating basis where possible.

The committee approved the sites for the 1990 district and regional sites where the realignment do not call for the district or regional to be reassigned. Concerning the site for the 1991 state softball tournament, Steve Kaufman, Louisville, made the motion that the state tournament be held in Owensboro, Kentucky. Jim Perrin, West Kentucky seconded the motion. The motion passed unanimously. The Committee recommended that the post season tournament games be played with the non-restricted ball (White Stitch). The motion was made by Jim Perrin and seconded by Ed Holbrook. The motion passed unanimously.

The committee recommended that Tim Moore contact the Eight Region Athletic Directors/Coaches to determine the alignment in each of the four districts. The committee recommended that for travel reasons, Clark County be moved to District 40, Region 11 beginning with this season. **However, after discussing the possible change with Clark County, and since their schedule has been completed for the 1990 season, they have requested to remain in district 38 for this season and be placed in district 40 for the 1991 season.**

The committee recommended that Region 12 be realigned to satisfy the travel for the schools in the Eastern Kentucky area.

The realignment will take place in the districts beginning with:

DISTRICT 43 - Pulaski County, Laurel County, Corbin, Rockcastle, Somerset.

DISTRICT 44 - Knox Central, Whitley County, Williamsburg, Oneida Baptist Institute, Lynn Camp.

DISTRICT 45 - Monticello, Russell County, Wayne County, McCreary Central, Casey County.

DISTRICT 46 - Cawood, Everts, Middlesboro, Bell County, Red Bird, Pineville.

The committee recommended that Region 12 be realigned as outlined and presented by Ed Holbrook. Motion was made by Tim Moore, second by Steve Kaufman. Motion passed unanimously.

Ed Holbrook presented the changes and alignments for Region 13.

Recommended changes:

DISTRICT 47 - Cordia, Hazard, M.C. Napier, Leslie County, Dilce Combs.

DISTRICT 48 - Knott County, Letcher County, Whitesburg, June Buchanan.

DISTRICT 49 - Breathitt County, Buckhorn, Jackson City, Jackson County, Riverside.

DISTRICT 50 - Menifee County, Wolfe County, Lee County, Powell County.

Applications are now available for the 1990 U.S. Olympic Festival Regional Trials, and the 1990 USA National Team trials for women's basketball. The applications may be copied and distributed, but please make sure that nothing is omitted. The instructions on the applications should be self-explanatory, and are available by calling (719)632 7687.

FOOTBALL SCHOOLS ENCOURAGED TO HOLD OFF ON SCHEDULES

Due to the fact that there is the potential for a significant realignment in football, football playing schools are encouraged not to sign contracts which call for games beyond the 1990 season. The starting date will change in 1991, as well as the district alignment changes, and until this alignment is finalized, probably in the early spring, it would be advisable to hold off from finalizing schedules and contracts. A meeting to further discuss the alignment will be held on Wednesday, April 18 in the offices in Lexington.

IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from participation in subsequent contests.

It also should be noted that officials who do qualify participants and their officials should be disqualified if they do so in a discriminatory manner from a fair and equitable manner.

With this in mind, it is important to adhere to the following regulations should a representative of your school be ejected for unsportsmanlike conduct: 1) Be sure you receive a signed memo dated from the school official. Contact this office in writing to request reinstatement of the participant. To return the participant, upon 21 day suspension. You will be notified by return mail as to the end of the suspension, and the date on which the player/coach will be eligible to return to competition. Contact officials and an reminder from school personnel to press hard as the third copy is often illegible if done in haste.

NOTE Any person who is suspended from a contest may not drive his/her vehicle in game business. This will however be covered by the catastrophic insurance policy, which is provided as a covered other option, otherwise notified.

KAPOS NEWS STATE TOURNAMENT INFORMATION

Participating cheerleader and cheerleading coaches registration: all cheerleading squads and/or coaches are asked to stop by the KAPOs table to:

1. Register your squad.
2. Pick up important information and materials for you and your school.

Along with a KAPOs board member, there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all cheerleading coaches and cheerleaders that KAPOs hosts a Hospitality Room for participating cheerleaders. We cordially invite you to have refreshments, socialize with friends, exchange ideas, and perhaps get help with your problems.

"Sweet 16" Cheerleading Squads: **Attention Principals!** If your team will be participating in the State Tournament, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleading coach. We request that your cheerleaders be chaperoned by a well qualified, school approved adult. Verification of this, along with your cheerleading coach's name, must be contained in the letter of confirmation which you will receive. This letter must be in the hands of the KAPOs officer prior to the time that your cheerleaders take the floor.

Important! Please be sure that your school is a paid member of KAPOs or pays the fee before their first

game in order for your squad to compete for the cheerleading awards in the State Tournament. The winners of these awards will be determined by use of the KAPOs Judging Sheet, a copy of which appears in the KAPOs Handbook.

AWARDING OF TROPHIES

KAPOs is pleased to honor outstanding cheerleading squads with the recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleader squad in the Boys' Sweet Sixteen will receive the Ted Sanford Trophy; in the Girls' Sweet Sixteen the Tom Mills Award. The runner-up cheerleading squad will receive a trophy, with the third and fourth place squads being awarded plaques. In addition, the special K-Pep Award will be presented. All tournament cheerleading squads and their coaches are asked to be located close to the playing floor so they can easily come on the floor should they be called for an award.

GOVERNOR WILKINSON DECLARES GOOD SPORTSMANSHIP MONTH

While every month should be Good Sportsmanship Month, KAPOs has always tried to put special emphasis on being a good sport at tournament time. Being a good sport is part of being a good citizen. We don't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOs Sportsmanship Creed proclaimed by Governor Wilkinson. The Governor's proclamation is on display at the KAPOs table.

STATE-AT-LARGE CHAMPIONS

Recognition is annually given to cheerleading squads other than those sixteen fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer trophy, while the runner-up will receive the KAPOS President's Trophy. Plaques will be given to the third and fourth place squads.

Beginning at the district level, all squads that are KAPOS members are eligible to be judged for the honor of representing their district in the KAPOS Region-At-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn the girls' varsity winner and runner-up and the boys' winner and runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the Boys' State-At-Large winners will take place at 8:30 A.M., on Saturday, March 24, in Louisville at Broadbent Arena.

Judging for the Girls' State-At-Large winners will take place at 8:30 A.M., on Saturday, March 17, at Warren Central High School, Bowling Green. The public is invited to these outstanding events. The admission charge of \$3.00 will go toward the expenses of KAPOS scholarship award, details of which are supplied below.

At the conclusion of the judging, trophies will be awarded to the top squads, in addition to several special awards.

NOTES TO ALL ADMINISTRATORS

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel help at the tournament. This involves at least 12 to 15 people. It is also backbreaking, tiresome work. However, we have many dedicated persons who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seeking your understanding and cooperation should you be asked to release a teacher from his or her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

STELLA S. GILB SCHOLARSHIP

KAPOS is happy to annually award the Stella S. Gilb Scholarship to outstanding cheerleaders from Kentucky. In 1989, KAPOS awarded 13, \$500 scholarships to well-deserving cheerleaders. One of your cheerleaders may be a potential scholarship winner, so get your applications in early. Applications must be turned in no later than April 30. Contact a KAPOS board member or officer for application forms, or pick them up at the State Tournament KAPOS Table.

KAPOS SERVICES

- Maintains an affiliation with the KHSAA in order that we may help them and they may assist us in any way possible to promote good sportsmanship in the state of Kentucky.
- Maintains continual communication with cheerleading coaches in the state to ascertain their needs, problems, suggestions and criticism.
- Publishes The Handbook of the Kentucky Association of Pep Sponsors.
- Holds judging clinics to promote better understanding between cheerleading coaches and judges, and to encourage consistency in interpretation of KAPOS rules and recommendations.
- Sponsors awards to outstanding cheerleading squads at the district regional, and state levels.
- Sponsors the judging of outstanding cheerleading squads at the State Tournament for the "Sweet 16" Competition.
- Sponsors Sportsmanship Month during the month of March.
- Hosts the KAPOS table and the KAPOS Hospitality Room at the State Tournament both Boys' and Girls'.

- Sponsors the Stella S. Gilb Scholarship, an educational scholarship awarded each year to outstanding an deserving cheerleaders in Kentucky.
- Presents "Cheerleading Coach of the Year Award".
- Presents the "Pat Dooley K-Pep Award" in each region and state tournament.
- Members serve as instructors and judges as requested by the various groups (KHSAA, YMCA, NCA, schools, etc.)

MEMBERSHIP REQUIREMENTS

Membership in KAPOS is open to all schools, elementary, secondary and college level, who are affiliated with a school system in Kentucky. Dues are \$2.00 per varsity cheerleader plus \$2.00 for the coach, and entitle the school to membership in the organization for the fiscal year from July 1st through June 30th.

Dues should be paid to the treasurer of KAPOS by Jan. 15. A membership card will then be returned to you. A KAPOS handbook is mailed to all high school principals at the beginning of each school year.

State Softball Committee Minutes (continued from page five)

The committee recommended that Region 13 be realigned as outlined and presented by Ed Holbrook, motion was made by Tim Moore, seconded by Steve Kaufman. The motion passed unanimously.

The softball committee recommended that the State Softball Tournament beginning in 1991 be a double elimination tournament. Due to the short period of time that it takes for a softball game to be played, the committee felt that it would constitute only one more day for the format to be added. With the four fields that are available on the same site in Owensboro, the tournament could be played in two days as it is played currently. The committee would also like to recommend that the tournament play begin on Friday rather than on Thursday so that the fans will have an opportunity to see their teams play. Also this would not constitute the teams being out of school on Thursday. The rain possibility would be to play the remainder of the games on Sunday.

The Softball Committee recommends that the softball program be granted the two tournament right as the basketball program with the two tournaments counting one game each. This would not be counted against their 35 game limit regular season play. Motion made by Ed Holbrook and seconded by Steve Kaufman. The motion passed unanimously.

Track Exam

Question #51 - The throwing sector in the shot put is 65.6 degrees (figure 4, page 39)

Case Book

Page 4 - Situation 2.2.2.11 (d), incorrect ruling. This situation does not warrant the use of a tie breaker procedure since B1 had cleared the bar at 6'4". B1 would be awarded first place and A1 second.

To clear up the situation where a competitor has a passed height and a jump-off is necessary, please note the following situation:

SITUATION #1: A1 and B1 are the two remaining competitors in the high jump and are successful clearing the bar at 6'3". B1 passes at 6'4" and A1 misses his three trials at this height. B1 then fails in his three attempts at 6'5". Since both have the same number of successful and unsuccessful trials, the judge declares both are tied for first place at 6'3". To break the tie, the judge gives both competitors another attempt at the lowest height last attempted by either competitor, in this case 6'4". A1 fails his fourth attempt at 6'4", while B1 successfully clears the bar. B1 is awarded first place with the official winning height of 6'3".

RULING: The judge is correct at beginning the jump-off at 6'4". Since the height last attempted by both competitors was not the same, both would be given a fourth trial at the lowest height missed by either competitor, 2-2-2.11 (d) Note 1.

COMMENT: The purpose of the note in 2-2-2.11 (d) is to determine where to begin the jump-off when two or more competitors are tied for first place and their last attempted height is not the same due to a passed height.

SITUATION #2: The 4 x 400 meter relay is being run from a two-turn stagger. A2 takes the baton from A1 at the beginning of the exchange zone in lane 8 and immediately begins moving towards the inside lane without causing interference with any other runner. Following the race, Team A is disqualified on the basis of an Inspector's report that A2 left his assigned lane before passing the mid-point of the exchange zone. Team A's coach files an appeal.

RULING: The appeal will be upheld. (5-9-4)

COMMENT: While it is important that the first exchange in the 4 x 400 meter relay is made in the assigned lane, once the exchange has been completed, the out-going runner is free to move towards an inside lane at any time as long as the runner avoids interference with any other competitor. The so-called "mid-point" in the exchange zone has no bearing on the legality of the exchange. Lane assignments for the first leg of the 4 x 400 relay only apply to the first runner when a two-turn stagger is used.

SITUATION #3: Prior to the start of the 4 x 100 meter relay, it is noted that Team A is wearing undershirts under their school issued jersey and shorts. A1 and A2 are wearing red leotards and A3 and A4 are wearing red bicycle shorts. But the leotards and bicycle shorts have no markings or design. The referee determines that the uniform is illegal, citing that undershirts must be of the same color and length. The coach of Team A protests that his team was wearing a legal uniform.

RULING: The referee was in error. The undershirt must be of the same color, but not the same length. (4-4-4)

COMMENT: The school-issued jersey and shorts must be the same color and design. When other apparel is worn under the school uniform, it shall be of the same color for all teammates choosing to wear them, but not necessarily the same length.

SITUATION #4: In a relay race in which the acceleration zone is not permitted, the outgoing relay runner A2 takes a position just inside the rear limits of the exchange zone in the 4 x 100 meter relay. As incoming runner A1 approaches, A2 begins his acceleration by taking a step backward with his right foot, which places his foot on the track behind the limit of the exchange zone.

RULING: Violation. The terms and conditions of the meet specifically states, "acceleration zones will not be used." Therefore, when the runner stepped out of the exchange zone, it would be an unfair advantage to the other competitors. (5-9-10)

SITUATION #5: At the completion of a cross country state qualifying meet, it is

discovered that a participant who had not been entered in the meet for Team B illegally entered the course and crossed the finish line. The referee disqualified the illegal participant and all members of Team B. Since B1 and B2 finished in the top 1 as individuals, the coach of Team B asks if they would advance to the state finals as individuals.

RULING: Since all members of Team B were disqualified, B1 and B2 should not be awarded the top 10 placing which would qualify them for the state meet. A disqualified competitor cannot place or qualify for the next round of competition. (4-5-6, S.R. 4.5.6)

SITUATION #6: The games committee for the conference track meet wants to use a one-turn stagger for the running of the mens' and womens' 800 meter run. However, they have more entries than the number of lanes available and decide to assign two runners to a lane with one being assigned on the lane line. The runner assigned to the lane line would run on the line throughout the first curve and would be given a half a stagger advantage over the competitor in the lane. When the meet information was mailed to all coaches, several protested this decision and the games committee sought a ruling as to their authority to implement such a procedure.

RULING: While the games committee has the right to establish starting procedures for their track meet, any procedures that they adopt must be within the restrictions of the rules. Since there is no rule support for enforcing "running on a line" or for being given a half stagger advantage at the start, the procedure described above would not be appropriate and should not be used. (5-3-2)

COMMENT: If the games committee wants to use a one-turn stagger for the running of the 800 meter run, it is recommended that alleys be used and three or more runners can be assigned to each alley.

SITUATION #7: At the beginning of the competition in the triple jump, the judge decides to use the takeoff board closer to the pit for the girls' competition. A1 requests to jump from the takeoff board farthest from the pit and is given permission to do so by the judge. (a) A1 requests permission to take her third jump from the board closer to the pit, or (b) without informing the judge, A1 takes her third jump from the board closer to the pit.

Legal in (a); illegal in (b). (7-5-7 Note, S.R. 7.5.7.)

COMMENT: It would be permissible for A2 to change her takeoff board, but only with prior approval of the event judge. Such a change would be without the benefit of a run through.

SITUATION #8: During competition in the high jump, A1 uses a device with two spikes that straps over the heel of the shoe of his takeoff foot. Upon completion of the event, which A1 finish first, Team B's coach appeals the awarding of first place to A1 on the grounds that he was using an illegal device.

RULING: Appeal denied. (7-2-8, S.R. 7.2.8B)

COMMENT: The device worn by A1 would be no different than the other jumpers wearing a jumping shoe in which the manufacturer placed two heel spikes. As long as the device does not give A1 an unfair advantage, it would be considered legal to use.

SITUATION #9: A1 has the best mark in the prelims of the long jump. After all other finalists take their first attempt in the finals, A1 decides to pass (#4) because he still has the best jump. However, in round #5, B1 betters his jump so he takes jumps #5 and #6, finishing with the second best jump behind B1. A1 asks the judge for permission to take the jump that he passed. The judge permits the jump, which exceeds B1's best jump and is awarded first place by the judge. B1's coach appeals.

RULING: The appeal is upheld and B1 is given first place and A1 second place. (7-5-10, S.R. 7.5.10)

COMMENT: The referee should disallow the last attempt by A1 as it had previously been passed. The event judge erred in permitting A1 to take a passed jump at a later time. A1 was given the last jump of the competition as he was entitled.

SITUATION #10: A1 who has the best jump going into the finals of the long jump, (a) personally informs, or (b) has a teammate inform the event judge that she will not compete in the finals. After the second round of the finals, after the second round of the finals, B1 takes the lead. A1 returns before all jumpers complete their final attempt and asks the judge to take her last jump in the proper sequence.

RULING: The judge should permit A1's last jump.

COMMENT: When a competitor announces that they have no intention of continuing in competition, they are merely indicating that they intend to pass each attempt as it comes up. If the competitor wants to take an attempt when it is called (normal sequence) he/she may do so as each attempt is passed individually. The responsibility of informing the judge is entirely the competitors.

#18 Ruling-Last word to be "infraction."

1990 Examination I

Question #24 answer should be True.

SITUATION #1: After a game, the umpires are discussing a call that both coaches and fans felt was incorrect. For an official interpretation one umpire suggests contacting, (a) a college umpire, (b) a local sportswriter, (c) the state association office or (d) any national magazine or publication that provides a rules interpretation service.

RULING: Requests by umpires, coaches, fans, etc., for rule interpretations or clarifications should be directed to the appropriate state association, which is responsible for administering and conducting the state's high school softball programs. The National Federation will assist state associations whenever called upon concerning rules, interpretations, etc. Prospective sources for rules interpretations, such as (a), (b) and (d) are not part of the National Federation rules network and have no "official" status with regard to interpreting National Federation rules. By working directly through state associations, confusion and the risk of receiving an incorrect interpretation are greatly reduced. (Inside Front Cover-Rule Book)

SITUATION #2: With R1 on third and R2 on first, B3 strike out and interferences with F2's attempt to put out R2, who is stealing. The throw goes into center field and R1 scores.

RULING: R1, the runner closest to home, is called out because of B3's interference. R2 is returned to first base 7-2-5 Penalty

SITUATION #3: A batted ball deflects off the glove of F1. F5 reverses direction as a result of the deflection and dives toward her left in an attempt to back hand the ball. In so doing, F5 and R1, who was advancing to third, collide. R1 could not alter her base path in time to avoid the collision. Is R1 out for interference or is F5 guilty of obstruction?

RULING: Neither R1 or F5 are at fault. This is simply a collision. R1 cannot be held liable for running into F5 because F1 deflected the ball into the base path. Had R1 had an opportunity to avoid contact with F5, but initiated contact anyway, then interference would be called (8-4-2-j)

SITUATION #4: With the bases loaded, F6 asks the umpire how many are out. The umpire indicates that there are two outs. On the next pitch, B5 hits a ground ball to the second base side of F6, who fields the ball, steps on the base and rolls the ball to the pitcher's plate. Thinking that was the third out, the defensive team leaves the field, only to be informed by the umpire-in-chief that there are two outs. The coach of the defensive team appeals, claiming that the base umpire misinformed his players concerning the number of outs, which contributed to the opposing team's runs.

RULING: The defensive team has the responsibility to know how many outs there are. Even though the umpire misinformed the defensive team, the play stands. (10-2-3-g)

SITUATION #5: With R1 on third and no outs, B2 hits a high fly in the infield above the second baseman's head. Base umpire erroneously calls "inlet fly." The batter is out." The second baseman subsequently drops the ball. The runner from third scores but the batter, who hesitated, because of the umpire's call was thrown out at first base. Does the play stand?

RULING: The play stands. The team at bat has the responsibility to know when conditions exist for an infield fly. B2 should have attempted to reach base safely and then inform the umpire that her call was in error. (2-8-5, 7-4-g)

SITUATION #6: R1 steals second before F2 can make a throw. As R1 dusts herself off, F6 tells her the ball was hit foul. R1 trots back to first base and is immediately tagged out. R1 claims that F6's comment caused her to be put out and asks the umpire to nullify the out and allow her to remain at second base.

RULING: R1 has the responsibility to know whether the ball was hit foul or not. Furthermore, R1's base coaches should have kept R1 informed. Therefore, the out stands. However, the umpire should warn F6 not to repeat her actions. (8-4-2-e)

SITUATION #7: Prior to the game, the coach of the home team provides the umpire-in-chief with new game balls. Upon a closer examination, the umpire realizes that the softball is a molded ball and does not have stitched covers.

RULING: If the coach does not have legal softballs, the visiting team shall be given the opportunity to provide the game balls. If possible, new softballs should be provided. However, if none are available, legal softballs in the best condition should be used. (1-3-4)

SITUATION #8: With R1 on first base, B3 bats out of order and hits to F5 who forces R1 out. The infraction is discovered before the next pitch.

RULING: The player who should have batted shall be out. R1 is returned to first base. The proper batter shall assume her position in the batter's box with no ball or strikes (7-1-1) Penalty

SITUATION #9: Team A's players are wearing plastic visors covered with a soft material.

RULING: Even though the plastic is covered, there is still the possibility that it could break, which would pose a safety hazard to the players. Any similar substance covered by a soft materials would also be illegal (1-1-5)

SITUATION #10: S1 pinch hits for B1 and singles, but fails to report. The infraction is then brought to the umpire's attention (a) before the next pitch or (b) after a pitch has been thrown.

RULING: In (a) and (b) S1 is ejected. In (a) B1 is out for not batting in the proper position. The play is nullified. In (b) the play stands, because the infraction was detected after a pitch. Since S1 is ejected, a legal substitute must replace S1. (3-1-4, 7-1-2 Penalty)

SITUATION #11: With R1 on first and R2 on second, F1 delivers a pitch into the dirt that gets away from F2. While chasing the ball, F2 (a) accidentally or (b) intentionally kicks the ball into dead ball territory.

RULING: In (a) each runner would be awarded one base from the base they occupied at the time of the pitch. In (b) if in the judgment of the umpire F2 intentionally caused the ball to become dead, all runners are awarded two bases beyond the base they last legally occupied at the time of the infraction. Until the ball receives new impetus, it is still considered a pitch. (8-3-3-c, d)

SITUATION #12: F1 with the ball in her pitching hand extends her arm completely forward at shoulder level. Then, as if doing the backstroke, she makes one revolution and then another, but releases the ball past the hip on the second time around.

RULING: Legal, since she did not make two complete revolutions. A revolution is measured from the start of the revolution. (6-1-4-d and 6-1-4-d Note)

SITUATION #13: In the first inning after three pitches have been thrown, torrential rains force the umpire to call the game. Is this a suspended game?

RULING: Yes. (4-3-1)

SITUATION #14: Team A arrives at the field wearing jeans with T-shirts that display advertising of a local merchant. Is that team in violation of the rules?

RULING: No. Uniforms of all teams members should be of the same color and style. Jeans are not prohibited, and neither is advertising that appears on uniforms. However, state association regulations may prohibit either or both. (1-1-5)

SITUATION #15: With the bases loaded and no outs, B4 receives ball four. On her way to first base, she takes off her helmet and exchanges it with the next batter.

RULING: B4 is called out immediately. The ball remains alive. The award remains in effect. Therefore each runner is allowed to advance. (8-4-1-g, 10-2-3-g)

SITUATION #16: R1 is on first, F1 commits an illegal pitch. Plate umpire calls "illegal pitch." R1 leaves base too soon after illegal pitch is called. Base umpire calls "No Pitch" and declares ball dead. B1 hits the illegal pitch and advances to third.

RULING: illegal pitch. A ball is called on the batter, and R1 is advanced to second base. Since the illegal pitch occurred before R1 left base too soon, the penalty for illegal pitch shall be administered. Since the base umpire declared the ball dead with the "No Pitch", B1 cannot be awarded third base for the hit. The ball was dead when the batter hit it.
