Drugs Can Snuff Out Life

by Scott Taylor

(With apologies to Ernest L. Thayer, whose original "Casey at the Bat" was published June 3, 1888, in the San Francisco Examiner, and bore the subtitle "A Ballad of the Republic.")

The outlook isn't brilliant for some athletes of our day, their social lives get more attention, instead of how they play — the deaths of Bias and Rogers, baseball drug sentences and the sort — causing a sickly silence to fall upon the patrons of all sports.

Yet only a few fans apparently have been turned off, all the rest cling to that hope which "springs eternal in the human breast." They think, "Only reckless athletes are doing drugs, it seems; we'd put up even money now — we know at least Casey's still clean."

But Flynn befriended mighty Casey as did Jimmy Grimes. The former was a pusher and the latter had done some time; so upon that stricken relationship grim melancholy did accompany, for there seemed but little chance of Casey staying drug-free.

Yes, Flynn and Grimes did often share their penchant for social vices, and, at first, for the time being, Casey didn't consider it a crisis.

But as the three made merry and partied, the public saw what had occurred, Casey was becoming a confidant — the malicious pair had recruited a third.

Casey was thriving on it all — the attention, the money, the fame — and, ignoring the public's warnings, started living in the fast lane. Those from outside looking in at the situation could easily see that Casey, mighty Casey, was keeping poor company.

There was ease in Casey's manner as he walked into the small party; there was pride in Casey's bearing and a smile just as hardy. Passing off invitations to participate, he lightly gave a shrug — no stranger in the crowd could doubt that Casey wouldn't do drugs.

But away from the public eye, off the field and out of position, Casey came face to face with another kind of opposition: Alcohol, drugs, substances, pills — everything that's now called "hip."
First defiance gleamed in Casey's eye, a sneer curled Casey's lip.

Aroma of liquor and freebasing and marijuana filled the air, and Casey stood a-watching it in haughty grandeur there, They Flynn held a bottle, a joint and pills up close to Casey's head. "That ain't my style," said Casey. "We'll see," Flynn quietly said.

With a smile of Christian charity, great Casey's visage shone; he stilled the rising tumult, he bade the drugs be gone. Yet the drugs stayed, and Casey stayed, still trying to ignore it all, and soon we'll see that indifference was the start of Casey's fall.

After Casey's first refusal, the party's festive mood began to fester, encouragement turned to bitterness, the pleasure turned to pressure.
"Then tell him to get lost," shouted Grimes from near the back wall, and it's likely they'd have excluded him had not Casey started to stall.

"Why not?" encouraged so-called friends, and Casey echoed, "Why not?" Unassuming, Casey then complied — Flynn and Grimes knew he now was caught. They saw his face grow stern and cold; they saw his muscles strain; and they knew that Casey wouldn't let drugs go by untouched again.

The sneer is gone from Casey's lip; his face is tense and fraught. He snorts with cruel violence the white powder from off the tabletop.
Knees wobbling from the instant high, he's forced to take a sit; Casey's only goal now is to better the force of his first "hit."

Oh! somewhere in this favored land the sun is shining bright; the band is playing somewhere, and somewhere hearts are light. And somewhere men are laughing, and somewhere children shout; but there is not joy in sports — Casey's life has been snuffed out.

Taylor is the prep sports editor of the Salt Lake City Deseret News.

Newly Elected Board Of Control Members

Eddie Saylor

Ray Story

Harry Jansing

A trio of veteran administrators in Kentucky's school systems have been added to the Board of Control of the Kentucky High School Athletic Association.

Eddie Saylor, Principal of Blackmont Elementary School in Hulen, joined the Board of Control last fall in a special election held to fill the unexpired term of Pearl Ray Lefevers. Lefevers, formerly the Principal at Bell County High School, resigned that position to enter private business, and relinquished his seat on the Board of Control. Saylor was elected by the Board Appointed Representatives of the 13th and 14th Regions, and will serve until July of 1992.

Saylor is a 1968 graduate of Bell County High School where he was a basketball, football and track participant. He subsequently attended Cumberland College on a basketball scholarship, and received his M.A. and Rank I Certification from Union College. He has been employed by the Bell County School system for the last eighteen (18) years, including the last eleven in his current position.

On being elected to the Board, Saylor said, "I have always had a great interest in high school athletics and I look forward to combining my experiences and thoughts with the other members and doing what is best for the entire state." He and his wife Pamela have two daughters, Lisa and Scarlett.

To say that Ray Story is a veteran of the high school athletics scene would perhaps be the understatement of the year. Story is the first person to be elected to a third term on the Board since the rotation plan for the election of Board members was adopted in the early 1970's. Story will serve the 5th and 6th regions and will replace Pleasure Ridge Park Principal Charles Miller.

Story has always had a strong commitment to the K.H.S.A.A. as has been evidenced by his previous tenure on the Board. "I have always found the organization to be first class," he said.

A graduate of Memorial High School in Lincoln County, Story was a member of the school's basketball and baseball teams. He then attended Campbellsville College, receiving his degree in English, followed by graduate work at Western Kentucky University where he received his Master's and Rank I certification.

His career began as an elementary teacher in Vine Grove. In 1963, he was hired to teach English at North Hardin, and became Assistant Principal in 1965. In 1967, he was named Principal, a position he held until 1988 when he assumed his current position as Assistant Superintendent of the Hardin County Schools.

Story and his wife Sue, have two sons, Mark and Tim.

Another not-so-newcomer to the high school athletic scene in Kentucky will begin his term on the Board this fall as Father Harry Jansing of Trinity High School takes the position left open by the expiration of the term of office of the current Board of Control President, Sam Chandler of Shelbyville. Jansing will serve Regions 7 and 8, and like Story, has a term to last until 1994.

Jansing's education began at St. George Grade School, followed by one year at St. Xavier High School before entering the Seminary at St. Mary. His education was completed at St. Meinrad Seminary in Indiana, and he was ordained a priest in 1955.

In the fall of that year, Jansing was hired to teach Algebra, Geometry, and Mechanical Drawing at Trinity. He was named Athletics Business Manager in 1970, and Athletic Director in the fall of 1971, a position he continued to hold today.

Jansing has been active in Jefferson County, State, and National Athletics. He serves as Treasurer for the L.I.T. and 6th and 7th Regional Basketball Tournaments, and the Jefferson County Football Playoffs, as well as holding a similar position with the Kentucky High School Athletic Directors Association.

He has received numerous awards for excellence in athletic administration, and in 1989 was among the first in the country to be named Certified Athletic Administrator. His hobbies include computer programming, and he has been active on the national and state level with the use of computers in athletics administration.

Jansing hopes to be able to contribute to the Board in many ways, and feels that "as a private school administrator, I hope to bring additional insights into Board of Control discussions."

An appeal hearing on behalf of Denny Fugate was the next

item on the Agenda. Those present for the hearing were his attorney, Robin Webb, Court Reporter Susan Saylor, and K.H.S.A.A. attorney Phil Scott. Following a lengthy presentation and questions to Mr. Fugate by the Board members, Marvin Moore moved to go into Executive Session to discuss this matter. David Points seconded the motion which carried. Bob Rogers then moved to return to Open Session. Marvin Moore seconded the motion which carried.

Bob Rogers made a motion, seconded by Marvin Moore that the ruling of the Commissioner be upheld and that Mr. Fugate's appeal be denied. The motion passed unanimously. Mr. Mills explained that a hearing has been requested by M.C. Napier High School's Principal and Superintendent for reinstatement.

Exec. Asst. Wise presented the following proposal from the State Golf Committee to the Board for their consideration: (1) Organized golf practice cannot begin prior to July 15; (2) the season will begin August 20 and end the first week in October; (3) Regional play will be October 8-10; (4) The State Golf Tournament will be October 16-17. Marvin Moore moved to approve the Committee's proposal. Alvis Johnson seconded the motion which passed unanimously.

Mr. Wise's next item regarded another item proposed by the State Golf Committee. They recommended that teams be allowed to designate five golfers and play four for both regional and state tournament play, effective in the fall of 1990. Sandy Allen made a motion, seconded by Charlie Miller, that this item be referred to the All-Sports Committee. The motion passed unanimously.

A Basketball Rules Experimentation was the next item presented for discussion. Mr. Wise recommended the following experiments for use during the 1990-91 basketball season: 1) Both personal and technical fouls shall count toward a player being disqualified from the game for a fifth (5th) foul; 2) Eliminate the bonus free throw provisions. After six (6) fouls have been assessed to a team during a half (on the seventh (7th) foul), all fouls will carry a two (2) shot foul penalty. Mr. Wise explained to the Board that the National Federation Basketball Rules Committee is considering these experiments for the purpose of eliminating a slow down at the

end of the game. Following a discussion of these experiments, the Board suggested that Mr. Wise talk with a sampling of coaches across the State and report back to the Board in July.

The next meeting of the Board of Control is scheduled to be held at Lake Barkley State Resort Park July 26-28, 1990.

However, no school may remain in a lower classification if its enrollment dictates otherwise.

2) That a separate drawing be conducted by the Board of Control for Regional winners in each class to determine the site and pairings for each game. Also, the teams that are required to travel will receive an additional grant, to be determined by the Board of Control, from the K.H.S.A.A. to help defray their expenses.

There being no further business, the meeting was adjourned.

PROPOSAL: To amend By-Law 25, Nos. 1.(5), 2.(5), 3.(5), 4.(5), 5a.(5), 6.(5), 7.(5), 8.(5), 9.(5), 10.(5), 11.(5), 12.(5). AMEND "The season ends at all levels of play (9-12) at the conclusion of the varsity team's last regular season contest... PROPOSAL III

Principal George Johns, Dayton High School proposes that

Game Guy Award

**TOM HERGOTT
Beechwood H.S.**

The Game Guy Trophy is awarded to a high school athlete in the State of Kentucky who has overcome a physical handicap and participated in high school athletics. Tom was the unanimous choice of the K.H.S.A.A. Game Guy Award Committee for the 1990 trophy.

Tom is a senior at Beechwood High School in Ft. Mitchell, where he is the manager for the football team.

Tom was born with Spina Bifida. He is partially paralyzed from the waist down. The doctors told his parents that he would not live through the night. They told them that he would not live past five years of age. They also told them that he would never walk — he would be in a wheelchair for the rest of his life.

Tom has dealt with a lot of adversity in his lifetime. He has undergone 14 operations. He has had both of his femurs broken so that the doctors could reset his legs as they were beginning to turn backwards. He was operated on to have both hips dislocated and his muscles cut from the pelvis and then reattached. Tom spent months at a time in body casts.

Tom's involvement in athletics at Beechwood began three years ago when he became a Varsity Football Manager. Tom's ability to carry heavy equipment is limited; however, this is the only part of his job that is limited. Tom has been at every practice for the last three years. He is there in 95° weather in August and he is there when it is near 0° in late November. Tom is as much a part of the Football Program as anyone who has ever played for Beechwood. He not only carries towels and water, but he is an inspiration to everyone who has come into contact with him. EVERYONE WHO HAS GONE THROUGH THE FOOTBALL PROGRAM HAS BENEFITTED FROM KNOWING TOM HERGOTT.

With all these problems, one might think that Tom would be a sullen, depressed individual. Quite the opposite is true. "Tom Hergott is the most determined and positive person I know", says Beechwood Athletic Director Bernie Barre. "He has defied the odds and won. He really is a remarkable person."

FOOTBALL SCHOOLS ENCOURAGED TO SUBMIT OPEN DATES

Now that the alignment for football playing schools beginning in 1991 is complete, all football schools are encouraged to notify this office as to open dates in 1991 and 1992. Schools are encouraged to sign two or four year contracts, for 1991 and 1992, or 1991 through 1994. A complete list of open dates submitted thus far as well as a revised corresponding date chart is included in this month's Notes and Quotes.

APPLICATIONS AVAILABLE FOR THE 1990 U.S. OLYMPIC FESTIVAL

Applications are now available for the 1990 U.S. Olympic Festival Regional Trials, and the 1990 USA National Team trials for women's basketball. The instructions on the applications should be self-explanatory, and are available by calling (719)632-7687.

CONGRATULATIONS TO JIM WATKINS, LOUISVILLE

Jim Watkins, former Athletic Director at Southern High School and currently serving as the Interim Coordinator of Athletics in Jefferson County, was honored recently by being named as the recipient of the National Federation Interscholastic Coaches Association Coach Contributor Distinguished Service Award for the Federation Section II. Watkins will be honored at a banquet during the NFICA Conference in Little Rock, Arkansas in July. The K.H.S.A.A. knows first hand of Mr. Watkins skills and abilities in helping the youth and the coaches in this state, and commend him on this award.

FOOTBALL CORRESPONDING DATES

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the playoffs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook.

Also, by virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the playoffs.

	1990	1991	1992	1993	1994	1995
FINALS	11/30	12/6	12/4	12/3	12/2	12/1

SECOND ROUND	11/9	11/15	11/13	11/12	11/11	11/10
FIRST ROUND **	11/2	11/8	11/6	11/5	11/4	11/3
Week 10	10/26	11/1	10/30	10/29	10/28	10/27
Week 9	10/19	10/25	10/23	10/22	10/21	10/20

Week 2	8/31	9/6	9/4	9/3	9/2	9/1
Week 1	8/24	8/30	8/28	8/27	8/26	8/25
**	8/17	(For 1990 season only)				

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the playoffs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

The primary schedule has been announced for the Medical Symposiums which are a bi-annual requirement for Head coaches in all sports. CHANGE IN ACT SCORING SHOULD BE NOTED BY COUNSELORS

From the NCAA, this is intended to serve as an addendum to the Guide to College Freshman Eligibility Requirements for Division I and II Institutions. One component of these initial eligibility requirements is the requirement that a prospect must achieve a minimum score on the ACT or SAT. Please note that because the ACT has developed a new format and score scale for the test, the minimum required score (for purposes of initial eligibility) for ACT tests administered subsequent to October 1, 1989 is 18 rather than 15. This is because, according to concordance tables published and distributed by the ACT agency, the concordant value of the previously required composite score of 15 is 18. Please note that this does not represent an increase in the required ACT score, but only recognizes the fact that a score of 18 on the new test is equivalent to a score of 15 on the previous test.

AMY DODRILL SELECTED DREAMER AND DOER

Amy Dodrill of Prospect was named Kentucky's Dreamer and Doer following a meeting of the State Selection Committee in Lexington on May 10. Chris Manus of Williamsburg was named runner-up. Walt Disney World National Dreamers and Doers is a student recognition program co-sponsored by the National Federation of State High School Associations and administered in Kentucky by the K.H.S.A.A.

Students are honored for their participation in interscholastic activity programs and demonstration of the 4 C's, curiosity, confidence, courage and constancy, which are the cornerstones of the program.

All of the State Dreamer and Doer winners will attend an expense paid, multi day educational event and award ceremony, August 15-18, at Walt Disney World Resort in Orlando.

K.H.S.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD

Instituted in 1985, the Kentucky High School Athletic Association Sweet Sixteen Academic Scholarship Awards are designed to honor one or more participant(s) in the Boys' and Girls' State Tournaments who have excelled in the classroom and on the basketball floor. The awards are in the form of financial assistance to be used at the Kentucky college or university of the recipient's choice to help offset educational expenses. For 1990, the Dawahares stores provided the funds for a \$1000 scholarship to a participant in the boys and a participant in the girls state tournament, and two additional scholarships were provided for participants in the girls' tournament by the Bowling Green Sweet Sixteen Organizing Committee through the Citizens Bank of Bowling Green.

For the 1990 Girls' tournament, three winners were selected, all of whom had excellent academic qualifications and extracurricular involvements. The awards presented by the Citizens Bank went to Miss Shana Dean of Logan County, and Miss Beth Kincer of Fleming-Neon. The Dawahares winner was Miss Rachel Burdin of Ohio County. At the Boys' Tournament, Robbie Fults of George Rogers Clark (Clark County) was recognized as the recipient. TED SANFORD AWARD**Terry Gray, Clay County**

For 1990, Terry Gray of Clay County was named the recipient of the Ted Sanford Award. Terry was a standout performer for Bobby Keith's Tigers, and played in the state tournament during each year of his high school career. Though somewhat overshadowed by some of his former teammates, Gray was an integral part of Clay County's domination of the 13th Regional Tournament during recent seasons. An active participant in many school and community activities, Gray also excelled in the classroom.

The Ted Sanford Award is given annually by the Courier Journal in memory of Mr. Ted Sanford, the first Commissioner of the Kentucky High School Athletic Association who served as Secretary-Treasurer of the K.H.S.A.A. for ten years before becoming Commissioner, a position he held from 1947 until his retirement in 1972. A committee of school personnel from throughout the state selects the winner from the participant in the Boys State Tournament who excels in four areas: basketball ability, sportsmanship, academic accomplishments, and citizenship.

MOST VALUABLE PLAYER AWARD**Jermaine Brown, Fairdale**

Inaugurated in 1981, the Lexington Herald-Leader annually presents the Most Valuable Player Awards to the participant in the Boys and Girls tournaments who is voted most valuable by a panel of media representatives and the participating coaches in the tournaments. Unofficial Most Valuable Player recognition had been given by various sources prior to 1981.

The Most Valuable Player for the 1990 Boys' Sweet Sixteen State Basketball Tournament was junior Jermaine Brown of Louisville Fairdale. Brown was a primary catalyst on Coach Stan Hardin's team, but was by no means the only cog in that finely tuned basketball machine known as the 1989-90 Bulldogs. His leadership was an important part of the Bulldogs' success story, and his performance on the floor was certainly worthy of the awards he has received. During the four games of the state tournament, Brown tallied 66 points, pulled down 32 rebounds, blocked 13 shots, had 11 steals and handed out 8 assists.

NEWS RELEASE

WRESTLING RULE CHANGES ANNOUNCED FOR 1990-91 SEASON

High school wrestlers may be given permission to compete with hair longer than the shirt collar in back and earlobe level on the sides.

With approval of their state association, wrestlers with hair longer than the shirt collar and earlobes can compete, as long as the hair is contained in a cover. This change takes effect with the 1990-91 high school wrestling season.

This change, as well as several others, was made by the National Federation Wrestling Rules Committee at its March 27-28 meeting in Kansas City.

The cover for the hair must either be a part of the headgear or worn under the headgear. It also must be of a solid material and non-abrasive.

"The hair rule was never intended to eliminate contestants from competition," said Fritz McGinness, associate director of the National Federation and editor of the high school wrestling rules. "However, it is necessary to have the hair off of the shoulders so as not to interfere with ordinary wrestling holds."

Rules 5-2-1 and 5-2-3 were changed and now state that takedown or reversal can be scored as long as the feet of the scoring contestant remain in bounds. McGinness said these changes were made to allow for increased activity at the edge of the mat.

A change in Rule 6-2-2 addresses a problem with one match immediately following another match in dual-meet competition. The rule now states that wrestlers must be ready to go onto the mat immediately when called by the referee.

Rule 7-3-1 now states that when an individual assumes an incorrect starting position or makes a false start, he now will be granted two cautions prior to his opponent receiving one point.

"Rule 7-3-1 was adjusted last year to allow for the referee to make a correction prior to giving a caution, but it was only for an incorrect starting position, McGinness said. "That correction now has been removed, and the rule allows for two cautions. It now allows two mistakes to occur prior to an individual being penalized when either a false start occurs or an individual assumes an incorrect starting position."

Overtime criteria in Rule 10-4-4 has been adjusted and now includes the addition of a technical violation for an illegal hold. No changes were made in the first six criteria. No. 7 will now address illegal holds, and No. 8 will address technical violations. The current criterion No. 7 becomes No. 11.

Almost 250,000 students compete in wrestling at more than 8,000 high schools in the United States. Following is a complete list of the major changes for 1990-91 approved by the National Federation Wrestling Rules Committee.

RULE 4-2-1: Exception permissible for the hair-length rule.

RULE 5-2-1: A takedown can be scored with the feet of the scoring contestant in bounds.

RULE 5-2-3: A reversal can be scored with the feet of the scoring contestant in bounds.

RULE 6-2-2: In dual meets, wrestlers must be ready to go onto the mat immediately when called by the referee.

RULE 6-4: Coach has authorization to default a match.

RULE 6-5-2: Delete rule which does not allow wrestler to shake hands with referee and opposing coach at conclusion of match.

RULE 7-3-1: When assuming an incorrect starting position or making a false start, two cautions will be allowed.

RULE 10-4-4: Adjustments made in overtime criteria by the addition of technical violations and illegal holds.

National Catastrophic Injury Consensus Group Makes Several Recommendations

KANSAS CITY, MO (May 11, 1990) — Efforts to reduce catastrophic injuries in all high school sports must be increased through more education, communication and improved data collection, according to recommendations from 70 individuals who attended the National Catastrophic Injury Consensus Meeting held May 6-8 in Kansas City.

Representatives from 25 state high school associations, experts in sports medicine and research, sports equipment manufacturers and high school coaches and administrators met to discuss ways to further reduce catastrophic injuries which have stabilized over the last 20 years due to equipment improvement, rules changes and better coaching techniques.

Participants were invited by officials of the National Federation of State High School Associations, which sponsored the consensus meeting. The participants reached a consensus that there are inherent educational benefits from participating in interscholastic activities that transcend potential risks. These risks could include catastrophic and non-catastrophic injuries to high school athletes.

The group also agreed that a catastrophic injury is defined this way: All fatalities plus any injuries resulting in impairment which lead to a significant decrease in economic productivity, general quality of life and/or precludes the normal performance of activities of daily living. These include, but are not limited to, the spine/spinal cord and/or head injuries resulting in impairment of physical and/or mental functions.

With safety of the high school athlete the utmost concern, the group recommended:

- Development of a National Sports Medicine Resource Council to serve in an advisory capacity to the National Federation of State High School Associations.
- Review of current rules by each sports rule committee in relationship to the impact on player safety, as well as continue to emphasize to game officials the importance of enforcing the existing rules.
- Consideration by every high school of the feasibility and possibility of providing an athletic trainer on staff who is certified by the National Athletic Trainers Association.
- Requirement of sports medicine-oriented first-aid courses for all coaches.
- Improved and standardized physical examination forms as well as medical history forms for the high school athlete.
- Instruction for coaches on how to teach players approved safety techniques.
- Development of educational information on safety, such as videotapes, which would be distributed not only to coaches, but to players, game officials, parents and all youth sports leagues.
- A study to determine whether the long-term needs of the catastrophically injured athlete are being adequately met.
- An improved system of data collection, interpretation, distribution and utilization of statistics about catastrophic injuries through the cooperation of the network already in place that collects sports medicine and catastrophic injury research data.
- Establishment of an ongoing dialogue with the media and express concern about the glorification of aggressive and violent behavior in athletics.
