MINUTES OF THE BOARD MEETING

November 30, 1990

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn, Louisville, Kentucky on Friday, November 30, 1990. The meeting was called to order by President David Points at 8:30 a.m. with all Board members present except Liz Trabandt. Also present were Commissioner Tom Mills, Executive Assistant Billy V. Wise, Asst. Commissioners Brigid L. DeVries and Louis Stout, S.I.D. Julian Tackett, Earl Cox and State Department of Education Representative Harry Loy. The invocation was given by Ray Story.

President Points called on Bill Patton, Athletic Director of Berea High School to present the first appeal on behalf of Adelina Ruano, a foreign exchange student from Spain. Following a lengthy discussion, Bob Rogers moved to uphold the Commissioner's ruling due to the fact that Adelina was not assigned to Berea High School through an approved foreign exchange program. Sandy Allen seconded the motion which passed by a vote of 9-2.

Following a discussion of the minutes of the October 13, 1990 meeting, Bob Rogers asked that the paragraph regarding the cancellation of a Crittenden County home football game with McLean County High School be corrected to read: *"the Board recommends to McLean County that they play Crittenden County a home game next year (1991), or go back to the previous year that they played Crittenden County and split the gate receipts"*. Eddie Saylor moved to approve the minutes as amended, seconded by Roland Williams. The motion carried unanimously.

Ray Story made a motion that all bills of the Association for the period of October 1 - November 30, 1990, be approved.

Alvis Johnson seconded the motion which carried unanimously.

Alvis Johnson then moved to accept the 1989-90 Audit Report as conducted by Miller, Mayer Sullivan & Stevens. Marvin Moore seconded the motion which carried.

Commissioner Mills gave a report of the Building Committee. He advised the Board that bids had been opened for various work to be done and that he was continuing his search for the best funding for the Hall of Fame and Museum. He also advised Board members of the persons interested in purchasing the present K.H.S.A.A. Headquarters.

President Points then asked for the All-Sports Committee report. Sandy Allen, Chairperson, made the following recommendations to the Board:

- 1) A survey be taken of member schools to see if they approve of a Cross County 4000 meter race for girls in place of the 3000 meter race.
- 2) Make a comparison of individual winners of State Cross Country trophies as they compare to individual winners in other State championships.
- 3) Accept a recommendation from the State Wrestling Committee to increase officials fees from \$25.00 to \$30.00 per match, and to increase the exhibition match allowance for officials from \$1.25 to \$1.50.
- 4) Accept a recommendation from the State Wrestling Committee to adopt the following overtime procedure:

The sudden-death overtime period will begin with both wrestlers in the neutral position. The wrestler who scores the first point(s) will be declared the winner. If no winner has been declared at the end of the three-minute sudden-death overtime period, a 30-second tie breaker will be wrestled. The referee will flip a coin or disk to determine which wrestler has his choice of starting position for the tie breaker; the wrestler may select the offensive (top) or defensive (bottom) position, or he may elect to defer the choice of top or bottom to his opponent. The wrestler who scores the first point(s) during the tie breaker will be declared the winner. If no scoring occurs in 30 seconds, the offensive wrestler will be declared the winner.

- 5) Accept a recommendation from the State Wrestling Committee that attendance for officials and coaches at the Wrestling Clinics be mandatory beginning with the 1991-92 school year.
- 6) Reject a request to survey the member schools regarding Girls Soccer due to the fact that a survey has been conducted within the last five (5) years.
- 7) Approve the recommendation of the Softball Committee to change from a single elimination state tournament to a double elimination tournament beginning in 1991.
- 8) Raise the Softball officials fees from \$12-\$15 per game beginning with the 1990-91 school year.

Each item was then voted on individually as follows:

- 1) Motion by Sandy Allen to accept. Seconded by Roland Williams. Passed.
- 2) Motion by Sandy Allen to accept. Seconded by Marvin Moore. Passed.
- 3) Motion by Sandy Allen to accept. Jack Portwood seconded. Passed.

Mr. Wise reported that \$331,745.00 in ticket sales had been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament had netted \$23,140.00

The next meeting of the Board will be held in Louisville at the Executive Inn during the Louisville Invitational Tournament. Dear Bill:

On behalf of the NIAAA Officers and Board of Directors,
please allow me to commend your state for achieving a very
high percentage of NIAAA Members.

This past year the Board decided to recognize those states
whose NIAAA membership exceeded 50% of its state's total
number of Athletic Directors. There were only 12 states
recognized this year. This will become an annual award
presented to those states who can maintain a high
percentage of members. Hopefully, you will continue to be
identified for this award in future years.

Once again thank you for your states efforts.

Sincerely,

Fred P. Balsamo
President, NIAAA

SPECIAL NOTE CONCERNING UNIFORMS

Normally, uniform decorations such as flags, etc., are not permitted on the game jersey, but may be worn on the uniform shorts or warm-ups. However, effective 1/24/91 and for the duration of the Gulf War, the National Federation has adopted a policy which allows the official flag of the U.S. to be worn on the game uniform. The flag is to be no closer than 2" to any player's number, and may not be located between dual numbers. This policy will be in effect through the duration of the war, or the end of this school year, and supersedes any previous memorandums or interpretations. Please contact the Association office if you have any questions.

NOTE CONCERNING BASKETBALL RATINGS

Through the first two weeks of January, over 4,500 ratings forms have been mailed to the Association office. We are conducting random checks to insure the validity of the ratings, as well as attempting to verify the accuracy of the game assignments with the Assigning Secretary. There are a few problems which have crept up in the scanning of the forms, which we would like to point out --

- 1) The school number must be included on the form, and the proper spaces below the number must be blackened. In the future (beginning in 1991-92), penalties will be levied for improperly completed school numbers. The official's identification number is also a pre-requisite, or a five point deduction will be made. NO EXCEPTIONS. With the volume of forms to be scanned, it is imperative that this information be included. An additional list of school numbers is included in this magazine for use by the game officials and schools.
- 2) Always use a #2 lead pencil when completing the ratings form, especially when blackening in the scan cells.
- 3) PLEASE do not fold the form, other than to place it in an envelope. Please address the form to OFFICIALS EVALUATIONS, K.H.S.A.A., P.O. Box 22280, Lexington, KY 40522.
- 4) We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM AS SOON AS POSSIBLE AFTER THE CONTEST. Once a week will suffice if schools desire to mail them in this manner.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few weeks, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out.

PRE-GAME DUNKING RULE REINFORCED

At various meetings involving Principals of high schools throughout the state, it has been reiterated that pre-game dunking is not legal. This is also true for half-time and other times when the game is not in progress.

Apparently some schools are allowing varsity team members to dunk at the half-time of the junior varsity games. This is in effect, pre-game dunking, before the varsity game, and is not to be permitted.

The issue is not only rules and safety, but equipment. Principals and Athletic Directors complain that allowing this practice to continue jeopardizes not only the safety of the players, but equipment such as rims, and backboards are placed at peril for damage.

Please enforce this rule as written.

DEFENSE WARNING PROCEDURE

One of the many rules changes this year allows for the offense to break the plane of the side line in putting the ball in play, but does not allow the defense the same privilege. The proper mechanics call for a warning to be administered to the defense on the first occasion, a warning that is also to be administered to the team bench.

Several officials have called or written as to the procedure for this warning and how the mechanics should operate. Player B1 breaks the plane of the end line while A1 is attempting to put the ball in play. The official shall sound his whistle and issue the warning to the defense, and at the same time, make a verbal warning to the coach of the offending team, and to the official scorer. The ball shall then be placed at the disposal of A1, and the five second count begun again.

MAKE-UP CLINIC FOR OFFICIALS/COACHES

Beginning with 1990-91, Assigning Secretaries no longer conduct make-up clinics for coaches and officials who miss a regular clinic. For all coaches and officials who did not attend and wish to be part of post season play, the clinic will be conducted Saturday, February 9, at the K.H.S.A.A. offices in Lexington. Pre-registration will be conducted through the Principals and Superintendents of the member schools and they will receive the complete schedule.

SPANDEX SHORTS AND OTHER UNIFORM QUESTIONS

The spandex shorts which extend below the uniform and are worn under the playing uniform are NOT LEGAL for high school competition. Only in the case of a doctor's note, co-authorized by the K.H.S.A.A. are players permitted to wear the shorts. And the wearing must be as a cure for an existing condition, not for prevention.

Normally, uniform decorations such as flags, etc., are not permitted on the game jersey, but may be worn on the uniform shorts or warm-ups. However, effective 1/24/91 and for the duration of the Gulf War, the National Federation has adopted a policy which allows the official flag of the U.S. to be worn on the game uniform. The flag is to be no closer than 2" to any player's number, and may not be located between dual numbers. This policy will be in effect through the duration of the war, or the end of this school year, and supersedes any previous

memorandums or interpretations. Please contact the Association office if you have any questions.

EVALUATION QUESTIONS

The response to the ratings system has again been overwhelming. Thanks to all of the coaches and officials for their cooperation. A few minor points have arisen --

THE SCHOOL NUMBER

It is a dual responsibility of the schools and the officials to insure that the proper school number is properly coded on the ratings form. In the future, there will be possible penalties for failing to include this number. However, for this season, no official or school will be penalized. On several occasions in the Athlete, and at the rules clinics, a school number listing has been distributed. If you need another copy, please contact the office.

THE OFFICIAL NUMBER

Officials will be penalized for failing to properly record the identification number of each official working the contest. K.H.S.A.A. By-Law 26 states that any person who officiates shall not only register, but shall carry their identification card with them. There can be little excuse for an official not having his/her number.

CUT-OFF DATE

The tentative date for the ratings to cut off and be compiled for the 1990-91 season is Friday, January 25. This date is subject to change dependent upon the number of ratings received about that date. However, coaches and officials are reminded that the ratings are to continue to be submitted for ALL regular season games up to the district tournament, and those games between the cut-off date and the start of the district shall be counted toward 1991-92 ratings.

COACHING BOX NOT OPTIONAL

It appears that there are a few schools in Kentucky who have yet to place coaching box lines on their gym floor. The playing rules call for a six foot coaching box to be in place in front of each bench. The coaching box shall be outlined outside the side of the court on which the scorers' and timers' table and team benches are located. The area shall be bounded by a line 28' from the end line, the sideline, a line 22' from the end line, and the team bench. These lines shall be located off the court, be two inches wide, and of a color contrasting with the boundary lines.

Gymnasiums which cannot accommodate a sideline box may receive special permission to put the benches in the end zones. This permission must be requested in writing and will be granted only in cases where there is a physical limitation, not in case of a personal preference.

This is not an optional rule change. Athletic Directors and Principals of member schools not in compliance should immediately place tape lines on the floor to insure that the playing floor is legal.

FIRST MID SEASON BASKETBALL NOTES

In an effort to keep coaches, administrators and officials better informed, this newsletter is being produced with information and discussion points which have arisen throughout the season. Comments and suggestions are welcome.

1990-91 NATIONAL FEDERATION WRESTLING RULE INTERPRETATIONS PART I

CORRECTION: In the Rules Book, page 55, the photograph on the bottom left and the photograph on the middle right need the word "and" changed to "or" in the third line.

SITUATION #1: Wrestler A is using the intentional release method and is trying to earn points for scoring a technical fall. In earning his points, Wrestler A takes his opponent down, turns him for a two-point near fall and then releases him. This is immediately followed by another takedown and the same procedure. There is never any attempt for Wrestler A to try and pin his opponent, he is simply trying to earn two near fall points. Does this meet with the criteria outlined in Rule 7-6-3a where it explains the intentional release method? **RULING:** This obviously is a judgement on the part of the official but, if the official feels that there is no attempt to pin the opponent and that Wrestler A is simply trying to humiliate his opponent then the official should categorize this as unsportsmanlike conduct and penalize accordingly (7-6-3 & 7-4-2)

SITUATION #2: The coach of Team B requests a conference with the referee and is concerned about an out-of-bounds situation. The coach also states that he would be glad to replay the situation as he has it all on video tape. **RULING:** The referee shall not use TV monitoring replay or any other video equipment in making any decision relative to the match. (3-1-7)

SITUATION #3: The coach of School A has a contestant that is interested in competing on the high school wrestling team but, because of his heritage background, he wears long hair that has never been cut. Would it be permissible for this individual to compete in high school wrestling? **RULING:** The wrestling appearance rule has a note added to it which does allow an individual with hair longer than allowed by rule to participate in high school wrestling. In order to compete the hair must be covered and remain in bounds as the maneuver is satisfied. The cover shall either be a part of the headgear or worn under the headgear. It must also be made of a solid material and be nonabrasive. Written approval for the wearing of this cover must be obtained from the state high school association office. (4-2-1)

SITUATION #4: Wrestler A is maneuvering for a double-leg takedown and, as he secures the takedown, his knees go down on the mat outside the wrestling area. The feet of Wrestler A, however, remain in bounds as the maneuver is completed. Can this be scored as a takedown? **RULING:** In awarding a takedown at the edge of the mat control must be established while at least the feet of the scoring contestant remain down on the mat in bounds. This would be a two-point takedown. (5-2-1)

SITUATION #5: In a dual meet the coach of Wrestler A is required to send his wrestler to the mat first and does so. Wrestler B, however, does not report to the mat when called by the referee. **RULING:** A wrestler is required to report to the mat when directed by the referee and, if he does not do so, you would have one of the following situations, either the contestant does not report because of Rule 8-1-1 and, if it falls under that category, he would have two minutes to correct the problem; the only other reason would be considered as unsportsmanlike conduct against the coach for interfering with the orderly progress of the match. (6-2-2, 8-1-1, 7-5-3)

SITUATION #6: During an injury timeout the coach informs the official that he is defaulting the match because his wrestler is unable to continue. At that point the wrestler immediately comes to his feet, goes to the center of the mat and says he is ready to continue. **RULING:** When the match is defaulted by either the coach or the participant this terminates the match and no additional wrestling can take place. (6-4-4)

SITUATION #7: Contestant A lifts his opponent off the mat and, while Wrestler B is in the air struggling to get free, Wrestler A loses control and Wrestler B falls to the mat. Would this be considered as a slam? **RULING:** When you lift your opponent off of the mat you are responsible for his return to the mat. Anytime this is done with unnecessary force a slam shall be called without hesitation. (7-1-1)

SITUATION #8: Wrestler A has a legal headlock on Wrestler B and, as A continues pressure with the headlock, he restricts either the breathing or circulation for Wrestler B. **RULING:** As soon as breathing or circulation is restricted the legal headlock becomes an illegal hold. Anytime you have pressure over your opponent's mouth, nose, throat or neck which restricts either breathing or circulation it is an illegal hold. (1-1-7)

SITUATION #9: Wrestler A commits two false starts followed by an incorrect starting position. What is the proper procedure for the referee to follow? **RULING:** Each contestant is allowed two cautions for either a false start or an incorrect starting position prior to being penalized. In this situation the two false starts would each receive a caution and the incorrect starting position would be penalized one point. (7-3-1)

SITUATION #10: Two wrestlers in the 275-pound weight class are disqualified in the finals of a tournament for stalling. What points would these two individuals receive for their team? **RULING:** In this situation the contestants would only be disqualified from this match. They are not disqualified from the tournament and therefore they would both be entitled to receive two points. There would be no one to receive first place at the 275-pound level. (8-1-3, 8-1-6)

SITUATION #11: Can the offensive wrestler start from the down position with excessive pressure or grip on the defensive wrestler's elbow? **RULING:** The rules state that the offensive wrestler is to place the palm of his hand on or over the back of the elbow. This has always been interpreted to mean as light pressure, therefore excessive pressure would not be allowed. (5-1-6)

SITUATION #12: For the 275-pound match, School A pick meet School A has a contestant and School B does not. The contestant from School A comes onto the mat and he is not in the proper uniform (he has no shoes on). The referee indicates to him that he cannot receive the forfeit and proceeds towards the scorers' table to sign the scorebook concluding the dual meet. The coach of School A immediately says to the referee, "Aren't we allowed two minutes for the correction of an illegal uniform?" The referee indicates that he is not aware of such a rule and proceeds to sign the scorebook and leaves the wrestling area. **RULING:** The referee has obviously made an error in not allowing the 275-pound contestant from School A to correct his illegal uniform, however, this error must be corrected prior to the referee signing the scorebook for the last match of the evening. This was not done and, therefore, no correction for this error can be made. (5-3-5, 8-1-1, 6-6-3)

SITUATION #13: The match ends with a score of Wrestler A-7 and Wrestler B-8. As the contestants are returning to the center of the mat, Wrestler A shoves Wrestler B and the referee has his back turned and does not see this incident. This is followed by B shooting a double-leg takedown, picking up Wrestler A and slamming him to the mat. The referee does see this action. What would be the final results of the match? **RULING:** Wrestler A is the loser of the match because the final score was Wrestler B-8 and Wrestler A-7. However, Wrestler B is not declared the winner of the match because he is called for flagrant misconduct and is disqualified. In a dual meet there would be no team points for this weight class and the team score for Wrestler B would be reduced by two points. (7-4-3)

SITUATION #14: Wrestler A takes Wrestler B straight to his back and the referee has a two-point count when the coach of Wrestler B goes on the mat protesting the takedown. What would be the correct procedure to follow in this situation? **RULING:** Wrestler A would receive two points for a takedown and two points for a near fall. The coach of Wrestler B would be either penalized for unsportsmanlike conduct or flagrant misconduct. If it is unsportsmanlike conduct Team B's total would be reduced by one point. If, however, the call was flagrant misconduct on the coach of Wrestler B then the coach would be removed from the premises and a two-point team deduction would be made. (7-5-3 & 5)

SITUATION #15: Wrestler A has Wrestler B in a pinning situation in a heated match and Wrestler A begins to taunt Wrestler B. What is the correct procedure for the referee to follow in this situation? **RULING:** The match should be stopped immediately and Wrestler A penalized for unsportsmanlike conduct. Wrestling would be resumed from the down position with Wrestler A in the offensive position. (8-1-1)

SITUATION #16: Wrestler A pushes Wrestler B out-of-bounds. Do we have a technical violation or do we have stalling? **RULING:** Forcing an opponent out of the wrestling area as a means of avoiding wrestling is a technical violation and shall be penalized according to the Penalty Chart. (7-3-2)

SITUATION #17: In a dual meet Team B has no 125-pound competitor and, following the 119-pound match, the 130-pound competitors go to the mat. After the match has started the coach of Wrestler A remembers that his 125-pound wrestler did not receive a forfeit. He goes to the scorers' table and, when the match is stopped, indicates this to the referee. The referee says he will not do it at the present time but he will award the forfeit after all matches have been completed. The referee indicates this would be in the spirit of fair play. **RULING:** Completion is to be conducted in the weight order listed in the rules book or the weight order agreed mutually by both coaches at the time of the weigh-in. Once the 130-pound match has started there can be no correction for declaring a winner at the 125-pound match. There would simply be no points scored at the 125-pound match for either team. (1-1-2, 6-6-3)

SITUATION #18: Wrestler A shoots a double-leg takedown and it is obvious that when completed he will receive two points. Prior to the takedown being completed, however, Wrestler B applies an illegal hold. Is this a delayed call? **RULING:** In a takedown situation the application of an illegal hold is not a delayed call and no takedown would be awarded. The match would be stopped and a one-point penalty would be assessed for the illegal hold. (8-1-2)
