SPECIALTY SYSTEMS, INC.

M.V.P. FOR THE ATHLETIC DIRECTOR

Specialty System's all new MVP Administrative and Management Programs for Athletic Directors offer a variety of unique applications and services never before available.

MVP programs are designed to be used independently on a single computer or integrated with SSI's other administrative modules as part of a complete school system.

MVP earns its names with the following advantages.

• MVP ADMINISTRATION

The master database of the MVP system, this package tracks player eligibility, injury notification, notification to parents & insurance company plus much, much, more.

Administration Module, \$695

• MVP CONTRACTS, TICKETS & FACILITIES

Saves time and loss of money by tracking placement, sales & collection on tickets, tracks contracts outstanding and completed by year and by sport.

Contracts, Tickets & Facilities, \$345

• MVP STATISTICS PACKS

Integrated with the administration module this module does not have to be re-entered into a separate package for each sport. Two packages are available: Package 1 for football, basketball, baseball/softball, golf, soccer, and tennis, Package 2 for volleyball, track, cross country, field hockey, wrestling, and swimming. Each package also keeps participation reports on all sports for letter awards.

Statistics Pack One, \$445 Statistics Pack Two, \$445

• MVP BOOSTER CLUB MGMT.

Total management of club memberships, volunteer lists, donation and others.

Booster Club Module, \$535

Brick Delay

The much-anticipated arrival of the three-line and four-line bricks ordered by schools, fans and supporters of the KHSAA was put on hold recently when the specially designed bricks failed inspection.

The bricks, specially made due to their size and shape, arrived two months ago. But the bricks were not rigid enough to withstand engraving and were returned. Many purchasers have visited the Court of Support at the new KHSAA headquarters in Lexington and have noticed only two line bricks are in place.

The manufacturer has assured the KHSAA that the bigger bricks are in production. Once the KHSAA receives the order, the bricks will be sent directly to the engravers, who will then engrave the bricks and place them in the Court. The KHSAA appreciates all contributors patience and support.

Handbook Changes

Please make the following updates in the 1992-93 KHSAA Handbook:

Allen Central -- David Bolen, A.D.; Augusta -- Tom Appleman, A.D.; Barbourville -- 134 School Street, Prin. 546-3129; Berea -- Steve Riddle, A.D.; Boyd Co. -- A.D. 928-3002; Burgin -- Dick Payne, A.D., Box B, 440 E. Main; Campbellsville -- Jim Hardy, A.D.; Conner -- A.D. 689-7884; Covington Catholic -- A.D. 655-4323; Cumberland -- Supt. 573-4330; Deming -- Laverne Ames, Principal, Joe Bane, A.D.; Feds Creek -- Prin. 835-2290; Fleming Co. -- Larry Burke, Principal; Franklin Co. -- James Shrock, Principal, 695-6750; George Rogers Clark -- A.D. 745-3930; Hazard -- Hwy. 15 South; Heath -- Bill Bond, Principal; Johns Creek -- Roger Wagner, Principal; June Buchanan -- school 368-2324; Knox Central -- Larry Mills, A.D., 546-2368;

Livingston Central -- P.O. Box 369; Lone Oak -- 225 College Ave., 554-6820; Lyon Co. -- A.D. 388-2296; Madison Central -- 624-4505; Magoffin Co. -- Jack Howard, A.D.; Marion Co. -- prin. 692-1138; Menifee Co. -- Elaine Brown, Principal, Brian Miller, A.D., A.D. 768-2141; Mercer Co. -- George Karnavas, A.D.; Mercy -- Roy Bowling, A.D.; MMI -- Alvin Hadley, Prin./A.D.; Mullins -- Joe Marson, A.D.; Nelson Co. -- Prin. 348-7010; Oldham Co. -- A.D. 222-9461; Owsley Co. -- Earl G. Clay County's Streak Ends At 119 Wins

KHSAA Staff Report

Thirteenth Region power Clay County had its 119-game win streak halted on Jan. 14, 1993, by the Australian Junior National Team, just 10 wins shy of tying the national record for consecutive wins at home.

The Tigers, which set a new state record, had not lost at home since December of 1984. But the touring all-star team from "Down Under" snapped the streak by winning 78-75. Ironically, this same Australian team was defeated by the Tigers in Manchester last season and will also be remembered as one of the 119 victims.

According to the National High School Sports Record Book, only two other teams have achieved better marks at home. Covington Newton County, Ga., set the record with 129 consecutive home victories from 1959-67. Hyattsville DeMatha, Md., a powerhouse on the East Coast, won 124 consecutive home games between 1961-76.

"This is a tremendous achievement for all the players who have played in the Clay County program, and a great honor to the fine coaching staff and fans who have been with this team over the past decade," said Billy Wise, Commissioner of the Kentucky High School Athletic Association. "There's not a tougher place for an opponent to win than in Manchester and it's gratifying that the Tigers' program will be honored nationally for its record."

During the streak, Clay County appeared in the Sweet 16 seven times, winning the title in 1987.

Male's Jason Osborne goes in for a lay-up against Dunbar's Darnell Burton in last season's S.T. Roach Classic. The duo are head-to-head in the battle for Mr. Basketball honors.

Sticky Gloves Prohibited In Football

KANSAS CITY (January 7, 1993) — The use of sticky or tacky gloves will be prohibited in high school football, effective with the 1993 season, as the result of action taken Jan. 5-6, 1993, by the National Federation Football Rules Committee.

Meeting in Newport Beach, Calif., the 51-person committee overwhelmingly agreed to prohibit the use of sticky or tacky gloves after hearing extensive testimony and viewing various gloves, which in some cases will nearly hold the ball by themselves without a grip on the ball.

"Gloves are needed in cold weather and also to protect the hand and fingers," said Dick Schindler, assistant director of the National Federation and editor of the high school football rules. "However, in recent years, they have become more and more adhesive. The committee was concerned about the cost of keeping up with the Joneses," and also that they would become even more sticky in future years. It's one thing to enhance play and quite another to give a player the ability to catch a ball he could not without using a sticky glove. Gloves may still be worn, but they cannot be sticky, adhesive or tacky."

The committee also addressed recent concerns regarding the HIV virus and hepatitis and declared that any player who is bleeding, has an open wound or has blood on his uniform shall be considered an injured player and shall leave the game and may not return until the situation is corrected.

"The bleeding athlete will be considered an injured player, and he will have to leave the game for at least one down unless the halftime or overtime intermission occurs," Schindler said. "A procedure will be outlined to give guidelines for appropriate treatment of the player on the sideline."

In an effort to curtail one-sided games, state associations were given the option of adopting a "running time" rule that would take effect at a certain point in the game, the time to be determined by each state. When a team goes ahead by a specified number of points, the clock would continue to run for the remainder of the contest except for specified instances.

In other changes, manufacturer's logo/trade names will be limited to a size of 1 1/2 inches by 1 1/2 inches on a player's pants and jersey manufactured after January 1, 1994. Also, washing instruction labels are prohibited on the outside of a player's pants and jersey manufactured after January 1, 1994.

One white towel without markings is the only uniform adornment that will be allowed beginning with the 1993 season.

Other changes approved by the Football Rules Committee for the 1993 season:

- * Penalty-flag colored pads or gloves are illegal equipment.
- * Tear-away jerseys or jerseys that have been altered in any manner which produce a knot-like protrusion or create a tear-away type jersey are illegal.
- * A fair catch is a catch in or beyond the neutral zone.
- * An entering substitute is not considered to be a player for encroachment restrictions until he is on his team's side of the neutral zone.
- * An offensive player is on his line of scrimmage when he faces his opponent's goal line with the line of his shoulders approximately parallel thereto and with his head or foot breaking the plane of an imaginary line drawn parallel to the line of scrimmage through the waist of the snapper.
- * A substitute becomes a player when he legally enters the field and communicates with a teammate or an official, enters the

huddle, is positioned in an offensive formation or participates in a play.

- * If the toss or simulated toss is held on the field, it shall be done at three minutes before the starting time. The game management is responsible for clearing the field of play and end zones at the beginning of each half so the periods may start at the scheduled time.
- * A loose-ball play includes the snap.
- * Any live ball is penalized according to the all-but-one principle, except an invalid fair-catch signal shall be measured from the succeeding spot.

Points of emphasis for the 1993 season established by the committee are protecting the snapper, roughness during onside kicks, and legal protection of hand/wrist injuries.

More boys participate in football than any other sport at the high school level. According to the 1991-92 sports participation survey of the National Federation, 912,845 boys participated in the sport in 13,826 high schools.

SUMMARY OF RULES CHANGES

- 1-5-2a Gloves are legal provided they are not manufactured or altered to create an adhesive, sticky and/or tacky surface.
- 1-5-3a Penalty flag-colored pads and gloves are illegal.
- 1-5-3i Jerseys may not be altered in any manner to produce a knot-like protrusion or create a tear-away type jersey.
- 1-5-3j A player's towel must be white with no markings.
- 1-5-3l Washing instruction labels are prohibited on the outside of the jersey or pants and a manufacturer's logo/trade name is limited to a single one not to exceed 1.5 x 1.5 inches square on the jersey and pants beginning with those manufactured after Jan. 1, 1994.
- 2-3-2; 6-5-2; 5 A fair catch is permitted in the neutral zone.
- 2-18-2.4 The player's foremost foot, when in a standing position, is used to determine if he is on his line or in the backfield.
- 2-31-5 Guidelines established as to when an entering substitute becomes a player.
- 3-1-1 State associations may adopt a running time procedure and guidelines when an established point differential has been reached.
- 3-2-1 When the coin toss is held on the field, it shall be done at 3 minutes before the scheduled start.
- 3-5-9c A player who is bleeding, has an open wound, or has blood on his uniform is considered an injured player.
- 3-6-5 Game management is responsible for clearing the field so each half starts as scheduled.
- 10-3-la3 The snap is a loose ball play.
- 10-4-4d The penalty for an invalid fair catch signal is enforced from the succeeding spot.
- 6-man The passer may advance a legal forward pass after it has been touched by a B player.

POINTS OF EMPHASIS

1. Protecting the Snapper
2. Roughness During Onside Kicks
3. Legal Protection of Hand/Wrist Injuries

National "Through With Chew" Week Set

Kentucky ranks sixth nationally in teenagers use of chewing tobacco; West Virginia leads the country

The fifth annual **Through With Chew Week** will be Feb. 22-28. February 22 is the anniversary of the death of Sean Marsee, an Ada, Oklahoma, high school athlete who died in 1984. Sean lifted weights and ran the 400-meter relay. By the time he was 18 years of age, he had won 28 medals.

Sean did not smoke or drink, but he did use smokeless tobacco because he thought it wasn't harmful to his health. When oral cancer was discovered, part of Sean's tongue was removed. But the cancer spread. More surgeries followed, including removal of his jaw bone. In his last hours, Sean wrote - he could no longer speak - a plea to his peers, "Don't dip snuff." He died at age 19.

National Through With Chew Week set for Feb. 22-28, 1993.

Currently, there are 12 million smokeless tobacco users in the United States, three million of whom are under the age of 21. The average age of first use is only 10-years-old and regular use begins at 12 years of age.

According to the American Academy of Otolaryngology-Head and Neck Surgery (a surgical specialty that treats the ears, nose, throat, including tumors of the head and neck), studies show smokeless tobacco is more addictive than cigarettes and may be harder to quit.

"When the tobacco is chewed or dipped, nicotine and other chemicals are absorbed directly through the stomach and mouth into the bloodstream," said Lee Eisenberg, D., National Through With Chew chairman. "It is through this process

that the user gets a nicotine high but also develops mouth cancer."

Kentucky is sixth nationally in use of smokeless tobacco by 16-year-olds, according to a survey conducted by the Center for Disease Control. The Bluegrass State trails only West Virginia, Mississippi, Wyoming, Arkansas and Montana. (See accompanying chart.)

The American Academy of Otolaryngology-Head and Neck Surgery has released new brochure written for

teenagers that explains why smokeless tobacco is addictive and discusses adverse side effects. For a free copy of Smokeless Tobacco .. Just as Dangerous, send a self-addressed, stamped, business-size envelope to Chew, American Academy of Otolaryngology, One Prince Street, Alexandria, VA 22314.

Smokeless Tobacco Use, Males 16 years of age. Source: Youth Risk Behavior Survey, 1991, Center for Disease Control.

"While 77 percent of high school students perceive cigarettes to be harmful, only 40 percent do so for smokeless tobacco."

— American Academy of Otolaryngology-Head and Neck Surgery.

Summer Junior Tour To Promote Prep Golf

MINUTES

The State Golf Committee met on Thursday, Jan. 7, 1993, at the Kentucky High School Athletic Association Office in Lexington. The meeting was called to order by Brigid DeVries, Assistant Commissioner, at 1:30 p.m. Attending the meeting were Cathy Gullett, Ernie Denham, Bill Frost, Lou Brown, Marty Donlon, Drew Conliffe, Danny Spillman, Judy Muehleman, Fred Mariani, Jeff Littrell and Larry Boucher.

The first item for discussion was a Kentucky Golf Association report presented by Drew Conliffe. Mr. Conliffe outlined various activities of the Association, such as the Summer Junior Tour which will help promote both boys' and girls' golf on the junior level. The Golf Association is also working to assist the KHSAA in providing rules clinics for players and coaches. These clinics will be scheduled either in late spring or early fall.

Marty Donlon gave a report on the boys' and girls' All-State Teams. The All-State Teams are selected by a committee of coaches. Drew Conliffe is the chairperson. A subcommittee of the Golf Committee will meet later this year to review the criteria for the All-State Teams. The sub-committee includes Drew Conliffe, Lou Brown, Jeff Littrell, Marty Donlon, Danny Spillman, Judy Muehleman and Larry Boucher. PowerBilt is the current sponsor for the All-State program including dinner for the participants and parents and an awards presentation as a part of the annual KGA-PGA Hall of Fame Banquet.

The next item on the agenda was a discussion of the State Golf Tournament. The committee favored returning to Elizabethtown Country Club for the Girls' Tournament and Lincoln Trail Country Club for the Boys' Tournament. The committee also approved playing the tournaments on separate days.

Drew Conliffe gave a report on the Baker-Geary Memorial Fund, and Kentucky Junior Golf Foundation Schol-

arships that are available to seniors in high school, (boys and girls), who play golf. These grants are non-athletic scholarships and are based to some degree on financial need. Applications for these grants were mailed to high schools and were due in by Dec. 1, 1992. Anyone needing further information regarding the scholarship grants should contact Drew Conliffe through the Kentucky Golf Association.

The next agenda item included a brief review of the Rules of Golf. It was decided that coaching should still be prohibited during tournament play.

Ms. DeVries reviewed the KHSAA Constitution and By-Laws, specifically By-Law 25, regarding the Limitation of Seasons, and By-Law 38 on Awards. Clarifications were made on the awards allowed for school and non-school competition.

The next item for discussion was the Regional Golf Tournament sites and managers. The Regional Tournaments are set for the week of October 4, 1993. It was suggested that, if possible, the Girls' Regional Tournaments be conducted Monday or Tuesday of that week. Some of the regional sites were set with golf committee members helping to secure those sites that are not assigned. The regional information and entry forms were reviewed and changes were made for the 1993 golf season.

The proposed re-alignment of regions was the next item for consideration. After a lengthy discussion and review of all of the proposals submitted, the committee recommended the following:

Girls: A nine-region alignment with no change in state qualifying.

North Hardin's Kellie Brown follows through on this putt in the 1992 Golf Championships. For '93, the golf committee has recommended the same sites for tournament play.
Photo by Greg Eans

Boys: A similar 11-region alignment with Bracken County being moved from Region 4 to Region 9. There is also a recommendation to increase the individual state qualifiers from three to four qualifiers.

These proposals will be submitted to the Board of Control for their consideration and approval.

Miscellaneous items included a suggestion that all of the regional managers for the 1993 tournaments supply the KHSAA with a list of schools who participated in these tournaments. This listing will provide the most accurate accounting of participating schools by region. A Golf Participation Committee was formed to look at this information. The committee includes Bill Frost, Ernie Denham, Cathy Gullett, Lou Brown, and Judy Muehleman.

There being no further business the meeting was adjourned.

Track And Field Prepares Two-Day Affair

MINUTES

The Kentucky High School Athletic Association Track and Field Committee met at the Association Office in Lexington on Wednesday, Jan. 20, 1993. The meeting was called to order by Brigid L. DeVries, Assistant Commissioner, at 1:30 p.m.

Members present were: Bro. Borgia, Charlie Ruter, Alice Leigh, Augie Schiller, John Gettler, Gordon Bocock, Dave Shufelt, Barry Binkley, Bill Patton, Bob Stacey, Jeff Taylor, Duane Stewart, Jack Keller, Frank Miklavcic and Jean Wright. Alvis Johnson also was present. Members absent were Rick Coffey, Tony Rowe, Tim Estes and Gordon Bocock.

Ruter and Miklavcic reported on the Mason Dixon Games scheduled on Jan. 29 & 30, 1993. As in the past, the high school division will be open to Kentucky athletes only. It is estimated that there will be around 2,000 high school athletes participating in this event.

Jean Wright gave a report on the 1993 Blue Grass State games. The participation was good, and one of the goals for 1993 will be to get track entries from Kentucky counties where there were no representation. The dates for the 1993 games are July 24-25, 1993.

Barry Binkley reported briefly regarding the KTCCCA Annual Clinic. There won't be a clinic this year, but plans are to try to get a fixed date for the clinic, starting next year.

The next item on the Agenda was a discussion of the Regional Track Meets and sites. Committee members discussed and made recommendations regarding regional sites from the schools who had requested the meets for the 1993 season. Ms. DeVries will begin to solicit the other sites not assigned for the 1993 Regional Meets. The dates for the 1993 meets are as follows:

Regional Meets: May 21-22, 1993
State Meet: May 28-29, 1993

The next item on the agenda

was a discussion of the new two-day State Meet format. Two proposals were discussed at length, one from Keller and one from Bocock. After a lengthy discussion the committee approved Bocock's proposal with some minor revisions. Two runners in each event will qualify from the regional meet into the state meet. At the state meet, the top four runners in each heat on Friday will qualify for the finals on Saturday, except for the long distance races, where they run only once as a final heat. Those events are the 3200-meter relay, 1600-meter run and the 3200-meter run which will use a waterfall start. The 800-meter run and 3200-meter relay will use the waterfall start with a two-turn stagger and break line with two runners per lane. The fastest runners will be in the inside lanes with the slower runners toward the outside lanes -- (1-8) (9-16).

Committee members analyzed the 1992 state meet and made some suggestions for the 1993 meet. Bill Patton outlined some specific suggestions for the 1993 meet which were noted and will be in effect this year.

Ms. DeVries gave a facility update on the University of Kentucky track. The field events runways and throwing surfaces are due to be resurfaced this coming March. Facilities Coordinator Russ Pear advised that the work should be completed in time for the State Meet. However, the KHSAA should have a backup site just in case the work is not finished. Committee members suggested the following alternatives: Murray State University for all three classes, or individual high school facilities splitting up each of the classes with separate meets. Members suggested several schools as possible choices. These sites include Henderson County, Shelby County, Ft. Knox, and Ryle.

The next item was a discussion of recruitment of officials. Committee members are going to work hard to get more people involved in officiating. Regional meets have to have at least one KHSAA registered official working

REMAINING TRACK CLINICS

Feb. 17	Central Hardin
Feb. 23	Russell
Feb. 25	Covington Catholic
March 4	South Laurel
April 6	KHSAA Office

All times 7 p.m.

the meet. The committee strongly recommended that if only one registered official was working the meet, it should be the referee.

The following is a list of the remaining Track and Field rules' clinics (all times 7 p.m.):

Wed.	Feb. 17	Central Hardin
Tues.	Feb. 23	Russell
Thurs.	Feb. 25	Covington Catholic
Thurs.	March 4	South Laurel
Tues.	April 6	KHSAA Office

Ms. DeVries reviewed the 1993 National Federation rules changes. The discus cage is mandatory this year so schools who do not have a cage cannot conduct the discus at their school. The rule change regarding scoring was discussed. It was decided that no change in scoring at the Regional and State Meet would be made at this time.

Miscellaneous items included a proposal from Miklavcic regarding an "All-Class State Final" in Track and Cross Country. In Track, the proposal suggested bringing the top-two participants from each class, plus the next two best times, or the top three from each class plus the next 10 best times in for a two-day meet. This meet would follow the regular 3 class state meet. Miklavcic submitted the proposal to Commissioner Billy Wise for consideration.

There being no further business, the meeting was adjourned.

KAPOS 1992 CHEERLEADING CHAMPIONS

HENRY CLAY BLUE DEVILS 1992 Boys' State-At-Large Champions

Front Row: Colleen Bell, Kristen Dillon, Cassie Stivers, Kim Gray, Wendy Dishong, Shannon Faulkner.

Middle Row: Leslie Dolihite, Cassidy Ruschell, Katy Stephan, Kim Seaman, Katie Walsh.

Back Row: Stacie Weinberg, Courtney Potter, Rebecca Adams, Leanne Lancaster, Nicole Clark, Susan Pope, Julie Morgan.

PIKEVILLE LADY PANTHERS 1992 Girls' State-At-Large Champions

Front Row: Andrea Davis, Jennifer Harris.

Middle Row: Marissa Leedhanackoke, Summer Osborne, Jessica Hall, Ashla Hayes, Kari Lindsey, Robin Pigg.

Back Row: Jamie Strawser, Dana Burke, Raquel Stone, Megan Collier, Sasha Owens.

KAPOS Releases Sweet 16 Information

Participating cheerleader and cheerleading coaches registration: all cheerleading squads and/or coaches are asked to stop by the *Kentucky Association of Pep Organization Sponsors* table to:

1. Register your squad.
2. Pick up important information and materials for your squad.

Along with a KAPOB Board member, there will be high school cheerleaders to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn, they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all cheerleaders and coaches that you are cordially invited to have refreshments, socialize with friends, exchange ideas and perhaps get help with your problems at our hospitality room.

Attention Principals: If your team will be participating in the Sweet 16, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleading coach. We request your cheerleaders be chaperoned by a well-qualified, school-approved adult. Verification of this, along with your cheerleading coach's name, must be reported in the letter of confirmation which you will receive. This letter must be in the hands of the KAPOB officer prior to the time your cheerleaders take the floor.

Important: Please be sure your school is a paid member of KAPOB or pays the fee before their first game in order for your squad to compete for the cheerleading awards in the State Tournament. The winners will be determined by use of a KAPOB Judging Sheet -- a copy appears in the KAPOB Handbook.

Awarding Trophies

KAPOB is pleased to honor

SCOTT COUNTY CARDINALS
1992 Boys' Sweet 16 Champions

*Front Row: Melissa Perkins, Stacey Lucas, Diane Cudd, Lisa Morgan.
Back Row: Tina Oser, Maria Tachet, Tara Wise, Heather Miller, Stephanie Roderick, Carrie Wood, Kelle Burge, Jennifer Jacobs.*

outstanding cheerleading squads with recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleading squad in the Boys' Sweet 16 will receive the Ted Sanford Trophy; the Girls' Sweet 16 winner will receive the Tom Mills Award. The runner-up cheerleading squads will receive a trophy, with third- and fourth-place squads receiving plaques. In addition, the Special K-Pep Award will be presented. All tournament cheerleading squads and their coaches are asked to be located close to the playing floor so they can easily come on the floor should they win an award.

Sportsmanship Month

While every month should be Good Sportsmanship Month, KAPOB has always tried to put special emphasis on being a good sport at tournament time. Being a good sport is part of being a good citizen. We don't believe good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to

remind all citizens that it is a privilege to be able to attend the tournament and that each individual can contribute to the success of the tournament if he will abide by the KAPOB Sportsmanship Creed proclaimed by Governor Brereton Jones. The Governor's proclamation is on display at the KAPOB table. Remember, Be A Sport!

State-At-Large Champions

Recognition is annually given to the cheerleading squads other than those 16 fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer Trophy, while the runner-up will receive the KAPOB President's Trophy. Plaques will be given to the third- and fourth-place squads.

Beginning at the district level, all squads that are KAPOB members are eligible to be judged for the honor of representing their district in the KAPOB Region-At-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn, the girls' varsity winner and runner-up and the boys' varsity winner and

(Please see, KAPOB, page 14)

KAPOS'

Info (From Page 13)

runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the Boys' State-At-Large winners will take place at 8:30 a.m. Saturday, March 20, at Memorial Coliseum in Lexington. Judging for the Girls' State-At-Large winners will take place at 8:30 a.m. Saturday, March 27, at Memorial Coliseum in Lexington. The public is invited to these outstanding events. The admission charge of \$4 will go toward the expenses of the KAPOS scholarship award -- details of which are supplied below.

At the conclusion of the judging, trophies will be awarded to the top squads in addition to several special awards.

Notes To Administrators

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel help at the tournament. This involves at least 12 to 15 people. It is also back-breaking, tiresome work. However, we have many dedicated persons who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS Board is seeking your understanding and cooperation should you be asked to release a teacher from his or her duties to help carry on the work KAPOS is doing to make cheerleading a worthwhile educational experience in the state of Kentucky.

Stella S. Gilb Scholarship

KAPOS is happy to annually award the Stella S. Gilb Scholarship to outstanding cheerleaders from Kentucky. In 1992, KAPOS awarded ten \$500 scholarships to well-deserving cheerleaders. One of your cheerleaders may be a potential scholarship winner,

SOUTHERN LADY TROJANS
1992 Girls' Sweet 16 Champions

*Front Row: Danielle Jones, Kristy Frey, Robyn Collins, Jamie Cannon.
Back Row: Krishanda Johnson, Kimberly Smallwood, Cori Abbott, Melissa Hall, Tara Anson.*

so get your applications in early. Applications must be turned in no later than April 30. Contact a KAPOS Board member or officer for application forms or pick them up at the State Tournament KAPOS table.

KAPOS Services

- Maintains an affiliation with the KHSAA in order that we may help them and they may assist us in any way possible to promote good sportsmanship in the state of Kentucky.

- Maintains continual communication with cheerleading coaches in the state to ascertain their needs, problems, suggestions and criticism.

- Holds judging clinics to promote better understanding between cheerleading coaches and judges and to encourage consistency in interpretation of KAPOS rules and recommendations.

- Sponsors awards to outstanding cheerleading squads at the district, regional and state levels.

- Sponsors the judging of outstanding cheerleading squads for Sweet 16 competition.

- Sponsors Sportsmanship Month during March.

- Serves as host of the KAPOS table and the KAPOS Hospitality Room at the Girls' and Boys' Sweet 16s.

- Sponsors the Stella S. Gilb

Scholarship, an educational scholarship awarded each year to outstanding and deserving cheerleaders in Kentucky.

- Presents the "Cheerleading Coach of the Year Award" for both girls' and boys' coaches.

- Presents the "Pat Dooley K-Pep Award" in each region and state tournament.

- Members serve as instructors and judges as requested by the various groups (KHSAA, YMCA, NCAA, schools, etc).

- Sponsors the Kentucky Cheerleading Coaches Conference each July or August in Lexington.

- Sponsors a Medical Symposium designed for cheerleading coaches.

Membership Requirements

Membership in KAPOS is open to all schools who are affiliated with a school system in Kentucky. Dues are \$2 per varsity cheerleader plus \$2 for the coach and entitle the school to membership in the organization for the fiscal year from July 1 through June 30.

Dues should be paid to the treasurer of KAPOS by Dec. 15. A membership card will then be returned to you. A KAPOS Handbook is mailed to all high school principals at the beginning of each school year.

Dawahares-Kentucky High School Athletic Association HALL OF FAME

OFFICIAL NOMINATION FORM

The Dawahares-Kentucky High School Athletic Association Hall of Fame is open to anyone who has played, officiated or administered high school athletics at any Kentucky high school, past or present, and to anyone who has been of service to Kentucky high school athletics. (please type all information)

Name of person nominated: _____

Address of person being nominated: _____
(or surviving relative if deceased) _____

City, State, Zip: _____

Telephone of person being nominated: _____

Briefly list accomplishments of nominee: _____

List names of school(s) where nominee was involved: _____

Name of Individual submitting nomination: _____

Address: _____

Phone: _____

Comments: _____

Signed: _____

Date: _____

All nominations will be forwarded to the Hall of Fame Selection Committee to be appointed by the President of the Kentucky High School Athletic Association Board of Control.

<p>KHSAA HALL OF FAME</p> <p>Eligibility Eligibility for the KHSAA Hall of Fame is based on high school accomplishments and contributions only. Any player who has been out of high school eight years, or any coach, administrator or official who has distinguished themselves in their respective field is eligible.</p> <p>Nominations Anyone can nominate a person for the Hall of Fame. Nomination deadline is March 1. An official KHSAA Hall of Fame nomination form must be completed for each nominee. Additional information can also be submitted with the nomination form.</p> <p>Selection Twenty people will be inducted into the Hall of Fame each year. A selection committee will meet the third Friday of April in Lexington to pick the inductees.</p>	<p>GROUP DEMOGRAPHICS</p> <p>The group of 20 people must include at least:</p> <ul style="list-style-type: none"> -five "senior inductees" over the age of 60; -two women -two minorities -one representative from the following combined regions: 1-2; 3-4; 5-6; 7-8; 9-10; 11-12; 13-14; 15-16. <p>INSTRUCTIONS</p> <p>All information on this form must be completed and received by the Kentucky High School Athletic Association before March 1. The completed nomination form and support materials should be sent to 2280 Executive Drive, Lexington, KY 40505. Once the nomination form is received by the KHSAA, all actions necessary to the selection process shall remain confidential. All information submitted shall be retained by the Hall of Fame.</p> <p>Please include a limited number of newspaper clippings, magazine articles and other supportive materials that would be helpful to the Hall of Fame Screening Committee.</p>	<p>GENERAL CRITERIA</p> <p>Nominees must exemplify the highest standards of sportsmanship, ethical conduct and moral character.</p> <p>Athletes would be former student participants who are being nominated for their achievements in interscholastic athletics. Coaches would be considered on the merits of their high school coaching achievements only and officials on the basis of their service as a high school official.</p> <p>ALL CANDIDATES WILL BE JUDGED ON THEIR SIGNIFICANT AND/OR LONG-TERM CONTRIBUTIONS TO INTERSCHOLASTIC ATHLETICS.</p> <p>Accomplishments at the college or professional level will not be considered by the selection committee.</p>

Kentucky High School Athletic Association

Communicable Disease Prevention, Precaution and Policy Statement

Endorsed by the Kentucky Medical Association, Committee on School Health, Physical Education and Medical Aspects of Sports

PURPOSE

The Kentucky High School Athletic Association has adopted this policy in an effort to minimize the possibility of transmission of any infectious disease during a high school athletic team practice or contest.

In the last few months, considerable attention has been given to the HIV infection as it relates to sports. While experts say the possibility of HIV transmission occurring during athletic competition is close to non-existent, appropriate precautions must be taken to prevent the spread of HIV and other infectious diseases.

The National Federation Rules Review Committee and TAR-GET® have had a number of meetings the past few weeks regarding rules coverage as it relates to HIV and the Hepatitis B virus.

Each rules committee will be asked to consider adopting a committee statement of communicable disease precautions and also to adopt statements within the rules and procedures to follow for a participant, coach or official who is bleeding, has an open wound, or has blood on the uniform. For the 1993-94 year, each sport will have specific coverage for these provisions printed in the Rule books.

In the interim, certain amendments to the rules have been suggested to be utilized for the remainder of the 1992-93 school year. The K.H.S.A.A. is implementing these standards effective immediately in response to numerous requests that have been received from schools and officials to provide more specific guidance in regard to precautions against communicable diseases. School administrators, coaches and officials should review and follow these procedures. Your immediate attention and full cooperation is appreciated.

The policy primarily addresses blood-borne pathogens such as the Hepatitis B virus and the Human Immunodeficiency Virus (HIV). However, it also covers common-sense precautions against the spread of less serious contagions such as the Influenza virus and the Common Cold virus.

Special thanks to the West Virginia Secondary Schools Activities Commission, the Illinois High School Association, the Missouri State High School Activities Association and the National Federation for their assistance in this matter.

BLOOD-BORNE PATHOGENS

Blood-borne pathogens such as Hepatitis B and HIV are serious infectious diseases which are present in blood as well as other bodily fluids such as semen, vaginal secretions and breast milk. While there are a number of other such blood-borne diseases, Hepatitis B and HIV are the most commonly known.

Hepatitis B is a virus which results in a dangerous inflammation of the liver. It's victims can suffer long-term consequences and recurrences, and the disease can be deadly if not treated. HIV is the virus that causes Acquired Immunodeficiency Syndrome (AIDS), which weakens the immune system, thus making a person susceptible to infections their immune systems would normally fight off. At this time AIDS is incurable and deadly.

The precise risk of HIV transmission during exposure of open wounds or mucous membranes such as the eyes, ears, nose and mouth to contaminated blood is not known. Though the possibility of contracting HIV in this manner is generally considered to be less than the possibility of contracting Hepatitis B and other blood-borne viral infections, it is a serious threat.

Student-athletes, coaches and officials must understand that while it is possible for HIV to be transmitted by blood from one individual to another through an open wound, or a mucous membrane, the probability is very low. However, since the chance of this occurring does exist, the appropriate precautions should be taken to ensure no transmission can occur and to be aware of the possible consequences.

PRECAUTIONS AGAINST TRANSMISSION OF BLOOD-BORNE PATHOGENS

The proper handling of body fluid spills should be a concern of teachers, coaches, officials and student-athletes. All concerned individuals must be aware that any time there is blood and/or other body fluids present, there is the possibility of an infectious disease being transmitted. However, this possibility can be reduced if a few common sense precautions are observed.

Communicable Disease Precautions

While the risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as in other body fluids. Precautions for reducing the potential for transmission of these infectious agents should include, but are not limited to, the following:

1. Routine use of gloves or other precautions to prevent skin and mucous membrane exposure when contact with blood or other body fluids is anticipated.
2. Immediately wash hands and other skin surfaces if contaminated (in contact with blood or other body fluids). Wash hands immediately after removing gloves.
3. The bloodied portion of the uniform must be properly disinfected or the uniform changed before the athlete may participate. To disinfect the uniform, use a solution of 1-100 (for example, 1/4 cup to one gallon water) of sodium hypochlorite (example bleach) or 70% isopropyl alcohol (rubbing alcohol) or other appropriate disinfectant.
4. Clean all blood contaminated surfaces and equipment with a solution made from a 1-10 dilution of household bleach or other disinfectant before competition resumes.
5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.
6. Although saliva has not been directly implicated in HIV transmission, minimize the need for emergency direct mouth-to-mouth resuscitation. Mouthpieces, resuscitation bags, or other ventilation devices should be available for use if possible.
7. Athletic trainers/coaches with bleeding or oozing skin condition should refrain from all direct athletic care until the condition resolves.
8. Contaminated towels should not be re-used.
9. Follow acceptable guidelines in the immediate control of bleeding when handling bloody dressings, mouthparts and other articles containing body fluids.
10. Refer to the specific sport rules for additional information.

General Procedures for Activities:

1. If excessive blood appears on the uniform, the player should replace that part of the uniform without punitive action.
2. All athletes must cover any open wound.
3. Student athletes should treat and cover their own wounds whenever possible.
4. When administering first aid, disposable rubber gloves should be worn. A different pair of gloves should be worn for each treatment administered.
5. If an individual, be they a player, coach or official, has someone else's blood on his/her skin, the area should be washed with soap and water and wiped with disinfectant, such as isopropyl alcohol.
6. If a student athlete begins to bleed during an activity, play must be stopped, the student athlete is to be considered injured,

(Continued, Next Page)

removed from play, and any potentially contaminated surfaces cleaned using a disinfectant. The surface should then be wiped with clean water.

7. Any student athlete that is removed must have the wound covered and the bleeding stopped prior to returning to the contest.
8. Any individual who has treated a wound or cleaned a contaminated surface should wash his/her hands with soap and warm water.
9. A student athlete should take a shower using a liberal amount of soap and warm water following the contest.
10. Towels which are used by athletes, coaches or officials should not be used to clean off any potentially contaminated surfaces.
11. All soiled linens such as towels and uniforms should be washed in hot water and in a detergent containing bleach, if possible.
12. All coaches, athletes and officials should practice good hygiene. Towels, cups and water bottles should not be shared.
13. Keeping locker rooms and other areas well ventilated and clean can also help in preventing other air-borne contagions from being transmitted.

SPECIFIC SPORT 1992-93 MODIFICATIONS

BASEBALL: Rule 3-1-6

A player or coach who is bleeding or who has blood on his or her uniform shall be prohibited from participating further in the game until appropriate treatment has been administered. If medical care or treatment can be administered in a reasonable amount of time, the individual would not have to leave the game. The length of time that is considered "reasonable" is the umpire's judgment. There-entry rule would apply to players.

BASKETBALL: Rule 3-4-5

The officials shall order any player who is bleeding, or has an open wound or has any blood on his or her uniform to leave the game for appropriate treatment and the player may not return prior to the first opportunity for such player return.

FOOTBALL: Rule 3-5-9C

A time-out occurs when a player is discovered who is bleeding, or has an open wound, or has any blood on his uniform. A player who is bleeding, has an open wound, or has blood on his uniform shall be considered an injured player as in Article 3-5-9 (a).

SOCCER: Rule 3-3-2b

A team must substitute when a player is bleeding, or has an open wound, or blood on the uniform. Such a player shall leave the game for appropriate treatment. The player may return at the next legal substitution opportunity only after the uniform and/or skin conditions have been appropriately treated.

SOFTBALL: Rule 3-1-9

A player or coach who is bleeding or who has blood on his or her uniform shall be prohibited from participating further in the game until appropriate treatment has been administered. If medical care or treatment can be administered in a reasonable amount of time, the individual would not have to leave the game. The length of time that is considered "reasonable" is the umpire's judgment. There-entry rule would apply to players.

SPIRIT (Cheerleading): Rule 2-1-9

Participants who are bleeding, have an open wound or blood on the uniform shall not participate until proper treatment has been administered. The cheering surface and any equipment which becomes contaminated shall be properly cleaned before participation continues.

SWIMMING AND DIVING: Rule 3-2-5

Competitors who are bleeding, have an open wound or blood on the uniform shall not participate until proper treatment has been administered. Competition areas and equipment out of the pool which becomes contaminated shall be cleaned before competition is conducted.

TRACK AND FIELD: Rule 4-5-11

Contestants who are bleeding, have an open wound or blood on the uniform may not participate in any event until appropriate treatment has been administered

VOLLEYBALL: Rule 11-4-2

When a player is bleeding, has an open wound or has blood on his/her uniform, the game shall be stopped at the earliest possible time. The player shall leave the court and shall not return until proper treatment has been administered. Competition area and equipment which becomes contaminated shall be properly cleaned before play resumes.

WRESTLING: Rule 8-2-6

The match will be stopped for any bleeding, open wound or blood on the uniform and will not continue until appropriate treatment is given to the contestant(s).

News & Notes

Grounds Seminar

Enrollment is now underway for a Grounds Maintenance Seminar to be held at the University of Kentucky. The seminar is scheduled for March 8-9, 1993. The event will feature Dr. A.J. Powell's Educational Foundation of Sports Turf and its practical application by UK Sports Facility Supervisor Bucky Trotter.

The discussion will focus on the industry's current topics which have impacted baseball, softball and football facilities at every level.

From the classroom to the field, this seminar will discuss everything from turf to clay. Call 1-800-227-9381 to enroll before March 1.

Stadium Book

Scott Grimm of Massillon, Ohio, is currently accepting nominations for a book that will highlight the nation's top 150-200 high school football stadiums.

The book, which he hopes to publish within the next 18 months, will benefit high school athletics associations by how many stadiums are selected from each state. A portion of the proceeds will be shared with each association contributing.

Each entry will be judged on historical significance, uniqueness, astetic appeal and overall impression.

If you feel your school's football stadium is worthy of consideration, write Scott Grimm, Ltd., 723 Deerfield Lane NE, Massillon, OH 44646.

DISCUS CAGE

801 Discus Cage The model 801 Discus Cage meets or exceeds the National Federation's suggested specifications. It was designed not only to protect those in the discus area, but also be removable and easy to store when not in use on the track field. Permanent anchors (with protective caps) are mounted 24" into the ground to give the

standards stability, and the netting is simply attached to complete installation. Net included. 10 feet high, total length 50 feet.
\$975.00 Each

Special \$695.00

Price is delivered price.

Price good through May 1, 1993
