# Commissioner Presents Annual Report

The following report was presented to the delegates at the annual Delegate Assembly Meeting held Feb. 9, 1995.

A total of 284 schools joined the Kentucky High School Athletic Association for the 1994-95 school year. Six of these schools enroll girls only and six have only boys. In 1993-94 and 1992-93 there were 285 schools.

There were 209 schools involved in **Football**. Class A, AA, AAA and AAAA championship games were played at Cardinal Stadium in Louisville, Dec. 2-3, 1994. Attendance was approximately 23,229 and ticket receipts were \$147,196. Expenses involved in conducting the state football playoffs were \$24,711. Sales of novelties totaled \$1,256; program sales were \$5,536. The approximate gross receipts from playoff rounds one through four were \$534,299 with expenses of conducting these games reported as \$153,349. Paid attendance at the 120 games was approximately 142,141. All profits from the playoff games are divided among the participating schools.

The number of schools competing in **Volleyball** this season was 84. The KHSAA sanctioned tournament was held at Ryle in Northern Kentucky, on Oct. 28-29, 1994. Expenses incurred were \$10,107 with receipts of \$10,130 (tickets), \$690 (programs) and \$1,015 (novelties and other items).

In **Cross Country**, 214 boys' teams entered 18 regional meets. Two hundred eight girls' teams entered all three classes in 18 regionals. The expenses incurred in sponsoring this sport were \$13,656 and the receipts were \$11,030 (ticket sales), \$1,389 (programs) and \$3,593 (novelties). Class A, AA and AAA were held in Lexington at the Kentucky Horse Park on Nov. 5, 1994.

There were 139 schools competing in **Boys' Soccer** and 76 schools participating in **Girls Soccer**. The State Championships were held the same night in Versailles' Woodford County Park on Nov. 12, 1994. The receipts for the boys were \$25,855 and \$12,835 for the girls. Expenses incurred to run the boys' tournament were \$11,296 compared to \$7,281 for the girls' tournament. Novelty sales totaled \$216.

There were 236 boys' teams competing in **Golf**, with the State Tournament being played at the Lincoln Trail Country Club in Vine Grove. There were 171 girls' teams competing and their State Tournament was held at the Elizabethtown Country Club. There is no admission charged at the tournaments which were held in mid-October. Novelty sales totaled \$900.43 and expenses for the tournaments were \$8,628.

There are 60 schools competing in **Wrestling** in eight districts and four regions with the winner and runner-up in each weight class advancing to the state finals. The championship tournament will be held at Atherton High School on February 17-18, 1995.

In **Swimming**, 114 boys' and 116 girls' teams will compete for the championships. The meets will be held at The Lancaster Aquatic Center on the University of Kentucky campus on Feb. 17-18, 1995.

Advanced ticket sales to the **Boys' State Basketball** Tournament to be held in Lexington's Rupp Arena on March 15-18, 1995 total \$463,476.00 as of January 31, compared to \$353,924 on the same date last year.

Advanced ticket sales to the **Girls' State Basketball** Tournament to be held March 22-25, 1995, in Frankfort at the Civic

Center total \$54,168 as of January 31, compared to \$31,236 at this same time last year.

Anticipated spring sports participation is as follows: 266 **Baseball** teams to compete in 64 districts and 16 regions; 228 schools have indicated they will play **Fast Pitch Softball** and 59 have signed up for **Slow Pitch Softball**. There will be 235 schools participating in boys' and girls' **Track** in eight regions in each classification -- A, AA and AAA; 210 girls' and 215 boys' **Tennis** teams will play in 14 regions. State finals in **Baseball** and **Softball** will be held in Owensboro while the **State Tennis** and **Track Meets** will be held at the University of Kentucky.

The receipts and expenditures incurred during the 1993-94 spring sports season were as follows:

	Receipts	Expenditures	Novelties
Baseball	\$11,630	\$4,622	\$212
Softball	6,930	17,135	1,148
Tennis	0	13,311	77
Track	16,902	30,577	2,425

A total of 2,886 officials have registered with the Officials' Division of the Association as of Feb. 2, 1995, and the number of approved and certified officials in each sport are as follows (REG - Registered, APP - Approved, CER - Certified):

	REG	APP	CER	TOTAL
Baseball	196	154	147	497
Basketball	591	362	562	1515
Football	135	201	440	776
Soccer	155	91	86	332
Softball (SP)	162	134	52	348
Softball (FP)				
<i>(Fast pitch tests have been mailed to all SP officials.)</i>				
Track & Field	54	2	2	58
Volleyball	55	40	34	129
Wrestling	31	8	7	46

Bus. Affairs Dir. Julian Tackett conducted 14 clinics in **Football**. Asst. Comm. Larry Boucher conducted 18 clinics in **Basketball** for officials and coaches. Asst. Comm. Brigid DeVries conducted nine **Track** clinics and four **Volleyball** clinics for officials and coaches. The KHSAA is in the process of conducting 14 **baseball** and **softball** clinics for officials and coaches.

The Board of Control and Staff of your Association are grateful for the cooperation the superintendents, principals, athletic directors and coaches have given us in running the programs of the Association.

## HAPPY CHANDLER SCHOLARSHIPS

Did you know that the A.B. "Happy" Chandler Foundation awards scholarships to outstanding students? These awards go to students who show outstanding potential for scholarship and leadership ability. They must be residents of Kentucky, graduates of Kentucky high schools and must agree to attend a college or university in Kentucky. Write to: Chandler Foundation, PO Box 8393, Lexington, KY 40533-8393.

# Don Lane's Transylvania Basketball Camp

*A camp with an outstanding reputation  
for combining hard work and enjoyment*

## **Tentative 1995 Camp Schedule**

- June 12-16 Boys ages 9-14
- June 19-23 Girls ages 9-18
- June 26-30 Boys ages 13-18
- July 5-7  
Session A Boys & Girls ages 7-10  
Session B Boys & Girls ages 10-12
- July 10-14 Boys ages 13-18
- July 17-21 Boys ages 9-14
- July 24-28 Girls ages 9-18

Coach Don Lane and his staff provide one of the most effective and prestigious basketball camps in America today. Boys and girls between ages 7 and 18 spend a week on the Transylvania University campus in beautiful Lexington, Kentucky, where they work and learn under the guidance of outstanding coaches and teachers. Resident campers live and eat in university dorms. Day campers have their midday and evening meals on campus, but spend the night at home. Half-day sessions are provided for younger players.

## ***Notable fact and Highlights from Previous Camps***

- 1994 campers included numerous sons and daughters of junior high, high school, college, and pro coaches.
- Over 2,300 campers from throughout the U.S. attended during 1994; over 300 Kentucky schools represented.
- Each overnight session in 1994 enrolled at least 30 teams of 10 or more campers.
- 8:1 camper-staff ratio.
- Guided by outstanding staff of high school and college coaches.
- Several boys' and girls' state tournament teams, including seven state champions have attended in the last 11 years. During the last 10 years, every state in the Union and 10 foreign countries have been represented.

# Delegates Vote To Amend Fast Pitch Rule

## MINUTES

FEBRUARY 9, 1995

The 78th Annual Meeting of the Kentucky High School Athletic Association was held on Thursday, Feb. 9, 1995 at the Executive West Hotel in Louisville. The invocation was given by Bob Rogers.

President Frank Cardwell called the meeting to order at 2:45 p.m. and welcomed all representatives and noted that this was a new opportunity for all schools to send delegates to the Annual Meeting. Mr. Cardwell then called on Commissioner Louis Stout for any remarks he might like to make. Mr. Stout also welcomed the delegation.

Exec. Asst. Comm. Brigid DeVries then called the roll. One hundred sixty-two delegates answered the roll. President Cardwell announced that in order for a proposal to pass, 108 affirmative votes were needed. He then gave instructions for presentation of proposals.

The next order of business was the presentation of proposals.

Paul Dennison, KHSADA, made a motion to consider a special order relative to Bylaw 40 as it relates to the fast pitch softball issue. Wade Upchurch seconded the motion which passed.

### Proposal From Floor

In the case that a school makes a documented effort to offer fast pitch softball, hires a coach, holds tryouts and there are not enough participants, then the principal may request, in writing to the Kentucky High School Athletic Association, permission to offer slow pitch softball.

Following discussion, the Proposal passed 123-33 with 6 abstentions.

### Proposal From Floor

Jim Sexton, Eastern High School, made a motion to consider Article IV of the Constitution. Gordon Milby seconded the motion which failed.

### Proposal I

George Frakes, principal of Highlands High School, proposes the following amendment to the Bylaws of the Kentucky High School Athletic Association - An amendment to clarify the ending of the school year for summer play purposes to alleviate the inconsistencies caused by various schools ending on different dates, and weather related problems.

Bylaw 8. Contestant On Other Teams, Postseason and All-Star Games

Any student who is a contestant in football or basketball on any non-school sponsored team in that sport at any time during an athletic season after enrolling in grade nine (9) shall be ineligible to represent any secondary school in that sport for the remainder of that season or for the upcoming season.

A student who has been a first team player in football or basketball after enrolling in grade nine (9) and has eligibility remaining in these sports shall not take part in an all-star or postseason game in that sport during the remainder of that academic year prior to May 25 of the school year unless it has been sanctioned by the Board of Control. The penalty shall be loss of eligibility for one year.

The Commissioner may waive the period of ineligibility if just cause is shown as to its application working evident injustice against the student athlete.

Rationale - Many districts set different dates for the respective school calendars due to local concerns, transportation, and weather related circumstances. This amendment would allow for a benchmark date to be fair to all participants throughout the state in spite of differing school calendars.

Proposal I died for a lack of a motion to adopt.

*Proposal previously submitted by Steve Frommeyer withdrawn.*

### Proposal II

Principal Janice Fish of Atherton proposes the following amendment to the Bylaws of the Kentucky High School Athletic Association - An amendment to allow for an additional tournament to be played in volleyball to encourage more play on weekends and less impact on school-night activities.

Bylaw 25, Limitation of Seasons

#### 11. Volleyball - Girls

(4) The season shall consist of a maximum of twenty (20) matches. In any two (2) three (3) invitational or other type tournaments, the matches played by a member school shall count as only one match for each tournament.

Rationale - With various formats of tournaments now being played, many schools may inadvertently be violating tournament limits without missing additional school time. In addition, the author and the State Volleyball Committee

have concerns that this girls' sport offering can be better promoted with this change and by lessening school study time infringement by playing on weekends.

James Sexton, Eastern High School, made a motion to adopt Proposal II. Sandy Callahan, Atherton High School seconded the motion. The Proposal passed 114-27 with 21 abstentions.

### Proposal III

Board appointed representative Stan Steidel of Dayton High School proposes the following amendment to the Constitution of the Kentucky High School Athletic Association - An amendment to further clarify the eligibility of an out-of-state school to play against a Kentucky school and hold those schools to the same standards expected of Kentucky opponents.

### Article VIII CONTESTS

#### Section 1. With Non-Member Kentucky Schools

Any member school which engages in an athletic contest with a non-member Kentucky school eligible for membership in the Association may be suspended for a period to be determined by the Board of Control.

Q/A 1 May a member school of the Association engage in an athletic contest with a non-member Kentucky school? No, not if the other school is eligible for membership.

Q/A 2 May a school team play against an alumni or independent team during a regular season in the sport? Yes, as the other team is not eligible for membership in the Association. However, the game played with such a team must be counted against the game limit allowed each member school.

Section 2. With Schools in Other States  
Any member school engaging in a contest with a school in another state shall play under the rules of the KHSAA and shall require its opponents to play under the rules of its own state Association and belong to the applicable association in that state.

Rationale - Restrictions on playing schools outside of the state should be the same as those in-state should schools choose to displace Kentucky opponents with out of state teams. In this manner, a level playing field is more assured.

Wade Upchurch, Monticello High School, made a motion to adopt Proposal III. Bruce Lynch, Trinity High School seconded the motion. The Proposal failed 92-42 with 28 abstentions.

**Proposal IV**

Principal Joe Burks of Male proposes the following amendment to the Bylaws of the Kentucky High School Athletic Association - An amendment to allow for tournament counting to be the same in soccer as in other KHSAA offerings.

Bylaw 25, Limitation of Seasons  
6. Soccer

(4) A season will consist of a minimum of six (6) games and a maximum of seventeen (17) games including invitational tournaments. Each game played, irrespective of contest format, in any two (2) invitational or other single-elimination type tournaments, the games played by a member school shall count as only one game against the limit of games.

Rationale - To extend the tournament counting exemption to soccer schools to allow for the playing of a full schedule in an already short season.

Jay Levine, Male High School, made a motion to adopt Proposal IV. Jerry Mayes, St. Xavier High School seconded the motion. Proposal IV passed 123-19 with 20 abstentions.

**Proposal From Floor**

Guy Strong, principal of George Rogers Clark High School, made a motion to consider a proposal that would restore the original Articles of the Constitution, specifically Article IV. Bill Fultz seconded the motion which passed by a vote of 141 to 1 with 19 abstentions.

Guy Strong then made a motion to delete Article IV, d. BOARD OF CONTROL, 9. Review all proposed changes to the KHSAA Constitution and Bylaws. Have authority to reject any proposed change determined not to be in the best interest of the Association. James Sexton, Eastern High School, seconded the motion which failed by a vote of 103-27 with 32 abstentions.

There being no further proposals to come before the Delegation, Frank Cardwell called for adjournment.

**GAME GUY  
AWARD NOMINEES**

The Kentucky High School Athletic Association is now accepting nominations for the 1995 Game Guy Award. The Game Guy honor is presented annually to a physically challenged student-athlete in Kentucky who overcomes his or her disability to participate in athletics.

Simply have a school representative -- principal, school or coach -- send in a written nomination citing the individual's disability and efforts to overcome that disability. The more information given about the particular individual, the better chance that individual will have to earn this award.

Nominations need to be mailed to the KHSAA no later than **May 1, 1995**. Please send to the attention of Anne Mays at the KHSAA, 2280 Executive Drive, Lexington, KY 40505. Or fax the nomination to (606) 293-5999.

## Kidney Kard Is A Win-Win Fundraiser

Every year, clubs and organizations across Kentucky spend a lot of time and energy brainstorming new ideas to raise money to buy their team new uniforms or put more books in their library. Successful fund-raising has always been difficult and risky. That is, until now.

"It takes money to make money." This maxim rings just as loud for small, charitable organizations as it does for international conglomerates. The greatest difficulty with most fund-raising efforts is the monetary risk organizations take with the initial investment they must make. Whether it's purchasing ingredients for cookies in a bake sale or renting space to hold a charity dance, there has always been a chance that your fund-raising effort could actually lose money.

Beginning this spring, your club/organization/association will be able to participate in a creative, risk-free way to raise money. By teaming up with the National Kidney Foundation of Kentucky to help this worthy cause raise dollars for kidney research, your charitable organization can earn money, too! It's easy when you're selling the Kidney Kard.

What in the world is a Kidney Kard, you're

asking? It's a folding, wallet-size card packed with miniature peel-off coupons good for more than \$190 in discounts from local area restaurants. Here's how it works: your organization sells the Kidney Kard for \$10 apiece. Four dollars of the sale goes directly to your organization and two dollars goes to help the National Kidney Foundation fight kidney diseases here in Kentucky.

With free offers from participating restaurants including Pizza Hut, Impellerizer's, Arby's, Benihana, Subway and many more, it's too good to pass up. The best thing about this fund-raising opportunity is the lack of risk. Your organization *does not pay* for Kards that are not sold. Unsold Kards are simply returned to the National Kidney Foundation for direct refunds.

The Kidney Kard is a Win-Win-Win program benefiting the National Kidney Foundation of Kentucky, your organization and the consumer! If you'd like further information on the Kidney Kard program, please write Evelyn Glass, Director of Marketing for the Kidney Kard at the National Kidney Foundation of Kentucky; 2590 East Liberty Street, Suite 710; Louisville, KY 40202.

Or Call Ms. Glass at (502) 585-5433.

# Final 1994-95 Girls' Basketball Statistics

Basketball statistics are compiled on a weekly basis throughout the season by the KHSAA. Member schools are requested to submit weekly reports. If a team or student-athlete is not listed in a particular category, the statistic was never received by the KHSAA's Sports Information Department.

# Track Group Proposes Indoor Season

## MINUTES

The Kentucky High School Athletic Association Track and Field Committee met at the KHSAA in Lexington on Feb. 1, 1995. The meeting was called to order by Brigid L. DeVries, Executive Assistant Commissioner, at 1:30 p.m.

Members present were Augie Schiller, Tony Rowe, Dave Shufelt, Brother Borgia, Tim Schlotman, Tim Estes, Alice Leigh, Jean Wright, Charlie Ruter, Bill Patton, Bob Stacey, Frank Miklavcic, Gordon Bocock, Duane Stewart, and Barry Binkley.

Charlie Ruter and Gordon Bocock reported that the Mason-Dixon Games were a complete success. Copies of the results and the numbers of participants were given to each member of the Track Committee. There were approximately 1,672 high school athletes participating in this event. From the discussion of the Mason-Dixon Games, Dave Shufelt made a motion to recommend that the KHSAA recognize indoor track as a sanctioned sport with a starting date of Dec. 1. The motion was seconded by Bob Stacy. Charlie Ruter reiterated that the main objective was the responsibility to the student-athlete to assist them in obtaining scholarships and other competitive opportunities. Ms. DeVries will present this recommendation to the Board of Control. Charlie Ruter also gave thanks to the Coaches Association for its support to the Mason-Dixon Games.

Jean Wright gave a report on the 1994 Blue Grass State Games. The games went well and provided good participation and fun. One problem occurred when one track group showed up too early. The only other problem that surfaced dealt with out-of-state competitors when the games are strictly for Kentuckians only.

Gordon Bocock gave a report on the workshops held at the KHSAA office on Jan. 13-14, 1995. The clinic workers did an excellent job and Stephanie Hightower was outstanding as the banquet speaker. The clinic had a great deal of increased interest in track. Several committee members suggested that the workshop be held over a three-day period and include the NFICEP Clinic first, followed by a coaches clinic and ending with an athlete workshop. Ms. DeVries will follow-up with Julian Tackett on the availability of the certification as part of the workshop format.

The next item on the agenda was a discussion of the 1995 regional track sites. To date, written requests submit-

ted by schools wanting to host regional tournaments were given consideration by the committee. They included requests in Class A from Region 2 Apollo, Region 6 Boyd County and Region 7 Williamsburg; in Class AA, Region 1 Webster County and Paducah Tilgham and Region 7 Williamsburg; in Class AAA, Region 1 Apollo, Region 5 Eastern, Region 6 Boyd County and Region 8 North Laurel. Gordon Bocock reiterated the committee's philosophy that a rotation begin between schools where more than one school wants to host an event. The following changes were made: Class A Apollo, Region 6 rotation between Boyd County and then Russell, Region 7 Williamsburg will now host events; Class AA rotation between Region 1 Paducah Tilgham and Webster County, Region 6 Williamsburg will now host events; Class AAA Region 1 Apollo, Region 5 Eastern and Shelby County and Region 6 rotation between Boyd County and Northern Kentucky, and Region 8 Bell County followed by North Laurel in 1996 if interest is still there. Ms. DeVries will follow-up on the committee recommendations for regional sites in writing. Sites not considered by written requests or verbal requests by committee members will be solicited from those who managed events in 1994.

Committee members analyzed the 1994 State Meet and made some suggestions for the 1995 meet. The first item was the concern that the student-athletes, especially in the last class, did not have enough time to warm-up and there seemed to be too much time between hurdle events. Frank Miklavcic suggested that the track schedule of events be moved to 4:30 for the Class AA events. A discussion was held in determining the order of who will compete first. The schedule was changed so Class A runs first, Class AAA second, and Class AA is last. Dave Shufelt proposed that in the field events, Julian Tackett compile the lists in flights from worst to best so the field event competition would be in this order. Brother Borgia seconded the motion. Dave Shufelt asked that the Class A event winners be recognized in a better fashion. Tony Rowe asked that the team scores be posted periodically for the benefit of the student-athletes, coaches, and parents. Also, several committee members mentioned that some of the high-jump equipment needed to be checked for this year's state meet. Gordon Bocock, Frank Miklavcic and Brigid DeVries will work with UK on this matter.

Other recommendations for the state meet include the following: the meet in-

structions include how the jury of appeals will be used, that numbers be worn on the back for running events, attention to the rule on unsportsmanlike conduct and a reference to uniforms and eyewear be emphasized and that officials monitor the finish line more closely. Brother Borgia urged that the jury be used for final decision. The committee commented that the sportsmanship of most athletes was pretty good, and coaches and officials need to work to keep it that way. Barry Binkley recommended that the State Coaches Association buy certified scales for the pole vault event.

The next item was the qualifying procedure from region to state using place or regional times. Charlie Ruter moved to use place, with Dave Shufelt seconding the motion. The committee voted 7 in favor with 4 opposed. After much discussion, Charlie Ruter re-submitted his motion and Frank Miklavcic moved to use the regional times to qualify. Alice Leigh seconded the motion. The committee voted 9 in favor with 3 opposed, so regional times will be used to assign lanes in the state meet this year.

The next agenda was a discussion of the two-week delay between regional and state competition. The committee felt that the delay was not in the best interest of the student-athletes. No changes were made at this time. Ms. DeVries will talk with Commissioner Stout and the Board of Control at their next meeting on this issue.

Ms. DeVries recommended that people look closely at the National Federation Rule Book and the shaded areas of the rules. She also updated the health condition of John Gettler.

There being no further business, the meeting was adjourned at 4:30 p.m.

### '95 SPRING SPORTS TITLE SCHEDULE

Finals	June 1-3

# Spring Sports Rule Interpretations

## BASEBALL

**SITUATION #1:** B1 thinks the count is 2-2, but the count is really 3-1. The next pitch is a called strike. B1 thinks the call is strike three and leaves the batter's box en route to the dugout. **RULING:** The umpire shall charge a strike to B1 for leaving the batter's box. This would be a third strike on B1. 7-3-1

**SITUATION #2:** The count on B1 is 3-0. B1 thinks the next pitch is a ball and starts to first base, leaving the batter's box. **RULING:** The pitch was judged to be a strike, and since B1 left the batter's box, he is charged with an additional strike, which is the penalty for leaving the batter's box. The count is now 3-2. 7-3-1

**SITUATION #3:** B1 steps out of the batter's box, or the umpire's "strike" call for the batter stepping out of the batter's box causes S1 to balk. **RULING:** If B1 clearly stepped out of the batter's box before the time of the pitch, then the umpire shall penalize only B1 - The balk is nullified. However, if B1 stepped out simultaneously with the pitcher committing a balk, the umpire shall call "time" and start play over. Neither B1 nor S1 would be penalized. 6-2-4d

**SITUATION #4:** With S1 on second, B2 hits a fair ball down the right field line that is deflected into foul territory by F9. F9 retrieves the ball and throws to F2 in an effort to retire S1, who is attempting to score. F9's throw breaks the plane of the occupied or unoccupied designated media area but does not touch anything, including the ground, in the designated media area. **RULING:** The ball remains alive, and the play stands. 1-2-3, 5-1-11

**SITUATION #5:** With two out and an illegal substitute at second base, B4 hits a home run out of the park. Before the next pitch, the illegal substitute is discovered. **RULING:** The illegal substitute is called out and ejected. No runs score and the home run is nullified. B4 leads off the next inning.

**SITUATION #6:** S1, who is an illegal substitute, scores, but B4 is thrown out for the third out, attempting to advance to second base. As both teams change positions, and before a pitch to the next batter can be made, the umpire is informed by the opposing team's coach that S1 is an illegal substitute. **RULING:** Even though both teams changed positions, a pitch had not been thrown to the next batter. Therefore, the previous play is nullified. S1 is called out, his run does not count and B5 shall lead off the next inning. 2-36-3, 3-1-1, 8-4-1k

**SITUATION #7:** S1, an unreported substitute, is batting for B2 instead of B3. While at bat, S1's coach realizes S1 is not batting for the correct player. **RULING:** Since S1 became a legal substitute upon entering the batter's box when the ball became alive, S1 is officially at bat and B2 is considered out of the game. The next batter is B3. 2-36-2, 3-1-1

**SITUATION #8:** B1's bunt rolls up the first base line where it hits B1's bat that was lying on the ground in fair territory. The ball deflects into foul territory. Is the ball fair or foul? **RULING:** The ball is foul, provided the bat was not placed there intentionally, because the bat is considered to be part of the playing field. 2-5-1, 2-8-1, 2-16-1, 8-4-1d

**SITUATION #9:** With two outs, S1 attempts to steal third. F2 obstructs B4 as B4 swings. F2 overthrows F5 at third trying to get S1. S1 attempts to score and is thrown out at the plate by F7. **RULING:** The coach of the team at bat, after being informed of F2's obstruction, elects to have the penalty for catcher's obstruction enforced. Therefore, B4 is awarded first base and S1 is awarded third base. 8-1-1e

**SITUATION #10:** On a hit and run with S1 on first base, B2 hits a ground ball between first and second. F4 dives for the ball. S1 sees that he cannot avoid F4 in time and elects to hurdle him. F4, in getting up, makes contact with S1.

**RULING:** At the time S1 made a commitment to hurdle, F4 was lying on the ground. Therefore, S1 is legal, even if contact is made. If, by getting up, F4 contacts S1, F4 could be called for obstruction if he does not have the ball. 8-4-2c

**SITUATION #11:** With the bases loaded, B4 hits a deep fly ball to centerfield. S1's coach at third grabs S1 in the event F8 makes the catch. The ball goes over the fence for a home run. **RULING:** R1 is declared out because of his coach's assistance. The other runners score. If S1's out had been the third out, no runs would score. 3-2-2 Penalty

**SITUATION #12:** S1 is on first when B2 hits a grounder to right field. S1 misses second on the way to third base. Before reaching third, the ball is thrown out of play. S1 goes back to touch second, but B2 is on the base. **RULING:** S1 may touch the base occupied by a following runner. After touching the base, S1 shall be awarded two bases (home). 5-2-2b, 8-2-6, 8-3-3c

**SITUATION #13:** B1 enters the batter's box with a white bat. The coach of the opposing team complains to the umpire that the bat should be ruled illegal because a white ball cannot be easily seen

coming off a white bat, which would be a safety risk for the fielders.

**RULING:** A bat may be any color, including white, provided it meets all rule specifications. 1-3-5

**SITUATION #14:** S1 comes in for F7 in the second inning, but is not discovered. In the seventh inning, S1 comes in for F8 and is batting when the opposing team contends that S1 was a substitute earlier in the game. **RULING:** Unless the umpire has knowledge that S1 had in fact been in the game earlier, S1 cannot be treated as an illegal substitute. 3-1-1

**SITUATION #15:** (a) Before the pregame conference, or (b) after the pregame conference, Team A's coach decides not to start S1. **RULING:** Lineups become official after they have been exchanged, verified and then accepted by the umpire-in-chief during the pregame conference. In (a) lineup changes may be made without penalty. In (b) unless S1 is injured, ill or ejected, S1 shall pitch to one batter. If S1 does not pitch to one batter, S1 may re-enter the game but not as the pitcher. 1-1-1, 3-1-1, 3-1-2

**SITUATION #16:** On a passed ball, R1 slides at home making contact with F1 who is covering, but is ruled safe and returns to the dugout. As F1 approaches the mound, he makes an unsportsmanlike comment and is ejected. F1's coach, upset that F1 was ejected, tells the plate umpire that R1 should have been ejected because of malicious contact on R1's slide. The plate umpire agrees and calls R1 out and ejects him. R1's coach claims that the umpire's initial call should stand because it was a judgment call. **RULING:** Until the next pitch or an attempted play, the umpire may change his call. Therefore, the umpire is within his authority to change his call in the above situation, although the umpire made a serious error in changing his call the way he did. 10-1-4

**SITUATION #17:** Expecting a bunt, F3 positions himself (a) within 10 or so feet of the plate, or (b) halfway to home and charges the plate after the pitch is delivered. The batter's coach claims F3 is distracting his batter and could be seriously injured by a batted ball. **RULING:** The rules do not prohibit the fielder in (a) or (b) from being near home plate before or after the pitcher delivers the ball. 1-1-3

**SITUATION #18:** With one out and S1 on third and R2 on second, a ground ball is hit to the infield. A play is made at the plate on S1. F2's swipe tag misses S1 who also fails to touch home plate. The umpire, seeing F2 miss S1, gives a safe signal. S1 proceeds to the dugout thinking he is safe. The opposing team's coach

asks the umpire if S1 touched the plate. The plate umpire says he distinctly saw S1 miss the plate, but because he gave the safe signal, he was inclined to call him safe. The coach protests. The other team's coach claims that S1 would have tried to return and touch home plate had the umpire not made the safe signal. **RULING:** By rule, a runner shall touch the plate in order to score. Since the plate umpire observed S1 miss the plate, S1 shall be ruled out. 8-2-1 **COMMENT:** The umpire should not have given the safe signal.

**SITUATION #19:** S1 attempts to steal second. F2, upon receiving the pitch, throws a popup to F6. F5 yells "get back, get back". R1 thinks B2 has hit a popup and starts back to first where he is tagged out. **RULING:** This is verbal obstruction and S1 shall be awarded second base. 2-22-1

**SITUATION #20:** Illegal substitute S1 is at bat. On the pitch R1 steals second base and is safe. S1 did not swing or fake a bunt. Before the next pitch, S1, the illegal substitute, is discovered. **RULING:** S1 is out and ejected. Because S1 had nothing to do with R1's advance, R1 is allowed to remain at second base. 2-36-3, 3-1-1

**SITUATION #21:** The opposing coaches submit their lineup to the umpire-in-chief. However, not all of the players of the visiting team are at the field. The coach lists the players not at the game as the 8th and 9th hitters to give them time to arrive. **RULING:** This is not allowable. At the time the lineups are exchanged, all starters must be at the field. Therefore, the coach of the visiting team must replace the players not at the game. If the coach does not have enough players to start the game, the game is forfeited. 4-4-1f

**SITUATION #22:** Underneath F1's fielder's glove is a white batter's glove. B1 tells the umpire that the white batter's glove is distracting. **RULING:** Although the rules do not specifically prohibit a pitcher from wearing a white batter's glove, if the batter claims that it is distracting, then S1 would not be permitted to wear a white batter's glove underneath a fielder's glove. 6-2-1f

## SOFTBALL

**SITUATION #1:** With S1 on first, B2 hits a foul fly ball that is caught by F5, who has one foot in dead ball area and the other in live ball area. Her momentum then carries her completely into dead ball area. **RULING:** As soon as F5 entered dead ball area completely with both feet, the ball became dead immediately. S1 is awarded second base. Because the

catch was made while one of B1's feet was in play, the catch is allowed. 5-1-1 **SITUATION #2:** S1, while winding up, slides her pivot foot forward just off the pitcher's plate to enable her to pivot without catching her cleats as she turns to deliver a pitch. As a result, S1's foot is not in contact with the pitcher's plate when the ball is released. **RULING:** If S1 slides her pivot foot forward as she pivots, there is no penalty. However, if S1 slides her pivot foot forward without pivoting and loses contact with the pitcher's plate, she is guilty of an illegal pitch. 6-1-2c

**SITUATION #3:** With S1 on first, F2 returns the ball to S1 in the 16-foot circle after the pitch. With the ball in her throwing hand, S1 raises her arm (a) slightly and loosens up her arm, or (b) above her head to better position her jersey sleeves and to stretch her arm, or (c) and simply makes a motion as if to play on S1.

**RULING:** In the umpire's judgment, if the arm motion by S1 is an attempted play, S1 is released from base. Therefore, in (a) and (b) the umpire is unlikely to consider these acts as attempted plays. However, in (c) whether the arm is raised or drawn back sidearm or underhand, if in the umpire's judgment, S1 is making the motion in an effort to hold S1 close, the umpire shall consider such an act as an attempted play. 8-4-2k **Note**

**SITUATION #4:** S1 steps onto the pitcher's plate and looks to her coach in the dugout for a signal. **RULING:** This is legal, provided she at least gives the appearance that she has taken a signal from F2. 6-1-1b, 6-2-3

**SITUATION #5:** Must a team have six-inch numbers on the front and back of its uniform jerseys? **RULING:** No. Six-inch numbers will be required in '96, but only on the back of the uniform jersey. Numbers of any size may be worn on the front. 1-1-5

**SITUATION #6:** After releasing the ball simultaneously with the forward step, the pitcher continues her arm action (a) up and toward her head and then stops, or (b) up and around, stopping just before reaching her hip a second time.

**RULING:** In (a) it is a legal pitch because the action after releasing the ball is considered a follow through. In (b) it is an illegal pitch because the action after the release of the ball is considered to be a continuation of the windup. 6-1-4e **NOTE**

**SITUATION #7:** With S1 on second, B2 hits a fair ground ball down the right field line that is deflected into foul territory by F9. F9 retrieves the ball and throws to F2 in an effort to retire S1, who is attempting to score. F9's throw breaks the plane of the occupied or unoccupied designated media area but does not touch anything, including the ground, in the designated

media area. **RULING:** The ball remains alive, and the play stands. 1-2-3, 5-1-1o

**SITUATION #8:** While running to third base on a triple, Jones gets a cramp in her leg. She reaches third base safely but is unable to get rid of the cramp and leaves the game, forcing her team to play with eight players. In the seventh inning Smith takes a bad hop in the mouth, knocking out several teeth and has to leave the game. By this time, Jones no longer has a cramp and reports to the umpire as a substitute for Smith, batting in her original spot. **RULING:** This is not legal. Once a player leaves the game causing her team to play with eight players, that team may not return to nine players. Therefore, when Smith had to leave the game, her team must forfeit because it may not finish the game with less than eight players. 4-3-1f

**SITUATION #9:** S1, an unreported substitute, is batting for B2 instead of B3. While at bat, S1's coach realizes S1 is not batting for the correct player.

**RULING:** Since S1 became a legal substitute upon entering the batter's box when the ball became alive, S1 is officially at bat and B2 is considered out of the game. B2 could re-enter if she has re-entry eligibility and replace S1. 2-22-2, 3-1-2d, 3-1-4

**SITUATION #10:** S1, who is an illegal substitute, scores, but B4 is thrown out for the third out attempting to advance to second base. As both teams change positions, and before a pitch to the next batter can be made, the umpire is informed by the opposing team's coach that S1 is an illegal substitute. **RULING:** Even though both teams changed positions, a pitch had not been thrown to the next batter. Therefore, the previous play is nullified. S1 is ejected, her run does not count and B5 shall lead off the next inning. 2-22-3, 3-1-2 **Penalty**

**SITUATION #11:** B1's bunt rolls up the first base line where it hits B1's bat that was lying on the ground in fair territory. The ball deflects into foul territory. Is the ball fair or foul? **RULING:** The ball is foul, provided the bat was not placed there intentionally, because the bat is considered to be part of the playing field. 2-8-2, 8-4-1g

**SITUATION #12:** With two outs, S1 attempts to steal third. F2 obstructs B4 as B4 swings. F2 overthrows F5 at third trying to get S1. S1 attempts to score and is thrown out at the plate by F7.

**RULING:** The coach of the team at bat, after being informed of F2's obstruction, elects to have the penalty for catcher's obstruction enforced. Therefore, B4 is awarded first base and S1 is awarded third base. 8-1-1 e

**SITUATION #13:** On a hit and run with S1 on first base, B2 hits a groundball be-

tween first and second. F4 dives for the ball. S1 sees that she cannot avoid F4 in time and elects to hurdle her. F4, in getting up, makes contact with S1.

**RULING:** At the time S1 made a commitment to hurdle, F4 was lying on the ground. Therefore, S1 is legal, even if contact is made. If, by getting up, F4 contacts S1, F4 could be called for obstruction if she does not have the ball. 8-3-2, 8-4-2c Note

**SITUATION #14:** The right field fence is 180 feet. The opposing coaches agree to a ground rule that provides for a double instead of a home run if the batter hits the ball over the fence. **RULING:** The umpire(s) shall not permit ground rules to supersede a rule book rule. Therefore, a batted ball that clears the fence in fair territory shall be a home run. 4-1-3

**SITUATION #15:** S1 is on first when B2 hits a grounder to right field. S1 misses second on the way to third base. Before reaching third, the ball is thrown out of play. S1 goes back to touch second, but B2 is on the base.

**RULING:** S1 may touch the base occupied by a following runner. After touching the base, S1 shall be awarded two bases (home). 8-2-6, 8-3-3c

**SITUATION #16:** B1 enters the batter's box with a white bat. The coach of the opposing team complains to the umpire that the bat should be ruled illegal because a white ball cannot be easily seen coming off a white bat, which would be a safety risk for the fielders.

**RULING:** A bat may be any color, including white, provided it meets all rule specifications. 1-3-5

**SITUATION #17:** (a) Before the pregame conference ends, or (b) after the pregame conference ends, Team A's coach decides not to start F1. **RULING:** Lineups become official after they have been exchanged, verified and then accepted by the umpire-in-chief during the pregame conference. In (a) lineup changes may be made without penalty. In (b) unless S1 is injured, ill or ejected, S1 shall pitch to one batter. If S1 does not pitch to one batter, S1 may re-enter the game but not as the pitcher. 1-1-1, 3-1-1, 3-1-3, 4-1-1

**SITUATION #18:** The umpire notices B1's bat has dimples in the barrel.

**RULING:** This is an illegal bat. If B1 has not entered the batter's box, the umpire can ask the batter to obtain a legal bat. If B1 has entered the batter's box, the umpire shall declare the bat illegal and B1 shall be declared out. 7-4a

**SITUATION #19:** With one out and S1 on third and R2 on second, a ground ball is hit to the infield. A play is made at the plate on R1. F2's swipe tag misses S1 who also fails to touch home plate. The umpire, seeing F2 miss S1, gives a safe signal. S1 proceeds to the dugout thinking

she is safe. The opposing team's coach asks the umpire if S1 touched the plate. The plate umpire says he distinctly saw S1 miss the plate, but because he gave the safe signal, he was inclined to call her safe. The coach protests. The other team's coach claims that S1 would have tried to return and touch home plate had the umpire not made the safe signal.

**RULING:** By rule, a runner shall touch the plate in order to score. Since the plate umpire observed S1 miss the plate, S1 shall be ruled out. 8-2 Penalty

**COMMENT:** The umpire should not have signaled safe.

**SITUATION #20:** B1 squares to bunt and hits the pitch. The batted ball bounces off the plate and (a) hits B1's leg or (b) B1's bat a second time while B1 is in the batter's box (no foot is entirely outside the batter's box). **RULING:** In (a) and (b) it is a foul ball, unless B1 intentionally contacted the ball a second time. 7-3-2

**SITUATION #21:** S1 attempts to steal second. F2, upon receiving the pitch, throws a popup to F6. F5 yells "get back, get back". S1 thinks S2 has hit a popup and starts back to first where she is tagged out. **RULING:** This is verbal obstruction and S1 shall be awarded second base. 2-5-4, 8-3-2

**SITUATION #22:** Team A is utilizing the designated hitter for S1. In the fourth inning, the DH singles to right field. S1 comes in to run for the designated hitter. Is a courtesy runner allowed to enter the game for S1 before a pitch is thrown? Is the role of DH terminated or may the DH re-enter as a DH? **RULING:** A courtesy runner may be used for S1. The DH is out of the game but may re-enter if she has re-entry privileges, but not as the DH. The role of DH was terminated when S1 entered the game on offense. 3-1-5

**SITUATION #23:** Illegal substitute S1 is at bat. On the pitch S1 steals second base and is safe. S1 did not swing or fake a bunt. Before the next pitch, S1, the illegal substitute, is discovered.

**RULING:** S1 is out and ejected. Because S1 had nothing to do with R1's advance, S1 is allowed to remain at second base. 3-1-1

## TRACK & FIELD

*Clarification of Rules 7-4-3 and 7-4-7 Rule 7, Section 4, Article 3*

To decrease the potential for injury in the sport of pole vaulting, the rules require the vaulter to use a "pole rated at or above the vaulter's body weight." Since the inception of the fiberglass pole, manufacturer's have indicated that vaulters should not use poles rated below their

body weight. In the opinion of the rules committee, there has been an increasing tendency to use softer poles (pole rated below the vaulter's body weight) which may increase the potential for injury. This change represents a desire by the rules committee to keep the high school vaulter on the landing pad, hopefully in the center. Also, every pole has a safe hand holding zone, of which the top is usually located six inches from the top of the pole. Two manufacturers did manufacture poles with a safe top hand-hold position three inches from the top of the pole. One of those two manufacturers is making a change to six inches while the other is considering remaining at three inches. The new rule requires that the top of the safe hand-hold zone be clearly marked with a one-inch circular band around the pole in a contrasting color. Poles that schools have in their existing inventory can easily be marked by the coach to comply to this rule change (7-4-3). Those poles may be marked with a label or with a permanent marking pen of a color that contrasts to the pole, with one inch numerals above the top hand-hold band. The bottom of the band should be placed six-inches from the top of the pole with one inch vinyl tape. It is suggested that the coach initial and date the label. New poles with manufacturer markings will be accepted as marked by the manufacturer. When the vaulter holds above the safety zone it changes how the pole bends and may have a negative affect concerning the vault. Holding above the top hand hold marking could cause the pole to bend excessively and, therefore, not perform properly. The intent of the rules committee is to place the responsibility on the coach to verify the vaulter is using the properly rated pole (rated at or above the vaulter's weight). Since there is enough pressure on schools to obtain judges for the various events in dual meets now, the committee did not want to complicate that problem, nor to place the responsibility on the event judge as to whether the vaulter is using a properly rated pole. As a means to monitor what is happening across the country, it would be helpful if the coach or competitor would give the weight of the vaulter to the event judge when they check in prior to competition. The event judge could easily record this information next to each competitor's name. However, this will not be a requirement for 1995, unless the state association decides to use a process that would require this. The state association may also go a step further by requiring the event judge to check the vaulter's pole to insure the vaulter only uses a pole rated at or above the vaulter's weight. Prior to competition, the referee or head field judge should inspect each

pole to be used in the competition to verify that the poles are legal equipment. Items to be checked include the placement of a top hand-hold band, numerical pole rating in one inch numerals above the top hand hold band and the proper binding of not more than two layers of adhesive tape of uniform thickness (note that the binding should not be on or above the top hand-hold band). Once the poles are verified by the official as being legal equipment, it is the responsibility of the coach and vaulter to insure that only the properly rated pole is used. At this time, there is no specific penalty for using a pole rated below the vaulter's weight or holding above the top hand hold band. We know that coaches understand the need to improve the safety of this event and will continue to work toward that end. The committee is also confident that coaches will instruct the vaulter as to the proper use of the pole to include not using a pole rated below the vaulters weight or gripping the pole above the safety zone. Coaches in other sports are asked to verify that their athletes are wearing or using legal or proper equipment, so this is certainly not a new procedure.

**Rule 7, Section 4, Article 7**  
Regarding hard or unyielding surfaces, it

is recommended that concrete, metal, wood or asphalt that may extend out from under the landing pad be cut away and removed. The second option is to pad these hard surfaces with a minimum of two inches of dense foam or other suitable material(s). We have been asked how far should one pad out from the landing pad? The size of the landing pad and length of poles being used by the vaulters is certainly a determining factor. When using a larger landing pad (larger than 16'6"), three to four feet of additional padding should be sufficient. However, when using the smaller landing pad (16'), and using longer poles (14' or longer), it may be necessary to pad out a longer distance. In other words, pad out as far as the longest pole can carry the vaulter on an errant vault. Another question frequently asked, is when the landing pad is located next to the asphalt track, how can you pad the curb or track and conduct running events? You cannot. We suggest that the pole vault event begin much earlier so there is no interference with the running events. The adoption of rules 7-4-3 and 7-4-7 may not eliminate all possible injuries, but the adherence to these rules should reduce the potential for injury. We all must continually strive to reduce the potential of injury re-

lating to the sport of pole vaulting and the adoption of these new rules is certainly a positive step in that direction.

**SITUATION #1:** At the 1200 meter mark of the 1600 meter run, the umpire (a) observes a runner checking his wrist watch for a split time, or (b) hears an audible beep from a runner's watch. He reports the incidents to the meet referee.  
**RULING:** No infraction in (a) or (b). 4-5-9  
Comment: Although several complaints have emerged about "beeping" watches, the rules do not prohibit a watch whose beep may be both distracting to other runners and/or also serve as a pacing aid.  
**SITUATION #2:** Members of relay team A report to the clerk wearing identical school issued uniforms with (a) 1-1/2" x 1-1/2" manufacturer's logo on each item of uniform apparel, except the jersey which (b) had an American flag on the upper left chest and measured 2" x 3".  
**RULING:** Legal in both (a) and (b). 4-3-1  
Comment: Manufacturer's logo's shall not exceed 2" x 2", (1-1/2" x 1-1/2" beginning with the 1997 spring season). Also, the rules now permit the wearing of the American Flag on the uniform, which shall not exceed 2" x 3".

(Continued, Page 21)

## The New Official KHSAA Fox 40 Whistle

**"WHAT A BLAST!"**

*Each is designed with the official KHSAA logo in gold on a black Fox 40 Whistle and can be purchased at the KHSAA for just \$5.00!*

*To order by mail, simply send a check or money order to  
KHSAA Merchandise, 2280 Executive Drive, Lexington, KY 40505.*

*Please enclose \$1 for shipping and handling. Allow 2-4 weeks for delivery.*

**"HIGH SCHOOL SPORTS — A CAPITAL INVESTMENT"**  
**NFICA/NFIOA NATIONAL CONFERENCE AND COACHES/OFFICIALS SCHOOL — JULY 13-17, 1995**  
**OMNI-SHOREHAM HOTEL — WASHINGTON, D.C.**  
**CONFERENCE SPECIAL-ROOM RATE \$79.00 SINGLE/FAMILY**

**Washington, D.C.**

Probably more so than any of the previous eight national conferences, this year's meeting in Washington, D.C. is a great opportunity to combine a professional development experience with a family vacation. No city in America offers more sight-seeing opportunities than our nation's capital.

And the conference will be held at one of Washington's most historic hotels, the Omni Shoreham. Located in Rock Creek Park in the heart of Washington, D.C., the Shoreham is just minutes from the Smithsonian, the Capitol and other landmarks. Since its opening in 1930, the Shoreham has been dedicated to the social customs and politics of the nation's capital. All inaugural balls of presidents from Franklin Roosevelt to Bill Clinton have been held at the Shoreham.

And the National Federation has obtained an outstanding room rate of \$79 (which includes husband, wife and children) at the Shoreham, which makes a family vacation even more appealing and affordable.

The "Old Town Trolley Tours of Washington" departs every half hour across the street from the Shoreham. By taking the trolley, you can see the following Washington landmarks: FBI Building/Ford's Theatre, White House, National Geographic Society, Washington Harbor, Lincoln Memorial/Vietnam Vets Memorial, Arlington National Cemetery, Washington Monument, Smithsonian and the Capitol/Library of Congress.

**Camden Yards Tour**

Saturday afternoon and evening, July 15, will be free time for conference attendees, and, assuming the baseball strike is over by then, a trip to Baltimore is being planned.

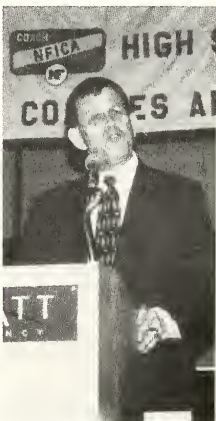

Oriole Park at Camden Yards is one of the new, modern facilities in major league baseball and is a must-see for baseball fans. The approximate cost of this tour, which includes transportation, meal and ticket to the game, will be \$30.

Don't miss this opportunity to combine a great professional learning experience with a family vacation in our nation's capital.

**Previous Speakers**

*George Brett and Leta Andrews.*

*NFL Referee Jerry Markbreit.*

**Learn From the Experts**

The list of speakers from the previous eight conferences reads like a who's who in the coaching and officiating professions.

Former football coaches who have spoken at this conference include Pittsburgh's Johnny Majors, Rice's Ken Hatfield, Brigham Young's LaVell Edwards, Colorado's Bill McCartney, Louisville's Howard Schnellenberger and high school coaches Bob Shannon of East St. Louis High School and Pete Adkins of Jefferson City (Missouri) High School.

Here are just a few of the country's top basketball coaches who have given of their time to speak at this conference: Missouri's Norm Stewart, St. Louis' Charlie Spoonhour, Ohio State's Randy Ayers, former Southern California coach George Raveling, Connecticut's Jim Calhoun, Indiana's Bob Knight, former Kansas and UCLA coach Larry Brown, former UCLA legendary coach John Wooden, and high school standout Bob Hurley of St. Anthony High School in Jersey City, New Jersey.

Other individuals who have been a part of past conferences include President Bill Clinton when he was governor of Arkansas, Kansas City Royals legend George Brett, high school and college basketball official Ed Hightower, two-time Heisman Trophy winner Archie Griffin, National Football League official Jerry Seaman and former Miss America Dr. Debbye Turner.

**Conference Program**

This year's program will feature a balance between general sessions and the "Xs and Os" workshops, as well as a balance between speakers from the college and professional ranks and ones from the high school level.

During the workshop sessions, coaches and officials will be able to choose the sport and topic of their choice. Officiating and coaching sessions will be offered in the sports of baseball, basketball, football, golf, soccer, softball, swimming, track, volleyball, wrestling, tennis and cheerleading/spirit, and for the first time, lacrosse. Time is allowed during every workshop for attendees to ask questions and "pick the brain" of the experts.

The conference luncheon will feature the awarding of rings to the national coaches of the year and top officials in 10 sports. MetLife is paying expenses of the award recipients.

The annual banquet, complete with entertainment, 50/50 raffle and door-prize drawings, will be held during the final evening of the conference.

All in all, every coach and official in attendance can be sure to leave the four-day conference with some new ideas to assist them in their daily work.

## NATIONAL EXAM TEST DATES

The following schedule of testing has been set by the National Federation for its Part II tests for the 1995-96 school year:

Volleyball	Aug. 21, 1995
Football	Sept. 11, 1995
Basketball	Dec. 4, 1995
Wrestling	Dec. 4, 1995
Baseball	March 19, 1995

## NEXT KHSAA BOARD MEETINGS

The next scheduled Board of Control meeting will be held May 11-12 at the KHSAA Offices in Lexington. It will be the last scheduled meeting of the 1994-95 school year. The new Board of Control will kick off its schedule in July at Lake Barkley.

The Board of Control's Hall of Fame Committee, which was scheduled to meet in April, will hold its annual meeting to select the 1996 class of inductees on May 11.

### (RULES, From Page 19)

**SITUATION #3:** Three competitors have cleared 6' in the high jump competition. All missed three attempts at 6'1", and all three had one miss at 6'. Also, all jumpers have the same number of unsuccessful trials throughout the competition. A1 has 10 total attempts, B1 has 12 total attempts and C1 has 11 total attempts. How do the competitor's finish? **RULING:** Competitor A1 is awarded first, C1 is second and B1 third. 2-2-2ll; 7-3-17; 7-4-27  
Comment: The first step to break a tie is to award the competitor with the fewest number of trials for the height at which the tie occurs, i.e., the last height successfully cleared. The second step, if the tie remains, awards the place to the competitor with the fewest total number of unsuccessful trials throughout the competition. The third criteria was added to the tie breaking procedure in the high jump and pole vault for 1995, the competitor with the "least number of attempts throughout the competition, shall be awarded the higher place."

**SITUATION #4:** After setting the pole

vault standards in preparation of his first trial, A1 takes his place on the runway. At the same time, the event judge starts his stopwatch to monitor the two minute time limit for A1 to initiate his attempt at 13'. A1 starts his approach for the first trial, but stops mid-way down the runway and returns to his starting position. On the second approach, A1 stops again and returns to the start position once more. Now A1 realizes he cannot initiate a trial in the time remaining and calls "PASS." The event judge informs A1 that his first trial will be recorded as a miss and he now only has two remaining. A1 then misses his next two attempts at 13'. The coach of A1 appeals the decision of the event judge, citing that when A1 called "PASS," and therefore that trial should have been carried over to the subsequent height. **RULING:** Appeal denied. 7-4-11;  
Comment: Competitors in the jumping events have abused the established time limits. Competitors have used the pass as a means to circumvent the time limit to initiate a trial. Therefore, competitors in the jumping events must declare their intent to pass when they are called by

the event judge for a trial, or prior to the start of the clock to measure the allowed 1-1/2 or 2 minutes to complete the jump. Certainly, if the event judge determines that interference occurs to the competitor, i.e., someone blocking the runway, or someone crossing in front of the competitor, or conditions cause delay (such as a crossbar blowing off the standards), the competitor could receive a new start on the time limit. But these factors don't include hesitation or delay by the competitor without any other interference factors.

**SITUATION #5:** The coach of Team A is video-taping A1's trials in the high jump. Between trials, A2 leaves the area to view a replay of the videotape as the coach points out errors in technique.

**RULING:** A1 shall be disqualified. (4-5-9e)

Comment: While it is permissible for a coach to "confer" with a contestant between events or trials, pictures, or videotapes are considered an illegal aid when utilized for coaching purposes prior to the completion of competition.

## COACHES CERTIFICATION

**KHSAA Bylaw 27** -- Beginning with the 1996-97 school year all Level I coaches hired for the first time in a district, and all Level II and III coaches, shall have completed an approved coaching education program prior to such hiring. Such course shall include a nine-hour course of study to include the National Federation Interscholastic Coaching Education Program (NFICEP), KHSAA rules information and local district policies. All course requirements for certification in the coaching education program, including completion of the exam to be graded and registered with the American Coaching Effectiveness Program, shall be completed within one year or prior to the next competitive season. All member schools of the KHSAA shall pay the necessary expenses for all Level I and II coaches to attend the education program.

The Kentucky High School Athletic Directors' Association has set in motion this plan and initiated the training process. The following are clinic dates for the **Kentucky Coaches Education Program**:

May 13, 1995  
August 5, 1995  
November 11, 1995  
January 13, 1996  
February 22-23, 1996\*  
April 13, 1996  
May 18, 1996

\* *During the Kellogg Football Coaches Clinic in Louisville*

Contact Stan Steidel of Dayton High School, president of the KHSADA, for more information.
